## Allies Land On Walcheren Island

### Reds Fight In Kescckemet Streets

#### Russian Motorized Troops Clear Enemy From Three Sides Of City

By DANIEL DE LUCE  
MOSCOW, Nov. 1 (AP)—Russian motorized infantry is clearing scattered enemy detachments from three sides of Kescckemet, while other Red army troops are battling fiercely in the streets of the city, 44 miles southeast of Budapest, the front dispatches said today.

Soviet tanks, artillery and infantry are pouring into a 60-mile wide break in the enemy's defenses between the Danube and the Tisza rivers, the dispatches add. At captured Izsak, the army newspaper Red Star disclosed that the new offensive aimed at Budapest got under way at least three days ago, and overran a defense zone where the enemy concentrated as many as 20 anti-tank guns to the mile.

Thus far the offensive has swept up 200 Hungarian cities, towns and villages, more than 4,000 prisoners and control of several hundred square miles of new territory, the Russians declared.

BERLIN REPORTS RED DRIVE—Arrow indicates Red army offensive reported by the Berlin radio Oct. 31 to have reached Kescckemet, southeast of Budapest, in Hungary. Shaded line is battlefield as last defined by Moscow. (AP Wirephoto).

### Governor Dewey Says Roosevelt Is Man Of Worthless Promises

By J. W. DAVIS  
Associated Press Staff Writer  
The political wheel rolled through bitterness today toward the Tuesday election, Governor Dewey calling President Roosevelt a man of worthless promises and Senator Truman ripping out charges of republican bigotry.

### Star-Telegram War Correspondent Dies

By FRANCIS MCCARTHY  
(Representing the combined American press, distributed by the Associated Press.)  
WITH FIRST CAVALRY DIVISION, Leyte, Oct. 29 (Delayed) (AP)—Stanley B. Gunn, 31, of the Fort Worth, Tex., Star-Telegram and the Houston Chronicle died today in an army hospital here, second war correspondent victim of a Japanese aerial bomb explosion on Oct. 26, which also resulted in the death of Asahel Bush, 32, of the Associated Press, formerly of Salem, Oregon.

Every thing will be much calmer in a few days, but major and minor addresses still to be heard promise a fiery wind-up of a presidential campaign that started quietly.

Major addresses left are: By Dewey at Boston tonight (8:30 p. m. CWA over NBC and MBS), at Baltimore tomorrow and New York Saturday night; by President Roosevelt from the White House tomorrow night and Boston Saturday night.

In his Buffalo speech last night, loudly received, Dewey said that his democratic opponent had promised jobs to every American when peacetime comes but "on the record, his promise of jobs is worthless."

Truman, democratic nominee for vice president, discussed what he called encouragement by Dewey and his aides of an "un-American campaign directed at Americans of foreign birth." His scene was New York City, where many of the people are of foreign birth or extraction.

### Tokyo Reports Bombing

#### Jap Radio Says Fires Started By Superforts

By LEONARD MILLIMAN  
Associated Press War Editor  
American Superforts bombed Tokyo's industrial section today starting fires and throwing factory workers into confusion, Tokyo radio indicated shortly after claiming "death-defying" Japanese troops had launched a counterinvasion of Peleliu Island in the Palau group.

Confused Japanese broadcasts variously reported one to "several" four-engine planes made the first land-based American raid on the capital.

There was no Allied confirmation of this report or the claim that Nipponese amphibious troops had landed on Peleliu, 515 miles east of the Philippines.

Price control was in effect and pop sold for a mere \$10,000 and sandwiches for a meagre \$25,000 in comparison to \$100,000 and \$250,000 a year ago.

Special awards climaxed the program, President Dan Conley being presented with a horse, clearly a fugitive from the glue factory; Tailwister Stanley Claborn with a scow; and J. H. Greene with a plumbers friend.

### Craig Killed In Raid On Hamburg

Mrs. R. A. Craig received a telegram from the war department Tuesday notifying her of the death of her husband, Lt. R. A. Craig, bombardier on a B-17 Flying Fortress. The message was sent through the International Red Cross.

Lt. Craig was previously reported missing in action on August 6 of this year, in a raid over Hamburg, Germany. He was a graduate of Class 43-16 at the Big Spring Bombarrier school.

Lt. Craig is the son of Mr. and Mrs. Craig of Albuquerque, N. Mex. He attended college two years before entering the armed forces.

### Germans Vacate Balkan Seaport

ROME, Nov. 1 (AP)—The German high command announced today its forces had evacuated Salonika, principal Balkan seaport and second city of Greece.

### "Frontier Days" Nets Fund \$125

Lions club members looked back on an evening of fun Tuesday at the county warehouse and counted their annual "frontier days" event a success.

Net profits from the venture, General Chairman Otis Grafa reported, would be in the neighborhood of \$125, half of which goes to the community war chest and the remaining half to the club's sight conservation and blind fund.

Those attending bought phoney money at the rate of \$100,000 for a dollar and then proceeded to spend it on the various concessions. Dr. J. E. Hogan emerged with the largest capital and was presented with a \$25 war bond which he gave to chest.

Special awards climaxed the program, President Dan Conley being presented with a horse, clearly a fugitive from the glue factory; Tailwister Stanley Claborn with a scow; and J. H. Greene with a plumbers friend.

### Law Resigns From A&M Directorship

HOUSTON, Nov. 1 (AP)—In a move that surprised even his fellow board members, F. M. Law, president of the Texas A. & M. college board for the last 22 years and a member of the board for 28 years, submitted his resignation to Gov. Coke Stevenson in a letter delivered personally to the governor late yesterday.

The resignation was announced today by Governor Stevenson, who also announced at the same time that he had appointed Ervin W. Harrison of South Bend, to the vacancy.

The board will probably defer election of a new president until its next regular meeting, on Nov. 29, in Austin.

In an interview here today, Law revealed that he had "begged and pleaded" with Governor Stevenson two years ago not to reappoint him for another six-year term.

### Eighth Improves Ronco Beachhead

ROME, Nov. 1 (AP)—Eighth army forces have improved their beachhead across the Ronco river south of the Po valley stronghold of Forli and have cleared the Germans from Meldola on the stream's west bank. Allied headquarters announced today.

German troops facing the Fifth army on the central sector south of Bologna were thrown into a series of heavy counterattacks yesterday in an effort to wipe out several Allied salients. American forces, sometimes fighting hand to hand, hurled them all back.

Only patrolling and artillery duels occurred elsewhere.

### Ballots Must Be In By November 3rd

All regular absentee ballots, whether mailed or voted in person, must be in the county clerk's office by November 3, if they are to be counted in the election, Lee Porter, county clerk, said Wednesday.

Howard county civilians who will depend on mail for absentee ballots from now on have been advised to use air mail, to increase chances for votes being received before the Friday deadline.

### Community Day To Be Observed Here Friday

World community day will be observed Friday at 3 p. m. with a special program sponsored by the Council of Federated Church Women.

An annual event, the program is scheduled to be held in the First Presbyterian church and speaker of the day will be the Rev. J. E. McCoy, First Christian pastor. Theme of the program will be "Price of Enduring Peace."

### Merchants Meeting Scheduled Friday

A meeting has been called by the Retail Merchants' association and the chamber of commerce for all merchants of Big Spring at the chamber of commerce Thursday afternoon at 3:30 p. m.

### Texas Church-Related Schools Hold Meeting

FORT WORTH, Nov. 1 (AP)—The Texas council of church-related colleges held its annual meeting here yesterday and elected Dr. Gordon G. Singleton of Mary Hardin-Baylor College of Belton its new president.

AMERICAN FLAG FLIES OVER PHILIPPINES—Boatswain's Mate Second Class Robert Driscoll of Providence, R. I., makes fast an American flag to a palm tree... the first American flag to fly over the Philippines in nearly three years. Gen. Douglas MacArthur announced the invasion on Oct. 20. (AP Wirephoto from Navy)

### Roosevelt Begins Chinese Cleaning

By JOHN M. HIGHTOWER  
WASHINGTON, Nov. 1 (AP)—President Roosevelt is making a clean sweep of top American personnel in China, including Ambassador Clarence E. Gauss, in a supreme attempt to reinvigorate the Chinese war effort under leadership of Generalissimo Chiang Kai-shek.

Do not think the move will succeed is already apparent in military quarters here where strategists speak with less and less confidence about China's future war role.

