No. 23

DORMITORY OF LITTLEFIELD COLLEGE BURNED SATURDAY NIGHT; SHORTAGE OF WATER MADE FIRE DEPT HELPLESS

Littlefield citizens were greatly shocked Saturday night when the fire alarm blew and it was discovered that the boys dormitory at the Littlefield college was on fire.

A run with the fire engine was quickly made to the scene of conflagration, but it was discovered that no water other than a small line had ever been piped out to the campus ground, and the fire had gained too much headway to put out with chemicals. Nothing could be done but stand by helplessly and watch the structure burn.

The value of the building is estimated at about \$25,000, which was about half covered with insurance. The fire is supposed to have originated from oily rags inside the building, which had been carelessly left by workmen in a condition to produce spontaneous combustion.

It was stated by President Freeman that the fire loss would not interfere with the opening of the fall term as per schedule, and that school would be called September 25th, as originally planned. Meanwhile temporary arrangements will be made for taking care of the boys in some other manner.

WILL ROGERS TO TALK TO READERS OF LEADER

Will Roger's Anti-Bunk Party will give the readers of this newspaper many laughs during the coming weeks.

In this issue we are starting to publish the campaign announcements of the world famous humorist Will Rogers, who is running for President on an Anti-Bunk ticket.

These screamingly funny articles are going to be intensely interesting, and the Leader is glad to furnish them to its readers. It is always the policy of this paper to give its readers the best possible, and the adding of the Will Rogers feature will be welcomed by many who heretofore have been reading them only in the large daily papers.

Rogers is a rollicking, gay fellow, whose writings you will thoroughly enjoy. His article will appear weekly on the editorial page of this newspaper.

RABBIT RACES TO FEATURE THE FAIR HELD AT LUBBOCK

Lubbock, Sept. 18.—Rabbit races will be staged during the entire six days of the Panhandle South Plains Fair, October 1 to 6 inclusive, directors of the fair association decided at a meeting Saturday.

The races will be one of the principal entertaining features of the fair and will be staged instead of football games this year.

Reports from the north and east where coursing meets are being held indicate that rabbit racing is literally "taking" the country and the fair association in an effort to live true to the purpose of the fair, that of offering the new, the novel, the popular, have decided to try the new sport out this year and see if it proves popular here.

About \$450 in added money will be offered in addition to the entries that will be awarded to the dogs that win each round.

Entry blanks are being mailed out by A. B. Davis, manager of the fair and all dog owners are invited to write for blanks in case they do not receive same.

In addition to the rabbit racing, the Thearle Duffield Fire Works Company will offer a fire work's display each night, the Bacardie Trio, who offer clowning in perilous pranks, the Four Aerial Lorenzos, who perform dazzling feats of skill and bravery on a 110-foot apparatus the highest in existence without a net below, Will Morris, the cycling comedian and other free acts will perform twice daily.

It's a wise worm that stays under cover and deprives the early bird of his breakfast.

Now that trans-oceanic telephone communication is possible, the operators will be giving us the wrong country instead of the wrong number!

Makes Prehistoric Find

Roy Chapman Andrews, head of a recent Asiatic expedition, sent word from Peking, China, that he and his party have unearthed the skeletons of a prehistoric monster indicating the existence of an animal about the size of the Woolly-moth Building if the building were in a horizontal position. The Woolly-moth Building in New York is 792 feet high.

NEW PIPE ORGAN INSTALLED IN THE EL PASO CATHEDRAL

E. A. Wells, 33rd degree Mason and registrar of the Scottish Rite Cathedral, accompanied by N. P. Watts, his assistant, were in Littlefield the later part of last week in the interest of the 46th semi-annual reunion to be held in El Paso October 22 to 25.

While here they met several of the Littlefield Masons, some of whom signified a desire to take the higher degrees of this order at the coming reunion.

Mr. Wells stated that the new Estey pipe organ would be installed in time for the coming meeting and would be used in the conferring of degrees. This is one of the finest organs in the west. In addition to the 1,528 speaking tubes, it will be equipped with a complete set of cathedral chimes and a large concert harp. It will embody all the latest improvements, have two consoles, one a three manual and the other with two.

The annual meeting of the Eastern Star will be held in El Paso at the same time, and it is anticipated that several Masons with their wives from here will be in attendance.

SHERIFF'S DEPT MAKE ARRESTS AND GET MUCH WHISKEY

Wednesday night of last week Sheriff Len Irvin and Deputy Walraven captured 60 quarts of alcohol and a copper still on a farm near Pop, taking into custody a man giving the name of "Demil." He was released on \$1,000 bond for appearance at District court.

Last Sunday morning about four o'clock, Irvin and son, Driskil, and Deputy Walraven took into custody Jake Adams and Okley McGill, also securing five gallons of corn whiskey. The arrest was made in the Sand Hills about five miles south of Olton, several shots from the sheriff's 45 being necessary to bring the retreating car to a stop before arrest could be made, according to Irvin. Both men made bonds in the sum of \$1,000 each.

Adams was arrested about three weeks ago, at which time the officers secured about 68 half-gallon jars of whiskey. Walraven stated that in the last arrest about five gallons of whiskey was destroyed before the car was overtaken.

MUELLER-DILLON

Announcements are out for the wedding of Hubert Mueller, of Littlefield to Miss Pearl Lillian Beemer, of Dillon, Kansas, which took place at the home of the bride Tuesday, September 18.

The newly weds will be at home on Mr. Mueller's farm after October 1.

Getting Ready for the World's Series

By Albert T. Reid

MOMENTEERS vs. VISIONEERS

CONFIDENCE is the Great Builder. It is the dynamic force which penetrates mountains, breathes life into desert places and sends the human voice riding winds of the universe toward the stars. It is the pulse of achievement and the glory of ambition.

Confidence knows no moment. It measures its strength by long reaches of time. A single realization does not satisfy it; a single disappointment does not destroy it.

When the Santa Fe railroad company had its dream of shining rails through the prairies of this South Plains country it was justified in it only through confidence, through a faith more penetrating than the headlights of its engines which followed it; and in the face of discouragement and opposite opinion it laid its rails—and carried on!

Major Geo. W. Littlefield was of the same calibre—a man of vision when he laid out the now prosperous and growing little municipality that bears his name.

Since those days there have been thousands of men and women of similar calibre and vision—people of the sturdy pioneering spirit who have come hither in their demonstration of faith and confidence in the future of this country. They were not afraid to challenge the future, and the courage of their faith has been well proven by the marvelous changes of development transpiring through their energetic spirits.

It is the working of their active brains that have created these business enterprises. It is the throbbing of their anxious hearts that have reared these beautiful homes. It is the tramping of their energetic feet that have beat out our highways. It is the yearning of their better natures that have reared our schools and churches. It is the desire for the better things of life that turned the long ribbons of sod in the countryside and builded the homesteads where content reigns supreme.

The momenteer thinks everything should measure up to his expectations all the time, and complains if it does not. He has no place in the scheme of things here. The visioneer realizes that progress is a gradual upward movement filled with valleys and peaks, and that confidence and work are its motive power. That is the kind of folks who are making this country to "blossom as a rose."

The future of this country no one is sanguine enough to predict. It is so great, so promising and so challenging that only confidence and work are justified, and in practicing these virtues our rewards will exceed our fondest hopes.

THE LITTLEFIELD BAND WILL PLAY FOR RODEO THURS.

There will be plenty of band music in town on the day the Littlefield Lions beat the Fort Worth Cats, according to Director Lam, of the Littlefield band.

There will be a short concert on Main street before the game, after which the band will occupy space in the grandstand and entertain the fans throughout the nine innings.

Inasmuch as the local band has only been organized about six weeks the younger musicians will be assisted by players from the neighboring towns of Sudan and Amherst. With such an aggregation of Lamb county band men, the director expects to render some snappy music to the great crowd of people who will be in Littlefield during the celebration.

Much of the charity that begins abroad never reaches home.

The rising generation ought to patronize aviation schools.

PAVING ON MAIN STREET BEGUN BY CONSTRUCTION CO.

Actual work of laying the concrete in Littlefield's paving project began here Monday morning by the Dozier Construction Co.

The big paving machine doing the work has a capacity of 2,000 square yards per day, which means it could lay a complete block and one-third per day, if material could be fed to its capacity. It was stated by Mr. Dozier that they would probably lay about one block every three days, as they would be delayed somewhat in getting the gravel in from the quarry southwest of town. Following the laying of the concrete it will be allowed to season for 28 days before being opened for traffic.

All the curbs and guttering of the 14 blocks under contract have been laid, and as soon as Main street has been finished work of placing the paving on the intersecting streets will be started.

Mr. Dozier stated he expected to finish the job by December 1.

CO. FARM AGENT WOULD SAVE CHIX FROM ITS DISEASES

"It is surprising to note the amount of poultry and turkey flocks there are in Lamb county that are infected with the poultry diseases such as colds, roup, chicken pox, etc.," stated D. A. Adam, county agricultural agent.

"These diseases are easily controlled, and it is no value to these to take a big toll out of our poultry each year which in turn would mean money to farmer's pockets.

"It is estimated that 90 per cent of our poultry troubles in the Plains area are caused by a wormy condition among the flocks. Worms in their life cycle of work will lower very much the vitality of the chickens, and in return make them very susceptible to colds, which later will turn into roup, if not taken care of.

"A campaign is being carried on during the months of September and October, to try to rid this county of these diseases. They can be easily controlled, through worm expulsion methods, vaccination, and in many cases birds can be cured where they have severe cases of roup to begin with. Demonstrations are being held over the county by the county agent and anyone who has a flock so infected is asked to get in touch with the agent so that he might work with them on this problem.

"Make money by saving those valuable birds you have, and increase your egg production by having a good healthy hen, and have a better quality of poultry to market."

YOUNG BRINGS THE FIRST COTTON BALE TO LOCAL MARKET

Littlefield received its first bale of cotton Monday for the 1928 season, brought in by N. S. Young, residing on a farm in the Spade ranch.

