weley, Sudan, a hammer;

M. P. Reid, one mile east of Littlefield
a carpenter's saw; while R. M. Bur-
nett, three miles southwest of Little-
field, drew a pair of Toulouse geese
given by J. T. Bellomy produce
company.

Throughout the day the program
was freely interspersed with music by
the Littlefield band under direction of
Prof. Conrad R. Lam, and at three
o'clock the band led a parade of Little-
field school children down Main
street.

E. A. Bills made the address of wel-
come to the visitors just before the
drawings took place, assuring each
and all of their cordial welcome to
Littlefield, and stating that this was
the first of a series of Trades Days
to be held in this city during the com-
ing summer months.

E. C. Cundiff showed a couple of
pure bred Guernsey calves and told
of the value of such animals to any
dairy herd. B. B. Holland, of the
Mistletoe Co., Amarillo, breeder of
the two bu. calves given by P. W.
Walker, told of the value of pure
bred animals in heading a dairy herd,
and urged the farmers of this section
to put their money into such animals.

In the afternoon the rodeo, follow-
ing the drawings, drew a large crowd,
where there was an interesting pro-
gram of bronco riding, wild steer rid-
ing, and other popular stunts famil-
iar to such an occasion.

Numerous favorable comments
were heard from the visitors for the
pleasure of the day and the excellent
manner in which every detail of the
program was carried out, several stat-
ing they were already looking for-
ward to the next Trades Day to be
held here the first Monday in June.

afternoon at four o'clock
invitation is extended the
ally to attend the service.

LFD. KEY RATE IS REDUCED 11 CENTS BY IMPROVEMENTS

The Littlefield insurance key rate
has been reduced from 55 to 44 cents
effective May 1, according to informa-
tion received by the City Secretary.

The reductions granted are as follows:
9 cents on new pumps,
2 cents on water supply,
5 cents on new fire truck,
1 cent on paved streets,
1 cent on chemical engine.

Against these sums there is a
charge of 2 cents for inadequate
building ordinance, 2 cents for water
mains below standard requirements
and 1 cent for improper hydrant con-
nection.

It is stated by the City Secretary
that with the meeting of a few more
requirements another 12 or 14 cent
reduction may be obtained.

ANNUAL ASSOCIATION MEET HELD AT DALLAS, MAY 13

The annual meeting of the Farm
Bureau Cotton association will be
held at Dallas, Monday May 13, special
reduced round trip railroad rates
having been offered all delegates. The
tickets will be on sale May 11, good
returning to midnight May 16.

Members expecting to attend the
annual convention from Lamb county
are J. T. Elms, F. H. Gaziner, Little-
field; R. N. Carpenter, Amherst; J. W.
Hammock, Sudan.

The entire program, which will be
devoted to association matters in
every detail, is being prepared in a
manner to give the members attend-
ing, complete information supported
by facts and figures, on every phase
of the association's operations.

Jim and Ray Pickkerel and Tom
Thomas pleaded guilty last Saturday
night to theft of Auto pump, tire and
rim, paying in Municipal court fines
of \$11.45 each.

ANNUAL TAXES REQUIRED TO BUILD A NEW COURT HOUSE IS ONLY ONE CENT PER ACRE

It has been calculated by certified
public accountants, and competent
auditors, that in order to build a
\$150,000.00 court house and jail in
Lamb County, Texas, it will cost in
the small sum of one cent per acre on
taxes, at the present valuation, only
the land in this county, rendered at
ten dollars per acre. This report by
the auditors has been made public
throughout the entire county. It has
appeared in newspapers and been de-
livered to the voters. The auditor
who made the calculation certified to
the same as being correct. Up to this
good time the report of the auditor
has not been challenged. Those who
say that it will cost more to build a
court house and jail in Lamb County
have not yet shown figures to sub-
stantiate such statements.

The calculation made by the audi-
tors showing one cent per acre cost,
is based on present valuation of prop-
erty in Lamb County, which amounts
to over \$7,640,000.00. During the
last five years property has increased
in Lamb County to the extent of
about \$300,000.00 each year, and no
doubt in the future will increase at a
greater rate, and with the increase of
valuation in the county in the future,
if the same is developed, the taxes
will become less.

The statements of the opponents to
the effect that the \$100,000.00 road
bond issue is now costing farmers
\$1.92 per quarter has been success-
fully met showing the voters that in
ten years there will have been accum-
ulated a sufficient sinking fund, at

the present rate, to pay off more than
one-half of the \$50,000.00 issue car-
ried by the south side district. Then
the entire bond issue could be paid
off in 20 years at the present valua-
tion, which means that, at one-half of
the tax rate now being paid on the
\$100,000.00 bond issue the entire
bond issue could be paid in 20 years,
which means that it is only necessary
to pay on each quarter about 96c an-
nually. This verifies the auditor's re-
port; and, we challenge anyone to
show that the auditor's report is
wrong in any respect and to show the
voters of Lamb County, by actual cal-
culation, that it will cost more than 1c
per acre, at the present valuation.

The increase in taxes will be so
negligible that that particular matter
will not influence the voters in this
election. The auditor's report has
been verified by actual calculation
made by numbers of people in various
parts of Lamb County, who have
taken the time and trouble to use a
pencil and paper, and we assure the
people of Lamb County, that in order
to build a \$150,000.00 court house
and jail it will cost no more than 1c
per acre taxes, and, in addition to
this let us state, that we feel it will
be unnecessary to vote a heavy bond
issue at this time to build a court
house and jail and that less than \$150-
000.00 will take care of the situation.

Let the voters vote for the best in-
terests of Lamb County at the elec-
tion Saturday, save yourselves ex-
penditure at the present county seat
and double taxes.

—Littlefield Campaign Committee.

IMPROVEMENT OF PRESENT SITE MEANS A DOUBLE TAXATION ON PROPERTY OWNERS

It has been shown beyond any
doubt during this campaign that the
present jail at Olton is inadequate and
that in the near future it will be ab-
solutely necessary that a new jail be
built. It is further conceded that af-
ter next year three additional officers
will be elected to serve the people of
Lamb County on the division of dis-
trict and county clerk office, the sher-
iff and tax collector's office, and the
creation of office of county superin-
tendent; and that the present court
house is inadequate in room and that
it will be necessary to add to the
present building unless the county
seat is moved. Three members of the
present commissioner's court have
stated that it will be necessary to
make these additional improvements.

It has further been conceded by
the people who live north of the sand
hills, and elsewhere, in the county,
that the county seat will eventually be
moved to some point south of the
sand hills. Now, if the commis-
sioner's court expends money for im-
provements on the present site and the
court house then be moved in two,
four or five years from now, as will
eventually happen, it means double
taxation for the reason that the county
would be taxed to make necessary
improvements at Olton, and then in
addition thereto, taxing for the new
court house and jail at some point
south of the sand hills where the
court house will be moved in the

future, if not at this time. In spite
of all statements to the contrary, it
is said that the commissioner who
lives north of the sand hills favored
building a new jail at Olton until
this campaign started, and, no doubt,
if the removal of the county seat is
defeated, there will be started a move
immediately thereafter to erect a
new jail and make other im-
provements on the present site.

Just what those new improvements
will cost is unknown at this time,
however, we know that to build a new
jail separate and apart from the
court house and to add new offices
to the present building will run into
large sums of money when it is con-
sidered that material will have to be
hauled 25 miles from a railroad to
Olton, and furthermore, that whatever
sum is spent at Olton, be it large or
small, will be an unnecessary expen-
diture of the people's money, for the
reason that the county seat will event-
ually be moved, as conceded by all,
and the money spent the next two
years at Olton would be unnecessarily
expended and be double taxation to
amount of such expenditure.

The jail is deplorable and the
court house inadequate and the same
must be improved and added to, so
why not move the county seat now
and save the additional expenditure
at Olton, and save the people of Lamb
County double taxes!

—Littlefield Campaign Committee.

