

LAMB COUNTY LEADER

Official Newspaper of Lamb County, Texas

LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, NOVEMBER 22, 1928

No. 32

RAILROAD THROUGH OTTON REFUSED BY WASHINGTON I. C. C.

A railroad will not be built through Otton and the northern part of Lamb county was the virtual result of a decision handed down by the Interstate Commerce Commission, Washington, D. C., last Friday. A ruling was made against an extension of the Pecos and Northern railway, of the Santa Fe system, the construction of 66 miles of line from Hale Center to Parmerton. An examiner declared the proposed line would not serve the public interest because it would parallel the line of the Fort Worth and South Plains Railway company at an average distance of 13 miles and would divert from the proposed line a large part of the traffic that it might otherwise secure. The application of the proposed line was held at Lubbock last week, before Examiner H. C. ... was hotly contested by officers of the Denver system. At that time there were numerous witnesses from Lamb, Hale and Castro counties, giving testimony pro and con. The Denver officials stated that the potential revenue of the section through which the proposed railroad was to run, was sufficient to create tonnage for two railroad lines so close together.

PORCUPINE IS CAPTURED NORTH OF LEVELLAND

R. L. Ray and Zantie Moore were in town Wednesday with a porcupine which they had captured earlier in the morning near their homes about nine miles northeast of town. The little animal was fully grown and had a full complement of quills.

This is the second porcupine to have been captured in this county within the past two years, the other having been caught in the Pettit community several months ago. One was captured near Muleshoe in Bailey county about two weeks ago.

Old settlers say that they are rarely seen on the Plains, but it is supposed that they stray into this section from the mountainous region of New Mexico.—Herald, Levelland.

DRS. SIMPSON & COEN TO START A SANITARIUM HERE

Drs. J. D. Simpson and J. R. Coen are this week having plans made for a hospital and sanitarium building to be located here and which will be known as the "Littlefield Clinic & Hospital."

The work of construction will be started next week, the building to be located just off Main street, on lots four, five and six in block 38, just north of the Methodist church.

The building will be of brick and tile material, 50 feet wide and running back about 100 feet in a "T" shape. It will contain about 25 rooms, including operating and x-ray departments, the concern to be incorporated for about \$50,000.

This institution will fill another long felt want in Littlefield, as heretofore accommodations of this nature have been very limited.

TECH PROF. GETS BLANKETS FROM LOCAL RAM'S WOOL

Lubbock, Texas, Nov. 20.—W. L. Stangel, head of the department of animal husbandry in Texas Technological College, has just received a fine pair of woolen blankets made from the wool of a blooded Hampshire ram raised by the College. The ram won first honors at the Fort Worth Fat Stock Show last spring and was purchased by L. E. Allen of Marlin. Mr. Allen was so well pleased with the animal that he promised Mr. Stangel that the first clip would be used to make a pair of gift blankets. The wool from the first clip weighed eleven pounds.

TOOK THE WRONG MEDICINE

Dan Richard Denton, son of "Red" Denton, contractor in this city, accidentally drank a large amount of turpentine, Monday morning. The doctor was called and an antidote administered.

He is suffering no serious effects from the mistake, although the doctor stated that it could have been fatal.

KEMP GOES TO ASSOCIATION OF MINERAL WELLS

Rev. Kemp, pastor, Littlefield church, attended the annual meeting held at Mineral Wells, reporting it to be the most inspirational of its recent years. Prominent laymen from over the state were present, many of them active part in the business of the session. W. W. Truett, outstanding member of Dallas, spoke to the assemblage regarding the matter of the defalcation of \$953,000 by C. S. Carnes, and it was the delegates to do so, but a breach of trust and a good name of the church. The matter of politics in the church was discussed, the prevailing opinion being that members did not have their Christian duty during the campaign just closed. A decision was reached among Texas Baptists of them reporting good news throughout the year, and in membership and better than a year ago. The church has had a very prosperous year, the church here, the membership being greatly increased, and anticipated that he will report another year.

BUSINESS CONCERNS IN LAMB CO. VIOLATING LAW SAYS COUNTY ATTORNEY MAY HAVE TO BEGIN PROSECUTIONS

There are numerous businesses in Littlefield and other towns in Lamb county who are in direct violation of the law of the state, is the opinion of W. Wade Potter, county attorney. "The law provides," said Mr. Potter, "that no business operating under a name shall file an affidavit with the county clerk stating the true name of the business and who has control of it. This does not apply to every other business, but to every other business operating under an assumed name. For instance, the Lamb County Store, the Peoples Store, the Lone Star Store, and other similar named concerns are in violation of the law." Potter stated that campaigns were now being prosecuted in numerous counties in the state, and while it was not his duty to inconvenience any business, yet he was going to enforce the law as follows: "If any person or persons conduct or transact business under any assumed name or designation name, style, corporate or otherwise, other than the real name or names of the individual or individuals conducting or transacting such business unless such person or persons shall file in the office of the county clerk of the county or counties in which such person or persons conduct, or transact or intend to conduct or transact such business, a certificate setting forth the name under which such business is or is to be conducted or transacted, and the true or real full name or names of the person or persons conducting or transacting the same, with the post office address or the addresses of said person or persons. Such certificates shall be executed and duly acknowledged by the person or persons so conducting or intending to conduct said business in the manner now provided for acknowledgment of conveyance of real estate.—Acts 1921."

The law also provides that where there is a change in the ownership or directorship of any such business, certificate of such must be duly filed with the county clerk. Failure to comply with this law means a fine of from \$25 to \$100, each day of violation constituting a separate offense.

Just Waiting for the Door To Open

By Albert T. Reid

SOME FOLKS CHASING THE RAINBOW HAVE FOUND POT OF GOLD ON THE SOUTH PLAINS

The proverbial rainbow has a wonderful fascination for some folks, and there are always lots of people who are chasing it.

Only a few days ago we heard a group of men on the streets giving Littlefield a— They said the school taxes were exorbitantly high, the cotton and poultry buyers had all gone into cahoots to hold down prices, merchants had a common agreement in selling certain articles and the Lamb County Leader ought to lambast the stuffin' out of the whole bunch.

Dissatisfaction seems to be at its highest with some folks in the fall time. Farmers living around Littlefield go to neighboring towns to sell their cotton, and those residing near neighboring towns bring their cotton here for market. Littlefield women go to Lubbock to shop and frequently pay more for their goods than they could have obtained them for at home.

So it goes—the end of the rainbow is always somewhere else. The good things always lie a little beyond. Live-brook break down the fences trying to get to the grass in the other pasture, and humans frequently have the same dispositions. Yet, after all, the fellow who makes good is generally the one who picks out a reasonably good place in which to live and stays with it. He meets conditions as they come, is loyal to his community, its interests and its people.

We read a story not long ago of a woman who was afflicted with a serious disease. She traveled all over the country seeking medical aid, finally going to a noted physician in Europe. After a careful examination, the doctor told her of a particular spring in America, noted for its healing properties. He said to her, "the medicated waters of this spring will surely cure you." "Why," exclaimed the woman, "that spring is on my own estate." So it is often the case—the things we need and want most are frequently at our very door and we don't know it.

Yet chasing the rainbow is a popular pastime. The old legend said there was a pot of gold at the end of it. Perhaps so, but the searching for it produces a terrible wanderlust, and no one has yet succeeded in locating it just as they thought and hoped they would. Merchants seek new locations, farmers more fertile lands, professional men more enticing opportunities, laborers higher wages; some ride the brake rods, others bum a lift from passing autoists, some even tramp 30 or 40 years and are then laid in an unmarked grave—

all looking for the fabled riches at the rainbow's end.

Taking it all in all the Littlefield country is a pretty good place in which to live. It has a delightful climate, pure water, bright sunny days, rich soil, congenial folks. Sometimes, following a shower, its nice to stand outdoors and watch the rainbow shedding the brilliancy of its prismatic colors as either end dips down to kiss the earth, and be thankful we live here.

TECH. GETS ENDOWMENT

Lubbock, Tex., Nov. 20.—Twenty thousand dollars has been left to be used as a student loan fund in Texas Technological College, according to the will of the late George T. Morrow, Lubbock pioneer, who died recently at the age of 73. His funeral was held in the Tech auditorium.

The loan fund is to be administered by the president of the College, the business manager, and the registrar. There were no other provisions in the will as to how the fund should be administered.

Mr. Morrow becomes, according to President Paul W. Horn, the first benefactor to remember the College in his will.

LITTLEFIELD HUNTERS OUT AFTER BIG GAME

The deer hunting season opened in Texas last Friday, and several of Littlefield citizens are now away after their buck. The season lasts until December 31, and buck deer having three points or over are permissible.

The bear season covers the same dates, but one animal permitted. Also, three wild turkey gobblers may be killed during the same season.

The law requires that migratory birds may not be shot between sunset and one-half hour before sunrise. All shooting from an automobile is prohibited.

PLAY CROSBYTON HERE

The Littlefield high school Wildcats will meet the Crosbyton high school team in a football game at the local ball park Friday afternoon at two thirty. It is to be the last game of the season played in Littlefield, and the boys are very hopeful of coming out victorious.

The team is backed enthusiastically by all the high school students, as well as the general large number of fans not connected with the school.

Episcopal church committee favors recognition of faith healing.

TECH HAS WINNING COW

Lubbock, Texas, Nov. 20.—Tech College owns the champion Holstein-Friesian junior two-year old cow of Texas, according to a report just issued by the Advanced Registry of Merit association of America. This information has just been received by W. L. Stangel, head of the animal husbandry department, from H. W. Norton, Jr., of DeLavan, Wis., superintendent of the association.

