### Tech Plays COP Saturday

LUBBOCK—Pageantry will vie with hard-hitting football as a principal attraction at the Texas Tech College of the Pacific game here Saturday afternoon.

Glamour aplenty is assured through the presence of the famed Kilgore College Rangerettes, who, accompanied by their band, will go through routines similar to those they have presented at the Cotton, Rose, and Sugar Bowls.

Also, Beattie Feathers, Texas Tech assistant coach, will be officially inducted into Football's Hall of Fame by James Stewart.

general manager of the State Fair of Texas, himself a vice-president of the National Football Foundation.

Kickoff at 7 p.m., will pit the upsurging Red Raiders against College of the Pacific, a school playing football of Pacific Coast Conference caliber. Indeed, the Tigers' record against POC teams is 3-2—wins over Idaho, Oregon State, and Washington State, losses to Stanford and UCLA. For the season, the Tigers have a 5-3 mark. Just about the same as Tech's 5-2-1. Tech has won its last three games, over West Texas, Arizona, and Tulsa.

## How to be sure you are making the best buy in a new truck

➤ A new truck is an important investment. If you want to be sure you're getting the best buy, you've got to consider a lot of things: price, power, operating economy, good appearance—to mention only a few.

➤ Take price, for instance. Wouldn't it help you to know that you can buy a Dodge for surprisingly little money? Could be you didn't know Dodge trucks cost less than most other makes.

➤ Wouldn't it help you, too, to get the whole picture on truck power? The fact that Dodge Power-Dome V-8's outpower every other leading truck in the low- and medium-tonnage fields surely is important to your decision.

➤ And there are other Dodge advantages you'll want to think about—like the business-building beauty

of Forward Look styling, and the long life that spreads low initial cost over years of dependable service.

➤ It all adds up to this: To be sure of your best truck buy, take a few minutes to talk to your Dodge dealer. Just a phone call will put the wheels in motion.

### Another Column...

Been looking for Jody Bussanmas and Larry Cox to see what they are going to do about that girl, that their parents are so proud of that arrived Wednesday. They had ordered a boy.

We will always take her especially since she has such a pretty name, Lynn Ann.

Makes us think back to the time our little sister arrived. Our dad caud in our two brothers and told us that we would have to give away our Spitz dog or the baby. We said we would just keep the dog—ended up keeping the baby. Always have thought we made a mistake.

Those boys are really in for the run when they get to courting with a little sister. We know, ours kept our boy friends out of money. A snooty soul who got paid off for telling what all we had done.

Ours had the face of an angel, long golden curls, and could wind anyone around her finger. We never had a chance. She got to wear the shorts, slacks, and go places that we were never permitted to go. She did the things that our folks would have just died about our doing—but that is the BABY in any family.

This Patty Poe has all this gang around her finger. She can pull out more in less time than any one gal we ever saw and makes us love her while she does it. She doesn't have to talk for she gets what she wants without it. We feel real sorry for Dougie, who goes behind her with an apologetic look on his face.

We never did tell you about the love-birds down here, James and Betty Jolley. Have to remind them ever so often about courtin' on the job.

The stores are just full of lovely things to spend money for. Christmas is really on it's way in Littlefield. Why don't you get down town and look around???

Jody Bussanmas plans to return to school Thursday. He has been out the past two weeks with a broken collar bone. He spent several days in the Methodist hospital in Lubbock.

### The Forum Hears Mrs. Paul I. Jones

Mrs. Paul I. Jones reviewed the book, "Lust for Life" which is the life of the French artist, Van Gogh, by Irving Stone; for the meeting of The Forum in the home of Mrs. E. E. Carter on Thursday, November 10.

Anniversary cake and spice tea were served after a business meeting in which the group voted to sell fruit cakes again this year.

A report on a rummage sale held the previous Saturday on the Lubbock highway was given.

Those attending were: Mrs. J. S. Abernathy, Mrs. Winston Barton, Mrs. Edward Betts, Mrs. Ben Brandt, Mrs. J. H. Carl, Mrs. John Driskell, Mrs. Olene Gibson, Mrs. Clara Jarman, Mrs. Jones, Mrs. Forrest Martin, Mrs. Robert Richey, Mrs. Lucille Smith, and Mrs. Virgil Zoth, and the hostess.

The club will meet again November 17 in the home of Mrs. Paul I. Jones for a program on Americanism-International Scene.

### Mrs. Bench Is Honored On 81st Birthday

Mrs. Amy Bench was honored on her 81st birthday Sunday, Nov. 13 at her home in Amherst. She has lived in Amherst since 1925.

Family members and friends attending were: Mr. and Mrs. John Kisinger of Graham, Mr. and Mrs. R. L. Richards and son, G. E. Bench, Mrs. Cecil Bodecke, and son of Plainview, Mr. and Mrs. I. D. Onstead, Mr. and Mrs. L. L. Dunn, Mr. and Mrs. Ronnie Onstead and family of Littlefield, Mr. and Mrs. J. D. Bench and family, Mrs. Bert Bench of Amherst, Mrs. Everett Patterson and son of Earth, Mr. and Mrs. Donald Gilreath and daughter of Dimmitt.

There were seven children, 19 grandchildren and 26 great-grandchildren present.

J. W. Jolley is spending the week in the home of his son and family, Mr. and Mrs. W. H. Jolley, Sr.

### Lurline Pair Is Crowned Sweetheart Of Pep Squad At Whitharral Friday Nite

Highlights of the Whitharral homecoming game Friday night when the Panthers defeated the Anton Bulldogs 14-13 before a record crowd of 900 persons was the crowning of Miss Lurline Pair as sweetheart of the Pep Squad, during halftime activities.

Acting drum major, Miss Geneva Raines, led the Pep Squad to the south side of the field and formed a heart. In a convertible, driven by her twin, Miss Naydine Pair and accompanied by Drum Major, Miss Barbara Stafford, and runnerup, Miss Luida Martin, Miss Lurline Pair was driven around the field to the point of the heart where the group was met by Pep president, Miss Genda Maner for the crowning and the presentation of a bouquet of beautiful red roses.

The Misses Pair are seniors and the daughters of Mr. and Mrs. E. E. Pair.

Exes were saluted by the group and later served coffee and donuts at the Home Ec Cottage by members of the Student Council.

The population of the world increases about 100,000 a day, says United Nations Food and Agriculture Organization.

The average cost of a prescription is just about the charge for a good meal. This is a tribute to the pharmaceutical industry that spends millions on research yet keeps ultimate costs so low.

Some medicines appear to be expensive. Judging by appearances a dozen capsules may not seem to be worth as much as six dollars. Your Physician knows their higher cost and true value. When he prescribes them for you he knows that your eventual cost will be much lower because they will do you more good in less time. Trust his judgement. We will cooperate by pricing them fairly.

## Winafrey Kay Grant And Leslie Hulse Are Married

An archway of baskets of white gladioli, backed by a large mirror and white tapered candelabra formed the decorative setting for the marriage Saturday afternoon of Miss Winafrey Kay Grant, daughter of Mr. and Mrs. W. A. Grant to Leslie Hulse, son of Mr. and Mrs. Bryan Hulse, Rev. Hugh Montgomery read the double ring ceremony in the home of Mr. and Mrs. T. C. Wade, aunt of the bride, east of Whitharral.

Wedding music was recorded. Miss Barbara Montgomery was maid of honor. She wore an ice blue faille dress with matching bandeau and carried a nosegay of daisies.

Best man was Jimmy Jack Grant, brother of the bride. Candlelighter was Miss Lenora Sue Grant, sister of the bride. She wore a turquoise faille dress with pink bandeau and wristlet of carnations.

Given in marriage by her father, the bride wore a princess creation of white cotton and rayon bengalline faille, cut low with a flared skirt. She carried a white Bible topped with pink rosebuds and showered with ribbon streamers knotted with pink rosebuds.

For something old and borrowed the bride wore cameo earrings belonging to her grandmother, Mrs. Rhoda Davis of Memphis. Her garter was blue and new and the traditional penny was in her shoe.

The couple left immediately for Kingsville where Parker is stationed at the Naval Air Auxiliary Station as a 3-c petty officer.

Mrs. Parker was formerly tax-assessor and collector for the Whitharral school but has been employed for several months at the American State Bank in Lubbock.

## Velma Doshier Weds R. Parker In New Braunfels

In a quiet ceremony in the home of the officiating minister, Rev. Judd Holt, in New Braunfels, Saturday, Nov. 5, Miss Velma Doshier and Ralph Parker, were united in marriage.

Parents of the bride are Mr. and Mrs. Tom Doshier of Whitharral. Mr. Parkers parents are Mr. and Mrs. R. A. Parker of 2221 26th in Lubbock, who were the couples only attendants.

The bride wore a suit of beige cashmere with brown and aqua accessories. Her corsage was of pink carnations. She carried out the traditional "something old, something new, something borrowed and something blue."

