CITY NEEDS AIR PORT FASTER NOW!

(An Editorial)

Littlefield's chief need at this time is a government designated air port.

Without such a property, Littlefield does not stand a chance of winning a flying school or glider school.

With war training and defense projects going on all around us, Littlefield does not have anything that has the least resemblance to an air port, except the regular line, such as bond sales campaigns, scrap drives, etc.

War men are responding to the call of the colors... our work is leaving their homes and going to centers that have defense projects underway.

It is right and proper that everyone of us should have some part in the war activity... in whatever capacity we are best able to.

In addition to our individual efforts, the government wants our service... our service as individuals.

Littlefield can serve our Nation at this time by taking the necessary steps to bring about the construction of a government designated air port. This achievement should be followed by an effort to obtain a flying school or a glider school. Establishing of one of these schools would give local employment and bring to Littlefield as many as 50 families that would be residents of the town for the duration. The building of one of these schools, together with the influx of new families, would be a distinct contribution to the war effort and would give Littlefield that stimulus which it needs at this time to maintain a progressive, active work.

The obtaining of a government designated air port for Littlefield is one of these steps that has been the subject of negotiations to lease the Duggan land located south of the golf course and fronting on the Levelland highway.

A government inspector has indicated a group of Littlefield citizens that he would approve of Duggan land as an excellent location for a government designated air port.

Defendants In Hunt Shooting Ill In Hospital

Stricken With Ptomaine Poisoning Saturday, Court Informed Monday

Acting on a motion of defense attorneys, Judge C. D. Russell, in 64th District court at Olton, Monday continued until the February term the trial of Dr. and Mrs. W. R. Newton of Cameron, charged with "assault and intent to murder" Dr. Roy E. Hunt, Littlefield physician.

The motion for continuance was made on the grounds that Dr. and Mrs. Newton had suffered ptomaine poisoning Saturday afternoon, were patients in a Cameron hospital, and were too ill to attend court. The motion was supported by the affidavits of two physicians.

The Newtons were represented in court by their attorneys, Emory B. and Emory A. Camp of Cameron, T. Wade Potter of Littlefield, and "Dusty" Miller of Amarillo.

Motion for continuance was presented to the court by Mr. Potter.

The prosecution was represented by Herbert Martin, district attorney, and E. A. Bills, who has been employed as a special prosecutor in the case.

Approximately 85 witnesses had been subpoenaed by the defense and about 20 for the prosecution. Most of these were present when the case was called in court Monday.

Dr. Hunt was shot on the night of May 21 when he answered a call on Highway 7, about three miles east of Littlefield.

Good Response In Local Junk Rally

Residents of Lamb County have been responding satisfactorily to the appeal made by the Government for scrap steel, iron and other metal. V. F. Jones, chairman of the Lamb County Salvage Committee, reported, but "only about half of the junk in the county has been collected and sold," he added.

The response was especially good all over the county Saturday, as the "Special Junk Rallies" were staged in various communities. However, due to the rainy weather, there was not as much brought in as should have been, Mr. Jones said. He will compile a complete report for the paper next week.

J. T. Elms, local chairman of the salvage committee, stated that he was well pleased with the response Saturday here. Approximately 75 tons of scrap metal and iron has been deposited at local junk yards during the past week. R. L. Byers reported that he bought 62½ tons, or 125,000 pounds, while A. McGehee bought eight tons, and Fred Harrah bought five tons.

All of the local junk dealers stated that they believed there would be much more scrap metal and iron brought in to be sold this week end.

Palace Theatre Sponsor Bond Sale Drive For Sept.

Special Program Tuesday Night Nets Sales In Amount Of \$3,100.00

The War Activities Committee of Texas recently selected 86 independent theatres to serve as issuing agencies for the sale of War Bonds. All chain theatres in Texas had previously agreed to serve in this capacity, and for a quota in the month of September the theatres in the United States were given a goal of one billion in War Bonds.

To start the ball rolling in Littlefield, the Palace Theatre which was selected as an issuing agency, sold \$3,100 worth of bonds on the opening night of the drive, Tuesday night, Sept. 1. (The Palace stage was decorated in a patriotic background of red, white and blue colors.)

A short program was arranged to fit the occasion by W. J. Cheshier, manager of the local theatres, assisted by the County War Bond Committee Chairman, Pat Boone. The American Legion furnished a color guard to carry the colors down the aisle of the theatre, while the audience stood and sang "God Bless America." As the color guard reached the stage and stood at attention, a film screening was made of the "Star Spangled Banner," and the audience also joined in singing this song. All the theatres in America closed down their programs for 4 minutes promptly at 9 o'clock on Tuesday night as a silent tribute to our heroes both at home and abroad. A prayer was offered by Rev. Sharp on the program Tuesday night for these heroes, and the bond sale drive totaled \$3,100 on that night.

The manager of the Palace Theatre announces that the sale of bonds will be pushed for the month of September, and anyone wishing to purchase War Bonds at any hour of the day or night please call at the theatre Box Office.

H. D. Council To Stage Tour Sept. 30

The Home Demonstration County Council met at 1:30 p. m. Wednesday, Aug. 26, in the Amherst Hotel.

Eight clubs were represented. The three delegates who attended the Texas Home Demonstration Association at Fort Worth were all present to give their reports.

The Council voted to have the county tour on Wednesday, September 30. The Council also plans to present a play entitled a "Convention of Vegetables," the date to be announced later.

This play was written and dedicated to the Victory gardens.

After the council business, Miss McCurdy gave a training school on pastry making.

Bonds Sales Program Of Local Businesses Receives Recognition

Newspapers and newspaper advertisers throughout the Nation have cooperated enthusiastically in advancing the purchase of War Bonds and Stamps.

Business concerns of Littlefield and throughout Lamb county, together with the newspapers of the county, have unstintingly participated in local advertising as part of the national program.

Special recognition of the work of the Lamb County Leader, and the cooperation of Leader advertisers, is contained in a letter received by the Leader publisher from E. W. Sloan, Executive Director, War Savings Staff, Treasury Department, Washington.

