SIMON D. HAY, CANDIDATE FOR COUNTY JUDGE, SETS FORTH FACTS REGARDING LAMB CO. PROVEN BY COURT RECORDS

Sudan, Texas, July 23, 1928.

DEAR VOTER:

In asking your support in this election for the office of County Judge, I do so solely on my record as a citizen, an ex-soldier and an official in the Commissioner's Court.

As a citizen I have always tried to be useful to my country and honest to my fellow men. My record as a citizen speaks for itself: I was decorated by General Pershing for bravery on the battlefield and promoted from the ranks of First Lieutenant for distinguished service in action. As a Commissioner I have always worked for the welfare of the County as a whole. My record on any subject is a matter of record in the minutes of the Commissioner's Court. I absolutely believe in the will of the people and always endeavor to vote accordingly, for it is not our personal affairs but the people's business that we are conducting.

Since my honorable opponent, Judge Burrus, seems to have adopted the name of B. (Bart) Denton, of Littlefield, as his campaign manager, I find that his representation has characterized the campaign made against me, and is not justified in warning the people against last minute and eleventh hour charges and recriminations. Probably I should not take Mr. Denton's charges seriously, for it appears to be a case of "Judge, Old Boy, I will help you get the office this time and I will help me get it two years from now," so I really have two candidates to beat, one now and one electioneer for himself two years hence.

One of the charges brought against me is that I am for high taxes. In connection I beg to state that the reduction in our county taxes in the last four years (Judge Burrus' two terms) was made by my administration. I refer you to page 317 of the minutes of the Commissioner's Court for verification. I absolutely do not stand for high taxes.

They say that I have spent all my money and they will refer you to the Treasurer's last quarterly report, which shows two overdrafts, one in Precinct 1 fund, and one in Precinct 4 (my precinct) fund. This reality is not an overdraft, for the Commissioner is due his pro-rata part of the Automobile Fund and any other transfers. This overdraft that they are wont to make so much noise over was wiped out by a transfer at the last Commissioner's Court meeting, and my fund is due per cent of any transfers made.

Right here I beg to call your attention to the fact that the County's present indebtedness is \$97,000.00; that \$4,000.00 of this amount has been issued in my Precinct, although the tax valuation of Precinct 4 is 40 per cent of the total county valuation. I refer you to the County Auditor's report on file in the Court house.

It is reported that I am for hard road taxes. I am, if the state pays them, I am not, if the county has to pay for them, and they will be as long as this county is in the neighborhood of \$125,000.00 to the State of Texas every year in taxes.

They say that I do not attend Commissioner's Court regularly. I have attended one regular meeting in five and one-half years, and that was when I got married. It hardly looks as if they would resent a fellow taking time off for that.

They regret that I did not build the house in Lamb County. I never intended that was a cardinal qualification for the office of County Judge. My honorable opponent tells you that I am just a poor old farmer. He does not tell you that he owns a half section of good land three miles from here. Nor has he told you that the taxpayers of Lamb County have paid in the neighborhood of \$20,000.00 in years as assessor, and three and one-half years as Judge. True, I have been on the county pay-roll five and one-half years (he has told you that), but where I was paid \$50 he paid \$150.

The Judge's office now pays \$175 a month, besides several hundred dollars per year in fees. In return for this salary what has Judge Burrus done for his county?

Consider the County Court, for instance; there are over 300 cases now pending that should have been disposed of before January first, 1928. In proof of this statement I refer you to the County Court docket. Such inaction is very expensive to the County.

Also, the Amherst-Earth Road, which was intended to be a section of a proposed state designation, touching such points as Vega, Hereford, Earth, Amherst, Littlefield, Levelland and Brownfield; a road that would mean much in commercial convenience to Lamb County, and general travel, but also in that the state would maintain over thirty more miles of road through Lamb County.

Judge Burrus' lack of co-operation with the adjoining counties has absolutely held up this proposal for three years. For confirmation of this statement I refer you to the Commissioners' Courts of these counties and especially County Judge Wilson of Deaf Smith County. In fact, Judge Burrus fails to show where he has ever given any service. Instead he is trying to ride into office for a third term on misrepresentations against me, after promising the people two years ago that he would never ask for the Judgeship again.

I had hoped to see every voter in the county before election but I find that will be impossible. However I assure you that anything you may do or say in my behalf will be greatly appreciated and I promise to give my county real service.

Very truly yours,
SIMON D. HAY,
Candidate for County Judge.

TO WHOM IT MAY CONCERN

This is to certify that I made the consolidated scholastic census rolls for Judge Burrus for the year 1927-28. To the best of my knowledge, the following were the facts in regard to the rolls of the Littlefield Independent Schools:

1. The census trustee reported enumerated	1,222
2. Not seven years till after	19
Sept. 1st	19
3. Living in other districts	1
4. Over 17 years old	12

Total 35
Census report 1187
Practically all the overs marked from the rolls were discovered in the office of the State Superintendent.

