Egg Producers Set Plans for A Processing Plant

Egg Producers, Inc., an incorporated a month ago, announced plans this week for the construction of a processing plant here.

She explained that her company was going out of business temporarily and that she and her husband are going to Arizona this summer for her health.

The building has already been assigned a plant number, according to Tom Hilbun of the corporation.

The organization is now waiting on approval of an application to grade and process eggs, he said.

The caged layer movement started early this year when interested persons started a drive for the organization.

Since that time, Hilbun said, eggs produced by caged layers in this area have grown larger, both in size and quantity.

Dub Gilder was named to head a Ground Observer Corps post in Littlefield as Force began organization of Lamb County.

Water District Boundaries Set; Petition Is Started

A petition that would start the ball rolling on a \$1,200,000 drive to buy water rights on 36,000 Sandhills acres is being drawn up this week by Lamb County Water Association attorneys.

The step was being taken after the association's boundaries committee announced that it had established the metes and bounds for a proposed water control and improvement district in the county.

The object of this, Everett stated, was an effort to keep the dry land farmer out of a bond election to purchase Sandhills water rights.

Industrial Survey Plans Formulated

Events were taking place in rapid-fire order this week as the push to bring industry to Littlefield gained momentum.

This is what happened the first three days of this week: 1-Homer Garrison, local automobile dealer and civic leader, was chosen to head a steering committee which will direct the project until the Littlefield Industrial Foundation is organized.

A group of businessmen met Monday at Fisher's Restaurant and unanimously chose Garrison to head the local move to "balance agriculture with industry."

In accepting the leadership of the group, Garrison said, "It will be a pleasure to head a project that obviously had the enthusiastic approval of so many people. It is that very enthusiasm that will make our efforts successful."

Members of the temporary steering committee are Carl Keeling, Jim Crump, Howard Horne, Dan Staggs, Dub Gilder, Art Chesher, and Doug Poe.

The committee is made up of men who flew to Hugo, Oklahoma last week end to find out how that small southeastern Oklahoma town had successfully attracted industry.

Sparked with the knowledge that industry is moving to the South at the rate of one new plant every 24 hours, the committee is moving rapidly to lay a solid background for an intensive drive.

Telegrams were sent early this week to Texas University, Texas A&M College and Texas Tech requesting a survey of the area immediately.

The University of Texas replied that it offers, such a service but works through Texas Tech in this area.

Dr. Heather, dean of the school of Business Administration of Texas Tech, impressed with the enthusiasm of the steering committee, offered the services of his department to begin a survey immediately.

A meeting has been called with Tech officials for 3 p. m. today to work out details of the project.

One large firm contacted this week said they would wait on the outcome of Littlefield's survey before deciding whether to locate a plant in Littlefield in preference to some other South Plains town.

Much of the initial effort of the local group is being channeled towards getting a strong and stable market for produce raised in the county.

Contacts were made with canneries, processors and one of the largest packers in the world.

Man Dies In Sudan Mishap

A Sudan man was found dead Tuesday morning, pinned under a tractor-type vehicle that he was believed to have been using to unstuck his car.

The body of Willie Lee Rice, 47, was found by two brothers, Carlous and Audrey West, about a mile west of Sudan on a road under construction there.

It was believed that he had gotten his car stuck, and that he had tried to use the tractor-type vehicle to pull the car out. However, he pulled the vehicle too close to a 10-foot pit and it slid into the hole, taking him with it.

Funeral services for Rice were held Wednesday afternoon in Sudan at the First Baptist Church under the direction of the Payne Funeral Home. He is survived by his wife, three sons, Bill, Douglas and Norman, and three daughters, Willie Mae, Wanda and Kathy.

250 HEAR AIKEN DISCUSS WATER CONTROVERSY

A light rain fell in Olton Monday night, but the big news there was a flood of discussion on the area water problem.

Representatives from all parts of the county and some from as far as Clovis and Muleshoe gathered in an audience estimated at 250 to hear John D. Aiken, attorney employed by the Bi-State Water commission, comment on the controversy between his group and the city of Lubbock.

Aiken referred to Lubbock's intention to pump water from 53,000 acres of Bailey County land on which the South Plains metropolis purchased water rights in 1952.

"This is the beginning of a problem that will last for several years between municipalities and farm land," Aiken stated.

He stressed that the controversy is an area problem and is not limited to the Muleshoe District. He contended that constant pumping of water from that area would deplete Sandhills water supply long before its time.

"Lubbock is setting a dangerous precedent in going outside its limits to buy water rights. What is to prevent Big Spring, San Angelo, Midland and Odessa and others from doing the same thing?" he asked.

Aiken said that Lubbock had first said they would drill six to eight wells and pump 10 million gallons of water daily.

"It is difficult to believe that Lubbock would ask its taxpayers for \$6,000,000 to carry 10 million gallons of water daily in a 48-inch line. A line that large is capable of carrying up to 70 million gallons of water daily," he continued.

Sears Sets Store Plans

Sears, Roebuck and Co. will shortly open a new Catalog Sales Office in Littlefield, it was announced yesterday.

The new Catalog Office will be at 406 Phelps Avenue in downtown Littlefield next to the J. C. Penney location. It will be located in the building owned by Max G. Wood of Perryton, Texas.

While the opening date has not yet been determined exactly, it will be in the near future, and will receive wide publicity in this shopping area.

Sears, Roebuck and Company operates well over sixty Catalog Sales Offices in the southwestern territory of the company, which includes Texas, Oklahoma, New Mexico and parts of Arkansas and Louisiana.

The entire United States is served by over 700 such sales units.

Emmett Jacobs, a wheat farmer from Oklahoma City, will be the principal speaker tonight at eight in the district court room when farmers will meet to discuss current farm legislation.

A representative of the Farmers Union, sponsor of the meeting, said that those in attendance will also discuss feasibility of forming a Farmers Union branch organization in Littlefield.

