

MEN BACK AT WORK

HOUSTON, Aug. 31. (AP)—After a demonstration Monday by members of the National Maritime Union which tied up work on six vessels in Port Houston for three hours, all ships were being worked again to-

day. The protest was against the crew of the SS Marodak, which includes members of the marine division of the International Longshoremen's Association. Firemen on the vessel refused to furnish steam for winches for three hours. There was no disorder and the Marodak was unloaded.

Challis is a light, all-wool fabric of very fine texture. It is generally figured with tiny designs.

MONTGOMERY WARD

THE WORLD OF WOMEN

Lacy Centerpiece

PATTERN NO. 628
This is what we would call an ideal centerpiece. It's easy to crochet, so you won't be bored with it before you complete it. It's an excellent size, 25 inches in diameter, so you can use it on a large or a small table—whatever you like. And most important of all, it's so attractive that you'd want it for that reason anyway.
The pattern envelope contains complete, easy-to-understand illustrated directions, with block and space diagrams to aid you; also what crochets hook and what material and how much you will need.
To obtain this pattern, send for No. 628 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Address: Big Spring Herald, Needswork Department, 72 Fifth Ave., New York, N. Y.
(Copyright 1937, by Needlework Feature Service.)

Book Reviewer To Speak At Settles

'The Rolling Years' To Be Reviewed By Mrs. Hampton
Announcement of an appearance here Friday night of Mrs. John Hampton of Wichita Falls, well known Texas book reviewer, was made today. Mrs. Hampton will speak in the ballroom of the Settles hotel, reviewing a new book, "The Rolling Years," by Agnes Eligh Turnbull.
The program, scheduled to start at 8 o'clock, is under sponsorship of the Wichita Falls chapter of the Big Spring Rotary club. Proceeds will go toward financing that committee's activities in aiding crippled children.
Mrs. Hampton is recognized as an able literary critic. She has had wide experience as a reviewer, and this season is busily engaged at Wichita Falls in giving a series of reviews for the literature department of the Women's Forum, for the Business and Professional Women's club, for the Presbyterian and Methodist churches, and for the Wichita club, an organization of business men. In addition to her work in her home city, she gives reviews in some ten towns in North Texas.
She holds M. A. and B. A. degrees from the University of Texas, having graduated from that institution with Phi Beta Kappa honors. "The Rolling Years," one of the popular novels of the year, is a moving story of three generations of a Scotch-American family of Pennsylvania, a pioneer family to be classified as "early American."

PERSONALLY SPEAKING

Mrs. Fritz R. Smith has returned from a two weeks' visit in parts of California.
Miss Mildred Louise Rhoton has returned from Fort Worth, where she has been attending summer session at T. W. C. She will teach in the Garden City schools during the fall and winter terms.
Miss Mary Evelyn Lawrence left this morning for El Paso where she will spend the week in the homes of friends.
Marguerite Calhoun has returned to her home in Coleman, after spending the past week here in the home of her aunt, Mrs. A. B. Winstett.
Steve Baker, Jr., left this morning for Kerrville, where he will enroll as a student in Schreiner Institute.
Mr. and Mrs. George Mclear left Tuesday for Waco, where they will visit relatives and friends for ten days.
Mrs. J. B. Hodges and Mr. and Mrs. Jack Hodges and son, Jack, Jr., are leaving Wednesday for Greenwood, Miss., where they will spend several weeks' visiting relatives and friends.
Mrs. G. C. Dunham and daughter, Miss Marie, and Miss Virginia Combs left Tuesday for Fort Worth, where they will visit in the home of Mr. and Mrs. W. H. V. Yates, parents of Mrs. Dunham and other relatives.
James E. Cockrell of San Antonio is the guest of friends in Big Spring for several days.
Mrs. Glenn Golden returned Monday afternoon from an extended visit with relatives in Michigan and Wichita, Kas.
Mrs. A. C. Gass has returned home from Mineral Wells, where she has been for the past week because of illness. She is reported somewhat improved.
Charles Paxton of Sweetwater was a visitor in Big Spring Monday afternoon. He was accompanied by Aubrey Legge. They returned to Sweetwater Monday evening.
Miss Ruth Minter and Lee Minter of Fort Worth are guests in the home of Mrs. J. I. Pritchard this week.
Olie Cordill left Tuesday for Houston to take up the year's work in Rice Institute. He will be a sophomore.
Sub-Debs To Elect New Officers, Sponsor Dinner, Dance
Sub-Debs will gather Thursday at the home of Miss Emily Stalcup for the purpose of electing new officers for the coming year.
A feature of this week's program scheduled by the Sub-Debs is a dinner and dance to be Friday night. The dance will be at the country club following dinner at the Settles hotel. At dinner new officers will be formally installed. The dinner is to honor members who are retiring from the club to attend school. They are Miss Nancy Phillips, Miss Louise Wood,

