CATS WILL HUBBERS AT LUBBOCK, SUNDAY

Second game of the season will cross bats with the Hubbers, at Lubbock next afternoon, and that it will be a tight battle from the time the pitcher delivers the ball into the hands of the very last of the prediction of players.

Ed walked all over the Lubbock last Sunday, and claim Sunday, and it won't all be going to do some more walk-ers and outs, either, as the blood of revenge in while Littlefield is doing confident smiling and in-vice for the big game now.

BOY SCOUT WORK GROWS

While there has been much increased numerical interest in the Boy Scout movement during the past three months, there has also been a considerable financial increase, according to a statement just issued by Commissioner K. L. Clapp, of Lubbock, where headquarters for this district are maintained.

The South Plains area in which Littlefield is located, consists of 13 counties, as follows: Lamb, Cochran, Hockley, Crosby, Dickens, Ysahum, Terry, Lynn, Garza, Gaines, Dawson, Borden and Lubbock.

H. B. Yates, of Dallas has been employed as camp executive this year, and will have charge of the Boy Scout camp at Post from June 3 to September 15.

"THE PATSY" GOES OVER BIG IN LITTLEFIELD

"The Patsy" a play sponsored by the Lamb county band for the benefit of the Littlefield band, given in Littlefield at the Palace theatre, Monday evening, was attended by a large crowd.

The play went over big and all that saw it highly complimented the wonderful acting of the characters. Several requests have been made for it to return to Littlefield. However, definite plans have not been made.

The Texas syrup crop, from sugar cane and sorghum, is valued at \$4,000,000 a year.

"EVERYBODY CAME TO TOWN" FOR LITTLEFIELD TRADES DAY

CHAMBER OF COMMERCE LAUNCHES PLAN FOR BUILDING CITY HALL AND AUDITORIUM HERE; COMMITTEE MEETS CITY COMMISSION

That Littlefield should have a City Hall was the consensus of opinion of the more than 40 members of the Chamber of Commerce who sat down to dinner last Tuesday at the College cafe, and a committee, consisting of J. E. Branneen, E. S. Rowe and E. A. Bills was appointed to confer with the personnel of the City Commission relative to the matter.

Every since the organization of the city, nearly six years ago, its officials and various departments have been accommodated in rented property. The accommodations have been inadequate in many ways, and the present proposal will embody a brick and stone structure which will furnish office rooms for all the different departments, larger and more desirable quarters for housing the fire department equipment, also a jail. The upper floor of the proposed building will be made into a large community auditorium for which there has been frequent and urgent need during the past three years. It is stated the matter will be promptly brought to the City Commission for their consideration.

F. G. Sadler, reporting for the Trades Day committee, told of the fine success of Trades Day, held the first Monday of this month, and stated that plans were now on foot for another big day the first Monday of June.

County Agent D. A. Adam stated the last Trades Day held here had done much to stimulate interest in dairying in Lamb county. He also called attention to the fairs to be held during the coming fall and the necessity of now planting such products as were designed for showing at Lubbock, Amarillo and Dallas. Adam stated that the score cards of the Lubbock and Amarillo fairs had been changed in accordance with the changing of scoring at the State Fair, Dallas, some of these changes being more favorable to Plains county products.

Several members present spoke upon various subjects of community interest, the meeting running a half-hour over the allotted time.

NEW COURSES WILL BE ADDED IN FALL TO LFD. COLLEGE

Beginning with the opening of the fall term, next September, the Littlefield College will offer a number of commercial courses; such as shorthand, typewriting, bookkeeping, etc., according to President Jno. R. Freeman, of the college. Not only the regular students, but the people in general may, for a reasonable tuition, profit from this work. "It is hoped," said Prof. Freeman, that great mutual benefit may result; to the college in the enrollment of students, and to the community in the opportunity of pursuing such courses at home, as well as also to both in the general betterment of Littlefield in a commercial way.

D. L. Shelton, secretary-treasurer of the college, has had special training in business colleges, and has done some teaching in such colleges, and has had a number of years experience in the business work, especially in office and secretarial work. He will have charge of the new departments, with assurances from the State Department of Education that the work will be accepted for credit.

The college is also planning the opening of a Department of Home Economics for both high school and college students, definite announcements of which will be made within a very few weeks.

