Official Newspaper of Lamb County, Texas

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, SEPTEMBER 10, 1925.

NO. 21

CROWDS ARE ATTENDING THE CO-OP. MEETING

Crowds are in attendance and interest is being manifested at the service of the co-operative meeting held here by Rev. L. C. Garrison, evangelist, of Houston. Twenty-seven members had been invited to the churches by the middle of the week, and the meeting will continue through next week. E. Ogden, choir director and organist, has met with much co-operation and good singing has prevailed throughout the meeting. A number of selections have been rendered and the prayer services have been successfully carried on. The ladies have met each afternoon in four groups at different homes and at each a different attendance has been present. Men's prayer meeting is held each week at 7:30 at the First Presbyterian church. The young people's meetings are being held at the Methodist church, while the Boosters, the boys and girls meet in the basement of the First Presbyterian church. Mr. Garrison has announced that subjects until Sunday evening will be as follows:

Monday evening: Knocking the Devil Out.
Tuesday evening: A Sure Cure for the Bite.
Wednesday at 11:00 services; The Mission of The Church.
Thursday afternoon at 3:30; Break-Down The Alabaster Box.
Friday evening: The Most Vital Secret In Your Life.
Special attention is called to the subject for the Sunday afternoon service. This promises to be one of much importance and interest to everyone and will be a lesson on giving worthy to the living.

TWO LODGED IN JAIL

Wiley Carpenter and Ed Long, two of Sudan were placed under arrest Sunday afternoon by Constable Douglass and Deputy Sheriff Joe and taken to the county jail at Littlefield, the former charged with drunkenness and resisting an officer, the latter had lodged against a charge of drunkenness and disturbing the peace. Later they both posted bond and were released. Carpenter is said to be under indictment for killing a negro at Sudan several months ago. The arrest was made at the local ball park during the game Sunday afternoon.

BOARD MAKES RULING

A. Butler Takes Place of G. H. Davenport As Trustee.
At a meeting of the Littlefield School Board held Monday night the resignation of G. H. Davenport as a trustee was accepted, and F. A. Butler selected to serve in his stead. The board ruled that all children under seven years of age before January 1st would be admitted to school this year without charge of tuition. The school cafeteria was turned over to Mr. and Mrs. John Spinks as managers. School will begin September 21.

CIVIC CLUB ORGANIZED

Aggressive Program Is Outlined For Future Action.

The Civic Club met Saturday in the basement of the First Presbyterian church, with fourteen members present.

With the president, Mrs. Pat Boone, in charge the constitution and by-laws were unanimously adopted.

Chairman for committees were appointed as follows: Mrs. C. C. Burns, education; Mrs. Jess Mitchell, program; Mrs. E. A. Bills, social; Mrs. R. L. Speight, finance; Mrs. W. G. Street, membership; and Mrs. F. A. Butler, moral.

The club will meet every second and fourth Thursday of each month, however, the meeting of this week being called off because of the afternoon prayer meeting.

Mrs. W. G. Street, chairman of the membership committee, is planning a membership drive and requests that every member bring two other ladies to the next meeting.

W. M. POOL WON FORD CAR GIVEN ON TRADES DAY

An interesting feature of the Trades Day held here Monday, was the giving away of the 1925 Ford touring car, by C. J. Duggan, which took place at four o'clock in the afternoon before a large crowd.

W. M. Pool, a resident in Broad Acres addition held the lucky number, four, which was drawn the first time, by little Miss Blanche Crockett, six year old daughter of Mayor L. R. Crockett.

Mr. Duggan, having won the car given by Brannen-McCormick, in their public drawing several months ago, in return passed it on in this plan he originated soon after his lucky drawing, wherein the primary department of the public school was asked to participate in an auction in connection with the drawing.

Mrs. Bessie Baze, Misses Lois Graham and Vivian Courtney, all of the primary department, were in charge of the various articles which were donated by local merchants and were auctioned off by J. E. Brannen, with Miss Graham acting as clerk.

The proceeds from the sale, together with the \$25.00 paid by Mr. Pool, amounted to \$56.56, which amount will be applied on the purchase of a piano for the primary department.

For each lot or acreage tract purchased in Southmoor or Broad Acres additions, the purchaser was given a numbered ticket for each \$100.00 of the purchase price and out of 165 tickets the lucky number was drawn entitling the drawer to the Ford car which cost exactly the price at which the car was valued.

The contest created much interest among prospective buyers, and as a result a great number of homes have been built and others are to be built in both additions.

WATER BY OCT. 10th

People Wanting City Connection Should Begin to Line Up.

City commissioner, P. W. Walker, stated Tuesday that one-fourth of the pipe line for the new water system is now in.

The only possible delay would be caused by the necessity of having to increase the height of the tank tower, otherwise the residence of Littlefield will have water by the tenth of October.

No expense has been spared in order to place the pipes at a depth to insure against freezing in the coldest weather.

All who want water should make application to the city clerk, so that connection can be put in as soon as possible.

ELMER ROSE ARRESTED

Sheriff's Department Fettering Out Perpetrators of Robbery

Elmer Rose was placed under arrest in Lubbock last week, by Sheriff Len Irvin, in connection with the recent robbery of automobile accessories from the Texas Service Station, at Littlefield.

Irvin states he has other suspects under surveillance and further arrests are momentarily expected.

RED LETTER DAYS

By A. B. CHAPIN

CLASSIFIED ADS BRING RETURNS

You can get anything or sell nearly anything by consistent use of the classified advertising columns of this newspaper. They are the biggest little result getters ever discovered. Never a week goes by but some patron of this column saves money or makes money through a little ad in this section. Two weeks ago three of these little ads transacted nearly \$4,000 worth of business—a man found a lost tire—another sold some fine hogs—still another rented a room. Try them!

THE AGGI TEACHER GIVES OUTLINE OF THE NEW PROGRAM

At the vocational teachers conference, held at Austin this year, it was decided that the course of study should be changed from that of previous years. Instead of having the plant production and annual production courses, these will be combined, both being taught the same year. The major enterprises of this community, cotton, grain and sorghums will be stressed, but a great deal of time will be devoted to poultry and dairy cattle.

It is the desire of the instructor, Prof. E. D. Parnell, to have as many boys enter this work as possible, although the farm boys are the ones for whom the course is particularly designed.

A stock judging and plant judging team will be trained to enter the Canyon and A. & M. contests. The Texas Tech. is also offering a similar contest for the boys. This will be taken care of by W. R. Stangel, formerly of A. & M. and he is sure to give a contest equal to the state wide one at A. & M.

If enough farmers are interested this fall it is the desire of the instructor to organize classes in poultry dairying and other subjects of importance. These courses require a minimum of eight farmers and they meet at night in order that they will not conflict with farm duties.

Vocational agriculture is for the farmer and for the farm boys. If they fail to take advantage of the courses offered they are the losers.

We imagine that the saddest sight on earth would be to see a one-arm man trying to tell about a fish that got away.

PAVING OF MAIN STREET IS ASSURED

A petition circulated the first part of this week, calling for an election in reference to the matter of paving Main street, received considerable more than the number of signatures required for such election. No one refused to sign the action.

It was stated by members of the committee that practically every property owner on Main street also signed the petition.

At the last meeting of the City Commissioners, the members expressed their favorable opinion regarding the paving movement, and it is now thought that such action will be taken, the election called for immediately and work begun as soon thereafter as practicable.

TWO MORE BRICKS

Butler and Gardner Let Contract for Fifty Foot Front Building

A joint contract has been let by F. A. Butler and W. H. Gardner to E. A. Bowman, a local contractor, for the construction of a 50x80 brick building, to be erected on the lots just south of the Lee theatre.

The foundation is being laid and work will begin on the structure as soon as material arrives, which has been purchased.

The part owned by Mr. Gardner will be occupied by a Lamesa firm, who will open a self serving grocery store here the first of October. J. E. Thompson of that city will have charge of the store.

PLAYED AT LUBBOCK

Littlefield Band Furnished Music For Labor Day.

A number of band boys, with their director, Clayborne Harvey, represented Littlefield Monday, at Lubbock, in the Labor Day program.

The director states that the band is progressing rapidly and the members are well attending the rehearsals.

It is believed that Littlefield will be able to claim the distinction of a twenty-five or thirty piece band by the end of winter which will possibly render concerts next summer for the entertainment of the public.

CARD OF THANKS

We wish to express our thanks to those who were so kind to us at the death of our wife and mother. A. R. Singer and children; Mrs. A. R. Hendricks, C. R. Singer, T. A. Singer, J. G. Singer, C. H. Singer, O. L. Singer, A. C. Singer, W. C. Singer. \$1-10

TO NEW AND OLD SUBSCRIBERS

The addition of several hundred names to our already large subscription list, occasioned by the recent successful contest carried by the Lamb County Leader, is no small task.

Some of these names received were not very carefully written and in some instances the addresses were indistinct. If any new subscriber has failed to receive their paper, or if their name or address is not correct, kindly phone this office at once. Your co-operation will be appreciated.

T. WINDSOR OF LUBBOCK CHOSEN SEC'Y. C. OF COM.

At a meeting of the directors, Littlefield Chamber of Commerce, held Monday noon, T. Windsor, secretary of the Lubbock Retail Merchants Association and assistant secretary of the Lubbock Chamber of Commerce, was elected to be secretary of the Littlefield Chamber of Commerce.

Owing to the revival meeting now in progress here, and the further fact that some of those invited could not be present next Friday night, the big barbecue planned for that time, has been postponed indefinitely.

A committee consisting of Messrs. E. C. Candiff, C. O. Stone and J. T. Street, was appointed to audit the books of the retiring secretary.

The matter of paving Main street was discussed and the directors expressed their appreciation at the loyal manner in which citizens were favoring the paving campaign. It was the consensus of opinion that before the first of the year this fine piece of improvement would have been accomplished.

Mayor L. R. Crockett reported that water would probably be flowing through the city mains by the 10th of October.

REVIVAL AT AMHERST

Much Interest Manifest in Preaching of Abilene Minister

The Church of Christ revival meeting at Amherst, which began last week, is attracting large crowds and much interest, according to Littlefield folks who attended the services there last Sunday.

Ray O. M. Reynolds, of Abilene is doing the preaching at two services daily. B. C. Linn and Leon Britt have charge of the music.

EVERYTHING IN READINESS FOR SCHOOL OPENING

Everything is in readiness and the people are taking on the school spirit with the announcement being made that school will begin, Monday, September 21st.

Superintendent R. L. Speight, requests that all seniors register Saturday, September 12th, from nine to three o'clock. All new students are asked to bring transcript of their previous work.

All high school students will be expected to register September 18th and 19th for work.

A general faculty meeting will be held Saturday, September 19th at nine o'clock, at which time all teachers will be assigned rooms.

