MAURINE IRVIN AS "PRINCESS LITTLEFIELD" WILL BE ONE OF THE LEADING STARS AT W. T. C. C. MEETING

Littlefield will be represented at the annual West Texas Chamber of Commerce convention held this year at Fort Worth by Miss Maurine Irvin, daughter of Sheriff and Mrs. Irvin.

Irvin was unanimously elected by the local chamber of commerce members well knowing her natural poise, will ably represent the Fort Worth convention.

Irvin will wear a beautiful gown of white crepe, made of white crepe, heavily beaded with beads and studded with rhinestones at the coronation ceremony in West Texas. She will also wear silver shoes, and other harmonious accessories.

In the parade she will wear a lovely crepe gown, having a Spanish in the make-up. It is richly embroidered at the hem and has a full length fringe falling the full length of the skirt. A cape of the same material is draped and fringed to match the gown.

The parade given during the convention, several of the towns from the South Plains section will have a float and a wonderfully decorated float which will be seated "Miss South Plains" and her princesses, all representatives of the various towns taking part in the maneuvers. In this year's parade Miss Irvin will be crowned the "Queen of Texas" and will be one of the social stars of the convention, in which the coronation ceremony will be followed by a ball, wherein the princesses will vie with one another in dancing numbers from the charming princesses taking part in the occasion.

SCHOLASTIC CENSUS HIGHER

The scholastic census of the Littlefield schools is 114 more this year than last, according to statement of J. H. Hillard, secretary of the school board.

Last year the enrollment was 1,187 and this year the total is 1,301.

The money received from the State this year totaled \$17,680. On the basis of \$15 per head, the school should have received \$19,390.

Classes start at 8:00 P. M. Sharp

WORTH OF CANDIDATES RAISE COST OF ELECTIONS FOR EACH; DISCUSS ADVISABILITY OF JUST ONE PRIMARY

The bill for two primaries, plurality and majority—of the Democratic party in Lamb county this year is estimated to reach a total of \$125 or more, and the number of candidates among whom the bill can be divided being lower than in previous years, there is some prospect that the Lamb county Democrats this year have the opportunity of voting in the first primary.

Speculation began to arise when the fact that for all offices, both county and precinct, there will probably not be more than 25 candidates, and the costs of conducting primaries can be divided which include the expenses of holding elections and making proper returns.

It is pointed out that no advance is made to precinct and county chairmen for their services, and it has been suggested on account of the small number of contested offices and the attending relatively high cost that one of the primaries should be dispensed with.

The county executive committee has the power of determining whether the county shall have a plurality and majority primary or only one. During the past years it has been the custom in this county to hold both primaries, and often the voting is as close and interesting as that of the county.

This year there are a relative small number of offices being contested,

HON. J. ROSS BELL WILL SPEAK IN LFD. SATURDAY

Hon. J. Ross Bell, of Paducah, candidate as congressman from the Eighteenth district, to succeed Hon. Marvin Jones, will speak in behalf of his candidacy at Sudan, Saturday, June 16th, at 10:00 a. m.; at Amherst at 1:00 p. m., and in Littlefield at 2:30 p. m. of the same day. All voters are urged to attend these meetings.

REPORT OF RABIES AMONG DOGS BRING ALARM TO CITIZENS

That the numerous stray dogs in and about Littlefield must be disposed of, seems to be the growing opinion among local citizens.

Comparatively very few citizens have paid taxes on their pet canines; a large number have already been taken up by the city pound master, and after due notice and no one claiming them, have been killed, still there are many more dogs on the streets unclaimed. Each week a list is posted in the window of the City hall, describing dogs taken up and giving due notice when such animals will be killed, unless claimed.

Reports are already coming in from neighboring towns of dogs that have been afflicted with hydrophobia. At Plainview last week the 14 year old son of L. E. Smith was bitten. The dog was promptly sent to the Pasteur institute at Austin for treatment, and examination of the dog's head showed conclusive evidence of rabies, according to Dr. S. C. Ross examining physician.

One dog affected with rabies may infect dozens of other dogs with the same disease, thus greatly increasing the hazard of people being bitten and infected with the dreaded disease. No person has been known to have been cured of rabies after positive evidence of the disease has been established, and the symptoms may appear in a human being from nine days to two years after he or she has been bitten.

