GERMAN PRISONERS BRING IN THEIR WOUNDED: German soldiers bring in a comrade for medical treatment after surrendering to troops of the American Third Army at Pouilly, France. This photo was taken by Byron Rollins, Associated Press photographer with the wartime still picture pool. (AP Wirephoto)

Allied Units Reported Across Rhine; Superforts Rain Explosives On Tokyo

Arnold Declares Repercussions Loom

WASHINGTON, Nov. 24 (AP)—A mighty armada of B-29 Superfortresses blasted Tokyo today with hundreds of tons of bombs, opening what Gen. H. H. Arnold said was "an attack which will be carried on relentlessly from the air until the day of land-sea invasion" of Japan's home islands.

An undisclosed number of Superforts roared from newly-completed airbases here at dawn for the 3,000-mile flight which marked the initial attack on Japan's capital, by land-based planes and its first bombing since April 18, 1942.

Brig. Gen. Emmet "Rosie" O'Donnell of Jamaica, N. Y., 38-year-old former West Point football coach, led the historic daylight assaults, believed to be the largest attack yet made on Japan's homeland.

The aerial task force was from the recently-established 21st Bomber Command of the 20th Army Air Force, operating from the Marianas, under the command of Brig. Gen. Hayward S. "Possum" Hansell, Jr. of San Antonio, Texas.

The first use of these bases south and east of Tokyo creates a two-way aerial squeeze against Japan's vital industries, with other B-29's from China, to the westward.

First official announcements of today's raid merely said a "sizeable task force" of Superforts "attacked industrial targets in Tokyo." Another communique was promised when further details were available.

(Tokyo, acknowledging the assault four hours after its announcement in the United States, said 70 Superforts hit the southern and northern outskirts of the capital early this afternoon, Japanese Federal Communications Commission, claimed the B-29s "failed to attain any tangible results" but "residential sections, including one hospital, were slightly damaged." It said three were shot down. There was no Allied confirmation.)

Early reports gave no indication of the bomb loads carried. But the Army Air Forces revealed a Superfortress can carry at least ten tons of bombs. Some B-29 flights are known to have included 100 planes.

The airman were briefed to avoid the imperial palace, in the capital's heart, and shrines and temples.

Cotton Pickers In Area Heading South
"Cotton pickers are leaving the county and traveling back to South Texas since the cool spell and rain set in," Durward Lewter, county agent, said today. He added that this may lead to the farmers harvesting cotton with a slide, thus lowering the grade of the cotton. Lewter also said the pickers leaving provided the opportunity for farmers to try out the mechanical cotton pickers. As yet full use of this machine has not been determined.

DODY GOVERNS METZ
SUPREME HEADQUARTERS, Allied Expeditionary Force, Paris, Nov. 24 (AP)—Gen. Dody, commander of the Second Moroccan division which distinguished itself in the Italian campaign, has been appointed governor of Metz by Gen. De Gaulle.

Unconfirmed Reports From German Front Say Blaskowitz Is Removed

LONDON, Nov. 24 (AP)—Unconfirmed reports from the German front said today that Field Marshal Gen. Johannes Blaskowitz, commander of the German 19th army in rout on the southern end of the western front, had been withdrawn from his command.

The same information reaching London said Blaskowitz would not be replaced. His command has been taking terrific punishment from the U. S. Seventh and Third and the French First armies on the front from Metz south to the Swiss frontier.

Latest advice said up to ten of the 19th army's undersized divisions were in precarious positions in the Vosges mountains, planned against the Rhine. It is believed, however, that

many have escaped to the refuge of the Siegfried line, east of the river in that sector.

The information concerning Blaskowitz said two army groups in the future would defend the western front; group "I" commanded by Field Marshal Gen. Walther von Model in the north and group "G" under Gen. Hermann Balck in the south.

This was accepted as a logical development in London military circles. The French-American slash to the Rhine in the south has materially shortened the Nazi front west of that deep, wide river—an area in which Gen. Eisenhower says the decisive action will be fought out.

Blaskowitz was known as a close friend of Field Marshal Gen. Gerd von Rundstedt, German supreme commander in the west.

Russian Fourth Ukrainian Army On Move Again

LONDON, Nov. 24 (AP)—The Russian Fourth Ukrainian army was on the move again today in eastern Czechoslovakia after a four weeks fighting lull.

Moscow announced last night the fresh drive by Marshal Ivan Petrov's forces already had ground out gains up to 16 miles on a 25-mile front west of Ungvar, Carpatho-Ukraine city which fell Oct. 27. The thrust, apparently aimed at the big highway and rail hub of Kassa (Kosice), has overrun 30 populated places as well as Casp (Cep), a railway junction 15 miles south of Ungvar.

While Petrov's troops were reaching Sobrance, ten miles northwest of Ungvar, Marshal Rodion V. Malinovsky's Second Ukrainian army units recaptured Tokaj at the lower end of an approximately 55-mile active front between those two points.

In yesterday's fighting Soviet troops also smashed west of Ungvar 16 miles to Budkovec. The railway station of Baska, seven miles west of Casp, also fell.

The Russian communique reported capture of more than 3,000 German and Hungarian prisoners north and northwest of Casp, and 2,500 in two days of battle in Hungary.

Stinson Killed In Holland Conflict

Pfc. Paul G. Stinson, 22, former Big Spring resident and a veteran of the African, Sicilian, Italian and French campaigns with the 82nd airborne division, was killed in action in Holland on Oct. 27, according to word received by his parents, Mr. and Mrs. S. M. Stinson, 635 N. 2nd, Tucson, Ariz.

He was reared in Big Spring and attended school here from 1929-38, when his family moved to Tucson. His grandparents, Mr. and Mrs. Stinson, reside here at 510 Lancaster.

Pfc. Stinson entered the service in August 1940 and was stationed at Fort Bliss with the Eighth cavalry of the First cavalry division, transferring later to the paratroopers. He had training at Fort Benning, Ga., and Fort Bragg, N. C., before being sent overseas in April 1943.

Survivors include his wife, Joslynn, Franklin, N. C., and two brothers, Sgt. Robert B. Stinson, in the South Pacific, and Cpl. Sam M. Stinson with the Fourth Marine division and who holds the Purple Heart.

Services Held For Newman Daughters

Services were held at 3 p. m. Friday at the Eberly-Curry chapel for Betty Jo and Barbara Jane Newman, infant daughters of Mr. and Mrs. Douglas C. Newman. Born Nov. 22, the first baby died at 9 p. m. the same day and her twin at 6 a. m. Friday. Prayers were said by J. D. Harvey, Church of Christ minister, and burial was in the city cemetery.

Besides the parents, survivors include one sister, Judy; the maternal grandparents, Mr. and Mrs. C. S. Kyle, and paternal grandparents, Mr. and Mrs. V. A. Newman, Bryson.

PFC. PORTER CITED
Pfc. Adrian A. Porter, formerly of Big Spring, is among those recently commended by Brig. Gen. Isaac W. Watt, commanding general of the largest air service command aircraft depot in Britain for keeping his truck in top shape and avoiding delays for repairs.

Porter is a driver. His wife, Mrs. Ruby Ella Porter, resides in Tahoka.

CRISIS OVER CONSCRIPTION FOR CANADIANS THREATENS CABINET

OTTAWA, Nov. 24 (AP)—Prime Minister W. L. MacKenzie King struggled to hold his government together today in the most serious cabinet crisis in 20 years, sharpened by anti-conscription demonstrations in the French-speaking province of Quebec.

Disturbances reminiscent of rioting in the last war broke out in Quebec last night after the King government announced it had adopted partial conscription to meet an urgent need for reinforcements on the western front.