The name of the cow is Flowerdale Echo Caromis Alta and the record made showed her production of milk to be 13,792 pounds for the year and 427.27 pounds of butter fat. The competition was for Class B.

VETERINARY MAKES TESTS

Dr. S. A. Pittman, associate state veterinarian from Childress is here this week making tubercular tests of the dairy cows of this vicinity.

It is understood that the city officials of Littlefield have ordered that all cows whose milk is being used to serve the citizens of this city must undergo this test.

Tuberculosis in cattle is very uncommon in this section, though occasionally an infected cow is found, hence the precautionary measure that is being taken.

STREET ROLLER STOPS JOY RIDE OF MAN FILLED WITH "OPTIMISM;" OTHERS CONTRIBUTE FINANCIAL AID TO CITY

A young man driving a Ford car, and from all appearances under the influence of "optimism," made a mad dash down Main street, across the pavement barricades and onto the newly laid concrete Friday afternoon. Officer Wynn and Engineer Underwood started after him and found he had collided with the big steam street roller.

The young man was loud in his denunciation of Littlefield. Why should any sane town people allow folks to pile boards, dirt and refuse to say nothing of some "farmer leaving his threshing machine right in the middle of the street" were things he could not soak through his bean.

Just to make him understand he was taken to the city hall where, upon interrogation he gave the name of N. J. Estes and dug up a fine of \$11.45.

Others paying fines last week were R. C. Coleman and B. C. Miers, charged with assault and contributing \$11.45 each to the city treasury. E. L. Pratt and E. A. Grogan, also charged with too freely embibing of joy juice, paid fines of \$11.45 each.

Four Americans buy Zeppelin passages across ocean for \$3,000 each.

TURRENTINE GOES TO CONFERENCE BE HELD IN LUBBOCK

Rev. Geo. E. Turrentine, pastor of the local Methodist church, left Tuesday morning for Lubbock to attend the annual session of the Northwest Texas conference.

Rev. Turrentine has had a very prosperous year here in charge of the local church. There has been a large addition to the membership, a new church building has been started, and the financial condition of the organization is said to be better than ever before in its history. Many of his members are anticipating his return here for another year.

On account of there being no services at the Methodist church here next Sunday, many of the members plan attending the Sunday conference session in Lubbock that day.

Bishop John M. Moore, of Dallas, will have charge of the conference meeting, assisted by the various presiding elders throughout the conference bounds. This conference represents about 400 churches with an aggregate membership approximating 60,000 people. During the session several of the leading ministers of that denomination will deliver sermons. Appointments for the coming year will probably be read out Sunday night or early Monday morning.

DR. T. W. GRICE OF FORT WORTH TO LOCATE IN LFD.

Dr. T. W. Grice, of Fort Worth, is moving to Littlefield, and will be associated with Dr. W. H. Harris in the medical profession here.

Dr. Grice is a graduate of the medical department, Texas State University, and did his interne work in the John Sealey hospital, Galveston and in the St. Joseph hospital, Chicago. He has been practicing medicine for 18 years.

Commenting upon his new location, Dr. Grice stated he had visited a number of probable openings for his profession in this section, and was well satisfied that Littlefield had before it the greatest opportunity of any town he had visited.

He expects to move his family here about the first of the coming year.

COLD WEATHER AND RAIN

Following a heavy rain last Friday covering generally the western part of the state, a 12 inch snow covered the northern Panhandle country the thermometer dropping down to the low mark of 24 in Littlefield, with some rain and various attempts at snow and sleet last Sunday.

Sunday night occurred the first hard freeze of the year, and Monday morning everything was white with frost. Monday there was some moderation and Tuesday was fair again.

ROTARY MEETING

The Littlefield Rotary club met last Thursday at the Presbyterian church with 18 members present.

R. O. Connor, of Littlefield college, and Dr. Pittman, Rotarian of Childress, both made interesting talks.

After the business meeting was closed, Rev. G. E. Turrentine took charge of the program. He gave a very educational talk on "Rotary's Code of Ethics." The guests present were Mrs. F. G. Sadler, R. O. Connor, and Dr. Pittman, of Childress.

A very nice luncheon was enjoyed by all, and was made pleasant by the talks made by the different parties called upon.

MARRIAGE LICENSE GRANTED

Nov. 6, W. W. Brown and Beulah E. Smith.

Nov. 7, John Moore and Mary Sturdivant.

Nov. 9, E. H. Green and Bonnie McBeil.

Nov. 12, Dow Nix and Mattie Bain Griffin.

AUTO HEAD LIGHTS MUST BE CORRECT SAYS CY. MARSHAL

The Texas Automobile Headlight law will be strictly enforced in Littlefield, according to City Marshal Fred Hoover.

He states that the State Highway Department has called to his attention the fact that there has been a laxity of this law's enforcement within the State, and his department has been called on to see that this enforcement will be carried out in this city.

The law provides that every car, whether old or new, have its headlights tested by a license testing station before the state license is issued. The tax collector has instructions to refuse to issue license without the certificate from the testing station showing that the lights have been before the screen and approved and certificate issued at the time of approval. Warning is given to the county test stations and also to the automobile owners and operators that no certificates will be issued except only when the car lights have actually been tested before the screen and approved as specified by law.

Notice is also given that enforcement of the law regarding tail-lights will be strictly made, and it behooves every car owner to have the tail light of his car working properly so that he will not be arrested.

J. C. WHICKER TO HANDLE PROPERTY OF A. P. DUGGAN

J. C. Whicker, well known local realtor, has taken over the handling of the realty interests of Mr. and Mrs. Arthur P. Duggan, devoting his time exclusively to their city and rural property, also the sale of 200 acres of land just opposite the Littlefield

College which has recently been subdivided into five acre tracts and is to be put on the market.

Mr. Whicker is Littlefield's oldest real estate dealer; has had large and successful experience in this particular line. He was formerly connected with the Yellow House Land Co., this city.

JONES-YARBREER

Miss Stella Jones became the bride of Sidney Yarbree, Thursday of last week.

The ceremony was held at her home with her father and mother, Mr. and Mrs. T. I. Jones, as well as several other guests, present.

They will make their home five miles south of Littlefield on the Yellowhouse road.

Pep Paragraphs

Mrs. G. C. Hughes was taken seriously ill quite suddenly last week. The doctor was called in attendance on her. She is now out of danger and on the road to recovery.

Church services at Pep are held on alternate Sundays at 8:30 and 10:30 a. m. Last Sunday the 10:30 services were largely attended. Many from outside the community being present.

J. E. Stingle and F. S. Morphy attended the Simmons-Tech., football game at Lubbock, Saturday.

W. T. Jungman was a Littlefield visitor last Friday.

Little Billy Fortenberry visited the primary room last week and was so delighted with his visit that he prevailed on his mother to allow him to start to school. Billy is a full fledged pupil this week, the first to arrive on the scene each morning. If his present ardor for school persists to maturity, Billy bids fair to make a brilliant scholar.

Little Gerald Jungman was ill a few days last week.

Mr. and Mrs. W. P. Lupton made a business trip to Lea county, New Mexico, Saturday, returning Sunday night. Bennie, Alvin and John Richard Allison returned to school, Monday.

FRALEY TO MIX IT WITH JONSON ON TUESDAY NITE

A boxing match to be staged in Littlefield next Tuesday night at the old skating rink between Lee Fraley, of this city and "Cowboy" Johnson, of Childress.

Both men are said to be skilled battlers of the squared circle. Fraley will weigh in at around 154 pounds, while Johnson will tip the scales at about 162.

Fraley has fought before in Littlefield, giving an excellent exhibition of himself, and there are a host of fans here who are backing him as a winner in the coming combat, regardless of the extra weight of his opponent.

The bill will also include three preliminary bouts by well known local scrappers.

Tickets for the bout are on sale this week and are being bought rapidly.

STORES CLOSE THANKSGIVING

Following a general agreement of the merchants and other business men of this city, it is understood that most of the stores in Littlefield will be closed throughout the entire day of Thanksgiving.

No special program of observance has been planned for the occasion, and many will be out visiting in other towns and communities, while others remaining at home will have invited guests at their tables that day.

Danger of internal strife in Austria grows as Socialists and anti-Socialists stage huge rival parades.

Ten Largest Business Buildings in the World

Comparison of the cubage of the largest buildings in the world shows the Merchandise Mart, to be erected in Chicago, will be more than twice the size of the largest business building ever constructed. Here are the figures in cubic feet:

1. The Merchandise Mart, 53,000,000
2. Chicago Furniture Mart, 25,370,000
3. Equitable Building, New York City, 24,000,000
4. General Motors, Detroit, 20,411,000
5. Union Trust, Cleveland, 20,000,000
6. Railway Exchange St. Louis, 19,892,000
7. Illinois Merchants Bank, Chicago, 17,850,000
8. Continental & Commercial Bank, Chicago, 13,200,000
9. Woolworth Building, New York City, 13,200,000
10. Straus Building, Chicago, 10,000,000

Modern City's Great Need

The modern city is so new that it has had scarcely time to find itself. It has brought into the life of the people so many good things that in general it has been accepted and approved. But leaders of thought should give serious consideration to its defects and should attempt to restore the good that happened to be discarded in its almost overnight development. If the old neighborliness is gone forever, some salutary substitute for it should be sought.—Exchange.

Clean Up Right Now

There is a time for fall planting as well as for the things that should go into the ground in the spring. Garden experts have given advice about such planting, but the general practice always has been to wait until spring. The task would be made much easier if summer's leavings were disposed of now. When spring comes there would be comparatively little to do and all the time could be given to planting and pruning.

