

Uncle Of Pat Boone Dies Result Heart Attack Friday A. M.

Friday morning Pat Boone received a telephone message to the effect that his uncle, R. A. Buford, 60, of Austin, had passed away suddenly about 9 a. m. of that day, as a result of a heart attack.

Mr. and Mrs. Boone left Littlefield Friday afternoon for Austin to attend the funeral services.

Mr. Buford was manager of the Littlefield Building in Austin, and also had extensive holdings in East

Families Of Service Men Requested To Use V-Mail System

Admiral Chester W. Nimitz, Commander-in-Chief of the Pacific Fleet, has issued an appeal to families of service personnel to use the new, fast V-Mail system for correspondence from the Mainland to forces afloat and ashore.

Pacific Fleet V-Mail authorities pointed out that speed, privacy and economy should make use of this microfilm service attractive to the armed forces.

Whereas regular airmail from the Hawaiian area to Pacific Coast points often take many days—even going by convoy when mails are unusually congested—V-Mail to these same cities averages only four days. V-Mail for East Coast points takes only six days from the time of posting to arrival at its addressed destination.

In the Fleet, mail clerks have been supplied with special V-Mail forms. Letters written on these blanks and posted for censorship are not read again until they reach the addressee.

graphed on 16-millimeter microfilm spools in Honolulu. These rolls, two of which contain as many letters as an ordinary mailpouch, go to the Mainland by the first available air transportation. They rate highest priority; they go immediately.

By fast mail train, completed V-Mail is then sped to recipients, who get 4x5 1/2 inch enlargements of the tiny negatives in official envelopes—without charge.

It was urged that service users of V-Mail request their correspondents to take advantage of this fast system. V-Mail now goes to personnel on duty in Australia—and in intermediate island bases.

Two Local Teachers Members Of Progress School Faculty

Mrs. H. W. Wiseman of Littlefield has been employed to teach in Progress School, which is located near Muleshoe, and took over her new duties in the Primary Department Monday of last week.

Mrs. Wiseman reports that Progress boasts of a modern up-to-date school, and that she has a lovely room in which to teach the 20 pupils which she instructs. She also says that the school has a hot lunch room project where the children are supplied lunches.

Mrs. Wiseman lives during the five school days at the modern home of Mr. and Mrs. Byron Gwyn near the school.

Mrs. Jack Johnson was elected also Friday night to teach in the Intermediate Department of Progress School.

Recruiting Here For U. S. Marines

Sergeant J. D. Yates, of Oklahoma City office, was in Littlefield Thursday and Friday of last week for the purpose of recruiting men for the U. S. Marines.

Sergeant Yates was formerly stationed at the Lubbock Army Flying school, for three and one half months.

Plan Developed To Send Messages To Prisoners

The American Red Cross has developed a "hopeful" plan for dispatching messages from relatives and friends to members of the armed forces missing in action but not yet reported by the Japanese as prisoners of war, F. A. Hemphill, chairman of the Lamb County chapter, was advised recently by Fred A. Winfrey, Red Cross Midwestern Area manager.

The Red Cross plan was developed jointly by the Red Cross, the State, War, Navy and Post Office departments, the Office of Censorship, the Board of Economic Warfare and the Office of War Information.

"Persons in this area who have received notification that their relatives are missing in action but have not been notified that they are prisoners of war may go to the Chapter headquarters and be assisted in the preparation of the message," Mr. Hemphill stated.

"Necessarily the number of messages should be limited voluntarily so that there will be the best possible chance of delivery, with all members of a family agreeing on a single message and friends, as much as possible, deferring their messages to the family's greater claim for use of this service," Mr. Hemphill urged.

Continued delay of the Japanese in furnishing official lists of prisoners of war has made it necessary to work out the new arrangement, he pointed out. To offer some hope of communication a message form has been adapted by the Red Cross which will send the messages to the International Red Cross committee in Japan, which, in turn, will make every effort to see to it that the messages are delivered, he said.

"Hopeful as this procedure is," Mr. Hemphill declared, "the Red Cross can give no guarantee of delivery. However, the early departure of a diplomatic exchange ship is anticipated and has prompted the Red Cross and the other organizations involved to do the utmost to get messages through the enemy lines."

All messages received by the Lamb County Chapter will be sent immediately to Red Cross Inquiry Service, in Washington, and should be presented to the Chapter in the next few days, Mr. Hemphill said.

district is only half the story," Lieut. L. H. Ridout, Jr., officer in charge, stressed today.

