

# ALL TRUCKS MUST BE SIGNED UP UNDER DEFENSE ORDER 21

Owners Must Apply For Certificates Thurs., Fri. Or Sat.

Procedure Necessary For Gasoline Rationing, Tires And Repairs

October 22, 23, and 24 are dates designated for signing up trucks and pick-ups under Defense Transportation Order 21.

Under the recent gas rationing law all truck-owners must register, giving information on the kinds of hauling done during the last year, miles travelled, gasoline used, etc. He will then receive a permit to operate and for the securing of gas, tires, tubes and repairs.

The Lamb County Farm Transportation Committee has been set up and details are now being completed on program to get all farmer-owners of trucks and/or pick-ups to fill out certificates on their machines.

The County Farm Transportation Committee was appointed by the Lamb County USDA War Board in accordance with regulations under the Defense Transportation order. Regular members of this committee are J. F. Chafin, chairman, W. H. Cunningham and J. D. West, farmer representatives; Frank Rogers, implement dealer representative, and Jim Etter, trucker representative. Alternate members of the committee are Roy B. McQuatters, M. D. Abbott, L. E. Slate and Alfred Dunagin.

Every truck or pick-up owner in the county has received or will receive within the next few days a SU-A certificate mailed to him directly by Office of Defense Transportation, Detroit, Michigan. Chafin stated that under General Order ODT 21 the operator of each commercial motor vehicle must have a certificate of War Necessity in order to continue operating the vehicle.

## Marketing Peanuts For Oil Worked Out

Announcement has been made by the AAA office, Amherst, that details for marketing peanuts for oil have been worked out. The Farmers Co-op Gin, Amherst, has entered into agreement with Southwestern Peanut Growers Association, Gorman, Texas, to act as their agent to handle oil peanuts produced in Lamb County.

Leston F. Bain, secretary of the Lamb County ACA also announced that within the next few days a government licensed peanut grader will call at this gin to give proper instructions on the grading of peanuts and all peanuts handled through this cooperative will be properly graded according to U. S. standards. Bain further stated that it will be necessary that peanuts be sacked and that within the next few days Southwestern Peanut Growers Association will ship sufficient number of sacks to Amherst to take care of the Lamb County crop. It will be necessary that producers purchase

## Rationing Permits On Farm Implem'ts

The Lamb County Machinery Rationing Board has issued permits for the purchase of feed mills, ensilage cutter and tractors. The following have received such permits to purchase machinery: Floyd B. Hills, Hart; Beauford A. Fowler, Littlefield; H. F. Branscum, Muleshoe; Henry Bryant, Sudan; J. S. Gregson, Sudan; Oran T. Crosby, Olton; G. O. Cundiff, Littlefield; F. G. Anderson, Anton; James C. Hall, Anton; H. G. Walker, Olton; Homer Y. Cole, Littlefield; George E. Zybur, Littlefield.

All farmers who are interested in securing rationing permits on farm machinery should secure application blanks from implement dealers or from the county machinery rationing board.

"The rationing board meets only once each week on Saturday afternoon at the County AAA office in Amherst for the purpose of passing on applications received during the week," said J. F. Chafin, chairman of the Lamb County Machinery Rationing Board.

## Chamber Of Commerce To Cooperate With Soldiers' Dependents

The Littlefield Chamber of Commerce has been asked by Adjutant General H. B. West of the War Department, Washington, D. C., to cooperate with the department in explaining the Service Men's Dependents' Allowance Act of 1942, E. C. Cundiff, local secretary, announced Wednesday.

The local office has received the rules and regulations by which allowances are made to dependents of men in service, Mr. Cundiff said, and dependents desiring to know these rules who need help are urged to call at the Chamber of Commerce Office in the City Hall.

## More Workers Needed At Red Cross Sewing Room

According to Miss Lula Hubbard, Production Chairman of the Red Cross Sewing Room, which opened about two weeks ago in the Littlefield City Hall, a total of 21 girls' blouses, eight women's blouses, and about 12 shirts have been completed to date. The blouses are made of plain cotton check, and the shirts of chambray.

The sewing room is open from 1 to 5 o'clock each week day, except Saturday, and the materials are furnished by the Government through the American Red Cross. Miss Hubbard said there were enough material on hand to make 94 shirts, 25 girls' blouses, and asked the Leader to urge all women who could sew to assist in this work. Miss Hubbard stated that even though volunteers could only give a few hours to this work, they were welcome; and that they did not need to remain at the sewing room, but

that they might take the work home to do. Supervisors at the sewing room are: Mrs. Gardner, Monday afternoon; Mrs. G. M. Shaw and Mrs. E. A. Bills, Tuesday afternoon; Mrs. Ethel Harlan and Mrs. Jimmie Singer, Wednesday; Mrs. Warren Rutledge and Mrs. Jim Etter Thursday; Mrs. J. H. Barnett, Mrs. Pat Boone and Mrs. Lawrence Walraven Friday afternoon.

## Area Gets 2.06 Inches Rain During Last Week

Rain fell again in Littlefield and over the South Plains Friday night and early Saturday, when .47 of an inch of moisture was reported for Littlefield by the West Texas Cottonoil Mill, making the total for the week of 2.06 inches, and for the month of October 2.98 inches.

Hail also fell in spots, which added to the worries of the cotton growers who need only warm weather and sunshine to harvest their crops. Some hail was reported at Sudan, Pep, Hart Camp and Spade.

