## MORE THAN 1,500 MAIL ORDER CATALOGUES RECEIVED AT LITTLEFIELD P. O. LAST WEEK

During the past two weeks more than 1,500 catalogues from two of the leading mail order houses of the South were received and distributed at the Littlefield post office. It has been estimated by a local merchant that these catalogues, with their multi-colored, profuse illustrations and well-worded descriptive matter of attractive prices will draw from Littlefield and surrounding territory between \$20,000 and \$40,000 worth of business. The skill and aggressiveness of these two mail order houses in going to business at the beginning of the fall season is commendable, and

should be an example to local business concerns. Each of these catalogues weighed approximately four pounds, and represent a cost of several cents each. They will be found lying on the center table in many homes for the next six months, a silent but enticing invitation to purchase some of their goods. There is only one way to combat the mail order business, and that is for local business men to show the same aggressiveness and offer equivalent values to their customers. No doubt they have them, but unless that fact is fully and persistently advertised the buying public is not aware of it.

## WILL LAY CORNER STONE LITTLEFIELD COLLEGE FRIDAY

The laying of the corner stone of Littlefield College was for various reasons postponed from Tuesday of this week, as announced in last week's issue, and will take place at 2:00 p. m., Friday, the 24th. The city mayor will open the ceremonies with suitable announcements and will introduce a speaker to represent the citizens of the town and adjoining communities. After this address the officials and friends of the college will entertain with addresses of special vocal music selections. It is hoped that all business houses in Littlefield will close for one hour that the people in large numbers may enjoy the program. You are personally invited to be present.

## PEOPLE FROM FOUR STATES ATTENDING CAMP MEETING

The camp meeting being conducted at the tabernacle on the Littlefield college grounds, began Friday night with a sermon by Rev. L. W. Haynes. This series of meetings consists of a great interest delivered by different preachers from four different states. At the last meeting, people from different states and 40 odd families were present.

## SERVICE OF TWO AGENTS FOR THE SOUTH PLAINS FAIR

Lubbock, Aug. 22.—Reaching out to the outskirts of the South Plains fair, officials of the Panhandle South Plains Fair Association, have secured the services of two county agents to serve as superintendents at the annual Plains fair here, October 3, 4, 5, and 6. B. Davis, county agent of both Lamb and Gaines counties and R. M. Milhollin, county agent of Hale county, will come here during the fair to act as superintendents. Davis will serve as superintendent of the Dairy department and Milhollin as the general superintendent of the Live Stock Department. Both Davis and Milhollin are regarded as outstanding agents and have built up a substantial following in their respective counties, and in the Plains. In addition to their duties, the superintendents will manage the fair many exhibitors. Both Davis and Milhollin have cooperated with the fair in the past few years by assisting in bringing county agents from their respective counties to the Plains Dairy Show at Plainsview last spring and they have much influence with Plains fair breeders, and Dairy breeders generally, through their contact at the fair. The Hale County agricultural exhibit which Milhollin helped prepare last year, won first place here at the fair. C. Mowery, professor in the Department of Agriculture at the Texas Agricultural College will serve as superintendent of the poultry department. At present he is attending additional courses in poultry raising and breeding.

## AGED MATRON DIES

Mrs. Eugenia Veazey, age 71 years, mother of Mrs. Susie Bridges, of Littlefield, passed to her reward last Thursday in the home of her daughter here.

She had been confined to her bed for most of the time since coming here two years ago and had been an invalid for six years.

Funeral services were conducted by Rev. Geo. E. Turrentine and Rev. Roy Kemp, with Smith-Hammons Undertakers in charge.

Mrs. Veazey a consecrated Christian had looked forward to the crossing of the chilling stream of death as a relief from her sufferings. When friends would visit her she would ask that the song, "On Jordan's Stormy Banks I Stand" be sung as the hope expressed in this song gave her much comfort.

Her son, W. H. Veazey, of O'Donnell, and Mrs. Bridges accompanied the body to Hamlin where the remains were laid to rest Saturday.

