

## Storm Leaves 'Cotton Showers'

### Workouts Today

### Little League Rosters OK'd

Rosters for Littlefield's 12 Little League teams were announced Tuesday by Roy Allan Hutson, president of the league.

Names of 175 boys — 86 in the major league and 89 in the minor — were listed by Hutson following a league auction which was conducted Monday night.

Hutson also said that the schedules for the two leagues have been completed. Sunday's County Wide News will carry the complete schedule for both leagues.

Workouts for all teams will begin this afternoon and will be staged again Friday afternoon.

Little League season will begin with two games on Monday, May 9, and will continue the rest of that week with two games each night except Wednesday. The weeks of May 16 and June 13 will be skipped during the latter part of July.

Campbell, Steve Lewis, James Black, Jimmie Langford, Ralph Hobratsch, Robert Richey, Fonda Crayton, Larry Wisdom, Mike Lumsden, Kenneth Horn, Gary Gibbs and Norman Kiser.

**BIRKELBACH** — Max Windwehen, coach; Clifford Smith, Larry Howard, Tommie Rice, Richard Rice, Alger Starnes, Johnny Horne, Kenneth Hagar, Paul Hagar, Randle Birkelbach, Melvin Crayton, Kenneth Carr, Bobby Lee Ward, Ronnie Ward, Robert Hodges, and Auto Silvas.

**LIONS CLUB** — Norman Murray coach; Marvin Weaver, James Marsh, Billy Howell, Donald Joplin, Ralph Dangerfield, Raymond Dingus, Bill Nowlin, Alfred Johnson, Gary Purdy, John Martinez, Tim Tapley, Monte Ward, Darrold White, Richard Salman and Joe Gilbert.

**ROTARY CLUB** — Bill Harmon, coach — Larry Schovajsa, Weldon Gage, Wilbur Lee Williams, Billy Henderson, Lewis Ivicy, Larry Reese, William Carter, Douglas McNeese, Ricky Koller, Auto Gonzales, Bill Nelson, Danny Butler, Sam Fain, Micky Jim Davis and Mack Mangum.

It's Off With The Old . . .

**LET'S GET WITH IT, DAD!** — A couple of Littlefield High School majorettes decide it's time for Don Page, C-C manager, to get in step. They apply scissors to Don's old felt hat and the results are shown in the picture at right.

And On With The New . . .

**STRAW HAT DAY** is Saturday, say the girls, Linda Vaughn, left, and Betty Sue Thomson, and the felt hat has got to go. It went, says Page, as he looks through the top of his old hat. All three are now in style with new straw hats.

### Phone Trouble Reported Here

A thunderstorm which popped lightning in all directions left beneficial moisture for area farmers Tuesday night, spreading from a half-inch to an inch of rain over a wide section of the county.

Only damage reported in the area came from lightning which knocked about 150-170 telephones out of service in Littlefield.

The "cotton showers" came at a time when many farmers in the area were planting cotton. A day or two's delay in that work was anticipated Wednesday morning by County Agent Bill Kimbrough.

Earlier, Kimbrough had estimated that more than 70 per cent of the county's cotton would be planted by the first of next week.

"These showers will slow things up a day or two, but that's all," said Kimbrough. He termed the showers "wonderful," saying they were just what dryland farmers needed to start planting.

In Littlefield, General Telephone District Manager Bob Saunders said 150-170 phones, most of them in the northeast quarter of town, were put out of order during the storm.

Several distributing cables were soaked, Saunders said, when lightning broke the sheathing and left wiring exposed to the water. "But we had extra crews here working on the dial conversion, and they switched right over to repairing the damage," Saunders said. The situation was being corrected Wednesday morning, he added.

Around the area, a half-inch or more of rain was reported at Amherst, Spade, and north and south of Littlefield. About an inch was recorded at a farm north of town. No hail was reported in the area. The Western Cotton gin gauge here showed .46 of an inch, but some other gauges in town recorded as much as .85.

Only a trace of rain fell at Sudan and little or no moisture was recorded south of there. Showers also were lighter in the Earth-Springlake-Olton areas.

County Agent Kimbrough said he doubted if any cotton already planted was hurt by the showers. "Dryland farmers ought to be able to plant after this," said Kimbrough. "They won't have trouble unless they get some high winds."

Kimbrough estimated that about 20 per cent of the county's 203,000 acres of cotton land is already planted.

Particular attention should be given to depth of cotton planting, Kimbrough emphasized, pointing out that seeding shallow in the warm soil and using press wheels can bring good results. Shallow planting gets cotton off to a better start, he said.

### Want A Free Straw Hat?

Saturday is official straw hat day and Littlefield's "Straw Hat Merchants" are celebrating the big event by giving away 10 brand new men's straw hats.

Head of the Straw Hat Day event is Orvel Murray. He reports that promptly at 3 p.m. Saturday, 50 ping pong balls will be thrown from the top of the Palace Theatre in the 400 block of Phelps Ave.