Hart Camp reported two inches of rain; Spade 1½ inches, while at Beck's Gin and Circle Back a flood was said to have fallen, a resident reporting 7 inches at Circle Back. Also 4 inches of moisture was reported 4½ miles southwest of town.

## Only 2 Per Cent To Be Deducted From ACP Payments

The Lamb County AAA office has announced that only 2 per cent will be deducted from 1942 ACP payments to Lamb County farmers for association expenses incurred during the past year.

Leston F. Bain, secretary of the Lamb County ACA also stated that farmers will not receive a written notice with their checks showing this 2 per cent reduction as has been the custom in the past but verbal notification of this fact will be given each producer at the time his application for payment is signed or at the time his 1943 farm plan sheet is executed.

## Gasoline Rationing Registration Nov. 9

Private owners of cars of this area will register and receive their gasoline ration cards at the Littlefield School building Monday, Tuesday and Wednesday, November 9, 10 and 11. Gasoline rationing will go into effect November 22, according to the Office of Price Administration.

Car owners in the various cities and communities in the county will register for rationing cards at the various stations, as used in the sugar rationing, it is believed, although nothing definite had been worked out, it was advised.

Motorists will be limited to five tires per car beginning next month. Every car owner in the 31 states where gasoline has not been rationed, as in the east, will be entitled to enough gas to drive 2,880 miles per year, slightly less than four gallons per week. The Government will

## District W.M.S. Meeting To Be Held Here Friday

75 Women Representing 20 Churches Are Expected To Attend

The W.M.S. of the West Plains Baptist Association will meet in an all-day meeting at the Littlefield Baptist Church Friday, beginning at 10 a. m.

Mrs. E. T. Lyons, Dallas, State Secretary of W.M.U. work, will be present, and teach a book on methods of W.M.U. work. Mrs. L. Lumsden of Wilson, District 9 President of W.M.U. work, will also be in attendance.

Luncheon will be served at 12 o'clock by the ladies of the local W.M.S.

Seventy-five women, representing 20 churches in the West Plains association, are expected to attend.

## Rotary Governor Visits Local Club

Charles Paxton of Sweetwater, Governor of District 127 of Rotary International, made his official visit to the local Rotary Club Wednesday night of last week, when the group staged a dinner at the Barton Hotel, at which officers, directors and Committee chairmen of the Littlefield Rotary Club were present.

Mr. Paxton presided, and asked for reports on club activities, and suggested lines of activity for the various committees, and for the club as a whole. The club committeemen made their various reports.

Mr. Paxton addressed the local Rotary Club at their weekly luncheon meeting Thursday at noon on Rotary's Place in the World at War. F. A. Hemphill, president of the club, presided.

The Lyons Club will present the program for Thursday's luncheon meeting, with Dodd Weatherly, president of the group, presiding.

## Proceeds From Local Victory Concert Totals \$1,600 In War Bonds, Stamps

First Of Series Of Programs Is Presented Oct. 15

Large Crowd Enjoys Program Staged By Band And Chorus

Sale of War Savings Bonds and Stamps totaled approximately \$1,600 last Thursday night at the local high school, when the first of a series of eight Victory Concerts was presented by the Littlefield High School Band and Chorus. Admission to the concert was the purchasing of War Savings Stamps and Bonds of any denomination.

Similar programs were staged at 1000 schools throughout the State last Thursday night. Sudan school students participated in the program there; and the Olton Mustang Band rendered an hour's program at the Olton High School.

A large crowd attended the concert here, and those in attendance were high in their praise for the excellent program presented. A great deal of credit is due Mrs. J. D. Armistead, director of the band and chorus, who so ably planned and directed the concert.

Pat Boone, chairman of the county War Savings Bonds committee, stated, "Isn't it fine to be an American," as he reported to the crowd the total sale of bonds and stamps. He complimented the school children on their purchases of bonds and stamps, and "we find that the Lamb county schools are never lacking in support." Mr. Boone also announced that the first 14 days of

## Sudan Victory Concert Is Success

The first in the series of Victory Concerts sponsored by the Sudan school was a great success. Stamps and bonds sold at the door of the High School Auditorium amounted to \$4,308, which sum will help our boys take care of a good number of Japs.

The program, which was arranged and compiled by Band Director W. J. Finley, and a number of the teachers was of a high order and was thoroughly enjoyed by the large audience which packed the auditorium.

The response given to the first Victory Concert plainly shows that Sudan is 100 per cent behind the government in the winning of the war:

The program follows:  
"America"—Band and audience.  
"Uncle Sam"—Sonny Springer; Color guard—Kenneth Vincent, Sonny Aten Ju, Jimmy Doyle Bacucus.

Selection—"Over There"—Band, directed by W. J. Finley.  
Songs—"Remember Pearl Harbor," "You're A Sap Mr. Jap"—

## Rebekahs, Oddfellows Enjoy Venison Feast

About 200 Rebekahs, Oddfellows and their husbands, wives and friends enjoyed a venison feast at the Oddfellow Hall Thursday evening, when J. E. Brannen furnished the deer, and was host of the occasion.

The hall was not sufficient to accommodate the large crowd who attended. The hall was decorated with variegated Chrysanthemums.

Mrs. and Mrs. Roy Wade and Mr. and Mrs. Homer Sewell furnished the music. Mrs. Wade and Mrs. Sewell played accordions, while Mr. Wade played a guitar, and Mr. Sewell a French harp.