LARGE CLASS OF HIGH SCHOOL PUPILS WILL GRADUATE FROM 1929 LITTLEFIELD SCHOOL

The Baccalaureate sermon of the graduating class, Littlefield High school, will be delivered Sunday morning May 26th at 11:00 o'clock in the high school auditorium. Definite arrangements have not been made for a preacher.

The commencement exercises will be held Tuesday evening May 28th at 8:00 o'clock. Dean J. M. Gordon, of Tech., will give the class address.

Miss Rose Scheuer will be valedictorian and Miss Eerie Dell Adams will be salutatorian.

The following are candidates for graduation: Boys—John Adams, Ferrell Burford, Doyle Berryman, Howard Harrell, Leslie Harris, Curtis Heard, Edward Myatt, E. S. Rowe, Jr., Alvin Smith, Donald Love, Douglas Howell. Girls—Eerie Dell Adams, Amanda Arnold, Bonnie Barber, Lucille Bruce, Edna Byers, Maxine Cooper, Martha Deaver, Bessie Denton, Maurine Dow, Marie Elder, Addie Mae Hemphill, Josephine Glenn, Velma Hudgens, Geraldine and Lois Kirkpatrick, Lucille Lucas, Mattie Middleton, Rose Scheuer, Bernice Wales and Doris Williams.

P.-T. A. INSTALL NEW OFFICERS AND HOLD LAST MEET

Littlefield Parent-Teachers association had its last meeting for this school year Wednesday, May 8.

Miss Terrell's pupils gave a very clever little song, "The Rheumatism." Mrs. Harrison's and Mrs. Davis' pupils gave "The Doll Dance."

Votes for parents present were taken. Mrs. Ray Jones' room won the picture in the Primary building and Mrs. J. M. Tunnell's room won the picture in the Grammar school building. When school is out the picture in the primary building will become the permanent property of Mrs. Cogdill's room, and the grammar school picture will remain in Mrs. Tunnell's room. These rooms won the pictures by having the most parents present the greatest number of times.

Rev. Geo. Turrentine, first vice-president then took charge and the following officers were installed:

Mrs. R. E. McCaskill, president; Mrs. Pat Boone, first vice-president; Mrs. Chas. Harless, second vice-president; Mrs. Jack Branneen, third vice-president; Mrs. E. A. Bills, treasurer; Miss Thelma Killough, secretary; Miss Gladys Wales, reporter.

After the installation of officers the local meeting adjourned for the county council meeting.

LAMB COUNTY WILL GET \$416,000 OF NEW U. S. MONEY

The government's new paper money, black on the face, green on the back, and two-thirds the size of the present bills, will make its appearance in Littlefield about the first of July, according to C. O. Stone, cashier of the First National Bank, this city, who is in receipt of information from the Treasury Department, Washington, D. C., to this effect.

When this new money arrives in Littlefield, there will be a general exchange of the old for the new, for it is the desire of the government to call in all the old size bills as quickly as possible.

The government has printed of the new money, about \$26.00 for each man, woman and child in the nation, which means that there will be coming to Lamb county within the next month and a half, approximately \$416,000.00. The distribution will be handled for Texas through the Federal Reserve Bank at Dallas.

FIELDTON EXPRESSES ITS THANKS FOR BALL SUITS

That the Fieldton baseball team and citizens generally appreciate the 10 baseball suits given them at a cost of \$100.00 by Littlefield citizens is expressed in a letter this week received by Prof. O. L. Smith, superintendent of the Fieldton schools. The letter is as follows:

"We wish to express our appreciation to the business men of Littlefield for the set of baseball suits which they presented us. We invite you, Littlefield to come out and see us in action, all dressed up in these suits. Again we say, THANK YOU.

—Fieldton Team and Fans."

Until all the old money has been called in, there will probably be some inconvenience in handling of the two sizes, especially in banking houses and large commercial establishments; but it is now thought that within 30 days following the introduction of the smaller bills practically all the older and larger ones will be out of circulation.

LAMB CO. COUNCIL MET IN LFD. WHEN OFFICERS ELECTED

The Lamb County Council of Texas Congress of Mothers and Parent-Teachers' Association met at Littlefield, Wednesday afternoon, May 8. Since this was the first meeting held by the council for several years, the local P.-T. A. president with the consent of those present, declared a complete re-organization in order.

