

WAGE AND HOUR MEASURE APPROVED BY HOUSE

Compromise Is Passed Along To Senate

Rules Committee Shelves Measure Wanted By Lewis WASHINGTON, June 14 (AP)—The house approved the compromise wage-hour bill today.

Only favorable senate action was needed to send the measure to the White House. Speaker Bankhead announced the roll call vote as 289 to 89.

The bill would establish minimum wages for interstate industry starting at 25 cents an hour and gradually increasing to 40 cents in seven years.

Meanwhile, the house rules committee got a heavy grip on legislation favored by John L. Lewis and declared emphatically it would not be enacted this session.

Lewis Determined The development promised to give this session a dash of drama in its closing hours if C. I. Lewis attempts to revive the legislation with the force he implied yesterday he was ready to use.

Since the rules committee decided otherwise, a two-thirds vote of the house membership would be necessary to get the bill to the floor.

The bill, which also had A. F. of L. endorsement, provides penalties for government contractors who fail to abide by labor board decisions or disregard federal wage-hour standards.

If Lewis is unable to break the committee's grip it means one piece of legislation on the crowded pre-adjournment calendar, and probably one less floor controversy to hamper the rush toward adjournment tomorrow night.

But many important matters remained to be settled before that time and Speaker Bankhead said the house would work "pretty late tonight" in an effort to clear away most of its slated bills.

DIFFERENTIALS WASHINGTON, June 14 (AP)—The South's chances of obtaining pay differentials in the wage-hour bill may depend on President Roosevelt's choice of an administrator for the far-reaching program.

Senator Ellender (D-Ala.), who led the fight for a flexible wage scale, said today it would be possible for the administrator to interpret the act in such a way as to nullify many of the sectional provisions which otherwise might determine wage minima.

Society + THE WORLD OF WOMEN + Fashions

Mrs. Conley Is Elected Head Of New Auxiliary

Around 30 Are Present For The First Meeting

Approximately 30 women eligible for membership in the Howard County American Legion auxiliary met at the Settles Monday evening to complete organization by electing officers.

Mrs. E. M. Conley is to be president; Mrs. R. R. McEwen, first vice president; Mrs. Bob Eubank, second vice president; Mrs. Ben Carter, secretary; Mrs. L. E. Jobe, chaplain; Ann Martin, historian; and Mrs. Jim Friend, sergeant-at-arms.

The group made plans for a 5 o'clock tea to be given Saturday afternoon, July 9, honoring representatives of the various auxiliaries to the two-day divisional meeting of the American Legion here.

The auxiliary is to meet at 8 o'clock at the Settles hotel each first and third Thursdays of the month and will convene again this week on Thursday.

Auxiliary chapter is being held open for a few days to allow any one ample time to get in on the charter roll. Any wife, mother, sister or daughter of a veteran of the World War is eligible for membership and is asked to attend the meeting Thursday.

E. R. McEwen, post commander, opened the meeting and presided until the election of Mrs. Conley. Mrs. J. E. Blair was appointed publicity chairman by the new president.