READING AND WRITING
By JOHN SELBY
'THE LOST KING,' by Rafael Sabatini; (Houghton Mifflin: \$2.50).
The long line of historical novels by the anglicized Italian, Rafael Sabatini, is the richer for another. This is an addition to his French revolution stories, the list of which began with "Scaramouche," and included "Scaramouche, the King-Maker" and "Venetian Masque." He calls the new one "The Lost King."
It is the story of Louis XVII, the lost Dauphin, and it brings in many of the most hotly disputed controversies of the French revolution. Of course nobody, even Sabatini, knows the truth of what was done to the Dauphin. Nobody knows the full story of what was done by Jean de Bais either, fantastic secret agent for royalty that he was. As a result this is almost perfect material for a historical novelist with imagination.
The story as Sabatini tells it begins with that incredible scene on the second floor of the Temple tower at which the Dauphin, fuddled by sweetened brandy and rather proud of the gutter language he has picked up from his captors, makes his foul accusation against his mother—Marie Antoinette. Chaumette, Hebert, Pache and some others are in the room. David the painter and his Salis, his pupil, are also there, taking no part, but sketching the Dauphin.
When the boy has finished reciting what Simon and the others have taught him, and the deposition is finished, Madame Royale is brought in. She disdainfully listens to the deposition, and does not understand. When at last the degrading truth is explained to her she cuts her pathetic brother dead, and leaves. Here the scene shifts suddenly to a room in the Rue Menars, back of the Hotel de Choiseul, where the mysterious Jean de Bais works under the light of his candles, behind drawn curtains.
Mrs. Nina Rose Webb, Miss Charlotte Mary Sanders, Miss Camille Toborg and Miss Don Smith,

45 Attend Federation Meeting To Study 'Child Welfare'

Summer blossoms in profusion decorated the First Presbyterian church Monday afternoon when the Church Federation gathered for an interesting program entitled "Child Welfare."
Presbyterian ladies acted as hostesses and guests were greeted at the entrance by Mrs. D. F. McConnell, Mrs. T. S. Currie, Mrs. W. C. Barnett, Mrs. Sam Baker, Mrs. E. C. Boatler, and Mrs. C. W. Cunningham.
The decorations were arranged by Mrs. J. O. Tansitt, Mrs. A. A. Porter and Mrs. Barnett. Program for the afternoon was under supervision of Mrs. Martelle McDonald, and committee.
A feature of the program was presence of Mrs. Reynolds, manager of the day nursery, who met with the federation for discussion of the nursery, a project which is assisted by the Church Federation. The remainder of the program included organ selections by Miss Jeanette Barnett; devotional by Mrs. G. C. Schurman; piano number, Miss Jacqueline Faw; talk, "Physical Training in the Home," Mrs. Emory Duff; vocal solo, Miss Edith Gay; talk, "Spiritual Training in the Home," Mrs. C. E. Lancaster.
During the business session, Mrs. C. A. Bickley, federation president, named the nominating committee to bring the names of candidates for nomination for new officers to be elected November 5. They were Mrs. A. A. Porter, Mrs. J. C. Douglas and Mrs. Fox Stripling.
Churches were represented as follows: First Baptist, six; First Christian, five; Episcopal, four; Jewish Sisterhood, two; First Methodist, 11, and First Presbyterian church, 15.

Pablo Florez Is Showered By W.M.U.

The W. M. U. of the East Fourth Street Baptist church met Monday afternoon in the home of Mrs. E. H. Morrison, at which time a shower of gifts was given Pablo Florez, who is leaving this weekend for San Antonio, where he will enter second term of Baptist Seminary.
Florez led the devotional after which he told the society a story of his work during the past summer when he held 19 meetings. The program was interesting and gave the group a clear vision of the Mexican life.
Present were Mrs. Scott Cotton, Mrs. W. E. Martin, Mrs. V. Phillips, Mrs. Terry, Mrs. F. L. Turpin, Mrs. Tom Roberts and Mary Frances Phillips.

