\$60,000 Loss Suffered By Grain Firm

Fire swept a P. W. Walker Grain Co. storage house on the Lubbock highway early Wednesday, sending 40 carloads of grain sorghum up in smoke.

P. W. Walker estimated the loss at \$60,000, and said the grain was fully covered by insurance. He said the building, a 50 by 150 - foot steel structure, was "partially covered" by insurance.

The grain was still burning briskly late Wednesday, but no effort was being made to extinguish the blaze since the warehouse is located beyond the reach of city water services.

Walker said only a lack of wind prevented the flame from spreading to a nearby warehouse in which 63 carloads of grain are stored. A careful watch is being kept on the flames to prevent the fire from spreading to the other warehouse.

Firemen were unable to fix the cause of the blaze, which was reported at 5:30 Wednesday morning. Firemen said a passer-by on the highway came to police headquarters and reported he had seen smoke coming from the structure.

Walker said the structure was not wired for electricity and he had "no idea" how the flame started.

County Court Sets Jury Weeks, Starting Jan. 16

County Court "jury weeks" have been designated by County Judge Pat Boone, Jr., starting with January 16.

Judge Boone, who said that the first cases to be tried will include both criminal and civil actions, will announce names of the first prospective jurors next Monday. He said 36 names will be drawn for each week of county court.

Under Texas laws, civil jury actions may be tried in county court if amounts involved are \$1,000 or less. Cases involving more than \$1,000 each are tried in district court.

He said cases to be heard during the jury weeks have not been compiled, although he expects the rate will be about one case per day for each of the seven weeks set down as jury weeks in county court. One or two cases, however, are expected to take longer, especially those dealing with criminal offenses, Judge Boone explained.

In addition to the week starting January 16, other jury weeks set are January 30, February 20, March 6, April 3 and April 17.

Meantime, district court is to convene next Monday, District Judge E. A. Bills has announced, the term starting with civil actions. Sixty prospective jurors

will be called for the January term. Criminal term is to open January 23. He said a list of the cases to be set down for trial will be announced in the next few days, both for civil and criminal actions.

A district court grand jury began work Wednesday. With Don Page as chairman, the 1961 March of Dimes program is under way, it was announced Wednesday.

A goal equal to last year's \$2,600 is to be sought, Mrs. Claud Oliver, a member of the March of Dimes board, said. "We hope we can at least do as well as last year," she said, "and we would like to exceed the 1960 total."

With the deadline only three weeks away, Lamb county property owners have shelled out nearly \$400,000 in tax money with collections standing at 82 1/2 per cent of the total, Herbert Dunn, county tax assessor-collector, said Wednesday.

Ad valorem taxes must be paid on or before January 31 in order to avoid penalties, Dunn said. During February the penalty amounts to 1 1/2 per cent but on March 1, the penalty jumps to 3 per cent.

Dunn said payment of 1960 taxes up to January 1 amounted to \$390,738.95 which equals 82 1/2 per cent of the total, \$471,995.57.

Although collections are coming in at a rapid pace and totals up to the first of the year have been "very good," Dunn said the total at this time a year ago were 1 1/2 per cent higher.

At the same time, Dunn said, poll tax payments, which also are due by February 1, are lagging far behind last year's mark, but his was to be expected since last year was a political year and poll

tax payments are a requisite to voting. He said only 1,800 had paid poll tax fees up to this time, while last year's total was above 5,500. He pointed out that poll tax payments also must be made before voters can cast ballots in any election that might be called during the year.

His office also is making ready to start another kind of tax collection — automobile license fees. Sale of 1961 automobile license plates is to start February 1, and tax must be bought by April 1. However, new cars sold before April 1 or cars registering in the state for the first time must have 1960 licenses.

On the agenda also will be consideration of further improvement of Crescent Park.

Many More Get 'Shots'

Littlefield hospitals Wednesday continued to report a "brisk" business in diphtheria vaccinations as the drive to immunize every child in the area continued.