Mission Books Are Studied By Circles

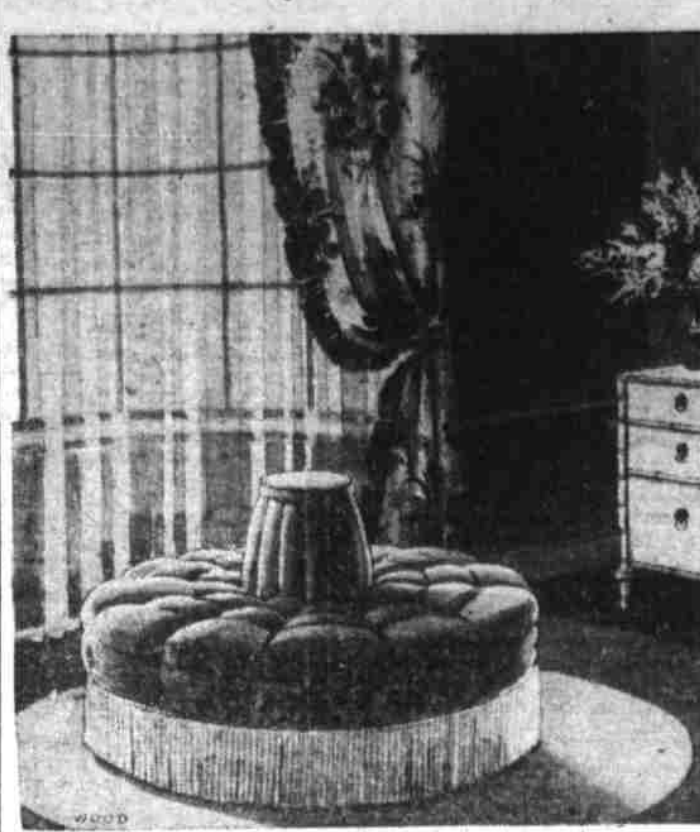

First Methodist church circles met in the various members' homes for mission study Monday afternoon. Mrs. M. L. Musgrove was hostess to Circle One with Mrs. W. C. House leading the devotional. Mrs. Clyde Thomas and Mrs. Fox Stripling discussed chapters in the mission book.

Others there were Mrs. Ray McMillan, Mrs. J. C. Waits, Sr., Mrs. Mattie Crosscut, Mrs. M. E. Ooley, Mrs. J. L. Hudson, Mrs. Jake Bishop, Mrs. W. A. Ricker, Mrs. H. M. Regal, and Mrs. C. E. Shive.

Circle Three Chapter six and seven of the mission book were discussed by Mrs. H. M. Rowe and Mrs. H. B. Matthews when Circle Three convened in the home of Mrs. Rowe. Present were Mrs. H. N. Robinson, Mrs. C. R. McClenny, Mrs. C. E. Talbot, Mrs. E. M. Conley and one new member, Mrs. Boyd.

Circle Four Due to the absence of the study leader and illness of those on the program, five members gathered at the home of Mrs. Herbert Fox for a business and social meeting.

Victorian Poufs Are Back To Solve The Bay-Window Problem

MODERN VICTORIAN This is the decorator's solution to the problem of how to make a bay window attractive.

By MARY DAVIS GILLIES Prepared by McCall's Magazine for The Herald

Why have a beautiful bay window to make a room distinguished when it seems to be such a problem to know what to do with it?

That's what the decorators think and they have come to the rescue with all kinds of answers in the form of furniture, new and old, and fascinating decorations.

Really inspired is the idea of putting in the bay window a circular Victorian pouf, with its soft comfort and its center back rest. About 52 inches in diameter, it not only is attractive, but also is comfortable for a garden view as well as for a conversational group.

And the pouf is just as perfect in the middle of a square foyer with no other furniture.

Round desks, also, are new and fit ideally into a bay window. And they, too, look well standing free in any room.

The moderns have made window seats comfortable. Instead of building them in, they made circular sectional pieces of real furniture to fit the window curve. One of the rooms in Claudette Colbert's Hollywood home has such a bay window group—white walls and yellow draperies and upholstery.

But some will still prefer the conservatory bay window—glass shelves, interesting lighting and growing greenery, not grandmother's geraniums and Boston fern but plants as carefully arranged as a landscape garden.

You may have a small pool, an aquarium and even an electric fountain. And there are always bamboo and wire bird cages.

Belief Of The Presbyterians Is Discussed

Group Makes Pillow Cases And Napkins

Round-table discussions on "What Presbyterians Believe" were heard at three meetings of the First Presbyterian auxiliary Monday afternoon and a portion of the time was devoted to the making of pillow cases and napkins for the orphanage.

RE-ELECT C. V. TERRELL RAILROAD COMMISSIONER

Democratic Primary July 23, 1938

The need for continuing the services of an experienced man on the Railroad Commission of Texas, should insure the re-election of C. V. TERRELL, its present Chairman.

