Plant A Garden

There must be one million gardens in Texas this year. To do this, there must be an increase of at least 10 per cent. So if you had a garden last year, make it 10 per cent larger this year.

There are several reasons for this: The requirements of the Army will be greater, for there will be more soldiers to feed, and more in distant places. For every man overseas, food for 270 days must be allocated.

Our Allies will need more. There will be larger numbers of liberated people to feed.

Civilians will need more vegetables to compensate for decreased civilian supplies of some other foods.

In order to meet this goal, everyone must do his part. If you do not have a large space, you can have a box garden, a tub garden, a frame garden, or a small open garden.

You will then have all you need of fresh vegetables, have some to conserve, and also have some extra for the persons who, for one reason or another, cannot have a garden.

Plant the garden early, or as early as it is practicable, so as to give it a good start and have earlier and more production. Plan it well, have a variety of green and yellow vegetables in the right proportion for the number in the family.

So get ready for the garden. Here are some things that you can do:

Buy your seed early, so that you will have them when you need them. Also buy those adapted to West Texas.

Select good garden plots and prepare them properly.

Use more and better fertilizer.

Protect gardens from insects and diseases.

Subirrigate, use windbreaks where they are

Youth Welfare

A seven-point wartime program for the protection of young people is laid down in a pamphlet, "Citizens of Tomorrow, A Wartime Challenge to Community Action," just issued by the Office of Community War Services of the Federal Security Agency.

The seven points in the program are: Livable homes where families can feel that they "belong."

Good health protection.

Broad-scale education.

Opportunity for recreation and social contacts.

Work training and experience that will help them learn how to work and what work they are best fitted for.

Experienced welfare assistance for those who get into trouble or in event of death, illness, or other family misfortunes.

Law enforcement safeguards to forestall dangers that might result from inadequate control over school attendance, jobs, and amusements.

The pamphlet contains a check list showing specifically how a community can make use of available community services in meeting the needs of young people in wartime.

needed.

Follow the spring plantings with repeated plantings, so that we will have a longer season of fresh vegetables.

Then conserve all you can—do not let any go to waste.

Let's do our best for ourselves, Uncle Sam and our cousins across the way whose need for vegetables and other foods is urgent.

New Ration Stamp To Be Good May 1 For Pair of Shoes

A new ration stamp will be good for a pair of shoes beginning May 1, but one of the two coupons now in use—No. 18 in ration book 1—will expire April 30.

The Office of Urice Administration, announcing this recently, said that despite a continuing tight sup-

ply of leather "it is expected that shoe rationing can be maintained at about the present level" of two pairs a year.

The new valid stamp, which will be good indefinitely will be designated shortly before May 1, OPA said.

This action will leave two shoe stamps in use as at present, since airplane stamp No. 1 in ration book 3 is also good indefinitely.

Stamp 18 was validated last June 15 and only 6 per cent of the num-

ber issued remain in circulation, OPA said. It is the only valid stamp in ration book 1.

Miss Louise Whitaker of Littlefield spent the past week end here with her parents, Mr. and Mrs. L. Whitaker.

Mrs. A. W. Hill of Decatur, Ala. left Monday for her home spending about ten days visiting her mother, Mrs. D. A. Blair, of town.

tion in Washington has taken action to make production of bed linens profitable to manufacturers, he said. The action was in the form of a revised price schedule for manufacturers. Also, wholesalers of bed linens are allowed a markup of 7 per cent on their cost or they may use their prices of March 1942, whichever is higher.

LARD FROM RATION LIST

Announcement from Washington that lard has been removed from the list of ration foods has caused a great deal of confusion as to other fats and oils. J. Doyle Settle, District OPA Rationing Executive, has announced that lard is the only item reduced to zero point value since publication of March point value lists. "Shortening, cooking oils, and other fats remain at their previously announced point value," he stated.

Mrs. Ralph Nelson and young son, "James Ralph," were released from the Plains Hospital, Lubbock, Saturday, March 11, after being confined for about 12 days. The young man was born March 2, and weighed 7 pounds 7 ounces.

