## LITTER OF 19 PIGS IS REPORTED, CONFIRMED

Snyder.—When a county agent and a preacher testify to a fact it should be true.

J. A. J. Jones, prominent farmer of near Fluvanna, in Scurry county, who is sold on diversification, reported 19 pigs from a 600-pound mother on May 16. The number was confirmed by County Agent Logan and Rev. James H. Tate.

## NEARLY \$22,000 PAID FOR PRODUCE HERE DURING THE MONTH

That \$21,929.65 has been paid out to the farmers of this section for poultry, eggs and cream by Littlefield dealers during the past 30 days, is the statement issued this week by the local Chamber of Commerce as a result of figures recently compiled. Firms participating in this business were J. T. Bellomy, Farmers Produce Co., Littlefield Produce Co., Littlefield Feed & Seed Co., and W. C. Barnes.

These figures clearly indicate that diversified farming in the Littlefield territory is on the map to stay and that the interest in poultry and dairying is rapidly increasing. Hundreds of pure bred and high grade cows and hogs have been imported into this community during the past few years, while pure bred fowls and baby chicks have been obtained by the thousands.

## Members of C. of C. Have Talkfest While President is Away

E. A. Bills, who presided at the Tuesday meeting of the Chamber of Commerce, highly commended the citizens and business men of Littlefield for the manner in which they are co-operating for the future progress of Littlefield and community.

E. S. Rowe, reported on the Committee of Committees, of which he is chairman, also, on the Railroad and Transportation committee.

R. A. Davis, secretary of band, gave a detail report of the recent organization and good membership to start with.

E. C. Cundiff, Chairman of Trades Day Program Committee, also, Dairy and Agricultural committee, gave a very interesting report.

E. H. Williams, Chairman of the Retail Merchants committee, reported on the accomplishments made.

M. A. Burt, of the Trades Day committee, spoke on encouraging merchants on offering more specials for trading day, and their good effect in doing so.

R. A. DeLong, a former president of the Slaton Chamber of Commerce, gave a splendid talk on cooperation.

Mrs. R. E. McCaskill responded to the splendid talk on vision of our city and call of acting President Bills, with a community of tomorrow.

J. E. Brannen reported for the Industrial committee of which he is chairman.

F. C. Cogdill offered a few good remarks.

In conclusion, L. A. Gastinel, manager of the College cafeteria, thanked the members of the Chamber for meeting place, fully expressing his appreciation, and a vote of thanks was given Mr. Gastinel for the splendid manner in which he had taken care of the dinners during the past few months.

President Bills announced the next weekly meeting and luncheon of the Chamber of Commerce would be held in the basement of the Baptist church.

## PUBLIC SCHOOL AND COLLEGE PROGRAMS FOR CLOSING OF SCHOOL YEAR DRAWING LARGE ATTENDANCE INTERESTED PATRONS

This is Commencement week in the public schools of Littlefield, and large crowds are being attracted to each program.

Sunday morning the High school auditorium was crowded to capacity at the baccalaureate service of the High school graduates, the sermon being delivered by Rev. Jack Lewis, minister of First Presbyterian church, Lubbock. Rev. Lewis spoke upon the subject, "The More Abundant Life," the entire discourse holding the concentrated attention of his audience in interest and inspiration.

Special music was furnished by a choir of mixed voices under direction of Judge E. A. Bills, a solo by Jake Hopping, with Mrs. Hopping at the piano, was a vocal treat. Ministers of local churches had various parts on the program, Superintendent B. M. Harrison being in charge of the services.

Monday night was the graduation exercises of the Grammar grades, at which time occurred the promotion into High school of the largest class from this department in the history of Littlefield schools.

Editor Jess Mitchell, speaking upon the subject, "The Drama of Life," delivered the address of the evening.

Inez Wallace was valedictorian, her subject being "Climbing the Ladder of Life." Lucille Hall, salutatorian, spoke upon the subject, "Carving

## NEW CAFE OPENS HERE

Mr. and Mrs. Joe Chitwood last week opened the Club cafe in the Hopping building on the East side of Main street.

This new concern is of modern type and is rendering a service to the hungry patrons that is unexcelled in the city. A wide variety of menu is offered daily, together with a service that is both skillful and courteous. They will also cater to luncheon and theatre parties and other social gatherings.