The cotton was ginned by Ed Davanay, the bale weighing 490 pounds. It was purchased by F. M. Burleson, local cotton buyer, paying 16 1/2 cents per pound. A collection was also made up by local business men and given as a premium for the first bale delivery.

Mr. Young states he has 120 acres in cotton this year, all of which will average from one-half to three-quarters bale per acre.

The bale, including premium, brought \$174.91.

No other angler has ever been able to beat Jonah's fish story.

Sympathy is like blond hair; a lot of it isn't the real thing.

LFD. SCHOOLS SHOW INCREASED PUPILS OVER LAST YEAR

Beginning the 1928-29 term, the enrollment of the Littlefield schools is larger than ever before in its history, according to Superintendent E. M. Harrison. The first day of the enrollment there were 258 in the high school, 451 in the grammar grades, and 383 in the primary department, making a total of 1,092. The enrollment for the first week of last year was 239 in the high school, 380 in grammar grades, and 329 in primary department; a total of 948. At the close of the first week of school the enrollment had increased this year to 1,125.

It is a notable fact said Mr. Harrison, that 62 per cent of the pupils this year are coming from the country and being served by school trucks. This represents an increase of 12 per cent over last year, and gives further evidence of the increased settlement of the country surrounding Littlefield.

Some of the departments are very much crowded, said Mr. Harrison and two more teachers will probably have to be added. It is also stated that some of the trucks are badly crowded and may have to have additional service on some routes.

Up to the first of this week there were 35 pupils under seven years of age enrolled, paying \$2.50 per month tuition, according to legal requirements.

The Senior class in high school was organized last week with E. S. Rowe, Jr., president, and Miss Velma Hudgins, vice-president. Other classes are being organized this week.

It is stated that the outlook for athletics this year is better than for several years past.

100,000 GAL. TANK CONNECTED GIVING ADDITIONAL SUPPLY

Monday morning Water Superintendent H. J. Gibbs and his crew of workmen connected in the new 100,000 gallon water reservoir recently completed by Albert Neunschwander.

For several months past the city has been seriously handicapped in its water supply, the rapid growth of the city with its attending increase of water used taxing the department and rendering the quantity entirely inadequate for fire fighting purposes. Now, it is stated, there is a sufficiency for all purposes required.

The new well, dug a few months ago, has also been put on test, and is giving a supply of 100 gallons per minute right along, while the big 500 gallon booster pump fills the 75,000 gallon tower tank in quick time. With all three wells pumping now, it is stated the 100,000 gallon reservoir can be filled in three hours and 20 minutes.

For fire fighting purposes a maximum of 65 pounds pressure may now constantly be maintained and more lines of hose be used in case of conflagration.

PORTER TAKES STATION

A. L. Porter and son have taken over the Highway service station, located at the foot of Main street.

Mr. Porter states they expect to furnish the very greatest courtesy and highest possible class of service to their customers.

On Peace Mission

Secretary of State Kellogg en route to Paris, where he is to sign the Renunciation of War Treaty, Secretary Kellogg is a leading factor in the growing movement for world peace.

Spade Community

Farmers are now arranging for their grain harvest.

The cotton worms are doing no damage in our community.

Ode Russell and wife went to Lubbock last Thursday.

Mr. and Mrs. Mansell were dinner guests at the Darby home, Sunday.

Mr. and Mrs. Marshall Blewitt were Sunday visitors at D. H. Allen's.

L. Ballard, of Houston, was here last week visiting the Tinsleys.

Floyd Dyer and Wm. Lackey were in Lubbock, Manday on business.

L. A. Jones and family from Colorado are visiting Ode Russell and wife.

W. S. Collins, of Colorado City, is visiting his sister, Mrs. Stewart.

T. C. Honea is contemplating a trip to South Texas in the near future.

Richard and Margaret McGavock took the six o'clock train at Littlefield, Sunday evening for Phoenix, Ariz.

Bro. Kirk filled his regular appointment here the second Sunday. He was entertained to dinner in the Mansell's home.

A number from here attended the singing at the high school auditorium in Littlefield Sunday afternoon.

Mrs. T. C. Smith and children from Houston, were here a few days last week visiting her aunt, Mrs. Tinsley.

Mr. and Mrs. W. A. Fitch had as their guest this week, a nephew and his bride from South Texas.

Mrs. J. W. Hawkins accompanied her son and his family on their return to their home in Bisbee, Arizona for an indefinite visit.

Rev. Joe Wilkerson, of Oklahoma, who has been visiting friends at Su-

dan, came by and spent Sunday with his sister, Mrs. Ike Rowe.

The Holiness meeting at this place closed Sunday night. Rev. Green left for Alamogordo, New Mexico and Rev. Russell will go to Littlefield to help in a meeting there.

Wedding Saturday

Mrs. Sylvia Wells and Otto Lindale were quietly married at the home of Mr. and Mrs. Wm. Adair, Saturday night at twelve o'clock.

After the wedding, ice cream was served to a few friends and relatives.

Builders Club Meeting

The Home Builders club met with Mrs. S. E. Darby Wednesday afternoon with quite a number present.

The business of the club was introduced by a song, Bible reading and prayer. Three new members were taken into the club: Mrs. D. H. Allen, Mrs. Floyd Dyer and Mrs. Tinsley.

Mrs. S. E. Darby rendered a beautiful solo, followed by an interesting reading by Miss Maggie Branner.

Delicious fruit salad, cake and punch was served by the hostess.

All spent an enjoyable afternoon. The club will meet with Mrs. W. W. Barbarick, Sept. 26th.

JUNIORS ORGANIZE

The Junior Class of 1928 met in the High School auditorium last Friday and elected officers for the coming term.

They are as follows: President, W. B. Phipps, jr.; vice-president, Fern Thornton; secretary-treasurer, J. R. Eagan; reporter, Norma Lee Gattis; sponsor, Miss Mary Louise Thaxton.

The Junior class is very proud of their officers and feel that they will do their utmost in making this class the best Junior class that Littlefield High school has ever had. We believe that our entire class will stand by our school in anything we undertake.—Reporter.

HONOR NEAR OCTOGENARIANS

Mrs. Maude Foster was hostess Saturday with a dinner in honor of her father's 77th birthday and Mr. Whisenant's sister, Mrs. John McKnight, of McCombs, who is 73 years old.

The dining room was decorated with cut flowers of Dahlias and Zinnias. The color scheme of pink and white with 77 pink candles on it was carried to the table.

The hostess served a five course dinner to Mr. and Mrs. J. M. Moore of Amherst, Mr. and Mrs. T. M. Springer, Mr. and Mrs. Charles Touchon, Mr. and Mrs. Leas Barker, W. H. Roberts, Mrs. J. C. Whisenant, the honorees Mrs. John McKnight and J. C. Whisenant.

JUNIOR ENDEAVOR, SEPT. 23

Subject, "Building the Temple of the Body."

Scripture lesson, Cor. 3:16,17. Roll Call.

Leader, Joe Billy Ellis; leaders talk, Clippings. Building the wall. Sentence prayers, song, benediction.

WELLS OF DALLAS TO PREACH OPENING SERMON AT THE TECH

Lubbock, Texas, Sept. 18.—The opening sermon for Texas Technological College for the current year will be delivered by Dr. L. N. D. Wells, pastor of the East Dallas Christian church. The churches of Lubbock join in this annual service which will be held in the College Gymnasium September 30 at eight o'clock.

ROTARY CLUB MEET

The Rotary Club met Thursday at noon in their weekly luncheon, with 17 members and two visitors present. The visitors were Mr. and Mrs. Blankenship, who sang two beautiful songs.

Dr. C. C. Clements had charge of the program.

The members of the Rotary club will entertain the base ball boys with a dinner Thursday.

SINGING CONVENTION HERE

A singing convention met Sunday afternoon at the High school building. Five counties were represented and quartets from Lovelland, Anton,

Lums Chapel and Witharraz were the outstanding features of the program.

It was reported to be one of the best singings ever held in this part of the state. The auditorium was crowded and all standing room taken.

The next meeting will be held the first Sunday in October, at Lums Chapel.

Plenty of MONEY To Loan!

I make loans on Improved Farms at 50 per cent of their value. Our loan limit, so far, is \$60.00 per acre on farms, and city property, based on it's actual value. I will take up and extend Vendor's Lien notes or loan you money to help build a home. Our plan of payment is easier than rent. If you need money to put over any legitimate proposition I will be glad to discuss it with you.

LITTLEFIELD BAND ELECTS OFFICERS AND IS PROGRESSING IN FINE MANNER; NEW MEMBERS FOR CLARINETS WANTED

Although it will be several weeks before the Littlefield band can put on professional airs and play a public concert, the embryo musicians who make up the greater part of the organization are making remarkable progress, according to Conrad R. Lam, director of the band.

Rehearsals are being held regularly every Monday and Thursday even-

ings in one of the large classrooms of the Baptist church. In addition to this practice, each beginner is receiving private instruction on his particular instrument at some time during the day of the rehearsal. With this rigorous training the members are expected to rapidly acquire enough musical knowledge to enable them to "sit in" with the band.

The director announces that he is desirous of obtaining a number of other players, irardless of their musical experience. Beginners are especially urged to take up the study of the clarinet, as the other sections are very well filled.

At an early date, the band perfected a definite organization and elected officers. T. H. Buckingham, young business man of this city, is president. The secretarial affairs of the band are handled by Gus Davis, of the Cameron Lumber Company. At present, the band is being almost entirely supported by individual donations each month by the progressive citizens of Littlefield. Thus, the only expense to the members is the pur-

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults—White's Cream Vermifuge, which you can get at Stokes & Alexander Drug Company.

chase of an instrument, and a few cents a month for music. It is readily seen that those who have often wished that they could be "on the band wagon" and "toot a horn" should avail themselves of this excellent opportunity to learn to play the instrument of their choice.