Rev. J. H. Sharp, local Methodist pastor, gave the opening address of welcome, which was responded to by Rev. Roy Shahan, pastor of the local Baptist Church.

## Rayon vs. Cotton

The case of the rayon industry, comprising a relatively small number of manufacturing plants, against the cotton industry, mustering millions of farmers, principally in the Southern States, broke into the open at Washington the other day when a Senate committee had Rubber Director Jeffers on the carpet. The question at hand was whether some \$50,000,000 should be laid out for expanding rayon production for use instead of cotton in making heavy duty truck tires for the Army.

The Army experts are said to have asked for the rayon; the tire makers are said to have reported that a 50 per cent improvement in general qualities of heavy tires could be effected by the substitution. Mr. Jeffers pointedly told the committee that so far as he was concerned there was nothing else to be considered than relative effectiveness of the two products. No pressure groups, he said, would sway him, and if the Senate committee wished to stop him it had better get a law passed quick.

Too long have we hoped and prayed for a man at Washington who would tell people what to do and how and when to do it, and then stand fast to the word, to jump straddle of the neck of the first man of the sort that shows up. There is a very definite reassurance in Mr. Jeffers' determination and his plain-spokenness. Such a man will likely make no more mistakes than the oftener-met backer and filler, and his mistakes will be much more endurable.

However, it is reassuring to note that in the current exchange between Southern Senators and Mr. Jeffers the rubber "czar" does not close the door against cotton. He says, in effect, that the tire makers are to have supplies of rayon as well as cotton opened to them, and that if, contrary to existing recommendations of the experts, cotton proves still superior, heavy tires will utilize cotton fabric as before. The

Army is conducting tests in Texas intended to establish the full serviceability of cotton-made heavy tires, and doubtless these tests will be important in the final determination.

In the meantime, the pleasure of hearing a production director tell people, even as big as Senators, "where to head in" will sustain most of us in the cotton States during the time when we are waiting for the final word on whether cotton or rayon is more useful in the heaviest sort of tires. We will be encouraged, further, by the reflection that in the making of such tires it was the long-staple variety of cotton that was formerly used, not the shorter staple which makes up 95 per cent of the Southern crop. —Star-Telegram.

## Farm Production Important

One of the short-length news stories of the week is packed with significance. It reveals a chief reason for the growing farm labor shortage, which must be checked if enough food is produced next year to sustain our armies and the civilian population. It told of the enlistment of five of the Fords, Missouri farm boys, in the Coast Guard. "There's more coming," the recruits said, referring to four more of the brothers who plan to enlist in the near future. Another brother, the tenth, will be left to take care of the family farm.

This story goes to show that the drain on farm labor hasn't been due solely to the lure of higher pay in war plants or in city jobs. These farm boys want to get in and fight, as thousands have gone in before them. They'll make the sort of fighters needed to win this war against the toughest foes their country has ever faced.

Production on the farms is of first importance. The labor lost by these mass enlistments of boys from the farms must be supplied. The need is urgent even now in many sections of the nation, and must be met before another planting season is upon us.

## Questions, Answers In Connection With New Victory Tax

Here is a question-and-answer summary of the main features of the new victory tax which the Senate has adopted.

- Q. Who is subject to the victory tax?
- A. Everyone earning more than \$624 next year—or \$12 a week—will pay a victory tax next year. It does not apply to 1942.
- Q. How much is the tax?
- A. Five per cent of everything you earn over and above your \$624 minimum exemption. If you earn \$2,624 next year, you will pay a

victory tax of \$100 in addition to your regular income taxes. The tax is the same for married and single persons, and there is no additional exemption for dependents. But if husband and wife both work, both get the \$624 exemption.

- Q. Does the government keep this money for good, or will some of it be returned?
- A. Part of the tax is refundable. The refund amounts to 25 per cent of the tax paid for a single person, 40 per cent for the head of a family, and an additional 2 per cent for each dependent. If you are married, have one child, and pay a victory tax of \$100, you would be entitled to a \$42 refund.
- Q. When and how could I get this refund?
- A. If you are entitled to a \$42

refund, under certain conditions you could get it right away in the form of credit against your victory tax. In other words you would pay the government \$58 instead of the full \$100. These conditions are that during the year you must have spent at least \$42 for buying war bonds, paying off a mortgage or other debt outstanding on Sept. 1 of this year, or paying premiums on a life insurance policy which was in force on the same date. If you haven't done any of these things, you will have to pay the full \$100 and wait until after the war for your refund.

Q. How will the victory tax be collected?

A. If you are a wage or salary earner—other than a farm or domestic worker or a member of the armed forces—your employer will deduct the tax from your paycheck and forward it to the government. All others will pay the tax on March 15 of each year—or in quarterly installments—together with the regular income tax. For example, if you earn \$24 a week your employer will take 60 cents out of each paycheck, which is 5 per cent of \$12.

Q. Suppose I earn \$24 a week, but only work 20 weeks out of the year?

A. Since your annual earnings are only \$480, which is less than the exemption, the government would pay you back all that had been withheld from your paychecks, or \$12, at the end of the year.

Q. If I earn more than \$624 a year, and pay my whole victory tax through paycheck deductions, how do I get my refund if I am entitled to take it right away?

