## 33 Candidates Meet Filing Deadline For Demo Primaries

### Office Seekers Will Pay Election Fees On May 19

Thirty-three candidates met the filing deadline Monday for 25 offices in the Democratic Primaries slate for July 28.

Wade Potter, Lamb County Democratic Executive Committee chairman, made the announcement this week as politicians lined up their coming campaigns.

The fact that the 33 candidates have filed does not necessarily mean that their names will appear on the July ballot, however. Candidates will be on the ballot officially when they pay filing fees May 19.

Office-seekers who made the filing deadline were:

- For Representative 19th Congressional District—George Mahon.
- For Judge of the Court of Civil Appeals—Herbert C. Martin, incumbent, and Alton B. Chapman.
- For State Board of Education—E. H. Boulter.
- For District Attorney—Joe L. Cox.
- For County Attorney—Curtis R. Wilkinson.
- For Sheriff, Lamb County—Dick Dyer, incumbent, and Lester Hollabaugh.
- For County Tax Assessor and Collector—Herbert Dunn, incumbent, and F. H. "Mugs" Glazener.
- For County Commissioner, precinct I—Don Bryant, incumbent, Ford Lain, C. M. Moss and R. A. Green.
- For County Commissioner, precinct three—Bill Jeffries, incumbent, Ivan Fowler and Andrew "Andy" McGehee.
- For Constable, precinct four—F. V. "Skeet" Dillard.
- For Constable, precinct seven—L. M. McAlester and Raymond Cantrell.
- For Chairman, Lamb County Democratic Executive Committee, T. Wade Potter.
- For Precinct Chairman—Precinct 2, Roy W. Neal; Precinct 3, N. N. Frey; Precinct 4, Paul Lewis; Precinct 5, R. D. Nix; Precinct 6, John W. West; Precinct 7, R. L. Masten; Precinct 8, W. P. Holland Sr.; Precinct 9, Joel F. Thomson; Precinct 11, Robert Sullivan; Precinct 12, Otto Jones; Precinct 15, V. T. Tanner; Precinct 16, Pat Boone Sr.
- Precincts 1, 10, 13, 14 were not filed on. Potter said. Chairmen of these precincts may be elected by write-in votes, he said, but if they are not, they will be appointed later by the executive committee.

"THE RIGHT SURVEY IS MIGHTY IMPORTANT," Homer Garrison, chairman of the industrial steering committee (second from left) explained to Littlefield businessmen Monday morning. ## Large Pump Company Discusses Idea Of Locating An Assembly Plant Here

Representatives of one of the world's largest pump companies were in Littlefield Tuesday to discuss the possibility of locating a branch assembly plant here. Fred LaTurner, branch manager for the Johnston Pump Co. and an associate, Bill Trammel, both of Roswell, were met by members of the Littlefield Industrial Foundation steering committee and owners of the W-W Electric, local retailers of Johnston pumps.

According to LaTurner, it is the company's policy to operate the plants through the local distributor. "They are doing a tremendous sales job for us here. This is one of our best areas for turbine pumps," LaTurner said.

The Johnston firm is the third largest pump company in the world with operations in India, Mexico City and Peru. National headquarters are in Pasadena, California.

## Rainfall Is Above Normal

Odell Ray, official weather observer for Lamb County, measured .69" of moisture Tuesday morning from the shower that passed over Littlefield at dusk Monday evening. Added to last week's rain this brought the total to .88" for the first week of May. This is about average for the first quarter of May—our wettest month.

The company not only manufactures turbine pumps for irrigation use, but are also big producers of industrial and oil field pumps.

Located so near the center of the irrigation belt, Littlefield is ideally situated for such an operation. Lamb County now has over 4000 irrigation wells with approximately 350,000 acres under irrigation. The entire South Plains area now has more than 18,000 wells.

"You'll find the businessmen of Littlefield will co-operate to the fullest if you find it possible to locate in Littlefield," Carl Keeling, president of the Chamber of Commerce, promised the pump officials.

## Around The County

Springlake — Senior Class students washed and greased cars at a local station and a station in Earth Station. Proceeds go to their Senior Trip fund.

Hart Camp — The Baptist church at Hart Camp will begin registration for Vacation Bible School June 1.

Spade — Mr. and Mrs. Roy Dykes have resigned their positions as teachers in the Spade school system. They will teach in the Odessa schools next year. He has accepted a position as English instructor in the Odessa Senior High school. Mrs. Dykes will teach English in Bonham Junior High of Odessa.

Amherst — The Amherst Community Center held open house Friday afternoon. Several business firms and individuals of Amherst sent floral arrangements for the building.

Anton — Superintendent W. R. Taylor installed the following officers in the Anton Parent-Teachers Association: president, Mrs. L. E. Haenel; vice president, Mrs. Sidney Landers; secretary, Mrs. Jimmie Johnston; treasurer, Mrs. L. L. Rendleman, and corresponding secretary, Miss Rose Dunlap.

## Surface Casing Set On DeKalb San Andres Test

Surface casing on a well to be drilled by the DeKalb Agricultural Assn. Oil and Gas Division, has been set.

Equipment is expected to be moved in this week for the well, located about one mile west of a point a mile and a half out on the Levelland Highway.

The assn. will dig a 4,200-foot San Andres test on property owned by Mike Melcher.

In an area about two miles east of the Chalk Hill area on the Levelland Highway, leasing operations are reportedly underway. However, reports had it that negotiations there are still in the formative stage.

## City P. D. Issues Nine Tickets

Nine tickets have been issued by the Littlefield Police Department from Saturday through Tuesday. Two were issued for speeding, two for failure to grant right of way, one for reckless driving, one for disturbance with motor vehicle, one for illegal parking, one for passing without sufficient clearance and one for failure to stop at stop sign.

## Conventions Run As Expected: Ike And Johnson With Ease

Democratic County Convention named its delegates to the state in Dallas May 22. Standing vote had to be to select men to fill the spots. It happened.

Democratic County Chairman announced to the convention that his committee had nominated Wade Potter, Paul Natzger and J. D. Daniels of Littlefield as delegates to the state gathering.

After a long session, the convention decided that Natzger would be the delegates, since he was named in both lists. Then the voting was held.

Potter, elected permanent chairman of the convention, called a vote on West. Three votes were cast. The decision on Lewis was called. Result was a tie. Then Watkins' name was called. Result was a tie. Then Watkins' name was called. Result was a tie.

Selection of delegates was only held-up in the voting meeting as the voting committee, headed by J. D. Daniels, recommended the convention back to the state gathering and as a delegate and as a candidate for President.

Selection to back Johnson was a surprise after precinct 15 Saturday had indicated Johnson carried the county. The 47 delegates to the convention only three were to support Allen Shivers as the Texas delegation.

## Nine Entered In Queen Contest

Deadlines fast nearing on Cotton Festival Events

With deadlines fast approaching on the Queen of Cotton and the Tom Thumb King and Queen of Cotton contests, Cotton Festival officials said this week that nine entries have been received for the Queen contest, but only two have been entered in the Tom Thumb event.

The two contests, along with the Women's C-S Style Show, are featured attractions of the Festival, scheduled for May 18-19.

Deadline for entries in the Queen contest is Saturday, May 12, while the last date for Tom Thumb entries is Friday, May 11.

Among the girls entered in the Queen Contest at present are Leta Merle Roberts, sponsored by the Lions Club; Betty Lou Purdy, Littlefield FFA Chapter and Hall-Keeling Butane; Gay Minyard, Sunnydale Home Demonstration Club; Brenda Chisholm, Wallace Dry Goods of Sudan and the Friendship Home Demonstration; Sue Haynes, General Telephone Company; Martha Williams, Southwestern Public Service; Karlyn Hulse, Jaycees; Roxene Bingham, Women's Auxiliary of WOW, and Jo Ann Farrack, Dunlap's.

Entries to date in the Tom Thumb event are Barry Berhman, sponsored by Pioneer Natural Gas, and Cynthia Elkins, sponsored by the L. V. Pierce Service Station.

The Tom Thumb contest, a new attraction for the festival to be sponsored by the Ladies Auxiliary of the Veterans of Foreign Wars, is scheduled for the afternoon of May 19, beginning at 3 o'clock.

The contest is open to all residents of Lamb County or the immediate area, between the ages of two and five.

