LITTLEFIELD, LAMB COUNTY, TEXAS, THURSDAY, APRIL 28, 1927

NO. 2

## BUREAU COTTON ASSOCIATION DISTRIBUTES \$102,000.00 CHECKS TO LITTLEFIELD FARMERS THURSDAY

(today) is a red letter day in the history of the cotton industry in Littlefield and Lamb county. It is the day on which checks for \$102,000.00 are being distributed to the members of the Bureau Cotton Association. There are about 100 farmers here today, many of whom are accompanied by their wives and children. It is a gala day, indeed. The checks are being distributed by representatives of the Bureau Cotton Association. There are about 100 farmers here today, many of whom are accompanied by their wives and children. It is a gala day, indeed. The checks are being distributed by representatives of the Bureau Cotton Association.

The distribution of the checks begins at two o'clock, p. m., in the Palace theatre. It is estimated that the farmers organization received an average of \$10 per bale more for their cotton than if they had sold it on the open market. The bulk of the cotton was picked during the months of January and February, when the market was quite low. This year's crop represents the highest yield in the history of the county, and is the last year that the market was so low. This year's crop represents the highest yield in the history of the county, and is the last year that the market was so low.

The distribution will be under the supervision of S. H. Hudson, district director of the Association, assisted by the county representative, D. F. Eaton, county farm agent, and D. L. Jones, director of the Lubbock Experiment Station. The checks will be distributed to the farmers of the county, and the distribution will be completed by the end of the day.

The distribution of the checks is a very important event for the farmers of the county. It is the result of the successful operation of the Bureau Cotton Association, which has been working for the benefit of the cotton growers since its organization in 1920. The checks represent the proceeds of the sale of the cotton, and are being distributed to the farmers as a reward for their successful production. The distribution of the checks is a very important event for the farmers of the county.

## You Know Her?

It has been long now until you have seen her in the tennis honors. It is little Helen Willis, who is to be in excellent condition for the season's campaign.

ing the three days of Thursday, Friday and Saturday. This plan of time, and in addition to the distribution of these funds, special charts will be shown and explained covering the season's business in completing the sixth year of its operation. Deliveries during the coming season will open the seventh year, and representatives feel that a substantial increase will be noted in the cotton delivered to co-operative marketing channels from this county. This year just ending, it is said has been a most successful year from the standpoint of the grower member who has participated in the benefits of orderly and co-operative marketing, association representatives state, details of which will be presented at the meeting here today.

## COURT OF HONOR ESTABLISHED FOR THE BOY SCOUTS

A court of Honor, consisting of five members; W. H. Teeters, W. G. Street, C. A. Dugger, T. T. Garrett, and J. S. Hilliard, was organized for the Boy Scouts last Monday night.

Each member of the court was assigned a specific duty toward helping the boys learn all the tenets of scouting. In order for a boy to advance from one grade scout to another he must have satisfied the members of court that he has become duly qualified to be advanced. With the summer vacation days only a few weeks off scouting is becoming more popular with the younger boys of Littlefield. The summer camp at Post will be held from August 1 to the 10th. Hundreds of boys from all over the plains will assemble there for a ten day vacation. It is not known just how many boys from Littlefield will go but only those that are qualified scouts have an opportunity to get in.

## THRESHING COTTON, A FACT

Prediction is made that it will not be many years now before cotton picking will be a thing of the past. With the new mechanical means that are now being employed for harvesting cotton, it won't be long before human hands will never touch the fleecy staple from the time the seed is poured into the planting hopper until the bale is rolled out onto the gin platform ready to be numbered. Cotton threshing is an actual fact now. The Farmers Gin has been using an ordinary thresher all season, but changes made in it to adapt it to its new purpose, and it is not used to thresh out the cotton, but rather the dirt, gravel and stalks which are gathered in by the sleds. That it works alright is attested by the big piles of dirt lying around on the gin yard.

This week the Farmers' gin closed operations for the season, having ginned a total of 3,440 bales this year. The other gins closed last week.

## SCHOLASTICS ARE INCREASED

The compilation of the school census for this year was completed last week, showing a total scholastic population in the Littlefield Independent School district of 1,225, as compared with 957 of last year.

Just what the per capita state school grant this year will be is not now known, but on the basis of \$14.00 per pupil of last year, the increased number of pupils will mean an added income to the district of \$3,352.00.

It was stated by Superintendent Harrison that the district was now entitled to several thousand dollars, but same had been held up on account of a delinquent financial report from the financial depository. This money, however, is now expected almost any day.

## TEAGUE BABE EXPIRES

Ralph Teague, infant babe of Mr. and Mrs. Herschel Teague, died Sunday. Interment was made in the local cemetery Monday.

## Discoverers of Nevada's New Gold Field Adventure and Discovery

Upper: Frank Horton, Jr. (center) and Leonard Traynor (right), the two Nevada youths who discovered Nevada's newest gold field, now named Weepah, their mine assaying \$78,000 to the ton. In the upper picture with the boys is Frank Horton, Sr., an old-time miner, who is developing the mine for the youngsters. Lower: Crowd around boys' mine as thirteen sacks of gold, valued at \$13,000, were being brought out.

## PRESIDENT DUGGAN NAMES COMMITTEES FOR WEST TEX. C. C.

Arthur P. Duggan, Littlefield, president of West Texas Chamber of Commerce, this week released for publicity the personal of three important committees to function at the convention to be held in Wichita Falls, May 16-17. They are as follows:

**Nominating Committee**  
W. J. Moore, Llano; O. P. Thrane, Snyder; M. K. Graham, Graham; O. E. Radford, Abilene; S. R. Pinkston, Wellington; Judge H. E. Hoover, Canadian; Carl Guin, Quanah; R. L. Penick, Stamford; R. A. Underwood, Plainview; W. C. Hallmark, Dublin; W. W. Flennikin, Amarillo; Houston Harte, San Angelo.

This committee will have the selecting of president, vice-president and directors for the coming year. Their report to be acted upon the membership body during the convention.

**Resolutions Committee**  
R. Q. Lee, Cisco; Col. C. T. Her-ring, Amarillo; Senator Brelford, Eastland; Clifford Jones, Spurr; Col. C. C. Walsh, Dallas; W. A. Smith, San Saba; John Perkins, Alpine; Jess Mitchell, Littlefield; Col. E. Q. Thompson, Amarillo; Coe Howard, Portales, N. M.; A. H. Brittain, Wichita Falls; W. R. Keeble, Abilene; Sam Braswell, Clarendon; Judge J. D. Hamlin, Farwell.

