

## Buddy Landrum Reported Missing In Plane Crash

Lt. Curtis D. (Buddy) Landrum, 21, son of Mrs. S. A. Landrum of Pep Community, was reported missing in a plane crash over the bay about 10 miles from the Oakland, Calif., Municipal Airport, during maneuvers, Thursday, last, when he was flying in formation with him.

A telegram received by his mother from the commanding officer, Capt. D. E. Culbertson, the accident happened the day previous.

Lt. Landrum, with a Fighter Squadron, had been on coast patrol duty, since receiving orders to Oakland, Calif., in November last, and at the time of the accident was flying a single seat fighter plane. Two other officers were reported to have been flying in formation with him at the time and to have seen his plane crash.

Lt. Landrum's brother, Ray, was reported Wednesday to a Leader that they had received telegrams almost daily from the commanding officer of his brother's squadron; that Monday last in a telephone conversation with Capt. Culbertson he advised Mr. Landrum that they had just located the plane and it was buried about 10 feet in

## No Hum'Twas A Great Christmas Back In '42-43

Paste this one in your scrap book and show it to your great, great grand children!

Back in 1942-43, at the time of World War II, Christmas mail continued to arrive at the Littlefield post office as late as February 1. This mail consisted of parcels and Christmas cards. Some of it had been mailed early and some of it had been mailed late.

About the middle of 1942, Uncle Sam launched an aggressive campaign to have Christmas parcels and cards mailed early. Some folks acted on the request and some didn't.

Transportation problems were great because of extra demands created by the war. Experienced postal employees were scarce because many had answered the call to arms.

Christmas mail piled up all over the country.

Postmaster W. D. T. Storey and his staff at the Littlefield post office had the situation well in hand Christmas eve. But right after Christmas great stacks of Christmas packages, and Christmas cards, too, commenced arriving. This continued through New Year's, but gradually dwindled to a lesser degree through January.

Some people cursed the post office because Aunt Susie's usual Christmas remembrance hadn't arrived . . . others just took it in good humor and concluded that Aunt Susie wasn't getting any younger and perhaps had slowed down a bit.

Others remembered that there are thousands of men in the armed forces in all parts of the United States and beyond the seas and that this situation increased the number of packages and cards to be handled by postal workers.

And just for extra good measure, bundles of magazines and newspapers piled up in various routes through which mail travels in reaching its destination. Some folks didn't get their favorite magazines and newspapers for a week or two after they were supposed to arrive.

That called for more cursing.

Then along about New Year's a lot of folks mailed Christmas packages that they hadn't got around to mailing before the Yuletide season.

That was some Christmas back there in 1942-43.

But we "whupped" the Nazis and the Japs, and the boys came marching home.

## Pour It On, George! We're For You!

Some Folks Down Washington Way May Not Have Liked Your Remarks About Their Lavish War-Time Dinners, But the Folks Back Home Are Shouting "Amen, Brother."

Mild mannered, quiet spoken, unassuming, friendly, conscientious, progressive, hardworking Representative George H. Mahon has lashed out aggressively at Washington socialites.

In fact, it doesn't take much imagination to mentally visualize Representative Mahon figuratively rising to his full great height and shaking a fist in their faces.

And it all came up over food rationing. Mr. Mahon declares that lavish dinners by Washington socialites are uncalled for at a time when housewives scan empty store shelves for food.

We have always been proud to number George Mahon among the friends we appreciate deeply. But after his utterances anent the needless waste of food, we are more proud than ever of this West Texas statesman.

"Squandering food is just as bad as wasting ammunition or military equipment," he asserted in identical letters to Agricultural Secretary Claude Wickard and Price Administrator Leon Henderson.

Calling attention to newspaper stories of "lavish private dinners which have been held in various hotels and private homes" recently in the Washington area, Mahon

## BIG RALLY TO RECRUIT FOR WAAC

Lieutenant Rose L. Smother, Women's Army Auxiliary Corps recruiting officer of Lubbock, will be in Littlefield tonight, Thursday, and will discuss the training program and aims of the women's army at the Ritz Theatre.

A program on which Lt. Smothers will be guest speaker, sponsored by the American Legion and the American Legion Auxiliary, will be staged at 8 p. m. at the theatre. W. J. Chesher, manager, announced that the regular show would continue after 9 o'clock.