A. If you had had \$100 taken out of your salary checks during the year and were entitled to claim

The Lutheran Hour will begin next Sunday its 10th season of broadcasting. Station KFDA of Amarillo, 1230 Kilocycles, will carry the broadcast at 3 p. m.

### Lutheran Hour To Be On Air Oct. 25 Over 391 Stations

ST. LOUIS (Special).—Opening its tenth season Sunday, October 25, on the largest group of stations ever to carry the program, the Lutheran Hour will again present the Bible messages of militant, two-fisted Dr. Walter A. Maier.

Dr. Maier

The 208 stations of the Mutual Broadcasting System and 23 independent stations will be joined in a coast-to-coast network, with Eastern stations broadcasting the program at 1:30 o'clock, the others at 4:00 o'clock Eastern War Time every Sunday afternoon. In addition, approximately 160 other stations—in the United States and many foreign lands—will broadcast the program by electrical transcriptions, some of them in the Spanish language. The program will also go out by short-wave.

**Helps Troubled Listeners**  
While Dr. Maier is a full-time professor of Semitic languages at Concordia Seminary, and carries on his radio mission as a sideline to his everyday work, he has become the spiritual confidant of thousands of radio listeners. A single broadcast has brought him as many as 15,261 letters and in nine seasons on the air he has received more than a million letters. Widely noted for his books on Christian marriage and the home, and for his work among young people, his advice is eagerly sought in thousands of letters which Dr. Maier has aptly called his "problem mail."

E. J. Gallmeyer, of Fort Wayne, president of the Lutheran Laymen's League, under whose auspices the Lutheran Hour is broadcast, announced that the tenth anniversary season will be commemorated by special efforts to bring spiritual help to those whose lives have been dislocated by war. "There never has been a time," Gallmeyer added, "when the world so sorely needed the truth of the Scriptures."

# FEEDING FOR PRODUCTION

A good hen deserves good feed, good housing and good care. If you expect your flock to lay eggs they must have access to things which eggs are made of. EVERLAY EGG MASH supplies these with Vitamins, minerals, Proteins and Fats which fed with your home grains and plenty of good clean water will fill the egg basket.

The EVERLAY WAY of feeding hens is very simple and well adapted to feeding in West Texas, as it is made especially to be fed with sorghum grain which are grown in all West Texas.

### It's the Extras in EVERLAY that Counts

EVERLAY EGG MASH is composed of:  
 Steamed dried fish meal, Meat and Bone scraps, Linseed meal, Soybean meal, Dehydrated kelp, Manganese sulphate, Yellow Corn meal, Wheat Bran, Shorts, pulverized Oats, Corn gluten feed, Milo meal, Alfalfa leaf meal, Fortified Sardine oil, Barley meal, Carbotex, Potassium Iodide, and salt, with GREENMELK and WHEAT GERM OIL added to EVERLAY BREEDER MASH.

## Farmer-Executive Heads ACAA

M. Clifford Townsend, who says he'll "always be a farmer," is the new administrator of the Agricultural Conservation and Adjustment Administration. The former Governor of Indiana is contributing his full share to wartime farm production on his farm near Marion, Indiana, which he and his son, Max, operate in partnership. This year the farm will produce twice as much corn and twice as many eggs as in 1941, plus a huge crop of soybeans and an increased number of twice-sheared sheep. Townsend is shown here (a) at one end of his tractor, (b) examining his soybean crop with his son, (c) at his desk in Washington, D. C.

## A Soldier's Thoughts

The following poem was sent by an anonymous soldier who had gone through the air raid at Pearl Harbor and had been confined to the hospital several weeks. It was sent to the Portland Air Base and was printed in "The Tabloid," the camp paper. Pvt. Luther Parker, who is stationed there, sent it to his parents, Mr. and Mrs. L. A. Parker of Benjamin. The feeling expressed within these lines speaks for the author:

### THANK GOD WE DON'T NEED YOUR KID

You may say he can't stand the army;  
 The life is too rough for him.  
 Do you think he is any better  
 Than some other mother's Tom or Jim?

You raised him up like a girl!  
 He don't smoke or drink, is your brag.  
 If all the boys were like him—  
 What would become of our flag?

You say his girl couldn't stand it,  
 To send him off with the rest.  
 Do you think she would be glad  
 When she feels a German's breath  
 on her breast?

Think of the women of Belgium;  
 Of the cruelties they have to bear.  
 Do you want the same thing to happen  
 To your innocent daughter so fair?

You can thank God the stars on  
 Old Glory  
 Are not blurred by that kind of stain,  
 Because there are ten million  
 roughnecks  
 That had red blood in their veins.

They go to drill in bad weather,  
 And come in with a grin on their face,  
 While your darling sits in the parlor  
 And lets another man fight in his place.

Maybe we do smoke and gamble,  
 But we fight as our forefathers did,  
 So go warm the milk for his bottle,  
 Thank God, we don't need your kid!

(Editors Note: This poem was clipped from a Knox County paper and sent to the Leader by one of our valued readers.)

## Storage Cotton Eligible For Loan

Government loans on cotton in farm storage will be made this year for the first time, Fred Rennels, assistant state administrative officer of the Agricultural Adjustment Agency, announced recently.

Heretofore, farm-stored wheat and other grains have been eligible for loan in restricted areas, but only cotton stored in commercial warehouses could be placed under government loan. Under the new provision, loans on farm-stored cotton will be available throughout the Cotton Belt.