ROSH HASHONAH IS CELEBRATED (?) IN LFD. BY HEBREWS

—FICTION—

Elaborate ceremonies were held at the orthodox Jewish synagogue located on Mount Pisgah in the northern part of Littlefield, by local Hebrews last Saturday, in celebration of Rosh Hashonah, the Jewish New Year. All Jewish business concerns were closed for the day, and it is unofficially estimated that 150 Jewish families, all residents of this growing municipality participated in the fitting observance of this 5,681st year of the earth's existence.

The period, Tisri 1-10 also includes the fast of Guadaliah, culminating in Yom Kippur, the solemn day of atonement, according to ancient custom.

According to one local Hebrew, who is especially noted for his religious fervor, the world will exist 311 years longer, during which time all unfinished business must be completed and all interest on outstanding indebtedness duly collected.

However, it is pointed out by a local protestant minister that the Jewish record is incorrect, science having proven to the contrary. He says, "This little earth has existed for hundreds of millions of years and in all probabilities will continue to sail around the sun, warm and comfortable, for hundreds of millions of years longer."

Nevertheless, the Jews strong in the faith of their fathers, whether circumcised or not, adhere tenaciously to the Jerusalem creed much in vogue 2,000 years ago.

The first issue of the Panhandle-Plains Historical Review published by the Panhandle-Plains Historical Society at Plainview has been issued and distributed to the members of the association. Many interesting articles fill the book.

County Agent Saves Flock of Poultry for E. E. Ivy Near Sudan

The flock of E. E. Ivy, 3 miles south of Sudan, was severely infected with colds and roup, and also, a heavy infestation of worms prevailed throughout the flock. Last Tuesday under the supervision of D. A. Adam, county agent, assisted by R. J. Newton, vocational agriculture teacher, and W. H. Weimhold of the Sudan News, a demonstration was held and the entire flock gone over.

Each bird was single dosed with capsules for worm expulsion, and then given a dose of mixed Bacterin Avian for further prevention of more colds, roup, etc. Mr. Ivy's turkey flock was in exceedingly bad shape from roup and colds, and appeared that if something was not done quite a few of these would be lost from death in a few days. These were also treated, but both doses were doubled for the turkeys. Upon making a visit to the farm of Mr. Ivy last Friday, the county agent found all of these birds active, and feeding on everything they could find edible, and up until that time there was not a single loss in the whole flock. The rumpy heads, and cloudy eyes have cleared up and the flock is well on the road to recovery. The average cost for doing this work to Mr. Ivy's birds was an average of three cents a bird for turkeys and all. So one can see that at this small cost that is possible for every farmer in the county to put his flock in a healthy condition, and this amount will be easily paid back through increased egg production, and good healthy birds for the market this fall.

WHAT IS DOING IN WEST TEXAS

Plans are being made in Big Springs to experiment with methods of oiling gravel road. If the method proves practicable on a short stretch its extensive use will be considered.

Snyder shipped 400 cases of eggs, or 1200 dozen to Havana, Cuba, recently. This is considered the earliest shipment of eggs ever shipped from the county, shipment usually starting in January.

Coleman is starting a home beautification project which, when completed, will include a boulevard entirely circling the city. Two parks and the site for a new park recently donated by an interested citizen will be given attention.

Gas was turned into the mains in Lamesa from the Amarillo oil fields last week. Demonstration of new stoves for the new fuel has been the order of the day since, with the result that a number of people are buying stoves before cold weather.

The \$300,000 education building at the West Texas State Teachers college is to have the most modern of equipment for the teaching of grade and high school students. It is to be dedicated with a special ceremony October 19.

The Electra Chamber of Commerce has sponsored a road to tap the virgin trade territory in the oil district. It acquired the deed, secured the field notes and started the work on the road which will be twelve miles long.

Work on the Muleshoe gin is being rushed in order that all of this seasons crop will be handled. New machinery is being installed and the plant will be modern in every respect.

A BASIC PRINCIPAL WELL STATED BY THE PRESIDENT

"Society requires certain public activities," said President Coolidge recently, "like highways and drainage, which are used in common, and can be provided by the government. But in general the country is best served through the competition of private enterprise. If the people are to remain politically free, they must be economically free. Their only hope in that direction is for them to keep their own business in their own hands."

TECH. FACILITIES INCREASED

Lubbock, Sept. 18.—Concerning a report that the Tech college will be overrun with students this fall, President Paul W. Horn states such report is not true.

"We expect a large increase in enrollment," he said, "but our buildings and faculty have both been increased to take care of it adequately. Also, there are increased facilities for board and rooms."

A parking place is where you leave the car to have some more dents put in the fender.

The price of liberty is eternal vigilance—and it is always payable in advance.

Week after week and month after month the Bigger and Better Chevrolet has swept on to greater and greater heights of popularity—until today it stands acknowledged everywhere as first choice of the nation for 1928!

Never has any Chevrolet enjoyed such overwhelming public acceptance—for never has any low-priced car provided such an outstanding combination of distinctive beauty, thrilling performance and amazing economy!

Its beautiful bodies by Fisher—long, low and racy, and finished in colors that reveal to-day's mode for smartness and individuality—are far in advance of accepted standards in the field of low-priced cars. Inside

and out they prove anew that Fisher craftsmanship is a thing apart.

But Chevrolet performance is no less impressive than Chevrolet beauty and style. Never before was a low-priced car so easy to handle—for the steering mechanism is fitted with ball bearings throughout... the clutch and gear-shift lever respond to the slightest touch... and big non-locking 4-wheel brakes give a measure of braking control that is more than equal to every occasion.

Come in and see the car that has won the approval of more than three-quarters of a million buyers since January 1st. Learn for yourself why it is scoring the greatest success of this great automotive year!

QUALITY AT LOW COST

Courtesy of the Domestic Science Department, Perfection Stove Company

MR. BALDWIN could never be sure, when he came home at night, that he wouldn't find himself going to bed in the top drawer of his dresser, or locating—with his bare shins—the piano in a place far removed from its morning location. This habit Mrs. Baldwin had of moving the furniture may have been one reason for his opposing so violently any changing or remodeling of their house. Man-like, he saw it as it had looked some years before, when they had first built it. And, though it grew shabbier, dingier and more out-of-date every day, Mr. Baldwin could see nothing wrong with it. "You're always wanting to change something," he would say. "This house is good enough for anybody!"

It was distinctly unwise, therefore, for Mr. Baldwin to give his wife money for a birthday present, just before he went away on a two-weeks' trip. For, upon his return, he was ushered into a kitchen so bright, so cheery, so exceedingly pretty, that it put the rest of the house to shame. And Mrs. Baldwin knew, before he told her, that the other rooms soon would follow the example of her lovely kitchen.

"You girls will think I've tried to be intensely patriotic," she phoned the members of the Kitchen Club. "But I want you to come and see my red, white and blue kitchen, just the same. I wasn't flag-waving, but just trying to get as far from my old brown walls and black stove and golden oak furniture as possible!"

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

Mrs. Baldwin's kitchen is bright, and so pretty! Linoleum floor in dark red-brick effect; walls, light gray; tables, chairs, cabinets, refrigerator, etc., white with a stenciled design of dark blue and red; white oil range; some pots and pans red, some blue, some white. Bright blue gingham curtains stenciled in red. Shelves white lined with blue.

A Rainy Day Play Room

Mrs. Smith, who has a house full of children, adapted several of our Kitchen Club ideas to make a rainy-day play room out of her kitchen. She has the blackboard, the washable oil cloth walls (not all the way up the walls, but as high as the children can reach), the breakfast nook on which they can cut out and paste, the plain brown linoleum floor which they can mark up with chalk for their marble games, and the yellow curtains for "sunshine." She even lets them use the oil stove, she says; for it is perfectly safe. It has automatic wick stops that keep the flame from going too high or too low; it is solidly built; and it is finished in porcelain enamel, so that if they get it dirty, it can be easily cleaned.

Mrs. Smith keeps some of the children's games and books put away for rainy day use. Old magazines are kept for the "paper dolls" and brought out only on rainy days.

New Table Finish

Jane brought us a good idea from a tea shop she patronizes in town. She had noticed that the tables were richer and much more interesting in color than ordinary ones. And upon investigation she saw that bright-colored linoleum in a beautiful pattern had been fastened down on them. (This can be done either with tacks or with cement.) Plain white or solid-colored dotlies were used.

A New Way To Make French Dressing

Use tomato juice instead of lemon or vinegar in your French dressing, for a new, delightful flavor. Measurements as follows:
 1/4 cup of olive oil
 1/4 cup of strained tomato juice
 1/2 teaspoon of salt
 Pepper and paprika to taste
 1/4 teaspoon of sugar added is pleasing to most tastes.
 Mix dry ingredients. Put into bowl with tomato juice and oil. Beat vigorously. If allowed to stand, beat again before serving.

Snowballs

Bake shallow cup cakes. (Almost any cake recipe can be used for this, putting in a little less flour than is called for.) Scoop out the tops and fill with custard. Put two together, top to top. Cover with soft icing and fresh coconut.

The Clothes One Wears Important Factor In Their Success Declares Economist

College Station, Texas, Sept. 18.—What are your clothes doing for you? Do they determine where you go, how much you invite company to your home, whether you attend church and where, how much you eat and drink, how large your checking account is at the bank? They may determine many of these things and others as well, Miss Mamie Grimes, clothing specialist of the Experiment Station, A. & M. College of Texas, declared in a talk before the girls' group at the nineteenth annual Farmers Short Course here.

Clothes are a vital part of the people and present a problem from which there seems no escape chiefly because of what for lack of a better term we call "clothes consciousness," the specialist said. People are never able to forget for any appreciable length of time the presence or lack of clothing.

Clothing has been given many definitions, Miss Grimes continued. "It is called the artificial skin. It is that which is between us and the rest of the world. It is, in spite of all we may say to the contrary, a part of us and forms a problem from which there is no escape."

"Clothes were first worn by our ancestors, either as a protection, for ornamentation or for the sake of modesty. At present our chief motive for the use of clothes is that of

habit or custom. Present styles indicate that our purpose is no longer solely that of modesty. Clothes always reflect the spirit of the age. Present day dress is for a busy, active people."