The correctness of this report can be verified by the records in the office of the County Judge.

Similar errors were found in other districts of the county.

Respectfully,
—H. P. WEBB, Sup't., Olton schools

REV. FULTON ORDAINED

A very interesting and inspirational service was held at the Presbyterian church last Monday night, when Rev. W. F. Fulton, recently called pastor of that church received his ordination.

The service was in charge of Rev. R. R. Reeves, of Childress, moderator of the Amarillo presbytery. Rev. R. Thomson, pastor, First Presbyterian church, Amarillo, delivered the sermon. Rev. Schell, of Amarillo, Rev. Lambert, of Tulia, and Rev. Ross, of Hereford, assisted in the examination and ordination.

Rev. Geo. E. Turrentine, pastor of the Littlefield Methodist church, offered the prayer, and Mrs. G. M. Shaw, of Lubbock, sang a solo.

Following the service, luncheon was served in the basement to those present by ladies of the church.

C. OF C. TO ELECT OFFICERS

At a meeting of the Chamber of Commerce officials it was decided to hold election of officers for the coming year, Tuesday night, September fourth.

Details of the meeting and program will be announced later.

STATE HIGHWAY COMMISSION GIVES CITY \$8,316 FOR PAVING HIGHWAY NO. SEVEN THROUGH LITTLEFIELD

That the State Highway Commission has granted the sum of \$8,316.00 toward the paving of State Highway No. 7 through Littlefield, is the information contained in a telegram received last Saturday from State Highway Engineer Gib Gilchrist, of Austin, by Mayor Jess Mitchell.

Application for the grant was made in person by the Mayor nearly a month ago, at which time it received the favorable consideration of the Commission, but was temporarily withheld pending some minor changes in the highway within the city limits.

Two weeks ago two members of the Commission were in Littlefield on a tour of highway inspection, when the matter was again gone over with the Mayor, at which time the grant was verbally conceded, one of the members stating they would be glad to increase the amount if the City would consider paving the highway through the entire length of the corporate limits.

The grant by the Commission is to defray the cost of one-half of an 18 foot center strip of paving on Highway No. 7, the full width of which will be 44 feet, according to specifications prepared by the City's engineer. The paving length will be a total of 2,600 feet, 1,050 feet of which will extend east from the north end of Phelps avenue, and 1,550 feet west from the same point. A hearing of the property owners along this proposed paving strip will doubtless be advertised for by the City Commissioners in the near future, since this is the regular procedure under the State Improvement Act adopted some months ago by the vote of Littlefield citizens.

Recently the city officials, in conjunction with Geo. W. Fields, assistant state highway engineer, located at Lubbock, have worked out a plan of straightening the state highway, at a point between the Farmers gin and the local ice plant, thus eliminating the "S" curve at that point, and carrying the road straight on in a direction that will, without any curve, bring it back into the highway at a point near the Wright residence. The plans have been approved by both the City and State Commission and are only awaiting the conclusion of the Santa Fe system and some individual property owners affected before the change will be made.

GILLETTES PRAISE CONCRETE HIGHWAY ON RETURN TRIP

Mr. and Mrs. W. W. Gillette returned last Saturday from a trip to Rochester, New York, to visit his mother and sister. While away they went into Canada, visiting Niagara Falls, also journeyed to Lansing and Port Huron, Michigan, where they visited relatives.

Mr. Gillette stated their trip took them over 6,000 miles, 5,000 of which were highway pavement and the most of it concrete pavement. Whenever they struck a brick pavement it was almost like getting back onto country roads compared with the easy riding of the concrete type. Furthermore, he said they saw many miles of concrete paving going in, but not a single foot of the brick type.

INFANT CHILD DIES

The three month old baby of Mr. and Mrs. Floyd Wynn died Saturday night at the home of its parents in Littlefield.

The baby had been suffering from a severe case of whooping cough.

The baby was a grand child of Mr. and Mrs. L. W. Wynn.

Burial was in the Littlefield cemetery Sunday afternoon with Smith-Hammons in charge of the funeral arrangements.

FINE RAINS INSURE A BOUNTIFUL HARVEST FOR LAMB COUNTY

That Lamb county never had better prospects for a bumper crop, is the consensus of opinion expressed by farmers on the streets here Monday.

On account of the heavy rains it was impossible for any of them to be in the fields at work, so they were taking the day off to talk politics and do a little trading.

Saturday night rain began gently falling in the Littlefield section, continuing practically throughout the entire night, and nearly all of Sunday, with a few occasional showers Monday, probably between three and four inches precipitation altogether.

That the rainfall was general is indicated by reports coming in from surrounding towns the first of the week, these reports telling of good rains from Amarillo north to the cap rock on the south.

Lamb county has a larger acreage planted this year than ever before and up to the present time all crops were in flourishing condition. The rains of this week practically insure a bountiful harvest.

