Southwestern Public Service Company will see future electric rates affected by the federal Clean Air Act, but much less so than consumers in other parts of the country because SPS's power plants already are among the cleanest in the nation, said Bill Helton, SPS president and

### State Bank Has Become Locally Owned

Bob Finney, president of the Muleshoe State Bank, said he is proud to announce that the purchase of the bank is now complete. The Muleshoe State Bank is now locally owned, with local stockholders and directors.

"The Muleshoe area is extremely fortunate to have a group of area investors who are interested in continuing the business of banking in Muleshoe, and are willing to assume the position of responsibility that is needed to be stockholders and directors," Finney commented.

Stockholders have elected: Bob Finney, Ed Cox, Terry Hutton, Woddie Lambert, Cal Jordan, Fred Locker, Boyd Magby, Don McElroy, Merlyn Neel, Dr. Jerry Redwine, Dr. Van Brimhall and George Richardson to serve as the board of directors for the Muleshoe State Bank.

Some of these directors have served the bank in the capacity of director for many years, and the stockholders say they are extremely pleased that they have agreed to continue in that capacity.

Finney stressed that there will be no employee changes or policy changes connected with the new ownership. The same people whom you have come to depend upon will continue to serve you.

Muleshoe State Bank, its directors, officers and employees have pledged to make every effort to continue to be involved in all aspects of civic responsibility.

Beginning December 16, and continuing until Christmas, the bank will be serving refreshments in the bank lobby. Everyone is encouraged to come in and enjoy 'a little bit of Christmas' with the staff of the Muleshoe State Bank.

chief executive officer.

SPS has just completed a preliminary analysis of the lengthy act and its effects on customers. Following is information on SPS and the new law:

**SPS PLANTS AMONG TOP 20 PERCENT CLEANEST**  
SPS has established a strong record of being an advocate for a clean environment. The service area is SPS's permanent business home, and this environmental tradition is important to the company. SPS is committed to ensuring that its present and future facilities meet or are better than applicable environmental standards.

The company's modern, coal-fired power plants are among the top 20 percent cleanest in the nation. If all coal-fired plants had sulfur emissions as low as SPS's, the national sulfur-reduction goals found in the new federal Clean Air Act already would be met.

SPS accomplishes these results by utilizing low-sulfur western coal and innovative air - quality - control devices

### Paul Carr, Fire Victim Succumbs To His Injuries

Paul Carr, 64, a Muleshoe resident who received critical burns in a fire at the Heritage Budget Inn around 10 p.m. on Wednesday, October 24, died of his injuries on Saturday, December 1, in the Burn Center at University Medical Center.

Mrs. Carr, who received minor burns and had smoke inhalation, was released from the Burn Center several days after the incident.

Graveside services for Carr were held at 3 p.m. Friday, December 7, at City of Lubbock Cemetery with Maj. John Wixon of the Salvation Army in Lubbock, officiating.

Burial was directed by Wilson's Funeral Directors of Lubbock.

He was born in Calvary, Okla. He married Lillian Carr June 5, 1972 in Las Vegas, Nev. He worked for Paco Feed Yards near Muleshoe.

Survivors include his wife; a brother, Henry of Fort Worth and two sisters, Lottie Holder and Zelma Carr, both of Singer.

## Lazbuddie Students Recently Attend Life Skills Retreat

In early November, eight Lazbuddie students participated in a "Life Management Skills" retreat for migrant students. The students were among approximately twenty high school students from area schools who were invited to attend the

retreat.

They and their sponsors were housed in cabins on the Kiwanis campground, near Amarillo.

Lazbuddie students who participated were: Rudy Bonilla, Chris Cozbe, Briza Cuevas, Raquel Guzman, Joni Hernan-

dez, Erasmo Moran, Rosa Perez and Yvette Reyes. They were accompanied by their sponsor, Mrs. Fidela Everett. The two students chosen as "Most Outstanding" were both from Lazbuddie, Rosa Perez and Rudy Bonilla.

Mrs. Everett praised her students for their active participation and for their appreciation of the program, which was created to bring together a selected group of migrant students to improve skills, to increase self-esteem, to learn better how to handle life situations, and how to help others. Mrs. Everett asked the students to write down some of their thoughts about the retreat. They are quoted as follows:

"We learned how to be confident about ourselves in whatever we do. We learned to act as role models for other individuals. We got to make friends from other schools. We learned that it is very important for us to make good and graduate from high school and go on to higher education schools so that we can find careers that will be interesting to us. We learned that it is important that we make the right choices and try to be the best that we can be in life. We

### Local Attorney To Open Office In Muleshoe

Muleshoe has a new practicing attorney. Friday morning, District Judge Jack Young administered the oath of office to Tom Crane, Muleshoe resident.

Crane recently was notified that he had passed Texas bar exams, making him eligible to practice in Texas courtrooms.

A native of Florida, Crane moved to Muleshoe approximately a year ago, after purchasing KMUL Radio.

A graduate of University of Miami School of Law, Crane maintained a law practice in Miami, Fla, prior to moving to Muleshoe. In Florida, he also had a Communications Consultant business as well.

He said he plans to maintain a small practice in addition to operating KMUL Radio. His office is located at 600 West Eighth Street.

**NEW ATTORNEY FOR MULESHOE**-Friday morning, Muleshoe resident Tom Crane, left, received an oath from District Judge Jack Young, which will enable him to practice law in Texas. Crane has been a resident of Muleshoe for the past year, and recently passed his Texas bar exams. (Journal Photo)

## Christmas Projects Seeking Donations

### Christmas Card

You still have time to get your donations in to the Muleshoe Area Healthcare Center for the annual Christmas Card Project.

This annual project is conducted by the Muleshoe Healthcare Volunteers, who use the proceeds to purchase items to help make life 'easier' for residents of the nursing home.

This year, the funds will be used for landscaping around the new dining room of the nursing home.

Sammie Ethridge of chairperson of the project, and she reminds that you can get your donation in until 5 p.m. on Friday, December 14.

Your name (family, business, organization, etc.) will be included on a full page Christmas Card which will be in the Christmas issue of *The Journal*.