In view of these facts, local citizens declare it is a matter of community interest that all stray dogs shall be either claimed by their owners, or else taken up and brought to the city pound master who will dispose of them, as with the coming of warm weather the danger of rabies will constantly increase.

which will raise the pro rata cost for each aspirant, the price for filing of names probably running from \$50 to \$125 each, according to the importance of the office desired. This assessment is made by the county executive committee, but whatever amount it may be the candidate is "in" when it comes to paying for the election.

The cost of election this year will be greater than heretofore for the further reason that the number of voting boxes in the county have been increased to 13 in number, thus increasing number and cost of judges and clerks required to hold the elections.

What will be the attitude of the executive committee in Lamb county regarding the single or double primary is not known. While some of the candidates are willing to abide by the plurality primary, many others are in favor of both the first and second primaries. It has been pointed out that the second may be necessary to determine the election of some county candidates, and further, if the second primary is not held the voters of this county will not have the privilege of participating in the final selection of state candidates for office, many of which they are vitally interested in.

MARVIN JONES OF AMARILLO SPEAKS FOR RE-ELECTION

Hon. Marvin Jones, of Amarillo, candidating for re-election as Congressman for this district spoke in Littlefield last Saturday afternoon.

Reviewing his work as a congressman, Mr. Jones stated he had actively supported the Farm Loan System whereby about 60,000 farmers in Texas had participated in borrowing \$170,000,000. He sponsored the Farm Organization Law and the Restrictive Immigration Law. He voted for the World War Veterans Act and the National Prohibition Act. He was author of a bill providing distinct grades for cotton, and of amensure authorizing investigation for disposal of low grades of cotton in a profitable manner.

Mr. Jones stated he actively supported the Budget System adopted during the Coolidge administration, voted against an increase of salaries for congress members, and has been able to do much in behalf of the disabled war veterans.

Mr. Jones is second ranking minority member on the Agricultural Committee from the cotton, wheat and livestock section, which Committee handles legislation most vitally affecting our section. There were more than forty applications for two vacancies on that committee at the beginning of this Congress. It requires several years to advance to ranking place. That position gives to a member an opportunity for service that he would not otherwise have. This applies not only in securing the passage of legislation, but also in defeating bad legislation, which sometimes is more important.

On this subject of the value of training and experience in the House of Representatives the late Speaker Champ Clark said in an address which he delivered some time before his death:

"No man should be elected to the House simply to gratify his ambition. All members should be elected for the good of the country. A man has to learn to be a Representative just as he must learn to be a blacksmith, a carpenter, a farmer, an engineer, a lawyer, or a doctor. Useful and influential Congressman are made largely by experience and practice. A new Congressman must begin at the foot of the class and spell up."

"The best rule, it seems to me, is for a district to select a man with at least fair capacity, industrious, honest, energetic, sober, and courageous and keep him there as long as he discharges his duties faithfully and well."

W. M. U. MEETING

The W. M. U. met Tuesday afternoon at the Baptist church in a business and missionary program with the president, Mrs. L. W. Jordan, in the chair.

Mrs. J. E. Barnes who has recently been elected as Missionary chairman gave her first program, assisted by Mrs. Pat Boone, Mrs. Tollie Gray, Mrs. Berryman, Mrs. Vause and Mrs. Wm. Lowmore, which was greatly appreciated.

At the end of the business meeting Mrs. Phenie K. Littlefield, who is the guest in the home of her granddaughter, Mrs. Boone, delighted all present by singing several selections, playing her own accompaniment at the piano.

Those present at this very enjoyable meeting were: Mrs. Wm. Lowmore, Mrs. L. W. Jordan, Mrs. Pat Boone, Mrs. H. F. Spurlock, Mrs. Tollie Gray, Mrs. A. P. Vause, Mrs. J. E. Barnes, Mrs. R. E. McCaskill, Mrs. Less Chollard, Mrs. S. C. Loyd, Mrs. E. K. Hall, Mrs. L. O. Connell, Mrs. J. G. Berryman, and Mrs. Littlefield, of Roswell, New Mexico.

ROTARY MEETING

The regular meeting of the Rotary club was held last Thursday at the Presbyterian church with 19 members and two visitors present.