"The other half is not so encouraging. Part of the reason may be found in the fact that Lamb County was assigned a quota of 61 recruits and obtained only seven during the month.

"Despite this showing, the district as a whole, through the increased efforts of other counties, surpassed by 243 men its 3,000-man quota."

Beans Are Cash Crop

It is time to learn more production methods and castor beans might well become an important cash crop to some Texas farmers.

Adolph Veselka, county farmer, who planted castor beans this year to provide seed for possible plantings of the important oil-bearing crop next year.

His acreage is part of the program planted by Texas farmers in the AAA's program to provide ample supplies of castor beans for planting next year—seed for planting necessary to practice efficiency in castor bean production.

AAA inaugurated its castor bean program when imports from the East were cut off by war. While the U. S. shifted to other sources of supply, but the AAA's program assures American seed in case shipping restrictions should curtail imports from South America.

It is just one of 838 farm-ers are cooperating in the castor bean program. He, as did all the other farmers, received seed furnished by the County Credit Corporation of the AAA. When the crop is harvested, the CCC will buy the beans at prices ranging up to 4 cents a pound, depending on grade. Cost of the seed will be deducted from payments for the crop.

Veselka estimates his probable crop at from 800 to 1,000 pounds but admits that it's hard to say because he knows so little about the crop.

Castor beans were planted in several Texas areas. In the Corpus Christi area and in several counties in Waco, farmers planted No. 11 seed, developed by Doughty. In the areas around

J. H. Ware Resigns As Home Service Chairman Of County Red Cross

J. H. Ware recently tendered his resignation as Home Service chairman of the Lamb County Red Cross, F. A. Hemphill, county chairman of American Red Cross, announced Tuesday.

Mr. Ware submitted his resignation, after his appointment as a member of the Lamb County Draft Board.

"He has served in this very important position in a very efficient manner," Mr. Hemphill said. The Home Service Unit includes assisting parents and relatives to contact boys in the service in emergencies, and there has been much work through the department since the attack on Pearl Harbor, Mr. Hemphill explained. The local unit has disbursed several hundred dollars the past few months to various families.

Mr. Hemphill stated that no one had been named to succeed Mr. Ware, and the position would not be easy to fill.

Local Young Men Enlist In Navy

Although Navy enlistments for August hit a new high on the South Plains—thanks to the fine work and cooperation of "voluntary recruiters" in nearly every town and county—the need for men in the Navy continues acute, and all hands helping with recruiting are urged to "bear down" with increased efforts during September.

Quota for the 15-county South Plains area is 165 men for September, but Boatswain J. E. Calloway, officer in charge of the Navy Recruiting substation at Lubbock, hopes to attain an average of six volunteers per day during the new month.

Appeals are made to younger men to "join up" as United States Sailors either for regular ship duty or for training in one of the Navy's many trade schools. Many men, 18 to 28, are enlisting for aviation ground school. Men 17 to 50 may enlist for active duty or for a training school.

The Lubbock station interviewed and accepted for enlistment more than 206 men from the South Plains during August, most of whom completed enlistment.

Included in the list were the following men from Lamb County: Allen F. Padgett, Neal Briscoe, Roy A. Fulcher, J. W. Weed and Austin Springfield of Sudan, and Holman R. Dalton, Elwin R. Gilley, Byron W. Cox, Avary Jackson Sullivan and James M. Stokes, Jr., of Littlefield.

Working with the Navy as voluntary recruiters in Lamb County are the following civilians who are authorized to give information and who will appreciate visits by Navy prospects: Ernest Gaston, Fred Wright, Charles A. Joplin, Buster Owens, J. W. Porcher and L. C. Hewitt of Littlefield, and E. O. Battles and V. L. McCool of Sudan.

Lamb county's quota for September, same as for August, is 16 men.

SPADE SCHOOL NEWS

Miss Cleone Martin, who has been primary teacher for six years, has resigned and accepted a position in the Amherst schools. Mrs. J. D. Dodgen of Littlefield is teaching in the primary work now.

Miss Ouida Simpson of Littlefield has the position of teacher of history and physical education. This work was taught by Miss Elwanda Allen for the first three weeks of school. Mrs. Davidson has been substituting since Miss Allen resigned. Miss Simpson did her college work in A.C.C. at Abilene.