It is suggested that you donate what you would spend for Christmas cards, postage and time to the project, and join many, many others on the Community Christmas Card.

### Toys For Kids

For the past several years, the members of the Bailey County EMS Organization have worked very hard to see that every child in this area has a Christmas, and receives gifts.

This year, there will be no exception. Your donations of new and used toys will be gladly accepted at the Bailey County EMS building located at 715 West Second St.

Friday morning, December 7, the EMS had received applications for Christmas toys for 48 children. Saturday, December 8, was the final date to apply for one of the Christmas packages.

Toy donations are still being accepted, and one particular thing needed are gifts for young teenagers, both boys and girls.

Appropriate gifts would include wallets and cologne for boys and jewelry and colognes for girls.

Money is always a welcome donation, as the EMS can purchase items for youngsters. This will assure them of at least one new toy, or new gift.

The annual recognition luncheon for the Senior Companion program will be held Dec. 19th. It is held each year to show appreciation for services given by the companions to the communities.

The Senior Companion program is funded by ACTION which is the Domestic Volunteer Agency in Washington D.C. Locally the Senior Companion program is sponsored by South Plains Community Action in Levelland. The Companions are presently active in eight counties: Bailey, Cochran, Garza, Hockley, Lamb, Lynn, Terry and Yoakum. In these counties there are 83 volunteers who serve 123 clients.

To become a client, a person must be at least 21 years old and have a need for companionship or light household help as organizations to solicit donations for the recognition luncheon. All support is deeply appreciated.

Presently in your community there is one active volunteer.

For those wishing to help out with this effort please contact Petty Hartin at 806-894-6089 or Letha McLoughlin at 227-2270.

If you have any questions

concerning the Senior Companion program please contact Patty or Gitrude at 894-6089.

Capt. L.A. Reinhart, District Supervisor of the Lubbock Highway Patrol District comprising of 21 counties said, "For the month of October, our troops investigated five fatal accidents, 54 personal injury accidents, and 68 property damage accidents. There were five persons killed and 89 persons injured in these accidents."

Sgt. Charlie Simmons of Plainview stated, "In Lamb county, our troopers investigated no fatal accidents, four personal injury accidents, and three property damage accidents in the month of October. No persons were killed and four persons were injured in these accidents."

### MICROWAVE TIPS

One way to tenderize less expensive and tougher cuts of beef is to microwave them in a liquid.

The liquid in the casserole dish produces steam and the steam tenderizes the meat. The secret is to always utilize the Low power setting, never High or Medium.

The longer, slower cooking, with steam, tenderizes. One can cook tougher cuts in tomato sauce or wine to add flavor.

## It's Not Too Late

### To Receive Flu Shots

Flu shots save lives---but thousands of people die every year because they do not take advantage of this important health safeguard. Fewer than one-third of the people most in danger of flu-related complications get the shots.

According to Dr. W. Paul Glezen of the nation's Influenza Research Center at Baylor College of Medicine in Houston, "There have been at least 10,000 excess deaths during each of the flu epidemics in the United States in the past 30 years. The more severe epidemics--like last year--have brought as many as 40,000 deaths."

Ideally, the elderly and people with certain chronic diseases should already have been immunized against the flu, but it is not too late, said Glezen, the Flu Center's chief epidemiologist.

In North America, influenza typically reaches epidemic proportions in January or February, but cases are already being reported, increasing the urgency for those most at risk of potentially fatal complications.

It takes two weeks for the shot to provide full protection.

The groups most at risk for flu-related problems are:

--People 65 and older.  
--People with heart and lung disease, including asthma and chronic bronchitis.

--People with diabetes, chronic kidney disease and chronic anemia, including sickle cell anemia.

--People likely to come into contact with those in the other three high-risk groups.

"Those in the first three high-risk groups," Glezen said, "are more likely than the general population to develop flu-related life-threatening infections, such as pneumonia."

The fourth group is composed largely of health-care workers and people who share living quarters with those in the first three groups.

"If everyone in all four categories would get flu shots, thousands of lives would be saved each year," Glezen said.

"The message is clear: Get a flu shot and get it soon."

### Lazbuddie Names Citizens Of The Month

Lazbuddie Elementary principal, Mrs. Anne Farris, has announced the school's November "Citizens of the Month." These students are chosen by their teachers based on a demonstration of outstanding qualities of leadership and good citizenship. The students are honored with a presentation of ribbons and congratulations from Mrs. Farris.

## Creative Living

by: Sheryl Borden

Information on gift baskets and festive cooking will be the featured topics on "Creative Living" on Tuesday, December 11 at 12 noon and Saturday, December 15 at 2 p.m. (All times are Mountain.)

Deborah Durham, creative consultant to J.C. Penney Home, has three great ideas for host/hostess gifts. Each idea is actually several gifts in one. One gift is designed for the Pasta King, another one is called a "Do-It-Yourself Breakfast Kit" and a third one is entitled "Remember the Weekend" Gift Basket. Ms. Durham lives in New York city.

Connie Moyers, marketing Home Economist with South-

western Public Service Co. in Clovis, is making her tenth appearance on the show to demonstrate the Festive Foods collection. Ms. Moyers will prepare several recipes that are heart-healthy versions, some which use the microwave oven and one which uses the micro-convection combination. As she prepares some of her favorite recipes from the Festive Foods cookbook, she'll demonstrate the inductive cooktop, the food processor and a new breadmaking machine.

On Tuesday, December 11 at 9:30 p.m. and on Thursday, December 13 at 12 noon, "Creative Living" will present information on holiday grilling and building self-esteem.

Mary Ann Fowlkes, spokesperson for Hickory Specialties, is going to demonstrate how to prepare a smoked turkey using a grill instead of a commercial smoker. She will also show some other food and gift items that are smoked and when put together in a special gift basket become something anyone would be pleased to receive. Ms. Fowlkes is from Brentwood, TN.

