SILK WORKERS TO JOIN STRIKE

United States Citizens Reported Kidnaped In Japan Woman Clarifies California Murder

Communitistic Element Not With Strikers

Strike Will Be Conducted Under Principles Of U. S. Government

WASHINGTON (AP)—The general strike of the nation's cotton mill workers Friday was extended to include the woolen and worsted industries.

WASHINGTON, (AP)—A fresh hint that the nation's silk workers might be called on to strike with those of the cotton textile industry was given Friday by Francis J. Gorman, chairman of the United Textile Workers' strike committee.

Gorman expected word Friday from Peter Van Horn, chairman of the silk code authority and the silk strike apparently hinged on the result of that conversation.

GARMET WORKERS TO JOIN WALKOUT

CHICAGO, (AP)—Morris Halle, vice-president of the International Ladies' Garment Workers' union said Friday 60,000 union cotton garment workers were preparing to strike coincidentally with the textile walkout.

INDUSTRY UNWILLING TO TALK WITH WORKERS

NEW YORK, (AP)—Arthur Debes, chairman of the wool textile code authority, Friday telegraphed Francis J. Gorman, strike chairman of the United Textile Workers' union, the industry would not confer with the workers' committee in view of the threatened general strike in the cotton industry.

Scout Court Of Honor To Be Held Sunday Evening

Court of Honor for Boy Scouts of Big Spring will be held Sunday evening from the First Methodist church.

The awarding of badges and certificates to advancing scouts will precede the regular Sunday evening service.

W. C. Blankenship, chairman of Court of Honor activities, will preside over the pre-service program.

The Weather

Big Spring and vicinity—Partly cloudy to cloudy tonight and Saturday; not much change in temperature.

West Texas—Partly cloudy to cloudy tonight and Saturday; probable change in temperature.

New Mexico—Fair tonight and Saturday; probably local showers in north portions; not much change in temperature.

Table with columns for location, temperature, and time. Locations include Big Spring, West Texas, and New Mexico.

THE FAVORITE Home NEWSPAPER

TEXAS GIRLS FAIL IN FLIGHT

The second attempt of two Texas girls, May Elizabeth Owens (left) and Jean LaRens (right), to establish a new endurance flight record for women failed when engine trouble forced them to land at Chicago after being in the air 106 hours. They are shown a few minutes later with Kenneth Hunter, one-time endurance flier. (Associated Press Photo)

Bandits Wreck Chinese Train Killing 5 Japs

TOKYO (AP)—United States citizens, John Johansen reported Friday by Bengo (Japanese News Agency), were kidnaped Thursday by bandits who wrecked a Chinese Eastern Railway train at Wochia, Manchukuo, killing five Japanese passengers and injuring ten seriously.

Active Board To Handle 3 Rural Schools

Trustees of Highway, Bisco, and Fairview have authorized an active board to handle business for the three districts, operating under a grouped plan this year.

Sam Stone Kills Dog With Rabies

Sam Stone sounded a warning against "mad" dogs Friday. He said he killed a dog stricken with rabies. The same dog, said Stone, had been fighting with other dogs in the neighborhood.

Post Textile Mill Unaffected In Strike Order

Largest West Texas cotton mill, the Postex at Post, probably will not be affected by the textile workers' strike set to begin Saturday night, Herbert Jones, mill manager, said Thursday night, that so far as he knows, none of the 375 employees is or ever has been a member of a textile union.

Highway Meeting To Be Held Soon At Lampasas, Tex.

W. N. Elam, manager of the Taylor Chamber of Commerce, has notified the Big Spring chamber of a meeting to be held soon in Lampasas in the interest of seeking designation of a highway from the gulf through Taylor, Georgetown, San Saba, Lampasas, San Angelo, Big Spring to the New Mexico line.

Advertised Lady Bugs BOISE, Ida. (UP)—Mrs. Jack Hathaway believes in making the most of every opportunity. She recently collected more than two quarts of ladybugs from her garden and then advertised to California archdiocese they were for sale.

Prince George To Wed

Prince George (above), fourth son of King George V and Queen Mary of England, is engaged to marry Princess Marina, daughter of Prince and Princess Nicolas of Greece. Under the name of "Lieutenant Windsor," Prince George caused a flurry in Hollywood a few years ago when he visited the west coast aboard a British warship. (Associated Press Photo)

\$100,000 Fire Loss At Paris

PARIS, (AP)—Flames ate steadily through huge stacks of lumber at Cummer Graham Manufacturing plant here Friday as firemen struggled to control the costly blaze starting Thursday.

FHA Asks Local Setup Be Formed

R. A. Stuart, director of the West Texas District Federal Housing Administration, has asked the Big Spring Chamber of Commerce to appoint a local housing chairman.

School Officials Seek Homes For Deserving Students

George Gentry, high school principal, said Friday that school officials were again attempting to locate homes for deserving students who are trying to go to school.

Mother Of Mrs. Allen Hodges Dies In Missouri

The death of Mrs. Alonzo Pearson at Mexico, Mo., mother of Mrs. Allen Hodges of this city, occurred Friday morning, according to advices received here by Mr. Hodges, Friday morning.

Dentist Slain By Husband Of Nellie Madison

LOS ANGELES (AP)—Fantastic solution of one of California's most mystifying murders came Friday from the lips of a woman sentenced to die. Blaney Matthews, special investigator for the district attorney, reported Mrs. Nellie Madison told him her husband killed Dr. Leonard Diever, Pasadena society dentist in a fight over a woman.

Relief Needs Reported To Legislature

AUSTIN (AP)—The relief commission Friday reported to Governor Ferguson from January 1 to April 30th would aggregate \$4,439,000. The case load would reach a maximum of 330,000 for January, February and March and drop to 280,000 in April, it was forecast.

Bruce Frazier To Head Local Centennial Setup

Bruce Frazier has been named chairman of the Howard county Texas centennial committee. Shine Phillips has been selected as vice-chairman, Miss Nell Hatch as secretary-treasurer, W. G. Hayden, publicity director. Other members are Mrs. Ches Anderson, M. H. Morrison, and Mrs. L. I. Freeman.

ALL DAY MEETING

Methodist women of this district were holding an all day meeting Friday in Colorado. Among those attending from here were Misses C. A. Bickley, V. H. Fiewellen and J. B. Pickle.

Assistant Administrator Albert L. Deane, whose private-life job is Presidency of the General Motors Holding Corporation, knows all the answers. The FHA plan is really his baby.

GRAPES FOR THE STATE FAIR

San Joaquin county is proud of its grape crop and will feature the product in its display at the annual California state fair at Sacramento. Saatrice Powell is shown with a sample of the county's best. (Associated Press Photo)

All In Readiness For Rodeo Sept. 3-4

With all arrangements complete, promoters of the Big Spring Cowboys Reunion were waiting for their plans to bear fruit here Monday and Tuesday.

News Behind The News THE NATIONAL Whirligig

Written by a group of the best informed newspapermen of Washington and New York. Opinions expressed are those of the writers and should not be interpreted as reflecting the editorial policy of this newspaper.

Master minds of the New Deal's drive to stimulate home modernization and repair are more hurt than mad at the latest criticism to be leveled against them. They are in somewhat of a quandary as to how to make answer—that is, an answer that everyone will grasp readily.

Technically, this is true but FHA feels the case against them has been most unfairly presented. A setup has been devised which permits the borrowing citizen to get cheaper and easier credit than he ever could have gotten before.

This paper's first duty is to print all
the news that is of interest to the
community, and to do so in a
fair and impartial manner. It is
not a party paper, and it does not
take sides in any controversy.
It is a newspaper, and its only
interest is in the news.

to keep heads from being cracked.
Usually, because of the circum-
stances in which they are called to
serve, this has the effect of break-
ing the strike.
In this Minnesota case—and it is
hard to think of any other case
quite like it—things are reversed.
The guardsmen's law-and-order
activities have the effect of helping
the strikers.
The whole method of meeting the
problem of violence in labor dis-
putes has been turned upside down.
A precedent has been set. It will
be exceedingly interesting to see
what comes of it.

DESPITE A LIFE HANDICAP
Raymond Phelps, young Colorado
rancher, is a cripple; but he has
a notion that that he is going to
make a success of his life in spite
of his handicap.
The youth had always wanted
to see a sunrise from the summit
of Pike's Peak. So the other day
he set out to gratify his wish. On
his hands and knees, he crawled
all the way to the mountain top,
starting in the middle of the after-
noon and reaching his goal at 3
a. m., just in time to see the sun
come up.
To be sure, he had friends who
would have taken him up in an
auto. But he wanted to achieve
this ambition by himself, by his
own efforts; and he did so, at a
cost of physical exertion which is
appalling to contemplate.
A young man who has the stam-
ina to do a thing like that ought
to be able to build a pretty fair
sort of career for himself—cripple
or no cripple.