The senior class has been anxiously awaiting the arrival of its ring salesman. All was set for a meeting last Thursday but the salesman failed to appear as scheduled.

All high school pupils are glad to be able to play in the gym again. It was closed for two weeks, while the floor was being re-sanded and varnished. The janitor and mechanic did a good job on it and we now have a nice gym floor. A set of table tennis has been added to the gym equipment and now everybody has the "table tennis" fever.

Mrs. Charlie Byers, Mrs. Bud Young, and Mrs. R. C. Roberts entertained the primary room Friday afternoon, Sept. 4, with a watermelon party. An addition to the feast was plenty of good home made ice cream. After school, the same ladies served ice cream to the faculty.

Mrs. Black, Mrs. Sladek, Mrs. Powell, Mrs. Pointer and Mrs. Gregson, room mothers to the 5th and 6th grades, gave a watermelon party to the fifth and sixth grades at school on Friday afternoon, September 4. The melons were good and all had a good time.

Mrs. Prater furnished the melons for a watermelon party for the third and fourth grades on Monday afternoon, September 7.

NATION ACTS TO REDUCE FIRE LOSSES ON FARMS

Fire Mortality High—

The week beginning October 4, next, has been designated Fire Prevention Week by proclamation of President Franklin D. Roosevelt.

In February, Secretary of Agriculture Claude R. Wickard requested the Extension Service to assume leadership in organizing rural America for defense against destructive fires, and in disseminating information as to ways and means of reducing farm fire hazards. In accepting this responsibility the Texas A. and M. College Extension Service printed 400,000 copies of a leaflet designed as a guide for elimination of fire dangers.

According to Director H. H. Williamson the number is expected to be sufficient to place one in the home of each farm and ranch family in Texas. The leaflet, titled "Prevent Farm Fires," is in the form of a check sheet listing the more common fire hazards around farm houses and barns and in the farm forests and fields.

"About 250 persons lose their lives in fires on farms and rural communities of Texas each year," Director Williamson said. "One third, or about 83, of this number are children under 10 years of age. It is our desire that families use the check sheet as the basis for a complete record of the things to be done around the place to make it safe from fire—to prevent fires starting.

"The farm fire menace is not confined to farm buildings and barns. There are millions of acres of farm forests and pasture lands, especially during the dry weather at the end of summer, which stand ready for ignition. The loss of farm machinery, livestock, cattle feed, buildings, grass and timber always is serious, but much more serious at this time when replacement cannot be made without using material and man power needed in the war effort."

Your Dollars At Work—

The American Red Cross has rendered a budgetary accounting which it feels will be of interest to all who gave so generously to its \$65,000,000 War Fund of 1941-42.

This information is being passed on to Leader readers through the courtesy of F. A. Hemphill, county Red Cross chairman for Lamb county.

Here's how each dollar contributed is working:

One Half for the Armed Forces— To the men who are doing the fighting. The services of the Red Cross are with them in approximately 1,000 camps, posts and stations in Continental U.S.A., in Hawaii, the Canal Zone, Puerto Rico, Trinidad, Newfoundland, Iceland, Alaska, Ireland, Australia, and wherever the fighting men may go.

10% For Civilian Emergencies— Bomb, flood, fire, tornado—in Honolulu, the Philippines, everywhere in America—10 per cent of each dollar has met and is ready to meet disaster heads up, face on.

25% For Preparedness— The Red Cross is ready to do its part if plans and organization and civilian training and stockpiles are the measure of its preparedness. Although another year of war will bring new needs, at least for months ahead, the 1941-42 War Fund of the Red Cross has made sure that if and when and wherever the enemy strikes, the Red Cross will be ready with man power, woman power, with food and shelter and transportation, with organization and with trained skill.

15% For Chapter Use— Some 29 million adults and juniors in the U.S.A. are banded together in Red Cross chapters in every community. They are making the Red Cross a factor in community service and they use the 15 cents out of each dollar for the needs in the community which they know best.

No specific percentage is shown by the Red Cross for expenses of the executive and financial offices. Income from endowment and invested funds is sufficient for this purpose.

chinery having a value of more than \$100 now are brought under WPB limitation order L-91, which restricts the distribution of such machinery. The order formerly applied only to new and rebuilt equipment.