THE CENTER OF THE POPULATION IN LAMB CO., SHOULD DETERMINE NEW LOCATION

Amherst has had a great deal to
say in this campaign about being lo-
cated in the center of the county,
when it is a known fact to all the
people who have made an investiga-
tion that the town of Amherst is lo-
cated at least five miles from the
center and that in going from the
center of the county to Amherst, fol-
lowing section and labor lines, one
would have to travel as great a dis-

tance as in going from the center of
the county to Littlefield. Just be-
cause Amherst may be situated a few
miles nearer the center of the county
by air line than Littlefield is, is no
argument in favor of locating the
county seat at Amherst. Littlefield
is in the center of population. It
lies almost exactly in the center of
the county from east to west and al-
most in the center on a line from the

AMHERST CANNOT EXPECT TO WIN COUNTY SEAT; POLL TAX LIST REVEALS THE FACTS

In the present campaign Amherst
cannot expect to win the county seat,
and we are sure the voters of Lamb
County have already realized that
Amherst is in the race to prevent the
court house from being moved to Lit-
tlefield at this time, and in order to
prevent her neighbor, Littlefield, from
securing the county seat. Olton and
Amherst are working hand in hand in
this campaign and those of the voters
of Lamb County who desire to have
the county seat moved to the south
side should realize that a vote cast for
Amherst is a vote cast for Olton, and
in order to move the county seat it is
necessary that a vote should be cast
for Littlefield.

Take the following facts and figure
it out for yourselves. There are in
the county 3525 poll taxes paid.
1763 constitutes a majority. In or-
der for Amherst to secure the court
house she must secure 1763 votes.
Now, the votes in the various pre-
cincts as shown by the poll tax list
are as follows:

Olton	701
Spring Lake	192
E. Littlefield	234
Littlefield	1072
Sod Sudan	268
Y L	22
North Sudan	153
Amherst	517
Fieldton	151
Sod House	65
South Olton	29
Bainer	100
North Pep	21
Total	3525

It is impossible for Amherst to get
the county seat for the reason that if
she were to carry all the boxes outside
of Littlefield, East Littlefield, Bainer
and Olton, she would still lack about
344 votes, of having a majority. Am-
herst cannot expect to carry anything
like a majority in the other boxes out-
side of her own town, but, let us give
Amherst, just for argument's sake,
all of Amherst, Spring Lake, Y L,
South Sudan, North Sudan, Fieldton,
Sod House, South Olton, North Pep,
and then tabulate the votes as follows:

Spring Lake	192
Amherst	517
Y L	22
South Sudan	268
North Sudan	153
Fieldton	151
Sod House	65
South Olton	29
North Pep	21
Total	1419

Now, we see Amherst with a total of
1419 votes, which is 344 less than a
majority. Then we can give her 100
votes out of Littlefield and 100 votes
out of Olton, and still she will not
have a majority of votes.

Now, to you, who desire to have
the county seat moved, why cast your
vote for Amherst and lose the same,
and be counted against Littlefield?
Cast your vote for Littlefield, if you
desire the county seat to be moved.

—Littlefield Campaign Committee.

PRESENT COURT HOUSE WILL NOT BE LOST BY COUNTY SEAT MOVE AS OLTON CLAIMS

Some have attempted to state that
in the event the county seat shall be
removed from its present location
the buildings and site will be lost to
the county for the reason that the
site where the court house is now lo-
cated is dedicated to the county for
court house purposes. In this con-
nection we desire to call attention to
the fact that it is impossible for such
a reservation to be made binding,
and in the event the county seat shall
be removed from Olton to any other
location bear in mind that the pre-
sent building and site will still belong
to the public. It has been fully de-
cided by the courts of this and that
the original dedicator and grantor
cannot reclaim grounds and buildings
because of any reservation in the
dedication. Such a reservation is re-
pugnant to public policy and the
courts have decided that the court
house grounds and court house itself
would still belong to the public for its
use. Let us not be misled.

This very matter has been thrashed
out in the courts, and in one case
where the site for a court house had
been dedicated to the county, with
the understanding that when it ceased
to be so used it should revert to the
owner, the county seat was moved by

a vote of the people and the original
dedicator filed a suit to recover the
grounds and building and the courts
decided that he could not so recover
by reason of the fact that the court
house had remained for a number of
years and that such recovery would
be against public policy and the court
house and grounds still belonged to
public use.

So don't let this worry you in cast-
ing your vote. Vote for the good of
the entire county.

—Littlefield Campaign Committee.

BIG PROFIT FROM SHEEP

Waxahachie.—An accurate record
on a small flock of farm sheep kept
by Carl Stiles in Ellis county for the
last six years shows that from an
average investment of \$104.66 per
year he has realized an annual profit
of \$132.64 or a return of 126 per
cent. Mr. Stiles follows the practice
of turning his sheep into the fields
after crops are off to clean up the
waste and weeds. The carrying ca-
pacity of his pasture for stock has
been increased one-third by running
sheep there, due to their keeping
down weed growth.

sand hills to the south side. The
south side of the county has 80 per
cent of the population, and in the
years to come there can be no ques-
tion but what the south side will al-
ways be the thickly settled portion of
the county. The town of Littlefield
is now and doubtless always will be
in the center of population, and its
location is more convenient and ac-
cessible to a majority of the people of
Lamb County, Texas. Will Amherst
argue that the center of the county
should always determine location?
Think of the sand hills just north of
Amherst where we know there will
never be a dense population, and then
determine whether or not Amherst is
in the center of population. It is
not. The town of Amherst was built
about a mile from the railroad in

order to get the corporate limits ex-
tended over a distance within a five-
mile radius of the center of the coun-
ty and being off of the railroad as it
is, the town is not conveniently lo-
cated for those who go there to do their
trading, and the fact that Amherst is
located off the railroad the distance
she is, will prevent her from develop-
ing and growing into a town that of-
fers the best advantages and greatest
competition for those who trade there.
The larger the town where the county
seat is located and the more merchants
and other business interests there are
located there, the better advantages
are offered to those who do their trad-
ing.

Move the county seat to Littlefield,
the center of population.
—Littlefield Campaign Committee.

Whitharral News

Everybody has been very busy this week getting ready for the closing of a big barbecue and all day celebration school.

tion was given Friday, the crowd was estimated at over 1,000 people. Thursday night the commencement exercises were attended by a large crowd. Part of the program was the crowning of the May queen, Miss Lucille Alverson, which was enjoyed by everybody.

Friday night was graduating exercises. We had three to graduate out of high school and eight out of grammar school. Jess Mitchell of Littlefield gave the address, which was enjoyed by everybody.

Odle Lewis and Family, also, E. G. Eidson and family returned home Saturday night from Oklahoma, City, where they were called on account of the death of Mrs. Lewis' and Mrs. Eidson's brother, who was killed in a car wreck. They have the sympathy of all their friends.

Mr. and Mrs. Edd Langford left Saturday morning for Montage, Col., to visit relatives. Mrs. Chris Lightfoot, Mrs. Elton Hauk and Mrs. Chas. Hauk were shopping in Levelland, Tuesday evening.

Mrs. Tommy Howard is on the sick list; we hope she soon recovers. Mrs. Fred Lewis has been going to a Lubbock sanatorium for treatment for her throat. Mrs. C. E. Edgar accompanied her to Lubbock.

Mrs. Earl Riley visited Mrs. Eilam Harbin, Tuesday.

Miss Ernestine Alexander spent the night with Charline Hauk, Thursday night.

(Too late for last week) Health of our community is very good at present, after so many measles.

We had a fine sermon Sunday, preached by Bro. Sheppard from Levelland Methodist church.

Bro. Young from Coleman county, preacher Sunday night. The play given by the school and some outsiders was attended by a large crowd Friday night.

Morris McPeters and Mrs. Duke went to Brownfield Saturday.

Mr. and Mrs. Chas. Houk and Mr. Nick Grey and family took dinner with Mr. and Mrs. Duke Sunday.

Misses Flora Crownover, Lucille Alverson, Juanita Hauk and Grace Goodwin were guests of Miss Erma Harbin, Sunday.

Little Miss Marie Alverson was honored with a birthday dinner Sunday. Those present were Charline Hauk, Lorene Newsome, Nona Lewis, and Reba Crownover.

Mr. Blackwell and family have moved into our community. Misses Lucille Alverson and Juanita Hauk spent Sunday night with Grace Goodwin.

Clauine ball players came over and played ball with Whitharral Friday evening. Whitharral beat.