Clothes have much to do with the mental attitude, Miss Grimes said. "When felling blue, try dressing up in your favorite dress," she advised the girls. "When you feel it doesn't matter what you wear or how you look, take particular care with your dressing and see if it doesn't help." It is often possible to change mental attitude by merely changing costume, the specialist said.

"The materials of which your clothes are made and their style or manner of cut have a decided psychological effect upon us. Silks, which are thin, light, easily flowing, give us grace, ease of motion and comfort. On the other hand, heavy ceremonial silks, such as those which 'stood alone' in grandmother's day, give us restraint and dignity. Colors, too have their own effects, both physical and mental on the wearer and observer."

"Clothes of improper fit and selection may ruin an otherwise good disposition. Few of us are so constructed that we can entirely forget our clothes. They are even of such importance to us that so small a thing as a hole in a stocking may spoil an evening's pleasure."

YEAR 'ROUND SYSTEM OF CULLING THE POULTRY FLOCK ADVISED BY EXPERT

College Station, Texas, Sept. 18.—The year 'round system of culling the poultry flock, that is, culling four times a year, is a practical method of getting a check on production since it will indicate what hens are laying during each season of the year even if it is not known the exact number of eggs produced, E. N. Holmgreen, poultry husbandman, Extension Service, A. & M. college of Texas, said in a recent talk before a group of poultry growers gathered here.

This culling should be carried on in the fall, winter, spring, and summer, the speaker added. At each culling the layers should be banded with a

leg band of different color while the non-layers and other culls are not banded. In this manner each time the flock is culled the layers are given a good mark in the form of a leg band. "With a year 'round system of culling the farm flock will come the Texas 'Four Band Hen,' the only hen that can be profitable with low priced eggs, because she will be an all season layer."

One thousand Texas farmers reporting on egg production placed their average for the year from 120 to 137 eggs to the hen, Mr. Holmgreen said. "While this flock average is not particularly high," he said, "it is much

higher than the state average of around 70, and it represents the additional eggs that mean the difference between profit and loss. Anyone who wants to reach this, or a still higher average will have to follow, as these poultrymen did, some method of removing the poor layer from the flock."

Records of county agents show that in 1926 were 12,512 farmers in 137 counties of the state who culled 347,261 chickens and removed 102,655 non-profitable hens, Holmgreen said. These figures, he added, represent only those who reported culling their flocks and only 137 of the 254 counties of the state. "While there is no way to check positively the actual number of farmers who did this work, it would be conservative to say that ten times as many as reported actually culled their flocks."

LUBBOCK PREACHER IN BAYLOR DRIVE FOR MONSTER FUND

Waco, Texas, Sept. 18.—Rev. W. R. White, of Lubbock, has accepted the chairmanship of the Lubbock association to promote the Greater Baylor University campaign for \$2,000,000 in the state at large. He, in turn, will appoint city and church chairmen to perfect organization in that section.

Carr P. Collins, of Dallas, outstanding Baptist layman and campaign worker declared here today that the Greater Baylor campaign was the most outstanding and significant effort ever put forth by Texas Baptists.

A district conference launches each sectional campaign and paves the way for the popular campaign from Nov. 23rd, to Dec. 4th. All workers in each district will attend an all-day conference followed by a great mass meeting in the evening.

Baylor is the oldest educational in-

Every Woman Knows

Every woman knows how easy it is to burn or scald herself while working in her home. Every woman knows that these burns and scalds are painful and sometimes very slow to heal. Every woman should know that the pain of burns and scalds will be quickly relieved, infection positively prevented and speedy healing assured if Liquid Borozone is instantly applied. Get a bottle of Liquid Borozone and keep it handy in your medicine cabinet. Sold by Stokes & Alexander Drug Company.

new kind of oil range now in town!

HOME ECONOMICS DEPT SHOWS A BIG INCREASE

Considerable increased interest is being manifested in the Home Economics department of the Littlefield schools this year, according to Mrs. M. Brittain, teacher who, because of the large number of applicants for this work has had to organize three first year classes. There is also a second year class. The school has equipment for 16 pupils, and there are 64 taking the work, she said. On account of the increased numbers, some of the work has been combined and recitation and work periods changed from that of last year.

Mrs. Brittain states her department already crowded for space, has had to relinquish some of it to other classes. She is very anxious for a separate building for her department and application may be made to the Board for assistance and relief.

Part of the salary of the Home Economics teacher is paid by the state and federal government.

BAPTIST W. M. U.

Tuesday afternoon at the church the W. M. U. held a business meeting. Plans were discussed for the winter work.

Mrs. G. G. Shirley is the new president for the year, Mrs. J. G. Berryman, vice-president; Mrs. Otha Key secretary-treasurer.

The W. M. U. has been divided into three circles. If you are a member of the church you are a member of the W. M. U. Help make the union this year a real victory by finding your place in your circle.

Next week the W. M. U. will observe the September "Week of Prayer," meeting at the home of Mrs. L. W. Jordan each afternoon at 3:30. Everyone is invited.—Reporter.

HILLIARD HEADS COMMERCIAL BODY FOR COMING YEAR

There were about 75 people who enjoyed the banquet and annual meeting of the Littlefield Chamber of Commerce held Tuesday night.

T. S. Sales, vice-president, was toastmaster, and presided in a very happy and efficient manner. The menu was furnished by the ladies of the Methodist church, and was all that could be asked for.

Addresses were made by President John R. Freeman and Dean Burk, of the Littlefield college, County Agent D. A. Adams, Rev. Dvorak, Catholic priest, Rev. Geo. Turrentine, Metho-

dist minister, Mr. Howell, of Enochs, and others.

Officers elected for the coming year were as follows:

J. S. Hilliard, president; J. T. Elms, vice-president; E. S. Rowe, Sam Rumbach, R. E. McCaskill, J. E. Barnes, Van Clark, F. M. Burleson, F. G. Sadler and Mr. Thaxton, directors.

All speakers and officers present were very optimistic in their addresses, speaking favorably of the bright outlook for future growth and development and of the advantages of a commercial organization here. It was the consensus of opinion that there was much to be accomplished through the Chamber of Commerce, many stating their desire to do their part.

METHODIST MISSIONARY

The Methodist ladies met Monday afternoon at the Methodist church at three o'clock in their regular meeting and study.

Mrs. G. S. Glenn had charge of the program from the study book, and was assisted by Mrs. B. L. Cogdill, Mrs. A. G. Hemphill, Mrs. Lakey, Mrs. Luther Hargrove and Mrs. Van Clark.

The following members of the missionary society were present:

Mrs. E. H. Williams, A. G. Hemphill, George Turrentine, M. D. Thaxton, W. C. Thaxton, R. A. Davis, B. L. Cogdill, Luther Hargrove, Harvey Richards, Lakey, H. B. Teal, M. P. Reid, Luther Kirk, Carl Arnold, Griffey, Fonda, G. S. Glenn and Van Clark.

BIRTHDAY ANNIVERSARY

Last Friday evening at the home of her parents, Louise Baird celebrated her 12th birthday with a number of her friends present.

After several games were played Mrs. O. G. Lichte assisted Mrs. C. A. Baird in serving dainty refreshments to Emma Frances Weatherly, Buddie Louise Linnabea Thornton, Winifred Bruce Crow, Freda Charles Bills, Inez Jackson, Maurine Harvey, Marie Anderson, Ruth Pumphrey, Jocelyn Lambert, Edna Bell Gillette, Dorothy Newgent, Mary Helen Harris, Junior Anderson, and H. C. Pumphrey.

BABE DIED SUNDAY

Clarence K., three months old baby of Mr. and Mrs. Clarence Weathers, died Sunday morning, September 16, at a Lubbock sanitarium.

Mr. and Mrs. Weathers were here from Brownfield visiting his parents Mr. and Mrs. W. C. Weathers, when the baby took sick. They carried it to a sanitarium in Lubbock, where it died from stomach trouble.

Interment took place Monday afternoon at the Littlefield cemetery with Rev. George Turrentine in charge of the services and Burleson and Mason Undertaking Co., in charge of the funeral arrangements.

A blind man regained his sight in the chair of a barber shop while getting a massage. Male vanity being what it is, we guess the miracle was accomplished through the sheer intensity of his desire to see himself "pret-tied up."

DOCTOR FRANK CRANE SAYS

THE BLACK SHEEP

A woman has written to me, wanting to know what to do in the case of her son. She says he won't go to school, he won't do useful work and tends generally to consort with dissolute companions.

I may as well confess right now that I cannot answer her question. I know all the arguments about love and kind treatment and psychology study and patience and so on, and I know also that there are cases that none of these things fit.

I do not suppose there is one family among my readers unable to confess to some sort of black sheep; some boy or girl that persists in going wrong in spite of everything.

Much is said of preachers' sons who turn out badly and the implication is that they have been treated too strictly in their youth, so that in later years they rebel.

Some say that children should be carefully disciplined and rigidly instructed, but such children have not always done so well in later years.

In fact I have known the children of utterly loose and careless parents to turn out to be strict models of propriety, and others who have had every advantage of favorable environment go swiftly to the dogs.

Some say that children should be given their freedom and allowed to do as they please, but that does not always work.

You may talk about your heredity and about a child inheriting the bad traits of his grand uncle and about environment and about the whole trouble with children being that they are not properly disciplined. All this is very interesting reading. But the fact remains that the irresponsible and wayward sheep is in almost every family of my acquaintance.

Not long ago a prominent banker showed me a letter he had from his son, telling him that if he did not receive some money immediately he would commit suicide. The reply of the banker may not have been judicious, but it was interesting. He said to his son, "I have no money to send you, but don't let that deter you."

AUXILIARY MEETING

Tuesday afternoon Mrs. Chas. Barber and Mrs. Wynn entertained the ladies of the auxiliary at the home of the former.