Harding Test Will Get Acid Treatment Before Gauge Made

Moore Bros. No. 1 Harding, out-pit well three-quarters of a mile west of the two original producers in the Harding pool, will be treated with 2,000 gallons of acid before being subjected to an official production test.
The test, located 2,310 feet from the north and 350 feet from the west lines of section 16-33-1a, T&P, was treated with 1,500 gallons of acid at 3,454 feet in lime without appreciable results on July 15. It was shot with 1,025 quarts Aug. 5 from 3,191-3,460 feet in lime and yielded an estimated 200 barrels daily.
Reports from the Harrison and Andrews test on the King lease, three miles southeast of Coahoma indicated that the well was shut down at 3,102 feet.

Deposit From Read Mine Will Get a Machine Process

Mr. and Mrs. Earle A. Read were in Denver, Colo., Monday where they were prepared to use 1,000 pounds of material from the H. Clay Read alluvial deposit east of Big Spring run through a machine which recovers placer or flour gold by a process combining electricity and amalgamation.
The machine through which this sand, recovered from a shaft here on the Read property, was to be run involves the same process inspected recently at Simcoe, Ontario, Canada, by H. Clay Read.
Machine operators claim that it recovers 98 per cent of the flour gold. Some assays on the deposit here have run as high as \$5 to \$6 a ton.
Read indicated that other processes for recovering the fine particle gold would be inspected with the view of getting some sort of operations started here. He estimated that he had from six to 10 million tons of material in sight on his out-cropping alone.

LABOR DAY GERMAN

Among festivities of the Labor Day holiday will be a German dance, slated at the Settles hotel, next Monday morning. The affair will start at midnight, Sept. 5. Bob Miller is sponsor.
Music will be furnished by Jimmie Ross and his orchestra, well known in West Texas dance bands. The Ross band has played many engagements here.

VISITING HERE

Guests this week in the home of Mr. and Mrs. J. M. Coates are Mr. and Mrs. Herbert Rader, of Midland, Mr. and Mrs. Curtis Choate and children, Gerald and Norrell Murphy of Kingsbury, Mrs. Murphy, mother of Mrs. Dene, of McCamey and Mrs. E. S. Choate will be here for an indefinite stay.
Matching suede shoes and bags will be popular this fall. Black will be the favorite.
Here also Sabatini's intrigue takes hold, to run excitingly to the end. The book has faults. But perhaps because this reader has always been delighted by anything readable on the lost Dauphin, it seems one of Sabatini's best.

TO ABILENE

Mrs. T. E. Baker and daughter, Virginia Fischer, left today for Abilene to be at the bedside of Mrs. Max Fischer, grandmother of Virginia, who is critically ill.
Matching suede shoes and bags will be popular this fall. Black will be the favorite.

NATIONALIZED RAILS

PARIS, Aug. 31 (AP)—France's government decreed today the nationalization of the country's railroads.
Six great rail systems of more than 26,700 miles were banded into a single national company.

COOLERATOR

The Air-Conditioned Refrigerator
1. CONSTANT COLD—One being every 4 to 7 days is usually sufficient.
2. ONE-WAY CIRCULATION—Odors are absorbed by melting ice and removed.
3. WASHED AIR—That keeps the food and food chamber fresh and clean.
4. PROPER HUMIDITY—Not too moist—Not too dry—No Covered Dishes.
EASY TERMS—NO CASH DOWN PAYMENT—LARGE TRADE-IN—NO INTEREST—NO CARRYING CHARGES.

Telephone 519 - 916

What To Do—

If You Get A Severe Sunburn

1. Call a doctor.
 2. While you're waiting for him to come, bathe the burned area with bicarbonate of soda and water—or a tannic acid solution (eight tablespoons of tannic acid powder to a quart of water).
 3. If a fever develops, apply an ice pack.
 By the AP Feature Service

It is essential to call a doctor, says Dr. Charles F. Bolduan, director of New York City's bureau of health education, because sunburn can be dangerous. A severe burn seals the pores, cutting off the perspiration which ordinarily carries off waste matter. A case may prove fatal if even one-third of the skin is seared badly.

Since the burned sections are very susceptible to infection, special care must be taken to avoid contact with anything infectious.

Tomorrow: If you get lost in a forest.