**Credentials Committee**  
Joe Wheat, Seymour; A. B. Davis, Lubbock; C. G. Patterson, Ranger; T. N. Carswell, San Saba; M. E. Owens, Sweetwater.

## AMARILLO FAIR, SEPT., 11-17

September 11 to 17, is the date set for the Tri-State Fair to be held at Amarillo, and the catalog of same will be off the press in a few days.

That this fair is to be bigger and better than ever before, is the statement of C. H. Amacker, secretary-manager of the association.

## PUMPHREY GETS MAN

H. C. Pumphrey returned last Monday from Abilene, bringing with him Ed Ray, wanted here on a charge of forging a \$20.00 check. He was turned over to Sheriff Irvin and lodged in jail at Olton.

## DIED OF MEASLES

Ruth Wheeler, 17 months old daughter of Mr. and Mrs. L. G. Wheeler, living five miles south of Littlefield, died Monday of measles. Interment was made in the local cemetery Tuesday afternoon.

## DOCTOR DISCOVERS 'DIFFERENT WOMEN'

Chicago, April 27—Doctors discovered an amazing case of transposed organs has been found at Michael Reese hospital where Mrs. Anna Rothblatt, 36 years old, is recovering from an operation. Dr. Emanuel Friend believes her case one of the strangest in medical history.

The woman's internal organs all are on the opposite side from the normal, Dr. Friend said. "Her heart is on the right side, and her appendix is on the left," he said. "Even her liver and gall bladder are in reversed positions. Yet her health has not been affected, and she was unaware of the condition until brought to the hospital."

## ABERNATHY TRACK MEET TO BE HELD APRIL 29 AND 30

The fourth Abernathy inter-county track and field meet will be held April 29 and 30. Last year county and district meets conflicted with the Abernathy Inter-county Track and Field Meet. For this reason, the managers of the meet have arranged to hold this event on April 29th and 30th.

Notices were sent to the following schools last week: Plainview, Hale Center, Running Water, Petersburg, Kress, Tulsa, Happy, Canyon, Amarillo, Silvertown, Quitaque, Lockney, Floydada, Matador, Roaring Springs, Dickens, Spur, Crosbyton, Rails, Lorenzo, Post, Tahoka, Slaton, Lubbock, Dalou, Becton, Monroe, Shallowater, Brownfield, Plains, Loveland, Roapesville, Meadow, Littlefield, Amherst, Sudan, Muleshoe, Olton, Wilson, Dimmit, Lamesa, and O'Donnell. Many other schools are expected to take part in the Meet.

All class B events will take place on April 29; the class A events on April 30. Each school that expects to enter this meet should notify G. W. Johnson, Abernathy, Texas. A schedule of events will be mailed to each school that notifies Mr. Johnson.

## BOARD HIRES TEACHERS

At a meeting of the Littlefield School Board, held Monday night a renewal of contracts to teachers for the present year were offered for the coming year.

Arrangements were also made for repairing the roofs of the high school and grammar grades buildings. The books of the district are this week being audited by The Short Auditing Co., of Amarillo.

## 16,000 BALES REPRESENTS LITTLEFIELD 1926-27 CROP

With the closing of the Farmers Gin Monday night, the cotton ginning season in Littlefield came to a close for the year 1926-27.

The total ginnings of Littlefield this season were 16,000, or 12,200 more than last year. The gin record for last year was 4,800 bales.

While the price of cotton was considerably less this year, yet the total number of bales was more than three times that of last year, consequently, the an increased expense in handling, yet also a larger net income to the growers.

## LFD. WON PLACES IN THE DISTRICT MEET AT LUBBOCK

Littlefield High School had four contestants in various contests held at Lubbock Friday and Saturday of last week.

Carmalita Baze competed in tennis (singles), winning two matches and then losing to the girl who won District Championship. Curtis Heard competed in the high jump and Quia Bruce ran in the mile race. Ornie Christian was the outstanding track man from Littlefield, going to the finals in the 220 yard dash, and winning second place in the running broad jump, which feat qualifies him to compete at the State meet next week.

The entire District meet was well conducted under the able leadership of A. Y. Evans, of Tech College.

Lubbock High School easily won the track meet and the winners of literary events were well divided over the entire South Plains. Notable among the first place winners was the boys' debating team of Anton, who won district championship.

During the meet, Superintendent and Principals of the South Plains District met and elected a new executive committee for the football race for next fall. This new committee is composed of J. C. Wester of Floydada, executive chairman, Mr. McCollum of Lamesa, Mr. Quagley of Brownfield, Mr. Sone of Slaton, and Mr. Boles of Littlefield.

## HIGH GINNING RECORDS

V. L. Castleberry, a farmer residing eight miles southwest of Littlefield is this week walking around under a new Stetson hat, the gift of the Farmers Gin for record cotton ginning.

Mr. Castleberry had 150 acres planted to cotton, from which he ginned 99 bales, and it was conservatively estimated by his neighbors that he lost at least 15 bales on the ground.

The cotton was cared for entirely by himself, wife and 13 year old daughter until ready for picking, when help was hired.

Will A. Hamilton, residing on the Spade lands, east of Littlefield, was the high man ginning at the Farmers Gin, having 110 bales.

## EPISCOPAL SERVICE HERE

The Rev. L. G. H. Williams, rector of the Episcopal church in Lubbock, accompanied by a vested choir of 12 voices, held service here in the Presbyterian church last Sunday night, a good attendance being present.

The service, carried out true to Episcopal form, was unique to many of the attendants, but vitally interesting to all. Rev. Williams delivered a wholesome and inspiring sermon, while the anthem and special chants given by the choir were well rendered.

It is understood there are several members of this church in Littlefield, and the organization of a society is being contemplated here.

## BAPTISTS vs. SHALLOWATER

The baseball team of the Baptist Sunday school went to Shallowater last Friday for a game, with a resulting score of 10-5 in favor of Shallowater. They were to return the game here on the home field Saturday, but for some unknown reason, failed to come.

The Baptist team is scheduled to play Amherst Friday afternoon with a return game here Saturday.

## FIRST NATIONAL BANK OF ELIDA ROBBED FRIDAY

The First National Bank, of Elida, a few miles over the line in New Mexico, was robbed last Friday night. Report of the robbery as given by the Lubbock Daily Avalanche, is as follows:

Only one employee of the bank was on duty at noon when two men walked in, ordered him to throw up his hands. He complied and the robbers backed him into the vault and locked the door. A third bandit stood watch outside the bank building, menacing those who approached with a gun. Grabbing up counter cash amounting to \$3,200, the three men jumped in a Pontiac coupe and fled northward toward Dora, thence east toward the Texas line, with cars pursuing them.

