Girl Scouts Will Join South Plains Council

Springlake Lions Club Is Organized

Thirty representatives of the various civic organizations met Tuesday night at 7:30 p.m. at the Girl Scout house to discuss the plans for a South Plains Girl Scout Council.

Miss Virginia Burgess, national field staff member of the Girl Scouts related the advantages of such a council, and conducted the discussion. Mr. Leonard McNeese and Mrs. Buster Owens Jr., outlined the work in Lamb county. They told of the advantages and the handicaps of their work.

The general opinion of the group was that their biggest problem is the lack of trained Girl Scout workers. More than fifty girls in Littlefield have expressed a desire to be a Girl Scout, but no leaders are available.

The Lamb County Council voted unanimously to join the South Plains council. By doing this the girls will have trained leaders.

Ft. Worth Minister To Hold Revival

George Gray, minister of the Westworth Church of Christ in Ft. Worth, Texas, conducted a meeting in Littlefield last year. He was well received, and services were well attended.

Gray is returning for a meeting at the Ninth Street Church of Christ January 22 to January 29.

Everyone is invited to attend these meetings.

Olton Vegetable Co-operative Organized, Will Process And Market Potatoes

The Olton Vegetable Co-operative received their charter Tuesday night. The co-operative will sell preferred stock at eight per cent. Some stock is still for sale.

Rex McFadden of Olton has been elected president of the co-op. E. G. Clark, secretary-treasurer; and Roy Robertson, vice president. Directors are Henry Allen and Martin Hughley.

The co-operative is for the processing and sale of potatoes for the coming year. A processing plant with the latest equipment is the goal of the organization.

McFadden has been growing and selling potatoes, and the co-op will take over and add to his facilities.

The organization will work with the recently organized labor co-operative in Olton.

The growers wish to hold the acreage below one thousand acres this year. They plan to have about 24 members to begin with.

The men who planned the co-operative believe that by holding down the acreage and membership in the beginning they can prevent flooding the market, which is the greatest enemy of vegetable growers.

They will also establish a field market for potatoes. Later they may grow other vegetables adapted to this area.

McFadden said that at the next meeting the by-laws of the co-operative will be drawn up. These will be very much the same as any other co-op in Texas.

Since the Agriculture Department has restricted the growing of cotton, many area farmers are interested in other money crops for irrigated farms. The Olton men feel that this should alleviate the cotton situation to some extent.

"Vegetable co-operatives have proved successful elsewhere, and this section should be no different," McFadden said.

Both Crane and Lamesa have drawn a bye in 1st ground. Lamesa will take on the winner of the Spur-Floydada game and Crane will tangle with the winner of the Slaton-Levelland game.

Prin. Maurice Powell announces that there will be four trophies given to the winning teams, Champion, Runner-Up, Consolation winner and the Best-Sportsmanship.

Powell also issued an invitation to all basketball fans in the area to come to the tournament.

The Tigers played in the Odessa tournament last weekend which was won by the undefeated Lubbock team. Littlefield lost their two games to Crane and Lamesa. Crane went on to win the consolation crown after downing the Tigers.

Powell also said that there would be another game played Friday night at the Junior high gym between the Slaton girls and the Littlefield girls.

Littlefield Citizens Are Law Abiding This Week

The sheriff's department has only picked up three DWI cases this week, and the city police have issued only one traffic ticket.

Street Light Improvement Underway; 44 Lights Added

Southwestern Public Service began work this week changing 75 watt street lights in the residential areas over to 150 watts. They have also been instructed by the city commission to erect 44 new lights as soon as they can get it done.

City Manager McCraw says the new lights will not come anywhere near covering all the corners that do not have lights, but they have been staggered in an attempt to prevent there being two corners in a row without a light. He also says it does not include any additional mercury vapor lights where they are needed in the business section.

McCraw says plans are also underway to rearrange and improve the lighting around the community center so that the patrol cars which pass the building at frequent intervals can have better observation of all sides of the building. He reports that vandalism to the building has been costing the city a considerable amount of repair work.

Cost of the 44 new lights and the 87 larger lights will increase the city's cost for street lighting by about \$100 per month, McCraw reports. The bill has been running about \$385 per month.

Locations of the new lights are:

College and Copeland, Duncan and Copeland, Elms and Railroad Road, Texas Avenue and Railroad, Texas and Irvin Street, Hillbun Avenue and Irvin, Galveston and Irvin, Highway 51 and Thompson, Highway 51 and Cole, West end of Thompson, West end of Greenfield, Harris and Highway 51, Highway 51 and 6th Street, Eastside and 6th Street, Duggan and 6th Street, Twichell and 6th Street, Austin and 6th Street, Hanal and 5th Street, Wicker and 3rd Street, Wicker and 5th Street, Cundiff and 3rd Street, Cundiff and 2nd Street, Cundiff and Dillon, 7th and Hayral, 7th and Lake, 8th and Park, 8th and Cundiff, 9th and Farwell, 9th and Morse, 9th and Phelps, 9th between Westside and Wicker, 9th between Wicker and Cundiff, Thirteenth and Park, Eleventh and Park, Eleventh and Monticello, Fourteenth and Morse, Fifteenth and Farwell, Sixteenth and Morse, Sixteenth and Wrop, Sixteenth and Harral, Seventeenth and Morse, Seventeenth and Twichell, Seventeenth and Highway 51.

New Olton Co-op Has 125 Members

An Olton farm group met Monday night at Olton High School and organized a farm labor co-operative to be known as Olton Co-operative Producers. They have the charter, but it has not been approved.

The organization has a membership of one-hundred and twenty-five members and have set their goal at 200.

The purpose of the co-op is to handle farm laborers, farm problems and farm products, according to C. W. Williams, who was temporary chairman of the organization before the permanent board was chosen.

Board members are: B. C. Cooner, Paul Nafzer, Murray Manchein, Alvis J. Spain, R. H. Cleavinger, all of Olton, H. L. Nesbitt of Hart Camp, and Buster Avins of Hart.

The board will have a meeting at 7:30 Thursday night at the agricultural building of Olton High. At this time they will elect officers, and will be prepared to sign the charter.

Rev. Harry Vanderpool and Rev. Bill Pearce, Levelland, left early Monday morning to attend the "pastors retreat" at Ceta Canyon. They returned Tuesday.

Area Cotton Assn. To Be Organized At Lubbock Tuesday

C Of C Announces Committee Heads

The Littlefield Chamber of Commerce offices have been moved to the city hall in Littlefield this week.