Bridal Shower And Farewell Party Honors Newly-Weds

A shower and farewell party was given in honor of Cpl. and Mrs. W. J. Schroeder (the former Miss Celeste Luecke) who left for West Point, N. Y., where the groom is stationed at Stewart Field.

Members of St. Martin's Lutheran Church of this city, and friends, locally and out of town, gathered at the Legion Hut. Alfred Hill had very artistically constructed a "wishing well." Here the bride and groom had to draw water with "the old oaken bucket." Each bucket was laden with beautiful gifts, which were displayed on a very lovely laid table, which was decorated with calla lilies, carnations and tall white tapers.

A fine musical program was given by Misses Anna Lee and Mary Helen Holtkamp, Anna and Rena Mae Brandt. Several duets were rendered by Mr. and Mrs. Alf Hill.

Present were: Rev. Sager and family of Posey; Mr. and Mrs. H. B. Hill, Mr. and Mrs. Ganzer, Mr. and Mrs. Lee Holtkamp, Mr. and Mrs. Fred Schroeder and daughter, Edna, of Lubbock; Mr. and Mrs. F. W. Lueck, Mr. and Mrs. F. C. Beyer, Mr. and Mrs. W. P. Neinst and children, Mr. and Mrs. Hy Sager and children; Mr. and Mrs. Walter Hill and family; Mrs. Emma Hoefelmeyer, Mr. and Mrs. Bruno Ganzer and family; Mr. and Mrs. Oscar Weige and family; Mr. and Mrs. Buck Taack and daughter, Mrs. Brandt, Misses Selma Ganzer, Florine and Lenora Lueck, Mary Helen and Anna Lee Holtkamp, Anna, Rena Mae, and Emily Ann Brandt, Virgie Mae and Lavern Sager, Erna Mae and Verna Mae Hill, and the honorees, Cpl. and Mrs. W. The joint hostesses, Miss Erna Mae Hill and Mesdames Alfred Hill, F. C. Beyer, and Lee Holtkamp poured coffee and served sandwiches, cake and cookies to the guests.

Numerous friends sent gifts who were unable to attend.

Mrs. M. C. Butler, President of High School P.T.A., Lubbock, was guest speaker at the local High School P.T.A. meeting here Tuesday night, March 14, and gave an interesting address.

Mrs. Sid Hopping, president of the local High School P.T.A., presided over the meeting. Another District P.T.A. officer present at the meeting was Mrs. Lemon of Lubbock.

With Mrs. Addie Spikes, Sixth Grade teacher, as director, a group of students from the various departments, presented a very entertaining musical program, which was followed by a short business session.

ated the altar.

Miss Joy Bilderback, wearing a pink Marquisette and lace dress served as maid of honor. She carried a nosegay of variegated sweet peas.

Willis Thorton served as best man and Miss Becky Wilson was the ring bearer. She wore a lavender dress with a corsage of mixed sweet peas.

Other attendants were the bride's sister, Miss Grace Marie Sharp, and brother, Welbourne. Miss Grace Marie wore a blue net dress with matching hat and carried a nosegay of pink and blue sweet peas. Her hat was trimmed with flowers, and she wore a long string of pearls.

Ushers were Sgt. James R. Shirley and Pfc. Cornelius Reyst of the Amarillo Army Air Field.

Given in marriage by her cousin, Earl Shelton, the bride wore a heavy white satin wedding gown, fashioned with shirred bodice, sweetheart neckline and long train. Her fingertip-length veil was attached to a crown of orange blossoms. "Something borrowed" was the white Bible, belonging to Miss Janith Hewitt of Littlefield, which she carried. It was decorated with sweetheart roses and white streamers tied with roses. For "something blue" she wore a blue ring. Other jewelry included two-strand pearl necklace and ear rings of rhinestones and pearls. "Something old" was an heirloom brooch.

The bride's mother wore a royal blue ensemble with black accessories, and a corsage of white carnations.

