

# CROP, PRICE LOOK GOOD

## \$12-Million Grain Crop Seen

ough plagued by several largely a lack of rain and dryland acres—the Lamb County feed grain crop of around 10 acres goes into its last of growth with good prospect for an income of more than \$12-million for county farmers from over the county that the 1964 crop will follow 1963's healthy yield, that income from all sources will about match last year's figure.

price outlook is as good for 1963, the best open price year for a long time and an enlarged program of diverted acres will boost payments for the crop substantially.

imates are that more than \$12 million will be paid to county producers in the grain program, for diverted acres and in bonuses on production for participating in program reports L. D. Aten,

Lamb county ASC manager. "We are just getting into computations and measurements of diverted grain acres," Aten explained, "and expect to be able to start payments for diverted acres about the same time the grain harvest starts, early in September."

About 70 percent of Lamb county's farmers are in the voluntary feed grain program, Aten said. Of these, about 38 percent of their allotted acres has been diverted from grain production.

From the 70 percent on which they have current grain program records and making an educated guess based on ASC records on land in cultivation, Aten sets the total acreage estimate at "around 206,000."

The 38 percent diversion by farmers in the program is higher than in previous years, largely because of a higher incentive for diversion and a boost in the amount for diverted acres from the previous maximum of

40 percent of allotment to 50 percent in 1964.

More than that, farmers who elected to divert at least 40 percent of their acres in 1964 will receive a boost in payments for the entire diverted amount.

In explanation of this, farmers in the 3-year-old feed grain program have to divert at least 20 percent of their acres to participate. By so doing they get paid for about 20 percent of the normal grain yield of those acres at a price based on the federal loan figure.

For Lamb county this figure—at 20 percent of normal—would be around \$20.87 per acre at the current loan price of \$1.75 per 100 pounds.

In addition, they receive bonus payments on the acreage they do plant at an average figure this year of \$12.11 per acre for Lamb county. This, like the diverted acres payment, is based on their farm yield in

the years 1959-62 and the current loan or support price.

With the new 20 to 50 percent plan, producers who elected to divert more than 20 percent of their allotment, but less than 40 percent get 50 percent payment for their yield average on the amount above 20 percent. In dollars and cents, a farmer who diverted 30 percent, for example, would receive \$20.87 per acre for the first 20 percent diverted, \$52.17 for the next 10 percent.

But—and this has been a big factor—if 40 percent or more of his allotment was diverted, then the full \$52.17 will be paid him on the entire amount diverted.

These figures are based on the average yield for Lamb and will vary from farm to farm depending on its 1959-62 yield history, Aten explains.

A simple example is: A producer with 100 acres allot-

ment who diverts 40 acres gets paid \$52.17 per acre—on the average—for the 40 acres diverted from feed grain.

On the 60 acres he plants, the average payment will be about \$12.11 per acre. Generally, this is about an added 22 cents per 100 pounds produced. This would bring his price for grain actually raised to around \$2.00 per hundred at the current support or open market price, both expected to be about \$1.75 when the 1964 crop starts rolling as it already has in lower parts of Texas.

County grain dealers are predicting an open market price of around \$1.75 per hundred for the new feed grain crop.

Grain dealers have been sold out of the 1963 crop for some weeks, and prices have been running to around \$1.95 per hundred.

GOLDEN GRAIN—ASCS agent, L. D. Aten, top the 12 million dollar mark. Harvest of holds a small portion of the 1964 Lamb County grain is expected to start in less than a feed grain crop, which area farmers say will month.

## Area Forecast Gives Lamb 175,000 Bales for 1964

### \$125,000 in Capital to LCEC Members

\$125,000 return of capital from the Lamb County Electric Cooperative will give members for this total amount to several hundred LCEC members for the years 1951 and 1952, reports Dick Carl, LCEC manager.

Carl expects to start payment of the checks in the middle of the month. This is the second return of capital, based on earnings of the electric cooperative, this year. Repayment of capital investment in the REA system makes it possible to repay members who are participants in the cooperative ownership in the year period covered.

### Dart Strikes Boy in Eye

A toy dart that struck him in the eye almost cost the sight of a Littlefield youth, Eddy Wayne Moore, II, last Saturday.

The boy inadvertently moved the path of a dart thrown in a playmate, and was struck directly in the eye by the sharp tip, his mother reported. The boy missed his pupil, however. He is still under treatment at Littlefield Hospital and has received partial sight of the eye, reports his mother, Mrs. Dale W. Moore. "We're hopeful that he will regain all of it," she added, "but we're not able to tell how long it will take."

