

WILDCATS DOWN RALLS IN SECOND CONFERENCE GAME

HARDEST FOUGHT GAME OF SEASON

In Last Quarter To Hold Standing In District Race

The most thrilling game of the season, Littlefield High Wildcat football team, established themselves firmly in the championship race of the "B" District number one by defeating the Ralls Jackrabbits.

The game was evenly matched, even before the teams played all over the field with surprising display of speed and power. At no time during the first half did either team seem seriously to score.

Although the Ralls team did slip in the first half, the Littlefield team nevertheless gave a good account of themselves. Only one time did Littlefield get within scoring distance in the first half and that was in the second quarter when they blocked a Ralls punt on the 25 yard line, but the ball went over the end zone. Then in the middle part of the second quarter, Ralls advanced to the Littlefield 20 yard line where the ball went over on the first play. These were the only threats in the first half.

In the third period went much the same way as the preceding two periods, but Littlefield had the edge. The Wildcats had the ball on the Ralls 15 yard line, 4th and 10, when the quarter ended. Ralls never threatened at all in the entire fourth quarter was spent inside Ralls 50 yard line, the Wildcats threatening to score every minute of the game. They had the ball on the 15 and it went down. The Wildcats intercepted a lateral pass and again advanced to the 5 yard stripe where they were penalized 15 yards for holding. Then a long pass, Lambert to McKnight again put the Littlefield team on the Ralls 5 yard line. The ball went over the end zone. Again Littlefield got the

ball with five minutes to play. In a desperate attempt to score before the game ended in a scoreless tie, McKnight attempted a field goal from the 20 yard line, which failed.

Again Littlefield got the ball when J. Foster intercepted a pass on the 25 yard line. Another long pass, Lambert to McKnight was completed on the 5-yard line. In two bruising plays through center, McKnight pushed the ball over to score. The attempt at conversion was wide.

With two minutes to play, the ball game virtually ended right there. It did end a few minutes later, the score still 6-0 with the Littlefield Wildcats on the big end of the score.

This was Littlefield's second conference game, and having won both of these games, they are well launched into the championship battle.

Lamesa Takes Brownfield To Camp Friday

Brownfield, Oct. 30.—(Special to Leader)—Lamesa's powerful grid machine took Brownfield to camp Friday afternoon under a 39 to 0 score.

Lamesa scored twice in the first, once in the second, twice in the third, and once in the fourth periods. Cozzins converted from placement three times.

Brownfield failed to register a penetration of the Lamesa 20-yard line. Several Brownfield players were unable to play, due to mumps. Playing behind a stout, fast-charging line, Lamesa backs reeled off much yardage. Boswell reeled into pay dirt three times, on romps of 42, 23, and 21 yards; McKinnon carried the mail on the other jaunts, slipping through for gallops of 36, 18, and 22 yards.

The fourth quarter was largely a kicking duel, Lamesa reserves punting generally on first down.

First downs were: Lamesa 10, Brownfield 2 (both in the last quarter); passes; Lamesa completed two in five tries, Brownfield one in 10, with two intercepted.

Camp Fire Girls Complete Nation-Wide Survey

SAN FRANCISCO . . . 250,000 Camp Fire Girls of the country, between the ages of 14 and 20, have just completed a national survey on unemployment, relief and better citizenship. They found vocational training for girls of their age extremely lacking and one of the basic causes of general unemployment. The survey included a careful study of local city governments, local relief plans and objectives. It is planned to submit the results to the Federal government. Photo shows local Camp Fire girls submitting a chart of city government to Mayor Rossi.

Anton To Meet Lazbuddy Friday

Anton, Tex., Oct. 27.—(Special to Leader)—After a siege of cotton picking the Anton Hi football team will resume their football schedule on Friday, November 1, when they meet Lazbuddy in the third conference game of the season.

A new public address system, purchased by the athletic department, will give a play by play report of the game as it is being played. This system is to be used throughout the school year for both basketball and football.

On Friday, November 8, Anton will be host to the Friendship football team plus a large crowd of fans. Free barbecue will be served the fans at 12:00 o'clock by the Anton FFA Chapter and the football game will follow immediately thereafter.