Mr. Sloan's letter reads as follows: "Mr. Morley B. Drake, Publisher, 'Lamb County Leader,' Littlefield, Texas

"Dear Mr. Drake:

"Your unstinted contributions to the United States War Savings Bond program, both in freely publishing columns of publicity and in devoting much of your time and that of your staff to securing sponsors for official Treasury Department War Bond advertising have been tremendously helpful to this important phase of our Nation's war effort. We think it only appropriate that we take this occasion to tell you of the Treasury Department's appreciation.

"As you are so well aware, sponsored advertising is the only method the Treasury Department has for promoting investment in War Bonds through newspapers, and it is only through continued voluntary and patriotic contributions on the part of your advertisers that we can keep in front of the people the urgent necessity for 'everybody saving at least 10 per cent in War Bonds every payday.'

"From time to time additional mats will be released to you, and we feel sure, you will present them to your advertisers as they are presented to you; for careful consideration.

Handicap Golf Tourney To Be Staged Here

Approximately 26 Entries In Tourney; War Savings Stamps To Be Prizes

Members of the Littlefield Golf Club will be hosts to a Handicap Golf Tournament, starting Sunday, September 6, and continuing through September 13.

Entry fees will be \$2.00 in War Stamps, and premiums will be paid in war stamps. Prize money will run down to 8th place, it was announced this week.

About 26 entries have been made in the tournament, E. C. Cundiff, secretary of the Littlefield Chamber of Commerce, and local golf player, reported. Several players from out-of-town have entered.

Mr. Cundiff has been sending letters to golf players in this section, which read—in part:

"Medal play for 36 holes will determine the winner, you must play in a threesome or foursome to turn in score, your score must be signed by each member of your group.

A. E. White Drives Car 1,200 Miles Minus Tags

A. E. White, Littlefield laundryman, achieved almost the impossible in so many different ways all in one transaction, that recounting his accomplishments presents not a few difficulties.

Mr. White recently visited his sister, Miss Ada White, at Sparta, Wisconsin. At that time he was suffering from rheumatism. When he talked with him Tuesday he didn't say anything about the rheumatism. Perhaps he left the ailment in Wisconsin.

The laundryman has driven an automobile very, very little; in fact, his son, Leo, says that he wouldn't ride across the street with his father at the wheel.

J. E. Brannen Buys First Bond With Elton Hawk Purchasing Second

As announced by J. E. Brannen, local chairman, a movement is underway by the Oddfellows and Rebekah Orders of Texas to sell Bonds in the value of \$270,000, which will pay for a bomber plane, and which will entitle the Oddfellows of the State to have inscribed on same "I.O.O.F. of Texas."

Members of the local order of Oddfellows and Rebekah Lodge are now working on the project, and considerable bonds have already been sold by them, to the credit of the Bomber.

Mr. Brannen purchased the first bond, which was in the value of \$25, and Elton Hawk, who is Noble Grand of the local Oddfellows Lodge, is credited with buying the second bond.

In an interview with Mr. Brannen Tuesday he stated that any person buying bonds over and above their pledge could assist the Oddfellows in getting their quota by having their bonds credited to the above project on the Bomber plane, and that members of the lodge buying bonds were having them credited to the \$270,000 quota.

In-as-much as the local I.O.O.F. and Rebekah Lodge are anxious that they make a good showing, and that the \$270,000 should be raised from the purchase of Victory Bonds, so that the Bomber may be purchased, they will appreciate it if any citizens, buying bonds over and above their pledge, will extend the credit for the bonds so purchased to the above I.O.O.F. project, and thus have a part in this patriotic movement.

The \$270,000 War Bonds must be sold by Sept. 18.

At a meeting held Monday night, Roy Wade, Secretary, reported that it was expected Bond sales by the local membership would amount to \$12,000.

Father Of F. E. Melton Passes Away Friday

Final Rites For T. B. Melton Held Saturday Afternoon At Hammons

Funeral services for T. B. Melton, 69, were held at the Hammons Funeral Chapel at 2:30 p. m. Saturday, By Rev. Roy Shahan, Baptist pastor. Interment was in the Littlefield cemetery, under the direction of Hammons Funeral Home.

Mr. Melton passed away Friday at a local hospital, where he was confined 10 days, after an illness of about eight weeks.

He came to Texas in 1912, making his home in Hunt county near Greenville. He was united in marriage to Miss Hattie Gilbert September 22, 1898, and to this union

Officials To Force Slow Speed On Local Schools

Signs on all approaches to Littlefield schools have been placed and city officials plan to enforce the 15-mile speed limit if it is reported this week. The signs were painted through the courtesy of the Littlefield Chamber of Commerce, the Rotary Club and the Lions Club.

Who Is Sending This Newspaper? Miss Joy Bilderbach Gets Honolulu Paper

Times of war the exception of precedence over the rule. Other words, anything can happen, and most of us are just surprised.

Miss Joy Bilderbach of the office of the Payne-Shotwell House received a copy of the Honolulu Star-Bulletin, English language newspaper published in Honolulu, Hawaii. She went through the paper page by page expecting to find some special news about Littlefield or Lamb County in the service. Her search was rewarded.

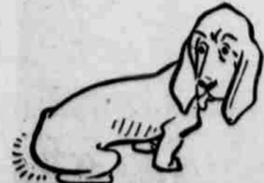

Additional copies of the newspaper continue to arrive in her mail. But in the many copies Miss

Bilderbach has received, she has failed to locate mention of any person she knows.

Miss Bilderbach has reached the conclusion that she is the recipient of a gift subscription to the newspaper from some young man in the service, but who it is she has not the faintest idea.

The Honolulu Star-Bulletin is a modern American newspaper, well edited and interesting.

But the names of some of the folks and streets in the news and advertising are tongue twisters; it isn't possible to give them even some semblance of an English pronunciation.

War Bonds

Never before have we been offered so much for so little as when we buy WAR SAVINGS BONDS and STAMPS.

Freedom from Fear! Freedom from Want! Freedom for us and our children!—All at a price at which we may never again be able to buy these priceless heritages—unless we act now!

These obligations of the United States government are in two forms—United States War Savings Bonds and War Savings Stamps. They are the finest investment in the world—the safest any man, woman or child can make.

WAR SAVINGS STAMPS are sold on a money back guarantee!