# Eight Seniors To Play Final Game With Wildcats

YARBROUGH JOHN CLAYTON GLENN RICHARDS JIMMY JAMISON BOB ORR JIMMY McSHAN WAYNE WICKER JAMES LEE

The eight seniors will be playing their last football game for the Littlefield Wildcats this Friday night when the Lockney Longhorns roll into town. Glenn Richards will not see action due to a couple of broken ribs suffered in the Tulla game. Richards has lettered three years, was a tackle and also a Co-Captain of the Wildcats. Wayne Wicker also has lettered

three years, plays end and quarterback. John Clayton, Co-Captain plays both Fullback and End position and also will be lettering for his third year. Paul Yarbrough, Co-Captain plays center and is one of the leading candidates among the Cats for All-District honors. Yarbrough is lettering for his third year. Jimmy Jamison plays end, seeking his second letter and

does all the kicking off for the Cats. Bob Orr, will be earning his third letter, plays both Quarterback and defensive tackle. James Lee, seeking his third letter, plays guard and is one of the best downfield blockers on the squad. Jimmy McShan, seeking his third letter, plays at either the halfback or fullback position.

## Outlook For Friday Games Springlake Takes On Happy In Top Game; Olton Host To Dimmitt Bobcats

**By JIMMIE CHAPMAN**  
The "BIG" game of the area this Friday will be unreeled at Happy where the Cowboys will play host to the Springlake Wolverines in a game that will decide the District 2-A championship. Springlake will have to play their best game of the year if they expect to beat Happy. The Wolverines thought for a while that after they beat Sudan they would have the District title sewed up, but not so now. Happy is fielding one of its strongest teams in years. Last week the Cowboys blasted once-powerful Sudan 33-0 at Happy, the team that Springlake barely edged out 13-7 two weeks ago. By this score Happy should be a heavy favorite, but past record is not all that matters. Coach Rudy Halle's Longhorns started the season off slowly with losses to Hale Center and Spur. Once the Longhorns got into District competition, they were tough to beat. Their first game they beat heavily favored Dimmitt by one point and then bounced Muleshoe 34-6. Olton handed them the 32-0 defeat and then Lockney last week beat Tulla by the score that Littlefield beat them, 20-6. The game tonight should be considered a toss-up among the two elevens.

ords will be cast aside when the two elevens meet Friday. Both teams have identical records, winning 8, losing one. Springlake's one loss was suffered at the hands of the Amarillo Yarnigans while Happy's loss was a 25-20 decision to the undefeated Kress Kangaroos. Happy has beaten Turkey, Bovina, Quitaque, Silverton, Hale Center, Price College, Friona and Sudan. Hale Center has already won the District 3-A crown. Springlake has beaten Bovina, Idalou, Meadow, Muleshoe, Dalhart, Sudan, Price College, Amarillo "B" and Friona. Amherst, Spade and Sudan have already played their last game of the season and turned in their suits. Olton, the only other team in the county, has already clinched a playoff berth by beating Littlefield 13-0 last Friday. They will play Dimmitt at home this Friday in their annual Homecoming. Bula will take Mobeetie at Morton tonight (Thursday) in the Bi-District game. Coach Claude Morrison's Bulldogs will be favored in most corners but Mobeetie is undefeated and will give the Bulldogs their toughest test. Morrison said at the start of the campaign that the only way his team will be beaten this year is that they will get stale from having little competition. They have not had a close game all season. Whitharral Panthers, who last week upset Anton 14-13, will go to Bovina for their last game of the season. Coach Eugene Carter's eleven could win the second place spot by beating the Mustangs. Other games in the area with the predicted winner appearing in capital letters appears below: Lockney at LITTLEFIELD Dimmitt at OLTON Springlake at HAPPY BULA over Mobeetie Plains at ANTON Farwell at KRESS HEREFORD at Dalhart LEVELLAND at Snyder Plainview at BIG SPRING PHILLIPS at Canyon TULLA at Muleshoe

BILL FOWLER, Littlefield Seventh Grader, is pictured above running around right end for 72 yards and a touchdown in Tuesday night's game against Muleshoe. Fowler scored two touchdowns, Charlie Coffey one and Jerry Koller two extra points in the 20-0 victory. In the eighth grade game that followed, the score was Littlefield 0, Muleshoe 32. (Staff Photo)

## Bula Plays Mobeetie At Morton Tonite

At Morton tonight (Thursday) the Jaycees will be hosts to the Bi-District six-man football game between Mobeetie, winner of District 1B, and Bula, winner of District 2B. Game time has been set at 8:00 in the Morton football stadium. Mobeetie boasts a season's record of six straight wins in a double round robin over Channing, Booker, and Miami. One pre-district game was lost to a strong Oklaunion team, giving the Hornets a 6-1 season record. Last year the Hornets were tied for district and lost to Follett, the team Bula defeated 19-12 in the bi-district playoff. This year Coach Bill Paxton has 20 boys out. The Hornets have run away with the district. Two boys who were on the starting lineup when the Hornets beat the Bulldogs 45-41 for bi-district in 1953 are on the roster. The Hornets went on that year to defeat Paint Creek in the regional playoff by two points, about 43-41. Bula has won three straight championships, having been tied only once. Last year the Bulldogs were co-champions with the Lazbuddie Longhorns, who tied them have won eight straight games and one pre-district game over Roaring Springs, the team that wrenched the regional title from them last year. Coach Claude Morrison will have one starter from the 1953 roster. End Carl Hallford will be operating from the fullback slot. Every boy in school except one takes part in football activities at Bula. Two physically handicapped boys act as managers. Winner of the bi-district game will play the winner of the Jayton-Benjamin clash, winners of Districts 3 and 4.

### Congestion At Terminal Leaves Tons Of Grain On The Ground In Area

Contrary to what most people think, the grain that is on the ground is not there because of the shortage of railroad cars. It is put there during the shortage of cars but now cars are available. It is not being loaded because of the congestion of the storage terminals in Lubbock, Ft. Worth, Houston, and other cities. They are not able to unload the grain filled cars at the terminals. This condition is expected to clear up within the next few weeks.

THE WALLS CAME TUMBLING DOWN: Sudan's first business building gives way to the elements. Engaged in tearing the building down is Lendel McCarty, pictured at the door of the building. (Scott Photo)

## Man's First Business Building Gives Way to Community Progress

BY EVELYN M. SCOTT

Farm Lands—P. E. Sales Mgr. are the words on the false board of Sudan's first business building which is now in the process of being torn down.

Way to progress the building is being removed to make room for apartment house built by Guy Walden, of the Sudan First National Bank, who is in contract to build and the lots stand.

Walden, tentative to erect these units to the critical housing shortage in the town. The structure during the spring of 1954 the town received settlers, and originally were the OK Rubber Weld is now located. It is to have been moved to site, across the street from Mileur Hatchery, in the town.

Structure housed Sudan's general Mercantile store, as Shaughnessy and Bosen, and was operated by Shaughnessy of Amarillo. The building was used by first Postmaster, P. E. for a post office, for the building area.

Mr. and Mrs. L. E. purchased the Mercantile and operated the store several years before it was to its present location. Many a land deal for farm lands were negotiated within its walls as the Bosen was Sudan's first agent, representing a common Dallas.

Building has been vacant several years, but has some elements of weather which gutted its interior many years ago.

The lumber in the building is to be discarded, and is to be in another "first" for community. Tearing the structure are Lendel McCarty and Kirkerton who plan to use the building to house a new "industry" — a caged bird project.

When houses will be built near the edge of town, McCarty states that several elements are interested in

## News And Leader Will Carry Results Of Princeton Polls

Kenneth Fink, director of the United States Poll, whose release appears for the first time in the Editorial Page of this issue is director of Princeton Research Service, Princeton, New Jersey. —an independent non-political organization devoted exclusively to public opinion research.

The United States Poll, whose column now appears each Thursday in newspapers across the nation, makes weekly reports on social, political, and cultural issues affecting American voters.

A cross-section of American citizens is interviewed each time a survey is made.

In the November, 1952, National elections, Princeton Research Service's United States Poll made two nationwide predictions: first, that Eisenhower would win with 50.8% of the national vote. He did in with 55.1% of the vote—a deviation of 4.3%; second, that the Republicans would get 49.5% of the nationwide vote cast for Congressional candidates; Republican Congressional candidates received 49.77% of the vote—a deviation of less than three-tenths of one per cent—27 to be exact.

And in the November, 1954, national elections, the United States Poll predicted that the Democrats would carry Congress with 53.3% of the national vote. The Democrats did with 52.58% of the vote—a deviation of less than three-fourths of one per cent—72 per cent to be exact.

Thus in its three nationwide predictions (2 in 1952 and 1 in

1954) the United States Poll scored three bull's eyes and its average deviation was less than 2 per cent.

During the coming weeks and months the United States Poll will report the nation's thinking on topics of current interest impartially and objectively.

Follow United States Poll weekly columns in this newspaper.

## MEET THESE NEW WOODMEN OFFICERS

HOWARD M. LUNDGREN  
President

J. R. "DICK" SIMS  
Secretary

Mr. Lundgren, a native of Omaha, was elected President, October 13, succeeding Farrar Newberry, who retired.

As Investment Analyst, Vice President for Investments and a Director, he assisted in making the Society the world's financially strongest in the fraternal field. He ably served as National Secretary the past year.