A reception at the San Jacinto Methodist parsonage followed the ceremony. A two-tiered wedding cake and punch were served to 100 guests by Mrs. Foster Shenefelt and Mrs. H. P. Cochran. Miss Eddie Rae Steel presided at the guest book. The music included several vocal solos by Miss Margaret Crabtree, with piano accompaniment by Miss Autry.

Sgt. and Mrs. Smith are at home at 820 Mississippi Street. She was graduated from high school in McLean and she attended the Oklahoma College for Women, where she was a member of Pi Zeta Kappa, national religious sorority, her freshman college year. She received a B. S. degree from West Texas State College, Canyon, last year. At Canyon, she was active in a number of religious organizations.

The bridegroom, a son of Mrs. Grace M. Smith of Santa Cruz, Cal., attended the Santa Cruz High School. Before entering the Army, he was employed with the Western Pipe and Steel Company. He is stationed temporarily at the Amarillo Army Air Field.

Rev. Sharp was formerly pastor of the First Methodist Church, Littlefield, for several years; and is now pastor of San Jacinto Methodist Church, Amarillo. The Sharp home is at 3412 West Sixth Ave., Amarillo.

**Changes Made In
Sugar Rationing**

Changes in the details of the sugar rationing program were announced this week by J. Doyle Settle, District Rationing Executive for the OPA.

Sugar Stamp No. 30 in Book IV, previously announced to expire March 31, and Stamp 31, which becomes valid April 1, will be good indefinitely. Removal of the expiration date on two sugar stamps will permit consumers to buy sugar as it is needed, Mr. Settle said, and should relieve the heavy demand on retailers, customary at the end of each ration period.

Stamp No. 30 in Book IV has been validated for five pounds of sugar for home canning purposes until February 23, 1945. For any sugar over and above this amount, application must be made to the local board. A new and simple form, which the ration board will mail upon request, is to be used. More than one application may be made during the year for home canning sugar, but the total issuance cannot exceed 20 pounds per person. Consumers should apply for sugar only as it is needed.

"When sending an application for sugar for home canning to the local board, spare stamp No. 37 from Book IV should be attached to the application form for each person applying for sugar. The OPA has asked applicants not to send their ration books. If the ration board approves the request, it will mail coupons or certificates for the sugar and keep the application on file at the ration board. If more sugar is needed later, a second application may be made, but it must be made to the board where the first application is on file," Mrs. Settle emphasized.

recent letters, he said he was getting along O.K. but could give out no information on the nature of his activities.

Mrs. Willie Johnston received a letter from her son, Pinkey, recently. He has been overseas 11 months and this was the first she had heard from him for three months.

Mr. and Mrs. W. F. Owens received a letter recently from their son, Pfc. James F. Owens, stating he was somewhere in England and was well.

S-Sgt. Ewald Helms has returned to his camp in Mississippi, after a few days' visit with his brother, Rev. Herman Helms.

Pfc. Harold Smotherman, who has been in the service for some time, has been given an honorable discharge and returned to his home here. He was confined to a hospital in New York before getting his discharge.

GREAT LAKES, Ill.—Clarence E. Davis, son of Mr. and Mrs. V. E. Davis of Lubbock, recently graduated at the Naval Training School (Electric) on the Iowa State College campus, Ames, Iowa, and received recognition as eligible to qualify for petty officer rate of electricians mate third class.

Lieut. Melvin L. Richey, formerly of Hale Center, who trained at the Lubbock Army Airfield, has been awarded the Air Medal for some accurate shooting over Sicily and Italy.

Pfc. Moreland C. Payne, son of Mr. and Mrs. M. C. Payne of Whiteharral, and brother of Dr. C. E. Payne, arrived home Monday of last week on a ten day furlough.

Pfc. Payne is a radio man in the Air Corps, and is stationed at Truax Field, Wis., previous to which he was in training at Jefferson Barracks, Missouri.

He has been in the service since July, 1943.

Dr. and Mrs. Payne met Pfc. Payne at Amarillo.

Pfc. Jack Davison of Fort Benning, Ga., is spending several days at Olton visiting friends. Pfc. Davison's home was at Olton before he entered the service. He has been overseas 18 months and was in the battle of Attu. He reports a very exciting battle and Japs are very poor shots, for which he was thankful.