Freddy, a sixth grade student at Littlefield, is one of four children of Mr. and Mrs. Moore. He is presently hospitalized at a veterans hospital at Fort Collins, Colorado.

### 2-Year-Old Killed Sunday

A 2-year-old Earth boy died Sunday just minutes after he was struck by a pickup truck driven by his father in the family yard Sunday afternoon.

The accident occurred on the J. Brooks farm seven miles northeast of Earth.

Officers who investigated the fatality said that the boy's father, Domingo Garcia, was backing the pickup truck, preparing to check irrigation lines, when the accident happened. The child was dead on arrival at a Muleshoe hospital.

## TO AND FROM LIONS CAMP: Lfd Campers Ride On Air

Five Littlefield youngsters who have attended the Texas Lions Camp for Crippled Children at Kerrville this summer have literally ridden the clouds to a fine summer experience, thanks to D.W. Maner, flying service operator of Littlefield.

All of the five have travelled at least one way, to or from the camp, in a Maner aircraft, an extra thrill to what is a memorable summer experience for the children.

Maner has piloted most of them; others have been flown by Alvin Webb, in a Maner aircraft.

On a return trip from south Texas Saturday he brought home happy William Brett Sims to whom the flying trip home was a fitting climax to his two-weeks stay in the Kerrville camp.

Other Littlefield youngsters who have attended the camp this summer are Howard Hopkins, Sheila Nipp, Henry Servantz and Michael Sims.

The Kerrville camp is one of the outstanding of its kind in the country. Children go for a two-week period, some of them a little doubtfully on the first day but all of them, without exception, enthusiastic by the last one and eager to return the next season. The summer camp tours are the projects of Lions clubs over

Texas, who maintain the extensive summer camp in the hill country, complete with all the outdoor activities that fill a youngster's vacation, swimming, fishing, boating, crafts and other camping experiences.

### Directors Map Reunion

Details of the annual reunion of Lamb County Pioneers, scheduled for August 25, will be mapped by directors of the group in a meeting next Monday, August 10.

The directors meeting will be in the county courtroom at 7:30 p.m., said Alvin Webb, Pioneers president.

Other officers and directors of the group are Luther Usleton, Amherst, vice president; Ray Smith, Anton, secretary; Mrs. Ray Blessing, Amherst, treasurer, and Mrs. Roy B. McQuatters, historian; directors are Roy Yeager, Littlefield; T. V. Murrell, Earth; R. L. Byers, Jr., Springlake; Jack Yarbrough, Amherst, and I. B. Holt, Olton.

were sponsored by the Lions club here.

Rev. Jack Elizey, chairman of the Lions club committee for camp assignment, voices the club's thanks to Maner and Webb for the valuable unusual service.

### Former LFD Men Purchase Slaton Paper

Two former Littlefield newsmen, Wendell Tooley and O.G. (Speedy) Nieman have purchased the Slaton newspaper in Slaton from John King II. The paper will be run by Nieman, former editor of the Littlefield papers, who is currently a reporter on the Midland Reporter-Telegram. Nieman will serve as editor-publisher.

Tooley, also a former editor and part owner of the Lfd papers, is publisher of the Floyd County Hesperian in Floydada and will continue to live in Floydada and operate that paper.

In announcing the sale, Saturday, Tooley said that he will manage the paper until Nieman can make the move from Midland in about two weeks.

The 1964 Lamb county cotton crop will be third largest on the South Plains, behind only Lubbock and Hale counties, the annual August forecast of the Lubbock Cotton Exchange predicts.

Lamb county will produce 175,000 bales of cotton this year, according to the LCE "official" forecast, one that has had a high reliability over the years.

The 175,000 bales is the same figure produced in a Leader-News survey a couple weeks back. It hinges largely on irrigated cotton acres. The outlook for dryland cotton is the poorest for several years and is not being improved by the continuing critical summer drought.

Dryland farmers had a bumper year in 1963, while irrigated farmers had only a fair one. The Lamb county production in 1963 was 172,000 bales. Cotton outlook generally is good over the South Plains, the LCE forecast indicated, while pointing out that irrigation was the saving factor for 1964.

The LCE estimates that 200,000 acres of dryland cotton will be plowed up early in August over the South Plains, under provisions of the new cotton program that will give a producer an increased price for the acres he does harvest.

Irrigated cotton in Lamb county apparently is moving on much the same growth schedule the LCE found over the 23-county area surveyed for its forecast.

The crop is maturing well and fruiting heavily, although stalks may be smaller than usual. Most cotton is well ahead of the 1963 crop which ran exceptionally late because of repeated replantings in June because of rain storms and hail.

