RAIN FALLS OVER TERRITORY

HOME TOWN TALK

By Beddy

WATCH THESE farmers pour it on, now.

Rained all over, most all the farms not drenched last week having been given enough moisture to permit of planting at once.

Happy Days Are Here Again.

THE CENSUS clean up progressed satisfactorily Monday morning provided you measure satisfaction by the number of unenumerated persons found.

But, the enumerators cannot tear out across town every five minutes to enumerate a family and make any speed. So, an urgent appeal was issued this afternoon for men and automobiles to report at the Chamber of Commerce first thing Tuesday morning.

It was estimated more than 200 were counted by the official census workers Monday and at 2 p. m. they had on file between 50 and 60 families who had not been enumerated. Of course the rain slowed things up considerably, but this census business has got to be done up right.

You'll find the official census blank on this page again today. Fill in for your family or friends not yet enumerated and mail it or take it to the official census staff at the Chamber of Commerce offices.

DELL HATCH LAID TO REST

Borne to his last resting place by five nephews and a grandson, Dell Hatch, who died at his home here Saturday evening at the age of 75, was buried in Mt. Olive cemetery Monday morning following funeral services from the family home, Bell street, at 10 a. m., with Rev. W. G. Bailey, of the First Methodist church, presiding.

Mr. Hatch succumbed following an extended illness. He had resided here 22 years, and had been in the cotton business for years.

All members of the family, including his daughter, Mrs. H. E. Robb, with Mr. Robb and two children, attended the rites. The other children, with their mother, reside here. They are Mrs. Nell Hatch and George, Dick and Ebb Hatch.

COMPANION OF BANDIT TELLS YARN

Robber Killed When S. M. U. Students Put Up Battle

DALLAS, Texas, April 28 (AP)—Ruth Martin, 23, alleged companion of O. M. Houston of Nashville, Tenn., who was killed in an attempted theater robbery here last night in which two Southern Methodist University students, employed at the theater, were wounded, today told officers about the occurrence.

He told me he was a real estate man," she said. "He led me to believe he had money. We were to have been married."

Asked how long she had been in this racket, she said:

In No Racket

"I'm not in any racket. We went to see the show at the Varsity Theater last night. After the show we walked around to the corner. He said he was going back around to the drug store to get some pop corn.

"Yes, I heard the shots. When he came back, never mind, I said I wasn't going to talk.

After these few words, the woman refused to discuss either herself or the shooting.

The wounded students, Ralph A. Porter Jr., and Joe Threadgill, will recover, physicians said today.

DALLAS, Texas, April 28 (AP)—Two Southern Methodist University students today were in a hospital recovering from bullet wounds suffered last night when they boldly resisted a bandit who attempted to hold up the Varsity theater.

Dies Of Wounds

The red-haired bandit, later identified by his woman companion as O. M. Houston of Nashville, Tenn., died shortly afterward in a hospital.

He entered the theater just after 10 p. m., and ordered Paul Scott, manager, into the office. He was attempting to open the safe when Ralph A. Porter, 17, theater employer and freshman in the University entered.

Scott struck the robber with his fist, Porter seized an umbrella and began beating him over the head with it, then the robber began shooting. Porter was struck in the chest by a bullet but he grappled with the bandit, wrested the gun from him and turned it on his assailant. The man was struck in the neck by a bullet.

Joe Threadgill of Taylor, another student, ran into the office to assist Porter and was hit by a stray bullet, although his injury was slight.

Texas College Queen

Fennie Marie Murphy of Fort Worth was elected queen of the men of Texas Agricultural & Mechanical College.

J. B. SHOCKLEY, 56, SUCCUMBS

John Breckenridge Shockley, 56, resident of Big Spring since 1911, who died at his home, 2000 Johnson street, at 1:05 a. m. Sunday, was buried in the I. O. O. F. cemetery Monday afternoon following funeral services from the Church of Christ with J. D. Boren, minister at Lamesa, formerly of Big Spring, officiating.

Mr. Shockley succumbed following a long siege of ill health and intense suffering. All members of his immediate family were at the bedside when death came.

Surviving are his wife, four sons, four daughters, his parents, three sisters and a brother. The sons are C. W. Shockley of Brownsville and Cecil, Billy and J. E. Jr., of Big Spring. The daughters are Mesdames Yale Crawford, Dennis Elliott, Clyde Blevins and Miss Irene Shockley of Big Spring. Mr. Shockley's parents, Mr. and Mrs. J. Shockley of Abilene, attended the funeral. Sisters surviving him are Mrs. A. D. Jenkins of Abilene, Mrs. Walter Huysal of Fort Worth, Mrs. Gus Modgling of Thurber, his brother, W. T. Shockley, resided in Idaho. He is also survived by one grand child.

Funeral arrangements were in charge of the Charles Eberley Funeral Home.

SEVEN DIE WHEN SHIP HITS BANK

Spectators On Rail Embankment Hit; Pilot Saved

FAYETTEVILLE, Tenn., April 28 (AP)—Eight members of nearby farming communities who climbed to a railroad embankment to watch a Sunday airplane exhibition lay dead today, victims of a sight-seeing plane, which crashed into the spectators. More than a dozen others were injured, four critically.

The pilot, Milton P. Covert, 23, Columbia, Tenn., who with two companions escaped uninjured, was held in jail in another county on a technical charge of murder pending a hearing today. Covert was exonerated of blame by the manager of the exhibition and Sheriff M. W. Rhea, but the officer said he removed the pilot to a neighboring jail as a precautionary measure against possible violence.

The dead:

- Boone Beard, 14.
- Kelly Towery, 23.
- Lawrence Smith, 28.
- Marvin Ashby, 30.
- Monroe Marbury, 37.
- Hurley Spray, 26.
- Jasper Hirston, 40.
- Bufus Wade Bonner, 9, negro.

Spectators in a crowd of several thousand which had surrounded the landing field said the plane was heading for a landing at an elevation of only ten feet when it dropped suddenly on the group gathered on the embankment. Al Gombert, manager of the flying exhibition with the American Legion Post, said he believed the plane struck a downward current.

"It was over so quickly I couldn't tell what happened. Pilot Covert said.

He requested a physical examination after the accident and said doctors found him to be in condition to operate a plane.

Covert had taken up the plane alone three times, he said, to become accustomed to a briak wind from the south. He then took up two passengers, and it was on his return from this flight that the crash occurred.

Four of the victims were decapitated by the propeller of the plane, and the others were crushed by its weight.

Gombert said the spectators had been warned several times not to stand near the embankment.

TO BURY FAHY

GRAYLING, Mich., April 28 (AP)—Arrangements were made today to take the body of Herbert J. Fahy, widely known aviator, who died yesterday of injuries, to a Washington for burial.

INAUGURATES NEW AIR MAIL

1,033 MILES IN 10 HOURS, 31 MINUTES

CRISTOBAL, CANAL ZONE, April 28 (AP)—Colonel Charles A. Lindbergh rested here today after having written in a ten hour and thirty one minute flight from Havana yesterday another chapter in man's conquest of the air.

Leaving Havana at 5:33 a. m., Colonel Lindbergh set his big Sikorsky plane down at Puerto Cabezas, Nicaragua, at 11:37 a. m., and 35 minutes later took off for France Field, here, arriving at 4:04 p. m., several minutes ahead of the schedule he had set for himself. The distance was 1,033 miles.

His route was directly across the Caribbean Sea to a point on the Nicaraguan coast, instead of to Yucatan, and then

down the coast to the refueling point.