Youths in their late teens and early twenties paraded by the hundreds through the streets of Quebec City, shouting against conscription, smashing windows in the building of the English-language Chronicle-Telegram and storming an army recruiting office and a liberal party club.

With emotions running high across the country, Prime Minister King's liberal party was crumbling under the impact of the conscription issue. Half of the 60-odd liberal members from Quebec were reported planning to withdraw support from the government, and one cabinet member from Quebec, English-speaking Air Minister C. G. Power, already had resigned.

King declared last night he would seek to avoid a general election at this time, but it appeared that events were moving too swiftly for him to be able to dictate their course.

The government's new policy provides that 16,000 men may be sent overseas from the drafted home defense army, and that figure may be changed later as needs change. The step marked abandonment of five years of war effort under a system of volunteer enlistment for service abroad.

Bond Sales Hit Holiday Slump

Bond sales struck the holiday snag with a resounding thud Thursday as leaders expressed hopes that buyers would take up the slack Friday and really turn on the steam Saturday.

Only \$687—all in E bonds—was added to the total reported since Wednesday. This brought the E bond aggregate for the Sixth War Loan to \$80,259.50 and the over-all total to \$169,646.50.

Reports from issuing agencies at rural postoffices are expected during the weekend and may add punch to the individual sales. Too, there were prospects that Saturday should prove a big day for women conducting sales at the bond booths at the banks and bond headquarters.

Practically all of the sales reported during the past three days have been to individuals. Other sizeable purchases of other issues and tax notes were expected to be received, some possibly before the end of the week to push sales well on their way to the first half-million mark.

Howard county's over-all quota for the Sixth is \$1,420,000, of which \$365,000 must be in E bonds.

CIO Drops Wage Protest; Favors Nazi Punishment

CHICAGO, Nov. 24 (AP)—The CIO temporarily sidetracked its planned protest against the wage freeze and the War Labor Board, and instead stood on record today as favoring a hard peace for Germany.

In a resolution asking labor representation at the peace table, the huge labor organization called "for absolute destruction of Hitlerite Germany and the Japanese militarists."

"There can and must not be any negotiated or soft peace," the resolution adopted by the 600 delegates to the annual convention said.

"The full and stern punishment of war criminals must be assured. The German people must be taught that they shall atone for the crimes and horror which they have visited upon the earth."

Resolutions on the WLB and urging removal of present restrictions on wage increases, and another advocating international labor unity were the major ones left for action today.

The resolution condemning the board refers to delays in disposing of cases and WLB's refusal to make any recommendations to the President to abandon the "Little Steel Formula" as the peg for pay increases.

Chinese Drive Into Enemy Stronghold

SOUTHEAST ASIA COMMAND HEADQUARTERS, Kandy, Ceylon, Nov. 24 (AP)—Chinese troops have driven into the Japanese stronghold of Bhamo, key to central Burma, from the south and the northeast, Admiral Lord Louis Mountbatten's command announced today.

A communique said strong Japanese positions were breached at two points in the southern part of the town while a single Chinese column deepened the wedge in the northern suburbs. Bhamo was surrounded by Allied forces nearly two weeks ago.

In addition, during that year alone British ships brought to the United Kingdom more than 865,000 uniformed Americans, including 320,500 carried on the Queen Mary and Queen Elizabeth.

Nazi Command Launches Attacks Against British

LONDON, Nov. 24 (AP)—Allied advance units were reported today to have crossed the flooded Rhine east of Strasbourg, which French and American troops had captured save for a small but powerfully defended bridgehead at the western end of the main bridge.

Field Marshal Gen. Gerd von Rundstedt committed ten or twelve divisions to the great battle of attrition on the soggy Cologne plain to the north and behind flame throwers and a drum-fire artillery barrage drove the British Second Army from the villages of Beck and Hoven, three miles northeast of Geilenkirchen.

The U. S. Ninth Army, fighting for Juch in the brown and turbulent Roer river 25 miles from Cologne, knocked out its 11th German tank in a seven-day battle on the right flank of the British Second Army front. In Holland, the British inched to within a mile and a half of Venlo, the Dutch road center on the great bend of the Maas (Meuse) river.

On the hottest corner of the western front, however, a violent German counterattack with six or seven divisions, half of them armored, threw the British Second Army out of Hoven on the muddy Cologne plain, three miles northeast of captured Geilenkirchen.

Flanking the British to the south, the American Ninth and First army offensive in the valley of the turbulent Roer river slowed to a sticky crawl or even were checked entirely while the Germans threw wave upon wave of counterattacks at Allied lines. The fighting centered at the approaches of Julich, highway town on the Roer 25 miles from ruined Cologne.

The American Third Army beyond Metz captured Oberluren and deepened its northern wedge into Germany with gains of two to four miles yesterday. The front of Lt. Gen. George S. Patton, Jr., edged slowly toward the Saar industrial and rail center of Saarbrücken, 15 miles from forward lines.

British troops in Holland moved within easy field gun range of the Maas river town of Venlo, a mile and a half away.

Snow, rain and fog slowed the drives in the Vosges mountains beyond Belfort where American and French units were striving to bag thousands of Germans of the 19th army.

Front reports said fighting was in progress in the narrow, crooked streets at the center of Strasbourg, quaint old fortress city of 193,000 capital of Alsace-Lorraine and a two miles west of the Rhine but linked to the river by a canal and port.

Frank Kuykendall Dies In Seminole

Frank Kuykendall, brother of Mrs. J. B. (Jack) King, died at Seminole Thursday evening. It was reported here Friday.

A pioneer resident of Gaines county, Mr. Kuykendall had served as sheriff of the county for six years and was well known throughout mid-West Texas. Mr. and Mrs. King and members of the family left Friday morning to go to Seminole. Funeral arrangements were still pending.

Tax Totals Given For Month's Funds

A total of \$85,479.45 has been paid in city taxes up to Friday. Of that amount \$76,707.86 were paid in October and a three per cent discount was given. A discount of two per cent is given in November and thus far \$6,771.59 have been paid.

There has been \$80,913.25 paid to the Big Spring school tax office. This amount includes those taxes paid with the three per cent discount and the two per cent discount for November.

The discount will be reduced to one per cent after November 31.

FT. BROWN MAY BE CENTER
BROWNSVILLE, Nov. 24 (AP)—One hundred-year-old Fort Brown, now on the department's abandoned properties list, would become a medical research center devoted to special study of tropical diseases, under a proposal now being studied by the legislative committee of the Veterans of Foreign Wars.

Telephone Strike Has Sudden End

WASHINGTON, Nov. 24 (AP)—The nation breathed relievedly into its telephones today, spared of a threatened widespread strike that could have tied up its communications in wartime.

Telephone operators who had quit their jobs in 29 Ohio cities, Washington and Detroit went back to their switchboards. Similar walkouts which had shown every sign of developing in New York and elsewhere promptly faded.

The suddenness with which the strike ended last night compared with the speed with which it had grown.

It will be up to the War Labor Board now to adjust differences between the ex-strikers, their employers and their expressed targets—operators brought in from outside and given living expense bonuses not received by residents.

Up until late yesterday leaders of the Union, the National Telephone Workers Federation (Independent), had rebuffed the WLB. Then, in the face of prospects for government operation of the telephone companies, they called the whole thing off.

Backing the WLB also were such weapons as power to take away union security privileges. A break in the situation, which began a week ago when operators left their jobs at Dayton, O., came shortly after WLB referred the entire problem to stabilization director Fred M. Vinson, a usual step before government seizure of strike-bound facilities.

Robert G. Pollock and Mrs. Mary E. Gannon, presidents respectively of the Ohio and Washington affiliates of the union, called for, and got, immediate termination of the strike.