Total production for the 23 counties surveyed is forecast at 1,956,000 bales—a figure that could pump some \$298-million into the area economy. Lubbock county is expected to lead the cotton production list again this year, as it has for some years, with 260,000 bales. Hale county, forecast for second place, is expected to produce 200,000 bales.

Lamb county's estimated 175,000 bales is a peg ahead of 170,000 for Hockley county, which last year led Lamb. Crosby county is next in line with 145,000 bales expected.

Lamb county's record cotton yield was in 1962, when its 226,000 bales made it second in Texas to Lubbock county.

While scattered showers over Lamb county last week dented a severe summer drought some they provided but little help to cotton crops. The showers were the only July moisture produced in what is continuing to be a long, hot summer.

## Shoplifting Suspect Nabbed in Big Spring

One member of a ring of four women and two men sought for a shoplifting soiree on Phelps Avenue last Friday is being held in Big Spring for Lamb county officers.

A part of several hundred dollars in loot the light-fingered sextet made off with here was recovered at Big Spring when one of the men in the group was arrested there, apparently for the same sort of privileged shopping.

The recovery included items from one store, Britain Pharmacy, which had not yet been missed, the chief said. The group scooped up two watches from a showcase, in Jones Jewelry, one valued at \$495, the other at \$195. A set of rings was also taken from the jewelry store.

The jewelry loss was discovered a few minutes after it occurred Friday by Alvis Jones, store owner. Police instituted a quick search of the city for the group.

At that time, Fitzgerald learned later, the sextet was at Jones Motor Company here getting their auto repaired. Payment for this job may have been in part from the loot, one carton of cigarettes.

One of the women waiting was snappily dressed in a pair of bright yellow slacks, apparently taken from Norma's Dress Shop on Phelps, the chief concluded after matching theft stories with garage personnel.

During the repair job was done, the group—by then a quintet—laced several dollars having enough to pay the bill. One of them went off to wire for money, returned with some a short while later.

Still short \$2, they swapped one of the mechanics a carton of cigarettes for the amount and departed.

When Big Spring officers and Fitzgerald were able to identify some of the recovered loot, parts of it traced back to Britain Pharmacy, the first knowledge the store had that

it had been pilfered. Officers have the promise of first call on the man at Big Spring to face charges here.

Meanwhile, an area alert is out for the rest of the group who possibly are working their busy fingers elsewhere over the area.

## Cutoff Bids Expected By November

Prospects are favorable for a bid call on the US 84 bypass route through Littlefield in November, not later than December, says Rhea Bradley, resident engineer for the Texas highway department.

"This could have construction started in January," Bradley estimates. Engineering on the route is being finalized for a major highway bid session in late fall.

The bypass will run a 4-lane route across the south edge of Littlefield, departing from present US 84 on the east city limits where the present 4-lane road ends.

The 6.7-mile cutoff will re-enter the present US 84 route three miles west of the city, on past the Littlefield cemetery.

The cutoff route is expected to trigger some construction along its path in south Littlefield. Already in prospect or being developed is one residential sub-division, Crescent Park Number 3, just below the cutoff and the present Crescent Park area, and a 10-acre yards and building for Lamb County Electric Cooperative.

### COUNTY COLUMN

There will be a Chamber of Commerce board meeting tonight, 7:30 p.m., at Southwest Public Service ready room.

Littlefield city council will hold a regular monthly meeting tonight at 7:30 in the council room of city hall.

## Telephone Call Clears 11 Crimes

An innocent telephone call to chief of police, F. A. Fitzgerald, Saturday has led to the apprehension of four Littlefield youths and the clearing up of at least eleven breaking and entering cases, some of them dating back more than a year.

Fitzgerald received the call, advising him that a new tire and wheel had been purchased for \$8.00, and that the party calling thought that something might be amiss. From this slim beginning the police were able to contact the purchaser of the tire and wheel, and through him the seller: from there it has just been a case of how much was taken, by whom and from where.

The cases, some of them at least a year old, but most having occurred in the last four or five months clears up break-ins in Littlefield, Amherst, Sudan, Spade and Anton. They include the theft of a wide assortment of merchandise ranging from clothing, hubcaps and money to fire arms and tires.

In relating the case, Chief Fitzgerald said the boys have admitted prowling through cars left on driveways and on the streets in an area from 9th Street to 21st, and said one of the youths told him that over one-half of the cars left setting out over night had keys in the ignition, an open invitation to anyone wanting to steal the car or use the keys to gain entry into the trunk.