The business session opened by prayer by Mrs. J. S. Hilliard. After a short session Mrs. A. P. Duggan led the devotional. Rev. Fulton then gave the lesson from the 5th chapter of the study book.

The hostesses then served dainty refreshments to the following members: Mrs. Doc Miller, Mrs. Harry Wiseman, Mrs. Underwood, Mrs. E. A. Bills, Mrs. J. S. Hilliard, Mrs. Cater, Mrs. A. P. Duggan, Mrs. Maynard V. Cobb, Mrs. Yohner, Mrs. Chas. Cook, Mrs. C. C. Clements, Mrs. Jess Mitchell, Mrs. W. G. Street, Mrs. W. O. Stockton, and Rev. Wm. Fulton.

Next week Mrs. Rombach will be hostess and Mrs. Cater leader.

JUNIOR LEAGUE FOR SEPT. 23

Leader, Lenna B. Thornton. Subject, "Building the Temple of the Body."

Hymn, Scripture, John 2:19, Sentence prayers, preparation by superintendent, leaders talk.

Talks by Juniors: Edna Bell Gillette, part one; Dorothy Newgent, Part two; Opal Griffey, Part three; Mildred Reed, Part four; Evelyn Hicks, Part five.

Last year 30,200 domestic customers were added to electric lines in Texas making a total of 491,990.

Somebody is always getting in the way of the man who is in the pursuit of happiness.

LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.
Subscription: \$1.50 per year; 75 cents for six months.
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

A THOUGHT FOR THE WEEK

Saul and Jonathan were lovely and pleasant in their lives, and in their death they were not divided.—2 Samuel 1:23.

Be slow to fall into friendship; but when thou art in, continue firm and constant.—Socrates.

TOO MUCH GOSSIP

Most people who have had experience with small-town life are familiar with the character known as the "Gossip." It need not necessarily be a lie that is whispered about—the tale-bearer may carry a true tale yet one which is as deadly as the bite of the rattlesnake. Malicious gossip has been responsible for more human sorrow and suffering than any other evil agent known to man.

There is a lot of loose talk indulged in by people in almost every town which is not slander exactly, but a sordid and unkindly sort of hinting which makes for cheapness of character and is responsible for the spreading of much unhappiness. A writer in the American Magazine offers a recipe for happiness in our smaller communities—and it is also worthy of application in the big cities—which with profit might be followed by the Littlefield man or woman whose heart is as shriveled as their tongue is sharp.

First, he says, one must possess a sense of humor, or make an effort to cultivate it. Other requirements for happiness in village, town or city neighborhood are tolerance, kindness, human interest, discretion, neighborliness, contentment, modesty and interest in work. "Bear no grudge if you want to be happy," says the writer. "Be slow to take offense; overlook much; and when it comes your turn to forgive, be a good forgiver."

All are very commendable and true. But the same recipe is to be found in a very old book, perhaps not too generally read in these days, but which is still available to those who would be happy in a village, a small town or a big city. It is called the Bible.

Another thing we can't understand is why if aviators must get lost, they pick on a cold place like the north pole.

WILDERNESS FOREVER

It gives both the pedestrian and motorist a thrill to learn that the government is setting aside in the national parks "wilderness areas" which will be accessible only to hikers and horseback riders. The motorist will be glad to find something besides hot-dog stands at the end of a journey; the pedestrian will be happy to be where he can't be hit by autos.

The first "wilderness area" has been staked off in Ranier National park. They are to be preserved in their natural state. No wagon or auto roads will be built; no tourist hotels to spoil the landscape. The wanderer can come in on foot or horseback, pitch his tent and rough it in earnest. The "wilderness areas" in Mt. Ranier have long been famous for their natural beauties. John Muir, one of the founders of our national park system, once described the spot as a perfect flower paradise, the richest of its kind he had ever seen.

The knowledge that modern civilization will never be permitted to encroach on this virgin territory and that other such areas are to be set aside at various points in the United States is good news to every Littlefield lover of outdoor life. There always will be a sanctuary to which a fellow can retire when the crowded

cities and towns commence to "get on his nerves."

A Chicago editor says that so far there hasn't been a bolt in either party—just a few loose nuts.

OUTLAWING WAR

We haven't heard much talk around Littlefield of the new pact, recently signed by more than a score of nations, seeking to abolish war. And yet it ought to be widely discussed. Its importance should stamp it as a topic of discussion on the streets here and everywhere.

The fact that the United States signed up with all the others to outlaw war, and that this country is really responsible for the agreement being drawn up, should make it of even more interest here than abroad. Yet it is the opposite, for they are talking of nothing else over there and we are discussing everything else over here.

Can it be possible that the average man doesn't believe that war can be averted? Or is it that we think electing someone to the presidency of the United States for four years is more important than the prevention of war?

Whatever the answer may be, the signing of the new peace pact ought to cause a lot of rejoicing, as we believe it is certain to do in the years to come when it is put to its first test.

A village used to be a wide place in the road. Now all the wide places in the road are filling stations.

IS IT A HUMBUG?

Will fakes never end or must we go on "biting" like the proverbial sucker at everything that is offered us as bait? Hardly do we get onto one fake scheme to separate us from our dimes and quarters until a new one bobs up.

Now comes a story from Salt Lake City, going the rounds of the press, to the effect that the quaintly designed caravans, built on auto bodies and plastered with license tags and curios and supposedly operated by World War veterans, are all a part of a gigantic "trust" which builds them and rents them to those who use them for the purpose of begging, or selling post-cards, as they travel about the country.

Some are built to represent log cabins on wheels, others like Noah's ark, still others like the prairie schooner of pioneer days. But all are said to belong to the same gang, and to be devoted solely to begging purposes and the dodging of license fees in communities where they stop to gather in the shekels.

It may or may not be true. We don't know. But if it is it is just one more bit of evidence that Barnum was right when he said the American people like to be humbugged.

The most surprising thing about Mussolini is that such a powerful man could have been raised on spaghetti.

THE RADIO SEASON

Although radio is only ten years old as a popular diversion it has already developed its peculiarities. One of them is that winter weather provides better conditions for transmission than summer.

Recent development has made the radio set as good now, in the hottest weather, as it used to be in winter time. But every "radio fan" around Littlefield knows there is something

that keeps his set from giving as satisfactory service in hot weather as in cold.

For that reason those who place much store in radio are not sorry that cooler weather is approaching. They are glad to see the return of fall and winter because it means far better radio reception, and naturally more and better entertainment at no increased cost.

LITTLE LEADERS

Our sympathy goes out to the Littlefield man who has to strain himself to live up to his wife's expectations.

The first of the month is one time when every Littlefield man ought to be tickled to death that he's not a bigamist.

If opportunity would wear a short skirt a good many Littlefield fellows would open the door quicker when she knocks.

Every now and then we come across a Littlefield man who appears to be trying to live so his neighbors will be glad to attend his funeral.

We never knew a Littlefield man who had any luck through picking up pins but we've seen a lot of trouble start through picking up little remarks.

So long as the average Littlefield man doesn't know whether Silesia is a country or a patent medicine what's the use in telling him that it is apt to bring about a war?

The old-fashioned Littlefield boy who used to be glad to help his mother wash the dishes for a penny now has a son who does most of his eating out of a can.

Older residents of Littlefield can remember when a dodger was a little printed circular instead of a fellow trying to get out of the way of an automobile.

JESS' JOSH

What has become of the old-fashioned boy who used to boast he could roll a cigarette with one hand?

A farmer on Oklahoma avenue says the cotton grower who is a good whistler doesn't worry much about the boll worms getting his crop.

A girl in Kansas advertised in her home newspaper for a husband, and got him. She paid the advertising bill, which was \$2.00, also for the wedding expenses, amounting to \$10. A year later her husband died leaving her a life insurance policy for \$12,000.

Who says advertising doesn't pay?

A Littlefield family was having a morning bracer not long ago.

"You can't hoe the garden with a golf club," the wife sounded off, with all the vehemence of her vocal organs.

"No, nor you can't hold down the grocery bill with a bridge hand," replied friend hubby, just as emphatically.

A woman on XIT Drive says "It's better to be satisfied with your friends as they are, than to be satisfied with yourself."

Gus Shaw, who has tried leaving Littlefield several times and never succeeded long at a time, says if he could get a "T-T" job on the road he might take it, otherwise he will remain with Carl Ellis this winter. When asked what a "T-T" job was he replied, "It's one of those jobs where a traveling man goes out on the road late Tuesday and gets back early Thursday."

"Missing Daughters to be Shown at Levelland," says a headline in the Hockley County News last week. We were in Levelland a few weeks ago and saw as beautiful bevy of girls as it ever was our pleasure to lamp our eyes over. We couldn't tell that any of them were missing, and what we would like to know is how they are going to show one that is missing.

Roswell has just passed an ordinance requiring carnivals to pay \$100 per day license to show in that town. It also carries a fine of \$200 on managers permitting gambling, immoral, or indecent conduct in connection with their shows. We would like to see Littlefield follow with an ordinance having similar teeth. They all claim to be regular Sunday school outfits, but we have yet to see the first one that lived up to its claims. Too many carnivals are like too many church revivals, they get to be a nuisance.

"It's wonderful how a baby brightens up a family," remarked a cit., on the street the first of the week.

"Yes," replied Jake Hopping. "We keep the lights burning at our house all night now."

WILL ROGERS SAYS:—

I was kinder disappointed in Al's speech of acceptance. I thought he was smarter than he is, I thought he would refuse.

Just think how much bigger man Al would have been if he had refused. If he gets elected he will be only one out of thirty that's held presidency. But if he had refused he'd be the first in history to do that—and probably the last.

A Democrat is naturally windier than a Republican. He is out of office more and he has more time to think up things to say. All a Republican has to say is "well I am in, try and get me out." While with a Democrat he has to say something that will get the Republican out and also that will get him in.

Al said he would take the nomina-

tion because "this is the country that had raised him from obscurity to the standard bearer of his party." Now Al didn't have any monopoly on obscurity at birth. There is awful few babies very well known at weaning time.