—RPH— CONSTRUCTION EQUIPMENT TABBED

During the month of September more than 2,000 owners of construction equipment in Texas, Oklahoma and Louisiana will be required to register each piece of their equipment with the War Production Board. The information obtained will be coordinated in the WPB region office at Dallas after the Sept. 30 deadline and later will be available to construction contractors at WPB district offices. These offices are located at Houston, San Antonio, El Paso, New Orleans, Shreveport, Tulsa and Oklahoma City.

—RPH— PRICE ADJUSTMENT PLEAS OPEN

Retailers whose ceiling prices are out of line with those of their competitors to such a degree that they are suffering substantial hardship now may apply to the OPA Region Office at Dallas for adjustments through a simplified procedure, Region Administrator Max L. McCullough has announced. Region OPA administrators also have been authorized by Price Administrator Henderson to delegate to state and district OPA offices the power to grant or deny such applications from retailers, but until formal announcement of such delegation is made, Mr. McCullough said the region office at Dallas would continue to handle the applications.

lough has announced. Region OPA administrators also have been authorized by Price Administrator Henderson to delegate to state and district OPA offices the power to grant or deny such applications from retailers, but until formal announcement of such delegation is made, Mr. McCullough said the region office at Dallas would continue to handle the applications.

—RPH— BICYCLE DEALERS WARNED

OPA has warned dealers selling used bicycles that their sales are regulated by the General Maximum Price Regulation and their ceiling prices must therefore be the highest prices charged in March this year. As there were no restrictions on the sale of new bicycles in March, prices for second-hand machines were considerably lower at that time than the prices for new bicycles.

—RPH— NO MORE LOUNGING ROBES

Manufacturers of men's and boys' lounging robes will end when manufacturers have used all woolen fabrics they had in their possession on August 28, under the terms of a new WPB limitation order (L-130). Exemptions from the restrictions of the order include infants' and toddlers' sizes, 1 to 3 and robes made for the Army, Navy or Maritime Commission.

RAF FILM AVAILABLE

"Target for Tonight," a new picture telling the story of British flyers on an RAF mission to Germany, now has been made available for group showings. The film, produced in 16 mm. size and available for group showings, Y.M.C.A. Motion Picture Bureau, Dallas has announced. This film and others made available by the Office of War Information may be shown at no cost except minor service charges, from the Y.M.C.A. Motion Picture Bureau, 1700 Terson Ave., Dallas, Texas, or Southwestern distribution agency.

—RPH— GINNERS MUST FILE PRICES

The 6,700 cotton ginner OPA's six-state Southwestern region have been put on notice by Region Administrator Max L. McCullough that they must file a statement of their prices with the region office in Dallas on or before September 19 or cease operations that date. Maximum prices for ginning services are regulated in OPA 211, issued recently. Any reduction in quality of service from that rendered last year, and any increase in the percentage of cotton returned are the same as price increases and are violations of Price Control Act, Mr. McCullough warned.

—RPH— LUMBER CEILING SET

Maximum prices for sales of wood lumber from distribution yards have been set by OPA in Maximum Price Regulation No. 215. The regulation governs prices on more than 90 per cent of the softwood lumber normally handled by distribution yards. Maximum mill prices have been set in previous regulations.

SUGAR INCREASES GRANTED

Increased sugar allotments for industrial users in 29 Texas counties, 4 Oklahoma counties and 8 Louisiana parishes have been authorized by the Office of Price Administration. The increases, allowed in areas where the population has substantially increased due to war conditions, range from 10 to 70 per cent. Percentages were arrived at by comparison of the 1940 census figures with data obtained from the national sugar rationing registration.

—RPH— ODT OFFICIAL NAMED

Appointment of E. O. Walker, of Fort Worth, veteran railway car accountant, as assistant deputy director in the ODT division of railway transport in Dallas, has been announced by W. T. Long, Jr., deputy associate director of ODT. Mr. Walker will aid the armed services in solving transportation problems and also will work on co-ordination of rail-truck transportation. He has

been granted leave of absence for the duration by the Fort Worth and Denver City Railway, the Wichita Valley Railway, and the Burlington-Rock Island Railroad. Mr. Walker is secretary-treasurer of the Southwestern Car Service Association.

—RPH— STORAGE BATTERIES RESTRICTED

In a move designed to save millions of pounds of primary and secondary lead and substantial amounts of secondary antimony for war production, WPB has issued order L-180, which will limit production of storage batteries to the number necessary for replacement in passenger cars, trucks and other vehicles during the remainder of this year.