Mrs. Lester LeGrange, of Amherst, was appointed chairman pro tempore and Miss Thelma Killough, Littlefield secretary pro tempore.

The chairman asked for talks on the aim and purpose for the Lamb county council.

Mrs. R. E. McCaskill responded giving as two very definite aims securing a county health nurse and securing aid for dependent fatherless children.

Mrs. J. R. Dean, president of Sudan P.-T. A. brought greetings from Sudan. She stressed the need in the county for a health nurse, also, spoke of the eagerness of the Sudan people for a county home demonstration agent. Mrs. LaGrange spoke of "a back to school campaign," that she hoped the county council would see fit to sponsor.

A motion that carried was made to adopt the constitution and by-laws for a county council as laid down in the state hand book.

Nominations for permanent officers were declared next in order.

The following were elected: President, Supt., Jackson, Amherst, Vice-president, Mrs. J. R. Dean, Sudan; Secretary, Mrs. Lester LaGrange, Amherst; Treasurer, Mrs. Otto Jones, Littlefield.

An invitation for the next council meeting to meet in Sudan, October 5, was extended by the Sudan representatives. The assembly voted to accept the invitation.

of Mrs. R. E. McCaskill, Littlefield; An executive committee consisting Mrs. Broyles, Sudan; Mrs. Green, Fieldton; Miss Edna Tumlinson, Amherst; Mrs. Owens, Olton; was appointed to meet with President Jackson at Amherst, Friday, May 17, to formulate plans for future activities of the council.

A committee consisting of Supt. W. I. Wilkins, Sudan; Supt. H. P. Webb, Olton; Thelma Killough, Littlefield; Irene Perry, Springlake; Ruth Kennedy, Hart's Camp; Mrs. Holland, Fieldton; Mrs. Whitfield, Amherst, was appointed to represent the Lamb county council in securing aid for fatherless, dependent children.

After the business session the guests and the local members were served ice cream and cake by the social chairman, Mrs. J. S. Hilliard. She was assisted by Mrs. M. M. Brittain, Miss Polly Porter, and Misses Avis Dow, Donna Lou Adams, Lois Lair and Maggie Lou Teeters.

DISTRICT LEGION MEET IN AMARILLO JUNE 1-2

The district meeting of the American Legion, 18th district, will be held in Amarillo, June 1 and 2, according to information given out this week by State Adjutant Ross Cole, of Austin.

Texas produces more sheep and goats and more wool and mohair than any state in the union.

It costs very little to recondition a MODEL T FORD

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of trouble and expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to supply parts as long as they are needed by Ford owners.

So that you may get the greatest use from your Model T, we suggest that you take it to the nearest Ford dealer and have him estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure now will help to prevent costlier repairs later on, increase the value of the car, and give you thousands of miles of additional service.

For a labor charge of only \$2.60 you can have your generator put in first-class condition. A new universal joint will be installed for a labor cost of \$3. Overhauling the carburetor costs \$1.50; steering gear, \$3.50; radiator, \$7.50. A complete overhauling of the rear axle assembly runs between \$5.75 and \$7 for labor. An average price of \$22.50 covers the overhauling of the motor and transmission.

These prices are for labor only because the need and number of new parts depend on the condition of each car. The cost of these parts is low, however, because of the Ford policy of manufacturing and selling at a small margin of profit.

VISITORS AT ROTARY MEET

The Littlefield Rotary club met last Thursday with 25 members present and the following visitors: Miss Warner, Mrs. Harold Peet, Corinne Jessop, Fern Zensel and David Hartley, of the chautauqua company, and Mrs. John H. Arnett.

After luncheon the meeting was called to order by President R. E. McCaskill, and the visitors introduced. After the regular routine of business was finished Miss Warner was called on, who made a very interesting talk. Then Miss Corinne Jessop and her Hawaiian warblers were introduced and gave several numbers to the de-

light of all present. Mrs. Harold Peet wife of Private Peet, of world war fame, was next introduced and gave a short talk, using her talent of Irish wit.

Judge E. A. Bills then gave a talk relative to work being done by the campaign committee, after which the meeting adjourned.

The business world is said to be cold, but if you build the fire of advertising under it, it soon warms up.

"Eyes of Love" Given By College Students Appreciated by Many

The play, "Eyes of Love," put on at the High School auditorium, the night of May 19, was enthusiastically received. This play was given by the High school seniors of Littlefield College, with other assisting talent.