Colonel Lindbergh carried with him 215 pounds of mail, which, transferred to another similar plane, will be carried on today by L. R. Moore toward Talara, Peru, from which points various planes will spread it to points of address in the South American republics.

He made the flight inaugurating seven-day airmail service between New York and Buenos Aires.

The route this far is that of the Pan-American Airways, Inc., while from France Field to Montevideo and Buenos Aires it is that of the Pan-American Grace Airways.

MANY UNCOUNTED PERSONS REPORT; ASSISTANCE SOUGHT

Wanted: 25 men with automobiles.

An S. O. S. call emanated from the Chamber of Commerce offices Monday afternoon when, with 60 homes listed for visits by census enumerators, there was no way of sending anyone to the addresses.

More than 200 persons were enumerated here Monday morning, the first day of the census "clean up," which will end totally and irrevocably for ten years—Wednesday evening.

Regular census enumerators

were stationed at the Chamber of Commerce offices and four or five local men spent the entire morning assisting them in various ways.

Calls were being received by the score from individuals, and families, who had not been counted as residents of Big Spring in the 1930 federal census.

Pastors of local churches polled their congregations Sunday, learning that from fifty to two hundred in each church had not been enumerated at all. They were urged to call the CENSUS TELEPHONE 512.

PECOS SUFFERS \$200,000 FIRE

PECOS, Tex., April 28 (AP)—Loss estimated at \$200,000 was incurred here today when lightning set fire to the Leader Grocery block and then swept through the Brack Furniture Company store and the Justice hotel.

The fire started at the height of a thunder storm. A strong wind was blowing, and the flames for a time threatened the entire business section. It died down a few minutes and firemen were able to contain the fire started, however, the firemen were able to confine it to the three structures. It was the most disastrous fire in the history of this city.

Review Granted In Rate Case

WASHINGTON, April 28 (AP)—The supreme court granted a review today of the suit brought by southwestern railroads attacking the new rate basis laid down last June by the Interstate Commerce Commission.

The controversy accrets the revenue of railroads covering nearly one third of the area of the United States.

The order of the commission made a new new division of the revenue from joint rates on certain roads in southwestern territory, at points on some roads in the western trunk line territory and on traffic from and to certain eastern territory. Its effect was interpreted as giving the western trunk line carriers a higher percentage in the division of the rates.

A statutory three-judge federal district court for western Missouri sustained the order of the commission as applied to traffic moving via Kansas City and St. Louis, Mo., and certain gateways in Illinois.

1591 Attend Sunday Schools Yesterday

Sunday School attendance yesterday for Big Spring churches reached a total of 1591. Individually the churches had the following number present: Methodist 532, Baptist 355, Fourth Street Baptist 250, Christian 218, Presbyterian 118, Church of Christ 91, and Episcopal 24.

The Weather

West Texas: Partly cloudy, showers in east portion tonight; Tuesday partly cloudy.

East Texas: Cloudy, scattered showers tonight and Tuesday. Moderate to fresh southerly winds on the coast.

HEAVY RAIN AT ACKERLY IS REPORT

Howard, Mitchell And Martin Counties In Path Of Downpour

Rains that in many parts of Howard, Mitchell, Martin, Midland and neighboring counties will enable farmers to begin planting, fell Sunday night and Monday, according to reports to The Herald.

The territory immediately south and east of Ackerly apparently received the heaviest precipitation, ranging from two to four inches. A half inch fell in Ackerly. Knott got a good rain.

Precipitation here during the night totaled 28 inch, bringing the total for the past week to 137 inches.

Shortly after noon Monday a heavy shower, with some hail, fell

Approximately 70 per cent of Howard county farming land has received sufficient moisture on which to plant, according to an estimate made Monday morning by J. V. Bush, county agent.

Mr. Bush's estimate was made before the downpour started Monday between 12 and 1 o'clock.

Prior to Monday noon, rains had been scattered, but spots where insufficient moisture for planting has already fallen are few, Mr. Bush said.

and, with skies solidly overcast, a slow rain then set in.

Practically all of Martin county received a good rain, according to the Martin County Chamber of Commerce. The town of Stanton received about a half inch Sunday night and another rain began falling there at noon Monday.

Midland had one-fifth inch during the night and reported early this afternoon a sprinkle had set in, with bright prospects for heavier precipitation during the evening.

Cosahona Drenched

Cosahona received a good rain and it was reported from there that the Vincent country was drenched. Sunday night's rain stopped preparations of many farmers to begin planting. They had received good rains late last week. Thirty planters were to have been started on the Guthrie farm north of Cosahona.

Bus drivers reported all the territory between Big Spring and San Angelo was wet. Abilene, which had been rather consistently missed by showers of last week, got a good rain Sunday night and precipitation occurred in spots between that city and Big Spring.

The cooperation of every resident is imperative, if Big Spring's population is to be accurately and completely recorded.

Do everything you can to help the enumerators. There are only a limited number of them and they have only a short time to work. Study the blank. It carries lines sufficient for the names and data on nine persons. The questions are those which the enumerator will ask you. If you fill out the form NOW, at your leisure, you will expedite his work.

Be sure to read the instructions, printed at the right, for filling out this census blank and note the abbreviations carefully.

Your cooperation will greatly assist the Census Bureau and Big Spring in getting a full count of the local population.

Column 1—Write name of street, avenue, road etc., by names, numbers or letters, lengthwise.

Column 2—Write house number, if one opposite name of first person enumerated in the house.

Columns 3 and 4—No information needed; for enumerator's use only.

Column 5—Enter name of every person whose usual place of abode on April 1, 1930, was with the family or in the dwelling place. Enter names of family in following order: Head first, wife second, then children (whether sons or daughters) in order of their ages, beginning with the oldest, and lastly, all persons living with the family, whether relatives, boarders, lodgers or servants. Enter first the last or surname, then the given name in full, and initial of the middle name, if any. Note members of family who are absent as "A."

Column 6—Designate head of family, whether husband or father, widow or unmarried person of either sex, by the word "Head;" for other members of family writ wife, son, daughter, adopted son (or daughter), father, mother, grandson, daughter-in-law, uncle, aunt, nephew, niece, boarder, lodger, servant, etc. One person in each family should be designated as the home-maker thus, "Wife—H."

Column 7—To be answered only opposite the name of the HEAD of the family. Use "R" for rented and "O" for owned. If dwelling is occupied by more than one family, it is the home of each of them, and question should be answered for each family. Home is classed as owned if owned wholly OR IN PART by any member of the family.

Column 8—Give current market value as nearly as possible in dollars if owned, or actual monthly rent paid if rented.

Column 9—If family or some member of family has radio set, write "R" opposite name of head of family; otherwise leave blank.

Column 10—Write "NO" if not living on farm.

Abilene Has Music Federation Meet

American music featuring Texas numbers and their composers will be the theme for the fifteenth annual convention of the Texas Federation of Music clubs which will open in Abilene Wednesday. The meeting will extend through May 2d.

Pre-convention sessions of district presidents and executive board members will be held Tuesday, with a luncheon for the former at noon and a dinner for the latter group on that evening.

The convention's opening program will be presided over by Mrs. Ellis Douthett, Abilene chairman who has been in charge of arrangements. An educational luncheon will be held at noon, featuring the work of some department of the federation. During the program of the opening afternoon, the work of the motion picture division of the organization will be illustrated by the presentation of an outstanding musical film.