Contestants, who will be competing for \$50 gift certificates to be awarded to both the King and Queen, will be required to dress in cotton.

Tom Thumb candidates also will present some type of talent. Chamber of Commerce officials said that entrants would be given three minutes each to present a nursery rhyme, song, short story, or some other similar kind of talent to the audience.

## County GOP Also Backs Nixon As V-P

Lamb county Republicans Tuesday elected nine delegates to their state convention in Houston May 22 and went on record as favoring President Eisenhower and vice President Nixon for re-election.

In a county convention which drew only six people to the district court room, the meeting named an unopposed delegation to Houston.

L. J. Swanson of Littlefield, elected permanent chairman of the convention, said the delegation will go unopposed because there is no issue at present.

The convention's only resolution was that favoring Ike and Nixon for re-election.

The delegates are: Mrs. Lillian C. George, Mr. and Mrs. A. S. Natzger and Mrs. James M. Speer, all of precinct one; Mr. and Mrs. E. D. Tate and Swanson, precinct three; A. C. Chesher, precinct 12, and Mrs. Irene Edmonds, precinct 13.

Named as alternates for precinct three were Mrs. L. J. Swanson and Mrs. Pat Downs. Alternate delegate for precinct 12 is W. J. Chesher. Alternates will go to the state convention if regularly named delegates are unable to go.

## Two Accidents Monday Result In \$375 Damages

Lee Nichols figured he had it bad enough when he was admitted to Littlefield Hospital, but he found his car needed \$210 worth of hospitalization after being hit Monday afternoon.

Nichols car was parked in front of the hospital when an auto driven by Raymond Lee Henderson, 14, made a right turn from XII drive onto Sixth St. and crashed into the Nichols car, resulting in \$210 damages to Nichols' 1955 sedan.

Henderson, whose car wound up with \$115 in damages, was given a ticket for passing with insufficient clearance.

that occurred Monday. Another collision Monday morning at 5th and Phelps involved a 1953 pick-up driven by Charles Parrack, Parrack's pick-up, owned by the Crystal Ice Co., hit a car driven by service station attendant Alfred Coronado. Parrack started to back from the curb and hit Coronado's vehicle as he drove it East on 5th St. Parrack, whose pick-up was not damaged, was given a ticket for failure to grant right-of-way. The car Coronado was driving belonged to Mrs. J. J. Williams, who had given it to Coronado for servicing. Damage to the Williams' car totaled \$50.

O. E. Lumsden, superintendent of the Springlake Independent School District for the past three years, resigned his position Monday night at the school board's meeting, effective August 1.

Lumsden came to Springlake school in August of 1953, succeeding R. W. Spann. He has not announced his future plans.

The announcement came as members of the Springlake board reorganized for the coming year. Elected president was Pat McCord of Earth. Others elected at the meeting were H. W. Lewis vice president; Beedie Welch, secretary and Guy F. Kelley, assistant secretary.

Other members of the board are J. J. Coker, Oliver Tunnell, Jr., and A. E. Wheatley.

## Nearly News (Continued From Page 1)

In addition it's going to take a couple of thousand dollars to build the Little League park so our youngsters will have an adequate place to play and can qualify for the playoffs with other towns. Civic organizations are building dugouts, fences, leveling grounds, etc. at their own expense, but the League is still going to have to have a big bunch of money to finish it all up and meet all their expenses for the year.

When one or more of those 135 eager boys knocks on your door and asks you if you won't buy a membership in the League, lend him a little encouragement if you can. That's how they're raising the balance of the money they need. A membership card is only a dollar. Their smiles are worth that.

One of the teams elected a colored boy captain. Everyone thought that Keith King would be elected to this honor because he was the oldest boy on the squad, and only one who had played two years before, and was the natural leader of the group. But Keith nominated Van Ashley for the honor, and the boys elected him.

Hear that some of the colored boys are doing well in spring football training too. Half a dozen of them are coming out.

Carl Keezing was telling a group of citizens that one of the things that a town needs to do to attract more industry is to be as attractive looking as possible. He suggested a clean-up—paint up campaign to help our town look more inviting. "If we can't afford new paint, then let's white-wash," he said.

See where the state highway commission is planning to build over 2000 miles of four lane highways in Texas during the next two years. Wonder if any of it will be in Lamb County?

## Engaged Couple Is Honored With Shower

The First Presbyterian church was the scene of a buffet supper and a "gadget" shower honoring Miss Marion Nickelson and Gary Pass.

Hosts for the shower were Mr. and Mrs. M. L. Hall, Mr. and Mrs. Wiley Thornton, and Mr. and Mrs. O. P. Wilemon. The hosts' gift was a utility table.

The serving table was laid with a green cloth and centered with a milk glass bowl containing an arrangement of white snaps and white tulips. The green decor carried out the bride-elect's chosen colors.

Miss Nickelson is the daughter of Mr. and Mrs. G. M. Nickelson and the groom-elect is the son of Mrs. Bill Pass.

Approximately 45 guests attended.

## Bridal Courtesies Continue For Miss Nickelson

Miss Marion Nickelson, bride-elect of Gary Pass was honored with a kitchen shower in the home of Mrs. Carl Ince at Lubbock, Sunday afternoon. Calling hours were between 3 and 5 o'clock.

Co-hostesses were Mrs. Larry Rice, Mrs. Don White and Mrs. Douglas Perkins. Mrs. Rice served at the guest register, while Mrs. White, Mrs. Perkins, and Mrs. Ince alternated at the serving table.

Food cakes and cookies were served guests from a table laid with green and centered with an arrangement of white daisies.

Miss Nickelson was presented with a warever roaster by the hostesses.

Attending from Littlefield were the honored couple's mothers, Mrs. G. M. Nickelson and Mrs. Bill Pass.

## 4-H'ers Hold Final Meeting For 1955-56 Term

The Whitharral senior girls 4-H club met Friday, May 4, in their final meeting of the school year, with their demonstrator, Mrs. Max Ruth Bentley, who discussed supplies needed for sewing.

Shirley Edwards, president at the business meeting. A swimming party was planned for the group at the Levelland swimming pool for June 15.

Mrs. Bentley was thanked for her work with the group, especially by the members who are graduating from 4-H into FHA upon entering high school.

Approximately 25 members answered roll call in the 4th and 5th grade girls 4-H club. A demonstration was given on sewing supplies and different fabrics for dresses. A clothes workshop to be announced for a later date was discussed.

The only way to avoid increasing traffic congestion would be to stop manufacturing motor vehicles.

### 250 Women Attend Event Annual May Breakfast Closes The Club Year

MRS. PAT BOONE SR., and Mrs. Bob Brune write a wish to Jimmy Wood as they pass the Jimmy Wood Wishing Well at the May Breakfast held Saturday morning at the Littlefield Community Center. (Staff Photo)

The annual May Breakfast held Saturday morning at 9:30 at the community center closed the club year for the Woman's club of Littlefield.

Club members and their guests were greeted at the door by Mrs. W. D. T. Storey who directed them into the improvised Japanese garden lavishly decorated with cut flowers, pot plants and a large cloud filled with balloons that were released during breakfast. Each lady was presented with a Japanese fan.

Guests passed by a "wishing well" and left a wish and a love-gift for Jimmy Wood in the well. Dale Howard played piano numbers.

Mrs. S. E. Ayres Jr., and Mrs. T. L. Dunlap served fruit juice appetizers.

After the ladies were seated at the tables laid with white cloths and decorated with arrangements of iris and calendulas in pots, and Japanese vases, Mrs. Dunlap, club president, called the meeting to order and introduced Mrs. Dewey Hulse who gave a brief report on the condition of Jimmy Wood.

Mrs. J. B. Fain gave the invocation. Mrs. Dunlap gave a brief resume of the club's achievements and introduced the out-of-town guests and the club officers.

Mrs. Roy B. McQuarters presented the club's scholarship to Norma Witeher, who made an acceptance response.

Mrs. Fain, Mrs. J. C. Nichols, Mrs. D. C. Lindley, and Mrs. Jack Wattenbarger were presented gifts for perfect attendance.

Napkins and programs carried out the wishing well theme. Plate favors of miniature bottles of perfume, carnation corsages, and miniature hats, cedarcrest originals, were compliments of local merchants.

The centerpiece was an arrangement of shaggy chrysanthemums, and feverfew and miniature parasols. The menu consisted of sausage, scrambled eggs, fruit, bedecked cinnamon rolls that had served as plate markers and coffee.