Mrs. Sherril was the guest of Mrs. Clarence Kenney, Sunday evening. Mr. and Mrs. Elton Hauk were visitors in the Kenney home Sunday.

TEXAS WOMEN BATTLE KITCHEN DRUDGERY YET MOST HOMES MAY HAVE MAJORITY MODERN IMPROVEMENTS AT A LITTLE COST

College Station.—Drudgery is the foe of the housewife, and particularly of the farm woman who not only is charged with ordinary household cares but who often has in addition the responsibility of conducting one or more of the minor farm enterprises, such as poultry raising and dairying and gardening. Household management on the farm is a difficult art at best, but when the farm wives work shop, the kitchen, is inconveniently arranged and lacking in most of the labor saving devices of the day, the task becomes almost hopeless. Thousands of mothers are broken in body and spirit and rendered unfit to minister to the needs of the family because of drudgery made necessary because of the lack of running water in the home, tables of incorrect height, abominable cook stoves and the like. These are some of the conclusions drawn by home demonstration officials as a result of years of study of the problem in farming sections all over the state, and this has prompted the state-wide program of kitchen improvement in recent years. Thousands of farm kitchens were made light and airy and convenient in the six annual kitchen improvement conferences held a few years ago, and the program is still being followed. It is demonstrated by home demonstration agents that 2000 farm kitchens are made each year through the efforts of home demonstration agents. It is demonstrated by home demonstration agents that water may be piped into farm kitchens with very little cost and that even an elevated water reel just out side the door will do the job. By actual measurement it has been shown that many farm women walk a mile or more about the house in cooking one meal, all due to the tables, cupboards, sink and faucet inside is a great improvement. Many times been shown that a dollar invested in a window kitchen into a light room worth the woman who spends more than half her time there. Last year home demonstration agents reported 183 women acquired hand washing machines and 429 er washers, 115 fireless cookers, kitchen sinks, 103 power cleaners, 821 kitchen cabinets, electric or gasoline irons, 2001 sure cookers, 575 iceless refrigerators and 2860 other labor saving devices.

ALL WORK IS GUARANTEED

Every Family is Entitled to the Greatest Blessing on Earth— A "HOME"

Our principal business is the dispensing of this blessing. We feel we have accomplished a real humanitarian task when we are privileged to furnish good sound material to enter into the construction of your home, whether it be a mansion or a cottage.

We have been building homes in and around Littlefield for several years past—we want to build many more. Our entire business is at your service. We will take pleasure in furnishing you with estimates for any buildings you may desire. We have a large assortment of plans and specifications that are at your service—plus our personal assistance gladly rendered. Let's talk the matter over!

COLLEGE NEWS

School students and teachers are keeping very busy now. Preparations are being pushed forward for the closing of school; closing programs are being considered carefully,

and drill work is continuing. The school is beginning to feel that the closing days of the session are drawing near.

Some type of school program is given for the benefit of the school students and teachers about three times each week. The various departments

of the school taking turns in rendering the programs. Last Monday the primary department entertained the school at the assembly period. The program was well planned by the instructor, Miss Elva Mae Dickson, and was admirably prepared and rendered by the students of her grade. It is doubtful whether a school program has been given during the whole year that was more enjoyed by the student body and teachers in general than was this program.

Since the work of secretary has been taken over by D. T. Shelton, R. W. Jones, former secretary, has moved to the residence part of town.

Oliver A. Burk and family, accompanied by Misses Arla Wheeler and Conzadie McAngus, were in Lubbock last Thursday. The Burks, accompanied by Mr. Burk's sister, Mrs. Wesley W. Jones, and by Hilman Latham, visited relatives in Amarillo, last weekend.

Mr. and Mrs. Hugh McManus, of Eldorado, made their children, William and Miss Conzadie, a brief visit last weekend.

Mrs. W. H. Boyle and her granddaughter, Miss Ruth Botts, visited relatives near Hereford last week.

The faculty quartet was away last Saturday and Sunday and demonstrated their musical ability at several places in order to stimulate school interest.

The work of digging wells and constructing windmills on the ten acre tracts is now under way.

PEP SCHOOL CLOSURE; TWO PLAYS TO BE GIVEN

The Pep school will close Friday, May 10th. Thursday the ninth, two plays will be given at the school auditorium at 8:00 p. m. The play, "Miss Molly," will be given by the high school students, and "The Cabbage Hill school" will be given by the grammar school pupils. Admission will be free to both plays.

Next Friday will see the close of a very successful year for the Pep school. Among its successes for the current school year are the winning of third place in school exhibits at the Hockley County fair, competing against class A and class B schools; the winning of rural school championship at the Hockley County Interscholastic meet, and the winning of second place in senior girls rural school declamations at the District Interscholastic meet.

The services of the same teachers, Mrs. W. P. Lupton, principal, Mr. F. S. Murphy, high school teacher and Miss Elizabeth Lupton, primary teacher have been secured for next term.

STILL WEAR PETTICOATS

Szegedin, Hungary.—Girls in the rural section still cling to petticoats, some of them wearing as many as eight or ten at a time. The girls still wear wollen stockings, also.

THE DAY OF MIRACLES HAVE NOT YET PASSED

Tuscola, Texas.—The days of miracles have passed, so most people say, but R. M. Pearson, farmer, residing 2 miles south of Lawn, in Taylor county, thinks differently.

Pearson owns an old gray mare which gave birth to twin colts. That alone would hardly be unusual. But one is a mule colt and the other a horse.

The twins are doing well.

California has more than 4,000 saddle horses, an increase of 22 per cent in three years.

In 1928 there were about 3,419,157 citrus trees of all kinds in the Lower Rio Grande Valley. In the early days of Texas, cattle were so cheap they were killed for the hides alone.

THRIFT TAUGHT AS MERE PENNY PINCHING IS PRODUCTIVE OF MORE HARM THAN GOOD

By S. W. STRAUS, President
American Society for Thrift

"Several people have challenged the idea of thrift education in the school curriculum, saying that it teaches miserliness to the children."

This statement, in a letter written by a prominent worker in the Parent-Teacher Association movement, was recently brought to the attention of the writer. It embodies the point of view held by many and has come as the direct result of the false teachings of those who confuse money saving and thrift.

Persons who object to the teachings of thrift in the schools are within their rights if they have in mind simply this penny pinching conception of it. It is a fact that the encouragement of thrift, if designated as mere saving, would in all likelihood encourage miserliness upon the part of many children.

It was for this very reason that the American Society for Thrift as long ago as 1915 began laying the foundation for a thrift course in the schools of America through which the children would be taught the thrift of per-

sonal progress, elimination of waste, efficiency, good health and good morals. For many years educators from all parts of the country gave thought and effort to the creation of concrete lessons in thrift. More than a year ago these efforts were reduced to the tangible form of an outline course of study in thrift, which, during the school year now drawing to a close, has found its way into thousands of classrooms.

What the children of America may gain from this course of study in thrift is suggested by the following excerpt from one of its early chapters: "To apply one's self to the earning of money, to spending less than earned, and to investing wisely, constitute a large and important part of a rational thrift program. In addition to this, there are certain social aspects that need emphasis. The thrift of time, the thrift of energy, the thrift of health, conservation of natural resources—all have a place in thrift work in school."

This writer recognizes the danger of going no further in the teachings of thrift than an appeal to the children to save their pennies. Such teachings would undoubtedly lead to miserly habits on the part of many but the teachings of a broad, progressive concept of thrift, meaning in a word the elimination of all waste, is not only advisable but is becoming more and more necessary for those who would hold their place in the race for personal success as the activities of mankind are organized today.

OFFICERS COMPLIMENT SHERIFF

Federal officers L. H. Tyson and John Bacon, of Amarillo, were in Littlefield, Tuesday, and, accompanied by Sheriff Len Irvin, made a general inspection of this community in reference to enforcement of the liquor laws.

No arrests were made, and the officers very highly complimented the Sheriff for the general condition of the county as regards its freedom from lawlessness and especially violation of the Volstead act.

HAS HAIR BOBBED

Chicago.—To celebrate her 92nd birthday, Mrs. Elizabeth McLaughlin had her hair bobbed. Her rule of life is as follows: "Live with high ideals and go along with the young folks and you'll never grow old."