The Schubert Choral club of Dallas will be in charge of a musical program Thursday morning following a breakfast for music teachers, presided over by Irl Allison, of Abilene and sponsored by the Abilene Teachers' association. Mrs. Lota M. Spell of Austin will tell of the southwest's contributions to American music. At noon Mrs. Robert Wylie of Abilene will preside over a luncheon honoring Texas composers.

On Thursday afternoon a musical pageant will be presented by Abilene's three colleges to depict the history of West Texas. The scenario was written by Mrs. Joseph M. Perkins of Eastland and the pageant will be produced under the general direction of Mrs. Wylie. Business sessions and addresses of state music federation leaders will occupy attention Friday and the closing day will be celebrated as "Junior Day" with the presentation of programs by junior federation organizations.

Miss Story Bride Of Prexy Anderson

Friends here were advised of the marriage Monday morning in Vailant, Okla., of Miss Faye Story to Harold L. Anderson of Abilene.

Mr. Anderson is better known as "Prexy," sports editor of the Abilene Reporter & News.

The ceremony was performed at the home of the bride's parents with W. W. Starnes, minister of the Church of Christ, officiating. The bride was attended by Miss Ada Roberts of Vailant. Lloyd Story of Oklahoma City, brother of the bride, was best man.

Mr. and Mrs. Anderson left immediately for a wedding trip to Texas and Oklahoma points. They will be at home in Abilene after May 6. The young couple are both graduates of Abilene Christian College. Mr. Anderson has been connected with the Abilene papers for the past four years. They have numerous friends here.

a committee to wage the battle. And they're going to "see themselves as others see them."

To show how much in earnest they are over the business of getting clothes to suit them, a number of women have offered to display themselves as horrible examples in a style show.

They're going to don tight coats that hug no-longer-slim hips, belted frocks that pinch portly diaphragms and ruffled dresses designed for sixteen-year-old misses. And they're going to march back and forth and show the assembled multitude just how terribly they can look.

"The great trouble has been," one of the leaders of the movement declared, "that women who haven't streamline figures any more just won't see themselves as they really are."

"When they go to buy their clothes, they either have to get

things designed originally for their daughters and stretched out of all proportion for their own dimensions, or else they have to get something that looks like a grandmother. The designers just don't make things for them.

"Every year they sit back and wait until the styles come out and then, when it's too late, they begin to holler. This time we aren't going to wait until we see the fashions to raise heck. We're going to begin right now."

They're going to begin after the style show Tuesday by selecting a committee to tell the dress manufacturers, who are already interested, what they want in the way of colors and belts and hemlines, and a few other things.

Mrs. Helen Volka, style director of the home making center; Mrs. Frank Shuler, president of the New York City Federation of Women's clubs; Mrs. William Dick

Sporborg, first vice president of the state federation and other prominent members will be there to aid in that committee's selection.

Rig Construction Delayed By Rain

Rain halted actual construction of the oil derrick on the courthouse block which will announce to passers-by that Big Spring is to stage an Oil Men's Exposition July 3, 4 and 5.

Timbers and other material for construction of the full sized field derrick was unloaded at the site Monday morning, but rig builders will be unable to start actual work until inclement weather subsides.

Editor, The Herald:

In the news columns a few days ago there appeared an article under a Washington date line to the effect that the remedy for the existing Mexican labor troubles was in the matter of enforcement rather than legislation. It went on further to say that the raisers of perishable produce were dependent upon cheap labor in order to continue in business.

These same growers of perishable goods were a short time ago demanding that our congress place a protective tariff on produce of that kind and their reason at that time was that American workmen needed protection. Now they insist they must have cheap Mexican labor in order to continue in the industry. How then is a protective tariff of any benefit to American workmen other than to place him on the unemployment list and put him in a position where he can not even buy the produce grown by the cheap, docile Mexican labor?

The hue and cry seems to be all for the farmer, who insists he needs Mexican labor and none for our native American laborers, though unemployment has reached such peaks as never attained in this country. The farmer is worthy of some consideration it is true, but the industry which must exist by so lowering living conditions and wage standards that an American man cannot live and maintain himself and family is not an economic asset to the country, but is an economic liability.

The industry which insists it needs cheap, Mexican labor to exist is owned and controlled by a few men and women in comparison to the vast number who would find employment were they not faced with competition which they cannot meet. For those few to insist on continuing in business and control vast landholdings at the expense of hordes of other Americans as equally entitled to live is indeed a selfish stand to take and one which an intelligent thinking public should not tolerate.

We have vast numbers of men and women who would be only too glad to accept work in these fields if wages were only high enough to enable them to live as American men and women are entitled to live. As conditions exist today we find hundreds of men who have heretofore done nothing but work on farms drifting to our cities and towns seeking work in an already overcrowded labor market. We see men and women, Americans, living under conditions that are far from being a credit to a nation which continues to boast of its great prosperity.

One can go into the Mexican section of most any city and see the same conditions the Mexicans are living under. Here in Big Spring for instance is a case of a woman, six children and all of them living in one room.

These are the conditions our own people are gradually being forced into. Do we as a great people desire such conditions. I hardly think so. What then is the remedy? Curtail or limit Mexican immigration, encourage our skilled labor to reverse the present day trend and go back to the farms rather than to the cities. Pay them a wage consistent with American living standards. If, then, the owners of the industry cannot find a reasonable profit, raise the price of the commodity so that they can. Some might say that would work a hardship on the general public. It would not work a hardship but would equalize and distribute in some measure the hardship now carried by such a large number of our unemployed citizens.

We laboring people have no quarrel with the farmer. We, however, ask him to consider the question from an unselfish standpoint and not deprive our fellow citizens of their constitutional rights to "life, liberty and the pursuit of happiness," only to give it to a class of people of little or no economic value to the country.

Yours sincerely,
A. A. DEAN.

Deputies Catch Man Delivering Illicit Liquor

S. S. Tidwell was in the Howard county jail Monday on default of \$1,000 bond set after he had waived examining trial on charges of delivery and sale of intoxicating liquor.

The man was arrested at Comahoma late Saturday night by A. J. Merrick and D. D. Dunn, deputy sheriffs under Jess Slaughter.

The number of millionaires in England is decreasing at a rate of twenty-two per year.

ROTARIANS MEET AT TEMPLE

When the more than 800 Rotary delegates of the 41st district convene in Temple on April 23-24 there will be one of the biggest programs in the history of the Rotary conferences with many prominent speakers. Entertainment for Rotarians and Rotary-ans will include golf tournaments and socials at the beautiful Temple Country club, pictured above. Sessions will be in the new \$150,000 Municipal auditorium (below).

"IT WAS A GRAND SURPRISE," SHE SAYS

YOUNG BUSINESS WOMAN IN CHARGE COFFEE SHOP, NAYLOR HOTEL, SAN ANGELO, PRAISES (ARGOTANE)

"I have gained wonderfully in health on three bottles of Orgatone (Argotane) and feel like my old self again," said Miss Billie Preston, in charge of the coffee shop, Naylor hotel.

"I was in a very rundown condition," she explained from stomach disturbances, and most everything I would eat gave me trouble. My food would sour on my stomach and form gas that made me miserable for hours. My nerves were all on edge so I got little rest at night and when morning came I was most as-tired as I was when I went to bed. I had headaches most all the time and felt so wretched and no account I hardly had any life or energy left to do anything.

"I heard so many people telling about the good that Orgatone (Argotane) had done them that I decided to try it. The way it took hold of me was one grand surprise and I hardly know how to begin to tell of all the benefits I have derived from using it. I can say though that it has made a new person out of me. The gas has stopped forming in my stomach, my complexion is clearing up and I can eat anything I want without trouble. I sleep well at night and feel well all the time."

