

Senate Okays 350 Million In Foreign Aid

WASHINGTON, May 14. (AP)—The Senate approved today a \$350,000,000 relief program for war ravaged countries of Europe and Asia.

The vote was 79-4. It passed the measure after first refusing to go along with a House-approved slash of \$150,000,000 in the amount asked by President Truman and the state department.

The Senate stand against a cut was by a roll call vote of 64 to 19. That means it will have to seek a compromise with the House.

Often such differences are split which in this case would mean a final bill providing a \$275,000,000 program.

While the legislation itself does not set forth the countries in which food and supplies will be distributed, Secretary of State Marshall has said they are Austria, Greece, Hungary, Italy, Poland, China and Trieste.

The bill is the second of two key multi-million dollar measures in the administration's foreign policy program.

The other is a \$400,000,000 economic and military relief grant to Greece and Turkey. It has been passed by both Senate and House but awaits final approval of a compromise in minor difference.

Before final passage of the \$350,000,000 relief bill the Senate rejected an amendment by Senator McClellan (D-Ark) which would have barred any relief to Russia or countries "under the political or economic domination" of the Soviet.

During the final debate, Senator Lodge (R-Mass) urged that the United States help only those countries which carry out their commitments.

Representatives Live On Lawn At Capitol

AUSTIN, May 14. (AP)—Speaker of the House, W. O. Reed of Dallas and Rep. Jack Cox of Breckenridge at breakfast today in front of Cox's tent on the south lawn of the capitol.

The war veteran, freshman member pitched his tent last night and prepared to sweat out the remainder of the 50th session there, he said, because he could not meet living expenses on \$5 a day.

Today was the session's 121st day. Pay of members automatically dropped from \$10 to \$5 under a constitutional provision suggesting 120 days as the length of a general session of the legislature.

SCHOOL DISMISSED—Wreckage of the Lenora school house caused by the tornado which swept through the area Sunday is shown in the scene above. The school term, nearly at an end anyway, was abruptly terminated and graduation exercises will be held in the nearby Prairie View school house.

Red Cross Plans Complete Aid Program For Victims Of Tornado

A program of complete aid to those families suffering loss in Sunday's tornado which swept Martin and north Howard counties was underway Wednesday by the American Red Cross — this in addition to the contributions in cash, clothing, labor, etc., which has been provided by neighbors of the victims.

NO FUND APPEAL Said the American Red Cross disaster representative, Mrs. Celeste Dodd, concerning the Sunday tornado: "No organized appeal for funds to finance this relief operation will be made. Funds for disaster relief are included in the annual budget of the Red Cross. However, those desiring to make a contribution may do so by sending their money to the local Red Cross chapter."

COMFORTED BY WIFE AFTER RESCUE—Ernest Steele, 26, is comforted in a Richmond, Calif., hospital by his wife, Mary, after his rescue from the wreckage of his automobile where he was trapped for five days after driving off the road near Richmond. (AP Wirephoto).

New Regulations For Tourist Courts Here

A sweepingly-inclusive ordinance regulating operations of tourist courts and trailer camps within the corporation limits was passed on a first reading by the city commission Tuesday afternoon. The statute would be up for passage on two subsequent readings before going into effect.

Aimed primarily at insuring good sanitary conditions at the transient courts, the ordinance requires that adequate water and only at approved designated places, prevents removal of wheels from the trailer houses, and requires that adequate water and sewer connections be made and maintained.

All operators of tourist courts and trailer camps will have to obtain city health department permits for operation, under terms of the statute, and these permits will be granted only after municipal inspections, for which a \$2 fee will be assessed. Licensees will be subject to revocation in case of violations, and the bill also provides for fines as penalties.

The ordinance provides that operators of affected establishments will have 20 days (from date of ordinance) to comply with its provisions. (See ORDINANCE, Page 7, Column 4.)

Two Farm Hands Held In Slaying

KINGMAN, Kas., May 14. (AP)—Charges were being prepared for filing today against two youthful farm hands who, Sheriff J. W. Britz said, related in signed statements that they fatally shot a grain elevator operator and his son who had befriended them.

The slaying of W. W. McClellan, 60, and his son, Arnold, 36, occurred during a robbery that netted only \$4.50.

County Attorney John McKenna said he would file first degree murder charges against Cecil Tate, 22, Jacksonville, Texas, and George Frederick Guntow, 21, Battle Creek, Michigan.

Britz said that Raymond McClellan, 34, an invalid who is unable to walk and suffers from a speech impediment, witnessed the slaying of his father and brother and then crawled two blocks to a neighbor's house for help.

The sheriff quoted Tate's statement as saying the elder McClellan pleaded with the pair not to harm Raymond.

Britz added that Tate and Guntow had been hired by McClellan and were rooming at his home. He said that over the weekend McClellan had taken them to a movie and had gone fishing with them.

The Red Cross program includes provision for hospitalization of those in the Martin County Memorial hospital (where aid is required) and the organization has sent nurses from Lubbock to assist the hospital in its emergency period. Of 16 injured, it was reported that all but three have been — or shortly will be — discharged from the hospital. Those three may be under treatment for some time; Meanwhile, R. L. Cook, handling the disaster survey work for the local Red Cross chapter, had toured the Knott area, getting a detailed report on losses. He found seven farm homes badly damaged or demolished, and put an estimate on losses running close to \$18,000. Some families involved

President Signs Bill Banning Portal Pay

Raising Minimum Wages Requested

WASHINGTON, May 14. (AP)— President Truman signed into law today legislation banning portal pay suits and sent congress a fresh request that it raise the minimum wage to 65 cents an hour.

In a message to the legislators, the president: 1. Emphasized that he was signing the portal bill "because he believed it in the interest of economic stability" that both business and the government be relieved of the potential liability for billions of dollars.

2. Asked again that Congress raise the statutory minimum wage from 40 to 65 cents an hour.

3. In effect, prodded business to teach wage agreements with workers and reduce prices.

Mr. Truman said that with uncertainty over the portal claims removed "current wage negotiations can proceed more readily to a satisfactory conclusion and businessmen will be able to plan with assurance for full production and price reductions."

"This," he added, "will be of real value to labor and management in the maintenance of a continued high level of employment."

More than \$6,000,000 in suits were filed by unions for portal pay claims, but many of them have been withdrawn since the key case, brought by Pottery Workers at Mt. Clemens, Mich., was dismissed in federal circuit court at request of the union.

The suits sought pay for time workers spent preparing for work. Some made claims for such things as changing clothes. Others were for sharpening tools and similar activities.

Mr. Truman emphasized that he signed the measure because it is "primary purpose" is "to relieve employers and the government" from potential liability "for billions of dollars in so-called portal-to-portal claims."

Negro Education Case Continues

AUSTIN, Tex., May 14. (AP)—A battery of state witnesses continued their parade to the witness chair today to insist that Texas is providing equal educational facilities for its negro citizens.

They were testifying in 126th district court here where Herman Marion Sweet, a Houston negro, seeks court authority to enter the University of Texas.

The letter-carrier's petition for a court order forcing his admission to the university law school maintains that racial segregation violates the US constitution and that negroes can not get an equal education in Texas.

The state, during the first two days of the retrial, has hammered on its contention that education for negroes equal to that in university freshmen law courses has already been provided in a temporary law school here.

The state also contends that complete and equal education will be available for negroes when the newly-created state university for negroes opens its doors in Houston.

Temperatures Near Freezing In East

By The Associated Press Chilly temperatures, extended northward and eastward from Chicago to New England, today. Cold air moved into New England, upper New York State, across Lake Erie, through Michigan, and most of Wisconsin. Temperatures were close to freezing in northern New England and around the Lake Superior region, and other temperatures in the area dropped to the upper 30's or low 40's.

At least 26 persons were injured when a tornado ripped through the eastern edge of Findlay, O., wrecking a trailer camp. Forty-two trailers were smashed and three others damaged.

ARMY SEERS TRY TO VISUALIZE HORRORS

WASHINGTON, May 14. (AP)—Three youngish officers, their identities known only to a select few in the army top bracket, are trying to visualize what war will be like 25 years from now.

They will attempt a reasonable guess on the fantastic means of destruction science may devise for a possible new outbreak of combat between nations.

Then they will give Gen. Dwight D. Eisenhower a picture of the command problems such new horrors would involve.

Lifting a corner of the secrecy which has veiled this "advanced study group" since its appointment several months ago, the chief of staff let it be known today that he is isolating the officers from the war department's regular operation and planning staff.

Taking orders from no one—although their highest rank is a colonelcy—the three will ignore the weapons and maneuvers of World War II and think in terms of the future.

Not knowing who they are will prevent other officers from plying them with lore about how the recent war was run.

"If they associate with us day by day they'll get cluttered up with our problems," Eisenhower says. The operation and planning staff works on day-to-day military matters.

The study group's research goes everywhere, Eisenhower says, "since everything affects war."

Behind this statement to reporters was the implication of improved atomic weapons, germ warfare and means to inflict unheard-of mass destruction on a nation's social system and economy.

Eisenhower's plan is to refute the old charge that the army always starts a new war where it left off on the last one, with the same weapons and ideas.

Conciliators Arrange Joint Meet Of Southwestern Bell And Union

ST. LOUIS, May 14. (AP)—Federal conciliators announced today they had arranged another joint meeting of union and company representatives in an effort to break the deadlock in the strike of telephone workers in the five-state area of the Southwestern Bell company.

The announcement, said the meeting, called for 1 p.m. (CST), had been requested by the union but it gave no indication why another session was requested. Union officers were not available for comment.

The action represented a departure from original plans which called for separate meetings of conciliators with representatives of both sides in an effort to find some formula to break the deadlock.

Joint negotiations reached a stalemate last night and were adjourned without plans for reconvening when both sides refused to budge from their previous wage proposals which remained \$1.75 a week apart.

Both company and union representatives regarded the pay issue as the main obstacle to settlement of the strike, now in its 38th day.

"The only thing standing between settlement is \$1.73 a week per employee," union officials declared as a company spokesman reiterated that "we have made the final offer."

An aide to the review board said Ainsworth, a resident of Luling, and Naylor, of Fort Worth, were on hand as today's closed hearing began.

Allowable Hiked CORPUS CHRISTI, May 14. (AP) The railroad commission today increased Texas oil production allowable for June 63,814 barrels over production as of May 10.

Justice Frees Freeman Of Fraud Charges

WASHINGTON, May 14. (AP)— Justice Henry A. Schweinhaut today freed Joseph F. Freeman of war fraud charges but turned down defense pleas for directed verdicts of acquittal for former Rep. A. J. May and munitions makers Henry and Murray Garson.

The four defendants entered their pleas after the government rested its case in the fourth week of the federal court trial.

May, wartime chairman of the House Military Committee, is accused of accepting more than \$55,000 in bribes from the Garsons for official favors. Freeman acted as Washington agent for the Garson firms.

Schweinhaut ruled that the government failed to make a case against Freeman but said the contrary was true as to the 72-year old May and the Garson brothers.

Prior to ruling on the motions applying to May and the Garsons, Schweinhaut commented that he had "as much a feeling as to the other three in the other direction" as he had in his feeling that Freeman was innocent.

The jurist ruled that the government had not succeeded in showing that Freeman had anything to do with the alleged payment of the bribes to May.

Chiang's Troops Win In Shantung

NANKING, May 14. (AP)—Hollington Tong, Chinese information director, reported today that the nationalist forces have "contacted and broken" the main strength of the communists in Shantung province and that "we believe large scale fighting in Shantung will end soon."