Accompanying Lieut. Smothers to Littlefield will be Major W. W. McCollam, recruiting officer of Lubbock. Major McCollam visited in Littlefield Saturday, and he announced that the government was concentrating on the enlistment of women in the army, as the manpower problem becomes more acute.

Lieut. Smothers will retire to the old post office building, located in the rear of the bank building, after the program tonight, to discuss the WAAC's with women who are interested in serving their country in the army. She will have application blanks and it is hoped that several women from Lamb county will make application while she is here.

## Surgical Dressing Project To Get Underway Monday

36,900 Pieces Gauze, 2 Months' Supply, Received Here Tuesday

The Lamb County Surgical Dressing project will get underway here Monday, next, January 11, in the Blair building, across from the Patton Hotel, according to Mrs. L. M. Brandon, Chairman.

This building was equipped with proper tables, chairs, etc., for this work sometime ago, but the project has been held up awaiting the arrival of the balance of the materials.

Two months' supply of gauze, the quota for November and December—36,900 pieces, were received Tuesday.

The quota for November is 22,500 4x8 sponges, and the quota for December is 14,400 combination pads.

Mrs. Brandon stated Wednesday that Lamb County would be expected to complete November's quota this month, and December's quota in February. Therefore, she asked the Leader to urge all women who could to assist in this work, as all workers possible would be needed. It is estimated that 25 women daily will be needed.

The project will open from Monday through Friday, from 9 a. m. until 5 p. m., and three nights each week, beginning Tuesday night.

Mrs. Brandon stated that helpers who could not spend the entire day at the project would be welcome for whatever time they could spend at this work. Red Cross regulations make it necessary that all volunteers wear wash dresses, wear no nail polish, and have their hair covered.

A meeting will be held Friday afternoon at 2 o'clock at the Surgical Dressing room for Supervisors and practise work, and all those interested are invited to attend.

## Heart Attack Fatal To Harry Wiseman Saturday Morning

Funeral Services Held Tuesday Afternoon At Presbyterian Church

The entire citizenship of Littlefield were deeply shocked and grieved at the sudden passing away about 1 a. m. Saturday of Harry Wilson Wiseman, 60, one of the oldest pioneers of this city.

Mr. Wiseman died as the result of a heart attack, which only lasted about 10 minutes, at his home on East Eighth Street. He had, however, been suffering slight heart attacks at intervals since June last, caused from high blood pressure, and enlarged heart.

About three weeks ago he suffered a rather severe attack at the Municipal Water Works plant, of which he was superintendent. On the morning previous to his death he had felt a slight attack as he was driving his car to work, but became his usual self during the day. On returning home at night about 8 o'clock, he and Mrs. Wiseman had enjoyed the evening listening to the radio broadcast, and were just retiring at a late hour when he suffered the fatal attack.

Funeral services were conducted at the First Presbyterian Church, Littlefield, at 2:30 o'clock Tuesday afternoon, January 5, with Rev. A. (Continued on Back Page)

## Capt. Tarbox Sends Flowers

Miss Maxine Barnett, teacher in the Spring Lake school, received a box of beautiful red and white carnations on December 31, as a New Year's gift from Capt. Elmer Tarbox of Lubbock, pilot of a bomber that participated in a raid over Burma recently.

The flowers were delivered from Littlefield to Miss Barnett by Mrs. J. W. Keithley and Mrs. Ed. Hewitt, through the Home Service Chairman of the American Red Cross in Lamb County, J. W. Keithley.

Mr. Keithley received the following wire from Charlotte Johnson, Home Service National Director of American Red Cross:

"Following serviceman deposited money with Field Director APO 886 to purchase flowers for delivery New Year's Day; from Elmer L. Tarbox to Miss Maxine Barnett, Earth, Texas, wishing greatest New Years to the swiftest girl, love, Elmer."

The cable was believed to be sent before the raid on Burma, which was reported on December 30 through daily newspapers.

Capt. Tarbox was reported to be wounded in the legs, in the raid that took place on December 27.

Miss Barnett knew of her friend's injury when she read the story in a newspaper.

She was very pleased with the flowers, and the card accompanying them from the Red Cross. She reported that Capt. Tarbox had been in India several months, and she received letters and cables frequently from him.