President Lundgren, ardent fraternalist, has held all local Woodmen Camp offices, is a past president of the Fraternal Investment Association, and a member of the National Fraternal Congress executive committee.

Mr. Sims, a native of Texas, joined the Society in 1923, its field force in 1932. He was later District Manager at Houston and State Manager of Illinois. He returned to Texas as State Manager in 1938.

Because of his excellent ability in enrolling members and promoting fraternal activities he was promoted to Field Manager in 1946. He has directed many national campaigns, adding thousands of members.

"Dick" Sims was named Vice President in 1951, a Director in 1953, and a National Auditor in 1954.

Under the able direction of these new officers and his directors, the Woodmen of the World looks forward to continued growth in fraternal protection and service.

## Love And Obedience

By TOMMY WILLIAMS, Minister

Jesus said "If ye love me, keep my commandments" (John 14:15). In this simple exhortation, he linked together two of the great principles of Christianity—love and obedience, and the two are inseparable.

A scribe came to Jesus asking, "Which is the first commandment of all?"

Jesus answered, "Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength: this is the first commandment" (Mark 12:28-30). If we love God with our whole beings, we will include our strength—our ability to act and obey—in that love. That is why love to God is the first and "great" commandment. In principle, it includes the do-

ing of whatever God commands.

Still another principle is brought into the relationship in the words of Paul: "For in Jesus Christ neither circumcision availeth anything, nor uncircumcision; but FAITH which worketh by love" (Galatians 5:6). The justifying faith in God's sight, is the faith accompanied by love that brings about action in doing God's will. The absence of obedience in one's life nullifies any claim to genuine faith and love.

Jesus leaves no question as to whether genuine love is accompanied by obedience. He said, "If a man love me he will keep my words." (John 14:23).

## CHICAGO STOCK SHOW FEATURES FARM YOUTH

Hundreds of farm boys and girls from many states will spend their Thanksgiving holiday in Chicago to play a major role in the 1955 International Live Stock Exposition November 25 through December 3, show officials announced today.

Farm youth will be in the spotlight the first two days of the show. The National 4-H Live Stock Judging Contest will start the activities of the International on Friday, November 25.

The Junior Livestock Feeding Contest is scheduled for Saturday, November 26. In this contest 4-H and FFA boys and girls will show their prize-winning stock from County and State fairs earlier in the season. The management reports that over 500 head of 4-H and FFA raised livestock have been entered in the Junior competitions of this year's

show.

**College Teams Compete**  
Collegiate Live Stock Judging Contest will also be held on the opening Saturday. More than 35 teams of Agricultural college students will compete in matching their judging skill of cattle, sheep and hogs.

The grand champion steer award, the most coveted honor in the show, has been won by junior showmen 12 times in recent years, the management states. They have also shown grand champion swine and sheep in competition with veteran livestock breeders and exhibitors.

The 34th annual 4-H Club Congress will also be held in conjunction with the International Livestock Exposition. It will bring nearly 2,000 of the country's top 4-H winners to Chicago. They will stage a spectacular

parade at the International Horse Show Wednesday night, November 30.

**Record High Entries**  
Total tabulations are incomplete for the entire show, but the management reports that entries will far exceed any past year. The 16 acre International Amphitheatre will be taxed to capacity to house the big display of the continent's finest farm animal.

Fourteen action packed performances of the International Horse Show will provide sport and entertainment every evening and matinee performances on Sunday, Nov. 27 and the following Wednesday, Thursday, Friday, and the final Saturday, December 3. According to W. J. O'Connor, Horse Show Chairman, the country's top stables have listed entries for this event.

Byrd cloth, a water-repellent, wind-resistant cotton cloth, was tested by Admiral Byrd in the Antarctic and found to be without equal for sub-zero climates.

## Mr. and Mrs. Tony Cahill Move Here From Massachusetts

**By MRS. LESTER LA GRANGE**  
The Fidells Sunday school class of Amherst Methodist church enjoyed a party Saturday night, Nov. 12, in the home of Mr. and Mrs. Emery Blume.

Games of 42 were played. Refreshments of fruit cake with whipped cream, homemade candy coffee, hot spice tea and cookies were served to Mr. and Mrs. George Williams and children, Mr. and Mrs. Bill Elms and children, Mr. and Mrs. Melvyn Dutton and daughters, Mr. and M. S. Ralph Rice, Mr. and Mrs. Jack Durham, Mr. and Mrs. Sam Harmon, Rev. and Mrs. Elton Wyatt and son, Mr. Floyd Russell, and the hosts, Mr. and Mrs. Emery Blume and son.

After the party the group packed boxes of candy and cookies for the boys from the Methodist church who are in the armed forces at home and abroad.

Sunday, December 11 is the date set for the first service to be held in the newly completed Methodist church, the pastor, Rev. Elton Wyatt stated.

Mrs. D. L. Britt and Mrs. Lucy Harlan visited Mrs. Britt's daughter, Mrs. Adele Cole in Big Spring during the weekend.

Galen Cary and Bobby Reynolds, son of Mr. and Mrs. M. E. Cary and Mr. and Mrs. W. S. Reynolds left Friday after spending 10 days leave here. They had completed basic training at Lackland Air Force base, San Antonio.

Galen went to B'lowi, Miss., and Bobby to Scott Field, Ill. Each

will attend radio and radar school for further training.

Mr. and Mrs. Harvey Patterson named their daughter, born Nov. 8 at the South Plains Hospital, Cathy Elizabeth. She weighed 8 pounds.

Mr. and Mrs. David Harmon are the maternal grandparents, and Mr. and Mrs. J. H. Patterson the paternal grandparents.

Mr. and Mrs. W. P. Holland were in Lubbock Friday afternoon for their daughter, Joyce, who attends Texas Tech. They had planned to reach Hart in time to attend the Amherst-Hart football game, but arrived too late. They with their son, W. P. Jr., and family, had supper after the game with their niece and cousin, Mrs. Edward Bennett and family.

Mrs. Claude Emmons returned home Sunday after an absence of several weeks.

She accompanied her parents, Mr. and Mrs. O. W. Elliott of Las Vegas, N. M., to Mayo Brothers Hospital and Clinic in Rochester, Minn., where he successfully underwent major surgery more than two weeks ago.

Mr. Emmons and the children went for her Saturday.

Mr. and Mrs. Graham D. Lair returned recently from a visit with their daughters and families, Mrs. Joe Stephens in Hamlin and Mrs. Bob Sherman in Temple.

Mrs. Maude Kellogg continues to improve after suffering a heart attack early last week. She is a patient in the South Plains hospital. Her daughter, Mrs. Irvin Kitchen and Mrs. L. C. Couch of Gatesville have been here and also sons, Dennis of Freer and Roby of Earth.

Bennie Shavor of Fort Worth spent the weekend with his parents, Mr. and Mrs. Doc Shavor. He spent Friday night with Kenneth Rhodes, who is employed in Lubbock.

Mr. and Mrs. Tom O'Brien and children of Lubbock, were here

during the weekend, with her parents, Mr. and Mrs. Neil Duffy and her grandfather, James Duffy Sr., who is here from Oklahoma.

### T. J. Herndon Is Buried In Olton

T. J. Herndon of Brownfield was killed in a Saturday night wreck 1.8 miles north of Brownfield on Highway 51.

Officers who investigated the wreck said Herndon was headed north toward Levelland when his car veered over to the left shoulder where it overturned. The ac-

cident occurred about 9:30 p.m.

Herndon and another occupant of the car, David Oulet, 31, also of Brownfield were thrown from the car, and Herndon was apparently crushed by the vehicle as it rolled over.

The victim was taken to the Brownfield hospital by a Brownfield Funeral Home ambulance. Oulet was treated for bruises and released. Herndon was employed by a deep plowing com-

pany in Brownfield. His car was heavily damaged.

Funeral services were conducted at the Southside Church of Christ in Brownfield at 10:30 a.m., Monday morning with Fred Davis officiating.