He told a press conference the communists had suffered 22,987 casualties in Shantung fighting between April 21 and May 6. He estimated the total Red forces there at 150,000.

The communists, he said, have massed about 200,000 men for a new offensive in Manchuria and about 90,000 of the number now are attacking Nungun, rail and river town 35 miles north of Changchun.

"A decisive battle in that area is now beginning," he said.

Texas Generals' Hearing Reopens

WASHINGTON, May 14. (AP)— An Army review headed by Major General Charles L. Bolte reopened a hearing today on the nomination of Major General John Taylor to be brigadier general of the Texas National Guard.

The War Department board which passes on such nominations previously had declined to confirm the men, who were appointed by Texas Governor Beauford Jester.

Texas members of Congress, protesting earlier findings that the nominees were unsuited to head National Guard divisions, had requested Secretary of War Robert Patterson to order a rehearing.

An aide to the review board said Ainsworth, a resident of Luling, and Naylor, of Fort Worth, were on hand as today's closed hearing began.

British Handling Of Palestine Problems Attacked By Russ

NEW YORK, May 14. (AP)—Soviet Russia today delivered a vigorous attack on Britain's administration of Palestine and demanded immediate termination of the League of Nations mandate.

As one possible solution of the Holy Land problem, Russia recommended creation of a dual Arab-Jewish state.

The Soviet position was set forth by Deputy Foreign Minister Andrei A. Gromyko as the extraordinary session of the United Nations assembly moved toward final action creating an 11-nation Palestine inquiry commission.

Gromyko said the establishment of a dual state seemed to be the best solution but if that could not be achieved Russia felt the next best plan would be partition of the Holy Land into separate Jewish and Arab states.

White House Visited For 'Bull Session'

WASHINGTON, May 14. (AP)— Twelve congressmen, all democrats, went to the White House today for what they said was a "bull session" with President Truman.

Rep. Smathers (Fla.), told reporters later the visit was "strictly social" and gave some of the congressmen their first opportunity to meet the President.

Refuse To Okay Fund For Cultural Program WASHINGTON, May 14. (AP)— The House upheld on a technicality today its appropriations committee's refusal to approve funds for continuation of the State Department's cultural relations program. The action means special legislation will have to be passed if the program is to continue.

Overby Nominated To Direct Fund WASHINGTON, May 14. (AP)— Andrew N. Overby was nominated by President Truman today to be United States executive director of the International Monetary Fund. Overby, now special assistant to Secretary of the Treasury Snyder in charge of international financial and monetary affairs, is a New Yorker.

Truman To Address Memorial Foundation

President Truman will address the Thomas Jefferson memorial foundation at Charlottesville, July 4. Presidential Secretary Charles

G. Ross told reporters today Mr. Truman has accepted an invitation to visit Monticello, Jefferson's home at Charlottesville. Ross said it will be a one-day trip for the President, who probably will go by automobile from Washington for the ceremonies.

Bitter Resentment Against US Growing

FRANKFURT, May 14. (AP)—American official investigators reported today that the wintertime resignation of the German people was giving way to an "ugly mood of bitter resentment" toward the United States in the present food crisis.

The investigators predicted that increased criticism of the United States military government, headed by Gen. Lucius D. Clay, could be expected from German politicians and the average man-in-the-street.

The new German attitude, military government sources said, was summed up recently in this statement of district council chairman Stieler of Fulda:

"The words of the Lord's prayer, 'give us this day our daily bread' for the first time hold real meaning for the German people. . . . Never before has the question been raised by the survivors of a war whether life was still worth living or whether one could dare to bring children into this world."

Increased antagonism toward the United States, American officials observed, is being voiced by all ranks and classes of Germans.

The criticism and apathy are said to begin at the bottom, with the "common man." According to US agents reporting from scattered centers around the zone, the average German in the present crisis first disbelieves conflicting official statements in the press.

Then he looks for scapegoats. He blames the farmers for exploiting the suffering of the city folk, and huris charges of "stupidity and corruption" at food officials. Next he blames the Americans and asserts wildly that the United States aims to destroy the German people by organized starvation.

As they tighten their belts, the Germans are losing whatever objectivity they regained after 12 years of Nazism, investigators reported. Even politicians refuse to believe there are food shortages in other parts of the world, and the average man's comment is:

"The Americans have promised us food, but how can we believe in American goodwill if promises are not kept?"

Observers said that, on the whole, the Germans just ignore statements by high military government officials that the crisis is a "German responsibility."

People with a wider than average viewpoint also tend to blame the Americans. Germany's intellectual class recently has been reasoning that "the Americans are neglecting us and developing a society similar to the Soviet zone, where all the advantages go to those doing physical labor."

In the political field, American

quarters said, party leaders also have increased their criticism of military government. It was recalled that Gen. Clay recently said that the US and Britain could not be expected to continue large imports of food if the Germans did not collect full quotas of food from farmers and instead devoted more time to "frontiers" than to solving the food crisis.

This statement prompted a social democratic member of the Hessian legislature to comment that he "could not agree" that the Germans were responsible for the food crisis.

American military government officials said they sensed that the American zone's political leaders had "little hope in the future" at this critical time. The minister of labor for Hesse, Josef Arndgen, was quoted as predicting that "we all shall hang" if next winter is not better than last.

Most responsible German leaders agree with American authorities that the basic solution of the crisis is an increase of production—both food and industrial.

The Germans, however, were said to be insisting that this could not be realized without further support from the United States, which already is siphoning more in Germany than any other occupation power.

Martin-Howard Soil Conservation District News

Moisture penetration following rains over the past weekend vary greatly as a result of cover, litter and organic matter reports E. J. Hughes of the Soil Conservation Service here.

In the Vealmoor Ranch group where about three inches of moisture fell, the average penetration on ranges having good cover is about 26 inches, whereas ranges having poor cover is only about 14 to 16 inches deep. Thus ranges having good cover have 50 to 75 per cent more moisture in the ground to grow grasses that those having poor cover, Hughes points out.

Bence Brown, a district co-operator in the Vincent group, states that his west pasture has improved over 25 per cent during the past three years. He has observed that his Black Grama, Blue Grama, Side Oats Grama, Buffalo and Texas Spear grass has improved materially and they are crowding out the needle and tobosa grasses.

Since Brown started observing his range grasses he has become a range conservation enthusiast and is able to identify all of his important grasses and knows about their feeding value as well as how to manage them for best use.

H. G. Garlington, a co-operator with the North Concho Soil Conservation District, who lives 12 miles north of Sterling City, had 7.1 inches of rain last Saturday with over 4 inches falling in one hour. His system of level-closed, end terraces held and evenly distributed the rainfall; whereas nearby unterraced fields lost a great portion of the moisture causing lakes to fill up thereby rendering considerable acreage useless for this year's crops.

H. A. Hays, a co-operator in the Creek Group has observed that his range grasses make rapid growth when deferred for a short rain. Hays further stated that grasses should be given a chance to seed out each year in order to get maximum root development and volume of growth.

A member of the SCS reports, while doing follow-up work in the Vincent Soil Conservation Group, all members of the group contacted, reported that their level terrace system held and evenly distributed the water over their fields, during the recent six inch rain in that area. The small amount of runoff did not carry off the fertile top soil which would have silted up their earthen tanks.

Texas City Plant Shipping Chemicals

GALVESTON, May 14. (AP)—The Carbide and Carbon Chemical Corporation's Texas City plant shipped 10,000 pounds of new chemicals from here by air transport yesterday, the first chemicals shipped from Texas City since the disaster of April 16-17.

Mayor J. C. Trahan of Texas City, who with Carbide and Carbon officials witnessed the ceremony, said "I would like to see the shipment of a product to attest to the nation the fact that our city is not razed completely and that plants that were destroyed are rebuilding and existing plants are expanding."

"UNBLOCK" YOUR DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers. The true cause of your trouble is constipation. In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly. What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet. Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 3 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

Production Equal With Shorter Week

LONDON, May 14. (AP)—British coal production during the first five-day week in the mining industry was "up to the average" of recent six-day weeks despite strikes and holidays that cost 263-

190 tons. It was announced today. Fuel Minister Emanuel Shinwell, giving the figures at a news conference, said there was no cause for pessimism about the effect of the shorter work week on production.

Bride-Elect Feted At Coffee In Brown Home

Mrs. L. S. Patterson, Mrs. Willard Hendricks, Mrs. R. Richardson and Neil Brown entertained with a coffee Tuesday morning in the G. A. Brown home honoring Jane Read, who will be married to Dr. W. W. Gunn, Jr., in a formal service at the First Presbyterian church Saturday evening.

The coffee table was laid with a Belgian punchwork cloth and centered with a crystal bowl of purple and pink larkspur and Queen Ann's lace. Arrangements of pansies, sweetpeas and baskets of mock orange blossoms and larkspur were about the entertaining room.

Miss Brown greeted guests at the door and others receiving were Mrs. Harry W. Carter, Miss Read, the bride-elect, Mrs. H. Noble Read, Miss Read's mother, and Mrs. C. D. Read.

The guest list included Mrs. J. V. Hanson, Polmona, Calif., Mrs. Norman Read, Mrs. Willard Read, Mrs. W. T. Barber, Mrs. N. T. Barber, Athens, Mrs. R. L. Warren, Mrs. S. G. Bledsoe, Mrs. Lloyd Branon, Vincent, Mrs. Mildred M. Jones, Mrs. J. W. Middleton, Ackerly, Mrs. R. V. Middleton, Mrs. Pyle Perry, Mrs. L. W. Croft, Mrs. Nat Shick, Martha Frasar, Janet Robb, Gertrude MacIntyre, Mrs. S. A. Hathcock, Mrs. Lee Rogers, Mrs. Toots Mansfield, Mrs. Dan Taylor, Mrs. M. H. Bennett, Mrs. Joe Flock, Mrs. G. T. Hall, Mrs. R. T. Piner, Mrs. Spencer L. Campbell, Mrs. W. W. Inkman, Mrs. G. A. Brown and Miss Mattie Leatherwood.

WHAT GIVES 'ROUND TOWN

By Lestrie Robs

The 1947 Senior class at Big Spring high school is gradually winding up its existence as such. Final exams were to begin today and run through Friday, ending the year's class work; baccalaureate services are listed for Sunday evening, 8:30, and commencement exercises are Friday night, May 23. Mail boxes will continue to bulge with invitations.

The Senior class edition of the high school newspaper, "The Coral", indicates that at least 40 members of the graduating class intend to enroll at Howard County Junior college in the fall. This year's class will contribute its funds towards a cement slab to be constructed on the school grounds for dancing, skating and other activities.

We ran onto about a half dozen buddies this weekend who were home for a few days from the services or from out-of-town work. Bill Underhill, stationed with the Naval Air Corps at Corpus Christi, was here Saturday. Bill Inkman, associated with a research plant at Santa Fe, N.M., left by plane Monday after spending the weekend in Big Spring. Bennett Petty, in training at Goodfellow Field, San Angelo, is home for a few days. Seaman 2-C Jimmy Wilson is on leave from San Diego.

Grady Kelly, employed in a Ballinger beauty salon, is also in town this week. Lynn Martin spent the past week scuttling through such Texas towns as Goldthwaite, Comanche and Austin on vacation. Lynn tells us that he has promoted the local college to such an extent that his brother, Jack Martin, will be at HCJC come next semester. Joyce Beene and Mary Alice Dorsey were in Lubbock Sunday.

Members of the High Heel Slipper club are selling ads for their annual bathing beauty revue scheduled to coincide with the opening of the municipal pool May 25. According to Dorothy Pursor and Ellen McLaughlin, most of

the spaces have been bought, although the sponsoring firms have not yet selected their entries.