Hollywood

Sights and Sounds
 By Robbin Coons

HOLLYWOOD—George Raft is sitting in his dressing room and he's pretty happy. He's sipping a coke and listening to the Yanks and the Braves battling it out back east, and he's hearing the game, all right. But the background music bussing in the Raftian ears is a sweet chorus of "Ayes" on his performance in "Souls at Sea."

You know by now that they mused up his sleek gangster's hair and let him be a nice guy in that one, but maybe you don't know how long and how hard the boy from Hell's Kitchen has been fighting for a chance to be a hero on the screen.

Sympathy Seeker
 "You take fellows like Colman and Cooper," he says. "They stick around this racket as long as they do because those fans see 'em die a hero's death and do big brave things. They never play the scoundrel or the skunk. So now they're talking about putting me in 'Beau Geste.' And I say if I'm in 'Beau Geste' I'm gonna be Beau—Beau or nothin'. Raft wants that old sympathy."

George has been suspended by Paramount five times. Partly his quarrels have been over salary, but mostly over the "sympathy angle."

Ex-boxer, ex-ball player, and dancer, George clicked in the film "Scarface" and Paramount put him to work. Plenty of work—at \$250 a week. He'd be finishing one picture and starting another the same day. He got tired, especially when he'd planned to go north for a football game and the studio called that off. He walked—and came back at double salary.

Profitable Walkouts
 Then there was "The Story of Temple Drake." George was cast as that degenerate heavy, and he walked again. He didn't want to be the man you love to hate. He was probably right. Jack Larna, who played the part, found it thankless. Then they brought George back and signed the peace.

It got so that Raft was making pictures "between suspensions."

When they wanted him for "Souls at Sea" he was on one of his periodic walks. He had read a script—and what a louse that character of Powdhat was! Just a salt-water skunk, no less. He wouldn't do it, he said.

When you see the picture you'll realize what a change they made in Powdhat for Raft's "sympathy angle." They called him in, agreed to rewrite the part, and as final concession—they wrote a check for \$24,000, representing Raft's back salary during his latest "suspension." None of his walks, to date, has cost him a penny.

"So I must have been right some of the time," he says, "or I wouldn't still be here."

Earrings made of gilded cupid's head, designed by Schiaparelli, French dressmaker.

Autoists Pay Plenty For Privileges

WASHINGTON, Aug. 31 (UP)—American motorists paid into state treasuries more than a billion dollars last year in gasoline taxes, motor vehicle registration fees and motor carrier taxes.

Figures compiled by the bureau of public roads of the department of agriculture showed \$169,344,000—16 cents out of every dollar—was used for non-highway purposes. That was an increase of \$22,202,000 over 1935.

Combined state and federal allocations for highway purposes last year totaled \$1,131,000,000, bureau officials said. Federal contributions to states made up about \$250,000,000 of that amount.

States last year spent \$585,616,000 for state highway purposes; \$265,498,000 for local roads and streets; \$37,942,000 for collection and administration, and \$1,597,000 for other highway purposes such as park and forest roads. They had \$8,346,000 of undistributed state highway funds.

High Gas Tax
 The states derived \$691,420,000 from gasoline taxes; \$359,784,000 from registration fees and licenses, and \$15,137,000 from special taxes on motor carriers last year, the bureau said.

The bureau criticized states for use of automobile taxes for any purpose other than road building and maintenance. Any other use of the funds, the bureau said, "depletes materially from the upkeep of the highways for which the motorist is paying."

"In 1936," the bureau said, "almost one-third as much was used for non-highway purposes as was used for the building and maintenance of state highways."

Of state taxes on highway users employed for other than highway purposes about \$89,000,000 went to general state, county and municipal funds; \$36,500,000 for relief of unemployment; \$33,000,000 was given to education and approximately \$11,000,000 for miscellaneous purposes, the bureau said.

Diverted Funds
 States are permitted under the Hayden-Cartright act, by which congress made available federal funds for state highway aid, to continue the same proportion of diversion of highway funds for other purposes as was diverted in the year prior to the act.

States are required to match federal highway allotments, dollar for dollar. Recently the bureau deducted \$250,000,000 from the federal allotment to New Jersey because that state used an excessive proportion of state highway funds for relief purposes.

The federal government collects

Western Amateur To Open Sans Goodman

HOUSTON, Aug. 31 (UP)—The first round of play in the Houston Post's third annual semi-pro baseball tournament will be concluded tonight at Buffalo stadium with two games on the program.