The program for the day as announced by the program committee is as follows:

- 9 o'clock—Assembly in the H. S. auditorium with one and one half hours of free entertainment.
- 10:30—Auto, machinery, and implement demonstration.
- 12:00—Free barbecue for the football fans.
- 1:00—Football, Anton vs. Friendship.
- 3:00—Merchants parade to down town business district.
- 7:30—Girls basketball game in the gym, Anton vs. O'Donnell.

Slaton Wins From Tahoka 46 To 6

Tahoka, Oct. 25.—(Special to Leader)—The locals this afternoon were toppled from the grid pinnacle of the southern division of District 5-B by Slaton to the tune of 46-6.

Gunter Garland plucked a punt from the air and raced 70 yards for the goal line. Ralph Milikin lugged the pigskin into pay dirt three times, Warren Heiry twice, and Troy Dickins twice. One of the scores was made possible by a 50-yard run of a pass interception by Greely Sanders, center.

Slaton won easily, ringing up 15 first downs to Tahoka's four. James Minor, Tahoka captain, fell on a blocked punt for his club's tally.

Individual mention also goes to Tommy Gentry and Capt. Holtwal-drep, tackle, all of Slaton.

FLOYDADA DEFEATS PADUCAH'S DRAGONS BY SCORE 33 TO 12

Floydada, Oct. 26.—(Special to Leader)—The locals scored five touchdowns here Friday night to defeat the Paducah's Dragons 33 to 12.

The clubs are in district 4-B. Scoring touchdowns for Floydada were: Linder, two; Mooney, McClung, and Matthews. Paducah scores were Oatman and Payne.

Floydada scored first and maintained its lead all the way.

Crosbyton Loses To Olton; Score 50-0

Olton, Oct. 25.—(Special to the Leader)—First, second and third stringers of the Olton football squad ran away with a 50-0 conference encounter here this afternoon with Crosbyton.

Olton scored in each period, with Nixon, halfback, scoring three times on long runs, one of them a 50-yard lunge on a punt return. Other scorers were Hair, Robinson, and Gray. Gray, an end, also booted a 25-yard dropkick.

Crosbyton presented no scoring threats.

Broomcorn Drying Room Burns Monday

Fire of unknown origin destroyed the broomcorn drying room, and considerable broomcorn, which was stored in the room, at the Littlefield Broom Factory, Monday afternoon about 2:30 o'clock.

The Fire Department did a splendid work by saving the broom factory, and preventing from spreading to other nearby buildings.

Farwell scored both its markers on passes.

Anton Downed By Post; Score 31-14

In a non-conference game at Post Friday night, the locals won a 31 to 14 victory over the Antonites.

The victory is the second won by the Post team this season, the club having lost three and tied two of its first six games.

Touchdowns for Post were scored by Edsal Cross, Kenneth Wright, Jim Hundley, Ralph Carpenter, and Ralph Brant. Carpenter, an end, gathered in a long pass and ran 30 yards with it to mark the game's principal thriller.

Anton scored on a 30 yard end sweep and a pass into the end zone.

LOYOLA'S FAST TEAM TOO MUCH FOR TECH MATADORS FRIDAY

Loyola's fast team was entirely too much for Texas Tech at Gilmore stadium, Los Angeles, Friday, when Coach Tom Lieb's eleven scored a 16-0 victory over the Red Raiders before a large number of fans.

Only for a few moments in the concluding period did the Texans flash the offense for which they have become known nationally.

The brilliantly clad club from the Texas South Plains repeatedly was smothered by a powerful line of Loyola forwards, and an alert Loyola secondary battled down or intercepted aerial heaves.

CHURCHES

METHODIST CHURCH
J. W. Hendrix, Pastor

Services last Sabbath day were very satisfactory. The attendance at each service was good. The response of the group to the service was up to and above the average. The music, at each hour, was excellent. It has the promise of being just as good, if not better, next Sunday. The choirs had a big practice period on Wednesday evening, making ready for the service.

At the morning hour the pastor will speak; at which time he will offer some personal remarks about what has been in the back of his head in his efforts in this pastorate. What he feels must be done by the church. What should be done by the pastor. All of this will be neatly camouflaged with music! We are as certain of a certain group at that service as of the sun rise that morning, if they are alive and able to mobilize. Are you one of those assured ones? You could be.

At the evening hour the Presiding Elder will be present and deliver the sermon. We will be very glad indeed to have him. His coming is a great pleasure and profit to the church. The choral choir will furnish the music. After the service he will hold the 4th and last quarterly conference of the year. It is expected that all departments of the church have reports ready.