Country Club Tourney Qualifying Under Way

Golfers In Readiness For Annual Play

Several Out-Of-Town Players Have Already Qualified

With the opening of the Fourth Annual Country Club tournament only a few days away, several out of town golfers have begun their qualifying rounds.

Lowest among those who have already qualified is Morgan, Neill of Midland who recorded a 77 over the sand greened layout. E. P. Woodward of Stanton was only a stroke away from Neill when he came through with a 78.

Other qualifiers with their scores were "Red" Knight with an 88 and W. T. Henderson with a 97.

Heywood Sturdivant, local caddy, came through with an excellent 72 to easily slip into the championship flight.

Practice rounds have been played by H. F. Johnson and C. L. Jackson of Midland, E. C. Southworth of Sweetwater, and T. W. Haynie of Stanton.

THREE FIGHTING TIGERS IN THEIR LAIR
This informal locker room gathering of three stars who have helped Detroit at the top of the pack in the American league pennant scramble shows Manager Mickey Cochrane (right) giving Lynwood (Schoolboy) Rowe the glad hand after the latter had tied the league record for consecutive pitching victories at 16. In front of Rowe is Hank Greenberg, Tiger first sacker whose home run started a ninth-inning rally that beat Washington and kept Rowe's string intact. (Associated Press Photo.)

Sports Writers Pick S. M. U. To Win Southwestern Title In 1934

Kiwanis Meet Strong Cosden Team Tonight

Forsan Champions To Journey To City For Soft Ball Game

PORT WORTH—The Southern Methodist University Mustangs will win the 1934 Southwest Conference football championship.

At least that is what Southwest sports writers think about it. Here's the way these pre-season guessers think the seven schools will finish the season:

Southern Methodist University.
University of Texas.
Texas A. & M. College.
Texas Christian University.
University of Arkansas.
Rice Institute.
Baylor University.

Probably the most surprising thing about the result (the sports editors gave their opinion on how the seven teams would finish in response to a request of this writer) is the placing of the Arkansas Razorbacks in fifth place. Much of the early gossip has given the Razorbacks a good chance to finish on top of the heap. The Hogs were "guessed" in every position from first to last.

T. C. U., Baylor and Rice failed to get a single vote for first place. Most of the dopsters placed the three teams just about where they stand in the final results.

Texas got votes for from first to sixth place, and S. M. U. for from first to sixth. Slightly more than one-third of those voting, however, picked the Mustangs for first place, which puts them far out in front as pre-season favorites.

Several sports writers volunteered the opinion that no Southwest eleven would go through the 1934 conference season undefeated.

(Their first-string elbowers, Schoolboy Rowe, for one, was watching the Yanks play in New York, while Carl Fischer and Edson Fingersh subdued the Tribe with seven hits.

For six innings Fischer and Pearson were locked in close duet, with Cleveland holding the lead after Earl Averill slammed his 22nd home run of the season in the fourth. The Tigers got only four blows in that time, but they forged ahead with a pair of tallies in the seventh and added four unnecessary tallies with a typical Detroit rally in the eighth.

GOMEZ LEADING MAJOR CHUNGR
NEW YORK, (AP)—The Yankee established their southpaw ace, Vernon (Goofy) Gomez, as the leading league pitcher of the season Thursday when he belted out an 8 to 2 triumph over Washington. It was Gomez' 23rd victory of the season, putting him one up on the National league leader, Dizzy Dean, and his ninth in succession.

Gomez allowed only five hits, passed four and struck out five in recording one of his better mound performances.

The Yanks hopped on Monte Weaver for three runs in the first inning, and drove the mathematician out with another three-run burst in the third.

Alex McColl took Weaver's place.

MILITIA USE IN STRIKE GOES INTO REVERSE

If the full history of use of the National Guard in labor disputes is ever written, not the least interesting chapter will be the one furnished by recent events in Minnesota.

The National Guard is called out in strikes, generally, to "preserve the peace."

This usually takes the form of campaigning out around the plant which is the center of industrial disturbance and presenting a hedge of bayonets to all who try to get at the machinery.

Since the strikers, in the very nature of things, are on the outside looking in, this usually means that use of the guard cramps the strikers' plans. Picket lines and the like do not thrive under military rule.

A factory which is protected by the guard can go on with its production in spite of the angry cries of the mob outside.

But the Minnesota case has provided a surprising reversal of the usual procedure.

Here we have had the guard, in effect, doing the picketing.

A plan to settle the truckmen's strike is proposed, accepted by labor and rejected by the employers. The latter, naturally enough, having rejected the offer, seek to run their trucks as usual.

But at this point the guardsmen, called out to maintain public order and keep the peace, begin doing precisely what the union pickets would do if the militia had stayed at home; they refuse to let trucks run at all unless they are being operated under terms of the offer of settlement.

Now the use of the guardsmen is always, in theory, impartial. They are not supposed to take sides; they are supposed to keep property from being destroyed and

CHINA FAYS APPEALING TOLL FOR WEAKNESS

Half a million people may starve to death this summer because of the drought.

Not in a century has there been a drought so severe. Crops have withered under a blazing sun which has kept the temperature at 115 degrees, day and night, for weeks. Rivers have dried up, springs have stopped flowing.

There is no food to be had at all, over wide areas; in scores of villages and towns even the supply of drinking water has become exhausted.

The federal government wants to do something to relieve suffering, but it is so weak, so overburdened with previous efforts to combat the drought and so short of funds that it is very doubtful that it will be able to do anything effective.

These few sentences present a living nightmare. They do not apply, of course, to the United States. They do apply, however to China. They were taken from a recent news dispatch telling of the horrible crisis which China is facing the summer.

The Chinese drought is one of the worst in living memory. So is the one that has hit the United States. Indeed, the weather seems to have been about the same in each nation much heat, no rain, a steady depletion of all water supplies, a burning and blistering of all growing things.

In the United States it has meant great financial loss for the farmers and higher prices for the city dwellers.

In China it is meaning nothing less than wide-spread starvation—people dying by the scores of thousands because they cannot get food and water.

The contrast is instructive. The disaster was the same, in each case; but in the land there was a social and economic organization capable of meeting the crisis, while in the other land there was not.

In other words, these terrible

Chevy Beats Herald 6-4

Extra Inning Game Required To Get Result In Close Contest

BY HANK HART

After seeing the score tied at three all in the ninth inning, the Carter Chevrolet went on to defeat the Herald Type Lice by the count of 6-4 in two extra innings.

The Carterites drew first blood when they sent two across the plate in the third inning, on an error, a bingle, and an outfield fly.

They barely managed to maintain their average when the Type Lice began to find Short for several bingles, but good work by the Knee Action infield kept runs from the plate.

The Herald had a fine chance to tally in the seventh when they put two men on with nobody down but Coats started a double killing and ended the threat.

The Carterites added to their lead in the first part of the ninth, Homer Hart tallied on a smash by D. Lybby, but the booming guns of the Herald began to work and before the Carter pitcher had time to settle down, the Type Lice had counted three times to tie the score.

Kinman and Chapman doubled in succession to send the first Herald run across the plate and Corley singled to send Chapman home from second. Corley tied it up when he advanced on a hit by Galbraith and tallied on Sage's infield fly. On a close play in home, Galbraith failed in an attempt to score when Pap Payne whirled to tag him a foot from the plate.

After a scoreless tenth, the Carterites counted thrice in the eleventh to gain the decision. Hart, Cromwell, and Digby tallied on successive hits.

In a valiant attempt to tie the score, the Herald managed to chase a run across the plate when Hall tripled and came home on Corley's fly to the center fielder but Galbraith and Savage popped out to end the game.

Cromwell and Digby led the victor's attack with two hits apiece while Hank Hart, Chapman and Galbraith collected the same amount to lead the Type Lice.

Box score.

Post Out For Height Record

One-Eyed Pilot Tunes Up Ship; Will Try For 50,000 Feet

CHICAGO, (AP)—Wiley Post blew up his insulated air suit and tuned up the Winnie Mae Friday preparatory to a flight he hopes will set a new world's airplane altitude record.

Post, the chunky, one-eyed pilot who set a solo speed record around the world last year, said he would take off tomorrow at Curtiss-Reynolds airport if all his complicated equipment is ready to withstand the rigors of the climate at 50,000 feet, a mark he hopes to attain.

In the Winnie Mae, veteran of two round the world flights, Post hopes to better the world's record of 47,500 feet held by Renato Donati, Italian World War ace. The flight also will be a test of equipment to be used in the London to Melbourne race next October.

A flexible rubber lined suit with a helmet like that of a deep sea diver is a major part of Post's equipment.

"Ground level internal air pressure within the suit can be maintained even at great heights," Post explained today as he tested the suit which becomes inflated as pressure grows lighter.

A special propeller, designed to take "big bites" of the rarified air, will enable him to keep the Winnie Mae at the high speed physicalists have told him is necessary in the stratosphere, Post said.

"If all equipment is in readiness and conditions are favorable, the flight may start tomorrow," Post said.