Ten of the balls will have gift certificates for free straw hats attached to them.

The police department will be on hand to hold back traffic while the balls are tossed from the building into the street.

The City Shoe Shop will give away a \$5 western style straw hat; Penney's will give both a dress and western style of the winner's choice; Anthony's will give a \$4.98 western hat; Fields' will give a \$5 Stetson of the winner's choice; Ware's will give a \$5 western of the winner's choice; Fenton's will give the winner his choice of any western straw in the store; Sears will give a \$4.98 value of the winner's choice; and Beall's will give both a dress and western style.

Rules of the contest are simple. Persons in the race for the ping pong balls must be 16 years of age or older.

### Former Lamb Officer Dies After Boat, Auto Accidents

**EARTH** — Funeral services were held at 10 a.m. Tuesday for L. H. (Shorty) Randolph, 68, at the First Baptist Church, Lockney.

Randolph died at 2:40 p.m. Sunday at Shannon Hospital in San Angelo as a result of injuries received in two accidents early Monday, April 18.

Contrary to earlier reports, it is believed Randolph received more severe injuries in an accident which resulted when he lost control of a boat while fishing near San Angelo.

Randolph was able, however, to get to shore and drive to his trailer house. Shortly before he reached the trailer, the pickup he was driving crashed into a high-line pole. He got out of the vehicle, walked to the trailer and collapsed on the door step.

Randolph is survived by his wife, Minnie, of Earth; a son, Fred of Sundown; and a daughter, Mrs. Orbie Armstrong of Earth. Also surviving are a brother, Albert Randolph of Lubbock, and two sisters, Mrs. Callie Wilson and Mrs. Clara Mize both of Floydada; six grandchildren and five great-grandchildren. One son, Raymond, was killed in Korea in 1950.

Carter Funeral Home of Lockney was in charge of arrangements. Burial was in the Lockney Cemetery.

### Montgomery Ward Coming

## Three New Businesses Set

Three new businesses soon will open in Littlefield, including a Montgomery Ward mail order store, a new restaurant, and two recreation clubs.

**E. L. Carter**, manager of Montgomery Ward's mail order division, reported this week from Fort Worth that a new mail order store will open in Littlefield in 60 to 90 days.

The store will be located at 324 Phelps Avenue, next door to Robbins News Stand. The Fair Department Store was located in the building.

**R. H. Eller** of Lubbock is the general contractor for remodeling the building and he reports that the building will be ready for occupancy in 60 days. It is a 24 by 124-foot building and will be

fronted with a new aluminum-glass display.

North of this location at 316 Phelps, (just north of Bartley's Western Wear) will be a new recreation club. Buford Kennedy, now living in Littlefield, already has remodeled this building with a new front and interior. The club will open just as soon as the new equipment arrives, Kennedy said.

Kennedy is also remodeling the building just south of the Littlefield Bowling Alley in the 200 block of Phelps for another recreation club.

The third new business is the opening of a restaurant approximately two miles southeast of Littlefield on the Lubbock Highway. This is the old Mac's Steak House location and it has been purchased by the Nite Owl restaurant chain of Lubbock.

The Nite Owl has three restaurants in Lubbock. The Littlefield restaurant will also carry the Nite Owl name.

The Anthony store is fast remodeling the old Littlefield Discount House. It will be incorporated to make one large Anthony's department store, making the 300 block on Phelps sport many new store fronts.

Many other businesses are doing minor remodeling jobs in Littlefield at this time and a highway widening project south of town is in progress. Lumber yards report that home building is going at full speed and many new homes are built in Crescent Park and Cannon Terrace additions. Small-

### HOG KEEPERS WILL BE STUCK

Sunday is the last day any hogs can live in Littlefield — the animal kind, that is. The city will begin enforcing an ordinance which the City Council approved in January.

The ruling says that no hogs may be kept in the city limits because they produce "filth that attracts and provides a breeding place for flies and other germ-carrying vermin and emits obnoxious odors, all of which are dangerous to the lives and health of the inhabitants of the City of Littlefield."

### Chicks Fly Coop, Run For Safety

Part of a trailer load of chicks flew the coop here Monday afternoon, scrambling out of a trailer onto Phelps Avenue.

They apparently didn't like their cage, a 6 by 8-foot trailer pulled by a tractor driven by Leonard Stewart, 820 W. 8th.

Many of them piled over the trailer's sidebars and ran in all directions. Some of them died as they fell to the pavement and were crushed by the wheels of the trailer.

Some of the ones who got away — temporarily — ran for the safety of parked cars, hiding under them.

Spectators went on a chicken-catching spree and rounded up the chicks in a few minutes.

The chicks who didn't get under cars were easy prey for their captors. Those who did stayed at large longer.