"This action," Pollock's statement said, "was taken after full consideration of the position taken by the national War Labor Board at the public hearing which concluded yesterday."

At that hearing WLB ruled out negotiations between the telephone company and strikers until the later returned.

Railroad Has Urgent Need For Laborers

There is an urgent need for employees of various types on the railway systems, according to G. T. Gunnip, field representative of the U. S. Railroad Retirement board.

This shortage of labor is acute, not only in Big Spring but all over the nation, he said Friday. Most acute is the need for apprentices, brakemen, firemen, laborers, machinists, telegraph operators and switchmen.

Gunnip said there are crops to be moved and war goods to be shipped, and men are needed desperately to keep the trains moving. He requested that all people interested in entering railroad work see him at the U.S. Employment Service offices at 105 1/2 E. 2nd street.

Farm Bureau Meeting Saturday At 2:30

A Farm Bureau meeting will be held Saturday at 2:30 in the district court room. Purpose of the meeting will be to elect a president of the Bureau and select five delegates to attend the state convention to be held at Waco the 28th and 29th of this month. At the state convention new directors will be elected from over the state, any legislation that needs attention will be brought before that group and decide whether or not to support the measure.

Since the frost the grain sorghum might start falling, making it necessary for farmers to harvest the grain and probably to harvest the grain by hand.

Rain retards local cotton picking, grain

Drizzling rain throughout the county will retard cotton picking and grain sorghum, according to County Agent Durward Lewter. This will cause the cotton and sorghum to be of a lower grade.

What better proof could we give of our belief in the quality and value of Emerald Oil. Get a bottle today.

Child Study Club Plans Christmas Basket For Family

Members of the Child Study club made plans for a Christmas basket to be given to a needy family for Christmas when they met for a regular business meeting Wednesday afternoon in the home of Mrs. W. P. Cecil with Mrs. G. K. Chadd as co-hostess.

Mrs. W. E. Wright presented two articles, "Education is a Two-Way Street" and "Particular Problems to be Met." Mrs. George French discussed an article entitled "What's Cooking in the Neighbors' Kitchen."

Refreshments were served to Mrs. John A. Coffee, Mrs. Escal Compton, Mrs. John L. Dibrell, Mrs. French, Mrs. Iva Honeycutt, Mrs. J. B. Mull, Mrs. Jack Smith, Mrs. N. W. Thompson, Mrs. Wright, Mrs. Chadd, and Mrs. Cecil.

Christmas Party Planned When Dos Por Ocho Meets

Mrs. J. Van Ussery was a guest when the Dos Por Ocho club met in the home of Mrs. R. F. Blumh Wednesday afternoon to sew and plan for a Christmas party to be given December 13th with Mrs. M. S. Beale and Mrs. M. Weaver as hostesses.

The home was decorated with yellow chrysanthemums and other fall flowers. A salad plate was served to Mrs. Junior Hubbard, Mrs. M. S. Beale, Mrs. R. L. Pritchett, Mrs. C. Y. Clinkscales, Mrs. Ted Phillips, Mrs. Clayton McCarty, Mrs. Lewis Murdock, Mrs. M. Weaver, Mrs. H. V. Crocker, Mrs. Herbert Johnson, Mrs. J. Van Ussery and the hostess, Mrs. R. F. Blumh.

The container for the chemicals that filter poison fumes was fashioned from a square meat can.

SNOOZE SUITS FOR TOMBOYS: Girls who have been snatching their brothers' pajamas tops to use for abbreviated summer nightwear can now buy their own. The tailored "Tommys" shown on this page are all cut with the ample roominess characteristic of men's sleep suits, are sturdy, well made and devoid of frills. At left, above, movie starlet Betty Bartley models the old-fashioned nightshirt, in striped seersucker. At right she wears the newest fad in shut-eye togs, the topster, in white rayon crepe with red piping. College girls started the rage for tomboy fashions in man-tailored nightwear.

Cuts Promised In Clothing Prices

By STERLING F. GREEN
WASHINGTON, Nov. 24 (AP)—OPA today promised more cuts in the price of clothing and more low-priced garments on dealers' shelves.

The new, twin assault on inflated clothing prices will be followed by Price Administrator Chester Bowles said, by clamping down on the price ceilings of garment makers and tightening price rules governing retail stores.

OPA's opening moves to make good the Vinson pledge were announced last night. They are: First, a decision to set dollar-and-cent retail prices, which will appear on easy-to-read tickets on each garment, on the 30,000,000 items of children's clothing for which the War Production Board has made a special allotment of material this quarter.

Second, an order intended to stop "fancying-up" and "over-finishing" of simple materials, which Bowles estimated may save consumers as much as \$60,000,000 a year. This is to be done by reducing the margins of textile finishers.

Alyene Brownrigg, daughter of Mr. and Mrs. Earl Brownrigg, 1401 Nolan street, Big Spring, is a member of the Melpomean Players, dramatic society, of Abilene Christian College. Alyene is freshman student in Abilene Christian College.

Today's Pattern From 5 o'Clock On

Send TWENTY CENTS in coins for these patterns to Big Spring Herald Inc., Pattern Dept. 232 West 18th St., New York 11, N. Y. Print plainly SIZE, NAME, ADDRESS, STYLE NUMBER.

Fifteen Cents more brings you the Marian Martin Fall and Winter Pattern Book full of smart, easy-to-make styles. A free pattern is printed right in the book.

Page Issues Directive Ordering Aid To Vets

AUSTIN, Nov. 24 (AP)—A directive issued yesterday by Brigadier General J. Watt Page, state selective service director, asks every local board to "make the veteran feel it is a privilege to be allowed to assist in any problem with reference to benefits and services."

"Let them know we are anxious to try and measure up to their deeds and sacrifices. They did not fail us; we must not fail them," Page added.

Gen. Page said that by law every veteran is required to report to his local board within five days following his discharge, therefore it is the logical first point of contact between the veteran and his community.

"Every local board office is an information center for veterans, and every honorably discharged veteran has the right to expect every possible assistance and advice from any local board in the United States."

RICH IN DELICIOUS FLAVOR..
AND GIVES CHILDREN EXTRA IRON THEY NEED

THE JUICE of freshly crushed sugar cane bestows a double gift on luscious Brer Rabbit Syrup! Along with its matchless old-plantation flavor, it yields a valuable store of iron. Recent scientific tests have shown that Brer Rabbit Syrup not only is a dependable source of iron, but the iron is in a form almost completely available for use by the body. So make sure your family eats plenty of delicious Brer Rabbit Syrup. Buy it tomorrow from your grocer. Made by Penick & Ford, Ltd., Inc., New Orleans, La.

Brer Rabbit Syrup
SAVE BY INVESTING IN WAR BONDS

Yesterday, Today and Tomorrow

No nation, since the inauguration of the Christian era, ever lost its political autonomy to dictators and tyrants without first surrendering its Bibles and churches. The Bible and the church must be denied the people before their minds can be enslaved and their consciences controlled and their liberties usurped. Russian Communism and German Stateism and Japanese Imperialism never paralyzed the minds and hardened the hearts of their respective citizens until they were first robbed of the Bible and denied the church. It was Horace Greeley who affirmed that "It is impossible to enslave mentally or socially a Bible-reading and church-going people. The principles of the Bible are the ground-work of human freedom."

Mr. Einstein, who is perhaps the most distinguished and celebrated scientist of our generation, upon meeting a Professor of Divinity on the campus of Princeton University, stopped, tipped his hat, and said, "I never thought the day would come when I, a Jew, would tip my hat to a Christian minister, but that day has come." He then explained that when Hitler's tyranny started plaguing the people with its godless philosophy and ruthless demands he looked to the great universities for a stern word of protest. But they had already been silenced and suppressed. He then looked to the press for outright demands of an insurrection. But it, too, had been suppressed and censored. Secret fraternities and civic clubs had been forced to yield to the mad man's demands. But, said Mr. Einstein, the Christian church was the only institution in Germany that offered Hitler organized and united resistance. The church was the people's only instrument that had the courage and stamina to brave and defy Hitler's wrath. That's why he tipped his hat to a Protestant minister: he typified the church which alone stood for liberty.