TO THE VOTERS OF LAMB COUNTY

Since Simon D. Hay, candidate for County Judge, has brought my name into the County Judge's race, intimating that some deal has been made between Judge Burrus and myself, and intimating that some crooked work had and would likely be done, I hereby announce that I will speak on the streets of Littlefield, Friday night, July 27, 7:00 p. m., and hereby invite Mr. Hay to be present and defend himself. It is intended to have the speaking over before the meeting begins.

TO THE VOTERS OF LAMB CO.

I regret that on account of the duties of my office, it has been impossible for me to make a thorough canvass of the entire county, and I have not been able to see and personally talk with all the voters, which I very much regret.

I am taking this opportunity of making this explanation and soliciting your friendship, favors and votes in the coming Democratic primary to be held Saturday.

ROTARY MEETING

The Rotary club met last Thursday at the Presbyterian church with 18 members and five visitors present.

E. A. Bills, as chairman of the program committee, outlined the program for the year. Evan Harries was on the program and entertained with a number of interesting short stories.

TO THE VOTERS OF LAMB COUNTY

In this week's issue of the Lamb County Leader will appear a statement signed by H. P. Webb, Superintendent of Olton schools. We understand that Judge Burrus, candidate for re-election, has had this statement published in an attempt to explain why 35 names were stricken from the census roll for Littlefield Independent School District for this year, 1927-28. The statement is not a sufficient explanation. However, we ask Judge Burrus why it is that he waits until two or three days before election to make any kind of explanation for his acts in cutting off the names from our school roll. Numbers of letters have been written Judge Burrus asking for an explanation but none has been forthcoming until this publication is made. We want to ask him the question as to who got the benefit of these children who were cut off our school rolls.

We further notice that H. P. Webb was the one who checked these rolls and we again ask the question, why was it that a man from the north side, superintendent of the Olton schools, was secured by Judge Burrus to check the rolls of Littlefield schools? If Judge Burrus himself is incapable of checking the rolls and make his reports it is a strange thing that he secured a man from the north side to check the rolls for this school district and then he had to get "Judge" Webb to write and sign the explanation for him. We presume Judge Burrus does not yet know why they were cut off.

In addition to striking 35 names from our rolls, 16 pupils were transferred from Olton Independent School District to Littlefield District, which means that \$240.00 should be transferred from the Olton school funds to Littlefield school funds. This money should have been sent to Littlefield schools a number of months ago and numerous letters and requests have been sent to Judge Burrus to have this money transferred from Olton to Littlefield schools and he has not answered a single letter and so far has refused to have the money transferred. The fact of the business is, he has never answered a letter sent by the Littlefield School District to him requesting an explanation of the striking of the names of pupils off our rolls and asking for our money from Olton Independent School District.

The voters of this County must realize that the County Judge is also ex-officio school superintendent. Is Judge Burrus qualified to act as our school superintendent? Let him answer "yes" or "no." If he answers "yes," that he is qualified, then why is it that he has someone else, and especially Professor Webb, to attend to his school business? If he answers that he is not qualified then why is he making the race for County Judge? And let him answer anyway, why he has a north side man to transact his school business for him when it comes to dealing with Littlefield Independent School District.

We do not believe in government by proxy. Let us elect a man who is qualified to transact the business himself.

PRESBYTERIAN AUXILIARY

The Presbyterian ladies met at the home of Mrs. F. G. Sadler, Tuesday afternoon.

Mrs. W. G. Street had charge of the devotional and Mrs. Doc Miller gave a very interesting review lesson on "Women and Missions."

Mrs. J. W. Forcher was appointed to serve as secretary in the absence of Mrs. M. V. Cobb.

The hostess served refreshments of sandwiches, salad and iced tea to the following members and guests: Mesdames K. F. Aalbright, Chas. Barber, E. A. Bills, C. C. Clements, M. V. Cobb, J. S. Hilliard, Doc Miller, J. W. Forcher, W. G. Street, S. M. Wharton, H. W. Wiseman, and Miss Lula Hubbard; guests were Mesdames Jno. Arnett, C. E. Cooper and C. L. Harless.

THE LEADER, YOUR HOME PAPER \$1.50 A YR.

SUBSCRIBER TAKES A WHACK AT FOREIGN AND CHEAP LABOR OVER HEAD OF EDITOR

As a constant reader of the Lamb County Leader, I notice the editor is forever criticising people for patronizing mail order houses, and even advising people to buy at home even though they have to pay more.

It looks to me like the editor might find time and space to take a shot at some of the Littlefield business men, as well as the Chamber of Commerce. I notice some of the prominent business men of town, when they want a building of some kind constructed they go out of town, to get a contractor or foreman, thereby bringing in foreign labor, while resident workmen are out of work. Also, I noticed an instance of where a party in the employ of the City wanted to build a house, he went to a neighboring town to get a foreman or contractor, thereby bringing foreign labor in competition to home workmen.