Church school meets exactly at 9:45 a. m. Being late is rapidly disappearing among the attendance. An honor system is misplacing, or taking the place of being late. Break the habit!

Young people have a worship period in their room at 6:45. A fine group meets at that hour and have a most interesting program—6:45 p. m.

No doubt all are aware that the pastor is only recently of the field and assuming the care of the pastorate. The kindly welcome and genial fellowship is appreciated indeed, as is also the goodly attendance the services and the splendid spirit of helpfulness and cooperation on the part of all. This, without question, bespeaks progress. Attendance upon the services of worship at the Lords House, on the Lord's Day is indispensable to a well balanced, happy life. Our people, toge-

ther with others in position to do so, are urged to come with us—find a spiritual warming, which ever leads to the richer, fuller, nobler and more useful life.

Announcement of a Special Service—Men's Banquet—
Monday evening, November 4, at 8:00 a rally and an informal banquet will be given our men in the dining hall of the First Baptist church. The women of the W. M. S. will serve and a good program rendered. This rally is in interest of our building obligation and all men of the church are invited and urged to attend.

TABERNACLE BAPTIST CHURCH

Jno. R. Denning, Pastor

We experienced an unusual interest in the Bible Memory Work of the Sunday School last Sunday morning. If you would enjoy the study of the Bible only, without the use of any man-made literature, we invite you to be with us next Sunday at 9:45. All class rooms will be comfortable, regardless of the weather. We study the second and third Epistles of John, on "Abiding in the Truth."

The following is our outline of worship for the coming week:

9:30 a. m.—Prayer meeting for teachers and officers.
9:45 a. m.—Sunday school period.
11:00 a. m.—Sermon by pastor: "Back to Bethel."
7:00 p. m.—Prayer service for the salvation of loved ones who are un-saved. Come join us in this.
7:30 p. m.—Evening song service.
8:00 p. m.—Sermon by pastor: "Man's Excuses vs. God's Word."
Wednesday at 2:30 The Women's Bible class meets at the church.
Mrs. J. D. Evins, teacher. You'll enjoy this.
Wednesday 7:30 p. m., old time Prayer and Praise service.

Divorce Court Murder—

(Continued from Story Page)

involved in such a vulgar public scandal!" the manufacturer rasped out. "Did you know Mrs. Keith was going out that Wednesday night at all?"

"Yes, she was to visit her physician, who attends her when her headaches become particularly vicious. Dr. Anton Brantman on Pine Street, I didn't pay any attention to when she left or returned home."

"Then, Mr. Keith, what was your connection with the Rowland divorce action?"

At the abruptness with which the detective shot this question the other gazed at him in perplexity and surprise.

"My connection? he repeated wonderingly. "I don't follow you, Rankin; I haven't the slightest interest in it."

Rankin's voice rang with the vigor he put into his unexpected offensive.

"In that case," he demanded, "what were you doing at Sunset Inn, the evening of February first—when Mrs. Rowland discovered her husband in compromising relations with her secretary there?"

If it was Tommy Rankin's intention to startle the manufacturer by his sudden query, he succeeded admirably.

"How in the world did you find that out?" he finally asked in a dry voice.

Rankin saw no harm in answering. "It came out at the hearing that you reached the Inn just after Mrs. Rowland's party and witnessed the interruption of her husband's affair."

"Well, it—all happened quite accidentally—I had no warning of what was happening," the other floundered. "I was driving to New York alone that night, and when I reached Quakertown, I decided to sleep there because it was so late. I had left Philadelphia at about—"

Obviously he was stalling for time. "That won't wash, Mr. Keith," the detective answered curtly. "You surely don't hope to persuade me your presence was only a coincidence?"

Mr. Keith compressed his lips. "Yes, of course that's ridiculous. The truth is, I have no explanation to offer; I can't tell you why I went there."

It was Rankin's turn to be taken aback, and he stared incredulously, as though he had not heard aright. "You can't tell me, Mr. Keith?" he said harshly. "You mean you won't?"

racketeer compressed his lips resentfully and his eyes flashed; but with an effort to hold his peace.

"What about that phone call in the lawyers' offices?" Rankin challenged. "You were heard to cry out, 'Oh, my God!' and 'You fool!' That didn't mean very pleasant news. You were alarmed enough to rush out quickly to—well, be on hand yourself and then leave the city."