Tigers Beat Indians, 6-1

Detroit Team Continues To Win American League; Gomez Wins

CLEVELAND, (AP)—The Tigers stubbornly refused to be downed Thursday and, after tottering on the edge of defeat for six innings, slammed their way back to beat the Indians, 6-1, in the series opener and maintain their five-game lead over the Yankees.

The Tigers not only conquered Monte Pearson, the Indians' mound ace, but did it without using any of

A CURB ON GREED

The regulations laid down by the new Federal Securities and Exchange Commission contain rules designed to check speculation by corporation officials who like to take little flyers in the securities of their own companies.

Need of such rule was abundantly shown by disclosures made before the senate's famous stock markets committee.

Case after case was cited in which corporation officials got more interested in making a stock market killing than in conducting the affairs of their corporation in the interests of its stockholders.

This not only led to a wholesale milking of suckers in Wall Street, but too often it subordinated the rights of the speculating official to the investor's direct financial loss.

If the commission is able to curb such activities, business as a whole will be in much better shape.

Mrs. R. L. Weatherford Honored By Club Members With Farewell Party

Mrs. R. L. Weatherford was delightfully surprised by members of her bridge club Thursday afternoon when they presented her with handkerchiefs and other gifts in a farewell shower.

Mrs. Vernon Logan was hostess for the afternoon and played in the absence of Mrs. Clyde Ansel. After the refreshment plate was passed, the gifts were presented as usual. Mrs. Mathews was presented with a double deck of cards for making high score. Mrs. Maves with a scorepad for guest prize, and Mrs. Smith with a bridge set for lucky cut.

Mrs. Weatherford had made the lowest score of the afternoon. When the hostess brought in her prize it was a collection of gifts brought by the members and the prizes of the afternoon all of which were awarded the honoree.

Beside Mrs. Jack Maves, guest, members playing were: Mrs. Weatherford, Joe Clark, J. A. Boie, Florence Reagan, Wayne Mathews, and E. T. Smith.

Mrs. Larson Lloyd will be the next hostess.

Word from Coulter Richardson and Lloyd Wasson, who went to Oaxaca City, Mexico, June 27, to accept employment with a mining engineering concern, report that they are getting along fine in their new work. They expect to finish with their work there next month, and expect to return to Big Spring by October 1.

Philathea Class Has Social And Business Meeting At Church

Members of the Philathea Sunday School Class of the First Methodist Sunday school held their September social meeting a week early and met this week.

Mrs. McMillan, class president, presided over the business session. At the social hour a covered dish luncheon was served.

Attending were: Meses. Hayes Stripling, E. L. Lawrinore, H. E. Crocker, Clyde Wain, J. Lee T. Popejoy, W. T. Roberts, C. C. Carter, O. M. Waters, R. L. Baber, R. D. McMillan, C. F. Lockridge, H. W. Howie.

Rev. and Mrs. C. A. Bickley had luncheon with the class.

Mrs. J. L. Coleman Not Present To Get \$245 Bank Night Prize

Mrs. J. L. Coleman was winner of the \$245 bank night award at the Ritz theatre Thursday night, but she was not present to claim the money, and that amount will again be carried over until next Thursday night when another name will be drawn. Mrs. O. J. Welch of Big Spring was winner of an extra award of \$35 given as an entrance prize by the Ritz management.

Children Celebrate Birthdays Together

Lola Frances Meakim and Calvin Ray Popejoy were honored Thursday by a joint birthday party.

Games were played, after which delicious refreshments of punch and cake were served. The guests were: Mary Ellen and Betty Farrar, Norma, Wanda Lee, and Jack Dyer, Betty June Barnes, Betty Mae Laysath, Gertrude Winn, Norma, Patsy and Claudine Hasley, Lola Mae and Juanita Miller, Clarence Yates, Jean Johnson.

Sam Ashburn of the San Angelo Standard-Times was here on business Thursday afternoon.

The Emory Duff Twins

Ike and Mike Who Will Be 8 Months Old Saturday.

Presenting Ike and Mike Duff—two regular boys!

Their real names are James Walter and John Arthur. "Just nice plain boys" names so they will be ordinary boys when they get big," said their mother, Mrs. Emory Duff.

Ike is the one with the curl, which isn't a curl, but a cowlick; Mike's face is rounder and fatter than Ike's. At times Ike has weighed two or three ounces more, the extra fat being apparently in his cheeks. This little difference gives Ike the appearance of being much heavier, but on the scales Thursday he weighed the same as Ike—18 pounds.

They are identical twins and resemble each other so much that strangers can see no difference. Tomorrow they celebrate their eight months birthday—which is an easy date to remember and check up for they were born on New Year's Day.

Two big husky boys are too much for one little woman to lug around, so Mrs. Duff keeps them on display at home. They are the proud possession not only of their parents, but of their seven-year-old sister, Lula Beth. To youngsters in the neighborhood they are a great curiosity.

"Two babies!" gapes little Ross Nell Parks, aged two, whenever she sees them. Two at one time is such a generous amount that it almost is past her comprehension; she often talks to her mother about it.

Services Churches Topics

FIRST CHRISTIAN
Bible School 9:45 a. m. G. L. Wilke, Supt.
Preaching Services 11:00 a. m. and 8:15 p. m.

The sermon subject for the morning hour will be "The Neglected Garden" or "the value of earnest labor."

At the evening hour the subject will be "The Unseen Hand." If almost is past her comprehension; she often talks to her mother about it.

As for the babies themselves, they are chiefly occupied now in getting acquainted with each other. They are very polite twins. Ong listens while the other jabbars, then takes his turn. Whatever they are saying Mrs. Duff has no idea, but there is always an understanding, appreciative look on the face of the listener.

one interested in a knowledge of the cause of present world conditions; the origin and purposes of the depression, etc. he will want to hear this message. Some startling disclosures will be made.

FUNDAMENTALIST BAPTIST
Bible School at 8:45. Lesson for the morning, "5th Chapter of Romans."
Preaching at eleven. Sermon topic, "Jehovah, Shalom." Regular monthly communion following the preaching hour.
At eight o'clock baptismal service, followed by an evangelistic sermon by Pastor Burnside.

FIRST BAPTIST
Sunday School 9:45. Geo. Gentry, superintendent.
Preaching at 11 a. m. by the pastor, Rev. R. E. Day.
Morning subject: "All Of One Accord."
B.T.S. meets at 7 p. m. Evening preaching service at 8 o'clock. Subject of the evening, "What It Costs Not To Be a Christian."
Note the time of evening service changed to 8 o'clock.

EAST FOURTH BAPTIST
Sunday School, 9:45; Preaching at 11 a. m. and 8:15 p. m. B.T.S. 8:15 p. m.
Pastor Woodie W. Smith will fill pulpit at both hours Sunday.
Morning message: "The Uplifted Christ."
Evening sermon: "The Miracles of Jesus."
Our goal for Sunday School Sunday is 275.

Come to the friendly church just across from City Hall.
Mr. Cool Wood will direct a choir of forty singers at all services, with Mrs. Woodie Smith at the piano.

MOSCOW STARTS CLEAN UP
MOSCOW (UPI)—Moscow, which never enjoyed the reputation of being a particularly clean city, is trying to atone for its past untidiness. Under the direction of the Moscow Soviet, 100 cleaning machines and 12,000 street-sweepers are now being employed, while many houses are being painted.

Personally Speaking

T. E. Baker and family have returned from a few days visit in Greenville. Mr. Baker reports that dry weather still prevails in that area.

Mrs. R. A. Eubank left Friday on noon train for Nashvle, Ark., called there by the illness of her mother. She expects to be gone a month.

Mr. and Mrs. Joe B. Leonard, who have visited in the Nat Shick home often, are now making their home in Midland where Mr. Leonard is connected with the Tidewater Oil Co. Mrs. Leonard is a sister of Mr. Shick. The Leonards formerly resided in Eastland and in Palestine.

Mrs. Roger McGregor of Beaumont, visited her aunt, Mrs. V. Van Gieson Thursday.

Mr. and Mrs. O. T. Arnold and daughters, Ruth and Evelyn, and Mr. W. H. Johnson returned Thursday from Ruidoso where they saw the football team in action. They say the boys are doing fine and that the prospects for a good football year are very encouraging.

Miss Marie Wilson left Tuesday for Wichita Falls for a two weeks visit with her uncle and family.

Joe John Gilmer, a graduate of the 1933 high school class, came in Thursday night from San Angelo, where he has been attending the San Angelo Business college to visit in the home of J. J. Green for the week-end.

The members of the First Christian Choir plan to go to Colorado this evening to render special music for the revival services in the Christian church of that city.

Mrs. Frances Youngblood has

written Mrs. W. D. Cornelson that she expects to complete her studies in Dallas and return to Big Spring on September 25th to resume her classes in expression.

Mrs. J. F. George of the Crawford Beauty Shop, who has been in Cloudercroft for a vacation, is now in Dallas taking special work. She is being instructed in the use of the Zotos machineless permanent wave, which the Crawford Shop is preparing to offer its customers.