The offices are on the first floor of the city hall in the west end of the building. The offices were formerly occupied by the police department.

Furniture has been refinished and the larger offices will facilitate easier handling of Chamber of Commerce matters.

The city officials feel that the Chamber of Commerce officials will have closer contact with them by being located in the City Hall, and the Chamber is glad to have the additional room.

At one time the offices were located in the City Hall, but when the building was turned over to the county for a court house, it was necessary for Chamber offices to be located elsewhere.

Between 4,000 and 5,000 farmers and business men of the South Plains are expected to meet in Lubbock Tuesday afternoon and organize an area cotton council. Purpose of the organization will be to promote the cotton industry on the South Plains.

Littlefield Post Office Being Painted

The Littlefield Post Office is being redecorated. The varnished pieces have all been painted in pastel colors to match the walls.

Postmaster Joplin says he expects the work to be completed by the last of this week.

This is the first time the post office inside and out has been painted in the last five years.

The new paint job will help to keep the building looking cleaner and will shed light better to enable workers to see more clearly.

Jack Yarbrough, one of the four men who have been most influential in getting such an organization started, says, "The farmers of Lamb County will receive more benefits from this organization than anything that has been done in a score of years. It was just such an organization in East Texas which managed to get some of the cotton acreage we should have had this year."

He says that considerable financing has been pledged which will enable the association to carry on an effective research and educational program. The research efforts will strive to improve the cotton grown on the South Plains and to find more uses for the type we are able to grow. The educational program will consist of acquainting mills with the advantages of our cotton and legislators with our problems.

22 counties will be represented and each will be entitled to elect one farmer and one businessman to the board of directors.

The meeting will begin at 1:30 p. m. Tuesday in Lubbock's Fair Park Coliseum. All interested persons are invited to attend and participate.

Information will be presented to the group by Don Jones on the prospects of improving the quality of local cotton, by Roy Davis on the oil mill viewpoint, and by Charles Gay on the importance of the organization to local retailers.

Dance, Barbecue And Mothers March Scheduled For March Of Dimes Here

Kenneth Ware, Lamb County chairman for The March of Dimes, has announced the activities that will be held to raise funds for The March of Dimes.

On Monday night, January 23, the Jayceettes will make the annual Mother's March on Polio between the hours of 7:30 and 8:30. All residents of Littlefield are asked to co-operate by turning on their porch lights and contributing to the mothers.

The Veterans of Foreign Wars are sponsoring a dance, Saturday, January 28, at the veterans' hall at 7:30 for members. Proceeds above the cost of the band will go to the March of Dimes.

The Woman's Club, The Art Club, and The Forum will make their annual contributions to the March of Dimes, as will all other Federated clubs in Texas. Points on the club's score cards are given for this contribution.

George White Donates Beef For Barbecue

The Jayceets will hold a Barbecue at 1 p. m. Sunday December 29 at the Community center. Tickets will be on sale by all Jaycees. George White, who operates the Yellowhouse ranch, and is former chairman of Lamb County March of Dimes, is donating one beef for the Barbecue. All proceeds will go to the March of Dimes.

The kick-off breakfast for local solicitations of funds from business houses was held Monday morning, at Thornton's cafeteria. Sixteen business men attended the breakfast and solicited funds later in the day.

Coln envelopes have been sent home by all school children in the Littlefield schools so parents may contribute through this channel. Funds are needed to take care of the polio victims and to finance further research of the dread disease.

In this push button age one needs the old push to get going.

Rev. Henry Cox Appointed To Red Cross Post

Rev. J. Henry Cox, former pastor of the First Baptist church in Olton, has been appointed temporary field director of the Red Cross office in Lubbock.

Jim Watson, the regular director is in the disaster area in California.

Rev. Cox is chairman of the Fund raising committee for this area.

Chief of Police Walraven Is In Satisfactory Condition

Chief of police, Lawrence Walraven, is reported in satisfactory condition. According to members of his department he is "rarin'" to get out of the hospital to which he has been confined for the past few days. He has a virus infection.

Mother's March To Be Monday Night At 7:30

The Jayceettes will conduct the Mother's March on Polio Monday night January 23 between the hours of 7:30 and 8:30 p. m.

Mrs. Maxie Bagwell, president, says that the Jayceettes hope to contact every home in Littlefield and make this year's collection even better than in previous years.

Residents are asked to turn on their porch lights between these hours to help the ladies who are making the March.

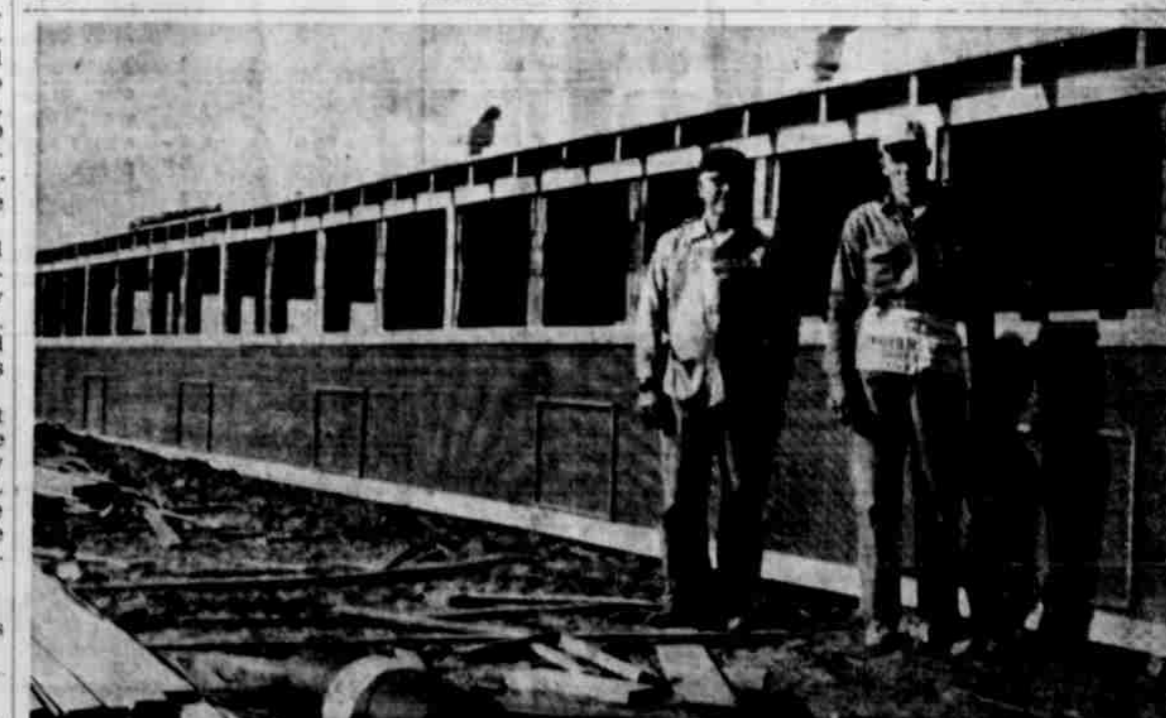

Mrs. Bagwell and the other Jayceettes ask that even if residents have already contributed to the March of Dimes that they contribute a little more to fight the dread disease.