The part of his speech that kinder hit me was where he said that if he was elected he would have our government quit messing around down in Latin America. In other words if a Marine went sight-seeing he would have to pay his own way.

Al is honest about farm relief. He says he don't know a corn stalk from a jimson weed and that a tractor might be a mouth wash so far as he is concerned. All in all, Al did a mighty fine job of promising. Now I think my platform is more constructive. I will make mine up after I get in. Nobody knows what they might want by next March anyhow.

—WILL ROGERS.

A Farm IS A Factory

—and like a factory it should turn out a finished product every twenty-four hours.

The automobile manufacturer who ran his plant three months in the year would not survive his first annual inventory. Likewise the farmer who allows his expenses to run twelve months and limits his income to the Fall season, cannot hope to prosper.

We believe in diversification, and commend the practice to the Farmers of Lamb county. Let us help you put your business on a twelve months basis.

 Mrs. H. T. Wingo, of Lubbock, came up Sunday to see the new baby at the home of Mr. and Mrs. J. W. Hopping.
 Pat Boone left Saturday for his ranch at Elida, New Mexico. He will bring back his saddle and ride in the rodeo to be held here this week.
 G. M. Shaw left Sunday for an extended visit with his mother at Waco, going from there to Cameron and Dallas.
 Misses Wilma Henson and Bernice Bell, and Ted Baugh, of Amarillo, spent a few days with Miss Henson's parents, Mr. and Mrs. T. A. Henson.
 Mr. and Mrs. George Long spent Sunday in Lubbock with Mrs. Long's sister and family, Mr. and Mrs. A. M. Burnett, of Hope, New Mexico.
 Mr. and Mrs. G. E. Hogan and son, G. E. jr., of Tahoka, spent last Thursday here looking after their store and visiting Mr. and Mrs. Dick Weaver.
 Mrs. Wayne Carlisle and daughter, Miss Jessie Edith, of Odessa, spent last Thursday with Mrs. Carlisle's sister, Mrs. E. S. Rowe.
 Mrs. J. T. Harris, after a visit at Center with relatives and friends, returned home the latter part of last week.
 Mr. and Mrs. Acrey Barton and children, after a few week's visit with friends and relatives at Bertram, have returned home.
 Fred Sherrill, of Whitharral, who was injured while at work at the gin, was in Littlefield Saturday on business.
 Mr. and Mrs. Alf Wright and children have moved back to Littlefield from Mountainair, New Mexico, where Mr. Wright has been at work.
 C. O. Wise and son, of Swearingen, were here Monday looking over land, as they are thinking of moving out here soon.
 Mr. and Mrs. F. H. Bunkley and daughter, Miss Margaret Jane, of

Seymour, spent Sunday with Mrs. Bunkley's sister, Mrs. M. M. Brittain.
 Mrs. Si Goodwin and son, Blair, left the latter part of last week for Hamlin, where they will make their future home.
 Mr. and Mrs. P. C. Hammons spent the weekend with Mr. and Mrs. J. Hammons at Post, attending the birthday dinner in honor of Mr. J. Hammons.
 Arthur Mueller was in Lubbock, Tuesday, on business connected with the baseball game to be played here between Littlefield and Fort Worth, today.
 Mrs. A. P. Duggan and Rev. Wm. Fulton accompanied A. P. Duggan, jr. to Roswell, New Mexico, last week, where he will attend college again, this year.
 Mr. and Mrs. W. H. Gardner returned home last Wednesday from California and other western states, where they have been visiting and sight seeing for the past month.
 Mr. and Mrs. Earl Moore, of Prescott, Arizona, and Bob Touchon, of Los Angeles, Calif., are here visiting their parents, Mr. and Mrs. Charles Touchon.
 Troy Foster, Lucille Lucas, Bernice Lowmire, William Lowmire, Dorothy Alford, Ralph Gillette, Clarence Kelly and Eva Chisholm will attend the Tech in Lubbock this fall.
 J. W. Holt, of Sweetwater, was here last week and bought two sections of the school farm land from Jno. W. Blalock. He will move his family here the latter part of this week.
 Mrs. A. H. McGavock and son, Mack jr., and Mrs. Knox, of Olton, were here last Friday. Mrs. McGavock attended the meeting of the Eastern Star.
 Mr. and Mrs. Leon Langley returned to their home in Dallas, Sunday. He has been working for the past two months on the Littlefield college buildings.
 Mrs. True Rantzow, of Los Angeles Calif., and Mrs. Eva Davis, of Iowa Park, after a few week's visit with their parents, Mr. and Mrs. W. A. Dunagin, returned to their homes, Tuesday.
 M. A. Sparks, of Frederick, Oklahoma, was here Monday, and bought a quarter section of land from J. W. Blalock. Mr. and Mrs. Sparks and children will move their new home here the first of the week.
 Walter Burleson returned home Saturday night from Pensacola, Florida, where he has been playing baseball this summer. After spending a few days with his wife and children, he left for Lubbock, where he will be in a sanitarium for treatment.
 E. C. Logan and family returned Friday from a 10 days visit to their old home north of Weatherford in

Parker county. He brought back with him a watermelon weighing 81 pounds. He states they enjoyed the visit very much but were indeed glad to get back to the Plains country.
 W. E. Dozier and his secretary, T. W. Lewis, of Austin, were here the first of the week, looking after paying interests of which Mr. Dozier is the contractor. While here Mr. Dozier stated he was putting in 1,200 acres of wheat on his farm a few miles south of Littlefield. This is the same acreage he had in last year, and from which he obtained a nice yield.

METHODIST SOCIAL FRIDAY

Friday night, the 21st the Methodist Church members will entertain new members, school teachers and all other friends who will be present with a social evening.
 A short program will be rendered, and new members will be introduced and made to feel entirely at home. After this refreshments will be served. The committee on arrangements urges that you be present and enjoy this social gathering with them.
 Even in the "fatherland" they invariably speak the "mother tongue."
 Add smiles: As easy as finding a cigarette butt in Scotland.

Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their congested digestive systems. Sooner or later disease will conquer their weakened bodies.
 If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasantest relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Stokes & Alexander Drug Company.

W. C. ROUNTREE, M. D.
 Pellagra A Specialty
 If you have any of the following symptoms, I have the remedy, no matter what your trouble has been diagnosed: Nervousness, stomach trouble, loss of weight, loss of sleep, sore mouth, pains in the back and shoulders, peculiar swimming in the head, frothy like phlegm in throat, passing mucous from the bowels, especially after taking purgative, burning feet, brown, rough or yellow skin, burning or itching skin, rash on the hands, face and arms resembling sunburn, habitual constipation, (sometimes alternating with diarrhoea) copper or metallic taste, skin sensitive to sun heat, forgetfulness, despondency and thoughts that you might lose your mind, gums a fiery red and falling away from the teeth, general weakness with loss of energy. If you have these symptoms and have taken all kinds of medicine and still sick, I especially want you to write for my booklet, "Questionnaire and FREE Diagnosis."
W. C. ROUNTREE, M. D.
 AUSTIN, TEXAS, BOX 1150.

ENTERTAIN YOUNGSTERS

Saturday afternoon Mrs. J. L. Pate was hostess to a number of her daughter's friends, the occasion being the 5th birthday of Johnnie Lois.
 Miss Esta Mae Connell assisted Miss Lillian Pate in the entertainment of the children on the lawn with games of all description.
 Ice cream and cake were served to the following little folks: Mary Louise Seale, Velma Lee Lowe, Mildred and Ruth Fraley, Marguerite Brammen, Mary Lynn Matthews, Camille Arnold, Regina Crow, Kyle Seale and Dewey Connell.
 Games were then played for some time longer and watermelon was passed around before the children left for home, saying what a good time they had.

 "SERVICE WITH A SMILE"
LITTLEFIELD, TEXAS

AT THE CHURCHES

METHODIST CHURCH
Sunday School, 9:45 a. m.
Preaching Service, 11:00 a. m.
Senior and Intermediate Epworth Leagues, 7:30 p. m.
Preaching service, 8:15 p. m.
Bible Study, Wednesday evening.
The reception for new members and school teachers will be given at the church Friday night of this week. Let us show our spirit of hospitality at that time and have a good time together.
The church foundation has been excavated and the cement will be poured soon.
The pastor will preach on the topic "The Kingdom Come," Sunday.
The Senior and Junior leagues are recruiting their memberships for the winter term of school. Wednesday is League Council meeting.
—GEO. E. TURRENTINE, Pastor

BAPTIST CHURCH
Sunday School, 9:45 a. m.
Morning worship, 11:00 a. m.
Senior and Intermediate B. Y. P. U., 7:30 p. m.
Evening worship, 8:30 p. m.
Prayer meeting, Wednesday, 8:30 p. m.
The series of revival services concluded Sunday, with 22 additions and 13 conversions.
Most precious was the tender fellowship and the good news of God preached to a number of sojourners in our city during the time. Bro. C. C. Smith surrendered to preach during the revival and will soon be ordained.
Bro. and Mrs. Blankenship, of Dallas, conducted the singing in a splendid manner to the praise of God and man. While in "The city of opportunity," they bought themselves a new car. They are now at Abernathy, from thence to First Baptist church, Mineral Wells.
Literary school has begun in splendid form. It has brought us new material for Sunday school, and we are ready for nine months aggressive work for our Lord Jesus Christ.
Since January 1 we have had 140 additions and half as many have been baptized in the name of the Triune God. If we "put wings on our prayers," and go out after them we can easily hang up the 200 sign by Jan. 1st, 1930.
If the Lord allows Littlefield to continue to grow (and He is the only one who can prevent—the devil has tried it) then only faith alone can estimate what God has in store for the Baptist church in the future. Let's not let up in our zeal. Evangelism is always in order as long as "tares grow amidst the wheat."
Everyone at their respective places Sunday.
—ROY A. KEMP, Pastor.

