

Principal Has Good Remark For Students

Mr. Pirkey was asked to get peeve, he replied with "I have something favorable to say." He said, "I appreciate the attitude and conduct as

it has improved and I hope it continues to improve. The school spirit has been better, fusses have been fewer, and students are trying to make it a

better school year."

Pirkey was born in Bowie County, Tex. and attended high school at Averl. He has a G. S. Degree from Sam Houston College at Huntsville, and a Masters from Tech.

He now resides at Star Route 1, and is making a good principal of our high school. His hobbies are fishing, of which he plans to spend two weeks this summer along with summer school and an Administration Workshop at Austin, in June, hunting, and photography. He has a wife and two children.

King's Korner

BY KEITH KING

want to take this method to the many citizens of this town who have expressed their sympathy with the cause of better entertainment for the youth of this town. I especially want to thank the Art Wagners, who determined their name to their letter. Now that the problem has been brought into the open, I think I can speak for most of the responsible teen-agers in this town in offering our assistance to any program the citizens of our community would like to offer.

The High School seems to be a problem which the students must solve or it will be solved for us by other and less desirable methods, and this is the problem at noon and afternoon school. This problem has been steadily growing worse in the past few weeks. It has been brought to the attention of the Student Council, who has the support of both the administration and the local law enforcement bodies, but to be really effective it must have the support and the backing of all

the student body. Since it was from the students that these problems were first discussed, I hope that they will lend their full support to the Student Council's efforts.

But enough of these matters, the Korner this week is slightly shorter because of a new word which has been added to my vocabulary list. This word will not be found in your thousand words which you are given in English, but I think that I will start a campaign to put it in the vocabulary of everyone. This word is "slaunch". It is the practice of traversing interesting little side roads in order to view the most beautiful scenery. On a trip you look for roads which seem to provide maximum scenic beauty and then you just slaunch off down that road.

Last week I found that one of the most beautiful sunsets in the world can be found in the area between Sterling City and Garden City. Garden City wasn't on the planned route of our return trip from San Antonio but I turned out to be a lousy navigator, and we did a little extra slaunching. After I caught up on my sleep and Sigafos digests all the Mexican food he ate on the sweet trip, things will be back to normal.

Rush Week Meeting Set In Lubbock

The Annual Panhellenic Forum, sponsored by the Lubbock City Panhellenic and Texas Tech College Panhellenic will be held Sunday, April 8, 1962, at 2:30 p.m. in the Student Union Building Ballroom on the Texas Tech Campus.

All high school girls interested in entering any college having sororities are urged to attend this event. The program is designed to acquaint the senior girl with various phases of rush week, and is handled by the sorority girls.

Mothers of graduating senior girls are also invited to attend.

NEW STUDENT -- Arthur Cantrell, a Freshman, is this week's New Student. Arthur moved to Littlefield early in March from Coleman. He likes LHS "... just fine. It's better than Coleman." Arthur, with brown hair and eyes, weighs 135 and is 5' 9". His hobby is constructing model airplanes and he enjoys baseball as pastime. He lists his favorites as: food - "I eat it all", color - no difference, Singer-Elvis, Song - Rock-a hula Baby; Movie - South Pacific, and actor and actress - no preference.

Editorial Using The Library Is A Responsibility

By Margaret Esquivel
In using the library, care is the very first and important step to be taken in using any book, magazine, pamphlet, and any other source of material that is property of the library.

Every day students are seen making markings in books so they will know which verse to memorize in the literature book, or so they won't have to bother with pencil and paper, and just underline the most important facts in the World Book.

Tearing pages out of books amounts to the same thing. This is usually done by persons with no responsibility.

The library is also used to study, but some students take advantage of it. Students should go in with the intention of studying or else not go in at all.

Students who go in to chat and tell what happened Saturday night will not themselves study or let anybody either.

This is really something to think about. Spend and use your time wisely while in the library.

Editorial Communications Are Most Important

By Keith King
The classroom teacher is a member of one of the most honored and worthwhile professions in the world. The teacher shapes and molds the ideas and aims of future generations in his classes. It is then essential that the teacher properly communicate with the students which are under his guidance. The methods to be used in this communication are patiently taught to teachers in their many hours of education courses.

The lack of proper communication between students and teachers, teachers and administration, or teachers and teachers, can be a source of great harm, not only to the participants but also to the bystander. Friction between any two factions within a school causes a lack of morale with all concerned resulting in a lack of preparation and study in both camps. This is dangerous not only to the student but to the teacher. Ill will between or among organizations does much to dampen school spirit and prove exceedingly harmful to students caught as pawns in the argument.