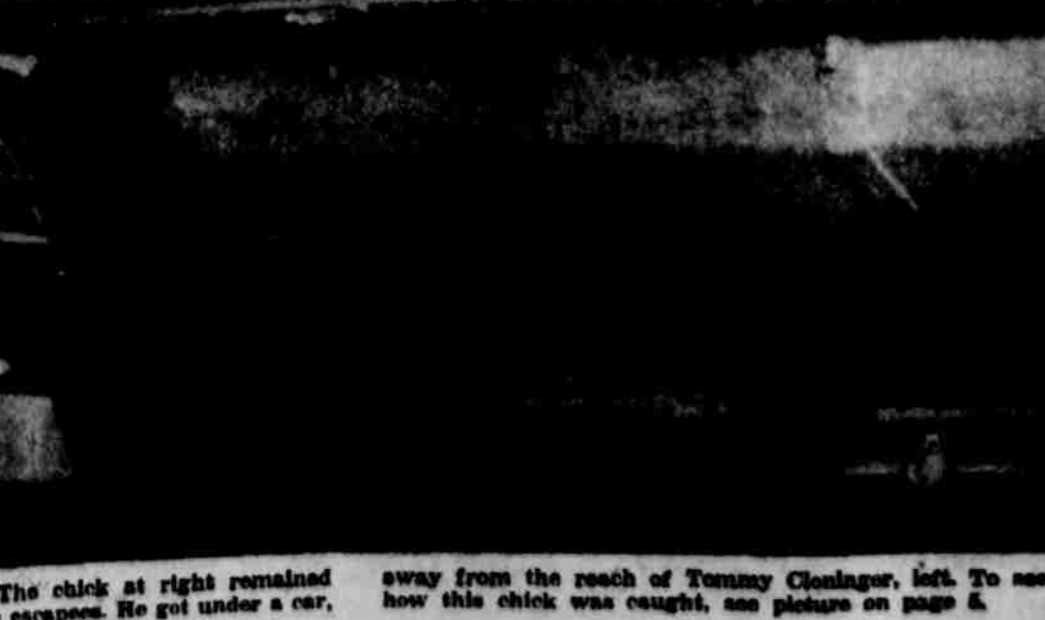

About 3,000 chicks were being hauled by Stewart. They started their jailbreak just before the trailer reached the intersection of 4th and Phelps.

AFTER THE ROUNDUP—Spectators are shown here putting chicks back in their coop after many of the chicks left a trailer on Phelps Avenue here Monday afternoon.

SMART LITTLE CHICK—The chick at right remained free longer than most of the escapees. He got under a car.

## Rev. Joe Hebel Is Pastor Of Church At Fort Worth

The Rev. Joe W. Hebel, son of Mrs. J. D. Hebel of Littlefield, is conducting a financial campaign to raise funds to remodel and expand the church which he pastors at Fort Worth.

Rev. Hebel left Littlefield six years ago and went to Fort Worth to study for the ministry.

Today he is pastor of the Miller Avenue Baptist Church at Fort Worth. The church was organized as the Tabernacle Baptist Church April 5, 1953, with 23 charter members. Since that time the membership has increased to 158. During the last two years under the administration of Rev. Hebel there have been 152 additions to the membership and the annual offering has increased from \$7,500 to \$10,500.

"Our one desire is that our community might be a little nicer place in which to live through the testimony of our church," said Rev. Hebel.

He was born at Canton and completed high school in Ballinger. He attended the Bible Baptist Seminary at Arlington, where he received the bachelor of divinity degree in 1958 and did additional study at Texas Wesleyan College. He was ordained in the Castleberry Baptist Church in 1956 and served as assistant pastor there for two years. Prior to accepting the pastorate at the Miller Avenue Church he served one year as pastor of the Mineral Heights Baptist Church at Greenville.

Rev. and Mrs. Hebel reside at 300 Killian, Fort Worth with their three children, Kasundra Jo, 6; Deborah Ann, 4; and Bruce Wayne, 2.

## MORE WOMEN THEOLOGIANS

HELSINKI, Finland (AP)—Women theologians outnumber men in the entering class at the Finnish Theological Faculty this year for the first time.

There are 58 women to 55 men. Women theologians may not take orders in the National Lutheran Church of Finland but they are employed in other church posts where a knowledge of theology is helpful.

Since 1929 Ecuador has had a child labor law and an eight hour labor law.

## San Antonio Rites Held For Chester J. Toney

Funeral services for Chester J. Toney, 34, San Antonio, son of Mr. and Mrs. C. E. Toney of Littlefield, were held Monday, April 18, at Porter Loring Funeral Home there.

Toney died April 15 in the Baptist Memorial Hospital at San Antonio. He had been hospitalized for two weeks.

A widely known San Antonio artist, Toney was curator of a museum there and was chosen as "Artist of the Year" this year. He was born and reared in Littlefield, graduating from high school here before entering the Eastern New Mexico University. After graduating from college he served in the U.S. Navy during World War II. He had lived in San Antonio since shortly after the war and at the time of his death was an assistant to the director of the McNay Art Institute.