## Georgia Ann Harris Is First New Year Baby

The first baby to be born in a Littlefield hospital in the New Year was "Georgia Ann Harris," whose parents are Mr. and Mrs. B. A. Harris, farmers of the Whitharral community.

The child was born at 9 a. m. Monday, January 4, at the Littlefield Hospital, with Dr. Thos. B. Duke at the attending physician. At birth she weighed 8 pounds, 14 ounces.

"Georgia Ann" is the third child of Mr. and Mrs. Harris, she

# DON'T OVERLOOK THE NEED OF A HOME GARDEN

## You'll Eat Better . . . !

With Christmas and the New Year activities just fading out and increased food rationing scheduled for February, it's time to start thinking about home gardens.

Last year there was a big increase in the home production of fruits and vegetables, particularly vegetables. This year promises to bring a big advance in the volume and value of home produced foods.

America, in 1943, will live "out of a can" to a lesser degree than in many, many years past. With rationing in effect, it is going to be a very happy situation to be in a position to go out into the garden and pull up fresh radishes, onions, beets . . . and a lot of other things that grow in gardens.

If you don't have all the ground that you figure you can cultivate, look around for vacant lots, and particularly lots adjacent to your home. Check with the city secretary on the ownership of any lot you may fancy, then if the owner is a non-resident, write to him for permission to use his ground . . . he will be happy to cooperate with you, because, no matter where he lives, he's very much aware of the importance of food in winning the war.

We haven't heard anything about a real shortage of garden tools. Buy your needs now, and if there is anything that you are not able to purchase, perhaps you can borrow back and forth with your neighbors . . . sort of a "share the tools" program.

Canning of food for next winter is just as important as your summer garden of fresh fruits and vegetables. Make your plans now. Look around you for jars and bottles with large necks . . . every jar and bottle used will save tin for the war program.

Home canning in 1943 will again become what it has been in yesteryears . . . a fundamental American institution.

## Change In Law Urged

Thos. B. Love of Dallas helped write the Terrill Election Law more than 20 years ago. He has watched the operation of the law and has reached the conclusion that changes should be made in the law. Like all others who have to operate under the law, Mr. Love deprecates the mounting cost to local candidates of our primary elections. It has reached the point that poor men and women cannot run for public office in the larger counties of Texas, which defeats the purpose of the primary system. Mr. Love proposes that the counties assume the cost of holding primary elections, which is the principal cost of primary elections. Mr. Love will propose to the legislature that this change will be made. The News hopes that Mr. Love will push this proposal before the Legislature which meets in January. —Canyon News.

The 35-mile law has had one good result for Texas—700 less deaths during 1942 than during 1941.

Since the state constitution of Texas was ratified in 1876, approximately 100 amendments have been adopted.

Texas spends more than \$2,000,000 annually for the development and conservation of natural resources.

## 10 CENTS JUST TO SMELL CORK OUT OF BOTTLE OF CHRISTMAS "CORN"

Snyder.—Asked how quiet Christmas was, one Snyder colored boy said the holiday "was so quiet, indeed, dat not even the sheriff got to see me."

Pressed for details, the colored boy said he had plans for a Yuletide celebration, but got set back, with plenty of disencouragement, when he priced "bottled corn" at \$4 per pint.

"And that ain't all," the colored boy declares, "dey charged 10 cents to let you smell of the cork!" —Scurry County Times.

Thesa F. Walden of Littlefield, son of Mr. and Mrs. H. F. Walden of Route 2, Littlefield, has just been promoted to Corporal according to Col. Thomas L. Gilbert, Commanding Officer of the Lubbock Army Flying School, Lubbock, Texas.

Cpl. Walden, who is a graduate of Littlefield Public School and Vaughan's Business College, Lubbock, is with field maintenance supply at the large advanced twin-engine flying school, Lubbock.

Cpl. Walden has been in the Army Air Forces since June of last year.

Mr. and Mrs. Eugene Lamer received a wire Tuesday to the effect that their son, Howard, who is connected with the Marine Band, stationed at San Diego, was getting a leave of absence, and would arrive in Littlefield about Saturday evening for 10 or 12 days.

Luther Cunningham, who has been in the Naval Reserve the past few months, left here December 22 for Dallas, and was sent to San Diego, Calif., for boot camp. He arrived in San Diego on Christmas Day. He had been attending Texas Technological College in Lubbock before leaving for the Navy. He is the only son of Mr. and Mrs. W. H. Cunningham, and is a graduate of the Littlefield High School.