William Penn knew what he was talking about when he said, "Men must be governed by God or they will be ruled by tyrants." Vote for democracy by going to church Sunday.

Tulsa Rolls Over Arkansas 33-2 Enroute To Bowl

TULSA, Okla., Nov. 24 (AP)—Tulsa's golden hurricane is definitely back on the beam as it looks toward an orange bowl clash with Georgia Tech.

The Hurricanes rode over an ancient rival — Arkansas—33-2 here yesterday by just half trying. Tulsa, which lost to Oklahoma A. and M. and the Iowa Seahawks, rolled up all its points in a little more than a half then kicked on first down from there on out as it brushed up on its pass defense and worked to keep the score down.

The crowd didn't like it; the 16,000 who saw the game wanted to watch Tulsa's razzle-dazzle. But

Coach Henry Frnk said no. Besides, Georgia Tech scouts were in the stands.

Passes got the first two Tulsa touchdowns with Perry Moss tossing a 16-yarder to Ed Shedlosky for the one and throwing 61 to Barney White for the second. Moss smashed the line for the next counter. Red Wade passed 47 yards to White for the fourth touchdown and Camp Wilson drove across for the final.

Ain't Love Grand?

DENVER, Nov. 24 (AP)—Although Corp. Richard H. Jacobs of St. Louis has written to his fiancée nearly every day for six years, he was so excited he couldn't remember her address when he filled out a furlough application, asking time off so he could go and marry.

Jacobs had to consult a Memphis, Tenn., directory to learn her address.

Slammin Sam Sneed Leads Golf Tourney

PORTLAND, Ore., Nov. 24 (AP)—Colorful Sam Sneed, on the comeback trail of big time golf after 26 months service in the crack contingent of pros and amateurs teed off in the second round of the 72-hole Portland open.

The Hot Springs, Va., powerhouse thrilled a gallery of more than 2500 when he clubbed over the rain-soaked Portland golf club course with a two-under par 70 in the first round.

Rusk Shines As Ball Carrier In Final Exhibition

Towner Leeper left a trail of would-be Big Spring tacklers in his wake as he scampered up and down the gridiron Thursday afternoon in Mustang Bowl in Sweetwater and led his Mustang teammates to a 47-6 win over a battling group of Steers who were outclassed but not beaten from the early moments of the opening period. It was the final game of the year for the local eleven, and leaves the Mustangs with the San Angelo Bobcats the only team on their 1944 slate.

Leo Rusk played his third position of the year for the Steers at the fullback slot and roared up and down the field during most of the last half to set the pace for the locals, and it was the big boys hard running that marked the game and the lone Steer tally. Rusk was also an outstanding defender.

Pete Cook turned in another sparkling performance with his most outstanding work shown on pass receiving where he consistently snatched passes from all angles and before tough Mustang defenders who found the hard-running fullback too much to handle.

Horace Rankin stepped into the star's shoes yesterday with one of the finest exhibitions put on by a local player this year. Moved up from the Yearling squad this week, Rankin threw pass after pass with amazing accuracy that garnered the Steers 84 yards through the air and kept them in Mustang territory during half the ball game. The line showed remarkable improvement in affording pass bearers plenty of protection, thus enabling the locals to amass their best average of the year on a series. There were no outstanding men in the forward wall, but each turned in a fine game. The starting line, that did so well with seven outstanding men in it, was composed of John Cooper, I. B. Bryan, Gerald Harris, Tommy Clinckscals, Ladd Smith, Rusk, and Joe Cunningham. Kenneth Huett and Ike Robb stepped into the game a few minutes after the opening kickoff and also were two of the days better performers.

For the winners it was all Towner Leeper on offense. Johnny Feagan was the big gun on the ground game, and Kenneth Dismuke put in a fine day at his end position. Bob Brown was the receiving end of most of Leeper's passes to give a fine account of himself.

The diminutive quarterback proved to be as good as all pregame publicity had billed him and showed some fine running ability and cool passing that would have been much missed by the Mustangs and might have turned the tide of the game.

Big Spring received the kick and was forced to punt after four downs. The Mustangs took over on their own 45 and marched the remaining 55 yards to score, with Feagan climaxing the drive and going over from the five. Leeper converted.

A few minutes later and still in the first period (just as the gun sounded) the Mustangs scored again after a Leeper punt return to the 6. Gerald Scott, powerful fullback, powered over from the 3. Brown kicked the goal.

In the second period Brown crashed the Steer line to block a punt on the 36 and chase it down to the 11 to recover. Two plays later Leeper sneaked over from the 3 and as the conversion missed the Mustangs led 20-0.

Cook took a handoff from Rusk, on the play that netted the locals a 26 yard gain against Abilene on a make punt and picked up 26 yards down to the 34 the next time Big Spring had the ball in their possession. Two plays later Rusk crashed off guard from the fullback slot and almost every Mustang on the field hit the big fellow but to no avail as he kept charging and pulling until he crossed the goal some 27 yards from his starting point. The kick was blocked.

Leeper faded back to the Steer 45 some few plays later and lofted a pass perfectly into the arms of Brown who gathered it in on the 10 and went across the double-stripe untouched. The kick was good, this time by Scott.

That ended the half's scoring with the hosts leading 27-6. In the third period Sweetwater

Score 34 for Sweetwater, 6 for Big Spring.

After one more exchange Leeper again led a drive and Scott added the 40th point for the winners, going over from the one, while Brown droppicked the goal for 41 points.

Feagan and Leeper alternated at carrying and the Mustang ground game moved downhill in the fourth quarter with Dismuke taking a pass from Leeper for the final tally. The kick was bad and the game ended with the host eleven winning 47-6.

The Mustangs are host Friday, December 1 to the San Angelo Bobcats, potential district champions in the game that will determine the final diadem taker for District 3. The Mustangs are out of the running with two losses.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, Nov. 24 (AP)—Amateur night... Latest report on the off-again-on-again maneuvers about bringing Gunder Haegg and Arne Andersson, the Swedish speedsters, to the United States this winter is that they're both open to persuasion... Gunder Haegg has escaped from Sture Olsson, the Malmoese haberdasher who objected to losing his best tie salesman during the Christmas rush, into the army... Now the Swedish Athletic association hopes to postpone his military service for the projected tour... Next step is to convince Andersson, who says "not even Per Albin Hansson" (the Swedish prime minister) can get him to travel without his wife, that it won't be so bad after all... Meanwhile American track fans probably are asking "how much are those guys holding out for?"

Pigskin pickins—

Sliding Down The Sports Chute

with BILL

Football season in Big Spring ended with quite a bang yesterday in Sweetwater. The Steers played a whole of a game but Towner Leeper and company proved too much for the locals. Without Leeper, however, the game would have been quite different as the diminutive quarterback was most of the offensive shown by the fast-running host eleven...

Leo Rusk turned in his final exhibition for Big Spring high school in usual brilliant style, although his position was shifted to the backfield out of the line. The big ex-guard carried the ball four times and gained 42 yards, an average of 10 1/2 yards per try. In case you are interested that is some record against a team such as Sweetwater.

To comment further on the powerful running ex-Steer (now) it might be well to add that most of his gains were made out in the open with fellow players given little or no chance to aid him with blocking. Rusk just took the ball and started running and usually at the same time Mustangs began grabbing at him. But grab was all they did as individuals. It took two and three men to stop the big man every time he carried and those powerful legs of Rusk's were still churning even after he was down and counted out by the officials.