Musical numbers were presented by a group of musicians from Brownfield. They dedicated their last number "You'll Never Walk Alone," to Norma Witeher.

The musicians were: Leonard Ellington, accompanist; Fred Smith, director; Mrs. Ball Cape, Mrs. Grady Goodpasture, Mrs. Pete Harris, Mrs. James Anderson, Mrs. G. D. Rich, Mrs. Doug

### Northside Club Entertains Pettit Club

In observance of National Home Demonstration week, Mesdames Fred Newsom and Roy Taylor were hostesses at a meeting at the latter's home north of Whitharral for the North Side HD club with members of the Pettit Home Demonstration club as guests.

Mesdames Wayne Maner, Bruce Wren Jr., J. E. Wade and Ralph Wade as recreational committee, arranged the program. The main event was "hat styling" and "modeling" carried out by group, with pictures being made of the "models" and their "creations." Mrs. Newsom poured punch from a lace covered table, centered with an arrangement of pink carnations. Other refreshments were sandwiches and cookies.

Guests were Mesdames Roy Whittenburg, Fred Owens, Marguerite Miller, Christine Hoover, George Wheeler, and Leon Lawson, all of Pettit, R. N. Carpenter of Sweetwater, and Hub Spraberry of the Whitharral club.

Members present included Mesdames H. J. Allen, Doss Maner, Guy Brown, C. G. Landers, J. E. Wade, J. B. Wren, Wayne Maner, Ralph Wade, Bruce Wren Jr. and the hostesses.

"Wishing Well." "Wishing Well" planters were presented to the Brownfield guests.

Two hundred and fifty women from Sudan, Amherst, Brownfield, Lubbock, and Littlefield attended the breakfast.

Mrs. W. A. Wolfe served as general chairman of the breakfast. All club members assisted.

### Hurry -- Deadline Is Tomorrow Mother Of The Year Nominations Continue

The Editor, Littlefield Press. My candidate for "Mother of the Year" is Mrs. A. J. Beckner. When I first knew her youngest son, now a junior in Texas Tech, I formed a very favorable opinion of his mother. I was sure that such a well-mannered little boy had had the right home training.

Later this son became my pupil and my admiration for his mother grew. This son is typical of her family of six children. Even under adversity, I have never heard her complain. The care she gives to the little ones in her day nursery reflects her true character. Mrs. A. Y. Doherty.

### Annual Band Banquet Is Staged Friday Night

The annual Wildcat Band banquet was held Friday night at the Littlefield High School cafeteria. Decorations in pastel shades of pink and blue were carried out in balloons shaped in the form of flower clusters centering the pink and blue streamers across the ceiling.

### Layette Shower Compliments Mrs. Parker

Mrs. Ronnie Parker was named honoree at a Layette shower Monday afternoon at the home of Mrs. Fred Smith north of Whitharral. Mesdames T. C. Wade and Coy Grant directed the games. Mrs. Wade read a poem, "The Legend of the Stork," after which the fairies—little Sharon Wade and Bebra Grant—assisted by Diane Starnes presented an assortment of gifts to Mrs. Parker.

The tables were laid with white cloths, with straw baskets of spring flowers serving as centerpieces. Fragrant roses were strewn along the table top. The speakers table was centered with the "Sweepstakes" plaque awarded the band recently at Levelland. Janice Renfro served as chairman of the decoration committee. Kerry King asked the invocation followed with the greeting by Jimmy Bennett. Eddie Harris gave the response. Johnita Gallini sang and Patricia Smith presented a pantomime. Joy Windwehen told the prophecy.

The highlight of the program was the presentation of Palmer McCown, drum major for 1956-57 by Beryl Harris, band director. In the traditional ceremony, Cammie Hulse, former drum major handed the baton to the new drum major.

Refreshments of pink cake squares and punch were served to the honoree, and Mesdames Frank Bryson, Buck Epperson, W. W. Baxter, Doyle Gilley, F. J. Bryson, Foy Howard, J. H. Davis, Arthur Polk, Carl Reed, T. C. Wade, Coy Grant, and Fred Smith.

### Housewarming To Honor Nicholas Family

### Mrs. Edwards Speaks To Church Women

Mrs. Bryan Edwards presented the projects and procedures of the United Church Women's Organization at a coffee held Friday morning at the First Presbyterian church. Hostesses for the occasion were the local minister's wives. Mrs. Harry Vanderpool presided. Mrs. Arthur K. Hunt gave a brief resume of Mrs. Edwards' work. Approximately 50 women representing 10 churches heard Mrs. Edwards stress "that all church women must work together. There are many things that individuals and small groups can handle alone but there are a great number of things that can be done only by all the church women working together." The 10 church representatives were the First Methodist, First Baptist, Littlefield Drive Church of Christ, First Presbyterian, Nazarene, Emmanuel Lutheran, Park-

view Baptist, Sacred Heart, and the Salvation Army. The serving table was decorated with a tall white taper resembling a Maypole with red, white and blue streamers ending in styrofoam blocks holding the flags of various nations and clusters of blue corn flowers.

Mrs. C. O. Stone poured coffee from the silver coffee service. Other table appointments were of crystal. Plans are being formulated for a definite organization of the local church women.

# Take your problems to Church this week — millions leave them there!

## I LEARN FROM WATCHING MAMA

The school of experience has a wide reputation, and many are those who are proud to be its alumni.

But there is another school, an elementary school. And though it's less heralded, it turns out eager scholars year after year.

It hasn't really any name, and certainly no ivy-covered halls. Classes are held in the students' own homes. And the tuition is a wealth of love contributed by pupil and teacher alike.

But this is the best preparatory school in the world. For whatever it teaches has a place in the life of its graduates forever.

And the most encouraging sign on the spiritual horizons of America is the greater emphasis now being placed on the Bible, prayer, and religious education in the school of "watching mama."

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Lubbock early this week.

Mr. and Mrs. Sid White and little sons, Mark and Gary, of Amarillo, Mr. and Mrs. Gene Kindred and Debbie and Mr. and Mrs. Allan White Jr., of Lubbock were weekend guests of their parents, Mr. and Mrs. Allan White. He continues to improve following surgery April 27.

Ed Nicholson, daughter Norline, and son, LaVerne, were in Muskogee, Okla., last weekend, due to the illness of their brother and uncle, Del Nicholson.

Miss Viola Simpson and Charles Jones were dinner guests of his mother, Mrs. Etta Jones, on Madison street Thursday night.

Miss Simpson is a homemaking teacher in a Tyler high school, and taught in Amherst high school before going to Tyler.

Mrs. D. L. Britt returned during the weekend from a two weeks trip to Durham, N. C., and Washington, D. C. She accompanied her daughter, Mrs. Adele Cole of Big Spring.

Mrs. Buster Molder is in Abilene where her sister, Wynona Scroggins underwent major surgery at Hendricks Hospital.

It was necessary for her to have five pints of blood. When an appeal was made, the first donor to arrive was Connie Baird who attends Hardin-Simmons University. Connie still calls Amherst home. Mrs. Molder wrote, "Thank God for friends like Connie."

Mrs. Lester La Grange attended the Woman's club breakfast at the community center in Littlefield Saturday morning.

Mr. and Mrs. Dale Weaver entertained with a dinner, at their home east of town Saturday evening.

Those attending were Mr. and Mrs. W. T. Weaver Jr., and daughters, Mr. and Mrs. Charlie Harmon, Mrs. J. T. Harmon, Miss Minnie Shannon, and Mr. and Mrs. W. T. Weaver Sr.

Mr. and Mrs. El Young were in Midland Saturday and attended the wedding of her nephew, Dan Truelove.

Miss Pat Brown of Leveland was

the recent guest of Mrs. Oscar Sweat. She is a former Amherst resident.

Mrs. O. O. Sampson of Lubbock visited Mrs. Will Garton last week. Mrs. Benny Shipley and son, Carty Mac, of Earth, were Amherst visitors Thursday.

Bill Lane returned to his home at Phoenix, Ariz., last week after a visit with his parents, Mr. and Mrs. O. P. Lane. Mr. Lane is slowly improving from a recent illness.

Mr. and Mrs. Eryle Abbott visited M. E. Cary in Plainview Sunday.