Howard County Junior college radio class has resumed their bi-monthly plays over KBST. A humorous radio dramatization by Duke Neel will be given Saturday morning at 9:15 and the cast includes Wilma Jo Taylor, Arthur Franklin, Tip Anderson, Ernest Moore. Every role in the skit calls for a "character".

Monday evenings at the wrestling arena never fail to bring on something unorthodox. This week the contingents tumbled from the ring and grappled on the floor. Couples are steadily enlarging their regular attending roster. Seen Monday evening: Jocelyn Clark, Pat Lamb, Helen Eubanks, J. T. Fulcher, Jean Adams Wilbur Sides, C. C. O'Brien, Jo Taylor, Polly Sue Griffith, Tom Amerson, Barbara Olson, J. L. Banks, Colleen Davidson, James Thomas, Joy Barnaby, Tommie Hubbard, Loreta Rush, Billy Yater, Wilda Watts, Monroe Tomlinson.

Wayne Martin will be back in one-two weeks. Marilyn Keaton, student at SMU, is in town over the weekend for an appearance at the auditorium Sunday afternoon under auspices of the Music Study Club.

Wanda Griffin was selected the best all-around reporter in this year's high school journalism class. Three commercial course students at BSHS have been awarded scholarships by the Hine Business College, Midland. The scholarships, each of which will cover half of the tuition costs for a 36-week course, have been offered Jocelyn Clark, Jeanne Slaughter, and Jeanette Kinman.

Sight of the week: James Bostick in the State drug, nonchalantly playing a harmonica. Preston Denton was elected head of the Pan American student forum which convened Thursday in Austin. Made up of Spanish students from over the state, the annual affair included a Mexican fiesta Friday evening. Going from Big Spring were Charles Hodges, Brooksie Nell Phillips, Mildred Sullivan, Toka Williams, Ernest Moore.

Barbecue Saturday Night
A barbecue and western dance has been scheduled for Saturday evening, 7:30, at the country club for members and their guests.

Pfc. Odie V. Frizell is home on furlough from Fort Ord, Calif., before he leaves for overseas service in Germany.

Mrs. W. H. Bagley is recuperating from surgery which she underwent at the Cowper-Sanders hospital Saturday morning. Her condition is reported to be satisfactory.

BETA SIGMA PHI OFFICERS ASSUME DUTIES AT MEET

New officers of the Beta Sigma Phi sorority assumed duties Tuesday evening at an installation service conducted by Fat Dobbin, retiring president, at the Settles hotel.

Taking office were Emma Mae Carlton, president; Ann Douglas, vice president; Lorraine Talbot, recording secretary; Edna Womack, corresponding secretary; and Lee Ida Pinkston, treasurer.

Mrs. Carlton appointed Kathleen Freeman as program director for the summer, and during a business meeting, the new president reported on the West Texas area council meeting of the Beta Sigma Phi held in Abilene May 4.

Dolores Gage presented a box of candy to members, announcing her engagement to R. L. Heath.

Mina Mae Rose of Harrisburg, Pa., was included as a visitor, and those attending were Alta Mae Bette, Mckie Boyvey, Emma Mae Carlton, Maurine Chranz, Frances Cooper, Doris Crews, Joyce Croft, Charlene Dobbin, Ann Douglas, Jean Elliott, Helen Fleming, Martha Frazer, Kathleen Freeman, Barbara Gage, Dolores Gage, Dorothy Hall, Freda Hoover, Theresa Huestes, Clarice McCasland, Junia Mizell, Louise O'Daniel, Robbie Piner, Lee Ida Pinkston, Mary Lee Purser, Janet Robb, Carolyn Smith, Corinne South, Lorraine Talbot, Mattie Bell Tompkins and Cozanne Walker.

Public Invited To Free Program

Joe L. Haddon, director of the high school Steerband, and Mrs. Travis Aaron, music teacher, will be in charge of a student program which will be presented at the city auditorium this evening at 8 o'clock.

Tonight's entertainment is the second to be presented in connection with the local observance of Music week May 11-18.

An invitation has been extended to the public to attend the free program which will feature a concert by the high school band and choral numbers by the high school girl's chorus and the Eighth Grade chorus.

Denton Elected To State Office

Preston Denton was elected first vice president of the Pan American Student Forum, at an organization meeting held in Austin this past weekend.

Denton with other students of the Howard County Junior College, attended the conference which was held for formal organization of a state Spanish Club.

Representing the El Circulo Espanol at HCJC were Mildred Sullivan, Charles Hodges, Brooksie Nell Phillips, Byron Jones, Pauline Harrell and Howard A. Cox, sponsor.

Approximately 400 Spanish students and their sponsors attended the meeting. Cox was named state director with Mrs. Gladys B. Sinar of Floresville.

Progressive Dinner To Honor Members

The Sub-Deb club met in the home of Dot Wasson Tuesday evening to plan for a progressive dinner and a spring formal.

The dinner will be held Friday evening for graduating debs, and the group includes Patsy Tompkins, Patsy McDaniel, Dorothy Satterwhite, Beverly Stulting, Mary Louise Davis and Billie Jean Younger.

Members also worked on invitations for the spring formal, and those attending were Jane Stripling, Patsy Tompkins, Dorothy Satterwhite, Patsy McDaniel, Beverly Stulting, Dot Cauble, Rose Parks, Betty Hewitt, Anna Currit, Jean Pearce and the hostess.

Try hard-cooked eggs and peanut butter together for an appealing spring salad.

P-TA Observes Music Week With Program At The North Ward School

A program of songs and piano numbers in observance of Music Week was presented for members of the North Ward Parent-Teacher Association who met at the school Tuesday afternoon.

The meeting opened with the group singing "America The Beautiful," and the P-TA prayer by Mrs. W. A. Abat.

Teachers, who were presented with corsages tied with blue and gold ribbons, were recognized as honored guests. They included Mrs. Garnett Miller, Lucille Grant, Mrs. Floyd Hull and Mrs. B. F. Logan.

Larry Nix sang two songs, "Lullaby and Goodnight," and "Home On The Range," and the third and fifth grade classes presented two choral numbers, "Santa Lucia" and "The Humming Bird." Sonny Choate sang "In the Garden," and the third grade class sang "Swing Along With Safety," led by Ruth Ann Abat.

The sixth grade group, directed by Mrs. Logan, sang "The World Is Full of Beauty," and Mrs. Noble Kennemur sang "On Life's Highway." The program was concluded with two piano selections played by Mrs. Miller.

Mrs. Brown Rogers reported on the summer health round-up and Mr. George Hill discussed publications.

Room mothers will meet with Mrs. Truett Thomas Thursday morning to prepare sandwiches for the all-school picnic which will be sponsored by the P-TA and will be held at the city park at noon. The free entertainment will be attended by all North Ward students who will be taken to the park by room mothers at noon.

Room count went to the fourth grade class, and those attending were Mrs. B. E. Winterrowd, Mrs. W. A. Abat, Mrs. W. D. Arnold, Mrs. Avery Deel, Mrs. E. E. Musick, Mrs. S. P. Corcoran, Mrs. M. Y. Butler, Mrs. F. M. Patterson, Mrs. Earl Hollis, Mrs. O. C. Lewis, Mrs. Noble Kennemur, Mrs. Mevin Choate, Mrs. C. E. Suggs, Mrs. M. T. Pelear, Mrs. Garnett Miller, Mrs. R. D. Sallee, Mrs. Walter Ruckert, Mrs. Truett Thomas, Lucille Grant, Mrs. George Hill, Mrs. Hankell Grant, Mrs. Floyd Hull, Mrs. Brown Rogers, Mrs. A. L. Cooper, Mrs. T. F. Horton.

Wiener Roast In Luther Given For 4-H Club Boys

LUTHER, May 14. (Spl.)—Members of the Luther 4-H club entertained the boys 4-H club unit recently with a wiener roast.

Present were Imogene Hyden, Connie Crow, Melva Jean Anderson, Glenda Nix, Dorothy Blythe, Lafay Stanley, Joyce Nix, Mary Hanson, Gene Don and Tom Leokhar, Son Zimmerman, William Crow, Bill Hanson, Ted Scott, Mrs. Walter Zimmerman, Mr. and Mrs. O. R. Crow and Sandra Crow.

James Roy Clark Honored Guest At Church Outing

Honoring James Roy Clark, Jr. who will move soon to Corpus Christi, the Intermediate Department of the East Fourth street Baptist church sponsored a hayride and a picnic at the city park Monday afternoon.

Walter Grice, teacher, presented Clark with a gift on behalf of his class. Other department teachers helping with arrangements were Mrs. Dick Lytle, Mrs. B. Riddle, Mrs. Wilbur Forrest, Mrs. Arthur Leonard, Mrs. Lenora Willingham, Mrs. Click, Bill Steagald, Mrs. Cleve Reece.

Young people present were Dorothy Patterson, Charles Warren, Amelia Patterson, Chubby Cloud, Ethyl Webb, Marreest Horn, Lawrence Wilson, Charles Carnes, Wilma Lou Tucker, Dwight Cross, Jean Wood, John Rook, Mary Bryant, Bob Simpson, Melva Ray, Lane Bond, Jimmie Bennett, Doyle Maynard, Danna McClanahan, Lester Patterson, Mary Martin, James Nuckles.

Delores Hickman, James Roy Clark, Jr., Wanda Lawson, Joe Waldrop, Melva Allen, Billy King, Bobby White, Jimmy Harper, Francine Thompson, Randolph Bird, Marine Gore, Bobby Leonard, Betty Milam, Jimmie Bryant, Marilyn McCormick, Reba Riddle, Howard Smith, Mildred Rainey, Jimmie Kelly, Shirley Riddle, Dallas Woods, Francis King, Annell Puckett, Juanita Newson, Lela Patterson, Kathryn Frazier.

Mrs. Bob Poynter Is Shower Honoree

Mrs. A. M. Basden was hostess for a shower given for Mrs. Bob Poynter Monday afternoon in the Basden home.

Bouquets of spring flowers were placed at vantage points about the entertaining rooms, and gifts were presented to the honoree by Maurine Basden and Kay Poynter.

Those attending were Mrs. Tommie Warfield, Mrs. Virgil Smedley, Mrs. Lou Donica, Mrs. Deas, Mrs. T. M. Elliott, Mrs. W. D. McNeil, Bovy Poynter and Larry McNeil.

The Chiropractor and You

No. 4 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.

CASE HISTORY No. 295. This patient had developed fainting spells which grew in numbers and severity as time went on. During one of these spells she struck her head on the floor and on trying to rise discovered that all use had gone from her legs. Despite costly advice and treatment the condition gradually became worse. Sensation as well as movement was lost in the limbs. Eventually she was carried into a Chiropractor's office where analysis revealed the nerve pressure that was the cause of her trouble. The first simple adjustment enabled her to move her feet. In three weeks time, leg movement returned, and a week later she was able to walk again. There has been no recurrence of the fainting spells since Chiropractic adjustments were given.

CASE HISTORY No. 421. A baby girl who had been subject to eczema since she was six months old. Scores of remedies were tried without success. Her mother, who had begun taking Chiropractic adjustments herself, suggested that Chiropractic might help the child. Analysis indicated nerve pressure and a series of adjustments were given. The eczema completely cleared up and has not reappeared at any time since.