His policy of oil and gas conservation has added millions of dollars to the permanent school funds, and should not be disturbed. His successful efforts for lower freight rates on livestock, cotton, and other commodities have greatly benefited Texas. Thousands have profited from his orders lowering gas rates to the consumer. His honesty and efficiency in office are unquestioned. His devotion to the cause of Texas education has characterized his entire public career. 100% in favor of organized labor.

West Texas On Parade Wednesday

Radio Broadcast To Describe Headquarters Opening

ABILENE, June 14—West Texas will be on parade Wednesday, June 15, when the new headquarters building and resource and museum institute of the West Texas Chamber of Commerce here is formally opened and dedicated.

A radio tour of West Texas, to be broadcast over a seven station hookup from the exhibit hall at 2 p. m. will carry visitors and listeners to resource exhibits sponsored by the ten WTCC districts. KESF is included in the hookup. The exhibits will be explained by the district directors after Walter D. Cline, Wichita Falls, resource board chairman, has outlined the purpose of the exhibit set-up.

More can be learned about West Texas in this 30-minute tour than could be learned in three months of travel and study, says D. A. Bandeen, WTCC manager.

Dedicated service will follow the tour. Speakers will be Mayor W. W. Hair, Abilene; Milburn McCarthy, Eastland; Ray Nichols, Vernon; Lt. Governor Walter Woodul,

H. A. Hilburn, Plainview, WTCC president; J. C. Hunter, president of Abilene Chamber of Commerce, and others. Max Bentley, Abilene, WTCC editorial board chairman, will be master of ceremonies for the tour and dedication.

Several hundred officials of the regional organization are expected to attend various board meetings, a luncheon, and the radio program. Hundreds of additional visitors are expected for WTCC open house from 3 to 10 p. m.

The West Texas Chamber of Commerce soil and water utilization contest will be launched at a meeting of the agricultural board at 9:00 a. m. Speakers will be R. E. Dickson, head of Spur Experiment Station; Hilburn; C. Hohn, extension service soil conservation expert; County Judge Omar Burleson; Anson; and E. A. Spack, WTCC director of development. Farm and ranch readers and officials of all agricultural agencies have been invited to attend the session. The contest offers winning counties \$1,000 in-cash prizes.

Speakers at a meeting of the editorial board at 10 a. m. will be Bentley, Cline, and J. Thomas Davis, Stephenville. All West Texas daily and weekly newspaper editors have been invited to attend.

At the latter place Dr. Hardy will attend Kiwanis International convention as official representative of the Big Spring Kiwanis club, of which he is president. They will also tour in the Pacific Northwestern states and Yellowstone national park.

Liberals Lay Down Program

Maverick Explains Objectives Of Progressives

WASHINGTON, June 14 (AP)—Five Wisconsin progressives have subscribed to a six point program advocated by Representative Maverick (D-Tex), leader of the so-called progressive-liberal bloc in the house.

Outlining the objectives in a statement inserted in the Congressional Record, Maverick said: "This program and statement of principles is subscribed to by members of all political parties. We will seek re-election largely on our pledge to the people to work for their enactment into law during the next congress."

The Wisconsin progressives who signed the declaration of principles were Representatives Boileau, Gehrmann, Withrow, Schneider, Amle. The program calls for: "Preservation of American democracy and civil liberties as set out in the bill of rights.

"Effective government control over and use of the money and credit system to restore to congress its constitutional right to coin money and make credit of the nation an instrument x x x directly employed in breaking the existing credit monopoly, stabilizing the price level, and bringing the total consuming power of the people into line with their power to produce.

AUTO UNION CHIEF FACES DISSENSION IN HIS CABINET

WASHINGTON, June 14 (AP)—Homer Martin, who left the ministry to become a powerful figure in the C.I.O., staked his leadership of the United Auto Workers Union today on a surge of internal opposition.

Martin invoked his emergency powers as International U.A.W. president yesterday in suspending five of the union's officers for leading a disgruntled minority faction. He termed them an "irresponsible group."

Six others out of a board membership of 24 promptly threw their support to the suspended men.

The next step will be a trial in Detroit before the remaining members of the board.