For Better Homes

Better Homes in America maintains its headquarters in Washington under the active direction of Dr. James Ford. More than three thousand communities participated in the campaign last year. Better Homes week has been set for April 24 to May 1, 1927, when the programs conducted throughout the year will have their culmination.

Beautifying a Town

Prattville should be made one of the prettiest towns in Alabama. There are many flowers and plants that can be reared at little cost and used to good effect in improving the appearance of our residences.—Prattville (Ala.) Progress.

The Leader for printing.

AT THE CHURCHES

METHODIST CHURCH
Sunday School, 9:45 a. m.
Preaching Service, 11:00 a. m.
Senior and Intermediate Epworth League, 6:45 p. m.
Preaching service, 7:30 p. m.
Bible Study, Wednesday evening.
—GEO. E. TURRENTINE, Pastor.

BAPTIST CHURCH
Sunday School, 9:45 a. m.
Morning worship, 11:00 a. m.
Senior and Intermediate B. Y. P. U., 7:30 p. m.
Evening worship, 8:30 p. m.
Prayer meeting, Wednesday, 8:30 p. m.
—ROY A. KEMP, Pastor.

The general time for services during the winter months is 10:30 o'clock a. m. one Sunday, and 8:30 o'clock a. m., the following Sunday.

When we have 8:30 o'clock services in Littlefield, 10:30 o'clock services will be held at Pep, and vice versa.

Everyone interested has a free access to our church, and is cordially invited by—
REV. CHARLES J. DVORAK, Pastor

First Air Stowaway

Here's Clarence Terhune, 19, of St. Louis, who "stowed away" on the Graf Zeppelin and made the trip across. Discovered as the ship was speeding on its way on the return flight to Germany, the youth was put to work washing dishes.

At the end of 1927 the total resources of Texas building and loan associations was \$92,300,000 and the total membership 162,436.

VEGETARIAN MENU

- Cream of carrot soup
- Lima bean loaf with tomato and creamed cabbage
- Buttered Beets
- Apple and Celery salad
- Steamed pudding
- Non-stimulating drink

Would You Know If You Saw It?

If you ever came face to face with a germ, would you recognize it? course it is not likely that you will see a germ, unless you use a tremendously powerful microscope you would have to make it as small as a pin head. But you should know the fact that these tiny germs enter your blood streams through the smallest cut, and give you typhoid, tuberculosis, lockjaw, fever, poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers—washing every matter low small, thoroughly with Liquid Borozone, the safe antiseptic. You can get Liquid Borozone at Stokes & Alexander Drug Co.

ANNOUNCEMENT

M System has installed a modern Meat Market for your convenience Mr. Dave Beisel is in charge of this department, and will give prompt and Courteous service at all times.

WHAT IS DOING IN WEST TEXAS

Annual Registered Here-
 Auction will be held at
 Texas, on January 30, and
 members of the committee spon-
 sale announce that over a
 head of cattle will be sold.
 will be widely advertised.
 Stealy, of Winters, who was
 of the West Texas Chamber
 Agricultural Motoreade
 in September, produced
 papers which placed together

measure twelve inches. He is pro-
 ducing 400 to 500 bushels of peppers
 per acre.
 Canyon has a Children's Theatre
 which offers juvenile plays for very
 young children. One of its objectives
 is to develop the dramatic and literary
 sense of the child. The plays range
 from "Red Ridinghood" to "Treasure
 Island."
 The authorities at Spearman are
 co-operating with the towns of Per-
 ryton, Woodward, Booker Darouzett,
 Follet and Shattuck in improving the
 roads in that community, particularly
 between Shattuck and Woodward.
 Telephone service will also be improv-

ed.
 Thirty cents per pound is the price
 live turkeys are bringing in Childress.
 Reports from the Childress Produce
 Co. says the supply will be about the
 same as last year. The demand from
 the wholesale companies is good at
 this time, but local demand is not
 heavy.
 November 1, the largest shipment
 of cattle ever shipped over the new
 Fort Worth & Denver Extension from
 Quitaque was loaded. The cattle oc-
 cupied sixty five cars or two train
 loads.
 Material arrives daily at Crowell
 for construction work on the Lee

Highway. A car of steel to be used
 in re-inforced concrete work on cul-
 verts and bridges is the latest to ar-
 rive. Work on this stretch of the
 highway is progressing rapidly.

HAMMOCK SAYS THE VALUE OF BUREAU IS DEMONSTRATED

"With cotton hovering around the
 20 cent mark in New York and the
 price running much lower proportion-
 ally in local markets, Lamb County
 Farm Bureau members have a right to
 be proud of their organization,"
 said J. W. Hammock local representa-
 tive of the Bureau. "Some of our
 members are now getting daily pool
 settlements that are very satisfac-
 tory," he continued, "while others are
 waiting to see how the new plan is
 going to turn out.

"The new Bureau gin here is some-
 thing of which to be proud," said
 Mr. Hammock. Those who are gin-
 ning with us are especially proud of
 the character of staple it is turning
 out—such nice, clean cotton is hard
 to beat. Some of the pulled cotton
 actually looks almost as good as
 middling staple.

"Everywhere throughout the South
 the farmers are coming to learn the
 benefits of co-operation." The growers
 in Oklahoma have already shipped
 more than three times as much cotton
 this year as at the same date last
 season, through their association. In
 12 states that are selling their cotton
 through their associations, there have
 been delivered 84,000 more bales
 this year than at the same date last
 year."

Doctors declare that fasting for 15
 days will restore one's basic metabolic
 rate. If you care for that sort of
 thing.

Tennis Beauty

Ruth Dixon of London is famed
 in the United States and England
 both as an international beauty and
 a tennis star of the first rank.

PERSONAL ITEMS

Mrs. John Porcher was shopping in
 Lubbock, Monday.

Miss Janie Dick, of Rails, spent the
 weekend with Miss Fannie Weaver.

Jeff Horne, of Ballinger, spent the
 weekend in Littlefield with friends.

Mrs. F. G. Sadler was a visitor in
 Lubbock, Saturday.

Joe Burkett, of Plainview, spent
 the weekend in Littlefield.

Lynnie Connell spent the weeknd
 in Roby with his parents, Mr. and
 Mrs. J. S. Connell.

Steve Etter and Gaut Hambright,
 of Roby, spent the weekend here with
 friends and relatives.

Ed Aryan left Friday for Fort
 Worth and Dallas, where he will at-
 tend to business interests.

Clark Adkins and Ed Adkins, of
 Princeton, are in Littlefield this week
 visiting friends.

Miss Lora Arnn and Mrs. F. R.
 Jones were visitors in Lubbock, Mon-
 day afternoon.

Dr. Robert Walthall, of Fort Worth
 is in Littlefield this week looking af-
 ter business matters.

Ben Dolle reports that he has be-
 gun extensive improvements on his
 place a few miles south of town.

Mrs. F. G. Sadler and Mrs. Sidney
 Hopping spent Monday and Tuesday
 in Lubbock, with friends.

Mrs. Max L. McClure and small
 daughter, Betty, are in Littlefield this
 week, visiting Max L. McClure.

Mr. and Mrs. Ray Jones have
 changed their address this week to
 that of Mrs. C. R. Singers home.

F. M. Bursleson returned to Little-
 field from Post, where he was called
 to conduct the funeral of J. B.
 Slaughter.

Lee Brownfield, who resides in
 Southmoor addition, has been ill with
 a slight case of the flu, but is some-
 what better this week.

W. H. Badger left Sunday for
 Wichita Falls to bring Mrs. Badger to
 Littlefield, where they will spend the
 winter.

Joe E. Ward, of the Montgomery
 & Ward Engineering company, was
 in Littlefield last week looking after
 the paving.

W. E. Humphries, proprietor of the
 Piggly Wiggly stores in Lubbock, was
 in Littlefield last week visiting and
 enjoying a hunting trip.

Mrs. Herring Lance and daughters,
 June and Joyce, arrived in Lubbock
 Friday night and were accompanied to
 Littlefield by Carl and Miss Doris
 Williams.

Mrs. G. E. Turrentine arrived in
 Littlefield, Sunday from Wortham,
 where she was called to attend the
 funeral of her father.

Mr. and Mrs. Sam Hameed, and
 Mr. and Mrs. Jasper Brown, of La-
 mesa, spent the weekend with Mr.
 and Mrs. Ed Aryan.

Mrs. L. W. Berry and son, J. A.
 Cornelius, of Throckmorton, spent
 the weekend with Mr. and Mrs. T. A.
 Henson and family.

John W. Blalock left Saturday for
 Frederick, Oklahoma, from where he
 will bring land prospectors back to
 Littlefield this week.

P. W. Penner is beginning construc-
 tion of a new house and barns, as
 well as a new windmill tower on his
 place three miles west of Littlefield,
 this week.

Luke Hargrove is this week com-
 pleting a filling station located on
 the same lot with the Magnolia whole-
 sale house. It will be opened to busi-
 ness in a few days.

J. B. Massingale, who has been in
 the hospital at Lubbock for several
 weeks as a result of injuries received
 in an automobile accident, has return-
 ed to Littlefield and is convalescing as
 well as could be expected.

The following Littlefield ladies at-
 tended a party given by Mrs. Art
 Chesher at her home in Lubbock, Sat-
 urday afternoon: Mesdames J. W.
 Porcher, Billie Harris, Dick Johnson,
 T. Wade Potter, Otha Key, and Kirk
 Albright.