WAR SAVINGS BONDS are sold on a money back plus interest on your money guarantee! And good interest! When held 10 years, the bonds pay back \$4 for every \$3 saved. And if the money is needed before maturity, it can be gotten back any time after 60 days from the issue date of the bond. It sounds good, doesn't it? It is good! Especially when we know we are saving, not giving! Especially when we know that voluntarily saving 10 per cent—a mere 10 cents out of every dollar now can save 100 per cent from being taken from us by brutal Axis soldiers, "selling" us on the idea with the sharp point of a bayonet! And if we doubt that we might ask the millions of Europe and Asia who "thought" they were "safe"! For the only safety now is in having and using more planes and tanks and guns and ships and soldiers than the Axis. We can have them and use them if and only if everybody saves at least 10 per cent of his INCOME IN WAR BONDS!

President Roosevelt, in a special war message on war bonds said:

"... The American people know that if we would raise the billions which we now need to pay for the war and at the same time prevent a disastrous rise in the cost of living, we shall have to double and more than double

the scale of our savings.

"Every dime and dollar not vitally needed for absolute necessities should go into WAR BONDS and STAMPS to add to the striking power of our armed forces.

"If these purchases are to have a material effect in restraining price increases they must be made out of current income.

"In almost every individual case they should be big enough to mean rigid self-denial, a substantial reduction for most of us in the scale of expenditure that is comfortable and easy for us.

"We cannot fight this war, we cannot exert our maximum effort, on a spend-as-usual basis.

"We cannot have all we want if our soldiers and sailors are to have all they need."

The Big Bend Park

The Big Bend National Park has long since ceased to be a dream... it is a reality!

Nearly all of the land in the park has been purchased by the Thompson, administrator of the land acquisition program for the Texas State Parks Board, reported recently to the Texas Big Bend Park association. Only 30,000 of the 788,000 acres needed for the park remained to be bought, according to the report that pointed out that land purchases have reached "96 per cent of the total lands to be acquired."

Two owners have title to more than two-thirds of the remaining acreage for the National Park which is to become the first international vacation land on the North American continent. The balance is scattered among 10 other owners.

About 75 per cent of all title work has been completed and during August title insurance policies were delivered on all lands acquired from private owners. After the National Park Service attorney approves titles the park area may be deeded to the United States Government.

Effects of ceiling prices on agricultural commodities, the farm labor situation, the all-out battle to maintain full production through parity prices, the need for a strong farm organization, and many other local, state and national problems of current interest will be discussed.

W. R. Tilson of Brownfield, District 2 director of the Texas Farm Bureau, will preside at the meeting and discuss problems of direct concern to this particular area. Other speakers will be J. Walter Hammond of Tye, state Farm Bureau president, and G. W. Haggard of Waco, editor of Texas Agriculture. A round table discussion will follow the talks.

The meeting will be held at 2:30 p. m. in the county courthouse at Muleshoe. All interested farmers are invited to attend.

Texas Becoming Factor In Lemon Market Of Nation

This year, for the first time, Texas becomes a factor in the lemon market of the nation, with the introduction of Texsun Meyer Lemons. The deal started in a very small way when first shipment was made on August 18. Dependent on weather conditions, peak movement should be about September 15 to 25.

The history of the Meyer Lemon in the Rio Grande Valley is a little uncertain. From the best sources, it appears that Frank Meyer, of the U. S. Department of Agriculture, shipped buds to a Florida nursery about 25 years ago. These buds were inserted in sour orange stocks and a number of small trees were grown. About 32 of these trees from Florida were planted in a grove near Weslaco, in the Rio Grande Valley. Out of the 32 trees only four turned out to be of value and it is from these four trees that the present Meyer Lemon orchards were started in the Valley.

The Texsun Meyer Lemons have all the good qualities of the finest lemon and stand as low a temperature as the standard oranges and grapefruit, something no other variety of lemon will do. Its shape is uniform, skin very smooth, when cured it is of the proper lemon color, and when raised in the Rio Grande Valley the Meyer Lemon is said to contain 70 per cent more juice and about 50 per cent more citric acid than the lemons from

other sections.

For the first time in the history of the Texas citrus industry, Texsun Meyer Lemons will be properly cured, colored, graded as to quality, waxed and polished, sized and packed in new white pine standard lemon boxes. They will be picked only when mature by gloved hands, and will be clipped—not pulled—from the stem to avoid bruising.

The Rio Grande Valley Citrus Exchange controls an estimated tonnage of between twenty and twenty-five thousand field boxes of these lemons to be marketed under their Texsun and Tex-Maid brands. This tonnage will pack out fifteen to twenty thousand packed boxes, running heavy in sizes 300s to 360s which are standard sizes of California lemons.

This season will mark a big step forward in the Texas citrus industry, already renowned for its fine quality grapefruit and oranges. The lemon is the most versatile of all the citrus fruits. Besides lemons being used for beverages, garnish, flavoring for fish, meat and vegetables, it has been termed "Vitamin C Insurance"; and is indispensable for its many household uses, and as a war-time beauty aid.

Farm Security Loans Now Available For Needy Families

Authority to immediately resume receiving applications from low-income and needy farm families in Lamb County for loans with which to carry on their farm and home operations was received here recently by Pegues W. Houston, rural rehabilitation supervisor for the Farm

Security Administration.

The information that loan funds for the FSA's supervised lending program for the current fiscal year are immediately available was received from Jesse B. Gilmer, Regional Director, with headquarters at Amarillo, Texas.

The Farm Security lending program it was learned, will continue its policy of making small Food for Freedom loans to farm owners, tenants and part-time farmers. These loans are designed to assist families to produce food for home consumption. Production of food for sale will continue to be of secondary importance.

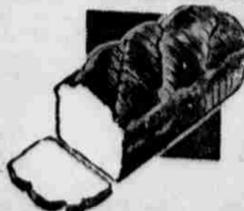

Food for Freedom loans are limited to \$500 for each family. Borrowers may use the funds for the purchase of dairy animals, feed, seed, small farming and gardening implements, canning supplies, repairs for livestock and poultry housing facilities, food storage space, medical and dental care and so forth.