FARM POULTRY

COD LIVER OIL HELPS HENS LAY

Much Needed in Winter as Substitute for Sunshine.

Cod liver oil is an important item in winter rations for poultry because it helps to maintain egg production, prevents lameness, and helps them to lay strong-shelled eggs. It contains vitamins A and D which promote growth and maintain vitality and disease resistance, says the State College of Agriculture at Ithaca, N. Y.

Cod liver oil is essential to hens that are closely housed during winter. Vitamine D in the oil is a substitute for direct sunlight, according to poultrymen at the college, who say its use, therefore, is most desirable during winter and early spring when direct sunshine cannot be used as when little is available.

This oil, which is the richest known source of these vitamins, is usually fed for its vitamine D; although vitamine A is present in the oil, it is not so important as vitamine D because yellow corn and leafy green feeds contain enough of vitamine A to meet the ordinary requirements of poultry.

Poultrymen may use the cheaper grades of cod liver oil because they are less expensive and contain the essential vitamins in the same quantity as in the other grades. In feeding cod liver oil during winter and early spring, add 1 per cent of oil to the dry mash portion of the poultry ration. Roughly, this is slightly more than one pint of cod liver oil to 100 pounds of mash. This quantity of oil in the mash will provide approximately one-half of 1 per cent of oil in the whole ration of grain and mash.

Satisfactory Rations for the Laying Flock

According to the test work conducted at Wisconsin and other stations, satisfactory corn belt rations for the laying flock must contain plenty of yellow corn, some form of milk and leafy green feed, or a green feed substitute like fine green alfalfa or clover hay, to furnish vitamine A. Vitamine B, the ultra-violet ray factor, is equally important. To get it in sufficient quantities during the winter and early spring months requires the use of cod liver oil or a good deal of direct sunshine or sunshine received through a glass substitute that really admits the ultra-violet rays. Professor Halpin recommended the use of all three—cod liver oil in the laying mash, an open shed or yard for good weather, and effective glass substitute windows.

Making Mash Palatable Is Problem for Keeper

Making a dry mash palatable so that the laying flock will eat it in sufficient quantities is one of the problems of the farm flock keeper. That is one of the virtues of commercially mixed mashes. The manufacturer has put various ingredients together that will not only produce eggs but that taste good to the hens even though they are receiving a liberal grain ration. Putting in plenty of ground yellow corn and not overdoing the ground oats and bran portions helps make the mash more popular with the hens.

Corn gluten feed when added to the mash makes it more palatable. In a recent bulletin of the Illinois experiment station, they also call attention to the fact that corn gluten feed increases palatability of mash.

Poultry Hints

Feed oyster shells to poultry.

Grit, oyster shell and plenty of drinking water are necessary in the production of eggs.

Feed a ration that includes a good egg mash, some hard grain and some green feed, and good, clean water.

If several ordinary shipping crates are available, it is possible to fill these with the hens that are to be culled before starting with the work.

About four o'clock in the afternoon the hens should have all the grain they will clean up. The mash hopper should be kept open all the time.

During the winter birds should eat one and one-half to two times as much scratch grain as mash, but they must eat sufficient mash to produce eggs.

In all cases the amount of grain varies with flock conditions. Heavy breeds consume more feed than light breeds.

Culling out the "boarder" hen reduces the extra feed bill and also brings in extra money through sale of nonproducers.

Poultry houses which are too high are usually cold and drafty in winter. This may be remedied, easily and cheaply, by putting in a straw loft.

PERSONAL ITEMS

Mrs. C. R. Singer motored to Roswell, New Mexico, Sunday.

S. J. Etter, of Roby, is here visiting his son, Malotry, and family.

J. C. Hicks was a Lubbock visitor, oMonday.

LFD. CATS TRIM LUBBOCK NINE IN 15-5 SCORE SUNDY

The Littlefield baseball team opened the season last Sunday afternoon on the home grounds, crossing bats with the Lubbock Hubbers. Notwithstanding the visiting team was composed of some of the best players comprising the City League teams of Lubbock, they were still no match for the home nine.

Terry, an old hand at the game, relieved Hooper, who started the pitching job for Lubbock and lasted three innings, but fared little better. For the home club Alvin Mueller hurled a steady ball, allowing eight scattered hits during the nine frames. Johnson caught for the visitors, while the invincible Hanks did receiving for the Cats.

The first inning of the melee passed scoreless for each team. In the second inning Brolick struck out, Hill flied out, Walking drew first on four balls, but Rainwater missed his third strike. For Littlefield, Art Mueller got a base on balls, DeLong was safe on hit to left, Stone forced Mueller at third and Fox walked, filling the bases. Mick Ratliff hit the third ball pitched, to right field, scoring four runs. Brittain walked and stole second base. Al Mueller hit for four bases, scoring Brittain ahead of him. Hanks hit safely, Altman went out to first, Hanks sliding on to second. Art Mueller singled to left, scoring Hanks, and De Long retired the side, forcing Mueller at second.

The Lubbock boys were held scoreless until the fifth inning, when they got two on an error and two hits. The home crew scored four more tallies in their half of the fifth on a home run by Mick Ratliff to left center field fence; two walks, a hit by Hanks and two errors.

The sixth inning netted the visitors three more markers on hits by Hill, Watkins, Rainwater and Hooper, these coming in succession. This ended the scoring for Lubbock. In the last half of the sixth Brittain went out to first, Al Mueller got a base on balls, Hanks reached first, Mueller going on to third. Art Mueller hit a long sacrifice fly to left, scoring Al Mueller, while Altman was called out for running out of line, retiring the side.

Another rally netting three scores came in the eighth on hits by M. Ratliff, Al Mueller, Hanks and Altman. Brittain, DeLong and Stone retired the side.

The feature of the game was the heavy hitting of the home nine, collecting a total of 12 hits, while Lubbock got but eight scattered blows. The game was well attended. These two teams play in Lubbock, May 19, at which time the Lubbock boys will doubtless add strength to their team, making them a better match for the Littlefield crew when they meet again.

MUELLER LEADS IN TYLER SWATTING OF THE LONE STAR

"Led by the terrific batting of (Embert) Mueller, Wisrock and Petit, Roy Leslie's aggregation gathered the final of the Texarkana series at Trojan park Tuesday afternoon. The score was 18 to 10 in favor of Tyler," says the Tyler Daily Courier-Times in its issue of May 1.

The news comes with joyful reverberation to Littlefield ball fans and the many friends of Embert Mueller, Littlefield lad who is doing some star playing on the Tyler team this year.

The report of this game further states that Mueller slugged out three home runs in the game, two of them coming in the third inning. One of the four base blows, the first in the third, came with the bases loaded.

Mueller is playing short stop with the Tyler team this year, and going steady, consistent work, with frequent flashes of brilliancy. He is showing a batting average to date of .421.

Dick Ratliff, another Littlefield boy who is playing on the Tyler team, has been laid up for several days with an injured finger.

"THE PATSY" TO BE GIVEN IN LFD. AT PALACE SHOW

"The last was the best of them all." This was the universal verdict of those who saw "The Patsy," the last of the Lamb County band attractions, in Sudan last week. "The Patsy" will be presented at the local theatre Monday May 13.

"The Patsy" is an extraordinary play, one which is seldom presented by amateurs. It has never been produced in this section of the state, except by chautauquas and stock companies. The play was written by Barry Connors, and production rights are owned by Samuel I. French, of New York City. It was only by special arrangement with the latter that this particular play was secured for the occasion.

The cast was selected from the best available talent. All of the characters have had special training in dramatics. The play is directed by Mrs. W. I. Wilkins, of the Sudan High school faculty.

Major roles are taken by Supt. W. I. Wilkins, Mrs. Walter Grissom, Mrs. J. C. Wells, and others of notable dramatic ability. All of the cast play their parts in a truly professional air.

The play appears at the Palace theatre, Monday, May 13. The curtain rises promptly at 8:30, following the comedy and news reel.

REUNION ATTENDED BY MANY OLD TIMERS

Mr. and Mrs. J. W. Arnn and daughter, Lora, and Mrs. J. M. Tunell attended a reunion held at headquarters of the old "F" ranch six miles south of Quitaque, Sunday, May 5th.