Mrs. James Foust reports that since the Pacific Air School at Fort Stockton, Texas, is being closed, her husband is being transferred to the Air Transport Command, and will go into training at that school at San Antonio.

Foust was a Civilian Instructor at the Pacific Airfield, and is now a student Flight officer, and when he completes his training he will be commissioned a Flight Officer.

He arrived here Sunday morning and left for San Antonio Monday night. Mrs. Foust will remain here with her parents, Mr. and Mrs. John Cary, while her husband is taking his training at San Antonio, which course is reported at two months.

A-S R. L. Gibson has been transferred from Biloxi, Miss., to San

Marcos, Texas. He arrived at San Marcos March 10, and started his training there as an Aviation Cadet student on March 15.

At his new base he has been made Acting Flight Lieutenant of an Aviation Flight Squadron. He expects to be stationed there about six months.

He is a son of Mr. and Mrs. J. F. Gibson. His wife, the former Miss Olene Robbins, plans to visit her husband soon.

Stanley Blair, Fireman First Class of the Navy, son of Mr. and Mrs. Otis Blair of San Antonio, formerly of Littlefield, and grandson of Mrs. D. A. Blair, has been in the service a year and a half, and overseas about a year.

He has made two trips overseas. He first went to North Africa, and reported on his arrival back in this country that of the 56 ships in the convoy in which he went over, six of them were sunk, but all men were saved.

Later on returning to the United States, he left from California, and arrived in Australia. He has since been in the South Pacific. In his last letter he said his "arm was getting better," so apparently he has been wounded slightly in action.

His grandmother, Mrs. D. A. Blair, sends him the Leader, and he says he "sure is proud to get it and the news."

Mr. and Mrs. C. M. Eudy of Littlefield were proud to receive the following letter from Congressman George Mahon under date of March 4th:

"Dear Mr. and Mrs. Eudy:

"A number of days ago a handsome Major of the United States Army, who introduced himself as Chas. W. Eudy of Texas, spent a little while visiting in my office. It is always like a breath of fresh air to have a visit by a West Texan. Charles told me of your address, and I just wanted you to know that he was hale and hearty; and I also wanted to take this opportunity of extending greetings to you and the family. If there is ever an opportunity for me to be of service to you here, I would feel honored to have you call upon me.

"I asked Charles to have lunch with me on some Wednesday when all of the Texas Members of Congress have lunch together at the Capitol. We haven't gotten together yet but we hope to.

"Yours very cordially,
"GEORGE MAHON."

Y. B. Thompson, 21, is in the Postal Department of the Air Corps. He has been in the service 18 months, and is stationed at San Marcos, Texas. His work consists of looking after a group of mail trucks.

Pvt. Liston Thompson, formerly a brakeman on the Southern Pacific Railway, is stationed at Mon-

terrey, Calif., with the U. S. Army. He has been in the service three months, and at present is confined to an Army hospital suffering from an old injury to his foot received while on train duty.

News Received Of Johnnie Lippard

Mr. and Mrs. J. H. Lippard heard indirectly last week from their son Pfc. Johnnie Lippard, from Manchuko, China, where he is a prisoner of the Japanese.

A card, addressed to Miss Wanda Farrell, whose parents live at Muleshoe, but who is with the WACS stationed at Little Rock, was received by Mr. and Mrs. Farrell Friday. Mrs. Buchanan, a sister of Miss Farrell, phoned the message to the Lippard family Friday night. The card, which was not signed, but was stated to be from Pfc. Lippard, stated he was still alive in fair health, and asked that Miss Farrell send a wire as he wanted to hear from her and to "contact his folks at Littlefield"; and gave his "best regards to Twila, and all the folks."

Mr. and Mrs. Lippard received a letter recently from another son, Pfc. Calvin Lippard, to the effect that he was then in Hawaii having a rest after seeing action in the Marshalls and Gilbert Islands.

He said he was well and was getting his mail and "to keep the letters coming." He also asked that his folks send him some candy and cookies.

