High School Lunch Prices Drop

The school board of the Lit-tlefield Independent School District took a big step to encour-age useage of the Littlefield High School Cafeteria Thursday night, when they dropped the price of meals from sixty cents to forty cents.

Downtown Beautification Still Lauded

With comments ranging from "the greatest thing that ever happened to Littlefield", it was hard for this ranging reporter to find a dissenter to the opinion that the downtown beautification has been a most successful venture for the City of Littlefield.

Exactly one year ago this last Friday, September 9th, Littlefield citizens capped several years of planning and hardwork with opening ceremonies lasting Manning was instructed to put

three days. Businessmen agreed that the goals sought by the project of keeping the town together for its business, of making a more pleasant place to shop, of actaully increasing business itself, and of attracting some tourists had all been met.

For instance, Ernest Connell says, "I think enough of the the cafeteria. This year the cafproject that I have bought a lot eteria has had an average usedowntown and will be putting in age by students of about 50 per day. The low point in useage came Monday when only 17 studa new store in order to be apart of it."

H.L. Fisher confidently states, "People from at least ering the price of the high school 20 states have said that the project was practically unbelievable in its beauty". John Polone waxed eloquent

greater volume, in both high in his praise as he stated, '1 on the upward march.' school and junior high school. After the month trial has pas-

went to the Bahamas for my va-'very good" to "beautiful" to cation and in both coming and going, I never saw a prettier business district".

Kenneth Ware, one of the cochairmen who worked hard at the project with many other citizens, authored the statement that it was one of the greatest things that ever happened to Littlefield. He has also found that customers' statements agree with his evaluation.

In looking ahead as well as back, Fly Thornton observed that the proposed plans for Highway 84 will help even more now to draw people off the by-pass to look at the business district. Naturally, it is also to be remembered that Littlefield has gained national attention through the project as it was the basis for Littlefield qualifying among the top 22 cities in the nation in the All-American City Contest in 1965. Summarizing the general

feeling of happiness and good will over the project, and with an eye for the future, Chick Conway stated, "It certainly is beautiful, It has helped pull peo-ple off the highway to look at us. And now - industry is pro-bable, the next thing we should bably the next thing we should be working on to keep Littlefield

WILDCAT RUNNERS -- The hopes for the success of the Littlefield Wildcats running game, against the Muleshoe Mules, will depend mightly on the performances of Wilmer Williams, left and Fred Koontz, right. The Wildcats who picked up 213 yards on the

ground against Plainview, last week, will combine the running of the two seniors, with the running and passing of Mike Grissom and Richard Wright as they shoot for their second victory of the year, Friday night at 8, in Muleshoe. --- LEADER STAFF PHOTO

> No Reserve Seats For Game

All tickets to the Littlefield-Nullashoe game, rriday night in Muleshoe, are on a first come, first serve basis, since there are no reserve seats available. The tickets, now on sale at Brittain Pharmacy are \$1.50 per seat for adults, and ale through Friday

A steady increase of sunshine has also stepped up harvesting of grain sorghum as more and more happy farmers head for the elevators.

High moisture content of from 15 to 18 per cent had been keeping many away but this average is steadily declining now so 15% is more of an average. The Amherst-Sudan area reports lower contents of 12-15% while the Anton-Spade area reports the opposite and the Littlefield elevators are about in the middle.

A national survey prediction in August was changed from its conservative viewpoint in a September 10 release which indicated a much greater increase in production. This survey, some elevator operators feel, helped contribute to a drop from \$1.75 paid per hundred pounds to \$1.70 on Wednesday morning, although one elevator continued to pay a high of \$1.90 per hundred for low moisture content.

Yield per acre is running 1,500 to 1,800 pounds on dryland in some areas and irrigated production runs all the way from 4,000 pounds to as high as 6,500 pounds per acre. Total dryland acreage is 20,000 acres while 135,000 acres is irrigated.

Estimates of possible total production for Lamb County are somewhat hard to come by at this stage of the harvest as some elevators do not feel able to judge this figure yet. Approximately 400 carloads have been turned in and this may increase to perhaps 3,200 carloads.