Under the 1942 cotton loan program, loans will be available only to cooperators on eligible cotton stored in approved farm structures. The farm storage phase of the loan program will be administered in each county by the Agricultural Conservation Committee, and a member of the committee must approve all loans.

A storage allowance of 10 cents a bale per month will be allowed the producer storing cotton on the farm, provided the cotton is delivered to Commodity Credit Corporation in satisfaction of the loan. Farm-stored cotton offered as security will be inspected by a county loan inspector appointed by the county AAA committee. Such cotton will be classed by a U. S. Board of Cotton Examiners.

To be acceptable for cotton storage, a farm structure must be in such condition that it will (1) protect the cotton from damage by rain, snow, flood, and ground water, (2) provide protection from damage by poultry and livestock, and (3) provide reasonable protection against loss by fire and theft. The structures in which the cotton may be stored, the AAA offi-

cial explained, must be located within a reasonable distance of adequate water supply which is constantly available for use in case of fire, and a floor or supports to keep the cotton off the ground. Storage which is part of a barn containing hay or other highly inflammable materials will not be approved.

"With a shortage of commercial warehouses in evidence," Rennels said, "the new farm storage plan will enable more cotton farmers to use the advantages of the government loan. It is another forward step taken by the government to assist farmers who are making such

## O. K. RUBBER WELDING & TIRE SHOP HAS INSTALLED NEW TIRE PRESERVING PROCESS

A new process for preserving tires is being announced this week by the O. K. Rubber Welding and Tire Shop, owned and operated by H. L. Atwood and Hugh Rice, lo-

ated on East Fourth Street across the street from the City Laundry.

Equipment for the Hickey's Rubber Rejuvenator was installed in the shop this week, and the owners are inviting people of this entire vicinity to visit their shop and let them explain this process for preserving tires.

Ray Hickey, who discovered the solution, arrived in Littlefield Wednesday and will be here this week to discuss tire problems with the many patrons of the shop.

Local county AAA offices can supply full information to farmers desiring to obtain a loan on farm-stored cotton. Loan forms and instructions are now being distributed to county offices.

Ray Hickey, who discovered the solution, arrived in Littlefield Wednesday and will be here this week to discuss tire problems with the many patrons of the shop.

## Sugar Rations For Home Use Will Remain The Same

Sugar rations for home use will remain unchanged at one-half pound a person each week during the period of Nov. 1-Dec. 15, but industrial and institutional consumers will receive less in November and December than in the preceding two months.

The Office of Price Administration said today stamp No. 9 would be good for three pounds of sugar between Nov. 1 and Dec. 15 Stamp No. 8, which covered a ten-week period, and calls for five pounds, expires at midnight October 31.

Institutional users, including hotels and restaurants, will receive 60 per cent of their sugar base for November and December.

Industrial users will receive 70 per cent of their sugar base, compared with 80 per cent, including a 10 per cent bonus, in September and October.

An exception to the 60 per cent allotment for institutions is an allotment of 85 per cent for hospitals treating patients suffering from acute illnesses.

# MORE MILEAGE FOR YOUR TIRES

## Hickey's Rubber Rejuvenator

We have just installed NEW EQUIPMENT in our shop, and we believe we can render a More Complete Tire Repairing Service. We appreciate the nice volume of business we have enjoyed in the past, and we hope to continue to serve you.

## HERE'S HOW THE RUBBER REJUVENATOR WORKS

Rejuvenates the rubber; acts as a tonic to the fabric, giving it longer life and greater wear.

Builds up the side walls, refreshing the entire tire, adding eighty per cent to the life of the tire.

Puts back that resiliency that's so necessary to tires, especially those that have been in use for some time.

Prevents unused tires from deteriorating as they do when not in use.

Strengthens the foundation to hold recapping and retreading jobs.

Helps to prevent blow-outs by giving strength to fabric.

Adds at least 5,000 miles to a smooth-faced tire.

Adds at least 10,000 miles to a tire with any tread showing.

Adds at least 20,000 miles to a tire with all tread showing.

Keeps that resiliency in new tires much longer before showing wear.

Adds additional mileage even when tire is worn down to where cord is visible.

Prolongs the life of any tire with any service rubber left.

THIS IS NOT A PAINT JOB—

Requires 30 hours soaking in this solution to give proper repair service.

### With South Plains Men In U. S. Service

Troy Davis, who is connected with the Naval Construction of the U. S. Army, and was stationed for a time at Norfolk, West Virginia, and later transferred to Hueneme Camp, Calif., was again moved to San Francisco last week, where he is now stationed, according to his mother, Mrs. E. M. Davis.

John A. Talburt, Jr., 18, son of Mr. and Mrs. J. A. Talburt, who enlisted in April last, and was called August 29 into the U. S.

Air Force, completed his pre-flight training at Kelly Field recently, and has been transferred to Prince Plosser Air Academy, Avenger Field, Sweetwater, where he will take his primary training.

Talburt says that this air field is all that one could ask for in Army life, and that he is much pleased with his location.

Stating that he wanted to help Lamb County keep up its quota in the sale of war bonds, Mr. Talburt sent back to his parents \$140 which he requested that they invest in War Bonds in this county.

Mr. Talburt spent five weeks at Kelly Field previous to being transferred.

Milford F. Allen, Anton, was graduated last week from the Officer Candidate school at Fort Sill, Okla., and has been commissioned second lieutenant in the Field Artillery of the Army of the United States.