## SOME EVIDENCE OF HOW DIVERSIFIED FARMING WILL PAY

The farm home of G. B. Lair, who lives four miles northwest of town, is visible evidence of what diversified farming will do in this country. Literally, the "cow, the sow and the hen" provide ample living for this little family of six; with a goosy surplus for the markets.

Mr. Lair is farming about 300 acres and his row crops, corn, cotton and other crops are as fine as can be found anywhere in the country, and that is saying a great deal. His large flock of white Wyandottes is an inspiring sight to any poultry lover. His garden furnishes vegetables for the table and for canning purposes.

A feature of special interest is his vineyard of 30 vines. Mr. Lair put out one year old plants four years ago. He has carefully tended this vineyard, keeping it well watered through the winter, and keeping the vines well pruned. Every year he has had a few grapes and this year the crop is wonderful. Mr. Lair estimates it from 40 to 45 pounds of grapes to each vine and to look at the laden vines this estimate sounds very conservative.

Mr. and Mrs. Lair came to this country five years ago from Dallas. Tired of the crowded city; wanting a place where their little family could have the freedom of out door life; a comfortable home to live in; and educational advantages, they selected a place where those things cannot be excelled. This splendid little farm home is an ideal spot for the development of both the body and the mind, and neither is being neglected. The eldest child, a son, has already completed High school work and has had one year at college. He expects to go right on with his work; and the three younger children will in all probabilities follow the same course.

## STATE BOARD OF EDUCATION ALLOWS \$15 EACH CHILD

Austin, Aug. 20.—The State Board of Education set aside a per capita apportionment of \$15 for each public school child to run schools during the coming term at a recent meeting.

Figures submitted by State Comptroller S. H. Terrell showed that some \$23,500,000, or enough to make a \$16 apportionment, is available for the schools, but the 40th legislature limited the sum to \$15.

The supplemental apportionment of \$1,500,000 made in anticipation of the reduction of the gasoline tax from three to two cents a gallon September 1 would, if used, make the apportionment \$17. This fund was not needed however, to fulfill the \$15 requirement.

The apportionment made was based on an estimated total enrollment of 1,401,374 school children, which is about 31,000 more than the figure on which the 1927 apportionment was based on, and the latter was 21,000 more than the year before.

## NOTICE

All farmers who would be interested in a cheese factory for this community are asked to meet Sept 3rd, at 2:0 o'clock at the Palace Theatre.

Farm products in the South for 1927 were valued at \$5,672,000,000 as against \$4,777,000,000 for the entire United States in 1910. This showing could not have been made without Texas.

## MRS. ELIZABETH COX DIES

Mrs. Elizabeth Cox, wife of J. M. Cox, of Enochs, died Monday morning at one o'clock.

The deceased was 59 years, 10 months of age, and was the mother of 11 children, 10 of whom are living.

Mrs. Cox became ill while milking a cow Sunday evening and was carried to the house and medical attention given her but in a few hours passed away as a result of high blood pressure.

Interment was made in the Littlefield cemetery Wednesday afternoon. Rev. Geo. Turrentine conducting the services, with Smith-Hammons undertakers in charge of the funeral arrangements.

## TO GIVE PLAY

The Junior Endeavor society are rehearsing for a play to be given at the Palace Theatre, Thursday, August 30. The name of the play is "The Kiddies Carnival."

## DAUGHTER OF LOCAL MOVIE PROPRIETOR IS STAR OF SCREEN

Following is an item taken from a recent issue of the Long Beach, (Calif.) Telegram, which will be of interest to many Littlefield people:

For the past 25 years, Sam Allen ranking next to Theodore Roberts as the oldest veteran on the silver sheet, has made the public laugh and weep at his antics on the screen. Now he gives his flaming thespian torch to 11-year-old Betty McClure to carry on.

Betty, who is the daughter of Mr. and Mrs. Max McClure, 937 Orange Avenue, has been doing "bits in pictures for the past two years, but it was not until the veteran actor discovered her potentialities while on the "lot" together that she was able to sign a contract with Metropolitan Studios that will probably put her well on the road to screen popularity.