This reunion began three years ago by a meeting of a few friends and relatives from Arkansas, who had moved to Texas. It has grown until this year it numbered about 350 from the following places: Oklahoma City, Okla., Arlie, Dodsonville, Carey, Wellington, Childress, Turkey, Abernathy, Kress, Canyon, Lubbock, Plainview, Floydada, Hale Center, Snyder, Silvertown, Morton and Littlefield, Texas.

The oldest person attending was Jim Battles, of Snyder, 88 years of age.

A very elaborate dinner was served to this large number. Much joy and merriment seemed to spread throughout the crowd.

This reunion has been made an annual affair to meet the first Sunday in May.

SHORT COURSE OF A & M COLLEGE TO BE JUNE 10 TO 14

College Station, Texas, April 30—The eighth annual public utility short course, conducted by the A. and M. college of Texas in cooperation with the Southwestern Public Service Association, will be held at the college June 10-14, Dean F. C. Bolton of the

school of engineering at the college, has announced.

As explained by Dean Bolton, the purpose of this course is to provide for employes of Texas utilities, engaged in the installation and testing of electric meters, maintenance of relays and the operation and maintenance of distributing systems and equipment, an opportunity to acquire a better understanding of the technical principles involved in the handling of such work.

Discussion of topics of interest to utility men led by specialists from the operating companies will be held. The Southwestern Metermen's Institute will hold its annual meeting during the course. Dinner for those attending the course will be held the evening of June 14.

FELT BAD AFTER EATING

"Four years ago, I suffered with heartburn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation."

"I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught."—Mrs. G. C. Leary, 103 North Alston Ave., Durham, N. C.

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS MITCHELL,

Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

THE SUCKER LIST

How many Littlefield citizens have, on receiving a circular in the mail advertising a get-rich-quick scheme asked themselves the question: "How did they ever get my name?"

You've probably had experience along this line, so it should interest you to know you are not alone in receiving this class of mail. Uncle Sam knows you're getting it, though he may not know who sold your name to the concern that mailed the stuff to you. Sometimes a score of concerns buy the same list to which to mail their literature. The government calls it the "sucker list" because these mail-order stock sharks consider every man on the list a probable "sucker." It is said the names of at least twenty million Americans are on the mailing lists of fake stock operators.

We pride ourselves on being a money-wise race, and yet we are contributing five billion dollars yearly to crooked stock salesmen. Where the salesman once had to meet the victim face-to-face with his schemes, he now uses the mail, telephone and telegraph. At least 50 gangs are operating in New York, and once your name is secured they peddle it around until until they are caught and put out of business, or you have long since passed away. Selling names for mailing lists is getting to be a profitable business in itself, but don't feel honored because yours is among those being peddled. On the other hand, just remember that the men who buy it and address mail to you have you rated as a "sucker." That ought to be reason enough for tossing these alluring get-rich-quick offers into the waste basket or the stove.

The main difficulty about people who borrow trouble is they want to pay back more than they borrow.

WORTH WATCHING

Wonder how many owners of radio sets around Littlefield are aware that this new blessing, bringing as it does so much that is worth while into our lives, now threatens to start an agitation in this country second only to the "wet and dry" argument? Yet a battle is looming, and all because the big chain broadcasting companies are putting a lot of cigarette propaganda on the air.

Ministers and laymen who see danger in the spread of cigarettes to the ranks of the fair sex, argue that the radio was not intended to encourage girls and women in the home to take up the habit, or to advise them of the joys to be gained by smoking. And now a nation-wide crusade against tobacco in all forms promises to get under way most any day.

Already there is an organization promoting the fight against tobacco, working along the same line followed by the Anti-Saloon League in its fight upon liquor. And they say that the tobacco people, having seen what happened to the liquor industry, are not inclined to laugh it off, as the liquor people did to their sorrow. It is going to be worth watching.

That old bit of scripture, "We fished all night and caught nothing" is in season again.

NEW PAPER MONEY

The new paper money which the government will distribute about July 1, will look surprisingly small. Bills only six and 6-16 inches long, and two and 11-16 inches wide, will not seem as if they could do much work at the grocery store.

Before the war old Dollar Bill looked quite respectable, as you offered him to the tradesman. But now, does he do a decent day's work when you send him after your food and clothing? He does not, and he can not complain if he is required to occupy less space in your limited purse.

Pictures of our most famous statesmen will decorate the new money. We must pay some respect to Dollar Bill, since George Washington is not too proud to occupy the seat of honor on his face. Every Republican will gather in all the two dollar bills he can find, though they carry the picture of Jefferson, founder of the Democratic party. And no Democrat will decline to accept your flower with its cut of Abe Lincoln, arguing that the boy who rose from the log cabin proves the truth of democratic theory.

These great men would ask if we are spending our money in a way to keep our country and Texas true to their ideals. Do we use it to create the honest industry and the open door of opportunity, which they struggled and sacrificed to hand down to us?

No one ever expects to see the time when tax-dodgers will be as popular as corn-dodgers.

MOTHER'S DAY

Whether mother is far or near, do not forget her on this important occasion. A few kind words, a little, inexpensive gift, mean more to mother than the grandest eloquence and the most elaborate entertainments mean to anyone else.

Many a mother, separated by distance from her children, pining for them, is made glad on this day by affectionate messages and thoughtful gifts. Others, fortunate enough to have their children about them, beam with delight at their manifestations of love on this day.

Of course every day should be Mother's Day—never for a moment should her kindness and self-sacrifice be forgotten. Too often, however, mothers are taken for granted, though experience has shown to mankind that the love of a mother is the only really unselfish love that one is liable to meet in a lifetime.

Those whose mothers have gone realize what a precious boon has passed from their lives. They, too, may observe Mother's Day. If your mother has passed on, put a flower at her resting place... surely she will know!

If you feel you're not getting anything out of your community, try putting something in.

FOLKS WANT ACTION

The reason young people and old people who remain young in spite of their years love the movies is because the movies are full of action. Better see a love scene on the screen than sit in stagnant piety murmuring at the world for spinning around. A dull preacher once complained that there were more people witnessed the dog fight Saturday night than there were to hear him preach Sunday. A deacon arose and said, "But, pastor, there was something going on at that dog fight."

LITTLE LEADERS

When a Littlefield man begins to feel that his wife doesn't understand him the chances are he'd be better off if she didn't.

There are only two classes of citizens in Littlefield now—the ones who own cars and the ones who dodge them,

Everything Depends On Mother

By Albert T. Reid

Uncle Sam—OUR GREATNESS IS DUE TO OUR MOTHERS OF THE PAST—OUR FUTURE GREATNESS IS YOURS.

Sometimes the Littlefield fellow who tells a girl she is a dream marries her and wakes up.

Wouldn't this be a wonderful community if everybody around Littlefield wore out a Bible as fast as they do a mail-order catalogue?

We've also noticed that the Littlefield man who is looking for trouble never has to consult an eye-doctor.

Hints for Motorists

If you carry a pressure gauge, you can always be sure your tires are right, neither too soft for economy nor too hard for comfort. The gauge will prove itself especially valuable if you have to pump up a tire on the road. The man who thinks he can tell by kicking a tire whether it is the right pressure is an easy mark for you if you want to make a bet and put his toe to a test.

You should not be without a windshield wiper, but if you are, or if the one you have breaks down at a critical time, cigar ashes rubbed on the glass will keep it clear at least in misty weather for a while.

One of the best ways in the world to throw your car into a wild skid on slippery pavement is to press out the clutch and then jam on the brakes. If one brake band tightens slightly sooner than another, it will bind that tire to turn. About the only thing wheel while the opposite wheel you can do then is pray. If, however instead of pressing the clutch out, you brake against the engine by alternately pressing and releasing the brake pedal, you can reduce the speed of the car to something under five miles an hour without either skidding or stalling the motor. You can then safely throw out the clutch and stop the car.

CARD OF THANKS

We wish to take this opportunity of expressing our sincere thanks and appreciation for the many kindly services and words of sympathy extended us during the recent illness and untimely death of our daughter and wife.