WHAT IS CHIROPRACTIC? The Chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to control all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spinal) one or more body functions are interfered with and ill health results. By x-ray, analysis and spinal adjustment the Chiropractor is able to relieve nerve interference and restore normality to the affected part. No drugs. No surgery. Nature is the healer.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, Phone 418, Appointment only.

Protecting Girls From Temptation

TOKYO, May 14. (AP)—Tokyo officials, worried about "protecting young girls from temptations," interviewed 8,580 girl students to learn exactly what goes on—and found nothing new.

Some 734 of the girls said they were winked at in streetcars, and 319 others said a formal handshake began their romances. More than 400 said they had been followed by would-be swains, and 180 were "victims of other forms of temptations," the official report noted.

Only 44 of the 8,580 girls had inspired their suitors to write love letters.

The report didn't mention it, but Japanese girl students universally wear a baggy uniform with the lines and romantic appeal of a potato sack.

Fallen Phone Wire Electrocutes Man

DUMAS, May 14. (AP)—R. L. Spencer, Jr., 31, co-owner and manager of the North Plains Telephone Co. here, was killed 11 miles north of here yesterday when a fallen telephone wire on which he was working came in contact with overhead electric power line.

Seagal Tinsley, Dumas, who was working with him, suffered shock and burns.

Spencer is survived by his widow, two small children and his mother.

Legislator's Pay Drops To \$5 Day

AUSTIN, May 14. (AP)—The squeeze is on in the House of Representatives.

The squeeze is the effect which today's drop from the \$10 to the \$5 a day pay level has on legislators—particularly in the House, where there are more young, not-so-rich men.

Yesterday marked the end of the 120 days during which the legislators receive \$10 a day.

The apparent intent of the constitutional provision which cuts pay of the representatives and Senators after the first 120 days is to encourage the legislature to get the job done and go home on time.

Members of this and previous legislatures have argued the merit of provision.

Good or bad, its hurry-up effect is unquestioned. Few legislatures have stayed on the job long as 85 a day.

Monday the House voted 88 to 37 against a motion to adjourn finally on May 28. Yesterday the House voted 74 to 51 against a resolution to wind things up by noon of June 4.

Setting of the adjournment date just one week later than had been proposed Monday helped bring an apparent switch of 14 votes.

Rep. Sam Hanna of Dallas, who offered the resolution, said June 4 was a good date. He said the legislature already had "busted the till" by approving so many appropriation bills. He said the people of Texas wanted the legislature to go home.

Rep. Woodrow Bean of El Paso told the House to kill the Hanna

Fliers Beaten By Sweetwater

Sweetwater's M&M Oilers buried the Big Spring semi-pro Fliers under an avalanche of base hits to win an exhibition baseball game played at Steer park Tuesday night, 14-2.

The visitors, after being set down in order the first inning, counted once the second time around and all but put the decision on-ice with a four-run outburst in the third.

Sam Mabry hit a home run for the Refiners.

Eddie Hammond divided time on the hill with Windmill Brown. The two teams are scheduled to play again in Sweetwater Friday night.

Bobcats Upset Abilene, 7-4

SAN ANGELO, May 14. — San Angelo's Bobcats upset the applicant in District 10AA baseball play here Tuesday, defeating the front-running Abilene Eagles, 7-4, behind the expert tossing of Lefty Gregg.

A four-run outburst in the second round paved the way for the Angelo win. The defeat was Abilene's first in eight league starts.

CARRIER PIGEON MIXED IN MAIL

CAMP HILL, Pa., May 13. (AP) Baffled postal officials here are trying to learn how a pigeon got mixed up with Uncle Sam's mail.

Lewis Sutton, a postal clerk, was somewhat shaken while emptying mail sacks when the pigeon calmly fluttered out of one of the bags. The bird is being boarded at the post office while the mystery of its mailing is probed.

Pinned Beneath Auto Five Days

OAKLAND, Calif., May 14. (AP)—Ernest K. Steele will live to tell about his ordeal of being pinned beneath his wrecked automobile for five days.

Surgeons at Permanente Foundation Hospital said they may have to amputate a portion of his right hand but that otherwise his condition was satisfactory.

The 25-year-old Navy combat veteran was trapped beneath his overturned car just 150 feet from a busy highway last Wednesday. He was rescued Monday afternoon by telephone linemen who happened to come along.

"You don't know how wonderful a human being is—a fellow

Impson Sells 100 Heifers To Dupont

BEEVILLE, May 14. (AP)—John P. Impson, Beeville rancher, has announced the sale of 100 short-horn-Brahma heifers to William DuPont, Jr., of Wilmington, Del., at \$500 a head.

Although he had always handled only shorthorns, Impson accepted the order for the cattle in the fall of 1944. DuPont had not been able to obtain heifers from other sources and he asked Impson to cross the shorthorns and Brahmas.

"Impson said he would continue producing the hybrid cattle. He said he had more orders than he was able to fill.

human being—when you want one," Steele said yesterday.

Red Cross

(Continued from Page One)

had insurance or were partially insured; others will not require help and the Red Cross will register and handle inventories for those who do.

Mrs. Dodd estimated that 12 to 15 families in the Lenorah area will need assistance. Her survey showed nine houses destroyed in the Martin county community, with every one of the 20 residences in town suffering damage, to some extent. The dollar loss at Lenorah had not been compiled immediately.

In the emergency period Monday, clothing was distributed through the Lubbock Red Cross chapter, which had a surplus from a supply gathered for the recent Panhandle disaster.

Mrs. Dodd lauded the fine spirit of cooperation that had been extended by West Texans to their neighbors who suffered storm losses. She was impressed by the number of volunteer workers who were busy Monday at salvage and cleanup work in Lenorah, and by the assistance women gave in feeding the workers. "A fine job already has been done here," she said.

Almost without exception, farmers lost their windmills, and rebuilding of these will be given priority to restore water supply. Other damage at Lenorah included the church, and the school building was wrecked beyond use. The Lenorah school was in the process of completing its term this week, so classes have been closed. The school is to use a nearby community school for its year-end exercises.

McMillen Heads Peanut Council

GALVESTON, May 14. (AP)—Ralph McMillen, Bristow, Okla., was elected president of the National Peanut Council, which ended its annual meeting here yesterday. He is the first member from the Southwest to be elected to head the council.

J. D. Sargent, Granbury, W. W. Kelly, Cleveland, Ohio, and H. L. Wingate, Macon, Ga., were elected vice presidents.

Speakers at the final session voiced opposition to acreage quotas on peanuts and declared the industry would face a collapse if current government parity prices end.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY—Clear to partly cloudy this afternoon, tonight and Thursday. Little change in temperature. Expected high today 92, low tonight 70, high Thursday 92.

WEST TEXAS—Clear to partly cloudy this afternoon, tonight and Thursday. Little change in temperature.

EAST TEXAS—Partly cloudy this afternoon, tonight and Thursday. In central and northeast portions: little change in temperature. Moderate southeast winds on coast.

TEMPERATURES table with columns for City, Max, Min. Includes entries for Abilene, Amarillo, Big Spring, Chicago, Denver, El Paso, Fort Worth, Galveston, New York, St. Louis.

Local sunset today 7:36 p.m., sunrise Thursday 5:49 a.m.

Markets

LIVESTOCK NEW YORK, May 14. (AP)—Cattle 3,000; calves 500; active on all classes; prices steady to strong; some showing further advances; medium and good beef steers and yearlings 18.00-23.00; medium and good hogs 14.50-17.00; good and a few individuals reaching 17.50. Good and choice fat calves 20.00-21.00; good to choice stocker calves, yearlings and steers 18.50-20.25; medium to good stocker cows 11.50-14.00.

NEW YORK, May 14. (AP)—Cotton futures advanced today in slow dealings, as trade buying and scattered resumption of demand was attracted by Tuesday's sharp sell off. Considerable May liquidation and switching into later months took place following issuance of 38 May transference notices. Trading in May contracts expired at noon tomorrow.

WALL STREET NEW YORK, May 14. (AP)—Some of the sharp losses of Tuesday's stock market were extended today although a number of pitfalls displayed a measure of resistance. Oils and rubbers were soft spots in fairly active early dealings, but the pace was not maintained. Near midday declines ranging to more than a point were to the majority. Commission houses reported customers were liquidating accounts because of uneasiness over a possible veto of labor legislation, increasing price resistance and the status of inventories in many lines. Earnings and dividend reports were virtually ignored. Some bidding was certified to be held for the past two years may have been overdone.

Public Records

BUILDING PERMITS W. G. Cole, to build store room at 1206 Donley, \$100. E. O. Rainey, to build frame and stucco residence on E. 20th street extension, \$6,000. T. E. Home Demonstration Club Holds Meeting In R. H. Unger Home

KNOTT, May 14. (Sp.)—The Knott Home Demonstration club met with Mrs. R. H. Unger Tuesday afternoon to hear a report on the district HD meeting, held in Midland last week.

Mrs. L. O. Matthis was in charge of the discussion and a social hour followed.

A white elephant gift went to Mrs. W. A. Burchell, and refreshments were served. Those attending were Mrs. O. B. Gaskin, Mrs. C. A. Burks, Mrs. Hershel Smith, Mrs. L. C. Matthis, Mrs. Joe Myers, Mrs. W. A. Burchell, Mrs. E. G. Newcomer, Mrs. J. T. Gross, Mrs. H. B. Pettus, Mrs. Fred Roman and Mrs. Unger.

Visiting Sunday with Mrs. Althart were Mr. and Mrs. E. S. McArthur, Mrs. Lee McArthur, Mr. and Mrs. Thurman Moore and son all of Spur, Mr. and Mrs. J. F. Althart of Harlingen; Mr. and Mrs. E. C. Althart and son, Mrs. Elsie Smith, Mr. and Mrs. B. F. Althart and Mr. and Mrs. Oliver Nichols, Edgar Althart and Mr. and Mrs. Hershel Smith, all of Knott.

Miss Noma Ruth Caffey has returned home after attending graduation exercises at the Baptist Theological seminary in Fort Worth. She completed her work there at mid-term.

Mr. and Mrs. Fred Roman and family visited over the weekend with Mrs. Roman's parents, Mr. and Mrs. E. T. Reid at Cross Plains. J. H. Yarbrough of Voca was a recent guest in the R. H. Unger home.

Leonard Elbert Burks will visit an aunt, Mrs. Bill R. Fowler in Fort Worth en route to Godfrey where he will spend the summer with his father and family, Mr. and Mrs. William Burks.

The baccalaureate sermon at the Knott school gymnasium Sunday afternoon was delivered by Dr. Dick O'Brien in a program which opened with the invocation by Rev. Lee Vaughn. H. E. Barnes presided and introduced the Big Spring pastor. The senior class sang "Fathers of Our Fathers," and "Blest Be The Tie That Binds," and O. V. Fuller gave the benediction.

Mr. and Mrs. J. T. Gross and family were called to Lamesa Sunday afternoon to attend funeral services for Lloyd Aubry Lewis, infant son of Mrs. Gross' niece, Mr. and Mrs. Weldon Lewis.

Mr. and Mrs. E. L. Roman have as guests their daughter, Mr. and Mrs. Bob Chestam of San Antonio.

Services Thursday For Mrs. Tucker

Funeral rites for Mrs. J. F. Tucker, 73, mother of Wilford W. Davis of Big Spring, will be conducted at the First Christian church in Midland at 10 a. m. Thursday, here.

Mrs. Tucker, who had been in ill health for some time, died in a Midland hospital at 3:15 p. m. Tuesday. She had been in the hospital only one day.

Survivors beside Davis include four grandchildren, Mary Davis of Big Spring, Mrs. Paul Adams of Ackerly, Mrs. G. G. Singer of Bethlehem, Pa., and William Davis, Memphis, Tenn.