Three County Boys Receive Varsity Letters

Of the thirty-six varsity letters in football awarded at Texas Technological College in Lubbock this week, three went to Lamb county boys.

Arlon Wesley, guard, received his fourth varsity letter, and M. C. Northam, halfback, received his second varsity letter. Both boys are graduates of Littlefield high school and were Wildcat players.

R. V. Alcorn of Olton won his first varsity letter this year.

Dunbar Host For Tournament At High School Gym Saturday

2nd Annual Dunbar Basketball Tournament will get underway this weekend at the local high school gymnasium with ten teams.

The game between Olton and the Junior high gymnasium and second game of the tournament will get underway at 9:00 p. m. Saturday in the High School gym.

The tournament will be played Saturday in two sessions.

The first session will stop at 6:00 p. m., and the Consolation, Semifinals and finals will get underway at 7:00 p. m., following an hour recess.

Teams are entered from Anton, Lamesa, Olton, Crane, Spur, Floydada, Slaton, Levelland, Brownfield, and Littlefield.

It will also give the local fans their first glimpse of the Tigers under their new coach, A. M. Jeffro. Jeffro took over last week after W. M. Chaney resigned due

to the illness of his wife. Jeffro has only recently graduated from Prairie View College at mid-term.

Dunbar lost out last year in the finals to a fast-breaking Odessa team, but the twice District winners are expected to clinch the tournament this year.

The first game Saturday will find Spur playing Floydada then they will be followed by the Slaton-Levelland game and the Brownfield-Littlefield encounter.

Both Crane and Lamesa have drawn a bye in 1st ground. Lamesa will take on the winner of the Spur-Floydada game and Crane will tangle with the winner of the Slaton-Levelland game.

Prin. Maurice Powell announces that there will be four trophies given to the winning teams, Champion, Runner-Up, Consolation winner and the Best-Sportsmanship.

Two Sudan Men Will Raise Pullets For Caged Layer Producers In This Area

Work on a building to house a new enterprise for Sudan area, the raising of pullets to supply caged layer houses, is progressing here and should be completed within the next two weeks by co-owners Lendeie McCarty and A. Pinkerton.

The structure is 30x30 feet with a 12x12 side room for feed storage. When completed the building will have six partitioned compart-

ments and each will contain a 500 chick brooder.

McCarty and Pinkerton plan to secure 3,000 small chicks from the Mileur Hatchery here. The pullets are hatched from eggs received from Bryan, Texas and are a breed especially adapted for caged laying. When sixteen weeks old the pullets will be placed in caged laying houses to be erected here in Sudan by a number of Sudan

residents.

The two will raise replacement pullets for other area caged houses, as well as the Sudan houses. Later McCarty and Pinkerton plan to erect another building to move the brooders into and use the present building for a caged layer house of their own.

The partners are building the structure in their spare time and are employees of Plant X.

Man Involved In Accident Is Released

Jesse Barajas Rodriguez, 26, who was involved in an accident on a farm road east of Whitharral Saturday night, that took the life of Gigivo Cardenas, 58, of Anton, was released from the Hockley county jail after paying a fine of \$16.50, for no drivers license.

Charges were not filed against Rodriguez. Authorities felt that from testimony given, the accident was unavoidable. Deputy Sheriff Ford of Hockley county told reporters Tuesday afternoon.

According to Bud Taylor, highway patrolman, Cardenas was driving a 1951 Ford east, Rodriguez was traveling west on the county road which has no center stripe. The three ton stake truck driven by Rodriguez, struck the Cardenas car and ripped the side off, spinning the car and turning it over once. The Ford landed upright with the right rear wheel on top of Cardenas head, after he had been thrown from the car.

Two women who were with Cardenas escaped injury as did Rodriguez and Domingo Soles who was riding in the truck.

Cardenas was pronounced dead at the scene of the accident by the Justice of the peace, J. R. Grier of Anton.

Pioneer Olton Couple Honored On Anniversary

Mr. and Mrs. Euel C. Jones held open house Sunday for her parents, Mr. and Mrs. C. M. Owens on their Golden Wedding Anniversary.

The serving table laid with white lace and heirloom silver, and was centered with yellow mums and a three tiered wedding cake. The Owens granddaughters, Misses Naomi Burrus, Ellen Jones and Charla Granbery, presided at the serving table. The receiving rooms were decorated in yellow flowers with gold leaves. The Owens were married Jan. 6, 1906 in Palmer.

In 1918 they moved to West Texas. In 1921 the Owens moved to Olton where they owned the telephone exchange. Eighty guests called during the evening. Hostess with the Jones were the Owens other children, Mr. and Mrs. Paul Burrus, Mr. and Mrs. D. M. Granbery, and Mr. and Mrs. L. L. Hollyfield. Mr. and Mrs. Douglas Owen who are in the Armed Forces were unable to attend the affair.

Out-of-town guests were: Charles Farrer of Waxahachie, Fred Wadley of Arlington, Dick Wynne of Palmer, C. P. Owen of Burleson, Billy and Karen Owen of Ft. Worth, Mrs. Minnie Owen of Everman, O. E. Eubank of Tahoka, and Mery D. Farrar of Dallas.

Messers and Mesdames D. M. Marshall of Alken, C. P. Cunningham, Frank Gunn, Bill McKenzie, Sim Griffin, Charlie Ikard, Mark Burns and Eugene Hancock, all of Lubbock, Lonnie Bell and Elmo Bell and sons of Dimmitt, Roy Burrus, Plainview, G. W. Willis and O. C. Owens of Littlefield, and Mesdames E. C. Bell and Evelyn Gladson of Lubbock, Ruth Ganthier and G. W. Robertson of Plainview.

Guests and gifts were still calling and arriving late in the week.