Mrs. Lester La Grange accompanied Mrs. L. E. Slate, Mrs. Simon D. Hay, Mrs. W. V. Terry, and Mrs. Tom Wood of Sudan, to the announcement tea given by Mrs. William J. Chesher, in Littlefield Friday afternoon.

Mr. and Mrs. Horace Holt and Mr. and Mrs. Homer Harper fished at Possum Kingdom Lake near Graham, the first of the week.

Rev. and Mrs. Elton Wyatt were welcomed back at the Methodist church Sunday morning after an absence of the past few weeks, due to illness.

Mrs. I. N. Griffing is convalescing at her home on Highway 84. She was in the local hospital several days last week.

## Telegrams With Perfumed Scent Will Go To Mom

Perfumed greeting telegrams will again be a "scentsational" feature on Mother's Day. (May 13) It was announced today by Willie Faye Alford, Western Union manager.

"Messages and envelopes of all greeting telegrams to Mother on her day will bear the delicate fragrance of carnations, the Mother's

Day flower," said Mrs. Alford. "We expect to deliver a half-million scented greetings on colorful blanks decorated with red carnations and a blue ribbon streamer."

"It was a scentsational hit," said Mrs. Alford. "Mothers everywhere liked the idea and said the spring-like fragrance of the telegram gave it an extra sentimental, heartwarming touch. So, we're giving Mom a repeat performance this year. And we hope she likes it even better."

The United States Military Academy at West Point was opened July 4, 1802.

## Jackie Beckner Is Recognized At Awards Banquet

Jackie Beckner, son of Mrs. A. J. Beckner, 704 East 14th, Littlefield, was among the 67 Tech students who received recognition for outstanding contributions to Tech Union activities.

**Had Conservation Problems**

**Littlefield Farmer Finds Planning Pays Big Dividends**

Norman Emfinger, who operates a 650-acre farm four miles south of Littlefield, is one Lamb county farmer who believes in using each acre of his land according to its capability for production.

In 1952 he took over the management of the farm, owned by his father, J. W. Emfinger, and soon discovered that operating a farm that is part dry and part irrigated presented a wide variety of conservation problems. Prior to 1946, the farm was a dryland unit; and with the aid of technicians of the Civilian Conservation Corps, it had been completely terraced, farmed on the contour, and even had one of the first and most successful spreader systems of terraces to utilize excess run-off water.

Irrigation, which started with a single well in 1946, required almost complete reorganization of the farming operation. By 1954, three additional wells had been drilled and several thousand feet of concrete pipe installed. Many of the terraces had been removed to facilitate irrigation, and this gave rise to erosion and flooding problems during periods of heavy rainfall. To further complicate matters, production did not come up to expectations, even with irrigation, and the farm was so divided that it was simpler to irrigate areas of sloping shallow soils than it was to apply the water to better soils that were dry farmed.

After carefully considering the farm as a whole, Norman came to the conclusion that what he needed first of all was a conservation plan followed by an irrigation plan, rather than the other way around. By this time he had, also, discovered that irrigation was not a cure-all for soil fertility and erosion problems. Trial and error experimentation had told him well on the fact that soil fertility, not soil moisture, was the major limiting factor in the production of crops.

In January of 1955 Norman contacted the local office of the Soil Conservation Service for assistance with his problems and signed up as a cooperator with the Lamb County Soil Conservation District. Following a preliminary analysis of his farming operations, conditions began to change on the Emfinger farm.

Step number one, a survey was made by technicians of the Soil Conservation Service of the various soils on the farm. These were LFD FARMER FINLS - GAL 2 classified according to type, depth and texture. The degree of slope, extent of erosion, and drainage were, also, noted; and all of these factors were recorded on a soils capability map. This information was used to determine the maximum productive use that could be made of each acre of land without deterioration or damage to the soil.

Next, accompanied by Bryson Klamer, Soil Conservationist with the SCS, Norman considered each field separately and used the soils map as a basis to select fields that were best suited for irrigation.

Since his water supply was limited, it was decided that 450 acres could be irrigated and 200 acres would be dry farmed. The type of treatment and the cropping system needed for each field was decided upon, and the right combination of conservation practices was selected for each field. A map was prepared showing the field boundaries, the acreage of each, and the planned use. This material was assembled in a folder for handy reference.

Finally, the order of application of practices was agreed upon and dates were set to state the technical assistance needed in carrying out the farm plan.

Using the farm plan as a guide, Norman has made good progress toward a complete conservation plan. He has done the following: installed an additional 2600 feet of concrete pipe; bench leveled 23 acres of cropland; maintained terraces and contour farming on 200 acres of dryland; constructed two waterways; constructed 1800 feet of detention terraces; and planted 23 acres of alfalfa, 15 acres of weeping lovegrass, 9 acres of Indian grass, and 4 acres of sideoats grama and blue grama grass. Technical assistance with all of these permanent practices was furnished by the SCS cooperating with the Lamb County SCD, and additional assistance will be furnished as he proceeds with his conservation plan.

Many of the simpler conservation practices do not require technical assistance, and Norman handles this part of the plan by himself. For example, he plants cover crops of rye and vetch and adjusts his cash crop as circumstances require. Last year he substituted cabbage, tomatoes, peppers, beans and millet as a catch crop where his cotton was hailed out. He is a firm believer in soil fertility and uses cotton burs and sorghum stubble for soil improvement. This is shredded and 70 pounds of anhydrous ammonia per acre is added, the residue is worked in with a tandem disc, followed by breaking 8 to 10 inches deep and mixing the litter through the top layer of soil. A systematic plan is being followed which will eventually improve the fertility of every acre on the farm. He has found that cover crops plus crop residue management and fertilizing make the soil more mellow, easier to plow and cultivate, and causes less crusting. In addition it provides better moisture distribution in the topsoil which means less trouble with his irrigation.

At present, he is conducting an experiment in cooperation with Texas A&M College and will plant 75 different varieties of grasses on test plots on his farm.

Norman realizes that he still has a long way to go before he completes his conservation plan for the entire farm. He, also, realizes that he is following a systematic plan that in the long run will prevent many costly errors and eventually result in a properly managed, efficient, and highly productive farm.

Bula's Coach Has Outstanding Record After Four Years Of Coaching . . .

# Morrison Will Coach In All Star Game At Kerrville

## 1955 Record Among Best In Nation

E. A. Works, executive secretary of the Texas Six Man Football Coaches Association from Patton Springs, has notified Coach Claude Morrison of Bula that it has been the custom to offer the coaching school job to one of the three regional winners with an outstanding record. Morrison has accepted the invitation to coach the West All-Stars at the Six-Man Coaching School to be held in Kerrville from July 30 through August 3. The game itself will climax activities on Friday night, August 3.

Coach Morrison, who holds a master's degree from McMurry College, is in his fourth year at Bula as head mentor of the Bulldogs. Although Morrison is a science major, he entered the coaching field "as offering the best opportunity for advancement." He, his wife, and two children moved to Bula in the fall of 1952 to accept his first teaching and coaching position. Mrs. Morrison has taught homemaking the past two years. They are sponsors of the Senior class. Because of his football record and his knack for mixing with the people, he has become well-known in the area.

Coach Morrison's own story of his success can be very beneficial to boys who have at one time quit school and gave up. Morrison said that he left school at Archer City when he was fourteen years old. During the war, he served in the Navy for three years, and after receiving his discharge went back to school at Roaring Springs and graduated from there in 1948.

That same year, he married Gladys Springer, and they both attended college and graduated. His wife graduated from TSCW with a Master's Degree and Morrison finished at McMurry. He received his Bachelor and Masters Degrees from McMurry in August of 1952, just a short time before he came to Bula.

Morrison and his wife, along with their children, Mike, age six, and Ann, age four, live in a house on the Bula School grounds. They like Bula and its people and undoubtedly, Bula likes their coach. They gave him a two year contract only recently and Morrison says he is happy where he is.

Morrison's coaching ability does not stop at football. His baseball teams at Bula also have a record unequalled in this part of the state. Only Tuesday, his team beat out Morton by the score of 10-7 to earn the right to meet Whitharral for the District championship.

In 1953, his baseball team ended up second in the District and in 1954, they won both the District and the Bi-District Championship. In 1955 they tied for the District and was beat out by Whitharral. The same team they will be meeting this year.

This team record for the Bulldogs is 13 wins and 3 losses.