Officers from both Clovis and Portales tried to intercept the bandit car but failed.

A. A. Beeman, president of the bank, tonight described the men as being of medium stature, one light complexioned and the other dark. None of the men wore masks during the robbery.

Officers here said the description of the men fitted that of the bandits who last fall attempted to rob the First National Bank at Melrose, N. M., and later held up and robbed the Friona State Bank at Friona, Texas. Sheriff Len Irvin and deputies were notified and joined in the search for the robbers, it having been reported that they left Elida in the direction of Littlefield.

Information obtained revealed the fact that the robbers had stolen a Pontiac roadster the night previous in Portales. This was the car in which they made their getaway. It is thought they were in Littlefield, Amherst and Sudan, going south into the Baileyboro community, where a Chrysler 70 bearing a Dallas license, was discovered by officers. The car had a broken gear shift and had to be abandoned. It is known that the Pontiac ran out of gas a short distance from Baileyboro; but what became of the robber occupants, officers have been unable to say. It is thought, however, they were making north in the direction of Borger.

## DUMP GROUND CLOSED

The city refuse dump grounds, located north of the municipal pumping plant has been closed, according to information given out by the City Secretary, on account of being filled to overflowing.

The public is advised that in the future trash will have to be dumped in the designated canyon about six miles southwest of town.

## Radio Boss

First picture of retired Admiral William H. G. Bullard, Chairman of the New Federal Radio Commission just back in the U. S. from China to take up his new job, control of radio.

**ODE TO CHAPEL**

How dear to my heart are the hours of boloney,  
That come every Tuesday at 2 a. m.:  
The preachers, the teachers, the old  
"Glad to meet cher's,"  
That praise all our virtues without

niry a slam.  
For their wards, seldom funny, are  
valuable, honey  
They are chances most too good to  
lose:  
In the rustle and bustle, to chapel I  
hustle—

For there one can pleasantly snooze.  
And oh it is good to start safin' wood  
As the usual line starts in to tell:  
What "glorious spaces" what "bright  
morning faces."  
For then one can sleep till the bell.  
—Swiped.

**CLEVER TRAMP**

The tramp paused outside the gate.  
"Clear out!" shouted the lady of the house. "I ain't got no wood to chop. There ain't nothing you could do here."  
"But, madam, there is," retorted the wayfarer, with dignity. "I could give you a few lessons in grammar."

School children aged 7 to 18 years in Texas number 1,348,635.

**MILADY BEAUTY SHOPPE LUBBOCK, TEXAS**

**AN EXHILARATING EFFECT**

A bottle of Hobbins on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

STOKES & ALEXANDER Drug Co.

**\$1,000 PREMIUMS TO THE WINNERS AT AUSTIN MEET**

AUSTIN, Texas, April 27—Preparations are being made to take care of from 1800 to 2,000 delegates which will be in Austin for the University of Texas Interscholastic League meet to be held May 6, 7, 8. Women of Austin have responded nobly to the requests that they house the delegates while they are here, according to League officials. Some of the home have offered to take care of as many as 12 boys or girls, while nearly every home has offered to take as many as one or two.

Reception and transportation committees will have their headquarters at the University Y. M. C. A. University students will serve on these committees and will receive excused cuts from their classes while on duty. Registration will also be at the University Y. M. C. A. Students will be stationed there to direct the high school lads to the different parts of the campus.

Winners in the state meet will be awarded trophies, the value of which will amount to about \$1,000, according to Roy Bedichek, chief of the Bureau. Although in most events the trophies are circulated from year to year, permanent shields, loving cups, medals and the like are presented the winners.

Does advertising pay? Well, listen to this: Advertising has made the Victrola dog famous. It has put Castoria down your throat, left bristles in your gums, and then came along with Rubberset and took them out. It has put Gillette against your hayfield. It has put Murine in your eyes, sold you Cuticura for your pimples, Pears' for the bath and Ivory for the tub. It has put Arrow collars around your neck and Ingersoll around your wrist. It has jammed your foot in Holeysocks, put Paris garters on your legs and Tiffany rings on your fingers. It has even worn out your jaw on Wrigley's and posted you on what to buy to care for bunions and ingrowing toe nails. Go anywhere you want to, do anything you wish, and advertising has a hand in it—absolutely. And then some people ask: "Does advertising pay?"

Kwitchebellakin and smile.

**THIS IS AN ELECTRICAL AGE!**

Housewives are Now Turning to Electricity for Cleaner, Faster and More Economical Cooking, Just as the Railroads and other Industries are Electrifying Transportation and Power.

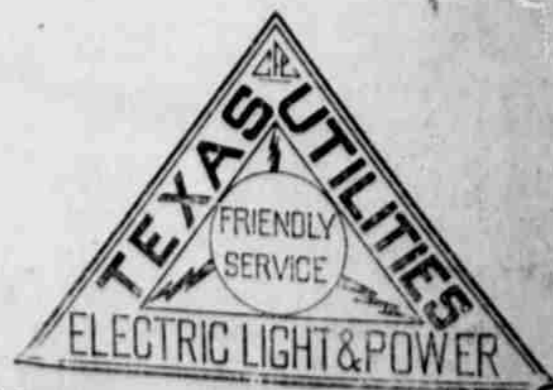

To think of a fuel preferable to electricity is to think back of the pre-electric age. Today electricity has been harnessed, its unlimited power is being utilized for the benefit of mankind in every step of Progress. Instead of expensive and mysterious fuel, appliances have been so perfected and electrical service made so dependable, that today Housewives the world over are "electrifying" their work in the home. It is no longer expensive or mysterious. It is a fuel more easily controlled more sure and safer than any other.

What Housewives would not prefer such fuel to the smoke, soot, and fumes of others. From what source could fuel be obtained that could be more sure of delivery?

This is an Electrical Age! That applies just as truthfully to the home as to industry.

Get aboard the modern age. Think of the comforts made possible by the inventive uses for the mightiest force ever harnessed by man. Think in terms of safety, economy, comfort and satisfaction and you think in terms of cord with the Electrical Age.

We have a commercial representative who will assist you in securing the use of Electricity. That is his business and his service are free to those who wish to realize the most from "the Current of Progress."