Elmer Richardson of Rankin underwent an operation for appendicitis at Big Spring hospital. His sister, Mrs. C. P. Smith of Dallas is here to see with him.

NEW YORK STORE CANCELS DEBTS TOTALING \$176,438
NEW YORK, (AP)—The Hearn department store announced in newspaper advertisements Friday it had cancelled customers' debts aggregating \$176,438.88.

ANNOUNCEMENT
Members of the O.E.S. and their families plan to put on a picnic this evening at the City Park at 7 o'clock. The occasion is in honor of the founder of the order.

Quebec Studies Menus
QUEBEC, Canada, (AP)—Typical Quebec menus designed to offer tourists the fish and game native to the French Canadian province and at the same time which each morsel is in it toothsome are the subject of study being made by hotel-keepers of the province, acting upon the suggestion of Hon. J. E. Perrault, president of the Province of Quebec Tourist Council. Patterned their objective after the zestful menus of France and Switzerland which abound in rare concoctions of native fish and game, the Quebec hosts seek to advise their chefs how to accomplish this end while, at the same time, observing the provincial laws for the preservation of wild life.

New Laxative Does 6 Things

Doctors know a good laxative should have the six features which Paro-Laxative the delicious chewing gum-laxative possesses:

1. Delicious, so you will not get sick.
2. Thorough, never causes action.
3. No nausea to upset diet or appetite.
4. Gradual placement of laxative in intestine. Doctors regularly prescribe the laxative ingredients in Paro-Laxative. Delay is dangerous as may safety get back on schedule and stay there. *Chew Paro-Laxative.*

Seeks Rainy Seat

William M. Hargrove (above) of Jacksonville, Ill., has announced his candidacy for the democratic nomination for congress from the district that was represented by the late speaker, Henry T. Rainey. (Associated Press Photo)

12 5-inch squares baked ham, 1-2 cup diced celery, 1-4 cup diced cucumber, 1 tsp. horseradish, 1-4 tsp. pepper, 1-8 tsp. salt, 2 tbsp. salad dressing.

Have ham cut very thin. Spread with rest of ingredients. Roll up cornucopia fashion and fasten with tooth picks. Chill.

Dried beef may be used in place of ham.

Sauce Mixture 3 tbsp. butter, 3 tbsp. flour, 2 1/2 cups milk, 1-4 tsp. salt, 1-4 tsp. paprika.

Melt butter and add flour. When blended add milk and cook until creamy sauce forms. Stir constantly. Add seasonings and strained potato mixture. Cook 1 minute and serve in bowls.

SUNDAY DINNER MENU

- Serving Six
- Chilled Watermelon Cubes
- Roast Beef and Dressed Sweet Potatoes
- Escalloped Onions
- Bread
- Currant Jam
- Cucumber Relish
- Gelatin Mold
- Chocolate Cake
- Coffee

Roast Beef and Dressed Potatoes 5 pound rib roast, 2 tbsp. flour, 1-2 tsp. salt, 1-4 tsp. paprika, 1-2 cup water, 6 peeled potatoes.

Fit roast into roasting pan. Sprinkle with flour. Bake 20 minutes in uncovered pan in hot oven. Add half salt, paprika and water. Cover, lower fire and roast 1 1/2 hours in moderate oven. Baste frequently. Add potatoes, sprinkle them with remaining salt and roast 20 minutes. Turn potatoes.

Cucumber Relish Gelatin Mold 1 pkg. lemon flavored gelatin mixture, 1 3/4 cups boiling water, 2 tbsp. vinegar, 1 tsp. Imperial sugar, 1-4 tsp. salt, 1-4 tsp. paprika, 2-3 cup diced cucumbers, 1-3 cup chopped pickles, 1-4 cup chopped celery.

Pour water over gelatin mixture and stir until dissolved. Add vinegar sugar and salt. Cool and allow to thicken a little. Add rest of ingredients and pour into shallow mold. Chill until stiff. Cut in squares, serve on lettuce and top with dressing.

Chocolate Cake 1-2 cup fat, 1-2 cups Imperial sugar, 2 eggs, 1 cup sour milk, 2 squares chocolate melted, 2 tsp. vanilla, 1-8 tsp. salt, 2 1/2 cups flour, 1 tsp. soda.

Cream fat and sugar. Add rest of ingredients. Beat 2 minutes. Bake 20 minutes in layer cake pans in moderate oven.

Mocha Creamy Frosting 3 tbsp. butter, 4 tbsp. hot coffee, 1 tsp. vanilla, 1-8 tsp. salt, 2 cups Imperial confectioners' sugar. Mix ingredients. Beat well. Let stand 5 minutes. Beat until creamy and frost cake.

MEALS FOR THREE

- Breakfast
- Orange Juice
- Creole Omelet
- Buttered Toast
- Coffee
- Luncheon
- Apple Salad
- Bread
- Butter
- Chilled Cantaloupe
- Tea
- Dinner
- Broiled Veal Chops
- Mashed Potatoes
- Buttered Cauliflower
- Bread
- Butter
- Head Lettuce
- Raisin Cookies
- Coffee

Creole Omelet 3 egg yolks, 3 tbsp. cold water, 1-4 tsp. salt, 1-4 tsp. paprika, 2 tbsp. chopped green peppers, 2 tbsp. chopped celery, 1 tbsp. chopped onion, 1 tsp. chopped parsley, 3 egg whites beaten, 2 tbsp. butter.

Mix yolks, water and seasonings. Beat 2 minutes. Fold in whites. Heat butter in frying pan. Add omelet and cook slowly until omelet has become well puffed on top and browned on under side. With aid of fork and spatula carefully

From the outset of the 1934 campaign Terry and his men frankly rated the Cardinals their main menace, not only because of the celebrated Deans, but because of the driving power in the St. Louis lineup from top to bottom. Any time the Giants broke even with the Cardinals in a series Terry appeared completely satisfied. The Dean brothers meanwhile came the nearest to getting Terry's "goat" of any factor in the game, so it was not difficult to explain the enjoyment in the Giant camp when they whipped Dizzy's "little brother" at Sportsman's Park.

HUBBELL WAS EASY— For one thing, this year Frank Frisch's troupe of hard-hitting lads showed less respect for either of Terry's ace pitchers, Hubbell and Schumacher, than any other club in the league. Hubbell has beaten St. Louis only once all season and he has been unmercifully shellacked by the Cardinals on several occasions, including the last two in which he worked against them.

The screw-ball artist was pounded for seven hits and seven runs the last time he started against the Cards at the Polo Grounds, opposing Paul Dean. In his next start, at St. Louis, Hubb had trailing 0-3 and lucky to have yielded no more scoring when he was retired from action for the afternoon. This is one of the circumstances that leads the critics to question Hubbell's greatness as a consistent performer, and the suspicion that perhaps, after all the Oklahoman's peculiar style of delivery is wearing down his own resistance.

On the other hand Hubbell has come through too many times in the past few years, under the hottest kind of fire, to doubt that he ranks among the great fingers of modern baseball. Not even the immortal Mathewson could escape the bitterness of defeat on numerous occasions when a pennant or world championship hung in the balance.

CONFUSION ENDED ON BRAN

New Ruling Makes Labels Accurate

To protect the buying public, the United States Food and Drug Administration has advised that every package of cereal labeled "Bran" state on the label exactly what it contains.

Before this ruling, even part-bran products were sometimes mistakenly referred to as "Bran." It was not easy for the purchaser to distinguish between a cereal that was entirely bran, or all bran with flavoring, and another that was mostly wheat.

Kellogg's ALL-BRAN is labeled "ALL-BRAN Deliciously Flavored with Malt, Sugar and Salt," a statement which describes the product fairly and honestly.

Kellogg's ALL-BRAN has won millions of friends because it corrects most types of common constipation safely and pleasantly. It furnishes generous "bulk"—needed to promote normal elimination.

However, ALL-BRAN is not a "cure-all." Certain types of intestinal disorders should be treated only on a physician's advice.

When you buy a bran cereal, for the relief of constipation, read the wording on the package. The facts are there! Make sure by asking for Kellogg's ALL-BRAN. It furnishes "bulk" in a form for satisfactory results.

At all grocers. In the red and green package. Made by Kellogg in Battle Creek.

SPORT SLANTS

By ALAN GOULD

If all goes well during the long September home - stay of the world champion Giants, they will look back with rare satisfaction on a day in late August when they finally pinned back the ears of the younger of the brothers Dean, there by breaking a season-long jinx and gaining at the same time the biggest margin of leadership they had enjoyed up to that stage of the National league pennant fight. It's a spot to mark with a big "X."

Neither Carl Hubbell nor Hal Schumacher, the two chief sufferers-from-indigestion at the hands of the Deans, received credit for New York's first victory over either of the pitching brothers. This honor went to the Cuban veteran, Dolph Luque, one of four relief pitchers tossed into the game by Manager Bill Terry in a battle that was climaxed by Joe Moore's ninth inning home run.