Max L. McClure was in charge of the program.

A committee was named and elected J. S. Hilliard as representative to attend the Rotary International convention to be held in Minneapolis, June 18th to 22nd.

L. E. KEY MAKES ANNOUNCEMENT FOR J. P. PREC. 4

To the Voter of Precinct No. 4: I take this method of submitting to you my candidacy for the Democratic nomination to the Office of Justice of the Peace in and for Precinct No. 4, Lamb County, Texas.

I am sure that most of the voters of this precinct are personally acquainted with me. I have been living in Littlefield for a period of over three years, and have had the pleasure of meeting most of the people of this community, and I feel that it is unnecessary for me to go into detail with reference to my past life. However, I desire to state I am a native Texan lived for many years at Vernon, Texas, and later at Wichita Falls, before moving to Littlefield; and I invite the public to make any kind of investigation as to my past life wherever I have lived.

The office of Justice of the Peace is not usually considered a very important office, however, in my estimation it is one of the most important offices of our state government. Before the Justice of the Peace are heard many matters of litigation, both civil and criminal, involving the rights of the citizens, and although the matters within his jurisdiction are small with reference to the amounts involved, nevertheless such matters are of vital importance to those involved in the litigation, as much so as litigation in the higher courts; and in my judgment a Justice of the Peace should be a man of mature judgment, fair minded and impartial to all whose rights are litigated in his court; and if I am chosen to fill the office it shall be my aim to deal with all in a fair and impartial manner and to render justice to all alike.

I earnestly solicit the vote and support of all the voters of this precinct, and if elected will show my appreciation by rendering service to the community and reflecting honor upon the office to the best of my ability.

Respectfully submitted,
L. E. KEY.

METHODIST MISSIONARY

The Methodist Missionary society met last Monday afternoon at the church with twelve members present including the president, Mrs. B. L. Cogdill, who has been absent for the past two weeks.

An interesting program was led by Mrs. G. S. Glenn.

Those present were Mrs. G. S. Glenn, Mrs. Luther Hargrove, Mrs. Van Clark, Mrs. Roy Davis, Mrs. Geo. Turrentine, Mrs. A. G. Hemphill, Mrs. B. L. Cogdill, Mrs. E. G. Courtney, Mrs. T. Wade Potter, Mrs. Jess Elms, Mrs. J. J. Eagan and Mrs. E. H. Williams.

"AN OLD BACHELOR" TO BE PRESENTED IN LITTLEFIELD

Mr. Evan Harries, a talented American actor, will present the great comedy drama, "An Old Bachelor," in four acts, at the Palace Theatre, Thursday and Friday nights, June 22 and 23, for the benefit of the public library.

The play is said to be filled with delightful comedy, and that you will laugh as you have never laughed before. The end of the first act is said to be worth the price of admission alone.

Mr. Harries played in a different play each week in the following cities: 150 weeks in Los Angeles, Calif., 150 weeks at Boston, Mass., 150 weeks at Philadelphia, Pa., 100 at Pittsburg, Pa., and 100 weeks at Nashville, Tenn. He will be assisted in this play by local talent, Maxine Courtney, Maide Anderson, Mrs. W. G. Street, Mrs. M. V. Cobb, Rev. W. F. Fulton, Theron Buckingham, Arthur Mueller, Dr. M. V. Cobb and Roy Wade.

PRESCOTT SHOWER

Tuesday evening after the sun had set and the birds gone to rest the many friends of Mr. and Mrs. Prescott assembled at the residence of Mr. and Mrs. B. W. Hogue in Cole and Strayhorn addition. The purpose of course, was to entertain the newly married Prescotts with a shower.

After the guests had arrived the presents were brought in on a much bedecked hand cart by Gypsy peddlers to the foot of the seat of honor in the reception room occupied by the bride and groom. Mr. Prescott, not at all bashful or downcast at the large assembly sat upon his throne truly lord of all he possessed, including his young bride. And the bride, formerly the popular Miss Ida Beebe, somewhat resembling the Queen of Sheba sitting upon her throne about to receive gifts from her many subjects, proceeded to dismember packages, packing cases, boxes, etc. and passed around to the assembled guests the many useful and pretty articles discovered therein for their inspection and admiration.