There are some 700 Farmers Union members in the county.

Here's List Of Precinct Conventions

Democratic and Republican precinct conventions are set for 2:30 p. m. and 5:30 p. m., Saturday, respectively.

O. Masten Farm, 2 1/2 miles N. E. of Sudan; Precinct 8, American Legion Hall in Amherst; Precinct 9, Fieldton school house; Precinct 10, Sod House Headquarters; Precinct 11, Rocky Ford church; Precinct 12, Dist. Court Room in Littlefield; Precinct 13, Beck Gin Office; Precinct 14, Harri Camp school house; Precinct 15, V. T. Tanner office in Springlake; and Precinct 16, school house in North Littlefield.

Republican convention places are as follows:

Precinct 1, Spears Drug Store, Olton; Precinct 5, E. D. Tate residence, Spade; and Precinct 12, Court House in Littlefield.

Area Gets Needed Rain

Farmers over Lamb County welcomed moisture Monday night which measured as high as one and one-half inches in some parts of the county.

Heaviest hit area was around Spade where the total reached 1 1/2". Springlake and Fieldton got an inch, but Amherst, Olton and Sudan reported only light showers.

In the Oklahoma Flats area near Whitharral, an inch was recorded, but reports said that the southwest part of the county generally received less moisture than other areas.

The southwest part of the county is the dry land area. Bula reported no rain.

Littlefield's official figure was .79".

Three-Year-Old Dies In Sunday Fire

By WILDA STONE

"Daddy, I'm burning to death," were the frightening words that rang out on the clear sharp air in the early hours Sunday morning.

Juan M. Esquivel ran to the small frame building only a few yards from his own house. Flames were licking at the timbers and the roof had already begun to sag on the small house of his daughter, Frances, and her month-old daughter, also named Frances.

The smell of smoke and burning wood filled the air as Juan suddenly realized that his three and a half year old son, Joe Frank, was also sleeping in the burning building.

Frances and little Frances lay just inside the door. Juan frantically pulled his daughter and the baby to safety and lunged into the flaming house, crying "My baby, my baby." He searched the bed, but was forced out of the inferno. Suddenly the firemen had arrived and were fighting the fierce blaze to bring it under control.

"THERE'S WHERE MY BABY DIED," sobbed Juan Esquivel, father of Sunday's fire victim, Joe Frank. Other members of the family are Julian Antonio, Alexandria, Esquivel, Mrs. Esquivel holding Anriqueta, Aibita and Adalina. Another member of the family, Juan Jr. is not shown. Wildcats Continue Spring Training

The Littlefield Wildcats rolled past the mid-way mark in their three week Spring

Training period Wednesday with scrimmaging going on every day. Pictured above are

the eight candidates for the end position. From left to right is Larry Weaver, Willy

O'Dell, Leslie Bevel, Andy Parker, Tommy Joe Wimberley, Robert Massengale, Hil-

ton Hemphill and Raymond Thornton. Only Andy Parker is a returning letterman. The

rest will be on the "A" team for the first year. Wimberley was a candidate for the full-

back slot but was recently shifted to the end position. The Wildcats are looking for-

ward to their inter-county game which will be played the night of May 11.

Two Teams Added To Little League

Yarbrough Food & Foust Food To Sponsor Two New Teams

By JIMMIE CHAPMAN

The bidding of the Little League players went off as scheduled Monday night in the court room of the City Hall with only the coaches, sponsors and officers present.

On the last day before the bidding was scheduled to take place, Lowe and Company took over the team formerly known as Smith and Badger. E. J. Foust of Foust Food Store and Bob Yarbrough of Yarbrough Food Store also came into the League and offered to sponsor two new teams, making a total of eight in the League this year. They will buy uniforms and equipment for the two teams.

With the addition of the two new teams, no boys were left off of a team, making the proposed suggestion of a farm team unnecessary. If the two sponsors had not come forward and volunteered to sponsor these two new teams, more than 40 boys would have been put into the "minor League" or farm system.

The players agent, L. V. Pierce, gave each one of these two teams, seven of the players off the roster in order that they would have something to work with and make the League evenly matched.

All of the boys reported to the fairgrounds Tuesday and were assigned to their respective teams. Yarbrough announced that Milan Fields and Ace Birdwell will coach his team and that they are scheduled to work out Friday afternoon at 5:00 p. m. Lloyd D. White will manage the Foust Food team.

A committee was scheduled to meet Wednesday night to work out a schedule for the coming year.

Mental Health Is Discussed At Study Club Meet

The 1950 Study club of Anton met Wednesday in the home of Mrs. Neil Herring as hostess.

The topic of discussion was "The Club Woman Realizes the Need for Increased Knowledge in Mental Health Technique."

Roll call was "Ways we as club women can help in the solution of this problem."

Mrs. Dave Tullis discussed "Mental Health and Effective Living."

The project was the observance of Garden Week, by exchanging of plants and seeds.

Members voted to re-open the youth center.

Mrs. Neil Herring will attend the Texas Federation of Women's Clubs in Dallas May 7 to 10, and represent the 1950 Study club of Anton.

Refreshments were served to 15 members and four guests, Mrs. Harlen Black, Mrs. C. F. Brice, Mrs. Dave Tullis, and Mrs. Cecil Overstreet.

Deaf Smith Area Added By Local TEC

The addition of Deaf Smith county to the area served by the local office of the Texas Employment Commission has been announced by J. D. Jordan.

Jordan said that the area now served includes Lamb, Bailey, Farmer, Castro and Deaf Smith counties.

Also announced were plans for a second sub-office in Hereford, slated to be in operation this week. A sub-office is already located at Muleshoe for placement service in that area.

Latest figures from the local office showed that placements to non-agricultural firms were 78 for the period ending April 25, 1956, compared with 73 for March and 107 for April, 1955.