### Lancasters Lead Cologne Assault

LONDON, Nov. 1 (AP)—More than 500 Lancasters and Halifaxes struck the industrial section of Cologne last night two hours after Mosquitos had shaken the arsenal on the Rhine with a low-level attack on a railway yards.

The RAF raids wound up a record month for American and British air forces—more than 60,000 flights by bombers and fighters. Approximately 400 planes were lost.

### Hallow'een Night Is Peaceful Here

By CHAMPE PHILIPS  
Last night, when the spirits of those long dead broke forth from their graves, they were kind enough to realize that "There's a war going on," and so left the city and its citizens amazingly lacking in disfigurements.

### Pipe Line Work May Be Ended This Week

Contractors said Wednesday that the pipe line from the water field in Glasscock county to Big Spring may be completed this week. Work is being carried on in a section of extremely hard rock, so it may slow down more than it is anticipated now, they stated.

### British Capture Beveland Island In Squeeze Play

LONDON, Nov. 1 (AP)—British commandos stormed ashore today on the southern and western coast of Walcheren Island, and were making good progress tonight in a pincers drive to smash the last Germans barring the sea lane to Antwerp.

The Allies landed on Walcheren after an artillery barrage from the south shore of the Scheldt estuary, only recently cleared of Germans, a Berlin broadcast said. It gave no hint of the progress of the assault, and there was no Allied confirmation of such a landing.

Adjoining South Beveland Island, however, had been captured in the same kind of squeeze attack, with British forces landing on the southern coast while Canadians pushed across the land causeway.

Three-quarters of Walcheren had been flooded by Allied bombing breaching of its dikes, with sea water sweeping over some of the German batteries controlling the estuary approach to Allied-held Antwerp.

Below the Maas river, Allied columns struggled through knee-deep mud in pursuit of Germans escaping over the river behind a screen of stubborn rearguard actions.

All field dispatches indicated the Germans had generally succeeded in escaping an Allied trap. On the east flank of the widening Dutch salient, however, British infantry reinforced the hard-pressed American forces and hurled the enemy out of Liesel as bitter fighting continued in the Maas bulge west of the Dutch border city of Venlo.

Another German attempt to cross the South Willem canal at Nederweert, 15 miles southeast of Eindhoven, was smashed. Twenty prisoners were taken and 50 enemy soldiers were killed in this action, and a dispatch from headquarters said the German counter-thrust in this area so far has cost the enemy at least 20 tanks and 400 prisoners.

On the American sector of the front facing east toward Germany the activity remained confined to local actions. The U. S. Seventh army made some small gains in the Vosges foothills in France.

Advancing against stubborn resistance, Seventh army troops took the village of St. Benoit, five miles east of Rambervillers, and the villages of Lavelline and Les Poulieres, just east of Bruyeres, a front dispatch said.

### Petitions To Ask \$150,000 Road Issues

Petitions asking the Howard county commissioners court to call a \$150,000 bond issue to be used for road construction, maintenance and right-of-way purchases was in the making Wednesday.

First announcement was made at the Lions club by J. H. Greene, who said that there had been widespread interest in such a move. Workers in all parts of the county as well as in Big Spring are planning to circulate the petitions. Speaking on the proposal, Willard Sullivan declared that "we have here a real opportunity to do something definite to put Howard county on the map."

## WMU Delegates To Go To Convention

Delegates were elected to be sent to the General Baptist convention in November when the W. M. U. of the East 4th Baptist church met Tuesday afternoon for a Royal Service program. The theme of the program was "Prayer," directed by Mrs. Otto Couch and those taking part were Mrs. R. T. Lytle, Mrs. A. W. Page, Mrs. James Roy Clark and Mrs. A. S. Woods. The opening song was led by Mrs. Page and the devotional was given by Mrs. R. J. Barton.

The delegates to attend the convention will be Mrs. J. E. Terry, Mrs. Page, Mrs. Lytle and Mrs. Clark. It was voted to send a Christmas box to Buckner orphan's home.

Others present were Mrs. F. H. Morrison, Mrs. W. W. Bennett and Mrs. Coley Arender.

Vaudeville originated in 1883 in Boston, Mass.

## Millions Switch To Mutton Suet Idea For Chest Colds

Quickly Relieves Children's Colds' Coughs, Loosens Phlegm. Many mothers all over America are switching to this idea of getting fast relief for their chest cold miseries. They are simply following Grandma. For years she counted on mutton suet to help carry her home medication to do its pain-easing work on nerve ends in the skin. No wonder so many more now welcome Grandma's idea as improved by science—Penetro, with its multi-medicated formula in a base containing mutton suet—that acts both as counter-irritant and pain-reliever when you spread it on, and as a soothing aromatic when breathed in. And so today Penetro hurries along never help in the old reliable way—help that eases painful misery, lessens coughing, loosens phlegm, soothes chest rawness—so that you can rest more comfortably and give nature a chance to restore vitality. That's why millions are switching to Penetro today—why druggists are recommending it. 25c, double supply 35c. For all your family's chest cold miseries, be sure you get white, easy-to-use Penetro.

## Social Calendar Of Events For Week

**WEDNESDAY**  
SOUTH WARD PARENT-TEACHER ASSOCIATION will meet at the school at 8:30.  
DORCAS CLASS OF EAST 4TH BAPTIST CHURCH will have a monthly meeting at 11 o'clock.  
PARENT-TEACHER CITY COUNCIL will meet at 3:30 in room 210 in High School.  
PHILATHEA CLASS OF FIRST METHODIST CHURCH will have a business meeting and luncheon at 10:30 at the church.  
CHURCH OF CHRIST LADIES BIBLE STUDY will meet at 2:00 at the church.  
CADET WIVES CLUB will meet at 3 o'clock at the Cadet Club.

**THURSDAY**  
GREAT INTERNATIONAL BROTHERHOOD OF LOCOMOTIVE ENGINEERS will meet at the W.O.W. hall at 3 p. m.

**FRIDAY**  
HOMEMAKERS CLASS OF FIRST BAPTIST CHURCH will meet at 3:00 p. m.  
TRAINMEN LADIES will meet at 2:30 p. m. at the W.O.W. hall.  
SUSANNAH WESLEY CLASS OF FIRST METHODIST CHURCH will meet for a covered dish luncheon at 12 o'clock noon.  
LADIES GOLF ASSOCIATION will have luncheon at the Country Club at 1 o'clock.

**SATURDAY**  
COUNCIL OF FEDERATED CHURCHES will meet for "World Community Day" program at Presbyterian church at 3 p. m.  
HYPERIAN CLUB will meet at 3 o'clock with Mrs. R. L. Beale at 410 N.W. 9th St.

## Book Review Given For Ruth Class

Mrs. S. C. Cooper reviewed the book "If My People," by Mrs. Tracy Smith, when the Ruth class of the First Baptist church met Tuesday afternoon in the home of Mrs. J. A. Coffee with Mrs. George Tillinghast and Mrs. C. A. Norman as co-hostesses.

Mrs. Boone Horn presided at the business meeting and the program was directed by Mrs. Robert E. Lee. A gift from the class was presented to Mrs. Cooper for reviewing the book and corsages were presented to Mrs. Cooper and Mrs. Smith by the hostesses.

Coffee was poured by Mrs. M. E. Anderson from a silver service on a lace-laid table cloth. The centerpiece was of fall flowers and the house was decorated in yellow mums.

Guests present were Mrs. A. Adamek, Mrs. Cooper, Mrs. Smith, Mrs. V. E. Ball, Mrs. J. H. Greene and Mrs. Roger Hefley. Others attending were Mrs. B. Reagan, Mrs. T. A. Underhill, Mrs. Tom Cantrell, Mrs. J. E. Hogan, Mrs. S. C. Cooper, Mrs. Carl White, Mrs. B. Davis, Mrs. J. L. Billings, Mrs. Joe Ciere, Mrs. M. E. Anderson, Mrs. Harry Weeg, Mrs. C. C. Worrell, Mrs. Robert E. Lee, Mrs. Boone Horne, Mrs. C. T. Clay and Charles, Mrs. R. C. Crane, Mrs. James W. Johnson, Mrs. Charles Kee and Caren, Mrs. Wayne Matthews, Mrs. L. C. Saunders, Mrs. Ben Carpenter and the hostesses.

The next social will be with Mrs. T. A. Underhill and Mrs. A. B. Muneke.