Since opening they have been enjoying a large patronage.

## COLORADO SUFFERS HAIL

A hail storm extending three miles wide and about 25 miles long virtually wiped out 90,000 acres of Mitchell county crops last Saturday afternoon. A heavy rain and much wind accompanied the hail.

Littlefield seed dealers have been appealed to for seed to replant the lost crops.

## SOUTH PLAINS FAIR SET

The dates of the South Plains fair, Lubbock, have been set for September 30 to October 5.

Six days of fine exhibits, big features and fun are being planned.

Life's Marble." Helen Rumback, delivered the class oration, entitled, "The Rose." Each of graduates acquitted themselves in a very creditable manner, eliciting hearty applause for their declamations.

Principal J. E. Chisholm, of the Grammar department, called the class roll for the last time and delivered the diplomas and certificates of award. Mrs. Gus M. Shaw and Miss Thelma Killough presided at the piano, rendering the Processional and accompaniments for class song and chorus.

High School Commencement Tuesday night Dean J. M. Gordon, of Texas Tech., Lubbock, delivered an excellent commencement address upon the subject: "Education and Its Challenge." The salutatory was by Miss Eric Dell Adams and the valedictory by Miss Rose Scheuer. Presentation of diplomas was by Superintendent B. M. Harrison and of scholarships by Principal F. O. Boles.

College Graduation Wednesday, Thursday and Friday nights will occur the graduation programs of the Littlefield college, details of which were given in last week's issue of this newspaper.

The Wednesday night program was held in the Baptist church, while the Thursday and Friday night programs will be in the High school auditorium. Reports of these programs will be given next week.

## \$438,000 IN LOANS HERE

J. E. Barnes who attended the annual meeting of the National Farm Loan association, held in Lubbock, reports that the association has to date loaned \$348,000 to 109 farmers in this section, the interest rates averaging 5 1/2 per cent and maturity 30 years time.

## B. Y. P. U. PICNIC

The Senior B. Y. P. U. of the Baptist church went on a picnic Sunday afternoon. The members met at the Baptist church about three o'clock and from there went out north of Black Water draw.

Games of all kinds were played, each taking part, about six o'clock a picnic lunch was served, consisting of sandwiches, pickles, cake and ice cream, to about 25 members and guests. Everyone reported as having a good time.

## ROTARY MEETING

The Littlefield Rotary club met last Thursday with 25 members present. R. E. McCaskill presided. After the regular routine of business was over plans were made for as many Rotarians to go to Dallas as could possibly go. There was no regular meeting Thursday, May 30th, but those wishing to keep up their attendance record reported at Sadler's Drug Store.

Davis, secretary-treasurer; Emil Timian, librarian; and there were 28 members enrolled, several of them being experienced players.

Monte Bowron, well known West Texas band director, of Plainview, has been employed as director. He will move to Littlefield next month.

Life owes you just exactly what you can accumulate honestly.

## LITTLEFIELD CATS DRUB RALLS 15-3 HERE LAST SUNDAY

The highly rated Ralls nine made their debut in Littlefield last Sunday afternoon, finding the local team strong competition, the game ending 15-3.

The visitors got off to a flying start when D. Acock led with a single, another hit by Keith and an error netted them two markers, while the locals were cut off when Mick Ratliff got a two base hit. Stone was safe on an error, Ratliff going to third. Hanks lined out to short-stop who doubled Ratliff off third, and H. Mueller missed his third strike.

Again in the last half of the second inning the Cats scored three when Acock, the visiting twirler, worked Al and Art Mueller in succession, and hits by Thornton and Fox and an error put three tallies across.

Ralls scored again in the fourth when R. Acock was hit by a pitched ball. Stevens was safe on Stone's error, and Schluter hit safely. The home club put three more across in the third, two in the fourth and three in the fifth. To make matters worse Mick Ratliff hit to right center for four bases, and Stone followed with a home run to center. Acock, ace twirler for the visitors, was sent to center field, and Wheeler took over the pitching job, but before he could stem the tide two more scores were registered by the Cats.