The DAIRY

SPRAY FOR FLIES HELPS MILK YIELD

There are three factors that tend to reduce the flow of milk during the summer, not weather, poor pasture and flies. The first, and to some extent the second, are beyond the control of the dairymen, but the loss from the third can be greatly reduced, if proper steps are taken at the right time. Sanitation and the use of a good fly spray will greatly reduce the loss caused by flies, say Purdue university dairymen.

This loss is due partly to the direct loss of blood drawn from the animal by the insects. The great numbers that infest the herd day and night gorge themselves with large quantities of blood. Besides this, the excitement and annoyance caused during the heat of the day, when the herd seeks some shady place to find comfort, exerts no small influence on the daily milk flow. Flies may become so troublesome at certain seasons of the year that animals are driven frantic. This not only affects the milk flow, but may even lead to a loss of flesh.

The removal of all unnecessary material around the yards, especially fresh manure, is a very effective means of controlling the fly menace. The darker the stable can be kept during the heat of the day the better. Whitewash darkened with some coloring matter, such as lampblack, may be applied to the windows. Sacking hung from the top of the door keeps the stable dark while the cows are entering and also serves to brush off a number at the same time. Some dairies equip the windows and doors with screens. This is especially valuable when the practice of keeping the herd indoors during the heat of the day is followed.

During fly time each herd should be sprayed once or twice daily with some spray mixture. No fly repellent has yet been devised which is satisfactory as a permanent spray. But there are a number on the market which greatly reduce the attacks of these insects.

Give Cream for Butter Most Careful Attention

Cream, like many other delicate foods, is perishable and is very susceptible to fermentation and contamination. Unclean, old, sour, stale cream cannot be made into high-quality butter, the kind that sells readily and brings top market prices.

Producers should know that the two important factors, cleanliness in handling and temperature cream is held at, determine its quality. All milk utensils, including cream separator, should be thoroughly cleaned and scalded after each time they are used. They should then be left in dry clean surroundings and whenever possible in the sunlight when they are not in use.

For best results cream should be cooled immediately after it is skimmed to 50 degrees Fahrenheit or lower if possible but not freezing before being mixed with cream from a former skimming. It should be kept at this temperature until sent to the creamery.

Keep Heifer Growing to Make Best Dairy Profit

Start them quick and keep them growing, is the way to raise profitable dairy heifers. This practice needs to be stressed at this time of the year, because heifers will soon be suffering from short pasture and lack of feed. These short pastures and scanty feed will slow up the growth of the heifers and, in some cases, actually stunt them for life, thus cutting down their efficiency as mature cows. Just as it is important in economical milk production to have cows give a large flow of milk so that there may be a profit left above the expense of keep, so it is important to have heifers grow fast. Only in this way can they use the smallest percentage possible of their feed for maintenance and the largest amount possible for growth, which means economy in their raising.

Dairy Notes

The wise dairyman sells feed to his cows; he doesn't give it to them.

An abundance of bedding used in the dairy stable always pays.

The world's dairy record is claimed for Melba XV of Darbairna, a milking Shorthorn owned in Australia. She gave 32,522 pounds of milk and 1,614 pounds of butterfat in a year, with three milkings a day.

A method of raising calves which has been used at several of the experiment stations with good success is to give them a good start on either whole or skim milk and at the end of about seventy days have them changed to grain and hay.

A young calf will do better if it gets very little grass until two and a half to three months of age. The fresh grass added to the milk diet produces an unbalanced condition which does not encourage the best growth.

RELIEF FUNDS GO FREE

Supplies of any character consigned to relief organizations at Rock Springs, Texas, scene of recent cyclone disaster, will be transported free, according to H. C. Pumpfrey, local Santa Fe agent.

Littlefield people making donations to the unfortunates of that stricken town should bear this in mind when making shipments.

MOULTON TO HAVE SALE

B. B. Moulton having decided to move from his farm one mile east of Littlefield, will hold an auction sale at his place next Tuesday, May 3rd.

In this sale will be included about 40 head of fine dairy cows and heifers, the pick of his well-known herd. The sale will also include all horses, farm machinery and other equipment.—Adv. 2-ltc.

PRESBYTERIANS MAKE PLEDGE

The Littlefield Presbyterian church this week met their apportionment by pledging the sum of \$200 on the 15 million dollar service pension fund being raised by the church at large, which constitutes an endowment fund for retired ministers of that denomination.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by STOKES & ALEXANDER Drug Co.

FORM BASEBALL CIRCUIT

A baseball circuit including teams at Littlefield, Olton, Amherst, Sudan, Lovelland, Mulshoe, Shallowater and Earth, is this week being formed.

A meeting will be held at Amherst tonight to arrange the details of schedule. It is proposed to play two games at each town during the season.

Kwitherbelliak and am'le

When your specifications say "clear lumber" make sure that you get what's called for—stock free from sap and knots, straight-grained and clean. If that's what's ordered, and it comes from this yard, it IS clear lumber.

Same with our whole line—no matter what it is. Wallboard, for instance. We sell and recommend—

SHEETROCK

—the fireproof wallboard, simply because it's the best there is. Made of pure gypsum rock, by the pioneers in the business. Perfect for decorations (concealed joints). Never cracks, warps or buckles. Insulates. Vermin-free. Permanent. Ask to see sample.

Higginbotham—Bartlett Co.  
LITTLEFIELD, TEXAS

Compare it for

Appearance Performance Price

Only in cars much higher in price will you find such smartness of line, such beauty of design and such elegance of appointment as in the new Chevrolet! Compare its appearance with that of any car at anywhere near Chevrolet's low prices—and then you will know why it has everywhere been acclaimed as the Most Beautiful in Chevrolet history!

The performance of the new Chevrolet is literally amazing. Incredible smoothness at every speed—flashing acceleration that is a delight—effortless shifting of gears—finger-tip steering—remarkable ease of parking. One ride at the wheel, and you will understand why the new Chevrolet has been the greatest sensation of America's greatest industry!

Comparison of delivered prices reveals Chevrolet's value supremacy. Delivered prices are f.o.b. prices plus charges for handling financing, etc. The financing charges of General Motors Acceptance Corporation are the lowest available. Handling charges are in proportion. Thus, Chevrolet delivered prices are even more amazing than the f.o.b. prices.

New Fisher Bodies, beautifully beaded and paneled; Fine nicked hardware; Smart new Duco Colors; Full-crown, one-piece fenders; Bullet-type headlamps; Higher, more massive radiator; Cowl Lamps; "Fish-tail" modeling of rear decks on 2-passenger models.