Hamburgers with Barbecue Sauce  
Lima Beans  
Hashed Brown Potatoes  
Soft Rolls  
Chocolate Rice Pudding  
(Recipes Serve Four)  
Hamburgers with Barbecue Sauce  
1-4 cup soft bread crumbs  
1-4 cup milk  
1 pound chopped utility beef  
2 tablespoons fat  
1-2 teaspoon salt  
1-4 teaspoon pepper  
2 tablespoons Worcestershire sauce  
1-2 cup red wine  
1-4 teaspoon chill powder  
1 teaspoon sugar  
2 teaspoons prepared mustard  
1 medium onion chopped  
1 clove garlic  
Mix bread crumbs, milk and meat. Season with salt and pepper. Form into four patties. Melt fat in skillet and sear patties on both sides. Add remaining ingredients. Cover and simmer over low flame for 20 minutes. Remove garlic and serve.

**Chocolate Rice Pudding**  
1-4 cup rice  
1-2 cup sugar  
2 squares chocolate, melted  
1-4 teaspoon salt  
1 quart milk  
1 stick cinnamon  
1 teaspoon margarine  
Soak rice in cold water for one hour. Drain. Add milk and all the other ingredients and bake at 325 degrees for two to three hours, stirring frequently, and being careful not to break the crust.

## Funeral Held For Snowden's Daughter

COLORADO CITY, Nov. 1 — Funeral for Olivia Jane Snowden, six-month-old baby daughter of Mr. and Mrs. B. R. Snowden of Westbrook was held at Kiker chapel Monday afternoon at four o'clock with the Rev. H. A. Dooley, pastor of Westbrook Methodist church officiating. Burial was at Westbrook.

The baby died after a one-day illness of pneumonia which followed whooping cough. Her parents, a sister, Wanda Jean, maternal grandmother, Mrs. Lula Daventport of Colorado City, and paternal grandparents, Mr. and Mrs. C. W. Snowden of Cuthbert route survive her.

## Navy Ace In States Now Seeing Sights

SAN FRANCISCO, Nov. 1 (AP)—Lieut. Comdr. Leroy (Tex) Harris of Brownwood, Tex., executive officer of the Navy's hard-hitting fighter squadron two and an ace, was in San Francisco seeing the sights today, the day disclosed.

Squadron two, since it went into action in the Gilbert Islands last November, has destroyed 506 Japanese planes.

Commander Harris was the first member of the squadron to become an ace by downing five Japanese planes. Since he has added three more to his tally sheet. He wears the distinguished flying cross, and two air medals.

He participated in actions over Makin in the Gilberts, Guam, the Volcano Islands and Manila.

High scorer for the squadron is its skipper, Comdr. William Dean of Coronado, Calif., with 11. He, too, is in San Francisco.

## VFW Dance Given

The Veterans of Foreign Wars Auxiliary reported a large attendance at the dance given at the VFW home Tuesday night.

More than 95 persons were present and the proceeds will go to Veterans' National Orphans home.

## FFA GETS "HOLIDAY"

COLORADO CITY, Nov. 1 — Forty-three FFA members at Colorado City were given a holiday this week to pull bolls and to shock feed. Spurred by the double incentive of making money for their FFA banquet and of answering the plea for more harvest hands, the vocational agriculture students, led by R. E. Post, VA teacher, pulled more than 5,000 pounds of cotton during their day away from school. "And only part of the boys pulled," Post explained, "while some of them worked shocking feed." Each boy put \$2 of his day's wages in the banquet fund.

## She Hasn't Had A Raise In Two Years But Nurse Mary Pattie Not Worried

By HAL BOYLE  
WITH THE NINTH EVACUATION HOSPITAL IN FRANCE, Oct. 24 (delayed) (AP) — Mary T. Pattie has not had a raise in pay in more than two years—but that does not bother her so much as the fact that, in the same length of time, she has not been able to buy or wear "a real fussy hat."

Now — with her third winter overseas coming up — she still is worrying more about "the boys" than about herself.

"The boys" are wounded American soldiers, hundreds of whom Mary has tended in Africa, Sicily, Italy, and France. And they remember her—this pretty, freckly girl who knows how to ease an aching wound with a soft bannage or soothe a hurt and battle-torn spirit with a kind word or a wry bit of humor.

Mary, a second lieutenant, is one of those hardworking army nurses who receive their main recognition from the unspoken gratitude that shines in the eyes of their warlike soldier-patients.

I first met her in Tobessa in January, 1943, during the Tunisian campaign. She and the other nurses in the ninth evacuation hospital were shivering in cold, unheated tents and leading anything but the life of Riley—but they loved it.

"It was all so new to us then," said Mary. "We only had three blankets and it was so cold in those Algerian hills that water froze in our helmets overnight and in the morning before we could wash our faces we had to break up the ice. Yes, we had fewer conveniences and more difficulties then — but we didn't really mind them."

Mary and the other nurses still live in stoveless tents through which leak the chill autumn winds. And they are camped in a pasture turned into a call-deep quagmire by churning ambulance wheels.

The population of Switzerland is about 4,260,000.

New Member Of Rebekah Lodge

Gertrude Cline was introduced and welcomed as a new member of the Rebekah Lodge when it met Tuesday evening at the IOOF hall for a regular business meeting. Mrs. Gertrude Newton presided as Noble Grand for the meeting.

Those present were Mrs. Mildred Nowell, Mrs. Maggie Richardson, Mrs. Josie McDaniel, Mrs. Mable Glenn, Mrs. Beatrice Bonner, Mrs. Ruth Wilson, Mrs. Lovie Barlow, Mrs. Nannie Adkins, Mrs. Cordia Mason, Mrs. Lillian Mason, Mrs. Ola Ruth Barbee, Opal Pond, Mrs. Velma Cain, Mrs. Thelma Sheppard, Gertrude Cline, Mrs. Docia Crenshaw, Mrs. Gertrude Newton, and Ben Miller.

**How women and girls may get wanted relief from functional periodic pain**

Cardui, many women say, has brought relief from the cramp-like aches and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite and digestion. It also helps build resistance for the "limer" in some, shortens 2 days before "your time" is due. It should help relieve pain due to purely functional periodic spasms. TRY IT

# Teachers Survey Shows Problems Of Education

The Texas State Teachers association has just completed an exhaustive survey on teacher vacancies, turnover and qualifications. The survey includes replies from 149 county superintendents and 834 independent school district superintendents. 37,071 teaching positions or approximately 90 per cent of all positions in Texas are included in the survey.

Replies from the superintendents disclosed that on the opening day of school 1,619 teaching positions had not been filled for the school year. The percentage of vacancies in rural schools was higher than for the independent districts. These vacancies exist although the schools abolished or consolidated more than 700 positions during the past school term.

More than one-fifth of all of the teachers in Texas are new to their jobs this year. One question asked of superintendents by the State Teachers association disclosed that they have 7,992 new teachers in their schools this year.

The rural schools are shown to have been forced to employ more than 35 per cent of their teachers with sub-standard qualifications while independent districts list about 12 per cent of their teachers with sub-standard qualifications. The reports disclosed that a total of 6,146 teachers started the 1944-45 school term with qualifications that would have been considered below standard before the war.

The supply of teachers in Texas does not promise to improve in the near future. On the contrary the situation could become even more acute. Fewer college students are studying to enter the teaching profession, and although a large number of emergency certificates have been issued, the number has been inadequate to meet the need for well trained teachers.

The low pay of teachers in Texas is given by the teachers association as one of the chief reasons for this shortage. The average pay of teachers in Texas last year was approximately \$1,200 per year. The national average of pay for teachers is more than \$1,600 per year.

# Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

**Patent applications received at the patent office have dipped steadily from 75,429 in 1935—the year before war started in Europe—to 48,724 in 1943. Some reasons:**

People who might have been inventing are in the armed services or otherwise fully occupied; manufacturers are in war work instead of developing new civilian products; some of the best scientific and technical minds are busy on war work; and some patents, containing military information, are being held up. Wars stimulate inventions for war.

More than half the patents granted in any one year go to corporations, a steady developing trend. Two reasons:

1. Increasing efforts by business firms to find new avenues to civilian sales.
2. Inventive people find a good outlet in well-equipped business laboratories. In an earlier day they had to fiddle around a shop or home.