I offer my congratulations herewith to the most consistent and outstanding player on the Steer team in 1944. Though not trying to take any of the credit from his teammates it is a well-known fact that without his aid the Steers would have had an even rougher time winning games this year than they did. I think that a fine ball player signed off with one of the finest and gamest exhibitions I have ever witnessed and he bears my heartiest and sincerest good wishes and good luck for the future.

Meanwhile a powerhouse San Angelo team responded as expected and had a field day once again, this time at the expense of the hapless Abilene Eagles. The score was 46-0 favoring the state champs, and put them into virtually the district championship role again. If they get by Sweetwater next week.

From the exhibition made by the tough Mustangs yesterday this will be an even closer fought battle than the Abilene-Sweetwater tilt which the Eagles won 32-20. The Mustangs got slipped up on that night but it will not happen again, especially with the Bobcats. The Sweetwater eleven is pointing for that game and I have no doubts that they will score, but their blocking and tackling will need much improvement before they will ever stop George Graham and his colleagues next week.

Otherwise in games of interest to this area Amarillo did as expected and won over a weakened Lubbock club (since the early part of this season they have lost several key men) 27-0. That virtually clinches the pennant for the Sandstorm and means that they will get the chance in about three weeks to play the Bobcats... If they get by Wichita Falls in the bi-district.

Wichita upset the dope sheets and turned back Vernon 26-25 in a surprising exhibition. They are rated as having little chance to take the Amarillo eleven, but were rated likewise in their Turkey-day game with the Lions.

Austin of El Paso downed El Paso High 6-0 to take that district pennant and set them up for the Cats on December 2. That winner is expected to have no chance against the local district winner and gives the District Three champs but a warmup for their quarterfinal tilt.

That rounds out the season's play, just about, in the immediate football area and leaves nothing but the home stretch for play-off eleven. And in case you are a stranger to Texas football among their high school champs, that means nothing but fireworks and fast action... too fast for the average fan to follow. So get ready now for a whirlwind finish.

Now let's glance into the football picture of the weekend. In the Southwest conference it's TCU and Rice playing at Houston, Texas Tech and SMU playing in Lubbock in a non-conference tilt.

With the Owls still in the running the lads from TCU have a hard day ahead to clinch that championship. I'm looking for an upset there but say the Frogs will ease out a close one.

Up at Lubbock it's Homecoming for the Red Raiders and that will probably mean the downfall of the Methodists. Tech should take a close one, but if it gets rolling it might do a big score.

Abilene Falls 46 To 0 In Easy Victory For Cats

With all-state fullback candidate George Graham leading the way yesterday afternoon in Bobcat stadium the San Angelo eleven roared over the Abilene Eagles 46-0 in the worst defeat ever handed an Eagle eleven by the Bobcats. Graham scored four touchdowns to lead his teammates in scoring.

The Cats opened up fast against an Abilene team that never had a

chance and quarterback Dwain Dodson pitched a pass to Graham who roared 15 yards to score in the first period. Graham also converted.

On the third play of the second period Graham once again roared over the double stripe, this time ploughing aside the Abilene line on the one-yard marker and going over. The kick missed.

Dennis Doyle, all-district tackle,

pounced on a fumble later in the period on the one-foot line, and Graham went over on the next play. He added the point and the half ended 20-0.

In the third period Barney Johnson passed to end Vernie Horner in a play that carried to the one, and again the big fullback Graham ploughed over for a tally. The kick missed.

Center Sam Callan of the Cats intercepted one of Jim Harrison's Abilene aerials in the final period and scored from the 18-yard line. Graham again kicked goal.

Ed Martinets scored the next tally for the Bobcats on a 13-yard sweep which placed the substitute fullback in the open to score. Graham's kick was wide.

George O'Quinn grabbed an Abilene aerial on his own 25 and raced back to the Abilene 17 behind perfect interference. Dodson scooted around end for 13 yards and the tally two plays later and Graham added the conversion.

This ended the scoring at 46-0 favoring the defending champs, with one game left with the Sweetwater Mustangs before they are crowned officially as 1944 district champions. The game is December 1 in Sweetwater.

Ratliff Says Frogs Will Nose Owls; Picks Tech Over SMU In Close Tilt

By HAROLD V. RATLIFF

Associated Press Sports Editor

The Southwest conference football championship within their grasp but facing the team that's been the biggest pain to them in recent years—or rather, since Jess Neely—Texas Christian's fighting Frogs go to Houston tomorrow for the headline game of a fading campaign.

Not since Neely took over at Rice in 1940 has T. C. U. managed to beat the Owls. In 1942 Rice was especially painful to

the Frogs when Neely's boys in blue administered a crushing defeat to the Christians' little hopes after they had beaten Texas.

If the Frogs can win over Rice tomorrow they will be champions. Otherwise, they'll have to wait a week and try to tame the Southern Methodist Mustangs to capture the pennant.

It's unusual for the Frogs to be favorites. They had to beat Texas last week to reach such a high status. But the betting odds in Houston make T. C. U. a one-touchdown selection in my books.

The Frogs have a high-geared passing attack and against Texas blossomed into a team that could move well on the ground. They have been able to stop hard running games all season and that's what they'll have to halt to beat the Owls. In fact, it would appear T. C. U. would have a better chance against Rice than any other team in the conference because the Owls haven't been much on passing.

The Rice-T. C. U. game is the only conference tilt on the week's schedule. Tomorrow Southern Methodist plays Texas Tech, Border conference champion, at Lubbock. S. M. U. played its best game of the season last week in downing Arkansas and should be rated an even chance of taking Tech in tow, but I'll take Tech on a weak vote.

Arkansas played Tulsa yesterday at Tulsa and was beaten 33-2 with the Golden Hurricane, which is taking things pretty easy. Texas and Texas A. and M. are resting this week preparing for their traditional Turkey Day struggle at Austin next Thursday.

Trojan Win Will Send Them To Bowl

LOS ANGELES, Nov. 24 (AP)—If Southern California beats UCLA tomorrow it is automatically the Western nominee for the Rose Bowl game New Year's Day, probably against Ohio State or Tennessee.

If UCLA upsets the Trojans the Pacific Coast conference will have to be polled to determine the representative. The Bruins, too, would take Ohio State or Tennessee.

Southern California is undefeated but has been tied by UCLA and California. UCLA has been tripped by service teams but has only one conference loss, that to California.

Stevenson Opposes Petroleum Treaty

AUSTIN, Nov. 24 (AP)—Opposition to ratifying the Anglo-American Petroleum Treaty pending before the national senate was expressed here yesterday by Governor Coke Stevenson.

In a formal statement, the governor said: "If the proposed treaty is ratified, Texas economy will be seriously endangered. Control of our oil industry should not be stripped from the state and placed under national or international control as is possible under the provisions of this treaty."

"It is a source of pride that Texas has played a leading part in keeping Allied armor on the move by supplying nearly 50 per cent of the oil required for our war effort since Pearl Harbor. This has been possible in great part through cooperation of the industry itself, and efficient conservation regulations exercised by the state through its railroad commission."

Stevenson said that "many thoughtful students regarded this treaty as an opening wedge in international control of other businesses such as the production of cotton, wool, lumber, rubber and even wheat and livestock."

Penicillin Experiments Conducted At University

AUSTIN, Nov. 24 (AP)—Experiments in the use of penicillin in relieving fever are being conducted at the University of Texas by Dr. V. T. Schuhardt, professor of bacteriology, and Mrs. Billie E. O'Bryan, tutor in botany and bacteriology.