Manual training will make its introduction in the school this term, an extra year of home economics will be added and if the attendance is not too great a commercial course will probably be added.

Little change has been made in the text books this year.

In the high school work new Webster's ancient and modern histories will be used and the English books for the eight and ninth grades will be changed.

In the grades, new geographies, arithmetics, grammar, writing and drawing text books will be used.

The old playground equipment has been repaired and re-painted and new equipment has been added to the new building.

The teachers for the high school are as follows:

F. O. Boles, B. A., graduate of Simmons college, principal of high school and teacher of history.

E. D. Parnell, B. S., Texas A. & M., will have charge of vocational agricultural and pre-vocational work for the grades.

Garland Lewis, W. T. S. T. College Canyon, will teach Mathematics and direct and coach athletics.

Miss Lillian Busher, B. A., graduate of Baylor college will have charge of the English department, assisted by Miss Louise McGee, B. A., W. T. S. T. College, Canyon, who will also have charge of Spanish.

Miss Ruth Craddock, B. S., graduate of C. I. A., Denton, will have charge of the home economics department.

Paul T. Johnson, B. S., graduate of W. T. S. T. college, Canyon, will have charge of manual training.

Will S. Kerr, B. A., graduate of W. T. S. T. college, Canyon, will teach science and mathematics.

Miss Nannie Thelma Wardlow will teach music in the high school and grades. Credit will be given for work this year.

Miss Rhoda Lou Lane will teach expression in high school and grades. J. E. Christolm, of Lamesa, will be principal of the intermediate grades.

Mr. Bessie Baze, superintendent of the primary department.

It is the aim of the faculty to make the school more responsive to the needs of the individual pupil. And a very successful school is anticipated.

AMHERST WON GAME

The baseball game which took place Sunday afternoon between Plainview and Amherst, ended with a score of 5-1 in favor of Amherst.

Herbert, Alvin and Embert Muller and Bob Burleson, of Littlefield played with Amherst.

PROF. H. E. OGDEN
Chair Director in Littlefield Co-operative meeting.

REV. L. C. GARRISON
Evangelist in charge of Littlefield Co-operative meeting.

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second-class matter May 24, 1923, at the post
27. office at Littlefield, Texas, under the Act of March 3, 1897

JESS. MITCHELL, Editor and Publisher

National Editorial Association, MEMBER, Texas Press Association

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses.
Communications of local interest are solicited. They should be briefly written, on one side of the paper, and must reach this office not later than Thursday noon of each week. The right of revision or rejection is reserved by the publisher.
Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.
Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.
Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

As the Editor Sees It

A THOUGHT FOR THE WEEK

I am purposed that my mouth shall not transgress, Psalm 17:3.

Few men suspect how much mere talk fritters away spiritual energy—that which should be spent in action, spends itself in words.—F. W. Robertson.

MAIL ORDER CATALOGS

The season for arrival of mail catalogs is now open, and that the mail order concerns are taking full advantage of it is clearly evident from the number of catalogs now going through the mails to the various towns of this part of Texas. Apparently, on account of the exceptional crop conditions of West Texas over that of other sections, the mail order houses are turning their attention this way with increased vigor, and expecting to maintain their former sales records by the increase in business developed in the western portion of the state.

One day last week the editor of this newspaper counted 350 mail order catalogs in the local postoffice, all of them coming from one concern. A few days prior to that there were 15 bags of the same kind of catalogs received here, the majority of them from a single mail order house. They were all very attractive compilations, profusely decorated and illustrated in multi-colored style, making them as winsome as possible to the recipient, as a result, the money orders have already begun leaving the local post office for numerous articles advertised in these catalogs—every dollar of it going out of Littlefield forever.

It is the opinion of this newspaper that there are very few instances where people save much money from buying from out of town concerns, or that there are very many articles advertised in out of town catalogs but may be secured from local dealers, and at an equivalent price, all things considered. True, the local merchants may not carry such a wide variety of articles in a given line, and it is possible for one to wish something they do not have at all, but we dare say there are but few instances where satisfactory purchases may not be made at home.

Developing a new country is not the work of any single individual nor of any particular group of people. It is the task of the citizenry as a whole. Every advancement and every improvement of a given section has its reflection of increased value to every citizen and property owner, and every person living in this new country of West Texas should have enough home pride and patriotism that he is desirous of doing everything within his realm of reason and effort toward the general upbuilding and progress of the section.

The business men of Littlefield pay taxes here, they support the schools, churches, etc. They assist in the maintenance of good roads, county, district and state government. They frequently "dig up" for numerous local benefits from which they never receive a penny of return, and they do it willingly and gladly because of their interest in their home town. Recently the business men of this town voluntarily subscribed nearly \$4,000 for the betterment of the highways leading into this little city. It is their desire that the farmers may have the very best facilities for marketing their crops. A \$75,000 waterworks system is now being installed in this town, and the bulk of the taxes for this convenience comes from the business interests of the town, but the town as a whole receives the benefit equally. Of the \$250,000 invested in local school buildings, a large portion of it comes from taxes paid by busi-

ness interests of this section, and the benefits derived from our school facilities is spread out equally to all citizens. But the mail order house does none of these things, in a local way, yet they gladly take your money and without any regard for your own local benefits in a community way.

Every year there are multiplied thousands of dollars going out through this post office to foreign concerns that should be spent at home. If the citizens of this section will take the advice of this newspaper they will start the fire in the kitchen stove tomorrow morning with their mail order catalogs and then write those concerns to take their names from off their mailing lists.

This newspaper stands as a representative medium in this county for news and business communications. It has a circulation which we dare to assert is double that of any other town twice its size in West Texas. It covers the county well and reaches out into the rightful trade sections of adjoining counties. It carries an illustrative advertising service, covering all lines of business. It employs a man who thoroughly understands the art of writing productive advertising and who will gladly render any assistance possible to the business concerns of this town. With this medium at hand, it is the candid opinion of this editor, that if properly and persistently used it will not be long until the buying public of this section will come to realize the virtues and merits of doing their trading at home, thus not only assisting themselves but also the community in which they reside to a higher plane of commercial and social living.

THE WORD "DADDY"

We wonder if the average Littlefield man or woman really know what the word "Daddy" means to a child, four, five or six years old?

To the boy, Daddy is an ideal man so skillful that he can set the pace in any impossible game; so wise that he can build boats and slingshots and kites that soar high; so heroic that he can go out each morning into the big world and come back each evening without a scratch.

To the girl, Daddy is the source of candy and dolls and nice dresses; the teller of stories that delight her; the big, strong man who catches her in his arms and squeezes her "most to death." He is her ideal, too, of manhood.

All around us as we go and come, we see these little manifestations of childhood, but we don't think much about them. They are taken just as a part of our every-day life. Then there comes, through the columns of the newspaper, perhaps, a call from a little child whose father has strayed from home, and we begin to realize just how powerful Daddy is, and what he really means to someone.

A few days ago we read of an instance of this kind, the case of a little Milwaukee girl who died of a broken heart because her Daddy had taken sick and "gone away." Her playmate, her child's ideal, was absent and she refused to eat or to be consoled. Impossible, you say, in a child of four. No, it isn't. Just multiply a few times the intensity of child love that you see about you right here at home, and you will have just that thing.

What does the word "Daddy" mean? Well, joined with the word "Mother" it means just about everything in the child's life, including at one end the material playmate and the other divine power and love.

The official emblem worn by those attending the school of experience is the blister.

Your Birthday Is it this week?

September 13-19

If your birthday is this week, one of your strongest characteristics is your demand for personal freedom. It is difficult for you to submit to the rule of others. While rather shy and timid, you are quick to express your own views, often thinking your ideas better than any one's else. However, you are tolerant of other people's views, providing you are permitted to enjoy your own peace and opinions. You are a keen observer; small details never escape your notice. You are critical, but your criticisms are usually of a corrective kind, made without any ill-feeling. You have a fine sense of honor, and never betray a trust reposed in you.

The women are the greatest match-makers in the world, fond of arranging matrimonial alliances among people they know, and equally as fond of breaking off such matches as seem to them inharmonious and unsuitable.

When intellectually developed, persons born under these dates are capable of great accomplishments. However, when undeveloped they are egotistical, verbose severe and unkind. The women make fine authors, musicians, artists, designers, and milliners. The men make fine editors, printers, and salesmen.

ED PURDY'S PHILOS

"The new saying seems to be 'on with the dance—let the ankles and hips be unconfined.'"

ADVENTURE IN PAVING

Ride into one of our neighboring towns that has pavement if you wish to convince yourself whether or not a paved street is a good thing, and, in the words of an automobile maker, "ask the man who owns one."

Ask the merchant if he'd sell the pavement in front of his door for what it cost him. Ask him if paving has helped the town and his trade.

Ask the doctor of that town if abolishing the germ-laden dust is a good health measure.

Ring the door bells of some homes and ask the women if a paved street makes housekeeping easier.

Ask the fire department if they can make their run more quickly.

Ask the deliveryman if he is delayed so often as he used to be during wet spells.

Ask the hotel man if more transients are stopping.

Ask the city engineer if it isn't cheaper to build concrete pavements than it is to keep dirt or macadam in repair.

On your way home, ask the farmer who trades with our competitors, even though he lives nearer us, why he does it.

Make this little adventure with an open mind and we believe you will be in favor of paving Main street.

MUZGLING THE DOG

Such is life! About the time we get the "hot dog" habit, and every carnival and fair and street hawker begins selling it, along comes some doctor who tells us it is ruinous to the digestive apparatus of our corporal anatomy.

We've often observed that the things we learn to like the most are soon or later marked "poison" and put on a top shelf where we can't reach them. But we have about decided that nine times out of ten it is because the fellow who wants us to believe something isn't good for us is only trying to boost something else from which he may get a profit.

A COFFEE STRIKE

Coffee is again going down. Several months ago when it began skyrocketing this newspaper told its readers it wouldn't last very long. Now the Brazil berry growers are looking for some excuse for reducing the price and also looking rather foolish. Americans just quit using so much of it, the market became overplus—in other words the supply became greater than the demand—Brazil will doubtless find the excuse. At any rate the price is tumbling.

BLONDE BESS OPINES

"The early bird at our house has to empty the ice pan, bring in the milk and start the coffee boiling."

LITTLE LEADERS

A good deal of the violent exercise done around Littlefield right now is done with the knife and fork.

What a lot of Littlefield children of today can't understand is how their parents manage to live so long knowing as little as they do.

If there is anything easier to start than a domestic fight it's a church fight—and love is supposed to rule in both places.

A regular fellow is the Littlefield man who thinks that table manners should be suspended during the corn-on-the-cob season.

Maybe one reason why more Littlefield women do not get divorces is

About Your Health Things You Should Know

by John Joseph Gaines, M. D.