(Also: Not all inventions are represented in the number of patents applied for. Business firms have a strong reliance on trade names protected by law.) Congress created the patent system in 1790. In that year only

three patents were issued. The first went to Samuel Hopkins of Vermont for a "method of making pot and pearl ashes."

Since then the office has granted more than 2,300,000 patents. The greatest year for inventions in American history, apparently, was the great business boom year of 1929. There were 94,738 patent applications in that last year before the depression.

A patent gives an inventor monopoly on his product for 17 years. After that anyone can use it.

**Increase in Texas Stamp Revenue**

AUSTIN, Nov. 1 (AP) — An increase in tax stamp revenue was reported yesterday by the state treasury department, with the total for October standing at \$2,335,601 as compared with \$2,168,371 collected during October 1943.

# War Takes Toll Of Inventive Genius

By JAMES MARLOW  
WASHINGTON, Oct. 31 (AP) — Screwball, clever man and genius . . . the war has absorbed a big chunk of America's inventive talent. The number of new inventions has dropped sharply.

This has happened before: In the Civil war and in the first World war. After each, the boys got busy again. Inventions climbed.

Patent applications received at the patent office have dipped steadily from 75,429 in 1935—the year before war started in Europe—to 48,724 in 1943. Some reasons:

People who might have been inventing are in the armed services or otherwise fully occupied; manufacturers are in war work instead of developing new civilian products; some of the best scientific and technical minds are busy on war work; and some patents, containing military information, are being held up. Wars stimulate inventions for war.

More than half the patents granted in any one year go to corporations, a steady developing trend. Two reasons:

1. Increasing efforts by business firms to find new avenues to civilian sales.
2. Inventive people find a good outlet in well-equipped business laboratories. In an earlier day they had to fiddle around a shop or home.

(Also: Not all inventions are represented in the number of patents applied for. Business firms have a strong reliance on trade names protected by law.) Congress created the patent system in 1790. In that year only

three patents were issued. The first went to Samuel Hopkins of Vermont for a "method of making pot and pearl ashes."

Since then the office has granted more than 2,300,000 patents. The greatest year for inventions in American history, apparently, was the great business boom year of 1929. There were 94,738 patent applications in that last year before the depression.

A patent gives an inventor monopoly on his product for 17 years. After that anyone can use it.

**Local Girls In TSC All-Woman Band This Year**

DENTON, Nov. 1—Starting its second year as an established musical organization on the campus of the Texas State College for Women, the TSCW Concert Band will begin its 1944-45 season with the first in a series of "Pop" concerts Nov. 3 in the college auditorium.

The all-girl band, organized experimentally in April, 1943, with 35 members, has grown to a fully instrumented 85-piece organization. Working on semi-classic music, novelty numbers, and marches, the group will continue its tradition of closing each program with a musical salute to some branch of the armed forces.

Organizer and conductor of the band is Frederick Westphal, assistant professor of instrumental education and associate conductor of the College Symphony. He is a graduate of the University of Illinois with the B.S. and B.M. degrees and has a Master of Music degree from Eastman School of Music.

Featured instrumental soloist for the Nov. 3 concert will be Miss Martha Hylander, trombonist, of Paragould, Ark., who is also vice-president of the band. She will play "Beautiful Colorado" by de Luca.

Misses Margaret Ann Johnson, freshman, and Louise McClenny, senior, from Big Spring, are members of the TSCW Concert Band. Miss Johnson, who plays flute, is a 1944 graduate of Big Spring High School, where she played with the band last year. She also was a member of the Abilene High School band. She is the daughter of Mrs. Nancy S. Johnson. Miss McClenny was a member of the TSCW band last year, and is in the clarinet section. She is the daughter of Mr. and Mrs. C. R. McClenny.

# SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
NEW YORK, Nov. 1 (AP)—Few baseball fans who knew Leo Bondy, vice president and treasurer of the Giants, who died Sunday, but the men who run the big league clubs will miss him greatly. . . . So will the fellows who hang around Eddie Brannick's office during the winter trying to cook up occasional baseball stories for the papers. . . . Bondy was the kind of man who is content to remain in the background, but his knowledge of law and of baseball made him invaluable both as an advisor and as a news source.

**Speed and deception—**  
When Clark Shaughnessy first introduced the modernized "T" formation to west coast football, he relates, the Southern California coaching staff assigned two scouts to cover his Stanford team. . . . When they reported Coach Jeff Cravath of U.S.C. asked: "What does that man in motion do?" . . . "Why, coach," replied one puzzled scout, "he does everything but run up in the press stand and serve coffee and doughnuts to the scouts."

**One-minute sports page—**  
Southern football fans continue to pour in praise of Mississippi State's Shorty McWilliams who they say is not only a great runner but an outstanding kicker and a fair passer. . . . But Shorty may have a rival some day in Bobby Gage of Anderson, S. C., high school. Bobby has scored a touchdown the first time he handled the ball in four out of five games so far. He also punts and passes and is a good defensive back. . . . Rogers Hornsby turned down an offer to become a scout for the Cubs, saying: "There isn't any baseball to scout because all the ball players are in service and what's in the minor leagues now doesn't count." . . . The California Athletic commission has refused Slugger White a boxing license because it discovered—after all these years—that he has a glass eye. Maybe that wouldn't be so dangerous if Slugger would fight only guys with glass jaws.

**Twilight Tear Is Facing Tough Race**

BALTIMORE, Nov. 1 (AP)—Twilight Tear, winner in 17 of her 22 races in two years, faced her toughest assignment today as she met the veteran Devil Diver in the \$25,000 Pimlico special, a race which might win for either one "horse of the year" honors.

Running against this pair in the winner-take-all event was Gegogo, a three-year-old colt from the Christiania stables of Mr. and Mrs. H. L. Lunger.

The Tear was a slight favorite in the overnight odds, but there were plenty of persons among the more than 20,000 expected to turn out who thought that the task of beating a five-year-old horse was too much for a filly only three, even with her nine-pound advantage in the weights.

# Home Front Gets Good News Of Christmas Trees

By JAMES MARLOW  
WASHINGTON, Nov. 1 (AP)—There is good news about Christmas trees.

The Agriculture Department's forestry service expects enough trees to meet demand. Cutting began about two weeks ago.

And the trees will be moved to market, it was stated at the office of the Association of American railroads.

Because he expects a good tree supply, an official of the forestry service says:

Last year stories got around that there would be a shortage of Christmas trees. So transient vendors went out, cut trees locally, and tried to sell them.

These, added to the trees which moved through the regular channels, glutted the market. There should be no need for such vendors this year.

The forestry service, which has just made a survey of Christmas tree prospects through its regional offices, reports:

Usually between 10 and 15 million

ton trees are used for Christmas. Half of them come from the Pacific northwest.

Manpower seems plentiful enough to supply the Christmas tree market.

**SIGLE TO BE BURIED**  
HARLINGEN, Nov. 1 (AP)—Henry Sigle, Pan American Airways mechanic was fatally wounded when caught in a cross fire during a revolution in Guatemala last week, will be buried here today. His body was brought from Guatemala in a special plane. He formerly had worked in Brownsville.

**Harris County Passes Quota . . .**  
HOUSTON, Nov. 1 (AP)—Harris county war chest campaign went over the top here yesterday when conditional pledges of \$19,000 boosted the total to \$1,899,342. The drive was termed out of the most difficult in the chest's history by T. E. Swigart, campaign manager.

Have a Coca-Cola = Going our way?

... or meeting a comrade in Northwest Canada

Friendship comes easy to allies devoted to common causes and borders without guns. Have a "Coke", says the Yank sergeant to the Canadian mountie, and he's talking a lingo of friendship that both understand. That's the informal North American way to say Greetings, friend. It's the same informal way to put friends at ease in your own living room, too. From the Yukon to the Gulf, Coca-Cola stands for the pause that refreshes—a symbol of a friendly way to get along with folks.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY  
TEXAS COCA-COLA BOTTLING COMPANY  
Big Spring, Texas

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

### Lewter Makes More Choices For Show

A visit to the 50 year old farm of C. H. DeVaney was made Monday by County Agent Durward Lewter, when he made more selections for the Howard County Food Show.

DeCaney has 80 acres of cotton, and has picked 80 bales from it up to date. According to Lewter, DeVaney has one of the outstanding cotton fields in Howard county.

Grain sorghum on this farm has proven to be as good as the cotton, with a yield of 2000 pounds per acre of plainsman maize, hepar, and bonita from 280 acres. Grain storage has been provided to take care of the crop, and DeVaney plans to feed out hogs and calves to provide a market for his grain sorghum.