"Results of our tests shows that penicillin will prevent brain involvement provided it is given early enough. The question of whether brain involvement can be cured with any dosage of penicillin remains to be solved," said Dr. Schuhardt.

The Coast Guard guards all U. S. ports against fire, negligence and sabotage.

Bronchial COUGHS

(Resulting From Colds) Buckley's Famous "CANADIOL" Mixture Acts Like a Flash

Spend a few cents today at any drug store for a bottle of Buckley's CANADIOL Mixture (Triple Acting). Take a couple of sips at bedtime. Feel its instant powerful effective action spread thru throat, head and bronchial tubes. It starts at once to loosen up thick, choking phlegm, soothe raw membranes and make breathing easier.

Butters from those persistent, nasty irritating coughs or bronchial irritations due to colds and flu, let's bring quick and effective relief. Don't wait—get Buckley's Canadiol today. You get relief instantly. Elliott's Crawford Pharmacy; Collins Drug Co., Cunningham & (adv.)

What Your Dollars Buy

For quite a long time we bought Christmas seals because it was a means of contributing to a winning fight against tuberculosis. Today the challenge is even more pointed—the tuberculosis death rate is up in 21 states and probably is due to show an increase even in post-war times.

It is true that there was a negligible drop over the nation in tuberculosis deaths, but the rise in nearly half of the states portends something serious. Too, wartime experiences have taught us that we may expect the white plague to rear up in the wake of physical hardships which men must endure and in the wake of living at too fast a tempo on the home front.

Much must be done to combat this disease. One of the most effective ways known is to seek out those who show tendencies to the infection, to go further in finding active cases while they still may be checked. No better place for this has been found than through public schools.

Here lies one of the chief sources of strength of the Howard County Tuberculosis association's campaign during the past year. Working with the Big Spring-Howard county division of the Midland-Ector-Howard county health unit, the association has furnished funds which brought tuberculin tests to thousands of local school children. Fortunately most were given clean bills, but some reactors were discovered and a few children with active cases. These, brought in check, were worth far more than the program cost.

As fine as such a program is, its full value cannot be realized unless it is made continuous. The healthy child this year may break physically by next year, or the next. Constant rechecking can catch any tendencies to tuberculosis before serious damage can be done. By continuously getting at the base of the problem and at the same time working on an adult program, in time we can beat back the tuberculosis threat further than even before the war.

That is what your dollars invested in Christmas seals will buy . . . maybe not for you, maybe not for your family, but perhaps for the youngster next door.

Start Talking Now

Another football season has passed and for Big Spring it was none too bright an affair. Every normal person likes to win, and we are no exception, and we confess disappointment when we lose.

For the first time in several seasons, there is reason to believe that some of our victory drouth is over. If prospects work out, Big Spring may have a starting team of fairly seasoned players next year, the first in three seasons. In that group, if the bulk of lettermen return, will be several boys who would have been among the best in the district with more support.

What Will Rosie The Riveter Do When Peace Halts Wartime Jobs?

By JAMES MARLOW

WASHINGTON, Nov. 24 (AP)—What does Rosie the Riveter do when her war job ends?

Take a poorer-paying one immediately when it's offered to her? Or hold off for one paying as well as her war job? And—if she does that, can she draw unemployment compensation?

That problem—and the solution—will affect workers in every state when job-changing starts after the war.

Under the social security law every state has an unemployment

compensation fund. It's built up by taxes on employers in commerce and industry and, in a few states, by taxes on employees, too.

But a basic requirement for receiving unemployment benefits is that the applicant should be ready, able and willing to take suitable work offered him.

People who had no skills—and made little money—before the war will now think they're entitled to unemployment pay while seeking jobs like their wartime jobs.

And they may have good reason for thinking that. Some state

The War Today

by Dewitt Mackenzie
Associated Press War Analysis

While you and I were snug and safe in the Thanksgiving atmosphere of our homes, the Allies pressed their great drive against the Rhineland.

The fighting is especially fierce in the Aachen sector where the battle of the Cologne plain is getting under way. This engagement in the rolling terrain before the proudest of the Rhenish cities may be the decisive battle.

Certainly the Allies are determined to make it not only the deciding battle of this war, but of all war for a long time to come. Speaking of outlasting war, one recalls it was just twenty-six years ago that a "defeated" German army marched through Cologne after the armistice, and the city's newspapers biased the headline: "Greet our unbeaten army."

At the same moment the Allied forces, happy in the delusion that they had won a war to end all wars, were marching in accordance with armistice terms to occupy the Rhineland.

I was attached to the British. We passed through the tidy streets of ancient Aachen—today in ruins. We went through Duren, rail and highway center on the Roer river—a city which is one of the immediate objectives of the American Third Army. And so to Cologne.

Nowhere in Germany was there any sign that the greatest war of all time had just been fought. The countryside was trim. Neither city nor hamlet bore scars of conflict. We might have known then that we hadn't won the war but had only secured a breathing spell.

This time it's different. The Allied air navies have poured death and destruction over the length and breadth of the reich. And now Nazi Field Marshal von Rundstedt seems bent on holding in the Cologne plain west of the Rhine as long as he can with what's left of the decimated armies that marched out with Hitler to conquer the world. This means he's prepared to make a terrible sacrifice of life in an effort to delay inevitable surrender.

We find no fault with the way boys tried this year. We are proud of our boys because they were our own boys. We approve of a policy which does not permit over-emphasis on football. To coaches, school officials and boys, we want to say "nice going. Let's start talking now about winning next year."

Bridge

Hal Boyle: You Can't Look Back Again In War Without Missing Many Friendly Faces

(This is the first of two columns by Hal Boyle on the famous American Third Division, with which he landed in Africa two years ago and with which he has now teamed up again. Boyle refers to the landing, but not to the fact that French tracers were sweeping the reef where his boat was swamped, and that he almost died before he made shore.)

By HAL BOYLE
WITH AMERICAN TROOPS IN FRANCE, Nov. 13 (Delayed AP)—You can't go back again in war—any more than you can in peace.

Two years ago this month, I landed with the Third Division's doughboys on the forbidding "iron coast" of French Morocco on a rain-misty morning which opened combat operations by the American forces in the Mediterranean area.

A short time ago, I again had the chance to see this famous division's officers rank it as a tie with the First Infantry Division for fighting honors in the American army—during a visit to the Seventh Army area in the Belfort Gap sector.

It was like going back to a college class reunion after a lapse of many years. You are cheered to see the old faces—but you yearn for the faces that are missing.

The last time I was with this outfit, it was completing its hazardous and historic fording of the

Washington—Ghost Writers Of Speeches Boosted

By JACK STINNETT

WASHINGTON — I wrote a piece not long ago about who writes whose speeches. The story probably never can be told in toto, for there are so many quirks that it is impossible to tell where a speech comes from.

For example, there is the story about one of President Roosevelt's very effective phrases in one of his late campaign addresses. It was a quotation from the Bible: "Thou shalt not bear false witness." It originally was written by Assistant Interior Secretary Mike Straus as a part of a speech to be delivered by "Curmudgeon" Harold L. Ickes. Ickes didn't like it, struck it out of the final draft of his speech. That draft went to the President's desk. Scanning it, the President's eye caught the deleted phrase. He liked it and incorporated it into his own campaign address.

No dog in history ever had the political importance of Fala, the President's Scotty. Among President Roosevelt's many "firsts" is the fact that he has been the first candidate to bring his dog into the campaign.

From the time the story was spread that a destroyer had been dispatched to pick up Fala, left behind on the Hawaiian trip, the little black Scotty was very much in the political picture. President Roosevelt denied the story.

In his Pennsylvania swing and his visit to Chicago, he had to explain why Fala wasn't along. His explanation was that Fala had had a bad case of swelled head and had to be chastised by being left behind.

