

Leader Circulation Campaign Pulls Away To Thrilling Start

Here it is! That thrilling first prize in the Lamb County Leader "Good Will" Circulation Contest—a Dodge Coronet five passenger club coupe with beautiful green body and ivory top, and incorporating all those features which contribute so much to the usability and joy in operation of a really good automobile.

This car was purchased by the Lamb County Leader from the Garland Motor Co., Dodge and Plymouth dealers.

The numerous contestants in the Leader campaign are thrilled with this beautiful first prize, and, too, they are enthusiastic over the other prizes in the Leader Circulation Contest—Second prize, \$600 cash; third prize, \$400 cash; fourth prize \$100 cash.

Always a paper with a big circulation and a zeal for service to advertisers, subscribers, and the great territory which it serves, The Lamb County Leader seeks more readers, particularly in Lamb and adjoining counties, and to achieve the desired goal, the publisher of this newspaper has enlisted men and women of this area in the program for more circulation. These men and women are your neighbors.

Snow Disrupts Power Service, But Brings Much Needed Moisture

A devastating snow and ice storm which hit this section last Thursday morning, accounted for still untold thousands of dollars in damage, with electric and telephone lines, bearing the brunt of the damage, including the big Lamb County REA Co-operative company, with lines extending into half a dozen counties.

Ice formed on wires to a thickness of from four to six inches, snapping them almost as twigs, and also, not only broke lines with impunity, but snapped off dozens of poles carrying the wires, singly and in stretches.

Wires and lines, running from east to west, suffered much more severely than those running north and south.

Both Dick Carl, manager of the REA, and Hardy Shelby, District Southwestern Public Service Company were agreed that this storm was the most devastating and costly of any since their official duties started here, which with Mr. Shelby means eleven years. Carl stated that it was the most severe damage suffered by the REA Co-operative in its 14 years of existence.

Carl estimated the co-operative damage was \$50,000. Both the telephone company and Southwestern Public Service counted damage into the thousands of dollars.

In addition, hundreds of rural electric users were damaged, to an extent that cannot be accurately measured. Pumps, electrically driven.

New Bids On First Baptist Must Be In By February 10

Following rejection of all bids by the controlling board of First Baptist Church in Littlefield, several weeks ago, on the new church edifice which is to be erected directly adjoining the new Educational building, already completed and in use, due to the fact that they were not in price conformity with the estimates which had been submitted, church officials decided to re-amp plans, and then ask for new bids.

These new bids have now been called for, and the new bids are scheduled to be opened at 3:00 p. m., on February 10th, which is also the hour when submission of new bids is closed.

The building committee is highly optimistic that the second submission of bids will be in line with present church plans, to the extent that contracts for all phases of the construction can be let, shortly after the bid-opening meeting on February 10.

The old church edifice has been completely razed, and services are being conducted in the Educational building, which is inadequate in size to serve the large congregation.

Last Rites Held For Father of James Crump

Carl Crump of Paducah, father of James Crump of Littlefield, passed away at a hospital at Paducah, Tuesday at 5 p. m.

Mr. Crump had suffered from a heart ailment for over a year, but only took seriously ill last Saturday and was then admitted to the hospital for treatment.

Funeral services were conducted at 4 p. m. Wednesday at Paducah, with interment in that cemetery.

Mr. and Mrs. Crump had been at the bedside of his father since Saturday.

Besides his son James of Littlefield, Mr. Crump is survived by his widow, one other son, J. B. Crump of Lubbock, and a daughter, Miss Inez Crump of Paducah, and two grandsons.

Among those attending the funeral services from here, besides the Crump family, were Mr. and Mrs. Harry Kline.

Mother of Enochs Resident Dies In Morton Hospital

Mrs. Sara, John Sullivan, 79 passed away Sunday, in the Cochran County Hospital at Morton. She was a resident of O'Dell, and was visiting her son, N. O. Sullivan and family of near Enochs when she became ill, shortly after the first of the year. She made her home with a daughter, Mrs. L. F. Chapman at O'Dell.

The body was prepared for burial at Hammons Funeral Home and was then shipped overland to O'Dell, where funeral services were held.

Little four-year old Donna Smith had many reasons to smile last Friday, her 4th birthday, when she had her picture made. In addition to the birthday, and a big birthday cake to smile about, she also smiled because she is recovering from an attack of polio, although still wearing a brace. She was also smiling because she had just heard that the Littlefield March of Dimes is heading for a big success—which means that other little boys and girls who may be stricken with the treacherous, dangerous malady, will be assured of and receive adequate treatment and care, and braces to help them complete a recovery afterward. She is a daughter of Mr. and Mrs. Ray Smith of Littlefield.

Pool Boy Narrowly Escapes Serious Injury When Hit By Car

10 year old son of Mrs. Dudley Jones, 1000 venue, narrowly escaped injury or possible death at 9:30 a. m. when he was struck by a car on the Levelland at the corner of East 9th.

The injured boy was taken to Payne-Shotwell Foundation by a passing motorist, where he received x-ray and emergency treatment. No bones were reported broken, however, he received a deep head wound on the right side, as well as bruises about the left eye. He was also bruised over the entire body.

Max is in the 4th grade. He has six sisters and brothers, ranging in ages from 17 to three and one-half years. The father was employed at the Irvin Gin during the ginning season. The past two months he has worked at Pecos.

New City Ordinance Gives Schedule For Local Telephone Charges

Littlefield City Commission, following a recent all-day hearing held here, in which General Telephone officials presented figures, supporting their position in demanding substantial telephone rate increases here, met in special session January 24, and passed a new rate-fixing ordinance, in which the existing rate ordinance was repealed, and with the new ordinance granting some rate increase in practically all categories of service, but setting the new rates at a lesser figure than asked by the telephone company.

Whether the new rates set, as offered in the new rate-fixing ordinance No. 130, which in effect are a compromise figure, between existing rates, and the still higher rates which the company insisted, in a Court action filed some weeks ago, will be accepted by the company, or rejected, has not been made known to city officials, nor has any announcement been forthcoming from telephone company.

Scheduled for Hearing: As the matter now stands, the suit is scheduled for hearing in District Court at the coming session of District Court, which opens Monday of next week, and unless the company accepts the new rates.

CITY REPORTS \$71,934 IN TAXES COLLECTED AS OF WEDNESDAY

Approximately 69 per cent of City taxes levied for the year, and which will become delinquent after January 31, have been collected up to Wednesday morning of this week, according to W. G. Street, City Secretary, who added that, the percentage figure was approximately the same as last year, and that the remaining days of this week will show substantial collections to be added to those already paid.

The total City levy for the year is \$95,975.74, and of this amount \$71,934.00 is reported as collected. This leaves a balance still uncollected of \$23,141.74.

Penalty and interest are added to delinquent taxes after January 31.

Reports were not available on County and School tax collection figures until after January 31.

AMHERST GARDEN CLUB SPONSORING MOTHER'S MARCH IN AMHERST

St. Martin's Church Holds Annual Meeting Sunday

The annual meeting of the St. Martin Lutheran Church of Littlefield was held Sunday afternoon, at 2:00 p. m., January 25. The pastor called the meeting to order. The minutes of 1952 were read by the secretary, Lonnie Neinaast. The Treasurer's report was given by F. C. Beyer. Pastor Leslie Huebner gave his report for the work that has been done since he was installed in July of last year. He also gave his recommendations for the program for 1953, in which he especially emphasized education, evangelism and stewardship.

B. D. Birkelbach was re-elected to the Council; F. C. Beyer was re-elected treasurer. Richard Black and Walter Schroeder were elected to the Council, which is now composed of six members. The terms of the other two Council members, Edgar Schulz and Lonnie Neinaast, will expire next year. All the terms are for two years.

A Church School Board, composed of the Council and the Sunday School officers, was created, whose purpose is to plan the program and policy for the Sunday School. It was decided to transfer some funds from the Sunday School to the Congregational Treasurer, Bruno Ganzer and Walter Hill are to audit the books of the congregation for the year 1952.

The Twenty-Fifth Anniversary of the congregation, August 5, 1953,

The March of Dimes, Mother's March will be staged in Amherst Thursday night, (tonight) between 7 and 8 o'clock, by members of the Amherst Garden Club. The ladies will canvas the town and will call at homes where the porch light is burning between the hours specified.

Benefit Basketball Game
A benefit March of Dimes basketball game at the High School gym will be played between the girls "B" team and the nurses home, beginning at 7:30 o'clock Saturday night. The second game will be played between Amherst Lions and Plant X. Admission will be 25 cents for students and 50 cents for adults. All money taken in will go to the March of Dimes.

Coffee Donations
Friday has been designated as "coffee" March of Dimes day in Amherst. All cafes are cooperating in the extent of giving all money taken in for coffee, during the day and evening.

Richard Daugherty minister of Amherst Church of Christ is Amherst March of Dimes chairman.

was discussed. The Rev. C. N. Roth, president of the Texas District of the American Lutheran Church, will be contacted and invited as special speaker for this occasion, which is to be held some time in August.

The budget for the year 1953 was adopted. The adult Bible class, to be held at 7:30 p. m. every Wednesday night was discussed. This class will begin January 28. Everyone is invited.

Big Wrestling Match Set For Tonight At Littlefield Arena

Five District Gloves Tournament Champions Crowned At Plainview

The District Golden Gloves Tournament ended at Plainview Friday night with 11 champions fighting for titles and 10 more getting crowns without opposition.

Five boxers failed to show up for finals and five were never matched because of lack of men in that weight division.

Sudan took home the high school team trophy with 38 points, host Plainview taking the Golden Gloves team title with 15. Sudan was followed by Plainview 28, Canyon 16, Floydada 12, Kress nine, Olton 4, Lubbock 4 and Lockney 3.

Behind Plainview in that division were Lockney 10, Kress 8 and Floydada 5.

Millsap Beat
Howard Millsap, the Sudan who fought and won every night without an easy match in the tourney, was voted as the most outstanding competitor. He defeated Kenneth Gullette of Olton for the 135-pound crown in what most observers classed as the best fight of the night.

Loren Loe of Sudan fought his usual whirlwind style to get a first-round KO over Jim Hall of Sudan in a scrappy battle — as long as it lasted.

Another top go was the Doyle May-Bobby Davis battle. Last year, May defeated Davis for the 135-pound title, but in doing so injured a hand and Davis represented the district at the Amarillo regional, losing in the finals.

May Wins Again
So this time May decidedon Davis again for the 155-pound high school crown this time. It was another close, vicious fight.

Some 2,000 fans, largest turnout of the four nights, saw another top battle when Canyon's Don Robertson won the 126-pound belt on a decision over Jack Tarleton of Kress.

Crowned without opposition were Donald Reecer of Lockney, Fred Favila of Plainview, Jimmy Jacques of Plainview, Billy Young of Kress and A. N. Arney of Floydada.

Ray Whisenhunt of Olton won the 135-pound novice crown Thursday night.

ABERNATHY BEATS HALE CENTER IN DISTRICT 3-A PLAY

The Abernathy Antelopes won their 17th straight game of the season and fifth in District 3-A play at Hale Center Friday night with a 45-39 decision over the Hale Center Owls.