Ice Cold Drinks

The invisible microbe is ever industrious to find suitable media for growth, otherwise his implant will fail. Your respiratory passages, your digestive canal, or your eliminative channels must be in a lowered state of vitality, if dangerous bacteria colonize to do hurt. Practice over-loading your stomach until its normal function is impossible; it becomes tired, "flabby" and incompetent. You chill the respiratory passages by unwise exposure—the resulting stasis and congestion at once affords lodgement for active, health-destroying germs. Conversely, the well-cared for digestive tract, and the carefully "groomed" throat are seldom attacked, being in themselves provided with natural antiseptics which resist disease. It is only when defenses are broken down, that this sort of foe attacks.

One of the most harmful practices is the immoderate use of ice-cold drinks. What frozen air is to the breathing apparatus, cold drinks are to the lining of the digestive tract. The walls of the stomach are chilled to a point far below normal, stopping healthy secretion at once. This weakens the delicate glands until bacteria find easy access. Snow and ice should never be swallowed by a healthy individual, no matter how pure they are. It is cold that does the mischief. Surgeons know that a large per cent of appendicitis operations are on ice-water and ice-tea habits, and that also there are about five times as many cases in hot as in cold weather. The logical advice is, never drink ice-cold fluids habitually. Never expose the breathing organs to extremely cold air for prolonged periods. Proper observance of these precautions may save a life.

Next Week
DANGER IN COLD, BUT—

PAVEMENT..... PICKUPS

that their husbands are not nearly as bad as the neighbors assert.

We have frequently noticed that the worst thing about the Littlefield man who sings his own praises is that he always has such a bum voice.

Littlefield people who have tried dieting tell us that the best thing about it is getting back to a square meal.

C. J. Duggan says the government might also let Henry Ford have a bargain lot of laws that are not so enforced.

J. M. Hughes declares it takes as much courage for some men to be good as it does for a hen-pecked husband to be wicked.

"A woman will never be president," says Bob McCaskill. "The constitution says a president must be over 45 and a woman never gets that old."

Happy Jordan wants to know what has become of the old-fashioned woman who jabbed a hatpin through her hat and never scratched her scalp.

"The fellow who complains when he finds a hair in his soup," says Joe White, "ought to have married a blond, like I did. Blond hairs don't show up so plainly."

"If Noah had only known how much trouble it was going to cause," says Rev. Silas Dixon, "he'd never have taken any monkeys into the ark in the first place."

Be proud of your home town.

THE LEADER, YOUR HOME PAPER \$1.50 A YEAR

BACK TO School

It will not be long now.

School begins September 21st., and in anticipation of your needs, we have laid in a big stock of School Supplies—bigger and better than ever.

We have just the things you are going to need. Better make out your list now and let us go over it with you—it will mean a saving of time and steps. It is better to be safe than sorry. Being without some particular book, tablet or other school supply may be disappointing to you at the very beginning of school.

PUTTING MONEY INTO A HOME IS BETTER THAN PUTTING IT IN A BANK

—Money is of no value only as for its buying power, and there is no investment possible where greater returns are realized in both pleasure and profit than putting your money into a home. Every home in this country increases in value, and it adds to the increased value of your other property. Besides, there is nothing that brings to a man and his family a greater sense of joy and feeling of independence than the owning of the home in which he lives.

—We have assisted in the building of hundreds of happy and prosperous homes in this community, and we will gladly cooperate with you toward the realization of your dreams.

—Whatever building plans you may have, we have the lumber and builders' material for carrying them out—and no better quality of material will be found anywhere on the South Plains than that we carry.

—We have hundreds of plans for beautiful homes that are at your service. They represent different costs and many styles of architecture.

—Our expert will be glad to assist you in drawing the plans and working out the details of any building. We have everything from plans to paint.

agrees with the man who is not worthy of her—but she waits until after she marries to tell him so.

NEW GROCERY HERE

Clyde Arnold is Manager of Tourist Park Station

R. D. Burrough is this week opening a new grocery store and service station in the building recently completed by C. C. Burn at the Tourist Park on the R. Q. M. highway.

Clyde Arnold is manager of the new concern, and states they will carry a good line of staple and fancy groceries, also oils, gas, etc., for automobiles. While they will be in position to take care of a large share of the tourist traffic on this highway, yet they will also carry a stock that will appeal to the citizens of Littlefield, also.

HABIT-FORMING DRUGS

ANY substance used in any way to treat disease is a drug, even though it may be used for other purposes.

Tea, coffee, alcohol, mustard, prunes, soap, bicarbonate of soda, and many other things in daily use in the household, have a medicinal as well as their ordinary economic value.

Habit-forming drugs may be perfectly good and useful and legitimate for medical purposes, but they often tempt people to use them unnecessarily and poison them.

People who are thus enslaved think they cannot get along without their dope; their will power and self-control are lost and, sooner or later, if not cut off in other ways, they get fatal disease from use of the drug.

Frequently an overpowering dose of the drug carries them off suddenly.

People are differently affected by the same drug at different times. A dose of morphine has more effect on an empty stomach than when the stomach is busy digesting food, and will take effect more quickly when you are tired and sleepy, than when full of life and activity; moreover, if it is taken to relieve pain, more will be necessary if the pain is severe than if it is not.

People are also differently affected by different samples of the same drug.

A quarter of a grain of morphine made by one chemist may produce the utmost effect desired by the doctor who gives it, while half a grain made by another chemist may fall in producing that effect, the first specimen being a pure drug, the second adulterated or unsuccessfully made.

Drugs are taken to influence disease or produce sleep or relieve pain.

It is because they make you comfortable or produce certain agreeable sensations that they allure you when they are not required medicinally.

Drugs ordinarily harmless, like tea, coffee, or tobacco, may be taken in such quantities as to be injurious.

Doctors have often been accused of laying the foundation of drug habits; this may be true in some cases, but in many years of experience I have seen few such cases.

They usually come about because people prescribe for themselves, and particularly because, until within the last few years, it has been so easy to get a drug or a medicine which would satisfy the craving of the drug fiend. (© by George Matthew Adams.)

A LINE O' CHEER

By John Kendrick Benge.

A GOODLY TASK

THE world may be all dark and gloom,
But none the less I'm glad I've come,
For after all it seems to me
The greatest task of all there be
Is to spread light where gloom
holds sway,
To warm a bleak and chilly way
With little gleams of cheer, and
With peace some frowning cologne
of ill,
And if the world is black with
gloom
It gives us so much more to do
To dissipate the clouds of care
And raise hope's gleaming beacon
there.
(© by McClure Newspaper Syndicate.)

ARE NO WORMS HERE

Intermittent Showers Overcome By Constant Sunshine Weather

Several inquires have come to this newspaper office recently from people owning land here, but residing back in East Texas, who want to know if the worms are damaging cotton in this vicinity to any extent.

Investigation and interrogation has been made of several farmers residing in the various sections around Littlefield, and without a single exception, they all agree in saying there is no serious damage done the cotton crop here from worms.

There are some fields where there are slight indications of leaf worms, and there are a few indications of web worms where crops have not been diligently cultivated, but no case has been found where the farmer has experienced any serious loss because of pests of any kind, and none have found it necessary to put forth any special endeavor or use any chemicals to eradicate any cotton pests. While the rainfall has been plentiful this season, yet there has been sufficient sunshine between showers to hold back the extensive propagation of any insects that would be damaging to either cotton or other fall maturing crops.

PUT IN "M" SYSTEM

Jones Bros. To Have Charge of New Chain Store Here.

Ground is being broken this week for a brick building, 25x90 feet, to be erected just south of the Palace theatre building, now under construction.

The building is being erected by J. M. Stokes, and when completed, will be occupied by an "M" system self-serving grocery store, to be managed by Otto and Arthur Jones, former owners of the West Texas Grocery.

The "M" system company now operate about 300 chain grocery stores over the state. Mr. Jones states that this store will be in perfect line with their other concerns, equipped with a modern set of standard fixtures and complete stock of groceries.

This old world is full of queer nuts, including the one who can't enjoy an auto ride without driving carelessly.

SICKLY, FEEBISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, has hiccups and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 25c.

**Money Spent For
INSURANCE
Is An Investment**

—Whether for Life or Fire Insurance, money expended in this wise should never be charged on the debit side of the ledger—for it is invariably a good business investment.

—For the comparatively small amount insurance costs, no man can afford to be without it. Both property and life should always be kept well insured.

—We have known instances where fire has reduced a man to poverty, and within a very short time afterward he died, leaving his family penniless. Insurance would have averted such a calamity.

—We represent leading, strong companies of America. Better drop into our office immediately and talk the matter over with us.

LIGHT CRUST FLOUR

The purpose of this ad is to enlighten you on the merits of Light Crust Flour.

This, you know, is just what the name implies. It makes light white biscuits, satisfies the palate, and pleases the eye; makes the housewife think more of her "better half" and makes the visitors return. Should you operate a hotel, it just simply puts the other fellow out of business. It does not cost any more than any good high grade flour and you get at least twenty per cent the best of the deal over any other brand. Try a sack, you will always buy this flour.

DRY GOODS

We have in Dry Goods some items that we are making a special price on in order to move before the season is over. Come in and get your share of the bargains. We never make prices, it might suit us to cut the prices even below this suffice to say that we will not be undersold by any merchant in Littlefield or any town on the Plains.

BOY'S AND MEN'S SUITS

Try one of our Boy's suits while they last at \$5.00 per suit, they retail from \$10.00 to \$15.00. Men's suits and extra pants at 20 per cent discount, try one. We will make you a suit and save you from \$3.00 to \$10.00 per suit on them.

SHOES

Shoes as good as the best and at a saving from \$1.00 to \$3.00 per pair.

HOSE

Ladies and men's, young men's and Misses, they are all the latest styles as well as the ever-day variety. The price, that is what tickles you.

LADIES HATS

A few ladies hats, while they last at cost. They are consigned hats and we will have to return them soon—Better Hurry.

Where Quality Tells and Price Sells
Littlefield, Texas

Consider your life with Grandma's as to ease, comfort and convenience. The urgent need of even a yard or two of cable entailed no end of trouble for her—whereas—you today—with a telephone in your home have available the greatest step-saver ever perfected by man.

Running a home—or a business—should be done in the most efficient and labor-saving manner. The telephone is essential. Either in the home or place of business you are cheating yourself if you fail to take advantage of the efficient methods a telephone makes possible. The cost is so small that it cannot be considered a luxury.

Panhandle Telephone System
Littlefield, Amberst, Sudan

Grief and Joy

A coincident carrying a moral, was the suspending of "Babe" Ruth from baseball and a fine of \$5,000 for failure to observe training rules—the same week in which Detroit citizens staged a great celebration for Ty Cobb, marking his 33 years there—the greatest player the game has ever produced. Presents and cash amounting to \$10,000 were showered upon him.