A volcanic eruption in the Island of Martinique in 1902 killed 40,000 people.

County Farmers Get \$94,000 Through AAA

Howard county farmers have benefited to the amount of approximately \$94,000 through the AAA farm program for soil conservation practices carried out in 1946.

Terracing projects were carried out on a total of 8,560 feet covering 94 farms. Value of the practices amounted to \$25,392.07.

Sixty-eight dams were constructed on 63 farms, and the cost ran to \$17,147.78. In the process, a total of 176,994 cubic yards of dirt was moved.

Thirty-one farms benefited from the 34 wells sunk. A total of \$7,970 was allocated for that work.

Deep plowing occurred on 2-100.5 acres of 27 farms, the cost of which amounted to \$3,150.75.

Payments of \$23,941.98 were made for 79,806.6 acres of contour listing work accomplished on 460 farms while 34 other places undertook 2,905 acres of stalk protection work and expended a total of \$1,016.75 for the project.

One ranch engaged in supervised deferred grazing and was allotted \$385.92.

Some 959 acres of 13 farms planted green manure crops, the expenditure for which amounted to \$1,438.50 while another \$9,273.70 went into destructive plant control work on 15 ranches.

Of the 925 farms and ranches within the county, no less than 545 participated in the AAA program. The work involved 120,452.7 of the 177,500.5 acres within the county.

Lauderdale, Knowlton Service Read In Knott

ACKERLY, May 14. (Sp.)—In a ceremony performed Sunday morning in the Millard Knowlton home, Miss Lenora Beth Lauderdale, daughter of Mr. and Mrs. D. W. Lauderdale, was married to C. B. (Buck) Knowlton, son of Mr. and Mrs. S. Knowlton of Mertzon.

The single ring wedding vows were read by the Rev. H. F. Dunn, pastor of the Ackerly Methodist church.

For her marriage, the bride selected a blue suit with which she wore white accessories and a corsage of red roses. All wedding guests were given corsages of red rose buds.

Following the ceremony the couple left for San Francisco, Calif., where they will visit the bride's brother, Troy Nix and family, former residents of Ackerly.

Alfred Cluck, Student at Hardin-Simmons University in Abilene, Spent the Weekend with his Parents, Mr. and Mrs. J. W. Cluck.

James Lee, attending Abilene Christian College, spent several days visiting here with his parents, Mr. and Mrs. A. W. Reed.

Mother's Day guests in the Travis Russell home were Mrs. S. D. Moore, Mr. and Mrs. Joe Moore and Harley Moore, all of Lamesa.

Mr. and Mrs. M. E. Criswell of Abilene visited recently with his parents, Mr. and Mrs. G. E. Criswell and family.

Mr. and Mrs. Echols, Rankin, and Mrs. H. R. Echols of McComb have been recent guests with Dee Seely and family.

FAMILY MOVES Mr. and Mrs. Don L. Sprinkle and son, Michael, formerly of Big Spring, have moved to San Angelo. Sprinkle is an employee of the Standard Oil company.

Ordinance

(Continued from Page One) of final passage) to comply with its provisions. Affected premises must be adequately drained, ample water supply, sewage disposal, fire protection and garbage disposal facilities must be provided, and a requirement is made as to number of plumbing units per camp (varying according to size).

Commissioners, who based the ordinance on several others in force in other cities, admitted that terms are strict, but said that sanitation control demanded the regulatory statute.

Copies of the pending ordinance will be prepared at an early date, City Manager H. W. Whitney said, so that interested parties may become familiar with their complete terms.

Police

proach system" at the airport, agreed to defer action until something definite is learned concerning continued operation of the GAA control tower at the port.

Limited appropriations by Congress have threatened operation of the tower and the city Dads feel that this operation should go hand in hand with the ILA installation. This late project would represent a considerable municipal outlay, to clear an area around the airport.

The commission agreed for the city to go ahead with removal of service utility lines at the site of the proposed Veterans hospital on South Gregg. The US Engineers had advised that their plans to not include funds for removal of these lines. They include gas, water, telephone and electric lines.

Added Service Is Offered By Security Office

Residents of the Big Spring area who have business or inquiries connected with the operation of federal old-age and survivors insurance will have access to a local social security office on a regularly scheduled basis, George D. Clark, manager of the San Angelo office of the Social Security Administration, announced today.

Clark plans to be at the Texas State Employment Service office in Big Spring, 112 West Second street, at 10 a. m. Monday.

The new service is being established to give persons of this area an opportunity to file benefit claims, obtain new and duplicate social security cards and to make inquiries concerning the old-age and survivors insurance program, Clark said.

Federal family insurance, which covers employees in industry and commerce, provides for payment of monthly retirement and survivors' benefits to qualified workers and their families. Retirement benefits are payable to the employee and eligible members of his family when the worker reaches 65 years of age and retires. Survivors' benefits are payable to eligible members of the insured person's family on his death at any age. Applications must be filed at an office of the Social Security Administration for all benefits paid under the program, Clark reminded.

Dawes Is Elected President Of Lions

Bill Dawes was elected president of the Lions club at a noon luncheon held today, succeeding Otis Graf.

Other officers include Harold Steck, first vice president; Dewey Martin, second vice; Truett Thomas, third vice; Dan Conley, secretary; Capt. Olvy Sheppard, Lion tamer; Escol Compton, Tall Twister; Culin, Grigsby and Gilbert Gibbs, directors; Helen Duley, club sweetheart.

The new governing board will take office July 1.

Processed foods, especially canned fruits, are much more plentiful in 1947 than they were a year ago.

Good Fruit Crop In Area Seen

KNAPP, May 14. — Fruit crop prospects in this area were further enhanced by weekend rains, which some long-time residents declared were the most thorough ever recorded.

Most of the rains fell slowly, causing a minimum of damage to crop land and young crops, although 1.7 inches which fell in a short period Sunday evening taxed terraces and packed bedded land.

A total precipitation of 6.35 inches was measured at the Nolan Von Roeder farm over the weekend, giving an ample supply of moisture to swell the fruit crop there.

Judge Collings Grants Three Divorces Here

Three divorces were granted by Judge Cecil C. Collings in 70th District court proceedings Tuesday afternoon.

Tye Drukey Reeves won marital freedom from Edith Reeves. The marriage of L. P. Jordan and Edith Jordan was dissolved while Melvin James was granted a decree from Beatrice James.

New Edition Of Highway Map Now Available

AUSTIN, May 14. — A new edition of the official State Highway Map is just off the press to aid Texas travelers in finding their way over the state's rapidly expanding road system.

Color photographs of things to see and do in the Lone Star State are featured on the map to help lure tourists from other states and inspire Texans to "See Texas First."

State Highway Engineer D. C. Greer announced free copies of the new map are available to the traveling public upon request. They will be distributed through the Highway Department's main office at Austin, the twenty-five district offices, and at the Department's information bureaus located at ports of entry into Texas.

Progress on the postwar building program is graphically indicated on the new map which carries more than 1,100 miles of new paved road which were not shown on the former edition.

If Stomach Gas or Sour Food Taste Robs You of Sleep

Here's How You May Help, Whether You Eat 500 Pounds or 2000 Pounds of Food In a Year

You can't feel cheerful, be happy and sleep well, if your stomach is always upset. As age advances the "old stomach" needs some help. The reason is this: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a more sid, tummy, fretful, nervous, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that 888 Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the 888 Tonic formula which contains very special and potent activating ingredients.

Also, 888 Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other altainers up counteract gas and bloating when what you so dearly need is 888 Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people 888 Tonic has helped. Millions of bottles sold. Get a bottle of 888 Tonic from your drug store today. 888 Tonic helps Build Sturdy Health.

TIGER-EYE RING Man's handsome solid gold ring set with a genuine tiger-eye stone. \$29.75. DIAMOND IMPORTERS. 3rd and Main.

Silent Treatment For Wallace

A rather thinly-veiled effort has been made to put Governor Beauford Jester "on the spot" in connection with the appearance in Austin Saturday of Henry A. Wallace.

Mr. Jester, who at first said he would be "among the missing" for the Wallace speech, now has announced a prior out-of-town engagement on Saturday. He had accepted an invitation to be in Olney with Gen. Jonathan Wainwright.

Which is a graceful enough "out." But, had the governor chosen to remain in Austin and still have ignored the appearance of Wallace, the majority of Texans would have given him full endorsement.

About the best way to handle the radical fringe as represented by ultra-liberal Mr. Wallace is to give them the silent treatment. The folks in California who voted to deny Mr. Wallace the right to

use the Hollywood Bowl as a sounding board made a mistake, in our opinion; because the Wallace supporters have been able to seize upon the action as "un-American discrimination" and to help make a martyr out of their leader. It probably would have been better to give Mr. Wallace his stage and then let him and his few partisans have their field day.

The Wallace theories generally are recognized as dangerous to this country's planned way of developing a world politico-economic system that can maintain peace. As such, those theories ought to be combatted. But you can't always combat them with using the wrong methods of repression. The best way for good Americans to do is to let the guy have his say and then demonstrate how foolish his sayings are. If Governor Jester chooses to keep his distance from the wandering Wallace, we say it's all to the good.

"ARE YOU KIDDING?"

Hal Boyle's Notebook

Co-Ed Campus Slang

COLUMBIA, Mo. (AP)—Here is a sample of modern co-ed campus slang at the University of Missouri:

"I'm busted! One of the yo-yo boys sitting next to me in a basket course tried to pass me his growl in a whizz quiz. 'Shoot a bear,' I told him because I didn't think it was a good lick. 'He was a four-wheeled personality but I would only go out with him strictly from hunger. Yeah, one of those 'get me' boys. Told me he had been breaking in a new ulcer and had the dinks from purple passions. 'Personally, I just thought he had rocks in his head—zero gizmo. You should have heard his snow job! Could he blowiate? said he liked my lipsmack. Asked me to put my feet in the trough but I knew he just wanted to play kites on the mouth. 'I gave him the fluff but he tried to twist my arm. Finally I had to tell him to drink his beer. What kind of a bimbo did he think I am? I've got my own smutty. I'd never get the deep undying hots for that rah rah collich."

Slang changes quickly. Here is the way a co-ed might have said the same thing when I was learning the King's English on this same campus fifteen years ago: "I'm beaten down to the ankles! A wise guy sitting next to me in a tough course wanted to pass me his crib notes during a snap quiz. 'Nuts!' I told him because I thought it was a bad go. 'He was a jabby jockey but

am I that hard up for a 'meal ticket'? Yeah, one of those 'Bil' I boys from way back. Told me he had the hangover wiffles from too much bottle worship. 'He was a screwball—a real washput. You should have heard his line! Asked me to put on the feebag with him but I knew he just wanted to neck. 'I told him to go peddle his papers but he came back for more. Finally I just told him to dry up. What kind of a floozie did he think I am? I've got my own one and only. I'd never fall for that Joe College."

SUPPORTS BIDDLE Last January, Mr. Truman sent to the Senate the name of Francis Biddle to be US Representative on the United Nations social and economic council. And in the Senate, Biddle's name has lain ever since—thanks to Sen. Arthur Vandenberg. Three months have passed and the Senator from Michigan has not reported Biddle's name out of committee.

Many Presidents of the United States, discouraged at the opposition of so powerful a Senator, especially one who has cooperated on other foreign policy matters, would have withdrawn Biddle's name. In fact, Truman has been urged to do so. Under Secretary of State Dean Acheson, who belongs to the Felix Frankfurter school (in vigorous opposition to Biddle), has advised Biddle's withdrawal. Acheson has even wanted to appoint George Harrison in his place, and has suggested that Biddle undertake the codifying of United Nations laws instead.