Again Campbell's features hardened. "You haven't a single fact to prove any connection with Mrs. Keith. It's no use, Rankin; you can't show I had any knowledge of her death before today, or expect me to admit anything you can use."

"At least you have no objection to telling me who phoned you," Rankin suggested.

"Oh, but I certainly have. That's my private affair."

Abruptly the detective shifted his attack. "If I'm not mistaken you reached Mr. Dawson's office yesterday before Mrs. Keith arrived with her escort."

"No, I wasn't there then," Campbell corrected him. "I followed them by a few minutes—it must have been almost twenty to three; and they had already gone into the library to wait."

"Mrs. Keith chose to stay in the inner office, fifteen-o-five, where she could be alone," Rankin stated, "and you were aware of that; in fact, Mrs. Rowland joined you from the library to tell you that." His tone became hostile. "Just before she entered fifteen-o-five herself, to unlock the hall door."

The implied accusation brought Campbell forward in his chair, in a swift burst of anger.

"So that's what you're getting at," he said, through his teeth. "You'll claim next I committed the murder myself! Damn it, Rankin be careful with your charges; you might have the unpleasant job of trying to prove them, I was in the main office during the time she was killed."

"So you know when that happened?" the detective observed dryly. "And why not?" his visitor demanded wrathfully. "It's in all the papers that she died between half-past two and three o'clock."

"Well, what about the time before you arrived—two-thirty-eight—or after you left. That was at twenty-five-six; you still had four minutes leeway. And the whole business could be accomplished in hardly more than a minute. Mrs. Rowland had unlocked the door from the corridor and pulled the curtains; it was only necessary to enter fifteen-o-five, close the windows, chloroform Mrs. Keith and then open them again."

Excited, Campbell appeared ready to blurt out a refutation, but caught himself, in a desperate attempt to regain his equanimity.

"Well, what of that?" He spoke more calmly. "It's all words Rankin, nothing more you've no foundation or confirmation of any of these suppositions. It's ridiculous for me to take them at all seriously."

Disappointed at his control, Rankin played his trump card, his unwavering gaze fixed on the other. "Campbell," he demanded slowly, "where can I find Mitch Riley? I think he could help me and I would like to have a short conversation with him."

Hawthorne Attends Safety Meeting Of Panhandle Refining

J. W. Hawthorne of Littlefield, was in Wichita Falls Wednesday night of last week attending a safety and first aid meeting held in the show rooms of the Culbertson Motor Company at the Panhandle Building, the meeting being sponsored by the Panhandle Refining Company and attended by 250 of its employees.

The first speaker on the program was Louis V. Human, who gave a demonstration of how gas fumes travel downward. He placed a bit of waste at the top of a 10-foot inclined trough, with a candle at the lower end. The candle ignited the waste from the fumes traveling downward. Less than one ounce of gasoline was used. He also talked on the use of cleaning fluids in homes.

E. W. Ellis of the Panhandle refinery spoke on the dangers of tetra-ethyl lead poisoning. A. A. Rambo discussed the human body as an industrial machine.

The featured speaker of the evening was J. L. Risinger of Dallas, manager of the accident and fire prevention department of the Magnolia Petroleum company.

"The problems of safety, in a great organization, are varied," he said. "You would be surprised in how many ways a group of 12,000 employees can get hurt. We have 12,000 men operating in seven states. In 1931 there were 1,178 accidents causing loss of time, with a force of 12,000 to 13,000 men. This year we have had 200 accidents, 978 less. We had an average every year of between 10 and 13 men killed. This year we had one man killed and he was killed by a broom and his wife did not do it."

Mr. Risinger then went on to explain that this work was cleaning out under belts with a broom which caught in the machinery and struck him in the abdomen, later causing death.

"Accidents cost our company in 1931 a matter of \$365,000, \$368,000 to be exact. It is going to cost too much this year. Unless something serious happens, or we change from the trend so far, we will have less than \$100,000 this year, a saving of \$268,000 in operating costs. In 1931 we had an item of \$485,000 in cost of accidents. In 1934 we had taken off a quarter of a million dollars. It takes a lot of gasoline profits to make that.

"Accidents are simply errors. I know of no accident caused where a man was doing the job right. Don't depend on the safety man to prevent your accidents. He can't do it. Accidents are individual responsibilities that we cannot get away from.

