

CAB Urged To Approve New Airline Route

AUSTIN, July 22. (AP)—American Airlines has closed its case in the Civil Aeronautics Board hearing here on patterns for commercial transportation in Texas.

Local Airport To Get \$15,000 Federal Grant

Federal appropriation of \$15,000 to the municipal airport in Big Spring is due to be announced by the Civil Aeronautics Authority tomorrow.

City officials said that the municipality had in no other bid for funds other than for its terminal building, now under construction. The CAA is committed to half the cost of this project.

Sen. Lyndon Johnson, in a telegram received here Friday noon, indicated that the grant would be marked for aid to the city in rehabilitation of its lighting facilities at the port. Approximately 2,000 feet of cable, installed during wartime and since a source of trouble, will be replaced at the port. It supplies the contact (or border) lights along the runways. Sponsors must match federal funds in order to qualify.

AT LEAST HE KNOWS SCORE

HOUSTON, July 22. (AP)—The man wanted to file a lunacy charge against himself. "Are you crazy?" asked Assistant Dist. Atty. C. D. Little. "Yes, I am," the man said. "I've got that fire in my head again. I think I'd better be locked up."

He explained he spent some time in a state hospital about 10 years ago.

He was taken to a psychopathic ward for observation.

New Lamesa Plant To Open Saturday

LAMESA, July 22.—Delta Manufacturing company, producers of work clothes, will observe formal opening of its new plant here Saturday.

In a brief program set for 8 p. m., Mayor Sam Richardson will give the address of welcome. Carl Rountree, attorney, will pay tribute to the new enterprise, and H. C. Ingram, Delta president, will respond.

Producing under the name of Scott's Level Best, Delta turns out a variety of work clothes. The plant is housed in a new one-story brick and tile structure, completed in June. Approximately 19,500 square feet of floor space are provided in the structure at 1,000 N. 4th street.

Members of the Beta Sigma Phi sorority are in charge of modeling a variety of work clothes turned out by the company.

At the present time, 140 employees are required to operate Delta's factory. At peak production, the number is expected to reach 200.

Delta was organized in 1945 at Fredericksburg. Plants also were opened at Lockhart and Taylor. After the war it became apparent that the Fredericksburg and Lockhart factories should be combined in plant to be located near market and labor supplies. About the same time, the name of Scott was acquired, bringing into the trade a name which went back 40 years when Cyrus W. Scott first produced under the name in Houston.

Lamesa was chosen for the location and local citizens provided the building. It is completely air conditioned throughout.

Invitations have been mailed to approximately 300 out-of-town persons, but officials emphasized that the public will be welcomed for conducted tours Saturday evening, Sunday and Monday.

At the present time, 140 employees are required to operate Delta's factory. At peak production, the number is expected to reach 200.

MAKING FIGHT AGAINST BIG ODDS — Ten-month-old Johnny Pickins stands up in his hospital bed at Wichita General Hospital, Wichita Falls, Tex., to take a good look at the man who whistled to him he could take his picture. At the age of nine months the son of Mr. and Mrs. Johnny R. C. Pickins, Wichita Falls, was stricken with sugar diabetes. Doctors say the disease seldom strikes a child so young, but that Johnny is making good progress in combating the disease. (AP Photo)

Howard county went over the top on the Opportunity Bond campaign.

County Exceeds Its Quota In Bond Campaign

Howard county went over the top on the Opportunity Bond campaign. Ira L. Thurman, county bond chairman, said that state headquarters had announced the county's total at \$186,733.75, or six per cent in excess of the quota.

Howard county's E bond goal for the campaign which opened May 16 was pegged at \$176,000. A week ago it appeared as if the county would fall about \$30,000 short.

Thanks for the record was expressed by Nathan Adams, Dallas, chairman of the Texas advisory committee to the U. S. treasury department.

Harry Owens, Dallas, director of the Opportunity drive in Texas, said that the state total was \$45,835,866, or 126 per cent on the quota of \$36,950,000.

Texas sales were \$3,203,900 more than for the U. S. savings bonds campaign for the approximate period during 1948.

Thurman expressed thanks to all Howard counties who had a part in making the drive successful here. At the same time he urged continued systematic saving through investment in U. S. bonds.

School Land Board Attacks Proposed Tideland Compromise

AUSTIN, July 22. (AP)—The Texas school land board objected unanimously on five main points to proposed compromise legislation on tidelands.

The board agreed not to oppose the bill growing out of a recent Washington conference between House Speaker Sam Rayburn and representatives of tideland states "insofar as it affects other states which are satisfied with its terms."