Another Column

Dear Annie: Mary Rutherford was in the office telling us about Lawrence Welks who has the orchestra on the "Dodge For Life" program on Sunday afternoon. It seems that he was once a troubador. When Mary lived in Crosbyton he came through and played his accordion at the dances, and danced with the ladies. Mary says he was quite a dancer.

All of this brings to mind the old tent shows that all of this generation will miss. When Harley Sadler brought his show to town the entire town turned out every night. A matinee was held on Saturday afternoon.

Do you remember "Toby"? That set of handsome twins who were with Sadler for many years? And wasn't Gloria a doll? Harley, Billie, and Gloria have since passed away, but their memories will go down with the best of road shows.

Mollie Bailey used to come to our hometown with those bright red railroad cars. We loved to watch them load and unload. And we can barely remember Buffalo Bill and his Wild West Show. Oh, that was well attended.

Then on the cultural side the Chautauqua came to town in summer for an entire week.

Of course, we all attended all of the revivals that were held in the openair during the summer.

Naturally, air-conditioning has changed all of this, along with picture shows and television. There are too many other things to do. If these things should come along now we wouldn't have time.

But along with Mary Rutherford we are glad to see the old trouper on television. We are glad to know that they are where they can still do the things they love best.

Garden Club Lists Projects

The Littlefield Garden club has announced a resume of the club's projects for the club year of 1955-56, according to Mrs. Harry Williams, reporter.

The Littlefield cemetery has been a project of the club since the first year of its organization. The club has planted a rose garden, and has completely cared for it. A caretaker has been paid from the club treasury.

The club, this year as in years past, sponsored the Christmas lighting contest. Prizes given totaled \$100.

A Christmas basket was taken to one of Littlefield's worthy families.

The newest project is the building of a bar-b-que pit in the Littlefield Park.

The club has contributed to the National club headquarters building that is being erected. Each member of every garden club has purchased a brick for the building to be built in St. Louis, Mo.

The Littlefield Garden club has co-operated with the state and district clubs in "Plant Texas." They have sold the South Plains Planting Guide. The entire district, of which the Littlefield club is a part, sends one boy to Texas Technological college, and gives this scholarship in Horticulture each year.

Wildcats Take 75 to 48 Win Over Lockney Longhorns

By CHARLES DUVAL, Jr.
The Cats jumped off to an early lead last Tuesday night in a conference clash with Lockney and held it throughout the game to win by the easy margin of 75 to 48.

Credit should be given to the Cat's post man, Bob Orr, along with Wayne Wicker who out-rebounded the Lockney Longhorns throughout the entire contest. Bob Orr led off in the 1st quarter with a barrage of scoring. Jump shooting from around the court, Orr sent in eight points and laid another point in on a free shot. Wicker shot three long shots at the head of the circle popping through the net; Red Durham jump shot six points into the basket so that at the end of the first period Littlefield led 21 to 12.

Lockney's scoring was cut to a minimum in the second quarter while the Wildcats racked up 22 points. Orr racked up 9 more points, eight on jump shots and the last one on a foul shot. Durham continued scoring as he sent three shots whizzing through the hoop. Wicker hit one shot and put another one through on a free shot. Paul Yarbrough and Buddy Jones each managed to sink a two pointer apiece. The score at the half stood Littlefield 43, Lockney 20.

Reserves saw action in the 3rd quarter as Littlefield was enjoying a comfortable lead. John Clayton hit two beautiful long shots from the corner while Orr was putting in two points on free throws. Joe Hoover and Yarbrough managed to mesh a two pointer each as the Cats controlled the backboards continuously. Burlison and Durham continued adding to the tally as they jumped shot a two pointer each.

As the final period approached Wicker shot in seven points for the Cat's rising tally. Clayton added another long shot and meshed a free shot while Orr did the same. Jamison meshed two. Hoover made a free throw and Durham hit another jump shot to give the Cats 75 to 48 margin they held at the end of the game.

Individual scoring for Littlefield was:
Orr—23
Wicker—16
Durham—16
Clayton—7
Yarbrough—4
Hoover—3
Jones—2
Burlison—2
Jamison—2

"Hot Flashes Stopped" or strikingly relieved

in 63-80% of cases in doctors' tests
• If you're miserable from the "hot flashes" and accompanying irritable, restless feelings of "change of life" — you may be suffering unnecessarily!
• For... tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested. Complete or striking relief!
• Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from these distressing nervous, "hot of starts" feelings of mid-life "change of life."
• So, get Lydia E. Pinkham's Vegetable Compound — or new, improved Tablets with added iron! (Wonderful, too, for the functional pains of menstrual periods.)
• It acts through a woman's sympathetic nervous system to remove distress of those awful "hot waves!"

Southwestern Public Service Expands Lines

Continued growth and expansion with its 45,000 square mile service area will make it necessary for the Southwestern Public Service Company to spend more than \$12,000,000 for new construction in 1956. It has been announced by A. R. Watson, executive vice president and general manager of the electric light and power company. "Growth goes on in this territory — and so does our need to keep abreast of the continuing demands for service of our customers. Although we have spent more than \$160,000,000 in the last 10 years, we must continue our construction and expansion at a high peak to assure adequate electric power for all parts of our region," Mr. Watson said.

Largest expenditure in the company's 1956 construction program will be made at the new Cunningham Station, west of Hobbs, N. M. \$4,500,000 will be put into this new 95,000 horsepower electric generating station this year. It is scheduled for completion in 1957, at a total cost of nearly \$8,000,000. Another \$4,000,000 will be spent for service extensions to customers while \$2,700,000 will go for transmission line and transmission system substitution construction. New distribution facilities, the lines which actually provide the connecting link for the customer's service, will involve an expenditure of more than \$1,000,000.

Southwestern Public Service Company's investment in plant and equipment to serve its customers has increased by 406% in the last 10 years, compared to a national increase by electric light and power companies during this decade of 115%. As a result of this recent rapid growth, 80% of the Company's equipment is ten years old or less, one of the highest percentages of new equipment in the electric industry.

During the same decade, the average cost of a kilowatt-hour of electric service for a residential customer has decreased 14% because of increased use of electricity in the area's homes and improved operating efficiency by the company, which has seen great increases in its operating costs during the same period.

"Our service area has undergone many changes in recent years. Where once this region was almost completely dependent upon agriculture for economic stability, we now have a territory with great diversification, with agriculture, petroleum, manufacturing, distribution, and other natural resources combining to produce a well-rounded economic picture. Electric power is becoming increasingly more important to the region, and we have been charged with the responsibility of assuring plenty of power for all — economically and efficiently. We look forward to the privilege of being a part of the region's continued prosperity," Mr. Watson concluded.