Hale Center won the boys "B" team game, 27-19, and the girls contest, 37-28.

Geronimo Ramos and Harold Cunningham tied for scoring honors for the Antelopes with 12 points each. Bill Johnson had 17 for the losers.

James McMinn sparked Hale Center to the "B" team win with 12 points.

Susie Hughes had 17 points for the Owlettes and Oswald had 18 for Abernathy in the girls game.

Lobos Defeat Whiteface 65-50

Levelland High School annexed a pair of triumphs over Whiteface basketball teams at Whiteface Saturday night. The visiting B squad taking a 50-26 victory and the Lobos winning, 65-50.

Levelland built up only a 28-25 lead at the half in the varsity game, with the Antelopes hanging tough. But the second half was different, with the visitors pulling away.

Clifton Bizzell of Whiteface was high scorer in the game on 18 points, while Ronnie Leatherman had 15 for the Lobos. Four men went out of the game for each team via the foul route.

In the opener, high scoring honors again went to the home team with Jimmy Ashby scoring 15 points for Whiteface, Jimmy Odell had 13 for Levelland B.

Sudan and Springlake Divide 2-A Basketball Double Header Tuesday

Sudan and Springlake divided to District 2-A basketball twin-bill at Springlake Tuesday night. The host girls winning, 43-25, and the visiting boys knotting things up, 55-36.

Leon Hill and Charles Lynch led Sudan to the boys win. Lynch getting 15 points, Hill 14, Higgins had 13 and Davis 12 for the losers.

Sudan was ahead 31-19 at the half and was never pressed after that. Olton will visit Sudan Friday in another conference affair.

Springlake And Amherst Swap Basketball Wins

Springlake and Amherst swapped District 2-A basketball victories at Springlake Friday night, with the Wolverines dropping a 39-33 contest to the visitors, after winning the girls game, 36-24.

A. L. Nuthall and Connie Baird sparked the Amherst boys to their win with 18 and 17 points. Douglas Higgins had 10 for Springlake. Joan Maxey made 17 points for the Springlake girls and LaWanda Terrell had 16 for the losers.

LEVELLAND DEFEATS SMYER FIVE 71-55

Smyer and Levelland split a basketball doubleheader at Smyer Friday night, with the visitors winning the boys game, 71-55, but dropping the girls game, 47-38.

The Lobo's were pressed in the boys game for three periods before breaking the game wide open.

Ronnie Leatherman was the leading scorer for the winners with 17, followed by Kenley Fortner with 15 and Curtis Israel with 13.

Hervey McDougald and Leroy Schulle, with 17 and 14 respectively, were the leading scorers for the losers. Both fouled out in the third period.

James Willis was Smyer's leading scorer with 22 points. Joan Alexander hit 26 points for Levelland.

Sundown Cage Clubs Win Invitational

The Sundown basketball teams won their own invitational tournament at Sundown Saturday night, with the Roughnecks taming the Morton Indians, 48-35, and the girls tripping Morton, 44-36.

Muleshoe teams captured third place. The Mules edged Stanton, 54-52, and the Mulettes stopped Levelland, 48-22.

David Hogue and Don Waygood teamed up to give the Roughnecks their offensive spark. Hogue dropped in 17 points and Waygood 16. Lamar Burns had 11 for Morton.

Martha Akin went on a scoring spree in the girls game, racking up 32 points to lead the Sundown girls. Neima Pierce tallied 17 for Morton.

Jim Allison tossed in 17 points to lead Muleshoe past Stanton, although he was tied for scoring honors by Hubert Grigg for the Indians.

Norman Graves and Ritta Peel were the leading scorers for Muleshoe in their win over Levelland. Mary Forehand had eight for the Indians.

In 1951 farmers made up about 15 per cent of the U. S. population.

In order to set up a championship match for Littlefield this week, the date of the wrestling matches have been changed from Saturday night to Thursday night.

The Littlefield Sports Arena will take over a championship duel originally intended for Amarillo on Thursday night. Ivan Kalmikoff, the durable Russian, will put up his Southwest States junior heavy-weight title against Cowboy Carlson, the former steer wrangler from Montana.

The match goes for two out of three falls or a 90-minute time limit.

Judging from his recent string of victories over the territory, the Cowboy is ripe for a title match. He has asked for it several times, but until now Kalmikoff would not agree to it. The Mad Russian won the title in the Amarillo arena last October 16, and has successfully defended it against all comers since then.

Littlefield gets the match by order of Dory Detton, Amarillo promoter and booking agent for the Southwest State area. The annual Amarillo Golden Gloves Regional tournament is being staged this time at Amarillo Sports Arena, and the weekly wrestling card is forced out of the picture in that city.

After this week, the wrestling matches in Littlefield will be held on Saturday nights, as usual.

Supporting the championship main event match, Herb Parks of Canada meets Carlos Moreno of Mexico City in the semi-final, two out of three falls or 45 minutes. In the first event, Ace Abbott of Abilene meets Frankie Hart, Canadian resort owner-operator who has built up a terrific following over the country as a "gentleman" wrestler.

Sudan Fighter Takes Victory

Laron Loe of Sudan, fighting in the 147-pound division, turned in an impressive victory over James Wolfington of Plainview, scoring a TKO at 50 seconds of the first round in the opening night of the Amarillo Regional Golden Gloves tournament at Amarillo.

But Loe was the only winner from either the Plainview or Lubbock districts. Plainview sent a full list of zoxers to the tournament, as promised, but not a single Lubbock district winner showed up. Jimmy Williams, who won the open heavyweight title at Lubbock, will be the only Hub City representative here. He's scheduled to fight Thursday night.

Victims of Knockouts
Five Plainview boxers were the victims of knockouts or TKOs tonight. Alvis Barton went down to defeat at 50 seconds of the first round, getting knocked out by Harry Roberts of Amarillo in the 118-pound high school division.

Tommy Loe of Sudan was kayoed at 1:08 of the first round by Bill James, Amarillo, in the 147-pound novice division.

Herbert Hartley, 147-pounder from Plainview, was kayoed at 57 seconds of the first round by Bobby Wilhelm of Pampa. Wilhelm twice was the 135-pound champion here and last year was named the outstanding competitor in the Amarillo tournament.

NEWS OF ANTON -- "The Town With A Purpose"

...Anton Pioneers...

(This is the first of a series of articles on early residents of Anton. Watch for this weekly feature in the Lamb County Leader.)

September 23, 1924, Sol Gann and Pat Cox were sent by The Panhandle Lumber Co. of Littlefield with two trucks to Danforth Switch, west of Anton, to unload material for their company here.

Sol in the first truck met M. L. Morgan as he was going from South Spade to North Spade headquarters to drill a well, and together they tore down the railroad fence, put their timbers together and made a crossing into the town, M. L. being the first to enter.

M. L. went on about his business of drilling wells and was not seen again for several months. Pat and Sol threw together a little eighteen by twelve shack on a quarter that Pat had bought and is now owned by O. A. Burk. They slept in their trucks for a couple of weeks while completing this little home. Most of this time was spent in keeping warm and fighting the cows off the grub. They hauled in drinking water from a ranch windmill at what is now the Buck Roe farm. This farm and the adjoining one belonging to O. L. Langston were the first put under fence and in cultivation.

Pat and Sol had to go to Littlefield for mail and groceries. About 300 waited in line each day for the mail as the Post Office had no boxes and Littlefield had only board walks. It took the whole day to make this trip as the roads were very sandy — just ungraded roads cut with a disc. But they fared fine as they always filled up at The Chili King cafe.

At that time it was undecided whether to build the town of Anton north or south of the railroad.

These two later pulled their shack to what is now the Jim Bridges residence and established

SOL GANN

headquarters for their truck line. This line was called the R. Q. & M. and hauled the material for the Landers, Coffman and Ed Hart residences from Muleshoe and Sudan. These were the first homes in Anton. It took the trucks about 20 hours to make that trip.

One cold night M. L. came back and took up his abode with them, then it seemed that no matter how many loaves of bread or pounds of steak they brought from Littlefield, they were always out of grub. Sol says that M. L. ate it all, but look at the picture and judge for yourself! We failed to get Heavy Morgan's picture in, but it would only have made Sol look more emaciated and as it is he is fairly good looking, don't you think? At least Miss Gertrude Burleson thought so and they were married in 1932, and have one daughter, Mary Sol.

With Mr. Smith of Littlefield as his partner, Sol has a nice business, both here and in Littlefield.

Anton Bulldogs Score Three Victories Over Pettit Teams

Anton Bulldogs defeated visiting Pettit three times at Anton Friday night, two of the wins being District 6-B games.

In a preliminary the Bulldogs won, 46-20 on Johnny Bass' 16 points.

The Anton girls had a 61-47 victory, but had to come from behind in the fourth quarter. Pettit had the lead, 44-43, to start that period when Katherine Billings and Ginger Hodge got hot for the home team.

Frances Canter was high scorer with 22 points, with Shirley Johnson adding 18 for the losers. Billings also had 22 for Anton, with Hodge chipping in with 17.

Kenneth Hice whipped in 25 tallies to lead the Bulldog varsity to a 66-45 win and Anton was ahead all the way in this one. Lynn Price scored 12 points to pace losing Pettit.

ABOUT PEOPLE YOU KNOW---

TOUGHER THAN THEY LOOK

Mr. McGuire and Mr. Christian had a little struggle getting seats in the cafe this morning. After being cuffed around roughly by the other merchants they took a back seat but announced "let us alone, boys, we're tougher than we look!" Now how could they be?

LET'S HAVE HOPE

Since Eisenhower went into office the topic I hear most often discussed now is underground moisture. Well, we don't have it but the year is very young and last year we made the biggest cotton crop of all time on very little so lets have hope!

ILL WITH FLU

Phil Bishop spent several days in Payne and Shotwell Hospital with flu. Charlotte has also been ill but both are able to be back in school today.

NO FISHING!

Jim Grace does not plan to go fishing this week. Now, that, is real news!

IN LITTLEFIELD HOSPITAL

Mr. D. A. Poole is now in the Littlefield Hospital very ill with flu.

SERIOUSLY ILL

Mrs. Roy Grace has received word that her father in Paris, Texas is seriously ill.

RELEASED FROM HOSPITAL

Supt. Jim Bridges has returned from Payne and Shotwell Hospital where he has been very ill for several days.

RESIGNS AS TEACHER

Mrs. Walter Hobgood has resigned as second grade teacher in our school and her place has been filled by Mrs. Doris McCullough of Lubbock.

VISIT GRANDPARENTS

Mary and Barbara Brimhall and Kay Pendergrass are visiting their grandparents in Portales, N. M.

RETURNS FROM HOSPITAL

J. C. Grace has returned from the Veterans Hospital in Temple where he has been a patient for two months. J. C. had a major operation and he is convalescing.

GUEST AT TEAGUE HOME

Mrs. D. T. Teague's brother, Arnold Killan of Paducah was a guest in the Teague home over the week-end.