Proper communication, then is necessary to the well-being and progress of our school. This communication can start with each and every one of us as students. We can attempt to co-operate better among ourselves and extend this work to co-operating with our teachers. Perhaps, through our efforts, the teachers and organizations sponsored by those teachers will be able to properly communicate and form a closer knit school system. But, most of all, for the good of all concerned don't allow personal conflicts to interfere with your school work. Producing proper communications between all members and facets of the school is difficult but it must be done.

Volleyball Gals lose

Volleyball girls played against Dumas Saturday at Canyon in a very close game. It ended in defeat for Littlefield. They are scheduled to play in the Littlefield tournament.

It seems that a new chapter of the A. A. has been started by the High School student body. Heard that Boots Barker and his girl friends are having trouble since they found out about her.

Teena is the only student who received a scholarship to play for the Draughts Dragons. What about the short, little girls you met in San Antonio, Jim.

Ennis flew home from San Antonio. Boy, were her arms tired.

Mr. Reeves, Linn wants to know how you found your steak? Why all the trouble in Plane Geometry, P. and B.?

The Army is coming back so that means competition for someone.

The Student Council is offering a trophy to the school's champion slauncher.

Linn, we heard that you had a sweet trip. Does anyone think that the corner would be more comfortable?

What kind of competition do certain sophomore girls have?

We're proud of our tennis team for it's second in district.

Sitton, maybe you'll have a full day Sunday.

Two seniors are joining the big club and taking a big step this week. Congratulations, Janet and Othana.

What was the attraction Keith found in San Antonio? The largest collection of horns in the Lone Star state?

Linn had a great trip. She met Bill Jones and heard a joke about something too dirty to tell. Maybe a window?

Student Council Reps Report Convention

Four LHS students received the unique privilege last week of attending the Texas Association of Student Councils state conference at San Antonio. Linn Kirby, Ennis Pressley, Jim Nelson, and Keith King, together with about two thousand other high school students met to discuss similar problems and solutions of the different schools in the state of Texas.

Plainview Winners Are Told

Ralph Ogerly was the only exhibitor from Littlefield entered at Plainview stock show. He had a Duroc and Hampshire barrow entered. The Hampshire placed 10th in its class.

The livestock judging team entered the contest that was held in conjunction with the show. Team members were: John Foley, Buddy Price, Bobby Williams and Ralph Ogerly. They will enter competition again Saturday at Canyon, along with the Dairy Cattle and Crops Judging team. The Land judging team will be at Muleshoe

Workshops, discussion groups, general sessions, political rallies, and voting by machine highlighted the convention activities. Harlingen, president, Harlandale, vice-president, and Milby, parliamentarian, were all elected to state offices.

Social activities sponsored by the Jefferson council included a mixer on Thursday night and a dance or a show Friday night and a guided tour around the city Thursday afternoon. Included in the itinerary of the tour were visits to the Alamo, a visit to San Jose Mission, and a stop at the beautiful sweet oriental gardens.

Shipp Wins First Place In Orations

Franklin Junior College in Borger, Tex., was the site of the district Interscholastic League Literary Contest last Thursday.

Larry Shipp, LHS junior, captured first place and the chance to go to regional contest in original orations.

Janey Blackmon, senior, won second place in prose reading. Lena Naylor, also a senior, won second place in extemporaneous reading. David Jones took third place.

Play Cast Wins Third

Littlefield one act play placed third at the Interscholastic league meet held at Canyon. Members of the play were: Robert Howard, Kathy Steed, Bob Gronewald, John Foley and Paula Fields. Mrs. Ayers was the director. Levelland took first place while Dumas snag second.

DE Spotlight Shines Upon Jerry McCain

James Stanford
Jerry McCain is this week's D. E. Spotlight. He is a junior and is the son of Mr. and Mrs. W. T. McCain, of 601 E. 17th Street. He is employed at C. R. Anthony Department Store. Jerry states he likes to work at C. R. Anthony because "it's just a little bit better, than any other Department store happens to be."

Spade.
Jerry's favorite is steak, rattlesnake stew, blueberry pie with mustard, and ice cream with onions.
His hobby is a small round Sherry.

Jerry plans to take a voyage to Hawaii when he gets out of school.
Jerry's ambition is to change C. R. Anthony to C. R. McCain's.