The DeVaney farm has been in cultivation over 50 years, and is producing one of its highest yields this fall. It consists of around 80 acres of cultivated land which, when properly cultivated is the most productive soil type in the state. Alluvial soil as well as other West Texas soils should be broken deep, as advised by the county agent, says DeVaney. He states he broke his soil from 8 inches to 11 before planting.

Before going into farming, DeVaney was an oil field worker, and it wasn't until 1937 that he began 'tilling the soil.' He has worked a rented farm followed extension service recommendations on a practical scale, and now has a farm of his own, consisting of 320 acres on which he is practicing diversified farming.

Top off your appearance with a crown of neatly groomed hair. Moroline Hair Tonic adds lustre, tames unruly ends, helps keep hair looking neat. Supplements natural oil of dry scalp. See for yourself how it helps. Large bottle, 25c. Try Moroline Hair Tonic.

### One-Third Of Dallas Bus Riders Walking

DALLAS, Nov. 1 (AP) — Approximately one-third of Dallas street car and bus riders were without public transportation facilities today following refusal of union drivers of the Dallas Railway and Terminal company to take their cars from the Oak Cliff car barn at 3:52 a. m.

Company President W. R. Burns, other company officials and union representatives met at 9 a. m. in an effort to reach an agreement and reported from the conference room it was hoped to end the work stoppage by afternoon.

An estimated 150 men and women drivers were involved in the walkout. There was no picketing around the car barns but some 300 persons, including those who refused to take out their cars, were "camped" there.

Meanwhile hitchhiking reached new heights in Oak Cliff, with some workers waiting for transportation as long as an hour and a half before discovering the work stoppage.

The Times Herald said reports that the trouble originated with the company's employment of one non-union dispatcher despite protests from the union could not be verified.

The Beekley bus line was the only one in operation in the Oak Cliff area. It originates in the East Dallas barn, which had not been affected by the stoppage.

### Recombined Milk Passes Health Test

The recombined milk which was recently put on the market to alleviate the milk shortage in Big Spring has been tested and meets the requirements of the state department of health and city ordinances, as to purity and quality of the milk, City Sanitarian E. R. Nichols said Tuesday.

The milk, which is a mixture composed of raw milk produced locally and condensed milk and cream imported from northern dairy states, is combined with water here to restore it to its original form and consistency.

### Mail Service Opens To French Sections

Effective November 1, 1944, the limited mail service to certain areas of France is extended to include the departments of Charente-Inférieure, Loire-Inférieure and Morbihan. Postmaster Nat Shick said Wednesday.

As previously stated, this service is restricted to unregistered, non-illustrated post cards in English or French, on personal or family matters. Rate of postage is three cents per card.

### ROGERS IS ASTOUNDED

NEW YORK, Nov. 1 (AP) — Robert E. Hannegan, democratic national chairman, announced today that former Representative Will Rogers, Jr., now serving as a second lieutenant in the American army in Holland, sent back word that he was "astounded to hear that my newspaper back in the states printed an editorial endorsing Dewey."

Rogers newspaper is the Beverly Hills, Calif., Citizen.

### William Tunstall Dies; Is Former Local Resident

FORT WORTH, Nov. 1 (AP) — William Austin Tunstall Sr., 68, a pioneer oil field developer with holdings in 53 Texas counties, died here yesterday after an illness of 24 hours.

A former rancher from Cisco, Tunstall had participated in the development of most major fields in Texas except those in the Gulf coast area. He moved to Big Spring and drilled his first well there in 1912, one of the first oil ventures in West Texas. He abandoned it after a tornado blew the rig down.

He made a strike in the Desdemona field near the end of the last war and assembled acreage for the first well in the McCamey pool. Tunstall financed the first oil well, a dry hole, drilled in Winkler county and participated in the big booms at Ranger, Breckenridge, Mexia, Borger and other places.

Since 1920 his business interests have been centered here.

Many Big Spring residents recall W. A. Tunstall, Sr., as a "sort of real estate man and who dabbled in oil seepage." None had definite recollection of his having drilled an oil test here, although one acquaintance of his said he believed Mr. Tunstall had promoted a wildcat.

John Wolcott said he had worked in his store for a time before blocking acreage for oil explorations. Available records indicate the first oil tests here were drilled in 1919 by the ill-starred General Oil Co. although an artesian well project on the courthouse lawn returned an oil skim in 1886-93 and Jim Cole was disappointed later when oil shows spoiled chances for a good water well in southeastern Big Spring.

### Donald Kelsey Is Party Honoree

Mr. and Mrs. Charles Kelsey Monday evening complimented their son, Donald Kelsey, with a Halowe'en party.

In games, Tommy Hammond won the apple contest prize and Terry Turner and Charles Marchbanks were best at darts. Other awards were made and refreshments served to the costumed guests, including Barbara Moreland, Betty Sue Anthony, Jim Farmer, Frank Griffin, Charles Marchbanks, Sam Hall, Tommy Hammond, David Ewing, Ray Dabney, Terry Turner and the honoree.

### ARRIVES IN NEW GUINEA

Word of the safe arrival in New Guinea of Corporal William H. Coffey, Jr., weather observer in the army air corps, was received Tuesday by his parents, Mr. and Mrs. Bill Coffey of Colorado City. Cpl. Coffey is a 1942 graduate of Colorado City high school and lettered in football. Before he attended military training in August 1943, he was sports writer for the publicity department of North Texas State Teachers college, Denton, where he was a freshman student. He received weather training at March Field, Long Beach and Tonopah, Nev.

### Good Adults Before Good Boys—Norris

Any dealing with the juvenile problem should proceed from the premise that "character is caught" and that it is "first necessary to have good men and women in order to have good girls and boys," Henry Norris, Boy Scout field executive, told the Lions club in a youth program Wednesday.

"It has been aptly said that we have done some things to our youths; we have done a few things for them, but we ought to do something with them," Norris declared.

Time and participation are the considerations and not money and mechanisms, he believed. Norris suggested specific programs might include provision of playgrounds with adult participation, vocational guidance, division of senior boys for special attention by the four service clubs, father and son and mother and daughter gatherings, and friendly interest in general by adults in problems of children.

Dan Conley, club president, accepted the responsibility of working with a section of the senior boys, the club previously having had a custom of rotating class rosters to have "junior Lions."

### Weather Forecast

### Court Docket Quiet After Busy Week-End

City court was comparatively quiet Wednesday morning following a crowded docket for Monday and Tuesday. Three women were picked up for VD check ups and one also charged with being drunk in a public place.

Police have ordered the owner of a dog who has bitten two women to take the dog to a veterinarian for five days observation for rabies.

### HELLON BLOUNT PRESENTED

Hellon Blount and Jean Ellen Chowns will be presented on the chamber of commerce radio program Wednesday evening at 7:00 p. m. Miss Blount will sing and Miss Chowns will give some piano selections.

### Closing Date Nov. 4 For Applications

H. A. Clark, manager of the U. S. Employment Service, announced Tuesday that the closing date for accepting applications for examinations by the merit system council is Saturday, November 4.

Applications must be received or postmarked before midnight of November 4, and the examinations will be held in various cities throughout the state beginning at 9 a. m., November 18. The applications may be obtained at the local USES office.

Through these competitive examinations permanent employment may be had with the state Department of Public Welfare, the Texas Unemployment Compensation Commission and the U. S. Employment Service. In order to apply for some of these positions, the applicant must meet certain residential requirements. The Texas Unemployment Compensation Commission requires five years, the Department of Public Welfare, four years prior to appointments. There are no residence requirements for USES positions.

There are varied educational and business experience requirements for the different positions. The positions available include claims stenographer, apprentice junior interviewer, field worker, junior clerk-typist, junior tabulating equipment operator, bookkeeping machine operator and key punch operator.

For further information about the examinations, positions and requirements applicants should go to the Big Spring USES office.

Carson Wisley Halford, charged with violation of the narcotic law, Bond set for \$1000.

Mrs. Denver Dun was a patient at the Big Spring hospital Wednesday morning, and underwent a minor operation to have teeth extracted.

### Texas Regents Resume Conference in Houston

HOUSTON, Nov. 1 (AP) — University of Texas regents resumed their session here today in an effort to clear up differences that have arisen between themselves and Dr. Homer P. Rainey, University president.