GOES TO LAMESA

Mr. and Mrs. Fred Stanfield and Eunice made a trip to Lamesa Sunday to visit old friends and relatives there.

SERIOUS BACK TROUBLE

Dick Belcher is unable to work on account of a serious back trouble caused from the hip injury received in the service.

LEAVES DOOR OPEN

Dewey Stephens has hit upon a bright idea! On account of so many break-ins he just leaves his back door open.

GENS CLOSED DOWN

All gins are closed down except the day crew of the Co-op and all are busy repairing.

GUESTS IN GRACE HOME

Mr. and Mrs. Roy Grace of Friona were guest in the Jim Grace home Saturday.

Mr. and Mrs. Cragg Darden came to Anton November 1, 1943, and went in business where Crews Motor Co. now operate s. In 1948 they moved across the highway to their present attractive place.

From the first Cragg and Wynona have liberally donated to any undertaking for the betterment of our town. They have supported all of our towns institutions and organizations. The Lions Club has had no more faithful worker than Cragg.

Two top flight mechanics have been giving good service there for years, John and Jack.

So we will just have to hand it to the four of them; they are mighty nice people.

ANTON BULLDOGS DEFEAT PETTIT

The Bulldogs romped past Pettit Friday night 66 to 45.

Anton shot at 76 field goals, sinking 24 of them, giving the Bulldogs only a 31 per cent goal average. Ken Rice was high point man for Anton with 25 points and King was high point man for Pettit with 12 points.

HAVE DINNER GUESTS

Mr. and Mrs. C. L. Moore and family were dinner guests in the D. T. Teague home Saturday. Mrs. Moore is the former Frankie Lou Teague.

GOES TO ALTUS

Mr. and Mrs. R. P. Jones, Jimmie Beverly and Mrs. L. T. Swanson made a trip to Altus, Okla. and returned Sunday. They visited Mrs. Jones father.

MRS. PURCELL DIES

Rev. Everett Springfield was notified of the death of Mr. Purcell's mother in Granville, Okla. The Purcell family left immediately for Granville and have not returned.

ILL IN HOSPITAL

Mrs. J. T. Couch is very ill in Lubbock Memorial Hospital with pneumonia.

GOES TO CISCO

Mr. and Mrs. G. C. Chandler spent the week end visiting Mrs. Chandler's sister of Cisco and Mrs. Vivian Culwell of Stamford.

CHILD IS BURNED

Wayne Jones has had pneumonia and Beverly the measles. While using a vaporizer in the home it exploded, and painfully burned Beverly's arms.

HAVE MEASLES

The children of Mr. and Mrs. Earl Scott have the measles.

AUCTION SALE

The auction sale Tuesday seemed to have brought more people to Anton than has been here since Christmas. And the whole block was covered with machinery. No figures have yet been turned in but with Clarence Mathews as auctioneer and Joe Garner as clerk it had to go over good.

VISIT IN ASHBURN HOME

D. W. Ashburn, a brother of Joe Ashburn, from Denver is spending several days in the Joe Ashburn home. He will return via Abilene. His daughter graduated at mid-term from Hardin-Simmons and will accompany him home.

RETURN FROM TRIP

The Ed Harts and K. W. Wells have just returned from a very pleasant trip through New Mexico and Arizona.

Besides the beautiful scenery and pleasant weather, they saw pima cotton growing and irrigation wells that made ours look like babies. But they were glad to get back to Anton.

THE MOST DISCOURTEOUS MAN IN TOWN!

Today I went to the post office to mail a letter on the train and ways being a little afraid to get close to those big "Choo-Choo" I asked Carl Harrington, Santa Fe agent to mail the letter for me. He assured me that it was a through train and the only way to get it done was to get out there and sit on the track until the train stopped. Well, I timidly suggested Carl that I didn't mind sitting there if he would sit on the with me and maybe hold my hand! Now that did not seem like asking much of a man. I guess Carl got to thinking all those croquet games would miss from now on, and he flatly refused. That is what I call being polite!

Improvements Underway To First Baptist Church Of Anton

The Baptist folks are always making some improvement on their church. Right now they are lowering the Altar and the baptistry. The members are doing the work themselves.

Their Sunday services were very encouraging — one hundred-ninety-five in Sunday school and one hundred twenty-five attended Training Union. This is not the peak of attendance for Sunday School but morning and evening services were unusually well attended.

Lions Club Meets Monday Night

At the regular Monday night meeting of the Lions club the colored school asked for a donation of \$100.00 to finish paying for a projector that they have bought for the school. The Lion's are considering some means of raising this money for them.

Clarence Mathews is to represent the Lions in the March of Dimes, to investigate what is being done, etc.

Part of the money taken at the auction sale some months ago was to be spent for additional ground adjoining the cemetery, as all lots there are sold. This is in the hands of a committee.

At the Lions club meeting Ed Hart gave a report on his trip to Arizona.

Governor Buff Morris of Canyon will be the speaker at the next meeting, and it will be ladies night.

Zade Hooper, Al Herrin and Rev. McAnally are in charge of arrangements.

PNEUMONIA FATAL TO ANTON CHILD

Tommy Roland Byrum, 3-month-old son of Mr. and Mrs. Pat Byrum, Anton, died Monday as a result of pneumonia, in a Dallas hospital where he had been a patient for a week.

Funeral services were conducted at Anton at 3 p. m. Wednesday in the Church of Christ, with R. N. Stark, minister, officiating. Burial, under the direction of Rix Funeral Home of Lubbock, took place in Anton cemetery.

The child leaves his parents; a brother, Michael his paternal grandmother, Mrs. D. R. Byrum, Anton, and his maternal grandfather, M. C. Nelley, McAdoo.

He was preceded in death by two brothers, Neely J. and Joe Don.

Return From Visit To Georgia

Mrs. C. J. Williams and Bobbie have just returned from a very pleasant visit with Major and Mrs. T. H. Adams of Baldosta, Ga. Mrs. Adams is the former Miss Ouida Williams.

Enroute they stopped at Big Sandy, Mrs. Williams childhood home.

Much sleet and rain was encountered but what did Bobby care with that new Oldsmobile?

Mrs. Ella Ater Honored At Dinner Wednesday Evening

A dinner was given Wednesday evening in the Joe Booth home honoring Mrs. Ella Ater, Mr. and Mrs. Joe Ater and Mrs. Smart.

Later in the evening the Friendship class of the First Methodist Church gave a farewell party for Mrs. Ella Ater.

Punch and sandwiches were served to Mesdames A. A. Givens, J. T. McGowan, W. H. Roland, J. H. Denson, the Aters, Mrs. Smart and the Joe Booths.

Mrs. Grace Hostess To Anton Garden Club Thursday

The Anton Garden Club met in the home of Mrs. Jack Grace Thursday afternoon, January 22.

The meeting was called to order by the president, Mrs. Jack Grace, and a business session followed. Several issues were voted on by the club, and ways of improving the park was discussed.

Our next meeting will be February 12 at 3 p. m. in the home of Mrs. Jim Hobgood. The program will be on "Annals and Perennials".

ANTON GIRLS DOWN SPADE TEAM; SCORE 36-23

The Anton girls played the Spade team Tuesday night at the Anton gym. The score was Anton 36 and Spade 23.

The high scorer for Anton was Johnny Spears with 15 points. The high score for Spade was made by McCoy and Shaw with seven points each.

Anton News To Be Incorporated In Leader

Anton will have a page or two of news about you and your friends. It will be an Anton paper incorporated in the Lamb County Leader. So please give me your news and your advertising. It will be written in the same manner that I have been writing the Anton news.

Now Mr. Morley B. Drake, Editor of the Leader is a very optimistic person. He thinks he can make a newspaper woman out of me! Don't laugh!

But he says to me, and he pointed out his stern finger right at my nose in that school teacherish way—"But young lady, no monkey business in my paper, remember that!"

Well I was so elated when he said "Young lady," that I didn't mind too much—in fact I never minded very well—so I am going to sneak in a little of my monkey business and that will be fenced of in a column that will start next week. The balance I will give to him in straight news and if he wants it that way just as dry as a SODA CRACKER.

George Arthur Is Here To Stay

One of the most clear thinking and determined young men that I have dealt with in years is George Arthur of Arthur-Shanon Hardware. He is as persistent as a flea! Why he just plain talked me out of that store when a hundred others had failed, and he will make good.

He has had far reaching plans for years. After learning the hardware business in his brothers store his time were first to complete his plans in the service, finish college, then go into the hardware business for himself. He has done that and I believe that we are stuck with Bonnie and George. They did not come here for a day but from now on.

These young people are warm hearted and courageous, and their business will stand up because they will deal with you honestly and fairly.

I believe I know people when I see them!

NO PICTURE!

Next week we plan to have the story of Ed Hart's early days here. Now he was here and just as busy as he is today but the hold up now is that he can't rake up a single picture that doesn't look like him!

LITTLEFIELD MINISTERIAL ALLIANCE INVITING MINISTERS TO MEETING

Ministers of all churches in Lamb County have been invited to meet with the Littlefield Ministerial Alliance, in a special meeting to be held next Tuesday afternoon in the pastor's study of the First Methodist church, when plans will be discussed for a County-Wide Ministerial Alliance, secretary, Rev. Harry Vanderpool, announced.

The Littlefield Ministerial Alliance has no charter that binds the members or excludes any minister because of his denominational obligations or convictions. It is merely a loosely knit organization for ministers of Littlefield to meet regularly to know each other better and discuss problems concerning all churches in the community, Rev. Vanderpool said.

Officers of the Alliance are, president, Rev. John C. Taylor; vice president, Rev. Henry Haupt; secretary-treasurer, Rev. Harry Vanderpool; reporter, Rev. Leo McDonald.

Brother of Mrs. B. F. Eidson Dies

Mrs. B. F. Eidson left Sunday for Bonham, Texas, in response to a message that her brother, Everett McKelvey, had passed away at a hospital in that city.

Mr. McKelvey had been stricken with paralysis in July. Recently he contracted pneumonia, which caused his death about 11:30 p. m. Sunday.

Funeral services were conducted Monday afternoon.

Survivors include his widow, and three children, two sons and a daughter, a brother, Dewey McKelvey of Bonham, a sister, Mrs. Etta Moore of Wichita Falls, and his sister, Mrs. Eidson of Littlefield.

Mrs. Eidson is expected to return to Littlefield this week-end.

Snow Disrupts

(Continued from Page 1)

en, could not be operated, until temporary emergency power was provided; deep freeze units were inoperative and spoiled hundreds of dollars in foods, electric ranges were out of commission — and in many rural homes, with electricity cut off, a real problem was presented to farmers and their families. Many ingenious innovations were created by different rural families to cope with the emergency.

In the majority of instances, service was restored within 48 hours, but in some isolated instances, especially in the Olton, Amherst and Sudan area, farm homes will be without electric service for a ten-day period.

Dick Carl, REA manager said 95 per cent of the damage would be repaired as of Thursday morning, one week after the storm hit. Crews of repairmen were frantically called from all over Texas, and from New Mexico and Oklahoma, to supplement the regular crews maintained here, and all available extra help that could be obtained locally, and so far as possible, all worked long hours of overtime.