In the opener, the Mount Pleasant Cubs tangle with the Baytown Humble Oilers, while in the closing fracas, the Halliburton Cementers of Duncan, Okla., 1936 national champions, play Cameron Iron Works of Houston.

The Refugio Oilers and the El Campo Texacos checked in with victories in last night's games. Refugio chased over four runs in the eighth inning to break a deadlock and turn back the Conroe Wildcats 5 to 1.

El Campo trounced San Augustine, 12 to 2 in a game called in the seventh inning because of the tourney's 10-run rule.

approximately \$150,000,000 a year through a uniform one cent a gallon federal tax on gasoline. State gasoline taxes range from two cents a gallon in the District of Columbia and Rhode Island to seven cents a gallon in Florida, Louisiana and Tennessee.

The weighted average for all states for state gasoline taxes is 3.85 cents a gallon.

LOS ANGELES, Aug. 31 (UP)—A group of the country's top-flight amateurs tee-off today in the 38th annual playing of the western amateur golf tournament.

More than 250 entrants, many of them competitors in the national amateur championship last week in Portland, Ore., will play 18 holes over the north course of the Los Angeles country club. Today and tomorrow to complete the 36-hole qualifying round.

A ranking favorite is Ray Hillocks of New York, runner-up to Johnny Goodman at Portland Goodmen is not entered.

Match play will begin Thursday, and the 36-hole finals will be played Sunday.

Mayor Marries Many
 OGDEN, Utah (UP)—Mayor Hilram Perry believes himself to be the "marryingest" mayor in the United States. During the first six months of 1937 he united 65 couples in wedlock. The city gives a free home-building permit to every couple married by the mayor.

BIRTH ANNOUNCED
 Mr. and Mrs. J. C. Eudy, 201 NE 2nd street, Saturday became the parents of an eight pound daughter, named Joyce Charlene.

SEPT. 1ST?

Rail Systems Join To Move Huge Crop

Costly Delays Prevented By Unification Of Competing Lines

WASHINGTON, Aug. 31 (UP)—The movement of a bountiful winter wheat crop from the Southwest to Middle West markets has demonstrated the method used by competing railroads to work as a unified system to solve a transportation problem, according to the Association of American Railroads.

The co-operation was achieved through the car service division of the association, which was charged with supplying a sufficient number of cars to move the grain without costly delay.

"I think the railroads did the swiftest job of moving the southwest portion of winter wheat crop this year that I ever have seen done," Clyde M. Reed, former governor of Kansas and chairman of the Trans-Missouri-Kansas Shipper Advisory Board, said.

Groups Volunteer Services
 The board is a voluntary organization of farmers, industries, marketing agencies and trade bodies co-operating with the railroads in the promotion of adequate transportation service, the association said.

With the winter wheat harvest from the vast plains area from Nebraska south through Kansas, Oklahoma and into the Texas Panhandle ready for market, the railroads faced these problems:

1. A substantial reduction in the number of boxcars available, because of the curtailment of the building program during the depression years.
2. Prospects of largest crop in 18 years, excepting 1931.
3. Weather conditions which result in the whole production area from Texas through Oklahoma and into Kansas coming in to harvest at about the same time.
4. Increased movement of other commodities throughout the nation, resulting in the use of boxcars that otherwise would have been available for grain shipments.

The car service division of the AAR made available 40,000 cars to southwestern railroads to provide for the first wave of traffic aid to

afford time for the supply to be replenished from empties returned from primary and interior markets.

The cars were made available through the operation of a new and practical plan by which eastern and southeastern railroads sent into the western territory definite quantities of boxcars, above the number returned in the regular course of business.

A goal of 20,000 cars within a two-month period beginning May 1 was set by the division. The flow of boxcars into the western division began and by July 1 there were exactly 20,050 more western cars in "home" territory than on May 1.

The car service division also started a new policy to assure a supply of cars. Ordinarily, a road in one territory may return a car belonging to a carrier in another territory loaded with freight. The AAR ordered, however, that all cars belonging to certain specified grain-hauling roads must be forwarded to the home line empty.

Speed Vital Factor
 The division arbitrarily diverted 5,000 cars at the Chicago and St. Louis terminals to Western railroads which were badly in need of them.

Grain-filled boxcars converged on Kansas City, Omaha and St. Louis terminals to western markets as Enid, Okla., Hutchinson, Salina and Wichita, Kas., Amarillo and Fort Worth, Tex., taxing the railroad yards and elevators.