Betty's contract, according to her sponsor, Sam Allen, will give her feature parts in a series of 24 cameo pictures, including such old masterpieces as Dicken's "Little Nell," and many comedies. This will ultimate, Allen declares, in Betty's shining within two years, as a Baby Wampus Star.

Allen said he had always wanted to sponsor a baby star and was promised the support of managers and directors when he found his young actress. Allen believes he has his embryo star in the Long Beach child, whom he claims, has outstanding screen talent.

## HONOR MRS. EVANS

Saturday afternoon, Mrs. Bessie Lee Marshbanks was hostess to a number of friends with a miscellaneous shower honoring Mrs. Reda Evans.

The room was beautifully decorated in colors of blue, pink and white. Many useful and pretty gifts were received. Talking and contests were the feature of the afternoon's entertainment.

Refreshments of ice cream and cake were served to Mesdames Luther Hargrove, J. V. Payne, H. H. Luke, Roy Kemp, Blakie Harbor, Miller, Misses Hillirie and Ruby Luke, Eehyl Davis of Post City, and Eula Neely, the honoree, Mrs. Evans and Mrs. Marshbanks.

The output of cotton for the whole United States in 1900 was \$340,000,000. Texas is making the South's leadership possible.

## METHODIST CHURCH TO BEGIN BUILDING BY SEPTEMBER FIRST

In keeping with the steady growth of Littlefield and of the local Methodist church and all its organizations is the building of a church that will meet the needs of this congregation and be a credit to a town twice the size of our city at present.

The addition of a hundred members this Conference year and the need for a departmentalized Sunday School that will be fully graded after the requirements of a thorough system of Christian Education has made it imperative that we begin the erection of a plant to house such an institution.

As the town grows into a small city and our schools increasingly meet higher standards, the church schools suffer by comparison unless they too are able to give the same high standard of instruction. This is impossible in a one room school.

Having granted the need of giving the children of this progressive community such an education in religion and morals that will not suffer by comparison with their secular education the question next arises as to the means of attaining the desired goal. This has been settled upon by the Building Committee of the church while in session last week as follows:

They will begin building as soon as the first thousand dollars in cash has been raised. Then as the money is paid in we will pay it out for material and labor and when the money is exhausted we will stop operations until more money is raised with which to proceed. The first goal will be the completion of a ground floor, which we hope to be able to occupy by Thanksgiving Day. The cost of this unit will be \$8,000.00 complete.

In order to carry out our plans without delay we urge our people to tithe religiously. "Bring ye all the tithes into the storehouse and prove me now herewith saith the Lord of hosts, if I will not open you the windows of heaven and pour you out a blessing, that there shall not be room enough to receive it." Mat. 23:10

To the people of our community who have responded so liberally to any public enterprise for the upbuilding of our community in the past, we look for further help. Everyone should have a part in helping to build churches and schools and all enterprises run without profit, which have for their goal the moral, mental and spiritual upbuilding of the community.

For the present we are asking a cash donation to begin the construction and the response from those already interviewed has been almost unanimous.

We are well on our way to the first thousand dollars in checks payable Sept. 1st. Make your checks out to Methodist Building Committee and present them to J. E. Chisholm.—Contributed.

## REUNION PICNIC

The home of Mr. and Mrs. J. D. Smith and family of Lubbock, was the meeting place of a reunion last Sunday.

Gathering at the Smith home early in the day, the bunch then went to the Tumble Inn park and swimming pool. Each family taking their lunch. Games of all kinds were enjoyed by the smaller children and swimming by the older ones. A basket lunch of every thing good to eat was then spread.

The following families from Littlefield were present:

Mrs. S. M. Wharton and family, Mr. and Mrs. Bob Smith and family, Mr. and Mrs. Carl Smith and family, Mr. and Mrs. Ben Smith and family, and Mrs. Lorado McKnight.

## MEETING CLOSES

The services Sunday evening at the tabernacle on Main street, where the last of the meeting of the Church of Christ.