Fitzgerald said these cases were cleared up as a result of the phone call and stressed that this was a fine illustration of the public working with the police to help solve a crime. "If the people could only realize the important role they have in helping protect the city, they would be more inclined to give us information concerning things they suspect might not be right; we can't do it all by ourselves. It takes the whole town working with us. All we need, a lot of times, is a lead; we will take it from there," Fitzgerald said.

## Earth Woman In Campaign Housewarming

**EARTH**—Mrs. Claude Ellis of Earth was among 33 personal workers who entered the Minneapolis-St. Paul area Saturday, July 25 to wage a campaign for Christ. This well-trained group, representing all age levels and many congregations of the Church of Christ, are assisting the 300 local Christians of the Twin Cities in a program of person-to-person visitation and home Bible teaching.

In preparation for the campaign, Christians in the locality had established 500 contacts of persons interested in Bible truths. Extensive advertising had been done.

In speaking of the trip, Mrs. Ellis says, "I am happy to give of my time in going to this metropolis and doing what I can for those who have never heard the gospel."

Mrs. Ellis left Earth July 23 in order to attend a special prayer session held at 6:30 a.m. Saturday at Vandella Church of Christ in Lubbock prior to the worker's departure.

### Homemaker Club Plans Coming Year

**WHITHARRAL**—The Whitharral Young Homemakers met Monday night for their regular meeting at the Home Economics Cottage.

A business meeting was held with the president, Mrs. Norman Theford, in charge. The books were closed and settled on the plastic bags and vanilla that the club sold in the past year.

Also the program of work was set up for the following year. "We have some interesting programs so everyone interested is invited to come join our club and start off the new year coming up September 1."

Mrs. Norman Theford served refreshments of cokes and cinnamon rolls to Mmes. Billy Theford, Dale Hewitt, Doyle Hewitt, Bobby Grant, Ernest Kristinek and Roger White.

At the next meeting the club will elect officers, so everyone be present. This meeting will be August 10 at 8:00 p.m.

# Grecian Recipe, 'Mousakas' Supplied by Athenian

For your next dinner party for a family treat, serve an authentic Grecian meal built around the delicious main dish, "Mousakas", supplied by Mrs. Lloyd Dowdy of Athens, Greece. The English recipe is "Potatoes with Meat Sauce."

Catherine was born in Athens, married Dowdy five years ago when he was in Greece with United Geophysical. Lloyd is a native of Littlefield, the brother of Mrs. Bonnie Dean. He has been with the company for 13 years and is presently working in Alexandria, Egypt. He and Catherine

and their three year old son, Dean, live in Athens. Catherine and Dean came to the United States to visit the Dowdy's and other relatives here and also to obtain citizenship papers.

The family also lived in Brazil for one year; they hope to return to America to live in a few years. Catherine says that she likes America very much and is anxious to live here. She and Dean especially enjoy television and baseball. In Greece soccer is played instead of baseball. She also likes horse racing. Mrs. Dowdy says that she really enjoys the supermarkets and

self-service shopping. She says that in Greece there are separate shops for each type of food, which makes shopping more difficult and time-consuming. Most popular foods in Greece are fresh Mediterranean seafoods and lamb; everything is served with a sauce of some kind along with many varieties of vegetables.

Because of the fact that Athens is very ancient and historic, the city is one of Europe's main tourist attractions. Therefore, it has become quite modernized with fine restaurants, hotels, and movies.

Catherine speaks English with a beautiful accent; Dean, who didn't speak the language at all, is learning fast.

Her Grecian recipe, "Mousakas" or Potatoes with Meat Sauce, follows. She says that she would be glad to give others recipes if anyone wishes to contact her.

**"Mousakas"**  
 1 pound ground beef  
 6 med. potatoes, peeled  
 3 T. shortening  
 1 med. can tomato paste or sauce  
 1 cup grated cheese  
 1 t. chopped parsley  
 1 med. onion chopped  
 salt, pepper  
 1 cup bread crumbs

Slice potatoes crosswise. Fry slightly. Remove from grease. Put beef and onions in frying pan and stir until brown. Add tomato paste, salt and pepper. Mix. Cover and let steam over low heat until thick. Remove from heat. Add 1/2 cup cheese and 3 or 4 spoons of bread crumbs and stir well. Take a small casserole and grease. Sprinkle with bread crumbs. Add layer of meat sauce, then layer of potatoes. Add rest of meat sauce on potatoes. Sprinkle with rest of cheese and bread crumbs. Bake at 350 degrees until brown, or about 20 or 30 minutes. Add water if more sauce is desired.