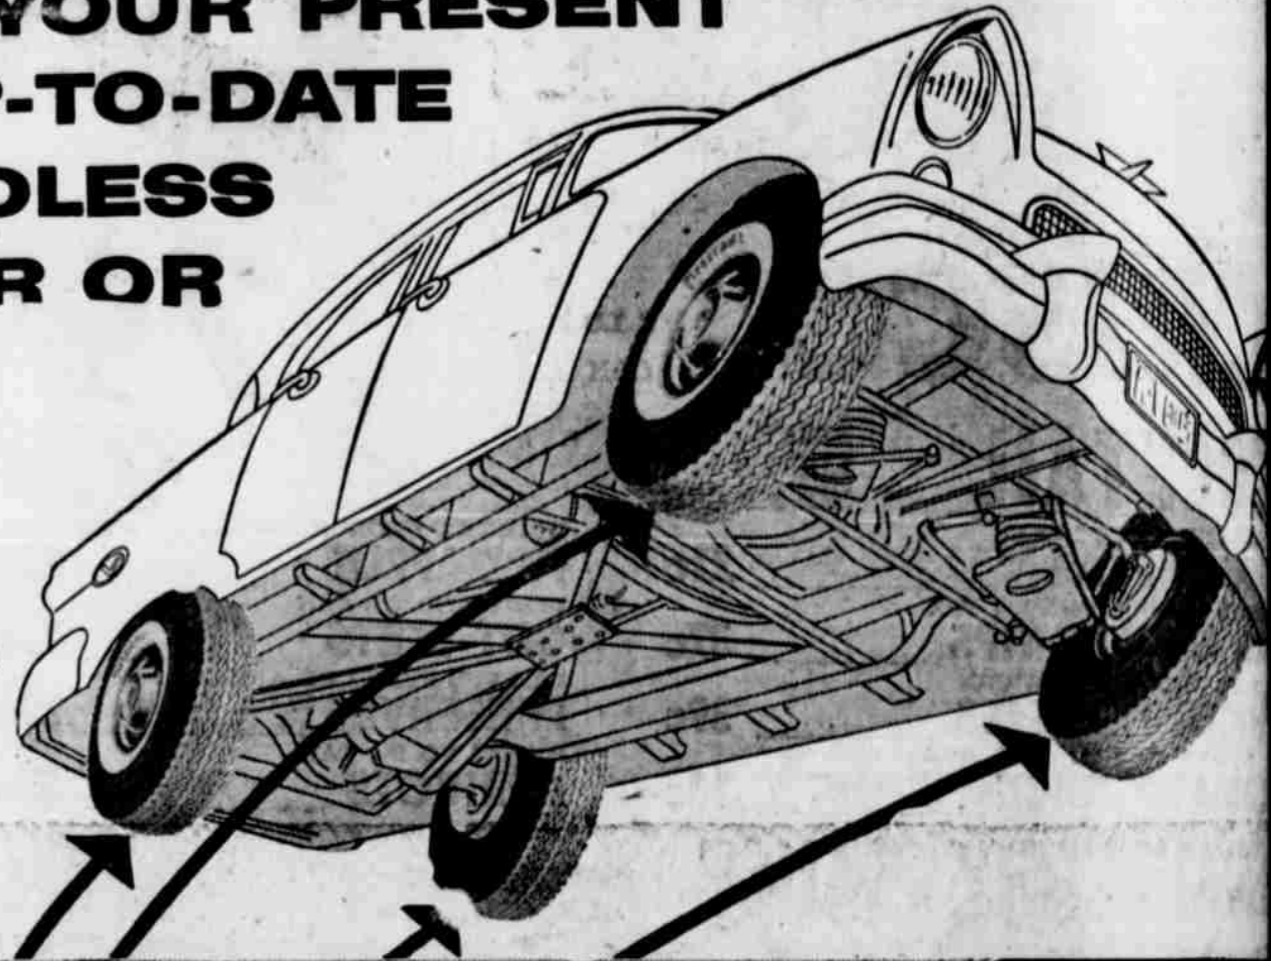

Burial was in the Olton cemetery under direction of Brownfield Funeral Home.

He is survived by his parents: Mr. and Mrs. W. C. Herndon of Olton; his wife; four daughters,

Rebecca, Shirley, Jean, and Freda; two sons, Ted and Freddie, both of Brownfield; Mrs. W. B. Herndon, Mrs. Corne Ma view, Mrs. Pauline Shreve, Mrs. A. B. Jett, Mrs. Marie Jones, Mrs. Lauradell Allen, Mrs. Mrs. Elaine Cornett, Va., and Mrs. John B. and two brothers, Fred and J. D. of Sul-

# Firestone De Luxe Champion Tubeless Tires

THE ORIGINAL EQUIPMENT TIRE ON FINEST 1955 CARS

**AMAZING OFFER**  
We'll Buy All the Unused Mileage in Your Present Tires When You Trade In New Firestone De Luxe Champion

**BLOWOUT PROTECTION**  
There's no tube to pinch or explode! Inside this tire there's a Safety-Liner, which holds air, and reinforces the tire in the event it should be injured... instead of a dangerous blowout you get a harmless slow leak. You drive relaxed, with greater peace of mind.

**PUNCTURE PROTECTION**  
If a nail, or any sharp object should penetrate this tire, the Safety-Liner grips it and slows the air loss... No sudden flat tires, no need to change flats on the road, instead the Firestone De Luxe Champion Tubeless enables you to drive to the nearest service station.

**SILENT-RIDE SAFETY-GRIP TREAD SKID PROTECTION**... Newly designed silent tread has 70% more angles and skid-protecting edges than ordinary tires.

**QUIETER RUNNING**... Won't squeal even on sharpest turns. No hum or whine because tread elements overlap to prevent rhythmic vibration.

**SAFETY-TENSIONED GUM-DIPPING**  
Firestone's new cord treating factory combines the famous Firestone Gum-Dipping process with Safety-Tensioning, a new process which takes the stretch out of tire cords, prevents dangerous tread cracking. The result is greater blowout protection and longer tire life.

By MRS. LESTER LA GRANGE

The Fidelis Sunday school class of Amherst Methodist church enjoyed a party Saturday night, Nov. 12, in the home of Mr. and Mrs. Emery Blume.

Games of 42 were played. Refreshments of fruit cake with whipped cream, homemade candy coffee, hot spice tea and cokes were served to: Mr. and Mrs. George Williams and children, Mr. and Mrs. Bill Elms and children, Mr. and Mrs. Melvyn Dutton and daughters, Mr. and M. S. Ralph Rice, Mr. and Mrs. Jack Durham, Mr. and Mrs. Sam Harmon, Rev. and Mrs. Elton Wyatt and son, Mr. Floyd Russell, and the hosts, Mr. and Mrs. Emery Blume and son.

After the party the group packed boxes of candy and cookies for the boys from the Methodist church who are in the armed forces at home and abroad.

Sunday, December 11 is the date set for the first service to be held in the newly completed Methodist church, the pastor, Rev. Elton Wyatt stated.

Mrs. D. L. Britt and Mrs. Lucy Harlan visited Mrs. Britt's daughter, Mrs. Adele Cole in Big Spring during the weekend.

T. J. Herndon Is Buried in Olton

T. J. Herndon of Brownfield was killed in a Saturday night wreck 1.8 miles north of Brownfield on Highway 51.

Officers who investigated the wreck said Herndon was headed north toward Levelland when his car veered over to the left shoulder where it overturned. The ac-

cident occurred about 9:30 p.m.

Herndon and another occupant of the car, David Oulett, 31, also of Brownfield were thrown from the car, and Herndon was apparently crushed by the vehicle as it rolled over.

The victim was taken to the Brownfield hospital by a Brownfield Funeral Home ambulance. Oulett was treated for bruises and released. Herndon was employed by a deep plowing com-

pany in Brownfield. His car was heavily damaged.

Funeral services were conducted at the Southside Church of Christ in Brownfield at 10:30 a. m., Monday morning with Fred Davis officiating.

Burial was in the Olton cemetery under direction of Brownfield Funeral Home.

He is survived by his parents, Mr. and Mrs. W. C. Herndon of Olton; his wife; four daughters,

Bebecca, Shirley, Jack, Fred, two sons, Fred, Freddie, both of Brownfield, Mrs. W. B. Herndon, Mrs. Corene Masten, Mrs. Pauline Masten, Mrs. A. B. Jones, Mrs. Marie Jones, Mrs. Lauradell Allen, Mrs. Elaine Cormack, Va., and Mrs. John Herndon, and two brothers, Fred, and J. D. of Sudan.

Firestone De Luxe Champion Tubeless Tires THE ORIGINAL EQUIPMENT TIRE ON FINEST 1955 CARS

AMAZING OFFER

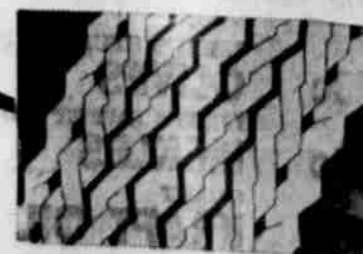

We'll Buy All the Unused Mileage on Your Present Tires When You Trade In New Firestone De Luxe Champion

**BLOWOUT PROTECTION**  
There's no tube to pinch or explode! Inside this tire there's a Safety-Liner, which holds air, and reinforces the tire in the event it should be injured... instead of a dangerous blowout you get a harmless slow leak. You drive relaxed, with greater peace of mind.

**PUNCTURE PROTECTION**  
If a nail, or any sharp object should penetrate this tire, the Safety-Liner grips it and slows the air loss... No sudden flat tires, no need to change flats on the road, instead the Firestone De Luxe Champion Tubeless enables you to drive to the nearest service station.

**SILENT-RIDE SAFETY-GRIP TREAD**  
**SKID PROTECTION**... Newly designed silent tread has 70% more angle and skid-protecting edges than ordinary tires.  
**QUIETER RUNNING**... Won't squeak even on sharpest turns. No hum or whine because tread elements overlap to prevent rhythmic vibration.

**SAFETY-TENSIONED GUM-DIPPING**  
Firestone's new cord treating factory combines the famous Firestone Gum-Dipping process with Safety-Tensioning, a new process which takes the stretch out of tire cords, prevents dangerous tread cracking. The result is greater blowout protection and longer tire life.