Large crowds gathered every morning and evening to hear the interesting sermons preached by Rev. G. A. Dunn, Jr., of Dallas, and to hear the song services, conducted by R. L. Powell, of Lubbock. There were a total of eleven conversions during the meeting.

Rev. Dunn will return the last two weeks in August, 1929, to hold another meeting in Littlefield.

## LITTLEFIELD BOYS WILL ENTER AVIATION SCHOOL

Carl Williams, son of Mr. and Mrs. E. H. Williams, and Lee Harris, son of Dr. and Mrs. W. H. Harris, left last Thursday for Chicago, Illinois, where they expect to enter the commercial aviation school.

Both these boys are well known in Littlefield, being young men of the highest moral character, and well liked by all their associates, both business and social.

## LITTLEFIELD vs. ABERNATHY

In a well played game the Littlefield boys handed the Abernathy nine a real drubbing, their first game of the year.

In the first inning Mick Ratliffe led off by taking his three swings. Al Mueller doubled to left field then scored on a home run by Dick Ratliff to deep left center. The next two men went out in turn. In the third hit by Mick Ratliff and Al Mueller netted one more score. The four inning two doubles and one single meant three more scores. This ended the hitting until the eighth inning, when two home runs two doubles and a single counted seven tallies.

Alvin Mueller pitched for the home club with John Deaver behind the plate. Busby and Prather formed the battery for the visitors. The feature of the game was the usual heavy hitting of the Littlefield nine, and the stellar hurling of Heine Mueller. The game was free of the many errors so often seen and was played in a snappy fashion all the way through, ending in a score of 13 to 2 in favor of the Littlefield team.

Next Sunday Littlefield will play Shallowater at Shallowater. This should be a thrilling game since both teams are well matched and old time rivals.

## WILL DELIVER ADDRESS TO 300 UNIVERSITY GRADUATES

Austin, Texas, Aug. 22.—Dean T. U. Taylor of the College of Engineering will deliver the commencement address to the three hundred candidates for degrees in the August commencement at the University of Texas, it has been announced. The Rev. Harris Masterson, rector of All Saints Chapel of Austin, will preach the baccalaureate sermon.

The Memorial Stadium will be the scene of both the baccalaureate service on Sunday, August 26, and the commencement exercises on Monday August 27.

Music for both ceremonies will be furnished by the University choruses under the direction of David Griffin and the U. Longhorn Band under the direction of Burnett Pharr.

## FARM BUREAU TO SPEND \$30,000 ON LITTLEFIELD GIN

Work began on the Farm Bureau Gin, in Littlefield, Monday, Aug. 20. The Texas Farm Bureau Gin Co. will spend approximately \$30,000 on this plant together with the five acres of land purchased just across from the Santa Fe depot. This gin will be equipped with the latest improved new machinery for handling snap cotton and should be ready to gin when the first bale of cotton rolls into Littlefield.

A great many members of Lamb county are enthusiastic over the prospect of this splendid plant and its convenient location. It is not generally understood by all the members but there is no one who can participate in the earnings of one of these gins except the grower members who patronize the gin. A member who would not gin his cotton at his own gin would be acting about like a man who would stop his own windmill from running and go haul water from his neighbor's well. It is hoped that every bureau member will find out about the profit sharing plan of this gin and will be on hand next ginning season with his cotton.

A grower can get his cotton ginned whether he is a member of the cotton association or not and at the customary price of other gins, but he could not qualify to participate in the earnings of the plant.—Contributed.

Clements, Mr. and Mrs. G. M. Shaw, Mr. and Mrs. C. L. Harless, Mr. and Mrs. P. W. Walker, Mr. and Mrs. Dick Johnson, Mr. and Mrs. Doc Miller, Mr. and Mrs. Otis Key, Mr. and Mrs. J. W. **ADVENTURES IN THE KITCHEN!**

I WISH you could have come out last time, Jane," said Nancy, as they drove to the home of a Kitchen Club member. "We worked out the most adorable color scheme for Mrs. Collins' kitchen. That's the place we are going this afternoon, to see how she's finished it up, and to get some new recipes. There's an inside story to her kitchen which will explain some of the things you see there.