Genuine Argotane may be bought in Big Spring at the Cunningham & Phillips Drug Co.—adv.

KNOTT

By Mrs. J. G. Hardin
KNOTT, April 26.—The community's chief interest at this time is in the singing convention to be held at the tabernacle next Sunday. The singing class had a called meeting last Sunday afternoon, when the program was completed for the convention, to which the public is cordially invited, and reminded to bring well filled baskets of food.

The Home Demonstration club met at the home of Mrs. McGregor Tuesday of last week. The topic of the program was "Meal Planning." Roll call was answered with "My favorite menu." What the daily diet should include, how those requirements may be met, and the meaning and value of a one-dish meal were discussed. A demonstration of the one-dish meal was given by Mrs. Aligood, county home demonstration agent. The club voted to have a called meeting with Mrs. O. B. Gaskin the following Tuesday to fit patterns to individual members, so each could prepare a wash dress to enter in the county contest May 1. The following members were present: Mesdames Ben Sample, L. E. Castle, Jack Olsen, J. O. Hardin, O. B. Gaskin, G. R. Brishars, George Brishars, T. J. Brown, and Miss Annie Mae Brown. Welcome visitors from Soash were Mesdames Harry Graham and G. T. Palmer, Misses Corda Hodges, Josephine Hannah, Mrs. G. T. Pown, Mrs. J. W. Rodgers, Miss Lola Hannah, Miss Odessa Hodges and Mrs. B. N. Adams.

Prof. Whittington took the school boys' basketball team to Ackerly Thursday. The result was 20 to 5 in favor of Knott.

W. P. Pinkston's son, Raymond, is seriously ill from rheumatism. He has been confined to his bed several days and was carried to Big Spring Monday for treatment.

Mr. and Mrs. D. G. Hart are the happy parents of a boy born April 16. He has been named D. G. Jr.

Walter Barlow has moved his family and his mother to the teacherage, occupied by Mr. and Mrs. Lumpkin until the close of school.

School closed very quietly Friday.

day. Miss McGregor's room rendered a short program and had an Easter egg hunt in the afternoon. Mr. and Mrs. Lumpkin left Thursday. Miss Miller went with them as far as Sweetwater. She will return to her home near Waco. Mr. and Mrs. Lumpkin entered school at San Marcos for the spring term. Prof. Whittington and Miss McGregor will remain here.

Mrs. Gent of Fairview visited Mrs. R. W. Long Sunday.

Joe Long of Coke county visited his parents, Mr. and Mrs. R. W. Long here Sunday.

Mr. and Mrs. E. R. Patterson and family, Mr. and Mrs. Clayton Brown and family spent the day Sunday with Mr. McCracken.

Oleta and Doyce Hayworth are able to be home again and are improving rapidly to the delight of their many young friends.

Mr. and Mrs. Ratliff spent Sunday in the Merrick community visiting her sister, Mrs. J. W. Hayworth.

Miss Rilla Brishars, who is attending college in Abilene, spent the week-end with home folks. She was accompanied by her brother, Garrett and wife of Sweetwater.

S. C. Gist and W. M. Peterson attended the celebration at Hobbs, N. M., Saturday, returning Sunday.

The W. M. U. met in the basement Monday afternoon. Reports were made of the district W. M. U. meeting held at the First Baptist church, Big Spring, Wednesday and Thursday of last week. Mrs. Austin Walker represented Knott. Members voted to begin sending packed boxes to Buckner Orphan Home. Those having anything to send will place in with Mrs. Oliver.

Merrick & Bristow And Magnolia Win Sunday Ball Games

Through the terrific slugging of Chapman, Merrick and Bristow chunker, and the general consistent team performance by Magnolia, the two favorites of the Oil Belt league maintained their supremacy over remainder of the pack by downing Sun and Moody nines, respectively.

Until the seventh frame, Sun held Merrick & Bristow to a three to two score. At that stage, however, Windsor, Sun hurler, weakened and the Merrick and Bristow outfit tabulated five tallies during remaining innings. Windsor and Chapman both struck out 11 men. Chapman hit two homers with two men on base each time.

Magnolia rung up another one-sided victory beating Moody 18 to 3. Until the final inning, Moody

went scoreless swamped under a 17 to 0 count.

Only the Magnolia and Moody game was scheduled Sunday, but Merrick & Bristow and Sun had a game postponed earlier in the season that was made up yesterday.

Seed Peas For Club Boys Here

New Era cow pea seed for distribution among 4-H Club boys of Howard county, has been received by J. V. Bush, county agent. The seed is recognized as one of the best for this particular climate and for soil conditions in this region, Mr. Bush said.

There is an abundance of seed available, but club boys are asked to make their requests as soon as possible. It is necessary that boys decide whether to plant two rows of peas and one row of milo, or two rows of milo and one of peas before Mr. Bush can make the proper apportionments, he said Monday morning.

The county agent is preparing a complete report on all 4-H clubs in Howard county, which will give the number of boys belonging to each club, where it is located and what are major projects for the crop season.

LOUISVILLE—Miss P. Foley of Louisville has tried bowling for the first time by competing in the national tournament. For eight frames the pin boys had nothing to do. In the ninth she knocked down one pin, and she finished with a sensational eight in the tenth.

Local Officers Search For Loot From Drug Store

Members of the Howard county sheriff's department and of the city police department were searching Big Spring for suspects in an Odessa drug store robbery which occurred last Saturday night.

Reports received here indicate robbers carried off virtually all merchandise of re-sale value.

RALPH JOHNSON FINED FOR DISPLAYING PISTOL

Ralph Johnson entered a plea of guilty Monday morning before H. R. Debenport, county judge, on a charge of displaying a weapon. He was fined \$25 and costs, totaling \$45.85.

ROOSEVELT FIELD, N. Y.—Miss Frances Rees has dropped nearly three miles in the air with a parachute. It took a plane an hour and a half to get her up 14,800 feet, and she came down in fourteen minutes. A Frenchman holds a record of 16,430 feet.

Water that has been boiled will freeze at the same temperature that the same water would freeze if it were not boiled, but the ice formed by the boiled water will be firmer because of the absence of air.

ing string into Jacqueline's lap. She picked them up and he noted her look of incredulity. "I mean it. They are yours. I have the permission of the late owner to give them to you. They are a present from that original owner. He told me I could tell the finder to keep them."

"But they are worth 10,000 pounds. The newspapers said so." McAllister grinned, appreciating the joke and the girl's picturesque amazement. "They are worth, perhaps, the price of a new hat. My dear, if you can find a buyer. They are bits of glass—nothing more. Imitations, and not the best imitations either. I'm rather surprised at Mrs. Porter Mason handling them. I suppose she didn't get a fair look at them."

"So, instead of confessing the truth he bought an imitation diamond necklace and presented it to her, leaving her under the impression that it was worth 10,000 pounds. He quite intended as soon as he could to buy a real, honest-to-goodness string of diamonds, and present it to her with an explanation and confession."

"Then, when the raid came and the lights went out, Paula or Mrs. Mason couldn't resist the temptation to steal the diamonds. "Afterwards she planted them on you. She knew that the police would go over her with a fine-tooth comb, as they did; but she hoped that you might get away with it."

"Ever since the theft the old gentleman who bought the fake necklace has been in mortal terror that the worthlessness of his gift will be discovered by his wife, who would never forgive him. He has implored us to hush up the matter, which we have done. So you see that even in Scotland Yard we have our little romances."