"Activity is in full swing on farms, with some planting, irrigating, and weeding of cabbage and onions," Jordan said.

He estimated that there are some 21,000 acres of vegetables and 350,000 acres of cotton in the five county area.

Also announced were openings for 25 top quality farm couples at present.

followed Aiken's discussion, and one of the first questions was:

"What are specific things we should do in this area?"

Aiken said that the situation should be watched closely, and an effort should be made to try to keep Lubbock from taking too much water.

V. T. Tanner, president of the Lamb County Water Association, was introduced and told of his organization's plans to formulate a county water control and improvement district.

"We hope to profit by your mistakes," he said, addressing the delegation from Muleshoe.

Conversations with several of the Muleshoe representatives after Tanner's explanation of the proposed district in Lamb County revealed that they thought the Lamb County plan, at first glance, to be a sound preventative measure.

They contended, however, that this would not stop the county's problem completely, since Lubbock could pump the Sandhills underground water supply heavily without ever digging a well in Lamb County.

Tanner's contention was that Lubbock would have much less opportunity to get Lamb water than if the rights were left open and Lubbock came along and set up operations in this county.

A KDU-TV news bulletin Monday night quoted Lubbock city officials as saying that the city was not interested in Lamb County water rights.

Joe Frank was born in Austin, July 4, 1951. His parents moved to Littlefield shortly afterward, where his father is employed by Thompson Wrecking Company.

Survivors include his parents, five sisters, Frances 17, Adeline, 13, Alexandria 10, Abitia E. Arriqueta, one year, and two brothers, Juan Jr., 15, and Julian Antonio 7.

In summing up the week's activities, Howard Horne, local Public Service manager, commented:

"We are on our way to bringing a stable economic future to Littlefield. Just how far we'll get will be measured only by how important it is to every man, woman and child in Lamb County. The sky is truly the limit."

"I See By The Leader"

Rev. Harry Vanderpool, pastor of the First Methodist Church, Littlefield, addressed the Earth Chamber of Commerce meeting, Tuesday.

Mrs. John Lee has returned home from the Medical Arts hospital. Her daughter and husband, Mr. and Mrs. Lynn McDaniels of Kermit have been staying with her since she has been confined.

Mr. and Mrs. Jeff Perkins had as house guests the past weekend, Dr. and Mrs. Clifford Nelson and daughter, Sylvia of Brownwood. Dr. Nelson is a minister.

Mrs. Larry D. Hooley, visited her husband, Pvt. Hooley, at Fort Carson, Colorado, recently. She was accompanied by Pvt. Hooley's parents, Mr. and Mrs. Cliff Hooley of Springlake and his brothers Lynn and Ray. Mrs. Hooley is staying with her parents Mr. and Mrs. Carl E. Gann Services Are Held Monday

Funeral services for Mrs. Nellie Moore Gann, 75, were held at 4 p. m. Monday in the Hammons Funeral Home Chapel with Rev. Henry Haupt, pastor of the First Presbyterian Church officiating. Mrs. Gann, former Lamb County resident, died Friday at Wichita Falls.

Born in Alabama, April 28, 1881, she was later married to Ben Gann, widely known Lamb County farmer. Gann preceded his wife in death in September, 1955.

Survivors include two daughters, Mrs. J. Lee Plexico of Sylacauga, Ala., and Mrs. Tom Moore of Atlanta, Ga.

Burial was in the Littlefield Cemetery.

Brandt No. 1 Is Dry Hole

The Anrolla Brandt No. 1, a well located about two miles out on the Clovis highway, is a dry hole and has been plugged. Pete Sitton, Livermore Drilling Co. superintendent, said Wednesday.

Sitton said that drilling had stopped at 4075 feet.

Another well, the Townsite 105 located north of the football field, is at 3350 feet drilling in limit. Sitton reported.

In other oil news this week, it was announced that the DeKalb Agricultural Assn., Oil and Gas Division, has staked the location on a well about one mile west of a point a mile and a half out on the Levelland highway. The assn. will dig a 4,200-foot San Andres test.

Local Churches To Observe Soil Stewardship

Soil Conservation Districts throughout the nation will begin the observance of Soil Stewardship Week Sunday.

Soil Stewardship Sunday will be observed in all the local churches in cooperation with the Supervisors of the Lamb County Soil Conservation District, according to Thurlo Branscum, chairman of the local board of supervisors.

The purpose of Soil Stewardship Sunday is to remind people in all walks of life that man is only the steward, not the owner of God's soil, water and plants.

When man fails in his stewardship of the soil and water he brings poverty not only to himself and his community but to his descendants for generations to come, Branscum said.

To publicize the idea of Soil Stewardship Sunday, sixty Lamb County ministers have been furnished material for their sermons by the local Board of Supervisors of the Lamb County Soil Conservation District. Churches of all faiths are joining with them in placing emphasis upon man's obligation to be a faithful steward of God's soil and hope that all who attend church next Sunday will reflect on their individual stewardship.

Local FFA Team Scores In Annual Ag Judging Contest

A Future Farmer of America judging team from Littlefield High school won a first place in the 29th annual South Plains and West Texas vocational judging contest held Saturday at Texas Tech.

The local team was competing with more than 1,500 students representing some 150 West Texas high schools.

Littlefield finished first in land judging, fifth in dairy cattle, second in cotton, ninth in crops, and ninth in poultry.

Members of the team which placed first in land judging were Paul Yarbrough, Dale Savage and James Blessing. Savage won second in the individual rankings of the land contest. Yarbrough was 4th.

Another individual place was David Hampton, fourth in cotton. Instructors are W. W. Hall and James Pirkey.

Pryor Agency Sold To Duffy, Willett

The Loyd Pryor Insurance Agency has been transferred to the firm of Duffy and Willett in Amherst.

The transaction was effective March 1, Pryor said.

Now known as the Duffy and Willett Insurance Agency, the organization is headed by C. A. Duffy Sr., of Amherst.