The meeting closed with a short talk by Roy B. Jones, president of the Panhandle Refining Company, who expressed his gratification on the large number of employees present, especially considering the bad weather prevailing.

"For the first six months of the year," he said, "the general petroleum industry had a record of 11.9 per cent on frequency of accidents. Our total for the period of nine months was an average of 9.53, better than the general average."

Mr. Jones closed his talk by asking all fire, 10 and 15 year service men with the company to stand in the audience and explained that the matter of accident prevention to him was a personal one in that he considered his employees members of a great family and that he felt that one of his family had been hurt when there was an accident to one of the group.

PRODUCTION CONTROL ANNOUNCED BY AAA FOR SYRUP MAKERS

"A production control program for commercial producers of sugar cane syrup is the latest program launched by the AAA," according to E. N. Holmgren, Extension administrative assistant. "This program does not apply to sweet sorghums or seeded ribbon cane ordinarily used in Texas for making syrup," he explained.

Eligibility to participate in the program is based on four points. The producer must agree not to have more acres of sugar cane in 1935 than he had in 1934. He must not manufacture more syrup for any

purpose in 1935 than in 1934. He must not sell more in 1935 than in 1934. He must have sold 200 gallons or more in 1934 to be eligible, or if he sold less than that he must show that he paid a processing tax on at least 100 gallons prior to June 1, 1935.

The contract, when written, will cover the 1934 producing year and the 1935 producing year. The payments for 1934 will be 10 cents per gallon, providing the sales exceed 200 gallons or the processing tax

was paid on at least 100 gallons.

The 1935 payment will be made after proof of compliance of the current year. The exact amount has not yet been set, as it will be based on the parity price of syrup as determined by the Secretary. Whatever the price, however, the parity price will be paid on 88 per cent of the 1935 production provided actual production does not run under 88 per cent of the base.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation which may appear in the columns of the Lamb County Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

FREEDOM OF THE SEAS

In 1917 the United States went to war against Germany because Germany had interfered with the right of American ships, when we were not at war, to go wherever our ship-owners chose to send them. Three or four times between 1914 and 1917 we were close to war with England over the same issue of the freedom of the seas. We did actually go to war with Great Britain in 1812, to assert the right of our ships to sail the high seas without interference by any other nation. The doctrine of the freedom of the seas became, in the course of a century, an inherent part of the American tradition.

There is a great body of opinion now in the United States which holds that we should not have gone to war in 1917. In warning Americans that they cannot trade with either of the nations at war except at their own risk, the President, acting under instructions from Congress, has withdrawn the protection of the United States from American ships carrying American cargoes to or from the ports of Italy, even though we are at peace with Italy and with the rest of the world.

It is apparently the official view that American people are willing to scrap old precedents rather than run the risk of becoming involved in another foreign war.

ABOUT PRONUNCIATIONS

It is gratifying to learn from the National Board on Geographic Names that the right way to pronounce the name of Addis Ababa, the capital of Ethiopia, is as if it were spelled "Ahdis Awawa," with the accent on the first syllable of each word.

That goes to show how little of us know—or care—about the right way to pronounce the names of foreign places. Practically every American pronounces "Paris" the way it is spelled, instead of calling it "Paree," as the French do. Anybody talking about "Mathreeth" would be regarded in these parts as a sissy, but that's how Spaniards pronounce the name of their capital city, Madrid. As far as that goes, most of us are as careless with Italian names as we are with those of Ethiopia. If we've got to say "Ahdis Awawa," why aren't we under equal compulsion to say "Roma," "Napoli," "Firenze" and "Genova" instead of our slipshod American way of pronouncing Rome, Naples, Florence and Genoa the way we spell them?

Most of us, anyhow, feel like pronouncing this whole Italian-Ethiopian war a mistake.

"STEAM BOAT ROUND THE BEND" TO BE FEATURED AT PALACE THEATRE

Volcanoes explode, nations declare war, quintuplets are born and presidents come and go—and Will Rogers never fails to issue the crowning comment on whatever has just come to pass.

Then, in a motion picture scene, a sweet little girl and a nice boy are married in a prison and Will Rogers—the shrewd, garrulous, imperturbable Rogers—chokes up, sheds tears and can't think of a thing to say!