BAPTISTS TO HOLD FORT WORTH RALLY DURING TWO DAYS

A state-wide gathering of Baptist men and women at the Broadway Baptist Church, Fort Worth, September 14 and 15 has been arranged, it has been announced by Dr. F. S. Groner, general secretary of the executive board of the Baptist General Convention of Texas. The executive board of the convention will meet on Monday, September 14 at 2 o'clock and this meeting will be followed by a rally in the interest of the denominational work.

Rates have been granted by all the railroads of the state and it is expected that large numbers of people will attend the meeting from all sections of Texas. An invitation has been extended to all the pastors in the state to attend the board meeting and bring at least one layman. They have also been requested to remain the following day for the denominational rally.

A discussion of the future program of Texas Baptists and the apportionment of funds will be held at the board meeting in addition to other important business which will be brought before the board meeting. The meeting on the following day will be devoted to a discussion of the needs of Texas Baptists and the methods to be used in closing the 1925 program of the Baptists in this state. The speakers will represent all parts of the state.

LEAHMAN LEADERS

The rails of the new railroad are now laid into Lehman and being pushed along on the other side. Seems much like civilization in reality to see the smoke of the construction train.

Chas. Wilson has finished his work on the railroad and has gone to Alaska to see what interest his brother left him in a gold mine.

E. B. Boyd has returned from Throckmorton where he has been visiting his mother.

W. D. Twitehell, of Lubbock, is doing some surveying in this section.

Mrs. John H. Pierce who has been ill during the past few days, is reported improving.

Oscar Summer is going to move his family to Lubbock soon so the children may attend school.

C. R. Singer is going to build two adobe houses on his land near Lehman.

Health and Home

PROPER FOOD FOR SCHOOL CHILDREN

The age during which children are attending school may aptly be called "The Dangerous Age." It is the period of rapid growth and every care should be taken to insure the child of a normal and healthy body. The idea of eating only fit and wholesome foods should be early impressed on the younger members of every family in order to protect them against later ill health and its accompanying unhappiness. If the utmost care is not taken in the diet that is used by children cases of food poisoning, indigestion and kindred ailments may result.

And milk, being the chief item in the diets of most children, should be carefully guarded. It is, because of its nature, prone to infection if exposed to germs and may soon become unfit for use. Wherever there is the slightest reason for doubt as to its purity and food value, steps should be taken to insure the sterility and the fitness of milk intended for consumption by children. Many mothers have adopted the excellent practice of using milk that is absolutely pure and sterile and free from any germs or bacteria. The most satisfactory, as well as the safest milk used in preparing food for the growing child is evaporated milk. It is sterile, and therefore safe. It is more digestible than market milk. Its uniformity, convenience and cost are qualities that recommend it.

The following dishes are well suited to the needs of the growing child; they are easily digested and very nourishing:

- Caramel Custard.**
- 1 cup evaporated milk diluted with 1 cup water
 - 1 egg
 - 1/4 cup sugar (caramelized)
 - 1 tsp. sugar
 - 1/4 tsp. salt
 - 1/4 tsp. vanilla
- Scald the diluted milk. Caramelize the sugar and add to milk to dissolve. Beat eggs slightly, add sugar, salt, and flavoring, and combine with scalded milk. Pour into custard cups and set in a pan of hot water and cook in a moderate oven. When done, a knife blade run in the center will come out clean.
- Fish Chowder.**
- 1 pint raw fish cut in 1-inch dice
 - 3 small potatoes, sliced
 - 3 onions chopped fine
 - 1/4 pound fat salt pork, sliced
 - 3 cups boiling water
 - 1 cup evaporated milk diluted with 1 cup water
 - 1 cup water
 - 1 cup cracker
- Fry out the salt pork. When brown, remove pieces of pork and put fish, potatoes, and onions in kettle. Cover with boiling water. Simmer until potatoes are tender. Add the milk and cook 5 minutes longer. Season with salt and pepper. Just before serving add the crackers.

CARD OF THANKS

With a heart full of deep appreciation I wish to thank our many friends for their interest and support in the last Lamb County Leader subscription contest. It was this valuable assistance that I secured the capital prize, the beautiful Ford Coupe. Many, many thanks.

THE LEADER, YOUR HOME PAPER \$1.50

QUESTIONS AND ANSWERS ABOUT THE BLEDSOE DISTRICT BY THE WHICKER LAND CO.

- Where is the Bledsoe district?**
The Bledsoe district embraces a large area of good agricultural cat-claw land located in the central west portion of Cochran County.
- Where is Bledsoe?**
Bledsoe is the terminus of the Santa Fe Railroad running west from Lubbock. It is a beautiful town site and is from 1/4 to 7 miles distant from the Whicker Land Co. holdings.
- What is the nature of the soil?**
The soil is very rich. It is from 3 to 6 feet deep, and varies from a chocolate color to a red sandy loam with a clay subsoil. There is just enough sand in the loam to scour a plow. There are absolutely no rocks or gravel.
- What is the altitude of the Bledsoe district?**
It averages about 3300 feet above sea level.
- Is it hot there in summer?**
No. According to Government statistics the AVERAGE TEMPERATURE through a period of ten years for June is 72 degrees; July 79.1 degrees; August 76.4 degrees. There is no humidity and the sensible temperature is less than the thermometer indicates. In this thin atmosphere the summer nights are always cool and invigorating, cover being necessary for comfortable sleeping.
- Are your winters long or severe?**
For this altitude the winters are exceptionally short. They may be considered mild, since a winter seldom contains more than 48 hours altogether, of weather as cold as 10 degrees above zero. The thermometer rarely reaches zero, and then only for a few hours. There is occasionally some snow, but it has never covered the ground more than a day or so that stock could not graze.
- What is the length of your growing season?**
Six to eight months.
- Is your section generally healthy?**
Remarkably so. But few sections of the country have as low a death rate. The sanitary conditions are such that there is practically no danger of any epidemic.
- Do you have malaria, tuberculosis or asthma?**
The only cases are those which have come here from some other locality to be cured, and they are usually successful.
- Do you ever have cyclones in the Bledsoe district?**
Not within the memory of the oldest inhabitants.
- What are the disadvantages of this country, if any?**
The only one that could be found is perhaps 10 to 15 windy days in February, March and April, when the wind blows sufficiently hard to make it disagreeable to work in the fields. With over 325 sunny days every year this small discomfort amounts to nothing.
- What is your rainfall, and when does it come?**
Twenty-two inches per annum for a period of the last 25 years. Most of the rain comes between April and October, during the growing season.
- What is the depth of your water?**
One hundred and fifty to two hundred and forty feet.
- Is there any alkali in the soil or water?**
None.
- Have you good drinking water?**
The water both from the shallow wells operated by windmills and the deeper wells is approximately 90 per cent pure. It is soft, cold and practically the same as rain-water.
- Can fruit be raised on your land, and what varieties?**
This section is ideal for fruit growing. Practically all the leading commercial varieties of apples, peaches, plums, pears, pecans, cherries, berries, grapes, prunes and apricots flourish here.
- Do vegetables do well there, and if so, what kinds?**
Experienced truck growers get almost incredible yields from such crops as strawberries, cantaloupes, water-melons, pumpkins, asparagus, beans, peas, cabbage, sweet and Irish potatoes, beets, parsnips, carrots, turnips, onions, tomatoes, celery, pepper, cauliflower, artichoke, rhubarb, cucumbers, eggplant, radishes, kale, lettuce,

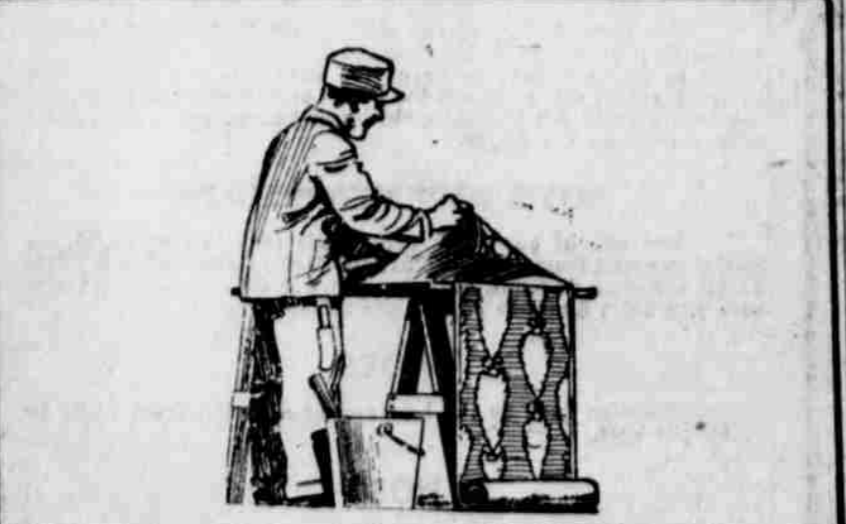

- Do you grow any corn or cotton?**
Both make very satisfactory yields. Indian corn has averaged 40 to 75 bushels per acre—1 to 1 1/2 tons of maize or kafir are not uncommon. Especially adapted to cotton growing and wonderful possibilities for this crop. Owner of this land will make affidavit to the fact that there has not been a crop failure on his farm of 250 acres for the past TEN years.
- Have you a successful stock raising country?**
This section has always been famous in that respect. Feed is plentiful, horses, mules, cattle, hogs and sheep are extremely healthy, and they neither suffer from heat in summer nor do they have to be housed during our mild winter months. Every well-rounded farm contains sufficient live stock to consume the surplus and waste from truck, fruit and general farm crops.
- Do hogs have cholera in the Bledsoe district?**
No case has ever been known here. Should infected hogs occasionally get through Texas' strict quarantine laws, the disease can easily be stamped out, as the health conditions are as near perfect as possible.
- Have you the dairy cow in your country?**
Within the past few years large numbers of fine dairy cows have been imported, and dairying is becoming one of our most important industries. Tuberculosis never bothers the herds.
- Does poultry do well in the Bledsoe district?**
This is one of the most profitable poultry raising sections of the United States. Poultry is practically free from disease, and all varieties of fowls thrive here.
- Have you good railroad and marketing facilities?**
The best there is, as we are on the Santa Fe Railroad.
- What is the nature of the country roads?**
The Bledsoe district has the best natural roads in the United States. They are kept in perfect condition by the county.
- How are your farms located with reference to railroads?**
Every farm offered for sale by the Whicker Land Company, is situated from 1/4 to 7 miles from the railroad depot.
- How about rural schools and churches?**
The townsite of Bledsoe is donating land for the purpose of churches and independent schools. Both will be developed to the high standards of Texas people.
- Are your lands increasing in value?**
At the present rate of increase, land here should double in price in less than 5 years.
- What are some of the popular varieties of shade trees?**
Locust, maple, elm, walnut, cottonwood, poplar and cedar.
- How is this land divided?**
Surveyed in tracts of 123 acres each. One to four tracts make a fine farm.
- What are the prices and terms?**
\$30.00 to \$35.00 per acre. Some few pieces at \$25.00. Cash payment \$10.50 per acre. Balance of consideration divided into 14 equal notes. First note due two years after cash payment, and one note due each year for 13 more years. Each note due December 1st, at 6 per cent interest, on or before. This gives a chance for TWO crops before a payment is due. Cheaper than rent.
- Can a man pay in full for his farm at any time?**
Yes. All notes are payable "on or before."
- Are there any livery charges while inspecting your lands?**
No, we have a number of good automobiles free for your service, and will be glad to meet you at the train if you will notify us as to the date of your arrival. We raise more cattle, sheep, hogs and poultry at less expense than any state. Texas land never decreases in price. Why not get the increase which is sure to come soon.