"And what about Mrs. Porter Mason?" asked Jacqueline. "Is she still in prison?" "Yes. We convicted her on another count. She'll be absent for another eight months or so. You see she has rather a bad record."

Better Than Real Life

REAL LIFE is never arranged as nicely as fiction. The novelists can do on paper things that do not come so easily to flesh-and-blood mortals. Most books present life as we would like to have it, rather than as it is.

All of which, perhaps, is part of the explanation for the enormous popularity of the detective story in recent years. The detective that we find in books is a far more omniscient person than any detective that ever existed. No case ever baffles him. He may be at loose ends temporarily, but by the last chapter he is always sure to come bobbing to the surface with the guilty man in his jaws. His cases never peter out into failure. His criminals always thoughtfully leave just the right clues, and he always knows just what to make of them.

And we, luckless inhabitants of a world where policemen are never quite that clever, spend thousands of dollars a week to buy these books. For it is becoming more obvious all the time that our real-life detectives fall terribly short of the detective-story pattern.

What happens in this workaday world when a murder is committed? Well, first of all, a squad-car dashes to the scene and a bevy of plainclothesmen tumble out. Ten minutes later the reporters arrive, accompanied by the photographers. The detectives find what clues they can and tell the reporters about them. Then the newspapers appear, printing all that detectives know in great detail. The detective chief announces that an arrest will be made in 24 hours. It fails to come off, but similar announcements are made from time to time. As the days pass, and everybody is kept in a state of pleasant anticipation. Eventually, however, some other sensation comes over the horizon, the murder is forgotten and the murderer gleefully goes on to new endeavors.

But it is never like that in fiction. The ordinary police officers may fumble their work, of course; but the Detective-Philo Vance, or Charlie Chan, or Dr. Thorndyke, or Hercule Poirot—always knows what he is about. He is secretive and thoughtful. Patiently he puts his clues together—and finally, just as everybody else has despaired of success, he lands the criminal in jail—always, be it noted, with so much evidence against him that it is quite impossible for the scoundrel to fight the case successfully in court.

So we dot on detective novels and make best-sellers out of them and, meanwhile, wonder why it is that our poor policemen cannot duplicate, in actual experience, the miraculous deeds of the novelists' invention.

OPINIONS OF OTHERS

Army And Navy Pay Cleveland Plain-Dealer: BY JOINT RESOLUTION Congress recently created a committee to investigate the pay and allowance of commissioned and enlisted personnel in the army, navy and marine corps. The matter is one that deserves the careful consideration of the joint committee and of congress.

HOW'S your HEALTH

Amateur Surgeons A common and well known amateur surgeon is the man who wields a razor to pare his corns. Of course, this exercise is the guaranteed privilege of every man. But the wise man will exercise it with caution.

To begin with, cutting a corn is no true remedy for its growth. A corn is the body's response (exaggerated, it is true) to a local irritant, which, in the case of the foot, is usually a tight or wrongly shaped shoe.

The remedy for the condition is not in the cutting of the corn, though this no doubt offers temporary relief, but rather in adopting a more roomy or better fitting shoe.

Then there is the ever-present danger of cutting oneself. A cut in the foot, no matter how small, is always dangerous. The foot is encased in a sock or stocking, and surrounded with leather. All day long it is subjected to rubbing and pressure. When there is a break in the skin, as in the case of a cut not properly protected, some foreign substance is certain to be rubbed into the broken tissue. Infection may result.

In shoe fashions, style holds a position markedly above comfort, and as long as this condition prevails there will be a plentiful crop of corn cutters, and in consequence an abundant number of foot infections.

Building Hits Another Peak

The building pulse in Big Spring was quickened nearly 10,000 during the past week when 21 permits issued from the city secretary's office totaled \$28,325 as compared with \$17,175 the previous week. Permits issued in this city since January 1 reached \$219,345.08.

The largest single permit was issued to W. R. Anderson for a fire proof filling station on lots 5 and 6, block 27, which will cost in the vicinity of \$5,000. R. E. Gay's permit to repair his building on East Third street also totaled \$5,000.

Other permits issued during the past week were: G. W. Harrbin for J. E. Collins, frame duplex on lot 1, block 22, subdivision "D," \$3,400. M. E. Hull, erection of wash house lot 6, block 12, Jones Valley, \$30. W. R. Anderson, remodeling and moving residence on lots 5 and 6, block 27, \$2,500. H. B. Dunagan, Jr., moving house from Third and Austin streets to 707 East Fourteenth Street, \$5. H. E. Dunning, repair to residence at 506 Nolan street, \$200. R. C. Brown, repairing roof at West Texas Lumber Company on West First and Gregg streets, \$300. W. R. Hughes, frame and sheet-rock at 2209 Scurry street, \$500. Tom Ashley, installing pump at 1801 Scurry street, \$15. G. O. Foley, alterations on brick building for Jack Hodges between Johnson and Runnels, \$1,900. JACQUELINE ON HER OWN

By ROBBIN COONS HOLLYWOOD— Competition is keen in Hollywood even in the business of courting death at a scarcely munificent salary.

CATHERINE OWEN

MR. McALLISTER IS PSYCHIC When you called on me at the Majestic," explained Jacqueline, "the diamond necklace was not in my possession, because I had lost it. She explained how she had hidden the jewels in the palm pot, and how the pot had been changed by a chamber-maid; and the corpulent detective chuckled in quiet merriment.

Then, at his invitation, she told the whole story of the necklace, and how it had first come into her possession. "I would have brought it back to you long ago," she told him, "but I have been ill, and—and I was frightened."

"Frightened of what?" asked McAllister. "That I should be arrested." "Are you still frightened of that?" "Not so frightened as I was when I first came here. But—shall I be arrested, please?" "Not for the theft of this neck lace at any rate," smiled Mr. McAllister. "Of course, I don't know whether you have anything else in your private list of misdemeanors."

"Oh, no, there isn't anything else," Jacqueline hastened to reassure him. "Then you get off on the neck-lace score, because I happen to know you had nothing to do with the theft. In fact, I already knew all that you have just told me, with the sole exception of the flower-pot incident."

"Then you never believed I was the thief?" "If I had believed it we shouldn't have had to trouble you to come here to see us." "Why not?" "Because I should have come and fetched you long ago." "Oh, dear!" "We caught the thief the same night, and she is now doing a short term of imprisonment, though not for the theft of the necklace."

JACQUELINE ON HER OWN

term of imprisonment, though not for the theft of the necklace. "She!" cried Jacqueline. "Who was the thief, then?" "Your friend Mrs. Porter Mason. That is the name she gave you. I understand. Her real name is Paula Stratton. She suffers from the inconvenience of being known to the police."

"I was present at the raid," McAllister went on. "In fact I was in charge of it. Night clubs are my specialty. When I heard that a diamond necklace was missing I immediately connected it with Paula Stratton, because that is her particular line of business. So I took Paula that night, not for the theft of the necklace, but for something else we happened to have against her, but which we probably shouldn't have troubled about if she hadn't thrown herself in our way as it were."

"When I put her through her paces afterwards, she told me all about you and how she had passed the jewels to you." "But I cannot understand," said Jacqueline, "if you knew I had the diamonds in my possession, even if you knew I was not the thief, why didn't you come to me and order me to give them up?" "We did not particularly want them. Where are they now? Have you got them with you?" "Yes, here they are."