Total amount of acreage is also a difficult figure to ascertain although it is known that a 266,505 base acre allotment had been given. Some farmers diverted from 20% to 40% of their allotment. Last year's acreage came to about 185,000 acres, but with an increased diversion, several farmers feel that total production may easily be down from last year. This coincides with the fact that 155,000 acres are producing grain sorghum this year as compared to last year's total of 185,000 acres.

sed, Manning was instructed to **Salvation Army Directors** report to the board, and a dec-ision will be reached on definete action concerning the cafe-Set Tentative Date For Drive In other action the board heard

Jack Ellzey of First Methodist Church pointed out the Salvation Army was not trying to replace the welfare work of churches but that often the facilities for providing meals and overnight lodging were already set up and hence could be provided more easily.

IN MULESHOE Wildcats Aim For Second Win '

> fresh from their opening game victory over the Plainview Bulldogs, will be out to make it two have not beaten a Littlefield en they try the Muleream shoe Mules, in Muleshoe tomorrow night. Game time is 8 p.m. Coach Kirk's troops emerged from the slam-bang battle with the Bulldogs in good physical shape, with only minor injuries showing up in this week's practice, so the spirited 'Cats should be at full strength for the game come Friday night. So spirited was the showing by the Wildcats last week, that most observers, including the Plainview team were shocked and surprised not only by the desire of the marcon warriors; but by the ability they demonstrated in leashing the Bulldogs with a multiple offense and a staunch defense that contained the vaunted Plainview passing game and limited the Bulldog ground troops to only 142 yards. At the beginning of the season, Kirk had expressed concern over the ability of his 'Cats to throw, but after the affair last week, a smile began to creep over the face of the young head coach. The cause of the smile was the fine performance of junior, Mike Grissom, who tossed for two touchdowns as he completed four of five tosses for 61 yards, and scrambled his way out of trouble countless times. "If we can keep coming up with this type of performances from our boys, we will have a good season, but from the indications last week, the other teams on our schedule will have a good season also, We were pleased with the performance of the entire team and to single out any one boy would be unfair to the others, but we will admit we were surprised with the type of game our kids played. They proved they wanted to win, and set out to win any way they could," Kirk said, This week the crew has been working on the plays of the Mules, as well as correcting some of the mistakes they made last week. Muleshoe is not to be regarded too lightly, said Kirk, "They have a fine ball club and a big club. They were tied by Dimmitt last week, but they did not have the services of their first string quarterback or first of Highway 1055 to Highway 385 string fullback. Both will be in

Grand Jury Indicts 13

Selecting 13 out of a possible 18 cases for indictment, the grand jury completed its pre-liminary work Tuesday.

Among those indicted and already in custody are the follow-ing: Harley Baker, charge of forgery, \$2,500 bond; James L. Dingess, charge of theft, \$2,000 bond; William Zenze White bed because of a difference of opinion of diagnosis of a patient. Dr. Stevanov maintained that he has been experiencing headaches ever since as well as other bond; William Zenas White, charge of theft, \$2,000 bond; Bill On the other hand, Dr. Ceips Mack Evans, charge of forgery and passing, \$2,000 bond; Gill testified on his own behalf that he had countermanded an order Gonzales Diaz, charge of child desertion, \$2,000 bond; Jesus of medication and that when Dr. Stevanov sought to forcifully Guerrero Martinez, charge of take the medication and adminburglary, \$2,000 bond.

Previously selected for jury duty were the following: G. T. Sides, Olton; B. G. Kelly, Olton; Frank Cornelius, Olton; Eldon Franks, Olton; C. C. Goodwin, Earth; Gerald Allison, Muleshoe; Roy Baccus, Sudan; Harold May, Sudan; Leroy Fisher, Sudan; Delvin Batson, Amherst; Harry Brantley, Amherst; Dale Weaver, Amherst.

Lions Set **Pancake Supper** For Nov. 4th

November 4 has been set for the date of the annual Pancake Supper by the Littlefield Lions Club, according to Jack Fincher, who heads the project. Fincher stated that the supper will pro-ceed the Littlefield-Lamesa football game, which should be one of the highlights of the football season. Serving will begin at 5:15 and will continue until 6:45, allowing ample time for all Lion Club workers to attend the game.

The pancake supper is one of the top money raising projects of the local club, and enjoys a favorable patronage each year. Fluffy pancakes, sausage, and bacon with gobs of syrup and but-ter make it a delightful treat in the cooler weather of the fall season. All profits from the event go toward the Lions Club's many worthwhile projects.