Both hospitals here said they were "very busy" giving shots, and that the total had now reached the several hundred mark.

The campaign was launched last week after the school board issued an urgent appeal to parents to have their children vaccinated before they returned to school last Monday after the Christmas holidays. Hundreds have responded.

The drive was given a boost here after an actual case was reported only 21 miles away; Levelland reported its first case on Tuesday when a 4-year-old Mor-

28 Baptist Young People Attend Glorieta Retreat

Twenty-eight young people, with their sponsors, returned Saturday to Littlefield following a five-day Winter Youth Retreat at Littlefield Lodge on the South-east Baptist Assembly grounds at Glorieta, N. M.

They departed from Littlefield early Tuesday morning, Dec. 27, in the First Baptist Church bus, had luncheon reservations at the Club Cafe in Santa Rosa, N. M., and arrived at Glorieta about 2:30 in the afternoon. Services were held in the living room of the lodge

where a fire in the native stone fireplace gave an atmosphere of warmth and coziness, and the view of snow-covered mountains seen through the three picture windows in the room constantly reminded all of the greatness of God's creation.

The theme for the retreat was "I will lift up mine eyes." Each service was opened with a portion of the theme song, "I Would Follow Thee," sung by Judy and Linda Dale, accompanied at the organ by Melva L. Ross, who also served as camp pianist. Special thanks for each day were taken from the latter part of the second verse of the theme song: "I will look up and laugh and love and live."

Tuesday evening the theme song, "I will look up . . . and laugh," was sung by the women. To emphasize the service for the day, "Look unto Me, ye weary," Miss Brenda Perkins sang "Look and Live," accompanied by Neal Walker, camp pianist.

The high point of the trip, retreating, was the day of singing, Friday at Santa Fe. So Bob and Neal, Truly, the theme for the day,

"I will lift mine eyes unto the hills," was carried out.

Early that morning the bus made the trip up the mountain. A picnic lunch was enjoyed at noon (in spite of the cold!) and late in the afternoon a weary but happy group returned to Littlefield Lodge where they especially appreciated the fire and bowls of frioles. Just before bedtime a vesper service was held. Jerry Koller read Psalm 121 which included the scripture for the day; Carol Bellomy, Sarah Gentry, and Marcia Sullins read poems picturing the majesty and glory of the mountains; and Janey Blackmon led the "Call to Prayer."

Each person then told his impression of Glorieta and just what this first Winter Youth Retreat had meant to him. Brother Longshore closed the service with a personal testimony of how God had dealt with him in bringing him to know and do His will for his life. The retreat was brought to a close as all stood and reverently sang, "I Have Decided."

Following the service Tuesday evening, Jim Nelson led a festival which included skit, stunts and "practical" jokes.

Wednesday's theme was "I will look up . . . and love." Introducing the scripture, "The love of Christ constraineth me".

The special missionary speaker on Wednesday morning was Mrs. John Abbott, who is a missionary to the Spanish speaking people in Espanola, Santa Cruz, Chimayo, Cordova, Truchas, Trampas, Ojo to and other villages near the city of Santa Fe. With the use of colored slides she presented the great needs of the people in the area for the Word of God.

Wednesday evening following the song service, Rev. Longshore spoke using the text "Greater love than this hath no man." Following the service Judy Dale was in charge of a talent show which included skits, pantomimes, humorous monologues and songs.

The theme for Thursday was "I will look up . . . and lift." The scripture was "And I, if I be lifted up, will draw all men unto me." Following the song service, Joyce Thomson led the "Call to Prayer." Mrs. Ralph Nelson taught a Bible lesson, "The Cross and the Christian Life," based on the text. As the lesson developed, a number of songs were sung by Brenda Perkins, Neal Walker, Jim Nelson, Janelle Jensen and choruses sung by the group led by Walker.

Those attending were Darle Roundtree, Jerry Koller, Bob Crawley, Neal Walker, Gary Fulton, Jim Nelson, Charles Heathman.