The suspension order included four of the union's five vice presidents: Richard T. Frankenstein, Walter N. Wells, Wynham Mortimer and Ed Hall. The fifth man was George Adcox, secretary-treasurer, whom Martin replaced by the temporary appointment of Delmond Garst.

Chairman John L. Lewis of the C.I.O. was asked to intervene and listened to the disputants for six hours Sunday. He left without commenting publicly.

ment, business, and labor, a coordinated expansion of industrial production and an effective control over both monopoly price increases and monopolistic curtailment of production of needed goods and services.

"A long range flexible, self-liquidating program of public works aimed primarily to meet such outstanding national needs as slum elimination and low cost housing and the need for conservation and development of natural resources."

Man And Wife Die Together

LOS ANGELES, June 14 (AP)—Their fortunes dwindled to \$110, William E. Dysart, 75, and his wife, Olive Ione Dysart, 63, lay together today in the death they sought.

"My wife won't let me go over the divide to heaven or hell alone, so we will kill ourselves," read a note by the former Texas cattle magnate.

The two bodies were found yesterday in the rear of a Glendale school. Police said Mrs. Dysart had been shot in the back after she swallowed poison and her husband had then turned the pistol on himself.

From the couple's papers, Mrs. Dysart was identified as the former wife of John Barry, reputed South African "diamond king"; mistress of a Los Angeles mansion and inheritor of a \$9,000,000 fortune.

Dysart's father, it was said, once owned a 100-square-mile cattle ranch in Texas, near Stephenville. "I loaned my money to cattle men all over. Now they can't pay. Depression and earthquake helped finish me," another note declared.

"My wife has been the most wonderful wife in the world. Her money is gone, too."

Waco Entertains VFW Convention

WACO, June 14 (AP)—Tom Carter of Lubbock and D. A. Dunlavy of Fort Arthur were being boomed for state commander of the Veterans of Foreign Wars as the eighteenth annual encampment entered its second day.

Carter is senior vice-commander of the state department and Dunlavy is past commander of the Fort Arthur post.

Amarillo, San Antonio, El Paso, Sherman and Lubbock were bidders for the 1939 meeting.

Officers will be nominated this afternoon. Commander Arthur Dobbie last night at the annual banquet presented the Pasadena post with a \$100 prize for leading Texas posts in a recent membership campaign.

Misses Abbie and Marie Lawson and their nephew, Eddie Lawson, of St. Louis, Mo., are guests of Mr. and Mrs. Noel Lawson. They made the trip here by automobile and will go to Galveston to board a steamer for New York and other eastern points on an extended vacation trip before returning to their homes.

The Effects Of Liquor Cannot Be Repealed

In three months' time there has been a drop of 2,000,000 (two million) pints a month in the use of milk in Los Angeles, says Dr. George Parrish, health officer of that city. Meanwhile, drunkenness grows, (arrests of women for that cause have increased 187 per cent under repeal), and motor traffic deaths have reached unprecedented figures.

Coffee, according to the New York coffee exchange, showed a decrease of 20,500,000 pounds for the year 1934, approximately 1,019,159, 064 cups less for the year following repeal as compared with the preceding 12-month.

MEXICAN WORKERS HELP PLANT THEY STRUCK AGAINST

MEXICO CITY, June 14 (AP) - Willingness of workers to lend part of their pay to aid the mill they struck against today ended a three-day general strike that had crippled business in the textile state of Puebla.

MEXICAN WORKERS HELP PLANT THEY STRUCK AGAINST

Sympathy for the 600 workers of La Tetja textile mill, who walked out last February 16 in protest against discontinuance of two shifts, led to a general strike June 11 of about 70,000 workers.

MEXICAN WORKERS HELP PLANT THEY STRUCK AGAINST

The mill management said it was helpless to meet the strikers' demands for reinstatement because of slack business. But at a mediation conference last night it was agreed:

MEXICAN WORKERS HELP PLANT THEY STRUCK AGAINST

1. Operations would be resumed at 6 a. m. today on a six-day, two-shift basis, and the workers would lend the mill 20 per cent of their pay for the next 24 weeks, the loan to be repaid in four six-month installments, sooner if profits justified.