Lieutenant Allen, son of Rev. and Mrs. F. N. Allen, reported to Fort Sill from Camp Blanding, Florida, and has been assigned to Camp Bowie, Texas. Before starting active duty he was employed as a high school teacher.

Pvt. Winston G. Wofford, former grade school principal at Olton, and who enlisted in the Army in July of this year, is reported on the list of 122 applicants for Officers Candidate School at Camp Callan, San Diego, Calif. This list of 12 men set an all time high record to be recommended by the Officers Candidate Board for any single week. Topping the list was 66 approvals for anti-aircraft school at Camp Davis, N. Carolina, where Pvt. Wofford will be transferred upon completion of pre-officers training at Camp Callan.

Wilbur R. Schreir of Olton last week enlisted at Lubbock in the U. S. Navy. From there he went to Dallas then to Great Lakes, Illinois. Wilbur was one of Olton's football stars and he says he believes he can help whip the Japs. He is now stationed at Great Lakes, Ill.

The Hammock family at Sudan received word last week that Cadet J. R. Hammock had been transferred from his station near Houston to the large Bomber School at Midland.

Curtis Harkey, son of Mr. and Mrs. Newt Harkey of this city, enlisted recently in the Air Corps at the South Plains Flying School, Lubbock. He has been sent to Fort Sill for training.

Mr. Harkey is also the brother of Mrs. Joe Salem of Sudan, who visited him in Lubbock last week.

Mr. Harkey was a travelling salesman before enlisting.

Mr. and Mrs. J. A. Harris of Sudan received word last week from their son at Sheppard Field that he has been transferred to a training school near Santa Monica, Calif.

Ernest "E." Jones, son of Mrs. A. H. Lollis of Littlefield, has been selected for training as a Naval Aviation cadet and will be ordered to active duty shortly.

He graduated from Littlefield High School in 1941. He lettered in basketball and was one of the football squad.

When ordered to active duty, he will report to the U. S. Navy Pre-

### ALKA-SELTZER BRIGHTENS MY DAY

OCCASIONALLY, I wake up in the morning with a Headache. It sometimes wears off along the middle of the forenoon, but I don't want to wait that long, so I drink a glass of sparkling ALKA-SELTZER. In just a little while I am feeling a lot better.

Sometimes the week's ironing tires me and makes me sore and stiff. Then it's ALKA-SELTZER to the rescue—a tablet or two and a little rest makes me feel more like finishing the job.

And when I eat "not wisely but too well," ALKA-SELTZER relieves the Acid Indigestion that so often follows.

Yes, Alka-Seltzer brightens my day. It brings relief from so many of my discomforts, that I always keep it handy.

Why don't you get a package of ALKA-SELTZER at your drug store today?

Large Package 60¢, Small 30¢.

A short time after passing in review before their Commander-in-Chief, President Franklin D. Roosevelt, a group of Aviation cadets at San Antonio Aviation Center last week completed their pre-flight training and went on to primary flying schools throughout the Gulf Coast Army Air Forces Training Center.

Included in the group were: Aviation Cadet Elmer L. Kimball of Littlefield; Aviation Cadet Winburn B. McAllister, Morton; and Aviation

Cadet Lloyd F. Swan of Wilson, Texas.

The review was held before President Roosevelt during his recent tour of army establishments.

The San Antonio Cadet Center consists of two main parts: a pre-flight school where future pilots are trained for flying schools and classification section where aviation cadets are classified as pilots, navigators, and bombardiers for air combat teams.

It was planned Thursday evening that the association would stage a Mother and Daughter Banquet as their monthly entertainment in November, which will take place Thursday night, November 19. Each member will take to this dinner either her husband's mother, or the mother of some service man. The banquet will be served at the Batton Hotel.

Those enjoying the hospitality of the American Legion Auxiliary Thursday evening were: Mesdames Marion F. Green, Cecil Hall, O. K. Yantis, Garland Langford, John Dirickson, Rel Stephens, Leon Stansell, B. W. Armistead, Edward Betts, Dick Carl, Bill Aldridge, El-

## Mrs. Rutledge And Sons To Visit Mr. Rutledge At Sabine

Mrs. W. H. Rutledge and sons are leaving Monday to visit their husband and father, who is in the U. S. Navy, stationed at Sabine Pass, Texas. They will make their headquarters Port Arthur, as there are no living facilities available at Sabine Pass.

Mrs. Rutledge and children will be accompanied by Mrs. W. G. Street who will visit relatives at Orange, Texas.

Mr. Rutledge hopes to get a 7 day leave about the end of this month and return to Littlefield with his family.

## Miss Loretta Polk And Edgar Beason Wed At Lubbock

The marriage of Miss Loretta Polk of Whitharral and Edgar Beason of Amherst took place Tuesday night, October 13, at Lubbock.

The ceremony was conducted by a Methodist pastor at the Parsonage.

The only attendants were Miss Maxine McCool and J. D. Alexander.

The bride was becoming in a gold crepe dress with brown accessories.

The groom is employed on a defense project at Vantage, Calif., where the couple will make their home.

## Miss Batton And T. A. Hilbun To Wed At San Francisco

Miss Nettie Belle Batton, whose parents, Mr. and Mrs. Sam Batton, recently moved from Littlefield to Hereford, left that city Saturday afternoon for San Francisco, Calif., where she will become the bride of T. A. Hilbun, also a former Littlefield resident, and nephew of Mr. and Mrs. Clyde Hilbun.