—RPH— COTTON LINTERS "FROZEN"

Cotton linters, essential in the manufacture of explosives, plastics and other war materials, now may be sold by producers only to the Commodity Credit Corporation, under an amendment to WPB general preference order M-12. Commodity Credit Corporation also will be the only supplier to consumers, under direction of WPB. Through the amendment, all sellers of linters are offered an immediate market, at fixed prices, and all obstacles to

maximum linters supply, such as transportation, and prices, are removed.

—RPH— GAS WELL DRILLING HALTED

Further drilling of gas wells in the Hugoton gas field in Kansas and Oklahoma has been halted, except where specific authorization is given by WPB. More than 20 wells have been drilled in the Hugoton field which are not being produced. The Order will have the effect of requiring connection of these wells to pipelines, so that use of critical materials to drill additional wells will be unnecessary.

—RPH— FABRIC WASTE PROBED

WPB officials plan an investigation of violations of the men's and women's clothing simplification orders by manufacturers making "zoot suits" for men and "juke" coats for women. Worn mostly by jitterbug dancers, the "zoot suit" features a coat which comes almost to the knees and trousers that have a high rise and are full at the knees. The "juke" coat is a very long jacket. Large amounts of fabric are wasted in both garments.

UNITED STATES ARMY AIR FORCE CADETS are sharing housing facilities with migrant agricultural workers at the Farm Security Administration's farm workers community just completed at Lamesa. Upper left is the camp's community building where agricultural workers will have church services and recreational programs. This building also is equipped with facilities for entertaining and caring for small children while their mothers are employed on the farms in the South Plains cotton area. Playground equipment is installed near this building. One of the 24 four-family apartments is shown at the upper right. Migrant workers will be housed in these structures, while (below) is a panoramic view of the section of the camp devoted to resident agricultural workers. Each resident home has a small garden plot, chicken house and cok stable. A completely equipped first aid station is housed in the administration building near the entrance to the camp, located at the edge of Lamesa. Cadets and civilian personnel of the Army's 17 forces advanced glider school at Lamesa will reside at the farm workers community until dormitories at the school are completed.

Spikes, secretary.

The meeting was closed after singing the national anthem led by Mrs. J. D. Armstead.

Mrs. H. G. Stinnet, of Plainview, president of the 14th district, of P.T.A., will be guest speaker at the next meeting in October, at which the three organizations will meet in general assembly.

Driver's Licenses Must Be Renewed By November 1

On November 1, all original licenses will expire. The operator who hasn't obtained a renewal by then will be without a license, State Police Director Homer Garrison of Austin, has warned.

Automatic renewals are granted where the application is made on time, Drivers License Chief J. B. Draper explained. But once an original license has expired, the driver must take an examination in order to obtain a new license. Anyone who drives without a valid license is liable to arrest and fine.

Application forms are available from State Police district headquarters, by mail from the headquarters in Austin, and at most county courthouses, either from sheriffs or tax collectors.

Renewed licenses are good for two years, and cost 50 cents.

Rebekah Lodge Enjoy Monthly Program Here Monday Evening

The members of the Rebekah Lodge met in regular session Monday evening, when the monthly program was enjoyed.

Mrs. George Kirk and Miss Regna Crow were in charge of the program, and "42" and "Parcheesi" provided the diversion for the social hour.

The matter of selling bonds to the credit of the Plane Bomber project, on which will be inscribed "Lone Star Rebekahs," was discussed, and reports indicated a number of bonds had been sold by the members, who are working hard to put the project over in Littlefield.

Refreshments were served during the games, including apples, cheese niblets, candy, etc.

Present were: Mesdames George Kirk, Mattie Lowe, Elton Hauk, John Blair, O. K. Yantis, Jr., Wm. L. Aldridge, Jack Alexander, Eugene Latimer and Audie Collins, and Misses Regna Crow, Susie Houk and Farrah Beckner.

Mrs. W. G. Street Hostess Thursday Pioneer Club

Mrs. W. G. Street was the gracious hostess Thursday afternoon to members of the Thursday Pioneer Club at the Street home, located on East Fifth Street.

A miscellaneous assortment of beautiful garden flowers added to the attractive entertaining rooms, where three tables of bridge provided diversion or the afternoon.