REA suffered damage to 3,000 lines and lost about 500 poles; Southwestern suffered severe damage, especially in the north and west sections of the county, with at least 20 poles down, and dozens of cases of snapped wires.

The company suffered two high line transformer blows, one between Coates and Stanton and one between Stanton and Damon.

The sudden storm, which brought three quarters of an inch of moisture, hit about day-break Thursday morning. It arrived following an almost sunless day and night Wednesday; a dust storm rolled in early Thursday morning, followed by rain, which turned to snow, a very wet snow about 7:00 a. m., which continued falling throughout the morning, to a depth of about four inches.

The storm was not altogether on the dark side however, despite the damage occasioned, and inconveniences created. It broke a drought which has persisted for the past several months, and brightened crop prospects throughout the area, and made possible plowing of thousands of acres.

Dozens of farmers who had been operating irrigation plants throughout January, to offset the lack of rain, were able to shut down wells, and take an "Irrigation Vacation" — at least a breather.

And while damage was costly, and in some cases severe, it could have been worse—very much worse, and long-experienced linemen and electrical workers were agreed that it was just sheer luck that the damage was held to no greater figure—in view of the potential damage possible, when ice coats wires to a thickness of four inches—and upwards.

Five High School Seniors Complete Work At Mid-Term

Students who graduated from Littlefield High School at mid-term, and who will be in the regular graduation exercises with the class of '53 in May, include Melva Loy Anderson, Jimmy Waylon Fields, Wanda Vondee Fowkes, Carrie Anita Ivy and Mary Zoe Renfro.

County Officials Attend Meeting

A group of Lamb County officials, including the County Judge, County Sheriff, and the four Commissioners, left for San Antonio Wednesday morning, where they will inspect jail equipment, which is built to specifications, by a San Antonio firm, who have offered proposals, in connection with equipping the new Lamb County jail, which is to be incorporated within the new Court House, construction on which is scheduled to get underway in the near future.

The group of County officials was joined at Lubbock by representatives of the architectural firm, which holds the contract for designing the new structure.

They are scheduled to return home during the week-end.

tion, and a two-sermon Sunday morning schedule, is now in effect, and will probably be continued until the new building can be completed.

One of the major changes incorporated in the revised plans, is eliminating finishing of the basement. The building exterior plans are left unchanged, but several changes of more or less minor nature were made in other interior plans.

The church has above \$98,000 in the treasury building fund to date, and they hope to go well beyond \$100,000 the first Sunday in February, the pastor, Dr. Lee Hemphill said.

born to the union, on August 27, 1952.

Survivors include, besides the widow and daughter, his parents, and one brother, J. W. Brown of Whitharral; three sisters, Mrs. Ed Johnson of Whitharral, Mrs. Horace Kebbs, Cone, and Mrs. Vic Tucker of Modesto, California. All are present for the last rites.

Pfc. Brown enlisted in the U. S. Marines January 24, 1952. He received basic training at Camp Pendleton, California. The last time he was at home was during the time his little daughter was born.

Interment was made in the new Littlefield Memorial Park.

About People You Know

Lee and Dee Craig of 15 miles south of Littlefield returned home from visiting their sister and brother-in-law, Mr. and Mrs. J. C. Easter at Denver Colo. They had been gone since December 26. They report a lovely time, but say they wouldn't want to live in Denver where there is so much snow.

Mrs. J. L. Peel and two children, Michael and Gail, of Lubbock spent Wednesday and Thursday in the home of her parents, Mr. and Mrs. A. A. Craig of 15 miles south of Littlefield.

J. C. Craig, who sustained a back injury in World War II, who has been a patient in the V. A. Hospital at McKinney since December 16, is doing nicely. However, he will be there until the latter part of February. He underwent back surgery, and was on the operating table three hours. He is a son of Mr. and Mrs. A. A. Craig of two miles south of Oklahoma Flat, and four miles west of Whitarral.

Bill Schroeder of Seely, Texas, spent Christmas day with his wife's parents, Mr. and Mrs. J. H. Wells.

Mrs. Wiley Roberts and Mrs. Sally Roberts left for Portales, N. M. Tuesday to visit his parents, Mr. and Mrs. O. S. Sullivan and Mr. and Mrs. Waymon Barker.

Mr. and Mrs. W. B. Little left last Sunday to attend market at Dallas and Fort Worth. They were accompanied by Mrs. Otis Smith. They also planned to visit their daughter and son-in-law, Mr. and Mrs. Fuston McCarty at Dennison, Texas.

Mr. and Mrs. J. R. McKinney of five miles east of Littlefield visited Mr. and Mrs. Roy Moritz and family at San Angelo over the week end. The Moritz family are formerly of Littlefield.

Miss Dixie Durfee has returned to her home in Fort Worth after an extended visit with her sister and brother-in-law, Mr. and Mrs. G. S. Glenn.

Roy Swain, Manager of Perry Bros., has returned from an absence of several days assisting taking inventory at Midland, Snyder and Hereford Perry stores.

Mr. and Mrs. Tracy Wayne Edwards and daughter Belinda of Dumas spent last weekend in the home of his parents, Mr. and Mrs. Dick Edwards.

Mrs. Furman Grant and Little son Phil of Greenville, So. Carolina are spending two weeks here with her parents, Mr. and Mrs. R. A. Bigham, N. Westside avenue.

Mr. and Mrs. Frank Repman spent from Thursday until Saturday recently on business here. Mrs. Repman, the former Mrs. Addie Hewitt, was a patient in St. Anthony Hospital, Amarillo, two weeks, and was released January 6. On returning to her home at San Angelo she took flu, and was recovering from this when she made the trip here.

C. A. Miller left Sunday for Fort Worth to attend a meeting of J. C. Penny Company Managers. He was accompanied by Mrs. Miller and Mrs. Elton Hawk.

Mr. and Mrs. Jack Rollins and son, Johnny of Lubbock, spent Monday night with Mrs. Rollins mother, Mrs. J. C. Chaney.

Mr. and Mrs. Odell Matthews spent the week end at Graham, Texas, with her parents, Mr. and Mrs. Ed Webb, and were accompanied back to Littlefield by Mrs. Matthews mother, who will visit here until Sunday.

Mr. and Mrs. J. H. Mooney and daughter, Mary Lou, of Clovis, New Mexico spent Sunday here with her parents, Mr. and Mrs. J. E. Chisholm and family.

Mr. and Mrs. B. G. Murdock of Albuquerque, N. M. are the parents of a daughter born Tuesday, January 20, at a hospital in that city. The baby weighed 7 lbs. 4 oz. Mr. Murdock is a nephew of Mr. and Mrs. R. L. Murdock of this city.

Mr. and Mrs. R. L. Murdock have purchased a new three bedroom home at 1030 West 9th St. and moved last week from 201 North Austin Ave. to their new location.

Dan Howard, son of Mr. and Mrs. Marshall Howard, underwent an appendicitis operation at the Payne-Shotwell Foundation last week and is getting along nicely.

Recover Loot From Drive-in

Four cartons of cigarettes was the only loot obtained, so far as could be ascertained, by officers when they investigated the Saturday night break-in, and robbery of the Tasty-Freeze Drive-In, on Highway 84, near downtown Littlefield, owned by Mackey Greer.

The thief or thieves forced an entrance to the new drive-in, by breaking a pane of glass out of a rear window.

Last Rites For Franklin Frey Held Friday

Funeral services for Franklin
Van Buren Frey 85, of Spade Com-
munity were conducted from the
First Methodist Church at Spade,
Friday afternoon, January 23, at
3:00 p. m., with the pastor, Rev.
Carl McMasters officiating, assist-
ed by the pastor of the First
Methodist Church at Brownfield,
a friend of the family. Burial was
in Littlefield Cemetery under the
direction of Hammons Funeral
Home.

Mr. Frey passed away at South
Plains Hospital at Amherst, Wed-
nesday afternoon about 4 p. m., fol-
lowing a lingering illness. He had
been a patient in the hospital for
the past 33 days. He suffered from
a heart condition.

Deceased was born April 26,
1867 in Johnson County, Missouri.
He had lived in Spade for the past
11 years, having moved here from
Goree. For the past few months
he and his wife lived with a son

Sundown, Texas, and also a large
number of grandchildren.

Other survivors include four
sisters, Mrs. L. N. Chamberlain of
Lubbock, Mrs. D. N. Chamberlain
of Goree, Mrs. J. A. Tyler of Miles,
Texas and Mrs. W. C. Alexander of
Lubbock, and one brother, G. M.
Frey of Hugo, Oklahoma.

EARTH NOW BOASTS JUSTICE OF PEACE

The thriving little city of Earth
can now boast a Justice of the
Peace, Marcus W. Messer, owner
of the City Drug Store, was ap-
pointed Justice of the Peace of
Precinct No. 2, recently by Coun-
ty Judge Otha Dent, in Commis-
sioners' Court at Littlefield.

Mr. Messer was recommended to
Judge Dent by a number of Earth
citizens and Deputy Sheriff L. H.
Randolph. The new officer's first
job came on the day of his ap-
pointment when he was called to
Plant X in investigation of the
death of John Miller, a construc-
tion worker there.

The office made complete ar-
rangement whereas offense cases
may be handled in Earth without
the local deputy having to carry
law-breakers to the County Jail at
Littlefield.

The Pennsylvania Dutch are

the name Dutch deriving from the
German word "Deutsch."

At a meeting the new Board of
Directors of the Littlefield Cham-
ber of Commerce, held Tuesday
morning at Dyer's Cafeteria the
newly elected president, C. A. Mil-
ler appointed standing committees
for the ensuing year.

Naylor Nelson, chairman of the
banquet committee, reported on
the annual Chamber of Commerce
banquet, and announced the date
as February 10, at the High
School Auditorium.

The Agricultural Committee,
headed by Marshall Howard, re-
ported on the Soils Fertility Day,
set for February 23. The findings
of the committee, was approved
by the Board of Directors.

Bob Crowell, manager of the
Chamber, who represented a
special committee, reported that
the local Chamber of Commerce
will participate in a contest spon-
sored by a special West Texas
Chamber of Commerce Agricul-
ture committee. Preliminary plans
for this contest were made for the
contest in a meeting at Abilene
last Wednesday. Mr. Crowell re-
ported to the group that there will
be cash prizes for the Chamber of
Commerce having the best pro-
gram based on five points includ-
ing soil and moisture conservation,
rural youth projects and rural-
urban relations. The purpose of the
contest is to stimulate Chamber of
Commerce activity in this field.

Can You Afford To Have Polio?

The dimes or dollars you give to the March of Dimes constitute the best investment in polio protection an American citizen can make.

By no stretch of the imagination can this uniquely American institution be called a charity. It is, rather, an inspiring example of how enlightened individuals can protect each other and themselves from the bankrupting assault of an enormously expensive disease.