SHERIFF'S SALE

THE STATE OF TEXAS,
 County of Lamb

Whereas, on the 3rd day of Decem-
 ber, A. D., 1927, in a certain
 cause, numbered 166 on the docket of
 the District Court of said county,
 wherein the Olton Independent School
 District is plaintiff and F. L. Hender-
 long is Defendant, the said plaintiff
 recovered judgment in the amount of
 Five and 78/100 (\$5.78) dollars for
 taxes, and legal amount penalties,
 costs and interests computed thereon,
 together with the foreclosure of
 plaintiff's delinquent tax liens upon
 the property hereinafter described as
 the property of the defendant, be-
 cause of the non-payment of the taxes
 due thereon;

And whereas, on the 27th day of
 October, A. D., 1928, by virtue of the
 said judgment and the mandates
 thereof, the Clerk of the District
 Court of said county did cause to be
 issued an Order of Sale, commanding
 me as Sheriff of said County to seize,
 levy upon and sell in the manner and
 form as required by law the herein-
 after described property as the prop-
 erty of the above defendant, to sat-
 isfy the said judgment.

Wherefore, by virtue of the said
 Order of Sale and the mandate there-
 of, I did on the 5th day of November,
 A. D., 1928, seize and levy upon as
 the property of the above defendant,
 the following property, to-wit:

Being all of Lot No. Four (4), in
 Block No. Forty-three (43), and Lot
 No. Seven (7), in Block No. Forty-
 eight (48), in the town of Olton,
 Lamb County, Texas.

And I will on the first Tuesday in
 the month of December, A. D., 1928,
 the same being the 4th day of said
 month, proceed to sell said property
 at the Court House door of said county,
 in the town of Olton, Texas, be-
 tween the hours of 2 o'clock p. m.
 and 4 o'clock p. m., to the highest
 bidder for cash all the right, title and
 interest of the above defendant, in
 and to the above described property;
 subject, however, to the rights of the
 defendant, to redeem same in the time
 and manner provided for by law, and
 subject to the further rights of the
 defendant to have said property di-
 vided and sold in less divisions than
 the whole. And in event there are no
 bidders, said property will at said sale
 be bid off to the State.

LEN IRVIN, Sheriff Lamb County,
 Texas. By Pearl Strawn, Deputy.
 Olton, Texas, November 5th, A. D.,
 1928.

SHERIFF'S NOTICE OF SALE

THE STATE OF TEXAS,
 County of Lamb:

Whereas, by virtue of a certain Or-
 der of Sale issued out of the District
 Court of Lamb County, Texas, on a
 judgement rendered in said court on
 the 22nd day of November, 1927, in
 favor of the said J. P. White Com-
 pany, a corp., and against the said
 Yellow House Land Co., a Trust Es-
 tate, and J. F. Dusterhaus and S. A.
 Dusterhaus and being No. 266 on the
 docket of said Court, I did, on the
 3rd day of November, 1928, at 10:00
 o'clock A. M., levy upon the follow-
 ing described tracts and parcels of
 land situated lying and being in the
 County of Lamb, State of Texas, and
 belonging to the said J. F. Duster-
 haus and S. A. Dusterhaus, to-wit:

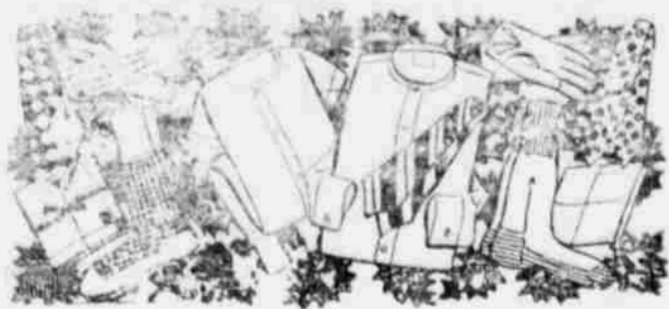

"Being all that certain lot, tract or
 parcel of land lying and being situat-
 ed in Lamb County, Texas, and being
 known and described as being all of
 Labor No. Twenty-two (22), in Cap-
 itol League No. Six Hundred Eighty
 (680), containing 177.1 acres of land,
 in said County of Lamb and State of
 Texas."

And on the fourth day of Decem-
 ber, 1928, being the first Tuesday of
 said month, between the hours of ten
 o'clock and four o'clock P. M., on
 said day, at the court house door of
 said county, I will offer for sale and
 sell at public auction, for cash, all
 the right, title and interest of the
 said Yellow House Land Company, a
 Trust Estate, and J. F. Dusterhaus
 and S. A. Dusterhaus in and to said
 property.

Dated at Olton, Texas, this 3rd
 day of November, 1928.
 —LEN IRVIN, Sheriff of Lamb Coun-
 ty, Texas. By Pearl Strawn, Deputy.
 November 8, 15, 22, 1928.

KEEPING EXPENSE BUDGET IS ONE OF ESSENTIALS OF WHICH GOOD BUSINESS GENIUS HAS LAID STRONG FOUNDATION

By S. W. STRAUS, President American Society For Thrift
 "Working without a plan is sailing without a compass," says the old proverb and it can well be applied to the administration of one's personal affairs. One of the first essentials in making

SHIRTS AND TIES AND SOCKS AND GLOVES AND EVERYTHING

Everything a man needs for Fall wear—highest grade haberdashery at moderate prices. Shirts and ties that you'll be proud to wear; all grades; something for every one's taste; bright colors as well as conservative shades. New Fall gloves in brown and gray mocha and buckskin. Sox with real "sox appeal." This is the store for the man who likes to be well dressed.

SPECIAL PRICE REDUCTION ON SUITS AND OVERCOATS

Cuenod's Dry Goods Company
 T. S. SALES, Mgr.
 We will be Closed Thanksgiving Day
 Littlefield, Texas

plans is to keep a budget. This may seem a trivial matter yet it is the only method by which any person can plan his financial affairs—scientifically or develop greater efficiency in personal economies.

A man who is often referred to as a business genius recently said: "Early in life, when a boy, I formed the habit of jotting down a record of every penny I spent. This taught me the value of system and frugality. I soon found myself able to save a little money. As I grew, I developed habits of general thrift from this simple beginning, and, with a small amount of capital thus available when I reached the age of maturity, I was able to take advantage of opportunities that led to subsequent success."

Many other men who have achieved great success in the business world could give similar testimony.

Every business concern keeps a strict account of every penny received and spent, and a business which transacted its affairs in any other manner would be most incapably managed.

The value of budget keeping is especially applicable to the young, for the habit thus formed early in life is quite apt to be carried along as a permanent routine.

If you are endeavoring to get ahead in the world and be prepared for the rainy days that come into all lives, adopt first of all the rule of keeping an accurate daily record of your expenses. You will find that by the adoption of this system your progress in thrift will be made doubly

easy and you will soon be surprised at the difference these well-ordered practices make in the amount of your savings.

COLLEGE NEWS

F. F. Moore and wife of Abilene, visited here from Tuesday until Thursday of last week. Mrs. Moore has three sisters and a brother living at Littlefield, namely, Mrs. O. A. Burk, Mrs. Jno. R. Freeman, Mrs. Z. C. Thompson, and John Stone.

The members of the Chamber of Commerce had luncheon at the college cafeteria last Tuesday. The college quartet furnished some songs by way of entertainment. It is understood that the Chamber of Commerce will dine at the cafeteria every Tuesday.

R. O. Connor and R. F. Duckworth of Dallas, arrived last Wednesday. Mr. Duckworth was here only a short time, but Mr. Connor will probably be here several days yet, attending to school business. Mr. Connor intends to begin traveling in interest of the school again in a few days. In this work he will probably be accompanied by Alva Johnson, of Turkey, Texas.

M. L. Waller, of Dallas, head of the college construction work, arrived Friday afternoon in order that he might attend to matters of interest to the school. He made a trip back to Lubbock late Friday on school business and returned to Dallas, Saturday.

M. L. LYNN, AUCTIONEER

That auction should be conducted by an auctioneer who knows current values and has had the experience. My reference is the first man you meet.

SEE ME FOR SALE DATES
 Phone 152, LITTLEFIELD, P. O. Box 311

Mrs. Otis Morton, of Falls, spent most of last week here visiting relatives. Mr. Morton accompanied by his sister, came after Mrs. Morton, Sunday.

Marvin Martin visited his brother, Oran, last Sunday. It had been hoped that Marvin, who has been working in South Texas, could be in school this winter, but he probably will not. He was in school at Gunter last year.

Mr. and Mrs. L. C. Gregg and one of their sons, Verner, have been visiting Luther Gregg. They are well pleased with this country and with the school and are contemplating making Littlefield their home instead of Colorado, Texas. Mr. Gregg and his son, Verner, each contracted for one of the 10-acre farms.

The Terry county teacher's institute is to meet at Brownfield this week. President Freeman has been placed on the institute program for Friday. The college quartet will probably accompany Mr. Freeman to Brownfield when he goes.

It seems that the Plains weather has been giving the new-comers and the visitors of Littlefield an introduction to winter in the West during the past few days.

Several days ago Jno. R. Freeman and his family were gone from home, and when they returned, they found the following note on their ice box: Probst and Ruby Lee Probst came by to see you. Think you have a nice place for school." Mrs. Ruby Lee Probst, nee Wallace, is the daughter, grain and feed dealer, also a ginners, D. C. Wallace, who is a coal, one of one of Gunter's leading business. Mr. Wallace was a great friend to the school at Gunter and Ruby Lee was one of the students. So far as Mr. Freeman knows Mr. and Mrs. Probst are living at Vernon, Texas, where they have been for some time.

Misses Juanita Connor, Aileen Lavender, Arla Wheeler, Canzadie McAngus, and Noma Atchison spent Thursday afternoon in Lubbock. It was a shopping and pleasure tour.

Victrola Club Meets
 The Victrola club, which meets alternating Saturday nights, met last Saturday and entertained the student body and others with an interesting program. Many fine selections of music were presented, along with humorous readings by members of the club.