Kansas City received 1,956 cars containing more than 8,000,000 bushels of wheat July 10, an all-time high for one day. The week ended July 10 was the greatest in history of the Kansas City market, since 9,009 cars, representing more than 14,000,000 bushels with a value of nearly \$16,000,000, were received.

A family of printers named Ballard enjoyed a virtual monopoly of music printing in France between 1550 and 1750.

When you see the picture you'll realize what a change they made in Powdhat for Raft's "sympathy angle." They called him in, agreed to rewrite the part, and as final concession—they wrote a check for \$24,000, representing Raft's back salary during his latest "suspension." None of his walks, to date, has cost him a penny.

"So I must have been right some of the time," he says, "or I wouldn't still be here."

NEWS NOTES FROM THE OIL FIELD COMMUNITIES

Mrs. J. L. Johnson and children, Bobe and Jimmie, are expected to return here this week from Fort Worth where they have been visiting Mrs. Johnson's mother.

Mrs. W. E. Young returned here this week from Spur where she has been with her mother who has been ill.

Mr. and Mrs. C. V. Wash and sons, Bobby and Charles, and Miss Faye Crumby, sister of Mrs. Wash, spent the day in San Angelo with Mr. and Mrs. Elmer Crumby. Mr. and Mrs. S. C. Crumby of Pear Valley, parents of Mrs. Wash, also were guests in the home of Mr. and Mrs. Crumby. Miss Crumby returned here with Mrs. Wash to make her home this fall and attend school at Forsan High.

Mr. and Mrs. C. Cottman and son and daughter, Darrell and Madeline, of Oklahoma City, are now residing in Foran where Mr. Cottman is employed as watchman for the Cecil Raines Drilling company.

Mr. and Mrs. George Johnson of the Southwest Tool and Supply company left Saturday for California where they will spend several weeks with relatives and friends. Mr. and Mrs. Johnson will visit in San Jose, San Pedro, Santa Maria, and San Francisco while away.

Miss Maxine Thompson spent the week-end here with her parents, Mr. and Mrs. J. E. Thompson, returning to her studies in Lubbock Business college Monday.

A group of young people, Odene Sewell, Dora Jane Thompson, Elizabeth Madding of Foran, and Travis Little, Marcus Woods and Herby Smith of Big Spring were slightly injured Sunday evening when their car skidded on the Foran-Chalk highway. The group was on route home from Big Spring as their car skidded on a soft shoulder when they attempted to turn into the field road.

Mr. and Mrs. Fonder of the Empire Southern Gas company announce the birth of a daughter on August 28. Mother and daughter are doing nicely at their home.

Ladies of the Couden Oil company honored Mr. and Mrs. Rayford Liles with a miscellaneous shower Friday evening on the lawn of the Couden Camp. Those attending were: Mr. and Mrs. M. M. Hines, Mr. and Mrs. L. G. Ivey, Mr. and Mrs. John Lane, Mr. and Mrs. Bob Qualla, Mr. and Mrs. R. E. Minyard, Mr. and Mrs. T. Schuit, Mr. and Mrs. Bill Conger and Mr. and Mrs. L. C. Alston. Many gifts were sent by friends.

Dora Jane and Maxine Thompson entertained their friends with a picnic Friday evening at the Big Spring park. Sandwiches and cold drinks were served to the following: Louise Benton, Catherine Cowley, Odene Sewell, Elizabeth Madding, Barbara Noe, Frances Jones, Dorothy Scott, Hollis Parker, James Madding, Luther Moore, James Thompson, Floyd Loper, J. Newcomb, Bossy Scuddy and Bill Henry Campbell.

Those on the sick list this week are Mrs. Burl Loper, and Mrs. A. G. Hobbs. Both are reported improving. Mrs. C. L. Cunningham also is reported much better and has been removed from a Big Spring hospital to the home of Mr. and Mrs. H. Peary in the Continental Camp.

Mr. C. L. West and daughter, Aquilla, are business visitors in Austin this week.

Mr. and Mrs. W. E. Rucker and children visited Mr. and Mrs. E. Britton in Jal, N. M., last week-end.

Mr. and Mrs. Otis Griffith spent the week-end with their parents in Desdemona last week-end, returning here Sunday evening. Miss Evelyn Griffith returned with them to make her home here this winter to attend Forsan high school, making her home with Supt. and Mrs. L. L. Martin.