Valve-in-head motor; Three-point Motor Suspension; Strong and sturdier frame; Single-plate disc-clutch; Long, semi-elliptic springs; Full size 17-inch steering wheel; Balloon tires; Deeply upholstered cushions; Semi-reversible steering gear; AC Air Cleaner; AC Oil Filter.

# LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.  
 Subscription: \$1.50 per year; 75 cents for six months.  
 Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office  
 27 at Littlefield, Texas, under the Act of March 3, 1879.

JESS. MITCHELL, Editor and Publisher

National Editorial Association, MEMBER Texas Press Association

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, if matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

## A THOUGHT FOR THE WEEK

Whatever thy hand findeth to do, do it with all thy might.—Ecc. 9:10.

Work is the inevitable condition of human life, the true source of human welfare.—Tolstol.

## THE OLD FOGY

That Littlefield man who puts out the cat regularly before going to bed, who winds the clock, goes around to see that all the doors and windows are properly fastened, takes a look at the fire to see that there is no danger, is generally referred to by members of the younger set as an "old fogey." And right here while we have both the time and inclination, we want to speak a word in defense of this so-called "old fogey."

Perhaps if we had some way to gather the statistics we would find that the last look around to make sure that things are safe is the best prevention against accidents and unwanted happenings during the night. More burglars gain admission through unfastened windows than ever spring the catches or pick the locks. More barn and garage robberies are committed at night than in the daytime, and yet those who belong to the "old fogey" class who go out to make sure they are properly locked are referred to in sarcastic tones.

The man who turns inspecter each evening in those times when the custom is to let everything go and turn out the light and jump into bed may be a bit old-fashioned, but he is the safest kind of man to have around the house. He may be an "old fogey" in the eyes of the younger generation, but he is the means of saving a good many million dollars worth of property that would go up in smoke or be stolen every year only for his precaution.

It seems strange now to think that there was once a time when a woman spent as many hours putting polish on a stove as the new speed putting powder on her face.

## HIGH MINDEDNESS

Skyscraping and mooning occupy considerable time of both town and country folks nowadays. About ten days ago there was a good shower of rain in this section, sufficient to set farmers to planting some of their spring crops. Every since that time conditions for rain have been more or less favorable. Other sections of the state have been blessed in liquid manner—some of them too greatly, but so far the misfortune of Jupiter's Flashes on the South Plains has been very limited.

Naturally some are anxious, others still patient, while all would be relieved if a little "Elijah cloud" would swell up and finally burst over this part of the world letting its watery contents come down in gully-washing root-making, ched-smashing style.

Agriculturally speaking, everything in this section is progressing nicely, most of the farmers have their ground in readiness, hundreds of acres have already been planted—and, there is still plenty of time for rain; but naturally, it would be appreciated right now.

When the American and British say it with bullets the Chinese have less trouble understanding.

## OUR CHINESE PUZZLE

Who knows but out of our present clash with the Chinese may come re-

lief for the cotton growers of America? The present upheaval over there may be the ill wind that blows at least one part of this country a little good.

About two-thirds of all the silk used in this country is exported from China—and you don't have to leave Littlefield to learn that more silk is being worn than ever before. Suppose we get all Americans out of China, and bring our marines and warships home and tell China that when she can respect the rights of others we will begin buying her silk again. She has nothing that we absolutely have to have, while we have foodstuffs she can scarcely get along without.

Pure patriotism would lead our citizens to return to cotton long enough to clean up the surplus, and China would be taught her lesson at the same time. Some peculiar things have happened in this old world, and such a proposition as we have stated here is not an impossibility.

A hobby is generally a man's best asset right up to the time it carries him to the door of the insane asylum.

## USE LOTS OF LIME

In talking with a physician a few days ago we asked him what is the best thing Littlefield citizens can use at this time of the year to preserve their health. His answer was: "Let of lime."

From a health standpoint, he says spring house-cleaning is not sufficient. Aleya, backyards and vacant lots need to have the winter's accumulation of trash removed and lime sprinkled about in liberal quantities. The garbage pile and manure heap should be taken away before the disease germs in them are spread about. All outdoor toilets should be cleaned or rebuilt—and plenty of lime scattered about them.

Lime is not expensive, and when its value as a disinfectant is considered it is worth a thousand times its cost. Get a barrel or a sack of lime at once and scatter it, before disease germs have a chance to breed. It's the cheapest health insurance one can buy.

The old saying that "all men are fools" is correct, only a single man isn't reminded of it five or six times a day.

## WHY NOT A MAGNET

Recently a novel way of clearing the highway of the numerous little pestiferous obstructions to automobile was tried out in Nevada when two 22-inch magnets were suspended beneath a truck, at a height of five inches above the road surface.

On one 14 mile section 1,370 pounds of nails and iron were picked up. On another occasion an average of 45 pieces of sharp pointed metal, awaiting the opportunity to puncture and perhaps ruin auto tires, was picked up per mile. While cleaning the streets of Carson City, 4,836 pounds of nails were picked up in two days time.

The Leader is in on way seeking to damage the business of tire dealers and repairmen; but it believes such a constructed magnet put into operation by the officials of this city would bring copious blessings down upon the heads of the City Fathers by the auto owners and drivers of this section.

What has become of the old-fashioned woman who used to exhibit her white petticoat by forgetting to button her placket in the rear?

# Dr. Frank Crane Says

"SYSONBY"

SYSONBY is to be placed in a room in the Museum of Natural History in New York City.

To the average American the name means nothing. It might be that of a cigar, a confection, a play or a new author. In fact it is the name of one of the greatest race horses America has produced, and the skeleton will be placed in a new room devoted to horses and their development as an example of a great race horse.

Nothing drops out of sight quicker than a race horse that has quit winning races, unless it is a man who accomplishes something and then steps. The applause and interest lasts as long as the accomplishments go on. When they stop, people turn to something else.

Placid old age is usually the least interesting period of life to outsiders. This is because it is a time of reminiscence, of going over and over accomplishments of the past rather than of achieving new victories.

A little over thirty years ago the locomotive Number 998 was familiar to everyone. It was the fastest engine then known, and had made a speed of over one hundred miles an hour. A few years ago, before it was placed on exhibition, it was almost entirely forgotten, used to haul a milk train up and down the rails where it had once been king.

Other bigger and stronger engines had come and its past performance had sunk out of sight.

Napoleon said: "My power would fall did I not support it with new achievements." Conquests has made me what I am and conquests must sustain me."

A little cynicism in regard to applause is a healthy thing. The less a person thinks about a past achievement the more other people are liable to think about it.