The bride-elect has chosen a brown and beige suit with brown accessories as her wedding costume.

The ceremony is scheduled to take place the latter part of this week.

Mr. Hilbun, previous to enlisting in the Armed Forces, was connected with the First National Bank of this City. He has been stationed at San Francisco but is being transferred, and ordered to report at Durham, North Carolina, next Sunday, where he will take a course in financing at the Drake University. His bride will accompany him.

## High School PTA Meets Recently

High School PTA met in regular session Tuesday night, October 13, with the president, Mrs. M. J. Wilson, presiding.

A short business session was held, in which it was voted to sponsor a membership contest. Prizes of \$3 for first, \$2 for second and \$1 for third place will be given.

The Future Homemakers of Texas Club sponsored a picture show in the High School auditorium for PTA members and FFA boys.

The next meeting will be the second Tuesday night in November. Theme of the meeting will be "Thanksgiving."

Devotional by Mrs. Pat Boone.

Mr. King and the FFA boys will give a special number.

All parents are urged to attend this meeting.

## Miss Minnie Kate Grissom And Dick Lowe Jones Wed Monday

The marriage of Miss Minnie Kate Grissom, daughter of Mr. and Mrs. L. C. Grissom of this city, and Dick Lowe Jones, son of Mr. and Mrs. Chester L. Jones of Colorado City, Texas, took place at Clovis, Monday.

The beautiful ring ceremony was read at 10:30 o'clock Monday evening, October 18, by Dr. W. G. Bailey, pastor of the First Methodist Church, Clovis, at the Parsonage.

The bride was charming in a caramel brown suit with dark brown accessories. She wore a corsage of gardenias.

Attending the couple were: Miss Mary Katherine Parks and L. G. Wilson of Lubbock.

The bride was graduated from the Littlefield High School with the 1939 class; attended the Texas State College for Women, at Denton, during 1939 and 1940; and Texas Tech in 1941. She was employed by the Littlefield National Farm Loan Association as Secretary from January until June last, when she resigned to accept a position with the Certaineed Products Co. at Amarillo which she held until September 1, when she returned to Littlefield, and has since been employed in the County Agent's Office, Amherst.

Mrs. C. E. Payne scoring high and Mrs. Ivan Fowler second high. Defense stamps were awarded the winners.

Beautiful flowers including roses, magnolias, and chrysanthemums, made more inviting the entertaining rooms.

Refreshments were served to Mesdames: C. E. Payne, I. T. Shotwell, Jr., I. T. Shotwell, Sr., Jimmy Brittain, L. C. Hewitt, Hermon Barnett, L. L. Collins, William Rumback, Rene Etter, Ivan Fowler, and the hostess, Mrs. Q. T. Bellomy.

## Initiated Into Social College Clubs

Billy Don Stovall and William Wayne Madden of Littlefield are among the approximately 100 men students at Texas Technological College to sign preference cards for the seven men's social clubs on the campus this week.

Stovall, son of Mr. and Mrs. J. C. Stovall, will be initiated into Centaur club tonight. He is a freshman mechanical engineer.

Madden, son of Mr. and Mrs. W. H. Madden and a senior chemical engineer, will become a member of the Wranglers Club.

## Miss Henry Approved For Class Exemption

Students at Texas State College for Women who have a "B" average in all their subjects are entitled to class exemption this semester. Only 190 of the 2000 students enrolled receive this privilege.

To be eligible, all students with an unusually high scholastic average are required to file application in the Registrar's office. If approved they are not subject to compulsory class attendance.

Miss Alma Faye Henry, daughter of Mr. and Mrs. Loyd B. Henry of Littlefield, has been approved for class exemption privileges. She is a sophomore student majoring in intermediate-grammar grade education and minoring in English.

## Applications For Canning Sugar Not Accepted After Oct. 31

**GABLE AND LANA TURNER COME TO**  
**IN "SOMEWHERE I'LL FIND YOU"**

Gable and Lana Turner co-star in "Somewhere I'll Find You," a new Metro-Goldwyn picture which opens at the Ritz Theatre Saturday night, through Sunday and their first co-starring film by Tonk.

The story is as timely as to-day's news, and is superbly by stars, supported by a fine cast and direction by Wesley Van Dyke.

Robert Sterling, as the newspaperman, and Miss Turner, also in the picture, are in the picture in the bombing of Pearl Harbor, which throws them into the maelstrom as something more than neutral observers.

The girl disappears and the brothers go after her, fighting through jungle and Japs to find her transporting Chinese children to a place of safety. It develops that her real love has always been for the older brother, Gable, although she was half engaged to Sterling.

In the spectacular action of the first stages of war with Japan, Sterling is hit, Gable and the girl are reunited and the story ends on a note that leaves the feeling of eventual American victory.

The supporting cast is excellent, including Patricia Dane, as a beautiful adventuress in the Far East, Reginald Owen and Lee Patrick, as denizens of Greenwich Village in New York, Tamara Shayne, Charles Dingle, Leonid Kinskey, Diana Lewis and Sara Haden.