### New Meeting Will Consider Cotton Topics

The first annual Beltwide Cotton Production Conference will be held December 15-16 at Memphis, Tenn., the National Cotton Council has announced.

The meeting will focus attention on insect control, disease control, chemical weed control, fertilization, irrigation, and defoliation. It will emphasize the importance of fitting together the best "package of practices" for any individual farm, rather than using a piecemeal approach in adopting new practices.

Speakers will be held at the Hotel Peabody, the Council said. Until this year the Cotton Council has sponsored separate conferences on insect control, weed control, and defoliation. The new Production Conference not only replaces the three previous meetings, but brings other problem areas within its scope as well.

Attending the first in the series of Beltwide Production Conferences will be several hundred persons representing all public and private groups interested in cotton research and education.

Immediately preceding the conference, and held in conjunction with it, will be separate technical meetings of groups particularly concerned with defoliation, disease control, and insect control.

### Enoch's News

By MRS. W. A. POOL

The Women's Missionary Union of Enochs Baptist church met on Wednesday, Nov. 9, and quilted two quilts to be presented to the Mexican Missionary of Littlefield. Each member brought a can of food which is to be included in the presentation.

Mrs. Dutch Cash of Enochs was a recent visitor in Ft. Worth at the home of her son, Douglas Cash and family, welcoming a new grandson into the family. The Douglas Cashes have one other child, a daughter.

Mrs. Perry Fort of Enochs was in a Muleshoe hospital recently, after falling and breaking an arm.

Mrs. Lynn Crabtree of Enochs was in a Levelland hospital recently with a heart ailment. She is the former Doris Mansell, daughter of Mr. and Mrs. Will Mansell of Enochs.

Mrs. Alene Bynum and children were visitors Sunday, Nov. 6, at the home of her parents, Mr. and Mrs. P. A. Altman of Enochs.

The Enochs Ladies Homemakers club met Nov. 10, at the home of Mrs. Ray Spence in an all-day session, with 11 members present. One quilt was completed for the hostess and another was almost finished. A covered dish luncheon was served at noon. During a business meeting, the club planned to bring exchange gifts and secret pal gifts to the Christmas party which is to be December 8, at the home of Mrs. C. W. Vanlandingham. The exchange gifts are not to exceed \$1 in value. Since it is on a regular club meeting day, hostess gifts will be presented as usual.

Next club meeting will be held with Mrs. Ed Autry on Friday, Nov. 25.

Answering roll call were Mesdames L. G. Harris, Dutch Cash, L. G. Fred, C. W. Vanlandingham, D. J. Johnson, Roy Allen, Lewis Jones, T. A. Thomas, W. A. Pool, Bob Newton, and the hostess.

## It Take Lynch Law?

Every day's newspapers are full of news  
 of violent crimes committed in a land sup-  
 ported by the philosophy of law  
 order.

17 year old reform school escapee cuts  
 stomach out of the owner of a car he is  
 to steal. A 23 year old forger plants  
 a bomb in a plane so he can get his mother's  
 money. A professional tough kidnaps, rapes,  
 and murders a Kansas City woman.

It goes on and on. And it gets worse in-  
 stead of better. Police trying to hold it in  
 are shot down.

Public is incensed at first but soon  
 grows weary. Lawyers more interested in building  
 up their reputations than in getting justice delay the  
 trial. And eventually jurors who have more  
 sympathy for murderers than they do for  
 innocent citizens, get them, off with pris-  
 on sentences.

Law given to his people thousands of  
 years ago is that a criminal shall pay for  
 his crime with an eye, a tooth with a tooth and  
 a life.

Christian nations who try to fol-  
 low the law more closely than we do have  
 less crime. In England murder is very  
 rare. The police do not even carry weapons.  
 A 17 year old boy who shot down a bobbie  
 and was hanged a few years ago. How  
 can you imagine our being that stern  
 on crime? And a pretty blonde was  
 hanged a few months back just because she  
 had an illicit lover who had tired of her.  
 In our country she would probably have  
 been acquitted and given a movie contract.  
 That's why the police do not need guns  
 any more.

We are not willing to punish crime  
 enough to deter it, then we can expect  
 crime to continue to grow worse until fear finally  
 forces us to sterner measures and lynch  
 returns.

## STICK LOGIC

By LOUISE C. ALLEN

One of those rare days when we were  
 in a hurry, we sat in the car outside a  
 neighborhood grocery while the spouse went  
 to buy meat. Next door was a barber  
 shop. One of those old-fashioned, friendly  
 shops with moisture steaming up the win-  
 dows. Outside, the traditional red, white  
 barber pole whirled busily.

When we were very young, watching a  
 barber pole was an important feature of "go-  
 town." We don't know to this day  
 why we liked peppermint-stick because  
 it looked like a barber pole, or loved to  
 watch a barber pole because it looked like  
 a stick of sugar candy spiraling its  
 way nowhere into space.

Now, we got to wondering about the  
 barber pole and how it ever got to be  
 a symbol of the hair-cutting trade.  
 Men take such information for granted,  
 but long ago, barbers were  
 important men. Their trade was really  
 a profession then, for they were surgeons  
 as well as hair-cutters. Not only did they cut hair and  
 shave, they also were the official  
 bandages and blood-letters of the day.

When blood-letting was considered a  
 most every ill, their shops were  
 gossip centers, too. The red and white  
 stripes in the pole symbolized the  
 bandages of the arm. About the  
 time we aren't sure, unless it suggests the  
 blood flowing through the skin for blood  
 letting.

There may be no wiser for renewing our ac-  
 quaintance with barber poles, but we're un-  
 usually richer for that brief pause in busy  
 days—for the chance to remember  
 that a little girl.

## Letter To The Editor . . .

Star Route 2  
 Littlefield, Texas  
 November 10, 1955

Lamb County Leader  
 Littlefield, Texas  
 Dear Sirs:

In today's paper I read that there is to be a  
 "most drastic change" in the police department.  
 I'd like to suggest another one. I think you would  
 find this change would be welcomed by the ma-  
 jority of Lamb countians, particularly the people  
 in outlying areas.

I propose that the parking meters in your fair  
 town be removed. Littlefield is a good place to  
 shop. It has several stores in which one can pur-  
 chase reliable merchandise at a reasonable price.  
 Your town also has a few shops to which one may  
 go for the unusual item, or the higher quality  
 item. Littlefield is not so large as to necessitate  
 driving from one store to another, ordinarily.

And so, the shopping spree which could be an  
 enjoyable outing, even a morale builder, turns in-  
 to an ordeal. Just when one is getting "started  
 good," he has to backtrack a couple of blocks to  
 feed the meter.

Why does the city think she needs parking  
 meters? Perhaps some of the apparently good  
 reasons are not justifiable. I'm sure that I do not  
 know all the answers; but then, I'm also sure the  
 parking meters are very unpopular with farm  
 people. If you think I'm just a "sorehead," take a  
 poll and see for yourself.

Sincerely,  
 Mrs. Blanton Martin

(Editor's Note: Anyone have an answer to  
 Mrs. Martin's question?)

## WARREN LEADS STEVENSON IN NATIONAL PRESIDENTIAL TRIAL HEAT ELECTION

By Kenneth Fink, Dir., Princeton Research Service  
 Suppose former Illinois Governor Adlai  
 Stevenson and Chief Justice Earl Warren  
 were the rival candidates for President. How  
 would you vote if the election were held  
 today?

Results of the latest United States Poll  
 survey findings indicate that the former  
 Governor of California would win over the  
 1952 Democratic Presidential candidate.

When United States Poll staff reporters  
 put the following question to a representative  
 cross-section of the nation's voters:

"Suppose the presidential elections  
 were being held today. If Chief Justice  
 Earl Warren were the Republican candi-  
 date and former Governor Adlai  
 Stevenson were the Democratic candi-  
 date, which one would you like to see  
 win—the Republican Warren or the  
 Democrat Stevenson?"

The results:

Nationwide	
Warren	51%
Stevenson	46
Undecided	3

With the 3% who said they were undecid-  
 ed, eliminated, the vote divides 52.6 per cent  
 for Mr. Warren and 47.5 per cent for Mr.  
 Stevenson.

It must be understood that today's poll  
 findings reflect only current sentiment and  
 that much can happen between now and  
 November, 1956, to change people's minds.

Of special interest in today's trial heat  
 election is the fact that Independents—those  
 whose consider themselves neither Republi-  
 cans nor Democrats, who hold the balance  
 of power in every nationwide election—prefer  
 Warren to Stevenson by a margin of  
 exactly eleven to eight.

Here's how the nation's Independents  
 voted in today's trial heat:

Independents Only, Nationwide	
Warren	55%
Stevenson	40
Undecided	5

Of importance, too, is that one out of  
 every six Democrats questioned in the sur-  
 vey say they would vote for Warren.

Democrats Only, Nationwide	
Warren	17%
Stevenson	81
Undecided	2

At the same time, former Governor  
 Stevenson can win over to his camp only 7  
 out of every 100 Republicans.