Ministers Ask Cooperation In Religious Census

Members of the Ministerial Association are sponsoring a City Wide Religious census on Sunday, January 29.

Approximately 150 people will make the census. It is the desire of the ministers to contact every home in Littlefield between the hours of one and three in the afternoon. Workers will meet in the parlors of the First Baptist church. They will bring a sack lunch and the ladies of the First Baptist church will serve coffee. Following the lunch, instruction will be given and the census will be made.

Social Security Returns Must Be In January 31

fallacy . . .

There is a widely accepted theory that unions have raised the standard of living of wage earners. That is subject to

question. The average union member may be making more money than he would be without unions, but he is also paying higher taxes and he would be for most of the things he buys. The standard of living is the quantity of goods and services consumed. It is not the number of dollars written on checks.

The standard of living can go up only as our production per worker goes up. Unions have a record of resisting anything that tends to increase production per worker. They delay the introduction of labor saving devices and they do finally accept them, they often "featherbed" the machines with just about as many men as it took to produce the same production with the old tools.

England and France and Italy have stronger unions than we, and they have had them much longer. But their standard of living rises very slowly. Their consumption per worker is a good deal less than half of ours.

It should prove that something other than unions are responsible for the increase in the standard of living. We think that the competition in the marketplace is largely responsible. We have more competition in this country than is found in any other country which populated us. We seem hell bent to increase it, but as long as we have any at all it will continue to raise our standard of living upward. The rate at which the standard of living depends upon how much competition we permit.

The fallacy that unions are responsible for much of our increase in the standard of living is fed by the large amount of publicity which unions receive. The spectacular manner in which unions often win their points, makes them prime news. In the time their members get a raise, they release a story in the press, and it gets a play because large numbers of people are involved. It is not usually news when the millions of people in our country who make their own deals get a raise.

In spite of the fact that we think unions have done more harm than good to the wage earners of America more harm than good, we think that wage earners should be perfectly free to organize into unions if they like, and that they should not be discriminated against for doing so. And we think that unions should be able to strike, if they like.

We think that if there are other people who would work for their employers, those people should be able to make a deal for the jobs they walk off of. Then a true bargaining situation exists. As it now stands, in many instances, there is no bargaining, there is only blackmail. Certain individuals can often profit from controlled markets, but the masses are always better off protected by free markets for all three of the factors of production—land, labor and capital.

Sandhills Philosopher Is Amazed That Senator Wants to Discourage City Farmer

It is noted that the Sandhills Philosopher on his Johnson grass problem probably has misinterpreted the Senator's position again, a habit of his, this week reveals.

—help complicate the farm problem," and he wants something done to discourage them. I understood, without agreeing.

I'm afraid the Senator is hunting up something to do to avoid plenty of work already staring him in the face.

If you will talk with these city farmers, you'll find that a good many of them are already discouraged. I don't know whether Congress can take credit for this or not, but something or somebody has done such a good job of discouraging city farmers that it has carried over to regular dirt farmers too.

I talked to a city farmer just the other day, and, after making the downpayment on a farm a couple of years ago, he says he is now willing to let anybody operate the farm for all he can make off it, if he'll just agree to keep up the payments for him.

Making money on a farm is easy when you do it on paper, but when you try it out, those paper profits always manage to hide out. Looks like you never

I also want to hand the Kiwanis club a bouquet. They signed up to sponsor an outside show a few weeks back, and then they discovered that the outfit required the sale of blocks of tickets to merchants. The Kiwanians dropped the deal on the grounds that the merchant purchases were donations and, if the presentation couldn't stand on its own feet, they weren't interested.

More clubs should follow the pattern. Half of the donations ticket sales always go to the outsiders. If the merchants are required to donate, they like to see all of the money stay with the local club. Sometimes, in the past, similar deals have given half (or more) of the merchants money to carnival roustabouts and vanilla drinkers. In Hereford, most merchants are generous and liberal. They deserve some consideration. We agree with the Kiwanians, let's at least keep our donations at home.—Hereford Brand.

COMPULSION BAD

The giant AFL-CIO labor merger has started its political activities early, announcing a plan to assess members \$10 to \$25 for supporting the political candidates of the unions choice in the forthcoming presidential election.

How would you like for your employers or your civic club to nick you for \$10 or \$25 to support Adlai Stevenson if you don't like him as a candidate? Or Richard Nixon? Or Averill Harriman? It is easy to see how the Repub-

lican can get to the bank with em.

I'd like to suggest to this Senator that he has already succeeded in discouraging the city farmers, that jobs is well taken care of. Now he ought to concentrate on encouraging the dirt farmer, and if he's shy of an idea, I'd like to suggest that nothing's as encouraging as a good profit.

lican and Democratic political parties have only this function to perform. However, how a labor union can feel justified in assessing its members to support candidates that may or not be a member's choice is hard to understand.

Of course, political unity is the strength of the labor union's success. It has been because union members tended to vote together that national labor laws favor unions today.

What would happen if a corporation assessed its employees or stockholders a fee to support a special candidate? It would lead to legal difficulties and we can imagine the cry that would go up from anguished union leaders.

Now that we have one giant union controlling some 15 million members, it may be that the rest of the unorganized will have to organize if we are to have any say in electing our candidates.—Gehilteer County Herald.

The rather ridiculous spectacle of a picket line at General Telephone Company has been removed. A 7-day strike is ended, and as yet nobody seems to know who got what, what the trouble was for sure, or how things have been changed. Few of those who went on strike here had the faintest idea of the reason they were forced off the payroll by union leaders, but most of them followed orders. Supervisory personnel carried on as well as they could, and we thank them. Pickets took names of persons who crossed their line, which is as good a way as we know to get a rousing good punch in the nose. Pickets acted here somewhat as they seem to do everywhere. One supervisor, who worked 18 hours or more a day to do the job she hired out to do, would receive anonymous calls to wake her up during her brief rest periods. As we say, we don't know what the ruckus was all about, even though officials of the union were kind enough to confer with us on several occasions. We are sure of one thing. If General Telephone is as sorry an outfit to work for

START TAX RECORDS NOW FOR USE NEXT YEAR

There is no time like the present while last year's tax problems are fresh on your mind, to start a procedure that will aid you with next year's income tax calculations. That is to maintain a record of your income and outgo. Such a record can be simple and brief but it may save you tax dollars.