"What's in a Name?"

By MILDRED MARSHALL

Facts about your name; its history; meaning; whence it was derived; significance; your lucky day, lucky jewel

MONA

MONA has the unusual distinction of being a diminutive of a name whose original form is not in use. It means "little nun" and at first glance it would seem that Monacella, the original form, should be the diminutive rather than Mona herself.

Monacella is a Welsh name, meaning honey-colored, or yellow. It was first made famous by Saint Monacella, a little nun who saved a hare hunted by Brocmael, prince of Powys.

Mona is a distinctly modern appellation. The original name was never transported from Wales but Mona proved extremely popular with the English and is also much in vogue in this country. For some curious reasons it is considered rather affected and is much used by romantic young ladies.

The opal is Mona's talismanic gem. Contrary to superstition it will bring her good luck for the machinations of the wicked fairy said to be imprisoned in the stone will be directed toward her good fortune. Tuesday is her lucky day and 1 her lucky number.

(© by Wheeler Syndicate, Inc.)

Revolutionary Hero

Jack Jouett was a Virginia hero who overheard a plot to capture Thomas Jefferson at Monticello. The tavern keeper, Jouett, covered 27 miles in an hour and three-quarters. His warning made it possible for Jefferson to escape Tarleton's troopers who had been sent out to surprise the House of Burgesses in Charlottesville and to capture the author of the Declaration of Independence. The legislators also escaped.

The government is looking into ways and means of saving paper money. There are lots of ways if one has the means.

Star Parasite Remover

A WONDERFUL POULTRY REMEDY

Daddy's Evening Fairy Tale

By MARY GRAHAM BONNER

THE ROSE

Spring had come and summer was actually here at last.

Edie Would Water Her Flowers.

Edie was very busy these days. There was her garden. She had planted it in the spring, but she was still planting.

In the big garden some of the flowers were growing together and Edie transplanted them into her own garden.

Her garden was at the end of the big garden. It was shady there and the ground was not very good.

But Edie had wonderful luck with her garden.

The morning-glories were growing up the sticks and along the string right to the latticework the way Edie had hoped they would grow.

And they were coming out, more each day, when she went down in the mornings to see her garden.

It was not very sunny but somehow the morning-glories seemed to catch what little sun they could and come out just as brightly as though they had had a great deal more.

In the very shady part Edie had planted her ferns. They were growing beautifully. She had gone out in the woods with a trowel and a big basket early in the spring when the ferns were young.

She had made a number of trips as she wanted to bring back quite a good deal of the rich, soft earth from the woods. She had kept her ferns well watered and they looked so pretty and green.

She had some nasturtiums and some pansies and geraniums and forget-me-nots.

Then she had been given one little rosebush for her birthday. It was only a little rosebush and it never seemed to have more than one rose at a time.

But just as soon as the one rose looked ready to drop Edie always noticed that another bud would soon be opening to take its place.

The rosebush seemed trying so hard to do its best for the garden.

Between the flower bed and the "fernery," as Edie called the part where the ferns grew, she put a path of stepping-stones. Some of the stones were simply big, smooth, nice-looking stones.

Others were very interesting stones with fans and queer markings upon them.

Every morning Edie weeded her garden. She wished the weeds would grow faster. She had an old basket in which to put the weeds but she weeded so regularly that the weeds never got much chance to grow.

Every evening, right after supper, Edie would water her flowers, using the little red watering pot which had been given to her at the same time she had been given the rosebush.

It was late one evening just as she was going to bed that she heard her father say to her mother:

"I had a letter from Tom Ricks this morning. You know we played together when we were children, and he says he is coming around these parts so that he can run over here some time tomorrow."

"You must bring him to supper tomorrow night," her mother said. "How much I've heard of him! How glad you will be to see him."

"Yes, it will seem pretty nice to see Tom. They said Tom and I had the hardest feet of any children! We used to live in our bare feet when the summer came." Her father went on talking of childhood times.

"I wish there would be something special I could do for Tom," he said finally.

"Your delight at seeing him will mean a great deal. We don't all remember our childhood friends as you've remembered Tom," her mother replied.

"That was all Edie heard. She went to bed then. But she thought and thought.

It was just at the height of its glory. And she picked it. Not only did she pick it but she picked it so that the bud was picked, too, and when they went in for supper that next evening it was standing in water before the place of her father's friend.

"I don't believe she'll ever forget her friends, either," her mother said to her father later, "when she will even pick her rose and its bud for a friend of yours, my dear."

Sunday School Teacher—Can anyone tell me where Noah lived?
Pupil—I don't think he had a regular home. I guess he and his family belonged to the floating population.

"Banking" System Old

The Roman emperors lent money upon land. The lending of money on the security of movable articles, which were said to be pledged, became common in European countries during the Fifteenth century. Out of this grew the system known as pawnbroking, which was specially regulated in England in 1756, and 27 years later the business of pawnbroking was licensed.

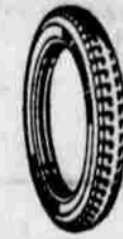

A London doctor says a baby's crying is merely a matter of habit. According to our experience, it is a habit a baby finds no difficulty in acquiring.

Men's Fall Suits

With Two Pair of Trousers

\$35

Fall and Winter suits for men have never been fashioned in more pleasing patterns of finished and unfinished Worsteds, Cashmeres, Cheviots and Serges. They are to be had in light or dark tones and in wide variety for either men or boys. Men's clothes are again back to common sense lines for comfort. The coats hang full—the trousers are slightly wider—the vest of medium length. See these suits now. The extra pair of trousers just about doubles the wear. Sizes 34 to 46.

Women's Autumn Gowns of Distinguished Suitability

\$16.50 to \$29.75

These are the dresses which smart women, impatiently shopping around, but hesitating to make a choice, have been waiting for. They are unmistakably new, and immediately upon introduction will find favor with the most exacting women. The styles are numerous. Some are moulded to the figure, with the fullness coming below the hips; others are straight and slim in silhouette. The details are perfect—and the tailoring is superb. All the smart new colors, including black.

THEY ARE IN SIZES 30 to 42

Style—and a Heap o' Comfort In These Fall Top-Coats \$17.50 to \$25

September ushers in the uncertain weather—and sounds the first warning—for top-coats. We know our first showing of stylish new coats will interest you. Make your selection now, avoid the rush and a quick decision on the first cold day. The new coats are stylishly comfortable—roomy box-coat models. Length—slightly below the knee. Every coat is an all-wool garment and of the finest workmanship. All sizes.

Look at Your Hat! Everybody Else Does! New Fall Hats

The hat you will want is here—in weight—in style—in quality—and in PRICE. Do not delay an early inspection and selection of a new felt for Fall. Every good dresser knows the importance his hat has in his appearance. Ask to see the new styles just in. Get yours this week

\$4.50 to \$7.50

AUTUMN FOOTWARE

For Men and Boys

\$10.00 \$7.50 \$5.00 \$3.50

Freak styles in shoes have long since become a thing of the past. Today it is comfort and quality first. Style, of course, but in comfortable lasts only. Our shoes for men and boys are flexible, well-shaped and made by master craftsmen from the finest leathers. They are scientifically designed in arch support. And above all—they are made to wear. Black or tan calf-skin in high shoes or oxfords. Men's sizes, 6 to 11; Boys' sizes, 2 1/2 to 6 at

Stephen M. Crother of Philadelphia, shooting 200 rounds a day, broke 400 pigeons without a miss, establishing a world record and winning the national championship at Vandalia, Pa. The former record was 256 without a miss.

BUSINESS MEN OF LITTLEFIELD NOW READY FOR TRADE

That it is the desire of Littlefield merchants to meet every possible and reasonable need of their patrons is evident from the large stocks of goods now daily arriving from eastern markets for fall and winter selling.

Visit any store in Littlefield, and one will find the shelves being laden with the latest of new arrivals and the clerks still busy opening shipping cases, marking and arranging more new goods for the shelves.

Crop conditions in this section are good this year. The farmers and citizens general are going to have plenty of money when the harvest and cotton picking is over. They are going to spend it. Folks in new countries have a multiplicity of needs and requirements, and it is the desire of the business men of this little city to meet all these requirements as adequately and as promptly as possible.

That the business men of this city are a progressive and energetic class of folks is evident from the manner in which they have brought back from market the choice selection of their buying. In the dry goods and clothing stores the very latest style, patterns, color and cloth may be found. In the hardware and furniture stores fresh new stock is constantly pouring in. The grocerymen have booked big shipments in anticipation of fall needs, and already their warehouses are filling up with the goods now coming in. And so it is all departments of commerce represented here the local business men are intent upon bringing to Littlefield an array and an assortment of merchandise that will meet the demands of all patrons and purchasers.

W. O. Bureson, of the Bureson-Mason Co., says, "We have put in a stock of furniture here that makes it absolutely unnecessary for anyone to go to Lubbock for a single article."

Gus Shaw, of the Shaw-Arnett, Tolbert Co., declares his firm has made purchases that is going to cause the buying public to sit up and take real notice.

C. E. Ellis, prominent dry goods man, states that Littlefield has never before witnessed such a fine line of merchandise as is now coming into his store.

F. A. Butler declares he is going to put in a stock of hardware second to none, and has already employed a special man to take charge of that department.

The Fulkerson-Bellomy Co., is making big arrangements to handle all the country produce

Local grain concerns are already lining up for big fall business

Lumber yards are receiving big stocks of building materials, auto sales companies are receiving new cars and trucks daily, implement houses are filling their yards with new and improved farming equipment, and every other line represented is putting forth its utmost effort for efficient, courteous service to its customers.

Taking it all in all, Littlefield and surrounding country has great cause for rejoicing because of the impending prosperity. With these excellent conditions added to the already proven virtues and development of the country, this section will continue to go forward in leaps and bounds.

CHILD HEALTH CONFERENCE

The monthly Child Health Conference was held in the Public Health office Monday afternoon, with an attendance of twenty-three pre-school and thirteen school children present.