Susanne Trubey will discuss self-esteem in terms of beliefs, attitudes, abilities, and behavior. She has some specific suggestions to help people become happy, productive and well-balanced individuals. Ms. Trubey heads her own business called SST Consulting Firm in Norman, OK.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of materials offered on the show by sending one 25 cent stamp for each handout requested. Send the stamps, along with your name,

### HEART HEALTHY SLOPPY JOES

1 can (8 ozs.) no-salt added tomato sauce  
1/2 cup catsup  
1 1/2 tablespoons Worcester-shire sauce  
1 teaspoon prepared yellow mustard  
1/2 teaspoon dry mustard  
1 teaspoon molasses  
1 clove garlic, finely minced  
1/4 teaspoon freshly grated orange peel  
Pinch ground cloves  
Hot pepper sauce to taste  
1 pound very lean ground sirloin  
1/2 small onion, finely chopped

6 whole wheat hamburger buns toasted if desired  
Combine first ten ingredients; simmer in a saucepan or microwave while preparing meat. Heat a heavy, non-stick skillet at least 10 inches in diameter, over medium-high heat. Add ground beef and saute, stirring occasionally, 4 to 5 minutes, or until meat is no longer pink. Pour beef into a strainer or colander lined with paper towels. Allow fat to drain out. Add onion to pan and saute stirring frequently, about 5 minutes, or until translucent. Return meat to pan and add sauce. Heat 3 minutes, stirring occasionally. Add additional hot pepper sauce, if desired. Spoon 1/2 cup mixture over each bun. Serve immediately. Makes 6 servings. NOTE: the sauce and meat mixture freezes well.

### FRUITY YOGURT DREING

1/2 cup evaporated milk, undiluted  
1/2 cup raspberry yogurt  
1/2 teaspoon vanilla

Place all ingredients in blender container; cover. Process until smooth. Cover and chill. Serve over fruit. Raspberry yogurt adds tang to this peachy dressing. Makes 2 cups.

## Baby Shower Honors Mrs Brad Franks

Mrs. Brad Franks of Lubbock was honored with a baby shower Saturday, Nov. 10 in the home of Mrs. Jerry Ray of Sudan.

A cheese plate and an assortment of fruit breads, coffee, and spiced tea were served.

The serving table was covered with a white lace table cloth. An arrangement of ivy and small stuffed animals, accented with tiny pink and blue bows, topped with three balloons adorned the table.

Special guests included: Mrs. Linda Jones, Mrs. W.B. Jones, Alice Redeker, Reba Williamson, Tonya and Ashley, all of Littlefield; Michelle Nix of Clovis, N.M.; Sandra and Holly Franks of Sudan; and Evlison Franks of Amherst.

The hostesses gifts were a

baby stroller and bath items. Hostesses for the occasion were: Jo Boyles, Lula Burnett, Shirley Fisher, LaRhonda Hill, Nell Ingle, Julie Layton, Debbie Maxfield, Denece McDonald, Yvonne Pierce, Peggy Ray, Peggy Randle, Bonita West and Kay Wiseman.

## Sanctuary Choir To Present Program

"Simply.....Come Celebrate Jesus, A Christmas Invitation" by Claire Cloninger and Don Marsh, will be presented by the thirty member Sanctuary Choir of the First United Methodist Church in Muleshoe, Saturday night, December 15 at 7 p.m. and again during the regular Sunday morning services, December 16 at 11 a.m. It is a 45 minute modern day family musical for all ages, under the direction of Scott Roster. The setting is a Christmas party around the Chrismon Tree in the Sanctuary of the church. Senior and Junior youth, Elementary and Pre-School children will also participate in the musical program.

Narrators for the program will be J.D. and Julie Cage. The soloists will be Kathy Roster, Inez Bobo, Richard Edwards, Trisha Campbell, Jay and Sally

Messinger, David and Terri Marricle, Jeremy Bruns, Joan Lewis and Cynthia Noble.

"Simply....Come Celebrate Jesus, A Christmas Invitation" was originally a four Part musical and it has been revised for a more personal musical with a wide variety of appeal for all ages, featuring beautiful and enjoyable Christmas carols.

Chris Edwards will be in charge of the sound; Joyce Albertson and Wilma Smith will handle the props; and lighting will be handled by Royce Harris, Jerry Bruns, Bob Bomer and Emily Harris. Kent Oliver will draw the manger scene during the musical.

The Pastor, the Rev. Richard Edwards and members of the First United Methodist Church will welcome everyone who joins them for this special holiday musical treat.

## Rebekah Lodge

Seventeen members of Rebekah Lodge No. 114 met at the Lodge Hall Tuesday night, Dec. 4 for their regular meeting with Dorothy Browning presiding. Ruby Garner and Lucille Harp presented the flags escorted by Adele Tompkins and Doris Lambert. Fern Davis, Chaplain, gave the opening prayer.

June Green, secretary, read the minutes of the previous meeting and Thursie Reid gave the financial report.

Plans were made for skating at the Civic Center Friday night, Dec. 7.

Ruby Green read the 1991 program of the president of the International Association of Rebekah Assembly.

Election of officers for 1991, was held. Ruby Green was elected as Noble Grand. Frances Burrows was elected Vice Grand; June Green, secretary; Thursie Reid as Treasurer; Pat Langfitt, representative; Ruby Green, alternate representative; Mary Ann Ramirez, team captain with Fern Davis as co-captain; and Patsy Chance as trustee. These officers will be installed Jan. 15, 1991.

Happy Birthday was sung to June Green.

Refreshments were served by Lucille Harp and Ona Berry.