Also Mac Osborn, Sarah Gentry, Charlotte Houk, Judy Dale, Sharon Cummings, Carol Bello-my, Betty S. Thompson, Melva L. Ross, Patricia Locker, Joyce Thompson, Janey Blackmon, Linda Dale, Linda Williams, Linda Walthall, Marcia Sullins, Doniece Reast, Brenda Perkins, Vivian Lowery, Jana Sharp.

Also Janelle Jensen, Linda Hodge, Brother Robert D. Longshore, Mr. and Mrs. Albert Perkins, Mr. and Mrs. Ralph Nelson, Mike and David Perkins, Bill Nelson, Diane Perkins and Catherine Nelson.

Out of town guests included: Mr. and Mrs. Robert Jennings, Littlefield; Mr. and Mrs. Royce Jennings, Santa Fe, N. M.; and Mrs. W. O. Maxwell, La Junta, Colo.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

AUSTIN — Forecasters are fond of saying, "That which is going to happen has already begun."
If so, the first year of the new decade, 1960, was strewn with weathervanes to point the course of Texas in the next nine years.
Among major Texas events in the opening year of the sixties were these:

1. **PARTY PRIMARIES** were held in May and June, two months earlier. New dates ended old traditions, like announcing with the dogwood, campaigning in the heat. For the first time in years, challengers toppled two incumbents from state office, a fact that's bound to encourage future activity from young men, "waiting in the wings."
2. **DEMOCRATIC CONVENTIONS**, though tempting as always, were held in control by the joint leadership of Gov. Price Daniel and Sen. Lyndon B. Johnson. Johnson won near-unanimous backing for his presidential bid at the June state convention, an event which marked the end of the left-wing DOT. After the national convention in July, dissension arose in the other wing. Many conservative Democrats bucked at supporting Standard-bearer John Kennedy and the liberal national platform. Enough became "Texans for Nixon" to make Texas a "doubtful state." Scars and divisions of 1960 will inevitably be reopened when Texas Democrats get together again in '62 and '64.

3. **1960 CENSUS** reports confirmed predictions that Texas will be a metropolitan state in the sixties. Overall, population grew from 7,711,194 in 1950 to 9,579,677. Sixty per cent of the increase was in the four largest cities. In addition, in every growth area, cities increased their populations at the expense of surrounding rural counties. This did not alter the state total, but changed the makeup of population — now 70 per cent urban, 30 per cent rural. Result will be a strong push for more urban representation in the legislature, more state-level sympathy for city problems.

4. **STATE FINANCE PROBLEMS** never were out of the news, as both public officials and private citizens circled the issue that will come to a boil in this year's legislative session. State Finance Advisory Commission, appointed by Governor Daniel in May, is worked through the summer and fall. In December it recommended a one per cent payroll tax to raise the more than \$100,000,000 the year the state is expected to need in new money. Meanwhile, meetings were held by practically every

body — teachers, labor and business groups, all with a vital interest in future taxing and spending decisions.
5. **AUTO INSURANCE RATES**, under a new merit rating plan, have for good or ill stirred more commotion than a back-fitting Model T at a horse auction. Last Legislature turned down flexible rating and instructed Board of Insurance to consider safety incentives and driving records in setting statewide rates. Result was a plan, begun last January 1, basing auto insurance rates on the driver's arrest record for past three years, including traffic tickets as well as accidents. Drivers whose rates jumped because of minor violations were irate. Those with spotless records got lower rates and were generally happier.

A number of lawmakers have promised to look into the matter thoroughly this year.
6. **GAS TAX SUIT**, begun in early 1960, probably will be in the courts another year. In the past year, gas pipeline companies won rulings that the severance beneficiary tax is unconstitutional in district court and the Court of Civil Appeals. In months ahead, the case will go to the Texas Supreme Court and U. S. Supreme Court. If the tax is upheld, future efforts to raise the rate are certain. If, as in the case of the gas gathering tax in 1953, it is held unconstitutional by the U. S. Supreme Court, it is unlikely that even the most ardent gas tax advocates will try again to raise revenue by this route.