All dreams of building a great football team and winning the highest honors, have come true for Coach Morrison this year. His unbalanced line, which some of his fans heartily disapproved in the beginning, has become one of the most famous and feared formations in six-man football in this area. With his gradually perfected unbalanced line and the Paint Creek Spread, which he sometimes uses, he has skyrocketed to the top. This year his 11-6 record with top-sided bi-district and regional sweeps has been one of the best in the nation.

Of his own formations he has said, "I guess they must be pretty good. I can't even stop them myself standing on the defensive side calling the plays."

With the publication of the national six-man football magazine, which is carrying an extensive article on the Morrison unbalanced line formations, both he and his team should emerge as one of the nation's top teams and coaches. J. C. O'Connor, editor of "Six-Man Football Magazine", has hinted in his correspondence with Coach Morrison that his record for this and the past four years sounds like one of the nation's best.

During the past four years the Morrison Bulldog teams have compiled a 33 wins, 1 tie and 4 losses record. Two of the losses have been post-season games, one a bi-district, and one a regional. In four years the Bula teams have won 2 district, 2 bi-district, and one regional championships. They were co-champions with Lazbuddie in 1954.

Several factors have contributed to his success. Bula is a traditionally strong football school, having been in strong contention for district honors since 1949, two years after the beginning of play at the school. Coach Morrison has a yen

for vigorous training and conditioning. Winning the confidence and loyalty of his players has not been a problem. Development of a mammoth defense in the wide-open game of six-man football has been stunning.

**To Have Own Backs**  
Playing for Morrison on the West team will be two of his star performers of the past four years, Carl Wayne Hallford and Gerald Neel. Said Morrison, "I couldn't have hoped for a better time to coach an all-star game, having one of the best fullbacks I have ever had and one of the best quarterbacks to run my unbalanced line. If I can't win now, I probably never could."

The District committee appointed Hallford to represent the District in the All-Star game and as winner of the Regional. Coach Claude Morrison was given the opportunity to select one player. He chose Neel. Neel was recently seen running a leg on the Friona relay teams at Lubbock. Neel moved to Friona after the conclusion of the football season.

Alternate football player from District 5-B is Leon Smith of Lazbuddie. He will go to the coaching school of course, only in the absence of Hallford.

Jimmy Oliver of Lazbuddie will be the basketball representative. Coach C. W. Dukes calls him "as good as I have ever coached or may ever coach." He added, "He will be a representative you can depend on to do a good job." Basketball alternate is Lee Towns, a well-respected player from Cotton Center.

**Full Scheduled For Next Year**  
Next year the Bulldogs will have a full schedule, beginning play on September 7 and conference play on September 21. Practice will begin on August 27, two weeks before the first game.

All except the Paint Creek game have been worked out for next season. Coach is trying to get the game at home, since it is Paint Creek's time to return the favor.

**Pep Girls Lose State Play Off**  
The Pep girls' volleyball team lost out in the state tournament which was held a week early at Abilene instead of Brownwood because of heavy rains there. The team lost to Fort Stockton Friday evening, and to Union Hill Saturday morning in the consolation play-off. They returned home Sunday afternoon. Mrs. James Stevenson, coach, and Mrs. Phillip Sinnacher took the nine girls. They are Carolyn and Bridget Sokora, Margaret Ann Homer, Genevieve Demel, Joyce Schottman, Elaine and Harriett Sinnacher, Loretta Sinnacher, and Frances Boatman.

**American Legion To Sponsor Baseball Team In Littlefield**  
The Littlefield American Legion Post voted Monday night to sponsor a team in the National American Legion Baseball Conference.

Joseph Johnson will coach the team and it will be managed by Jimmie Chapman. Johnson already has about 12 players out and the suits for the team were purchased recently by merchants in Littlefield.

Both colored boys and white boys will make up the team and any boy who was under 17 years of age on last July 1st is eligible to play. Boys interested in playing on the team can contact Johnson at Henson's Drive-In Cleaners, or Chapman at the Littlefield Press.

I. E. (Doc) Holt of Olton is Chairman of the District which includes teams from Olton, Littlefield, Hale Center, Plainview, Loveland, Brownfield, Lubbock, Petersburg and Dimmitt. Holt has been after Littlefield to sponsor the team for the past two seasons, but the Little League has taken most of the interest in Littlefield.

# Cunningham Breaks State Record; Loses To Byerley

By JIMMIE CHAPMAN

Bobby Cunningham, Littlefield's sensational miler, finished in a dead heat for first place in the State Track meet at Austin Saturday with Dale Byerley of Coleman.

Both boys finished with the same time, a clocking of 4:34.5, but the chest of Byerley was the one that broke the string at the finish line and the lad from Coleman was declared the winner. The old record of 4:34.8 was set by Eusby Taylor of Dalhart in 1951.

Last year the two finished the same way, then it was Byerley who was given the second place ribbon while Cunningham was placed third. Both of the youths are sophomores this year so one of the most heated mile run rivalries in state schoolboy history is probably in the making. Both have two more years of eligibility. It should be hard on the stop watches because Coleman enters very few track meets during track season and most likely the two will not meet again until the next state track meet.

Cunningham said Monday at the high school after his return from Austin that he was real satisfied with the decision of the judges. He said it felt funny to end up in second place and still break the state record which had stood for five years.

Coach McCantles, who accompanied Cunningham to the meet said that probably what cost Cunningham the race was when he cut his stride to pass Byerley on the last lap.

Byerley started in lane one while Cunningham drew lane 6. Cunningham was running sixth at

## Dunbar Plays In Anton Softball Tournament

The Dunbar Tigers and Tigerettes participated in the softball tournament at Anton, May 4.

The Dunbar Junior Tigers won first place over the following six schools: Slaton, Anton, Floydada, Olton, Muleshoe and Sudan.

The Dunbar Tigerettes won second place with the following schools participating: Anton, Floydada, Olton, Muleshoe, and Sudan.

The Dunbar Senior Tigers entered but failed to place in the tournament.

the end of the first lap and Byerley was way back of him. At the end of the second lap Byerley was in seventh place. At the end of the third lap Byerley was leading the pack and Cunningham was second and the final lap ended in the sensational finish, one that sports observers said had never been witnessed in the state meet.

**SCD To Hold Soil Judging Contest In Spring**  
 The Lamb County Soil Conservation District set up tentative plans to hold an area-wide soil judging contest next spring at a meeting of its Board of Directors Monday night. Proposed as a contest for Lamb

County's district and five other counties, the plan was brought up by W. W. Hall, vocational-agriculture teacher at Littlefield High school. Hall said that it would give students a good chance to prepare for regional and area judging contests. James Abbott, a soil conservationist for the district, said the contest would probably be held next April.

**Joe Walden Receives Two Trophies**

**JOE WALDEN**  
 Joe Walden, All-Border Conference halfback, was presented two trophies in ceremonies held at the annual athletic banquet at West Texas State College Monday night. Walden, a former Wildcat star and the son of Mr. and Mrs. G. V. Walden, received the trophy as being the most valuable football player on the Buffalo squad during the 1955 season. He also received the first annual Dr. James P. Corrette President's Award. Dr. Lowell Harrison was the master of ceremonies and Thad Ansley was the speaker for the banquet.

**National Inventory On Soil and Water Conservation Set**

**COLLEGE STATION** — Work will begin immediately on a national inventory of soil and water conservation needs. The inventory according to Secretary of Agriculture Ezra Benson, is intended to

equip the Department for more efficient planning and carrying out of its work involving soil and water. Each county in the United States will be inventoried. Plans call for completing the initial work in three years, with periodic revisions thereafter to keep the information and figures up to date. Benson said, "With the inventory, we can make reasonable estimates of the magnitude and urgency of the various conservation

measures needed to maintain and improve the country's productive capacity for all the people." The Secretary has directed the Soil Conservation Service to carry out the study with the help of the Agricultural Conservation Program Service, Agricultural Research Service, Commodity Stabilization Service, Federal Extension Service, Farmers Home Administration and Forest Service. Representatives of these agencies will make up a national Soil & Water Conservation Needs Com-

mittee which will develop procedures and guide the program. Comparable committees in the states and territories will be named to carry out the work at that level. In addition, cooperation of state and local agencies, organizations and groups concerned with soil, water, forest, range and wildlife conservation will be actively solicited. These include the land-grant colleges, soil conservation districts, state forestry and conservation departments, water agencies and similar groups.