Al Mueller, local pitcher, allowed the visitors but four hits, while the home boys connected for 12 safeties. Ratliff, Al Mueller, Fly Thornton, Fox and De Long led the hitting with two each. Al Mueller hit one for four bases, with one on in the fourth inning. Twelve of the visitors went the strike-out route.

The game was well attended by local fans and visitors. The home boys appreciate very much the spirit of the local fans and the support given them in the first three games, all of which were winners. A game has been matched with Tulia for next Sunday, at Tulia.

## \$75,000 LOAN TO BE GIVEN COLLEGE BY UTAH CONCERN

That a loan of \$75,000.00 will be granted the Littlefield College, was the statement made last Friday afternoon by President S. D. Decker, of the Inter-state Fidelity Building & Loan Association, Salt Lake, Utah.

Previous to the statement a lunch con had been held in the College cafeteria, attended by Mr. Decker, District Agent Bert Noley, Lubbock, officials of the College and a few representative citizens of Littlefield for the purpose of discussing the contemplated loan. At the conclusion of the luncheon and business session, Mr. Decker stated there would be little doubt but the loan would be approved by his company, provided, of course, the abstracts of title showed up alright.

The loan is being handled through the Barnes Insurance and Loan agency, this city, and J. E. Barnes stated he was confident the loan would be approved and work begun within the next 30 days.

The \$75,000.00 loan will apply on the construction of a \$90,000.00 administration building for the College.

### FIRE IN SUDAN MONDAY

The Littlefield Fire Department was called to Sudan Monday afternoon when two 50 gallon drums of gasoline exploded at the rear of a tailor shop. The shop was not badly damaged only with smoke and water.

The Littlefield fire truck made the run in 20 minutes but the Amherst Fire Department practically had the fire under control when the Littlefield boys arrived.

Every man knows some other man who is smarter than himself, but he does not like to admit it.

### SELLS GUARANTEED EGGS STAMPED FOR INFERTILITY

R. L. Price, local poultry expert, is the first of this vicinity to sell eggs rubber stamped "infertile" guaranteed to be not more than 48 hours old. He brought the Leader office a few days ago a number of these choice cackle-berries for editor to sample, and they were as ever tasted.

Price raises the J. A. Hennessy of S. C. White Leghorn. He trap nests all his hens and accurate record of their laying. One hen this month has laid every day.

Infertile eggs at this time of year command a price premium the example of stamping them. Mr. Price is worthy of a wide following by other producers.

## STUDENTS WHO SNORE THE LOUDEST DON'T ALWAYS SCORE THE HIGHEST SAYS PROF. AND HE GIVES SOME OF THE REASONS WHY

"Does the pupil who snores the loudest make the highest grades?" This question was popped to Principal F. O. Boles, of the Littlefield High school, this week by a Leader representative. "Not so one can notice," promptly came back the answer. However, he qualified his statement by saying there were sometimes real reasons for a student sleeping in class other than because they are naturally lazy or were out too late the night before.

"For instance," he said, "not infrequently students that are undernourished or that are frail physically from sickness become drowsy through no fault of their own. They may be brilliant enough mentally, and energetically enough physically, but because of a condition over which they have no immediate control they are sometimes unable to stay awake in classes. Educators realizing this condition are beginning to cope with it. Here is an article that recently appeared in the Fort Worth Star-Telegram which shows what one school is doing in such cases?"

"Mrs. Helen Walker Murphy, direc-

tor of physical education for women at T. C. U., does not bother to talk her classes to sleep as do some professors. She has a room outfitted for a rest class and sends certain students there for an hour each day to sleep. The unusual thing about this rest class, however, is that the girls who are required to sleep are not, as some might expect, the girls who have had late dates the night before and would welcome a little nap between classes. They are the girls who are underweight or nervous and are placed in the rest class because they are unable to take regular gym work.

"There is a room in the gymnasium fitted for the class. Cots are placed in a room which can be darkened when girls are resting and it has large windows giving plenty of fresh air.

One girl in the class remarked that the one who could sleep without snoring would receive the best grade. Another in the class came to the gymnasium shortly after midterm grades had been received with this query. "Why did I make an F in physical? The students in the rest class are interested in their work and realize

training? I sleep every day in class? that it is beneficial.

"Those who are underweight not only are required to sleep, but to drink milk as well.