Republicans Only, Nationwide	
Warren	91%
Stevenson	7
Undecided	2

Chief Justice Warren has gone on record  
 as stating that he will not again be a candi-  
 date for political office "under any circum-  
 stances."

But with the political picture completely  
 changed by President Eisenhower's Possible  
 withdrawal from the race, GOP leaders will  
 undoubtedly try to change Mr. Warren's  
 mind.

Today's trial heat is the first of a new  
 series running various Democratic and Re-  
 publican Presidential candidates against  
 each other. Watch for them in this news-  
 paper. The Lamb County Leader presents  
 the report of the United States Poll exclu-  
 sively in this area. The service is operated  
 and distributed by Princeton Research  
 Service.

## GLEANINGS . . . From Nearby Newspapers

The courts of Texas—like every other  
 arm of government—are the people's elected  
 or appointed servants. Their actions are sub-  
 ject to civic scrutiny and to criticism strict-  
 ly on the score of the public well-being—  
 without personal rancor or malice.

These courts must respect not alone the  
 fact, but even the appearance of impartiality.

That is why San Antonio Express, after  
 reviewing all of the facts, suggests that in  
 the public interest the Texas Court of Crimi-  
 nal Appeals rehear the Duval Adame case,  
 and, in addition, that Judge Lloyd W. David-  
 son voluntarily disqualify himself from its  
 considerations.

It would be to Judge Davidson's interest  
 as well as that of the public for him to step  
 aside.

The facts are plain:

1. The Court of Appeals last year approved  
 the grand jury which brought 104 indict-  
 ments against the Duval machine.

2. The Court of Appeals in October, with  
 Davidson, a new member of the court, as  
 the deciding factor and the man who wrote  
 the new opinion, reversed its previous stand  
 and declared, in effect, the indictments void.

3. Attorney General John Ben Shepperd,  
 representing the people's interest legally, pro-  
 tested the reversal and later suggested he  
 was considering a motion to disqualify Judge  
 Davidson in a rehearing attempt. Shepperd  
 contended Davidson's opinion reflected upon  
 the attorney general and judges connected  
 with the Duval cases and was "a tragic set-  
 back" to Duval prosecutions.

4. The State Bar Association, whipped up  
 by some lawyers, considered ethics com-  
 plaints against Shepperd, but did not finally

entertain them. It got itself into a mess by  
 its actions and the last is not heard of it.

5. Shepperd was ready to introduce evi-  
 dence to the State Bar which was the back-  
 ground of his criticism of the court's opinion  
 written by Davidson. For instance, District  
 Judges Otis Dunegan and Connally McKay  
 of Tyler are reported ready to testify that  
 Davidson told them in February the Duval  
 indictments were not valid—two months be-  
 fore the official record of the first Duval  
 case ever came before him as an appeals  
 judge.

The public's welfare—Texas' welfare—in  
 government is vitally affected by the Duval  
 cases.

In these suggestions to the court and to  
 Judge Davidson the Express is reminded of a  
 quotation from the late Charles Evans  
 Hughes chief justice of the United States  
 Supreme Court:

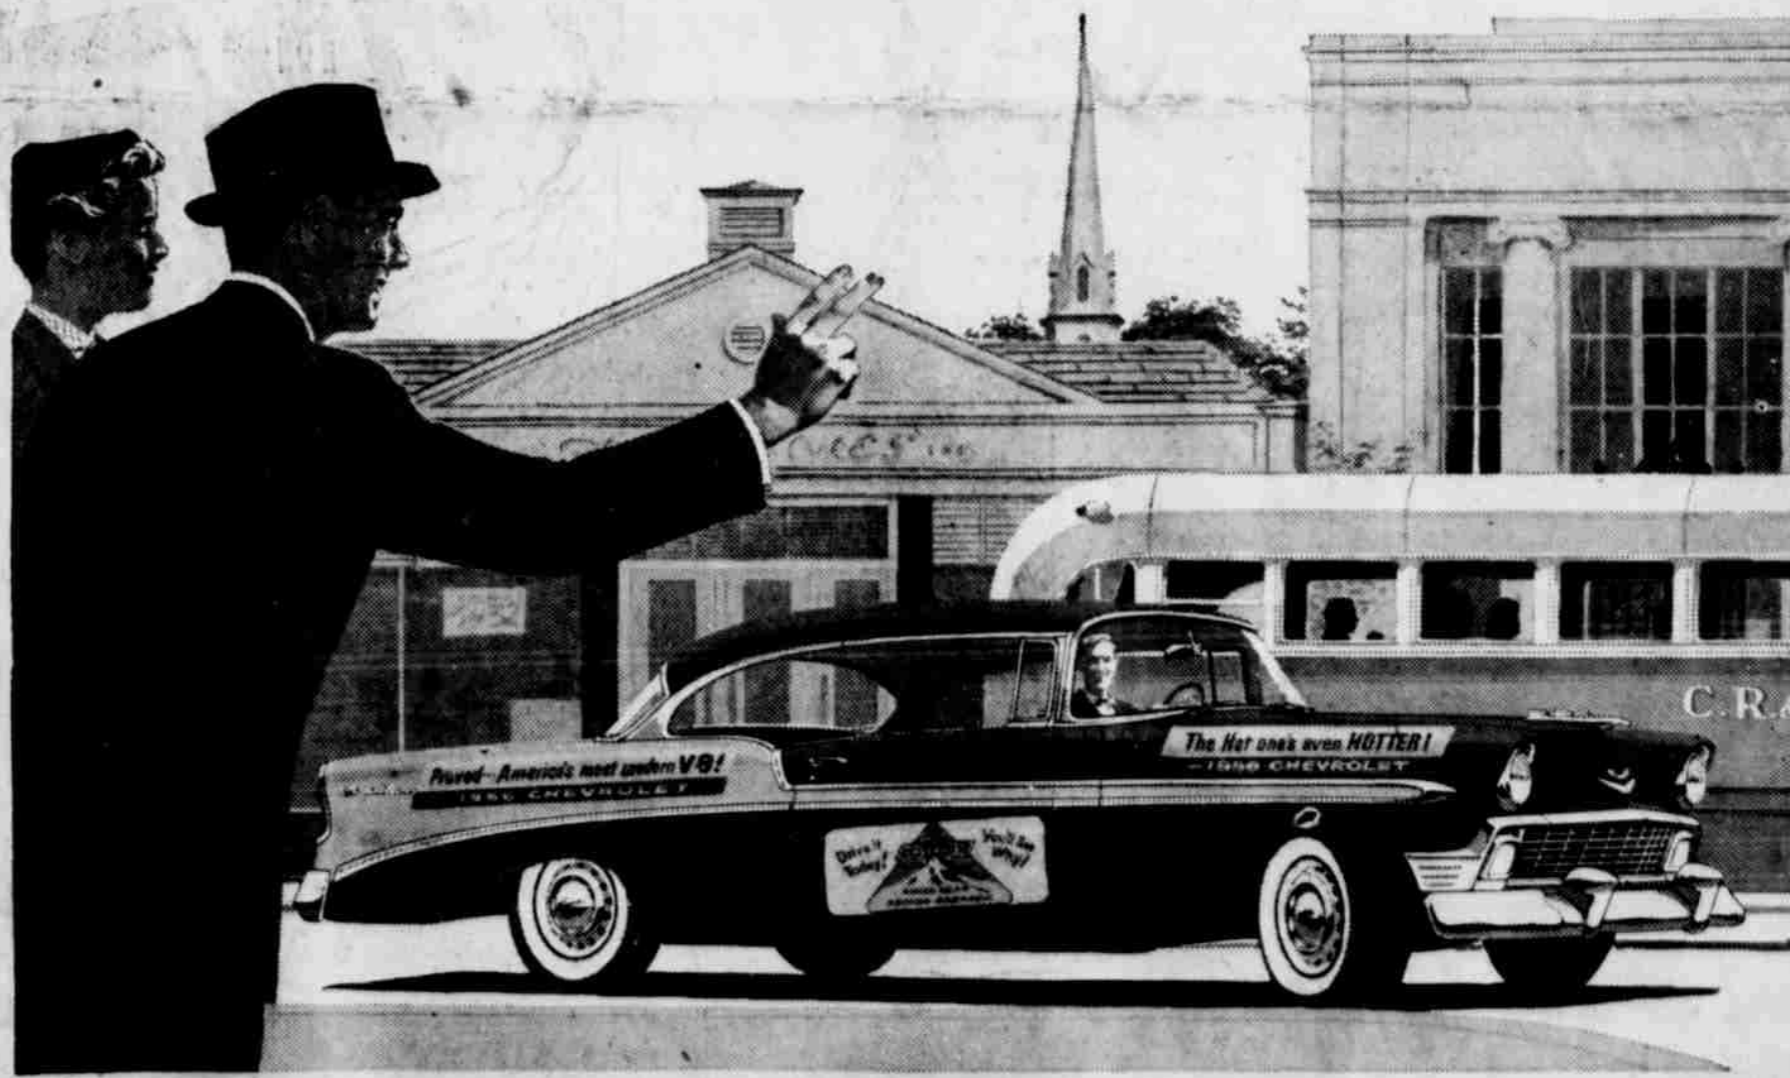

"When there is muck to be raked, it must  
 be raked, and the public must know of it,  
 that it may mete out justice—Publicity is a  
 great purifier, because it sets in motion the  
 forces of public opinion, and in this country  
 public opinion controls the courses of the  
 nation."