Mrs. Wesley W. Jones, who directed the play, should be commended for her excellent work. Virgil W. Jackson, college sophomore, is to be commended for his excellent work as substitute for Homer Graham, a high school senior, who took down with the measles about three days before the play was to be given. The other

players also are to be commended.

Others participating in the play were: Travis Moore and Lee Copeland, college Freshmen, Celia Copeland, Clema Clark, Mary Adrien, Ora Garrett, Lynna Graves, Oran Martin and Luther Gregg, High school seniors.

Miss Jewell Martin, of Petersburg, a sister to Oran Martin, and a former student of the college, assisted with musical numbers. "The Single Four," composed of the following singers: Clayton Seymour, Lee Copeland, Dee Copeland and Travis Moore, supplied some interesting quartets between acts.

The players were requested by visitors from Lackney, who witnessed the play to carry the play to that city.

SENIOR CLASS PICNIC

The Seniors of the Littlefield High school celebrated Senior Day last Thursday with an outing at Buffalo Springs, 14 miles south east of Lubbock.

They entertained themselves by boat riding, swimming and many other interesting events.

A very elaborate lunch was served about 1:30 o'clock to about 25 seniors and Mrs. Pat Boone and Mr. Groves, sponsors, and Mrs. R. C. Hopping of Lubbock. The party returned to Littlefield about 5:30 that afternoon where they all attended the vitaphone picture, Al Jolson in "The Singing Fool," at the new Lindsay theatre. They returned to Littlefield about 10:00 p. m. all saying they had a good time and it was a day long to be remembered in their senior year.

Middle Life Troubles

"ABOUT twenty years ago, my health was very bad," says Mrs. Mat Howard, of Terrell, Texas. "I was passing through a critical time in my life, and I suffered a great deal. I was not at all strong, and my nerves got all upset. I had hot flashes, and sometimes would get suddenly so faint I could not stand up. My head would whirl, and I could not see a thing. I would have to lie down for hours at a time. I improved so much after I had taken Cardui for a while. I continued the medicine for some months, until I had passed the critical period. Since then, I have given Cardui to my five daughters. All of them have continued the use of Cardui in their homes. We have all been better for having taken it."

FARM LOAN MEET TO BE HELD AT LUBBOCK

Information has been received by Mr. J. E. Barnes, secretary-treasurer of the local Farm Loan association, that the Federal Land Bank of Houston has called a conference of all secretary-treasurers and their local board in this immediate section of the state. The meeting for this section has been called for May 23, at Lubbock. This is one of the 14 sectional meetings that are being held throughout the State during the months of May and June.

Farm electrification is progressing rapidly. New York, which leads all states has now about 50,000 farms using electric power from central stations. This is more than one-fourth of all the farms in that state.

Glycerin Mixture Stops Constipation

The simple mixture of glycerin, buckthorn bark, saline, etc. (Adlerika) acts on BOTH upper and lower bowel and relieves constipation in TWO hours! Brings out old waste matter you never thought was in your system. Don't waste time with pills or remedies which clean only PART of the bowels, but let Adlerika give stomach and bowels a REAL cleaning and see how good you feel.

WOULD YOU RENT THIS APARTMENT

"No hot water," the rental sign says. Would you consider renting such an apartment? Not at all. Yet many homes are without modern hot water service. Many a housewife has to depend upon the tea kettle, or some other antiquated method of supplying the hot water needs of the home. Such methods are wasteful—by installing a modern automatic water heater in your home, you can have all the hot water you want at less cost to you. Come in and see our display of water heaters.

MULESHOE continues to ship car after car of maize, kaffir and corn to outside markets every day. The demand for these feeds is good because of the high quality. Much of it is used for planting.

Friona, in following up the work of Better Home Week, has inaugurated a Better Homes contest for Friona and vicinity during the coming summer to end August 15. Prizes will be awarded for the three best kept homes. Two classes of homes will be considered, those in the city limits and those within a six-mile radius.

Crosbyton is experiencing a new residential building boom. On one block recently sold by E. W. Ellison there is to be built six brick veneer homes by its new owner G. H. Johnson. He has already built four homes in Crosbyton.