The average man who works for a wage or salary doesn't have to concern himself about keeping books and records—at least so he thinks. His employer keeps a reliable record of his earnings and Uncle Sam looks primarily to his earnings and for the withholding of various taxes out of

his wages. But whether or not you run a business of your own, you have a partner, who each year is claiming a substantial interest in your personal income. And the law requires that you keep books for him in case he ever asks for an accounting. Perhaps you own your home or are paying it out in installments. It's likely that some day you may sell that house. When you do you'll want to be able to prove whether you realized a gain or a loss on that sale. If a gain in capital resulted, it probably will add to your income tax. If a loss was suffered, it probably will reduce your income tax. You may have made certain capital improvements on the house while you lived in it, but unless you can show what out-of-pocket expense you incurred while making them, you may not get credit for them in your cost basis so as to prove that you had no capital gain or that you had a loss. Or perhaps you received that little summer cottage on the lake as a gift from your father. If you ever sell it, you should be able to show Uncle Sam not only the cost of improvements you made on it while you owned it, but also what its fair market value was at the time Dad gave it to you. It may be that you are receiving an annuity on an insurance policy. If so, do you know how much that policy costs you and how much of that cost you have recovered tax-free to date? There are many kinds of transactions you enter into that may some day affect the computation of your personal income tax. The best proof of the cost of anything you've purchased is a receipted bill or canceled check. If one of these pieces of evidence relates to any transaction that may affect your income in later years, it's a good idea to keep it. Your "partner" may some day ask to see it.

as some strikers say, we wouldn't take their money at all. We'd go to work for somebody we liked well enough to do well the job we were hired to do. If we didn't want to give an honest day's work for an agreed wage, we wouldn't dynamite the plant, but would quit and go where things are better — if things are better anywhere else. But the fantastic idea of management having to run and wipe the nose of any disgruntled employee or face a nation-wide walkout of thousands of employees is fearful to contemplate. There seems to be no way to achieve peaceful co-existence between labor and management. One of them will have to go. Mark that down in your long-range calendar.—Ralls Banner.

If there was ever any doubt in your mind as to which is the finest car of all, this new Lincoln should end all debate. It's the longest, lowest, most powerful Lincoln of all time—almost a foot longer in frame, and with a new 285-horsepower engine. There is new Turbo-Drive, most versatile

and obedient of all automatic transmissions, and the widest choice of safety and power features. And Lincoln offers a distinctively fresh approach to automotive design that unmistakably says here is the finest in the fine car field. If you haven't driven the new Lincoln yet, stop in at your convenience.

TO GUIDE...AND TO MEASURE...

A ruler . . . the humblest of instruments! Yet it meets two tremendously important needs. It guides . . . giving man a straight, sure rule by which to draw his lines and sketch his plans. And it measures . . . showing man where to begin, and where to end, proving the dimensions of his work. That which the simple ruler does in the physical realm of life is the work of the Church in the spiritual realm. For every man's life is like a blank sheet of paper, until, by his own living, he places upon it the lines which give it meaning and character. The Church is our guide . . . giving us the tried and sure truths by which we can live . . . pointing us to the straight and unwavering paths which lead to God. And the Church is our measure . . . showing us the standards by which every man's life must be judged . . . revealing the Christ whose teaching and example are the beginning and ending of all spiritual achievement, the perfect dimensions of life. Are you letting the Church meet these tremendous needs in your life?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Highlights and Sidelights from Your State Capitol

By VERN SANFORD
Texas Press Association

Insurance firms of all kinds are being taken to re-sell their policies. The effect of the action over the failure of Trust & Guaranty Co. is to be a public warehousing of salesmen at the expense of the policy holder in any life insurance company which has suffered any loss of the policy.

Legislators or ex-lawmakers who have received pay from the now-closed firm But Cavness has not been able to learn who received \$50,550 in cash withdrawals, most of which were made during the time the 1955 Legislature was in session.

Another Cavness revelation was payment of \$115,499 to Kamin Advertising Agency. Cavness said it was a Houston firm which handled the Drew Pearson television program in which the news commentator told his listeners, "You can put your trust in U. S. Trust."

GILES TO HUNTSVILLE SOON—Bascom Giles, former State Land Commissioner, says he will begin his prison term within three or four weeks. He has been convicted 13 times. Sentences total 75 years. But all terms run concurrently, not consecutively. His maximum sentence has been six years. Allowing time for good behavior he will be eligible for parole in one year, two months and 12 days. Giles has told friends he is reconciled to going to prison and has vowed to repay all he owes. He has repaid \$80,000 to date. Giles is joint defendant in other civil suits totaling \$170,000. But his share of the liability has not been determined.

WATER PROBLEMS STUDIED—To conserve water, Railroad Commissioner Ernest O. Thompson recommends the proration of water much the same as oil now is prorated. He made his recommendation at a meeting of the Texas Water Resources Committee. At the same session members of the Brazos River Authority said that in some years as much as 600,000 tons of salt and other chlorides are washed into Possum Kingdom Reservoir. Suggested was a dam to block off a salt flat in Northwest Texas, and permanently impound the flow of brine springs and the run-off from the area. This would prevent intrusion of 200,000 tons of salt a year into the Brazos reservoirs and stream flow. BRA's aim is a six-dam program costing \$173,000,000.

YARBROUGH HONORED—Austin Attorney Ralph W. Yarbrough, 1954 candidate for governor, has been named to membership on the National legal committee of the Veterans of Foreign Wars. He was recommended for the appointment by T. D. C. Connell of Killeen, Texas, VFW Department Commander.

MILITARY DISCHARGES—More Texans were discharged from military service in 1955 than were drafted or volunteered. A total of 46,545 entered service while 54,499 were discharged. Draftees totaled 7,954, as compared with 28,561 volunteers. Nearly four out of every ten men examined were turned down.

DANIEL MAY REVEAL PLANS—Not if, but when U.S. Sen. Price Daniel will announce for governor, now is the subject for political seers. Most likely date is Jan. 21. Then Daniel, who is also a co-owner of two East Texas weeklies—the Liberty Indicator and the Cleveland Advocate—will address the Mid-Winter Convention of the Texas Press Association in Austin. A statewide gathering of some 200 newsmen would offer a golden opportunity for a campaign kick-off, some say. Congressman-at-large Martin Dies and State Rep. Horace B. Houston Jr. have said they would run for Daniel's senate seat when vacated.

FARM INCOME DROPS—Texas' cash farm income for the first 11 months of 1955 dropped eight per cent below 1954. Commodities showing decreases were cotton, cottonseed, wheat, oats, flaxseed, rice, cattle, calves, hogs, wool, poultry, milk and milk products. Gains were registered by peanuts, corn, grain sorghum, sheep and lambs, mohair, eggs, fruit and vegetables.