He has won numerous honors in art exhibitions throughout Texas. The Art League of San Antonio, of which he was a member, has started a fund in his honor to give three scholarships to students wanting to study art. Survivors include his wife; his parents; two sisters, Mrs. G. Clark and Mrs. Dorothy Kierce both of Littlefield. A brother, Arthur Wayne, preceded him in death April 12, 1958.

CHESTER J. TONEY

His wife is the daughter of Mr. and Mrs. Jack Rowen of Littlefield.

Burial was in Fort Sam Houston Military Cemetery, San Antonio.

## LIPSTICK LOGIC

Folks in the Southwest tend to take ancestral history lightly. Though the early West was not as rootin'-tootin' as tv shows would have us think, still most frontiersmen believed a man is what he is and should be judged accordingly.

We once tracked our own frontier family back to the Atlantic shores. It started on one side with the immigration of Scots to the Carolinas, and on the other to a New Jersey flour mill during the Revolution. We did this when our son was four. Maybe we had a premonition he would marry a New Englander 22 years later. But more likely it was delight with the tales we had heard from childhood.

One particularly caught our fancy! Mother's great-grandfather Reuben weighed "better than 300 pounds", and when the "home-made soldiers came to arrest him as a rebel, he just said down. They couldn't budge him, so they went away.

Within the last few years, we hear American tourists visiting England have had quite a surge of interest in trying to trace their family trees. Apparently, they've become curious about what part of England, Scotland or Ireland their forefathers came from, and whether they were scoundrels or gentlemen. The gentility they can boast about back home; the scoundrels give color to the tale, as much as to say, "You can see I'm not taking all this seriously."

While we have no heraldry to boast of, and no record from across the seas, we do have a couple of jerry-built family trees put away somewhere. And hanging like an overripe peach from one of the highest branches is great grandpa Alexander Reuben, who just sat down till the Yankees went away.

## Turner - Mr. Hawkins United Marriage Saturday Afternoon

MRS. FRANKLIN EUGENE HAWKINS (Formerly Miss Rita Luene Turner)

MULESHOE — Miss Rita Luene Turner, daughter of Mr. and Mrs. Doyle Turner of Pleasant Valley and Franklin Eugene Hawkins, son of Mr. and Mrs. F. M. Hawkins of the Y. L. Community near Muleshoe were married at 4 p.m. Saturday in the First Baptist Church here.

The couple exchanged vows beneath an arch in a setting of white gladiolus, blue asters and candleabra. The Rev. E. K. Shepherd read the double ring ceremony. Escorted to the altar and given in marriage by her father, the bride wore a full length dress of imported hand clipped Chantilly lace and tulle, designed with an elongated bodice, featuring a bateau neckline, edged with natural petal scallops of lace, a bouffant skirt of crystal pleated tulle, featured an overskirt of lace, which swept into a short train.

Her circular tiered veil of bridal illusion fell from a queen's crown of tiny organza petals, encrusted with sequins. She carried a bouquet of white stephanotis centered with a white orchid.

Attending the bride as maid of honor was Miss Kay Wilson, the bridesmaid was Miss Pat Barrett. They wore dresses of blue silk organza and carried white carnations.

Richard Hawkins served his brother as best man. Gerald Shanks was groomsman and Lyncal Black and Joe Childs seated the guests.

Candlelighters were Sherri Turner, sister of the bride and Corene Gates, niece of the groom. They were attired in dresses identical to those of the other attendants. Dorene Gates was a flower girl.

Mrs. Buddy Pulu was accompanied at the organ by Mrs. W. T. Andrews as she sang "O Promise Me" and "Always."

Following the ceremony, a reception was held in the Chester Wilson home at 310 E. Elm.

The bride's chosen colors were carried out. The serving table was laid in white linen cutwork over blue, centered with an arrangement of blue carnations, white stock and candytuft with blue candles.

Mrs. Wilson was assisted in the houseparty by Misses Delores Waggon and Nancy Julian, Miss guests.

The couple is at home in Muleshoe where both are seniors in high school.

# Warren Tipton Family Has Good, Lucky Week

It's been a good week for the Warren Tipton family of Route 2, Littlefield. Tipton said his luck was usually pretty much bad, until about 13 years ago. He and his family were "about to starve" on their dry land farm, which is five miles west and one north of Whitharral. Then when it looked like every thing was going wrong, an oil company found oil on his property and since then things have looked better. Tipton has four children a home and he and his family look forward to many happy miles in the new station wagon. He expressed his thanks to Gunn Bros., to E. J. Foust Jr., when he signed up, and to his many friends, opening in Lubbock, well wishers.