"Girls frequently are placed in the rest class after an operation or long periods of illness, until they can recover sufficiently to take regular physical education work. Other reasons for placing them there are nervousness, heart trouble, hay fever, asthma, round shoulders, weak muscles and fallen arches.

"Eighteen girls are enrolled in the class this year."

## WHAT IS DOING IN WEST TEXAS

Turkey sent a representative to Tulla to get "Bossy." County Agent H. E. Ellis purchased a pure-blood Jersey cow which was given away at the Trades Day observance on May 25. This is the capital prize in the gift distribution, other prizes being a sow and a trio of chickens.

Quitique has delivered the first order for material from the new sand and gravel pit on the Linguish River in the north-east portion of Floyd county. The shipment was made to the Fulton Lumber Company, of Plainview. Loadings were made to the newly completed spur of the Fort Worth and Denver.

O'Donnell has recently invested approximately \$100,000 in thirty-two new residences. This brings the amount expended on building permits to more than a quarter of a million dollars. The city Council street department has recently finished improvement on the roads of McDonnell.

Merkel has started work on the paving of Oak Street which is to be solid concrete 40 feet wide and boulevard. Nineteen ornamental lights of the same design as now in use in the business district are to be placed in the street intersections and between street intersections.

Channing 4-H boys are the recipients of a car lot of pure bred Jersey calves from North Central Texas. The purchase of the calves was made possible through the cooperation of the First National Bank who financed any boy who desired to become the owner of one of the calves.

## NOTICE OF SHERIFF'S SALE

STATE OF TEXAS  
COUNTY OF LAMB

By virtue of an Order of Sale issued out of the Justice Court, of Precinct One, Potter County, Texas, on the 24th day of May, 1929, in the case of International Harvester Company of America vs. G. M. Woodruff, No. 1151 on the docket of said court, on a judgment rendered in said court on the 18th day of April, 1929, in favor of said International Harvester Company of America and against the said G. M. Woodruff, for the sum of One Hundred Ninety Five and 27/100 (\$195.27) Dollars, with interest thereon from the 18th day of April A. D. 1929, at the rate of ten per cent per annum, and costs of suit, with the foreclosure of a Chattel Mortgage Lien on the following described personal property, to-wit:

1 used second hand McCormick-Deering 10-20 Tractor, Engine No. KC-36018, purchased of Blair Implement Co., Littlefield, Texas in 1925;

1 3-wheel P & O Disc Tractor Plow;

3 No. 18 P & O Sled Cultivators;

2 No. 3 P & O Lister Planters;

1 2-Section 70 Drag Harrow.

as such chattel mortgage lien existed on the 17th day of February, 1928, and to me as Sheriff directed and delivered, I will proceed to sell within the hour, prescribed by law for Sheriff's Sales, on the 12 day of June, 1929, at the place of F. W. Lueck, at Littlefield, Texas, which place is adjacent to said city, said above described property, levied on as the property of G. M. Woodruff, to satisfy said judgment amounting to the sum of \$195.27, in favor of International Harvester Company of America, and costs of suit.

WITNESS my hand this the 27 day of May, 1929.

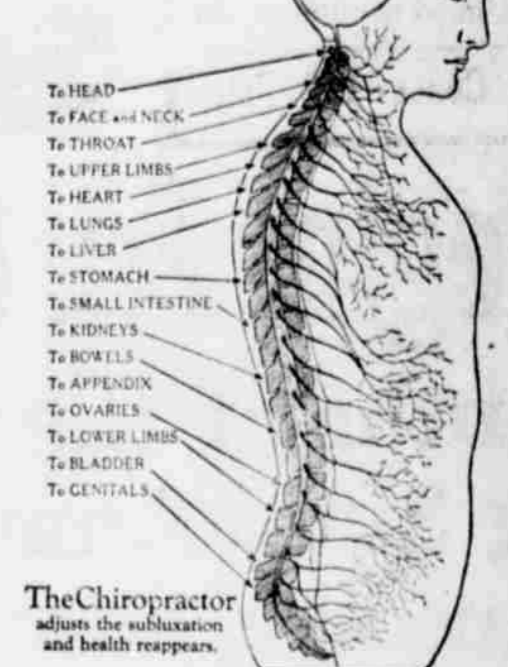

LEN IRVIN, Sheriff of Lamb County, Texas.