Student Gets Package
 "What, no mail?" asked Mary Elizabeth Smith, disappointedly.

"Oh, yes, here is a package," answered the postman.

Mary's eyes began to open wider in seeing the large package thrust out the window to her. She took it and rushed up to her room excitedly. You've heard of people falling down stairs, but did you ever hear of anyone falling up them? Well, in her anticipation, Mary fell up the stairs. She lost no time here, however, as she was too thrilled over her package to think of herself. All the girls were following her to her room.

When she reached it, she began pulling the strings and tearing the paper. At last the box was opened and what do you think was in it? A poor, frightened little mouse was there, with a string tied to its right front leg. All the girls were terribly frightened. They began running in every direction, standing on chairs and tables, and screaming to the tops of their voices. It seemed that even a lie would not have had the effect or created the sensation, that this frightened little mouse did.

METHODIST MISSIONARY

The Methodist Ladies Missionary society met at the Methodist church Monday afternoon. The lesson for the week was the last chapter of the study book, "Women and the Kingdom," led by Mrs. G. S. Glenn, who was assisted by Mrs. Van Clark, Mrs. A. G. Hemphill, and Mrs. B. L. Cogdill.

The meeting next week will be held as a social, and all members are urged to attend.

Plans were discussed for the societies part of the P-T. A. carnival, that will be held at a near date. Those present at the above meeting were Mesdames Claude Thaxton, Carl Arnold, Herbert Teal, Van Clark, B. L. Cogdill, A. G. Hemphill, John Keithley, R. A. Davis and G. S. Glenn.

BAND GOES TO OLTON FOR LAST COUNTY GAME

The Littlefield high school football team will play their final game of the season next Saturday afternoon with the Olton aggregation at the county seat.

Bandmaster Conrad Lam is authority for the statement that the Littlefield band will accompany the local delegation across the sand hills for the gridiron scrap. The high school pep squad will be present in all its vocabulary and paraphernalia, and several local business men are planning taking the trip.

MEN OUT NUMBER WOMEN ENROLLED AT TECH CO.

Lubbock, Texas, Nov. 20.—figures from the Registrar show a total enrollment for the 1927-28 school year of 1807 students in Texas Tech college. Of this number 1087 are men and 719 are women.

NEW BUTCHER SHOP

Dave Beisel has purchased \$2,700 worth of up-to-date equipment and opened a butcher shop M System store here, which runs in connection with that on

NOTICE

SHERIFF'S SALE THE STATE OF TEXAS, County of Lamb

Whereas, on the 3rd day of October, A. D., 1927, in a cause, numbered 137 on the docket of the District Court of said county wherein the Littlefield Independent School District is plaintiff and E. R. Harris, E. A. Logan and E. Hershberger are Defendants, said plaintiff recovered judgment for the amount of Ninety-two dollars and thirty-four cents (\$92.04) dollars for taxes, amount penalties, costs and computed thereon, together with foreclosure of plaintiff's tax liens upon the property after described as the property of the defendants, because of the non-payment of the taxes due thereon.

And whereas, on the 27th day of October, A. D., 1928, by virtue of said judgment and the order thereof, the Clerk of the Court of said county did cause to be issued an Order of Sale, come as Sheriff of said county, to levy upon and sell in the manner as required by law the after described property as the property of the above defendants by the said judgment.

Wherefore, by virtue of said Order of Sale and the mandate of the Court, I did on the 5th day of November, A. D., 1928, seize and levy the property of the above defendants the following property, to-wit: Labor No. Nine (9), in Lot Six Hundred Sixty-six (666) containing 177 acres of land in County, Texas.

And I will on the first day of the month of December, A. D., 1928, the same being the 4th day of the month, proceed to sell said property at the Court House door of the county, in the town of Olton, Texas, between the hours of 2 o'clock and 4 o'clock p. m., to the highest bidder for cash all the right interest of the above defendants and to the above described subject, however, to the right of the defendants to redeem same in and manner provided for by law, subject to the further right of the defendants to have said property sold in less than the whole. And in event the bidders, said property will be bid off to the State.

LEN IRVIN, Sheriff Lamb County, Texas. By Pearl Strawn, Olton, Texas, November 8, 1928. November 8, 15, 22, 1928.

SHERIFF'S SALE THE STATE OF TEXAS, County of Lamb

Whereas, on the 3rd day of October, A. D., 1927, in a cause, numbered 148 on the docket of the District Court of said county wherein the Littlefield Independent School District is plaintiff and E. R. Harris, E. A. Logan and E. Hershberger are Defendants, said plaintiff recovered judgment for the amount of Ninety-eight dollars and thirty-three cents (\$98.33) dollars for taxes, amount penalties, costs and computed thereon, together with foreclosure of plaintiff's tax liens upon the property after described as the property of the defendants, because of the non-payment of the taxes due thereon.

And whereas, on the 27th day of October, A. D., 1928, by virtue of said judgment and the order thereof, the Clerk of the Court of said county did cause to be issued an Order of Sale, come as Sheriff of said county, to levy upon and sell in the manner as required by law the after described property as the property of the above defendants by the said judgment.

Wherefore, by virtue of said Order of Sale and the mandate of the Court, I did on the 27th day of November, A. D., 1928, seize and levy the property of the above defendants the following property, to-wit: Labor No. Two (2), in Lot Six Hundred Sixty-six (666) containing 188 acres of land in County, Texas.

And I will on the first day of the month of December, A. D., 1928, the same being the 4th day of the month, proceed to sell said property at the Court House door of the county, in the town of Olton, Texas, between the hours of 2 o'clock and 4 o'clock p. m., to the highest bidder for cash all the right interest of the above defendants and to the above described subject, however, to the right of the defendants to redeem same in and manner provided for by law, subject to the further right of the defendants to have said property sold in less than the whole. LIVE STOCK NEWS
Beware Cholera in Buying Hogs
 (Continued from the Littlefield State Journal, November 1st.)
 The number of hogs purchased and brought to farms as stockers and for feeding purposes has increased considerably from year to year, according to official records. These hogs are bought from various sources, some of them locally from farmers, others through local dealers, but most of them are shipped from the large stockyards. Last year 468,297 hogs changed hands at such places. No records are available to show the number purchased locally for this purpose, but it is safe to say that from all sources more than half a million feeder hogs were distributed to farms.
 Following the severe outbreak of hog cholera in the fall of 1926, there were moved from officially supervised stock yards to farms, for restocking purposes, 400,375 hogs in six months. Some losses have been experienced by farmers in the purchase of stocker hogs. In animals shipped from such stock yards the losses from various wine diseases have ranged from 2 to 7 per cent. Hogs purchased at stock yards where federal inspection is maintained are treated against hog cholera before shipping and the losses from that disease consequently have been low.
 The danger of losses from hog cholera is greater in the hogs purchased from local dealers and at public sales. The feed lots, stock pens and yards through which these hogs are handled locally are usually infected, and a large portion of the animals handled there have not been immunized against hog cholera. The possibility of hogs contracting the disease at these points must not be overlooked.
 All buyers of feeder hogs bringing such animals on their premises should have absolute knowledge, no matter from what source they buy, that the hogs have been treated against cholera. In the absence of proof that they have been so treated hogs bought locally should be given the preventive serum treatment as soon as they reach destination. Under no circumstances should newly purchased hogs be placed with the original herd on the farm. They should be kept separate for at least 21 days, regardless of the origin of the shipment.

SOME HONOR PUPIL!
 Chicago.—Joseph McKay, who was an honor pupil in the Central High School last year, has confessed robbing seventy homes in Evanston. University professors and teachers at the high school whom he disliked were the chief victims. McKay worked alone.

About 52,000,000 acres of public lands of Texas have been appropriated for public schools purposes in this state.

CHARGED WITH FORGERY
 Two men giving their names as S. E. Gray and E. F. Black, were arrested Saturday night in a local rooming house by Officer Hoover on a charge of forgery.
 It is stated by officers that checks, forging the name of a man by the name of Allen, residing in this community, were passed at two of the local dry goods stores. The merchants later becoming suspicious, the officer was notified, their room searched and the goods recovered.
 Wednesday morning the two men were turned over to Sheriff Irvin who took them to Olton, where they will be held for the grand jury which convenes next Monday.

AN INSPIRATION
 Have you an interesting picture in the kitchen—hung where it catches your eye many times during the day?
 In this sensible age, you know, no one denies the appropriateness—if not the psychological necessity—of a glimpse of sunny, winding road over country hills when one is confined at kitchen tasks. Or perhaps the picture might be some fragrant, old-fashioned garden, or of a child at play.
 Cheerful scenes in the kitchen are often invaluable, both for decorative purposes and as a counter-irritant.

Johnson Wright, of Missouri, bequeathed 120 acres of land to the Almighty, who was designated in the deed as the "party of the second part."

Clipping Horses During Spring Quite Important
 When horses have been so fed and groomed during the winter that their coats are comparatively short, clipping is not so essential as when the horses have run out hair or less or have wintered on coarse feeds with little work. Horses that have a long heavy hair coat are not in condition to work in that they sweat easily and quickly and their long, heavy hair will soon become saturated with perspiration and they will remain uncomfortable for hours after stopping work. Horses are very likely to take cold or suffer from muscular soreness as a result of this treatment. If the horses are clipped before being put to heavy work they will not suffer from excessive perspiration and when put in the stable after a day in the field they will be comfortable and in no danger of taking cold.
 The question of health is not the only advantage to be derived from clipping. Clipping will pay on account of the saving of labor in grooming of horses having a heavy coat during the season when the hair is shedding off. Grooming under the best conditions is a disagreeable task, and it is annoying to have the loose hairs flying in one's face or covering the clothing when driving or working horses that are shedding freely.