Band Gets Rate, Plans Concert

David Jones and Maizie Naylor received a division I in student - conducting Saturday at Interscholastic league contest.

"I think our failure to make a I is due to the large number of inexperienced players in the band this year," stated "Prof" Hayes after the Wildcat Band received a division II in concert and sight-reading Saturday.

"We had some hard judges and a very difficult sight-reading number", commented Hayes.

The other 3A bands, Level-land and Brownfield, received I's in both events.

Other area bands entering and their ratings were: Olton - I-II, Springlake, II- II and Sudan II-I.

The band will present a concert on Monday, April 9, at 8:00 p.m. They will present the contest selections, and a few other.

ers. Advance tickets will not be sold but the public is urged to attend. Also included in the program will be the Intermediate and Junior High Bands.

Tracksters Fail At Amarillo

The Amarillo Relays was just a little tough for the Wildcat track team.

They qualified only two boys to the finals. Larry Wood qualified in the pole vault and Roger Morris qualified in the 100 yard dash. Morris got to the finals with a 10 flat in the semi-finals. He pulled a leg muscle in the finals and didn't place.

The I-AAA district track meet will be the next meet for the Wildcats Saturday at Level-land.

Students Of The Week Agree, "I Like LHS"

Cindy Phillips, Freshman, and Ricky Phillips, Sophomore, were chosen Students of The Week for this week. Both students seem to agree about several things -- besides last names. When asked their opinion of LHS, they answered, "I like it."

Mr. and Mrs. J.W. Phillips of Route 1, Littlefield, is a member of the Spanish Club, FHA, and active on the girl's volleyball team. Volleyball is also her hobby. About her future plans she said, "I want to go to college."

Ricky Phillips, 16 year-old Sophomore, lives at 611 East

15th Street. Ricky's activities include Band, in which he plays the Coronet, and varsity football. His height is five feet, ten inches and he weighs 175 pounds. His hobby is having fun. Ricky plans to attend TCU in Fort Worth.

Cindy and Ricky agree that blue is their favorite color and steak their favorite food.

Philosopher Says Supreme Court Relieves Rural Area Of All Future Blame

Editor's note: The Sandhills Philosopher on his Johnson grass farm tries to interpret a Supreme Court decision, his letter this week indicates.

Dear editor:

This thing is a little complicated, but as I understand it, Congressional districts are supposed to shift when the population does, so one district with a few thousand voters won't have the same voice in Congress as a district with a million votes has, or something like that, and the Supreme Court has ruled that if a state won't re-district

when its population shifts, the people can sue and the Federal government has a right to make it re-district.

I don't think I've made this very clear, which is understandable, since it's not clear to me, it's sort of like a psychologist with an I. Q. of 99 trying to measure the I. Q. of somebody who possibly has 140, but what it boils down to is that the experts are now saying that the Supreme Court ruling will mean that the balance of power in this country will shift from the rural areas to the metropolitan areas.

A lot of people regret this, but I would like to say, as a man from a rural area -- and it's harder to get much more rural than this Johnson grass farm -- that the decision suits me fine.

The shape the world's in today, I don't want anybody pinning the blame on us country folks. I say, let's get all the states re-districted as soon as possible, and let the city people try running things for a while, I don't say they can do it any better, not judging from the way the average city operates with

one headache after another, but when it's impossible to run something successfully, my policy is to let somebody else get the blame for the failure.

Agriculture -- for example, might be in the same shape, with or without a Washington farm program, but it's a lot harder to have Washington point your finger at, than to have to point at yourself.

When a problem gets too big for anybody to handle, then's the time to duck out and let another man take over. As far as I'm concerned, I yield to you town folks.

Yours faithfully,
J. A.

Local WOW To Compete In District

Littlefield Camp 3871, Woodmen of the World Life Insurance Society, is one of five Woodmen camps that has qualified for District Uniform Rank and Degree Work Competition the Baker Hotel, Dallas, Texas.

The competition consists of demonstrations of proficiency in ritualistic and uniform rank procedures of the W. O. W. The Littlefield contingent will be headed by Consul Commander, James R. McKinney and Degree Team Capt. John P. Alford. The balance of the degree staff is comprised of officers and the drill team.

Judging the competition will be James McClaren, Jack Smith and Henry Jackson, all of the Woodmen of the World in Omaha.