"As a horse when he has run," said Marcus Aurelius, "a dog when he has tracked the game, a bee when it has made the honey, so a man when he has done a good act, does not call out for others to come and see, but goes on to another act, as a vine goes on to produce again the grapes in season."

## TEST O' TEN QUESTIONS

Here is a test of memory, intelligence, and general knowledge, that will provide fun and entertainment for all by giving you an opportunity to test your knowledge in competition with others. These questions will cover a wide range of information. How many of them can you answer without seeking recourse to the encyclopedia or dictionary? The answers will be found on the last page of this newspaper.

The "Test O' Ten" for the week will leave you with valuable knowledge—for it is filled with stimulating facts and ideas. It's an amusing game—but it will prove a profitable game, for the first step in clear, logical thinking is getting the facts and keeping them!

Why not place a time limit on each question, to stimulate quick thinking. Your average for this test should be not less than 80.

1. From whom did the United States purchase the Philippines?
2. Who was President of the United States before James A. Garfield?
3. What is meant by the expression "upstage"?
4. How many lakes comprise the Great Lakes? Name them.
5. Who publishes the Saturday Evening Post? Who is its editor?
6. Who composed the "Minuet in G"?
7. What amendment to the constitution gave women the right to vote?
8. What is a Bittern?
9. Where is the home of the Hot-tentacles?

## WHISKERS AND FARMERS

An official of the American Farm Bureau Federation, returning from a tour of 23 states, says he was surprised to find so few farmers with whiskers. "Not even the old men had them," he said. He feels that we may as well abandon all notions that the farmers of today wear long whiskers and go about with a straw between their teeth, as the cartoonists picture them.

Like most men, the farmer wears clothes adapted to the kind of work he does. He would be foolish to go into the field dressed like a floor walker. Mentally, he comes as near being "dressed up" all the time as the average man, and he is just ahead of some classes. He has many of the modern means of keeping in touch with current conditions and being well informed on any subject.

If there is anyone in the world who is really behind the times it is the fellow who thinks the farmer is.

Marriage is that part of a girl's life that comes between the lipstick and the braconnetick.

## LITTLE LEADERS

It's getting about time for the average Littlefield citizen to drag out last spring's suit and see if it is good for another 18,000 miles.

No citizen of Littlefield is in need of eyeglasses so long as a dollar looks bigger to him when it is going out than it looks when coming in.

The main trouble with the Littlefield fellow who has seen better days is that he always wants to use up your value's time in telling you about it.

It's pretty hard to find a Littlefield man who can remember four of the Ten Commandments, but any of them can name at least 28 makes of automobiles.

es below cost is just cutting its own throat.

THAT merchants have no more right to dictate price for space to a newspaper than a customer has to dictate the price for goods that a merchant has to sell.

Newspapers Are Entitled To Patronize and Should Have it on a Basis of Fair Returns on the Production Cost.

## A LITTLE LATER

Percy—Oh, I have the news!  
 Ester (his cousin)—What news?  
 Percy—Percy has promised my wife!  
 Ester—So that's what the news! A month ago she was to be her bridesmaid.

## Beautiful Home

Our Specialty  
 When you think of modern up-to-date Home, think of the one that can make it possible!

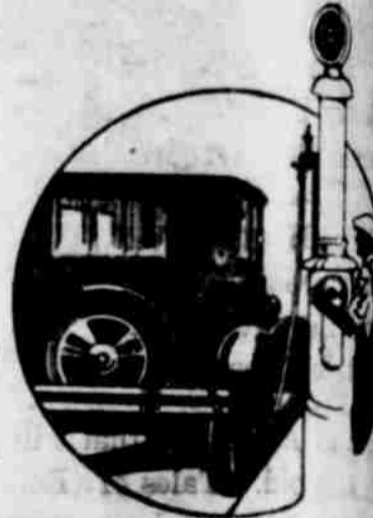

There are many things that enter into the home beautiful—we are prepared to furnish all those items—from plans to execution. No bill too small nor building too large for our most careful attention. We will take pleasure in assisting you in planning, formation, cost and construction, and furnish you with the material the market affords for your home or any other building you may contemplate.

## Cicero Smith Lumber Company

LITTLEFIELD, TEXAS

## The Texas Filling Station is

Always glad to see you!  
 Next to City Park

We have the best Gas and Oils the market affords, and give you Service that is real—less the "ice." Your patronage is appreciated and we try to make you feel it is.

Let us repair your Inner Tubes. We know how to stick tight no matter how hot the road becomes.

**WHAT IS DOING IN WEST TEXAS**

By West Texas Chamber of Commerce

**MERKEL**—Merkel has voted bonds for extension of the water system and to pave ten blocks of the business section.

**BROWNWOOD**—The Mid-Texas Press Association will hold its first semi-annual conventions at Brownwood, May 13, which will mark the first meeting since the organization formation last September. Prominent newspaper men from Coleman, Brady, Ballinger, Winters, San Sabu, Hico, Brownwood, Stephenville, De Leon, Rising Star, and Santa Anna will appear on the program.

**SWEETWATER**—Judge R. C. Crane has returned here after attending the third session of the West Texas Historical Association, held in Stamford, April 21. The West Texas Chamber of Commerce, whose headquarters are in that place, has interested itself in that society, especially in respect to securing recognized names for historic, scenic, and beauty spots over West Texas.

**THROCKMORTON**—Throckmorton has been the scene of the annual meet of Texas Fox and Wolf Hunters Association this week. The drive started Tuesday on the Davise Brothers Ranch, nine miles west of Throckmorton, and was extended over three days. The Throckmorton Chamber of Commerce and Throckmorton County members of the association were hosts at a big barbecue Wednesday at the ranch.

**WICHITA FALLS**—United States Secretary of Labor, James J. Davis will arrive in Wichita Falls by airplane about ten o'clock the morning of May 16, to attend the ninth annual convention of the West Texas Chamber of Commerce, according to advisement by telegram to Manager Home D. Wade. Manager Wade opened up headquarters in Wichita this week, where he will remain until after the convention.

**DENTON**—Denton, Queen College City of North Central Texas, has voted to affiliate with the West Texas Chamber of Commerce. Secretary—Manager G. R. Warren of that place, in making announcement of this, pointed out advantages of holding membership, one among which was benefit to local educational institutions. The Denton Chamber of Commerce, at the time this action was taken, also voted to take membership with the East Texas Chamber of Commerce, and to observe Industrial Development Week. Denton is home of the College of Industrial Arts and the North Texas State Teachers College.

