#### **FARM BUREAU TO** HOLD IMPORTANT **MEET, ON MAY 7**

The Lamb county meeting of the Texas Farm Bureau Cotton Association, will be held in Littlefield, May 7th, for the purpose of selecting delegates to the district meeting to be held in the court house of Hale county, at Plainview, May 14th, and all members are urged to attend, according to county representative, J. W. Hammock, of the Bureau.

The nineteenth district comprise the counties of Motley, Floyd, Hale, Parmer, Castro, Swisher, Briscoe, Hall, Lamb and Bailey. The meeting will be in charge of M. S. Hudson, who will also have charge of the meeting to be held in Littlefield in the near future when checks for cotton sent to the Bureau are to be distributed to the farmer members.

At the district meeting two delegates are selected to represent the membership of that district in selecting directors of the Bureau for the coming year, beginning July 1. Each of the twenty districts has a representative on the board.

Upon certification from the district meetings of the two nominees elected, the head office will distribute to the members in the respective district a postal card ballot i norder that each member may cast his vote or his preference of the nominees shown thereon. The closing date of counting the ballots will be June 18, and the newly elected officers will hold their first meeting in Dallas, June 27th.

# Dr. Frank Crane Says

YESTERDAY'S GOOD TODAY'S FVIL

Advancement is not a giant stride; it is a flight of stairs. The way we make progress is not by jumps from evil to lesser evil. So the evil of today may be the discarded good of yesterday.

Slavery is an evil not countenanced in any civilized land today. Yet at one time it was good. It was a distinct moral advance over the practice of murdering in cold bloot all captives taken in warfare.

Prize fighting is looked upon as an evil now and almost all the states have laws aimed to prevent it.

But a century ago prize fighting was a distinct advance over the brutality of the sports of former times. Even such a fight as one in 1825 when two men fought for 75 rounds with naked fists and the loser had to be put to bed with 50 leeches on him was a step up from the spectacles such as throwing ferocious dogs into a lions' cage and watching them tear each other to pieces which had delighted the people at a previous date.

Some of the superstitions which were connected with religion in the past are now evils and repel men of greater intelligence instead of frighten-

They are an evil now, but at one time for more primitive people whom they kept from doing wrong they were a good.

Duelling today is a crime. At one time it was a good because it was an advance over past customs. It gave both parties a fair chance instead of being a cowardly assassination. It substituted honor for ambusende and so at the time was a step shead

Today we have laws against beating wives. Wife beaters are jailed and dealt with summarity. Y t a century ago in England wife beating was considered the right of a husband. A man might beat his wife within an inch of her life and go unpunished so long as she didn't die. But if she died he was treated as a murderer.

That conditions of affairs is hard to understand today. But it was an advance over the past when, in ancient Turkey, the husband had the power of life and death over the inmates of his harem,

It is as true that the good of today may be the evil of tomorrow as it is that the evil of today was the good of the past,

The test of the times is not whether there are evils or not, but whether those evils are less or greater than the ones in the past; whether they a step up or down.

#### **TEST O' TEN QUESTIONS**

Here is a test of memory, intelligence, and general knowledge, that will provide fun and entertainment for all by giving you an opportunity t test your knowledge in competition with others. These questions will cover a wide range of information. How many of them can you answer without seeking recourse to the encyclopedia or dictionary? The answers will be found on the last page of this newspaper.

A few days ago, so the story goes on the streets, the City Secretary came down to the office rather early. He yawned and stretched and said a few words about the alarm clock at his house going off too early. Some way that obstreperous "big Ben" with its ultra precise nature and premature deliberation is going off had got on the nevres of the official penscratcher of this municipality, and when Albert Anderson came in that afternoon, the said chicken fancier was still yawning and throwing hypothetical adjectives at the alarm

But Albert had an altogether different notion about alarm clocks "The sound of the alarm clock in the morning is about the sweetest music I know of," said Albert, "and I am unable to understand those who cannot bear the sound of it, and who each morning are impelled to hurl it out of the window or smother it under the bedclothes-just for the privi-

#### What a REXALL One Cent Sale Is

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Creme is 50c, you buy a tube at this price and by paying 1 cent more, or 51 certs, you get two tubes. Every article in this sale is a high class standard piece of merchandise, just the same as is sold every day at the regular price.

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full : ize package of high standard merchandise for 1 cent. It costs meney to get customers, but the sacrifice in profit is justified, knowing the goods will