The entire color scheme was carried out in pink and white. After this somewhat hilarious ceremony liberal refreshments were served.

A handsome rug was presented to the bride as a present from the Acorn Stores, Inc.—Big Springs News.

SLATON I. O. O. F WILL VISIT LITTLEFIELD

Next Monday night, the regular meeting night of the I. O. O. F. lodge 25 members from Slaton will be in Littlefield for the purpose of conferring the 2nd and 3rd degrees of that order to candidates.

LFD. WILL TAKE PART IN THE BIG S. PLAINS PARADE

Littlefield will take part in the big co-operative advertising scheme to be staged by South Plains towns during the annual meeting of West Texas Chamber of Commerce, to be held in Fort Worth, June 18, 19 and 20, according to Alex Reeves, secretary of the local chamber of commerce, who attended a meeting on arrangements held in Lubbock last week.

Headquarters for South Plains towns will be maintained at Ellison's Drug Store. Lloyd A. Wilson, secretary, Slaton chamber of commerce, will have charge of the delegations. Mrs. Paul T. Miller, president of the South Plains secretaries associations, will represent this section as "Miss South Plains," occupying a seat of honor on the big parade float, while around her will be grouped the various "princesses" representing the towns of this section.

The float will head the South Plains section in the parade. The Post Junior Cowboy band, composed of 27 youngsters ranging in ages from 10 to 14 years and under the leadership of Ted Knott, age 10, will come next in the line. This band will head several other bands from Floydada, Plainview, Slaton, Lubbock and other towns as well as the delegates from the South Plains section. The Blue Bonnet Chorus of Lamesa composed of a number of West Texas' comeliest young ladies will attend the convention and will be in the parade.

The Post band was the outstanding hit of the convention last year at Wichita Falls and South Plains citizens picked the youngsters to head the delegation believing that the band will again be the hit, at Fort Worth, and that the boys will create more interest than anything else in the entire line which will reach several miles.

Uniform arm bands reading "The South Plains of Texas" and other regalia will be worn by all South Plains delegates and a number of special publicity stunts are being planned to advertise this young agricultural empire.

SEBRING-POWELL

Miss Ollie Powell, daughter of Mr. and Mrs. Jno. H. Powell, of Littlefield, left Saturday morning, June 2, for Ft. Worth, where she was joined by her fiancé, Mr. Walter Sebring, son of Mr. and Mrs. B. F. Sebring, of Sudan, and were married immediately thereafter.

Miss Powell was one of the most popular young ladies of this vicinity and was formerly a nurse in the Lubbock sanitarium.

Mr. Sebring is employed with a lumber company in Fort Worth.

SHERIFF'S SALE

THE STATE OF TEXAS
 County of Lamb,
 NOTICE IS HEREBY GIVEN That by virtue of a certain order of sale issued out of the Honorable District Court of Lamb County, on the 4th day of June 1928, by A. H. McGavock Clerk of said District Court for the sum of \$2048.03 Dollars and costs of suit, under a judgment, in favor of First National Bank of Littlefield, Texas, in a certain cause in said Court, No. 356 and styled First National Bank of Littlefield, Texas vs. Chas. Thompson and Stella Thompson placed in my hands for service, I, Len Irvin as Sheriff of Lamb County, Texas, did, on the 4th day of June, 1928, levy on certain Real Estate, situated in Lamb County, Texas, described as follows, to-wit:

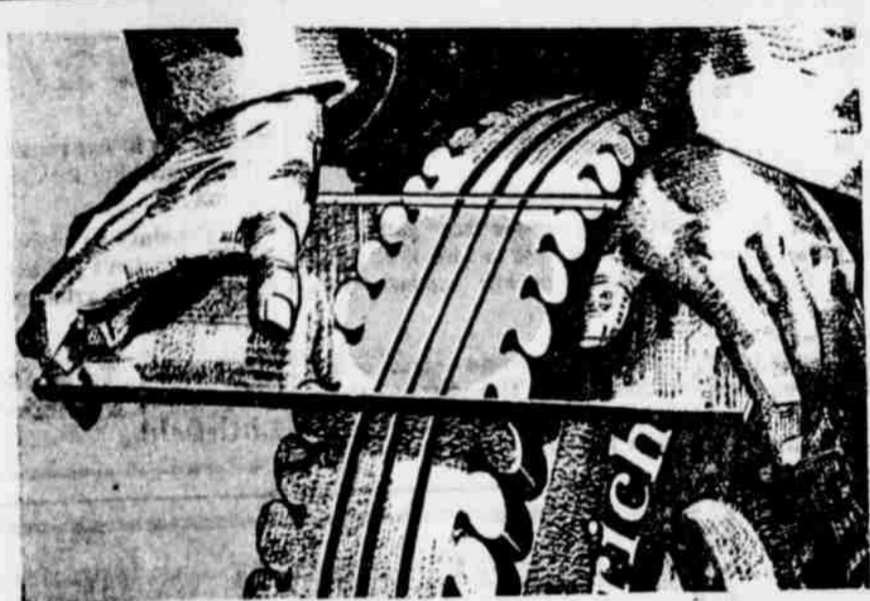

All that certain lot, tract or parcel of land lying and being situated in the City of Littlefield, Lamb County, Texas, being Lot No. 6, Block No. 4 in the High School Addition to the city of Littlefield Texas, and levied upon as the property of Chas. Thompson and Stella Thompson and that on the first Tuesday in July, 1928, the same being the 3rd day of said month, at the Court House door, of Lamb County, in the town of Olton, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Chas. Thompson and Stella Thompson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lamb County Leader, a newspaper published in Lamb County.

Witness my hand, this 4th day of June 1928.
 LEN IRVIN, Sheriff Lamb County, Texas.

Goodrich Silvertowns

THE PLATE GLASS TEST. By pressing this glass against the Goodrich Silvertown, we show how its tread looks when pressing against the road. Read the facts below, and see what this test means in mileage.

This one minute test

shows how you can get months of extra service from your next tires! . . .

BALLOON tires are soft. They yield. Their tread flattens against the road. The center compresses, letting the shoulders of the tread come down to the ground.

Simple facts—but what a tremendous effect they can have on mileage!

Suppose the center had bulky masses of rubber where it should be flexible. Then pressure would

crowd the tread out of shape—distorting the shoulder rubber—and uneven, choppy wear would shorten the life of the tire.

But Goodrich Silvertowns are molded to the shape of the famous hinge-center tread design.

To be sure of extra months of service from your tires—and cheerful service from your dealer—see us when you need new tires.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

creature described by Job, his neck clothed in thunder? "He paweth in the valley and rejoiceth in his strength. He mocketh at fear. He saith among the trumpets ha, ha; and he smelleth the battle afar off, the thunder of the captains and the shouting."

THE MOON AND CROPS

There's one thing we've heard a lot of argument about, yet one thing no one has been able to explain to our satisfaction and that is what effect, if any, the moon really has on farm crops and garden vegetables. A lot of successful gardeners would no more plant cucumbers or peas when the "signs" are wrong than they'd chase a polecat in their Sunday suit. Yet agricultural college experts argue it is all bunk, or superstition. They say the moon doesn't affect plant life.

Yet there are a lot of people around Littlefield who are not willing to agree that these scientific gentlemen are right. They say that if the moon can jerk the ocean around and cause tides to ebb and flow, it can cut some figure in vegetable growth. They've seen cucumbers run to vine and potatoes refuse to sprout, or to bear decent size potatoes if they did sprout, because they were not planted according to the signs provided by the moon.

It is an old question, but it has never been explained. Science and the farmer work fairly well together in a lot of things, but when it comes to this thing of the moon figuring in plant life, they simply can't agree. That is why it is still, as it has always been, an interesting subject and one you can stir up an argument with as easily as you can by talking politics. Try it on the next fellow you meet and see for yourself.

When a man doesn't advertise and business is poor why is it he always blames it on "hard times."

don't. Sometimes you get it from strangers and in places you are unaccustomed to visit. It is then it pays to keep an eye on the gas tank.

Auto owners of the U. S. paid \$258,966,000 in gasoline taxes last year, so from that you can get an idea of how many millions of gallons were used. It is but natural, with

thousands of men selling it, that here and there a dishonest one is going to bob up. Where he makes a good many sales, short-measuring a single pint on the tankful would soon net him a considerable sum. And it is so easy to hold back a pint here and a quart there that there are some fellows who simply can't resist the temptation.