Olney's proposed street lighting system is about to become a reality. The present plans provide 40 standard lights, and 60 bracket lights to be placed where standards are not appropriate. This system is subject to change and the exact number of each to be installed will be determined by a committee appointed by the council.

Borger's Little Symphony orchestra held its first meeting and formed a tentative group recently. This will be enlarged and officers named at a later meeting. Miss Hilma Hart is organizing the group.

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

If you are considering the purchase of an automobile, you owe it to yourself to check the new Chevrolet Six against any other car—value for value and price for price!

Here, in the price range of the four, is offered a smooth, powerful, six-cylinder valve-in-head motor—which delivers better than 20 miles to the gallon of gasoline—and whose smooth, quiet, velvety operation, with its complete lack of drumming and vibration, is a revelation. Here are beautiful bodies by Fisher—with fittings by Ternstedt... rich, deep-tufted upholsteries and adjustable driver's seat. And throughout the entire chassis are found numerous examples of advanced engineering—such as quiet, non-locking 4-wheel brakes... ball bearing steering mechanism... and automatic acceleration pump.

But no mere recital of features can give you any conception of Chevrolet's value leadership. So we urge you to come in and see for yourself why over 500,000 people have chosen the new Chevrolet Six since January 1st!

JESS MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

GETTING AUTO WISE

The time has passed when an auto maker can change a rear hub cap or add another painted stripe to the hood and call it a complete new model or "The perfect car." We're wiser to the mechanics of the auto now than we were a dozen years ago, and any Littlefield motorist will tell you that even the most unsophisticated purchaser now insists on seeing "under the hood."

Of course a lot of junk is still being unloaded, and it always will be. But since the public has learned auto language, knows what a car should do and should not do, and can do a little thinking for itself without being confused by technical terms and salesmanship talk, auto makers are afraid to turn out anything that will not pass muster. The result is we are getting better cars now than ever before. The auto dollar is buying more actual value today than at any time since Elwood Haynes and Henry Ford started in to prove that it is a practical means of transportation.

Of course, when you talk to a friend or neighbor, he'll tell you the car he is driving is the best on earth. That's natural, and you'll be the same way, if you are not that way now. But in buying a new car it's a good idea to do your own thinking. The salesman is honest, all right. But look into the car yourself, study its chief features, and then weigh the claims of its makers against the claims of others. You'll be better satisfied in the long run, and much better off financially.

Men and fish are alike in one respect—they are both apt to get caught if they don't keep their mouths shut.

GAS PRICES

Littlefield motorists who are preparing for auto trips into other territory will be interested in knowing that a campaign has been started by the American Automobile association whereby it is hoped to bring about

more uniform gasoline prices.

On a recent day in February telegrams to this association showed 77 different gas prices in seven states. The price ranged from 12c a gallon to 45c a gallon for "regular" gas; sometimes there was a variance of as much as 5c between stations located only two miles apart.

Today it's a case of a motorist not knowing one mile what gas is going to cost the next, and when starting out he hasn't any idea how to figure in this necessary part of his travel bill.

The A. A. A. believes the government and the gasoline producers can get together and fix a price that will be something like uniform all over the country. They may be sure of earning the thanks of something like 25,000,000 motorists if they do.

It has been our observation that the only time some fellows get a following is when they are riding in a hearse.

LIVING AND LEARNING

We live and we learn, and as a rule the things we learn help us in our everyday life.

Here comes a report that experiments made in feeding ordinary seaweed—known as "kelp"—to livestock and poultry have shown this product to be valuable as a ration.

Seaweed has never been anything more than a nuisance to sailors. Now, however, it promises to contribute to the entire nation's welfare by serving as a rich and healthy food for cattle, hogs, sheep and poultry. Since there is no apparent end to the supply that can be gathered out of the Atlantic and Pacific oceans, who can say but that in a few years farmers around Littlefield will be receiving kelp, dried and baled the same as hay and straw, for feeding purposes, and at prices lower than he has ever paid for anything in the shape of stock rations.

The man who said "this is the day of small things" knew what he was talking about.

NO WAR PAINT HERE

Everything seems to change but human nature. We make that statement simply because we still encounter every now and then a reader who feels we are not doing our duty by the community unless we "jump on" a certain movement, a certain organization, or a certain individual.