She produced the glittering string of brilliants and handed them to the detective. "I am very glad to get rid of them. They've been worrying me ever since I had them. And I think when I lost them I was more worried than ever."

The detective held them up to the light, a string of scintillating drops, full of fire and light. "Rather pretty, aren't they?" "Ever so," returned Jacqueline. "Wouldn't you like them for your self?" "I should love them if they happened to be mine."

"Well, here you are—catch. A present for a good girl. You can keep them."

With which he tossed the glittering string into Jacqueline's lap. She picked them up and he noted her look of incredulity. "I mean it. They are yours. I have the permission of the late owner to give them to you. They are a present from that original owner. He told me I could tell the finder to keep them."

"But they are worth 10,000 pounds. The newspapers said so." McAllister grinned, appreciating the joke and the girl's picturesque amazement. "They are worth, perhaps, the price of a new hat. Herald Patterns

A SMART DAYTIME FROCK

6742. This is an excellent utility style, suitable for light weight woollens, linens, shantung and pongee. As pictured it was developed in brown flat crepe with stitching for a finish. The front and back sections are joined to the side portions under the stitched tucks, below which the plaits are formed, that lend fulness in graceful flare outline. The fronts are turned back in wide revers or lapels outlining a vestee that squares the V neck.

The pattern is cut in 5 sizes: 34, 36, 38, 40 and 42 inches bust measure. To make the dress for a 38 inch size will require 4 7/8 yards of 35 inch material. For cuffs and vestee of contrasting material 3/8 yard is required, cut crosswise. The width of the dress at the lower edge with plait fulness extended is 2 3/4 yards.

Pattern mailed to any address on receipt of 15c in silver or stamps by the Herald.

Father of Local Man Is Buried

BALLINGER, April 28.—Nathan J. Allen, 76, one of Runnels county's earliest and most esteemed citizens was laid to rest here Thursday in the Evergreen cemetery, following funeral service at the Methodist church.

Mr. Allen died at his home here Wednesday following an illness of several weeks.

A native of Fayette county, Nathan Allen came to Runnels county 51 years ago and engaged in the cattle business, which he followed throughout his life. Forty-eight years ago he acquired a ranch on Coyote creek, 11 miles northwest of here and owned and operated it until his death. A few years ago he established a home in Ballinger.

He was a charter member of the Open Range Cowmen's association of Runnels and adjoining counties and was a regular attendant at its gatherings. In this organization he had many friends among the

active ballbearers were C. P. Shepherd, W. C. McCarver, Pat Woods, Sam Baker, Joe Simmons, and George Holliday. Honorary ballbearers: E. D. Walker, T. B. Saunders, Ross Murchison, Bill Walker, J. M. Johnson of Winters, C. A. Doose, W. B. Dankworth, William Halfman, E. F. Batts, J. E. Brewer, John A. Weeks, U. E. Hartman, Lon Mapes, John Bigby, Andrew Nichols, D. M. Baker, A. A. McGill, of San Angelo; Conda Wylie; Dilworth Parramore and Jack Parramore, of Abilene; Rhame Shields, of San Angelo; Tom Trail, M. D. Chastain, Feb McWilliams, Delbert Vancil, Ralph Vancil, W. T. Routh and Walt Allen.

SPORT PLANTS

ALAN GOULD ASSOCIATED PRESS SPORTS EDITOR

Condition is always a prime factor in any sport and it happens that the health and well-being of several well-known figures will have an important bearing on major events of 1930.

If Knute Rockne's ailing leg develops any further complications, enough to keep the Rock away from South Bend for spring practice, Notre Dame's football prospects for next fall will suffer a corresponding slump.

If Rogers Hornsby's heel continues to prove vulnerable and he isn't in shape for the Chicago Cubs will be severely handicapped for the pennant race.

If Al Simmons' ankles fail to respond to careful spring treatment, the Athletics will also be in a tough spot for Al furnished the main cleanup wallop.

If Babe Ruth's somewhat aged "pins" give him much more trouble, the Yankees will be paying \$80,000 to a part-time performer and probably be nowhere in the pennant chase.

And if Jack Dempsey, healthy enough so far as non-combatant activities are concerned, happens to feel he can get back into fighting trim, the heavyweight circus will be able to put up the "big top" again.

One of the items upon which the Sharkey-Schmeling "heavyweight championship fight" has been predicted is the definite retirement of Mr. Dempsey from further fight proceedings. Consequently, if the old mauler decides upon another comeback attempt, the popular inclination will be to withhold any unqualified endorsement for the Sharkey-Schmeling affair as a title bout. This would be a severe blow to no one except the New York State Athletic Commission which is anxious that the trophy sponsored by its ancient member, William Muldoon, be unveiled and presented to a heavyweight champion.

In many places, the notion persists that Dempsey should have won back the heavyweight crown in the last battle with Tunney. This idea can go so far that many believe Dempsey is the champion or that he should be. At any rate, if Jack takes another fling (possibly against Carnera) popular opinion will await the outcome before bestowing honors prematurely upon Schmeling, Sharkey or anyone else.

Herman Brix has thrown the sixteen-pound shot a new record distance of 52 feet, 4 inches in competition (nearly 43 feet in practice) and now nothing is safe. If it keeps up, they may have to treat the shotputters the way they do the hammer-throwers at Harvard—put them behind screens outside the stadium. Ed Ubrickson, kid brother of Head Coach Al Ubrickson at the University of Washington, is rowing No. 4 in the freshman boat at Seattle. A total of \$674,750 in purses was distributed during the winter races at Agua Caliente.

Hall Jarman Is Buried

COLORADO, April 28.—Funeral services for Hall Jarman, 73, Mitchell county pioneer who died at his late home three miles south of Colorado Wednesday afternoon, were conducted at the graveside in I. O. O. F. cemetery Thursday afternoon at 3 o'clock by Rev. W. M. Elliott, pastor of the Presbyterian church.

Born in Alabama in 1857, Mr. Jarman came to Colorado in 1881 when a young man 24 years of age. He had made his home in Mitchell county since that time. Deceased was one of the prominent citizens of this section of the State, taking an active part in public affairs. He was vice president of the Mitchell county farm bureau, having been recently re-elected to this office for another year by members of the county unit.

Surviving are his widow, Mrs. Mary E. Jarman; four sons, James O. of Peeco, W. P. Chas. E. and Ira C. of Colorado, and one daughter, Mrs. C. E. Stewart of Colorado. One sister, Mrs. Katie D. Loney of Tusculum, Alabama, also survives.

Pall bearers were E. M. Baldwin, Joe Sheppard, Thos. R. Smith, W. E. Warren, J. G. Merritt, W. W. Porter, Chas. Mann and Jack Smith.

Paint Rock And Barstow Teams To Battle Here

The bi-district tennis final between girls' teams representing Barstow of Ward county and Paint Rock of Concho county will be held on the Big Spring high school court Tuesday afternoon at two o'clock.

Big Spring was selected because of concrete courts located at the high school and because of its geographical location approximately midway between the two finalists.

Barbers Pile Up Huge Score To Win Opener

HICKS AND MADISONS SWAT BALL

Adams Ineffective, But Mates Fail To Do Jobs

By blasting out a total of 22 hits and scoring 17 runs off the delivery of Adams, Cosden Oiler chunker, the Union Barbers jumped into the van of the city league race after Sunday afternoon's opening struggle.

The Union Barbers started things slamming out four hits which netted three runs in the first inning. In the first, third and fourth

POSTPONED The scheduled city league ball game between the Laundrymen and Bankers scheduled Monday afternoon was postponed after Big Spring received its second rain within 24 hours. The game will be played at a later date to be arranged between team managers.