Pryor said that the transaction ended his part in the insurance business and that he is now handling only real estate and auto sales.

have been available for corn in commercial areas which was not produced under allotment controls.

Benson announced the new move to support such corn at a news conference.

One of the things we need to keep in mind in attracting new industry to Lamb county is that perhaps our most fertile field is the industrial concerns which are already here. It is quite possible that we will find it easier to encourage and assist them to expand than to attract brand new concerns into the area. We ought to work on both.

Such things as the compress, cotton oil mill, concrete pipe plant, egg grading plant, packing shed, etc., are fine things for our community, and if we can doubt their capacity, they will be twice as good.

There is no doubt that the Littlefield Industrial Foundation which is being organized will show as much interest in assisting existing industry with expansion plans as they will in attracting new industry.

Congratulations to the Jaycees on buying flags and hunting for use on festive occasions when the town needs to be decorated. They plan to ask each organization using them to contribute \$50 until they are paid for. This will represent a saving of \$75 to the Cotton Festival Committee, which paid \$125 rent on similar hunting last year.

See where the Bailey County Commissioners Court figured out a way to buy the additional right-of-way needed to widen Highway 84 through their county to four lanes. That means every county on this main artery between Clovis and Lubbock has arranged for the right-of-way, except Lamb county.

It's liable to be had for us when residents of the area can drive to Lubbock or Clovis more conveniently than they can drive to Littlefield, Amherst or Sudan.

Social Security Representative To Be Here May 10

A representative of the Lubbock Social Security Office will be in Littlefield on May 10th at 10:00 a. m. at the Employment Office, and will be glad to assist in all matters pertaining to Social Security.

Now is the time of year when the old poem, "No more school, no more books," etc., comes to mind. Final exams and grades are due—then the summertime vacation will roll around, and you can go out and work and make some good, old money. But wait a minute! Are you now receiving social security checks each month, based on your father's or mother's social security account? If so, you will want to keep in mind the rules on earnings for persons who are regularly receiving these Government insurance benefits.

The social security law says any individual who is receiving monthly social security payments is allowed to earn as much as \$1200 in a year without losing any of his social security checks. This means that if you have a job for the summer and earn over the \$1200, you are not eligible for all of your social security checks during the year. You will lose one month's benefit payment for every \$80 or fraction of \$80 which you earn over that amount.

Another part of the law says that you may still receive your payments for any month in which you do not earn over \$80. This means that if you earn \$300 in June \$350 in July and August, and \$300 in September with total earnings for the year of \$1300, you would not receive any social security check for two of the months of that period, but would still be paid for the other months, if you did not earn over \$80 in any of them.

It might be a good idea to think again of that poem, "No more school, no more books," and keep books on your earnings this summer. And if you have any questions about your earnings and your social security benefit payments, ask for more information at your social security office.

Save Your Valuable Rugs and Furnishings
Soil free carpets and upholstery wear longer. We recommend frequent cleaning with the new, easy to use, Blue Lustre.

The swift action of this new miracle foam works equally well on wall-to-wall carpets, fine oriental rugs or upholstery. Bright original colors gleam like new. Blue Lustre is easily applied with a long handle brush, leaving the pile open and lofty. No residue remains to cause rapid resoiling. Very economical too, as 1-2 gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.

LITTLEFIELD, LAMB CO., TEXAS, THURSDAY, MAY 3, 1956

FUMIGATES MAY BE THE ANSWER to the cotton nematode which is reported to have appeared in Lamb County during the past year. Above, John Gibson Jr. of Plainsman Supply and Fumigation, set up operations. Soil Fumigates are put on at the rate of 2 gallons per acre at a cost of 20 lbs.

Cotton Nematode Does All Its Damage Beneath Soil Surface, Haney Reports

Nematodes have shown up in different places in Lamb County during the past year. County Agent Bob Haney reports that the insect, a worm 1-32 inch in length, is not familiar to this area, but it does its damage beneath the surface of the soil. It spends its entire life feeding on the root system of cotton. When the nematode hatches, it is attracted to the plant root system where it bores its way into the cotton root and forms a knot where it feeds during its entire life cycle. This procedure is completed about every 30 or 40 days, he said. At the end of the cycle, each female nematode will produce from 100 to 1,000 eggs, which means a great build up in a short period of time.

Lt. Col. Ragsdale Advises ROK Army In Logistics

TAEGU, Korea—Lt. Col. Robert E. Ragsdale, whose wife, Genevieve, lives on Route 2, Littlefield, recently was one of 17 U. S. Army officers advising the Republic of Korea Army in staging its first logistical exercise.

The seven-day exercise, trained over 20,000 Korean soldiers in logistical support through the paper movement of supplies and equipment to strategically located ROK units.

Colonel Ragsdale is assigned to the Korean Military Advisory Group.

death of plants. These symptoms usually occur in spots rather than entire field acres.

"When such symptoms occur, stalks should be pulled up and inspected for verification of nematode infestation," Haney explained.

Should nematode infestation occur, there are two things which will decrease the damage to given crops. One is a crop rotation system involving grain sorghums on infested areas, as nematodes will not damage grain sorghums to any important degree.

A second method is soil fumigates which are now being perfected. Experiments have shown that soil fumigates may be the answer to nematode control. This fumigation can be done in rows or on a complete ground coverage operation.

"This insect, although microscopic in size, is capable of costing farmers hundreds of dollars," Haney stated.

Symptoms should be carefully watched for, he said, adding that immediate action should be taken when they occur.

Last year, the American Red Cross conducted 30 national aquatics and small craft schools throughout the country, in which 3,000 students were trained to be instructors in the fields of first aid, water safety, and small craft.

Fire Destroys Home Of Juan Tijerina

By MRS. LESTER LA GRANGE
 Amherst Volunteer fire department responded to a fire alarm at three o'clock Friday afternoon. The home of Juan Tijerina in the east part of town on Bell street was a mass of flames when the fire boys arrived, and was a total loss.