Why some people imagine that we are anxious to don the war-paint and "jump on" somebody or some thing in which the public is interested we do not know; nor do we understand why there is in every community a few who have not learned that a newspaper man would far rather be writing something nice than something harsh about somebody, or that the newspaper would rather be building up than tearing down. Such requests go in one ear and out the other.

We merely suggest that there's trouble enough in the world without our starting more, and we saunter on our way wondering why the fellow who requested us to "jump on" somebody doesn't look at life the same way.

What has become of the old-fashioned man who thought any man was rich who had a pair of shoes to wear while he was having another pair half-soled.

A RIDING NATION

By way of showing how rapidly a good thing can grow, we believe our readers will be interested in figures just compiled revealing the growth of motor bus lines in the U. S. Although their development began only with the World War, they already have surpassed the nation's railroads in the total mileage covered by their routes.

The survey shows bus routes now total approximately 270,000 miles, as compared with 257,000 miles of railroad trackage. More than 86,000 buses, operated by 22,611 companies, make up this newest nation-wide network of transportation, made possible by motors and good roads. Their rapidly mounting number of passengers is now in excess of 7,000,000 daily.

Railroads, interurban and city beginning fought desperately against street railway companies, which in the inroads of the buses, have now become probably the biggest factor in the development of bus transportation.

Easy payments are easy for the man to whom they are paid.—Woman's Home Companion.

LITTLE LEADERS

With congress in session, we are still at a loss to account for so much wind around Littlefield.

Another good way to keep Littlefield a good town is to remember that idle gossip is the busiest thing in the world.

Nowadays in some homes around Littlefield Mamma puts on the "dog" and Father merely puts out the cat.

There's no danger of a divorce lawyer getting rich off a Littlefield girl whose wedding outfit contains about six kitchen aprons.

A middle-aged Littlefield man is one who has quit growing on either end, but who continues to grow in the middle.

Most any man in Littlefield can re-

call when more words are and less said in a barber's any place in town.

Any Littlefield mother of old feels sure that the nation is going to be smarter old one.

One thing you can say of field girls of today—they're trying hard-fisted old mums to keep from being old maids.

Somewhat we can't say over the Littlefield man who calling attention to the fact is "just as good as anybody."

No man in Littlefield known real hardship unless found himself in a strange land and in need of a shave.

Good Dairy Bulls A Sound Investment

"There are only 150 regularly organized dairy bull circles in the State of Texas," according to E. C. Cundiff, local dairyman who is exerting considerable influence locally toward the organization of bull circles in this section. "These 150 circles have a total of 700 bulls," continued Mr. Cundiff, and it is only recently that milk producers are beginning to really realize the value of heading their herds with good serviceable males. Last year, in this state, more than 2,000 pure bred bulls were placed on the farms of this state, and this year there will be many more.
Cundiff believes it is just as important to have pure bred bulls in the herds as to have high grade cows. He says one of the best ways for a farmer to fail in the milk business is to buy too many high priced cows and not have a good male at the head of

their herd, this, and the failure to raise sufficient feed and have plenty of pasture. But, he insists there is little danger of over doing bull circles for this means better cows, cheaper milk and higher profits at the least possible expense.

In buying dairy bulls he suggests that only those from tested herds be bought, so that the production records of dams may be known. Otherwise the buyer is forced to take a chance as to the increased production of the daughters. It is not necessary to run such risk, for sires from proven dams are available, and, although they are usually double in price they are well worth the difference.

Mr. Cundiff and County Agent D. A. Adam are planning a trip to be shortly made into Wisconsin for the purpose of purchasing two car loads of registered and high grade dairy animals for this section, and anyone interested in such should see them at once.

HOUSES

As a small boy, one of the most amazing passages I found in the New Testament, and one that taxed my credulity most, was the one containing assurance of "houses not made with hands." Had I not believed in God's word, I would have branded it a glaring falsehood.

Young manhood came, and with it—broader perceptive powers. Rumbling through a wooded pasture, I saw a snail creeping by the side of a fallen tree-trunk; he was occupying his house, which hands had not part in building. It was a real home, too; one that filled every requirement of its owner.

You and I live in houses not made with hands—these wonderful bodies of ours. They have been called temples, where the spirit of God dwells. Whether they are so, I must know that such a spirit may dwell here—if the temple be kept clean and fit for such a tenant. The spirit of God, it seems to me, has but little room in a temple dedicated to moral leprosy.