MRS. LLOYD DOWDY of Athens, Greece is pictured with her son, Dean, in the home of Mrs. Bonnie Ward of Littlefield. Mrs. Dowdy is here visiting her husband's parents, Mr. and Mrs. L. T. Dowdy, while he is working in Alexandria, Egypt. Mrs. Dowdy was born in Athens and the family has their home there. She supplies a Grecian main dish, "Mousakas". Pictured on the wall above is a Grecian dancer.

## Baby Shower Hosted for Mrs. Weaver

A Pink and Blue Shower honoring Mrs. Jackie Weaver was held Friday evening in the home of Mrs. David DeBusk.

The table, laid with a hand crocheted tablecloth over pink, was decorated with a centerpiece of blue and white dahlias on a two tiered white pedestal. On the second tier on the pedestal was a miniature doll holding a tiny blue telephone and on the dial of the phone was inscribed "the Weaver Line."

Refreshments of cake and pink punch were served to the guests.

The cake was decorated with a large stork, carrying a baby, fashioned of icing. Nut cups, filled with candy mints and centered with tiny baby bottles, decorated the crystal plates.

The hostess gift was a bottle and sterilizer set and a leather bound baby book.

Hostesses were Mmes. DeBusk, Peggy Johnson, Floy Dean Greer, Joan Bowen, and Anita Loubough.

## Missionary Baptist Bible School Scheduled to Begin August 10

Vacation Bible School at the Littlefield Missionary Baptist Church begins August 10 and will be held from 9-11 a.m. daily for one week.

Classes will be held in four departments. Theme for the school is "The Second Coming of Christ."

Rev. J.B. Cagle, pastor, will be general superintendent. Departmental superintendents are Mrs. Jennette Sisson, beginners; Miss Vicki Dinges, primary; Mrs. Jeff Farrell, junior girls; Mrs. J.B. Cagle, junior boys; and Mrs. Grover Dinges, intermediates.

Secretary for the week's activities is Miss Barbara Jenkins and pianist is Miss Lottie Jo Cole.

Everyone is welcome and urged to attend the last vacation Bible school on schedule in the city this summer.

## 13 Attend Brunch and Bridge

AMHERST -- Mrs. George Harmon and Mrs. Allan White were hostesses for brunch and morning bridge in the Harmon home Friday, honoring Mrs. Arnold Macmanus of Key West, Fla., who is visiting her sisters, Mrs. Lester LaGrange and Mrs. L. E. Slate of Sudan.

Mmes. Jack Durham, Norman Snyder, Wallace Gosdin, V. R. Stagner, L. Y. Nix, C. A. Duffy, Jr., Sam Harmon, W. E. McDaniel, Lee Payne, Lester LaGrange, Harold Clement of Littlefield, L. E. Slate of Sudan and the honoree attended.

## Maisie Naylor Reports On Christian Youth Convention

"Beyond Words -- Power!" is the theme of the 21st Annual Texas Youth Convention of Christian Churches which was held at TCU, Fort Worth, last week and attended by Miss Maisie Naylor. Miss Naylor accompanied a group of youth from the Shock View Christian Church, Fort Worth and was then assigned to a group from Gainesville. About 1500 youth from many parts of the state attended.

In giving her report to the local First Christian Church Sunday evening Miss Naylor stated that the recent Convention was most thought-provoking and inspirational of the five Texas Youth Conventions she had been privileged to attend.

Outstanding speakers were Dudley Strain of Lubbock.

# Bible Schools in Session This Week

## Baptist Vacation Bible School

Vacation Bible School at the First Baptist Church is in session this week and continues until Wednesday of next week. Principal of the school, Beryl Lovelace, announced an enrollment of approximately 200 students. Theme for this year is "Pleasing God With Our Lives". At right is a group out for recreation: Gina Beth Bartley is the girl in the air as she and her friends enjoy a game of jump rope supervised by leaders, Darla Neuschwander (left) and Karen Thaxton (right).

## Presbyterian Bible School

The First Presbyterian Church is holding its Vacation Bible School which will close Friday night with a picnic with Mrs. Oscar Wilemon in charge of preparations. Mrs. Gerald Sanders is director of refreshments this week. Enrollment for the school is 35. Three teenage workers, Andy Penn, Carol Smith and Mike Sanders, have been in charge of recreation for the pupils. At left Carol (left) and Andy (right) lead the kindergarten group in "London Bridges." Children enjoying the game are L. to R., John Joyner, Jay Harold, Debbie Mitchell, Keith David Kucifer, Kathy Lence, Kenny Kucifer, and Janet Kay Mitchell.

## Yarbrough Back in Business

Merlin Yarbrough recently bought Fenn Food at 9th and Hall. He was formerly in the grocery business here from 1944 to 1960.