I believe when a business man has the nerve to talk about taking up a proposition with the Chamber of Commerce, when some other town is selling the article he handles to the merchant, when they can sell to their customers at a saving to their customers, but finally by persuasion as to home patronage and the demand of home labor that merchants desist from handling the out of town product. Then it looks like he would give his work to home men.

I would further like to see you take a crack at the people who are now paving the streets, paying starvation wages for work and using foreign labor while our home people are out of work. And, further, were I an editor of a town newspaper and had done so much to beg, persuade and even coerce people to subscribe to a non-sectarian college to come to our town, even getting all the loose money in the country and then organizing groups to go out and get notes from those that were not in position to pay money, and after raising such monies and notes, with the promise to the donors, who were not able to give,

that they would have an opportunity to make it back in work, promising them plenty of work and good wages and after you got the white elephant here, even those home men that have been able to secure work at all, they were not allowed even a living wage, let alone a little to pay on their donation. So, I believe if I were the editor, I would turn both barrels loose on our much boasted non-sectarian college.

We poor devils don't mind for you to hit us a little when the wife breaks over and orders baby a pair of shoes, if you will hit the other fellow when he goes to dragging in foreign cheap labor to use in competition with our home people.—A Subscriber.

BRIDGE PARTY

Mrs. A. H. McGavock of Olton and Mrs. Doc Miller were joint hostesses Wednesday afternoon at the home of Mrs. C. C. Clements with 8 tables of bridge.

Mrs. W. D. Knox, of Olton, won high score and received a hand painted Haviland china smoking set painted in hearts, spades, diamonds and clubs. Mrs. B. J. Bartlett of Olton won second high score and received a beautiful handkerchief. Mrs. Herbert Teal won the consolation prize which was a feather fan.

The rooms were decorated with cut flowers of dahlias, zennias, roses, California poppies and ferns. The plate favors were sweetpeas and hand made yellow and white mints. The color scheme of yellow and white was carried out in the table covers and refreshments of apricot, yellow angel food cake and punch.

The following out-of-town guests enjoyed the afternoon: Mesdames J. D. Jones and G. M. Shaw, of Lubbock, Mrs. Walter Brickley, of Plainview, Mrs. Earnest Griffith of Weinert, Mesdames D. W. Knox, I. B. Holt, J. B. Bartlett, J. C. Sledge and Paul Burrus.

When the people are content to live simple lives, to earn what they receive, to ask for nothing to which they are not fully entitled, then will the speculator find no victims, the gold brick dealer will find no purchasers.

PLAY GIVEN HERE

The play, "Charlie's Aunt," coached by Evan Harries, was presented at the high school auditorium last Friday night before a good sized audience.

The play was a big laugh from start to finish, Mr. Harries himself took the part of Charlie's Aunt, and was a scream. Charlie was Lennie Connel, who was in love with Almee, Bernice Wales, Theron Buckingham was the college man, Jack, madly in love with Kitty, Josephine Glenn. The four were giving an afternoon tea with Charlie's rich aunt as chaperone, but the aunt failed to come and "Babbs," Evan Harries, who is dressed as a woman, was mistaken for the aunt. Jack's father, Arthur Mueller and S. J. Farquhar, are rivals for the hand of Charlie's supposed-to-be aunt.

The play ends by the coming of Charlie's real aunt, Fannie Waver, who turns out to be an old sweet heart of Jack's father, and they are happy to have found each other. Doris Williams, the orphan, is adopted by the rich aunt, but "Babbs" turns out to be in love with the orphan.

JESS MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

A soft answer turneth away wrath.—Prov. 14:9.
He is a fool who cannot be angry; but he is a wise man who will not.—Seneca.

DON'T TAKE CHANCES

From not until late Fall motor touring is going to be at its height. Already it has started on a larger scale than ever before. Littlefield citizens are not going to prove an exception, and they have either gone or are preparing to go for a jaunt into other parts of the country.

Be the drive long or short, you probably will encounter that which has come to be an American institution—the roadside eating and refreshment stand.

Right here is where a word of advice is not amiss, but that should be welcomed by every motorist who appreciates good health. Don't patronize any roadside lunch stand that doesn't have every appearance of being clean, inside and out. We believe a majority of them are. But here and there you are apt to encounter stands whose owners are not particular just how fresh, nor how clean, is the food served. They get the transient's money, see him on his way, and then if sickness results from impure food they know nothing about it and care less.

For your own sake, and the sake of those with you, be as sure as it is possible to be that whatever you eat is clean and fresh. And in stopping for drinking water use still greater care, for sickness comes much quicker from impure water than from impure food. Don't drink from wells or springs that others are not using regularly, and never drink from spring branches or creeks. You've no way of knowing what contamination finds its way into them from a source farther up stream. Just be careful of what you eat and what you drink when away from home—and you'll live to take another trip.

American home life is still safe. Nobody has thought to invent a power can-opener for the family kitchen.