**Ritz To Feature**  
**"Between Us Girls"**  
**This Week End**

For newness, novelty and a definite breakaway from conventional filmfare, Universal's "Between Us Girls," coming to the Ritz Theatre Saturday night, and continuing through Sunday and Monday, is declared to be the season's champion screen attraction. The picture, directed and produced by Henry Kostner, boasts more legitimate "firsts" than any feature movie of recent months, perhaps years. Diana Barrymore, Robert Cummings and Kay Francis have the leading roles.

The movie, described as a modern comedy, concerns a young stage star who masquerades as a 12-year-old tom-boy to help her beautiful too-youthful mother win the handsome man she loves. Complications arise, however, when the 12-year-old also falls in love and finds herself in deeper and deeper difficulties while attempting to prove she is a full-grown woman instead of a child.

Diana Barrymore's second screen appearance, the picture awards her her first starring film role, teamed with Robert Cummings. For the first time in her young acting career, she also plays several varying roles which, besides herself as a 21-year-old include the 12-year-old girl, 82-year-old Queen Victoria, Joan of Arc and Sadie Thompson in "Rain."

**Farm Auction Sale**

D. R. McCarter, farmer of 6 1/2 miles northeast of Spade, this week sold his farm, and farming implements to his brother, Frank McCarter, of Roswell, N. M., and is advertising a farm auction sale for Monday, October 26, at which time he will sell at auction a large number of high class Jersey cows and chickens, and a quantity of corn, canned fruits and vegetables, and household furniture.

Col. Jack Rowan will be the auctioneer, and Charlie Clark will act as clerk at the sale next Monday.

Mr. McCarter, in commenting about his cattle, said that he had especially good Jersey cows—"the best he had ever owned."

Mr. and Mrs. McCarter and children, Dee and Diana, Conray and June, will leave immediately following the sale for Hughson, Calif., where they plan to make their home.

### Candy Company To Cooperate With Scrap Metal Drive

T. G. Shaw, Jr., local representative for the Curtiss Candy Company, announced this week that the company was sponsoring a Scrap Metal drive, and representatives of the company will pick up scrap metal from their customers.

Mr. Shaw reported that the company operated 1,000 trucks in the nation, and all truck drivers were instructed to cooperate with the scrap metal drive. He is representative in Lamb, Bailey, and Palmer counties.

Plans for the drive include retail candy dealers placing containers in their places of business for the deposit of the scrap.

hicle after November 15, 1942.

In order to assist the farmers of this county in complying with this order and to make it possible for each farmer-owner of a truck or pick-up to receive assistance in filling out his certificate and also supplement information which will be required, temporary offices have been set up by the Lamb County Farm Transportation Committee at the following places: City Hall, Sudan; Legion Hall, Amherst; Farmers Gin, Earth; Court House, Olton; and City Hall, Littlefield. Members of the County Farm Transportation Committee will be present at each designated place.

Chafin pointed out that even though farmers have not received their SU-A certificates that it will be necessary that they call at one of the above places and fill out certificates of supplemental information which are absolutely necessary. Dates of October 22, 23 and 24 have been designated as sign-up dates and this work must be completed.

Chafin urges every farmer-owner of truck or pick-up to comply with this order since cooperation by farmers in conservation efforts will be a requirement of obtaining tires and gasoline.

### Proceeds From—

(Continued From Page 1)

October the sale of bonds and stamps in the county had exceeded any month previous.

Mrs. Armistead reported that the song, "Marching Along," by Victor, had been adopted by the State Department as the theme song for the series of concerts.

Special guests were several soldiers from the Lubbock Army Flying School.

The next Victory Program will be presented November 19. Citizens in the entire county are urged to attend these programs, to stimulate patriotic zeal, as well as the sale of stamps and bonds.

### Marketing—

these sacks.

Since we have a peanut marketing quota program it will be necessary that before a producer can sell peanuts for oil that he must have a peanut marketing card showing that the peanuts he produced on his farm will be marketed as "oil peanuts." These cards will be ready to be issued to producers within the next few days.

### Gasoline—

(Continued From Page 1)

buy all tires over and above the five tires allowed for each car, which will be received by a Railway Express Agency, and shipped to Government stations, and the sellers will receive their checks direct for the tires.

Henderson said issuance of ration books would be contingent on these two provisions:

1—The car owner must swear he has no more than five tires.

2—He must agree to periodic inspection of his tires.

The procedure for the above 31 states is outlined as follows:

Starting about Oct. 27 application blanks will be made available in filing stations and other public places.

Starting November 9, motorists will take the filled-in application blanks to local school houses where rationing officials will check to see that the blanks are filled out properly and at the same time issue "A," or minimum, ration books.

Persons needing more gasoline for essential purposes may apply immediately for supplemental rations after they receive the "A" book.

Those working in industrial establishments employing 100 or more persons may apply for extra gasoline to a committee in that plant which would refer it to the local rationing board.

Persons showing a need for extra gasoline to drive to work may get a "B" book, which, together with the "A" book, provides a maximum of 470 miles of occupational driving a month. (This means a little more than 31 gallons a month, since the OPA bases its figures on 15 miles to the gallon.) The "A" book contains enough gasoline to drive 240 miles per month, theoretically including 150 miles for occupational purposes and 90 miles for necessary family driving.

An extra "C" book may be obtained by a "preferred mileage class," which includes only a few groups of drivers performing duties held essential to the war effort and the public welfare." The "C" book ration varies according to need.

Commercial vehicles, including trucks and buses, would receive a "T" book whose contents is to be determined after official application to the office of defense transportation. In the east, the "T" book will supplant present "S" books.