During the games, Mrs. M. M. Brittain and Mrs. S. J. Farquhar scored high and were awarded defense stamps.

Present were: Mesdames M. M. Brittain, Pat Boone, C. E. Cooper, Wayne Carlisle, S. J. Farquhar, Dennis Jones, T. Wade Potter, E. S. Rowe, J. H. Barnett, J. M. Stokes, A. P. Duggan, and the hostess, Mrs. Street.

Miss Ruth Tomson And Sgt. E. H. Walker Wed At San Diego

Miss Ruth Tomson, daughter of Raymond Tomson of this city, became the bride of Sgt. E. H. Walker in a quiet ceremony at San Diego, Calif., Saturday, August 22.

Mrs. Walker was reared in Littlefield, where she lived until about six years ago, when she moved to Lubbock. She has been employed in San Diego in defense work for the past eight months.

Sgt. Walker is in the Marine Corps, stationed at San Diego. He has been in this branch of the service for the past 17 years, and in the Army three years previous to that.

Mrs. Walker arrived last week for a visit with her mother, Mrs. Charles McBroom, at Lubbock.

Miss Angelina Evans And George Brewer Wed At Fort Worth

Miss Angelina Evans, daughter of Mr. and Mrs. Edgar Purvis, of Lum's Chapel, became the bride of George Brewer of Fort Worth, at that city Saturday evening, September 5.

The bride had been employed in a lawyer's office at Fort Worth for the past year, and had also attended Draughan's Business College at that city. She was graduated from the Littlefield High School with the 1940 class.

The groom is employed in a department store in Fort Worth, where the couple will make their home.

Eidelweiss Dinner Club Guests Of Mr. And Mrs. R. W. Lewis

Mr. and Mrs. R. W. Lewis were hostesses to members of the Eidelweiss Club at a dinner party Friday evening at 8 o'clock, following which three tables of bridge provided diversion for the group.

Beautiful garden flowers made more inviting the Lewis home.

Scoring high in the games were Mrs. Oscar Wileman for the women, while Sid Hopping scored high for the men. Defense stamps were awarded the winners.

Got A Good Horse And Buggy To Trade For 4 Good Tires?

FOR TRADE—1936 Oldsmobile with four exceptionally good tires for a GOOD horse and Buggy. See Roy J. Clark at Aldridge Grocery. AND—The horse must not be more than five years old, for he will be driven for the duration. Mr. Clark didn't say whether he preferred a dapple gray horse, a bay, or a black horse, but he must have a roached mane, and be a fast stepper, to look good hitched to the good-looking buggy that he wants.

The buggy could be a two-wheeled affair, or a four-wheel, with or without top, but to be more modern, Mr. Clark prefers one without a top. No rubber tired buggy for him! He hasn't worried about flats on those good tires he has had on that Oldsmobile he will gladly trade for the horse and buggy . . . but the automobile he owned before this one had rather thin tires, so he knows what flats mean.

He wants to trade NOW . . . Know anybody who has a horse and buggy?

Mrs. H. C. Edmonds Hostess Tuesday Luncheon Club

Mrs. H. C. Edmonds was hostess Tuesday, September 8, to members and guests of the Luncheon Club, at the Edmonds home in the west part of town.

Baskets and bowls of beautiful Asters and Nasturtiums made more inviting the Edmonds home.

Two tables of bridge were in play following the luncheon, during which Mrs. Hugo Kinkler scored high; Mrs. O. K. Woodall, second, with Mrs. Jack Farr carrying away the bingo prize.

Present were: Mesdames Jack Farr, Hugo Kinkler, O. K. Woodall, V. S. Cassel, L. T. Green, Marion S. Green, Herbert Martin and the hostess, Mrs. Edmonds.

Mrs. J. H. Barnett Hostess Members Tuesday Night Club

Mrs. J. H. Barnett was the gracious hostess Tuesday evening, Sept. 8, to members of the Tuesday night club.

Varied garden flowers in profusion were featured in the home decorations.

Three tables of bridge were in play during the evening, Pat Boone and Mrs. L. L. Collins scoring high in the games.

Attending this social function were: Mr. and Mrs. Pot Boone, Mr. and Mrs. L. C. Hewitt, Mr. and Mrs. Sam Batton, Mr. and Mrs. L. L. Collins, and Mr. and Mrs. Ben Lyman.