Senator Vandenberg has also

Washington Merry-Go-Round—Drew Pearson

Truman Rectifies An Old Wrong

WASHINGTON, (AP)—When this columnist was young and new at the game, it always rankled to have to admit making mistakes. With the seasoning of the years, however, he has found that it pays to admit them. After all, human beings can be wrong.

Just two years ago this month I told the story of how Harry Truman had fired Francis Biddle as Attorney General because of his deep-loyalty to Kansas City's Boss Pendergast and his resentment against Biddle for having opposed the appointment of several Pendergast friends. Among other things, Biddle had refused a parole to Boss Pendergast, also had insisted on the reappointment of Maurice Milligan—the US District Attorney who sent Pendergast to jail. Also Biddle had held out against appointing Fred Canfield, Truman's old sergeant in World War I, as a US Marshall in Kansas City.

Whereupon Truman, newly-become President of the United States, fired Biddle without even the courtesy of talking to him personally. The story made Truman appear to be a very vengeful man.

While it is true that Truman still has a deep loyalty to his Pendergast friends and also that he fired Biddle, I am now convinced that it is not true, as previously reported, that the President nurses both deep grudges against those who opposed his old Missouri cohorts.

At any rate, some inside things show that he is doing everything possible to undo any wrong he may have done to Biddle.

While it is true that Truman still has a deep loyalty to his Pendergast friends and also that he fired Biddle, I am now convinced that it is not true, as previously reported, that the President nurses both deep grudges against those who opposed his old Missouri cohorts.

Many Presidents of the United States, discouraged at the opposition of so powerful a Senator, especially one who has cooperated on other foreign policy matters, would have withdrawn Biddle's name. In fact, Truman has been urged to do so. Under Secretary of State Dean Acheson, who belongs to the Felix Frankfurter school (in vigorous opposition to Biddle), has advised Biddle's withdrawal. Acheson has even wanted to appoint George Harrison in his place, and has suggested that Biddle undertake the codifying of United Nations laws instead.

Senator Vandenberg has also

intimated to Truman that he will block Biddle's appointment indefinitely.

Truman, however, has not been fooled. The answer of the man who once fired Biddle presumably because of pique regarding Pendergast, was a letter to Vandenberg stating that he had absolutely no intention of withdrawing Biddle's name.

It is now reported that Truman might be willing to send Biddle as ambassador to France—provided Biddle is willing to make the switch. But if Biddle wants to continue the fight for the United Nations post, the president has made it clear he will back him to the limit.

It seems only fair to report these facts about Harry Truman, which I hereby do.

MR. SMITH FROM MEXICO

Wonderous and sometimes devious are the ways of Ben Smith, well-known Wall Street speculator who now has transferred most of his time and affections to Mexico—where taxes aren't so high and where Ben is interested in many profitable ventures including a race track.

State Department officials still are marvelling at the way Smith finally wangled his way in on the trip of President Aleman. The wangling began before Aleman left Mexico City, when Smith asked to be included as a member of the official presidential party. This was refused.

Later, however, Ben turned up in New York, where his friend Ed Flynn, delightful boss of the Bronx, put the pressure on the State Department and hard-hitting Mayor Bill O'Dwyer to have Smith included in the official Aleman activities. Again the answer was no.

Ben Smith, however, is a persevering person.

Considerate Mayor O'Dwyer had invited Cardinal Spellman to attend the Mayor's lunch for President Aleman, but the Cardinal sent word that he was too busy. Imagine the surprise of State Department officials, therefore, when they returned from the O'Dwyer luncheon to find Ben Smith seated nonchalantly in the bedroom of the President of Mexico.

Just how he got into the bedroom, no one exactly knew. Presumably he had been admitted by one of Aleman's assistants. But with equal nonchalance, Smith then proceeded to escort the president of Mexico for a private conference with Cardinal Spellman, who previously had been too busy to come to the Aleman lunch.

COLD SHOULDERS

A significant drama took place behind the white doors of the president's private office the other day. It featured the story

of a big-little state—North Dakota—battling for its contended judicial rights.

Senators William Langer, Milton Young and Representative Charles Robertson of North Dakota—a big state with a scanty population—called on President Truman to protest the cold-shouldering of their state in the appointment of a Missourian, Federal District Judge John Collett, to the Eighth Circuit Court of Appeals.

"We don't have anything personal against John Collett, Mr. President," argued Langer, "but we think someone from North Dakota should have received that appointment. North Dakota has been a state for 57 years and in all that time it never has had a man on the eighth circuit bench."

Langer added that in the same period every other state in the eighth circuit area had been represented on the court. Missouri, the president's own state, has had five appointments, Langer said. Minnesota and Iowa, three each, and South Dakota, two Nebraska had been represented so had Arkansas, to the best of his knowledge, he said.

"Well, I'll admit you've got a good case," replied Truman. "I've been in Congress myself and I know how you feel about this matter. But I just had to go through with the appointment of Judge Collett. He's an excellent choice. I don't think I could have found a better man."

The president didn't elaborate on whether the fact that Collett was an old Missouri sidekick and director of economic stabilization had anything to do with the selection. He stressed the "vast amount of work (legal cases) coming from Missouri" to the Eighth Circuit Court as an added factor in Collett's favor.

Then he added to his callers: "I did what I thought was right and I hope, as a personal favor to me, that you won't make an issue of this."

When the President asks a personal favor of members of Congress, even three Republicans such as Langer, Young and Robertson, he is not often turned down. So the North Dakota trio promised not to press their protest publicly.

They left the White House with an intimation that Truman would recognize North Dakota's claim to future court vacancies—but only an intimation, not a promise.

Note—Senator Truman and Judge Collett used to occupy adjoining offices together in the Federal Building in Kansas City. Since Truman's office never had a phone, he used to step in to use Collett's. They got acquainted. (Copyright, 1947, The Bell Syndicate, Inc.)

Prompt Aid For Storm Victims

The long record of achievement made by the American Red Cross in time of disaster is being strengthened again in the case of the storm which struck over the weekend in our own area.

While the results of this tornado could not be called a catastrophe ranking up the "major" scale, certainly its damaging effects were a tragedy to the people affected. The Red Cross has recognized that fact by quickly sending a representative to the scene. And again, the Martin coun-

ty storm was fortunately one that required only local emergency aid; but the task of rehabilitation exists, and the Red Cross promptly has recognized that fact. Families who need aid, in grants or in loans, will get that aid.

The good work of an individual or an organization seldom get the public recognition of attention that some of their errors do. It is well for us to consider how quickly and efficiently the Red Cross has stepped up to bring quick recovery from the West Texas storm.

The Nation Today—James Marlow

Don't Over-Emphasize Rate Ruling

WASHINGTON, (AP)—Don't exaggerate the importance of the supreme court decision on freight rates, at least in the near future.

It's a victory all right for the south and west over the north but here's the story, starting from scratch.

Since thousands upon thousands of items are shipped by rail, the cost, or freight-rate, set-up is vastly complex.

In fact, it's a hodge-podge, with the rates varying by the size, weight, and destination of an item, and so on.

Regulating freight rates is one of the jobs of the Interstate Commerce Commission (ICC). It steps in to regulate, or is called in.

The ICC, created in 1887 by congress, has been trying for years to put some uniformity into freight rates.

Not on commodity rates, according to ICC officials. They say:

"Generally, there's no 'substantial difference' in commodity rates on goods shipped between north, south and west.

But the northerner does have an advantage over southern and western competitors on goods shipped under class rates. They're lower for him.

The ICC ruling will help southern and western shippers of "class rate" goods, but only that kind of goods. The ICC didn't touch the commodity rates under which most goods move.

Because only four per cent of the nation's freight is affected—the class rate stuff—the ICC official said the importance of the ruling should not be over-emphasized.

He doesn't expect to see any sudden flood of new industry into the south as a result of the decision.

Not on commodity rates, according to ICC officials. They say:

"Generally, there's no 'substantial difference' in commodity rates on goods shipped between north, south and west.

But the northerner does have an advantage over southern and western competitors on goods shipped under class rates. They're lower for him.

The ICC ruling will help southern and western shippers of "class rate" goods, but only that kind of goods. The ICC didn't touch the commodity rates under which most goods move.

Because only four per cent of the nation's freight is affected—the class rate stuff—the ICC official said the importance of the ruling should not be over-emphasized.

He doesn't expect to see any sudden flood of new industry into the south as a result of the decision.

Affairs Of The World—DeWitt MacKenzie

Even Conservatives Shifting Left

Britain's conservative party, under leadership of former Prime Minister Winston Churchill, has made a surprising move which looks very much like a swing to the left—a small swing, to be sure, but still a swing—in competition with the socialist government's program.

The conservatives have issued a booklet pledging themselves to work for restoration of "a wide measure of freedom" to some industries which have been nationalized. However, they say they have no intention of restoring the Bank of England or the coal industry to private enterprise, and add this provocative forecast:

"We wish to substitute for the present paralysis, in which we are experiencing the worst of all

worlds, a system of free enterprise, which is on terms with authority, and which reconciles the need for central direction with the encouragement of individual effort."

Whatever else one may think of this declaration, it is of course a bid for return to power in the next general election which normally will be three years hence.

The idea of "need for central direction" naturally catches the eye, and the conservative London Daily Express says the conservatives are making an elementary blunder in trying to fight under a socialist banner. The Daily Telegraph, also conservative, thinks the conservatives aim at doing what the socialists are trying to do, only doing it better. While this move is surprising,

it isn't at all illogical. "The conservatives are trimming their sails to a wind whose direction was clearly evident in the last general election when many of their party voted the socialist ticket."

England has been moving cautiously but steadily toward moderate socialism for many years. That the socialist victory which overwhelmed the great Churchill two years ago was no flash in the pan has been demonstrated in the numerous elections since then to replace individual members of Parliament. The socialists haven't lost a single seat—a circumstance which is taken by the political experts in Britain as indicating that the general public still is determined to give the new government a chance to show its paces.

In Hollywood—Bob Thomas

Two Movie Marriages Start Well

HOLLYWOOD, (AP)—Two new Hollywood marriages are getting off to a good start with the understanding that although the wife makes more money, the husband is the boss of the family.

June Haver, one of 20th-Fox's biggest names, recently married Jimmy Zito, a struggling young band leader. Nancy Guild, who has been boosted to top rank at the same studio, wedded Charles Russell.

Both girls are determined to make successes of their marriages in a town where divorces are as common as convertibles.

The Russells hope to maintain their marital serenity by keeping their careers apart. They are currently working together in "off to Buffalo," in

which Nancy will get higher billing than her husband.

"We don't want to work again in the same picture," Charlie said.

"Then," Nancy chimed in, "we will see each other at the end of the working day like normal couples."

With their professional worlds further apart, the Zitros may face a greater problem in preserving their marriage. But June is determined to do it. Said she:

"Our crowd is not the 'Hollywood Gang.' We do not go to those parties you read about. We'd rather be at home, or go to plays or concerts. We want to stay clear of the Hollywood society that does so much to ruin families."

The couple is currently living with June's mother, and they have plans to build their own house some day. But rest assured, it will not be the Hollywood variety with hot and cold swimming pools and ermine-lined tennis courts.

Women Sentenced To Refugee Camp

FLENSBURG, Germany, (AP)—Two German women were sentenced by a British control commission court to spend four weeks in a refugee camp so that they could experience at first hand the conditions to which they condemned German refugees whom they refused to take in.