Advance tickets will go on sale at an early date, according to Fincher.

Chisholm Elected TML President

The Caprock Region 3 of the Texas League of Municipalities elected J.E. Chisholm, mayor of Littlefield, as its president for the coming year in a meeting Thursday night at the Ko Ko Palace in Lubbock.

The League of Municipalities is an information center for cities to pool ideas on city improvements and provides an organizational structure for cities to seek proper legislation of benefit to cities. head coach stated. One of the finest perform-

ances of the infant season was put on by senior halfback, Richard Wright, Friday night as the 10-second man carried four times for 54 yards and caught two passes for 35 yards and a touchdown. The fastest man on the Wildcat eleven, Wright, worked well as he utilized the blocking of a fierce line and the moves of a well-experienced runner in hitting the holes and out-distancing the Bulldogs almost everytime he carried the

ball for the Wildcats. As the season moves into its second week, the Wildcats seem to be combining a respectable passing game with a constant ground attack in an ffort to come up with the winning combination. The running of Wri-ght, Manning, Koontz, Williams, Tapley and Grissom, along with the ball handling of Tapley and Grissom, can give the Wildcats a well-balanced attack, and one which could determine the winner of 3-AAA.

The experience that was lacking in some areas was gained last week and the team seems to have jelled going into this week's practice. The ability demonstrated and the spirit that continues to run high should allow the Wildcats to pick up their second win of the season by at least eight points.

County Budget

Approved

The Lamb County Commissioners approved a total budget of \$285,000 for the coming year

in their meeting Monday, Sept. 12. Total evaluation of property for the county on which taxation is to be made for the county is \$30,666,076.

In other action, the Commis-sioners approved all the bills, the reports of the County Extension service, and the bill to Pioneer Natural Gas Co. of \$3,-360.25 for moving gas lines off near Springlake.

noon.

Student tickets, on sale at the high school are 50¢ each if purchased in Littlefield and 75¢ if purchased at the gate in Muleshoe.

The spokesman for the school said this would be the only time this year Littlefield would be in this situation, all the other games would have reserve seats available for the games.

Game time for the Muleshoe contest is 8 p.m. Friday, the only 8 o'clock game on the schedule.

Fans planning to attend the game in Muleshoe are urged to purchase their tickets early to be assured of having a spot in the stands at kick-off time.

Two Men, Lady, Take Contest

The prizes in the first week of the annual News and Leader weekly football contest were shared by two Littlefield men and an Abernathy lady as the guessing game began.

Winners of the first place went to John Clayton III, and Fred Martinez, who tied with only seven misses. Thirdplace was won by Mrs. Mike Fulton, of Abernathy, who missed only eight of the winners, in the season opener.

For their efforts, Clayton and Martinez, pick up \$6.25 each, while Mrs. Fulton wins \$2.50.

Of the entries received in the first week, the stumbling block came in the 3-AAA district, where underdogs turned the tables on the favorites and upset many of the entries of the contest.

All entries in the contest are being kept for the drawing at season's end for the trip to the Sunbowl game in El Paso. Checks will be mailed to the winners this Saturday.

Budget To Headline **Council Meet**

A public hearing on the proposed budget for 1966-67 be the top item on the agenda of the Littlefield City Council tonight (Thursday) as the city works to get the budget adopted by the end of September.

City Manager Richard Bean, who has been working on the tentative budget all month, said no big changes from last year's operating budget were anticipated, and the proposed amount for this year would be near the same \$561,000 figure.

The budget must be adopted prior to the mailing of city tax bills in October. Bean said the tax rate of \$1,09 per \$100 valuation would remain unchanged. "We have spent considerable tiem working on the valuation of property this year, and by adding some items to the rolls and getting new evaluations on others no tax increase is indicated.

"The budget, if adopted by the council, should give us sufficient money to operate if we collect 95 per cent of the taxes. The budget is based on a valuation of \$16,000,000 at \$1,09 per \$100, giving the city a current tax roll of about \$165,680."

The city has not found it necessary to increase taxes for four years, due to the collection of about 94 to 96 per cent of the current taxes, as well as the col-lection of back taxes. In the past 10 years the city has averaged 93,58 per cent collection of taxes and has collected about 10 per cent of the amounts that were delinquent.