Even if the Lamb County Chapter of the National Foundation for Infantile Paralysis did no more than pay the cost of treatment for every polio patient who needed it, the March of Dimes would not be a charity. If it were, then four out of five patients would be "charity cases" . . . including newspaper editorial writers. For few of us indeed can pay costs that may run above \$50 a day and, some

cases, add up to more than \$20,000 per year.

But your March of Dimes investment does more than pay the treatment bills. It buys and transports iron lungs; it finances the training of skilled professional people; it meets the cost of transportation, salaries and maintenance of nurses recruited for service anywhere in the nation; it finances the most determined scientific onslaught ever waged by volunteers against a disease; through every medium it seeks to inform the public about the problems of polio and protection against it.

All of these are vital services of direct benefit to patients and public alike . . . whether we are well-heeled or down-at-the-heel.

This means that all of us—whether we can "afford" to have polio or not—are investing in our own protection when we join the March of Dimes.

Advantages Of Soil Testing

Another crop year has been completed and Texas farmers are now planning steps for starting the cycle all over again.

One important step that can be taken now is to send soil samples to laboratories for analysis. This early sampling helps assure farmers of getting the best results from their soil during 1953. And early testing gives plenty of time to place orders for the proper types of fertilizer which the soil may need.

A number of state and federal-operated laboratories, as well as private concerns, offer this service to the farmer. Those farmers who want to get a diagnosis of their soil needs can consult their county agent for the location of the nearest laboratory. The test can pay off in richer yields on less land this year.

Instruction sheets may be obtained from local branches of the Soil Conservation Service, Protection and Marketing Administration offices, or direct from the testing laboratories. In many cases, the procedure for handling samples has been changed to eliminate the necessity of taking samples from the subsoil.

The universal practice now is towards making a

composite sample from cores or slices of soil taken from 15 or 20 different spots of a field. Small areas that differ in color, texture or drainage should be avoided or sampled separately.

New report sheets from the laboratories have been revised to give more information on soil types, drainage, slope and the crop rotations to be followed. This information is used by soil specialists as a partial substitute for subsoil samples in interpreting the results of laboratory analysis.

Soil testing should be considered on a crop rotation basis where it is possible. Sampling soils every three to five years, or once during a rotation cycle, is sufficient to maintain an adequate mineral level and make necessary adjustments in fertilization practices.

The value of maintaining a "healthy" soil cannot be overestimated. Just like humans, soil can get "sick" due to deficiencies in its "diet". When planning crops for a certain plot of land, the farmer should know what that soil needs in the way of proper fertilizers. The initial cost will be returned in better yields.

Health Talks

Prepared by the State Medical Association of Texas

Sickness is a home brings grave concern for the patient's welfare. The homemaker usually is eager to learn how she can best work with the doctor and, what is equally important, how to save her time and energy in caring for the patient.

Before she calls the doctor (or if she expects a call from him), she will want to have a pencil and paper handy for his orders. She should write them down and read them back if any point is doubtful. When he talks with her, the doctor wants to know what the patient's condition is like. For this reason some kind of a written record will be available; it should include such things as the patient's temperature and rate of pulse and breathing (taken every four hours if the doctor requests), plus such things as the amount of fluids and food taken by mouth, the amount eliminated by excretion, and any unusual symptoms or signs observed.

The patient's record may be kept in a notebook if the illness is expected to be long. The form suggested by the American Red Cross includes columns for the following: Date and hour, Temperature (Rate of pulse and breathing, if ordered), Diet, Medicines, Treatment, Bowel and Kidney Movements, and Remarks.

The home nurse should use common sense in following the doctor's orders; for example, she shouldn't awaken a baby to give it a medicine for rest. However, any large decision should be shared with the doctor, and she should not give medicine or treatment on her own hook.

It will be to her advantage if the family medicine cabinet holds only materials which it is safe to keep there. Poisons, sleeping drugs, and medicine prescribed for a certain patient should not be left in the medicine cabinet but instead placed somewhere that children can't get hold of them, preferably under lock and key. Any medicine which is not clearly labeled of which might become dangerous when too old should be thrown away. Certain drugs like the antibiotics should be refrigerated. Toilet articles such as mouth washes and shaving creams should be separated from medicines to avoid possible mistakes.

Materials which should be kept in the medicine closet include adhesive tape, rubbing alcohol, petroleum jelly, absorbent cotton, finger dressings, gauze bandages of several widths, scissors, tweezers, a fever thermometer, medicine dropper, a hot water bottle (which can double for an ice bag), some kind of enema equipment,

and a small rubber ear syringe. In addition the family doctor might like to recommend an antiseptic, a laxative, antacid, a headache remedy, and a lotion for minor skin ailments.

For the bed fast patient certain things will be needed; a bedpan and urinal (for a man patient), a container for vomiting, a supply of tissues and a sack pinned to the side of the bed for their disposal, and plenty of cotton. If the urine is to be measured, a measuring glass or cup will be needed as well.

When the physician makes a sick call, he has most of the materials he needs in his bag. However, he will be aided if an extension cord for his right equipment or a flashlight can be provided. He should have a place to wash his hands, plus soap and a clean towel. The patient should be ready for examination; he should be on the side of the bed where the doctor can work easily, only a sheet (or at most one additional bedcover) should be placed over him, and the gown or pajamas should be removed or loosened. A straight chair should be placed by the patient's bed for the doctor's use.

One person should remain in the sickroom during the examination to help the doctor as he requests and to assure the patient. However, while obtaining the history of illness, the doctor may wish to question the patient alone. He may ask that certain supplies be ready in advance if he expects to change a surgical dressing.

A nursing plan will be helpful in giving care to the patient; the homemaker can make one with little time or effort. On a sheet of paper may be written the medicines or treatments, doses, and the times at which they are due. One way is to set up a schedule on the hour such as 9-12-3-6 for every three hours of 10-2-6 for every four hours. An alarm clock may be set for the time of the first medicine or treatment, and reset for the ones that follow. As a medicine is given, the hour at which it was due should be crossed through on the nursing schedule.

In giving medicines, five "rights" should be remembered: the right amount of the right medicine in the right manner to the right patient at the right time.

The home nurse, by preparing for possible illness in advance and learning how to work with the doctor can protect her family's health interests.

STATUTES DIVIDE SEPARATE ESTATE OF INESTATE PERSON

Previous columns have dealt with the distribution of the community estate where persons die intestate (without a will); also with division of the separate property of such person who leaves a surviving husband or wife.

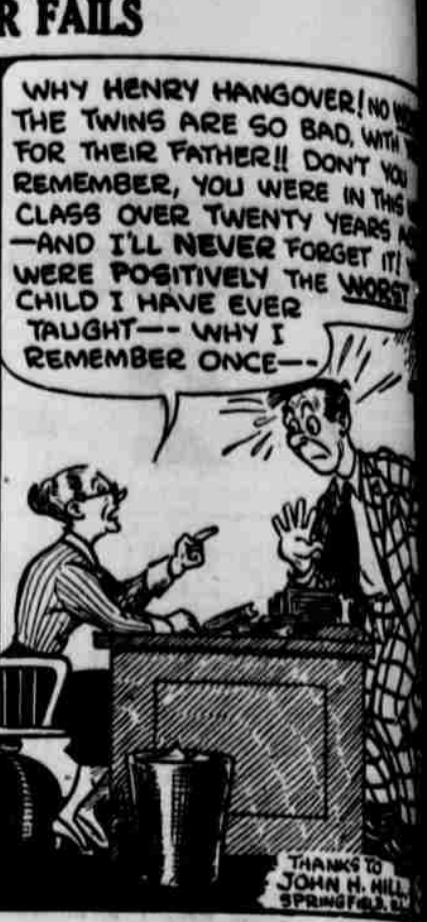

Where there is no surviving spouse, the process of dividing the separate estate among the rightful heirs becomes even more complicated, especially in the case where no children survive.

If there are children of their descendants surviving, they inherit the entire separate estate of the deceased, both personal property and real estate.

Regardless of whether the property involved is considered separate or community property, any portion of an estate going to children and their descendants is divided "per stirpes."

That is, if you should have two children and four grandchildren surviving, the latter four being the offspring of one previously deceased child, any portion of an estate going to such children and descendants would be divided into three equal parts only. Each of the two surviving children would receive one full share, while the four grandchildren would divide the remaining share equally among themselves.

When a person dies intestate and

Competition begins with the search for oil.

Competition gives you the best petroleum products in the world at the lowest prices

The U. S. oil business is one of the most highly competitive industries in this country and, for that matter, in the world. Every time you buy a gallon of gasoline or a quart of motor oil, there are at least 100 companies that would like you to buy from them.

Your purchase stimulates competition far beyond the service station driveway where you make it. It stirs scientists to find more oil for your use. It urges production men to produce oil more efficiently and economically and with less waste. It extends through low-cost transportation pipe lines to refineries that seek better ways to make more and better petroleum products to compete for your business.

Is this competition a good thing?

It certainly is. It's a good thing for you because you get the best petroleum products in the world at the lowest prices. It's a good thing for the country because it stimulates the continuous development and conservation of a vital natural resource. And it's a good thing for the oil business: competition keeps the industry strong, vigorous, progressive.

Improved drilling and producing methods increase supplies of oil at reasonable prices.

Pipe line companies seek to improve their service and to reduce the transportation cost of oil and finished products. Their success is a major factor in keeping prices of petroleum products low.

Competitive refineries never let a day pass without trying to find a better way to make more and better petroleum products for your use.

Your service station dealer competes in product quality and service with all the other dealers in your neighborhood.

There's A House In The House

AP Newsfeatures

CHASE, Md.—Leamon L. Lane had an old house and he wanted to move it so he could put up another one on the same lot. But the moving experts say it couldn't be done. The old, rotten timbers would crumble if he tried it.

But Lane wanted to keep the little old home for himself, his wife and two children while he built the bigger place.

So he left the old home standing right where it was and started building the new one around it.

Lane has the exterior of the new house finished except for windows and roof. All he has to do, says the carpenter, is tear down the old house.

His procedure for demolishing the old domicile is to tear down the roof, then the side wall, and lastly the floor.

While this is going on, the Lanes will be playing hop-scotch from one room to another.

He said his first plan was to

destroy the front part of the small house and live in the rear while erecting the front part of the new house. That would be like a mouse eating its way through a piece of cheese.

But Lane decided against this because the dilapidated house looked like it wouldn't stand up piece by piece.

How does the lady of the house feel about being pushed around in her dishwashing, cooking and other chores?

Mrs. Lane says living in a house within a house hasn't caused any discomfort nor disturbed the family life much.

But sometimes, she admits, you have to turn on the lights in the day time because the doors and windows in the two houses don't match up.

Lack of light at the moment doesn't bother her much anyway. She says you don't need much illumination except for reading, and she shuns that because "reading people" don't get much work done.

FREEDOM MEASURED IN MINUTES

Out of her iron lung for a few minutes, two-year-old Regina Edwards, stricken with polio in 1952, listens intently to the advice of Lois Christianson, a nurse at the Southwestern Poliomyelitis Respiratory Center in Houston. Regina is very young to learn how serious polio can be but the disease that claimed more than 55,000 cases in 1952 seems to prefer young victims. Help is urgently needed to care for polio patients and further research to conquer this disease. Join the 1953 March of Dimes before the fund-raising campaign closes on January 31.

made in 1952. In January, 1952, 146 Cubs, 171 Scouts, and 32 Explorers were registered, along with 126 adult leaders.