7. **RACE FOR SPEAKER** of the House, as tight and uncertain as in 1959, brought renewed suggestions that "there ought to be a better way." Whether Rep. Wade in Spilman of McAllen or Rep. James Turman of Gober wins in the secret ballot of House members on January 10, it will be several weeks before either can get committees organized and ready for business. To add to the confusion, prospective candidates for Speaker in 1963 already are jockeying for position. Some have suggested a constitutional amendment to permit representatives to elect to meet and elect a presiding officer a month or so before the session's actual opening. Another proposal is to let the people decide by making the post-elective one the same as in the Senate. Advantage besides letting the voters have a choice is the fact that the decision would be reached in November and the House could go to work immediately on the opening day of the session. Also it would eliminate all of the bitterness that is created under the present system.

8. **TOURIST AND NEW INDUSTRY** promotion got under way in 1960, despite penny-ante budgets. Highway Department brought out its first tourists' brochure, a 32-page booklet in four colors. This year it will ask the Legislature for \$300,000 to place advertisements in national publications. Texas Industrial Commission also produced a brochure, but says it can not compete with other states or a \$23,750 a year budget. It will ask the Legislature for \$420,000 a year. Both the tourist and industry seeking agencies contend that Texas cannot achieve its growth potential in the sixties unless it goes in with six-figure budgets comparable to those of competing states.

9. **TEXAS TIDELANDS** owner ship, a paramount issue in the forties and fifties, finally was laid to rest in June, 1960. U. S. Supreme Court, to the surprise of many, ruled that Texas owns the submerged 10 1/2 miles out into the Gulf. If the land is as oil-rich as hoped and if there is a market for the oil, tidelands revenue will augment the permanent school fund in the years ahead.

10. **SENATOR JOHNSON'S ELECTION** as vice president opened the door for more likely political action in 1961 to decide his Senate successor. Field is already crowded with the likelihood of a dozen candidates before the filing deadline passes. Conceivably someone who already holds an office could be elected, setting off a chain reaction of moves up the political ladder.

FARM PRODUCTION HIGH — Texas farm production in 1960 tied with 1958 for the second highest year in history, the U. S. Department of Agriculture reported. Total production was 138 per cent of the 1946-1947 average. Combined value of the principal crops was \$1,400,000,000. This was three per cent less than last year, largely because of drops in cotton and sorghum grain prices.

Cotton is still the leading crop. Texas farmers produced 4,350,000 bales in 1960 for an income of \$711,000,000. Improved conditions and methods were reflected in the 329 pound average yield per acre, up 78 pounds per acre from the 1958-59 average.

LIPSTICK LOGIC

It would take a bushel basket to hold all the forecasts for 1961. In business and finance, we can take our choice: Business will remain slow for 18 months, then make an upward swing. Business will begin to pick up in about six months. Business has already started an upward swing. People will save more, spend more. Cost of living will continue to rise, but so will family incomes. We have with us always, only more so. We'll be broke in a few years.
In women's fashions, at this writing, the knee will show, with no other forecast. The wacky predictions of 1960, far mink slacks and eyeglass frames, at least, are a thing of the past. But for men there is a promise of cosmetics — used modestly, of course. And more color in their clothes.
Population? Up. Traffic fatalities? Up. Church attendance? Up. Weather? Goodness knows! Unemployment? Well... Government? Have you heard the one about the... Russia and Cuba? Looks scary, doesn't it? Air travel? The skies will be thicker than ever. Sports? Now there's a subject! How much time have you?
But overall, thanks to the eternal optimism of our happy land, the new year brings hope for better things: a clearer understanding between the peoples of the world; a sounder economy; more judicious spending of foreign aid funds; kindness to the wretched; more widespread education; less domestic friction.
And as always, a new star can bring about good things, provided optimism is backed by intelligent action. It still takes a might of thinkin', however, to get through to us John Smiths and Susie Joneses that what we do, as poor-little-me's, helps mold the pattern of a nation. Its strength or weakness, eventually, is shaped in individual homes.

millions of words was something similar to an act in a Dallas nightspot that advertised its star as a western stripper — "the gal with a pair of 45's."