#### ANDERSON GIRLS ENTERTAIN AT GIN BANQUET

Ada and Virginia Anderson entertained with accordion numbers when the Liberty Co-op Gin at Idalou held its annual meeting last Thursday night. Mr. and Mrs. Jap Anderson accompanied their daughters.

Mrs. W. H. Denison of Dallas returned home with Mr. and Mrs. Bayne McCurry and Roger, Friday. She will spend a few weeks visiting her daughter, Mrs. Joe Prater, and Mrs. McCurry who is her granddaughter.

Ada and Virginia Anderson were among the advanced music pupils who played in the school assembly last Wednesday morning. They also went to Roosevelt Wednesday afternoon and played in a program.

#### HD CLUB COMMITTEE TESTS PRESSURE COOKERS

The civil defense committee of the Spade HD club was in charge of testing pressure cookers last Friday in the home of Mrs. A. F. Sladek. The committee is composed of Mesdames E. C. Glass, D. C. Halle and A. F. Sladek. This completed a full week of observances during National H. D. Week.

Mr. and Mrs. Robert Wilson attended services at the First Baptist church in Littlefield Sunday night.

Mr. and Mrs. E. C. Glass went to Stanton recently to visit her father's only brother, who is ill.

#### LOCAL STUDENTS COMPETE IN MUSIC CONTEST

In a contest directed by Earl Swinford and composed of his music pupils, April 29 at Lorenzo, Jimmy Mouser, son of Mr. and Mrs. Loy Mouser, placed first in steel guitar. Merlyn Neel, son of Mr. and Mrs. Harvey Neel, placed second in accordion solos, and Virginia Anderson, daughter of Mr. and Mrs. Jap Anderson, placed third in accordion solos. Jerry Neel and Sam Nichols, grandson of Mr. and Mrs. Ed Bird, tied for third place in standard guitar solos. Ada and Virginia Anderson placed second in family groups and Jerry and Merlyn Neel placed third. Spade placed third in bands. Among those from Spade who attended the contest were Mr. and Mrs. W. E. Mitchell and Patricia, Mr. and Mrs. Jap Anderson and sons, Mrs. Ada Reed, Doc Morgan and Jimmie, Mr. and Mrs. Loy Mouser, and daughter.

Mr. and Mrs. Joe Oden and Mike of Hoekley county, formerly of Spade visited their son and family, Mr. and Mrs. Billy Joe Oden of near Littlefield. Billy Joe and family live on the farm which his parents bought last year. An oil well is being drilled on the farm.

Mr. and Mrs. Delbert Moore of San Diego, Calif., visited his sister and family, Mr. and Mrs. Jess Emmons, Sunday.

Mr. and Mrs. Joe Blankenship and Wilma Joe visited his mother, Mrs. C. B. Blankenship, of Salem, N. M.

The grade school will present an assembly program in the school auditorium May 17, from 10 to 11 a.m.

### Social Security Representative To Be Here May 17

A representative of the Lubbock Social Security Office will be in Littlefield on May 17, 1956 at 10:00 a.m., at the Employment Office to assist in all matters pertaining to Social Security.

Many school students and housewives plan to work in jobs covered by Social Security during the summer. These workers will need Social Security cards, according to John G. Hutton, District Manager of the Lubbock Social Security Office.

Mr. Hutton urges all persons who plan to work during the summer and who do not already have social Security cards, according to them immediately. Those who have lost their cards should ask

for duplicates. Persons having social security cards at the time they file their applications for jobs will secure employment quicker, declared Mr. Hutton. Many employers will not hire employees unless they have in their possession social security cards issued in their correct names.

Persons who live in Lubbock may visit the Social Security office located at 1616 19th Street and apply for their numbers. Those residing in or near other towns may go to their local post offices, secure and complete an application, Form SS5, and mail it to their nearest Social Security Office.

The amount of benefits to which a wage earner or his survivors may be entitled will depend upon the amount of wages posted to his old-age and survivors insurance account. A social security account cannot be set up for an individual without first securing a social security card, declared Mr. Hutton.

**Recharging Of Ogallala Water Talked**

The High Plains Water Conserva- tion District announced recently that it has been discussing the possibility of recharging the Ogallala formation, the principal source of underground water within the bounds of the district.

Nearly all of Lamb county is in the district.

Dowell engineers are interested in the challenging aspects that the falling water-table in this area presents.

They hope that plans can be de- veloped that will be helpful in in- creasing the recharge rate of the water reservoir. The company has been interested for some time in the water conservation problem in many areas of the United States, especially where increased usage of underground water has made supplies critical.

**Rev. N. T. Knight To Hold Revival At Church of God**

Rev. N. T. Knight of Phoenix, Ariz., will do the preaching in a ten-day revival meeting at the First church of God, here starting tonight at 7:30 o'clock.

Rev. Carl W. Ware, pastor of the local church, said the revival will be held each night through May 20, except Saturday nights. The church is located at 909 East 8th.

The First Church of God has been closed for nearly two years, opening two months ago through the efforts of Rev. J. Henry Capps, evangelist from Kansas City, Mo.

Rev. Capps was holding a revival in Big Spring when he heard of the situation here and held meet- ings here at one time, before the church re-opened.

Rev. Ware reported that he would like people who stated a preference for his church when the census was taken here recently to contact him at the church.

City Clerk Elected To New Office"—Headline shall Cavitt and Miss Emma Eubanks were united Tuesday evening at 6 o'clock at the home of the other, Morris Eubanks, near Hale Center, Rev. Gil-

Olton, officiating using the ring ceremony. There was a quiet home affair, only relatives of the bride and Rev. and Mrs. Gilbreath being present. A supper was served immediately after the ceremony. The bride is the youngest daughter of Mrs. W. F. Eumery of Hale Center, and is an admirable young woman dressed in a lovely tope canton crepe with accents to match. The groom is County Clerk of Lamb and is a young man of sterling worth. We extend congratulations to this young couple and wish for them joy and

## Highlights and Sidelights from Your State Capitol

By VERN SANFORD  
 Texas Press Association

Texas is buzzing with political squabbles take place, the states' general affects the average Tex-

all areas—Industry, retailing and employ-ments are pointing up. General business activ-ity record high—4 per cent in 1955 and 6 per cent in the first quarter of last year.

Politics is boiling in bitter precinct battles, Gov. Allan Shivers lost the first skirmish of his long political career. Sen. Lyndon Johnson led all the way in the rural areas. He also won in San Antonio, Houston, Fort Worth and Austin. Of the metro-politan centers, Dallas alone went for Shivers.

Just as the rural vote cost Ralph Yarborough the governorship in 1954 so did the small towns defeat Shivers in 1956. In the final analysis, it was the Country Boy's vote that was the hub of victory.

FARMERS GET NEW HOPE Farmers over wide areas of Texas are full of optimism. Long awaited rains, the heaviest in years, fell in North, Central and

South. The average Texan is looking forward to a good year.

## New Floor Care Ends Waxing

The difficult jobs of waxing and polishing tile floors. Now, with Glaxo, it's no longer a matter of wax and scrub; just a matter of about twice a year. Glaxo is a high lustrous, non-staining material that seals out dirt and grime in one hour and is as cheap as wax. It's cheaper than wax and it runs, besides saving a great amount of work, plus a beautiful floor.

Hardware and LFD Drive

East Texas. However, even where it rained, substantial moisture deficiencies have not been wiped out. But to many farmers the wonderful rains that finally came made them look forward to a good year.

SANFORD CLEARED BY COURT A decision with far reaching effect on political advertising expenditures has been handed down by the Court of Criminal Appeals.

The decision was made in connection with an application of Vernon T. Sanford, Texas Press Association manager, for relief from two indictments returned against him by a McLennan County Grand Jury. Indictments charged he had violated the Texas Election Code by spending more than \$25 for political advertising in behalf of Ben Ramsey for Lt. Governor in 1954.

Sanford and the TPA Board of Directors contended that any law which limits an individual to a \$25 expenditure prohibits freedom of expression and therefore is unconstitutional.

In reviewing the matter, the court found that two laws on the same subject were in direct conflict. Each limited advertising to widely different amounts and set different penalties. Therefore both were declared invalid.

Result: Charges against Sanford were dismissed and Texas now has no applicable law regarding political advertising expenditures by an individual.