But the psychological effect upon the entire Giant team, the experts noted, was much like the reaction of a bunch of college football players experiencing the thrill of having victory snatched from defeat with a last-minute touchdown play.

You don't have to be an Economist to realize what you gain by buying

Let Your Refrigerator Make Your World Safe From Emergencies

Whether your refrigerator runs by motor or whether you are accustomed to relying on the ice man's "any ice today, lady?" you'll find that it's more than a piece of furniture—it's a friend. It will not only rescue the perishable, and make your world safe for emergencies, but it will actually perform some of your work for you!

Just as you would repay any friend in kindness, follow the golden rule for your refrigerator. If it is run with ice, keep it well-filled; don't let the ice supply get too low and never cover it with a cloth or paper. Be sure your ice-box is well insulated, well-drained and has air circulation. If it is an automatic refrigerator, keep it at an average temperature, neither too low nor too high. And be sure to give it a frequent cleaning out and when you defrost give it a bath with warm water in which a little baking soda has been dissolved.

don't belong there. Dates, for instance, should never be kept in the refrigerator but in their clean little boxes; bananas, also a tropical fruit, should be left to ripen at room temperature. Keep vegetables in covered dishes and wrap in parchment paper any bits of foods—such as melon or onion halves—you wish to keep. Keep liquids covered to prevent spilling; of course some liquids, such as mayonnaise which comes in its own handy can, do not need refrigeration.

How to Use Refrigerator
Above all, use your refrigerator. Let it keep a batch of ice-box cookies on hand; a jar of frosting, sauce or mayonnaise ready for emergencies; let it keep salad-making cold, and pre-cooked dishes fresh; and let it make some of these delightful cold salads and desserts that look so pretty and taste so good!

Belon-Zero Salad
1 pkg. cream cheese, 1 1/2 cup mayonnaise, 1/2 cup pasteurized dates, chopped, 1/2 cup crushed pineapple, 1-5 tsp. salt, 2 tps. lemon juice, 1-2 cup cream, whipped.

Mash the cheese with wooden spoon; stir in the mayonnaise; mix until smooth, then add dates, pineapple, salt and lemon juice. Fold in whipped cream. Freeze in trays of mechanical refrigerator or in ice and salt for about 4 hours. Serve on lettuce with cream mayonnaise.

Pineapple Mousse
2-4 cup evaporated milk, 1 can crushed pineapple, 2 tps. Imperial sugar, 1-4 cup dark karo, 1 tsp. lemon juice.

Heat milk in double boiler and chill quickly, in bowl surrounded by chilled ice and salt. Drain pineapple and add sugar and karo, stirring thoroughly. Place in refrigerator to chill. Whip milk until

MAYOR HELPS PAY TEACHERS

The pleasant task of distributing checks in full to Chicago's long unpaid 14,000 school teachers was taken over by Mayor Edward J. Kelly, shown here handing out the first two written on the loan of \$26,000,000 made to the school board by the Reconstruction Finance Corporation. Left to right: Mayor Kelly, H. A. Kincaid and Kathryn Erlenberg, teachers. (Associated Press Photo)

stiff, add lemon juice and continue whipping until very stiff. Add pineapple mixture to whipped milk, folding in carefully. Turn into cold freezing pan and place in refrigerator immediately or pack in salt and ice, and freeze 4 to 5 hours.

Frozen Banana Salad
1 tps. lemon juice, 1 tsp. salt, 2 tps. mayonnaise, 2 3-oz. pkgs. cream cheese, 2 tps. crushed pineapple, 1/2 cup cherries, 1/2 cup walnut meats, 1 cup cream whipped, 3 ripe bananas cubed, lettuce.

Add lemon juice and salt to mayonnaise and stir into cheese. Mix with pineapple, cut cherries, nuts (chopped), and fold in cream. Last, add the bananas cut in cubes. Turn into trays in automatic refrigerator or pack in a mold in ice and salt and freeze about 3 hours. Serve with lettuce as combination salad and dessert.

Arabian Roll
1 cup heavy cream, 1-2 lb. marshmallows, 1 cup pasteurized dates sliced, 3 bananas, diced, 1-4 lb. walnuts, 8 graham crackers, rolled.

Whip cream, fold in finely cut marshmallows, dates, bananas and walnuts. Shape mixture into roll 3 inches thick. Roll crumbs which

have been spread on waxed paper; chill in refrigerator 3 to 4 hours; slice about 1 inch thick. Top with whipped cream and cherry.

Refrigerator Frosting
(Stir in Refrigerator)
2 1/2 cups Imperial sugar, 1-2 cup karo (white), 1/2 cup water, 2 egg whites, 1 tsp. vanilla.
Cook sugar, karo and water to 242 F, or until syrup forms a firm ball when tested in cold water. Pour slowly over the beaten egg whites, beating constantly until it will hold its shape. Add flavoring and put into jar.

Bolinger Buys Interest In Local Grocery

Former Wooten Sales Manager Buys Interest In Bugg & Stamps

O. R. Bolinger, for sixteen years with the Wooten Grocery company in Abilene and Big Spring in various capacities from warehouse manager to assistant sales manager has resigned his position with this firm, and entered the grocery business in Big Spring. Mr. Bolinger, with A. H. and L. L. Bugg, has purchased the interest of W. H. Stamps in the Bugg & Stamps Grocery at 300 North Gregg, and will be active manager of the business. Mr. Bolinger cordially invites the public to visit the new store, to be known as Bugg & Bolinger Grocery & Market.

Mr. Stamps has gone to Abilene, where he has bought an interest in a grocery store there.

Ferguson Forum May Be Suspended

AUSTIN—After more than 17 years of publication the Ferguson Forum, weekly edited by former Governor James E. Ferguson, may be discontinued.

In Thursday's issue he wrote: "On account of the hard times our regular subscription list has been materially reduced to where the revenues are not sufficient to publish the paper. I have made arrangements though to continue the paper for a few weeks yet and give the people an opportunity to say by their subscription lists whether they want the Forum to continue or not."

The public library at Beaufort, S. C., recently came into possession of an old French map of the South Carolina coast in colonial times.

French Make Canadian Movie
QUEBEC, Canada (UP)—Quebec's beloved French Canadian classic, Louis Hemon's story of "Marie Chappelaine", is being filmed here this summer in the actual locale of the story by a complete cast of 18 French artists, including

Madeleine Renaud, blonde star of the Comedie Francaise, under the direction of Director Julien Duvivier, who brought the company from France. Most of the scenes are being filmed in the Late St. John district and at the Jacques Cartier Camp north of Quebec

Grandchildren Of President Are Threatened

YORK, (UP)—Benjamin Varr, 23, of Charleston, S. C., under arrest Friday night, with threatening to kidnap the "Buzze" Dell, grand-grandchildren of President Roosevelt, received \$168,000. Varr, a former naval officer and wealthy family, was making a threatening statement to Franklin D. Roosevelt about 10 days ago. If Mrs. Roosevelt's out instructions to the president, "The Order of

CHAPTER THREE THE WAY OUT

"Oh, hey, Harvey!" called Van Reuter. "Look here a minute, will you?"

Bowers crossed the deck to Van Reuter and was introduced to the m. m.

"McLeod," the doctor said, "Mr. Bowers. And he added, "Bowers is something of an expert with animals, and perhaps he can help you out. I know that a passage to Singapore is what he is after."

beasties are for Singapore; but there's none on this ship who has the skill to feed them and administer to their wants. You are said to be very skilful in the killing of big game, Mr. Bowers. Do you know how to doctor them and how to feed them?"

"Not in the least," said Bowers frankly. "But I have certain qualifications. I've got to get to Singapore. I would be glad to help you and I am not afraid. If you'll tell me what has to be done and when, I'll write it all down and do the very best I know to follow instructions."

"Have you your notebook handy?" asked McLeod.

Bowers took the opportunity to summon the stretcher-bearer from the launch.

"Please don't misunderstand me," said Bowers, who was preparing to take notes. "I am only taking this job on condition that I can find a first-class assistant. You say that there is no one on the ship?"

"Not a man with an idea in his head," said McLeod, "or a heart in his breast."

At this moment Van Reuter returned. He was followed by two magnificent Malays in white sarongs, who carried a stretcher.

"You will hold the ship for Bowers," ordered McLeod.

"Not Harvey Bowers?" said McLeod.

"That's my name," said Bowers. McLeod, who by now was feeling the effects of the morphine, turned a whimsical face to the doctor.

"It is well known," he said, "that Mr. Bowers is a great expert when it comes to laying low the birds of a air, and the beasts of the field. It has any skill in the art of keeping the wild creatures alive and happy?"

"I am for the hospital, Mr. Bowers," he went on; "and these poor

"Doctor," said Bowers, "do you know any man in Sinboas who is a first-class hand with animals?"

Van Reuter chuckled. "Not unless you are the man," he said, "and the animals are women."