The pair were summoned before the court after they repeatedly refused to give accommodations to refugees. The alternative sentence was three months imprisonment.

Poland Plans Rail Building

WARSAW, Poland, (AP)—The ministry of transport plans to have a double-track railway line in operation between Warsaw, Gdynia and Gdansk by 1949.

Reconstruction of the longest railway bridge in Poland over the Vistula at Tczew and the construction of a second railway track on the Malbork-Prabuty-Warsaw line is to be started shortly. These projects, along with a new bridge over the Vistula at Opalenice, will make possible double trackage from Warsaw to the coastal cities of Gdynia and Gdansk.

Texas Today—Jack Rutledge

Victoria Mellow, Not Decayed

Unique is the word for Victoria. It is one of the oldest towns in Texas. But it has a bright future. It was not decayed. It has merely mellowed.

Here and there an ancient building with thick brick walls, shaded by century-old trees, betrays Victoria's age. Next to it is a modern, shiny structure that belies antiquity.

It is a lovely town. It is peaceful. Many communities, in a misguided zeal for progress, destroy trees bordering streets as if they feared nature would cause a hardening of their arteries of traffic. But not Victoria.

Residential streets are long cool tunnels in which children romp and play. Friendly old trees that knew their grandparents shadow them from the summer sun.

Depression or boom, business is always "normal." The per capita wealth is amazing. Someone has said there were more millionaires than people in Victoria. Oil, cattle, agriculture—all contribute to the area's revenue.

The chamber of commerce may boast of Victoria's wealth and future, but the people are proud, first, of the town's history. It is possibly the only community in the state that has its own flag—the flag of Victoria county.

The flag carries the pictures of two men and a cattle brand. It has the words: "Victoria County, Where the history of Texas began." One picture is of Cabeza De Vaca, a Spanish explorer who, in 1528, was the first white traveler in Texas. He lived among the Indians near Victoria.

The second picture is of Robert O'Valier De La Salle, the French explorer whose colony, founded in Victoria County in 1685, was the first white settlement in Texas.

The cattle brand is that of Martin De Leon, who founded Victoria in 1824. It is said to have been the brand of the royal family of Spain.

The flag was first unfurled in 1936 when Victoria helped celebrate the state's centennial.

The Galveston News and the Dallas News dispute over which was Texas' first newspaper. There is no argument over the Victoria Advocate's claim—it is the state's second oldest paper, founded in 1846. It is a lively, modern paper today and doesn't look its age.

It is steady and solid. It doesn't have the dizzy, dynamic quality of a boom town. It has an atmosphere of permanency—you feel that no matter what happens,

you won't fall too hard, and get hurt. It is still growing. It is still planning, and dreaming. Life begins for Victoria—at 112.

Cayuses Vanquish Dusters, Return Home Thursday Nite

LOOKING 'EM OVER

It becomes apparent now that the Big Spring professional diamond crew is going to have to take on a couple more hands.

Manager Pat Stasey has been able to meet the Longhorn league schedule with 13 players, 12 of them active, and that by using a pitcher in the infield during the absence of Andy Viamonte, regular shortstop.

However, other contingents have reached the point in their training grind now where they are tough contenders. As evidenced in the recent Midland series, the days when the Broncos could chalk up a win simply by throwing their gloves on the field are over. The successes are going to be earned from now on.

Stasey needs an outfielder and another catcher like the Brooklyn's need Durocher. Both should be rookies, since the roster hasn't room for any limited-service or class men.

The last the skipper heard, Albuquerque was sending a backstop here but the lad never showed up. Let it be said Stasey thinks he has the best catcher in Class D baseball in Tony Traspuesto. However, Tony will need help when the double headers start piling up and the hot months come on.

Patrick isn't exactly satisfied with Mario "T-Bone" Varona, his left gardener but the picketeer will have to do until Joe Cambria, the Washington scout, gets here. Cambria ordered the local club to hold out to him.

Forsan softball fans evidently want to see more of Cotton Mize, Howard County Junior college's talented softball twirler. The colorful Cotton made a big hit with his freak delivery in a softball appearance in the South Howard county community last week.

Yanks Campaign For Empire Title

TED BISHOP ... First Off Tee

ST. ANDREWS, Scotland, May 14. (AP)—Eighteen Americans, including the entire Walker-Cup team, and six former champions will compete among the 216 entries announced today for the British amateur golf championship to be played the last week in May at Carnoustie, Scotland.
Ted Bishop, US amateur champion, will be first off the tee, against A. C. Gibson of Britain, at 1 p.m. (CST) Monday, May 26.
Francis Oulmet, non-playing captain of the US Walker Cuppers and winner of the US Amateur title in 1931, will be another of the Americans firing for the crown vacated by Jimmy "The Bear" Driscoll, par-shooting Irishman whose inflected hand barred him from defending the title he won last year.

Two Munny Games Booked At Park

Two games at the city park tonight will wind up Munny softball league play until May 21.
The opener pits American Business Club against Howard County Junior college while American Legion gets at Forsan's Couden Pipe-liners in the aftermath.

Connie Mack Silences His Critics With Winning Brand Of Baseball

Hais off to Mr. Connie Mack, the grand old man of baseball.
The 84-year-old gentleman, now in his 47th year as manager of the Philadelphia Athletics, is quietly answering his critics by giving the Athletics fans the best brand of baseball they have seen in more than a dozen years.
His much maligned Mackmen have won six of their last eight games including a 7-6 conquest of the Athletics' mighty Bob Sem Chapman, the mighty Bob Feller and the Cleveland Indians last night.
Mr. Mack has been the target of much abuse in recent years. He has been accused of conducting a minor league club in a major league.
Disgruntled fans expected to see the same old feeble A's again this year. And for a while it appeared they were right for the Mackmen dropped 10 of their first 14 games, but a close look at the results showed that the A's were giving every club a tussle. In only two games this season were the A's decisively beaten.
The A's had to come from behind twice last night to win, scoring in the deciding runs in the seventh when Sam Chapman followed a homer off Feller with his own four master with a man on base.
The Detroit Tigers retained their one game lead over the Boston Red Sox by shutting out the Washington Senators 8-0 before 17,983 capital city fans in a night game. Hal Newhouse, who had not won a game since he pitched a shutout opening day, ended his four-game losing streak by blanking the Nats with four singles.
The Red Sox continued their upsurge by winning their seventh game in their last eight starts, trouncing the Chicago White Sox 19-6. Ted Williams made two of the Red Sox's 18 hits, both homers. Aided by four home runs, three of them in succession in the sixth inning by Charlie Keller, Joe DiMaggio and Johnny Lindell, the New York Yankees opened their home swing with a 9-1 triumph over the St. Louis Browns.
Led by their first base rookie sensation, Earl Torgeson, the Boston Braves defeated the Chicago

Patterson Wins Third Decision

Assured of their hold on first place, the Big Spring Baseball Broncos return home Thursday to do battle with the Ballinger Cats in their first home night game of the season. Game time is 8:15 o'clock and a huge turnout is anticipated.

Workmen rushed today to have the park in readiness for the Hoscos on their return. Cement was to be poured for the walk-ways today and the box seats were to be completed.

Contractor Arlie Suggs had a detachment of men putting the roof of the grandstand in place Tuesday.

VERNON, May 14. — Lloyd "Pat" Patterson pitched and batted the Big Spring Broncos to an 8-4 12-inning victory over the Vernon Dusters here Tuesday afternoon. The win enabled the Hoscos to widen the gap in Longhorn league standings between them and second-place Midland to 2 1/2 games, the Indians having lost to Odessa.

Patterson gave up 11 hits but scattered them effectively in chalking up his third triumph. His seventh inning home run with the socks deserted kept the visitors in the ball game.

The Big Springers clouted the offerings of Bill Fahr for 15 assorted blows, including doubles by Manager Pat Stasey, Pepper Martin and Leamon Bostick. Martin collected two singles in addition to his double.

The win was Patterson's third of the 1947 campaign.

Whites, Golds In 13-13 Tie

The Whites surged back with a third period onslaught to tie the Golds at 13-13 in an intra-squad game that wound up spring football drills for the Big Spring high school Steers at the Highland Park stadium Tuesday afternoon.
Ike Robb was the captain of one team, Harold Berry the other, though neither boy suited out because of injuries.
Eddie Houser and Moe Madison scored touchdowns for the Golds while Houser added the point. Eddie gathered in passes from R. B. Lees to score both times.
John Currie and Paul Shaffar romped to TD's for the Whites while Marshall counted the vital conversion on a pass.
Line play of both squads stood out throughout the warm afternoon.

TIES at Johnnie Griffin's adv.

ONLY FIVE GAMES CERTAIN

Green Seeking More Games For Stanton Grid Eleven

STANTON, May 14.—Coach Travis Green is seeking at least four more football opponents for his Stanton High Buffaloes to round out the 1947 schedule.

The Buffs have their conference slate arranged and one extra tilt is definitely on the books, but the current list adds up to only five games. Green is dickering with school officials in Lorraine for a Sept. 19 date, but nothing more than a tentative agreement has been reached.

Sluggers Play Lamesa Tonight

LeRoy Modkins' Colored Sluggers of Big Spring make their 1947 diamond debut at Steer park around 8:15 o'clock tonight when they clash with the Lamesa Black Lobos.

Famous Team Up For Tom Clark's Golf Tournament

WASHINGTON, May 14. (AP)—It probably will be the most unusual foursome in golf history.
For, come Saturday, Bing Crosby, Senator Taft, (R-Ohio), Hildegarde and Baseball Commissioner A. B. Chandler will tee off together.

How come such a queer assortment of golfers?
Well, they're playing in the National Celebrities golf tournament.

And so are two supreme court justices, three cabinet members, Bobby Jones, Gen. Dwight Eisenhower, Walter Hagen, Gene Tunney, Carl Hubbell, Jack Dempsey and — if he can make it — Babe Ruth.

The plan for this tournament grew out of an idea of Attorney General Tom Clark's.
Clark, along with FBI Chief J. Edgar Hoover, was worried about the rapid rise in juvenile delinquency. "How could it be stopped?"

The best way, he figured, was to get the kids interested in something else — like sports — before they got interested in crime.

The tournament, sponsored by the Washington Post and managed by Sports Editor Bus Ham, will serve to:

1. Attract nationwide attention to the campaign to get more youngsters interested in sports.
2. Raise money for kids' sports.

It will be a two-day medal play meet, and Ham today announced this lineup for the first day:
Clark, Eisenhower, Supreme Court Justice Reed, Admiral Chester Nimitz, scorer.
Secretary of the Navy Forrestal, Clark Griffith (owner of the Washington Senators), Gen. Omar Bradley, Supreme Court Justice Douglas, Secretary of the Treasury John Snyder either will play or keep score.

Gene Tunney, Jack Dempsey, Sports Writer Bob Considine, footballer Bill Dudley and Babe Ruth, if he's recovered sufficiently from his recent illness.
Senator Fulbright (D-Ark.), Rep. Arends (R-Ill.), Senator Lucas (D-Ill.), Rep. Smathers (D-Fla.), Rep. Rayburn (D-Texas), scorer.
Tennis played Fred Perry, Carl Hubbell, Cartoonist Ham Fisher, Babe Didrikson Zaharais, Glenna Collett Vare.