A PATHETIC STORY

We read a pathetic little sketch in an exchange a few days ago, a story that reminds us of the truthfulness of the old saying that we are "up today and down tomorrow."

It is to the effect that David Buick, who in 1895 invented and brought forth the auto which still bears his name, is today, at the age of 74, living in poverty and obscurity, earning a meager living as an instructor in mechanics in a Detroit school.

Poor health caused him to sacrifice his stock in the Buick plant when it was worth practically nothing. Then the plant prospered, and some of the shining lights in the auto world today, whom Buick had let in as partners, "cashed in" and became multi-millionaires. But they have lost sight of Buick—and so had the world until a Detroit reporter found him and printed the story.

It shows how, in the cold-blooded business world, friendship has a habit of stepping out when riches step in.

The old-fashioned wife who hated an untidy kitchen now has a daughter who hates a kitchen of any kind.

GOOD IN EVERYTHING

We're commencing to believe there's some good in everything. We

see in an exchange a statement from Thomas A. Edison that the much-despised golden-rod, for long years blamed as the source of hay fever, is soon to take its place among our common blessings.

Edison says the golden-rod plant has in it the very elements for making a perfect substitute for rubber, and he predicts that before many years have passed we'll be depending on the golden-rod plant for our automobile tires. Since the plant is easy to grow, and will flourish in almost any state in the union, it looks as though England's grip on our throat is due to be relaxed.

We use about four-fifths of the world's rubber production, but we produce none ourselves. It is easy, therefore, to be an optimist when we read what Mr. Edison has to say. And all of us are sincerely hoping that his idea is put into practical execution at a very early day.

The happy go-lucky life of the rising generation indicates it doesn't consider going to the devil such an undesirable trip.

THE MAD DOG SEASON

The annual visitation of mad-dog scares is now said to be sweeping various parts of the state, and since Littlefield has its quota of canines, and the surrounding community has as many as it needs or can take care of, it is a good idea for everyone to be on their guard.

We have long heard it contended that the best way to prevent rabies in dogs during hot weather is to keep plenty of drinking water conveniently placed where the dog can get a drink any time it wants it.

Lack of drinking water, it is said by those in position to know, brings about rabies, a disease from which dogs are suffering when we refer to them as "mad dogs." And their bite, when they have rabies, is quite often fatal.

It is an easy matter to keep a pan of water where the dog can get a drink at will, and it may be the means of saving not only the life of someone in the community but the life of the dog as well.

There's no corner loafer so insignificant these days but he has the "inside dope" on who is going to be elected president.

TACKLE THIS JOB NOW

We've been as emphatic as we know how to be in pointing out to Littlefield citizens the necessity for guarding against disease-carrying houseflies.

Now a bulletin from the U. S. Health Dept. quotes Dr. E. L. Bishop, of Tennessee, as saying that 21 different diseases have been traced directly to the fly, the worst among which are typhoid, dysentery, infantile diarrhea and tuberculosis. That ought to be reason enough for keeping the milk bottle covered, the fresh bread wrapped up and the sugar bowl top always on tight.

Flies, it should be remembered, make the baby's milk bottle, or the dining table the next stop after visiting the decayed matter they find about garbage cans or stables. Weeds, too, are commencing to grow high. Don't wait until your neighbor complains or you become ashamed to let them go any longer. Cut them and stamp out the breeding place of the housefly. Start the good work today by declaring a war on them. It will be the best job you ever tackled.

Paying taxes by mail is a great idea. The taxpayer doesn't have to leave home and walk back in a barrel.

POPULAR RESORT

One fact that should not be overlooked by local boosters and publicists, is that Littlefield is fast becoming one of the famous and favorite watering places of West Texas.

She has a fine Baptist church, a Disciples organization, two Church of Christ societies and a college of similar brand.

This may furnish no connection whatever to increased rainfall and better crop conditions, but with all this spiritual inundation and soulful irrigation, the Methodists and Presbyterians ought to get some benefit from it.

Anyway, we've had a fine rain, eh?

LITTLE LEADERS

It's useless to advise Littlefield people to accept old age gracefully.

Some of our Littlefield folks can be fooled a lot easier than we can fool others.

We frequently wonder if Littlefield people with solemn faces are always thinking something solemn.

Every Littlefield boy would do well to remember that you don't have to be worth a million to be worth while.

There was a time when the barber got all of a Littlefield boy's money when he was in love. Now the gas station gets it.

It has about gotten so that the average Littlefield girl thinks a washboard is some sort of antique furniture.

No matter how careful some Littlefield men are they always seem to be running into some new kind of mistake.

You can usually tell by the honeyed words one Littlefield woman uses in talking to another just how catty she is behind her back.

You can make the average Littlefield man believe a lot of things, but you can't make him believe a rich man has as many worries as a poor man.

A good many Littlefield people can remember when the patent medicine

business was as good as the face lotion business is today.