The Scouts were active in 4 packs, 7 Scout troops, and 2 Explorer posts.

At the end of the year, 160 Clubs, 188 Scouts and 35 explorers were registered. Adult leadership had risen to 135. Two new Cub packs were formed during 1952. A total of 518 boys and men are now active in Scouting in Yellowhouse District; as against 475 who started last year.

Announcement was made at the meeting of the Third Annual Boy Scout Jamboree to be held at Irvine Ranch, Santa Ana, Calif., July 17-23, 1953. Boys planning to go must make reservations with the Council office, Box 3055, Lubbock, not later than March 1, it was announced.

The next district meeting will be held at Muleshoe on February 19.

Players Switch

AP Newsfeatures MONTREAL—The old cry of the hawkers—"You can't tell the players without a scorecard"—certainly holds true in the National Hockey League this season. Nine players in the league have played with three different teams.

Two skaters have appeared with four of the six NHL clubs.

Gaye Stewart has played with Toronto, Chicago and Detroit before coming to the New York Rangers. Jimmy Peters travelled with Montreal, Boston and Detroit before being traded to the Chicago Black Hawks.

Chicago's George Gee is the only player in the loop who is back playing a second time for one club. He started with the Hawks, was traded to Detroit and was then shunted back to the Chicago team before the start of this season.

WEST TEXANS ASK CREATION OF WATER CONSERVATION DISTRICT

A bill to create the High Plains Underground Water Conservation District No. 1 among 13 counties of West Texas was introduced in the Senate Wednesday of last week.

The bill confirms the boundaries set in election held Oct. 11, 1951.

It would include all or parts of Armstrong, Bailey, Castro, Cochran, Deaf Smith, Floyd, Hockley, Lamb, Lubbock, Lynn, Parmer, Potter and Randall counties.

It also ratifies and confirms orders of the Board of Water Engineers of March 28, 1951. This would authorize five directors for the district.

The district could formulate and enforce rules for the conservation, and recharge of the underground water, prevent waste, require well permits, space wells, provided that no land owner is denied a right to drill a well under the rules; purchase land for dams and lakes, order a survey of the underground water, collect ad valorem taxes and issue bonds.

The bill would allow the district to get mandatory injunctions and enforcement of rules. It would ban the district from selling water. Senator Kilmer Corbin of Lubbock is the bill's author. It was

joined by Senators Andy Rogers of Childress and Grady Hazlewood of Amarillo. The measure was referred to the committee on water conservation.

Ranking behind chlorine as the most abundant element in sea water are sodium, magnesium, sulfur, calcium, potassium, bromine, carbon and strontium.

Toasted Corn Bread Toppings
Chicken a la King

Just how the name "King" came to be associated with this popular luncheon, dinner or supper dish is a matter that usually brings forth a little discussion. Some claim that Chicken a la King was named for a Philadelphia restaurant owner who dreamed up the dish late one evening, years ago, when his supply of chicken was low and a late-evening crowd ordered chicken. Others believe it was so named because it is fare fit for a king.

Whatever its rightful origin may be, you can't beat Chicken or Turkey a la King for goodness when it is served on toasted corn bread. Corn bread possesses a rich flavor that's naturally sociable with the tasty creamed chicken or turkey. A strong point in favor of this combination is that the toasted corn bread will not go limp when it's covered with the hot mixture. Toasted corn bread makes the perfect base for the King method of using the strippings taken from the left over carcass of a holiday bird, whether it's turkey or chicken.

50 Million Americans Must Pay Income Taxes

(First of six Articles on How to Make Out Your Federal Income Tax Return.)

By FRANCIS J. KELLY
AP Newsfeatures Writer

WASHINGTON—Everyone from baby to grandpa who has an income of \$600 or more a year must file a federal income tax return.

Those 50 million persons have one consolation this year—the government hasn't changed the rules.

Since Nov. 1, 1951, individual income tax rates have neither gone up nor (alas) down. The same exemptions and deductions you used last March apply when figuring the tax on your 1952 income.

The rate increase Nov. 1, 1951 averaged about 11 per cent for most taxpayers. But since the boost was effective for only one-sixth of the year taxpayers will feel its full impact for the first time when paying their 1952 taxes.

Time Is Getting Short
Returns are due on or before March 15, which means you have just eight weeks to brush up on your arithmetic and dig out any needed receipts or cancelled checks.

The returns are sent to the director of Internal Revenue for the district in which you live. Your bank or post office can furnish you the address.

It's to your advantage to file a return even if you made less than \$600 last year, in a job covered by the withholding tax. Such income is tax-free, and you'll get a refund check from the treasury. The sooner you file, the quicker there's done.

Lamb County H. D. Council Officers Installed

Lamb County Home Demonstration council met Wednesday, January 21 at 10 a. m. in the auditorium of the First Baptist church in Amherst for an all-day meeting. Officers for the year were installed with Mrs. Elsie Seymour, outgoing Council chairman, conducting the installation. Mrs. J. M. Griffin of the Oklahoma Avenue club, was installed as council chairman; Mrs. A. F. Wedel of the Yellowhouse club, vice-chairman; Mrs. Bayne McCurry of the Spade club, secretary-treasurer. Mrs. Hazel Hickman, county home demonstration agent was recognized as a member of the extension service.

In the absence of Mrs. Hub Sprayberry, out-going THDA, Mrs. Seymour installed the new THDA chairman, Mrs. C. G. Landers of the Lums Chapel club.

Roses were used as a symbol of the ideals. The council officers and the agent were given red rosebuds and the THDA chairman was given a white rosebud.

Lunch was served by the Sod-house club ladies. Mrs. Elsie Seymour was presented a punch bowl set in behalf of the council members in appreciation of her faithfulness.

ENID, Okla.—Golfers playing the eighth hole of the Meadowlake Golf Course were startled when falling leaves uncovered this sight on the fairway—a golf ball lodged high in a tree. Course manager Buck Julich has offered a new ball to the player who can identify the ball as his.

turns are advantageous, because the "income splitting" provision of the present tax law often results in a smaller tax than would be due on separate returns.

When you make out your return, keep an exact copy for yourself. This will save you time and trouble if you later want to make a change or correction in the return.

Direct Rhythm Paces To Top

AP Newsfeatures

NEW YORK—If a poll were taken among harness writers regarding the pacer most likely to succeed in 1953, Direct Rhythm would win by more than a couple of lengths.

Five years old in 1953, the son of Billy Direct is the prediction of many experts to take the place of the entire Good Time. The latter was unharnessed at six after having won \$318,792, top money figure in history.

Only two other pacers have run the mile in faster time than Direct Rhythm. They were Billy Direct and Dan Patch. Direct Rhythm covered the mile at Lexington in 1:56 1/5 during 1952.

Surprise Ending!

That raffle for our Volunteer Fire Department went over fine. We're going to have money to get a new engine—and then some.

Our local merchants really donated some wonderful prizes. Like Buzz Ellis, the radio-TV dealer, giving that big television set... and the Superior Motors putting up a brand-new car.

There was a humorous note, too. The prize of a year's supply of coal—donated by Baker Coal Yard—was won by Mrs. Thayer, whose husband is the biggest fuel-dealer in the county! What did

Mrs. Thayer do with the coal? She gave it to a church she's not even a member of. (Her Church uses her husband's fuel oil.)

From where I sit, that's real generosity. But then, Mrs. Thayer never did believe in dividing people into groups. She's "for" everybody—whatever church they go to, whether they like TV or radio, people who enjoy temperate beer, people who don't. A really warm-hearted person.

YOUNG MAYOR NAMED STATE ASS'L. HEAD

Mayor Jim Wright of Weatherford, one of Texas' youngest mayors (29), has assumed his duties as president of the League of Texas Municipalities, which represents 563 member cities and towns with 64 per cent of the State's population. Some of the achievements during the three years Wright has been Weatherford's mayor include:

Lake purchased and capacity almost doubled, to 300,000,000 gallons; first extension of city limits in Weatherford's history, taking in 2,000 new citizens; extension of paving, "white way," sewer and water lines; renovation of city hall; creation of four small playground parks (one for colored) and establishment of a city employees' retirement plan — all this without raising the tax rate or the rates of the city-owned water and light systems.

Wright, a business man, gives half his day to the city's business (mayor's salary is \$75 a month) and finds time to serve as Chamber of Commerce president. He is a native Texan, attended Weatherford College and University of Texas, served in the legislature, saw plenty of action as a bombardier in the South Pacific, has a wife and three children.

Power that leaves the past far behind

Close its door and you close the door on the past. The most thrilling driving of your life lies ahead in a new 1953 Lincoln.

For power can take over—almost everywhere. Touch a button, and power moves the front seat not just back and forth but up or down. Step down on the pedal, and a 205-horsepower V-8 engine leaps into action. And helping you to control this magnificent Lincoln are power steering (combined with exclusive ball-joint front wheel suspension)—and new power brakes.

All this power blends with Lincoln's modern living design. Remember, too, Lincoln is the car that competitively proved itself by winning first, second, third and fourth places in the world's toughest driving test—the Mexican Pan-American Race. We can reveal all the superiority this implies in just one drive. Won't you let us put you behind the wheel of a new Lincoln Cosmopolitan or Capri—soon!

Elizabeth Will Wear Priceless Crown Jewels In June Ceremony

REGALIA IN TOWER OF LONDON TO BE USED FOR CORONATION

By ROBERT F. S. JONES

AP Newsfeatures

LONDON—Britain's crown jewels—the most priceless collection of precious stones in the world—are just about ready for the face lift they get only once in a generation.

Shortly, royal jewelers and goldsmiths will be polishing up the diamonds and rubies, strengthening the settings, making alterations here and there to the glittering crowns and sceptres in readiness for the coronation of Queen Elizabeth II next June 2.

The crown jewels—the stones money cannot buy, although their intrinsic value has been put at around 25 million dollars—haven't always been so well looked after. In the thousand or more years that English monarchs have been crowned, the regalia has been stolen, pawned, melted down—or just lost.

Most of the historic regalia—the crowns, sceptres and swords each flashing with diamonds—is only around 300 years old, which is young in the history of England. Oliver Cromwell and his Commonwealth Roundheads melted down and sold as much as they could lay their hands on after they abolished the monarchy in 1649. Otherwise, Britain's young Queen might be wearing the same crown that Alfred wore when he was crowned first king of a unified England in 871.

Alfred's Crown Was Crapped

The Roundheads broke up Alfred's crown for scrap together with the sceptres, orb and great sword of state. In an inventory made at the time, Alfred's crown was contemptuously described as "gold wire-work set with slight stones and two little balls" and valued at only 248 pounds.

Luckily the Roundheads didn't do a very good job of destroying the regalia, and when the monarchy was restored with King Charles II a few years later many of the precious stones—including the huge fateful "Black Prince's ruby"—turned up again.