It all occurred during the filming of Will Rogers' new starring vehicle, "Steamboat Round the Bend," which begins at the Palace Theatre Saturday, midnight, continuing through Sunday and Monday.

Will Rogers
IN
STEAMBOAT ROUND THE BEND

The scene was the wedding of Anne Shirley and John McGuire. Eugene Pallette, the sheriff, was performing the ceremony. Pallette called for the ring, Rogers standing nearby was supposed to hand it to McGuire and say, "It belonged to your mother."

In the background a negro chorus was humming a dolorous chant, the spiritual "The Eagle's Nest." Suddenly the thing became too real for Rogers. There was a lump in his throat, tears were starting to his eyes. He knew that if he uttered his line it would be choked and spoil the scene. So he said nothing, passed the ring with a gesture that was more eloquent than any speech. "Steamboat Round the Bend" plot revolves about the romance of the two youngsters, but its comic interludes are furnished by the hilarious rivalry of Will Rogers and his old friend Irvin Cobb as competing steamboat captains. Sol M. Murtzel produced the picture.

TO RAISE POTATO PRICE
"The Agricultural Adjustment Administration is engaged at present in formulating a potato program that will tend to raise the price of potatoes to parity," according to J. F. Rosborough, Extension horticulturist.

Open New Office In Chesher Bldg.

Drs. J. E. and Hazel Nelms, local Chiropractors, have moved to their new and modern offices on Phelps Avenue across the street from Ware's Department Store in the Chesher building, formerly occupied by the De Luxe Beauty Shoppe.

The inside of the building has been completely redecorated, making the offices modern, sanitary, and convenient. They have a complete separate ladies' and men's department.

They now have a down town, modern office, with plenty parking space, more room and additional equipment. PENSION BILLS FOR FINAL REVISION

Legislators Saturday sent old age pension bills to a conference for final revisions and predicted reopening of the liquor regulation problem at an early date.

At the end of a busy week, members checked as results:

1. Pension bills passed by both houses and in conference.
2. Progress in house floor consideration on an omnibus tax bill to pay pension costs.
3. Debate advance in the senate on a bill to pay salaries for county and district officers removed from a fee basis.

Some members believed advancement of pension legislation to a conference, instructed to report by Friday, would be the signal for Governor Allred to submit liquor regulation, the third important subject which failed at the preceding session. He was non-committal.

Refusal of the house to accept the senate's pension plan speeded the matter to a conference.

Opposition to inclusion of a sales tax in a pension administrative bill was renewed in the house and, although a motion to instruct against it was not urged, many members said a report embodying the levy would be rejected.

The two plans differed sharply, although both included restrictions to bar payments to persons not in need. The estimated annual cost under the senate plan was \$6,000,000 and under the house, \$11,000,000.

Many amendments delayed final action on the tax and salary bills. Senators approved a change in the salary bill by which commissioners courts would prescribe compensation of officers removed from a fee basis between a minimum of 1935 fee earnings and the maximum allowed under fee statutes as of Aug. 24.

The change from a schedule graduated to population brackets, prepared by Senator E. M. Davis, of one per cent for each \$1,000,000 valuation in excess of \$15,000,000 in counties of 20,000 to 37,500 population and in excess of \$20,000,000 in counties of 37,500 to 60,000 population.

Federal Housing Loans Pass Four Million Dollar Mark

According to Seewart McDonald, Federal Housing Administrator, Federal Housing Administration business has passed the \$400,000,000 mark, including \$185,338,724 in Title I Modernization and Repair notes; \$200,190,239 in Title II Mortgages Selected for Appraisal; and \$21,371,874 in Low Cost Housing mortgages accepted for insurance, making a combined total of \$406,900,837.

This is all private capital. The Federal Housing Administration does not loan money.

It is estimated from available statistical sources and reports gathered from industry, that since the launching of the program of modernization and repair by the Federal Housing Administration, more than \$900,000,000 of this type of work has been done. The effect of this activity throughout the country has been felt by the gain in reemployment and general business activity.

Under Title II, which is the program of home mortgage insurance, approximately 72 per cent of the mortgages selected for appraisal will be accepted for insurance. Of this amount, it is estimated that 38 per cent will be for the construction of new homes.

GETS CARLOAD OF NEW TRACTORS

Jones Hardware recently received a carload of Allis-Chalmers tractors. These tractors are on display on the sales lot of the hardware and implement concern.

topneys was removed from the general bill upon the understanding a separate bill would be passed for that group of officers.