# Practice Tornado Alerts Held At Whitharral School

WHITHARRAL — The Whitharral schools became tornado-conscious Monday when practice drills were held at the school. The drills were held during the day. The drills were accomplished in five minutes each. Sponsored by the Lions Club, a warning siren has been placed behind the garage at the Whitharral Baptist Church. Posters with the names of those having cellars available to the public with capacity of each have been placed at all business houses and locations in town. The farm cellars with adults and grades have been set in case of tornadoes during school hours; first and third grades to the cellar on the school grounds, with son,

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — A great number of persons are not aware of the fact that the Legislature at its 1959 session, moved the primary and run-off elections forward several months. Candidates are not in sufficient abundance this year to impress his fact upon the voters. Now with only a short period remaining, many of them are surprised to learn that not one out of a hundred voters knows when the elections are to be held. Those who are campaigning have not failed to stress the earlier voting dates. First primary will be held on Saturday, May 7 the run-off, if any should be necessary, is scheduled for June 4. If you are going to be out of town during the first primary election, May 7, you have from now until May 3 to vote absentee for that election. After May 3 you must go to the polls if you want to vote. For those living in a county seat own, the simplest procedure is to go to the county clerk's office. If you do not live in the county seat, you can write the county clerk or the necessary forms. Voting in the Democratic primaries is essential to participation in other Democratic party activities this year. No one will be allowed to take part in a Democratic precinct convention unless he has a poll tax that has been stamped "Democratic." Poll tax holders must vote in the primary, absentee or at the polls, to get their poll taxes stamped. This new section of the election law was designed to keep out the so-called "one-day Democrats" who participate in Democratic primaries and conventions and Republican conventions, too. People who go to the GOP precinct conventions will have their poll taxes stamped "Republican." This shuts the door on their having any part in Democratic Party affairs until they get a new poll tax. An intensive campaign has been under way for several weeks to educate voters to the new procedures and dates and the importance of their voting and coming to precinct conventions. DOOR KNOB COSTS CUT — Amid a statewide hullabaloo over the cost of hardware came a quiet explanation that the door knob in the State Office Building really cost only \$3.65, not \$36.00 apiece. H. R. Nieman, executive director of the State Building Commission, said the cost of all the hardware for the building — including automatic closers, locks, keys, hinges and doorstops for 1,000 doors — came to \$36,000. Nieman, who was not with the building commission at the time the State Office Building was constructed, called the hardware cost "well within reason." Nieman's statement punctured a story that had been the subject of most as many jokes as Pappy Danley's flour barrel. It got started when a House committee tax saving investigated the building which had cracks in the lobby's terrazzo floor. Sightseers had come, almost as a museum, to look at the highly publicized stainless steel knobs. TROUBLES EVERYWHERE — If sunny weather and disappearance of the flu has you feeling secure and content, the State Department of Health has bad news. Health officials warn of three separate monsoons: 1. Rabies is on the increase — up 33 per cent from this time last year. During the first three months of the year 213 positive cases were diagnosed. 2. It's the measles season with Travis County (Austin) leading the state with 250 cases reported. Success County (Corpus Christi) reported 265 and Galveston 172. 3. Stinging caterpillars are about and will be around feeding on trees and shrubs until fall. Health Department officials particularly urge parents to warn their children not to pick up the ugly, fascinating moth larvae. Stings should be treated as bee or wasp stings — by cleaning with alcohol and covering with calamine or other soothing lotion. OIL SLUMPS FURTHER — Texas oil allowable has been further reduced to a permissible low of 2,574,894 barrels a day for May. An eight-day producing pattern, as low as at any recent time, was set by the Railroad Commission. A number of independent producers ask for an even sharper cut to seven days. They said the industry was going into a lower demand season with too much oil on hand. Recent crude oil price cuts have intensified the general gloom of the Texas oil industry. It raises, too, the probability that state tax revenue from oil will fall substantially below expectations. CRIMINAL CODE CHANGES — Directors of the State Bar of Texas approved recommendations for