Mrs. G. M. Shaw Is Hostess Members Woman's Auxiliary

Mrs. G. M. Shaw was hostess to members of the Woman's Auxiliary of the Presbyterian Church Monday afternoon.

Revival Meeting To Begin At Pentecostal Church, College Heights

A revival meeting will begin Saturday night at the Pentecostal Church in College Heights, it was announced this week.

Services will be under the direction of Rev. J. E. Osborne of Glen Rose. The meeting will probably continue for three weeks.

METHODIST CHURCH Jim H. Sharp, Pastor

Just as there is a job for every one to help the Government so there is a job for everyone in the Church. Every person ought to be willing and not only willing but ought to find how they can help their Government so, they ought to find their work in the Church. In helping the Church you help the Government. Hitler hates the church more than all other institutions. He knows that if the church succeeds that he fails. Let us help the church to succeed by helping all that we can. Come to our services next Sunday.

FIRST BAPTIST CHURCH Roy Shahan, Pastor

The subject for the morning message by the pastor is "Some Revelations From A Visit to the Potter's House." Jer. 18:1-6. The evening sermon subject, "God's Vineyard." Isaiah 5:1-7.

The Sunday school now meets at 10 o'clock each Sunday morning. The training service meets at 8 p. m. The evening worship hour 7 p. m.

Prayer service and Bible study, Wednesday, 8:30 p. m.

CHURCH OF CHRIST Littlefield Drive

Bible classes Sunday, 9:55 a. m. and 7:45 p. m.

Preaching, 11 a. m. and 8:30 p. m.

Ladies' Bible class, Monday, 4 p. m.

Wednesday Bible classes, 8:30 p. m.

The sermon theme for Sunday morning will be: "Imitating Paul."

EMMANUEL LUTHERAN CHURCH E. H. Riese, Pastor

Sunday school and Bible classes meet next Sunday at 11 a. m. A divine service will be held at 11:45 a. m. The public is cordially invited to attend.

The Walther League meets next Sunday at 9 o'clock for a social.

Rev. G. T. Naumann, formerly of Corpus Christi, will be installed as the successor to Rev. C. A. Gaertner in St. Paul's Lutheran congregation next Sunday night at 8:30 o'clock. The local pastor will preach the sermon and will be in charge of the installation ceremony.

FOUR SQUARE CHURCH

"God's Showcase" will be the sermon topic Sunday morning of the pastor, Rev. J. H. Gleason. In this message he will seek to emphasize the importance of exemplary Christian living. The Sunday night message will be "My Son Give Me Thine Heart" taken from Proverbs 23:26.

The pastor also reports a change in the weekly services. They will now consist of a special prayer service on Wednesday night for service men, and evangelistic service on Friday night. Also children's Church Saturday at 2:30 p. m. The Crusader Young People's service will meet at 7:30 p. m. Sunday night, the leader for this week being Miss Bonnie Murrell.

THE GOSPEL TABERNACLE "Oneness"

Herman H. Helms, Pastor
Located on 10th Street in College Heights Addition.

We are beginning a revival meeting on Saturday night, Sept. 18, with Bro. Jerry Osborn conducting the services, beginning each evening at 8:45 o'clock.

Everyone is cordially invited to come and enjoy the blessings of God.

The public is invited to attend in fellowship and worship at these meetings.

With South Plains Men In The Service

Mrs. Vernie Wright received an airmail letter Monday morning, dated Sept. 6, from her son, Major Tilden Wright, from "Somewhere in Northern Ireland" in which he states that he likes the climate, "it is nice and cool," and that the countryside is picturesque. Thinking it would be interesting to his many friends here, excerpts of his letter are published herewith:

"I wish I could have seen the United Kingdom in peacetime. War rationing, nightly blackouts, and general war economics have of course changed things over here considerably. Some shop windows are not fully displayed, are often empty, though there is no dire shortage of necessities here. . . . I didn't realize how much Irish blood there was in America until I visited England and Ireland. Irish people have many more of the facial and physical characteristics that I'm used to seeing in the States. . . . It rains here in Ireland every day, or has since I have been here. Really very pleasant though, quite chilly, not cold yet. Like it better than tropical weather. Maybe when this is over you and Pat can come over and go back with me. Am afraid, though, that it will be several years after the war is over before Europe is interesting to sightseers. . . . Met Al Jolson in London. Will get a chance to see some of his "service shows" soon. He's still the same old Al. Remember his "Sonny Boy" was the first talkie we saw together. You got disgusted with me for laughing. He's still a grand comedian. It's a marvelous thing he is doing—going around at his own expense and entertaining the men serving abroad. Has a cast of four or five, including Merle Oberon and Patricia Morrison with him.