E. E. "Blue" Howell, Omaha Commanding General of the Uniform Rank, will be in charge of the competitions.

The Dallas contest is one of three being held. Winners of each of the three District competitions will qualify for the opportunity to exemplify the ritualistic degree work at the society's 1963 National Convention.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. -- At a joint meeting of the Governor's Highway Safety conference and Texas Safety Association, Price Daniel said that good traffic safety legislation still is being passed because citizens "have taken enough time and trouble to tell their legislators what they want."

He said that five bills which failed to pass will be introduced in the January session, "regardless of the identity of your next governor," he said.

State financing to pay the salaries of driver - education teachers in public schools.

Complete revision of the driver - licensing law.

A chemical test law for use in cases of driving while intoxicated -- designed to free innocent and provide medical evidence against the guilty.

Adequate city and county courts of record to handle traffic cases with efficiency and justice.

Authorization for additional highway patrolmen and additional pay for Department of Public Safety personnel.

Although the Legislature has approved 51 additional highway patrolmen, a \$300 increase in pay and set a floor of \$4,947 annual salary, the governor reported the patrol is 150 men short of its authorized strength of 804. He said the pay hike was insufficient.

VOTERS LIST -- Comptroller Bob Calvert added up the taxes and exemptions sent by the counties and found \$5,159 Texans qualified to vote.

This is an increase of 300,000 from 1958, the last non - presidential election year. But it is virtually the same as the number of qualified voters in 1952.

Still holding the record is 1950 with 2,599,924 Texans eligible to vote.

TEACHERS QUIZZED -- Texas school teachers are prepared at answering their examinations.

Texas Education Agency sent questionnaires to about 1,000 school people. They expected a 30 per cent return and 92,000 answered.

Questions were part of a Texas Legislative Council study of teacher training.

Results will be fed through computers to give lawmakers a picture of what school people think about the way public schools are run and how teachers are trained.

WATER LOANS HIT -- The state will borrow another \$15,000,000 on April 19, to help local water districts, river authorities and cities on their water projects.

Texas Water Development Board has the authority to borrow up to \$100,000,000 for this purpose.

Its first bond issue of \$10,000,000 is nearly used up in water loans. So another \$15,000,000 worth of bonds will be sold.

Major project helped so far by a state program is the Toledo and reservoir on the Sabine river near Newton. It will get a \$5,000,000 loan over the next two years.

PADRE STUDY -- Herb Peterson, chairman of a special committee to study the various proposals for making Padre Island a recreation area, said the committee will have a meeting in April to decide on its recommendations.

Governor Daniel appointed the committee after differences developed as to whether Padre Island should be turned into a recreation area by the federal or state government.

A bill in Congress has authorized federal purchase of a large part of the island as a national seashore area. But the bill has not passed the House of Representatives because South Texas Congressmen favor a smaller area, if any at all.

GI FARMS -- Veterans Land Board has sold 20 repossessed GI farms for \$19,000 more than it had invested in them.

But it turned down bids on a Grayson County tract which drew 33 bidders.

Board tried, but failed, to put a block deal back together by advertising for bids on an 860 acre farm in Zavala County. Board had set the minimum bid at \$150,000 but nobody bid.

Only qualified veterans who have not made GI land loans were eligible to bid on the tracts.

PROFESSORS PAY -- Two University of Texas department heads told their troubles as they moved into a new \$4,000,000 business and economics building.

Dr. Carey C. Thompson, chairman of the economics department, said he recently lost a good faculty member to the University of Rochester which bid up his salary from \$7,800 to \$13,000 a year.

Dr. John Arch White of the College of Business Administration said his college had not had a full staff since the end of World War II. Last year he needed to hire 12 young instructors but could only find eight and then lost four of them. Other employers outbid his salary limits.

The two departments have a fine new building but are hard-pressed for professors for their growing number of students.

AT EARTH

Jerry Jones, son of Mr. and Mrs. Joel Jones, and a senior student at Springlake High School, underwent an appendectomy Monday morning at West Plains Hospital in Muleshoe. He is reported to be going fine and was to be dismissed Friday or Saturday.

Mr. and Mrs. Lawrence Sloan visited in Kress Tuesday with Mr. and Mrs. O. T. Loftis.

Mrs. E. C. Hudson continued the study on Christian Social Relations at a meeting of the Betty Campbell WSCS Circle Thursday morning. In attendance were Mrs. Eugene Lee, Mrs. Kenneth Cowley, Mrs. Hershel Belew, Mrs.

Word was received Thursday that Mrs. T. T. Nichols of Cross Plains, formerly of Earth, passed away about 3 p.m. Tuesday. Funeral services were held at Cross Plains Thursday, March 29. The Nicholises lived here about a year ago. They operated the Earth Locker.