Other than the hearing on the proposed budget, Bean said little else was on the agenda, however he did indicate some other items may arise by meeting time Thursday night.

Brantleys Honored With Housewarming

AMHERST -- The J. P. Bran-tleys were surprised Saturday evening when friends, neighbors

and relatives called to give them a "housewarming". Their new home completed in August, is located on their farm west of Amherst. It was designed by their son Jerry Brantley, who received his degree from Texas Tech's School of A rchitecture in June.

Guests were given a tour of the lovely contemporary house and viewed the many beautiful gifts on display and offered J. P., Savannah and Joanie best wishes for many years of hap-piness. Rev. Raymond Quick offered a prayer of dedication for christian living in their new home.

Mrs. Bill Bradley and Mrs. Jimmy Cowan served punch, coffee and assorted cookies from a table laid with an ecrucutwork cloth and centered with

an arrangement of yellow mums and pom poms.

Other hostesses were Mesdames Randall Crawford, James Holland, T. L. Bennett, Ben-ny Shipley, Charles Mixon, Don ny Shipley, Charles Mixon, Don Carter, A. O. Dickson, Delvin Batson, Glenn Batson, Charles Jones, W. P. Holland, Sr., Ed Schovajsa, Paul Bennett, G. C. Bearden, Willis Hedges, Lavern Bryant, J. D. Bench, Jim Mel-ton, Vic Reynolds, Keith Tomes, Andy Anderson, Rodney Ivey, John Norwood, L. B. Eady, T. I. Batson, Floyd Rowell, Eryle Abbott, Raymond Ouick, Dway-

Abbott, Raymond Quick, Dway-ne Phillips, Bob Clayton, Paul Vause and Grover Dinges. The hostess' gifts were a wall clock and fire place accessories.

Mr. and Mrs. Vernon Woods of Olton, Mr. and Mrs. Jerry Brantley and Mrs. Bobby Hayworth of Lubbock were among those attending.

Executive Board Of Classroom

Teachers Meet The Executive Board of Littlefield Classroom Teachers As-

DORY FUNK SEES ACTION in the main event in wrestling Saturday night at the Littlefield Sports Arena. The rough and ready rancher comes off the range to meet Gay Gary, a blonde newmer to the wrestlers of this area. Action starts at 8:45 p.m.

Sports Arena Schedules **Lively Evening For Fans**

Killer Karl Kox brings his bag of wrestling tricks and rowdy actions to the Littlefield Sports Arena Saturday night, when he climbs into the ring to challenge one of the sharpest wrestlers in the business, the well known Ricky Romero. It's just one of the three main events scheduled were in the Missouri Valley). for wrestling fans this weekend, 2-0 with Kansas State, 1-0 with The climax of the big evening Colorado, and 1-0 with Kansas. schedules the Umbarger rancher, Dory Funk Sr. to meet Gay Gary. Funk has a host of local wrestling fans, and he never disappoints them when he enters the

According to Mrs. John 13-7 and winning 6-0. Texas Tech downed Kansas State 51-13 in 1963 and took a 7 o'clock and each Sunday afterbe arranged.

Businessmen **Receive Honor**

Les Lichte and L.E. Sullins were recognized for their outstanding service in the sale of Olin-Matheson Chemical products. They are the co-owners of Lichte-Sullins Acid Delinting plant in Littlefield.

They were awarded an expense paid trip for three days in Ruidoso, N.M. While in Ruidoso they received a plaque at the banquet which honored them for their 15 years of excellent service to the area farmers. There were over 200 people at this meeting from West Texas and Eastern New Mexico.

Lamb County Leader, Littlefield, Texas, Thursday, September 15, 1966, Page 9

Murder Is Contagious And **Newsboys Are Carriers**" Paul Harvey

Are latent passions being fan-ed into flame by newspapers? Are TV's cameramen, focusned into flame by newspapers? ing the world's eyes on screw-balls, inciting others to riot? Does radio, bringing home the distant beat of jungle drums, impel us to unwise interventions?

Is campus promiscuity en-couraged by "ladies' maga-zines" preoccupation with sex? Yes, four times, yes. In the old days, home brew

would ferment naturally, relatively harmlessly.

Today mass media supply the reagent which makes the whole mess toxic.

Dr. Frederick Wertham, one of the world's foremost authorities on criminal violence, believes that murder is as contagious as measles, and newsboys are carriers.

connected with the much-publi-

neither.