Mrs. W. N. Holder received a letter Monday from a woman in Australia, who wrote about her son, Staff Sgt. Kenneth Griffith, who is in the Army Air Force. Sgt. Griffith has been in Australia since last February. Mrs. Holder was glad to receive the letter, which was written on November 22, 1942. The letter came by air mail, with an Australian stamp.

Believing that the letter, which is from Mrs. V. R. Lollo, would be of interest to the readers of the Leader, it is published as follows:

"Dear Mrs. Holder:

"I suppose you will be surprised to hear from me. I am a friend of Mr. Griffith, your son, Kenneth. I work at a cafe in the kitchen. Hazel, my daughter works there also. Hazel is not quite 15 years yet, and we live a long way from town, and I have to be there to take her home. Anyway, that's where I met your son, there, and we all like him very much. He was lonely and sad so I asked him home. I have not seen

him in quite a while as he is away. I sent you a small parcel. I hope you get it all right, also hope you won't mind my writing to you. I am married, with six children, three boys and three girls, one boy married with two boys, and one girl married, with one boy and baby girl, lovely kiddies. Mr. Griffith nurses baby—and she likes him. We love to sit and listen to him telling us all about the states. This place is quiet and no where much to go, only pictures and dances once now and then. Two of my boys are away from home. I just don't know where. I do know they are not in the fighting. I do wish all this war was over. I can't understand why such cruel things should be. Still God knows best, and in His own good time He will send peace to this earth once more.

"If we could all be just one big family and all believe and trust in Him above, and be good to each other, all this would not be. Your son often speaks about you and he's always so pleased to get your letters.

"If you would care to write to me I would love to hear from you, and I pray that God will send your son safely back home, as I hope my two boys come back to me.

"I have a brother a prisoner. He has been a prisoner for 12 months now. I had a card from him last week. Wasn't I pleased to have it in his own hand writing. Poor Kid. I will close now. With best wishes for the coming years.

"Bevan Street

Third Class Petty Officer Holman Ray Dalton left Thursday for San Diego, Calif., after visiting his wife and young son, Garland Ray, and other relatives here on an 11 day leave. He is serving the Navy as a baker, stationed at San Diego, and has been in the Armed Forces since August 13.

Harold M. Brinker, 20-year-old son of Mr. and Mrs. D. P. Brinker of Arch route, Baileyboro, Texas, has been promoted to the grade of first lieutenant at Stinson Field, San Antonio. Lieut. Brinker attended the Morton High School and Texas Technological College. He enlisted in March, 1941, and came up through the ranks to be commissioned at

the Officers Candidate school in Miami Beach, Fla. In civilian life, he was manager of his father's cattle ranch. He is a graduate of the Army radio school at Scott Field, Ill., and was cadet sergeant at the Miami school. He played football at Stinson Field and for many games was the only commissioned officer on the squad.

Mrs. Vernie Wright received this week letters from her son, Maj. Tilden Wright, dated Dec. 11 and 18, from somewhere in England, which describe the English money, and customs, which no doubt will be of interest to the many friends of Maj. Wright, as well as other readers of this newspaper. Excerpts from these letters are as follows:

"Picked up several postcards and some Christmas cards today. Got duplicates of everything I could. Mailed them all in a box to you. Send half of them to Pat soon as you get them. The Christmas cards really aren't what I would like, as they are not English scenes, but are Alpine and will be interesting. They are very pretty.

"There is really a paper shortage over here, and then most people are engaged in war work and have no time nor materials to use in making picture postcards. May run onto some later, in some little store that isn't all sold out.

"Have become quite used to quid, or pound, shilling or bob, half crown, florin (two shillings), three pence, pronounced 'truh-pence,' two pence, pronounced 'tuh-pence,' etc. I'll be glad to see nickels, dimes and quarters and fifty cent pieces again, and our handy convenient size paper money. Pound notes (\$4.035) are 3.25 inches by 5.9 inches; ten shilling notes (half a pound) are 5.4 inches by 3 inches; five pound notes are 8.3 inches by 5.125 inches. Pound notes are blue mostly, some orange in places, and white; 10 shilling notes are lavender and white; and five pound notes (L5) are white, very thin, almost like tissue paper. I like our money and decimal system best. A pence (penny) approximately 2 cents value, is as big as our 50 cent piece, but is copper; one pound, one shilling, 1 pence, and 1/2 pence are written this way: 'L 1:1:1 1/2.' 12 pence equals 1 shilling; 20 shillings, 1 pound; 21 shilling, 1 guinea. Am quite used to it all now though. Feels so old worldish to hear people speak of sixpence, shillings, etc. Guess we'd sound funny to them with our nickels and dimes.