The purpose of this conference is to determine the development and present condition of the children. "All well and healthy children should be growing and gaining in

weight. When children do not grow or gain regularly, something is wrong," says Miss Beryl Kagler, county health nurse.

O. E. S. MEETS

The Eastern Star chapter will meet Friday night in an installation service.

This is the first meeting since disbanding for the summer and all members are urged to be present.

Move for Civic Tidiness

Carelessness in the matter of community tidiness seems to be increasing generally. England, always noted in the past for its neat and well-kept countryside, now complains that news papers, lunchboxes and tin cans are thrown all over the landscape in barbarous desecration. Everybody in this country has either seen for himself or read about the unsightly state of our own main thoroughfares, our city streets and public works.

The national chamber of commerce is now pushing a movement in the United States, the purpose of which is to promote civic tidiness. It urges three methods of effecting this—education, the adequate provision of receptacles for waste and rubbish and the enforcement of the ordinances concerning cleanliness that already exist in many cities and towns.

Here is a reform that couldn't possibly have menacing accompaniments and in which everybody, young or old, big or little, may participate. By starting at one's own doorstep and watching one's self throughout the day a lot of carelessness can be stopped. Any one who wishes can refrain from throwing paper or other litter around where it can become a public nuisance.

When you know any news of interest, tell the editor, so it can be passed on to others.

NEW EQUIPMENT RECEIVED HERE FOR POST OFFICE

On account of the rapid postal service in Littlefield, new post office equipment and boxes have been received this week, in an effort to care of the great demand. According to postmaster, W. J. [Name], the postal receipts for the first quarter of 1925 shows an increase of almost 100 per cent over that of 1924, with the 380 new boxes the demand is yet great and

many more are needed. The postmaster and his assistants are working faithfully to acquaint themselves with the new boxes and are endeavoring to give the public the best service. He asks that the public be patient as boxes, numbers and locations are all new and it will take time to learn them, and if the wrong mail gets into boxes please mark it, "opened by mistake" and drop it back without taking it home or opening.

that their husbands are not nearly as bad as the neighbors assert.

SHOE REPAIRING AND HARNESS OF ALL KINDS

I am this week opening a Shoe and Harness Repair Shop in the building just west of the Main Garage and across the street from the new brick garage building now being erected. I will handle all kinds of Harness, including accessories, and will make all kinds of repairs. I am an expert shoe man of several years successful experience and can do all kinds of boot and shoe repair work.

I guarantee the satisfactory quality of my workmanship. "Service at the right price," is my motto.

CHEVROLET

Now 2,000,000 CHEVROLETS Why?

QUALITY AT LOW COST

Chevrolet has now built 2,000,000 cars—and is the world's largest manufacturer of automobiles with sliding gear transmission.

This achievement has been made possible because Chevrolet has met the great public demand for a quality car at low cost.

Chevrolet has a construction typical of the highest priced cars—powerful economical motor and disc clutch, bodies of beautiful design, closed models by Fisher, Duco finish, interior of cars beautifully and substantially upholstered and fully appointed.

Be sure to see these cars and learn how much automobile you can really get for little money.

BELL-GILLETTE CHEV. CO. LITTLEFIELD, TEXAS

ORDINANCE NO. 21

An Ordinance directing the location of slaughter houses, horse and cow barns, livery stables, feed stables and feed lots, junk yards, gins, gasoline tanks, and other establishments in the City of Littlefield.

Be it Ordained by the City Commission of the City of Littlefield, Texas:

Sec. 1. That it shall be unlawful for any person, persons, party or parties, company or companies, or association of persons, to build, establish, locate, conduct, maintain or operate any slaughter house or establishment within the limits of the City of Littlefield.

Sec. 2. Any person violating the preceding section shall be guilty of an offense, and upon conviction thereof shall be fined in any sum not less than \$25.00 nor more than \$200.00, and each day such establishment is so conducted in violation thereof will be deemed a separate offense.

Sec. 3. That it shall be unlawful for any person or persons, party or parties, company or companies, or association of persons, to build, establish, locate, conduct, maintain or operate any hide house, or place for keeping and curing hides, horse or cow yard or barn, or place where horses or cows are kept and fed, dairy barn, feed stables, livery stables, hog pens, cotton gin, cotton compress, cotton yard, wholesale gasoline tank, ro other establishment or place where any nauseous, offensive or unwholesome business may be carried on, or any establishment or place that may become a nuisance because of odor, uncleanness, fire hazard, noise or nature of business, within the original townsite of the City of Littlefield without first obtaining a permit from the City Commissioners of said city, and the written consent of all inhabitants and property owners in the block where such business is proposed to be so established or conducted and also the consent of all the inhabitants of all city blocks adjacent to such block where it is proposed to establish or conduct such business, and in this connection by "adjacent block" is meant any block lying along the side of or across the street from the block where it is proposed to establish or conduct such business as well as all blocks cornering therewith.

Any person desiring to locate any such place of business within said district shall make application in writing to the City Commissioners for permission to do so, and such application shall be accompanied with the number of the lot and block where it is proposed to establish such business together with a written statement consenting to such location signed by all the inhabitants and owners of property in such block and adjacent blocks as aforesaid. Upon consideration of said application and statement, the City Commissioners shall, if they see fit, issue a permit to such person to so locate such business upon receipt of such occupation license tax as may be now or hereafter levied upon such business.

Sec. 4. That it shall be unlawful for any person or persons, party or parties, company or companies, or association of persons, to build, establish, locate, conduct, maintain or operate any of the business or places mentioned in Section 3 hereof at any other place within said city than that defined in Section 3 without obtaining a permit from the City Commissioners of the City of Littlefield, and any person desiring to locate any such business in any place within said city outside the district defined in Section 3, shall make application in writing to the City Commission, which application shall be accompanied with a full statement of the nature of the business proposed to be located with the lot and block number upon which it is desired to locate same, and after consideration of the application, the City Commission may grant or reject same.

Sec. 5. Any person violating either of the last two preceding sections shall be guilty of an offense, and upon conviction shall be fined in any sum not less than \$5.00 nor more than \$200.00, and each day that such business is so conducted in violation thereof will be deemed a separate offense.

Passed and approved this the 8th day of September, 1925, at a regular meeting of the Commissioners of the City of Littlefield:

L. R. CROCKETT, Mayor of Littlefield

ATTEST:

E. C. Cundiff, Secretary. 21-11

CITATION BY PUBLICATION

The State of Texas To the Sheriff or any Constable of Lamb County, Greeting:

You are hereby commanded to cause to be published in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your county, at least once each week for four consecutive weeks previous to the return day thereof, a copy of the following notice; and will

also cause three copies of the same to be posted for not less than ten days before the return day thereof, one of which copies shall be posted at the door of the court house of said county; and the two other copies at two other public places in said county, not in the same city or town.

The State of Texas.

To all persons interested in the welfare of Roy Smith, Jr., a minor, Viola Smith has filed an application in the County Court of Lamb County, Texas, on the 24th day of August, A. D. 1925, to be appointed Guardian of the Person and Estate of Roy Smith, Jr., which application will be heard by said Court on the First Monday in November, A. D. 1925, the same being the 2nd day of November A. D. 1925, the same being the first day of the regular November Term, 1925 of said Court, at the Court House of said County, in Olton, Texas, at which time all persons interested in the welfare of said minor, the said Roy Smith, Jr., are required to appear and answer said application, and contest same, should they desire to do so.

Herein fail not, but have you this writ before said court at the next term thereof, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at my office in Olton, Texas, this the 24th day of August, A. D. 1925.

(Seal) M. R. Cavett, Clerk of the County Court of Lamb County, Texas.

Aug. 27, Sept. 3, 10, 17.

PUMPHREY TO AMHERST

Former Littlefield Agent Goes To Neighboring Town as Agent

Auditors representing the Santa Fe Railroad were here the first of this week and checked over the books of the local station. They found everything in good shape and they gave H. C. Pumphrey, the retiring agent a clean bill of health.

Mr. Pumphrey and family left Tuesday for Amherst where he will be agent for the Santa Fe. In conversation with a representative of this paper he expressed a regret in leaving Lamesa and the good people of this section, but he said that the work here during the fall would be so heavy that it would be impossible for him to handle it, on account of having overworked himself during the fall last year.

During the time Mr. Pumphrey had been agent in Lamesa for the Santa Fe, he said that he had tried his best to give the public the best possible service. We know that many people who have had occasion to transact business with the retiring agent, have spoke of his courtesy and obliging ways. We regret very much to see this good family leave Lamesa.—Lamesa Journal.

Pumphrey was formerly Santa Fe agent in Littlefield before going to Lamesa, being succeeded here by D. C. Cox, who is now at Muleshoe.

WATERMELON CROP

Muleshoe Farmer in Sand Hills Will Pay For His Land.

M. P. Smith, a farmer owning 4-400 acres of land in the sand hills near Muleshoe, has 110 acres of it planted in watermelons. The land cost him \$30 per acre, and he states that he will receive \$50 per acre from his melon crop, thus paying for his land this year with its first crop located on it and having considerable left over to apply on another 110 acre payment.

The melons were all "grown on sod" are said to be as fine as any Parker county grown melons, many of them weighing as much as 60 pounds each.

Reserves of Coal

In estimating coal in reserve it is usual to figure that in a vein of coal one foot thick there would be 1,800 tons under an acre. In a vein three feet thick it would amount to 5,400 tons. About one-third is estimated as was age, therefore, mined. It would amount to 3,600 tons. The amount might be some less or possibly more.

ULTRA-LEGAL

CITATION BY PUBLICATION

STATE OF MATRIMONY,
County of Content.
IN THE NAME OF AND BY THE
AUTHORITY OF THE STATE OF
DISGUST:

To the Hon. Len Irvin, High Sheriff of Lamb County, Greetings:

You are hereby commanded to seize, grab, strangle, hold, hog-tie, handcuff and drag

Dr. B. B. LILES

before the august body of the Cangeroo Court of the Conival Commissioners of the Chamber of Commerce at its next regular feed-fest to be held at Thomas' Tummy Ticker, on the 24th day of September, the same being the first Tuesday following return of the said Dr. B. B. Liles from the Rockies, then and there to answer the plaintiff's insidious howls filed in said Court in the 7th day of September anno domini, 19 hundred and 25, in cause No. 1/2 (09876z, wherein the high cockalorums of the Littlefield Chamber of Commerce are plaintiffs, and Dr. B. B. Liles, alias "Dock Lises" is defendant.