LABOR LAW AT STAKE Atty. Gen. John Ben Shepperd was forced into the role of apprehensive spectator in the fight to save Texas' right-to-work law.

He asked, but was refused, U. S. Supreme Court permission to be heard. He did, however, lend moral support and advice as Nebraska's attorney general argued in the high court for his state's law.

Nebraska, like Texas and 16 other states, has an anti-closed shop law which unions contend is in conflict with the National Railway Act.

Reason for Shepperd's apprehension is the general belief that Nebraska's case is weaker than the Texas case, which still is tied up in state court.

VEHICLE TAX VOIDED Special local automobile taxes to HILITES and SIDELITES —GAL 2 finance big city freeway projects are unconstitutional. So ruled the Texas Supreme Court in a case involving Harris County's auto registration tax.

Such taxes must be levied by general laws, said the court.

Dallas county made two tries for such a tax, but voters turned down the proposals.

HUGE ROAD PROGRAM PLANNED A whopping \$150,000,000 road

## THE AMERICAN WAY

Picking Another One

program for 1957-58 is planned by the State Highway Commission.

Anticipation of substantially increased federal funds is behind the ambitious project. Since House passage of the new federal aid bill is regarded as virtually certain.

About half of the 2,161 miles of highway designated for construction work will be of the "super highway" type — four, six and eight lanes.

State Highway Engineer D. C. Greer said plans were released early so projects could be placed under contract quickly after final congressional action on the aid bill.

### HIGHWAY PATROLMEN SOUGHT

Careers as state highway patrolmen now are open for men between 21 and 35 years of age.

A 200-man increase in the patrol was authorized by the last legislature. State-wide examinations of candidates to bring the corps up to full strength will be held in June.

Applicants must have lived in Texas for a year, have a high school education or equivalent and

be in perfect physical condition.

Application forms may be obtained at any district office or by writing W. J. Elliott, chief of the Texas Highway Patrol, Austin.

### SHEFFIELD TRIAL MOVED

Brady Land Dealer E. R. Sheffield won the first round in his fight against the veterans land sale charges against him. Dist. Judge Charles O. Betts agreed that Sheffield could not get a fair trial in Travis county and granted a change of venue.

Gas was first produced and consumed in Texas at Corsicana in 1901.

## Sandhills Philosopher . . .

Editor's note: The Sandhills Philosopher on his Johnson grass farm is worried about the farm surplus again this week, needlessly we think, as nobody can pin any of the surplus on him.

Dear Editor:

Being a student of the solutions people all over the country are offering for the farm problem, on the theory it's interesting and comforting to know others are thinking about you, hether their ideas are worth anything or not, I'm naturally on the alert for new ideas along this line.

And the other day I ran across what I thought at first was going to be a wonderful idea. According to this one, put out by a city news paper writer, everybody knows the farmer is caught in a cost-price squeeze and the way for him to work out of it is through part-time farming.

According to him, part-time farming is the answer, and I was fixing to write him a letter congratulating him on his idea, when I kept on reading. It wasn't what I thought it was at all.

"Part-time farming is the answer," he said, then explained that what he meant was farmers could whip their problem of a shrinking income by taking a job in town, working eight hours there, then rushing home and getting in their farming after hours and on Saturdays.

That doesn't strike me as part-time farming. What it looks like to me is full-time working and over-time farming.

It's nothing new to me to know that I could go to town and get a job. I've known that for years. A solution to the farm problem that requires me to work twice as hard as I am now is no solution as far as I'm concerned.

I don't know whether there's a solution to the farm problem or not, I doubt it, but doubling my work load to do it is one of the most radical ideas I ever heard of. Yours faithfully, J. A.

TIKE'S FARM POPULARITY — Surveys conducted by congressmen among farm-belt constituents show that President Eisenhower's popularity was increased, if anything by the farm bill veto . . .

Only state where the President apparently lost some following was Wisconsin . . . He may visit that state later in the year to help boost the sagging support.

This was Mr. Eisenhower's 67th veto since taking office . . .

ATOMIC MISSILES. Inside Pentagon sources report that atomic warheads for guided missiles will be ready for production within a year . . .

Nuclear warheads have already been developed but are too heavy to be lugged by the fast-moving missiles . . .

CAPITAL CRIME WAVE. The city continues to reel under increasing acts of violence. Mob attacks on streetcar and bus operators, scores of purse snatchings and a cold-blooded murder by a gang, in recent weeks, all attributed to Negroes, alarmed Members of Congress . . .

They have authorized an additional 250 full-time policemen for the city.

NATIONAL MOTTO. The phrase, "In God We Trust," may finally become the official motto of our country . . . A bill requesting this is expected to be ready for the President's signature shortly . . .

UNCLE SAM'S BUSINESS. The government has announced it closed down 56 competitive commercial business operations in the past 10 months . . .

Among these are two cement mixing plants, eight shoe repair shops and a bakery . . .

NEW-TYPE ICE CREAM. The U. S. Department of Agriculture will

soon conduct a marketing survey for a new kind of ice cream — melo-rine. The product, which is expected to be denounced by the dairy states, is made of vegetable and other fats and oils, instead of cream or milk.

STREAMLINED TAXES. The House Ways and Means committee hopes to come up with a simplified way of having business firms keep its many records on taxes . . . There is little chance, though, that the profoundly complex "long form" income tax blanks will be streamlined by next year, as was earlier hoped.

Miscellany. It appears that Gov. Frank Clement of Kentucky will be the Democrats' keynote speaker at the August convention . . .

The Department of Agriculture has come up with a new machine for digging potatoes — it's bladeless, and kicks up the spuds by the use of a rotating rod . . .

Rep. Chester L. Burdick, North Dakota's Republican thorn to the administration, claims that the current situation of "Eastern prosperity and depleted farm money" is, in effect, the same kind of condition that existed just before the 1929 crash . . .

Q. Merrill Stum, New Orleans, La.: How many U. S. veterans of all wars are still living?  
 A. Washington records show 22 million. Oldest was Albert Woolson, Duluth, Minn., last surviving Union Army vet who was 109 in February.

**It's Bigger than Both of 'em**  
 —but its price makes it one of America's 3 best sellers!

It's as simple as this:  
 Only two cars in all creation outsell Buick. And they are two of the well-known smaller cars.  
 So maybe it will pay you to ask how come Buick has zoomed to the No. 3 spot with such fast-selling company.  
 Well, one answer is the beautiful and brawny Buick SPECIAL you see pictured here — and the low price it carries.  
 It's the biggest bundle of high-powered performance and high-fashion luxury ever offered in Buick's lowest-priced Series.  
 And that means more people want it and can afford it, because it's priced only a few dollars more than its two smaller-car rivals—even less than some models of those very same cars.  
 But the big answer comes from a sure fact more folks have discovered: you get more pure automobile for your money in Buick than you get elsewhere.  
 Here, you get the extra wallop of big new Buick power

raised to a new high—and pouring in smooth whisper from a brand-new 322-cubic-inch V8 engine of true high compression.  
 Here, you get the matchless buoyancy of Buick's great new ride—the extra-safe feeling of Buick's new handling ease—the extra stretch-out comfort of Buick roominess—the extra solidity and strength of Buick structure—the extra pride and prestige of Buick's new styling and dash.  
 Here, too—and nowhere else—you can get the silk-smooth performance and flash-fast response of Buick's advanced new Variable Pitch Dynaflo\*—the world's only transmission with the gas-saving mileage and switch-pitch action of the modern airplane propeller.  
 This week—this very day, if you wish—you can sample all these Buick blessings to your heart's content and your pocket's joy. Why not drop in on us and do just that?  
 \*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It's standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

AIRCONDITIONING at a COOL NEW LOW PRICE. It cools, filters, dehumidifies. Get 4-Season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING.

## Farm Tractors Can Be Killers

COLLEGE STATION — Farm tractor accidents now take more than 1,000 lives annually. A great majority of these lives could have been saved, says W. L. Ulich, extension agricultural engineer. If the tractor had been operated with care and foresight.

From now until "hay time" the tractor will be the work-horse on most farms. Operators will spend long hours planting, plowing, applying insecticides and performing the many other jobs now done with a tractor. Use the tractor safely. Be sure operators are properly instructed and supervised and always remember, points out Ulich, that fatigue is often a factor in farm accidents.