PRESBYTERIAN CHURCH
Sunday School, 10:00 A. M.
Morning Service, 11:00 A. M.
Junior Endeavor, 4:00 P. M.
Evening service, 8:00 p. m.
The subject for the morning sermon will be "The Woman of Samaria." The proclaiming of His Gospel to the world, not to the Jew alone.
At the evening service there will be preached another sermon from the Old Testament.
On the first Sunday morning in October will be celebrated the Lord's Supper. It is essential that all members of the church be present for the administration of communion. Please remember the date; Oct. 6.
—WILLIAM F. FULTON, Minister

PRIMITIVE BAPTIST CHURCH
Rev. P. J. Aumes will preach at E. M. Smith's Friday night before the Fifth Sunday in September.

COLLEGE NEWS

A Correction
Jno. R. Freeman, President of Littlefield College states that he feels no responsibility for paper report that the burning of Conner Hall, the boy's dormitory, was due to defect in wiring. He says he could not have known the cause as the building was falling before he arrived on the grounds. It is generally supposed that the fire was due to spontaneous combustion resulting from fumes arising from floor finishing.

Our Appreciation
Mr. Freeman and other officials of the college feel very thankful to the fire department for their efforts to save the dormitory. It is hoped that the college buildings may have advantage of larger mains and of fire plugs at an early date.

The Opening Day
All who desire information will be hereby informed that the college will open doors for school Tuesday, Sept. 25. Quarters are rapidly being provided for students, additional class rooms and offices are under construction, and furniture is being installed. Everybody is invited to be present at the opening at 9:30 A. M.

Faculty Arriving
Nearly all the teachers of the college are now in Littlefield and the others are expected not later than Monday, the 24th.

Certificates
Young men and young women who desire certificates for teaching will get credit for all work done in Littlefield college and will receive certificates on the same basis as in other colleges and state institutions.

LADIES BIBLE STUDY

The ladies of the Church of Christ met Tuesday at 3:30 p. m., with 35 members present.
Roll was called, answered by verses of Scripture. Prayer was led by Mrs. Jackson.
Next week:
Song, Class.
Prayer, Mrs. John Pope.
Reading, Gal. 1. Mrs. Riley.
Lesson, No. 41, Acts 10, 11, 12.
Benediction, Mrs. Beebe.

Flies are dangerous. They are also the filthiest insect known. They deposit germs in three ways. By contact, vomit spots and excreta. They taint everything they touch. FLY-TOX kills flies. It is safe, stainless, fragrant, sure. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. FLY-TOX is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Fellowship. FLY-TOX brings health, comfort and cleanliness.—Adv

A loan widow is one who has money out on interest.

A few good misses in the chorus are apt to aid the opera in making a hit.

Notice is hereby given that Dickens County, Texas, offers for sale the North one-half of Block 18, containing 316,264 acres of land, the West one-half of Block No. 20, containing 316,264 acres of land, and all of Block No. 21, containing 632,528 acres of land, Dickens County School land, located in Lamb County, Texas, as shown by plat of the Subdivisions of League Nos. 242, 243 and 244, Dickens County School lands, of record in the office of the County Clerk of Lamb County, Texas. Each of said tracts to be sold upon the following terms, to-wit: One-fifth Cash, and balance in ten equal annual payments, bearing interest at the rate of five per cent per annum until maturity.

Bids will be opened by the Commissioner's Court of Dickens County, Texas, at Dickens, at 11 A. M. on the 12th day of November A. D. 1928. The Commissioner's Court reserves the right to reject any and all bids. Done by order of the Commissioner's Court of Dickens County, Texas, this 11th day of September A. D. 1928.
H. A. C. BRUMMETT, County Judge, Dickens County, Texas.
Sept. 20, 27, Oct 4, 11, 1928.

NOTICE BY PUBLICATION IN PROBATE

THE STATE OF TEXAS
To the Sheriff or any Constable of Lamb County, Greeting:
You are hereby commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for ten days previous to the return day hereof, copies of the following notice:
THE STATE OF TEXAS
To all persons interested in the welfare of the estate of R. H. Easley, deceased:
YOU ARE HEREBY NOTIFIED that Mrs. Rosa Easley has filed an application in the County Court of Lamb County on the 8th day of August, 1928, for Temporary Administration of the Estate of R. H. Easley, Deceased, and on the 8th day of August, A. D. 1928, the said Mrs. Rosa Easley was duly appointed Temporary Administratrix of the said Estate of R. H. Easley, Deceased, which appointment will be made permanent unless same shall be successfully contested at the next term of said court, commencing the first Monday in November, A. D. 1928, the same being the 5th day of November 1928, at the Court House of said County in Olton, Texas, at which time all persons who are interested in said estate are required to appear

and contest said appointment, should they desire to do so.
HEREIN FAIL NOT, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.
WITNESS my hand and official seal, at Olton, Texas this 8th day of August, 1928.
A. H. McGAFFICK, Clerk County Court, Lamb County, Texas.
(SEAL)
Sept. 20, 27, 1928.

NOTICE OF FIRST MEETING OF CREDITORS

In the District Court of the United States for the Northern District of Texas in Bankruptcy, Lubbock, Texas, No. 4 In Bankruptcy
In the Matter of John Rufus Jones, Bankrupt
OFFICE OF REFEREE
Lubbock, Texas, Sept. 12, 1928.
TO THE CREDITORS OF JOHN RUFUS JONES, of Olton in the County of Lamb and District aforesaid, a bankrupt.
Notice is hereby given that on the 12th day of September, A. D. 1928, the said John Rufus Jones was duly adjudged bankrupt, and that the first meeting of his creditors will be held at my office, 314-18 Temple Ellis Building, in the City of Lubbock, Lubbock County, Texas, on the 24th day of September, A. D. 1928 at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.
W. D. GIRARD, Referee in Bankruptcy.
Sept. 20, 1928.

STATE OF TEXAS
COUNTY OF LAMB
To the resident freeholders and legally qualified voters under the constitution and laws of the State of Texas, of the hereinafter described subdivision and territory of Lamb County, Texas.
TAKE NOTICE that an election will be held on the 6th day of Oct. A. D. 1928, within the limits of the subdivision and territory of Lamb County, Texas, hereinafter described by metes and bounds, to determine if said subdivision and territory shall have a Stock Law, in obedience to an election order entered by the Commissioners' Court on the 13th day of August A. D. 1928, which is as follows:
STATE OF TEXAS
COUNTY OF LAMB
On this the 13th day of August A. D. 1928, the Commissioners' Court of Lamb County, Texas, convened in regular session, at the regular meeting place at the Courthouse at Olton, Texas, all of the Commissioners and members of said Court being present except S. D. Hay, to-wit:
E. N. Burrus, County Judge,
H. G. Walker, Commissioner of Precinct No. One (1)
C. A. Daniels, Commissioner of Precinct No. Two (2)
C. E. Strawn, Commissioner of Precinct No. Three (3)
and wherefore came on to be heard and considered the petition of J. W. Duke, and twenty-one others all resident freeholders and qualified voters under the constitution and laws of the State of Texas, of the hereinafter described subdivision of Lamb County Texas, for the purpose of determining the following proposition:
Whether or not horses, mules, jacks, jennetts, cattle, hogs, goats and

sheep shall be permitted to run at large in the hereinafter described subdivision and territory of said County, and State to be effected by said election being described as follows to-wit:
Beginning in Lamb County, Texas at the North-east corner of Section 1, League 657,
Thence East along the North line of Sections No. 46, 47, 48, 49, 50, 56, T. A. Thomson to the Lamb and Hale Counties' line,
Thence South along the Lamb and Hale Counties line across Sections 55, 54, 51, 50, 46, 45, 40, 39, 34, 33, Block I-R. M. Thomson and across Section 118 Block A-R. M. Thomson to the Southeast corner of Lamb County Texas,
Thence West across sections 118, 119, 120, 121, 122, 123, 124, and 125, along the South line of Lamb County to the Southwest corner of Section 125, Block A-R. M. Thomson,
Thence North along the West line of Section 125, Block A-R. M. Thomson Section 6, 5, 4, 3, 2, 1, Block I-R. M. Thomson and Section 68, 57, 56, block T. A. Thomson and Track 240, 209, and 208, of the Subdivision of State Capitol League No. 652, Abner Taylor Original Grantee, to the North-east corner of Section, League 657, the place of beginning.
And it appearing to the Court that said petition is signed by twenty-two resident freeholders, and qualified voters, under the Constitution and laws of the State of Texas, and that said petitioners reside within the subdivision and territory of Lamb County Texas, above described,
And it further appearing to the Court that the above described subdivision and territory is situated and lies wholly within the territorial limits of Lamb County Texas, and does not overlap or embrace any part of a political subdivision or defined Stock Law District that has heretofore been established or incorporated, in a Stock Law District, and that a Stock Law has not been voted, and at this time a Stock Law is not in force on any part of said territory.
IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said subdivision and territory on the 29 day of September, A. D. 1928, which is not less than thirty days (30) days from the date of this order, at which election the following proposition shall be submitted:
"Whether or not horses, mules, jacks, jennetts, cattle, hogs, goats, and sheep shall be permitted to run at large in the hereinafter described subdivision and territory of Lamb County, Texas.
The said election shall be held under the provisions of Chapter 5, Title 121, of the Revised Statutes of 1925, of the State of Texas.
All persons who are resident freeholders and qualified voters, under the Constitution and laws of the State of Texas, of said hereinafter described subdivision and territory, shall be entitled to vote in said election, and all voters desiring to support the proposition above stated, shall have written or printed on their ballot, the words:
"For the Stock Law"
And those opposing shall have written or printed on their ballot the words:
"Against the Stock Law"
The polling place and presiding officers of said election shall be, respectfully, as follows:
At Jack Fowler's home Lamb County Texas.
Election Judges J. W. Duke and J. W. Beckham,
The manner of holding said elec-

tion shall be governed by the general laws of the State of Texas, regulating general elections when not in conflict with the provisions of the Statute hereinbefore referred to.
The notice of said election shall be given by publication thereof for thirty (30) days before the day of election, in some newspaper published in Lamb County Texas.
The County Judge is hereby directed to cause said notices to be published as hereinabove directed and further orders are reserved until after the returns of said election are made by the duly authorized election officers and received by this County.
E. N. BURRUS, County Judge of Lamb County, Texas.
Sept. 13, 20, 27, Oct. 4, 1928.

tion shall be governed by the general laws of the State of Texas, regulating general elections when not in conflict with the provisions of the Statute hereinbefore referred to.
The notice of said election shall be given by publication thereof for thirty (30) days before the day of election, in some newspaper published in Lamb County Texas.