Weather permitting, T. & P. and Richco will play their first game of the season Tuesday evening.

frames, the Union hair trimmers backed completely around. N. H. Payne, veteran T&P Shop pitcher, who has cast his lot with the scissor wielders this season, held the Cosden men helpless until the third inning and thereafter kept six hits well scattered.

Adams issued seven free tickets to first base, but errors in judgment by his supporting fielders kept him submerged most all game. In this connection, it may be well to explain that errors in judgment do not constitute errors in the box score as such is based entirely on mechanical bobbles.

Hicks led the Union Barber attack with five safe blows out of five official trips to the plate. Included in Hicks' record for the day was one triple and a double. The heavy hitting as left entirely in hands of Manager Louis Madison who banged out a brace of three ply wallops and then sandwiched in two singles out of six trips to bat.

Some idea of Payne's effectiveness may be visioned from the fact that nine Cosden Oilers took three healthy swings and then retired for a rest. During the second inning Payne pitched only three balls as each hitter accepted the first offering.

A fair crowd turned out to see the opening struggle, but yawning holes in the fence and absence of a double gate on the north side of the park permitted attendance to surpass indications on the cash register.

Jail Delivery Suspect Held

A man suspected of aiding and assisting ten prisoners in escaping from the Howard county jail early Monday morning, April 21, was being questioned by members of the sheriff's department.

He is alleged to have carried saw blades into the Howard county jail concealed under a wide strip of adhesive tape stuck to his back. One or two prisoners now in jail expressed a willingness to testify as to how saw blades were smuggled into the jail if promised consideration on their charges.

Only about 7000 Americans live in the Philippines. The native population is 12,000,000.

City League Schedule Revised To Eliminate Consecutive Battles

A revised schedule for the Big Spring Amateur Baseball Association has been arranged which reduces to a minimum necessity of one team playing two days in succession.

The schedule printed below has been declared official by league officials. There is no change in the first three games. Cosden has played Barbers Monday evening and will play Bankers Monday evening and Richco will tangle with the T & P (all-rounders) Tuesday evening.

Starting with April 8, the schedule follows: Stars indicate Sunday games.

- April 28—Laundry vs. Bankers. April 29—T & P vs. Richco. April 30—Cosden vs. Laundry. May 1—Barbers vs. T & P. May 2—Bankers vs. Richco. May 3—Cosden vs. Bankers. May 4—Laundry vs. T & P. PHILADELPHIA.—Once again Prospero Sederio, who led the band for Dewey at Manila Bay, has wielded the baton on the Admiral's flagship, the Olympia. In a wheel chair Sederio directed the playing of the Double Eagle, the music Dewey ordered going into battle. The occasion was a Sunday celebration in advance of the 32nd anniversary of the battle of May 1, 1898.

No British king or queen as such has ever visited the United States.

Madison Brothers Cop Prizes Galore In Opening Tussle

Six of the seven prizes offered by Big Spring merchants for individual play during the opening city league baseball game Sunday afternoon, were claimed. The seventh, a pound of chewing tobacco and a carton of cigarettes for the first home run is still open.

The Madison family playing with Union Barbers captured a majority of packages offered. Each of three brothers made off with one prize.

Winner and what they won, follow: Paul Madison won his choice of pocket knives at the Western Hardware Company for being credited with the first two-base hit.

Lois Madison won the Beach league baseball offered by Cragin-Adams Hardware Company.

J. W. Patton capped the 10 gallons of Cosden Liquid Gas offered for the first put out.

Harold Harwood won his selection of the Big Spring Hardware Company's stock of baseball bats.

N. H. Payne was the first pitcher to register a strike-out and for his efforts won the Bates Street shirt offered by Elmo Wasson.

H. M. Taylor was credited with the first sacrifice and won the free dinner posted by the Douglas Coffee Shop.

L. B. Baker, Cosden first baseman, won the free car wash job offered by Wolcott Motor Company to the player stealing the first base.

Gulf Nine Wins From Locals 8-0

A combination team of Laundry and Richco baseballers journeyed to Crane and took an 8 to 0 licking from the Gulf nine in six innings. Miller, former Big Spring pitcher who played here last season with the Cowboys, held the locals in check all the way.

Crouch, Laundrymen pitcher, allowed five runs in the first inning, but thereafter settled down and pitched a good brand of ball through the remaining five frames.

Rain which started falling before the ball game started curtailed attendance.

Giants Continue To Surprise Fans By Sharp Slugging And Fielding

By HUGH S. FULLERTON, JR. Associated Press Sports Writer

John McGraw and his New York Giants once more are starting out to upset the baseball dope. The Giants suffered severely from bad spring training weather and seemed due for a lot of early beatings. Whereupon they stopped to the front by winning seven successive games and now are the only undefeated team in either major league.

The Giants have shown everything a club needs to win a pennant. The first three games were close, but effective pitching and still retained the other points of advantage. Four Giant pitchers have gone the full distance in the seven games, while the other three could easily have lasted.

The Pittsburgh Pirates, chief threat to Giant supremacy, in the National league, continued their brilliant progress by defeating the champion Chicago Cubs, 9 to 5, for their seventh straight victory.

The Boston Braves likewise broke out as heavy hitters when Burleigh Grimes in his debut as a hub pitcher made 17 blows good for a 13 to 4 victory over Philadelphia.

The St. Louis Cardinals used their blows effectively, combining them with seven walks to beat Cincinnati 10 to 5.

Washington's Senators continued to strengthen their hold on the top rung of the American league ladder by defeating the world champion Athletics for the third time in succession, 11 to 6.

The Chicago White Sox and St. Louis Browns produced some surprising results in a hard-fought battle that went to Chicago by a 2 to 1 score. A record which had stood for 29 years without being seriously threatened was equalled in this game when Clancy White Sox first baseman, went through nine innings without a putout or an assist.

The Detroit Tigers broke a losing streak of seven games by hammering Wes Ferrell of Cleveland for five runs in the first inning and taking the last game of the series 7 to 1.

Nineteen hits by the Boston Red Sox proved better than Babe Ruth's second home run of the year at

Beaumont Continue Drive At Peak By Beating Spuds

(By The Associated Press)

Waco, which this time last year was sitting on top of the league having won 19 out of its first 21 games, today had a firm hold on the cellar by reason of a 5 to 4 defeat from Fort Worth yesterday.

It was the Panthers' third consecutive victory, and Manager Panel Snyder drove in the tying and winning runs with a double in the seventh. Henry Hardaway, after relieving Schupp at the start of the second inning, allowed the Cubs on four hits and two unearned runs. Today they are matched for another

The Shreveport Sports used a pitcher, but were unable to stop San Antonio in a combat at Shreveport, where the Indians conquered 15 to 8. They also were to meet again today.

The Beaumont Exporters, invading Wichita Falls, were scheduled for another game today after defeating the Spudlers yesterday 6 to 2. Esterling hit a homer with or

Celebrating for their new major domo, Sol Dreyfuss, who had just chased the controlling stock in the club, the Dallas Steers were awarded 12 to 3 yesterday before the Houston Buffs in the opener of a three game series here. The visitors batted Dave Danforth from the box and scored six runs in the seventh inning.

Bonham Back From Meeting

W. E. Bonham has just returned from Ft. Worth where he attended a pre-showing of the Lincoln Metropolitan salon cars on the show floors of the Percy Garrett Motor Co. Mr. Bonham says that the bodies on these cars represent the finest efforts of America's foremost custom body designers.