"That's a nice reputation to give me," said Bowers; but he was not altogether displeased. "Think hard. There must be someone. These islands and the whole of Malaysia are full of people who understand animals."

"Now wait a minute," said Van Reuter. "Last night I heard some gossip. I didn't give much heed. It seems that in the outskirts of the town there is one of those little Malay circuses. There are sure to be trick animals and a trainer."

"Aye," said McLeod; "but the cost would be prohibitive. I would have to buy the man's animals and pay through the nose for his services."

"If you would let me finish," said Van Reuter, "I would have told you I got the impression that the impresario, what you call the manager of the circus, had eloped with the cash-box and left the performers on the rocks."

Bowers interrupted. "Your place

1-MINUTE SAFETY TALKS

By Don Herold

Automobile Accident Week

Here is a dandy new plan for automobile accidents:

Instead of scattering our automobile accidents throughout the year, I propose that we save them all up and have them all in one week to be known as "Accident Week."

Just think what a headline this would make: "30,000 KILLED AND \$50,000 INJURED LAST WEEK IN AUTO ACCIDENTS."

What a slaughter that would be! Everybody in the nation would then rise up and demand that something be done to avoid a repetition of "Accident Week" next year. When a boat goes down in one of our rivers and drowns a mere 1,000 people (the General Slocum) or when a theatre burns and kills only

600 (the Iroquois), the papers are full of immense headlines, investigations are instigated, new laws are passed, and the event is remembered for 50 years.

But we kill 30,000 a year and injure 850,000 with automobiles, according to statistics of The Travelers Insurance Company, and nobody seems to mind much.

That's because the accidents are thinned out over the year and scattered in different localities. They constitute a gigantic catastrophe, but we get it on the installment plan, and anything we do to prevent it is considered "bother us much."

I'll bet if my plan of having all our auto smashups in one week were adopted, somebody would sit up and take notice and DO SOMETHING.

His eyes, lazy with morphine, roved until they were focused on the placid face of Wong Bo. By eye and by ear, Wong Bo had been a witness of all that had passed. So also had Flint. Both knew that Harvey Bowers was being wished on them as a passenger. Both regretted it. But neither was in a position to voice an objection.

"Wong Bo!" said McLeod.

The Chinaman drew nearer and received his orders.

"You will hold the ship," said McLeod, "until Mr. Bowers comes aboard with his animal trainer. You will then proceed to Singapore, you

will treat Mr. Bowers as my representative."

Wong Bo looked Bowers coolly over and fanned himself. Then he nodded his head.

"To Singapore," he said. "Very good. With permission I shall burn your sticks for early recovery."

With the utmost gentleness Van Reuter and the two Malays slid McLeod from the mattress to the stretcher. Flint came forward and shook hands with McLeod.

"Wish you good luck, sir," he said; "and who knows? Maybe some day you'll think all this is for the best."

With infinite precaution, McLeod was transferred from the Boldero to the doctor's launch and from the customs-wharf to the hospital. He was not in any pain, but it was feared that any jolt might burst his appendix and most grievously complicate his disorder and jeopardize his chances of recovery. During the whole of the transfer, Harvey Bowers' notebook in hand, took down a whole gospel of the care of animals on the high seas.

Sinboa boasted of three or four taxicabs which had first seen the light of day in the far city of Detroit. They were very old and asthmatic, but swifter than rickshaws or bullock-carts. Bowers chartered one of these and had himself driven to the open field in which the career of the Mataasori Circus had come to an untimely end. The field lay between the last straggling houses of Sinboa and the dark mysterious Malaysian jungle. Some of the disclosed tents had been struck.

to pay back \$100. The \$5 difference represents carrying charges and interest. That is exactly the way it works out. If the loan were for one year on a lump sum repayment, the \$95 would represent 5 per cent. Monthly installments, however, are made over a three-year period under the F.H.A. plan. Statistical demons, who count in the fact the bank is getting progressive use of your installment repayments, etc., can prove the \$5 you didn't get will represent 9.72 per cent interest at the end of those three years.

Nevertheless, Deane patiently sets forth, you get \$95 in a lump sum along with the signing of your name and at the end of three years you have paid back exactly \$100, no more, no less.

F.H.A. could have compared this home modernization carrying charge with the rates all of us pay when Uncle Sam isn't around with his underwriting pen. It was decided not to. Institutions doing a perfectly legitimate business under federal and state laws might take offense.

Applying the same method of interest calculation—the lowest total private financing rate is 10.5 per cent. The average on installment buying, believe it or not, is 15 per cent.

The interest rate of one of the best-known national bank concerns dealing in three-signature notes can be analyzed to an ultimate 17 per cent. Others run higher—but when it starts from scratch the figure is given is 6, 7 or 8 per cent, you have to be good at figures to

Taxpayers To Get New Option Plan For Paying Taxes

Tax payers of Big Spring are to be given benefit of a new optional plan.

The new plan, explained in detail below in a letter by City Manager E. V. Spence to the city commission, will allow persons with tax obligations exceeding \$10 to pay in four quarterly installments.

In order to take advantage of the new quarterly payment plan, first installment must be paid on or before October 31, 1934, or there is no alternative except to pay in a lump sum on or before January 31, 1935.

First of the semi-annual payments must be made by October 31 this year or the lump sum payment is the only other way. This change is being made to avoid unnecessary accounting.

Spence's letter to the commission, which accepted his recommendation Tuesday, follows:

Big Spring, Texas, August 25, 1934. Hon. Mayor and City Commission, City of Big Spring, Big Spring, Texas. Gentlemen: The Board of Equalization has completed its work and the tax roll is being prepared and will be submitted for your approval in due time. Last year it was optional with the taxpayer to either pay his ad valorem taxes in one annual payment or semi-annual payments. Under the annual payment plan the taxes are due October 1st and if not paid in full by January 31 become delinquent and a 10% penalty is added and 6% interest charged until paid. Under the semi-annual payment plan, one half must be paid by November 30 and the second half by June 30 to avoid the penalty of 10% and 6% interest until paid.

The above method of payment has been of help to the tax payers and with a view of extending further help I wish to submit for your consideration and approval the following optional plans for the payment of taxes effective October 1, 1934.

OPTIONAL PLANS

First Plan: This plan to be the annual payment plan, which is the same as the one now in effect. Under this plan the total tax may be paid at one time, which will be due on October 1st, 1934 and payable on or before January 31, 1935 and will bear the usual penalties of 10% and 6% interest and cost if not paid by January 31, 1935.

Second Plan: Under the second plan the taxes (amounting to \$10.00 or over) may be paid in four equal payments as follows:

- 1st quarter due on October 1, 1934 and payable on or before October 31, 1934. 2nd quarter payment due on or before January 31, 1935. 3rd quarter payment due on or before April 30, 1935. 4th quarter and final payment due on or before July 31, 1935.

If the first quarter payment is not paid by October 31, 1934, the full amount of the tax automatically becomes due on January 31, 1935 and will become delinquent after that date and will carry the penalties and interest as provided in Plan One.

To be able to protect the City's credit and meet its obligations as they come due, as it has done in the past, it is very necessary that taxes be collected, and to accomplish this it is also very necessary that the taxpayer, who is a party to this transaction, be given every consideration in the way of easy payments.

Under the present plan of tax collections, the taxpayer with ready cash finds no trouble in paying his full amount of taxes by January 31. It is the public spirited citizen, but the taxpayer that needs help is the one with a small monthly income who is willing to do his part as a good citizen, if he were only given an opportunity. Under the plan which is now in effect, the taxpayer with a small monthly income very often can not meet the half payment on November 30 or the full payment on January 31, and to make matters worse he is not helped to do so. These obligations have to be paid in a lump sum, an additional 10% and has to pay 6% interest, until paid, and cost.

With the view of helping the taxpayer with limited monthly income the second plan of payment is especially recommended. I know of no other city operating under the quarter payment plan, but I firmly believe that if this plan is put into effect the results will be of mutual benefit; in that the City's delinquent taxes will be less and the taxpayer with a small income will derive a great benefit which is justly his. In other words, help the taxpayer that needs help and not penalize him, and under this second plan all will be treated alike without discrimination.

Believe the citizens of Big Spring will take more interest in their City Government and the payment of their taxes as this plan especially helps the taxpayer with limited resources who has under the old plan been overlooked in this connection in the past.

Unfortunately, some cities can not operate under this suggested new plan in as much as they operate on borrowed money and the taxes are spent before they are collected, but fortunately the financial condition of the City of Big Spring will permit the adoption of plans one and two without any difficulties, and I assure you if adopted all obligations can be met when due and the City operated on a cash basis without having to borrow any money to accomplish same and without having to increase the tax rate or valuations.

The adoption of the new plan will require more clerical work and some additional expense in the Tax Department but when compared with the good the taxpayer will derive in not having to pay 10% penalty, cost, and 6% interest, the extra office work and expense is negligible.