MORE VACCINE—Because of steadily increasing supplies, Salk polio vaccine priority in Texas has been extended to persons up to 20 years of age and to pregnant women. Total polio cases in 1955 was 1,931. It was a sharp drop from the previous year's 3,037.

SHORT SNORTS—John A. McCurdy has retired as executive secretary of the U. T. Ex-Students Association, after nearly 30 years of service. He has been replaced by Jack R. Maguire, public relations director of the Texas Insurance Advisory Association. Maguire's successor has not been chosen. . . . George Haddaway, publisher of Flight Magazine in Dallas, is the first chairman of the newly formed Aviation Council of Texas which will open offices soon, possibly in Austin. . . . Birth records of the past five years indicate that over 350,000 additional students will enroll in the public schools of Texas during the next five years. There are 1,853,000 children of scholastic age this year, or an increase of 80,000 over last year.

Indonesia has a population of 80 million.

Broadway Mystery Is Coming Tonight

The Lions have informed us that they have contracted with the Personal Representative of the Crotser Stage Revue, a renowned traveling road attraction. This spectacle is highly recommended as being one of the best of this kind in America, having a full evening of entertainment of more than two hours of exciting presentation in comedy, mystery, intrigue, large illusions, and thrilling escape acts synchronized with music. It is reported that this show has spent some twenty years on the road, traveling more than 36,000 miles a year, using a large truck, to transport the necessary equipment, consisting of costly scenery, expensive costumes, elaborate stage paraphernalia and ability of untold value. This production will be held at High school at 8:00 p.m., on January 19. Your local Lions feel that this show is one that will be appreciated and well received by all that are able to attend. Had they not thought this is one of the most colossal of high type stage attractions that has ever toured this country, they would not have brought it to you.

Tickets may be purchased from any Lions club member. One half of the proceeds go to the luncheon fund in the Littlefield schools, and the other half goes to the Cripple children's fund.

Baptist Evangelist To Give Life's Story

The evangelistic team of Rev. Homer Martinez and Buddy Johnson have preached to capacity crowds during the past week.

The fiery young preacher will speak to numerous groups and organizations including the Brotherhood breakfast, morning watch at the High school, Lion's club and various other activities.

"A modern day miracle is unfolded in the lives of Rev. Homer Martinez and his brother, another noted evangelist, Rev. Angel Martinez," stated Dr. Lee Hemphill, pastor of the First Baptist church. "These young men, who early in life found themselves proclaiming God's word, are proof of the power of God to take unschooled, poverty stricken youth and use them as instruments to bring His people back into His way of life."

Johnson has thrilled the congregations with his talented trumpet playing. He was an accomplished professional band member before his conversion and decision for the ministry. His singing has been recorded by recognized recording companies and his directing of revival music is acclaimed among the best in the nation.

Friday night will be Youth night. The young people of the church will will the choir and sing special music.

Saturday night, which will be "pack the house night" is designated at the night when Rev. Martinez will bring the story of his conversion and how a family who had never heard the Bible message of salvation until a visit to a small mission, was changed miraculously and gave forth two famous evangelists.

The services will continue daily through Sunday evening. The public is invited. Nursery will be open for services morning and night.

There will never be a brotherhood of mankind as long as one gives a brother a check that bounces.

One of the best crowds of the season is expected to attend the Olton-Littlefield basketball district game to be played here Friday night at the high school gym.

The two teams have already met each other twice this year. Littlefield beat Olton in the Abernathy tournament, and then the Mustangs beat Littlefield in the Sundown tournament.

The girls and "B" team games will be played prior to the important District 2-AA encounter.

Coach E. J. Webb's Cats will be fighting hard to preserve a chance at the District crown while Coach Joe Turner will field a team averaging 5' 1". Turner has one boy, Clyde Rhodes that is 6' 8", and Teddy Estes is 6' 3". Little Roy LaDuke, the smallest man on the team for the Mustangs, however has been the spark of the Olton five, being high point man in several games.

City of Sudan Accepts Care Of Cemetery

The Sudan city commission accepted a deed, at a meeting of the commission with the cemetery association, for the Sudan cemetery.

According to Mayor Joe Rone, the city will now have the responsibility for the care and upkeep of the cemetery.

The city will also be in charge of the sale of lots. Members of the cemetery committee who will serve in that capacity are: John Dean, Joe West, and Gus Bellamy.

5-PIECE PLACE SETTING

Monterey Dinnerware was designed and made in California—in the kilns of one of the largest, most modern ceramic plants in this country, devoted exclusively to the manufacture of fine pottery! You'll love the striking modern confetti design . . . the graceful coupe-shape . . . the handsome colors that won't fade, mar, wash off in the dishwasher or with years of use! Pick up a cup and notice how light it is, how well balanced! Yes, every woman will adore this dinnerware! The dishes are packed one color to a box and remember . . . you receive S & H Green Stamps for each box that you buy of this beautiful dinnerware.

Salk Polio Vaccine Is Now Available

The full benefits of the Salk polio vaccine can be realized only after many more children have received their complete series of three injections.

This is the view of Dr. R. E. Maurer, chairman of the Medical Advisory Committee of the Lamb County Chapter of the National Foundation for Infantile Paralysis. "There is evidence that three injections of the vaccine, spaced as now recommended, give far greater protection than one or two shots," Dr. Maurer said. "The first injection lays the groundwork, the second creates more polio-fighting antibodies, but the third provides greater and longer-lasting protection."

Dr. Maurer pointed out that the polio vaccine is different from the smallpox vaccine in that the killed polio virus does not multiply within the human body. Only one application of the smallpox vaccine is given, he explained, because that virus, after entering the body, reproduces itself.

"Even so," he continued, "smallpox vaccination has to be repeated every few years if the immunity is to be long-lasting."

A number of children of Lamb County have received two shots of vaccine to date, while others have received only one shot each, according to local health authorities. During the field trials of 1954, three injections of vaccine were given within a five-week period. Since then, however, research has shown that if two shots are given about a month apart and are then followed seven months to a year later

by a "booster" injection, a tremendous increase in protection follows the third shot.

"Relatively few children in our community," Dr. Maurer said, "have yet received their seven-month booster. Therefore, we have scarcely begun to reap the full benefit that can be given by the vaccine."

Dr. Maurer said that the suggestion that only one injection of the vaccine be given, in order to make the material available to more children, was abandoned after a conference of polio authorities called by the government. The unanimous decision of the experts was that there is virtually no evidence that the protection afforded by a single injection will last a long time.