"Mr. and Mrs. Collins have just recently married. He was a widower with the worst little boy you ever saw. Mrs. Collins is one of those motherly souls who can't let anything go hungry. Stray cat, tramp or whatever it is, it gets fed if it goes to her. She hasn't said anything about it. But we all think that her real reason for fixing up her kitchen is to get hold of that boy. Her theory seems to be that if she can make him comfortable and feed him properly, he won't be such a problem."

**LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK**

Mrs. Collins' kitchen is really beautiful! She has tinted the walls a delicate gray, woodwork white. Black and white tiled linoleum on the floor. Refrigerator and table, white. Kitchen cabinet, delicate gray. Sink and oil range in white porcelain enamel. White Swiss sash curtains with red dots! Coffee, sugar, flour, salt and other containers lacquered red. There's a red geranium in the window that completes the color scheme. It worked out beautifully!

Mrs. Collins has the prettiest oil range I ever saw. It is all white porcelain enamel, with a design and burner arrangement like a modern gas range. She says she uses simply a damp cloth to clean it. I want a range like it!

**Red Containers**

These were all home-made, Mrs. Collins says. She took old coffee cans, lard cans, etc., and lacquered them herself. The lacquer dried almost at once; but she aired the cans before using them.

"And I thought I was red!" Blackboard on Wall

This was put in especially for the boy, so that Mrs. Collins could help him get his lessons. She has it on a corner wall, with a good light near it and a table. Now he can have doughnuts with his fractions! Mrs. Collins uses the board, too, to make notes of groceries she needs to order.

**Fruit Mousse**

Large can fruit salad  
Pint of cream  
2 1/2 cups sugar  
1 teaspoon vanilla  
Pour off juice and chop fruit. Add sugar, cream and vanilla. Pack in freezer and chill for two to three hours. Dish is good without chilling; but if served this way, use less sugar.

The fruit mousse was served with the "Crisps" described below.

**"Crisps"**

3 eggs  
Flour enough to make stiff dough  
Pinch of soda  
Cinnamon or nutmeg  
Powdered sugar  
Beat eggs thoroughly. Add flour sifted with soda. Roll thin as paper. Cut out with large saucer. Fry delicate brown in deep, boiling hot fat. Drain on paper or cloth. Sift powdered sugar and cinnamon or nutmeg over each crisp.

"Crisps" are wonderfully light.

Mrs. Collins' cooking vessels look like snow. She says the outside of them doesn't get dirty since she has a long-chimney oil stove. She uses a long-handled wire cloth mop on the inside of the vessels.

**New Fruit Drink**

Take the juice from a can of fruit salad, or from a can of pears, peaches, apricots, pineapple or cherries. Mix with juice of two lemons and two oranges. Four cups water. Sugar to taste. Serve in glasses with sprig of mint.

Mrs. Collins says the boy often comes in with hands so badly chapped she can hardly get them clean. She puts a handful of meal, with soap shavings, into a pan of warm water. After he soaks his hands in that for awhile, they come out clean and with the skin much soothed.

THE indicator on your gasoline gauge tells the story of Conoco's extra miles far better than millions of words could tell it. And the indicator is a slow mover when you use Summer Conoco—because you go so far with so little gasoline.

Is it any wonder that Summer Conoco Gasoline enjoys such overwhelming popularity? If you're looking for more mileage, you won't have to look far. You can get it at any Conoco pump—at convenient locations everywhere.

### A THOUGHT FOR THE WEEK

Is it not lawful for me to do what I will with mine own?—Matt. 20:15.

Responsibility walks hand in hand with capacity and power.—J. G. Holland.