ELECTED GOVERNOR

EAGLE PASS, Aug. 31 (AP)—General Pedro V. Rodriguez Triana was elected governor of the Mexican state of Coahuila yesterday. Triana, revolutionary party candidate, defeated two independents. He will take office Jan. 1.

Crude Production At Another Peak

TULSA, Okla., Aug. 31 (AP)—The Oil and Gas Journal says a new peak in the nation's production of crude oil, 3,735,383 barrels daily, was reached during the week ending Aug. 26.

The increase was 9,131 barrels daily over the week before. Oklahoma decreased 12,075 barrels daily for an average of 641,325. East Texas was down 100 barrels daily to 47,298. Texas had an increase of 2,429 barrels daily to an average of 1,514,682 barrels.

Louisiana increased 625 to 283,725 barrels daily. California had a decrease of 5,760 to 668,500 barrels daily and Kansas was up 7,300 barrels daily to 201,350. Eastern fields including Michigan increased 5,492 barrels daily to 177,371 and production in the Rocky Mountain area was up 2,070 barrels daily to an average of 78,770.

FEAR RECURRENCE OF DISORDERS IN PALESTINE

JERUSALEM, Aug. 31 (AP)—Race-torn Palestine was nervously on edge today while police and troops prepared to quell any violent sequel to disorders in which three Jews and four Arabs were killed.

There was widespread fear that the outburst yesterday presaged another period of racial conflict and bloodshed in the Holy Land.

The flareup was attributed in most quarters to the political situation of a country torn for years between Jews and Arabs—a situation recently accentuated by Britain's proposal to partition the land into sovereign Jewish and Arab states. Authorities told Palestine police and British troops to "stand by" and warned newspapers and others not to attempt incitement. Sir Arthur Grenfell Wauchope, the British high commissioner for Palestine, was hastily called back to Jerusalem from his summer camp in northern Palestine.

On other other hand, those who fail to submit applications before the deadline must suspend business until they receive new permits, he said.

LIQUOR APPLICATIONS MUST BE ON FILE BY MIDNIGHT

AUSTIN, Aug. 31 (AP)—Liquor Administrator Bert Ford said today dealers whose applications for renewed licenses reached his office before midnight tonight may operate without a permit until Sept. 10.

Approximately 5,000 permits expire and amended provisions of the liquor control act become effective at the same hour. Ford said it was likely some licenses would not be renewed because of increased costs in some classes.

He announced collection of state taxes at international bridges, voided by a court ruling, would be resumed under terms of the altered statute.

HELEN KELLER IS WORRIED AT FATE OF JAP CHILDREN

DALLAS, Aug. 31 (AP)—Helen Keller, resting here at her brother's home after a journey to Japan, is troubled for Japanese children, caught in the grip of war.

"At every station stop children met my train waving flags," she said. "The spirit of war was everywhere apparent. I hate to think of these children becoming gun fodder."

Miss Keller, victor over the handicap of being blind and deaf, was forced to end her lecture tour by the Japanese-Chinese hostilities.

SHOP'S DAMAGED

SAN ANTONIO, Aug. 31 (AP)—Fire which swept through the repair sheds of the Missouri Pacific railroad in South San Antonio early today did damage estimated between \$20,000 and \$50,000. The shed also was destroyed along with seven or eight freight cars. For a time the roundhouse and other buildings were menaced.

ATTACK FATAL

PLAINVIEW, Tex., Aug. 31 (AP)—A heart attack while he was listening to a radio report of the Louis-Farr championship fight last night was fatal to S. F. Smith, 57.

Govt. Forces Capture New Positions

Insurgents Dislodged From Strategic Mountain Points

MADRID, Aug. 31 (AP)—The capture of several strategic mountain positions in the Sierra Nevada range west of Almeria was announced by Spain's government today in communications telling of a new offensive in southern Spain.

Government forces dislodged insurgents from their tight grip on part of the Sierra Nevada, which in some places rises to heights of 10,000 feet.

The insurgents have held the entire length of the range, running westward from the sea behind Almeria, since the fall of Malaga on Feb. 8.

The government troops, in a series of attacks extending over several days, wrested strategic positions from the insurgents in the vicinity of Orjiva, Darnafo and Calar, points overlooking Granada.

The insurgents made several strong counter-attacks but the government said all of them were repulsed.