We may own a hundred hand-built houses; may go in and out of them as we please; we may regard them as the last word in architecture, beauty and comfort; we may lease them to others, but this house not made with hands is different; it requires our first and best care. Even the most trifling neglect may destroy it forever, and, when we once forsake it, we cross its

threshold no more. It is my house not made with hands that gives me the most concern; it is worth inestimably more than any habitation that I myself might create. Therefore I will keep it clean inside and out, and be vigilant to protect it from dangerous and destructive influences. I want it to last at least a hundred years, if possible.

Whitharral News

The Singing convention was well attended by a large crowd. Some people from a distance were here; had a number of good leaders; the singing was fine. They voted for the next convention to meet at Pettit, three months from now.

Miss Avia Bell Griffin, who was one of our teachers, surprised her friends by getting married last Saturday in Brownfield and left Tuesday for Dallas to visit relatives.

Whitharral base ball boys went to Cobeland, Wednesday afternoon to play ball. They came home winners in the game.

Mr. and Mrs. Travis Hanez have been visiting in Lubbock since school closed.

Mr. and Mrs. Duke went to Lubbock, Saturday, to get her uncle from East Texas. He returned Sunday evening.

Miss Louise Hauk, from Lubbock, spent the weekend with homefolks.

Mrs. Clarence Kenney and Mrs. Green Brewer visited Mrs. Elim Harbin Wednesday evening.

Clarence Pendergrass and family are attending the Christian meeting at Levelland, this week.

Fred Newsome, Roy Thurman and Chas. Hauk had business in Levelland Wednesday evening.

The ladies Sunday school class was entertained in Mrs. Nick Gray's home Wednesday evening.

Mrs. Elton Hauk and Charline Hauk were shopping in Levelland, Thursday.

Mr. and Mrs. Jack Brannen and little daughter, Marguerite, and Katherine Clark, of Littlefield, were guests in the Hauk home, Sunday.

Clarence Kelly and family were over from Lubbock, Sunday to attend the singing convention.

Lums Chapel people are building a new church house of which they will be very proud, and will be a help to the community.

Our Sunday school is building up now; every Sunday we have a few

more. We had over 100 present last Sunday. If every body would come to Sunday school who live in the Whitharral community we would have as large Sunday school as any church. Let's see if everybody can't come now and put our Sunday school over the top. The second Sunday is our regular Baptist day. Bro. Suttles from Idaleu is our pastor. Everybody come!

COLLEGE NEWS

There are always many things that we have to be thankful for if we would only look around and see them. This week everyone is rejoicing over the splendid rain. The farmers are now looking forward toward the fruitful harvest that the recent rain may help in giving.

Dotson G. Lewis and family visited relatives near Ralls last weekend. They were planning going off the caprock for a little outing; but about the time they were ready to go, the rain began; so the outing was called off.

The High school seniors staged their play, "Eyes of Love," at the high school auditorium last Friday night. The play was commendably rendered and seems to have been greatly enjoyed.

One new student entered high school this week in order to affiliate with this school work that he has done this year in an unaffiliated school. It is understood that another student is to come for the final examinations in order to test her work with this school preparatory to entering here next year.

Wesley W. Jones made a trip to Lubbock, Tuesday. Leonard Clements taught in Mr. Jones' place during his absence.

Does your MOTOR SING or POUND?

STOP in the middle of a good substantial hill and listen to the various sounds coming from motors which are climbing it. Some glide along like song birds—others bellow forth like jazz-erased saxophones. Why the difference? Simply this—the fuel.

With Conoco Ethyl Gasoline in the tank, your motor literally sings along because Conoco Ethyl delivers a steady, even flow of power—up hill or on the level. It won't knock. Hence, it eliminates that pounding noise—so hard on the ears as well as on the motor.

Being a proper admixture of Conoco, the extra miles motor fuel and Ethyl Brand of Anti-Knock Compound, Conoco Ethyl is the acknowledged pace setter for summer driving. It keeps the engine cool at all speeds—delivers maximum power and assures smooth, quiet running.

And best of all, it more than saves its slight extra cost by reducing wear and tear and by giving you the greatest motoring satisfaction you have ever enjoyed. Try Conoco Ethyl today.

Conoco Ethyl is a proper admixture of Conoco, the extra-miles motor fuel, and Ethyl Fluid, developed by General Motors. All Ethyl Gasoline is not Conoco Ethyl. To be sure you are getting Conoco Ethyl, fill only at those pumps which display the Conoco Ethyl sign.