Treatment for Rupture in Colts Is Outlined
 It is not uncommon to see a foal with a ruptured condition of the navel. This is called umbilical hernia and causes grave concern to the owner; but happily it tends gradually to disappear as the foal grows and the abdomen increases in size. In some cases, however, the rupture increases in size and then requires an operation for its removal. To hasten disappearance of a small navel rupture tincture of iodine may be applied two or three times a week.
 Some owners prefer to blister the part with cantharidine ointment or dilute acid, while others contrive a truss of sole leather to press constantly upon the part. For a truss to succeed it should be kept in place with a harness partly made of suspender elastic, so that the breathing motions of the animal will not be impeded.

Rape Good for Sheep
 Rape constitutes a very good pasture for sheep. It has good fattening qualities, and is prized for finishing lambs for market. Caution must be exercised in starting sheep on rape. They should be given a partial fill of hay before turning them on it the first time, and it should always be combined with some other pasture if possible. On rainy days and mornings when the rape is wet with dew, the sheep should be kept on the pasture as the wet rape often causes bloat.

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office at Littlefield, Texas, under the Act of March 3, 1879.

JESS MITCHELL

Editor and Publisher

Subscribers who change their addresses, or fail to get their papers, should immediately notify this office, giving both new and old addresses.
Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out.

Obituaries, cards of thanks, and resolutions of respect will also be charged at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Behold, the nations are as a drop in the bucket, and are counted as the small dust of the balance.—Isaiah 40:15.

Lift thyself up, look around, and see something higher and brighter than earth, earthworms and earthly darkness.—Jean Paul Richter.

LET'S SETTLE DOWN

With the election over, and nothing but the weather and taxes left us as subjects for argument, how about settling down to our knitting and making up for whatever time we lost by arguing politics?

One fine thing about most of our people is that they refuse to take their politics too seriously. They have long ago learned that, regardless of a man's political affiliations, if he is big enough to run for president he is big enough to look after the duties of the office if he is elected.
Another fine thing is that this isn't a one-man government. Like a big, perfected machine, with some 110 million units fitting into each other and all working pretty much in unison, it runs along smoothly and grows greater and stronger year after year.
We've learned that after all, we're working toward one common end, and that the welfare of ourselves and our neighbors. We've learned that we are one big family, and that political family disagreements are soon forgotten, and happiness comes as we return to our various jobs and places of activity.

So, with the contest over and the political smoke of battle cleared away for another four years, it's time for everybody in and around Littlefield to get back on the job, roll up his sleeves—and smile.
Maybe it resulted the way you wanted it to, and maybe it didn't. But it's still your country, it's still worth working for, and it's still the best place on the face of the earth to live in.

Now and then you meet a man who doesn't bother about having a good conscience so long as he has a good lawyer.

FRIENDS INCREASING

The Leader very much appreciates the steady and constant increase in its subscription list. Never a day passes now but new subscribers are added or old ones renewed for another year, and all without any contest of any kind or any special inducements.
Such increase bespeaks the favor of this newspaper with the public generally, for which we are indeed grateful.

We especially appreciate the constantly increasing number of subscribers from the surrounding country. They find this newspaper not only a source of news but a medium of value because of the advertising it brings to them.
Perusing its pages often means the saving of many dollars to the subscribers. Subscribers frequently tell us we put out the best weekly newspaper in West Texas. Thanks for the compliment. It is our endeavor to always produce a paper of which the entire community may well be proud.

Still another dandy thing to take out of politics would be some of the fellows who are in it.

WHY A HYBRED?

It's an old saying, "there must be a head to anything to insure success," and, apparently, the kind of head any-

thing has to it determines largely the character of its success.

Recently a German scientist has succeeded in grafting the heads of certain insects upon the bodies of other bugs, and, in so doing, has discovered the phenomem that the head of an insect invariably determines its sex and habits of life.

For instance, when a female head was grafted on the trunk of a male, the insect at once assumed all the instincts and properties of the female.

A dung beetle equipped with the head of a June bug immediately attempted to climb trees, despite the fact that its legs were not adapted to this purpose, while a June bug on which was grafted the head of a dung bug at once began to burrow in refuse matter and never again left the ground.

Now if we could get this German scientist to graft the heads of some of the local Rotarians onto the bodies of some of the Chamber of Commerce members it might be better for Littlefield in general. At the least, it would hurt neither organization.

Before trying to love your neighbor as yourself it's always a good idea to make sure she's single.

"NO HUNTING" SIGNS

If you'll make inquiry of most any Littlefield hunter he will tell you that "No Hunting" and "Posted" signs are thicker in this state than ever before, and that each year sees an increase in their number. But if he is a good hunter, and a real sportsman, he will not censure the land-owners for erecting such signs.
On the other hand he will tell you that careless hunters, those accustomed to disregarding the property of others, are really to blame. It was their unnecessary destruction of property, and their discourtesy and greediness that brought the "No Hunting" signs in increasing numbers.
Careless shooting when livestock is around, tramping down crops, breaking down fences or leaving open gates made these signs necessary, though it has worked a hardship on courteous, careful and gentlemanly hunters. That's the reason—and it's about the only reason—for the "No Hunting" sign.

It is just a little more evidence that some people are never satisfied until they "kill the goose that lays the golden egg."

Early to bed and early to rise and you miss seeing a good deal that doesn't go on in the daytime.

HAVE AGE LIMIT

Portales youngsters who have exercised the prerogative of piloting the family automobile through or over—as you like it—the streets of that city, must "watch their step" in the future if they heapep to be off the off side of the 14 year old limit, for that city has recently passed an ordinance forbidding anyone under 14 years of age to drive an automobile on the public highways of that municipality.

Numerous other cities, in the interest of human welfare, have passed similar ordinances. In Littlefield it is no uncommon sight to witness a youngster who can scarcely peep over the steering wheel driving a car down Main street, and there have been accidents, more or less serious from just such causes.

Such an ordinance ought to be adopted and enforced in this city.

Highbrows get the publicity, but the country still is safe in the hands of people who eat breakfast in the kitchen.

A LATE THANKSGIVING

Since November is a month of five Thursday's, Thanksgiving Day this year is going to come much later than usual. In fact, we will hardly get our Thanksgiving dinner digested until it will be time to start our Christmas shopping.
The observance of Thanksgiving comes this year on the 29th of November, thus leaving something less than a calendar month between it and Christmas. However, any time is a good time to be thankful, and this year, generally speaking, we have as much to be thankful for as we have ever had when the great national holiday rolled around.

If we can't find anything else to be thankful for between now and November 29, let's give thanks that the election is over and that we will have a rest of at least a couple of year's before the politicians begin stirring us up and lining us up for another contest.

There is no accounting for tastes. Some women enjoy bridge parties while others prefer funerals.

MISCHIEVOUS MOLES

It may interest a lot of people around Littlefield who make their living out of the soil to learn that one of the latest bulletins from the U. S. Department of Agriculture lists the mole as one of the most destructive of pests. Its menace comes through the displacement and tearing up of plant roots, mostly in gardens, and in fluffing up the soil so that it dries out quickly.

The Department discourages the use of poisons in eradicating the pests, and insists that trapping has so far proven the most satisfactory method, even though it requires extraordinary patience and skill.

Figured in terms of dollars and cents, the damage and destruction wrought by moles each year runs into the thousands. For that reason Uncle Sam lists them as a nationwide nuisance, and urges constant warfare upon them.

LITTLE LEADERS

Wonder what has become of the old-fashioned Littlefield boy who could play a Jew's harp?

The average Littlefield woman's idea of making a fool of her husband is to let him have his own way.

The greatest philosopher we know of in Littlefield is the fellow who is always saying "Don't worry!"

A Littlefield woman's first duty is to her home, then her hair—and then she can mix up in anything she pleases.

Ever notice that when a Littlefield man arranges to go somewhere and it rains he says he might as well quit trying to do anything?

People who still cling to the notion a Littlefield school teacher has an easy job must love their children more than they understand them.

About all we get out of being acquainted with some Littlefield people is a chance to hear them say disagreeable things about other people.

We suppose when some Littlefield women get to heaven the first thing they'll do is spit on their robes to see if they are all- linen.

Styles change, but every now and then we still see on the streets of Littlefield some fellow whose trousers fit snug under the armpits.

DOCTOR FRANK CRANE SAYS

WAR ANYWHERE DISASTROUS

President Coolidge delivered a message on Decoration Day of this year in which he pointed out the fact that no matter where a war might break out in the world it would be prejudicial to this country.

War is simply lawlessness and destruction and the commercial interests of the United States today are so widespread, our investments and trade relations are so far reaching that it is almost impossible to conceive of any conflict anywhere on earth which would not affect us injuriously.

The President also stressed the fact that the United States is engaged in warfare only for the protection of American citizens. It is incumbent

upon every nation to protect its own citizens.

Unfortunately the plan of Woodrow Wilson for a league of nations did not receive universal support. While this writer enthusiastically supported Mr. Wilson's idea he holds no brief for any one plan.

Equally to be approved are the efforts of Secretary of State Kellogg to conclude a treaty with European powers for the complete outlawry of war. Just so we arrive at a stage of civilization where war is not countenanced and glorified it makes no difference by what route we get there.

Mr. Coolidge also laid stress upon the best argument of the most intelligent pacifists, to wit, that "the chief defenses of America lie not in her armed forces but in the industry, prosperity and patriotism of her people; these are of far greater importance than preparedness."

The same day at Thiaucourt, France, General Pershing addressed an audience where he said that "millions of graves cry out against war, and the big nations must show the way to durable peace."