# Sandhills Philosopher Machines Won't Ever Rid Us Of All Manual Labor

Editor's note: The Sandhills Philosopher on his Johnson grass farm discusses work this week, in a theoretical sort of way. Dear editor: Some people never get out of a rut. For example, they think the only time to get spring fever is in the spring, whereas I've found it can be done in the summer, fall or winter too, if you put your mind to it. What brought this to my mind was an article I read yesterday afternoon when I got tired of working and sat down, by an industrial expert who said that "by the year 2,000 the word 'worker' will be obsolete, men having been replaced by industry. Look about you now — do you see many people with a pick and shovel?" he asked. "Do you see anybody actually doing any manual labor?" Which way you reckon that man was looking? You can look in some directions, say mine for example, and maybe not see anybody doing much manual labor, but the idea that manual labor has just about been abolished is one of the biggest hoaxes ever attempted. Now it's true that riding a tractor beats walking behind a plow pulled by horses, but anybody who imagines driving a tractor eight or ten hours a day, going up and down another, doesn't try to involve work, just never has tried it. Furthermore, you don't step outside, when plowing time comes, mount your tractor, and take off. Somebody has to get some plows or planters or busters or discs hooked up to the tractor, and if anybody thinks this doesn't involve manual labor, I will be glad to turn the job over to him the first thing in the morning. And furthermore, manual work isn't confined to the farm. In the most perfectly air-conditioned building in the city, using scientifically designed chairs and an electrically-operated typewriter typing eight hours a day runs into work. A doctor in a modern hospital, with all kinds of newer gadget, including an electric saw instead of a hand saw, still finds himself played out after a four-hour operation. And so it goes. In fact, regardless of how many labor-saving devices man now has regardless of all the automatic systems and modern inventions the most people I know wind up the day just about as tired as people did 50 years ago. At least they say they're tired. And when I say I'm tired, I don't want anybody arguing with me about it. My theory is that machines will never be smart enough to eliminate work. It's up to man to do this, and the only way is not to rely on a machine, but to simply crawl under the shade of a tree and stretch out. Yours faithfully, J. A.

# Springlake FFA Judges Going To State Event

EARTH — Twelve boys comprising four teams represented Springlake at the 33rd annual Texas Tech Vocational Agriculture Judging Contests in Lubbock Saturday. When the results were tabulated, Springlake was one of four schools out of the 100 in Area One to qualify as many as three teams for the State Judging Contest to be held at College Station Saturday, April 30. The other three schools were Monterey, Lubbock; Tom S. Lubbock; and Spur. Springlake's livestock judging team composed of Ray Hoolley, Jerry Jones and Shelby Bozeman, tied for 7th in Area 1. They competed with 59 teams in this event. In dairy cattle judging, Ronnie Dent, Jerry Taylor and Jackie Scheller placed fifth out of the 52 teams in Area One. They were the fifth high team out of 98 teams in the Halstein division. Hal Hudson, Dale Montgomery and Charles Axtell represented the school in poultry judging, placing fifth in the production division out of the 45 teams competing from both areas. They were sixth highest team in the overall contest of the 25 area one teams. In the crop seeds division of crops judging, a Springlake team composed of Don Johnson, Dickie Avrey and Don Curtis placed fifth in competition with 35 team. Agriculture instructor, E. G. Gaston, stated that the livestock dairy cattle and poultry judging teams will leave for Bryan today and should return Sunday afternoon.

Mr. and Mrs. Robert Butler and Mrs. Christene Buchanan and children made a trip to Bernalillo, N.M. during Easter holidays. They visited Mr. and Mrs. Olan Knight and family. They also made a tour of the Santa Fe National Park and other places of interest.

Mr. Roy Carden and son went to Falcon Lake fishing we before last. They returned with about 115 pounds of fish.

Eleven ladies from the Anton Garden Club met in the city park last Thursday afternoon and cleaned the park. Keeping the park beautiful is the club's project.

Mrs. Brantley Stephenson was hostess for this meeting and she served the group homemade ice cream and cake in fellowship hall of the Methodist Church.

Their next meeting will be a pilgrimage of some gardens in Lubbock.

Mrs. C. F. Harrington, Mrs. Del Wells and small son visited Mrs. M. J. Brock in Chillicothe from Saturday until Monday of last week.

The Anton Study Club met April 13 in the home of Mrs. Earl Fisher. The program was on mental health and was given by Mrs. C. F. Bryce and Mrs. Ed Hart. It was announced during the business session that the project committee had completed arrangements for the club to purchase an ornamental cast iron bench to be placed in the Anton Cemetery. Refreshments were served to 19 members.

Miss Nelva Spradley and Carolyn Lair will represent the Anton FHA Chapter at the state meeting in Austin April 23-30. Miss Spradley is the voting delegate with Miss Lair as alternate. The girls are chosen for this honor on a merit basis set up by the local chapter. Miss Kay Biffle earned the largest number of merits but was unable to attend the meeting. The group sponsored by Mrs. Bill King will make the trip by car.

They want Lyndon Johnson as their next President of the United States," Bowen added. "It is not just a matter of being proud of Senator Johnson, they know he is capable, able and efficient and one of the most astute leaders in our nation today."

Jack Christian, a leader in the Johnson For President campaign in Lamb County, said that the campaign in the County is progressing "quite well."

"I am convinced," Christian said, "that the vast majority of people in our county are behind Senator Johnson. Many of them are working diligently in this movement to win the Democratic nomination for Senator Johnson. I believe we will be successful."

**State Board Turns Down Crop-Hail Insurance Bid**

AUSTIN — It was announced here Monday that the State Insurance Board disapproved new crop-hail insurance filings, covering insured cotton plantings, by a number of insurance companies which would have reduced premiums by 6 per cent but lowered insurance company liability more than 25 per cent.