Among survivors are two sons; Larry Nichols, Cross James of the home; a daughter, Mrs. Sheila Adair, Cross Plains and several brothers and sisters.

It is important that this deadline be observed as April 30 marks the end of the Cub Scout year and is re-chartering time. Scout and Cub Scout leaders, den mothers, and committee men and their families are invited to attend a recognition service of the George White District to be held at the Littlefield Community Building, at 7:30 p.m. April 10. Reservations may be made by April 4 by contacting Cub master, James Lackey or Scout master Travis Jaquest, or C. L. Berry, committee man.

Live it up!

Presenting the cars for the lively life: 3 New Lively Ones from Ford!

New Galaxie 500 XL!
 Start this one and you really start something. Available with Thunderbird V-8 power up to 400 hp (propelled to a 4-speed stick shift), the XL outperforms America's most expensive, ask Standard features include all-weather bucket seats with a Thunderbird-style console in between. The XL needs service only twice a year, or every 5,000 miles. Hardtop or convertible. Definitely not for pedestrian tastes!

New Falcon Sports Futura!
 Here's a hot new number from the compact leader. The tempo starts fast with foam-padded bucket seats and a handy console in between... hits a new high note with a stylish new Thunderbird roof (vinyl-covered if you want it)... then goes into the lively melody of an optional 170 Special Six engine. Economy with a flair is the Sports Futura idea... it's priced below many standard compacts.

New Fairlane 500 Sports Coupe!
 Don't flirt with this one unless you mean it. It has foam-padded bucket seats with a console in between... and an all-new optional "260" Challenger V-8 that packs 164 hp. Fairlane's room, ride and performance are big-car in every way, but this new fine car costs less than many compacts.

Area Girls Volleyball Team Members

Four area girls attending Plains College in Littlefield are members of the Plains College Girl's Volleyball team. They are Miss Bernadette

Decker, daughter of Mr. and Mrs. J. A. Decker of Pep; Miss Georgia Albus, daughter of Mr. and Mrs. Leonard Albus of Pep; Miss Charladene Reeves, daughter of Mr. and Mrs. Forrest Reeves of Littlefield; and Miss Martha Ann Sexton, daughter of Mr. and Mrs. P. H. Sexton of Littlefield.

All of the girls are freshmen except Miss Albus who attends as a sophomore.

week's meeting, held Tuesday at the Community Building. No lesson in First Aid was given because of the unavoidable absence of Dr. W. D. Holt who is serving as instructor. After one more lesson in First Aid several Earth Scouts will be eligible to receive First Aid Merit Badges.

Leonard Gilmore, Civil Service employee, arrived in Earth Thursday to visit his mother, Mrs. Mary Gilmore before going to Oklahoma City for electronics and radar training. Mr. and Mrs. Gilmore and family have been living at Homer, Alaska, for the past 16 months.

Approximately 15 members of the Springlake Band Boosters Organization were present for a meeting held at 7 p. m. Thursday at the high school building. Committees to develop details for the Wolverine Band banquet to be held May 5 were appointed. Chairman of the various committees are Mrs. Leon Dent, program; Mrs. Dutch Been, decorations; and Mrs. Ed Dawson, foods.

Mrs. Buddy Adrian heads a nominating committee which will submit a roster of candidates to be elected and installed at the next meeting of the group April 26.

Mrs. Carlis Bills is chairman in charge of planning an entertainment for the Cub Band. Heading the awards committee is Pat McCord.

A film, "Holiday for Bands" which depicted scenes from the 1960 Tri-State Band Festival at Enid, Okla., was shown by Dean Foshee, band director, at Thursday night's meeting.

Presiding was Mrs. Marvin Sanders, president. Six members of the organization were present for a coffee held at 7 a. m. Saturday in the school cafeteria for the purpose of launching the annual band calendar sale sponsored by the group.

A student campaign was discussed and plans were made to send form letters to all Springlake school students as an initial effort of the campaign. At

camp out is being planned for the Earth Boy Scouts for Friday, April 20. Plans are also being made for the next Court Honor scheduled for April 13 at the Earth Community Building. Twenty five boys were on to formulate plans at this

A couple of weeks ago I made mention in this column about receiving six "free postage" newsletters from one Texas Congressman. In Monday's mail I got a letter from the Congressman's secretary apologizing for this error and giving a reason for the error. The error was human, but it just leads me to a conclusion that has been in the back of my mind for some time. "It all depends on who you are." If you or I forgot to mail our income tax forms or made an "error" in our returns, we could be severely fined, even though we mailed a letter to the Internal Revenue Service apologizing for our mistake. Chances are, we wouldn't be heard and the penalties carried out. It wouldn't take too many of these errors on the part of Congressmen to mount up to a sizeable sum in postage alone. But what is even more amazing is the Congressman isn't even from this district.