He is a member of Panhandle Associated Grocers which gives him the combined buying power of hundreds of food stores. The store is presently being restocked and remodeled with many improvements added.

Yarbrough, his wife, Martha, and children, Doug 17, and Ann 15, reside in Littlefield at 502 Crescent Drive.

**LJHS Cheerleaders Attend Tech School**

Littlefield Junior High Cheerleaders, Kathy Hill, Marbra Jones, and Vicki McKinnon, are attending Cheerleading school at Texas Tech this week. The school opened Monday; the girls are staying in the dorms on campus for the week-long school.

This is Tech's first annual Cheerleaders school and has an enrollment of 380 students scheduled to be on campus through Friday. The school is sponsored by the Tech intramurals department in cooperation with the National Cheerleaders Association.

Participants have been spending the week learning

techniques in boosting school spirit, sportsmanship, novelty yells, crowd psychology, stunts, skits, yell demonstrations and recreation.

The cheerleaders are also studying the planning of pep rallies, songs, and chants, tumbling and new yells and footwork routines. Littlefield junior high cheerleaders should be able to do a great job after such a wonderful program.

**CITY BIT**

Mr. and Mrs. T.P. Collins of Tacoma, Washington were guests of Mr. and Mrs. W.M. Davis Friday. The Collins were enroute to Tacoma after a wedding trip through the Central States. Mrs. Collins is the former Miss Inez Marie Armstrong of Tacoma. Mr. Collins, a native Texan, is a nephew of Mr. Davis.

**Golf Tourney Held Sunday**

A Father-Son Golf Tournament was held Sunday at the Littlefield Country Club with 13 teams entering.

Golf ball prizes were given to the winners. Alex and Arthur Duggan took first place in the 18-hole senior division with Chick and J. S. Brown taking second.

In the 9-hole Junior division, Matt and Jarrell Giles were 1st place winners. Tommy and Brad Gilbert won second, with Mike and Johnny Talburt placing third.

Ricky Romero heads the wrestling card at the Littlefield Sports Arena Saturday night. In one of the three big matches Romero is an ole favorite of the wrestling fans in Littlefield and always gives a great bit in wrestling. Other matches on the Saturday night card are Bill Graham meeting Jerry London and Jerry Londoning on Black Bart. Wrestling begins at 8:45.

**LHS Students Enrollment Set**

Students at Littlefield high school, who pre-enrolled last spring, will need to check their class schedules on September 3 and 4, reminds James Pirkey, high school principal.

The check periods will be to assure that students have the courses required and to facilitate the framing of class sections, Pirkey said. Students who have moved into the district since last term can enroll at the high school on September 3 or 4, or may enroll now.

**70 Complete Summer Session**

Seventy students completed one or more courses in a sizeable summer school operation that closed its 9-weeks schedule Wednesday at Littlefield high school.

The summer schedule was directed by James Pirkey, high school principal, and had six instructors. It opened on June 2.

The school offered four years of high school English, government, algebra, plane geometry, general mathematics, general science, 7th and 8th grade English, reading, mathematics and science.