## Years of service in MODEL T FORDS

THE Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country. Millions of these cars can be put in shape for two, three and five more years of use at very small cost.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts. It will continue to do so as long as they are needed by Model T owners. The following list gives the approximate labor charges for reconditioning the Model T Ford:—

Engine	
Tune motor (including replacement of commutator case, brush and vibrator points if necessary)	\$1.00
Grind valves and clean carbon	\$3.75 to 4.00
Overhaul carburetor	1.50
Reline detachable car transmission bands	1.50
Install new pistons or connecting rods	6.00
Tighten all main bearings	6.00
Overhaul motor and transmission	\$20.00 to 25.00
Rear System	
Replace rear axle assembly	2.50
Install universal joint	3.00
Reline brake shoes	1.50
Replace rear axle shaft, drive shaft pinion, or drive gear	5.00
Overhaul complete rear axle assembly	\$5.75 to 7.00
Rebush spring and perches	1.75
Oil and graphite springs	3.00
Front System	
Overhaul front axle	\$4.00 to 5.00
Rebush spindle bodies and arms (both sides)	2.50
Replace or straighten spindle connecting rod	.75
Tighten radius rod or steering ball cap	.60
Tighten all sockets and joints of front end	1.50
Replace front spring tie bolt or new leaf	2.50
Straighten front axle	3.00
Chassis	
Replace rear fender	1.75
Overhaul steering gear	3.50
Repair muffler	1.00
Overhaul radiator	7.50
Repaint Coupe	25.00
Repaint Sedan	25.00
Repaint Touring Car	20.00
Reupholster Runabout	8.00
Reupholster Touring Car	15.00
Replace top deck (Coupe or Sedan)	4.00
Overhaul starting motor	3.00
Overhaul generator	2.60

These prices are approximate and are for labor only, because the need and number of new parts depend on the condition of each car. The charge for these parts is low, however, because of the established Ford policy of manufacturing and selling at a small margin of profit.

## More per Gallon but LESS per Trip

That's the economy of CONOCO-ETHYL GASOLINE

DURING the summer, when long motor trips are in order, a most important cost factor is wear and tear. Every time the motor knocks, it is undergoing unnecessary strain. Its life is being shortened—its resale value reduced.

That's why we say, that in the long run, Conoco Ethyl Gasoline will cost you less per trip. Conoco Ethyl absolutely eliminates knocks. It delivers full power with every stroke of the piston. It gives lightning pick-up in traffic driving. In short, it provides a surge of power—up the hills or on the level—which keeps your motor gliding along with practically no effort. That's economy!

Give Conoco Ethyl a trial. See how cool it keeps your engine, and experience the real satisfaction of having your car run as the manufacturer intended it should. You'll find a convenient Conoco Ethyl pump ready to supply you.

D. 1929, within the City of Littlefield, Texas, at the City Hall in said City, for the purpose of submitting to the qualified voters of the City of Littlefield, Texas, who are property taxpayers therein, the proposition for the issuance of the bonds of said City for the construction of a City Hall in and for said City, as described in an order of the City Commission of said City, passed and adopted on the 20th day of May, A. D. 1929, and which said order is as follows:

**ELECTION ORDER**  
WHEREAS, the City Commission of the City of Littlefield, Texas, deems it advisable to issue the bonds of said City for the purpose hereinafter mentioned:

THEREFORE, BE IT ORDERED by the City Commission of the City of Littlefield, Texas, that an election be held on the 25th day of June, A. D. 1929, at which election the following proposition shall be submitted:

"Shall the City Commission of the City of Littlefield, Texas, be authorized to issue the bonds of the City of Littlefield, Texas, in the sum of FIFTY THOUSAND (\$50,000.00) DOLLARS, payable serially or otherwise within forty years from the date thereof, bearing interest at the rate of six per cent (6%) per annum, payable semi-annually, and to levy taxes sufficient to pay the interest on said bonds and create a sinking fund sufficient to pay the bonds at maturity, for the purpose of constructing a CITY HALL in and for said City of Littlefield, Texas, as authorized by the Constitution and General Laws of the State of Texas, particularly Chapters 1 and 7, Title 22, Revised Statutes, 1925?"