I attach hereto schedule showing the approximate estimate of collection under the quarter payment plan and also the amounts that will become due during that period. You will note that the City will have available to start with an amount of \$19,300 and from inspection you can see that on a basis of 65% collection, without considering the payment of any delinquent taxes, that the plan is feasible. To meet any argument to the effect that the collection of taxes may not amount to 65% I wish to call your attention that all shortage can be taken care of out of the City's special General Fund Investment Fund which is set up for emergencies of this nature.

I earnestly request that you study this recommended change from all angles and be prepared to give your final decision on the next regular meeting of the City Commission on August 28 as this information is needed in compiling the tax roll.

Respectfully submitted, E. V. SPENCE, City Manager.

INTEREST & SINKING FUND REQUIREMENTS & ESTIMATED REVENUES SEPT. 1st, 1934 TO OCTOBER 1st, 1935

Table with columns: Month, Required To Meet Int. & Prin. On Bonds & Warrants, Estimated Tax Collections, From Bonds Owned By Int. Cash, Total. Rows include September, October, November, December, January, February, March, April, May, June, July, August, September.

First quarter payment due on or before October 31, 1934. Second quarter payment due on or before January 31, 1935. Third quarter payment due on or before April 30, 1935. Fourth quarter payment due on or before July 31, 1935. Total Valuation for 1934—\$5,670,366.00. (Estimated). 1934 Tax Rate—\$1.50 (Subject to approval of City Commission). Total Tax Levy—\$85,055.48. Estimated 65% collection—\$55,286.04. Amount due each quarter—\$13,821.51.

It will be noted from above schedule that the cash on hand in September, 1935, is estimated to be \$4,153.96 less than the amount on hand September 1st, 1934. In other words, the estimated tax collections and other revenues will be \$4,153.96 less than the amount actually required to meet interest and principal falling due during that period. However, the above estimate does not take into consideration any delinquent taxes which might be collected during that time.

answered is whether reelected members of Congress will not be a little harder to line up for White House legislation than they were last session. Politicians are quick to sniff rising public opposition to new proposals, and it sends them to cover.

Unless the voters endorse the New with unquestionable emphasis the temper of the new Congress will probably differ greatly from that of the last session, even if the New Deal majority is not seriously diminished.

This without regard to the fact that hand-picking of Democratic candidates is being done by experts. Jim Farley will have trouble managing some of the boys who'll wear his party label.

(Copyright McClure Newspaper Syndicate)

Engineer Inspects Scenic Mountain

R. O. Whitaker, chief engineer of the State Park Board, inspected the Scenic Mountain park Friday.

After viewing the local project, Whitaker expressed satisfaction with progress made by the CCC workers and camp staff. He lauded the type of work being done and forecasted much more development.

He left before noon Friday for the Cheves mountain park project at San Solomon springs, near the Davis mountain chain.

Giant land tortoises, now extinct, besides which the largest living tortoises are pygmies, once lived in India.

TWAS LONG WAY TO BERLIN BUT THEY GOT THERE

Back in 1917 and 1918 these American war veterans sang "It's a long way to Berlin, but we'll get there." They did in August of 1934. The picture shows Milwaukee American Legion band members arriving in Berlin as tourists and not as conquerors who paraded the streets and received an enthusiastic welcome. (Associated Press Photo)

MAGNOLIA PRODUCTS PROVED IN TRANSCONTINENTAL TEST

G. A. Perryman of Socony-Vacuum Oil Company, Inc., bidding on voyage to Harry Harts (left) who piloted the Airflow De Soto on its transcontinental run. Mobiloil and Mobilgas, refined by the Magnolia Petroleum Company, were used exclusively.

Using Mobiloil and Mobilgas exclusively, an Airflow De Soto has just crossed America, from New York to San Francisco at an entire cost of \$31.57 for gas and oil, according to data received from the technical staff of the Magnolia Petroleum Company, refiners and distributors of Mobiloil and Mobilgas.

No attempt was made to set any speed records, as the trip was purely an economy test, officially supervised and sanctioned by the American Automobile Association, to show how little it need cost the

average motorist to cross the country in a modern car, using modern gasoline and motor oil.

The test was followed with intense interest by Magnolia agents and dealers throughout the Southwestern States as it verified their statements regarding the economy of these world famous products.

An official economy mark of 21.412 miles per gallon of gasoline was set on the 3,019 mile trip and the Mobiloil was changed each thousand miles, no other additional oil being used. Harry Harts, fa-

mous racing driver who piloted the car, termed the transcontinental run a real test of Mobiloil and Mobilgas.

"Four days of travel over roads of all descriptions in altitudes ranging from sea level to 7,535 feet, in heat and in cold, showed us that Mobiloil and Mobilgas perform under any and all conditions," Mr. Harts said. "It is a comforting fact to know that these products are of uniform high quality right across America and will give perfect performance in any climate or altitude without even a minor carburetor adjustment."

Mobiloil and Mobilgas were purchased at Socony-Vacuum stations en route, and the trip was made in about the same time a train would have required for the journey. About 35 miles per hour actual driving time was made, in spite of headwinds, rain, sandstorms and other trials which proved the ability of Mobilgas and Mobiloil to maintain consistently satisfactory performance under any circumstances.

Residents of towns near Brady, Texas, reported appearance of numerous tarantulas, believed to be toward laws in search of moisture.

Police were secretive about Varn's arrest. They declined to say where he was apprehended, or where he was being held. The letter was in the hands of postal authorities and questions as to its entire contents were not answered.

Police Secretive About Varn's Arrest

TOLEDO, O. (UP)—Toledo has her quintuplets. The proud mother is Belle, haughty Honess at Walbridge Park Zoo. The five comprise the largest litters ever born at the zoo here. Plans to name the twins after the sisters Dionne are being considered by Curator Roy Conal.

CLEVELAND, O. (UP)—Merchants and residents along Superior Avenue, a principal traffic artery here, felt so jubilant when part of the street was re-paved that they decided to hold a celebration. Ten thousand people thronged to see a float parade they arranged.

Details of the contents of the letter were withheld by postal authorities, but it was learned Mrs. Roosevelt was told to await instructions before making contact to pay the money, which was to be in denominations of \$1, \$5, \$10, \$20 and \$50.

The message also included a New York telephone number which was traced to a mid-town Y. M. C. A. Police refused to say whether it was there that Varn was arrested. He was to be arraigned in federal court tomorrow.

Grandchildren Of President Are Threatened

NEW YORK. (UP)—Benjamin Franklin Varn, 33, of Charleston, S. C. was under arrest Friday night, charged with threatening to kidnap "Bessie" and "Bessie" Dall, grandchildren of President Roosevelt, unless he received \$100,000.

Varn, a former naval officer and member of a wealthy family, was accused of sending a threatening letter to Mrs. Franklin D. Roosevelt at Hyde Park about 10 days ago. The letter said that if Mrs. Roosevelt failed to carry out instructions harm would come to the president. It was signed by "The Order of Esquerra."

Threats also were made against the infant daughter of Betty Roosevelt, the president's new girl in Washington.

It's time to take down the screens

MOST of us hate to see Summer go. We miss the freedom that comes from being out-of-doors. We dread being bottled up in heated houses—wearing heavy clothes—fighting colds and all the impositions of Winter.

Since we have to live indoors, let's be gay and make indoors attractive. A new rug will brighten the living-room and the one it displaces can go upstairs to cheer up a bedroom. Some colored curtains will accentuate the pale winter sun. A new kitchen range or sink will take the gloom out of that much-used workshop. Some comfortable chairs will help you relax during the long evenings.

A little money will go a long way today in renovizing your home. Just watch the advertisements in this newspaper—there are amazing bargains in furniture, lamps, curtains, rugs and kitchen equipment. You're always more certain to get full value for your money when you buy products advertised by dependable merchants and manufacturers.

**Pipelineers Clinch
Forsan Softball
Loop Championship**

The Cooden Pipelineers clinched the Forsan lead in the Forsan Soft Ball league when they defeated the Continental Supply in a close game by the count of 7-5.

After Continental had forged in to the lead in the first inning, the Pipelineers returned with a five run rally in the fourth with what proved to be the winning runs.

Each team garnered eight hits but the Continental team went to pieces during the Pipelineers big fourth inning and a total of six mishaps were recorded against them.

Manager Ivey reported to The Herald he would forfeit his remaining two games in order to arrange for the playoff between his team and the Munny champions.

The Pipelineers, with a record of 19 wins and 3 setbacks during the regular league season, have won a total of 40 games in meetings with out of town teams while losing only six.

**90th DIVISION REUNION TO BE
HELD IN FT. WORTH NOV. 10-12**

From present indications the Annual 90th Division Reunion, to be held in Fort Worth, on Saturday, Sunday and Monday, November 10th, 11th and 12th, will be one of the most successful ever staged, according to Mr. Ed. C. Hands, General Chairman of the Local Committee. Reports being received from all sections of Texas and Oklahoma show an early large crowd of the old "T-O" Division will be present during the above dates.