**CELEBRATING 90th BIRTHDAY**--Mrs. Mamie Askew celebrated her 90th birthday November 30. She was born Nov. 30, 1900 in Wreck Indian Territory, Oklahoma, and grew up in Turkey. She married Arthur Askew in 1920 at Turkey, and they, along with other family members, moved to Bailey County in 1925, making the move in a covered wagon. They lived in a tent until Askew built them a one room house. Mrs. Askew has two daughters, Viva Lewis of Medford, Oregon and Irene Splawn of Muleshoe; four grandchildren, Pam Martin, Arthur Charles Splawn, Kenneth Splawn and Don Lewis; also eight grandchildren. Here to help Mrs. Askew celebrate her birthday were her half-brother, Mr. and Mrs. Burl Pierce, his daughter-in-law and granddaughter; Ruby Alpin, step-sister, all from Turkey; and a daughter, Irene Splawn. Mrs. Splawn's children sent their grandmother flowers and had a birthday cake, inscribed with "Happy 90th Birthday" baked for her. The cake was shared with the other residents of Muleshoe Health Care Center, where Mrs. Askew now resides. (Journal Photo)

**Guild Circle News**

The Guild Circle of the United Methodist Women met in the home of Mary Smith on Nov. 19. The invocation was led by Grace Lopes. Mary Tollett presided and was program leader, also. The theme for the world thank offering program was, "Freely You Received, Freely Give." Scripture from Matthew 25: 14-29 was read by Dorothy Drake. Other participants in the program were Patty Vincent, Eloese Curry and Mary Smith. After this the contributions from the World Thank Offering Boxes were collected. Minutes of the last meeting were read and approved. Business included approval of a donation to the State School in Lubbock, and some assistance on upkeep of the parsonage. Members were reminded to take contributions to the Mission Home in San Antonio to the next meeting. Mary Tollett gave a brief

outline of the yearbook and programs for 1991.

Hors d' oeuvres were served along with hot cider or coffee. Present were Mary Tollett, Nellie Williams, Patty Vincent, Grace Lopes, Mae White, Eloese Curry, Frances Potter, Jackie McAlpin, Carol Hill, Caroline Hawthorn, Dorothy Drake and Anita Wallace as well as hostess Mary Smith.

 3. "For where your treasure is there will your heart be also."  
 4. Matthew 6:19.

**Dairy Gifts**

**From Your Kitchen**

In this happy, hectic season, homemade food gifts offer a pleasurable and practical answer to getting a grip on holiday gift-giving.

The secret is a strategy that produces delicious homemade gifts in a minimal amount of time. And here to help is the American Dairy Association with its new recipe leaflet, "Dairy Gifts from Your Kitchen." Each of the more than a dozen inspired cookies, cakes, candies, flavored butters and sauces is enriched with the delicate texture and irreplaceable flavor of real dairy products. When appropriate, convenience products have valuable minutes off time-consuming preparation. And as always, simple, straightforward techniques are utilized.

Make these recipes early in the season, if you like. Included are clear directions for making them in advance and then storing them in your refrigerator or freezer. By the time you present these delicious gifts to your friends, the flavor has fully blended and the seasonings and spices have mellowed.

The Chocolate Truffles recipe that follows is from the leaflet. These luscious candies are, perhaps, the most foolproof confections you have ever tried to make. The rich chocolate flavor comes from a mixture of whipping cream and semi-sweet chocolate pieces sweetened with sugar and orange liqueur.

To receive your free copy of "Dairy Gifts from Your Kitchen," send a self-addressed stamped business size envelope to "Dairy Gifts from Your Kitchen," Associated Milk Producers, Inc. PO Box 5007, Arlington, Texas 76005.

**CHOCOLATE TRUFFLES**  
 Yield:48  
 1½ cups whipping cream  
 1 pound semi-sweet chocolate, broken into pieces  
 ½ cup (1 stick) unsalted butter, at room temperature and cut into several pieces  
 1 cup sifted confectioner's sugar  
 2 tablespoons orange liqueur  
 OR ½ teaspoon orange extract

Dutch-process cocoa OR regular cocoa

Place whipping cream in 3-quart heavy saucepan. Heat until cream just begins to boil, stirring frequently. Remove from heat. Stir in Chocolate and butter until melted. Cool to lukewarm; stir in orange liqueur. Refrigerate, covered, 2 hours. To form, shape approximately 1 tablespoon into ball. Roll in cocoa. Store in covered container in refrigerator until ready to package as gifts. Will keep up to 3 weeks.

**NOTE:** Work with half of mixture at a time. Keep remaining half refrigerated. Dust hands lightly with cocoa while shaping, repeat as needed.

**Pageant Scheduled At Houston**

The search is on to find Mrs. Texas 1991, the woman who will represent the Lone Star State in the National Telecast of the Mrs. America Pageant where she will compete for prizes and awards valued in excess of \$50,000 and the opportunity to represent the USA in the Mrs. World Pageant.

The 1991 Mrs. Texas Pageant will take place at the Houston Regency West Hotel, the weekend of June 1. All entries must be processed by April 1.

The reigning Mrs. Texas is Trish Thompson Topel, a 29-year-old professional model from Arlington. She is one of the most successful title-holders in the 14-year history of the Mrs. America Pageant.

To qualify, prospective entrants must be residents of Texas, married and living with their husbands, U.S. citizens in good health. They must be at least 21 years of age as of November 1, 1991. Judging is based on beauty of face and figure, poise, personality, street intelligence and overall appeal. No talent competition.

The Mrs. Texas Pageant has no preliminary competition. It is an open, at-large event. Any qualified applicant may be accepted by the selection committee to take part in the state finals in Houston where some 60 women are expected to compete.

## Clean Air Act

Cont. From Page 1

known as baghouses at its coal-fired power plants.

American consumers will pay enormous amounts to fund the act and yet not receive proportionate benefits in terms of a cleaner environment. However, the law does recognize that many western power plants, such as those owned by SPS, operate with low emission rates and treats them accordingly under new standards.

The Clean Air Act has 11 sections, or "Titles," ranging from Nonattainment (Title I) to Acid Rain (Title IV) to Job Displacement Provisions (Title XI). Primarily, it is the Acid Rain section that affects SPS customers; it contains two phases.

Phase I begins in 1995 and primarily affects 'dirty' power plants. Phase II begins in 2000 and will further restrict emissions at traditionally clean plants, such as those operated by SPS.

The Bush administration estimates the new law will cost from \$22 billion to \$25 billion a year, while private industry estimates the bill will run somewhere between \$30 billion and \$50 billion a year.

Residents of the SPS service area will pay part of this in the form of higher costs for many types of products, including electricity. Yet this area already enjoys clean air and a healthy environment.

SPS believes its customers and other Americans would have been better served had Congress considered the results of the 10-year, \$500 million National Acid Precipitation Assessment Program study on acid rain before passing the act. As a result, much of the Clean Air Act was based on political expediency rather than scientific fact.