The nature of the plaintiff's howl is as follows, to-wit:

1. Plaintiffs allege that one Max L. McClure did introduce and explain to said Dr. B. B. Liles the charming personage and beautiful characteristics of a certain semi-blond damsel then employed as county home demonstration agent for said county; that the said McClure, tho a benedict himself, and in no wise desirous of fracturing the laws of the land, yet he had certain secret designs of introducing to the United Pictures Corporation a prima dona that would produce the ultra-sensation of the movie world, and that upon such introduction, the said medico did then and there, in violation of the laws of etiquette and gentlemanly consideration, with malice of intent and without after thought, make designs to claim for himself alone the perpetual and undivided companionship, affections and culinary art of "he said charming personage, and, without the advice, assistance or presence of any of his friends, patrons or contemporaries, proceed to enter into the devout mazes of mysterious wedlock in a manner most secret and at an exceedingly early hour, thus precluding the privilege of any of his associates from frequent and copious disposals of rice and old shoes.

2. And the plaintiffs would further show and present to the court the fact that the defendant aforesaid is also charged with speeding, for the following good and sufficient reasons, to-wit:

That none of the aforesaid plaintiffs expected this marriage to take place at such an unheard of early hour, (the sun itself pretemporarily blushing as it peeped over the eastern horizon beholding the unconventional sight) and that they should have, regardless of their confident suspicions, been notified of such proceedings, the date, hour, moment and officiating officer, at least 21 days before the said date of such drastic and momentous action.

3. That the plaintiffs further charge that less than three months before said date the defendant himself did not know of such matrimonial venture, nor that there even existed such a pulchritudinous feminine specimen of the genus homo, and that the said McClure, an honorable and tender hearted person, considers himself severely wronged, both as to finance and to glory, and now feels that he is left out in the cold cruel world with nothing but a can of Prince Albert and hazy remembrances of the dotting past.

4. Plaintiffs further set up the howl that the said defendant did bring grievous damage and impediment of procedure upon the patriotic calculations of the said high cockalorums of this august Commercial Clique when he did, knowingly and willingly seduce the affections, abduct the profession of and clope bodily with the aforesaid County Demonstration Agent, thus depriving this laudable organization of her presence, popularity, pulchritude and potency at its commercial clatterings.

WHEREFORE, the plaintiffs pray that the defendant, upon his return from Colorado and his honeymoon, be cited to appear and answer herein, and upon final hearing thereof that they have judgement for costs, including one round of banana splits at LaNell for each member of the aforesaid Cangeroo Court, and for such other and further relief, both special and general to which the honorable judge of said Court may say they are entitled under the facts hereof.

And you will cause this citation to be published once each week for one week in the Sheep County Sheet, alias the Lamb County Leader, and will also deliver a true copy hereof to said defendant.

Herein fail not, but have you this writ before said Court at the next regular term thereof as aforesaid,

with your return thereon, showing how you have executed the same.

ARTICLE C. CHESHER,
Clerk of the Cangeroo Court, of the Conival Commissioners of the Chamber of Commerce.

BUY POULTRY HOUSE

We have bought the A. L. Poultry Produce business and are moving it to the old Ford garage across from the Post Office. Your patronage will be appreciated.—Fulkerson & Belmonty. 20-2tc

Bishop's Bible

The Bishop's Bible, a revision of the Great Bible of 1539, was published in October, 1568. It was the work undertaken in 1563, of Archbishop Matthew Parker, eleven other bishops and four deans and prebendaries.

Kung the Philosopher

Confucius is a latinized form of a Chinese term which means Kung the Philosopher. Confucius was first a teacher, then a magistrate. After retiring from the latter office he devoted himself to writing and teaching.

Natural Feeling

A New York man who has just finished a 30-day fast, says that he likes a boy again. Yes, anybody can remember when he was a boy and just that hungry about three times a day.—Cleveland Plain Dealer.

But They Call You Quaker

Champion Wrestler Tells What to Eat

Johnny Meyers, middleweight wrestling champion of the world, is strongly in favor of the use of scientifically prepared foods.

He prefers to know that the food he is eating is pure and wholesome rather than to take a chance with any kind of food poisoning by eating food from an unknown source. In a recent interview on the eve of his match with Lou Talaber, from whom he won his crown, he said: "I expect to win the crown from Talaber. He is a fine wrestler and uses more science than any man of the mat today. However, I feel sure that my superior physical condition will prevail and that I will emerge victorious and the champion of my division. Diet is a very important part of my program in training for a match. The system that I use is really very simple, involving only good judgment and caution in the selection of food. I prefer to eat scientifically prepared foods whenever possible and I never eat anything to which is attached the slightest doubt of its purity. I eat a great deal of canned foods because I am sure that they are pure and will have no ill effects on my digestive system. Take just as an example of what food can do for the body—milk. It is the greatest of body builders and a very important part of any man's diet. But is sometimes impure or contaminated and may be the source of illness if used. Because of this fact, I use evaporated milk entirely and find it very satisfactory. I know that it is pure and that I will not suffer from its use. I know that it is a great body builder because the concentration of it gives it such food value. I know that it is easily digested, more so than market milk, in fact, because I drink it before going to bed and feel no effects of it in the morning. This is usually hard to do with ordinary market milk. This plan, in substance, is the same one that I use regarding other foods. If there is any chance or suspicion of impurity or low food value, I use something else.

"And if a man is so situated that it is impossible for him to get the proper amount of exercise, he must be doubly cautious not to partake of any but the purest food. On the whole, if a man eats with wisdom and observes the fundamental rules for good health, there is no reason why he should ever have a sick or uncomfortable day."

SO IT GOES

First Tourist:—"I motored up this way to see the scenery, but 'egads, one can't see anything for the billboards."

MRS. LOGAN ENTERTAINS

Mrs. E. A. Logan entertained the following guests at dinner Friday evening, in honor of her son, Armon, who left Saturday for Arlington, where he will enter the North Texas Agricultural College; Misses, Catherine Greer, Mary Reid, Sibyl Glenn, Gladys Douglass and Helen Logan; Messrs. Winfield Miller, Luther Hargrove, Arbie Joplin, D. C. Barnes and Armon Logan.

A SPECIAL FARM MEET AT LUBBOCK ON SEPT. 17-18.

The Extension of the A. & M. College and the Lubbock Experiment Station are planning an inspection of the crops grown and a study of the experiments being made by the Lubbock station, according to information received this week from D. F. Eaton, agricultural agent for Lubbock county.

The inspection will be held September 17-18, and all interested farmers of this section are urged to attend. According to the plan the delegates should arrive about noon of the 17th when they will be guests of a luncheon furnished by the Lubbock Chamber of Commerce, after which the inspection will begin.

There will be splendid program addresses by Prof. Leideibg, Superintendent Jones, of the Lubbock station, Dr. P. W. Horn, of the Tech College, and other snappy talks by visiting county agents.

The following morning an opportunity will be given to visit the Tech and some of the farms around Lubbock where some of the demonstration work is being carried out in a practical way.

The object of this meeting is to acquaint the various counties with

the work being carried on by the Experiment Station at Lubbock, and there will be farmers present at this meeting from all over the South Plains country. The farmers of the Littlefield section are especially urged by Mr. Eaton to attend this meeting.

WEST TEXAS NEWS

CROSBYTON—Announcement has been made by J. J. Murphy, Park Supervisor that work would begin this week on the Crosbyton State Park. All conveniences for a modern Tourist Park are also to be installed and the tourist have free access to water, wood, etc.

MEMPHIS—Memphis is to have a modern three-story hotel, fifty rooms, steam heat, running water, baths, elevator service, and all conveniences of an up-to-date hotel. H. G. Stephens who is letting the contract for this hotel says he expects work to begin by March 1st, 1926.

PECOS—Recent rains in the Pecos river section has made the grainfield range of the South Western part of Texas one of the most attractive in years and the only regret is that there is not at this time sufficient livestock here to take care of the splendid crop of luxurious grass that is covering all the mountains and valleys as well as all water holes and tanks are overflowing with water. Cotton prospects for the Pecos valley are at this time far above the average for cotton production.

CHILDRESS—A farmer near here has reported that his cotton had matured and opening in ninety one days. This is a good record and wonder who can beat it.

HASKELL—Dirt was broken for the new hotel here recently and it is hoped that the structure will be com-

pleted by Jan. 1st. The Hotel will be very modern and the foundation will be sufficient for the third floor when the demand is sufficient to require the addition.

RALLS—According to announcement made by Dr. P. W. Horn, President of the Texas Technological College, W. D. Watkins, Jr., of this city is the first to make application and to be accepted as a student in the Texas Tech. Other applications are being received daily and it is expected that Texas Tech will open with an extraordinary large enrollment.

HEREFORD—The biggest Hereford show in the Panhandle will be staged in connection with the Deaf Smith County Fair, September 18-19. More than twenty Hereford breeders have been invited to take part in this show. The Hereford breeders are asking for no money as prizes. Only blue ribbons will be given as premiums because the big breeders here volunteered to enter the show rings just to let the world know what the breeders have here in the Hereford line.

LAMESA—The West Texas Electric Company has recently closed a deal with the City of Lamesa taking over all the light equipment and two hundred and fifty new light will be installed in the very near future. About twenty light posts will be around the square which will give Lamesa one of the outstanding "White Ways" in West Texas.

CLYDE—J. N. Watts of this city is making arrangements to locate a plow factory here. Mr. Watts has invented a cultivator attachment which has proved to be of much value to the farmers and he has made arrangements to finance the manufacture of his invention and will in connection with this operate the new plow factory.

"I will find a way or make one."

JOHN W. BLALOCK

63,387 ACRES SOUTH PLAINS LAND IN ANY SIZE FARMS \$2.50 to \$5.00 Per Acre Down No More Payments To Us Until Next Year Then 1/3 and 1/4 of Crops

The Blalock Company
Littlefield, Texas

NOW OPEN!
Second Subdivision
FAMOUS SPADE RANCH LANDS
Ellwood Farms
In Lamb County on the South Plains of Texas
—Fifty thousand acres being surveyed into 160 acre farms, 20,000 acres of which are now available for immediate sale and settlement.
—All fine Cat-Claw land, lies rich and level in a well proven agricultural section, where climate is ideal, water pure and abundant, rainfall sufficient and diversified crops assured annually.
—The first subdivision of this well known ranch, consisting of 45,000 acres, was thrown open for settlement October 6th, last year, and by the first of the following January was practically all sold out. This second subdivision is the same kind of land, just as favorably located, and will be sold as quickly.
RESERVATIONS NOW BEING MADE
This land is being sold at the very reasonable price of \$35.00 per acre; \$5.00 per acre cash payment, balance due in fifteen years—fourteen years at \$1.00 per acre, and last payment of \$18.00 due the fifteenth year—six per cent interest on deferred payments.
This proven new agricultural country that is now attracting such wide attention, a man with small means can easily buy and pay for a home. After the first payment is made, the annual crops are insured from off the land insure all future obligations. There is no reason for anyone being a tenant to some landlord when a home of their own may be secured so easily.
—Write or see us for further detailed information.