The way to defeat polio, Dr. Maurer emphasized, is to use the Salk vaccine as widely as possible and to give it in the dosage schedule that has been proven by careful research to be most effective: Two injections within appro-

imately four to six weeks, followed by a booster shot seven months to a year later, preferably before the next polio season. Parents may obtain the shots at the local hospitals for \$3.00 per shot. The children who have had their two shots may receive the last one, and vaccine is available to those who have not had any.

Judge Kirk Hears Two DWI Cases
Earl Parrott of Littlefield was picked up Sunday on a driving while intoxicated charge. It was his second offense. He waived examining trial before Judge Kirk, who set his bond at \$1500. His case will be heard when the grand jury convenes February 6, 1956, according to County Attorney, Curtis Wilkinson. Wilkinson also said that a Littlefield woman was picked up by Deputy Sheriff McNeese on a DWI charge. She pled guilty and Judge Kirk set her fine at three days in jail plus costs.

Amherst Girls Defeat Hart 60 To 33 Saturday

By Mrs. Lester La Grange
GREETING CARD RECEIVED FROM MISSIONARY IN AFRICA

A Christmas card received at Amherst Methodist church last week from Miss Marcia Joyce Hinds, who is serving as a missionary in Africa. She is a daughter of Mr. and Mrs. Virgil Hinds of Amherst. Marcia, a graduate of McMurry College, Abilene, left the states in the early fall of 1954 for her work on the foreign field, with several others. They spent a few months in Portugal studying the language they were required to know.

Presently, her brother, Charles, took several pictures of the new church during a service, to send her. A recording of her parents, sisters, brothers and others speaking is also being planned to send her.

Rev. Elton Watt, Leroy Maxwell, W. J. Warren, and Harley Messamore, attended a meeting of adult workers in Methodist Sunday schools at Levelland Thursday night.

Mr. and Mrs. C. D. Stafford returned Wednesday from a visit with their son, Dr. D. J. Stafford, and family in Houston. They also visited in Waco and Bryson.

Mr. and Mrs. Clyde Morgan and family of Meridian were recent guests of his mother, Mrs. Lula Morgan.

Mr. and Mrs. Haskell Stephens of Utah, Leo Stephens, Mrs. Kenneth Phillips, Mrs. Edith Thompson, and Mrs. Ethel Johnson left Saturday for their homes after attending the funeral of their father, J. F. Stephens, last Wednesday.

DINMITT VISITORS ATTEND BASKETBALL TOURNAMENT

Mr. and Mrs. Troy Schuder of Dimmitt were guests of Mr. and Mrs. W. P. Stone, Friday night and Saturday. They attended the Amherst Invitational Basketball Tournament, which was in progress.

Mr. and Mrs. C. R. Stevens of Wichita Falls attended to business in this area during the weekend and visited Mr. and Mrs. Lee Payne, Sunday.

Cpl. and Mrs. Dale Wheeler of Fort Worth, spent the weekend with her parents, Mr. and Mrs. Sturl Harmon.

Barbara and Mike Coffey spent Friday with their grandparents, Mr. and Mrs. Fred Hamm in Hart. They returned with them and attended the basketball tournament.

Mr. and Mrs. S. D. Williams, Mrs. Elta Jones and Linda, spent Sunday in Lubbock with their daughters and sister, Fanny Sue Williams, and Laura Jones, who attend school there.

Mr. and Mrs. Don Whittenbrink and Donna, of China Lake, Calif., visited their grandparents, Mr. and Mrs. J. W. M-New, last week.

MR. AND MRS. GERALD COFFER ARE PARENTS OF DAUGHTER

Mr. and Mrs. Gerald Coffey named their daughter, born January 12, Manda Sue. She weighed five pounds and 12 ounces.

Mr. and Mrs. Fred Hamm of Hart are the maternal grandparents, and Mr. and Mrs. J. W. Coffey the paternal grandparents.

Mrs. Bill Cupp and baby of Lubbock, spent several days with her mother, Mrs. Mabel Cniffin, and

brother, Elvin Joe. The good Mrs. Charles Crink and Stevie, of Floydada, spent the weekend with Amherst friends.

MR. AND MRS. JACK KNOX VISIT HERE

Mr. and Mrs. Jack Knox and Peggy, of McCamey, were here for the weekend with his mother, Mrs. H. H. Knox and his brother, Herschel and wife, who were here for a visit from Sasado, Oregon. They returned to Oregon Tuesday. Peter Walscher, who accompanied them, visited in Hereford a day or two before they departed.

Dave Britt left Monday for a visit with his brother, Raymond, and family, in Wichita Falls.

Mr. and Mrs. Will Gerton had as weekend guests her cousin, Bill Collins, and Mrs. Collins, and Mr. and Mrs. Otis Wilson of Hollis, Okla.

Cotton Letter

United States Dept. of Agriculture still wants quick action on Eastland bill changing price support base for cotton to one inch USDA would like very much to have final action on this bill before it has to announce the price support level for the 1956 cotton crop.

Hope was that Senate Agriculture Committee would get busy on the bill at once, however, the closed door session of the committee turned out to be a mere discussion green with a final decision to do nothing before USDA Secretary Benson appears before the group with his recommendations for a new farm bill. He is certain to get a good going over as the Democrats will write this bill.

This is a touchy political matter and the Democrats want the credit for writing the new bill which will not go into effect until the next Presidential elections are out of the way.

This all means that USDA will hold up announcement of its new price support level for the 1956 crop as long as possible. Most likely far past the starting of planting in the Rio Grande Valley. The law says the price support level shall be announced before the start of planting, as "far as practicable." If the Eastland bill is still hanging fire the USDA will likely, from present information, take advantage of the escape clause.

One big effort of the Democrats in Congress, although not publicly admitted, will be to get Secretary Benson and State Secretary Dulles in an open knockdown, dragout, fight. Benson is smarting under charges of failure of his present program and wants very much to export every bale of cotton and every bushel of wheat possible.

On the opposite side Secretary Dulles says definitely there shall be no dumping, so far he has won. Democrats reportedly will do everything possible to get the two secretaries fighting publicly. Idea

is that it would help the Democrats politically. Most observers had recently come around to the view that exports would hit 2 million bales this year, with a lucky break. However, with recent reports of crop failures in competing producing countries the observers are a bit more optimistic. They hope these reported crop failures will force certain importing countries to come to the U. S. for their needs.

Present hope is that total export will run around 2.25 million bales. Everyone is keeping their fingers crossed on this prediction, but, sincerely hope it proves true.