### CONFERENCE BILL MORE REASONABLE

However, the anticipated effect of the newly passed Clean Air Act will be less severe on SPS customers than earlier versions of the bill. Through the aggressive efforts of SPS and other electric companies, trade associations, economic-development coalitions and various concerned congressmen, some extreme proposals of earlier versions of the Clean Air Amendments were moderated before final passage of the conference bill.

Significantly improved proposals were ultimately approved for power plants located in the 'Clean States.' These are mainly western states that contain plants that have oper-

ated at much cleaner standards than plants in the East and Midwest. SPS plants are considered among the "clean" plants.

The conference bill added 20 percent more emission allowances for clean plants. This benefit was in recognition of the fact that these clean plants already operate with very low emissions.

Fortunately, the conference bill does not contain an electricity tax that, in effect, would have forced SPS customers to pay a fee to clean up plants in other parts of the country.

### EFFECTS ON SPS CUSTOMERS

SPS estimated that prior versions of the Clean Air Act would have caused customers to pay about seven percent more for electricity. Now the company estimates that it will have to raise rates about two percent, or approximately \$15 million, in 10 years to pay for additional air-quality-control equipment required for Phase II in the year 2000. This could include the cost of the installation and operation of a "scrubber" on one unit at Tolk Station.

The bill will also require SPS to obtain additional permits under the Permits section (Title V) starting in 1995 and to pay new fees. (Current fees and taxes also will continue in effect). Estimates are that these new permit-related expenses will increase costs about \$300,000 a year. The act instructs the Environmental Protection Agency to write many new regulations to implement the new clean air law, so even more bureaucratic fees, paperwork and time-consuming permits would be required in subsequent years.

### GED Testing

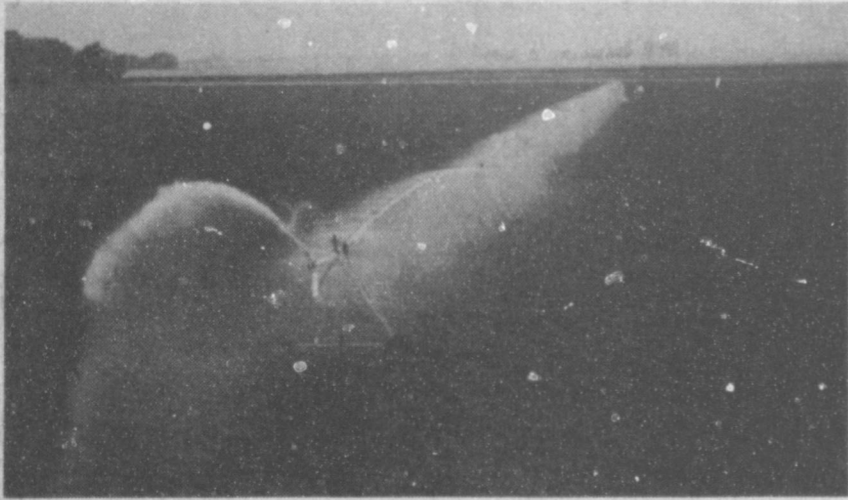

The Muleshoe ISD GED Testing Center has been notified that the administration of all forms of GED Test I has been suspended at all Texas GED testing sites, according to Linda Marr.

It has been the practice of the local center to administer the GED in December and May of each year. Because of the recent suspension, testing in Muleshoe will not be held in December. When new materials for Test I (writing) have been received, testing will resume. It is anticipated testing will resume in late January.

Individuals with questions concerning the GED test should contact Mrs. Marr at Muleshoe High School (272-3080).

## Letter To The Editor

To Those Who May Not Know And Those Who Know But Don't Care.

It is Christmas time again. Time to start shopping for Uncle Bill, Aunt Grace, Mom, Dad, Son, Daughter, Nieces, Nephews, Grandma, Grandpa, friends, neighbors, and other very special people in our lives. The shopping list never seems to end.

Into the family car we load, maybe leaving behind someone we are shopping for so they will be surprised on Christmas morning.

Off to the bright lites of the big city with their bright lites, many sites, bargains galore, christmas music, bell ringers, signs displaying x-mas specials. This should be the first indication something is not right.

Why has Christ been Xed out of Christmas. Isn't he supposed to be the center of attraction? After all it is his birthday we are celebrating this time of the year. Another thing wrong in the big cities was they forgot the time of year we are to give thanks for what we have.

As fast as the ghosts and goblins were packed off the shelves, Christmas items were being displayed. Santa Claus was on hand in some places to carve your Thanksgiving turkey. How long will it be before he is there to help pass out Halloween goodies.

Now before you back out of the drive there is someone else very special you haven't even thought of. Stop and think for a moment, who is in your mode of transportation?

In your vehicle you have at least one of the following:

Civic leader, town leader, school child, senior citizen, city employee, county employee, school employee, hospital employee or other persons involved in the partaking of tax money.

Now think, are you preparing to shop at a business that supports any of the above! If you are thinking of leaving Muleshoe-No! Why! Most will say lower prices-not so. Consider Baily County tax base to Lubbock or Clovis. Consider the volume of sales they make compared to a business in Muleshoe because you went

### New Farm Bill

The impact the 1990 federal farm bill will have on agriculture in the South Plains will be examined in Lubbock on December 17 at a program at the Texas A&M University Agricultural Research and Extension Center.

The free program will begin at 2 p.m. and conclude at 5 p.m. The center is on FM 1294, just east of I-27 at the Shallowater exit.

"The meeting is to help producers gain some important insight concerning new provisions of the farm bill which may affect them," said Dr. Bob Robinson, district director for the Texas Agricultural Extension Service.

"The information also will be of interest to financial institution representatives, city planners and county officials, as well as farmers and business leaders," Robinson said.

Dr. Ed Smith of College Station, agricultural economist and Extension Service specialist in marketing and policy, will interpret provisions of the bill. He will look at positive and negative impacts of the legislation, recently signed by President Bush.

He will focus on income, trade and environmental provisions which will have special significance to producers, agribusinesses and others on the South Plains.

Dr. Jackie Smith, Extension Service economist and management specialist at Lubbock, will discuss points cotton producers should consider in deciding about participating in the federal cotton program.