Juan has been the yard man for several families in Amherst a number of years. They with many others donated household goods, clothing and food and more than \$150.00 was collected and donated to Juan and family.

EIGHTH GRADERS PICNIC IS AT EUGENE PRIDDY HOME

Members of the eighth grade at school enjoyed a weiner roast at the Eugene Priddy home on Earth Highway, Friday night.

Games were played indoors and out, by most members of the class. Their sponsor and teacher, Mrs. Ray Blessing, Mrs. Troy Lance, Mrs. Odie Kelton, and Mr. and Mrs. Priddy attended, also.

Mr. and Mrs. Jim Traugott are parents of a daughter named Shelby, born Friday, April 27, at the local hospital. He weight was five pounds, eight ounces. They have an older daughter, Shannon, age five.

Mrs. Marvin Wagner spent Friday in Littlefield with her daughter, Mrs. Orville Bassett and in-

Amharillo visitors Monday.

FARMERS UNION TO MEET MAY 3rd
 Paul D. Bennett, secretary of the Farmers Union urges everyone interested to attend a meeting, Thursday, May 3, at 8 p.m., at the courthouse in Littlefield. Gene Campbell recently secured the agency for insurance with the Farmers Union.

PRE-SCHOOLERS TO VISIT IN SCHOOL

Supt. Osborne announced that Friday, May 11, all children who are to enter Amherst school for the first time in September are asked to spend the day at school.

This program of orientation is to acquaint the small boys and girls with school. They will spend the time with the first graders and will be served lunch at noon. Mothers may attend also. Town mothers are asked to call at three o'clock for their children. Others will ride the buses.

Mr. and Mrs. Larry Atkinson returned to Los Angeles, Calif., Saturday evening by plane from Lubbock. They had been at the bedside of his mother, Mrs. L. M. Atkinson, who was seriously ill in Methodist hospital. She was stricken while in Friona, April 22.

Mrs. Atkinson's husband and daughters, Mrs. Strau Coffer and Mrs. L. C. Rhodes have been in Lubbock most of the time. Early this week she was somewhat improved.

Mr. and Mrs. Bill Rowland were

Mrs. Lester West and Mrs. Gayle Ballard, and little son of Hobbs, N. M., spent Friday and Saturday with the Larkin Nixes, Sam Harmons and other friends.

Mr. and Mrs. Jack Melton and son, Jodie, of Odessa, spent the weekend with his mother, Mrs. Velma Melton, and brother, Jim and family. On Saturday, they all went to Hub for a visit with their daughter and sister, Mrs. Delmer Hill and family and the Hills came here for Sunday.

Mr. and Mrs. Luther Useiton were in Burkburnett during the weekend. They took her aunt, Miss Lena Patton home after a visit of several weeks here.

Among those attending the show at the Fair Park Coliseum in Lubbock Thursday night, were the J. L. Breshears and Laverne Yong families.

W. J. Williams has returned from Colorado, where he was employed.

Mrs. Fred Stephens of Slaton is spending some time with her daughter, Mrs. Jim Traugott and family.

Mrs. Doyle Tapley was a Lubbock visitor Friday.

Charles Jones attended a Democratic rally in Lubbock Friday night.

Elbert (Son) Houst of Ft. Worth visited friends in Amherst Sunday. He spent several days with his mother in Littlefield.

Mr. and Mrs. Jim Nix were in Wilcox, Ariz., this week on business. They visited their daughter, Mrs. Tommy Taylor and family, while there, Jimmy stayed with his uncle, Matt Nix Jr., and family while his parents were away.

Mrs. W. F. Mayfield and Mrs. Isabel Wagner visited in Dimmitt early last week.

Mrs. Victor Oxford and her daughter, Mrs. D. D. Yantis and little daughter of Littlefield, were Lubbock visitors Thursday.

Gina Marie Tadlock of Lubbock spent the weekend with her grandparents, Mr. and Mrs. Lee Payne. Her parents were business visitors in New Mexico.

Rev. and Mrs. R. H. Campbell of Olton visited their son, Gene, and

family Thursday.

Mrs. M. E. Cary is improving in the Amherst hospital, following an illness of several days. Mr. Cary underwent surgery, in Plainview, and is recovering satisfactorily.

Rev. W. B. Swinn of Pettit preached at the local Methodist church Sunday morning, in the absence of the pastor. He is an ordained minister and is a member of the faculty at Pettit school. Mrs. Swinn accompanied him there.

RIGHT FOR ALL WEATHER

● TROP-ARTIC® Motor Oil gives the protection your car's engine needs at every season of the year. It won't get too thick in cold weather. It won't get too thin in a hot engine. We're so sure you'll be delighted with the performance of TROP-ARTIC Motor Oil that we make this guarantee:

Use a crankcase-full of TROP-ARTIC Motor Oil for ten days or up to 1,000 miles. If you aren't completely satisfied that it lives up to all the claims made for it, your Phillips 66 Dealer will replace it with any other available oil you prefer—at no expense to you.

Could anything be fairer? Change to TROP-ARTIC All-Weather Motor Oil at your Phillips 66 Dealer's.