AVERY TWIN-JACK CULTIVATOR

Easy on both man and team

Avery engineers did a big job in eliminating strain on the operator and lightening the work of the team when they designed the famous Jack Rabbit Cultivator. In the Twin-Jack they have repeated their success, this time in a two-row cultivator that is simple to operate—and easy on both man and team.

The Twin-Jack is sturdy, durable, flexible, easy to handle and comfortable to ride. It has a strong, rigid main frame that will not twist or sag under the hardest conditions. The frame is in perfect balance at all times, with the result that manipulation requires

but minimum effort, the horses are spared sore shoulders, and more ground is covered per day with less fatigue.

Each pair of gangs is controlled by two independent levers, the inside lever raising or lowering the pair simultaneously, when desired. By means of an easy pressure on the stirrups the wheels may be angled to right or to left.

We will be glad to explain the many efficient, time-saving features of the Twin-Jack—or demonstrate at your convenience. There is no obligation.

NEWS FROM OTHER TOWNS NEAR HERE

SUDAN

M. G. McLarty, owner of M System stores at Lubbock and Littlefield, has bought the M System store at Sudan, taking charge last Friday.

Sudan farmers and dairymen are much interested in the proposed carload of Jersey and Guernsey cows to soon be shipped into this county, some of which will be located at this point.

Fire breaking out in the lumber yard of the Whaley Co., last week threatened much damage, but was controlled by prompt action of the volunteer fire department.

MULESHOE

Muleshoe's first Trades Day held last week was a great success, visitors thronging the town for many miles around. Valuable prizes were given away.

Rural route No. 1, accommodating territory north and east of Muleshoe will be made daily service beginning July 1.

The Purity Seed Farm, located south of Muleshoe will this year plant 1,000 acres in maize, hegari, kaffir, cane and sure cropper corn, all of which will be certified seed. Last year this concern raised about 800,000 pounds of pure seed which was shipped under contract to seed houses.

MORTON

There are 112 tracts, each comprising 160 acres of the Slaughter ranch to soon be placed on the market.

The Postoffice Department, Washington, D. C. has been petitioned for a main line mail route to be operated between Morton and Lehman.

High school, was absent from school last week on account of illness. Mrs. R. E. Riley took her place during her absence.

At a meeting of Commissioners'

Court instructions were given to carefully search the Court record during the past four years and if any case was found where money had been paid illegally to enter suit for return of same.

In the first two baseball games of the season, Morton defeated Whitehall 6-3; but lost to Baileyboro 7-11.

The County Board of Equalization met Monday.

TEXAS BUSINESS CONDITIONS ARE BEST FOR YEARS

Austin, Texas, May 14.—Business conditions in Texas over the past year have been generally satisfactory if the small number of commercial failures may be taken as an indication of the business situation, according to Bernard Nichols, assistant in charge of index numbers in the Bureau of Business Research at the University of Texas.

"Not only have failures been unusually few so far this year but liabilities also have been running very small," Mr. Nichols said. During April, only 37 bankrupt companies having liabilities of \$414,000, were reported in Texas, or the lowest in April since the deflation period of 1920. This compares with 52 bankruptcies with liabilities of \$740,000 in March and 46 failures, having liabilities of \$974,000 in April, 1921. The decline in the number of defaults from March to April this year is greater than can be accounted for by the usual seasonal factors."

Removing the litter from your back yard will do just as much to beautify your home place here in Littlefield as putting up new curtains in the front windows.

Screens!

Diary of a Fly

July 25th—Have you found a dandy boarding place. Mrs. Jones sets a fine table. Had chicken for dinner yesterday. Afterwards took a bath in the milk and dried off in the sugar.

July 26th—Living like a king. Went skating on a slab of butter today. Played with the baby awhile. Took a nap in the cookie jar.

July 27th—Had a narrow escape. Woke Mr. Jones from a nap by taking my daily exercise on the tip of his nose. Chased me all around the house with a swatter but I got away.

July 28th—Out of luck! Mrs. Jones bought a new screen door and then chased me away. I'm starving to death. I HATE these good screen doors.

Have you ordered screens for your doors and windows yet? If you will phone or come in, we will gladly quote you prices.