Considerations for the wheat, corn and grain programs will be discussed by Dr. Steve Amosson, Extension Service economist and management specialist from Amarillo.

THERE FIRST. Others will say availability, Not So - Did you ask or did you go ahead and buy out of town to only find out later you could have bought it in Muleshoe cheaper. Others say to get away. Not so - Have you drove down town, parked the car and walked to businesses in Muleshoe at a midnight madness sale. Not so much different than walking a mall, except you might be exposed to a little fresh night air or be approached by a friendly clerk that does care and considers you instead of your pocketbook.

Now you are at the city limit sign. Who did you leave behind? You left the caring merchant that marked down merchandise for you, a drawing to give you the opportunity to win something free, a person who sits in his empty store paying employees and utilities to maybe make one sale that possibly will met him nothing, why does he do this for you?

The reason is obvious he cares for his community, your school, you hospital, you as a person. Why is it so difficult to give him the same consideration.

Then there comes the time he is thought of first. He is thought of first when sponsors or donations are needed for little dribblers, little league, boy and girl scouts, school activities, town activities, civic organizations, dinners, disasters, and on and on. Teachers & civic leaders beware! Santa isn't the only one taking names.

If his business falls and he closes, the first shop talk was he wasn't a good manager, his prices were too high, his service was terrible, after all he sent you a late payment notice on your 90 day old or more account because you needed the cash to go out of town.

Now as you continue this trip be prepared to return to this same store for your donations. After all he had the money to spend on advertising and lower prices to entice you in, he should be able to supply you with contributions.

Thank you to the ones who do consider Muleshoe First.

Writing this as a concerned citizen of Muleshoe..While we still have a Muleshoe.

Eddie Morris

learned that graduation from school should be our highest goal so that we can be successful."

All of the students received special certificates of achievement.

Individual comments were: "I enjoyed meeting new friends."

"I enjoyed the counselors' company." "I enjoyed learning about the things we are going to need to get through life, and getting to talk to the counselors. I also learned about good self-esteem and not to put myself down." "The counselors were very supportive." "I have more confidence in my future." "I learned a lot from what the

counselors taught. It felt good to be there. I'm hoping I can help other students because of what I learned."

Mrs. Everett gave a report on the retreat at a meeting of the migrant Parent Advisory Council. She introduced the students and asked some of them to give short reports about the experience. She stated that these students represented Lazbuddie well and that she was very proud of each one of them.

Upon return from the retreat, the students presented Mrs. Everett with six long-stemmed roses in appreciation for her support.

How would you feel if someone asked what you got for Christmas and you had to say

nothing

Now imagine how bad you'd feel if you were six years old. That's exactly how some kids are going to feel this year. They're in shelters, in children's homes, in hospitals, or in families who just can't afford Christmas. And they'll get nothing for Christmas. Unless you help by becoming a Sunbelt Santa.

Just bring a new unwrapped toy to any branch of Sunbelt Savings where you see the bright red Sunbelt Santas banner between now and Christmas. For the address of your nearest Sunbelt branch, call 1-800-527-5165.

We'll work through community organizations to make sure your gift goes to the right boy or girl.

The children won't know the presents came from you. Or from us. But they will know something even more important. That somebody cares.

**Report From  
Larry Combest**

By Congressman Larry Combest

Just recently, I had a look at the international forces that would await Saddam Hussein in the desert of Saudi Arabia if he provoked an attack. His advisors might have told him earlier, but he is not open to hearing bad news: according to reports, several Iraqi generals have met swift and irrevocable retirement for daring to speak the truth.

As I visited Desert Shield positions, I was pleased to see

**The Chamber Corner**

by Nancy Kidd,

Success doesn't come to you... You go to it

Muleshoe was a busy place weekend of Nov. 30th and Dec. 1st. with the Moonlight Home-makers twelfth annual Arts and Craft Bazaar. The Jennyslippers were serving their annual barbeque at the time of the Bazaar.

The Christmas parade was Saturday, Dec. 1st, and Santa graced the town with his presence. The city police brought him into town and Brad Poyner drove him in the parade in his golf cart. There were two little guys with Povnor name standing on the back of the cart helping Santa with the candy.

The parade winners were:  
Floats: Jennyslippers, first; place; Alpha Zeta Phi, second place; and MAC, third place.

Commercial Division: Five Area Telephone Cooperative, first place; Mission Cable, second place

Unique Vehicle: Lonnie Adrian  
Antique Vehicle: Lonnie Merriott

Animal Division: Jack Temp- lar and the Muleskinners

We thank everyone who took part in the parade. It takes lots of work to put a parade together, and when you do your part, it makes for a very good parade. Also, you can't have a parade without entries. So, start planning now for the next parade, which will be July 4th, and have your entry ready. Parades really are fun, a lot of work, but still fun.

The merchants had a late night sale from 7-11 p.m. Saturday night, and again there was lots of participation from the customers. These marchants are putting out lots of time and money to make themselves available to the public. Take advantage of it. The next two late sales, one Saturday, Dec. 8th and Thursday, Dec. 20th from 7-11 p.m.

The Christmas decoration fund is still growing and the decorations are going up. We still wish they were on First Street and American Blvd., but we are thankful for Main Street.

We have several exciting projects on the drawing board for 1991. We hope that there will be good response on these.

Merchants, get your business decorated for the Chamber Business Contest. You don't have to call in, you will be judged anyway. Who knows, You may be a winner.

the high morale of our troops. There is no problem with getting supplies to our troops: the Saudis are not only paying for our food and fuel needs, but they and the Japanese have provided trucks to deploy our supplies. I was told that when one soldier in a foxhole was asked if he needed anything, he just said he would like a different flavor of toothpaste.

There are no Americans on the front lines. Arabs from seven nations in the region share the front line defenses in Saudi Arabia. If Hussein sends his troops into Saudi Arabia, the Arabs in the coalition would be the first in harm's way.

I remain hopeful of a peaceful resolution. Our line drawn in the desert sands has held because Saddam Hussein now understands our determination to check his aggression. We cannot tolerate a dictator disrupting national economies that are tied to ours.