Charles had an entirely new set of regalia made for his coronation and this—with a few minor exceptions—will be the set used in the coronation of Queen Elizabeth II.

The regalia is not just a magnificent set of meaningless objects—each part of it has a special traditional significance, even down to the color of the stones in the massive Crown of England.

It's a Neck Breaker

This is the crown that is worn for only a few minutes—during the actual crowning ceremony—in a monarch's lifetime. It's too heavy to be worn any longer—it weighs 5 pounds—and for the rest of the coronation and on other state occasions a lighter crown as the imperial state crown is used.

The Crown of England has its arch depressed in the center, indicating hereditary and independent sovereignty. The arches of the state crown slope upwards, signifying imperialism.

A third crown, made in 1912, was worn by King George V when he was crowned emperor of India. This crown—a museum piece since Britain relinquished her Indian empire soon after World War II—was made because the other two crowns are banned by law from being taken out of the country.

In the regalia are two other crowns which will play no part in the coronation next June—there will be no one to wear them. One is the queen's state crown, made for Queen Mary at the coronation of King George V in 1911. The other is the Prince of Wales' crown, made by Charles II to replace the coronet which the former princes of Wales had worn.

What the Queen Will Do

During the coronation service, Queen Elizabeth will hold in her hands the orb and sceptre. The orb, a gold ball encased with pearls and rubies and surmounted by a diamond cross, represents Christianity dominating the world, while the sceptre—topped by a cross and holding the world's largest cut diamond—is a symbol of power and justice. A second sceptre, surmounted by a figure of a dove, represents mercy.

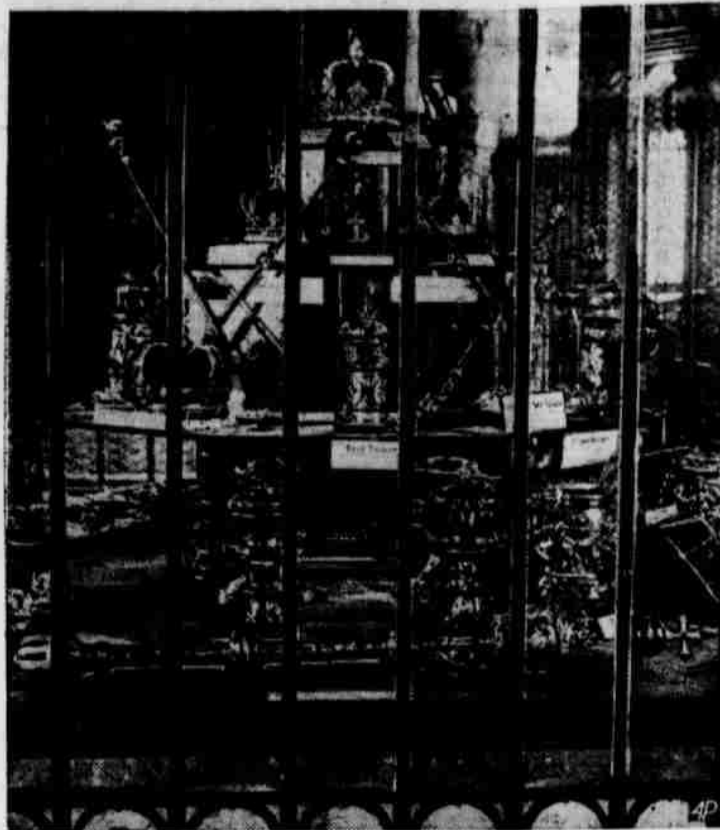

Three magnificent swords, a ring and a pair of gold spurs also have their part to play in the ceremony.

The spurs, the symbol of knightly chivalry, were buckled on the monarch's feet until the reign of Queen Anne. Since then they have merely been touched to the sovereign's ankles by the lord great chamberlain.

The ring—made of gold and studded with rubies and sapphires—symbolizes the marriage between the monarch and his people. It is placed on the fourth finger of his right hand by the archbishop of Canterbury.

Some Sword Play is Involved

The four swords are all carried in the coronation procession as it winds down the abbey. Chief among them is the great jeweled sword of state—symbol of kingly power and the most valuable sword in the world.

THE FABULOUS crown jewels in the Tower of London.

There was a great hullabaloo at the coronation of Queen Victoria, when this sword, worth \$40,000, couldn't be found.

It remained lost until after Victoria's death, when Edward VII discovered it tucked away at the back of the dusty old closet.

Edward decided this sort of carelessness had gone far enough, and ordered the regalia to be placed in its present octagonal glass showcase in the Tower of London.

The other three swords are the "curtana" or sword of mercy, and the swords of justice to the spirituality and temporality.

The originals of these three—all destroyed by the Roundheads—were presented to Henry VIII by Pope Clement when he bestowed the title of "Defender of the Faith" on the king.

That was before the pair fell out over the touchy question of divorce. Henry hung on to both title and sword.

Mercy Versus Justice

The sword of mercy has its end broken off to show it is not to be used for harsh purposes. The sword of justice to the spirituality has its end blunted to show the limited power of ecclesiastical courts in Britain, while the sword of justice to the temporality is—appropriately—sharp pointed.

The two oldest parts of the regalia are the spoon with which the archbishop of Canterbury anoints the monarch, and the ampulla, or flask, which contains the oil.

Somehow Cromwell missed those, which date back at least 1,000 years.

GAS PLANT EXPLOSION FIRE gas cycling plant after an explosion at Sheridan, Tex. Four plant workers were killed and three injured by the blast and by a fire and several smaller explosions that followed. The plant liquid petroleum gases natural gas.

High Plains Water Meeting To Be Held Today

There will be a special meeting of county committeemen, county agents, well drillers, pump company representatives and municipal engineers, called by the Board of Directors of the High Plains Underground Water Conservation District Thursday, January 29th, for the purpose of discussing the method and procedure for filing applications for water well drilling permits.

The meeting will convene at 7:30 a. m. Thursday in the Lubbock Hotel, for morning and afternoon sessions. There will be a buffet luncheon served at noon.

A group of water resources experts will present current water conservation problems and practices in Texas and other states. In the morning session speakers on the program will be George D. Clyde, Soil Conservationist of Logan, Utah; A. P. Rollins, member of the Texas Board of Water Engineers; and Dr. Irving P. Krick, expert meteorologist from Denver, Colorado.

P. M. A. Secretary

1953 A. C. P. PROGRAM

On January 15, 1953 we mailed all producers, that completed in Intention Sheet with their community committeemen, their prior approval. Some of the approvals were TENATIVE. On all TENATIVE approvals there will need to be some field work done by the Soil Conservation Service before we can issue an OFFICIAL prior approval. The first practice that you listed on your plan sheet is the only practice we can guarantee any payment on.

MINIMUM means the money that we can guarantee. MAXIMUM is the money that we will pay up to IF it is available at the end of the year. Just how much this maximum will be, will be unknown until the end of 1953 Program year.

Approvals with a MINIMUM guarantee of ZERO will be mailed within the very near future covering practices listed as other than Number 1 on the Intention Sheet.

REPORT ON 1952 AND 1953 A. C. P

Farms for which assistance was requested: 1952, 1,734 with an additional 331 producers contacted that indicated no practice, 1952, 628.

Funds requested for ACP practices \$735,000.00. Funds available for the 1953 ACP practices \$132,642.11.

Amount of 1953 guaranteed approvals for other practices \$834.65; Amount of 1952 county program funds obligated for more lasting practices \$153,049.47; Amount of 1952 county program funds obligated for other practices \$7,362.81.

Farmers received 46 cents of the dollar that consumers spent for farm grown foods in November. This was three cents less than they received in November 1951, and equals the postwar low. Prices paid by farmers in mid-December for food and operating items were only 1% below a year ago.

A more complete realization of the stake of the whole country in a sound and prosperous agriculture is absolutely essential—not in the cause of agriculture alone, but in the entire national interest.

Plans To Serve As President of Savings And Loan Assn.

Annual meeting of Littlefield Savings and Loan Assn. held last Tuesday, J. and Pat Boone, Sr. were elected for a term of three years as officers of the association. Lee, Floyd Coffman, W. A. P. Duggan, Jr., and Whitley. Meeting of the directors, latter part of the week, directors and officers of the association, were re-elected during year. J. T. Elms was re-elected president. H. Lee and Floyd Coffman re-elected vice president. A. P. Duggan was selected association attorney. Whitley will hold the office of secretary-treasurer for another year. The annual financial report was made at the meeting and the directors report a good growth for the past year on both investments and in loans. From all indications another good year in 1953 is in prospect. Reserves in the association have continued to grow and additional investments are making it possible for more and more families to become home owners. The local association has made in excess of 450 loans to home owners in its nearly six years of existence, Mr. Kelthley added.

Amherst High School Class Of '49 Hold Reunion At Cowen Home

The Amherst senior class of 1949 met in the home of Mr. and Mrs. Wayne Cowen last Friday evening, for a class reunion, with nine of the 24 members being present.

Due to inclement weather, several were unable to attend. However, some live long distance and some are in the armed forces and were unable to attend.

Those who came from the longest distance were Mr. and Mrs. Aubrey Deaton, (Charlene Enloe), who live in Lubbock.

This is the second reunion the class has had—the other being a picnic held in the Lubbock Park.

Mrs. C. R. Stevens, who was sponsor of the 1949 graduating class was unable to attend, as were Mr. and Mrs. G. R. Adams, room parents. Other room parents who were present were Mr. and Mrs. Green Carpenter and of course the host and hostess.

Games of canasta and dominos were enjoyed by the group as talking about the past—high school days, and after.

Refreshments of sandwiches, cookies and bottle drinks were served by Mrs. Cowen and Mrs. Carpenter, to the following: Aubrey and Charlene Deaton, Donald and Helen Priddy, Linda O'Brien, Les and Dottie Lichte, Charles and Lavern Carpenter, Whiston and Hilda Cummings, Bobby, Lanita and Danny Short, David Watson and Green Carpenter and Wayne Cowen.

Those who attended mused their former classmates.

Pool Disease Control Regulation Committed to Board by Committees

Littlefield Independent Board recently asked the Community Health Council to set up and present a uniform set of rules and regulations for the control of communicable diseases.

The council, composed of lay and professional men of the community, under the chairmanship of Dr. Wm. Orr, compiled the following rules, and revised them to meet present needs.

The board approved them at its meeting and they are being presented here for parents and participation.

The Littlefield Community Health Council requested the Medical Society to set up a revised and uniform set of rules and regulations for the control of communicable diseases. To give a policy to the school authorities, as determined by the profession and so that the parents and all the children would understand that the committee made that the attending physician member of the Society and participated in the making of regulations, will understand the effort set forth by the board of the Littlefield Community Health Council.