Excessive speed is the number one cause of tractor accidents. The improper use of wheel brakes, rough roads or a quick turn can bring tragedy if the speed is too high.

Far too many teen-age tractor operators are involved in accidents. Work with these youngsters, urges Ulich and give them instructions and supervision until they are fully qualified. A tractor cannot carry extra passengers safely and raking high as a cause of accidents is the extra rider. Children, in particular, often meet with serious injury or death as extra riders.

About a third of tractor fatalities occur on public roads while many more happen on private lanes and drives. Mile for mile, it is safer, points out the specialist, to operate a car on public roads than a tractor. The heavier the traffic, the greater the hazard. Plan farm work so as to reduce the exposure of slow-moving tractors and farm machinery to traffic hazards. If machinery must be on the road after dark, be sure it is properly lighted. White lights on the front and red lights on the rear. Reflective material applied to tractors and machinery is an added safeguard. A red flag helps to warn motorists of slow-moving equip-

ment during daylight hours. But above all, cautions Ulich, think before doing any job with the tractor. It can be a killer.

The baseworm season is here. Extension Entomologist C. F. Garner says the time to control these pests is when they are small. Local county extension agents can supply information on the insect and also on the best method for control. Ask them for a copy of L-186, Texas Guide for Controlling Insects on Ornamental Plants.

## THERE'S A POWERFUL DIFFERENCE

"88" HOLIDAY COUPE

... between an Oldsmobile 88 and the other lower-price cars!

You know you're in a big car . . . from its look . . . from the way it rides and handles! With your first touch on the accelerator—that 230 h.p. Rocket Engine\* answers with all its winging gettany and go!

And what flashing performance in the middle ranges! The Rocket is designed to give you full benefit of high torque—340 pound-feet at normal engine speeds. That means there's always plenty of reserve power—when you want it, when you need it for safety's sake.

This rugged Oldsmobile "88" is built to take all that power, too! For instance, there's an extra-rigid, five cross-membered frame to give you ideal, shock-absorbing balance.

Economy? Well, Oldsmobile's "88" (and the Ninety-Eight, too) took top honors in the recent Mobilgas Economy Run! There's a powerful difference, all right! Both in the car, and in our quality-minded way of doing business. So come on in now. Take the wheel of an Oldsmobile. Rocket away . . . today!

\*210 h.p. and 250 B. H. torque in Ninety-Eight and Super 88 models.

## American Cotton Congress Slated For Lubbock May 31

Area cotton producers will hear leaders in virtually every phase of the cotton industry, from planting through marketing, when they attend the 17th Annual American Cotton Congress to be held in Lubbock May 31, June 1-2.

The main theme of the meeting will be "Problems confronting the South Plains Area."

Speakers will include Marvin L. McLain, Assistant Secretary of Agriculture, Washington, D. C.; Lamar Fleming Jr., of Houston; Dr. M. K. Horne, Chief Economist of the National Cotton Council, Memphis, Tenn.; Dr. M. Earl Heard, West Point Manufacturing Co., West Point, Ga.; E. W. S. Calkins, U. S. Rubber Company, Winnsboro, S. C.; F. Marion Rhodes, PSDA, Washington, D. C., and other prominent cotton industry leaders.

## TFB Prexy Hammond Asks Better Supports For Sorghum

WACO (Special)—The president of the Texas Farm Bureau has asked the United States Department of Agriculture to give grain sorghum producers comparable price supports to those announced for producers of non-allotment corn.

In a letter to Marvin L. McLain, director of the USDA grain division, TFB President J. Walter Hammond said the announcement of corn support level "has created a storm of protest in this area."

Hammond referred to a USDA directive released April 25 setting a minimum support price of \$1.25 per bushel on corn grown without allotments in commercial areas. Support price on corn produced under allotments has been placed at \$1.50 per bushel.

"I do not have the official announcement of the support price on grain sorghum and neither do I have the official announcement of support level on cotton, but these prices have been reported to be \$1.80 per hundred weight on grain sorghum and \$2 1/2 per cent of parity on cotton," Hammond wrote McLain.

"If the reports are true," Hammond continued, "corn produced out from under allotments would be supported at \$1.25 per bushel, or \$2.21 per hundred weight. Then it would seem that corn, where produced in excess of allotments, should be placed in the category of feed grain. If that assumption is correct, then corn produced with no regard for allotments would be supported at 41 cents per hundred weight higher than grain sor-

ghum." Hammond said that, in the case of cotton, where a farmer fails to stay within his allotment, he not only loses the entire support price, but in addition, is penalized 50 per cent of the support price for over-planting.

"There is a feeling among the cotton growers that since there are tighter restrictions and controls on cotton, that crop should at least get the same support price percentage as does corn," Hammond said.

In the case of grain sorghum, the Texas Farm Bureau president pointed out, it is generally recognized that grain sorghum has 95 per cent of the feed value of corn and that the producer, to receive equitable treatment, should be provided a support price within 95 per cent of the corn produced in commercial areas without allotments.

"It may be that it is your intention to increase the support price on cotton and grain sorghum in a like manner to that of corn," Hammond told McLain. "In any case, will you please carefully consider the disparities that I have pointed out?"

**LO! THE SHEEPISH MOTH**  
Your wooden sweater may be moth-proofed right "on the hoof" if tests at the Textile Research Institute prove successful. The idea is to treat the sheep with di-

eldrin, a petroleum chemical similar to DDT, which has been found extremely resistant to washing and dry cleaning. Thus the wool is permanently moth-proofed even before it leaves the sheep's back. Dieldrin and DDT are of the many agricultural chemicals developed from the derivatives that are the nation's clothing supply.

## Jesus: Greater Than Angels

The burden of the book of Hebrews set forth the superiority of Christ and his christian system. The writer first shows Christ is greater than the angels.

### A more Excellent Name

Hebrews 1:4: "Being made so much better than angels, as He hath by inheritance obtained a more excellent name than they." Verse 5 along with Psalm 104 show that He inherited this name as the Son of God.

### He Is Worshiped by Angels

Hebrews 1:6: "And again, when he bringeth in the begotten into the world, he saith, 'And let all the angels of God worship him.'" See Psalms 97:7.

### Angels Are Servants; Jesus a Ruler

Hebrews 1:7-8: "And of the angels He saith, 'maketh his angels spirits, and His ministers a flame of fire. But unto the Son He saith, 'Thy throne, O God, for ever and ever...' See Psalms 104:4; 45:6."

### An Exhortation (Based on Above Premises)

Hebrews 2:1-3: "Therefore we ought to give the earnest heed to the things which we have heard. For if the word spoken by angels was strengthening every transgression and disobedience received a recompense of reward; How shall we escape if we neglect so great salvation which at the first began to be spoken by the Lord..."

Vibration Dampened Tubeline exclusive feature of  
WESTERN Deep Well  
TURBINE PUMPS  
In 1922 the first Western Pumps with patented vibration  
dampened tubeline were installed. Performance records have  
been amazing. Not one pump has had  
to be "pulled" because of excessive shaft  
wear in 30 years!  
Western exclusive redwood lining, im-  
pregnated with oil, not only eliminates  
brass and rubber bearings but increases  
pump efficiency. Saves you money all  
around.

Mr. S. P. Farmer  
General Delivery  
West, Texas

Dear Mr. Farmer:

Thomas F. Fulbright purchased WHITE'S CONCRETE PIPE in Littlefield and Muleshoe, Texas, and took charge of the complete operation April 1, 1956. I have agreed to remain with the firm in an advisory capacity and will fulfill all obligations of WHITE'S CONCRETE PIPE.

I have been in the concrete pipe business for the past quarter century and am well known throughout the irrigated area of the Southwest. I personally recommend THOMAS F. FULBRIGHT of WHITE PIPE COMPANY, whom I have known for sometime. We both stand ready to back up any concrete pipe work that we have done in the past or any we may do in the future.

WHITE PIPE COMPANY employs the same high type, well qualified personnel that have served you in the past. Fair dealing and good service has been the goal of both Fulbright and myself in the past, and this will continue in the future. YOU MAY BE SURE OF THE BEST MATERIAL AND WORKMANSHIP IN YOUR DEALINGS WITH WHITE PIPE COMPANY OF LITTLEFIELD AND MULESHOE.

Yours truly,  
G. A. WHITE