The United Nations resolution authorizing military force after January 15 is not a deadline for war. The resolution does not require us to go to war. The U.N. resolution has put psychological pressure on Saddam Hussein by not spelling out definitive consequences.

We received reports in our meetings that the Iraqi people are beginning to view the invasion of Kuwait negatively. It is significant that in such a tightly-controlled society choked by the fear of Hussein, Iraqis are writing anti-Saddam graffiti on the walls of Baghdad buildings.

The Arabs agree that they will have to police their region once this matter is resolved. Many Arab officials told me that American troops should not stay any longer than needed to resolve the Gulf situation. The Arab countries want to be the peacekeepers in their region.

**Hearing Loss  
Is Not A Sign  
Of Old Age.**

Chicago, Ill. — A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest hearing aid Beltone has ever developed will be given absolutely free to anyone requesting it.

It's yours for the asking, so send for it now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than an eighth of an ounce, and it fits completely into the ear canal.

These models are free, so we suggest you write for yours now. Again, there is no cost, and certainly no obligation. Although a hearing aid may not help everyone, more and more people with hearing losses are being helped. For your free sample send your name, address, and phone number today to: Department 99082, Beltone Electronics Corporation, 4201 West Victoria Street, Chicago, Illinois 60646.

As we were boarding for home, an American soldier wished me well and we exchanged Christmas greetings. He said, "Don't forget that you can go home and do anything you want to do because we are over here doing what we are doing." During these times of sacrifice we depend on the men and women in our military to safeguard freedom for us. We should never forget that.

# 'Dallas' Trade Mart Sets 'Power Show'

Keith Smith Ltd., Dallas, the most dynamic "power" showroom at the Dallas Trade Mart super show in January will feature local representative Carolyn Wiatrolik. Carolyn represents products seen in local stores, such as Muleshoe Art Loft. She is a true power salesperson. Mr. Smith, of Keith Smith Ltd., asserted, "Carolyn is one of the premier salespersons in the TOLA area and we are very proud to have her as a part of our power sales team."

Smith further commented, "We are extremely pleased that the World Trade Center has decided, as of January of this year, to combine the gift and furniture shows, making it one big super show. We, as a 'Power Showroom' in the World Trade Center and being adjacent of the Trade Mart, plan many buyer comfort features for those who come here as opposed to other shows where they might choose to go. We work hand in glove with the World Trade Center to make all efforts for us positive ones. Serving on the Board of Directors of that organization is very key in working with all others to make our show as strong as it can possibly be for the buyers."

Smith continued, "Power has not come overnight but rather over the years. There are basically four things that comprise a 'Power Showroom'. First, the actual position or location of our showroom in the World Trade Center and in relation to the Trade Mart is primary. The showroom is on the second floor (atrium level) of the World Trade Center at the crosswalk to the Trade Mart. We have Taitu on the other corner of the atrium and thereby have cornered off a strategic part of the World Trade Center. I am told that Keith Smith Ltd. is the number one foot traffic showroom because of its location."

"Second, our manufacturers, some of which are among the strongest in the United States, contribute greatly to our success," noted Smith. "Keith Smith Ltd.'s manufacturers include Arthur Court Designs and Arthur Court Furniture, two

strong and powerful lines; Two's Company and Designer Collection, an outstanding basket line having revolutionized the basket business. Also, Pilgrim Glass, one of the most outstanding manufacturers in glassware containers and designer glassware in America; Corham; Mrs. Grossman's Paper; Neuwirth; Southern Statuary; Carnevale, an up-and-comer and Splendid Music Box. It appears Country originals, Bandana and Mesa International will develop into major lines that every showroom will be proud of have."

The third power factor," continued Smith, "is the comfort of the showroom. The space allotted for the entertainment area, along with our showroom, where food is served to the buyers and they can relax, use a telephone and receive telephone messages, is outstanding. The fourth power factor is personnel

strength. Much of our success comes from the manufacturers, showroom managers and the tremendous strength in our road sales, covering the TOLA area, as well as Mississippi. One of the advantages of having a large staff, a 'Power Showroom' and power manufacturers, is that you can then afford to have Carolyn Wiatrolik, a premier salesperson. We dedicate different salespeople for the key accounts, that is we have a special salesperson for accounts such as Muleshoe Art Loft."

Therefore, according to Keith Smith Ltd., the four factors that comprise a "Power Showroom" are location, quality manufacturers, a buyer friendly showroom and outstanding personnel. They will continue in the future the same line tradition that has been set forth at Keith Smith Ltd. for 18 years.

Smith added, "Power is only for today." A showroom, com-

pany, person, must strive daily to keep what you have and to make it more powerful and that is, of course, the commitment of all of us at Keith Smith Ltd., to retain the power of the 'Power Showroom' that has existed for 18 years now, into another powerful 18 years and on into another generation of Smiths. Carolyn Wiatrolik is our local power for Muleshoe.

For more information regarding the January Super Show and the latest in decorating gift ideas call Carolyn at (817) 236-8238. Carolyn is a true expert in home fashion.

## Program To Examine Farm Bill Impact

The impact the 1990 federal farm bill will have on agriculture in the South Plains will be examined in Lubbock Dec. 17 at a program at the Texas A&M University Agricultural Research and Extension Center.

The free program will begin at 2 p.m. and conclude at 5 p.m. The center is on FM 1294, just east of I-27 at the Shallowater exit.

"The meeting is to help producers gain some important insight concerning new provisions of the farm bill which may affect them," said Dr. Bob Robinson, district director for the Texas Agricultural Extension Service.

"The information also will be of interest to financial institution representatives, city planners and county officials, as well as farmers and business leaders," Robinson said.

Dr. Ed Smith of College Station, agricultural economist and Extension Service specialist in marketing and policy, will interpret provisions of the bill. He will look at positive and negative impacts of the legislation, recently signed by President Bush.

He will focus on income, trade and environmental provisions which will have special significance in producers; agribusinesses and others on the South Plains.

Dr. Jackie Smith, Extension Service economist and management specialist at Lubbock, will discuss points cotton producers should consider in deciding about participating in the federal cotton program.