"The countryside over here is really picturesque. Instead of fences they have hedges, briar, flowering, etc. All smaller fields than we have."

Major Wright cabled his mother on August 22 from London, England, that he had arrived safely. A son was born to Major and Mrs. Wright at the Blytheville, Ark., hospital Thursday morning, weighing 7 pounds, and named "T.P. III" according to a wire received by Mrs. Vernie Wright Thursday afternoon.

Mr. and Mrs. H. C. Pumphrey received a letter Tuesday from H. C., Jr., from "somewhere in England," and he wrote that he had purchased a bicycle "to be in style with the English." The V-letter was mailed September 2, and is the second letter received from him since he arrived in England. He stated that he paid four pounds for the bicycle, and one day he rode 40 miles. The English people, he said, went "out of their way" to be nice to the American soldiers, and in one home he visited, they served tea, pie and cake, and offered to "let him take a bath."

Enochs And Bailey County's First Bale Ginned Monday A. M.

Enochs received its first bale of cotton of the 1942 crop Monday morning, which was grown by E. C. Gilliam, 1 1/2 miles northwest of Enochs, and which was also the first bale for Bailey county.

This bale was ginned by the Enochs Gin, Enochs, which gin presented the grower with a \$25 premium. Also another premium was made up by the Enochs merchants and presented to Mr. Gilliam.

E. F. Campbell was the grower of the first bale last year, which was ginned October 4, and it was also Bailey county's first bale for 1941. It was also ginned by the Enochs Gin.

According to J. H. Lucas of Enochs Land Company, the cotton crop in that area is two weeks earlier this year than the 1941 crop.

Mr. Lucas also stated that the prospects for a good cotton crop are much better this year than last, and that the farmers in the Enochs

Woman's Society Of Christian Service To Meet Here Tues.

The Woman's Society of Christian Service, Zone No. 1, Plainview District, will meet Tuesday morning, September 22, at 10 o'clock in the Littlefield Methodist Church.

The theme of the day will be "To Know Christ, and To Make Him Known." There will be inspirational messages from several speakers. Those making talks will be: Mrs. B. L. Cogdill of Lubbock; Mrs. W. G. Walker of Olton; Mrs. Dr. Bradford of Earth, and Mrs. O. B. Jackson, District Secretary of Plainview.

The program will also include pipe music, vocal solo, and coral club singing, and will close with communion service.

Mrs. F. B. Pierson of Muleshoe, leader, wishes to thank each member of this zone for their cooperation and courtesies during the past four years that she has been leader.

A section will have an excellent feed crop.

**Here Is A Summary of the
 August Report of the**

**LAMB COUNTY
 SALVAGE COMMITTEE**

There were 669,000 pounds of scrap iron turned in from the farms and ranches of Lamb County during the month of August, according to V. F. Jones, Chairman of Lamb County Salvage Committee.

Mr. Jones states that the committee is well pleased with the way people have responded and the amount of scrap they have brought in, but that the job is not nearly completed and each person should work a little harder to see that all scrap is turned in. Many of the farms have been thoroughly cleaned of all scrap

while there are many others that have not been touched. Farmers are urged to gather up all scrap material, even to the small pieces and turn them in. This scrap metal is needed badly.

This is a war of materials as well as manpower, and one of the big problems we face right now is shortage of materials—scrap iron. You can do something about this. It is the job and responsibility of every citizen to do their part to see that this scrap iron which is needed so badly is gathered up and turned in for the production of war machines.

We ask all of you—everybody in Lamb County to help get this scrap in.

The scrap was collected from the various communities as follows:

Earth	130,000 pounds.
Spring Lake	50,000 pounds.
Olton	110,000 pounds.
Littlefield	278,000 pounds.
Spade	12,000 pounds.
Sudan	43,000 pounds.
Amherst	46,000 pounds.

Total ---- 669,000 pounds.

DON'T LOSE SIGHT OF THIS FACT

Deliberately or Unthinkingly, those who fail to dispose of Scrap Iron are depriving our men in uniform . . . our Nation . . . of the tools with which to drive back enemies who would destroy and enslave us.