They met for 12 hours yesterday and last night, conferring with committees from the faculty and ex-students association. They sent out a messenger last night in the person of Mack Wallace, student body, who said he was authorized to state that the regents did not consider the situation hopeless.

Judge John H. Bickett of Dallas, chairman of the board of regents, has announced that a statement will be issued at the close of the session.

Americans built Korea's first trolley line and railroad.

### SKIN IRRITATIONS OF EXTERNAL CAUSE

Eczema, nose pimples, simple ringworm, tetter, salt rheum, bumps (blackheads), and ugly broken-out skin. Millions relieve itching, burning and soreness of these miseries with this simple home treatment. Black and White Ointment goes to work at once. Aids healing, works the antiseptic way. 25 years success. 10c, 25c, 50c sizes. Purchase price refunded if you're not satisfied. Use only as directed. Vital in cleaning is good soap. Enjoy Black and White Skin Soap daily.

### BOOTHS SET IN BANKS

Booths were set up this week in the local banks for obtaining contributions to the community War Chest. The booths are being operated by the leaders of the Girl Scouts and they report that the total collected so far is \$204. The booths will be open through Saturday, November 4.

Anti's have a great variety of food preferences — some are carnivorous, others feed upon nectar and honey — dew, others gather seeds and some live on fungi which they cultivate.

"I have no help problem!"

Women are discovering that their dependable and useful electric appliances are helping a great deal to solve their home-making problems in these war days when help is scarce and there's so much to be done. A little time saved in preparing a meal or a light lunch, quicker and better cleaning with an electric cleaner, the convenience of an electric refrigerator, all add up to many minutes saved each day.

Now that your electric servants are more necessary than ever, be sure to give them the proper attention to make them last the duration. Keep them clean, tighten any loose screws and handle appliances carefully. When they fail to work properly, take them to an electric shop which specializes in appliance repairing.

# Bobcats Jump To First Place In Schoolboy Poll

By HAROLD V. RATLIFF  
Associated Press Sports Editor  
San Angelo's Bobcats are No. 1 in Texas schoolboy football in the opinion of the sports writers.

For the first two weeks that the Associated Press conducts its poll, the Bobcats, defending state champions who took a 7-4 licking at the hands of Lubbock more than a month ago, had rested in the runner-up place while Waco's Tigers received enclomiums as the top team of the season.

But with San Angelo's 47-0 wallop of Odessa last week-end, the Bobcats surged upward, going 12 points ahead of Waco. They got their top spot like this: Nine first places, six seconds, two thirds, one fourth and one ninth. Waco received seven No. 1 ballots, six seconds, three thirds, one sixth and one seventh.

Moving into third place was Highland Park (Dallas) which held fourth spot last week. Amarillo thus went down a peg to fourth. Vernon arose from seventh to fifth. Lufkin stayed in sixth place, Sunset (Dallas) advanced from eighth to seventh. Austin fell from fifth to eighth. Sweetwater came up from thirteenth to ninth and Port Arthur, which was tied for ninth with Tyler, fell to tenth and Tyler dropped to eleventh.

Lubbock, which lost its second game in a row after winning four, fell out of the first 20. The West-erners were eleventh last week. Here's how they stand in the poll, participated in by sports writers from every section (10 points for first place, 9 for second, etc., and with the first place in parentheses):

1. San Angelo (9)—189 points; 2. Waco (7)—157; 3. Highland Park (Dallas) (6)—132; 4. Amarillo (2)—110; 5. Vernon (0)—74; 6. Lufkin (0)—68; 7. Sunset (Dallas) (1)—48; 8. Austin (0)—46; 9. Sweetwater (0)—41; 10. Port Arthur (0)—37.

The second ten: 11. Tyler; 12. Marshall; 13. Kerrville; 14. Breckenridge; 15. Temple; 16. Goose Creek; 17. North Side (Fort Worth); 18. Jefferson (San Antonio); 19. Abilene; 20. Paschal (Fort Worth).

## Transfers Hit SWC Teams This Week

DALLAS, Nov. 1 (AP)—Changes were being made in southwest conference football today through navy transfers and Texas Christian University, holding second place in the standings, was hardest hit.

But it was not only transfers that bothered the Horned Frogs. Scholastic difficulties and injuries also took toll.

Arkansas and Texas A. and M., the only conference members that do not play trainees, were undisturbed. There was not even a draft call.

Texas lost Phil Bolin, first string end, but will pick up E. R. Felte, starting guard for Southern Methodist. Going with Bolin to the Midshipman's school at Asbury, N. J., was Robert Lemmons, substitute guard, while Jim Fortenberry, reserve end, was sent to Notre Dame's Midshipman school.

Texas Christian lost Johnny Sherrard, top passer, in the draft, and Joe Kucera, another fine passer; N. B. Thomas and Albin Houdak, starting guards, were sent away in navy transfers.

Then the squad lost Monroe Harrison, reserve back, because of a broken leg suffered last week at Oklahoma City against Oklahoma. Added to this scholastic ineligibility took Albert Cragwell, regular tackle; Bryan Taylor, starting center; and Embrey Walton, reserve tackle.

Rice lost Cholly Howard, regular tackle; Bucky Sheffield, reserve fullback; Dan Chrisman, substitute center, and Fred Brechtel, reserve back, in naval shifts, the latter two going to Southwestern University.

Felte was the only departure from Southern Methodist.

A. and M., while not losing any players to the service at this time, had several due for call. However, there was no indication of when they would be taken.

Grand Coulee dam contains enough concrete to build a highway from New York to Seattle and back.

# Yearlings Play Hermleigh Cards Here Thursday

With the absence of a game in Big Spring for the Steers this week the Yearlings step into the limelight tomorrow night at Steer stadium and give battle to the powerful Hermleigh Cardinals at 8 and give promise of a fast action-packed evening of football.

The Yearlings dropped their opening game this year to the Tahoka Bulldogs B team, came back to take a second game from this same eleven, and then tied the Midland Pups 7-7 in their third game of the year.

Little is known of the powerful Hermleigh club except that they have tied a strong Snyder team 0-0 and last year found the Yearling team easy meat and romped over the local B aggregation 20-0.

The local eleven has little in their favor for the tilt as the visiting Cards sponsor an older and more experienced crew than the 15-year-old Big Spring squad. As Hermleigh is a senior high school team, this means they should have every advantage in weight and know-how and quite a bit of furious football is expected in the fray.

Madison and Campbell, the two Yearling threats, will have their hands full trying to gain yardage in the Cardinal line, while Pete Fuglar and Wesley Rogers will also have their hands full trying to stop the speedy backfield sponsored by the Redbirds of Bill Kimzey, Dillard Herrie, Jeston Corbell and J. P. Hale.

# Navy Line Named Outstanding Of Week's Elevens

NEW YORK, Nov. 1 (AP)—The whole navy line, which in its last two games against Georgia Tech and Pennsylvania has thrown the opposition for a net loss of 35 yards while tearing open big holes for Navy backs to gain 493 yards, won this week's Associated Press poll as the outstanding football linemen of the week.

This formidable forward wall, pitted against Notre Dame this coming Saturday in the top game of the day, is composed of Leon C. Bramlett, left end; Don Whitmer, left tackle; Edmond Deramee, left guard; Jack Martin, center; Captain Ben Chase, right guard; Gail Gilliam, right tackle; and Ben Martin, right end.

Monte Moncrief, Texas Aggies tackle, was singled out for complements in the Southwest. Coach Homer Norton said Moncrief is the outstanding lineman against North Texas Aggies and "all other games this year. He gives signals on defense, is a hard tackler while his experience makes him hard to fool. He is good at rushing the passer and punter."

Other outstanding linemen from the southwest:

Ends — Hubert Bechtel, Texas; Jack Russell, Randolph Field.

Tackles — Fred Land, LSU; Mike Castronis, Georgia; George Savitsky, Penn; John Woudenberg, St. Mary's preflight.

Guards — H. J. Nichols, Rice.

**Pupils Eligible For Contest**  
AUSTIN, Nov. 1 (AP)—Texas high school pupils are eligible to participate in the nation-wide essay contest conducted by the ladies auxiliary to the Veterans of Foreign Wars of the United States, on the theme "What Americanism Means To Me."

L. A. Woods, state superintendent of public instruction, said cash prizes total \$2,000 with 61,000 as first award.

India has 38 cities with population of more than 100,000.