In addition to the small Food for Freedom loans for fall crops and gardens and other immediate needs, the Farm Security Administration, according to Mr. Pegues W. Houston, will continue making its regular rural rehabilitation loans, and community and cooperative service loans.

Farm owners, tenants and part-time farmers in Lamb County who need to borrow funds for fall and winter operations or to meet their farm and home needs next Spring should make application to Mr. Pegues W. Houston, with offices in the City Hall at Littlefield, Texas.

We're Closing Our Business SATURDAY, SEPTEMBER 5

..... For the Duration

Because of the increased difficulty in obtaining replacement parts for automobiles, and the fact that our Government needs trained mechanics, we are closing our business for the duration.

We have always maintained high standards in the repair and servicing of automobiles... and in the general conduct of our business... and, in discontinuing operations for the duration, we are transferring all our efforts to the "all out" program for winning the war... releasing materials and men for the vital war effort.

We Thank You
.... and We'll Be Back

Throughout the years this company has been in business, we have received a large patronage, and many, many courtesies from the automobile and truck owners of Littlefield and territory. At this time we wish to again express our appreciation... and, after this tremendous job we have to do... helping to win this war... is over... we will be back in Littlefield to serve you.

Cotton's Cafe Observes Third Anniversary This Week; Owner Is President Of Local Flying Club

Cotton's Cafe, owned and operated by Mr. and Mrs. L. W. (Cotton) Dobbs, this week is celebrating the third anniversary since establishing the business in Littlefield.

The interior of the cafe has recently been completely redecorated and remodeled, so that the manage-

L. W. (Cotton) DOBBS

ment and personnel are able to serve their customers and friends in a more efficient manner.

In observing their third anniversary, Mr. and Mrs. Dobbs express their thanks and appreciation to the people of Littlefield and territory for the nice volume of business they have enjoyed.

Cotton's has become one of the most popular eating places in Littlefield. In connection with the cafe, Mr. and Mrs. Dobbs also operate the bus station and taxi service.

Besides owning and operating the cafe, Mr. Dobbs is intensely interested in flying, and is president of the Littlefield Flying Club. He has about 15 solo hours to his credit at this time.

Mrs. Dobbs sends their two sons, Joe and Jerry, to school, sends Mr. Dobbs to work, or to get more solo hours in the plane in which he has an interest, assists in the cafe and bus station, and still finds time to cultivate her beautiful voice to sing in a church choir.

Over Inch Moisture Falls Over Area

Unwelcome rain fell over the Littlefield area and the South Plains Monday, Tuesday and Wednesday. Beginning about 3 a. m. Monday a slow soaking rain fell intermittently during Monday, Monday night, and throughout Tuesday morning. The sun began to shine again Tuesday afternoon, only to give way to more rain early Wednesday, which continued until about 9 a. m. According to the West Texas Cottonoil Mill, the total precipitation for the three days was 1.10 inches as follows: Monday .13 of an inch; Tuesday .74; and Tuesday night and early Wednesday morning .23 of an inch.

Reports indicated that the moisture was general over the entire South Plains extending also to the Panhandle. Rain from an inch to two inches was reported over the section.

In the Littlefield section farmers said ample moisture had already fallen, and that the most urgent need was sunshine to help along growing crops and to give opportunity to fight the threat of leaf worms, which in some cases, had started. The moisture, however, was welcomed in Lynn County, where reports indicated the rain was needed.

Relatives Of V. S. Cassel Living In Coastal Storm Area

V. S. Cassel has four brothers and a sister living at the Coast, in the area affected by the coastal storm, which wrought so much damage. Since they lived about 10 miles from Port Lavaca, Texas, Mr. Cassel is much concerned for their safety and to know that their property is not laid in ruins. He was unable to reach them by wire or otherwise late Wednesday, as no communication was available from San Antonio south. The brothers and sister are V. B., V. H., Virgil

ping, Federation secretary; Mrs. L. T. Green, treasurer; and Mrs. E. B. Hobbs, parliamentarian.

BROTHER OF CALVIN SHIPLEY INJURED

Calvin Shipley of Miller & Hatchery received the message Sunday that his brother, Melvin Shipley, 26, of Olton, who has been employed at Hereford, was unfortunate enough as to fall 36 feet while working in an elevator, as a result is confined in the Hereford Hospital, suffering from bruises and possible internal injuries. Mr. Shipley said that X-rays showed no bones broken, but that he has been hemorrhaging some. His brother is married and has a son 4 years old.

Sudan Rotarians To Be Guests Of Local Club Here Tonight

Ladies Night To Be Observed; 125 Members And Wives Expected

Members of the local Rotary and Lions Clubs will be hosts, in an inter-city meeting and banquet, to members of the Sudan Rotary Club tonight (Thursday) at 8:30 o'clock, when Ladies Night will be observed, and it is expected that 125 members and their wives will be in attendance.

The program will be presented by members of the Sudan Rotary Club, including musical numbers on the bagpipes, and other musical instruments by E. H. Findley, instructor in music in the Sudan school, who has travelled extensively and is an accomplished musician of high standing.

It is customary, he said for the school to be dismissed, when the buses were unable to run, provided members of the faculty knew beforehand. However, school has been continuing, in spite of the large number of students absent.

Hall Motor Company Closes For Duration

Hall Motor Company, sales and service for Ford automobiles in this vicinity, will close their business for the duration of the war, effective Saturday, September 5, Second Lieut. Mancil Hall, owner, announced last week end.

In closing the business, Lieut. Hall stated that the operators felt that all trained mechanics would be entering government service within a short while, and due to the war effort, there is increased difficulty in obtaining replacement parts for automobiles. He also stated that after the war is over, he would be back to serve Ford owners in this vicinity.

The Hall Motor Company was established here seven years ago by Mancil Hall, and has received a large patronage, and many, many courtesies from the automobile and truck owners of Littlefield and territory.

Lieut. Hall received a commission as second lieutenant in the Army Air Corps about three months ago, and is stationed at the Midland Army Flying School.

Harry Patillo, who has been connected with the firm several years, has been manager since Lieut. Hall entered the service.