For the student who thinks that making good grades is not necessary comes word of an experiment being carried on at present by a major insurance company.

High School and college students may be able to save some of dad's hard-earned money because this insurance company has announced that a 20 percent discount on auto insurance might become available to above-average students and their parents.

To be eligible, students would need a "B" average or better . . . or rank in the top 20 percent of their class. The new plan is now being tested in California. If it works out successfully it will probably become available in other states. Meanwhile, mom and dad are seeing to it that the student members of families study a little bit harder . . . it pays.

And now comes the greatest gift for the golfing man or woman who has everything . . . golf tees with mink collars. Yep, that's what I read the other day in a magazine that the golfer who has everything probably needs mink (and this is supposed to be real mink) collared golf tees.

I imagine that most of these golfers had rather have a gadget that would take four or five strokes off their score, but you can't have everything.

Littlefield, Lamb County and Texas lost one of its beloved and colorful citizens with the passing of W. D. T. Storey, Bill, as he was affectionately known, was admired by this writer because he never kept a secret about how he felt on any situation.

Unlike many of us today, we keep our thinking to ourselves and neither say or do anything about it. Bill always said what he thought and worked hard for the things in which he believed.

Bill used to visit my office quite a lot especially when an election was close at hand. We would argue, both of us get red in the face, make each other mad, but we never parted in anger and he always left with his typical broad smile on his face. I'll miss his visits and his sharp wit, but I think I will always remember Bill for his ability to say what he thought regardless of the situation.

Our UN Ambassador Adlai Stevenson has been quoted as saying that "we must be prepared in the West for restraints on self-interest which a worldwide system of law and policing implies."

With the appearance in print of Department of State Publication 7277, "Freedom from War, the United States Program for General and Complete Disarmament in a Peaceful World," we know what his typically oblique words mean. They mean that it is the considered policy of the Executive Branch of our Government, expressed in this plan already formally submitted to the UN General Assembly, to disband

the April 26 meeting, sales materials will be distributed to group captains and a canvass of the Earth-Springlake community will follow. Birthday and anniversary listings will be taken, also meeting dates of all civic organizations, clubs, lodges, etc. Also included on this year's calendar will be dates of concerts, athletic events and other important happenings.

Proceeds from the calendar sales will be used for improvements of the band.

our armed forces and dismantle our defense system - weapons, rockets, planes, ships and all - except for the portions turned over to the UN "Peace Force" (most recently employed, with our help, in the rape of Katanga.) It means that the Administration has already prepared and is pushing for the surrender of our Constitution, our Bill of Rights, our national traditions and our freedom. All these and our troops and weapons, too, it proposes to give over to a UN in which steadily increasing Soviet power forshadows early, and certainly ultimate, Communist control.

This State Department program is so fantastic that no American could be expected to believe it without reading it for himself. Obviously, there is no single document in the world of comparable importance to all Americans at this moment. But it has not been easy to get. The Government Printing Office reports at this writing that it is swamped with a backlog of 100,000 orders that will take weeks to fill. (It could take long enough to make protest futile.)

I've already sent for a special copy of this publication which should arrive in a week or so. When I get it I'll be glad to let anyone borrow it provided they agree to return it. I'm not interested in helping communism take over the United States or expanding any further than it already has, but silence on the part of every American would make it seem that we are "forging our own chains."

NEW SIZE DODGE DART!

Dodge Dart 440 2-Door Hardtop

NEW LOW PRICE

Some new automobiles are just too darn big to drive with any feeling of confidence. There's a couple of feet of useless overhang that doesn't seem to do anything except get in your way.

Then you try loading your family and your goods in a compact and you've got another kind of trouble. Too little room and not enough muscle in the engine department.

What's a man to do? Try out the new size Dodge Dart. It's a totally new kind of Dodge. An automobile without excess overhang and bulky nonsense. It's two feet bigger than America's smallest automobile . . . and two feet shorter than America's longest. Sized right in the middle of the big and little.

You get exceptional maneuverability, parkability without giving up interior room. You