Contentment

There is something about a friendly open fire that radiates a spirit of contentment—something that warms the heart as well as the hands. That accounts for the long popularity of the Radiant Heater, which only adds to the charm of any fireplace or mantel, affords a practical, efficient source of instant heat.

If you'd like to re-define the joy and comfort of open fire. Go in and your Gas Appliance Dealer demonstrate the Gas Radiant Heater—and tell you how easily you can own one.

Designed in Sizes: 12, 14, 16, 18, 20, 30, 32, 34, 36 and 38. Size 14 requires 4 1-8 yards of 39 inch material with 1-4 yard contrasting and 7-8 yard cord trimming.

AFERNOON FROCK

Pattern 8643: All tricked out on a bright fall day in a smart velvet dress and wearing a Medice hat in the modern manner, you will feel as serene and look as lovely as the girl in the sketch looks.

For the style she is wearing is of a newness — raglan sleeves of threequarter length, with metallic cloth for cuffs; and more of the metallic cloth twisted into an intriguing neck finish. All of the fullness of the skirt is massed at the front with two small panels that flare quite widely at the hemline. The back of the skirt is left quite plain and fitted in at the waistline with darts. This style would be nice in crepe or satin, as well as velvet.

For PATTERN, send 15 cents in coin (for each pattern desired), your NAME, ADDRESS, STYLE NUMBER and SIZE to Patricia Dow, Lamb County Leader Pattern Dept., 115 Fifth Avenue, Brooklyn, N. Y.

Presbyterian Ladies Meet At Church Monday Afternoon

The Presbyterian Ladies Auxiliary met in regular session Monday at 3 p. m. at the church.

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, OCTOBER 31, 1935

NUMBER 30

FOOD SALE MARKS PIGGLY WIGGLY BIRTHDAY

Home Boys are Trained By Local Piggly Wiggly

MODERN MARKET ASSET OF LOCAL PIGGLY WIGGLY

Among the most popular departments of the Littlefield Piggly Wiggly store is their modern and sanitary market.

The market is managed by Ken Hook, well known in Littlefield and a young man with many years of experience in this business. Hook is assisted by E. J. Foust, who was manager of the market during the summer and gave up his position on reentering the high school in September.

Mr. Foust, who with Mr. Garlington are owners of the market, has been identified with taking the store in every movement that has led to the raising of better catfish and 4-H club work in the South Plains. Mr. Foust spends much of his time searching for the best pen stock to fill his market.

During the South Plains Meat Show, Mr. Foust goes to a great deal of expense to buy, and bring to Littlefield, prize winning meats for the expositions.

The high quality products from manufacturers as Swift & Co., Armour & Co., Wilson & Co., Cudahy Co., Jacob Dold Packing Co., and Pakeney Packing Co., fill the store mechanically refrigerated meat counters and store vaults the market.

RECEIVES BROKEN LEG

J. R. Thompson, member of the Littlefield High school football squad, received a broken leg in the game at Tahoka Friday afternoon, was treated at a Lubbock hospital.

COURTEOUS SERVICE, FAIR DEALINGS STRESSED IN SCHOOLING OF NEW EMPLOYEES

Largely responsible for the high degree of service offered Piggly Wiggly patrons in the local store is the fact that every regular employee of this concern is a Lamb County boy, carefully chosen and one who is taught the grocery business from the "ground up."

Paramount in the schooling of the new employees is the value of courteous, honest, dealings with every customer, regardless of the size of the transaction.

Heading the local store is J. O. Garlington, himself a former farm boy who started in the food business when only 18 years of age. Oklahoma born, but his first business was a meat market in Vaughn, New Mexico. Later he entered the home building business in Midland, Texas, where he erected many residences and a number of business buildings. Among them are some of the nicest homes and the finest theatre building in that city.

As in other places he has lived, on coming to Littlefield in 1931 to establish the Piggly Wiggly store, Mr. Garlington has taken an active part in farm programs, civic work and projects that lend to the betterment of Littlefield and Lamb County.

Since coming to Littlefield, Mr. Garlington has played an active part in the farm recovery program in this county. He has served on the government cotton committee, a member of the feed and seed loan

committee and aided much in local relief work.