But such wasn't needed at the Cotton Bowl.

Kilgore's Rangerettes, a nationally known drill team, put on a precision act that and looked as if their legs were all tied to a single bar that lifted them up and down.

Typical band numbers saluting this and that were climaxed with a finale that filled the gridiron from goal post to goal post with horns, drums, majorettes and dancers — gaily uniformed students performing like professionals.

It was a tremendous undertaking and added much to the enjoyment of the spectators.

While this monumental show was a combination of many minds and schools, similar projects are carried on in every high school across the nation that fields a team of any sorts.

There is always a band or a drill team or a pep squad which works hard to entertain the spectators — and too often the hard work is only half watched or ignored completely.

To those unsung but industrious performers, this corner gives a big cheer for helping to make sports contests more colorful and entertaining.

NIKE ZEUS races through the sky, carrying a complete tactical guidance system for the first time in the firing test program. Launched at White Sands Missile Range, New Mexico, on December 1, U.S. Army's NIKE ZEUS responded to control the trajectory. ZEUS is designed to intercept and destroy incoming intercontinental ballistic missiles traveling at speeds in excess of 15,000 miles an hour.

**Pearls Kept

Pearls for sale!
Juliette Low, not only founded Girl Scouts of the U. S. A., but paid all of the organization's expenses, out of her own pocket during its first four years of existence.

At the outbreak of World War I in 1914, Mrs. Low discovered that her funds were running out. She promptly took off her heirloom pearls and sold them to provide funds to continue the movement.

She need not have feared for the survival of her life work. In 1927 when she died, Girl Scout membership had reached a total of 168,000. On October 31 of last year, close to three and one half million Girl Scouts, including 800,000 adults, celebrated Juliette Low's hundredth birthday anniversary in 1,651 councils across the nation. This is a rich return for her pearls.

Don't sell your pearls, but be sure to give generously to your Littlefield Girl Scout Fund Drive.

'See You In Church'**

"See you in church," and you will, if it's a Girl Scout speaking. Every Girl Scout is pledged to do her duty to God and is encouraged to attend the church of her choice regularly. In addition, many Girl Scouts perform services for their church, such as painting the Sunday school furniture, handing out programs, arranging flowers, etc.

When you contribute to your Littlefield Girl Scout Fund you are helping Girl Scouts to carry out their promise "to do my duty to God and my country, to help other people at all times."

confidently forecast: it will yield 295 days; 8,750 hours; 525,000 minutes.

This allotment of time... the precious stuff of which dreams are made... is our common possession. No one can rob us of this treasure. Nor can any magnate with a Midas touch contrive a single golden moment more than our own allotted portion. Let us therefore, resolve to invest our time wisely and thus build firm foundations for our challenging future.

PERHAPS we shall not redeem in full the pledges we have made against the bright new year. We shall not find either the strength nor the hours to perform all of the constructive tasks we have set for ourselves. But at least we can try.

We have now the good aid of a fresh twelve-months. A new leaf for life. So we move confidently on to the changes and challenges that confront us, rejoicing in the truth that man's age is measured by his courage rather than his calendar.

"At 9 a. m.," came the reply. "And what's the idea of calling me in the middle of the night?"

"Not until 9 a. m.?" answered the disappointed voice.

"No, not until 9 a. m.," answered the librarian. "Why do you want to get in before 9 a. m.?"

"Who wants to get in? I want to get out." — Supervision

Doing Dishes Fun For Scouts — Sometimes

Doing the dishes can be fun especially if you're a Girl Scout washing up with your buddies after a charcoal cooked meal in the autumn woods.