The said election shall be held in the City Hall of the City of Littlefield, Texas, and the following named persons are hereby appointed managers of said election, to-wit:

Chas. L. Harless, Presiding Judge,  
Pat Boone, Judge,  
Carl Arnold, Judge,  
Ray B. Jones, Clerk,  
Sid Hopping, Clerk.

THE SAID ELECTION shall be held under the provisions of Chapters 1 and 7, Title 22, Revised Statutes of 1925, and the Constitution and Laws of the State of Texas, and only qualified voters who are property taxpayers of said City shall be allowed to vote.

ALL VOTERS who favor the proposition to issue the bonds shall have written or printed upon their ballots the words:

"FOR THE ISSUANCE OF CITY HALL BONDS."

And those opposed shall have written or printed upon their ballots the words:

"AGAINST THE ISSUANCE OF CITY HALL BONDS."

THE MANNER of holding said

election shall be governed by the laws of the state regulating general elections.

A COPY of this order, signed by the Mayor of the City of Littlefield, Texas, attested by the City Clerk of said City, shall serve as a proper notice of said election.

THE MAYOR is authorized and directed to cause said notice to the said election to be posted up at the City Hall (the place designated for holding said election), and at two other public places in the City of Littlefield, Texas, all of said notices to be posted for at least thirty (30) full days prior to the date of election.

THE MAYOR is further authorized and directed to have said notice of election published in THE LAMB COUNTY LEADER, a newspaper of general circulation, published in said City, and which notice shall be published once each week for five (5) weeks, the date of the first publication to be not less than thirty (30) full days prior to the date of the election.

Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

## DISTORTED PUBLICITY

The Leader is a strong believer in publicity, but it also believes that such publicity sent abroad to state papers should adhere strictly to facts in the case. There are enough assets and virtues belonging to Littlefield and its contingent territory to dwell upon without exaggerating, distorting or launching into the realm of fiction.

In last Friday's issue of the Lubbock Journal appeared a news story stating in substance that a band had been organized here, composed of 45 pieces, and that it would compete for prizes in El Paso during the month of October.

As a matter of fact, the new band, under the direction of Monte Bowron, was not organized until Friday night, some four or five hours after the Lubbock paper was off the press, there were not 45 members in the initial organization, but 28, and there has been no official decision that this band will participate in any contests in El Paso.

Of course, the Journal is in no way to blame for the publication of erroneous statements. The management of that paper has always been very courteous in the publicity accorded Littlefield. It naturally assumed the statements furnished it were from a responsible source; but no reputable newspaper can be expected long to gratuitously open its columns to any form of publicity not true to fact, and the reading public, when it learns that any given city puts out erroneous and ultra-exaggerated statements regarding its virtues or activities will come to read all its publicity with a thought of suspicion and doubt. Even local citizens, loyal to home interests and anxious for the city to go forward, do not appreciate a distorted publicity. Its reaction is not pleasant at home nor abroad.

Let's keep the records of progress true and correct!

## COMMENDABLE EFFORT

Littlefield business concerns are to be commended for the interest they are manifesting in extending the dairying interests of this community. The Trades Day events being staged each month are worthy indeed, tending toward a wider and more intimate relationship between buyers and sellers. The special offerings of merchandise on such occasions speaks volumes in behalf of the real desire of local business men to intensify and extend the trade territory of this flourishing little city. The pure bred live stock given away on these events add further incentive to the recipients than the strongest spirit of co-operation to the locality.

Bonds of friendship between town and country people can not be welded too strongly. In many ways their interests are identical, and there should, at all times, exist between them the strongest spirit of co-operation.

Some fellows act as though they thought a wedding is nothing more than a funeral where you smell your own flowers.

## HELPING THE YOUNGSTER

With the children lining up for their long summer vacation, when school books will be the least of their worries, it would be a good idea for Littlefield parents to remember that there's a lot of truth in the old maxim that "an idle brain is the devil's workshop."

Nobody wants the boys and girls of the community to be cast into slavery, of course. But seeing to it that they are provided with something to keep them busy at least a part of the time during the summer vacation is to their own interest, even though they probably will not look at it that way.