Mr. and Mrs. Herman Michlink.
Burney Camp. 4-1tp

MANURE WORTH \$15 PER COW PER YEAR WHEN SPREAD

How dairy farmers can make \$15 more per cow each year by saving and spreading good old-fashioned manure is told by J. L. Thomas, Dairy Specialist in the Extension Service. "An average cow produces about 10 tons of manure annually," he declares, "and at least half of this can be saved if suitable barns and lots are provided and the herd managed properly. Manure is worth about \$3 per ton if applied on land.

An example of its value is found in Franklin county where Ross Newsome has been conducting a cropping demonstration involving the use of manure for three years. He scattered ten tons each year on each of three acres. In 1925, before the manure was applied, this land produced one-third of a bale of cotton to the acre; in 1926 is raised 30 bushels of corn per acre; in 1927 more than a half a bale of cotton; and last year Mr. Newsome gathered 52 bushels of corn to the acre."

STAKING AND PRUNING GIVE BETTER TOMATOES TO YOU

"In setting out tomatoes it's a good plan to plant them about two feet apart in the row, which is closer than is ordinarily advised, and later stake them. This increases the number of vines that can be grown in the garden puts the fruit up where it is easy to gather and to spray, and makes pruning easy," says the horticulturist of the Extension Service, J. F. Damm. "Four-foot stakes should be used, driving them into the soil three or four inches away from the plants. Coarse twine or cloth strings are used for tying the plant to the stake and string should be carried down when pruning is done so that plants may be re-tied where needed.

"As tomato plants begin growing it is advisable to remove sucker growth at least once each week, otherwise these sprouts will tend to reduce the size of the fruit. It is true that pruning decreases the yield but it increases the production of earlier tomatoes and fruit that is smoother and more uniform in size. Pruning should be done regularly from the beginning of the growing season, cutting off the sucker at the main stem. The sucker emerge here at the base of the leaf.

**SUMMER POULTRY SUCCESS DEPENDS MUCH
ON KEEPING UP PRODUCTION; PREMIUM IS
PAID ON INFERTILE EGGS PROPERLY KEPT**

College Station.—It is wise for
poultry raisers to begin now to look
for markets that will pay a premium
for infertile eggs, for with the com-
ing of warm weather next month farm
eggs will likely be discriminated
against in price because of the wide
prevalence of fertile eggs. Producers
who follow the good management
method of selling of most of the
roosters now and penning the remain-
der will be well repaid, provided they
make arrangements to dispose of
fresh infertile eggs for extra prices.
It is usually possible to do this, either
individually or through egg circles or
associations, for the public demands
good eggs and is willing to pay extra
to get them.
In suggesting such a course of ac-
tion, E. N. Holmgreen, Poultry
Specialist in the Extension Service of

A. and M. College, calls attention to
the great increase in recent years of
cooperative selling of fresh, infertile
eggs in Texas. Last year alone groups
of farmers and farm women in more
than 100 counties sold eggs for prem-
iums ranging from two cents to seven
cents per dozen. In most cases local
merchants handled these quality eggs
on a small margin or bought them out
right for resale.
"Summer poultry success," says
Mr. Holmgreen, "depends on keeping
up production and getting premiums
on infertile eggs. With the coming
of warm weather broodiness increases
and production falls off unless some-
thing is done about it. Put the
broody hens into coops in order to
break up broodiness and maintain
high production so necessary to pro-
fits."

**NEWS FROM OTHER
TOWNS NEAR HERE**

MULESHOE
There was a large crowd present
at Muleshoe for their Trades Day
event last Saturday. Several valu-
able prizes were given.

C. H. Addington, formerly in
charge of the Bailey County Elevator
has gone to Plainview, taking charge
of the J. H. Holbert Seed Co., elevat-
or there.

Extensive improvements are being
made on the Methodist church. It is
being stuccoed, and painted both in-
side and out.
The McCarty drug store is being
remodeled, and lunch counter will be
added.

In the opening baseball game of
this season between Muleshoe and
Baileyboro, the latter won, 7-3.

MORTON
The Cochran County fair will be
held at Morton the last week in Sep-
tember, according to decision of the
committee last week. Suitable and
numerous premiums will be given for
all kinds of agricultural products,
livestock, etc.

The courthouse square at Morton
was pleasingly beautified last week
when the ladies of the town turned
out to clean the lawn and plant a
large number of beautiful flowers.
They were assisted by some of the
men who also gave the trees a coat
of whitewash.

The May term of County court be-
gan last Monday, Judge J. L. Winder,
presiding. There are several cases
on the docket.
D. G. Chaney, residing between
Morton and Lehman is planting 100
acres of pinto beans this spring.

SUDAN
Twenty-five eager and enthusiastic
young agriculturists of Sudan return-
ed last week from College Station
where they attended the twelfth an-
nual judging contest in which 1,750
vocational agriculture students from
the best schools in the state partici-

pated. The welcome extended the
boys who brought back the most cov-
eted prize of the contest, the dairy-
judging cup, for which 109 teams
competed, showed that Sudan is really
interested in progressive farming and
the improvement of agriculture.—Sud-
an News.
The Weimhold hatchery, of 52,000
egg capacity, is receiving a large pat-
ronage this year.
Fire in the feed yard of Geo. Re-
ctor caused the loss of a Chevrolet
coupe belonging to J. C. Harper,
Sudan baker.

AMHERST
Commissioner Ellis Foust has been
grading the streets of Amherst.
The Busy Bee embroidery club was
organized last week at the home of
Mrs. G. C. Nix.

LEVELLAND
Levelland with an excellent fire
engine and first class water system,
now has a new organized fire depart-
ment with J. R. Mitchell as chief.
Rev. Jack Lewis, Presbyterian min-
ister, Lubbock, will deliver the bac-
calaureate sermon of the Levelland
schools, May 12, and Dr. J. M. Gor-
don, dean of Tech., college, will give
the address, May 14. There will be
20 graduates from the high school.

Miss Lynn Dougherty, daughter of
Mr. and Mrs. T. D. Dougherty, of
Levelland, has been selected queen of
the annual pageant of Tech., college.
The Hockley county singing con-
vention held at Witharal last Sun-
day was largely and widely attended.
Dinner was served on the grounds.

CLASS PLEDGES ON CHURCH
The ladies of the Methodist church
in Mrs. Fondren's Sunday school class
met with Mrs. J. W. Keithley last
Friday evening for the purpose of
organizing.

The meeting opened by reading of
the 13th chapter of First Corinthians.
Mrs. G. S. Glenn was elected presi-
dent, Mrs. J. J. Eagan wil remain sec-
retary, Mrs. D. G. Hobbs was elected
treasurer. Mesdames J. W. Keithley,
Griffey, D. G. Hobbs were named for

the Ways and Means committee, and
\$50.00 was pledged on the new
church. "The Kings Daughters," was
chosen as the name for the class,
which will meet the last Friday of
each month. The next meeting will
be with Mrs. A. G. Hemphill.
Refreshments of coffee, and cup
cakes were served to those present.

TECH COLLEGE WINS TILTS

Lubbock, Texas, May 8.—Texas
Technological College debaters won a
unanimous decision of the judges in
their contest with Baylor University
at Waco in the last debate scheduled
for the College this year. Tech was
represented by Hal B. Lary of Clovis,
N. M., and J. W. Jackson, of Lubbock.
The girls' debating team, composed
of Miss Lois Harkey, of Jayton, and
Miss Gladys Leary, of Estelline, de-
fended the Simmons University girls
here, defending the negative side of
the question, "Resolved, that a sub-
stitute for trial by jury be adopted."

MARRIED AT AMARILLO

Miss Quata Padgett and Lonnie
Clements, of Levelland, were married
in Amarillo, Saturday, April 27th.
He is the brother of Dr. C. C. Clem-
ents, this city. They will make their
home in Canyon.

APRIL A SUB-NORMAL MONTH

Despite an exceptionally high wind,
accompanied by much dust and sand,

last Wednesday, official government
records indicate that the month of
April this year was below normal as
regards wind. It was also below the
average as regards precipitation.

April was a warmer month this
year than average, the maximum
temperature reaching 84 degrees;
minimum, 34; mean 62. There were
15 clear days, eight partly cloudy
and seven cloudy. Rainfall this year
to date has been a little below normal.