ed to Stop boll Weevil -- Necessity  
 This program to stop the weevils' spread to the rich Plains is not just a vital necessity. It sums up the thinking of the nations leading weevil experts who met in Rock Wednesday, July 22. Experts--entomologists representing USDA, Texas A & University, Texas Tech, and Agricultural Experiment and Extension Service--to finalize the plans for reaching boll weevil control program. (This group serves as a Technical Advisory Committee for the boll weevil control program.)  
 The program provides for not keeping the boll weevil in the Plains, but also to push the insect further back to the east. This would have the benefit of reducing cost chemicals and applications to the Plains on the east. J. C. Gaines, head of the Entomology Department at Texas A & M University, said weevil control costs in Texas where the insect problem runs \$6 to \$36 acre or more annually. In addition, up to 20% of the total cotton crop is lost to the weevil.  
 A second meeting on Thursday, July 23, was conducted for the Area-wide Boll Weevil Committee and county agricultural agents representing the 23 counties served by the Plains Cotton Growers Association. The county agents and committee developed plans for the intensive educational program which will be carried out in the county area.  
 This educational program is designed for smooth, effective control of the boll weevil. It is a program in all participating counties, says Don Rummel, Extension Entomologist. Several important points were explained and other clarified in the Technical Advisory Committee meeting. One of the significant statements concerned the spray program, which will begin this fall. This is the "heart" of the weevil control program. The plan is to suppress the boll weevil below the Caprock to such extent that it won't spread to the Plains. It was made known by Dr. Perry Adkisson, Texas A & M University Entomologist, that each and every grower in the area to be sprayed must participate. "Just a grower could provide a 'hot spot' which would allow weevils to survive and repopulate the area the coming spring," Dr. Adkisson pointed out. As for the fast a weevil can move this season, Dr. Adkisson pointed out this example. "In Missouri, weevils moved 90 miles in just one year to invade their area--until then, weevils."  
 It was emphasized by the entomologists the weevils' ability to spread out over a lot of territory in a short time should be of concern. "This could be ample evidence to Plains growers that this fight against the weevil doesn't belong only to Plains farmers hoping the Caprock to the east," an entomologist stressed. "If conditions happen to be right in Plains growers' guard was relaxed, the weevil could soon be knocking on New Mexico's door," it was explained.  
 Archie Geiser of USDA's Plant Pest Control Division, and several of his co-workers, repeated the initial spray program this fall would take place in Dickens, Floyd, Hrosby, Motter, Garza and Briscoe counties--and possibly others if the weevils' spray warrants.  
 The Texas Department of Agriculture will be in charge of signing contracts signed for individual cotton farms. These contracts provide an agreement between the farmer and USDA, Texas Department of Agriculture, and PCG for the spray program to be carried out. Farms in the fall spray program area will be sprayed with chemical for overwintering (pause) weevil control three possibly four times. Dr. Jones, of Plant Pest Control, said the spraying will be done by private planes whose pilots will be under contract to the Plant Pest Control for the spraying operation.  
 Thinking of the entomologists that the first spray for overwintering weevil kill should take place about September 10. Applications will follow at about 10 intervals.  
 Choice of a chemical--or chemicals--for the fall spraying program also came up for discussion. It was not decided which chemicals would best serve the purpose of both being economical, relatively safe for humans in populated areas and effective. Plant Pest Control officials told the group a series of research tests were under way to evaluate several chemicals. Three chemicals--each known to be effective for such a program--are now being evaluated. Final selection of the chemical to be used will take place shortly.

**GREETINGS:**  
You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty eight days before the return date thereof in a newspaper printed in Lamb County, Texas, the accompanying citation, of which the herein below following is a true copy.

### CITATION BY PUBLICATION

THE STATE OF TEXAS  
TO: DAVID L. MABBITT, LAURA M. MABBITT and GEORGE J. WEIS, the husbands and wives of each of said named persons, and UNKNOWN CLAIMANTS, Defendants, if living, whose residence are unknown to Plaintiff, and if dead, the legal representatives of each of said named Defendants, and the unknown heirs of each of said named Defendants; the legal representatives of each of said named Defendants, if the unknown heirs of each of said named Defendants are dead whose places of residence are unknown to Plaintiff, all of said parties being Defendants in said cause, and hereinafter called Defendants; GREETINGS:

You and each of you, are hereby commanded to appear before the Honorable District Court, for the 154th Judicial District of Lamb County, Texas, to be held at the Court House in said County, in the City of Littlefield, Texas, at or before 10:00 o'clock A. M. of the first Monday after the expiration of forty two (42) days from the date of issuance hereof; that is to say, at or before, 10 o'clock A. M. of Monday the 31st day of August, A. D. 1964, and answer the petition of Plaintiff in Cause Number 5589, in which Dan D. Quigley is Plaintiff, and each of the above named Defendants are Defendants, filed in said Court on the 15th day of July, A. D. 1964, and the nature of which said suit is as follows: Being an action and prayer for judgment in favor of Plaintiff and against Defendants for title to and possession of the following described lands and premises lying and being situated in Lamb County, Texas, to-wit:

Lots No. Four (4) and Five (5) in Block No. 138 of the Original Town of Olton, Lamb County, Texas, according to the map or plat of said Town recorded in the Deed Records of Lamb County, Texas.

Plaintiff alleges that on April 1, 1964, he was and still is, the owner in fee of the above described lands and premises, and was in peaceful possession of said land on said day, and that afterward, on the 2nd day of April, A. D. 1964 the Defendants unlawfully entered upon and dispossessed Plaintiff of such lands

and premises, and withhold from Plaintiff the possession thereof; Plaintiff further alleges that Plaintiff has title to said lands and premises under and by virtue of the five (5) and/or ten (10) year Statutes of Limitations as is more fully shown in Plaintiff's original petition on file in this suit; and Plaintiff further prays for relief, general and special;

All of which more fully appears from Plaintiff's original petition on file in this office, and to which reference is here made for all intents and purposes;

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

WITNESS, the undersigned, Clerk of the 154th District Court of Lamb County, Texas.  
Issued and given under my hand and the seal of said Court, at office in the City of Littlefield, Texas, this 15th day of July, A. D. 1964.

### Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.  
HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(d) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation, as to such bill with the Governor, Lieutenant Governor and Speaker of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy of bill shall also be given of introduction of any bill amending a law creating or governing a particular conservation and reclamation district such bill (1) adds additional land to the district, (2) alters the taxing authority of the district, (3) alters the authority of the district with respect to the issuance of bonds or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all lots shall have printed thereon the following: "FOR THE CONSTITUTIONAL AMENDMENT ESTABLISHING CERTAIN REQUIREMENTS RELATIVE TO THE ENACTMENT OF LAWS AFFECTING PARTICULAR CONSERVATION AND RECLAMATION DISTRICTS." "AGAINST THE CONSTITUTIONAL AMENDMENT ESTABLISHING CERTAIN REQUIREMENTS RELATIVE TO THE ENACTMENT OF LAWS AFFECTING PARTICULAR CONSERVATION AND RECLAMATION DISTRICTS." Section 3. The Governor, Lieutenant Governor and Speaker of the House of Representatives shall issue the necessary proclamation for the election and this Amendment shall be published in the manner required by the Constitution of this State.

## Muleshoe Area U.F. Sets Meeting

The 1st annual meeting and election of the Muleshoe Area United Fund has been scheduled for Friday, August 7, 8 p.m. in the Community Room of the Bailey County Electric Cooperative. Inez Bobo, President, announced that new officers and board members would be elected during a program that would also include operating reports and an address by Barney E. Rushing, Jr., longtime United Fund leader from Lubbock.

The Fund's organization was fostered by the Muleshoe Chamber of Commerce in August 1963, after investigation to establish a need and desire for some form of united campaign. The group chose the name Muleshoe Area United Fund and set their area of operations to include all of Bailey County and any adjoining sector which might desire to participate.

All health, welfare, youth, and recreation agencies active in the area were urged to apply for inclusion in a single fund-raising campaign, and eventually ten of them became participating member agencies.

In order that contributors could choose where their money went, it was decided that contributors would be asked to designate which agency was to receive how much of a gift and exclude any agency not desired. This is a permanent policy of the Fund and will be continued this year.

The 1963 campaign was a complete success, with campaign chairman Marie White directing over 100 workers in the effort to give every firm and individual a chance to contribute. The goal of \$13,000 was reached and exceeded.

The names of participating organizations and the amount of support given each through the 1963 budget follow: Girl Scouts \$1600, Boy Scouts \$2100, Muleshoe American Field Service Scholarship \$700, Bailey County Jr. Stock Show \$2500, American Red Cross \$800, Muleshoe Area Youth Center \$750, Salvation Army \$1500, 4-H Club Recognition Committee \$150, Texas United Fund (12 agencies including the U.S.O.) \$200, and Babe Ruth League \$600.

The featured speaker of the evening, Barney E. Rushing, Jr., is vice president and secretary of Hemphill-Wells Company of Lubbock. A native of Plainview, he joined the Lubbock firm in 1934 while a student at Texas Tech. Since then he has come to be one of the community's best boosters, a tireless worker in civic and charitable causes.

Rushing is eminently qualified

## Firemen Attend Training School

Three Littlefield men, Leon Durham, Bob Hill, and Bill Cox, attended the 35th Annual Firemen and Fire Marshall's Training School at College Station July 19-25.

The three took basic training courses in fire fighting and rescue operations. Methods have been changed in the rescue operations course since last year's school.

This year several doctors were there to demonstrate various new methods in giving artificial respiration.

led to address a United Fund gathering. He has worked with the United Fund of Lubbock for many years, having served as both president and campaign chairman. He still serves on the board of the organization, and last year he was Chairman of the Special Gifts Division.

His interest and support for the united way of giving extend beyond the local level. He is a director of the Texas United Fund and serves on its Admissions and Budget Committee. He is also a member of the National Budget and Quota Committee, an independent body which reviews the budgets and activities of charitable agencies across the entire country.

Outgoing officers of the Muleshoe Fund group are Inez Bobo, president, Sam Fox, 1st vice-president and chairman of the Budget and Admissions Committee, Marie White, 2nd vice-president and campaign chairman, Owen Jones, 3rd vice-president and public relations chairman, and Bo Bryant, treasurer.

All persons who contributed through the Fund are eligible to vote in the election, in which 20 directors will be chosen for new 3-year terms in addition to the 1964-65 officers.

The public is invited to the meeting, and refreshments will be served.