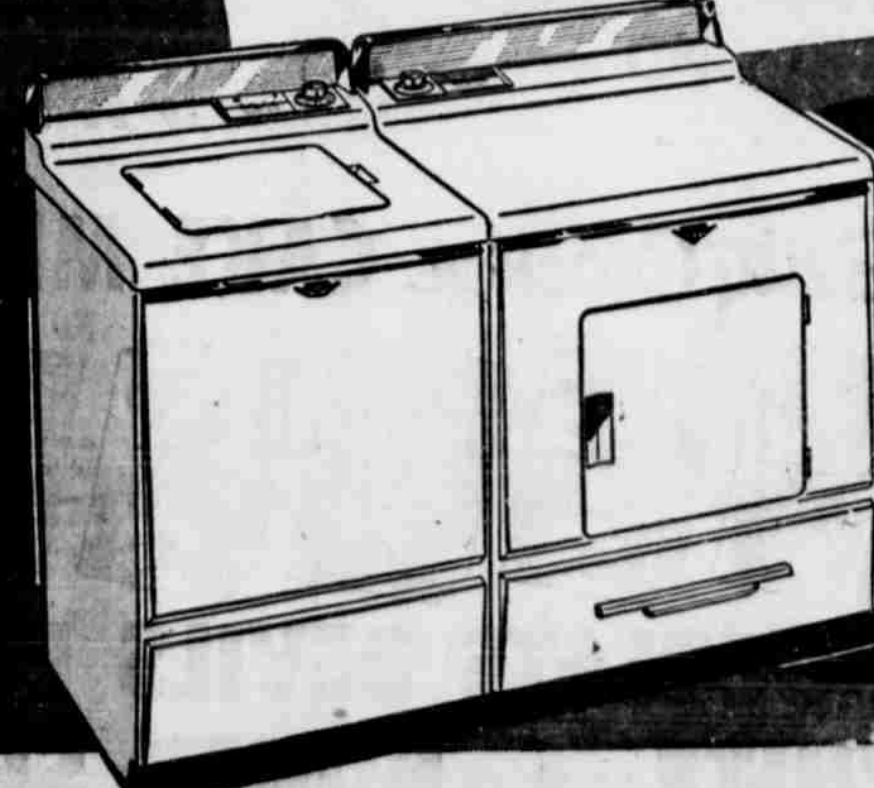

Be Weather-Wise! Change Today!

You'll benefit from easier starting... up to 45% less oil consumption and 40% less engine wear... longer gasoline mileage. And TROP-ARTIC keeps engines cleaner. Compared to old-fashioned motor oils it can even double engine life!

Mrs. E. M. Shepperd and daughter, Edith, visited Mrs. Shepperd's granddaughter and family, Mr. and Mrs. Sid McFall at Matador, her sister and husband, Mr. and Mrs. Riley Burch of Abilene, and her son and family, Mr. and Mrs. Roy Shepperd, at Snyder, during the past weekend.

MRS. ALFORD IS HOST TO GUILD MEET
 Mrs. Dan Alford was hostess to the Wesleyan Guild Thursday, April 12.

The meeting was opened with a prayer by the president, Mrs. Joe Garner. Each member brought her treasure chest and a dollar for the Guild Life Membership fund.

Mrs. Garner appointed a nominating committee with Mrs. Brad Gilbert as chairman. Mrs. Dorman Shockley, Mrs. Neil Herrin, Mrs. Dave Tullis, and Mrs. Dan Alford forming the committee. The group voted to change the meeting time to 8:00 p.m. A treasurer's report was given by Mrs. Carl Butler and a banquet report was given by Mrs. Dave Tullis. Mrs. Thomas James opened the program, "Builders of Peace," with an inspiring devotional.

Mrs. Royce Womack gave an interesting talk entitled "For Such a Time As This."

Mrs. Dorman Shockley and Mrs. Carl Butler gave World Federation of Methodist Women.

Mrs. Shockley closing the talk with a prayer in Latin, was followed by a prayer in Spanish by Mrs. Marion Mayes. Mrs. Dalma Bass gave, "You Are a Treasurer" with the program closed with a prayer by Mrs. Bill Brewer.

Refreshments of strawberry pie, coffee and cakes, were served to 20 members, and one guest, Mrs. Orville Daily.

The ladies of the Eastern Star entertained the Masons and their wives Saturday night in the Masonic Hall.

Refreshments of ham and all the trimmings and coffee, and cakes were served.

Mr. and Mrs. Robert Newell spent Sunday with their daughter, Bobby Dean, who is attending Wayland College at Plainview.

THIS WEEK
 —In Washington

With
Clinton Davidson

In the spring we like to pick bouquet or two and pass them around to folks in Washington who are far more accustomed to a kick in the pants.

It has been our observation from 25 years on the Washington scene that a great majority of Washington officials do a good job, but that it is the few who do not that cause many people to think that most of them are bunglers.

Most folks think Washington is run by a bunch of politicians and professional job-holders. That is only partly true. There are hundreds of men and women who accept government jobs at a personal sacrifice because they feel a public duty to serve their country.

For every paragraph you read about dishonesty in Washington we could write a column about men and women who are doing a fine job, without expectation of public praise. Some of them spend a lot of their time dodging the barrage of brickbats thrown by scandal-hungry columnists.

This week we would like to give our bouquet to a Texan who came to Washington six months ago to become Assistant Secretary of the Air Force in charge of buying planes and all of the other more than 1,250,000 items that go to build the air arm of our military defenses.

Dudley C. Sharp supervises the spending of \$10 billion a year, to build and maintain the most powerful air force in the world. That is for material only and does not include salaries and other operational costs. It is the largest single item in the national budget.

Before coming to Washington, Mr. Sharp was president of the Mission Manufacturing Company, of Houston, an oil industry supply firm. He served in the Navy from 1942 to 1945. He is as proud of the Air Force as if he had originated the idea.

"My first striking impression," he says, "concerned the tremendous size of the U. S. Air Force — and when a Texan admits to being impressed by the magnitude of anything, it must be big."

His second impression was one of respect and admiration for the military and other people he works with. "We have," he says proudly, "thousands of career Air Force men who draw salaries only a fraction of what they could command in private industry. It is a tribute to their patriotism that they continue to serve the Air Force."

Mr. Sharp talks easily and freely about the Air Force and the great job it is doing, but very little about his role in it. The two most striking things about him, say his associates, are mental alertness and his ability to inspire confidence. When he boasts it is about the Air Force.