Red Cross War Fund Drive Underway

The Lamb County Red Cross War Fund Drive got underway Monday, and the county is "well on its way towards its quota," as reported Wednesday by G. M. Shaw, County Chairman, who said that he was much pleased with the splendid cooperation extended on all sides.

Mr. Shaw added, however, that "we still have quite a way to go, but indications are that if the citizens continue to cooperate and give, we will go over the top."

"The committees in all district of the county are hard at work, and some of them are well on their way to the quotas assigned them, and we feel that by the end of the campaign we will have our \$18,500."

With W. J. Chesher as Chairman of the Littlefield drive, a total of \$4200 has been subscribed, leaving an approximate amount of \$1864 to go, at the time of going to press.

Mr. Shaw reported that the Palace and Ritz Theatres were cooperating in the drive by taking subscriptions at each show, and turning the funds over to the Red Cross.

Just received a large shipment of office supplies at the Leader Office.

Andrews Named Sales Mgr.

Andrews has been appointed Sales Manager of the Phillips Petroleum Company, according to an announcement recently by K. S. Adams, vice president of Phillips Petroleum Co. Andrews has been employed by Phillips Petroleum Company for 15 years, and since 1940

has been Sales Manager of Hycar Chemical Company, America's largest private producer of butadiene type synthetic rubber, and an affiliate of Phillips Petroleum Company and The B. F. Goodrich Company.

Lawrence A. Royal returned to Fort Worth last week, where he is employed in defense work, after spending a few days with his parents, Mr. and Mrs. A. A. Royal, at Sudan.

RAF Doing Fine Job And Are Plenty Tough

"The people at home do not realize what a fine job the RAF is doing," said A-C John Kokes, former RAF Czech pilot, who has taken part in raids over Bremen, Germany, LaHarve and Lille, France, and other points, but who is now stationed at the Lubbock Army Air Field, qualifying himself as an American Pilot.

A-C Kokes added that the RAF is not made up of British alone, as many Americans believe, but included in this group are Poles, Czechs, Fighting French, Canadians, New Zealanders, Netherlanders, Norwegians, and some Americans. He said many of these flyers have seen their homes destroyed and their loved ones killed, and they are plenty tough, and able to take care of themselves, and they go forward with the determination to win every time. He stated that the four other Czechs who enlisted with a Czech squadron of the RAF with him at Montreal, Canada, in September, 1941, and trained with him at Moncton, New Brunswick; Calgary and Medicine Hat, Alberta, and Victoriaville, near Montreal, Canada, and crossed over with him, were still going strong in Spitfires and Stirling Four Engine Bombers over enemy territory after 16 months of service in the war zones. Kokes was the only one of the five who had not taken out his naturalization papers to make him an American citizen, and it was for this purpose that he returned to United States in April of last year, so that he might join the American Air Forces. In July he was made an American citizen, and was transferred to the American Air Corps. He was stationed at Keesler Field until recently when he was transferred to Lubbock Army Air Field. He expects to be transferred to another post soon. He says he got "lots of kick" out of the missions over enemy territory, that he had lots of fun along with his work, and that as soon as "they are ready, I am ready to go again."

A-C Kokes has an interesting past life. He was reared by his grandparents, at Brezova, Czechoslovakia, but left there at the age of 14, coming to Chicago, where his parents, Mr. and Mrs. John Kokes, had settled. He had graduated from high school in Europe, speaking three languages, Czech, Polish and Hungarian, but not a word of English. Therefore, he was obliged to start to grade school in Chicago to learn English, and finished the eight grades in one year, following which he attended high school for two years. At the age of 17, while working for Joe Schumaker, who owned a private airport, this man gave him lessons in flying. This led him to joining up at Montreal, Canada, in September, 1941, along with four other Czechs from Garry, Ind., in a Czech squadron of the R.A.F. at the age of 18 years. This same group trained in Canada together, went overseas together, and remained together the 11 months that Kokes remained with the Czech squadron. These flyers all plan to return to the United States and join the American Air Force.