BY JOHN JOSEPH GAINES, M.D.

EGOTISM

For a man to have exalted ideas about himself is not very uncommon. To be boastful is indeed quite the usual thing for men who have achieved over others.

It is perfectly honorable to believe in one's self; it is even commendable for a man to take pride in his own good character, standing, or prowess in legitimate undertakings.

It is not what we think of ourselves that brings real honor or fame. We

can never enjoy such fine assets, until they are bestowed on us by people who think of us in mighty fine terms.

Therefore, see the point: If you would be praised by your fellow-men, you must do something to make them feel like praising you; and that takes the most sincere effort of which you are capable—and you must do it first!

Unless you do this generously and in full measure, and in the self-sacrificing spirit, you will be held in the suspicion that you are playing a game for pay. It is a glorious thing to live so that everybody loves you.

I have known several men who over-rated themselves; built their own palaces and lived in them—worshipped themselves there. Underlings had no access. A suicide ended one selfish reign; the insane asylum partly cured another. The egotist is blind—pity him.

GUIDEPOSTS TO

Health and Happiness

By Bernarr Macfadden

HEALTH AND HAPPINESS THROUGH SELF-CONTROL

In a certain prison there is a young man serving a life sentence. He had been in love with a beautiful girl who was dearer to him than life itself.

Did he put her out of his heart as he would have cut out a festering thorn from his hand? Did he say: "good riddance," and thank his lucky stars that he found out what manner of woman she was before marriage instead of after?

He completely lost control of himself, and his actions were those of an animal who acts by blind instinct instead of reason. He stayed away from his job and lost it. He consorted with loose women. He filled his fine body with poisonous liquor.

Of course he was caught, tried and sentenced to life imprisonment. And there he sits—at an age when most

men, to say nothing of his self-respect and the respect of his friends. And all because he could not control his passions.

The greatest of all human gifts might be termed self-control. To control others is difficult, but to control one's self is the first necessity of life. When your brain is seething with a white heat—grip the mental reins tightly. A bad temper can, with one sweep, destroy the work of a lifetime.

So if you have a bad temper, learn to control it along with the other destructive passions that bring their share of pain and punishment. Be your own master. Dominate every phase of your life with intelligent control.

Don't wait. Begin now—while you are young.

—BERNARR McFADDEN.

WHAT IS DOING IN WEST TEXAS

Work has started on a white water lighting system for Tahoka's business section. By reducing the city water pumping rates approximately 30 percent the whiteway will be practically no expense to the city.

Construction has started on Hamlin large lake, and the site for the big iron reservoir has been cleared. Digging of the ditch and laying of the main to town is under way. This lake will hold sufficient water to furnish a city of 25,000 people, and supply Hamlin three years if necessary, without rain.

Perryton's fire record was one of two in Texas to win national honors. Perryton won second place in Class 5, made up of towns under 20,000 population. El Paso was placed fifth in Class 2 of towns under 500,000 and over 100,000 population. Only 57 cities and towns in the entire U. S. won honorable mention.

Hobbs, N. M., has organized a chamber of commerce with forty charter members, business men, merchants and others, including Alex Reeves, who wrote the W. T. C. C. for constitution and bylaws. A delegation was sent to the South Plains district meeting in which Hobbs is located.

Hereford real estate records indicate that within a few years the great cattlemen's paradise will soon become the land of the crop grower. The 110 transfers of agricultural land recently completed around the town has had a total acreage of 48,175 acres or approximately 75 sections, averaging 438 acres.

White Deer has recently organized a chamber of commerce and elected

What's doing in West Texas — sell, editor of the White Deer Review, secretary. Regular meetings were inaugurated at the Palo Duro Cafe on Mondays.

Cisco entertained the Brazos Valley Pecan Growers association on April 27th. J. H. Burkett owner of the famous Burkett pecan tree from which more trees in West Texas are budded than any other, was present. Burkett was presented a bronze plaque in recognition of his influence on the growth of the industry.

Quitaque's entrants in the local City beautification contest have passed 21, with more entries coming in every day. Prizes aggregating \$50.00 are to be awarded place winners in the contest. Judges are to be chosen from town landscaping experts.

The Levelland Ice company completed the installation of its plant recently and began freezing ice. The ice is clear and I. F. Lea, the manager states that water in Levelland is particularly adapted to making fine ice according to the methods used. This is a new industry for Levelland and another mark of its progress.

The Canyon Episcopal church has broken ground for the erection of a new home for their student welfare worker who is stationed in Canyon. The brick cottage will be planned to suit the needs of large student gatherings and for entertainments of visiting officers of the church.

SIAMESE TWINS BORN TO ILLINOIS MOTHER

Mattoon, Ill., "Siamese twins," who have but one torso were born Tuesday to Mr. and Mrs. Fred Lenz of near Ashgrove. Physicians who kept their birth a secret until today said the twins, girls, were doing well tonight and are expected to live.

COMMERCIAL BODY PERFECTING PLANS FOR LARGER DAYS

Many important matters were acted upon at the regular meeting of the Littlefield Chamber of Commerce, Tuesday. The attendance was large in view of many being absent from the city. Several enthusiastic talks were made by the members.

E. A. Bills gave a splendid talk on conducting Trade Day programs and manner of carrying them through to a creditable end. Other suggestive talks were made by M. A. Burt, R. A. DeLong, T. S. Sales, F. G. Sadler, and R. E. McCaskill.

Good expressions were made as to the great success of the sales day held Monday, and a committee appointed to out line plans for entertainment, refreshments and financing these sales days. The committee is comprised of T. S. Sales, P. W. Walker, E. A. Bills, F. G. Sadler, E. C. Cundiff and J. W. Horn. A ticket committee was appointed, composed of R. A. Davis, R. A. DeLong, J. D. Evans and M. A. Burt.

T. S. Sales reported for the Censorship committee, outlining various solicitors, peddlers, and other schemes constantly coming to Littlefield, and giving a remedy for stopping them. Attention was also called to the members as to people patronizing home industries, especially in purchase of bread.

E. A. Bills called attention to the meeting dates to be held this week urged all to attend. Prof. D. L. Shel regarding the court house election and ton, of the Littlefield College, was introduced and made a very interesting talk.

COW TEST BY MAIL ASS'N BEING ORGANIZED BY AGENTS

Through the courtesy of Tech college Dairy department they have consented to establish a cow test by mail laboratory for the farmers of the South Plains.

The Lubbock Chamber of Commerce is paying for the equipment to put in the laboratory, and the Tech College, through K. M. Renner, supervising the work.

This work, as has been conducted by the itinerary test has cost the farmers about \$75.00 per year to get B. F. records on their cows for official test. The cow test by mail association is not official as far as official record is concerned but is official to the individual farmer, and from these records he can calculate feed costs, weed out the non-payers, and get records on the breeding work that is to be put on.

The cost of this work is \$2.75 to take care of postage, and sample bottles, and \$1.00 per year for laboratory work. So if a man has five cows his cost for this work will be \$7.75 for one year's work. The association furnishes a monthly record on the herd, and at the end of the year a yearly average record from which to compute costs.

This plan was originated in Wisconsin, and has proven a success, and offers a new and cheaper way for cow test work in the counties where official record is not absolutely necessary. The county agent will be glad to go into detail on this matter with any farmer that is interested.

W. M. U. MEETING

Circle No. 1 met with Mrs. Lena Howard, Tuesday afternoon at 3:00 o'clock. Answer to roll call with verse beginning with letter D.

Devotional, Mrs. Tom Matthews. Prayer, Mrs. L. W. Jordan. Mother, Mrs. Howard.

JUNIOR-SENIOR BANQUET

The dining room of the Masonic Hall, was the scene of much merriment last Friday evening when the Juniors entertained the Senior class with their annual banquet.

The hall was beautifully decorated with garlands and festoonings of crepe paper in delicate pastel colors, draped twice across the ceiling, and up at the side walls with roses of complimentary shades. A large letter "S," indicating Senior, made of roses in hues of lavender, pink and green, adorned the west wall.

Eleven tables, covered with snowy white linen were arranged about the hall, with white candles set in rose holders as center pieces. The place cards and nut cups were hand made, carrying out the color scheme, white and pink.