He is proud of the outstanding Air Force record of many billions of dollars spent with a remarkable record of efficiency and honesty. Air Force records show that in the past three years, only one employee out of more than 1,360,000 has been found guilty of dishonesty.

Efficiency and economy in an operation the size of the Air Force is a remarkable achievement. It is by far the world's largest business; with assets of \$70 billion. That is \$12 billion more than the combined assets of the 24 largest corporations in America.

Although viruses are living organisms, they also have some of the characteristics of inorganic matter, and sometimes can be crystallized.

There are several other jobs of a similar nature opening soon — such as that of Congressman-at-Large. The application fee for this position is \$1,125. Martin Dies has this position now. Incidentally, it is the highest paying job next to the Governor's. Salary is \$22,500 a year with a two year contract.

Texas has 21 Congressional job openings coming up too. Salaries are the same as Congressman-at-Large, but the application fee is less. It varies with each area. These are two-year jobs.

Another job opening possibility is that of U. S. Senator from Texas. Here there are some "ifs" attached. If Price Daniel resigns — and maybe Lyndon Johnson too, Both are campaigning now for other openings — Daniel for Governor and Johnson for President. U. S. Senators draw \$22,500 a year for six years; filing fee, \$1,125.

Applications for statewide jobs are filed with George W. Sandlin of Austin, Chairman of the State Democratic Executive Committee. If you want to apply for any one of these positions, you'll have to file your application not later than Monday, May 7, and pay your application fee not later than May 10.

State Senators and Representatives and applicants for the U. S. Congressmen file in each county in their respective districts.

These jobs differ radically from labor and industry posts in that the job holder must apply again and again if he wants to keep the job indefinitely. And he must compete with all comers. Of course the application fee is just the beginning of the expense of getting the job. Also there are more bosses than employees, because the public, after all, has not only the first but the final say.

However, the pay is good, and there is a guaranteed annual wage.

Personnel will be selected in July August and November — with the public making the selection.

POLL TAXES INCREASE
 Texas potential voting strength hit an all-time high this year. According to the state comptroller the 1956 total ran 2,451,188. Previous record was 2,338,261 in 1952.

PRECINCT CONVENTIONS
 Saturday will tell the story on who controls the Texas delegation to the national Democratic convention. Large turnouts are expected at precinct conventions. Tension is mounting as spokesmen for each faction barnstorm the state. In some cases rival rallies have been held in the same town only hours apart.

Probable key to the outcome lies in the way some 10 or 12 counties go. These are the ones in which major cities are located. They control about 1,000 of the state's 1,898 delegate votes. Harris county (Houston) alone has 270. But rural counties are not being neglected. In a photo finish — not unlikely — they might make the difference.

BAR PROPOSES REFORMS
 Three measures aimed principally at limiting activities of lawyers in the legislature, are proposed by the State Bar of Texas: (1) Raising legislators pay to \$50 a day for a 120-day session; (2) Prohibiting any legislator or candidate from appearing before any state agency; (3) Abolition of the automatic continuance of law suits for which legislators are employed as counsel.

CREDIT INSURANCE RATES LOWERED
 Texas credit insurance purchasers stand to save more than two million dollars a year as a result of rate changes made by the Insurance Commission. Rates were reduced approximately 10 per cent by the Commission.

Forest conservation laws of Texas are administered by Texas Forest Service, one of the main divisions of Agricultural and Mining College.

God's Seal

"Nevertheless the foundation of God standeth sure, having this seal, The Lord knoweth them that are his. And, let everyone that nameth the name of Christ depart from iniquity" (2 Timothy 2:19). Here we have an allusion to the ancient practice of placing an official seal on legal documents. God's seal has an inscription which includes the whole basis of his covenant with man. The inscription has two parts: (1) Assurance of God's recognition, and (2) Man's obligation to live for him apart from sin.

Assurance of Recognition: "The Lord knoweth them that are his."

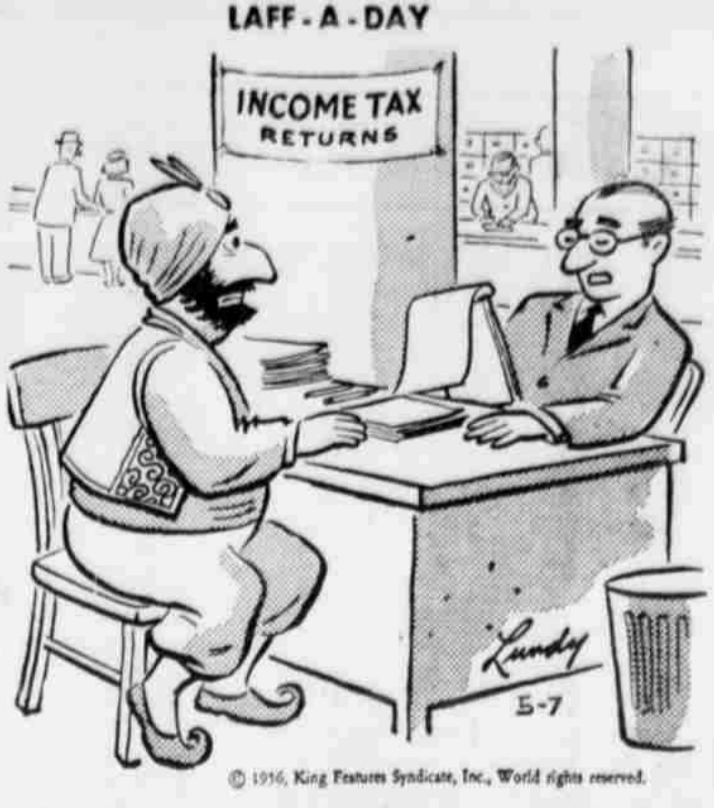

Matthew 10:32: "Whosoever therefore shall confess me before men, him will I confess also before my Father which is in heaven."