Supt. Webb Enters 22nd Year As Head Of Olton Schools

With the beginning of this school term, Superintendent H. P. Webb enters his 22nd year as superintendent of the Olton schools. Much of the credit for Olton having one of the largest and most outstanding public schools in West Texas should no doubt go to Supt. Webb for his tireless efforts and zealous work of promoting the best interests of the school during the years of his superintendency. The records show that the scholastics of the local school has grown from a small en-

Small Destroyers, Rugged Sailors Out-Menace Atlantic Coast Sub-Menace

PLOWING through calm off-shore waters of the Atlantic, these Canadian-built Corvettes, so fresh from the shipyards that their rivets are hardly cooled, head for the high seas to be put through their paces before being declared fit for service. Scores of these trim "pocket-size" destroyers, bearing names of Canadian cities and towns from coast to coast, are joined in the grim battle of the Atlantic to maintain vital life lines of the Allied Nations.

Alphonse Normand (right) of the Royal Canadian Navy, who sports a "navy beard", is typical of the seasoned, rugged sailors who man these new and modern destroyers. Normand likes to recall a sea battle

that took place somewhere on the Atlantic when his destroyer played host to four Junkers bombers of the Luftwaffe. All four attacking planes were brought down; two by the ship's Pom-poms, the others by a British fighter plane.

SUDAN SCHOOLS OPEN MONDAY

The Sudan public schools officially opened Monday morning with a full corps of teachers, Superintendent Joe C. Hutchinson announced Wednesday. The faculty was completed last week with the selection of Sam Davis of Abernathy as high school principal. Mr. Davis replaces John R. Tucker who resigned to accept a position in the Muleshoe schools.

Old teachers returning and the subjects which they will teach as announced by Hutchinson are:

Mrs. Lonnie Horn, home economics; S. H. Russell, vocational agriculture; Mrs. W. E. Still, 7th, 8th and 9th grade mathematics; Mrs. Inez Boyd, 7th, 8th and 9th grade English; Miss Hazel Simmons, language arts, 5th and 6th grades; Maxine Nichols, 4th grade and primary music; Mrs. Joe C. Hutchinson, 2nd grade; Mrs. Canon E. Blount, 2nd grade; Mrs. John Dean, history; and Mrs. Anna Kittley, social science in the 7th, 8th and 9th grades.

New teachers in the system this year are:

Sam Davis of Abernathy, high school principal, coach and math teacher; Miss Reba Jinkins of Friona, grade school principal and arithmetic teacher; Mrs. Jim Shuttlesworth, graduate of Canyon, Commercial work; Miss Gabie Mae Smallwood, graduate of McMurry college, science; Miss Ila Lewis, graduate of Tech, 10th, 11th and 12th grade English; W. J. Finley, lately of Muleshoe, band; Miss Willie Mae Wood, graduate of Commerce, social studies in 5th and 6th grades; Mrs. A. W. Gordon, of Sudan, music and reading in the 5th and 6th grades; Miss Owetha Clark, from Dimmitt, 3rd grade; and Mrs. Sam Davis of Abernathy, 1st grade.

Teachers approved by the board as supply teachers who will be used when needed are Mrs. Homer Doty, Mrs. J. T. Lybrand, and Mrs. John Dean.

Special teachers are Mrs. Joe Foster, art; and Mrs. Louise Kailer, piano.

MRS. BROWN SENDS GREETINGS TO HER MANY FRIENDS HERE

The Leader is in receipt of a message from Mrs. H. C. Brown from Richmond, Calif., sending a subscription to this newspaper, and stating that they are enjoying life in California very much, "but often think of our many good friends at Littlefield," adding "Our Greetings to all of them." Their address is 1949 17th St., Richmond, Calif.

Amherst Hospital To Be Enlarged

Materials and supplies are arriving daily at the South Plains Cooperative Hospital, Amherst, to be used in the construction and equipping of a second story to the Main building. Officials of the organization declared that the additional building would afford space for 20 beds, a delivery room and a nursery. It was also stated that when the new unit was completed a number of the rooms on the first floor now being used for bedrooms would

be converted into doctors' offices as the growing demands of the hospital necessitated the employment of additional doctors.

TIRES STOLEN

Tire thieves hit Sudan last week making a haul that netted six tires and six rims from victims.

Mrs. A. K. Loyd lost two tires and rims; Mrs. Grace Benton, tire and rim; Lloyd Robinson, tire and rim; and Doyle C. M. two tires and rims.

City Marshall O. T. Littlefield is investigating the theft.

ANTON SCHOOL OPENS

The Anton school began its 1942-1943 school term Monday, Aug. 24, with an assembly program which was attended by about 50 parents as well as the student body and teachers.

After the assembly program the teachers enrolled only 348 pupils, which was about 50 pupils less than the first day's enrollment last year. This was due to many families moving out of the community to work in war plants.

The Anton faculty was complete with the exception of one teacher who will teach high school social science and boys' health and physical education. This place had not been filled although prospects are being considered at this time.

Miss Hallie Wall, piano teacher, has set Mondays and Thursdays to be in Anton to teach piano and expression lessons.

AMHERST SCHOOLS OPEN MONDAY LAST

The Amherst School term of 1942-1943 began Monday at 9 a. m. when an assembly program was presented in the High School auditorium. Registration of high school students was conducted Friday and Saturday, with juniors and seniors being registered Friday and freshmen and sophomores Saturday. Grammar school students registered Monday. Every effort will be made by officials, students and patrons of the Amherst school to make this one of the best years in the history of the institution.

Following the resignation of a number of teachers and the employment of others a complete faculty was present Monday for the opening of school.

The Federation of Women's Church organizations met at the Presbyterian Church Monday at 3:30 o'clock, with the ladies of that church as hostesses.

Mrs. W. G. Street, president, presided, and a short business session was held, during which Rev. Jim Sharp, local Methodist Pastor, presented the project of taking care of small children whose mothers are employed, and this matter was discussed by the group.

A committee was also appointed to take care of this project. Mrs. Viggo Peterson was elected chairman, who is to be assisted by Mesdames J. D. Dodgen, L. T. Green and E. A. Bills.

Officers for the coming year were also named as follows: Mrs. Warren Rutledge, president; Mrs. O. K. Woodall, vice president; Mrs. Paul Pharris, secretary; and Mrs. Bill Pass, treasurer.