The following regulations are proposed:

1. Measles (Rubeola)—Isolate patient until crusts are gone.
2. Scarlet Fever (Scarlatina)—Isolation should continue for a minimum of three weeks from the onset of whoop. Child contacts should be given booster dose of pertussis vaccine or administration of pherimmune serum at the discretion of the physician.
3. German Measles (Rubella)—Isolate until rash is clear. This should probably be until the 5th day following onset.
4. Measles (Rubeola)—It has been shown by clinical study that isolation is not necessary after 48 hours after the temperature becomes normal; however, it would probably be wise to isolate all patients for a minimum of 5 days after temperature returns to normal.
5. Scarlet Fever (Scarlatina)—Isolation should continue for a minimum of three weeks from the onset of whoop. Child contacts should be given booster dose of pertussis vaccine or administration of pherimmune serum at the discretion of the physician.
6. Whooping Cough (Pertussis)—Isolation should continue for a minimum of three weeks from the onset of whoop. Child contacts should be given booster dose of pertussis vaccine or administration of pherimmune serum at the discretion of the physician.
7. Smallpox (Variola)—Isolate until patient is free of all crusts with minimum isolation period of 4 weeks. Contacts should be isolated for a minimum of 20 days unless vaccinated.
8. Tuberculosis—Isolation should continue as long as a positive sputum is reported.
9. Typhoid Fever—Patients with Typhoid fever must have rigorous isolation for a minimum of one week after temperature has been normal and following 2 consecutive negative stool cultures of feces and perferamly or urine. These cultures should be taken 24 hours apart. Contacts should begin active immunization immediately and food handlers isolated for a minimum of 2 weeks and released only after 2 successive stool cultures and are negative.
10. Epidemic Meningitis—Isolation should be continued for a minimum of 7 days; following the beginning of treatment but continued longer at the discretion of the physician. It is possible however, that acute cases of epidemic meningitis are not responsible for spreading the disease and is possible that carriers play the major role in the propagation of this disease. At the discretion of the physician it may be well to use some oral form of antibiotic therapy on contacts.
11. Mumps (Epidemic parotitis)—Isolation should be continued for 2 weeks from the beginning of symptoms or 1 week after the swelling has disappeared.
12. Poliomyelitis—Isolation should continue for a minimum of 2 weeks and preferably 3 weeks following the onset of fever. Child contacts, food handlers, and those working with children should be isolated for a minimum of 10 and preferably 14 days.
13. Ringworm of the Scalp (Tinea capitis)—Isolation should be continued for 2 weeks from the beginning of symptoms or 1 week after the swelling has disappeared.

LET'S TALK LIVESTOCK

By Ted Gouddy

FORT WORTH—Supplies of all kinds of livestock tapered off in the opening session of the week here and all around the major livestock market circle. Fed steers, yearlings and calves continued to make up the major portion of the supply.

Heavy pressure was reported on most of the fed cattle and fed calves with trading a hit or miss affair that resulted in either weak or unevenly lower prices on those classes. Cows were again in small supply and ruled steady. Bull prices were scaled downward.

Stocker cattle and calves were generally steady when quality and condition were desirable, but the less desirable kinds were unevenly lower in line with killers.

Hog prices edged higher. Top hogs moved to a \$20 top. Sows drew \$16 to \$17.50. Garbage feds usually sell at 25 to 50 cents or more discounts compared to grain finished hogs.

Fat lambs were stronger, some woolled lambs 50 cents up and some clipped fat lambs 50 cents to \$1 higher. Shorn lambs, No. 1 pelts, drew \$20.50 and some woolskins drew \$21.50 Monday. Feeders drew \$1.925 downward after a slow opening. Old sheep were steady, slaughter ewes from \$7 to \$8.50. Yearlings sold from \$18 down.

Good and choice fed steers and yearlings cashed at \$18 to 25.50, the \$25.50 on some experimental steers from Beeville in South Texas. C. F. Brown, Rosebud, had a load of 848-lb. steers at \$19.50 and J. R. Depeu, Rosebud, had some weighing 840 lbs. at \$20. Gordon and Alton Bell, Foard County, had a load of 793-lb. steers at \$18.50. Volney O. Hildreth, Aledo, had 60 heifers at \$48-lbs. at \$22.50. A load of Hamilton County steers averaged 839-lbs. at \$23. Common, plain and medium butcher stuff sold from \$12 to \$18. Fat cows sold for \$13 to \$15.50, and canners and cutters drew \$9 to \$13. Bulls cashed at \$10 to \$18.50.

Good and choice fat calves sold from \$18 to \$23, mostly \$22 down and cull, common and medium kinds ranged from \$10 to \$18. Stocker steer calves drew \$15 to \$24, and steer yearlings sold from \$22.50 down. Heifers and heifer calves sold mostly \$1 to \$2 under comparable steers, stocker cows drew \$12 to \$20.

The Jonesboro, Texas, FFA topped the lamb trade with some \$21.50 lambs and had some \$23 fed steers. Earl Sargent is instructor.

City Cleaners Observing 10th Anniversary February 2; Invite Patrons To Visit Them

Mr. and Mrs. John Faust have February 2, 1953, circled on their calendar, as that is the day they will observe the TENTH anniversary of their Dry Cleaning plant in Amherst.

It was exactly ten years ago, February 2, 1943, when the Faust family moved to Amherst, from Elk City, Okla. and opened the City Cleaners.

For the first three years after the establishing of the business the City Cleaners was housed in small quarters in the Lee Payne Building. But it wasn't long until the business outgrew the small building and the inadequate equipment.

In 1946 the present 25 by 60 foot building was built, of tile and stucco, with an added 10 by 20 foot boiler room, by Mr. Faust.

All new equipment has been added from time to time, and during the last year, Mr. Faust has spent approximately \$7,000 on the very latest equipment, including new cleaning machine and filter, which gives the best distilled solvent, that money can buy. He has also added two new Prosperity Air Driven Presses, which eliminates the old type foot operated presses. These presses of course enables faster and better service.

The operators of the City Cleaners boast of their large filtration system for dry cleaning fluid which is a special machine that takes the dirt out of the solvent while cleaning the clothes. It has a capacity of 3200 gallon filter. This process eliminates clothes being cleaned with dirty solvent. Mr. Faust said this size filter machine will only be found in towns of much larger size than Amherst. It was purchased through the J. J. Tipps Equipment Company, Lubbock.

John and Elton Faust, owners and managers of the plant, and their son Eddie Mack and her mother, Mrs. W. B. McDaniel and Mrs. Bill Templeton and Mrs. John Cope, will be ready to greet guests on the anniversary date, and are asking their friends and patrons, to visit them and look over the fine plant.

Two New Store Structures Will Bring Amherst Building Boom

Two fine new store buildings will be erected on the corner of Main Street in Amherst, where the former Amherst Hotel, and drug store stood, according to word received in Amherst last week. Joe Brandstatt an Amherst Contractor has brought the lots from P. S. Hanks, and he will erect the buildings. It is reported that one of the buildings, to be built on a 50 foot lot will be occupied by a grocery store and the 25 foot building will be occupied by a hardware store.

Work of clearing the lots of debris—results of the fire that destroyed the Hotel and store last August got underway the past week, and as soon as the lots are cleared, work on the construction of the new buildings will get underway, it was announced.

Missing Lubbock Girl Is Former Amherst Resident

Amherst people have had a great deal of interest in the disappearance of Joyce White, in Lubbock, more than two weeks ago. She with her parents lived near here for several years. As a little child she was a regular attendant at the local Methodist Church Sunday school. She is a sister of Kenneth White and the daughter of the late Walter White. (Amherst Times)

TWIN GIRLS NOTHING NEW IN THIS FAMILY

Twin daughters were born to Mr. and Mrs. Orbie Ray Chandler of 410 Cundiff Avenue, Littlefield at South Plains Hospital last Wednesday, January 21. Betty Evalou weighed four pounds and 13 ounces, and her big sister Bonnie Evalene weighed five pounds and six ounces.

They are the first children born to Mr. and Mrs. Chandler but by no means are they the first twins born on the maternal side of the family.

The mother who is the former Miss Billie Evalou Watson, daughter of Mr. and Mrs. C. A. Watson of Muleshoe, has a twin sister, Miss Charlie Evalene Watson who is secretary to the manager of the Chamber of Commerce at Muleshoe.

Then going back another generation, Mrs. Chandler has twin aunts, who are sisters to her mother. They are Mrs. C. L. Welton of Crosbyton and Mrs. W. T. Hopper of Lubbock.

Therefore the maternal grandmother has twin sisters, twin daughters and twin granddaughters. The maternal great grandparents, are Mr. and Mrs. H. I. Bass of Anton.

The maternal grandparents are Mr. and Mrs. Lee Chandler of Littlefield.

DAIRY FARMING IN SUDAN AREA PAYS—Hershel White Sells Over \$17,000 Worth Of Milk From 20 Dairy Cows

If every farmer in the area had 10 or 15 milk cows on his place, economically, you wouldn't know this country. That's the statement of a man who knows. He's Herschel White, who lives four miles west of Sudan and last year sold the Wayne Milk Company in Littlefield a total of 248,935 pounds of Grade "A" Milk from 20 cows which grossed him \$17,164.24.

His 20 cows on which an accurate record was kept, produced an average of 35 pounds of milk per cow per day over the 12-month period. The milk was sold at from \$4.50 to \$7.50 per hundred pounds depending on the season of the year.

White says that after deducting all expenses, including a fair price for all his labor, that he was able to realize a net profit from his operations for the one-year period in excess of \$7,000.00.

"Sure it's hard work," said White, "but when you think of it, it's very confining for the cows must be milked every day in the year and must be constantly looked after, but it's worth it." "If you will take care of your cows, they will take care of you," he said.

Depending strictly on the production of cotton from a 177-acre dry land farm is pretty slim pickings, especially when you have four crop failures in a row, and this exact circumstance was the background behind White's decision to try dairy cattle.

The principal crop produced at present on his farm is bigonia and maize, the greater part of which is used for feed for his dairy herd.

White's herd is the top milk producers for the Wayne Milk Co. in the area. He says he personally hauls the milk to Littlefield every other day and is paid every two weeks which gives him a year-around income.

He said he didn't know what the average value of his cows would be since he had raised most of them. However, he said, I have paid as high as \$400 for some of my cows. About \$200 per cow would be a fair average he said.

Wife Helps With Chores
Mrs. White also knows her cat-

tle and helps with the milking chores in addition to her housework. She was recently awarded a replica of a Guernsey cow at the High Plains Dairy Judging contest in Levelland.

White said milk is being shipped to such cities as Lubbock, Amarillo and Plainview from as far away as the state of Missouri. This fact alone should convince potential dairy operators that there is a demand for milk, and when freight charges are considered from these distances, locally produced milk will always bring a fair price and provide the farmer with a year-around income.

With an abundance of feeds in the Sudan area, most farmers who have dealt in cattle raise what is known as "Stocker Cattle" and the only revenue to be derived from this type cattle are the calves they produce. Last year White's herd of Holstein and Guerneys produced eight heifers, the revenue from which is not included in his profits from his dairy operations.

"About the only way you can lose money on a dairy cow," he concluded, "is for the cow to die on you."

VISITS IN LITTLEFIELD

Mrs. Allan White spent Friday afternoon in Littlefield visiting in the homes of her mother, Mrs. Sid Morris and also her sister, Mrs. John Crawley and family.