**NOTICE BY PUBLICATION IN PROBATE**

THE STATE OF TEXAS

To the Sheriff or any Constable of Lamb County Greetings:  
 You are hereby Comanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for ten days previous to the return day hereof, copies of the following notice:

**THE STATE OF TEXAS**  
 To All Persons Interested in the welfare of Earl H. Rollins and J. G. Rollins, Jr., Minors.

Cora L. Rollins filed an application in the County Court of Lamb County on the 16th day of April 1927, for appointment as guardian of the person and estate of the said minors, Earl H. Rollins and J. G. Rollins, Jr., which said application will be heard by said Court on the 2nd day of May, 1927, at the Court House of said County, in Olton, Texas, at which time all persons interested in the welfare of said minors are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this Writ with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Olton, Texas this 16th day of April, 1927.

A. H. McGavock, Clerk County Court, Lamb County Texas.

**CHILDREN'S FATAL DISEASES**  
 Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by  
**STOKES & ALEXANDER Drug Co.**

**Cat to King**

**Autographed**  
 Last July an oil field wild-catter. Today worth \$10,000,000 and an Oil King. Such is the story of Robert F. Garland, 36 years old, native of Ohio, who brought in "Discovery Well," first of the Seminole (Okla.) field which is already producing 10 per cent of the total output of crude oil in the United States, according to oil journals.

**METHODIST MISSIONARY**

Mrs. Van Clark was hostess Monday afternoon to the Womens Missionary Society of the Methodist church.

Mrs. J. R. Cook led an interesting lesson from the Missionary Voice, assisted by Mrs. A. G. Hemphill, Mrs. E. G. Courtney and Mrs. E. H. Williams.

Mrs. B. L. Cogdill gave a report on the meeting of the Annual Conference held in Abilene last week.

At the close of the afternoon, refreshments of nut salad, cheese straws and coffee were served to the following members and guests. Mrs. E. G. Courtney, Mrs. A. G. Hemphill, Mrs. Ed. Sharp, Mrs. Moore, Mrs. W. P. Kirk, Mrs. E. H. Williams, Mrs. M. P. Reed, Mrs. W. H. Gardner, Mrs. B. L. Cogdill, Mrs. J. R. Cook, Mrs. Star Haile, Mrs. W. M. Gore, Mrs. Luther Roberts and the hostess.

The society will meet at the church next Monday for business and study.

**SHOWER MRS. WHICKER**

Mrs. Robert Steen, Mrs. W. O. Stockton and Mrs. Bill Chesher of Sudan, were joint hostesses for a "shower" given in honor of Mrs. Everett Whicker, at the home of Mrs. Steen last Friday afternoon.

After a pleasant hour was spent refreshments were served to the following: Mesdames A. P. Duggan, David C. Gracey, of Austin, J. C. Houk, T. S. Sales, Bessie Base, J. M. Stokes, F. G. Sadler, T. Y. Casey, P. W. Walker, W. G. Street, J. C. Whicker, Arbie Joplin, W. A. Rutledge, Ray Jones, M. M. Brittain, C. E. Ellis, T. P. Wright, C. C. Clements, Doc Miller, Pat Boone, Maude Foster, Misses Hazel Morris, Vivian Courtney, Walden and Mrs. Annette Bradford.

**S. D. TITUS DEAD**

S. D. Titus, age 70 years, died April 20th after a brief illness. He was making his home with his son, W. S. Titus, three and one half miles south of Littlefield, at the time of his death.

Mr. Titus was a member of the Baptist church at Harmony, Ark., being a deacon of that church for 40 years.

He was a member of the Masonic, W. O. W. and Odd Fellows lodge. Interment was made in the Lubbock cemetery Thursday.

**NO PREACHING SUNDAY**

On account of the absence of Rev. C. A. Dugger, who is in Arizona at the bedside of his son, Prof. Neal Dugger, there will be no preaching services at the Presbyterian church next Sunday.

**President's Aide**

**Autographed**  
 Col. Blanton Winship will be military aide to President Coolidge, starting May 1, succeeding Col. Sherwood A. Cheney, who returns to field duty.

**SUBSCRIBE TO THE LAMB COUNTY LEADER, NOW**

*The Store with the Checkerboard Sign*

**BUYS NEW EQUIPMENT**  
Cliff McKnight, dairyman, has purchased the Empire milking machine, formerly belonging to the Home Dairy, also considerable other dairy equipment, which will be of considerable value in handling the constantly increasing volume of his growing business.

Texas leads all the states in railroad mileage.

**THREE GOVERNORS TO ATTEND MEET AT WICHITA FALLS**

Wichita Falls, Texas, April 27—Sponsors to the West Texas Chamber of Commerce Convention in Wichita Falls, May 16 and 17, will be presented at what has been termed the Court of Nations. This feature will take place Monday evening the first day of the convention at the baseball park, where the seating capacity will be 10,000. Many of the sponsors, coming from cities and towns representing a foreign country, will be garbed in costumes common or familiar to the countries represented by her city. The most gorgeous fireworks display ever presented to a Texas assemblage will be part of the program. More than one hundred sponsors are expected. Those not representing a foreign country will be presented during the first part of the program. A concluding feature will be the presentation of Miss America. This feature is being directed by Mrs. Ben G. Oneal, Chairman of the Ladies Committee, and by J. S. Pitman, prominent pianist of this city, who gained quite a reputation as an artist while traveling with the Shrine Chanters of Maskat Temple. The program promises to excel any ever given here. The most educational as well as the most entertaining program in the nine years history of the West Texas Chamber of Commerce has been arranged. Already several thousand reservations for hotel accommodations have been filed. Parking space for more than 200 special pullman cars has been arranged. Forty special trains are expected. These will come from all sections of the State and at least one from New Mexico. Thousands of visitors will also make the trip by automobile. Advance reports indicate the greatest convention of the kind ever held in the Southwest. A member of President Coolidge's cabinet, three governors, half a dozen United States Senators, and most of the Texas members of Congress are expected to attend and will have part in making the program one of the best ever offered to

the members of regional Chamber of Commerce. A Sunday program, May 15, will be given although the convention does not open until Monday. "A Home for Everybody," is the slogan in Wichita Falls.

**WOMEN'S AUXILIARY**

The Womens Auxiliary of the Presbyterian church met Tuesday afternoon with Mrs. Alvin Miller. This was visiting day and the members divided into groups and visited the sick and also the new members, returning to Mrs. Miller's about 4 o'clock. During a short business session, Mrs. Ray Jones was elected third vice-president. Dainty refreshments were served by the hostess, assisted by Mrs. Jones and Mrs. Clements, to ten members.