Following the business session, a program was enjoyed, with Mrs. Ira Woods in charge, which included devotional by Mrs. G. M. Shaw; a reading, "The Master's Coming," by Mrs. J. D. Dodgen, and a review of the book, "The Three Sisters," by Mrs. Bruce Porcher, after which refreshments were served to 23 members of the Federation.

"Christening Day" Observed By Two Local Churches Sunday

Sunday was "Baby Christening" Day at the First Presbyterian Church and the First Methodist Church, here, when two boys and a girl were christened at special services.

Little Miss Elizabeth Jane Rumbach, daughter of Mr. and Mrs. Wm. Rumbach, was christened at the First Presbyterian Church. Rev. Wm. Fulton of Globe, Ariz., who has been visiting minister here the past month, conducted the service, during the regular preaching hour.

At the Methodist Church, Clifford Earl Payne, Jr., son of Dr. and Mrs. C. E. Payne, and Billy O'Brien Fowler, son of Mr. and Mrs. Ivan Fowler, were christened in a special service during the preaching hour conducted by Rev. J. H. Sharp, local pastor.

These were the first babies christened in the new auditorium of the church, and the boys' fathers, both have worked faithfully on the building program. Dr. Payne is finance chairman and Mr. Fowler is chairman of the building committee, and each of them have devoted much of their time and efforts to the building of the beautiful new church.

Dr. and Mrs. Payne were among the donors of the pipe organ for the church, and Mrs. Fowler is organist.

So—these boys deserved the right to be the first christened in the new church.

Clifford Earl, Jr., thought it was about time he was christened, as Monday, August 31, he was a year old!

"AIN'T WE EVER GOIN' RIDING ANYMORE?"

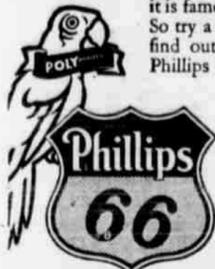

Good Americans have given up joy-riding for the duration. They realize that all-essential tires must be used only for vital transportation . . . for going to work . . . for necessary shopping . . . for getting to and from places where other forms of transportation are inadequate or non-existent.

Your car *was* a peacetime luxury; now it is a wartime necessity. The economic life of the country, and our victory effort, may depend on how long you make your tires last, on how well you take care of your car.

The Phillips 66 Service Man will gladly help you. He will inspect your tires for cuts and bruises, check air pressure, and criss-cross them with the spare every 3,000 miles. He will check your radiator, battery, and air filter. He will lubricate your car from tip to toe. Then, with Phillips 66 Poly Gas and Phillips 66 Motor Oil, your car and your money will both go farther.

You know that Phillips 66 Poly Gas is the favorite of millions of car owners, that it is famous for pep and mileage. So try a tankful for yourself and find out just how good *today's* Phillips 66 Poly Gas is.

Yes—You Can Help Him...

...and here's how!

Gas is speeding the production of the weapons of war—ships, planes, tanks, guns, shells. As a fuel, Gas is vitally important in winning this war. Lend your help by an economical use of GAS—the Nation's Fuel—on the Home Front.

HERE'S A THREE-POINT PROGRAM FOR ECONOMY CONSERVATION IN YOUR HOME

IN THE KITCHEN... Cook the low temperature way that saves Gas and Vitamins. Roast at lower temperatures and reduce meat shrinkage.

IN THE HOUSE... Make preparations now for heating your home next winter. Storm windows and doors as well as insulation will save Gas.

IN THE BATH, LAUNDRY AND KITCHEN... Repair leaky hot water faucets to save water and Gas. Don't heat more water than you need.

and South Carolina, has been transferred to Camp Edwards, Mass. He has also been promoted to the rank of Sergeant.

Detroit, Aug. 28.— (Special) — Billie Dee Holder, 20 years old, has been transferred to active duty as a seaman second class in the U. S. Naval Reserve.

He was advanced to the pay grade of seaman, second class, from apprentice seaman while a student at the Navy's electrical school at the U.S. Naval Armory in Detroit, a course he finished last week.

His training in the electrical school will give him a background for work as an electrician aboard ship and he goes to active duty as a striker for a rating as an electrician's mate.

He is the son of Mr. and Mrs. John J. Holder of Littlefield. He was graduated from the Littlefield high school in 1940.

Chester E. Baker, 23, son of Mr. and Mrs. W. S. Baker of near Amherst, who enlisted in the Navy sometime ago, and has been serving as apprentice seaman, at U. S. Naval Training school, Navy Pier, Chicago, Ill., for the past eight months, has been transferred to Yellow River Gunnery school, Jacksonville, Fla., and his rating advanced to Aviation Machinist mate third class.

J. R. Farrell, Jr., son of Mr. and Mrs. J. R. Farrell, Sr., with the U. S. Navy, could not be reached by the Red Cross when his brother, E. B. Farrell, was recently instantly killed in a truck crash.

Mr. Farrell joined the Navy on July 31, 1940, for a six year cruise. He is on duty on the USS Charger, airplane carrier.

When his brother was killed the family appealed to the Red Cross, to get the information to Farrell, but the report came back that he "could not be reached for reasons beyond their control". He was presumed to be at sea.

J. R. Farrell, Sr., served in the Navy from July 16, 1916, until July 15, 1920. He went to Dallas in February last under instructions from Washington, D. C., Bureau of Navigation, for physical examination, but was turned down as physically unfit.

The Farrell family have lived here since 1935.

L. C. Strawn of Littlefield, the son of Mr. and Mrs. C. E. Strawn, has just been promoted to Corporal, according to Col. Thomas L. Gilbert, Commanding Officer of the Lubbock Army Flying School, Lubbock, Texas.

Cpl. Strawn, who is a graduate of the Littlefield high school, is with an Air Base Group at the large advanced twin-engine flying school.

He is an instrument trainer instructor and has been in the Air Forces since February 13, 1942.

First Lieutenant F. B. Watts of the Army Air Corps, is now stationed at Oxnard, Calif. Mrs. Watts and son are with Lieut. Watts. She is the former Miss Emma Ruth Weatherly, sister to Dodd Weatherly of Littlefield.