CONTROVERSY UNSETTLED

Ropes Teachers and Trustees Still Vieing For Positions

Notwithstanding the decision recently handed down by Judge Clark M. Mullican relative to the controversy involving two sets of teachers and two sets of trustees for the Ropes school, the decision is not to be accepted as final, and an appeal has been made to the Court of Civil Appeals, at Amarillo.

The situation has now assumed a serious aspect, according to Ropes citizens in Littlefield the first of the week, and school will be delayed indefinitely. There is some talk also of dividing the district so part of the children will have school benefits. Bond issues voted last summer are being held up pending the settlement of injunction proceedings.

"What's in a Name?"

By MILDRED MARSHALL

Facts about your name; its history; meaning; whence it was derived; significance; your lucky day, lucky laws

HATTIE

THOUGH somewhat provincial, Hattie is none the less popular as a feminine name. It is a nice, comfortable, cozy sort of a name without frills or ornamentation. It means "home-ruler"; though it comes originally from Teutonic mythology, it has elements of the modern attitude toward home. Even in their heathenism, the guardian of the dwelling of the grave spirits of the dead, known as Heimdell, was regarded as the "home-ruler"—"true to the kindred points of heaven and home."

By various stages, through the German Helix, the French Henri and the English Henry and Harry, the feminine of this interesting name was evolved in the Sixteenth century. It made its first appearance in France in the house of Stuart de Aubigne. Various feminines of Henri were popular in the court of Katherine de Medici.

In the form of Henrietta, the name made its appearance in England with the daughter of Henri IV of France and it was descendants of this good queen who carried the name through successive steps until it reached the quaint diminutive Hattie.

Jet is Hattie's talismanic stone. For her it is not a symbol of sorrow but a talisman against grief. Friday is her lucky day and 4 her lucky number.

HUSBANDS

By DOUGLAS MALLOCH

I THINK no woman really knows The things her husband undergoes— The constant struggle day and night, The good and bad, the wrong and right, The endless battle he must fight.

While hers the lot of husbands' wives, He leads a multitude of lives— The club, the office, and the street, The journey, victory, defeat— Temptation ev'rywhere to meet.

One tempts with pleasure, one with gold; Each day around him souls are sold. Are sold for riches, sold for ease, Or sold some baser sense to please— He meets all day such things as these.

While you, the sheltered and the warm, Know little gale or little storm, Or hidden sting, or thorny rose, Or shining stream that darkly flows, That meet him ev'rywhere he goes.

Oh, keep the cottage windows bright! That man may find his way tonight. Such golden love your heart should hold That none may lure with love or gold In that mad world where souls are sold.

The loose of tongue and low of mind, The business sharper he will find, The painted woman, gambler, cheat, Who set their traps in ev'ry street, Your love and kindness can defeat.

Home's not a table; home is more; A lighthouse on a stormy shore, An altar and an inner shrine That God has blessed and made divine, And you its priestess, love its sign.

Keep then the lamp of love ablaze To guide him up from darker ways, Till ev'ry tempter he has passed— Your strength so strong, your love so vast.

You lead him home to God at last. (© by McClure Newspaper Syndicate.)

Among the NOTABLES

EUGENE DE BEAUHARNIAS

EUGENE DE BEAUHARNIAS was the stepson of the great Napoleon—a fact alone that would make him world-famous. He was born in Paris September 3, 1781. (he was a child during the French Revolution) and when a very young man, entered upon a military career. He met Napoleon, one day, by going to him with a request for a favor, and made such an impression on the great man—who was not the world conqueror then—that a friendship grew up between them. Napoleon met the boy's mother, Josephine de Beauharnias, and married her.

Leaving, shortly after, for an expedition in Egypt, he took Eugene with him. As Napoleon conquered, so did the boy rise in rank; he was only about twenty-four when Napoleon made him viceroy of Italy. In Italy, de Beauharnias' talent for military affairs showed itself; he built up the army. There was war between Austria and Italy then, and the battles were fought along the Piave. Except for a period of command with the Russian army, de Beauharnias stayed in Italy defending it against Austria.

When Napoleon was deposed, his stepson retired with his wife, a Bavarian princess. The king of Bavaria gave him a duchy, and he lived in Munich until his death, in 1824.

One of his sons married Donna Maria, queen of Portugal, some eleven years after his father's death.

Harry Wiseman

Littlefield, Tex

The Texas Utilities Company

It Supplies Light and Power Without Effort on Your Part

That is one of the reasons why service of electricity is growing so fast. It meets the definition of "an essential public service."

No community that expects to grow can get along without electric light and power. No community can grow unless its electric service grows ahead of it to make its growth possible.

Supplying electric power and light is not selling a commodity. It is doing service. This service must be ready every minute of the day. It must be ample to meet all demands. It must be supplied to all alike.

These things about this service lend it the great public interest that attend it. They are the things that make it desirable for the community and its people and electric utility management to understand each other fully and be perfectly frank with each other.

This company seeks that kind of co-operation with the people that it serves.

OFFICE OF SALE

County of Lamb, Texas, by virtue of an order of the District Court of Texas, on a judgment in said court, on the 11th day of September, A. D. 1925, in favor of J. W. Winfield, against J. W. Winfield, cause No. 854 on the return for the sum of

the rate of six per cent per annum, and costs of suit, which said judgment is also a foreclosure of a vendor's lien on the tract of land hereinafter described, as said vendor's lien existed on the 11th day of September A. D. 1922. I did on the 3rd day of September A. D. 1925, at 6 o'clock p. m. levy upon the following described tract of land, situated in the County of Lamb, Texas, as the property of J. W. Winfield, to wit:

316.28 acres of land, the North one-half of Block No. Eighteen, (18) Dickens County School Lands, situated in the County of Lamb and State of Texas, as shown by the plat of the subdivisions of said land, recorded in Volume No. 8, page 380 et seq. Deed Records of Lamb County, Texas, and on the 6th day of October A. D. 1925 being the first Tuesday of said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said day, at the court house door of said County of Lamb, in Olton, Texas, I will offer for sale and sell at public auction, for cash, all right, title and interest of the said J. W. Winfield, as it existed on the 11th day of September A. D. 1922, to said property.

Dated at Olton, Texas, this 3rd day of September A. D. 1925.
LEN IRVIN,
Sheriff, Lamb County, Texas
Sept. 10, 17, 24, Oct 1.

BURKHALTER—LILES

Just as the morning sun was peeping over the eastern horizon last Sunday, the hearts and lives of Dr. B. B. Liles and Miss Birdie Lee Burkhalter were happily united in the holy bonds of wedlock. The ceremony was performed by Rev. Jess Mitchell, at the minister's home, and witnessed only by the immediate members of his home and Mr. and Mrs. C. C. Burns.

For nearly a year and a half the bride has lived in Littlefield where, as home demonstration agent, she has endeared herself to the hearts of more people than perhaps any other one young woman in the county. By virtue of her official position she has had an excellent opportunity for wide acquaintance, favorable impression and constructive service, and she has not failed to take advantage of it. A highly talented woman, exceptionally pleasing in appearance and thoroughly versed in the art of her profession, she has been of incalculable value to the county in its formative stage. There are hundreds of women all over the county who will regret losing her as county home demonstration agent, but who will heartily join together in extending her their very best and sincere wishes for unmeasurable happiness in her new estate.

Dr. Liles came to Littlefield less than a year ago, and immediately took his place among the foremost citizens of the town. He is an excellent gentleman, cultured and refined in every respect. A skilled surgeon and successful physician. Public spirited to a high degree, he has taken an active part in the upbuilding of his chosen city as a director of its Chamber of Commerce, and in every movement inaugurated for the welfare of the community he may always be found in the forefront of aggressiveness.

Immediately following the wedding the happy couple left for a week's trip to Denver, Colorado, after which they will return to their new home which the doctor has already prepared to receive his bride.

Live Stock Consume Much Raw Material

Convert Many Farm Crops Into Valuable Products.

(Prepared by the United States Department of Agriculture.)
In a talk delivered during the International Live Stock exposition, held at Chicago, Dr. John R. Mohler, chief of the bureau of animal industry, United States Department of Agriculture, told briefly of the importance of live stock in our national economy. "One may ask," said Doctor Mohler, "why it is necessary or even desirable to have a large animal population in a country such as this with its millions of automobiles and trucks and its vast acres for producing cereal grains. The answer is simple. Our domestic animals, developed through long years of evolution, are marvelously efficient in converting vast quantities of grasses, forage, plants and other products which are of slight direct value to mankind into valuable animal products. These products include meats, milk, butter, cheese, leather, fats, wool, mohair and almost countless by-products ranging from violin strings to fertilizer."

"The United States contains the largest corn-producing region in the world, yet the human population uses only about one-tenth of that crop directly

—Free yourself from the ever-present rent problem. Anyone who can pay rent can own a home. Don't wait until you have accumulated a lot of money before you build. By building now you not only provide a proper place for the raising of your family, but you are doing a service to the community by increasing the number of dwellings. High rents are brought about by the shortage of houses. When you move into your new home you release a house for the use of some one else.

—How much have you paid in rent the last two or three years? Perhaps several hundred dollars. The rent money which you are now paying will buy you a new home and provide a profitable investment for you at the same time. **BUILD NOW!** Consult us freely in regard to your plans and we will gladly furnish estimate on cost of materials and assist you in every way in our power.

HIGGINBOTHAM-BARTLETT CO.
"SERVICE WITH A SMILE"

Alvin Mueller returned Sunday from Milwaukee, Wisconsin, where he has spent several months in an electrical school. He has accepted a position with the Littlefield Light and Power Company.

Messrs. George A. Andrews and R. B. Carpenter, contractors of Waco, are here this week prospecting. They contemplate locating in Littlefield. The former is a brother of Mrs. Jess Mitchell.

LOCAL HAPPENINGS

Mr. and Mrs. John Kling spent the week end in Dalhart.

W. O. Stockton returned today from a business trip to Sweetwater.

John Blair was in Amarillo on business last Saturday.

Miss Beryl Kagler made a trip to Olton, Tuesday.

R. S. Wilson, of Cleburne, was here on business this week.

Alvin Hendricks made a business trip to Lubbock Tuesday.

E. E. Hailey, of Lubbock, was here on business Tuesday.

Dr. R. H. Perkins is transacting business in Dallas this week.

Jugg Warren was here Friday from the Bar X ranch.

J. H. Trimble transacted business in Lubbock, Monday.

T. W. Barnes spent the week-end in Amarillo, transacting business.

Alvie Harris, foreman of the Bar X ranch, was in Littlefield Friday.

Claud N. Ferrell spent Sunday in Floydada, visiting with old friends.

Miss Tempa Champ, of Sudan, was here Saturday.