The tentative program, as arranged so far, is as follows: Saturday, November 10th, 9 a. m. to 5 p. m., registration, 9 p. m. to 11 p. m., dance; Sunday, November 11, Memorial Service, noon Annual Division Luncheon, followed by business session, section of officers, etc.; Monday 12th, 10 a. m. Annual Parade, followed at 1 p. m. by a big barbecue. In addition to the above scheduled program, time has been allotted for the different organizations and individual reunions and get-togethers that may be arranged by the different companies, regiments, etc.

It is expected that every former 90th Division man in Fort Worth and Tarrant County will be a member of the different local committees and much interest is being manifested among all the veterans that have heard of the proposed reunion. Every effort is being made to reach all former members of the 90th Division and communications addressed to Mr. Ed. C. Hands, General Chairman, 90th Division Reunion, Post Office Box 1257, Fort Worth, Texas, will be furnished full particulars regarding the gathering which is expected to draw between 2500 and 3000 veterans. Officers of the 90th Division

A NEW WAY OF COOKING EGGS

Eggs A La King (Serving Three)

2 tbsps. butter, 4 tbsps. flour, 2 cups milk, 1 tbsps. chopped pimientos, 2 tbsps. chopped green peppers, 2 tbsps. chopped celery, 1-2 tsp. salt, 1-4 tsp. paprika, 3 hard cooked eggs sliced, 1 egg beaten.

Melt butter and add flour. Mix add milk and cook until creamy sauce forms. Stir constantly. Add seasonings and hard cooked eggs and cook 2 minutes. Add beaten egg, mix well and serve poured over hot, buttered toast.

Browned New Potatoes

4 tbsps. fat, 6 cooked new potatoes, 1-2 tsp. salt, 1-4 tsp. paprika.

Peel potatoes, cut in halves and brown well in fat which has been heated in frying pan. Sprinkle with salt and paprika and serve.

Meat, Party Style

1 pound veal steak, 1 pound pork steak, 8 mushrooms, 1-2 tsp. salt, 1-2 tsp. paprika, 2 tablespoons flour, 1 cup water, 3 tbsps. butter.

Have steaks cut 2-3 inch thick and then cut into 1-inch squares. Use long metal or wooden skewers and alternate pork and veal on skewers until 8 pieces of meat have been used on each. Sprinkle with salt, paprika and flour. Fit into small baking pan, add butter and water. Bake 30 minutes in moderate oven in covered pan. Turn frequently to allow even browning. Cook whole mushrooms 5 minutes in 2 tablespoons butter and stick on the ends of each portion. Arrange on browned pineapple.

Browned Pineapple

4 tbsps. butter, 8 slices pineapple, 1-2 cup pineapple juice, 1 tsp. lemon juice.

Heat butter in frying pan. Add pineapple and brown quickly. Add juices, cover and cook 5 minutes. Carefully remove pineapple slices

Orchestra Leader

**Troop No. 1 Substitutes
Tour For Traditional
Annual Camp**

Troop No. 1, substituting a tour for its annual camp, returned Thursday evening from Carlsbad Caverns.

The group, accompanied by three leaders, left here Tuesday morning and arrived at Black River Village early the same afternoon. The night was spent at Black River Village and the jaunt to the caverns was made the next morning.

Emerging from the indescribable caverns at 4 p. m. Wednesday, the troop drove to Carlsbad for a swim and then to Black River Village for the night.

Enroute home Thursday stops were made at Pecos for lunch and Midland for a brief swimming period.

Those going on the trip were Scoutmaster Walton S. Morrison, Clyde George and Richard Thomas, Robert Halley, Gerald Alexander, Glen Hayes, Sam Atkins, Jr., Elton Neely, Fred Coleman, Paul Warren, Clifton Ferguson, Don Ferguson, Raymond Moreland, Seymour Ballard, and Jimmie Ford who joined the group in Carlsbad.

Englarged Waistline Admitted

EL PASO, (UP)—Maj. H. C. Holdridge, Ft. Bliss, admitting that his waistline is not what it used to be, has offered to sell his formal uniforms to any young lieutenant who "want to cut a figure."

**EL PASO HAS LARGE
SUPPLY OF TWINS**

EL PASO, (UP)—El Paso has 78 pairs of twins and one set of triplets, a contest by the Herald-Post revealed. Twins, triplets or better were offered free movie passes.

Mr. and Mrs. Gene White of Elctra are here for the annual Big Spring County Club tournament which will be played, from Saturday through Monday.

**Reed Says Squad Is Most
Promising In History Of
Local School**

Saturday the 1934 high school Steers will thunder back into the home corral after a ten day training camp at Ruidosa, New Mexico.

Reports from the New Mexico reports with the famous 1931 team which was barely noted out for district honors by Sweetwater. It was that team that featured Tack Dennie, present Tulsa university flash, who led the nation in scoring that year.

D. H. "Tiny" Reed, who is to serve as athletic director at the new teachers college in Portales, New Mexico, expresses the opinion that the squad is the most promising Big Spring high school has ever had.

Coach Obie Bristow has been chasing the players through three brisk workouts daily at Ruidosa. Most of the players are rounding into good condition, it is said.

Association are:
Richard R. Law, President
Wichita, Kansas.
Buck J. Wynne, First Vice-Pres
Will Point, Texas.
William G. Stigler, 2nd, Vice-Pres.
Stigler, Okla.
Wm. C. Menton, Executive Secy.
Washington, D. C.
Marvin H. Watts, Secy. Okla. Div.
Tulsa, Okla.
Sim C. Souther, Secy. Tex. Div.
Rosebud, Texas.

**Forsan All-Stars
Slated To Clash
This Afternoon**

FORSAN, (Sp.)—An All Star game between the teams of the Forsan soft ball league will be played today starting at four o'clock.

The members of each team have been chosen by the managers of the league and each team is fairly well represented.

Team No. 1 is composed of Gault, catcher; Burris, pitcher; Schultz, first base; Madison, short stop; McLaren, second base; Yabro, short stop; Huestia, third base; Byrd, left field; L. Schultz, center field; and Liles, right field while the second team will be made up of Hollis, catcher; Simmons, pitcher; Tevason, first base; Hines, short stop; Burhart, second base; Hall, short stop; Edwards, third base; Asbury, left field; Smith, center field; and Robinson, right field.

Burke and Hobbs will substitute for team No. 1 while Schuddy and King will act as utility men for the second team.

**Estes Resigning
From Newspaper**

DALLAS—Carl L. Estes, widely known East Texas editor, announced here Thursday his resignation as editor-manager of the Tyler Courier-Times and Tyler Morning Telegraph, effective Sept. 1.

Estes, who went to Tyler 11 years ago as advertising manager of the Tyler Courier-Times and established the Morning Telegraph four years ago, said he would devote his full time to his oil magazine and other East Texas publications in which he is interested.

Two Millions Wagered On Dogs
PENNSAUKEN, N. J. (UP)—During the first 30 days of grayhound racing here \$2,864,930 was wagered in the pari-mutuels, an average of \$67,531 a night. Expenses for the period were \$273,867, of which \$48,178 were paid to the state in taxes.

**T. C. U. Squad
Is Young And
Inexperienced**

FORT WORTH—The 1934 edition of the Texas Christian University Horned Frogs will be young and inexperienced, with a new coach—Leo, E. "Dutch" Meyer—at the helm. Yet in the squad of 41 men who will report for practice Sept. 10 is some of the best talent T. C. U. has ever had.

The result is that the Frogs will be the unknown quantity in the conference race. If some of the youngsters come through, the team will finish well up in the standings; if the lack of experience is too much to overcome, the Purple may finish farther down the line than it has for years.

Coach Meyer will have but 10 lettermen—the smallest number to report in any modern time—and but one of these, Capt. Joe Coleman, has won two letters. But three of the 19 are seniors.

The squad of 41 will be composed of 10 lettermen, 8 squadmen, 1 junior college transfer and 22 sophomores.

Meyer, as head coach, will direct the backfield. He will have 14 men—3 quarterbacks, 8 halfbacks and 3 fullbacks—with whom to work.

INVEST IN AN ELECTRIC REFRIGERATOR

**Electric Refrigeration
actually lowers the cost of living**

With electric refrigeration there are four outstanding ways of lowering the cost of living. A glance at these four ways, as they are listed below, will give you an idea of how it is done and how electric refrigeration pays for itself.

- 1. Quantity Purchase of Food**
Canned goods serve as an excellent example. When a small can of corn (10 ounces) costs 12 cents, a large can (20 ounces) usually costs but 15 cents.
- 2. "Bargain" Purchases of Food**
Your grocer has special days when he offers "bargain" prices on certain perishable foods. You can take advantage of them and save considerable money by buying a whole week's supply.
- 3. Elimination of Food Losses**
Authorities say that food thrown away in American homes each year because of improper refrigeration would feed a city twice the size of New York. Electric Refrigeration stops most of this waste.
- 4. Low Operating Cost**
Actual records show that in many instances the operating cost of electric refrigerators is as low as a nickel a day.