# Sliding Down The Sports Chute

with BILL

Coach Jess Neely and his Rice Owls certainly threw a surprise into the Southwest Conference grid picture Saturday by not only winning 7-0 over the favored Texas Longhorns, but also by soundly outplaying the defending champions and giving that big Texas line a very busy afternoon. Most fans are now saying it looks like Rice will take the pennant this year for the first time since Neely went to the Owl campus in 1940.

I must admit that everything looks very favorable for the feathered flock, especially their schedule. They have SMU and Texas out of the way, the two teams that were favored to be the two best in the league before season-play opened. They have Arkansas, A&M, and TCU coming up, with the latter two on home grounds, where the Owls seem to do very well.

In journeying to Arkansas to play the Porkers the big Blue team should have little trouble. If they were playing any where near their brand of ball, and not playing too far over their heads, they should take the Razorbacks by a comfortable margin one week from Saturday. This week the Owls have a non-conference tilt with Texas Tech, loser of five and winner over the very great West Texas State team, and should be able to conserve their strength for their title go.

TCU downed the Aggies a few Saturdays back and every one seems to have counted the whiz-kids out of the running. In my books they are the most serious threat to Rice in the league. They outgained and outplayed the Frogs soundly and it was only by the whirlwind passing of Joe Kucera that the Frogs won that game by a miracle. The Ags boast the best running record in the state and will probably take every other game they play up to the Rice tilt. TCU on the other hand has lost Kucera and others through Navy transfers and as the Navy went so went Coach Dutch Meyer's chances at the title (in my opinion).

If the Ags can go through the Texas game with no more losses, the league will end in a two-way tie between the Farmers and the Owls, if Rice loses only the Aggie game. Texas, however, can do the same if they win over the Ploughboys without losing another game. In any case the conference title will probably end up in a tie because every team left on the Rice schedule will begin to work for that game, and in the Southwest that is a fatal sign . . . for the favorites.

What I have been trying to work around toward is the Cotton Bowl bid. There is, or will be, no team in the conference with an eprict record. Yet Texas can sponsor a representative in the bowl game January 1 if they will drop the Southwest conference champ and invite the Ramblers. There a sell-out crowd would be assured for the classic. The champion would have to agree before this could be done.

Randolph has already received mention for the Sugar Bowl but it is in the feeling in this corner that they would prefer to return to the Cotton Bowl after last year's 7-7 tie with Texas . . . and those Naval Zoomers up in Norman might be just the team to oppose them after downing Dobbs and Superbombers 13-6 Sunday. It might be something for the Dallas officials to work on.

See you . . .

# Cochran's Hand In Cast; Broken In Opening Game

Workouts for the Big Spring Steers have taken on a rougher outlook this week with Coach John Dibrell sending his charges through long scrimmage sessions preparing them for the invasion next Friday, Nov. 10, by the San Angelo Bobcats who come to Big Spring on a breather trip in defense of their District No. 3 title as well as making another step toward repeating as state champions.

The number one team of the state is rated about eight touchdowns better than the locals, if they use their third stringers most of the time, but Steers and coaches have not let that fact discourage them and are working hard toward giving the Bobcats quite a battle before the evening is over.

Ed McLaren broke a bone in his hand during the Tuesday workouts and is wearing a cast to protect it from further injury. McLaren is the regular right half starter, and his injury may keep him from the lineup against the Cats.

Hugh Cochran, the swivelhipped speedster, also is sporting a fresh cast on his hand this week. Cochran broke a bone in his hand in the opening game but a doctor's checkup failed to reveal the break until yesterday. Cochran has been receiving treatments this season, as well as keeping the hand well taped during rough-stuff and bodily contact. His injury would slim the scoring chances of the Steers quite a bit if they are forced to go into the game without his services.

# Ward Schools Enter Fourth Week Games

Ward school football, getting faster and faster each week, goes into another unpredictable day's play tomorrow afternoon at the high school field in the fourth week of playoffs which has but two teams undefeated, and both of these have battled to a tie.

In the opener at 3:45 North will play the South eleven, the latter seeking its first win against the newly named Dogies, also looking for their first victory of the year. The North lost last week to Central 7-12, while South dropped before the East ward team 0-19.

Second on the schedule will be Central ward and College Heights. Central has won two and lost one, coming from behind last week to win 12-7. The College Heights eleven is undefeated and looks like the class of the crop, but their record was marred last week by West ward who outplayed them soundly but could gain nothing but a scoreless tie.

In the finale for the afternoon East and West meet in what promises to be the best game of the day. East dropped their first game to College Heights 0-24 but have come a long way since then and now loom as a threat to the West eleven's supremacy. This game will be the last of the evening before final-round games next week.

**BISONETTE TO COACH BRAVES**  
BOSTON, Nov. 1 (AP)—Del Bissonette yesterday was named coach of the Boston Braves to replace Tom Sheehan who resigned. Bissonette managed Hartford in the Eastern League last year.

**Funeral Services For Airey**  
HOUSTON, Nov. 1 (AP)—Funeral services will be held here tomorrow for the Rev. James W. E. Airey, 40, pastor of St. Andrew's Episcopal church here. He died yesterday. He formerly had been rector of the Trinity church of Longview.

# Graham Leads District Scoring; Pete Cook Fifth With 40 Points

Bring three touchdowns and kicking five extra points against the Odessa Bronchos, George Graham of the San Angelo Bobcats stepped into first place in the District No. 3 scoring race last weekend with a sum total of 75 points to move out well ahead of Towner Leeper, the potent star of the also potent Sweetwater Mus-

tangs, who failed to tally against the Lamesa Golden Tornadoes.

In the survey of district scores conducted by Hal Sayles of the Abilene Reporter-News, Pete Cook of the Big Spring Steers moved into fifth place, barely eight points behind fourth-place George Cook of Odessa and 11 points back of third place Bill Richards of Midland who has 51 points in his ledger. Leeper is second with 54 points to his credit.

Trailing Cook was M. C. Hale of Midland with 30 tallies and in seventh place was Jim Harrison with 24.

Habit Needs Reforming

The Texas State Teachers association has completed a rather exhaustive survey which shows that on the opening day of school there were 1,619 teaching positions unfilled for the school year.

Moreover, one-fifth of all the teachers in Texas are new to their jobs this year, according to the survey—over 7,992 new teachers in Texas schools.

Chief, But Not Whole Trouble

The episode Saturday night in which Chief of Police A. G. Mitchell received a stab wound is unusual for this season of the year only that an officer was a victim of physical violence.

The War Today

by Dewitt Mackenzie Associated Press War Analyst The overall picture of the events surrounding Chiang Kai-shek's successful demand for General Stilwell's recall on charges which Washington doesn't accept is that of the generalissimo gambling heavily with the international relations and prestige of the globe's most populous country.

Disappointment also is said to have been expressed with Chiang's failure to make an agreement with the northern Chinese communists so that both the Red troops, and the central government forces which are blocking them, could be combined and thrown against the Japanese.

The generalissimo gave way only on the appointment of an American commander for field operations, and even then demanded Stilwell's recall—possibly as a face-saving expedient.

No longer ago than the recent Dumbarton Oaks conference to lay plans for a world peace organization, China was accorded the position of one of the "big four"—along with America, Britain and Russia.

Now the Chinese weaknesses which have been emphasized by the present imbroglio immediately give rise to the question whether China can expect to qualify for membership with the big three.

Washington—

they got up and went outside and piled into the foxholes. There was a lot of cursing and a lot of it was directed at Jimmy and the shouting war boys.

The Unseen Audience

Ernie Pyle—Most Amazing And Interesting Of All Features Is War-Time Waste

(Editor's Note: This is the 44th of the Ernie Pyle war dispatches that are being reprinted while Ernie is on leave.)

By ERNIE PYLE NORMANDY BEACHHEAD, D Day Plus Two, June, 1944—I took a walk along the historic coast of Normandy in the country of France.

It was a lovely day for strolling along the seashore. Men were sleeping on the sand, some of them sleeping forever. Men were floating in the water, but they didn't know they were in the water, for they were dead.

For a mile out from the beach there were scores of tanks and trucks and boats that you could no longer see, for they were at the bottom of the water—swamped by overloading, or hit by shells, or sunk by mines. Most of their crews were lost.