"The old jokes about an Englishman having no sense of humor are all wrong. They tell jokes just as we do, and by and large we like and

tell the same jokes.

"Scotsmen aren't stingy either, nor even outlandishly thrifty.

"Am nearly all over my cold and can now bend my little finger, a little, but it is a funny looking thing."

"Sent you some roses this morning through Lubbock florist. Hope you receive them in good shape.

"Have two invitations for Christmas, one from the family with whom I'm temporarily billeted, another with a Wing Commander and his wife in the R.A.F. Think I'll accept the latter.

"Most houses in the towns outside London have names instead of numbers. Most confusing, and they don't run alphabetically either.

"Have just sealed my letter to Pat and forgot to tell her Shane Castle is on the north bank of Loch Neigh in Northern Ireland. Saw the name on a map. Haven't seen it yet. Will try to find out more about it when I go back to Ireland.

"Have at last received several snapshots of 'Chip' and four large pictures. Isn't he a wonderful baby! I surely hate to miss all of his babyhood."

R. Lee Gibson, son of Mr. and Mrs. J. F. Gibson of Littlefield, who is connected with an Ordnance Company, in action somewhere in the Pacific, writes his parents as follows, which is dated Dec. 10, and was received Dec. 24:

"This letter leaves your wandering soldier O. K. except for a head cold and with a great desire to be home. But there is still no indication that we have any chance of returning soon. But don't worry about me, because if there is anyone who is capable of taking care of himself it is this refugee from Texas. Hope things are well about the family and home. Guess everything has changed a lot since I left, however. Had a letter from Jewel not so very long ago. Everything o. k.—said Glenn would be in the Army before long. Hope he doesn't wind up in a place like I am. Boy that would top it all.

"Thanks for the cigarettes Dad. They are pretty hard to get around here. Mother Too. Sure would like to have a good lighter, and some reading material.

"Had a letter from Olene the

other day.

"Doris, guess you are about grown. What do you do other than work at Perry's part time? How many boy friends you got? You should send me a picture of yourself.

"Jimmy, how are you? Do you help Dad any nowadays? Guess you do. Boy, I sure would like to see you now. Guess you would not know me. Nor I you. Olene said she had not seen my handsome little fellow of a brother in a long time. Who is your best girl now? Tell mother what you want to tell me or write me yourself. Take good care of yourself, and when I get back when this is all over we are all going up Colorado, hunting and fishing on me.

"How are the livestock? Boy, would I like to see some good stock on Texas soil once more! I'll say I would.

"Mother, I miss you all a lot. But we got a big job cut out. So—your loving son and brother stands guard way out in the Pacific, where things are rough (Know what I mean?).

"Love,  
"R. LEE."

Mrs. J. C. Glover was happy to receive a Christmas Greeting telegram from her son, Bennie, who

is believed to be in Alaska, or somewhere in the North. The telegram was received Thursday evening, stating all was well, and wishing a Merry Christmas and Happy New Year.

Pvt. Otis M. Lee, of the mechanical branch of the Air Corps, and stationed at Sheppard Field for the past couple of months, was transferred recently to Hammer Field, near Fresno, Calif.

Pvt. Jake Hall of the U. S. Army, stationed at Fort Bliss, visited his parents, Mr. and Mrs. Homer Hall, here during the Christmas holidays.

## To My Friends:

This letter is written just to let the people of Lamb County, and of my precinct know that I appreciate both the confidence and the fine co-operation you have given me during the six years I have served as Commissioner of Precinct Three.

I have tried to be a Lamb County Commissioner, as well as a Precinct Commissioner, during the years I have served.

At the present time Precinct Three has good equipment, is clear of indebtedness, and has a cash balance of \$8,000 to its credit in the First National Bank at Littlefield, Lamb county depository for county funds.

I desire to wish for my successor, W. E. Bentley, everything that is good. I am confident that the people of Lamb county will give him the same co-operation as they have given to me.