MEXICAN WORKERS HELP PLANT THEY STRUCK AGAINST

2. The workers would renounce their demand for pay while on strike.

Czech Premier And German Group In Conference
PRAGUE, Czechoslovakia, June 14 (AP)—Five representatives of the autonomy-seeking Sudeten German party called on Premier Milan Hodza today in what was believed to be a somewhat conciliatory mood.

The visit was at Hodza's invitation. It was considered likely the premier planned to give them the draft of the Czechoslovak government's proposed nationality status—a document designed to solve the problem of how Czechoslovak and Germans can live together amicably in this republic.

The Sudeten German representatives, followers of Konrad Henlein, were reported ready to compromise on some of Henlein's more extreme demands like abandonment of the Czechoslovak-Soviet Russia alliance and full recognition of the Sudeten German right to propagate Nazi ideology in Czechoslovakia's German districts.

Shrimp Fishermen Fined On Violation Of Louisiana Law
LAKE CHARLES, La., June 14 (AP)—Thirteen Texas shrimp fishermen were given jail terms or fined by District Judge John T. Hood in Cameron, La., coastal town below Lake Charles, on charges of trawling in violation of Louisiana law within the three mile limit off the Louisiana coast.

The Texans pleaded guilty to the charge last Friday and today five of them were held in the new parish prison of Cameron to serve 30-day jail terms.

The eight others paid their fines and court costs aggregating more than \$1,050 and were released. Captains and members of the crews were fined \$25 each by Judge Hood but court costs increased the penalty for captains to \$148.75 and crew members to \$48.75.

The shrimp boats, five in number, were taken in tow May 27 under orders of Captain L. R. Cabirac of the patrol boat "Black Mallard" of Louisiana.

No Retaliation From Britain
Empire Seeks A Way To Halt Attacks On Shipping

LONDON, June 14 (AP)—Prime Minister Neville Chamberlain told the house of commons today that Britain planned no retaliatory action because of the bombings of British shipping in the Mediterranean but was trying to work out a system of safety zones to end the attacks.

In his eagerly awaited statement at the first session following parliament's Whitson recess, Chamberlain said two proposals had been made which "might go some way toward cessation of these attacks."

The first provides for the establishment of safety zones in certain harbors, which "although it presents considerable difficulties is being actively investigated," the prime minister said.

The second plan, he continued, was proposed Saturday by the Spanish insurgent government. That "a port in Spanish government territory should be selected outside the zone of military operations for the use of British ships, which could enter or leave it unhindered."

Chamberlain also expressed hope of a settlement of the German-Czechoslovak crisis and warned both Prague and Berlin they should show "the utmost patience and restraint."

He told the house negotiations were proceeding between the Czechoslovak government and its Germanic minority with "both parties showing good will." He added that the British minister to Prague "has continued to emphasize (to the Czechoslovak government) the urgent importance of reaching a comprehensive and lasting settlement by negotiation with the Sudeten (Germanic) party."

List Requirements On Wheat Loans
WASHINGTON, June 14 (AP)—The Agricultural Adjustment Administration made public today requirements for proposed loans on wheat.

Details regarding the amount, terms and conditions of the proposed loans have not been determined, officials said, but producers who plan to apply for loans and handlers of loan wheat should make suitable preparations for the 1938 crop.

Loans will be made to producers upon whose farms the total acreage of soil-depleting crops for 1938 has not exceeded 105 per cent of the total soil-depleting acreage allotment.

Wheat eligible for the loans must be produced in 1938, the title must be in an eligible producer, and the wheat must be placed in storage in a federally licensed or approved warehouse or in eligible storage on farms in certain areas where farm stored wheat can be kept in proper condition.

The following counties in Texas will be eligible: Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Floyd, Gray, Hale, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher and Wheeler.

estimating damage, but with loss of two cantaloupe train reeling jobs, it might reach \$3,000. Basement of the plant and large electric motors were inundated. Several thousand ice picks, floating out of their boxes, made work in the flooded basement tedious. Thousands of pounds of ice had to be "ferried" out of the high waters to customers.