**LATE NEWS**

He who sells ribbons: "Did you say 'This is so sudden' when Mr. Kussman proposed?"  
She (leaving to be married): "I didn't have the audacity."  
He who sells, etc. "Why?"  
She: "Well, you know how Kussman stutters."

**DO YOU KNOW?**  
IF NOT, YOU SHOULD!

THAT to buy any car, other than the FORD, you have to spend an average of at least \$162.14 more as purchase price alone?  
THAT the FORD is the only car now equipped with the Ford Vaporizer, which has so greatly increased mileage per gallon of gas?  
THAT the FORD is the only car under the \$3,000.00 class equipped with a Dual Ignition System, so when complicated and delicate battery system is out of order or battery is dead, you can continue using the car with its old reliable magnet ignition system?  
THAT the FORD has more horse-power (A. L. & A. M. rating) to each 100 lbs of weight than any other car?  
THAT the FORD has more square inches of tire surface per 100 lbs. of weight than any other car?  
THAT the FORD has more piston displacement per 100 lbs. of weight than any other car?  
THAT the FORD has more braking power for each 100 lbs. of weight than any other car?  
THAT the latest model FORD has 80% increased braking area on the foot brake and 130% increased braking power on the rear wheels?  
THAT the FORD planetary transmission costs more to manufacture and is simpler to operate than a sliding gear transmission?  
THAT at 35 miles speed you can instantly go into reverse with the FORD and not hurt the transmission—an operation which will ruin a sliding gear transmission?  
THAT material used in the working parts of the FORD are of the best quality known to engineering?  
THAT 43% of FORD parts are sold at 15 cents or less?  
THAT \$1.00 worth of FORD parts is the equivalent to \$3.00 to \$25.00 worth of the parts of other cars.  
THAT the FORD has a torque tube drive, found on such high priced cars as Lincoln, Rolls-Royce, Marmon, etc?  
THAT the FORD has the Thermo Syphon cooling system, and needs no pump with its numerous parts and attachments?  
THAT in FORDS the gas flows by gravity to the carburetor, having no moving parts, with no chance of vacuum tank or connection troubles?  
THAT the FORD has an all-steel body—the most rigid known?  
THAT the FORD is a 3-point suspension car, the advantages of which are too great to detail, but will gladly demonstrate?  
THAT the new Pyroxilin Lacquer finish on the FORD car cannot be affected by acids or even hot water? You can pour boiling tar on it and soak it off with gasoline without affecting its lustre.  
THAT the Pyroxilin Lacquer finish on FORDS is the most durable finish known?  
THAT FORD cars take more abuse and show less depreciation than any other car?  
THAT the FORD has the quickest get-a-way in traffic and is easiest parked in congested districts?  
THAT more wealthy people, who can afford any car, are buying FORDS than ever before?  
THAT many a man has suffered loss of a good job, saving and sometimes good reputation by trying to own and operate a higher priced car in both purchase price and upkeep than he could afford?  
THAT high priced cars need high pressure salesmen to prevent discussion of high automobile costs?  
THAT automobile depreciation increases with investment?  
THAT the FORD dealer receives the smallest discount given any car dealer by any manufacturer?  
THAT the FORD is really ONE PROFIT car, because Ford Motor Company controls its basic sources of supply for raw materials.  
THAT the FORD car can break the speed limit on any highway in America?  
THAT there have been 163 improvements in the FORD car during the last 12 months?  
THAT all FORD dealers' service stations operate on a flat-rate basis—no haggling or arguing—no undercharging one customer and overcharging another?

These facts have reference to cars manufactured in the United States of America.

**BOARD OF THANKS**

to thank those who were caring for the illness and at the death of our son, and brother, Clint... MR. and MRS. C. A. and FAMILY.

**I'LL SAY SO!**

Another: I suppose I lay up very late at college. But: Yes, but really Grand. It's worth it.

**Recipes**

**Spice Cake:** Ingredients are two cups of brown sugar, two cups of milk, a teaspoon of cinnamon, a half teaspoon of nutmeg, a half teaspoon of cloves, three teaspoons of butter, two cups chopped raisins, three cups of flour, four tablespoons of baking soda, three eggs beaten well.

Mix and beat well and then pour into loaf pans which have been oiled and heated. Bake for about 45 minutes in a moderate oven.

**ODD HAPPENINGS IN THE NEWS**

**Detroit, Mich.** One hour after the birth of a baby girl to Mrs. Ollie Choice, physicians were compelled to operate on it for acute appendicitis. The operation undoubtedly saved its life and it is now well on the way toward recovery.

**Madison, Wis.** Although he has had but four years of regular school work, Robert Nagler, 12, of this city, has passed the difficult entrance examinations to the University of Wisconsin. Robert plans to be a scientist.

**San Antonio, Texas.** Trained to "see" with her hands despite the fact that she was born blind, Mrs. B. M. Gibson has completed a two-story frame house all by herself. She could not see the nails but nevertheless she did the work of several carpenters.

**San Francisco, Calif.** The search is on here for a living "dead" man. He was found lying on a sidewalk and a doctor pronounced him dead. When the physician went to phone for an ambulance, the "dead" man had walked away.

**St. Paul, Minn.** It took a letter

mailed in a chute here just twenty years to reach its destination two blocks away. In 1906 the letter was mailed but it lodged in the mail chute and was found recently when the building was torn down. It then continued its two-block trip.

**Berlin, Germany.** Paul Mueller has announced that he will leave during the early part of April for America and that his craft will be a tiny sailboat, 19x4 feet. Mueller believes it will take him three months to make the voyage.

One reason why children should play out doors in the sun is that in

this way they may obtain the ultra violet rays contained in direct sunshine. These important, health-giving rays, which have been found necessary to the health of both men and animals, are screened out by ordinary window glass. Take advantage of every bright sunny day and keep the youngsters out of doors.

If you have some jelly which is not firm enough to use on the table, it will do in place of cider or grape juice in fruit cake or mince meat.

All bean soups should have flour added to them as a binder, to prevent the thick part from settling to the bottom.

**Drip! Drip! Drip!**

"—in the night when all is still"

IN THE DARKNESS you wait for the next an- ning splash, and in the stillness the sound grows lost to the volume of a drumbeat. Annoying— But wasteful, too. The faucet is only one of parts of the plumbing system which need oc- sional inspection in the interests of economy. Telephone and let us send a competent man to st annoying and wasteful worn parts of the mbing system in your home. You'll find it nomical.