Fala, however, was on hand at Hyde Park for the grand finale. If he hasn't got a swelled head now, no dog knows anything. From now on Fala should be kept strictly in the doghouse, but he

NATIONAL REPRESENTATIVE: Texas Daily Press League, Dallas, Texas

Texans In Washington With Demos In Saddle, Texans To Hold Power In House Next Session

By TEX EASLEY
WASHINGTON, Nov. 24 (AP)—With the democrats firmly back in the saddle, the Texas congressional delegation will continue to wield plenty of power during the next two years.

Head man of the corral on the House side when the democrats get together Jan. 3 to organize the 79th congress will again be Bonham's bald, short Representative Sam Rayburn. His job as speaker should be easier, come Jan. 3, for a present working majority of only four votes then will be increased to 49.

There are no new committee chairmanships in prospect for Texans, but several will move ahead sharply on the seniority trail toward leadership of their respective committees.

Rep. Lyndon B. Johnson of the Austin district, only 37, moves up to third place on the important naval affairs committee. Backed by the President when he first came to congress in 1937, having won out in a special election in which he endorsed the bitterly contested and subsequently defeated supreme court enlargement plan, Johnson got off to a flying start by getting appointed immediately to the naval affairs group.

Freshmen congressmen with rare exceptions, have to serve a term or two first on so-called minor, relatively unimportant committees. That it now appears certain, will be the course that the three new incoming Texas congressmen will have to follow. The trio are Tom Pickett of Palestine, who defeated Rep. Nat Patton of Crockett; Judge J. M. Combs of Beaumont, who succeeds Martin Dies, and Major John E. Lyle of Corpus Christi, who won out over Dick Kieberg.

Waco's congressman Bob "the farmer's friend" Poage, who spends most of his waking hours worrying about the problems of all Texas farmers, moves up to fifth place on the agriculture committee.

With Kieberg's departure,

Poage is left as the only Texan on the farm committee. There's a chance the Panhandle's congressman Gene Worley of Shamrock, now chairman of the committee for the election of president, vice president and congressmen, may be appointed to it in view of the fact he comes from the cattle country.

Rep. Clark Fisher of San Angelo may go on the rules committee which determines whether legislation reported out of other committees gets the green or red light for consideration on the floor of the house.

Other than Rayburn as speaker, the Texan who will have most to say about committee appointments of his colleagues is Milton West of Brownsville. He serves on the ways and means committee, probably the most powerful individual group in the house. Elected to their places originally by the house as a whole, on recommendation of the leaders, the ways and means committees select the men to serve on all the other committees.

West, incidentally, is scheduled for chairmanship of the Texas congressional delegation during the 79th congress. The leadership rotates each congress, with seniority determining which member follows the other. The secretaryship of the delegation always goes to one of the new incoming members. The chairman always presides at meetings of the Texas group. The secretary has the work of notifying them of their any soliciting of funds to be done.

Around the Capital: East Texas' new congressman-elect Tom Pickett, who came up early to look around and find a place for his family to live, got off to a good start with the old Texas members with whom he will serve.

Six feet one and on the lanky side, the 38-year-old district attorney of Anderson, Henderson and Houston counties talks slow and quietly. He looks and acts like a typical Texan, draws away continually on an old pipe like Governor Coke Stevenson.

His first morning on Capitol Hill he sort of gravitated into an impromptu and informal gathering in the office of Rep. Paul Kilday of San Antonio, where a coffee pot was boiling warm. Rep. Ed Gossett of Wichita Falls, with whom he had attended Texas U,

WANTED! SKILLED MECHANICS

To keep essential Fords rolling we need several more skilled automobile mechanics and helpers. Ideal working conditions, modern shop equipment, top pay and overtime work if you want it. Steady, pleasant work now and after the war. See us today. This is your opportunity to get set for the future.

Milton West and one or two others were there.

It's a safe bet Mrs. Corrine Neal Cook, editor-publisher of the weekly newspaper, the Texas Mesquite, Dallas county, will count her meeting with President Franklin D. Roosevelt the highlight of her trip back east.

She attended a press conference at the White House shortly after the fourth-term victory, and when correspondents regularly assigned there rushed out of the president's office to phone in their stories she approached Steve Early, presidential secretary, and asked whether she could meet the chief executive. Steve smilingly and promptly obliged and performed the introduction.

The president, in exceedingly good spirits and apparently misunderstanding Steve and thinking Mrs. Cook worked on the Dallas paper (Dallas News) which had editorially supported Dewey, kiddingly asked her what was the matter down there with that paper folding up on him. Before the surprised, pretty Texas lady publisher could find words to answer him the president smiled and said that that was all, all right, we're all friends.

Texas Board To Meet In El Paso

EL PASO, Nov. 24 (AP) — Members of the University of Texas board of regents gathered in El Paso today to reorganize the board and formally qualify four new members.

For the board it is the first meeting since the long-standing differences between Dr. Homer P. Rainey and the regents were climaxed in Houston Nov. 1, with the dismissal of the university president and the resignation of three regents.

The board must elect a new chairman to succeed Chairman John H. Bickett of Dallas, who resigned at Houston after voting to retain Dr. Rainey. The others who resigned were H. H. Weinert of Seguin and Dan J. Harrison of Houston.

New members attending their first session are Dr. C. O. Terrell of Fort Worth; Dr. Judson Taylor of Houston; David M. Warren of Panhandle and Dudley K. Woodward of Dallas. Dr. Terrell was named by Governor Coke Stevenson following the recent death of Dr. K. H. Ayresworth of Waco. The others were named to fill the places of resigned members.

Despite rumors to the contrary, regents who have been questioned gave no indication that a new university president will be chosen at today's meeting. Dr. T. S. Painter, the acting president who is attending the session, has said he was not interested in the presidency as a permanent thing.

Names mentioned as presidential possibilities have been Pat M. Neff, former governor and now president of Baylor University; Dr. Chauncey Leake, vice president and dean of the Medical College and President D. M. Wiggins of the College of Mines, a branch of the university under direction of the regents. University students and faculty are urging the reinstatement of Dr. Rainey.

Here And There

Cornelia Frazier, daughter of Mr. and Mrs. Bruce Frazier, is a member of the University of Texas capella choir, which is renewing its activities after a cessation in 1941 due to shortage of male voices. Miss Frazier, a student of her mother, studied at North Texas Teachers before entering the university.

Wholesalers and retailers can inspect helmets suitable for gifts to youngsters at Christmas by contacting H. G. Eddleman, sales officer for the US treasury department at 603 Neil P. Anderson building, Ft. Worth. The helmets have a with gear inner-lining to prevent the metal from touching the head. They are available in 100, 500 or 6,000 lots.

Five hundred brass stamping sets have been declared surplus property by the government. They may be used for marking leather. Ranchers and merchants, too, can utilize the sets to their advantage. 5-16-inch height. George Gabriel, they go from A to Z and 1 to 10 in sales officer for the US treasury at Ft. Worth, may be contacted.

Another surplus item announced is an aluminum laundry tray. Some 8,900 of these, available for civilian laundries to identify clothing, of the number 6,900 have marking pins in sets of 20. George Gabriel, Neil Anderson Building, Ft. Worth may be contacted.

A 1937 Chevrolet pick-up was reported stolen Friday at 12.01 a. m. It was owned by the Southern Ice company.

Eleven cases were brought up in city court Friday morning following the Thanksgiving holiday. The list was headed by five drunkenness charges, with two affray, one assault, one investigation and two thefts which were transferred.

T. E. Crutchfield entered a plea of "guilty" to the charge of being drunk. He paid a fine of \$10 and was released.

Three complaints were filed against one man today for unlawful sale of beer without a license.