### DON'T BITE AT IT

☐ We want to warn Littlefield residents against a swindling scheme, not a new one but an old one in new garb, now being worked through the mails. Some "slicker," having secured a list of names of people scattered pretty generally throughout the country, is sending them letters stating that the site of Trinity church, at the head of Wall Street in New York, is now in dispute, and that heirs by the same name as the person addressed are going to make an effort to reclaim the property, valued at many millions. The "slicker" asks for the intended victim's family history, merely as a blind and, of course for a contribution in cash toward getting the matter into court and paying attorneys for waging a legal battle in behalf of the "heirs." Many are easily persuaded that they are descendants of original owners of the site, so the "slicker" is reaping a rich harvest.

There is absolutely no truth in the story; the title to Trinity church reads as clear as the title to your own home.

Don't be duped by this old scheme in a new dress. If you receive one of the letters now being sent to intended victims, turn it over to the post-office department through our local postmaster.

This is the season when a good many bridal couples start on their honeymoon in love and come back in debt.

### OLD-FASHIONED MARRIAGE

☐ The country is not going to the dogs after all, as we've heard some Littlefield citizens contend after reading whole columns of divorce scandals in the daily papers. Uncle Sam has

just given out his official figures on marriages and divorces for the year ending June 30. It shows that divorces increased only 5000 over the previous year, while there are still 20 marriages for every 3 divorces granted in the United States.

But figures are somewhat shaky when applied to this field. Their great weakness lies in the fact that they do not take the "repeaters" into consideration. Many have several matrimonial adventures and each time they are included in the number of new marriages. They are also included in the divorce list. But with many marrying again and parting without the formality of a divorce, it is impossible to get an accurate table covering the situation as a whole.

The divorce evil may not be as bad as it is painted. Even a 5,000 a year increase, however is bad, considering the "repeaters" in marriage and those who never again enter matrimony. It shows that the social machine needs greasing. It shows we need to return to the old-fashioned marriages, the kind that "stuck to a fellow" when once entered into.

Just when Gene Tunney says he has quit fighting someone starts the report he is going to get married.

A "painless dentist" is one who doesn't suffer a particle when he hands you his bill.

**PLENTY HOUSING  
FOR LIVE STOCK AT  
FAIR THIS FALL**

Lubbock, Aug. 22.—Keeping a  
pledge made to two live stock exhibi-  
tors here last fall, the Panhandle  
South Plains Fair Association has let  
a contract for a 90 by 130 foot build-  
ing that will be used this fall, Oct. 1,

2, 3, 4, 5 and 6, as a live stock barn  
at the fair.  
"The live stock department was  
filled last year with the biggest dis-  
play that has ever been gathered at  
the Plains section," Dr. I. E. Barr,  
president of the fair association stat-  
ed today, "and after the fair was  
over, we made a pledge to the live  
stock breeders who exhibited their  
cattle, hogs, horses, mules, sheep and  
other stock that we would provide a

new live stock barn for the 1928 fair.  
"The letting of this contract is  
keeping faith with these exhibitors  
and we are expecting an increase in  
the number of entries in this depart-  
ment this fall. With this new build-  
ing, we can solicit the stock of any  
breeder in the Southwest, assuring  
him that his stock will have adequate  
protection and barn facilities."  
Fair officials are especially anxious  
that Plains stock breeders exhibit  
their stock here this year.

### Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults — White's Cream Vermifuge, which you can get at Stokes & Alexander Drug Co.

214 CHARTERS GRANTED

Austin, Texas, Aug. 22.—Charters to operate in Texas were granted to 214 corporations during July, according to Bervard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"This figure is larger than that of either June, 1928, or July, 1927," said Mr. Nichols. "Most of the companies were small, however, in fact a number of them were capitalized at only \$1,000. Total capitalization

amounted to but \$9,085,000, against \$102,997,000 in June and \$58,314,000 in July of last year.

"Permits were granted to 45 outside companies to operate in the State. Twenty manufacturing companies were chartered, against fifteen in June, and ten financial institutions were organized. The gain in manu-

facturing companies is an encouraging feature."

Perhaps Gene Tunney left the ring because he grew tired of necessity of reading all those clippings.

Texas produces more than \$40,000,000 worth of cotton seed oil cake annually. This is the second industry in importance in the state.