I want the men who have worked for me, as Commissioner, on the roads, to know that I appreciate their good services to Lamb county during my term of office.

It is with regret, yet with a smile that I turn this important office over to Mr. Bentley with the very best of wishes.

Yours truly,

## G. M. VANN

### More Money In Growing Beans and Peas Than Cotton, Says W. W. Allen

"Beans and peas are much more profitable than cotton, and I intended to plant all my acreage in food stuffs this year, but reports indicate I will have to plant some cotton," stated W. W. Allen of 7 1/2 miles northeast of town to a Leader representative Saturday.

Mr. Allen added: "Peas and beans are the easiest gathered of any money crop. Sixty-five days from the time planted the beans are ready to harvest—a little quicker than the blackeyed peas."

I intended to plant, this coming year, all my acreage—200 acres—in peas and beans, but the Government program calls for 90 per cent of my allotment in cotton, which would be 62 1/2 acres. Besides, the cotton, I am figuring on planting 50 acres of corn and the balance in peas and beans.

Forty acres planted to Northern beans brought Mr. Allen the past year a total of \$1500, and when all expenses were paid, netted him clear a total of \$1200.

Forty-six acres of black-eyed peas for which he received \$3.15 per hundred pounds, netted him \$1400.

Mr. Allen, therefore, believes there is more money and less trouble in growing beans and peas than

### O. M. SANDERS TO BE GRADUATED JAN. 22 FROM A. & M. COLLEGE

Included in the 642 men who will form the class of 1943, which will graduate from Texas A. & M. College on January 22, instead of June 1, which was made possible by the streamlined program providing for three sixteen-week semesters yearly, instead of two as in the past, is O. M. Sanders of Littlefield, candidate for degree as Doctor of Veterinary medicine.

### CORRECTION

In the College Heights news published in last week's issue of the Leader, it was inadvertently stated that Pvt. C. G. Richards, son of Mrs. M. A. Richards of Littlefield, had been placed in command of the Truck and Track fleet. This is an error, as Pvt. Richards, who is stationed at Camp Campbell, Ky., has not completed his basic training, and has not been given any such promotion. The Leader is glad to make this correction.

### Must Carry Draft Classification

All men in the 18-45 age group who have been subject to selective service registration for six months must carry draft classification cards starting February 1.

Selective Service headquarters announced the ruling Sunday as part of a program of "vigorous action" against draft delinquents.

Failure to carry both classification and registration cards would subject the offender to possible penalties totaling five years' imprisonment and a \$10,000 fine.

Selective Service said the action was directed against men "believed to be delinquent by reason of failure to keep in touch with local boards as required."

### Mrs. Curry Says "Hello" To All Her Friends Here

Mrs. J. G. Curry of Colorado City, Texas, wrote the Leader last week sending a subscription to this newspaper. Thinking her letter would be of interest to the many old friends here of Mrs. Curry, it is being published as follows:

"Please send me the Lamb County Leader for six months. I have felt Mae and Billy Joe Hood. They are moving to Hale Center.

so lost without my old home paper, I decided I would subscribe for it again, as I imagine I will stay here all the remainder of my life. I often think of the old friends I left up there, and the only way I can ever hear from them is through the Leader. Littlefield will always seem like home to me, and I am sorry I ever left there. My husband and I lived there 13 years before his death

in 1935.

"Tell all my friends 'Hello' for me, and please send the paper as soon as possible.

### WHAT AN \$1875 WAR BOND WILL BUY

MOST PEOPLE DON'T KNOW IT ... but the smallest of America's War Bonds will Buy:

1. Enough fuel oil to enable one of our destroyers to cruise 37 miles in search of enemy submarines. Those 37 miles may be the ones that save an American ship and crew.
2. An 81-Millimeter trench mortar shell which is a powerful instrument in blasting the enemy out of their fortifications.
3. Three sharp new bayonets that will some day determine whether our enemies can take it in a hand-to-hand scrap.
4. Ten rounds of anti-aircraft fire to topple enemy raiders from the clouds ... ten rounds, properly placed, can bring down the biggest Jap bomber that flies.

ALL THIS ... and "SECURITY" TOO ... for your family after the War! Let's keep on buying Bonds voluntarily—so it won't have to become compulsory.