On the beach itself, high and dry, were all kinds of wrecked vehicles. There were tanks that had only just made the beach before being knocked out. There were jeeps that had burned to a dull gray. There were big derricks on caterpillar treads that didn't quite make it. There were half-tracks carrying office equipment that had been made into a shambles by a single shell hit, their interiors still holding their useless equipment of smashed typewriters, telephones, office files.

On the beach lay snarled rolls of telephone wire and big rolls of steel matting and stacks of broken, rusting rifles.

We could afford it because we were on, we had our toehold, and behind us there were such enormous replacements for this wreckage on the beach that you could hardly conceive of their sum total.

Mirrors Of Austin—

More To Patman Committee Report Than Evidenced In Dispatches

By PAUL BOLTON Herald Austin Correspondent There is considerably more to the Patman committee report than the somewhat meager dispatches from Washington indicated.

First, there ought to be an increase in the price of oil. This was the Washington report, and newsmen there evidently thought in terms of the fact that the same committee made the same report 18 months ago, and therefore dismissed the remainder of the findings.

The report insists that "subsequent events" have made valid its recommendations of 18 months before; asserts the nation would have been better prepared today from the standpoint of oil reserves to fight a two-ocean global war, had its recommendation at that time been followed.

City Folks Get Look At Fierce Wild Life

KANSAS CITY, Nov. 1 (AP)—Mrs. Helene Sigman and Mrs. Bessie Pringle peeked out the door of a second floor apartment and were "frightened to death."

Hollywood—

Movieland Smokers Are In Panic

### FSA Aids Farmers Through Credit

The Farm Security Administration is an agency of the United States Department of Agriculture. Its job is to help farm families help themselves through a program of supervised credit.

During the past nine years this service has been supplied to a million worthy farm families who were unable to obtain necessary credit from any other source. Supervised credit services of FSA are available, in accordance with legislative authorizations, to eligible and qualified ex-servicemen interested in farming.

Farm Security Administration operates in all states. It maintains local offices through which services are made available in all counties where farming is carried on. More than 35,000 veterans of World War I have used the supervised credit facilities of FSA, and since 1942, more than 1,000 veterans of World War II have received FSA loans and are not farming.

Most FSA loans are of two types:

1. Short-term loans for operating purposes—buying seed, feed, fertilizer, tools, farm machinery, livestock.
2. These loans usually range from amounts as small as \$100 to a general maximum of \$1,500, but never in excess of \$2,500. Loans are repayable in one to five years depending upon the anticipated farm income developed through a farm and home plan that is worked out with the family. The interest rate is 5 percent. This type of loan is at present limited to those unable to obtain adequate credit at reasonable rates and terms from other sources.

Forty-year loans for the outright purchase of family-type farms. The amount of a farm-purchase loan is limited to the average value of all farms of 30 acres or larger in the county, and cannot be more than \$12,000. Interest is 3 per cent. Loans of this kind were started to give tenant farmers, share-croppers and farm laborers opportunities to become owners; only experienced farmers, known to be diligent are chosen.

Practical on-the-farm supervision is provided along with loans of either type. FSA supervisors will assist the family to plan and carry out a sound farm and home operation.

The GI Bill of Rights provides that World War II veterans are eligible for farm-purchase loans, the same as though they were farm tenants. This does not mean that all the ordinary requirements for getting the loan are set aside for veterans—one of the eligibility requirements under the GI Bill

is that the veteran who applies for a farm ownership loan be likely to carry out successfully the undertaking required of him under the loan. Two factors are of utmost importance: (1) Can the veteran locate a desirable farm, and (2) can the farm be bought at a price so it can be made to pay for itself over a period of years.

In general, loans for the purchase of farms are limited to applicants unable to obtain satisfactory credit from sources other than FSA. This will hold true also for veterans, except in cases where a veteran is unlikely to succeed in farming without supervision of the type provided by FSA. In such cases he will not be denied an FSA loan, even though he might be able to obtain an un-supervised loan from another source.

The veteran who believes that FSA services provide the type of assistance he will require, should apply to the county FSA office nearest the place where he has been farming, or intends to farm.

### Hunger Lends Edge To Greek Problems

ATHENS, Oct. 31 (AP)—Hunger is lending a new edge to the political strife in Greece and unless Premier George Papandreu can find a formula to reestablish and stabilize the drachma and organize speedy distribution of relief supplies further disorders appear almost inevitable.

In the last fortnight the drachma has depreciated from 700,000,000 (billion) to 8,000,000,000 (trillion) to a gold sovereign (\$4.87).

A series of clashes have taken place in Athens between EAM-ELAS partisan bands and members of the so-called "EXE" forces, whose members term themselves pro-royalists.

A large force of police patrolled the streets of Athens last night in an effort to prevent further disorders but bursts of small arms fire was heard.

Cases of malnutrition are frequent and the clearing of the streets of ordinary refuse is at a standstill for the lack of transportation. As a result authorities fear outbreaks of epidemic.

In 1825, Sing Sing prison was known at Mount Pleasant prison.

### Spanish Republicans Battle French FFI

PARIS, Oct. 31 (AP)—Approximately 2,000 Spanish republicans and Russians, banded together under three insignias of a black skullcap with a white death's head, have established a stronghold in the mountains in France's southern Dordogne department and are waging a private war against the F. F. I., an observer just returned from the region said today.

Their objective is to muster forces for an opportunity to strike across the border at the Franco regime.

### Corpus Christi Officer Finds His Favorite Enemy In Young Nazi Medic

By HAL BOYLE

WITH AN AMERICAN INFANTRY DIVISION IN GERMANY, Oct. 23 (AP) — (Delayed) Lt. Col. Glover S. Johns, Jr., had a favorite German soldier it would be a little, blond, freckled medic of 16 called "Fritz."

Johns, who comes from 309 South Broadway St., Corpus Christi, Tex., first met Fritz during terrific fighting when Doughboys were crouching behind any cover they could find to get away from the spray of crashing enemy artillery.

In the midst of the battle a white flag appeared and Fritz came toward the American lines. Johns asked him his mission.

"Sir," answered the blue-eyed little medic, "I just wanted to find out if the wounded Germans were getting along all right."

"Sure they are," said the amazed Johns, pointing then to medics giving Nazi soldiers the same treatment as their own. Fritz looked and was convinced.

"That's fine, sir," he said, and turning, added, "well, I'll be leaving now."

"Oh, no, you won't!" Johns shouted, adding that a German medic a few weeks before had gone back and reported a weak point in the American lines which the Germans later attacked.

"He shouldn't have done that," said Fritz with a pained look.

But he insisted that he had to get back to his own lines to take care of wounded Germans. Finally he "consented" to stay when told that he could care for wounded Germans behind the American lines. Johns told him what a wonderful country America was and Fritz listened excitedly.

"Can I go there sometime," he asked. Then he left for a battalion and station.

Later in the day Johns' battalion was hit by severe enemy counter-attacks. His unit temporarily was isolated. Word came back that Fritz had returned to

### ZURITA BEGINS TRAINING

LOS ANGELES, Nov. 1 (AP) — Juan Zurita, NBA lightweight champion, arrives today from Mexico City to begin training for what his manager, George Parnassus, said would be a title fight here before Christmas against Willie Pep, Ike Williams or John Thomas.

Honk! honk! they passed her,

But got there no faster

Erratic driving proves so inefficient in Wartime that it's no longer favored anytime.

Deftness is the style in motoring. Tactics like swooping in and out of line seem wasted, when the little coupe—from miles behind—presently shows up anyway in the "thrill-driver's" mirror.

That's skill—making a steady good average; not leaping and bounding to make it up. You'll show still greater regard for dutiful mechanism by having your engine OIL-PLATED—internally surfaced to resist corrosion by the unavoidable acids of combustion.

Changing to Conoco N<sup>th</sup> motor oil will automatically give you an OIL-PLATED engine. Costly pioneer research created the special Conoco

N<sup>th</sup> ingredient that gives this popular-priced oil its magnet-like action. And that's what joins OIL-PLATING to inner engine surfaces, as if to stay.

Acids stay too, these days—in-festing every cylinder in unreasonable quantities. Former chances of ousting corrosive acids are decreased these days by low engine temperatures—longer stretches of standing cold—mileage limitations of any kind. But you can keep your engine's fine inner finish under cover of protective OIL-PLATING—resisting corrosion! Just change to Conoco N<sup>th</sup> motor oil at Your Mileage Merchant's.