Chick Evans, Fred McLeod, race horse owner Harry Parr 3rd, Del Webb, co-owner of the New York Yankees.
Rep. Halleck (R-Ind.), Maj. Gen. Leslie Groves, Band Leader Fred Waring, Sports Announcer Harry Wismer.
Bobby Jones, Walter Hagen, Gene Sarazen, Bobby Cruikshank.
This is thrown in for the old

The Buffs have open dates on Oct. 24, Nov. 7, Nov. 14, Nov. 21 and Nov. 27. At least one of these dates probably will be kept open, however.
Conference games have been scheduled with Iran on Sept. 26; Crane, Oct. 3; Grand Falls, Oct. 10; and Fort Stockton, Oct. 17. An extra game with Monument, N. M. has been carded for Oct. 31.

Lasses To Play Angelo Chicks

Leon Glenn Bredemeyer, manager of the Big Spring girls softball team, announced this morning the club will visit San Angelo Saturday night for a makeup game with the Red Chicks of that city instead of meeting Odessa here.

The locals were originally scheduled to play in Angelo last Saturday but the contest was postponed due to rain.
Odessa will come here later in the season for an exhibition, Bredemeyer said.

WHEEL ALIGNMENT
Crafty Harry Dooley will probably go to the hill for the Big Springers.
The Black Lobos are bringing a power-laden contingent to town, according to reports, and may give the Big Spring outfielders a busy afternoon.
Charley Merrill, one of the better hitters in West Texas, will pull on the mask and protector to catch Dooley's slants.
Kent Peterson, Cincinnati southpaw, rang up eight no-hitters while hurling for an Army team in the Philippines but his greatest thrill was striking out Ted Williams on three pitches this spring.
fogies who want a little pure golf in their golf tournaments.
The Crosby-Taft-Chandler-Hildegarde foursome will have Arthur Godfrey along as scorer. He was one of the first radio announcers to make a living heckling his sponsors.

Symbol of THE BEST IN TRUCK Service!
The Triple Diamond Service Emblem above is more than a sign. It means that our mechanics are International-Trained in the best and latest methods and practices. It means that we use special International equipment for testing, repairing, reconditioning and proving. It means that the truck parts we install are precision-engineered International Parts. It means, above all, that your trucks—any makes or models—are serviced here with skill and care so that they will give the best possible service at lowest cost.
Phone now for a service-date—anything from a lubrication job to a complete program of preventive maintenance.

Just Shaking Hands With 4,000 Volts

KANSAS CITY, May 14. (AP)—A coil of wire fell beside S. R. Drumm while he was mowing his lawn and, wrapped itself twice around his body. Thinking a neighbor merely was playing a joke, Drumm showed no alarm and unwrapped the wire.

Later a power company lineman, sent out to repair a high-tension electric wire blown down by the wind, told Drumm: "Brother, you just shook hands with 4,000 volts." Drumm was not electrocuted because he came in contact with only the insulated portion and did not touch the bare end of the wire, the lineman explained.

THE UNSEEN AUDIENCE

Martin County Farmers Prepare For Planting; Seed Supply Short

STANTON, May 14. — Martin county farmers are preparing this week for extensive planting operations, and if an ample supply of seed can be obtained County Agent James D. Eiland expressed belief that land devoted to field crops may exceed 275,000 acres. Moisture conditions in some portions of the county are the best on record in modern history. Heavy rainfall was received last weekend in the central, western and northern parts of the county, all of which embrace thousands of acres of farmland.

Houston Widens Lead By Taking Cats Into Camp

Houston's high-riding Buffs boasted a seven-game winning streak and a comfortable lead at the head of the Texas league today. The Buffs belted out a 12-0 victory over the Fort Worth Cats last night to win seven of eight games during their present road trip. They lost their first game of the trip to Oklahoma City.

Last night's other games Oklahoma City defeated Shreveport, 6-1. San Antonio shut-out Dallas, 4-0, and Tulsa won from Beaumont, 2-1. Roman Brunswick pitched five-hit ball for Houston and chalked up his third victory against no defeats. He also collected two triples and a single in five times at bat. Johnny Hernandez hit a home run for the Buffs and Tom Glaviano got two. The loss dropped Fort Worth from second to third place. Oklahoma City moved from third to second place, on the two-hit pitching of his flashy right-hander, Ralph McCabe. McCabe had a no hit game going into the eighth inning, when Shreveport got its run on successive doubles by Herb Crompton and Ira Glass. The victory was McCabe's fourth straight without a loss.

The loss dropped Shreveport from fourth to fifth place. A single by pinch-hitter Paul Swaboda in the seventh inning drove in two runs and gave Tulsa its 2-1 victory over Beaumont. San Antonio found new punch in a revised batting order that helped new Garver gain a 4-0 victory over Dallas. Garver allowed only four hits in gaining his 3rd victory against three losses. The victory put San Antonio in fourth place.

The teams change stands tonight. Shreveport plays at Tulsa, Beaumont at Oklahoma City, San Antonio at Fort Worth and Houston at Dallas.

Did you ever think of applying wax to the walls of your kitchen or hallway to keep them clean? This is really a boon to house-keeping because it preserves paint, makes it easier to wash, doesn't streak and gives the paint a more brilliant finish.

Soviets Claim Jap Monopolies Still Powerful

TOKYO, May 14. (AP)—The Soviet member of the four-power council charged today that Japan's once powerful Zaibatsu remained intact and that Japanese monopolies were "sabotaging" industrial revival in the country while maintaining a thinly-veiled attack on occupation economic policies.

(The Zaibatsu, a group of family holding companies which controlled Japan's industry, was ordered liquidated early in the occupation.)

Lt. Gen. Kuzma Derevyanko told the council session that "in the period since the surrender there have been almost no serious measures taken to rehabilitate the nation's economy."

He enumerated fields of reform—in all of which headquarters initiative, he has been paramount—where he said adequate measures had not been taken and those which had been initiated had been sabotaged.

Dr. S. Fine, headquarters economic adviser, replied that the Supreme Commander "has not tolerated any sabotage and declared that Derevyanko was speaking for 'propaganda' purposes and without adequate information."

The Soviet member asserted that of 85 major Zaibatsu "only the shares of one small holding company had been sold by April 1."

Asked by the British member if he had information as to whether the Japanese failure to carry out programs recommended by headquarters was due to "sabotage or unconscious inertia," Derevyanko replied: "I refer you to materials in the council minutes."

Hopkins Estate Includes Papers On Casa Blanca

NEW YORK, May 14. (AP)—Minutes or reports of the "Big Three" conferences at Casablanca, Teheran and Yalta and other papers dealing with public affairs during the 12 years he was the confidante of the late President Roosevelt were among the effects of the late Harry L. Hopkins.

This was stated in a memorandum that was among papers filed with Surrogate James A. Delehanty yesterday by Mrs. Louise Macy Hopkins with the widow's petition for exemption of the state from inheritance tax.

Hopkins, whose federal posts included that of Secretary of Commerce, died Jan. 29, 1946. His widow's petition gave the value of the estate at \$33,775, less \$23,254 debts; plus non-taxable insurance proceeds; and asked that it be declared under the Statutory limit for inheritance tax.

Lubbock Triumph Under Protest

The West Texas-league front office today had a protest from Abilene to consider. Manager Hayden Greer's boys competed against Lubbock under protest from the second inning on last night, and lost, 7-3. Greer protested the game after plate umpire E. F. Henry reversed a decision by base umpire Joe Meadows. The reversed ruling gave the Hubbers an additional run in the second and nullified a double play by Abilene.

Borger spotted Albuquerque four runs in the first two innings, but came back to win the opener of a series, 9-5. Rampo took a 10-inning, 4-3 decision from Lamesa and Cloyed edged Amarillo, 10-8, in other games last night.

Former national broad jump champion Bill Laceyfield is competing again for UCLA.

Local Delegates At Lively Park Session

AUSTIN, May 14. (AP)—Rep. C. S. McLellan of Eagle Lake lambasted the state parks board last night for what he termed "its failure to offer a constructive park program" during the past eight years.

McLellan's blast at the state board came during a house appropriations committee hearing on a bill seeking expenditure of \$2,700,000 on state parks in the next two years.

After listening to witnesses from Marshall, Uvalde, Corpus Christi, Big Spring, Kerrville, Huntsville, Lubbock, Brownwood, Big Spring, Daingerfield, Amarillo, Cleburne, and Tyler, all seeking appropriations to improve park facilities, McLellan told them: "Until such time as the state park board decides what it wants to do, you'll never have a decent park under the board's supervision."

"The state park board has never offered a constructive program," he noted that the money requests of each park were for lump sum appropriations, giving no indication of how the money would be spent.

"He said the state park board present the legislature with a bill showing the exact need of each park, how it is to be improved, how much revenue is derived from operation of each park and where that revenue goes to when it is put in the state parks fund."

McLellan, who is vice-chairman of the appropriations committee, presided in the absence of Rep. Claud Gilmer, chairman.

He told visiting delegations that the bill submitted to committee could probably be invalidated, on a point of order. As originally introduced, the measure was titled as an appropriation measure only.

Regular DDT Spraying Planned In Local Battle Against Insects

The city of Big Spring, through its health department, will renew warfare on the fly and insect menace with a regular program of DDT spraying, the commission decided at its meeting Tuesday afternoon.

The board heard a recommendation from the local Polio committee that immediate steps be taken to spray breeding areas as a preventive program. Garbage areas and other suspected breeding places will be treated every six weeks during the spring and summer months, with a DDT kerosene solution.

The commission further ruled that rat-proofing work in the typhus control program must be continued, and held that if property owners are considering tearing down old buildings, these structures at least must be given rat poison treatment monthly; and that demolition must be carried out within a year.

The commission passed a resolution providing for sale of approximately three-quarters of a block of city land, near the railroad in the eastern section of the city, to the Southwest Tool & Supply company for \$1,500. This is a part of the city's warehouse tract, and the firm is arranging establishment of a machine shop on the site.

Since other requests were made for changes in the proposed zoning ordinance, the council decided to hold a special meeting Friday evening at 6 o'clock for the purpose of going over provisions of this ordinance. Then it may be adopted on its first reading at the next regular meeting of the board on May 27. Specifically, requests have been made to change areas on 11th Place, and in the 1600 block on Scurry to business sectors.

At the Friday special meeting, the commission also will study a tentative budget which is being prepared by City Manager H. W. Whitney.

Wildcats Establish Three New Records

ABILENE, May 14. (AP)—Abilene Christian college track men hung up three new records yesterday in easily winning the Texas conference track and field meet for the second straight year.

ACC had 73 1-2 points. Howard Payne scored 39 1-2. Southwestern 26 1-3 and McMurry 24 2-3. Abilene Christian's sprint relay team set a new record of 42.5 seconds in the 440-yard relay. Bill Carter, ACC, set a new broadjump mark with a leap of 23 feet 11 1/2 inches, and his teammate, John Saunders, set a new record of 21.3 in the 220-yard dash.

PIGEONS MISS FRIEND CHICAGO. (UP)—When pigeons kept fluttering about an open window of a west-side rooming house, neighbors called the police. In a corner of the room they found the body of 70-year-old Sam Stanley, who used to feed the pigeons daily.

Mint-Cool Pajamas

85c

Undershirts to match. 85c

Durene Shorts

Durene Yarn Shorts made of Durene multi-plied mercerized cotton... flat knit. (Absorbent).

1.00

Undershirts to match. 1.00

HOME OF HART, SCHAFFNER & MARX CLOTHES

Window screens may be kept in good condition by insuring them with a coat of liquid wax. The tough, resilient film of wax will preserve the underlying surface and act as a rust preventative.

Try giving that fiber rug on your porch a spring facial by applying a coat of self-polishing wax. It will freshen the appearance of the rug and add protection.