A-C Kokes related when he and his four buddies completed their training in Canada that a party was given in their honor at the Czech mission at Montreal, and that after visiting his parents at Chicago, they went to Halifax, from which port they took off for England, which trip by troop convoy, escorted about one-third the way by the British Coastal Command, took six days, arriving in Waterloo, England, on October 15, 1942, and from there proceeded to Tothilla Shrobsphere, 310th Czech Squadron base, 20 miles from London, where they were assigned to a fighter squadron, he to pilot a Hurricane, while the other four were assigned Spitfires and

Sterling four-engine bombers. Their work for the first month was to get acquainted with the territory, and intercept any enemy aircraft. About a month later they were sent on two missions, after which he said "it was regular routine work."

An experience, deserving of recognition, is recorded by A-C Kokes as follows:

"While at Camp Sunday, December 15, 1941, about 5 a. m., three German bombers were returning from bombing England—it was a foggy day—we couldn't see anything much, but with the help of the radio, we got in contact with the three Ju 88's. There were five of us—Sgt. Pilot Elbert Gaydos, Sgt. Steve Nagy, Sgt. Joseph Chabak, Sgt. Henry Konrady, and myself. The Germans were cruising at about 20,000 feet, and we dived at them from 30,000 feet, and started blasting away with our eight powerful machine guns mounted in the wings of each of our planes. (Each plane is equipped with eight machine guns.) We finally got all three—saw two burst into flames, one of which fell in the ocean, and the other into the hills, with the third—a cloud of smoke—crashed on the southeast coast of England. I had a camera, so went down and took pictures. Not one of the crew (pilot, co-pilot, bombardier, gunner) which make up a crew on a Ju88, could be recognized. The other two enemy planes had met the same fate. We had 40 machine guns in the five ships and sure poured it to them. They were dead before they landed.

"Anytime we would see one of our buddies shot down, it would make us more angry, and we would go after them harder than ever.

Sgt. Joseph Chabak, who operates a four-engine bomber, and a "buddy" of A-C Kokes, who has had a number of missions over Berlin, is expected to return to the United States shortly to be transferred to the American Air Corps.

Kokes' uncle, Stephen Osusky, was for 11 years Prime Minister of Czechoslovakia, and held this office when war broke out. Germany overran Czechoslovakia in 1939. Fearing for the safety of his grandparents, Kokes in 1939, through the International Red Cross, made inquiry as to their welfare, and later in 1943 learned they were O.K. Kokes believes it will take another year to conquer Germany, as he

mentions the many war industries to, and which are assisting Germany built underground in the occupied countries, which it is difficult to get many in a big way in the production of implements of war.

With South Plains Men In U. S. Service

Pfc. M. R. Edwards, son of Mr. and Mrs. Dick Edwards, who is with a paratroop division, and stationed at Camp Mackall, left Monday morning after spending a week with his parents, who live two miles south and one-half mile east of town. Pfc. Edwards has been in the service a year.

Aviation Cadet Maynard T. McKinnon, son of Mr. and Mrs. M. T. McKinnon of two miles west of Littlefield, arrived last week on an 18-day leave. He has been studying at the Bryan instrument school, and on his return to that place will leave for Sheppard Field for additional instruction in aviation. He has been in the service for 16 months. Previous to becoming an aviation cadet, McKinnon served as a member of the military police at Bryan and

Lubbock. Mr. and Mrs. J. L. Sutton of Route 2, Littlefield, have two sons in the service of whom they are receiving very good reports. Pfc. James W. Sutton has been stationed in England for some time and has written letters and sent pictures about the places he has visited, which include Edinburg Castle, Piccadilly Circus, Buckingham Palace and other interesting places. Pfc. Robert L. Sutton is stationed at Camp Claiborne, La., and his Commanding Officer praises him highly as a progressive and capable soldier. Both boys have been awarded the Good Conduct Medal.

Miss Dollie Sutton, who is employed at Lubbock, was a guest of her parents, Mr. and Mrs. J. L.