At the given hour, with Miss Laura Virginia Bills at the piano, the Junior and Seniors marched into the Banquet Hall, the teachers and sponsors following. About 80 young ladies and young men were present on this occasion, radiant in their youth, the girls dressed in beautiful evening frocks in an array of pastel colorings.

W. B. Phipps, president of the Junior class, with his usual Irish wit was toastmaster for the evening. In opening he gave a toast to the Senior class which later was responded to by E. S. Rowe, president of Senior class. Miss Lucille Bruce, dressed in a charming bouffant frock of peach taffeta, sang, "I Ask No More of Thee," accompanied by Miss Louise Thaxton. As an encore she sang, "To Sing Awhile." These two numbers were greatly enjoyed. Miss Bruce with her winning ways and charming voice, has endeared her self to her classmates.

Miss Norma Lee Gattis, of the Junior class, dressed in coral georgette, in her charming and pleasing manner, gave the toast to the faculty. Mr. Harrison responded, commending the classes for their successful work this year, and as a climax to his talk, gave a toast to the class of 1929.

In conclusion, Mr. Phipps, said: "We're glad to have you as our guest, Seniors, faculty, and all the rest. After singing School Days everyone, Will go to the theatre to finish the fun."

"School Days" was sung as a very fitting climax to this party. They afterwards retired to the theatre. This event will long be remembered in the hearts and lives of the Juniors and Seniors.

The banquet was served by the ladies of the Eastern Star, and the Rainbow girls. The menu was as follows:

- Grapefruit Cocktail
Chicken a La King in Timble Cases
Creamed Peas and Potatoes
Hot Rolls
Ice Cream
Sponge Cake
Nuts
Iced Tea
Mints

FARM BUREAU OF LAMB COUNTY HAS BIG CO-OP. YEAR

A comparative delivery report, together with the final ginnings for Texas and by director's districts, has been received by Field Representative J. W. Hammock, which show very favorably for Lamb County.

The report shows for Lamb County delivery 6026 bales for the 1928-29 season, and the final ginnings to be 32,741. There are counties that have ginned more cotton than this county, in fact there are four that have ginned more than 100,000 bales each, Ellis County leading with 122,923 bales. There is only one County in Texas, however, that has delivered more cotton than has Lamb, to the Texas Farm Bureau Cotton association, this season. Nueces County delivered 6497 bales, but had 78,823 bales ginned to draw from which still gives Lamb County the best showing after all.

District No. 19, in which Lamb County is located, led the state by more than 3500 bales, and shows a delivery of 14,334 bales from nine counties. Last but not least by any means the Farm Bureau gin, located at Littlefield, has led all other Bureau gins about one thousand bales. After starting, October 20, they ginned more than 3600 bales at this plant. Lamb County farmers are hard to beat when it comes to co-operation, said J. W. Hammock, for they are mostly people who are termed the best, as they have left their old homes and come west to build homes for themselves, and are succeeding, judging by the number of new homes being built this spring in Lamb County.

TO HAVE BOX SUPPER

A box supper will be given at Lums chapel Thursday night, May 18. Everyone is cordially invited to come, the women bringing boxes to be auctioned to the highest bidder.

GRAIN SORGHUM TREATED

During the past few months, under the supervision of County Agent D. A. Adam, about 13,000 pounds of grain sorghum seed has been treated for smut by using the copper carbonate method.

This amount of seed will plant about 7000 acres, and with amount of loss that was in the county last year on account of smut, would save the county about \$7,000.

SLAUGHTER RANCH COCHRAN COUNTY, WILL BE OPENED

Colonization of more than 17,000 acres of the Slaughter ranch lands in Cochran county, south of Littlefield, will be started early in the fall, according to announcement made this week by C. C. Slaughter, owner.

The land, adjoining Morton, the county seat, will be divided into 112 farms and settled by cotton farmers from Texas and Oklahoma.

Slaughter Ranch Famous
The Slaughter ranch was established in 1902 by Col. C. C. Slaughter, grandfather of Jo Dick and Bob Slaughter, both Lubbock residents. The original Slaughter ranch in Coch-

ran county comprised 250,000 acres and in the division of the estate, following the death of Colonel Slaughter, the 17,000 acres to be colonized this fall were allotted to C. C. Slaughter, Jr., a resident of Dallas.

Thirty years ago, as one of the pioneer cattlemen to establish his herds on the plains, Colonel Slaughter even then dreamed of the day when cattle would vanish before the invasion of the farmer. In 1907, when the people of the plains gathered for a railway celebration at Plainview, Colonel Slaughter declared that "the day is not far off when the great fertile plains of Texas will become the bread basket of the Southwest. Occurrences since that day have borne out his prediction.

At the time of his death in 1919 Colonel Slaughter owned nearly 1,000,000 acres of land and his headquarters in Cochran county remain as one of the beauty spots of the cow country. The headquarters still stands on the 17,000 acres to be placed on the market this fall, a 12 room Spanish style house, flanked by a court in which reside the Oscar Sumner family at the present time. Mr. Sumner has been ranching there on the Slaughter land for the past several years.

100 COWS ARE T. B. TESTED IN THE COUNTY PAST WEEK

Dr. Y. J. Aiken, accredited veterinarian from Lubbock, was called upon this week by County Agent D. A. Adam, to conduct tubercular tests upon 100 head of dairy cows in this county.

Injections were made last Thursday reactions last Sunday, and out of the

O. R. O. POULTRY TONIC
Guaranteed to rid your poultry of all insects. A preventive of sore head, roup and white diarrhoea. Also, a cure for running fits in dogs. Sold by WALTERS DRUG COMPANY

100 head only one tubercular cow was found.

This particular cow was found where tuberculosis was least expected, and it is highly important that people of this county take advantage of this test. Through the efforts of the County Agent the cost of this work has been cut one-third when as many as 100 head are brought together at one time.

THE STATE OF TEXAS COUNTY OF LUBBOCK NOTICE OF EXECUTION AND SALE

By virtue of an execution, issued out of the District Court of Lubbock County, Texas, for the 99th Judicial District, on a judgement rendered in said Court on the 9th day of April, A. D., 1929, in favor of Finerty Investment Company, a corporation, and against the said E. W. Herman, in the case of Finerty Investment Company against E. W. Herman, numbered 36-14 in such court, I did on the 30th day of April, A. D., 1929, at 1:05 o'clock, P. M., levied upon the following tract and parcel of land, situated in the County of Lamb, State of Texas, as the property of E. W. Herman,

to-wit:

Lots 1, 2 and 3 in Block 5 of the Highway Addition to the town of Littlefield, Lamb County, Texas.

Said property being originally deed by the State of Texas to Abner Turner.

And on the fourth day of June, A. D., 1929, being the first Tuesday of said month, between the hours of 10:00 o'clock A. M., and 4:00 o'clock

P. M., on said date, at the courthouse door of said County, I will offer for sale, and sell, at public auction for cash, all the right, title and interest of the said E. W. Herman in and to said property.

Dated at Littlefield, Texas, this the 30th day of April, A. D., 1929.

J. O. CONNELL, Constable, Lamb County, Texas.

May 2, 9, 16, 1929.

AVERY Jack Rabbit Cultivator

"Out in Front"

Farmers have always known there would some day be a better cultivator—one that does the work for easier and better—one that has no stubborn ways to cause leg strain and other effort.

The Avery Jack Rabbit is such a cultivator. Its three outstanding features explain why it is always out in front—a leader wherever shown or used. These features are:

- (1) Perfectly balanced in all positions—whether gangs are raised or lowered.
- (2) Runs free and easy—no sluggishness or stubbornness to mar its fine performance.
- (3) Equipped for cultivating all

row crops over 2 1/2 inches—is out and going at all times and under all conditions.

Farmers who use the Avery Jack Rabbit will tell you that no other compares with it. It is easier to handle—does better work—in more kinds of crops. And, because of careful workmanship and best materials, it gives years and years of quality service.

Investigate the Avery Jack Rabbit. See what Avery's century of farm implement experience and the world's finest implement factory mean to you in better implements. We will gladly give you a complete demonstration and full details.

There is a full line of famous Avery walking, riding and tractor plows, tillage implements, and Champion harvesting and haying machines