On the credit side of that ledger, it was a published newspaper description which led to the identification and arrest of Speck in Chicago. It is the restraint of the press

which, to this day, has not re-lated the goriest details of those Chicago killings in a conscientious effort to avoid pre-prejudicing potential jurors.

And it was radio broadcasts which warned many innocent away from the Texas tower that bloody afternoon and mobilized others.

Yet Texas' Senator Yarborough says, "Every night, TV programs stress homicide, Murder is viewed as 'entertainment.' Every day's newspapers emphasize - sometimes exaggerate -- violence. We are a "The massacre at the Uni-versity of Texas was definitely ster which can destroy us." Secretary Robert Weaver, the

first Negro member of the President's Cabinet, finds the press guilty of mislabeling certain individuals as "civil rights leaders" or "civil rights spokes-men," when they are, in fact,

"To be identified as a leader, one should have an effective organization behind him. Instead, too often it's the person who makes the most noise who gets the most attention; the individual who can devise the most militant cry or who articulates the most far-out position."

A generation ago, we did not know about an overthrow in the Congo until it was an accomplished fact.

How much such blissful ignorance is a blessing. Idon't know. I do know that we had more friends in the days before we sought to make everybody else's trouble our own.

Certainly, I do not want Government arbitrarily to inhibit our hard-won freedom of press.

It is the ability of an uninhi-bited newshawk to holler his head off when he sees chicanery, injustice or malfeasance which has helped us remain a last citadel of liberty ...

NOW GIVE YOUR FAMILY THE BEST AT A REDUCED PRICE ENCYCLOPAEDIA BRITANNICA **Reference Standard of the World!**

24 HANDSOME VOLUMES-Each volume is an outstanding example of the modern bookmaker's craft. Beautifully textured bindings withstand heaviest use and still retain their good looks. Washable, highly resistant to stains and cracking. Strikingly accented with gold metallic stampings.

MORE THAN 28,000 PAGES-More pages than you'll find in seventy-five average novels! Every large page is made of non-glare, high-opacity paper manufactured especially for Encyclopaedia Britannica . . . to Britannica's rigid specifications . . . by the country's leading paper mills.

MORE THAN 36,600,000 WORDS-All texts are set in clear, black type chosen for best possible readability. Many headings and subheadings make it easy to find the information you want quickly.

MORE THAN 10,200 CONTRIBUTORS-Because Britannica contains information on every essential subject, it could not be written by just a few authors or the authors of just one country. This monumental work is the sum-total of human knowledge, the contribution of over 10,000 authorities from all over the world.

OVER 18,000 ILLUSTRATIONS-Your own private gallery of superb paintings, drawings, photographs and maps-dramatically alive with color. Each picture carefully selected to supplement and clarify the accompanying article.

14 "TRANS-VISION" ANATOMY ILLUSTRA-TIONS-Detailed, full-color drawings prepared especially for Britannica. Printed on durable acetate, and showing, in cross-section, every principal muscle, organ and bone of the male and female anatomy.

OVER 400,000 REFERENCES AND CROSS-RE-FERENCES-The famous Britannica Text Indexsaid to be the most complete assembly of related subjects ever put together! This alphabetical Index is your key to all information on any subject. Crossreferences within Britannica articles also give additional sources of information.

BEAUTIFUL IMPERIAL EDITION-Yours Now At a Reduced Price to Our Readers. Mail Card for Free Information-No Cost or Obligation.

Willy Ley, Rocket Expert

"In my professional work, I use the Britannica frequently, usually to get an overall view of the period or problem which concerns me at the moment. Personally, I rely heavily on the very useful documentation given at the end of the more important articles."

ENCYCLOPAEDIA BRITANNICA

Louis Untermeyer

"I am glad to add my voice to those of all others who have found the Britannica to be the most valuable set of references ever compiled. The Modern Poetry article in its skilful shaping and balanced estimates, is a model of concision, a truly encyclopedic summary."

Dave Garroway

"I began reading the Britannica the first time when I was a standby announcer in Chicago back in the days of radio only. and I had a little time on my hands. When I decided to read all 38 million words, I decided to do it systematically ... about two hours a day. I did, and it took 41/2 years to finish the final volume, but I was a much wiser man when I did."

LEE STRASBURG