And after the dishes there will be a song and story telling fest around the campfire and a good night's sleep in a cozy sleeping bag.

Girl Scouts have this kind of fun, but a lot of other girls have never cooked a meal out-of-doors or gone on an overnight camping trip. Give these girls a chance to be Scouts, too, by supporting the Littlefield Girl Scout Council Fund Drive, give today.

Sudan Woman Wins Ad Rime

Mrs. Quinton McCaghren, Rt. 1, Sudan, submitted this week's prize winning Ad Rime.

She found the hidden slogan, "trading among ourselves insures long life and prosperity," and her prize-winning ad rime was: "Keep your home town on the map; shop where bargains are a snap."

Mrs. McCaghren's winner, who gets a \$10 prize, will go into the file along with previous Ad Rime winners. She is now eligible to compete in the grand prize of \$50 to be given at the end of the contest.

Another Ad Rime appears in this issue of the Leader. The guide lines are: "Here Your Dollar Buys A Lot."

All 11 entries must be in the Press office by 5 p. m., Monday, Jan. 9.

Tempest puts safety-minded performance in a gas-saving 4!

(Range of horsepower choices from 110 to 155)

Take a Tempest out on the highway and put it through its paces. This car is a whiz at moving into fast-stepping company on an expressway. Takes you from a standing start to a safe operating speed in seconds... gets you up a steep hill in high gear.

Run the Tempest over the roughest road you can find. It rides like the big ones because it's balanced! The engine's up front—the transmission's in the rear. And it's got independent suspension at all four wheels. Tires dig in firm on curves and turns. Full 15-inch wheels make car look big. Tires last. Brakes run cooler.

Before it hit the market, Tempest had 3,000,000 miles of testing by engineers, pro drivers and a team of teenagers. Its reliability checked out 100%. Owners have rolled up millions more. The only kick is the one it puts back in driving. Try it!

WRITE AD-RHIMES

Think up a line to rhyme with

\$310 Cash Given FREE Here Your Dollar Buys A Lot

HOW TO WIN AD-RHIME PRIZES
The answer points to the "Subliminal" ad—
AD-RHIME lines must be in and rhyme with the Guidelines. Your entry MUST carry the "Hidden Slogan." Find it among the ads—one word in each column in italics starting at the top. You don't have to buy anything to win prizes but MUST find and write the AD-RHIME lines that fit in and rhyme with the "Hidden Slogan." Preference is given to AD-RHIME lines that fit in and rhyme with the "Hidden Slogan." One which can't win is:
On the home town merchant's plot.
but you must write original ones. Good luck—and keep trying.

It's the Law in TEXAS

Our courts work with two sets of principles in meting out justice — those of "law" and those of "equity."

Under "law" a court declares the parties' rights and duties and sets money damages for harm already done — as when someone goes back on his contract with you or injures you in an automobile crash.

But under principles of "honesty, equity and conscience," for example, a court seeing harm on the way, may forestall it and enforce its orders by fines or jail terms.

England used to have two kinds of courts to hear cases under law and equity. But today both England and America use the same judge to hear both kinds of cases.

How did these two systems arise?

Long ago the English king called upon the "chancery" — then largely made up of churchmen, (the keepers "of the King's conscience") to give "relief" where the older Common law courts, grown rigid, might fail.

Unable to use the Common Law, the chancellors applied certain rules and maxims, sometimes borrowed from ancient Greece and Rome — "He who comes into equity must come with clean hands." Sometimes this is stated: "No one can take advantage in a court of equity of his own wrongdoing."

This maxim denied a suitor "relief" if he himself has done wrong in the transaction at issue.

A scale maker had advertised that his scales would count fractions of a cent against the customer and in favor of the storekeeper.

He had asked a court in equity to stop a competitor from revealing that his scale was cheating customers. But the court threw the case out: Not having "clean hands," the scale maker had no standing in equity. He could seek fair treatment when he himself was dishonest in particular situation at issue.

(This newfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)