Man's Obligation: "Let everyone that nameth the name of Christ depart from iniquity."

Titus 2:12: We are to deny "ungodliness and worldly lusts" and "live soberly, righteously and godly in this present world."

Once this seal is affixed, God will not break it. He will keep his covenant. But as the seal is of two parts, man may break it, but he certainly should not. It is a fearful thing to do so. To keep the seal intact, man must keep his covenant with God.

DOWN MEMORY LANE

(From the files of the Lamb County Leader, May 1, 1934)

"During the past week more than twenty sales, aggregating some 4,000 acres, were made by one company. It is a notable fact that in at least three instances, these sales were made to two and three brothers of the same family."

"Census enumerator, E. C. Cundiff, reports the Littlefield scholastic enrollment to be 442 children between the ages of 7 and 18 years. This will mean state aid for Littlefield school to an amount over \$5,000.00."

W. P. Pillians, M. D., County Health Officer, has ordered a county clean up day. The date set is May 5th.

"A reward of \$100.00 will be paid any person (officer one half the amount) for arrest and conviction of any one caught stealing in Littlefield or adjacent community. Apply Littlefield State Bank."

Spring Tonic That Lasts All Year!

His heart is light and his eyes are bright this morning — for he's greeting the spring at the wheel of a 1956 Cadillac.

Springtime comes and springtime goes, of course — but the thrill of his Cadillac will go on and on — month after month and year after year.

And what a thrill it is!

First, there's the sheer satisfaction of owning the "Standard of the World" — the undisputed leader in all that makes a motor car a joy to possess and a pleasure to utilize.

Then there's the thrill of driving it — with its smooth, powerful engine — its easy, positive steering — and its big, soft, authoritative brakes.

There is the contentment that comes with Cadillac's amazing economy.

The first cost of a Cadillac is surprisingly modest — upkeep, over the years, is unbelievably low — and operating costs rival those of any car.

And now, in all modesty, may we speak of one other satisfaction he enjoys as a Cadillac owner?

We believe that, throughout the years of his ownership, he will be as pleased with us, as his dealer, as he is with the wonderful car itself. It is our constant endeavor to treat our customers as they are entitled to be treated as owners of the world's most distinguished car.

Why not come in some day quite soon — take a demonstration drive at the wheel — and arrange to greet the spring in a Cadillac of your own?

We think you'll be surprised and delighted to learn how much your present car is worth in trade — and to find how quickly you can obtain delivery on the Cadillac of your choice.

Light beyond the shadows

People who see the Light that shines beyond the present shadows can walk safely along the way of life. Those who stumble in darkness and fear are the people who lack the vision of faith.

A man named Saul of Tarsus groped in the darkness of the pagan world. His heart was filled with hate and he saw them stone the servants of God. Then he saw the Light and became a new man.

The skies of life are often filled with clouds and storm. Strife and hatred, selfishness and meanness, suffering and despair, rob the day of its brightness and fill the world with woe.

But those who have the penetrating vision of faith need fear no harm. If they keep their eyes fixed on the Light that lies beyond the shadows and trust in God, they may walk in the perfect security of faith.

The blackness of night cannot quench the Light of faith; the sweeping storms of adversity cannot blot it out. It shines on undimmed into the perfect day, when the storms depart and the shadows fade away.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

State Conference Plans To Discuss '57 Cotton Quotas

COLLEGE STATION — A state-wide conference has been scheduled for July 17 at College Station for the purpose of discussing 1957 cotton quotas. Chairman Robert G. Schrauner of the Texas Agricultural Stabilization and Conservation Committee from Dumas today made the announcement regarding the meeting.

The chairman said groups representing farmers on an area or state-wide basis and farm organizations are being asked to present

their views on the methods and policies which the State ASC Committee should use in establishing 1957 county cotton allotments.

Members of the State ASC Committee and state office staff will be present for the conference and will take part in the discussions, said Schrauner. The conference is scheduled to get underway at 10 a.m.

Groups and farm organizations desiring to participate in the July 17 conference should advise G. C. Carothers, Jr., state administra-

tive officer, ASC, College Station, Texas, in writing by June 1 on the number of representatives to be present. Schrauner said this information was needed so adequate arrangements could be made for the conference which is expected to be concluded in one day.

Ford Trucks Cost Less!

Ford costs start low—Ford costs stay low...

The pay-off is in the payload! New Ford T-500 tandem-axle model lets you carry up to 3,000 lbs. more payload than most other 6-wheelers. GCW 65,000 lbs.

More loadspace than any other 1/2-ton pickup—up to 19 cu. ft. more! New Ford F-350, GVW 5,000 lbs., now offers full 8-ft. box. 6 1/2-ft. box is standard.

Certified studies show Ford Trucks last longer than any of the other four leading makes

Compare Ford model for model with any other truck line and you'll find that, based on factory-suggested list prices, Ford has more models priced under competition.

But low initial cost is only one of the reasons why Fords cost less. Take resale value—it stays high, thanks to the demand for used Ford Trucks. Take operating costs—no other trucks give you the dependability of Ford's rugged chassis design with the gas and oil economy of a modern Short Stroke engine. Only Ford gives you a Short Stroke engine, V-8 or Six, in every truck—and at no extra cost.

Ford Trucks cost less to maintain because they last longer. There are plenty of reasons why. Ford Pickups, for example, have the highest combined front and rear axle capacity in the half-ton field. Ford Heavy Duty engines have sodium-cooled valves that last up to five times longer because they run up to 225 degrees cooler.

When you take everything into consideration, you'll agree it costs less to own a FORD Truck. Before you buy any truck, see your Ford Dealer.

FORD TRUCKS LAST LONGER

Certified by independent insurance actual... for the ninth consecutive year! Studies of over 10,000,000 current license registrations show that Ford Trucks last up to 9.9% longer than any of the other 4 leading truck makes!