Sutton of Route 2 over a recent week end. Coming over on the bus Miss Sutton met a soldier, Davis Watson of Albuquerque, who was stationed in England with her brother, James W. Sutton. The boys have both been in three major battles and both have been wounded. Watson is on furlough and made arrangements to meet the parents of his buddy before he returns to his station.

Sgt. J. R. Allison, son of Mr. and Mrs. J. O. Allison, formerly of Littlefield, but now of Afton, Texas, recently has been on a 21-day furlough, and visiting his brother and sister-in-law, Mr. and Mrs. Alvin R. Allen at Muleshoe. He left that city last week to report back to Camp Ord, Calif.

Sgt. Allison was graduated from the Littlefield High School with the 1937 class. He was wounded on Attu Island in the summer of 1943, and was confined in hospitals for the past nine months, the last of which was Bushnell General Hospital, Brigham City, Utah. While in action he was shot through the face, and through his jaws, and his teeth shot through the opposite side of his face. At the hospital new gums were grafted to his mouth and flesh and skin grafted on his face, and according to relatives it was marvelous what medical science did for this serviceman.

Returning to Fort Ord, he expects to be assigned to active duty again.

His father, J. O. Allison, was connected with the Lamb County Gin for two years.

Pfc. Pryor C. Hammons, Jr., who spent a recent furlough at home, after having served overseas, on Guadalcanal, Bougainville, etc., is now stationed at Camp Pendleton, Oceanside, Calif. He reported back to camp Sunday, March 12, and called his parents by long distance telephone Tuesday of last week stating he was feeling fine.

Enroute to Camp Pendleton, Cal., Pryor stopped off at Mojave, Cal., and visited with Maxie McKnight and Joe Nichols, of Littlefield, who are stationed at that Marine air station, and all went to Los Angeles, and spent the week end together. Pryor went on to Camp Pendleton Sunday afternoon.

Cleston Orr, 16, son of Mr. and Mrs. Don Massey of Littlefield, volunteered in the Navy, and left Littlefield Monday of last week. He went through this city enroute to San Diego Tuesday.

Cleston was a junior in high school. His parents and family have been residents of Littlefield for the past

three years.

S-Sgt. Miles Keefer recently spent two weeks visiting his parents, Mr. and Mrs. Marvin Keefer, of Anton, his wife having undergone major surgery in the West Texas Hospital. Sgt. Keefer is a flying instructor in the Laredo Army Flying School.

Private Roger Byron Roe, the son of Mrs. Lora Mae Campbell of near Anton, was ordered to active duty on March 16.

Private Roe has been transferred to the famous Marine Boot Camp at San Diego, Calif., where he will undergo eight weeks of intensive training before being assigned to a trade school or assigned to a combat unit.

He enlisted in the Marine Corps on February 2, 1944; is 17 years old and was born at Lubbock. He attended school at Anton.

Mrs. L. V. Womack returned recently from Mare Island, Calif., where she had been living to be near her husband, Petty Officer L. V. Womack, who is stationed in the Naval Base there. Mrs. Womack, who is the former Agnes Rutherford, will make her home with her parents, Mr. and Mrs. F. C. Rutherford of Anton, for the present.

Mr. and Mrs. A. L. Atkinson have been informed that their son, Atmar, has been promoted to the rank of Lieutenant (jg), and further good news was that the school was being moved from Florida to Shawnee, Okla., which will bring their son several hundred miles nearer home.

Flight Officer J. F. Nix, Jr., is visiting in the Abernathy residence of his parents. His father is pastor of Abernathy Baptist Church. The parents and a sister, Mrs. B. F. Perryman, and two brothers, Joe and Maj. W. E. Nix, flight instructor of Bryan Army Air field, attended the flight officer's graduation exercises Sunday at Waco. Flight Officer Nix was graduated from Clovis, N. M., High School, was a pre-law student at Texas Technological College and transferred to Baylor university, where he lacked practically a year of graduation when he left school to volunteer for duty with the armed services in January of 1942.

Cpl. Mack Kennedy, son of Mr. and Mrs. W. M. Kennedy, who is stationed at Fort Bliss, arrived Saturday night to spend the week end at home.