It was disclosed meantime that the Valencia government, in combatting mounting food costs, had fixed maximum wholesale and retail prices on essential foods. In most cases the prices set represented drastic reductions in current costs.

The price of eggs, for example, which had been selling in many places for the equivalent of one dollar a dozen, was fixed at 12 cents a dozen. Coffee was cut from 80 to 10 cents a pound.

However, these prices in many cases will mean nothing to Madrid residents, for the articles aren't to be had at any price.

FORMER RAILROAD ADMINISTRATOR DEATH VICTIM

DES MOINES, Ia., Aug. 31 (AP)—James C. Davis, 80, Des Moines attorney and director general of the United States railroad administration after the world war, died last night of heart disease.

Davis was general solicitor for the Northwestern road when appointed general counsel for the United States railroad administration in 1920. Later President Harding appointed him to the task of dismantling the railroad administration and assisting in the work of returning it to railroads in their private ownership. He was engaged in private practice since 1926.

NEGROES CONFESS OTHER CRIMES

TYLER, Aug. 31 (AP)—Two negroes charged with assaulting a Longview white woman and robbing her husband, have confessed, Van Zandt County Attorney Lewis Osborn said, to two additional crimes.

Osborn said the negroes told him, when he talked to them in a jail "somewhere close to Nacogdoches" that they had attempted to shoot Constable Cotton Johnson of Grand Saline last month in Canton, and used arms to rob two men in Kaufman county recently.

The negroes were taken to an unannounced jail during the weekend for safekeeping from possible mob violence.

College Stars Are Ready For Game

CHICAGO, Aug. 31 (AP)—The College All-Stars, placing their high hopes for victory on the accurate passing arm of Sammy Baugh, ended training today for their battle with the champion Green Bay Packers at Soldier Field tomorrow night.

The collegians rested while Coach Curley Lambeau led his Packers into town for a workout in the huge horseshoe on the Lake Michigan shore.

Head Coach Gus Dorais of the Stars has made no secret of his belief that victory rests on an aerial offense. He has had Baugh and Ray Bulvid shooting overheads to ends and backs for two weeks and apparently was convinced his

JURY WILL PROBE SLAYING CASE

AUSTIN, Aug. 31 (AP)—District Attorney Edwin G. Moorehead said today the slaying last May 14 of Harman Hicks of Houston by Rep. B. F. Quinn, veteran Beaumont legislator, would be submitted again to a grand jury next week.

A previous grand jury refused to indict Quinn in the shooting which occurred in a hotel corridor. Quinn maintained he fired the fatal shot accidentally as he attempted to defend himself against intrusion in his room after protesting to the hotel management regarding disturbing noises from another room.

offense will keep the Green Bay eleven busy.

GALVESTON, Aug. 31 (AP)—The body of John W. Butler, 70-year-old carpenter was found floating in the harbor here today. His car was on the pier nearby. Efforts to revive him with a pump were futile. An inquest was ordered.

Used Cars To Sell 53 FOR SALE-1931 Ford coupe, model A, in good condition. Also Chevrolet coupe. Can be seen at Big Spring Produce House. Champ Medalist At Jr. Tourney SAN ANTONIO, Aug. 31 (AP) -Teen age stars of Texas golf started matched play over Brackenridge park's tree-lined fairways today for the Texas junior title-any one of a dozen favorites capable of coming through. Former champion Arthur (Buck) Luce of Austin, deliberate putting master, carried the medal honors into match play, winning on a nine-hole playoff yesterday with sensational Joe Moore, Jr., 15-year-old San Antonio star, and Lee Brandt, Jr., baby San Antonio leeman and defending champion. Tied at 73's over the regular 18-hole test, the trio played an extra nine holes and Luce's two-under-par 34 gave him the medal Moore kept pace with par 36 while Luce

FORESEES A RAPID GROWTH FOR CITY

Promising outlook for steady and rapid growth of Big Spring is seen by Clifford J. Goodman, a designer associated with the National Hotel company who at present is supervising improvement work on the Settles hotel. Goodman, whose work has carried him to many sections of the country and who has been in position to study industrial and

COMPLIANCE WORK IS PROGRESSING

LAMERS, Aug. 31-County Agent Joe Williams said that work of checking for compliance in the federal farm program was progressing satisfactorily in Dawson county. Half of the farms involved in the program have been measured, he said. The University of Virginia is in Charlottesville, Va.