The engineering exhibits, such as cut-away motors, axles, chassis and a body in the white, compel admiration for the Lincoln Car. A most unusual feature of this salon is the demonstration of the famous Johannsson gage system; the system which has been officially adopted as the World's standard of measurement. In fact, the enthusiastic tone of Mr. Bonham's report of the showing is an encouragement for any one to visit same and see for him or herself these beautiful cars and exhibits.

LAUNDRY IS UNUSUALLY EFFICIENT

The old time conception of a commercial laundry—a small grimy, stuffy building with a few crude wash pots, ironing boards and such has gone by the board insofar as Big Spring is concerned.

Because the management of the Family Service Laundry, L. D. Holdselaw and Mrs. Frank King, believe that the public appreciates and will support really modern laundry service housewives of the city are being delivered from the bondage of the tub, the wringer and the scrub board.

There is no fear on their part when they send the family wash to Family Service, because, no matter how delicate the fabric or how sensitive the color the modern equipment of this laundry protects them.

One of the dominant features of the service offered by Family Service is the wet wash plan. The family washing may be sent, or picked up right at the home by a courteous driver, run through the scientifically designed equipment of a bright, well-ventilated plant and delivered to the housewife promptly at a cost shockingly low.

Ironing is done with care that often really puts the home iron and ironing board to shame. And, too, this laundry plant is equipped to do all sorts of clothes cleaning and pressing.

Special rates are made for cleaning and pressing when the articles are brought to the plant and called for. But prompt delivery service also is offered. The Family Service laundry, located at 900 Main street in the midst of one of the finest residential neighborhoods of Big Spring, is kept in such neat, clean condition that its presence outside the business district not only affords added convenience to customers because of the plentiful parking space but is not distasteful to nearby residents. The grounds are covered with lawns and beds of flowers. The building itself is pure white, fittingly so because that it

RIBBLE THE FLORIST HAS FINE PLANT

By providing the finest flowers available, with floral service unsurpassed in West Texas, Ribble, The Florist, who is Eiland B. Ribble, has within two years developed in Big Spring one of the largest establishments in Texas.

Located on South Scurry street, one of the city's main thoroughfares, Mr. Ribble owns almost half a city block. At the corner of Seventeenth & Scurry the main office building and hothouse offers a pleasing sight to the visitor. With blossoms arranged in profuse color there is a rustic floor in the main lobby of the building, and at one end is one of the most originally designed fireplaces to be found here. Over it is one of the most huge Elk heads the writer has ever seen. Many other things add to the attractiveness of the room.

In the office, among other things obtained to improve service to its customers, is a Simplex machine upon which telegraphic messages, either from other cities or from here to other places, are handled. This service is speeded by obviating necessity of having a messenger boy ride more than a mile from the downtown telegraph offices.

Outside the main building is another hothouse and alongside it the flower field. Recently thousands of carnations were set out there.

Mr. Ribble also owns a modern florist's shop at Slaton and has conducted successful businesses in Lubbock and Shamrock. He is ably assisted in the business by his wife, Clarence Fielder is his chief assistant.

Oil Showing In California Test

A small showing of oil reported around 2,017 feet in California Oil Company's No. 1 Jones, Glasscock county, was being tested Monday. Total depth of the hole is 2,050 feet, steel line measurement, it was said.

California's No. 1 Jones is located 330 feet from the north and east lines of section 25, block 33, township 2 south, T&P Ry. Co. survey and is approximately one mile south of Continental's No. 1 Phillips, a producer in the northern part of section 24 and approximately one and one-half miles southeast of production in the Coffee-Phillips pool. Just what the showing amounts to has not been determined. It was said that some live oil was showing and that operators were conducting balling tests while awaiting orders. Group One and Continental Oil Company are plugging their No. 1 Miller after drilling to a total depth below 4,000 feet, it was reported. The well is located 330 feet south and 900 feet east of the northwest corner of section 162, block 29, W&N Ry. Co. survey.

SHREVEPORT, La., April 28 (AP)—Population of Shreveport is 76,207, it was announced today, by O. C. Hathaway, census supervisor of this district. This is an increase of 74 per cent during the past ten years. The census of 1920 showed Shreveport's population at 43,874.

Mesquite, Dallas county, 729, increase of 55.

Wylie, Collin county, 771, decrease of 174.

Seagoville, Dallas county, 605, No comparative figures.

Buffalo, N. Y., 572,217; increase of 65,492, or 12.92 per cent.

Lowell, Mass., 100,050, decrease 12,709, or 11.3 per cent.

Grand Junction, Colo., 10,749, increase 2,084, or 24.5 per cent.

Ohio Prison Has Fresh Outbreak

COLUMBUS, Ohio, April 28 (AP)—Believed to have been pacified after their leaders had been removed, unruly convicts in the Ohio penitentiary renewed their revolt again this afternoon, after 150 Columbus police reserves had been taken from the prison yards. The convicts refused to obey orders of guards and refused to listen to Deputy Warden J. C. Woodward, who heretofore had held their confidence.

Funeral Arranged For Jim Kelly, Flier

FORT WORTH, Texas, April 28 (AP)—Fliers, friends and business associates planned today to honor with last rites Jim Kelly, Fort Worth endurance flyer who for a time was co-holder with Reg Robbins of the world's refueling flight record, G. W. Mennis, Fort Worth oil operator, and C. F. Williams, Tonkawa, Okla.

Photograph Eclipse Campville, Calif.

CAMPVILLE, Calif., April 28 (AP)—Astronomers gathered here to make observations and photographs of the eclipse of the sun today agreed that it was almost certain their efforts had met with success. This view was expressed by Dr. W. W. Campbell, president of University of California; Dr. J. H. Moore, Dr. D. H. Menzel, and Dr. R. G. Aitken of the Lick Observatory.

LEGISLATURE IGNORED PARTY PLATFORM, SAYS GOVERNOR

AUSTIN, April 28 (AP)—Governor Moody was at work today on the third and last of a series of statements reviewing his accomplishments as governor, how the legislature treated his proposals and his ideas of solving existing governmental problems.

The last statement, elaborating on his way of meeting pending problems, was to be completed during the week and was expected to lead up to his announcement for a third term.

Although declaring it would be unfair to the legislature to say that he had not been without its cooperation, he said it was to be regretted that the legislative bodies do not hold in serious regard the platform of the party.

In the absence of a proper regard on the part of the legislature for the party platform, there is little hope of securing passage of platform measures," he said.

He declared the executive can only suggest the need of certain legislation and that the "ultimate responsibility of passing or failing to pass legislation rests upon the legislative bodies," adding:

"Legislation is either passed or defeated by the representatives of the people in the legislature. If progressive legislation is suggested by the executive, but defeated by the legislature, the responsibility rests upon the legislature."

Moisture—

(Continued from Page One)
Half Inch At Elbow
Doc Cagle reported about one-half inch of rain fell on his farms southwest of town and that the moisture was rather general in the Logan and Elbow farming communities.

AMARILLO, April 28 (AP)—One-half inch of rain fell in this vicinity last night and reports here indicated the fall was general on the Panhandle. Wheat and early grass will be benefited and the fall will insure early planting of cotton on the South Plains.

A wheat crop from 2,500,000 acres of 45,000,000 bushels was estimated by the agricultural department of the Amarillo News-Globe.

QUANAH, April 28 (AP)—A steady rain fell in this section last night. The fall measured 2.17 inches.