Ensign Lester LaGrange, Jr., son of Mr. and Mrs. Lester LaGrange of Amherst, was sent to Washington, D. C., for eight weeks of special training before being assigned to active duty with the fleet. He received his officer's training at Notre Dame University, South Bend, Ind., and in New York City, where he received his commission August 5. LaGrange is a graduate of the Amherst high school and received his bachelor of science degree in

chemical engineering at Rice Institute, Houston, in 1939, and a master of science degree from Texas Tech, Lubbock, in 1941.

Friends here have received word that Abe Murphy, former athletic coach of the Littlefield high school, has joined the United States Navy and is in training for an ensign's commission. Murphy and his wife and daughter have lived at Beaumont this summer, while he was employed in a shipyard at Orange.

Sgt. H. B. King of Sudan, son of Mrs. Cora King of Morton, has

just been promoted to Staff Sergeant, according to Major Samuel E. Eck, commanding officer of the newly designated unit of the Air Service command. This unit is temporarily located at Lubbock Army Flying school and is training its men to be ready to supply the needs of other fields at a moment's notice.

Staff Sgt. King is with the Service squadron in this new mobile unit which is known as the "Fight-in" 83rd."

He enlisted in the Army February 16, and is seeing duty as chief clerk in the Air Corps Supply.

Billy L. Bowling, son of Mr. and Mrs. L. M. Bowling of route 1, Sudan, has been transferred from Ft. Knox, Ky., to Camp Campbell, Tenn., he has advised his parents at Sudan.

COLORED WOMEN ENLISTED IN WAAC

For the first time in the history of the nation, colored women have an opportunity to serve with the Army.

Through new regulations, opportunities are opened to colored women in the Women's Army Auxiliary Corps. The Lubbock Army Recruiting Office announced this week that quotas have been authorized calling for stenographers, typists, general clerks, chauffeurs and cooks. Applicants must be between 21 and 44 inclusive, physically fit, able to pass an intelligence test and to show experience in the occupations named.

Colored women desiring to join the WAAC are urged to apply for information or enlistment at one of the following Army Recruiting Sta-

South Plains Ginners In Favor Of Cotton In Loan

Cotton ginners and employees of oil mills and compresses from 35 South Plains counties discussed wartime problems in Lubbock Saturday at the 20th annual convention of the Plains Ginners association.

Those attending from Littlefield and vicinity included: Earl Hobbs, Art Holberg, J. L. Black, Robert Bigham, V. S. Cassel, W. D. Watkins, Earl Wilson, G. G. Wilson, and W. O. Hampton; and C. V. Harmon of Amherst and Drew Watkins of Sudan.

Without a dissenting voice, the association adopted a lengthy resolution urging farmers in Texas and Oklahoma to place all of their cotton in the government loan and withholding same from sale for a lesser price than 21.50 cents a pound, middling basis.

There was no vote taken, but the tentative agreement now is that a ceiling price in the Lubbock area of 32 cents a hundred pounds of seed cotton will be charged for ginning. Wrapping will cost \$2.10 a bale. These are to be the ceiling prices. Lower charges by the ginners, are, of course, permissible.

This is higher than last year, when the prevailing rate for ginning was 30 cents in this area, but the OPA has granted a ceiling price commensurate with last year's price plus a five per cent increase.

In some communities where ginners last year charged lower prices than those prevailing generally, it was explained they might appeal to the board in Dallas.

Mrs. Armistead To Display Musical Instruments

Thursday evening, at 9 o'clock, Mrs. J. D. Armistead will have all types of band instruments on display in the local high school auditorium. The instruments will be displayed for the benefit of the parents and others who might be interested. It is hoped that the parents of children who are considering the purchasing of some instrument for their child will be present.

The band and the newly organized girl's chorus will present a short musical program. Members of the band will demonstrate the use of the different instruments. A technicolor film of Alaskan scenes will also be included. Following the program, Mrs. Armistead will be glad to discuss the possibility of securing instruments, their prices, and the different firms from which they might be bought.

Mrs. Armistead, who is the successor to M. T. Camp, is the first woman band instructor ever to work in the local school system. As far as can be learned, she is one of the very few women band directors in the state. She is a graduate of Texas Christian University at Fort Worth and has the unique distinction of being the only woman graduate by T.C.U. with credits in every musical course offered by that school. After finishing at Texas Christian University, Mrs. Armistead spent some time traveling in England, Scotland, and the European countries. She comes to us from Itasca, Texas; where she was director of public school music. Her husband who is the brother of Dr. B. W. Armistead of this city, is now volunteering for the Army Air Corps.

With South Plains Men In The Service

Don Eagan, who is a Second class seaman on the U. S. S. Idaho, somewhere on the Pacific, sent a V-letter to his parents, Mr. and Mrs. J. V. Eagan, last week. This is the first letter of this kind that he had sent his parents, and they only received a copy of the letter. V-mail is being encouraged for the boys overseas.

Don recently took an examination and is a candidate to attend the Naval Academy at Annapolis. However, his parents report that he was to know after Sept. 1, if he passed the examinations and would be sent to the school.

New Maize Crop Being Harvested, R. L. Byers Reports

R. L. Byers, owner of the R. L. Byers Feed Store here, reported Wednesday that he bought almost 100,000 pounds of new maize, this year's crop, and that it was extra good quality.

Joe Kloiber sold 82,072 pounds to Mr. Byers last week end. W. T. Jungman sold 21,420 pounds, and both loads were good quality.

Mr. Byers said the maize brought 90 cents per 100 pounds.

TO ATTEND MEET IN BIG SPRING

Miss LaVerne Hayhurst left Wednesday afternoon for Big Spring where she will attend a Nutrition course for Home Supervisors of Farm Security. The school will be in session today (Thursday), Friday

Littlefield FFA Elect Officers

The Littlefield Future Farmers got off to a good start, last week. The Chapter at present boasts 49 members enrolled.

The introduction to their course takes considerable time, and so the past few days have been busy ones for the boys.

Most of the boys were surprised when they walked into the Agriculture building last Monday morning. The classroom had been made smaller and a new floor laid. They will now have a much better and larger work shop, where they will study shop work. The grass and shrubs that the boys set out last Spring are also an improvement.