—San Antonio Express

## Highlights and Sidelights From Your State Capitol

By VERN SANFORD  
Texas Press Association

AUSTIN—Sentiment to persuade U. S. Sen. Price Daniel to run for Governor next summer is growing.

Sen. Daniel has been in Austin and other cities over the state the past month holding subcommittee hearings on narcotics traffic. On the side he has talked with many local political leaders.

Reports were that some spokesmen for both liberal and conservative factions hoped that by supporting Daniel they could avoid a repetition of the 1954 gubernatorial slugfest.

Daniel has said he will not announce his intentions until after January 1.

### More Super-Roads

A four-lane highway connecting all population centers should be Texas' aim, says Gov. Allan Shivers.

Addressing a meeting of the Texas County Judges and Commissioners Association in Austin Shivers praised the farm-to-market highways. But, he said, "Our trunk-line system has not fared so well."

At least 3,000 more miles of heavy-duty roads are needed Shivers stated. He added that "such construction would pay for itself with increased gasoline tax revenues. But people seem more willing to pay more expensive toll road fees than state taxes."

### North-South Thoroughfare

A super-highway from the Red River to the Rio Grande by 1960 is the target of the Texas Highway Department.

Originally completion of the 512-mile project was scheduled for 1975. However, faster acquisition of right-of-way than was expected has made the advanced date possible, reports State Highway Engineer DeWitt C. Greer.

Following the route of present U. S. Highway 81, the new giant road will cost an estimated \$275,000,000.

### Where to Put Pupils

Despite mammoth construction

outlays, Texas' Public Schools still are fighting a losing battle with enrollment figures, says the Texas Education Agency.

If buildings and pupils continue to be added at the present rate, the state will be short 24,000 classrooms by 1960, TEA estimates. This despite the fact that during the past six years Texas spent \$432,000,000 on school buildings—or far more than any other southern state.

Population shifts, both within and to the state, as well as the rising birth rate, cause the dilemma, says TEA.

### Building Advisors Named

Five men have been appointed to help plan a new State Courts Building.

Named to the Supreme Court Building Advisory Board, by Gov. Shivers, are former Supreme Court Judge A. J. Folley of Amarillo; former congressman Ed Gossett of Dallas; former Gov. Dan Moody; J. Neils Thompson of Austin; and Virgil T. Seaberry Sr., of Eastland.

### Duval Decision Stands

Hope is apparently ended for any change in the decision of the Court of Criminal Appeals nullifying 104 Duval County indictments. The court refused to reverse its ruling that the grand jury which returned the indictments was improperly constituted.

Meanwhile a new Duval grand jury completed its term returning 188 indictments, 88 of them citing persons involved in the original group. Ten were against South Texas political boss George Parr.

### Parr Case Before Court

The Texas State Supreme Court will review a case to decide if and when George Parr is to be tried on a civil recovery suit. State action seeks to regain \$500,000 in county funds Parr allegedly used to buy a ranch.

A conflicting suit by pro-Parr forces contends the money was

Supreme Court decision ruling that the Army may not try discharged servicemen for offenses committed while in the service.

a loan and seeks trial in Laredo. Trial in Cotulla or Alice is sought by the state.

### Acres Cuts Protested

Disgruntled West Texas farmers took a verbal swipe at the State Agricultural Stabilization and Conservation Committee.

In making 1956 cotton acreage allotment the committee allowed a slight gain for Central and East Texas counties, but left West Texas seven per cent short.

At the Texas Farm Bureau convention the losers pushed through a resolution calling for reduction in the committee's distribution powers.

Farmers were united in other resolutions refusing to endorse flexible price supports, asking for high price supports on basic commodities and urging efforts to find outlets for surpluses.

### Hearing on Hood Pledged

A small ray of hope has de-

veloped for the "save Fort Hood" forces in Texas.

Citizens in a 12-county Central Texas area have been stirred up ever since the Army announced plans to move half of Hood's personnel to Louisiana.

Governor Shivers, Senator Daniel, Sen. Lyndon Johnson, and several congressmen have spearheaded their efforts. They called attention to the enormous public and private expenditures made in the area to serve Hood personnel.

Senator Daniel received a telegram from the Secretary of the Army promising Texans a hearing on the subject.

Army dissatisfaction was thought to stem from the refus-

## Good News For Dairy Men

A brand new service for Texas dairymen has been announced by Extension Dairy Husbandman R. E. Burlison and A. M. Meekman. They call it "Herd Sire Analysis." Local county agents have the details. It is offered as an aid to help take some of the guess out of herd sire selections.

As an aid to stockmen, dairymen and poultry producers, the extension entomologists have prepared a leaflet, "Guide for Controlling External Parasites of Live Stock and Poultry". It is available from the office of your local county agent. Now is the time to get several of the parasites.

Give the young plants in winter pastures time to develop a good root system before turning in the livestock. Grazing too early can result in depleted stands and a corresponding loss in production.

An extra pig or two per litter resulted when the diet of the mother sow was supplemented with an antibiotic during her gestation, reports the USDA. The extra pigs were due to birth of more live pigs and better ability of the pigs to survive until weaned.

## Makes TV Square Worn Bedspread

A worn cotton bedspread may still have some good sewing material left in it.

Useful and attractive "television squares" can be made with some of the fabric. Buy a roll of cotton batting for cushioning material. Make the squares 4 inches

square. Ask your local property owners to permit use of their land for maneuverers without payment.

deep by 30 inches wide. Cover the cotton cushioning with the bedspread fabric and add a snowy moss fringe or bright piping for trim.

These cushions also can go outside to terrace or yard for picnics and barbecues.

An average bale of cotton yields 170 pounds of seed for every 100 pounds of lint. Cottonseed supplies a great part of America's vegetable oil.

SHAMROCK'S NEW MOTOR OILS

GUARANTEED... the new multi-viscosity motor oils will do more to improve the winter starting characteristics and extend the life of your car than any other petroleum lubricating oil.

It's a scientific fact... most engine wear occurs:

1. During the warm-up period before ordinary oil thins down enough to circulate freely.
2. At high operating temperatures when ordinary oil thins down too much to give proper protection.

It's a scientific fact... Shamrock multi-viscosity motor oil stops this wear because:

1. It circulates freely in temperatures as low as 30° to 35° F below zero.
2. It retains its viscosity (thickness) at highest operating temperatures.

Improve the performance and extend the life of your car with Shamrock 5W-20 or 10W-30 motor oil. Ask for them at the Shamrock station near you.

# Boys' Ranchers Establish Their Own FFA Chapter

FFA boys at Boys' Ranch build new hog pens and hope in the near future to be able to raise the majority of their own pork at the Ranch. This is the first time the Ranch has had an FFA Chapter and the boys are really working to make it one of the best in the area.

Cowhands at America's First Boys' Ranch, Amarillo, Texas, have their own FFA Chapter this year for the first time at the Ranch.

Knowing how to take care of their stock properly is a very important part of the Ranch operation. The boys are very proud of their new FFA chapter, which is a part of their vocational training in their new school.

Under supervision of Mr. Bill Jackson, Vocational Agricultural teacher, the boys have undertaken as their first project the building of hog pens and the Laz-buddy FFA Chapter has given the Boys' Ranchers a pig to begin with. They are hoping within a short time to have several brood sows and about 150 feeder pigs.

It takes three hogs a week to feed all 220 boys at the Ranch and the FFA boys are hoping to be able to provide the majority of them as well as beef and other projects they will undertake.

Members of the Area I FFA Chapters have for the past few years helped the Boys' Ranchers with a "Beef A Month" plan, with each club in the organization donating about one beef during the year. This supplies a part of the two hogs a week it takes to feed the boys and they are hoping to supplement it by raising some of their own beef in their chapter.

The Ranchers are getting a

good start this year with their FFA Chapter and are very enthusiastic about their new projects.

## Anton Community Auction Is Dec. 10

Anton will hold their annual Anton Community Auction sale on December 10.

Anyone having anything they want to sell at auction are requested to leave the listings at the Anton Office building.

The auction bill will be made up on December 1 and will be widely advertised.

This will be one of the largest sales in the area and there will be plenty of buyers. If you have some item that you don't want or need now is the time to list it.

It may be easier to burn the leaves which clutter lawns during this time of year but they're valuable if made into compost. The application of compost to the flower or vegetable garden next spring will increase the organic content of the soil, help keep soil temperatures down and conserve moisture. Compost is valuable too as a mulch. Don't burn 'em—pile and compost, leaves that is. Indian estimates there are a million cases of leprosy in the country.

### NOW - Just touch the pedal and away you go!

(That's the New Variable Pitch Dynaflo\*)

OF COURSE, you can floor the pedal of this stunning new '56 Buick and get the full-power sweep of its advanced new Variable Pitch Dynaflo.