# Flying May Be Young Man's Game, But Some Older Boys Would Like To Try It!

By MORLEY B. DRAKE

We've been hanging around Dugan Field a little of late, just sort of talking to the boys out there, and feeling deep down inside of us that it "aint no trick at all" to fly one of those airplanes. Of course, we didn't say anything about how smart we think we are anent this aviation business. We know two or three flyers who would get a big kick out of finding out just how strong a stomach we have . . . there's Dick Sturdivant, the instructor, and John Standifer for two of them . . . they wouldn't mind just taking us away up toward Heaven and just dropping us into . . . well, you know where, pal.

If you have never made a flight . . . and there are plenty of folks who haven't . . . you've got no idea at all . . . what a skilled pilot can do when it comes to turning an airplane inside out and giving it a thorough dusting. They can make you repent of all of your sins and resolve to live right in the future.

We sort of noised it around of late that we have an ambition to fly a ship . . . just sort of took a poll as to what some folks thought of the wisdom of flying into a new pastime at a time when our hair is not as black as it was 25 years ago. Of course, we couldn't start to learn to fly any younger. And they do tell about old boys with long whiskers and 65 years of age, or thereabouts, flying over several counties to see the girl friends.

But to get back to this business of taking a poll of public opinion relative to us taking up aviation:

Paul Ferris, manager of the airport, says "Morley, it all depends on how young you feel."

W. D. Watkins, manager of the West Texas Cotton Oil Co., and a member of the Aero Club, was enthusiastically encouraging. He just said: "Why not?"

A. R. Hendricks, another member of the Aero Club, inquired and instructed as follows, to wit:

"Does Maye know about this? If she does you'll stay on the ground."

Lon Campbell, who at one period of his life, would "bust out" 16 wild horses before breakfast, then ride the rough string all day, was most discouraging.

"What's this I hear about you wanting to learn to fly; you've been trying to die around here for the last 10 or 12 years and now you want to commit suicide. If you do want to learn to fly you better keep one foot on the ground, and better still, you better stick to horses."

Now, Lon, that's no way to encourage ambition; we have known some horses that we didn't stick to; they don't put glue on saddles.

We told Lon that after we learned to fly we would take him over to Clovis with us.

"I wouldn't fly 'over, but I might ride back," he commented.

Meaning . . . well, you know; some of you visited Clovis back in the good old days before gas rationing.

We've really tried to make a thorough analysis of this flying business in so far as we are concerned. In fact, it has come down to a process of deductions with us.

Now there's Johnny McCormick of the Trio Flying Club; he's the youngest flyer at Dugan Field, and he is getting in a lot of hours. And there is . . . well, a lot of fellows who are not as young as they were 20 years ago, who have solo permits and making real good flyers.

Sometimes we think we had better take Lon Campbell's advice and stay with the horses. But are not promising . . . no, pal, we're not; this flying business has sort of got into our blood.

## Brother Of Mrs. Max Houk Reported Missing In Action

Staff Sgt. Howard E. Robeson, Army Air Forces Pilot, and brother of Mrs. Max Houk of Littlefield and Mrs. Dick Beisel of Lubbock, was recently reported missing in action in North Africa, since December 19.

He wrote from Egypt that he was seven days behind his squadron, so members of his family have hopes that he landed safely, and has been unable to send any communications. SALVATION ARMY SERVE IN NEW GUINEA FIGHTING

Thirteen Salvation Army officers, a nurse and a Chaplain are with the front line fighting troops supplying spiritual and material needs, and greatly aiding morale.

Stores and supplies are taken from the base by airplane and carried by natives to Major Albert Moore's camp, which has become a place of refuge.

Other track camps have been established under the most frightful conditions, but gladly sharing the lot of the fighting soldier, the officers supply foodstuffs as the men march single file through the close jungle.

This report was received by Captain Olvy Sheppard, local Corps commander.

Carload Of Seed To Be Sent To Russia

Plans were completed Saturday by members of the State Certified Seed Growers Association in a meeting in Lubbock, for the shipping of planting seeds to Russia.

W. H. Cunningham, president of the association, presided, and he reported to the Leader this week that a carload of grain sorghums, sudan grass and soybean seeds would be loaded in Lubbock within a short time, to be sent to Russia.

Seed growers who will donate seeds for Russian War Relief are urged to contact Mr. Cunningham as soon as possible, as it is most important that the car be shipped before February 1.