Of all the lazy guys in Littlefield, the laziest one we have heard of is the restaurant cook who puts popcorn in the pancakes so they'll turn over by themselves.

SOME SNAP SHOTS

After all the negro vote might add some color to the Democratic primary.

A candidate may sometimes be judged by the people who prosecute his candidacy.

Having monkeys in the family tree may even be preferable to having bats in the belfry.

A fool and his money wouldn't be parted so often if there was a law against trying to get something for nothing.

As we see it, some of the candidates this year are liable to wear out the seat of their pants trying to straddle the "sand hills."

We'll never believe the women want equal rights until we see some of them with undershirts on mowing the lawn.

Since so much political corruption has been discovered in Texas, it is suggested that the jail-bird be adopted here as the state emblem.

Judging from the non-fercundated of some of the near new-weds of Littlefield, the hand that folds the diaper will soon cease to be the hand that rocks the world.

SOME QUESTIONS

Jimmie Brit: If the circumference of a teething ring is the square of its diameter, what is its germ carrying capacity?

Josh Cogdill: If A pays B \$6.00 per day for his labor, and B is "half sick," what is the cost of B's labor to A?

C. O. Stone: Littlefield has expended \$75,000 for a sewer system. Scientists say there are 3,000,000 typhoid germs on each hoof the six feet of a single fly. Kindly compute the municipal loss occasioned by lack of law enforcement relative to outdoor toilets.

Homer Nelson: If a day on the beach will sunburn a peach, what'll it cost 'er for lotions?

E. C. Cundiff: If a pint of milk a day will keep the doctor away, how many swatters a day will keep the undertaker away?

Mrs. J. C. Whicker: A certain hostelry has 30 boarders. Seated at one table, how far will they reach?

J. S. Hilliard: If a new school building cost \$65,000, but wasn't properly heated or ventilated, what was the net income received by local physicians from that building?

Dr. Anderson: A fat man's blood pressure is 220, and he doesn't know it. Would a physicians examination enlighten him as to when his wife would be ready to get married again?

MASONS DEDICATE A NEW PIPE ORGAN DURING MEET

The Forty-sixth Reunion of the El Paso Bodies of Scottish Rite Freemasonry will be held October 22, 23, 24 and 25th, 1928. At this same time the Texas Grand Chapter of the Order of Eastern Star will be in session in El Paso. At least 3,000 members of these two organizations will attend these meetings.

John Dalrymple of Lubbock is district representative and Floyd G. Sadler is local representative. A large delegation of South Plains Masons and Eastern Stars are expected to attend these meetings. All the degrees of the Scottish Rite from the 4th thru the 32nd will be conferred and a large class of applicants are expected.

Unusually low railroad rates will be in effect.

A magnificent Pipe Organ has been ordered and will be installed in the auditorium of the Scottish Rite Cathedral by October 15th. This organ will have two consoles, three manuals, embodying the latest im-

provements. In addition to the 120 speaking pipes there will be a set of cathedral chimes and a large concert harp. The dedication of this organ as a memorial to the late W. H. McCullough, 33 degree will be held during the Reunion and an elaborate musical program is being arranged.

DOCTOR
FRANK
CRANE
SAYS

YOU CAN'T HIT THE HIGH
SPOTS ALL THE TIME

A young lady complained to me
 the other day that she had periods of
 depression. There were times when
 life seemed drab and uninteresting.
 And she couldn't see the vision nor
 envisage the ideal. Life was just
 plodding.

Well, why not? That is the human
 lot and we had as well accept it.

We are fortunate if we get the vi-
 sion once in a while, if occasionally we
 stand on the mountain top, bathed in
 the sunlight, and look out over the
 future. Most of the time we have to
 travel through the valley of the
 shadow.

In most North temperate climates
 rain is intermingled with sunshine
 and, as the poet expressed it, "Into
 each life some rain must fall."

Most of our course is to be made
 by lead reckoning. We cannot have
 the vision of the stars always, and
 life is mostly composed of future
 steps taken by faith in the dark. We
 are fortunate if once in a while the
 clouds sweep away and we can
 glimpse the goal.

Life is rhythm. It has its ups and
 downs and the best thing we can do
 is to say in the language of the old
 negro hymn, "I'm sometimes up and
 sometimes down, but still my soul is
 heavenly bound."

These moments of darkness, these
 uninteresting stretches of our life are
 our real test. Then is shown our
 staying quality and our ability to pur-
 sue a goal by faith and not by sight.

We cannot have the glory and the
 ecstasy every moment. We could not
 stand it. No man can live in a
 state of perpetual intoxication. He
 must get his feet down to the ground
 once in a while and just plug along.

We have the comfort of knowing
 that nothing lasts forever and if our
 mood is depressed after a while it
 will pass away.

You cannot hit the high spots all
 the time.

Converts begin their religious life
 usually in a blaze of enthusiasm.
 They are keyed up to high pitch and
 undergo an emotional ecstasy.