It is expected that the boys are going to have a big year ahead of them. They are going to have the biggest project program in the history of the Littlefield F.F.A. Chapter. The officers of the Chapter have already been elected. The first year Vocational Agriculture students have elected class officers. For the first period, they are as follows: The Morning class—President, Billy Ross; vice president, Rubin Sullivan; secretary, Dal Brandon; treasurer, Coy Evans; reporter, Allen Ray; Watch dog, Tunney Moore; parliamentarian, Gerald Roundtree. The 5th and 6th period class officers are as follows: president, Levi Cobb; vice president, Mark Strotter; secretary, Eugene Carter; treasurer, R. Y. Brewster; reporter, Overton Phillips; Watch Dog, Russel Lawrence; parliamentarian, Billy Lynsky.

The boys are trying for more objectives this year despite the tire shortage.

The second year boys had their first field trip Aug. 28. They went out to Mr. Birkelback's farm to treat a cow for milk fever. It was very educational and they all enjoyed it very much.

August 28, Raymond King, instructor, took several boys out to see some nice Jersey heifers at the Lee Irish Farm, Abernathy. It is hoped to get several in the F.F.A. project program this year, which is needed very much.

First PTA Meeting Next Wednesday

The executive committee of the Parent-Teachers Association of the Littlefield school met Tuesday afternoon at the high school and discussed plans for the year's program.

Members of the executive committee are: Mrs. T. L. Matthews, president; Mrs. Sid Hopping, Mrs. Bill Pass, Mrs. Ed Pilley and Mrs. Roy Wade, and Supt. F. A. Hemphill.

The group voted Tuesday to recommend to the assembly at the first regular meeting next Wednesday, September 9, to form three units of the association this year, suggesting that the parents and teachers of each of the three schools meet in three separate units. Members of the P-T.A. will probably vote on the issue at the regular meeting.

Mrs. Roy Wade is membership chairman of the association, and dues for this year will be 35 cents. Mrs. Wade and her assistants will be assembled at the meeting next Wednesday at 4:20 p. m., to accept dues as members arrive.

Supt. F. A. Hemphill will introduce the teachers at the meeting, and several musical numbers will be enjoyed.

Spade Residents Enjoy Fishing

Residents of the Spade community celebrated the election of their candidate, W. E. Bentley, for Commissioner Precinct No. 3, when they accompanied Mr. and Mrs. Bentley on a fishing trip last week.

The group went to the Concho River, south of San Angelo, where they camped out—caught lots of fish, and had colds. They returned home Friday.

Those enjoying the trip were: Mr. and Mrs. Bentley, Mr. and Mrs. J. R. Kuykendall, Mr. and Mrs. Leonard McCoy, Mr. and Mrs. H. C. Miller, Mr. and Mrs. E. C. Hardin and Mr. and Mrs. James Duke.

BOY SCOUTS MEET THURSDAY NIGHT

Boy Scouts of Troop 26 met Thursday night at the Methodist Church, with Willie Bradley, assistant Scout Master, in charge of the meeting.

Following a short business session the boys adjourned the meeting to attend Harley Sadler's Show.

and Saturday morning. Miss Hayhurst will return home Saturday afternoon.

A. E. White—

the car having been stored in the garage for virtually all the time for the past 15 years. And, glory be, there were four new tires on the rims, purchased only last year!

Mr. White made a deal for the car and drove it around Sparta for a few days, just to get the feel of the wheel preliminary to the trip to Texas.

Travels Without Plates

The car had not been licensed, and Mr. White sent a money order for license plates to the capitol at Madison. But he suddenly got the urge to leave for Texas, and he took the highways minus license plates, or even temporary driving pasteboards. All he had to show police was a money order receipt, and that receipt didn't show that he had sent the money to the highway department to purchase license tags.

But police didn't appear too much concerned about the absence of the plates. Mr. White was stopped only four times in the more than 1200 miles from Wisconsin to Texas.

Each officer let the Littlefield resident continue on his way with a lecture that he shouldn't be traveling without license tags.

And whenever an officer became a little extra progressive in the conduct of his duties, and it began to look like a nice cozy jail for the Littlefield resident, Mr. White entertained the uniformed gentleman with timely conversation about W. Lee O'Daniel. The officer always became so interested that Mr. White just drove away, on down the trail to Texas, with the officer's pleasing smiles to file away in his memory.

"Morley," commented Leo White in recounting his father's achievement to the Leader editor, "if you or I had tried that we would have been in jail all the way down from Wisconsin to Texas."

three some or foursome; you must sign up at Club House for your score card, and only score cards for 36 holes will be issued to each contestant, the official score cards will be signed by the chairman of the Green Committee.

"Handicaps will be determined by the tournament committee who will try to be as fair as possible in arriving at your handicap, and if your handicap does not seem to be just the way you would like to have it, be a sport and do the best you can, its all for fun and to help sell more War Stamps for our UNCLE.

"If some of your friends do not receive a letter from us, tell them about it and ask them to enter the tournament as it is open to everybody who wants to play.

"Green fees will be collected from non-members at the regular price.

"Judge Sikes will be Green Chairman of the Tournament.

"Prizes will run like this—
1st prize \$8.00 in War Stamps.
2nd prize \$7.00 in War Stamps.
3rd prize \$6.00 in War Stamps.
and so on down to 8th prize which will be \$1.00 in War Stamps."

were born 12 children, 11 boys and one girl. All of the children preceded the father in death except one, F. E. Melton, of Littlefield. For the past three years he had made his home at Eagle Pass, until two weeks ago, when his son brought him to Littlefield.

Mr. Melton was converted when a boy and united with the Missionary Baptist Church.

Survivors include his wife, one son, F. E. Melton of Littlefield; three brothers, E. H. Melton, Abilene; E. L. Melton, Pettit, and C. E. Melton, Pampa; and one sister, Mrs. Serena Brittain, Emery. Six grandchildren also survive.

Palbearers at the final rites included E. S. Gee, Bob Cox, Cal Cecil, Eugene Latimer, Alvis Tubbs, Ab Beckner and Elton Hauk.

You should plan now to build your granaries to take care of the big crops this fall. Materials are still available. Cicero-Smith Lumber Company. 23-ltc.