The new filings would also have carried an optional escalator clause which did not pay full damages until hail storm or July 1 and would have forced farmers to replant in order to be eligible for the replanting destroyed crops clause in a policy which most farmers prefer.

This action by the board follows hearings in Austin on April 18, requested by the Plains Cotton Growers, Inc. to review previous approval of these filings as announced April 4.

J. Morris Thomas, farmer from Cotton Center, and George W. Pfeiffenberger, executive vice-

president of the PGC, attended the hearings and testified that such new policies would not have provided adequate insurance coverage. Also that finance agencies would insist on better coverage before granting production loans.

Cotton producers and finance agencies from Pecos also testified in line with PCG views at the hearing.

The board action leaves the older policies unchanged except that the storm date has been advanced forward by five days in all zones. This means that it is considered feasible to replant cotton after damage by hail occurring prior to noon on June 5 in Zone 2, rather than June 10 as was formerly the case. This change was obtained at hearings last November at which Thomas

and a PCG staff member also testified.

...but we make  
it for you

Gladiola Land is just a little bigger than Texas. What's it famous for? Biscuits, cakes and pies turned out by the best home bakers in America.

When it comes to flour, these ladies are as choosy as a princess picking a husband. Only snow-white Gladiola Flour is good enough. So, naturally, it outsells every other brand.

If you're from Zigzag, Ore., we hope we haven't hurt your feelings. We just wanted to make sure you realize that Gladiola Flour is different. It has to be. And by the way, it costs only about 1/2¢ a day more than the cheapest flour.

## LCC Backers Endorse Drive For \$2 Million

At a dinner meeting at Lubbock Christian College Tuesday night 129 leaders from West Texas and New Mexico enthusiastically endorsed a campaign to be launched in September for \$2,077,000 to finance further development of the college.

The campaign is designed to complete the financing of the two present permanent buildings, provide for erection and equipment of the field house and build a dormitory to house 130 men students. It also aims to make available a three-year operational fund of \$300,000 to assure continued high academic standards, more teachers and an improved salary level.

A three-year fund of \$120,000 to sustain the student work program and provide scholarship aid to gifted students with limited means will also be set up. Another aim of the development campaign will be to purchase the additional 100 acres required according to the master plan for campus expansion.

The proposed field house, according to Dr. F. A. Mattox, LCC President, will be one of the largest on any campus in America. It will be 192 feet wide and 382 feet long. It will be ideal for indoor intercollegiate and interscholastic track meets, basketball tournaments and other events. The field house will have a 100-yard straight-away and a 220-yard track. Use of the field house will be made available to civic groups desiring such facilities.

Paul Sherrad, of Lubbock, is the general chairman of the \$2,077,000 campaign, which will cover 114 counties in West Texas and New Mexico. Robert C. Jones, Amarillo; Eldon E. Sanders, Childress; and Jimmy Wood, Odessa, are assisting him as vice-chairmen.

## with engineered irrigation and Alcoa Aluminum Pipe!

With a complete line of lightweight Alcoa Aluminum Irrigation Pipe, your Alcoa dealer can design a portable sprinkler or gated system for any need!

You apply an exact amount of water when it's needed, from germination to harvest, with engineered irrigation using Alcoa® Aluminum Pipe. You get higher yields per acre cultivated, better quality crops, earlier maturity to catch peak market prices.

## Pick the Alcoa Aluminum Pipe you need!

Alcoa Standard Class 150—a heavy-duty, seamless pipe with full-thick walls to take rough handling and high pressures—comes in eight diameters from 2 in. through 10 in. Alcoa Lite-Line is either extruded—lightweight, low-cost pipe for most normal uses; or welded—alclad inside for maximum corrosion resistance. It's available in nine sizes from 6 in. through 12 in. for tapping high-volume water sources. Both Alcoa Standard Class 150 and Alcoa Lite-Line come in 20-, 30- and 40-ft lengths; larger sizes of Alcoa Lite-Line, Welded, also in 50-ft lengths.

## Ask your local dealer about Alcoa's 48-Month Irrigation System Finance Plan.

Provisions of this finance plan allow your new irrigation system to serve as security against your loan. There's no red tape . . . you get immediate action on application for a loan. You pay for your system out of your increased profits.

Your Irrigation Dealer has quality Alcoa Irrigation Pipe available for immediate delivery from local stocks. He can engineer an irrigation system specifically for your land, your crops; provide local service on a complete system.

### ON A DESOLATE HILL

#### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	19	23-42
Monday	John	20	1-25
Tuesday	Psalms	102	1-12
Wednesday	Matthew	14	22-33
Thursday	Psalms	119	169-176
Friday	John	13	31-38
Saturday	Luke	24	13-58

It is not strange that someone chose this lonely spot to erect a reverent memorial. It was on a desolate hill that three crosses stood many centuries ago . . . the Cross of the Saviour . . . and of the penitent . . . and of the scoffer.