He continued that war threatened civilization because of the "fallacious theory that war is an essential element in the national policy of a government," and an erroneous belief that nations become great through aggressive undertakings.

General Pershing insisted that history disproves that the expansion of one modern civilized nation at the expense of the other can be permanent. "There would appear to be no longer any reason," he said, "why the leading civilized powers could not agree among themselves to the general principle of the elimination of war as an avowed instrument of national policy."

It need not interfere with the necessities of reasonable armament, he said, "nor the fulfillment of consistent obligations."

The day is coming when public opinion, that final arbiter of destiny, will rapidly turn against war.

MRS. BOONE ENTERTAINS

The Thursday Bridge club met Saturday afternoon at the home of Mrs. Pat Boone.

Delicious refreshments, consisting of nut pie and coffee were served after an enjoyable afternoon of bridge.

The following members and guests were present: Mesdames F. G. Sadler, W. G. Street, W. O. Stockton, Marvin Stokes, P. W. Walker, Harry Wiseman, E. S. Rowe, J. C. Tuttle, C. L. Harless, John Arnett, C. E. Cooper, C. C. Clements, J. S. Hilbun, Misses Josie Hilbun, Dahlia Hemphill and Mrs. Hollis Wingo, of Lubbock.

VOTED WATER BONDS

Sudan last week voted 88 to 27 in favor of the issuance of bonds for a municipal waterworks.

JESS' JOSH

There is a new clerk down at Stokes' drug store and at his expense the following story is going the rounds:

A few days ago two local citizens stepped up to the soda fountain of that dispensary, one of them asking for ice cream sodas for the two. "We've just made a bet of ice cream sodas. We'll have them now and when the bet is decided the loser will come in and pay for them."

So they had their sodas and were departing when the new clerk asked what the wager was. "Well," said the spokesman, "my friend here bets if we ever have an earthquake in Littlefield the third story of the First National Bank building will topple over and hit the Yellow House building about the middle of the windows on the lower floor, and I'm betting it won't."

Another one is being told on a local cit., who went up to Amarillo recently, and during the course of his nocturnal prereginations some one put him next to a filling station where he could get a drink.

Rushing in excitedly he called to the bootlegger: "Speed up, my friend. 'Give me a shot before the trouble starts."

The bootlegger obligingly handed him over a full pint and he commenced guzzling it down.

"What is this trouble that's going to start," he queried.

"Oh, there'll be plenty of it, replied the l. c., 'I haven't any money to pay for this whiskey."

Carl Arnold says he knows a fellow who thought he had influenza and by mistake took some gasoline for medicine. Now instead of sneezing he hanks like a Chevrolet.

The road to heaven may be straight enough but we know a lot of folks that wobble on the way.

Prof. Irvin says the reason some of the Littlefield girls are letting their hair grow out is for protection when they go through the windshield.

Golter is said to be becoming prevalent among young women. Perhaps another argument against necking parties.

AMON G. CARTER, President.

WHY FARMERS SHOULD KEEP A BANK ACCOUNT

Farmers, as a rule, keep no book of accounts. Their bank deposit book affords them a complete record of their cash receipts, while the stubs of the check book are a perfect record of expenses and payments. Paying a laborer, a store account, or any other bill with a bank check is much safer than with money, because the person receiving the check must endorse it and the check being returned to the maker by the bank, can be preserved as a receipt. Money deposited in a bank is not so easily and so often "folded away" as when carried around in one's pocket. Farmers: make the experiment for one year of keeping a bank account and see if it does not pay you. A large number of the best farmers have accounts with us.

We are desirous of having more farmer's accounts, even though small, for in this locality, where mixed farming is preached and practiced, their accounts are sure to grow larger.

SAVE AND HAVE!

We solicit your business, promising every accommodation consistent with prudent banking.

**COMMERCIAL BODY
 ENJOYS MEETING
 AT COLLEGE CAFE**

Officials and members of the Lit-
 tlefield Chamber of Commerce held
 their weekly luncheon meeting last
 Tuesday at the Littlefield College Caf-
 eteria. There were about 20 present
 to enjoy the fine chicken dinner and
 all its appetizing accompaniments so
 excellently served by Mr. and Mrs.
 L. A. Gastinel, managers of the cafeter-
 ia. The members present were all
 loud in their praise of the delightful
 menu and courteous service accord-
 ed them.

The principal business of the oc-
 casion was the ordering of a census
 to be taken of Littlefield and its sur-
 rounding territory. It was pointed
 out by members that on account of
 the rapid growth of both town and
 surrounding country during the past
 recent months such a census would
 be advisable for many reasons. It
 would acquaint the body with the
 total population of both city and
 trade country; it would give business
 men here a complete mailing list; val-
 uable data would be secured relative
 to other business interests seeking
 location here, and such data would
 also be of considerable worth to the
 local school interests. A committee
 was appointed to look after the cen-
 sus taking and a day is to be set soon
 when that work will be undertaken.

A committee was appointed to in-
 terview the local merchants relative to
 closing their places of business next
 Friday afternoon during the football
 game here between Littlefield and
 Crosbyton.
 Interesting talks were made by R.
 O. Connor, Dr. Grice, Dr. Pittman,
 Dr. Simpson, and others.
 It was noted that the regular Tues-
 day noon meetings would in the fu-
 ture be held at the College cafeteria.

**DISTRICT COURT IN
 LAMB CO. HAS FULL
 DOCKET, NOV., 26**
 The Lamb County District Court
 will convene November 26th, and
 present indications are that Judge
 Chas. C. Clements, presiding, will be
 confronted with a heavy docket at the
 coming term, many of the cases be-
 ing considered quite important.
 Cases filed to date are as follows:
 Cal Scott, et al vs. Wade Davis,
 Whaley Lbr. Co. vs. J. Pickrell,
 Higginbotham-Bartlett Co. vs. Bow-
 man Const. Co., debt.
 Fred Young vs. South Plains
 Coaches, personal injury.

 penter, debt.
 Littlefield Properties vs. Geo. A.
 Stagers, et al, debt and foreclosure.
 F. Pilley vs. Charles C. Covert et
 al, debt.
 J. C. Hibun vs. W. W. Kick, debt.

PRESBYTERIAN AUXILIARY
 Mrs. W. G. Street entertained the
 ladies of the auxiliary at her home
 Tuesday afternoon.
 After a short business session, Mrs.
 J. S. Hilliard led the devotional, hav-
 ing for her text the 51st Psalm.
 The meeting was then turned over
 to Mrs. Harry Wiseman who was in
 charge of the lesson on "Siam," and
 she gave a very interesting descrip-
 tion of that country and of the expe-
 riences our missionaries have there.
 She was assisted by Mrs. Ray Jones
 and Mrs. W. G. Street.
 The hostess then served refresh-
 ments of coffee and cake to the fol-
 lowing:
 Mesdames C. C. Clements, J. S.
 Hilliard, Chas. Barber, E. A. Bills,
 M. V. Cobb, Chas. Cook, Miss Lula
 Hubbard, Mesdames Ann Rutledge,
 W. O. Stockton, Underwood, Harry
 Wiseman, L. W. Wynn, Neal Doug-
 lass, Ray Jones, and Mrs. Chitwood,
 a new member.
 Miss Hubbard will entertain the la-
 dies next week

CAN'T READ JUDGE'S MIND

Mays Landing, N. J.—James Davis, known as "Prof. Okon," who was advertised as "master of Egyptian and East Indian science, spiritual adviser, crystal reader and God-gifted seer," was sentenced to serve three years by Judge Smathers.
One of Davis' handbills, shown in court, called "Prof. Okon" a mind reader.
"Do you know what is in my mind?" asked the judge.
"No," answered Davis.
"Three years in prison for taking other people's money."
Davis was charged with obtaining money under false pretenses from Negroes to whom he promised wealth if they would consult him.

Nature Thought of Everything
Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from Stokes & Alexander Drug Company.

Better Homes Mean Better Ordered Life
Comfort and beauty in homes are believed by Secretary of Agriculture Jardine to be among the most significant indications of progress in rural life.
The secretary is a member of the advisory council of Better Homes in America of which President Coolidge is honorary chairman. His statement, which follows, was contained in a letter to Dr. James Ford, executive director of that organization, which has just launched its sixth nationwide better homes campaign:
"Comfort and beauty in homes are among the most significant indications of progress in civilization. To me, concerned as I am with rural life, the increasing interest in the improvement of the farm home is most gratifying. A comfortable, attractive, well-ordered home on the farm means for happier life, develops young people with a sounder outlook, and helps to insure appreciation of the essential values of rural life. Farming, probably more than any other occupation, is not only a business but a life, and in it the home must play an important part."

Wastefulness Laid to Wrong Building Codes
The campaign to beautify American cities and to adapt urban buildings to the demands of modern life is hampered by wasteful and unsystematized building requirements incorporated in the building codes of numerous cities, according to a report of the building code committee of the Department of Commerce.
Reform of antiquated building codes is necessary before American cities can conform to the highest standards of beauty and utility, it is declared. At present, the committee noted, there is no uniformity in building codes. As a result, construction in some localities is much more expensive than in others.
The building code committee, appointed five years ago by Herbert Hoover, secretary of commerce, to make a study of the building codes employed in various sections of the United States, has published six reports containing recommendations which have been adopted in many municipal building codes.

Contractor Is Important
After you have selected a house plan that suits you and arranged to finance your home building you still have to select the man who will do the actual work of erecting your house. The man who assembles the various materials and equipment is the contractor, and he employs workmen belonging to the different trades to perform their several tasks, finally delivering to you a home built according to your plans and specifications.
The job of the contractor is an important one. Obviously he cannot be chosen in a hurry. A prospective home owner should consider carefully some of the things one ought to think about when awarding the contract to build his house. Since the contractor uses only those materials and kinds of equipment which are called for in the specifications, some study should be made as to the materials one may use to build a house.