Only certified seed will be sent, Mr. Cunningham said, and it will be properly tagged and packaged, and sent to Russia, at the request of the U. S. Government and also the Russian government.

"We think Russia is doing a swell job of fighting for us, and we want to donate these seeds without cost or obligation," he said. The Russian government will absorb the freight and transportation costs.

Those attending the meeting in Lubbock Saturday were W. A. Goeth of Abernathy, state seed inspector; James T. Dunn of Lamesa, and Aubrey Edwards of Shallowater, secretary-treasurer of the association.

FIRST METHODIST CHURCH

Amherst, Texas

R. H. Campbell, Pastor

We were pleased with the attendance last Sunday at both services.

Though there were some who were absent. So let us try to keep on with the thought of loyalty to the church throughout the coming year.

Let everyone resolve that they are going to help with the whole program of their church this year.

The Church has a full program. There is no avenue of usefulness to your fellow men, at home or abroad, into which the church will not lead you if you will try to help the full program of your church.

We are glad to announce that our District Superintendent, Bro. Lipscomb, will be with us next Sunday for an afternoon service. I am sure that he will have a message for us that will encourage our hearts, and that his coming to us will help the church.

Let everyone come for the morning service, bring your dinner with you and all eat in the basement together after the morning service, and remain for the afternoon service. This will save one trip for our tires and gasoline.

Remember the church with a welcome for everyone.

ISN'T HE WORTH IT?

This message is written to you mothers and fathers—from your Government.

It concerns the most precious thing in all the world to you—your child.

It asks you to help protect that child—from fear, from starvation, from death—the fate that has befallen millions of children under the rule of Nazi and Jap tyrants.

Do you know that every \$18.75 War Bond will buy enough fuel oil for a destroyer to cruise 37 miles in search of Nazi submarines?

Do you know that every \$37.50 bond will buy 6 shells for an anti-tank gun?

That every \$75 bond will buy 40 rounds of anti-aircraft fire—enough to bring down the biggest Jap bomber that ever threatened an American warship?

Yes, we are sending all these things to our battle fronts every time we buy a War Bond.

But we are doing more than that. For America is not asking Amherst to give this money—even to make sure that our way of life is not blotted out by Fascism!

Instead, you are lending this money to your country. You are being paid generous interest. And you can get your money back after the first sixty days, if you need it.

In just ten years these bonds will be worth one-third more—you'll receive \$25 for every \$18.75 you invest in War Bonds today.

Remember, millions of your brothers, husbands, sons, friends are risking everything. You are asked to risk nothing. War Bonds are the world's safest investment.

Be Sure to Buy More War Bonds and Stamps in 1943.

declared:

"The average citizen is unable to buy many of the staple cuts of meat and other ordinary foods, and he cannot understand how it is possible for these grand dinners to be held.

"You are soon to announce a food rationing program. May I appeal to you to write the rules in such a way that elaborate dinners cannot be held by a few thoughtless individuals while the average citizen is unable to buy many of the ordinary foods for a hungry family."

## TIRES MUST BE INSPECTED BEFORE JANUARY 31

The Office of Price Administration recently warned motorists not to delay their tire inspection beyond Jan. 31, since neither gasoline ration books nor tires will be issued

to those who do not meet the deadline.

OPA investigations indicate that only about one-fourth of the nation's vehicles have had their tires inspected during December, the first of a two month period allotted for the examinations.

The purpose of the inspection is to find and correct any faults that may be causing undue wear on tires. If the examination shows that a motorist's tires need recapping or that he needs a replacement, the inspector will recommend to the local board that it issue the necessary ration certificate.

## Service Stations To Start Closing On Sundays Soon

Littlefield automobile service stations will be closed on Sundays, commencing with Sunday, Jan. 17. Closing of the stations on Sundays has been made necessary because of various war conditions. Large numbers of station workers are with the armed forces or employed in war industries, which has developed a shortage of labor. Automobile travel and mileage

has been reduced because of rationing, and it is felt that, with very few exceptions, automobile owners can obtain their requirements on week days.

The Littlefield service station operators appreciate the nice volume of business they receive from residents of Littlefield and vicinity, and from people passing through this city. Appreciative of such friendly relations, the service station operators will continue to exert every effort to render efficient service, to the end that every automobile owner's car will be rolling for the duration.