The cost of operating a car is high enough as it is without its owner having to suffer from short-measure filling stations. Now that the motoring season is here, make it a rule to watch out for dishonesty when you are in a strange community. It's only way you can protect yourself.

Candidates are said to be so thick in some sections they wear badges to keep from soliciting each other's influence.

STARTLING FIGURES

Uncle Sam says that of the 20,000,000 dwelling houses in the land 70 percent of them are in need of repairs. That means 14,000,000 homeowners ought to be getting busy right now with saw and hammer and paint brush. A little repair work here, or a remodeling job there, will save more expensive bills later on and will also lengthen the time until a complete new house will be necessary.

Money spent in making the home more comfortable and substantial is money well spent. There is no better time of year to do it, or have it done, than through the summer months. There are too many other things to look after as winter approaches, and shorter days in which to look after them.

Unfortunately, every town has a citizen or two who has never done anything more than add to the population.

It is presumed that picnic ants never heard of the law of supply and demand.

LITTLE LEADERS

Among other things for which there is no sale in Littlefield these days is the old-fashioned "Home Sweet Home" mottoes.

Lots of Littlefield fathers and mothers would take an optimistic view of the rising generation if they didn't have a few members of it of their own to worry over.

Most any Littlefield woman will take a man's money, his name and his peace of mind, but she won't take his back-talk.

Why is it that a Littlefield married man can't carry an umbrella over his wife and keep her dry like he used to when he was courting her?

Any Littlefield man who wants to tackle something hard might try settling an argument between two neighbors and leaving both of them satisfied.

Judging from the divorce news in daily papers the worst thing a Littlefield man can put on a love letter these days is a postage stamp.

The U. S. Revenue Department is classifying castor oil as a beverage but you couldn't get the average Littlefield boy to accept it as such.

Times change, but you can still learn more about a Littlefield girl by being married to her ten minutes than you can by courting her ten years.

We want to advise Littlefield girls who are seeking model husbands to first be sure that they are working models.

From the crowds that gather to watch a dog fight in Littlefield you'd think there's a law against such things.

Most any Littlefield man would loan you \$10 to tide you over if he had any assurance that you'd come in with the tide.

A man died the other day at the age of 88 years who had never had a ride in an automobile. That counts for his ripe old age.

It's getting so that a person who is able to claim as much distinction connected with seeing the first Ford car as with seeing the first in.

An Investment with an EXTRA DIVIDEND

There's a big difference between
 an investment and a speculation.
 You can speculate in any old gasoline
 and hope it will deliver a satisfactory

CHEVROLET

for Economical Transportation

Special Values This Week

This week we are offering some exceptional bargains in reconditioned used cars.

Every car in this group has been gone over thoroughly by our expert mechanics, using special tools and equipment. All bear the famous red "OK" tag—which is your guarantee that all units have been inspected, worn parts replaced by new parts and that the car's condition is honestly represented. Thus you can be absolutely certain of the quality and value of any car you select.

Come in today. You are sure to find the car you have been looking for—properly reconditioned and properly priced.

SICKLY, PEEVISH CHILDREN
 Children suffering from intestinal worms are cross, restless and unsteady. There are other symptoms, however. If the child is pale, has dark rings under the eyes, has bad breath and takes no interest in food, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by Stokes & Alexander Drug Co.

NICE looking picture, eh? Every farmer would like to own a place that is well improved. Broad acres surrounding a nice home and big barn are attractions appealing to every Soldier of the Soil. Thrift, Industry, Scientific Farming and Good Business Methods are necessary to obtain them.

If we had our way about it, every farmer in this section would have them. We can't furnish them to you entirely, but we can assist you materially in obtaining them for yourselves.

Our line of business is devoted entirely to your interests. We buy your Produce, giving you highest possible market prices. We sell you highest quality of Feeds for your stock—feed that is wholesome, properly mixed for balanced rations, growth developing and fat producing, insuring largest profits possible. If you have Grain of your own, we can grind it to order, just as you want it, mixing as you desire according to your own specifications.

Call and see us—your business will be appreciated.