Always these crosses have seemed to belong to the desolate hills of life. When a man feels the crushing burden of worldly care upon him, when he trudges the steep trail lost and alone — then, either he will claim the Love and Strength of Christ as did the penitent, or like the scoffer he will let his unbelief destroy his soul.

But no man should wait for a time of desolation to make life's most joyous decision. It can be made today . . . and sealed with years of happy service in the church of one's choice.

**Earth Baptist VBS Leaders Are Selected**

EARTH - The faculty for the 30th Annual Vacation Bible School met April 19 and appointed workers for the individual departments. Superintendents of the departments are as follows: Mrs. Price Hamilton - Junior One, Mrs. Thurlie Brunson - Junior Two, Mrs. T.C. Martin - Beginner One and Mrs. Herman Galloway - Beginner Two. Mrs. R.S. Cole will head the Primary Department.

Also at the April 19 meeting, Cecil Meadows showed a film of the 'Vacation Bible School's General Assembly.' Plans were made for the ordering of books and other supplies to be used in the school. All the departments then met and worked on preparations for their various groups.

**VOTE FOR**

**Otha (Skipper) Smith**  
FOR  
**Commissioner Precinct 3**

- ★ A man who can, and will represent you on any level.
- ★ Lamb County needs more farm to market roads (Hale and Lubbock counties received over 200 miles each in the last 12 years).
- ★ Our precincts should work together for better roads at less expense to the county.
- ★ Lamb County should have 1 foreman and furnish 1 car, instead of 4 precinct foremen and 4 commissioner cars. This would eliminate around \$20,000 expense.
- ★ When possible, all materials and equip. should be bought from Lamb County firms.

## 'Were You Counted?' Drive Opens

### Share Of Tax Dollar Schools Is Decreasing

spends a smaller total number of teachers has increased 49.4 per cent. The figures are: Scholastics: Up from 1,554,758 to 2,077,901. Enrollment: Up from 1,349,804 to 1,971,408. ADA: Up from 1,151,971 to 1,735,910. No. of teachers: Up from 54,934 to 82,088. With 2,168,000 school-age children for the 1959-60 school year, this means more than 1,795,000 children in school every day.

### Be Careful, Snake Season Back Again

Beware of snakes. This is the report coming in from game wardens all over the state, according to the Game and Fish Commission. With the advent of warm weather, the snake movement has begun throughout the State. There are four kinds of poisonous snakes in Texas. They are the moccasin, copperhead, coral snake and the rattler. Naturally the moccasins are found around water; the copperheads like cool places around old rock piles, barns and stacks of old lumber; coral snakes also are found around old tree stumps, under vines and shrubs; the rattler likely will be found most any place. Many of them are killed crossing highways. Because there are so many non-poisonous snakes many persons may take a chance. For instance, near Rockport last week a group of school children found a snake

MRS. G. L. McLELLAND, Fieldton, is shown receiving the diamond ring she won in the drawing at Findley's Jewelry on Saturday, April 16. Weldon Findley, store owner, is making the presentation.

### Pre-Registration Scheduled At Olton

OLTON - Mr. Fred Gordon, principal of elementary school, has announced the date for pre-school registration. He said that all children who will be six years old on or before the first of September will register Friday, April 29, at 1:30 p.m. in the Webb Elementary School. Gordon also asked that the pre-school children bring their birth certificates with them when they come to register.

### Persons Missed By Census Asked To Fill Out Form

With the 1960 Census of Population and Housing completed in Lamb County, Mrs. Gladys Joplin, county supervisor, this week announced the beginning of a "Were You Counted?" campaign to insure that no resident of the county has been overlooked.

Persons who believe they have been missed by the census takers are urged to notify the census district office by means of a "Were You Counted?" form.

Prompt mailing of the "Were You Counted?" form will speed up the compilation of preliminary population figures of the county. Preliminary figures presenting the total population of incorporated places of 10,000 or more population, and for counties, will be issued as soon as the district supervisor is convinced that a complete count has been made.

Final, detailed population figures will be issued in Washington later this year after the returns have been tabulated on the Census Bureau's electronic computers. Within four or five days after all enumerators in a county have completed their assignments and have been checked out a preliminary population announcement on that county or on any incorporated town within that county can be released. Preliminary announcements on incorporated towns of less than 10,000 population can be made by the district office only after a written request by the head of the local government.

The importance of a complete count was stressed by the county supervisor. She pointed out that the population figures compiled in the current census must stand as official until the next Federal Census.

"Federal aid funds are allotted to States and State funds, in turn, are allotted to counties and municipalities on a per capita basis. So a short count means a short allotment. Thus, it is imperative that we have a complete count. The help of every resident of the area is needed to reach this goal," she said.

She also pointed out that census figures are used to determine the need for construction of new schools and hospitals and for allotting representation in Congress among the states and for setting boundaries for congressional districts within the state.