It is afterward that the test comes.
 They are required to take up the af-
 fairs of daily life which are perhaps
 humdrum and uninteresting. They
 crave emotion, but emotion is an oc-
 casional experience and not perman-
 ent. In their daily life there must
 be steady application of the truths
 they have learned in those rare
 moments of ecstasy, so many of them
 backslide.

In quitting a bad habit very often
 we make a vow or sign a pledge in a
 moment of enthusiasm which is very
 hard to keep in the succeeding mo-
 ments of drabness.

The best moral quality is the
 quality of stick-to-it-iveness, the
 quality of hanging on and doing right
 when there are no drums beating nor
 horns blowing.

So in the marriage relation, we be-
 gin in a burst of love and violent af-
 fection that must be kept up through
 days of perhaps uninteresting detail.

So the Bible tells us that it is the
 overcomers who shall be given the re-
 ward.

When a man has occasion to de-
 fend his actions he admits his weak-
 ness.

Everybody has a better apprecia-
 tion of his own troubles than of the
 troubles of other people.

DR. HUNT GIVES A THE LEADER, YOUR HOME PAPER \$1.50 A YR.
LIST OF HIS
SERMONS

Union revival services began in
 Littlefield Tuesday morning, being
 held in the Methodist church because
 of the unfavorable weather conditions.
 A tabernacle has been erected on
 Main street, next to the old theatre
 building, where the services are to be
 held.

Rev. J. W. Hunt, D. D., president
 of McMurray college, Abilene, will do
 the preaching, the services continu-
 ing through next week, there being
 two services daily.

Dr. Hunt is a product of the west,
 having been reared in Crosby county.
 He was one time a cow-boy, riding
 the range for the Iowa Cattle Co.
 He has for years been a minister of
 the Methodist church, holding im-
 portant pulpits, and was the choice
 of that denomination as president of
 the McMurray college built in Abilene
 a few years ago.

Dr. Hunt comes to Littlefield with
 the reputation of being a strong,
 convincing preacher, with many past
 successes in evangelistic work. No
 doubt his messages delivered here
 will be of incalculable good to the
 community, and the public generally
 is urged to hear him. His sermon
 subjects announced for next week
 are as follows:

Sunday evening: The Wages of Sin.
 Monday evening: The Fatal Lock.
 Tuesday evening: Chopping Too
 Near the Stream.

Wednesday evening: When the
 Chickens Come Home to Roost.

Thursday evening: A Social En-
 gagement, a Young Man's Ruin.

Friday evening: Trails that Lead to
 the Alkali Bog.

Sunday evening: The Last Call.

These sermons have, in recent
 years, been delivered by Dr. Hunt in
 both the smallest hamlets and largest
 cities of Texas, resulting in thousands
 being inspired to a better life.

Two blessings have come to Littlefield at almost the same time. One is the rain from heaven, and the other a messenger of heavenly things, President J. W. Hunt, D. D.

Bro. Hunt once rode for the Iowa Cattle Co. on a range near here. He has laid out mustang camps all over this country and has hunted antelope on the same range. His father was one of the earliest settlers in Crosby county, having built the first house on the Plains. Because of his early acquaintance with the Plains he is in demand as a speaker at Old Settler's Picnics. Rev. Hunt is also in demand as a speaker at commercial gatherings and as a revivalist. If you miss hearing Bro. Hunt you are missing a great opportunity. The meetings will be held each morning at ten and evening at 8:30 in the tabernacle on Main street. When the weather is too bad for outdoor meetings we will meet in the Presbyterian church. Sunday School and League will meet at 10:00 a. m. and 7:30 p. m., respectively, in the tabernacle on Main street unless it is raining.

—GEO. E. TURRENTINE, Pastor.

ATTORNEY GENERAL WHAT IS DOING IN WEST TEXAS

That citizens of legal age moving into the state during the month of March, 1927 are entitled to vote is the statement of Assistant Attorney General Galloway Calhoun, made in a letter written to Guy Willis, of Olton. The letter is as follows:

Office of Attorney General
Austin, July 12, 1928.
Hon. Guy Willis, Co., Chairman,
Democratic Executive Committee,
Olton, Lamb Co., Texas.

Dear Sir:
We acknowledge receipt of your letter of recent date, addressed to Hon. Claude Pollard, attorney general in which you ask certain questions pertaining to the coming election. Your first question is as follows:

"Can a person who is of legal age, who has purchased real estate in Texas, more than 12 months before the election, vote in Texas, if he purchased the real estate with the intention of making same his homestead, if he does not really move to the premises from other state in time to have actually been in the state one year?"

In reply to the above question you are advised that the question of residence is one of fact, to be determined by the facts surrounding the particular case. Then, too, the intention of the voter enters largely into the question.

You are on the ground and are in much better position to know the real facts of this case than are we, and therefore you are in a better position to determine the question of residence in this case.