That's how you switch the pitch of this airplane-principled transmission for instant safety-surge acceleration to get out of a tight spot on the highway.

But now you get a brilliant new response at the start of pedal travel, too.

Now you get a solid take-hold for instant take-off in the first inch of pedal action—where most of your normal driving is handled. And you get

this great new getaway with a big boost in gas mileage, too.

So there you are, just nudging the pedal, and getting action that makes you feel like you've floored it.

There you are, handling all your normal driving situations with a confident toe-touch—with new surety and snap—and with the happy satisfaction that comes with a sizable step-up in the miles you get from a tankful of gas.

And there you are, rolling along with beaming pride as boss man of the best Buick yet.

For here you have, beating any past Buick, the

greatest power yet—the boldest styling yet—the sweetest ride yet—the smartest interior yet—and, by far, the best buy yet.

Drop in on us this week—tomorrow, if you can—and see for yourself that there's never before been anything like this Buick beauty for 1956.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

# GM'S Parade Of Progress Is Coming To The South Plains November 25 - 29

One of the largest and most unusual shows of its kind comes to Lubbock November 23, for a four and one-half day run. The General Motors Parade of Progress, a huge traveling science

Moving on to another show town, the General Motors Parade of Progress makes an impressive caravan of gleaming red-and-silver vehicles. Pacing the line are the Parade's Futurliners, big vans that contain many exhibits of research and science. The Parade's entire show is free to the public.

Non-commercial and educational in nature, the Parade of Progress has 26 major exhibits and is housed in a large, fireproof Aerodome tent which was specially designed by GM engineers to provide the maximum in audience safety and comfort.

With all the glitter of show business, the Parade of Progress tells the story of modern science and engineering in industry, and how they have contributed to the high American standard of living.

In addition to the Aerodome, the Parade has a dozen Futurliners, modernistic vans which resemble huge buses in appearance. Animated exhibits are built into these unusual vehicles. On a show lot, the sides of the Futurliners fold out to become stages where college-trained lecturers vividly describe such things as a cut-away jet engine, "The World of Science" and "The Miracles of Friction."

These exhibits are arranged midway in front of the Aerodome, scene of the Parade's feature attraction, a 40 minute stage show. Here, in rapid-fire sequence, are shown such scientific oddities as the making of synthetic rubber in a pop-bottle, cooking in a stove that never gets hot, a motor that runs on heat and light and a miniature hydrogen explosion, a gas turbine engine in operation and music played on micro-waves.

The Aerodome itself is an unusual structure. Designed by

General Motors engineers especially for the Parade of Progress, it is the only tent of its kind in existence. It is built like an inside-out umbrella, with a skeleton of aluminum beams from which its fireproof plastic-impregnated canvas "skin" is suspended. It has no poles, no stakes, no guy-wires—nothing inside to obstruct vision. It seats 1,250 persons in aluminum and fireproof canvas folding chairs.

Like the tent, the Futurliners also were designed by GM just for the Parade. Painted a gleaming red and white, they are completely stream-lined and ultra-modern. The driver's compartment is located high above the road and is almost completely surrounded by a green-tinted glass.

Five seats in the center of the cab, and has every modern assistance, such as automatic transmission, power steering, power brakes and automatic electronic headlight dimmers. The cabs are air conditioned. For added safety, the Futurliners have dual wheels on the front as well as the rear. A huge rubber bumper runs completely around each vehicle and each has a short wave radio receiver so that instructions can be relayed on the road from two passenger

cars and a service truck which are equipped with two-way radios. On location at night, the tops of the Futurliners push up to form fluorescent lighting towers, adding to the colorful carnival atmosphere of the parade.

But beneath all this circus glitter, the Parade has a serious purpose, as evidenced by the words of GM's president, Harlow H. Curtice.

"The nation's present place of world leadership depends to a great degree on research and engineering," he said when the Parade was launched at Detroit.

"Our daily lives, too, are deeply affected by modern science."

"The Parade of Progress tells that story. For we of General Motors are tremendously interested in promoting a better understanding of research and engineering and what they mean to all of us.

"Visitors to the Parade's exhibits and stage show will not only enjoy the many vivid and dramatic things they see and hear they also will come away with a deeper faith in the American way of life—a system that has encouraged the kind of progress that we in this country have seen take

place. "And that is progress for all. "We would like to help folks see, specifically, how research, engineering, and American progress are solidly linked together. "And we want, too, to inspire young people—the youngsters with eyes on the future, the inventors, scientists and engineers, and leaders of tomorrow. "In short, we hope to present, through this Parade of Progress, a picture of America on the move toward better lives for all of us."

The Parade of Progress has been on tour since April 1953. It has traveled through 31 states in the Midwest, South, Southwest, East, plus Canada. Lubbock will be the 120th city on its nationwide itinerary. The Parade of Progress comes to Lubbock after completing a very successful tour of Canada this summer. More than 6 1/2 million people have visited the Parade to date.

Following the public showing here, the Parade will go to Abilene.

November 12 is National 4-H Achievement Day and Texas 4-H club members will participate by holding special recognition events in their local and county clubs. Join them to learn more about this great youth organization.

## New Convertible Will Await '56 Cotton Maid After Tour

A gleaming new Ford convertible will be awaiting the 1956 Maid of Cotton when she returns at the end of her six-month international tour next summer, the National Cotton Council has announced.

Judge J. C. Johnson, West Memphis, Ark., president of the Memphis District Ford Dealers advertising committee, has revealed that the dealer group will present the automobile to the cotton industry's fashion and good will ambassador.

The 1956 Maid of Cotton will be the tenth to be honored by the Ford dealers' group. Judge Johnson said that presentation of the car symbolizes the close working relationship between the cotton and automotive industries. The automobile industry is one of the largest consumers of cotton.

When contest finals are held December 28 at Memphis, the new Maid will receive a certificate of presentation and keys to her automobile. At the conclusion of her tour next summer, she will return to Memphis for a formal presentation of the car to

Contest Now On  
The contest now is under way to choose the young lady who will serve the cotton industry as its eighteenth fashion and good will representative. Any girl born in a cotton-producing state who is between the ages of 19-25, who has never been married, and who is at least 5 feet 5 inches tall is eligible to enter.

Entry forms and complete information are available from the National Cotton Council, P. O. Box 9905, Memphis 12, Tenn. All entries must be completed and returned postmarked no later than midnight December 1. Each entry must be accompanied by two recent photographs, one a head and shoulders portrait and the other, full length.

Judging Standards  
The Maid of Cotton competition

is not a beauty contest in its usual sense, Cotton Council officials emphasize. Girls will be judged on the basis of personality, poise, and intelligence, as well as appearance.

Immediately after the Maid is chosen, she will leave for New York for a months preparatory training period and fittings of her glamorous cotton wardrobe designed by 40 fashion pacesetters. Her tour begins officially at Nassau, Bahamas, January 31 and will carry her to more than 30 cities in the United States and Canada. Plans for a European tour will be announced shortly, the Cotton Council added.

Each year the contest and tour are sponsored by the National Cotton Council, the Memphis Cotton Carnival and the Cotton Exchanges of Memphis, New York, and New Orleans.

nolds spent the weekend visiting  
relatives in El Paso.

Mr. and Mrs. Henry Jarman of  
Slato visited in the A. L. Stone  
home Sunday.

Mr. and Mrs. Calvin Philipps  
and Murl of Welch, visited in the  
Arthur Parker home Sunday.

Rex Williams, who is in the

service, stationed in Oklahoma,  
spent the weekend with his par-  
ents, Mr. and Mrs. Lynn Wil-  
liams.

Mrs. Charlie Thompson, Throck-  
morton, and Mr. and Mrs. A. Z.  
Dunn of Littlefield, visited Mr.  
and Mrs. D. R. Williams, Sunday  
afternoon.

Mr. Boyd Rea attended the  
homecoming at Hermleigh last  
Friday. He is an ex-student there.

Miss Bobby Dean Newell, who  
is attending Wayland College,  
visited her parents, Mr. and Mrs.  
Robert Newell, over the weekend.

In season with the arrival of fall  
weather. Serve them piping hot  
with plenty of margarine and  
syrup. Make a special treat by  
adding chopped walnuts or pecans  
to the batter.

A delightful cocktail spread can  
be made this way: Use one-fourth  
cup margarine as the base. Add  
one to three tablespoons of blue  
or Roquefort cheese rubbed thru  
a strainer. Season to taste.

## Kitchen Comment

When there is a sick person in  
the house, an ordinary cotton  
shoe bag can prove helpful to the  
"nurse" and to the patient. Tuck  
the top of the bag between the  
mattress and the bedspring. The  
bottom rows of pockets that are  
left hanging out can hold mag-  
azines, tissues, and other items  
within easy reach of the patient.

**Reputation**  
Adding Years of Health and Youth  
Not so many years ago people were well beyond the prime  
of life by the time they were 35 or 40. But during the last two  
decades, tremendous strides have been made by medical  
science to bring health and youth to people beyond these ages.  
The **RODEN DRUG STORE** works daily hand in hand with  
science to create a healthy and happier world in which we can  
live and prosper.