The fire department Monday afternoon pumped water out of the basement and Tuesday morning pulled it out of the Guttar Gin plant.

The T&P Railway company waited for water to recede before checking damage to tracks and to bridge structures.

A small girl narrowly missed drowning near the Benton street viaduct Monday evening when the bridge timber on which she was floating in the flood waters drifted into the strong current, overturning her. An unidentified man hauled her out as she was going under a bridge.

Street Damage Heavy
The city counted its street damage at around \$3,000. City Manager E. V. Spence said that the two recent rushing rains produced an estimated \$5,000 damage to streets, and possibly more as soon as new pavement can be checked.

At the time the last downpour came, he was in conference with R. E. Barclay, federal farm engineer for the Farm Security Administration. The engineer got a vivid picture of what waters can do in this area. He was shown streams at the point of the proposed Moss Springs dam, of several small and one large dam site on Elbow creek, possible check dams east and west of town; and above the city park in section 17.

Barclay also viewed possible location for a dam on the Concho river above Sterling City as a three way project for the city, war department and soil and water conservation division of the department of agriculture.

Spence is to confer on the latter project next week with Col. F. S. Benson, district U. S. engineer for the war department, in Galveston.

Tuesday no fears were felt for headwaters from upper Sulphur Draw. The natural dam, 12 miles northwest of Big Spring, was six to eight feet above water level at lowest point. Drainage of the Elbow area put an end to further flood threats since virtually all the overflow came from that territory.

MUST WALK TO SEE WEDDING
NAHANT, Mass., June 14 (AP)—The pedestrian will come into his own Saturday when John Roosevelt and Anne Lindsay Clark are to be married in this tiny peninsula town.

Automobiles will be barred at the town limits, but as for the pedestrians—"let them all come," said Chairman James J. Devereaux of the Nahant board of selectmen.

"They're welcome, even if they sink the town," seconded Police Chief Thomas M. Larkin.

There was one hitch. It's nearly a mile and a half from the nearest parking space to the Nahant club, where the wedding reception will be held. Those who want to see the principals will have to walk; there's no other way.

BILL FOR RAILROAD LOANS ADVANCED
WASHINGTON, June 14 (AP)—The senate banking and currency committee agreed today to report favorably legislation liberalizing government loans to railroads. Leaders announced the measure probably would be passed in the senate today.

Senator Barkley of Kentucky, the majority leader, said after telephoning the White House that President Roosevelt "has no objections" to the legislation.

The forecast favorable senate action today.

The measure would waive for one year a requirement that the interstate commerce commission must certify a railroad is not in need of reorganization before the road can obtain Reconstruction Finance Corporation loans.

FAMED ASTRONOMER LEAPS TO DEATH
SAN FRANCISCO, June 14 (AP)—Dr. William Wallace Campbell, 75, regarded as one of the world's greatest astronomers, killed himself today. Corner T. B. W. Leland reported, by leaping three stories from a window of his apartment.

Coroner Leland said Dr. Campbell left five notes and that his son, Wallace, ascribed the act to ill health.

Dr. Campbell, former president of the University of California, and once a director of Lick Observatory, lived with his wife in the apartment house since his retirement.

Wallace Campbell said his father appeared in cheerful spirits last night when he retired.

VERNEST THOMPSON MAY FILE SUIT FOR BALLOT LISTING
DALLAS, June 14 (AP)—The state democratic executive committee today faced the threat of a mandamus suit seeking to place the name of V. O. Thompson on the July 23 primary ballot as a candidate for governor.

James V. Wright, Thompson's campaign manager, said last night the suit would be filed as an aftermath of the committee's rejection of Thompson's name as Verneest O. or V. O. Thompson. Thompson's original filing as Verneest O. Thompson caused much comment because of similarity to the name of Railroad Commissioner Ernest O. Thompson, candidate for governor.

PRINTS CHECKED
GALVESTON, June 14 (AP)—Officers awaited for fingerprints of two men in custody at Wallis, Texas, today in the hope they would be those of Edward Francis Sutton and Roland C.