However, from your statement we do not believe the party in question is qualified unless some facts can be shown that he definitely established his residence in Texas at least 12 months prior to the election at which he desires to vote.

You also desire to know whether or not a person who is of legal age, who moved into the state in March, 1927, is entitled to vote, although he paid no poll tax.

In reply hereto, you are advised that such person is entitled to vote in the July primary without having paid a poll tax, if otherwise qualified. A person who moves to Texas from some other State after January 1, 1927 and has resided in Texas 12 months, and in his county six months, is entitled to vote in the July election of 1928 without the payment of poll tax, providing he is otherwise qualified.

Very truly yours,
Galloway Calhoun,
Asst. Atty Gen'l.

CANADA'S REPLY

The reply of Canada to the invitation from Secretary Kellogg to become a party to the multilateral treaty for renunciation of war is a whole-hearted endorsement of the proposal. Premier Mackenzie King expresses the belief that the treaty can be made a truly effective barrier against war.

A survey made by the New York Medical Society shows that approximately 2,000,000 persons in the United States are ill each day of the year. The average worker loses eight days a year through illness, and one in four families is ill once a year.

dirty job for you . . .

The bothersome business of motoring—greasing, crankcase draining and refilling, washing your car—
Let us do it for you.
We're not far from you. Just drive around and leave your car with us—we'll lubricate it correctly and completely. Bring it back in a jiffy—we're equipped to do this sort of work.
And we refill your crankcase with Gargoyle Mobiloil, the lubricant that minimizes carbon, saves engine wear, increases power.
We'd like to perform this service for you on a monthly basis—we can afford to do it for less that way.
Drive around to-day and we'll talk it over.

Participation in Primary Is Not Binding In National Election

The Times-Signal has been advised that some voters have expressed the intention to refrain from voting in the Democratic Primary on July 29, for state and county offices, under the misapprehension that participation in this primary would obligate them to vote for Al Smith in November. Such would not be the case however. The pledge on the official ballot does not bind the voter to support the party. It only binds the voters to support the nominees of the primary, to-wit: the nominees for state, district, county and precinct offices. The pledge as prescribed by law reads as follows: "I am a Democrat and pledge myself to support the nominees of this primary." Any Democrat may participate in the July and August primaries without reference to what his intentions may be about supporting or refusing to support the party candidate for president. Every Democrat should go into the July and August primaries.—Snyder Times.

CARD OF THANKS

Realizing that "a friend in need is a friend indeed," I wish to take this opportunity of expressing my genuine thanks and sincere appreciation for the wholesome expression of friendship recently accorded me by the people of Littlefield.

I hope soon to be able to be out at work again, and anyone having carpenter work to do I will appreciate having it turned to me.

The fly's mouth and tongue are covered with fine hairs. Consequently some of the filth in which they mess clings to them. And the microscope discloses these tiny drops of unspeakable uncleanness alive with bacteria-disease germs.

A fly may infect anything it touches. Milk, food, baby's eyes, open wounds are favorite sources of infection.

But with FLY-TOX a house can be kept free of flies and similar insects. FLY-TOX is fragrant, stainless. FLY-TOX is harmless to humans but sure death to flies, mosquitoes and similar disease carrying insects.—Adv.

FIELDTON FACTS

This community is rejoicing over the fine rains the first of this week, which have added thousands of dollars to the farmers of this section. Crop conditions here could not be better if ordered by mail.

The new brick school building at Fieldton is rapidly progressing. Nearly all the brick work is done and the furnishings have been bought.

Fieldton is to have a cotton gin. Some of the material is now on the ground, and work of building will start shortly.

Grandma Pickeral, who had the misfortune to fall and break one of her limbs, is reported getting along nicely in a Lubbock hospital.

A singing school is now going on here. A Mr. Jackson is conducting it. W. P. Hester, from Hale Center is here harvesting his wheat.

E. A. Cheek, of Denver, Colo., is here looking after business interests. He plans sowing considerable sweet clover on his place.

PROTRACTED MEETING

A protracted meeting is to begin at the Ninth Street Church of Christ, in Littlefield, Friday night, July 27. Elder Alva Johnson of Hall county doing the preaching.

An arbor is being constructed by the side of the church building which will make a comfortable place for the meeting.

Everyone is invited to attend and hear this series of gospel sermons by this earnest and eloquent man.—Reporter.

NEW CHEV., TRUCK HERE

The Bell-Gillette Chevrolet Co., are in receipt of one of the new trucks of that make, which embodies considerable new features and refinements.

The new truck now carries four speeds forward and reverse, also, has four wheel brakes, those features making it more adaptable for general usage.

CHURCH OF CHRIST MEET

A revival meeting, under the auspices of the Church of Christ, to be held in the tabernacle on Main street, will begin August 8, Elder Gus Dunn, of Dallas, doing the preaching. Lawrence Powell, a well known song composer, will have charge of the singing. Everyone is invited to attend.