A Lamesa boy with a past juvenile record was picked up in Big Spring yesterday by officers of the Sheriff's department after he had attempted to rape a girl in Lamesa. He was taken back to the Lamesa jail. The boy was 18 November 9.

Mrs. John Fine, daughter Nell, and Mrs. C. M. Burnett and daughter Patsy from Wichita Falls are visiting Mrs. Andrew J. Merrick. They will be here until Sunday. Mrs. Burnett is the sister of Mrs. Merrick.

Rites Read For Fannie Reynolds

Last rites were said at 4 p. m. Friday for Mrs. Fannie Gene Reynolds, 36, who died at her home here Thursday at 6:50 p. m.

Mrs. Reynolds had been in extremely bad health for the past 18 years.

Services at Eberley - Curry chapel were in charge of Elder B. R. Howze of the Primitive Baptist church and burial was in the city cemetery.

Born in Houston county, Texas, June 21, 1908, Mrs. Reynolds moved with her husband here four years ago from Pueblo, Colo. Survivors include her husband, William H. Reynolds; one son, Charles Leroy Colgin, who is in Italy; her mother, Mrs. M. E. Reynolds, Ackerly, and sister, Mrs. Emma Schmidt, Big Spring. Pallbearers were Alvin Bates, Gordon Hodnett, Oscar Watts, Skeet Forsyth and Lum Harris.

Jewelry Collection Award Given Central

Central ward school was the winner of the five dollar prize awarded by the Women's Credit club to the school bringing in the largest amount of unwanted jewelry. This jewelry will be sent to McCloskey hospital at Temple for occupational therapy work.

Central ward collected eleven pounds of jewelry, and other collections were South ward, nine pounds; College Heights, seven; East ward, four; West ward, five; East ward, one; and Lakeview school, one. This is a total of 38 pounds for the contest ending last Wednesday.

The Credit club recently received a communication from Capt. Richard L. Green, chief of Occupational Therapy at McCloskey, in which he urges that all material of this type be gathered for repair. Although the contest in the schools is closed, there are still receptacles at the USO, Cunningham - Phillips, Albert M. Fisher and all churches for additional contributions.

Hunters Store 75 Deer In Lockers

Big Spring hunters have stored more than 75 head of deer in the Big Spring Locker plant, according to Marvin Sewell, owner and operator.

The plant is running at capacity with the 800 lockers being filled at a rate of about 60 a week for the past six weeks.

Large amounts of beef and pork have been placed in the lockers, but very few late vegetables and fruits have been stored, Sewell said.

THE MAIN STREET CHURCH OF GOD

Invites You to Hear

Rev. A. Leland Forrest, Ph.D.

at both 11:00 a. m. and 8:00 p. m. services Sunday, Nov. 26. Young people will particularly enjoy the messages of "our home town" young minister and denominational leader.

A Rare Treat — Hear Dr. Forrest

Agreement For Control Of Reich Sent To Capital

By JOHN M. HIGHTOWER
WASHINGTON, Nov. 24 (AP) — A three-power agreement for controlling Germany during military occupation has been signed and referred to Washington, London and Moscow for acceptance.

It is understood to call for a supreme Allied council to rule the defeated Reich.

Undersecretary of State Stettinius confirmed today that the Anglo-Soviet-American advisory commission in London had forwarded its recommendations to the three governments. He declined to discuss its contents.

Acceptance is considered highly probable because all points covered in the agreement were referred to the three Allied capitals before the European advisory commission made its own decisions.

While details are still secret, the plan approved by the commission is understood to call for the long-discussed three-way split of Reich territory and even a three-way division of occupation troops in Berlin itself. Full authority over German affairs would be vested in the supreme Allied council of which the American and British members initially might be General Dwight D. Eisenhower and Field Marshal Sir Bernard L. Montgomery, respectively. The Russians also are expected to name an officer of the highest rank.

It is expected that France will be given important industrial areas such as the Ruhr for long-term occupation and undoubtedly have a place, although not a top place, in the supreme Allied council organization.

Local Change Of Thanksgiving Is Confusing For USO

Thanksgiving was over in Big Spring today, but the USO was out on a limb.

Anticipating that Thanksgiving would be on Nov. 30, the USO had planned originally to place a servicemen who so desired in a local home on Thanksgiving day. When a sudden switch to Nov. 23 was made in community Thanksgiving plans, it disrupted the plans for USO leaders found that an insufficient number of Big Spring families will observe next Thursday to care for placement of the soldiers.

To offset this, a decision was reached to have the GI Thanksgiving party at the USO club Thursday evening — but that posed a problem, and one on which the USO sought public aid in solving.

Accordingly, appeals were voiced Friday for voluntary turkey and other food for the occasion. The event will require a dozen birds and a considerable amount of "trimmings."

"Our sponsors, hostesses and church groups have been giving so liberally in the past that we don't want to put this load on them," explained Mrs. Anne Houston, who will give a turkey and other food to a dish to call the USO after 10:30 a. m. on any morning.

People who can give but not prepare a turkey are asked to contact the USO and hostesses will make dressing and cook the birds. Arrangements will be made to pick up other food if it cannot be brought to the USO club.

Protocol Sent To Senate By President

WASHINGTON, Nov. 24 (AP) — President Roosevelt today sent to the senate for ratification a protocol designed to clarify a Mexican-American water treaty. The treaty governs use of waters of the Colorado and Tijuana rivers and of the Rio Grande.

The protocol was signed here November 14 to supplement the treaty promulgated last February. It clarifies functions and jurisdiction of respective sections of an international boundary and water commission contemplated by the treaty.

Leland Forrest To Preach Here Sunday

The Rev. A. Leland Forrest, Ph.D., director of young people's work for the Church of God, will fill the pulpit of the Main Street Church of God here in both services Sunday.

He is visiting here with his mother, Mrs. J. A. Forrest, after having attended the Kansas Council of Churches and Christian Education at Topeka.

Appearance of the Rev. Forrest at the Church of God will place him in familiar surroundings. He was a member of the church here before graduating from the Big Spring high school. Subsequently he was graduated from Abilene Christian College and received his masters degree at Michigan State College, and did work in the Divinity school of the University of Chicago. The Rev. Forrest is author of several books on Christian education.

Leaders of the local church urged the public to hear the Sunday services.

WINS CROIX DE GUERRE

S/Sgt. Jim E. West, Forsan, has been awarded the Croix de Guerre with palm by the French government for precision attacks on ground forces in Italy. He is with the B-26 group of the 12th Air Force, oldest medium bomber outfit in the Mediterranean theater.

Cool Head Aids Soldier Escape Enemy Taunting

By HAL BOYLE
WITH THE AEF IN GERMANY.
Nov. 15 (AP) — (Delayed) Under the American army's strict non-fraternization rule, soldiers are forbidden even to speak to German civilians under penalty of fines ranging up to \$40 and \$85.

That is something of a hardship when an occasional civilian, dropping the mask of servility assumed by most Germans, makes a wisecrack at the expense of the troops.

But Pvt. Chris Kacoyanis of Somerville, Mass., was equal to the situation. One day during a week-long stalemate in which the Germans held one end of a town and the Americans the other. A young German girl who spoke English stepped up to him, pointed at his head and said, jeeringly:

"You know the German people regard the Americans as gang criminals rather than as an army?"

"She said that because of my short haircut," Kacoyanis said later. "Hitler had circulated a lot of pictures showing American convicts and because most of us soldiers had our hair cut short, she was trying to imply we all were from the pailhouse too."

Kacoyanis didn't answer her taunt directly. He just looked the other way and said in a very loud and dignified voice:

"It keeps my head cool—and I don't have to see the barber very much."

Then he marched on past her.