Cpl. Kennedy spent four years in Alaska, and returned to the United States in January last.

J. T. Aven, Jr., Soundman, 3-C, of the U. S. Navy, who has been in service on a Destroyer in the South Pacific, arrived in McKinney Friday night on a 30-day leave to visit his parents, Mr. and Mrs. J. T. Aven, Sr., who have moved there from Littlefield, and other relatives.

Seaman Aven had travelled by plane from California to Dallas.

This message was received by Seaman Aven's sister, Mrs. Mike Brewer, who left here Saturday afternoon for McKinney. Mrs. Brewer joined her sister, Mrs. Hank Rogers of Tahoka, at Lubbock, and together they went to McKinney.

Before leaving Littlefield Saturday, Mrs. Brewer stated that after spending about two weeks at McKinney she expected that her parents and the family, including her brother, would come to Littlefield to visit before he had to return to duty.

Pfc. William H. Blackwell, son of Mr. and Mrs. W. H. Blackwell of Whitharrai, who has been in the

service three years, and over two months, writes his sister, Mrs. J. Richards of Littlefield, that he is well, but would give anything to be back in the United States if it is only for 24 hours.

Pfc. Blackwell is with a Cavalry Division in the Southwest Pacific and has seen service in the Gilbert and Marshall Islands. He says the climate is terribly warm.

Whitharral Seniors Stage "42" Party

A "42" party was sponsored by the Seniors of Whitharral High School Friday night, which was held in the Auditorium, and was well attended.
 The event was staged to raise funds to pay for the Seniors' pictures, and other necessary expenses. Following the games of "42," a skit of the Senior Play, "Don't Take My Penny," was presented.
 The Auditorium was decorated suggestively of St. Patrick's Day, and besides games of "42," visitors enjoyed table tennis, Chinese checkers, etc. Arrangement was also made to entertain the children in one of the school rooms, so that the parents might enjoy the party.

Lt. A. B. Sanders Instructing Cadets

Lieut. A. B. Sanders, U.S.N.R., former Littlefield School Superintendent, is now Cadet Instructor, stationed at Corpus Christi, Texas.
 The Leader is proud of the fact that since leaving here Lieut. Sanders has kept in touch with this city by reading the Lamb County Leader until recently, when his subscription apparently expired, according to a letter received under date of March 14 from this former Littlefield man. Believing this letter will be of much interest to his many friends here, the Leader is publishing it as follows:
 "Dear Morley:
 "Have been missing the Lamb County Leader for the past few months. Guess I must have gotten careless about the payments or something. Any way enclosed is check for what I think is your yearly subscription. Will you please send your

sheet to me at 1502 Dahlia Drive, Corpus Christi, Texas.

"Am still here at the same job of instructing cadets in aerial gunnery. Have met a few Littlefield boys taking flight training since I arrived here. Elmo Jones and George Ross are the two I have in mind now. I'll bet these boys make good flyers. They appeared very glad to see someone they knew and a bit surprised to see me in the Navy training program. I certainly enjoyed seeing them and hearing all they knew about the many good people of Littlefield.
 "Extending kindest personal regards to you and your good wife and wishing you every success, I am,
 "Sincerely,

Cotton Fights For Freedom

For Freedom's Sake—Grow More Cotton!

Cotton serves on every front: it protects our fighters in the arctic, the tropics and on the desert . . . on land, sea and in the air. Our soldiers, sailors and marines wear it, eat it and fight with it. Over 11,000 articles used by the armed forces contain cotton in some form or another.

COTTON IS A WAR CROP!

From cottonseed we get essential fats and oils for food. Cottonseed meal and cake are an essential protein concentrate feed for producing more meat and milk; cottonseed hulls are roughage, and cotton linters make munitions.

COTTONSEED IS A FOOD AND FEED CROP!

There has not been enough cotton grown in the past few years to supply needed protein and oil. More COTTON grown in 1944 would balance farm programs in the South. More COTTON production will strengthen the war effort and help shorten the war.

PLANT MORE COTTON IN '44. IT'S THE VICTORY CROP!