Encouraging the girl to learn more about cooking and housekeeping; persuading the boy to earn a few dollars while resting between school terms should be the aim of every parent who has the future welfare of his child at heart.

It may be a difficult job, in some cases, but the reward that will come to the child later on will more than repay for such trouble as may be occasioned now in persuading it to see things as you see them.

## LITTLE LEADERS

Nobody in Littlefield should get angry over receiving a dun. It's the only proof some fellows have that someone trusts them.

There was a time in Littlefield homes when left-overs was chicken feed. Now it's salad.

The old-fashioned Littlefield man who used to ask the ladies if they objected to his smoking now has a son who asks them if they want a cigarette.

**COLLEGE NEWS**

This is the week that is always a time of sadness and a time of gladness. Almost everyone is glad to see the time of rest from school work approach, and to meet old friends and loved ones at home again. But then there is the breaking of the tie that has bound the students and teachers together during school days, and this parting always brings sadness.

A number of visitors are expected here during the week. In fact, a number have already come. Mr. and Mrs. Otis T. Jones and Mrs. Jones' daughter, Miss Anlice Teurman, of Oklahoma, arrived Tuesday. O. C. Ribble, of South Bend and D. L. Shelton have been doing some work for the school during the past few days. They came to Littlefield Tuesday evening. Some other visitors have also arrived. Among them are Mrs. Sam Hukel and family from Lockney, Mrs. Hukel and Mrs. R. W. Jones are sisters.

This, the closing week of school, is a busy one. Final grades are being determined, final reports made, and closing programs are being worked.

N. R. Austin is very busy constructing a house on his 10 acre tract.

**BAPTIST MISSIONARY MEET**  
 All circles of the Baptist W. M. U. met jointly, Tuesday afternoon at 3:00 o'clock at the Baptist church. There were 19 members present. Devotional, Mrs. Shirley. Prayer, Mrs. Berryman. Program, Mrs. Key, Kemp, Howard, Matthews. Business, The Baptist ladies will serve luncheon to the Chamber of Commerce, 1st Tuesday in June. Prayer, Mrs. Howard.

## GUERNSEY EXPERT FROM WISCONSIN HERE TRADES DAY

C. D. Williams, proprietor of the Wern Stock farm, Waukasha, Wisconsin, will be in Littlefield next Monday during Trades Day, to address the farmers interested in dairying. He will speak particularly of the Guernsey breed of dairy cows, and of the value of dairying to the farmer and to the public.

Mr. Williams comes from the largest dairying state in the Union, has had a large and successful experience in this line, and no doubt will be able to give much valuable advice to those

looking forward to more extensive dairying interests in this section. His services were secured by E. C. Cundiff and D. A. Adams last week.

Adams and Cundiff spent last Saturday and Sunday in Panhandle, where they inspected a large shipment of Guernsey cattle shipped to that point. They also investigated herds of Guernsey and Jersey cattle in Potter, Swisher and Hale counties. They state it is practically impossible to secure registered heifers of these two breeds under \$150.00 each, and only located two or three at that price. Registered stuff of this kind is scarce and hard to obtain, on account of the great demand, they report. The same is true of the Holstein breed. However, they state it is their opinion

that for milk production, high grade animals are just as good, and because not having to keep exact records of their production, will be just as serviceable to the man who is only interested in milk supply. Mr. Cundiff says he believes the average farmer will better serve his own interests by investing in a pure bred bull and breeding up his present herd of cattle rather than putting so much money into the registered stuff. A good plan is for four or five farmers to join in purchasing one male to be used by all of them, and at the end of three or four years this animal can then be exchanged for another owned by some other bull circle.

It is planned to ship a car load of pure bred dairy bulls and high grade heifers and cows into Littlefield about the first of July.

# CAMEL CIGARETTES

### WHY CAMELS ARE THE BETTER CIGARETTE

Camels contain such tobaccos and such blending as have never been offered in any other cigarette.

They are made of the choicest Turkish and American tobaccos grown.

Camels are always smooth and mild.

Camel quality is jealously maintained . . . by the world's largest organization of expert tobacco men . . . it never varies.

Smoke Camels as liberally as you choose . . . they will never tire your taste.

Nor do they ever leave an unpleasant after-taste.

## PAINS

In Side and Back

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully.