Considerations for the wheat, corn and grain programs will be discussed by Dr. Steve Amoson.

# Santa Comes To Muleshoe!!!

## Kiwanis News

By R.A. Bradley

With only 17 more days before Christmas, 14 of Santa's good elves (Kiwanians) - two honorary good elves (Kiwanians) and the good, pretty elf-Sweetheart, Marsha Wilson, braved the cool weather and met Friday morning at the La Placita Cafe. Oner members present this morning were Jon Keith Turner and Chad Johnson. Missing were Robbie Clapp and Stacy Morris. Stacy has been sick and we sure wish her well and hope she can be back before too long. Stacy, we sure miss you and love you.

President Glen Morris called the meeting to order and gave a report on last Wednesday's board meeting. Scott Church-

## Free Hearing Tests Set for Area Citizens

Livingston Hearing Aid Center, Inc. Offers A New Concept in Helping the Hard-of-Hearing

Livingston Hearing Aid Center will sponsor free electronic hearing tests on December 12 from 9:30 to 10:30. The tests will be given at the Western Drug in Muleshoe, Tx., by Royce Pickens and Roland Denison. Their experience and professional approach assures you of personal understanding and expert help. For an appointment call toll free: 1-(800) 828-0722.

**Royce Pickens**  
State Licensed Hearing Aid Specialist

**Roland Denison**  
State Licensed Hearing Aid Specialist

Most hearing aid specialists sell you the brand of hearing aid they carry. And that brand may not have the model that's exactly right for you.

With Livingston Hearing Aid Center, Inc., it's different. We offer a new concept for the hard-of-hearing by carrying a wide variety of hearing aids from over 12 different manufacturers. We promise to fit you with an aid that answers your problem - exactly. And our promise is backed by a 30-day satisfaction guarantee, or your money back.

Everyone, especially citizens over the age of 50, should have their hearing tested electronically at least once a year. Many of you may suspect you have trouble hearing and understanding. Use of the latest equipment will indicate whether there is such a problem and whether it can be helped electronically. Repair service and cleaning will be available for your present hearing aid - no matter what brand or where you bought it. The hearing tests are free and will only take about 20 minutes of your time. Please come in and take advantage of this special opportunity.

man, after handing out December dues, led the club in the pledge to the flag. Hugh Young gave the invocation. Glen passed out pens to members who signed up new members. Glen gave the pens to himself, Eddie Morris and R. A. Bradley.

Brad, who had the friendship coin for the last week, had looked real hard for a friend and couldn't find one and decided that Jon Keith Turner may need a present if he continues to assault peace officers. Brad gave the friendship coin to Jon Keith, hoping that Jon Keith might straighten up and be good before Santa is supposed to come. We sure don't want Jon Keith left out completely come Christmas. Jon Keith did pretty good as he made his Dad sit between himself and Huck. Jon Keith, we still hope for you.

Jim Lutz was in charge of the program and Jim showed a video about the Whitetail Deer. The film showed how proper management and control has brought the deer population up in Texas.

This video showed some of the prettiest and biggest Whitetail Deer that yours truly has ever seen.

Jim, this was a very good film and program enjoyed by all.

The Kiwanis Club wishes to thank everyone for helping us thru 1990 and we are looking to a wonderful year for 1991.

## God's Purposes

If you were having a picnic at the lake at approximately this spot, you might say, "Well, why did the engineers leave those trees in the water when they made this lake? They create such an eyesore. I can see no purpose in it." Yet, fishermen tell us that the fish love those old tree stumps and roots and that you can almost always find fish swimming in the dark recesses around and between these trees.

So many times we question God's wisdom in allowing some things to be and other things to come to pass. But God is good and his purposes are wise. The very thing that seems useless to us, might make us marvel if we could see with Heaven's eyes.

As Isaiah reminds us, "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

But he also wants us to know that his thoughts are many toward us and that everything works toward our good and our salvation. If we had no conflicts, and no questions, we would never have the opportunity to step out on faith.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Peanut Harvest Almost Complete, Producers Beaming

by Edith Chenault

The Texas Peanut harvest is all but complete, and most producers are beaming about a record crop and excellent prices.

Earlier this month, Texas peanut yields were projected by the U.S. Department of Agriculture to average 1,850 pounds from 270,000 acres. If this holds true, this will match or nearly match the record set last year, said Dr. Ed Colburn of College Station, a Texas Agricultural

Extension Service agronomist specializing in peanuts.

Peanut growers in the state should produce approximately 250,000 tons, the USDA predicted. That's down from earlier projections of 263,000 tons, but still about 7,000 tons more than last year's harvest. Texas annually produces about 10 percent of the nation's peanuts.

Most of the peanuts in the state have been harvested, except for areas around Dilley and Pleasanton, said Dr. Chip Lee, Extension Service plant pathologist. Warm, dry weather is needed to "cure" those peanuts already dug, he said.

"It's been a fun year for us," Colburn said. "We've had good yields and good prices. Those don't happen in the same year very often."

The price offered for runner-type peanuts was \$1230 a ton, for 61.5 cents per pound as of Nov. 18. That's 20.5 cents more than was offered a little more than a month ago.

The higher wholesale prices mean that consumers will be paying more for peanuts during the holidays. The short supply nationwide, coupled with hikes in fuel costs, could jump peanut prices by 10 to 25 percent, said Mary Webb, executive director of the Peanut Producers Board in Gorman.

"I think the price that the consumer pays still will be a reasonable price," Webb said.

"There were some sad tales, too," Colburn said. "There a few areas, especially small dryland acreage, that has relatively poor crops. We also had some tomato spotted wilt virus problems that were devastating to some producers around Frio County."

Additionally, drought lowered yields in Georgia, Florida, and Alabama about 20 percent, he said. This area produces two-thirds of the peanuts grown in the United States.

"Unfortunately, these bonus type years usually are at someone else's expense," he said.

One part of the state with less-than-average yields was South Texas, which normally grows about 6,000 acres of peanuts. Clyde Crumley, an Extension agent specializing in entomology, said irrigated peanuts that normally average around 3,600 pounds per acre are producing only 2,600 to 2,900 pounds.