Loyd Reed Loyal Employee

Loyd Reed, son of Mr. and Mrs. M. P. Reed of Littlefield, started with the local Piggly Wiggly store as a stock man, soon after the store was established and worked up through each department to store manager. Early in September Loyd and Mr. Garlington together purchased the Piggly Wiggly franchise in Brownfield and opened the store there on "Friday 13th" of September.

Loyd's energy, honesty and personality has contributed largely to the success the local store has enjoyed. Mr. Garlington and Loyd have recently sold the Brownfield store and he has returned to Littlefield to again be connected with the local store.

Cloyce Knowles Asset to Store

Cloyce Knowles, son of Mr. and Mrs. J. R. Knowles of near Littlefield, assumed the management of the Piggly Wiggly store after Loyd became associated with the Brownfield store.

A graduate of the 1932 class of the Littlefield high school, Cloyce has spent a large part of his life in Lamb County. He became connected with the store almost a year ago.

Cloyce has always made it a point to be accommodating to all customers and has contributed his part to the general policy of the

Business Policy Of Store Is Responsible For Rapid Growth

Contributing largely to the rapid progress made by the local Piggly Wiggly store is the policy on which this firm was established and the principles of which are carried out in every transaction.

In announcing the policy of the store, Mr. Garlington said: "Believing that no business is ever successful or permanent until it is built up from patronage of satisfied customers, we adopted this policy in the beginning of this business."

"That we guarantee every item sold to give entire satisfaction or your money cheerfully refunded without a question. Every employee is instructed carefully on giving full and accurate weights and to render efficient and courteous service."

"We buy only from manufacturers and wholesalers who guarantee every item they sell to us. This means that nationally known brands of merchandise fill our shelves."

store which is based on square dealings, courtesy and consummating transactions to the satisfaction of the customers.

Training For Public Service

Kenneth Kasseroller, Strauss Atkinson, stock men, and Vernon Roberts truck man, are among the latest additions to the Piggly Wiggly staff who are receiving their training in the institution. All three of these ambitious young men are sons of progressive Lamb County farmers.

Among the trained Piggly Wiggly clerks who are employed during the peak days are Rufus Singer, son of Mr. and Mrs. W. C. Singer and nephew of Jimmie Singer; Paul Vause and R. E. Rucker.

FOURTH ANNIVERSARY CELEBRATION OPENS FRIDAY; NINE DAYS OF SAVINGS PROMISED

In appreciation for the splendid patronage extended the local Piggly Wiggly Store, this firm—on its fourth birthday—is planning a mammoth Fourth Anniversary Food Sale for the people of the entire Littlefield section. This huge money saving event will open Friday morning, November 1, and run through Saturday, November 9.

J. O. Garlington, announced that every preparation is being made in an effort to make this Anniversary celebration the greatest food sale ever staged in the city.

Each department of the store is being checked, filled to capacity with well known brands of quality merchandise, and many prices are being marked down in preparation for the event.

Mr. Garlington also pointed out that plans are being made to care for the expected large increase in business during the sale. Special attention is being given to stock displays that the public may be conveniently and quickly served, and extra trained clerks are available when needed.

The Piggly Wiggly store is so arranged that each customer can conveniently serve themselves, thereby making their own selections. However, an ample staff of well trained clerks are available for those who wish their service and assistance.

"This great value demonstration is being staged for a dual reason," Mr. Garlington said. "That we might express our appreciation to our hundreds of patrons throughout the Littlefield section, and it is an invitation to those we have not had the pleasure of serving to acquaint themselves with the superior Piggly Wiggly quality and service."

VEGETABLES AND FRUITS ARE KEPT FRESH AT PIGGLY

Fresh fruits and vegetables may be found in a large variety at the Littlefield Piggly Wiggly store most any day of the week and throughout the entire year.

This is made possible by special arrangement with firms who rush fruits and vegetables from Arizona and other garden spots to the store in specially equipped refrigerated trucks with a capacity of 7,000 pounds each.

To insure their freshness after they are delivered to the store, the display racks are the most modern that can be had.

Over 3,800 Sets Of Premium Dishes Are Distributed By Store

Over 3,800 sets of premium dishes have been distributed by the local Piggly Wiggly store to patrons of the Littlefield section during the past few months.

These patrician glassware sets come in three sizes and a choice of colors of crystal, golden glow and springtime green may be had.