Property Preservation
Property preservation through paint is a big factor to the banker or money lender in safeguarding the security of loans. It should be written into every mortgage and its observance required. For safety first—and always—it is an essential as fire and storm insurance. Certainly, a person owning well maintained property is a better risk than the person whose property is run down.
If it is wise for banks, through popular "clubs" to encourage "saving for Christmas shopping," "saving for taxes," "saving for insurance premiums," why is it not just as admirable to encourage "saving systematically for property preservation?"

Beauty Along Highways
Some day it may be considered a legitimate and wise feature of the community recreational program to provide, not only shade trees beside the highways, but fruit trees, flower beds and complete landscape gardening as well. This country is young yet, but when it is convinced of the value of beauty, it will make the necessary investment to obtain it.

Lawns Have Distinct Value
A well-kept lawn and a neatly-trimmed drive form the setting for the house. They provide the frame in which the picture is set.
According to realtors, a pretty lawn and neat drive can make an ordinary house extremely attractive. They add many dollars to the value of the property.

"Charming" Means Different
The word "charm" means more than mere beauty of harmony or color. It indicates a certain originality of design and treatment that goes beyond these. To make your home charming it must be a little different from every other on the block.

COOKIES FOR SCHOOL LUNCH
cup sugar, 1/8 teaspoon salt and 1/2 teaspoon ginger sifted together. Drop half-teaspoons of batter three inches apart on an inverted pan. Bake in a slow oven until medium brown.
Heat 1/2 cup of molasses to boiling point, add 1/2 cup butter, then slowly add 1 cup prepared cake flour, 2/3

CHIROPRACTIC
When sick it's a policy quite poor To go some years, maybe three or four, And let your condition get chronic As you swig down bottles of tonic. When you first notice something is wrong Have your spine adjusted. That keeps you strong.
(Copyright. To be continued.)

Mr. and Mrs. T. Wade Potter were

called to Fort Worth Monday on account of the death of W. H. Dedmon, a cousin and former law partner of Mr. Potter's.

A BROAD SUBJECT

The subject of food is a broad one, and one that is growing in interest. Many present day scientists are finding a life-work in food study. The most recent work in science confirms the fact that the kind of food an individual eats has much to do with his health and his ability to work. If you would be well, strong, happy, and full of vim, choose your food carefully.

A study of food means a knowledge of many things. Before purchasing foods, one should know what foods to select at market, where they came from, how they are prepared for market, by what means they are transported, and how they are taken care of in the market. There is a great variety of foods in the present

day market; some are rich in nutrients; others contain little nourishment, yet are high in price. It has been said that for food most persons spend the larger part of their incomes it is a pity if they buy sickness instead of health.

Below are some of the reasons why girls should take home economics in high school.

Home economics teaches girls appreciation of the high ideals of home making. From the teacher's influence and teachings, the students should develop a feeling of responsibility in the life of their family. They must be made to realize that the home is a family affair instead of just for the housewife; that their home economics training can be used now, as well as in the future. A course in home economics stimulates a companionship between the girl and her family and a desire to maintain high standards of living.

Home economics in school ought to mean better times for mother, because daughters will understand better what they are trying to do and will be better able to help, because of what they have learned. It is estimated that in families with an annual income of \$2,500, the cost of food for one girl from the day she is born until she is eighteen, will be something like \$2,300. What a responsibility it is to spend wisely so much money and time. Could not a

course in home economics aid a girl in doing this?

Every woman ought to know the following five things and three are taught in home economics in high school.

How to cook and serve a good meal.

How to make at least her own house dresses.

How to make a home comfortable and restful.

How to use ordinary tools.

She should be well bred and well read. To do this she must be gracious, well-poised, and patient.

If a girl accomplishes three of these things by taking home economics in high school, does it not answer the question—why girls should take home economics in high school?

Some of the things taught in home economics courses are: home courtesies, food in relation to health, personal appearance and clothing, meal preparation, storage of food, preservation of food, economic practices in the home, equipment and care of kitchen and dining unit, illness in the home, and family relationship.

—Taken from the Wildcat.

week announced the introduction of a six cylinder car of that make, according to W. W. Gillette, local dealer.

This new six will retain the valve-in-head motor principle, the motor being of high compression, non-detonating head, and developing 32 per cent more power than the previous four. Its acceleration will be considerably greater and the speed has been stepped up, also.

Passenger cars in the new six will sell at from \$525 to \$725; roadster and phaeton, \$525; coach and coupe, \$595, f. o. b. the factory.

Advance showing of this new six will begin next week, but it is not yet known by the local dealers when deliveries will be made in Littlefield.

WED SAME MAN THREE TIMES

Chicago.—Mrs. Josephine Hiltwein now has reached the conclusion that Edward Hiltwein, her husband, is fixed in his traits. One of these, she claims is his impulse to beat her. She married him three times, divorced him twice, and is now seeking her third divorce. Her next husband she says must be another.

GIGANTIC EGG

Rossville, Ind.—Mrs. Burt Shapp has reported at Dayton the discovery of an egg measuring eleven inches one way and nine inches the other.

LITTLEFIELD,

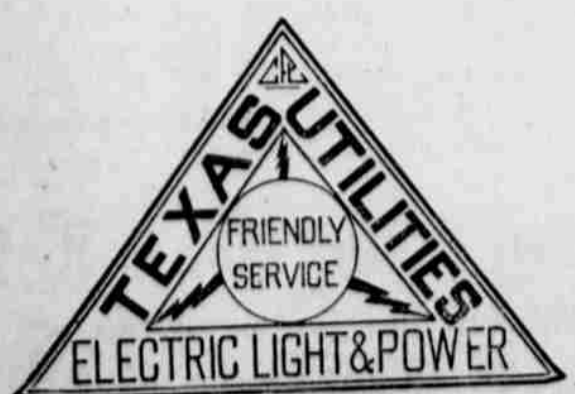

THE DEMAND OF This Modern Age!

Those things which were considered luxuries just a few years ago, have been turned into necessities by those who live in this modern age.

And one of the most important of these commodities is electricity, both for home use and industrial use. Neither can do without it today, because modern manufacturing machinery and labor-saving devices used in the home are electrically driven.

It is economical and clean, and its greatest factor is that due to ample facilities for its production, it is placed within the reach of all.

Serving as many South Plains communities as we do, our facilities must be kept ahead of the demand of this fast growing territory—and will be at all times.

FARM BUILDING PLANS

We are pleased to present as our farm buildings offering for this issue of the Leader the plans for a well designed, conveniently arranged, labor saving horse barn.

The over-all dimensions of this barn are 34x51 feet. The structure is approximately 35 feet high. In this barn the horses face out.

This barn provides accommodations for 12 horses in the stalls and there are also two

box stalls. Each of the horse stalls is five feet wide and 10 feet 3 inches long with the exception of the two end stalls which are 5 feet 6 inches long. These two tiers of single stalls are at one end of the barn. It will be noted that ample feed storage is provided in the feed room. Just opposite the feed room is the harness room which contains a large number of hooks for hanging up the harness. Each of the two stalls is 1 foot 3 inches wide and 12 feet long. This barn is arranged with hay chutes from the mow to the mangers along the outside walls of the structure. There is one chute for each two stalls and chutes are also provided for each of the box stalls. Easy access to the mow is provided by the flight of steps leading from the driveway. These stairs go up over the feed room. Incidentally, a feed room could be built with the chutes leading down to the feed room on the first floor or to some convenient point in the driveway. Blue prints of this barn may be seen at our office any time.

AN OPPORTUNITY!

...FOR STOCKMEN...

WHY NOT OWN A RANCH WHERE YOU CAN FINISH FOR MARKETS AND ADD TO YOUR PROFITS EACH YEAR.

Several real buys in small ranches out of the famous Yellow House Ranch on the South Plains of Texas, in Lamb and Hockley Counties, as listed below. All these tracts are located convenient to railroad, splendid schools, good towns, and surrounded by the greatest agricultural development in Texas where feed is plentiful.

This section is destined to be one of the best finishing grounds in the South, and the small rancher here will have an advantage worth-while.

14,000 acres, including Yellow House Ranch headquarters improvements. No better cattle or sheep range, with plenty of good agricultural land that will increase in value. Fenced and cross-fenced. It will pay you to investigate this promptly.

Price \$15.00 per acre. Liberal terms, 6% interest on deferred payments.

2500 acres. One of the best little combination propositions, in this section, splendid location.

Price \$15.00 per acre. Reasonable cash payment, liberal terms on balance, 6% interest.

4500 acres. Two miles from \$30,000.00 brick school building, store and gin. Fine location and splendid little ranch, with plenty of good agricultural land.

Price \$16.00 per acre. Liberal terms, 6% interest.

3500 acres. Mostly enclosed with sheep proof fence. Splendid location and includes some good agricultural land.

Price \$16.50 per acre. Liberal terms, 6% interest.

3000 acres. A splendid little ranch and all the good farm land needed.

Price \$16.00 per acre. Liberal terms, 6% interest.

Also, smaller combination farm and ranch tracts, if desired, at attractive prices.

In addition to these combination tracts, we have some fifty thousand acres of 100% agricultural land surrounded by development in tracts of 177.1 acres each at \$30.00 and \$35.00 per acre. One-fifth cash, balance liberal terms, 6% interest.

It will pay you to investigate these propositions at your earliest convenience, as these lands are selling and the country developing rapidly.