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My house work went undone, for I was not strong enough to do it.

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Beckner, W. Main St., Salem, Va.

**Hints  
for  
Motorists**

Heat causes air to expand. That's why the pressure in your tires increases as you drive along. If the pressure is a little low when you take the car out of the garage in the morning, it may come up to normal by the time you have gone a few miles. This is more to be depended upon in summer than in winter, and more usual in Florida than Canada. It's best to test the tire pressure once a week and be sure that it's up to the specified figure. Five pounds under-inflation in a balloon tire, by test, has been proved to decrease the life of the casing from 25 to 30 per cent.

It is sitting in the same position mile after mile that wears a driver. If your car is one of the new ones with an adjustable front seat, changing the adjustment from time to time will leave you less tired after a long day's run.

**TO PRESERVE EGGS**

This is a good time to put up eggs for use next fall and winter, when they will be worth about twice what they are now. Lime water preserves eggs about as well as water glass, says the U. S. Department of Agriculture, and is more readily available on the farm. Dissolve 2 or 3 pounds of unslaked lime in 5 gallons of boiled water allow it to settle, drain it off, and use the clear liquid. Put the eggs and lime water in earthenware crocks, and not in galvanized pails or cans, and keep in a cool place but not in freezing temperatures.

## A STRAIGHT LINE MARK OF SUCCESS

Notice the clothing of the most successful man you know!

You'll see that the crease of his trousers runs in an unbroken straight line from his waist to his instep. There's no bagginess at the knees of the trousers of successful men!

If you want to be successful, you must look successful. Careless, wrinkled clothes, baggy knees, keep you from getting the money you are really worth.

We can help you look successful. With our modern cleaning and pressing equipment, we can make your clothing fit and look like new—give your trousers a lasting "straight-line" crease. Phone us today; we'll send for your suit at once.

## BAPTIST CHURCH

Last Sunday night, May 26th—who is there among us who can ever forget that hour? The blessed Holy Spirit took complete charge of the entire service. Jacobs ladder came down and finite man had sweet fellowship with an Infinite God. The pastor spoke on, "The Revelation of the Anti Christ and the setting up of the Kingdom." One came by statement. One glorious and happy conversion, joining for baptism. God continues to bless. Pray on. We now have four candidates awaiting baptism in the name of the Triune God. Next Sun-

day night, June 2nd, the theme will be, "The Meeting in the Air." What a meeting that will be! Come to our Sunday School, 9:45. You will receive a smile, a royal welcome, and soul food. Baptizing after evening service. —ROY A. KEMP, Pastor.

After an apple pie is baked, lay thin slices of cheese over the top, and put in a very moderate oven until the cheese is melted. Serve at once while the cheese is warm.

## For 9 Years Gas Ruined Her Sleep

"Due to stomach gas I was restless and nervous for 9 years. Adlerika has helped me so that now I eat and sleep good."—Mrs. E. Touchstone.

Just ONE spoonful Adlerika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adlerika will surprise you.

## LON'S CAFE

Lon Campbell, Prop.

Horsemen do not agree as to when the horse should be watered before, during, or after feeding—so take your choice. It is important, however, that he be watered at regular periods, frequent changing from one place to another will affect the animal's appetite. A horse needs from 10 to 15 gallons of pure water daily.

## There's always something NEW under the sun!

The old adage to the contrary, Littlefield is always turning out something new. It's just that kind of town—never satisfied with the old things.

This week it is J. T. Bellomy who has erected a sheet iron domestic range, the real estate, across the Santa Fe twin rails, formerly occupied by the Porcher lumber yard, and installed it an overgrown J B feed grinder. It thoroughly masticates about four tons of home grown feed every 60 minutes of turning around. And, you ought to see that baby mastedan around—fact is, you jes' can't, even with a microscope nor a baby scope nor a stethoscope nor any other kind of scope—it travels two durs for finite eyes to lamp it.

Every day it is whirling around now, turning out feed for the best crops of pigs, calves and baby chickens growing into increased bank accounts for their owners, who now mix their feed in proper proportions for the quickest growth and development.

QUINTON, competent son of J. T. B., is the chief officiating functionary of the new manufactory, and extends a cordial invitation to all feeders to visit the new establishment.