To The People Who Consider
QUALITY
As Well As The PRICE
We have called your attention in the past to the fact that we do not consider junk a bargain at a price, so you may rest assured that any time we quote bargain prices it is because we have bought something good in that particular line and that are passing it on to our customers at a big saving to them.
Below you will find a list of some of the items we have and the prices they are selling for. We have many others too numerous to mention!
Pepperell 9/4 Sheeting, bleached or unbleached per yard
Pepperell Pillow Tubing, 36 or 40 inch wide, yd. 36 inch Muslin, per yard from 10c
One assortment Cotton Checks, Gingham and Heddymity, per yard
One assortment Everett Shirts, short length per yard

FORD INJURED IN FALL

Crawford, foreman for the Construction Co., paving concrete here, was seriously injured Monday.

While too near a frame work is being loaded, he tilted and precipitated him to the

ground, and tipping over a 250 pound box which fell on top of him. His face was badly bruised, there were several severe bruises on his back, and two ribs were broken.

As soon as his condition will permit an x-ray picture will be taken to determine if there are any internal injuries.

KNOW TEXAS

The greatest length of Texas, north to south, is 740 miles; the greatest breadth is 825 miles. It is farther from Texarkana to El Paso than it is from Texarkana to Chicago.

Silence may be golden, but a good deal of speech is brazen.

TECH WHIPPING A WINNING TEAM IN LINE FOR THE YEAR

Lubbock, Texas, Sept. 18.—With a half a hundred old men in uniform Coach Ewing Y. Freeland has opened his football training camp on the Texas Technological College grid. With Captain Ransom Walker at the helm the coaches will put the boys through two hard weeks of work prior to the opening of school Sept. 24. The absence of first year men in the camp is due to the fact that for the first time Tech is enforcing the freshman rule of the Southwestern Conference.

Among other contenders for places are two ex-captains "Ox" Reed of last year who will be back at his guard post, and "Red" Carpenter who was Matador captain two years back who will perform in one of the tackle positions. "Chubby" DeWitt and "Red" Smith, both powerful guards, are back and will team with Reed to insure a strong defense against opposing line plungers.

Bill McWilliams and Vaughn Corley will fight it out for the pivot position, Corley playing his third year with the Scarlet and Black. Candidates for the tackle positions include such men as "Tough" Vermillion, Westy Westerfelt, and James Tolson. On ends Doc Barfoot, Dennis Vinzant and Jess Lockhart will compete.

For the backfield places there will be plenty of competition with Captain Walker, Volney Hill, Floyd Woolridge, and Elson Archibald, all ball toters of ability in past contests. Other backfield men who are expected to make a good showing are Dude Lassiter, Duck Marr, Buddy Brothers, Levi Walker, Tubby Taylor, Clarence Hodges, and Sid Knowles.

LFD. WILD CATS TO PLAY AMHERST TEAM THERE FRIDAY P. M.

Prospects for a winning football team for Littlefield High school are particularly bright this year. Coach J. R. Tucker has more than 40 men working out every afternoon, and although many of the men have never had any experience playing football, they are working hard and there is enough competition to make every letter man work for his position. For the last 10 days, most of the practice period has been spent working on fundamentals, and the men are already getting into playing condition.

The first game of the season is to be played at Amherst next Friday afternoon about 2:30 o'clock and Coach Tucker expects to take the entire squad with him on that trip. It would be a splendid boost for the team if a large delegation of the local fans would accompany the team and show them that the town as a whole is backing them to win the district championship this fall.

The moral support of a town is about 50 percent of a winning team and the team has not had that whole-hearted support necessary for such an accomplishment in the past. Every man and woman in town will feel more like going back to work in their respective places of business after turning loose for one hour of real enjoyment on the sideline of a football gridiron. Go out there and let your blood boil for one minute and freeze for another over a one hour period and if you do not get the worth of your money, apply to the gate-keeper at the close of the game and he will refund your money.

New men who have entered school here this fall for the first time and are playing football are: Claud Couch J. W. Keithley, Clarence Fox, Jr., Alvin Piercy, Chas. Evans, Paul Roberts, Ernest Avara, and Joe Walters. Others who are coming out for practice are: Ferrel Burford, Walter Gray (Captain), Harry White, Fly Thornton, Curtis Heard, oDonald Love, Alvin Smith, Harry Lucas, J. T. Allen, Leo White, Bill Beisel, Sealy Harrell, Max Stansell, Billie Cooper, Earl Glover, Pierce Teeters, Jack Brannen, Royce Beebe, Harry Teeters, L. C. Strawn, J. R. Eagan, Herman Williams, Witty Davenport, Durwood Henderson, Chas. Burt, Hubert Couch, Preston Brazeel, Willie Romback, Doc Phipps, John Adams, Darrell Hemphill, E. S. Rowe, Lester Couch and David Mitchell.

EVERYBODY TOGETHER !!! RAH! RAH! RAH! LITTLEFIELD HIGH SCHOOL "WILDCATS!"

I. O. O. F. HAVE VISITORS

Local members of the I. O. O. F., received a surprise storm at their meeting last Monday night, when a number of visitors from Slaton and Lubbock dropped in to pay their respects.

The visitors complimented the local lodge very highly upon the character

of work they were doing, considering the approximate membership of 100 exceptionally good for a lodge not yet five months old. A degree team, of class B members is said to be doing excellent work.

Work in two degrees was conferred on four candidates Monday night. A movement is on foot among the various lodges of this kind for organizing what will be known as the South Plains Association of Independent Order of Odd Fellows.

BASEBALL, CARNIVAL, RODEO AND OTHER EVENTS THIS WEEK

Littlefield is this week in the midst of a big jollification.

The Copper State shows are here with a big line of attractions. Rodeo events of different kinds, horse racing, bulldogging, etc., will be interesting features. Today occurs the baseball game between the Fort Worth Cats and the Littlefield Lions. The Littlefield team is well organized, has been doing some excellent playing recently, and is destined to give the visiting Cats a good run for their money. A large attendance is expected at the game.

Always successful for a porch supper is a menu consisting of egg salad, cress sandwiches, iced tea, and any fruit shortcake.

NEW MUSIC INSTRUMENT IN THE PALACE THEATRE

The Palace theatre has installed a Kolster remote control instrument, using phonograph records for the pleasure of its guests.

This instrument is a considerable improvement over the kind formerly used, giving a wider variety of program, much better quality of music and enabling changes to be quickly made in keeping with the character of picture being shown.

The Leader for printing.

CITY GARAGE

EDITORIAL.

No matter how many other crops may fail during the year Littlefield is always assured of a good crop of peaches and a lot of them are of the "cling" variety, so 'tis said.

A large number of people are moving in around Littlefield and the country is being dotted with many new buildings.

Sign on a Garage "We use genuine parts. No substitutes are as good. Ask the man with a wooden leg. He knows."

The burning of the boys dormitory at the Littlefield college last Saturday night was indeed a regrettable affair. We understand it is soon to be rebuilt and school will open next Tuesday, as originally planned.

A traveler is authority for the statement that Americans play cards better than the English. London bridge must be falling down.

Now is the time to build your barns and other out-buildings for winter. Remember we have the lumber, and just the quality you are looking for.

Napoleon said there was no such word as can't. Wonder if he ever tried to scratch a match on a cake of soap.

Right now the days and nights are equal length, which is bad. The days are too short for us to get our work done and the nights are long enough for the proper amount of sleep.

If pants were worn around the neck we'd have to have longer socks.

The trouble with a confirmed liar is that once in a while he tells you the truth.

If a man's a failure he blames it on the town. If he is a success he takes the credit for himself.

FIRE ACCIDENT THEFT

"It is better to be always prepared than to suffer once."—Latin

CAUTION IS THE PARENT OF SAFETY!

Think of the tremendous odds against you, if you do not protect yourself with insurance.

Insurance is your safest protection against all hazards. The cost of Fire, Theft, Accidents and all kinds of Insurance is mighty small, compared to the benefit derived and the feeling of safety and protection it provides.

Business IS Picking Up

CONOCO GASOLINE

We are getting new customers every day.

In an honest endeavor to find the Gasoline and Lubricating Oil that will give the best satisfaction, they are giving our product a trial.

After a thorough test, they are satisfied that **CONOCO GASOLINE** and **CONOCO OILS** are meeting their requirements in every respect.

The results of these tests are that we are getting the business, for we have the best line of petroleum products sold on the Plains.

The car owners who are the most particular to see that their cars are supplied with the best are our most regular customers, for they do not want to take a chance of damaging their cars with inferior fuels.

It will pay you in actual dollars saved to have your crank case filled with **CONOCO AMALIE OIL** and your gasoline tank with **CONOCO GASOLINE**.

C. H. GROW, Local Representative
CONTINENTAL OIL COMPANY
"GROW KNOWS HIS AMALIE"

The SOUTH PLAINS

—Is no longer an experiment, but has reached that stage in development where its own weight and real merit will carry it onward and upward to greater heights of development and progress.

THE LITTLEFIELD SECTION

—Of the famous South Plains has proven to be one of the greatest diversified farming countries in Texas, and it offers wonderful opportunities to both homeseekers and investors.

NOW IS THE TIME TO BUY!

We now have on the market eighty thousand acres
80,000 ACRES
consisting of 100 per cent farm tracts—some improved farms. Also, a number of excellent combination farm and stock propositions.

See any of our authorized agents or address the company, at Littlefield, Texas.