The land board's jurisdiction is over public domain lands of the continental shelf.

ferred fields those elected were: Maurice Lee Breshnan, Wilson Tunnell, James D. Webb and Mrs. Cora Cowan, part-time elementary principals; Mrs. Charlotte Donoho Bristol, librarian; Maron Shields, commercial; G. T. Guthrie, math; Colleen Slaughter, Spanish; Murray Patterson, social sciences.

With completion of degree work contracts were voted to Mrs. Zolzie Mae Rawlings and Mrs. Callie Mae Perkins, who have been regular elementary faculty members.

Other elementary teachers named were Mrs. Cecil Armstrong Phelps, Mrs. Chad C. Hobbs, Edith Westmoreland, Rebe Lee Williams, Mrs. Inetta B. Hardy, Mrs. M. L. Breshnan, June Ann Day.

Primary teachers named were Jane Freeman, Mrs. Mabel H. Frater, Elizabeth Edwards, Mrs. Rose Stremore, and Lucille S. Tunnell.

Approved were the names of Tom Rossow, Lawrence Robinson and H. L. Bohannon to serve as a board of equalization. The city has nominated the same men. City and school district use the same board.

Matter of payment on State street pavement was passed pending receipt of a quit claim deed from the City of Big Spring.

Cardinal Hits Mrs. FDR On Parochial Issue

Federal Funds for Catholic Schools Opposed by Widow

NEW YORK, July 22. (AP) Francis Cardinal Spellman today criticized Mrs. Franklin D. Roosevelt for her opposition to federal funds for parochial and private schools.

In a letter to the former first lady, the Catholic prelate said, "Your record of anti-Catholicism stands for all to see—a record which you yourself wrote on the pages of history which cannot be recalled—documents of discrimination unworthy of an American mother."

The cardinal's attack was based on articles written by Mrs. Roosevelt in her column, "My Day."

Mrs. Roosevelt's secretary said at Hyde Park that the letter had not yet been received and that there would be no comment until after its arrival, if then.

"When, in two subsequent columns you continued your anti-Catholic campaign, I became convinced that it was in the interest of all Americans and the cause of justice itself that your misstatements should be challenged in every quarter of our country where they have already spun and spread their web of prejudice," his letter said.

The Senate already has passed a bill providing such support. It would permit those states that so desire to use funds for aid to parochial schools.

In the House, the issue still is in committee. However, the bill introduced by Rep. Graham A. Barden (D-NC) would bar turning over any of the federal money to parochial schools.

In her June 23 column, Mrs. Roosevelt said, "The controversy brought about the request made by Francis Cardinal Spellman that Catholic schools should share in federal aid funds forces upon the citizens of the country the kind of decision that is going to be very difficult to make."

She said, "Many years ago it was decided that the public schools of our country were entirely separated from religious denominational control, and these are the only schools that are free, tax-supported schools. The greatest number of our children attend these schools."

"America's Catholic youth," the cardinal wrote, "helped fight a long and better fight to save all Americans from oppression and persecution. Their broken bodies on blood-soaked foreign fields were grim and tragic testimony to this fact."

"Would you deny equality to these Catholic boys who daily stood at the sad threshold of untimely death and suffered martyrdom that you and I and the world of men might live in liberty and peace?"

"I believe," he wrote, "that if the federal government provides a bottle of milk to each child in a public school it should provide milk for all school children."

ing days—or approximately six and a half months. The board expressed the hope that work could be scheduled to press for completion of part of the work in advance of the other.

Covered in the contracts is the addition of eight classrooms to the College Heights, two to the North Ward and six to the Kate Morrison elementary schools. Voters early this year approved \$200,000 in bonds. Already on hand was a residue of \$12,900 from bonds earmarked for Kate Morrison improvements. Total cost of

the project, including fees and equipment, was estimated in the neighborhood of \$170,000.

It was unnecessary to utilize any of the alternatives under terms of bidding. The board considered momentarily the propriety of accepting an alternate for six rooms at College Heights, which would have meant \$11,550 off the base general bid, but decided that its original premises of serving the most children as expeditiously as possible was soundest.

The saving would have not boosted the possible residue to much more than half of the bare minimum anticipated for cost of a new elementary school east of Washington Place. The board has expended \$6,600 of the new issue for a site in that locality.

Second lowest bidder on the general contract was Suggs Construction company of Big Spring with \$145,314. Bids ranged up to \$190,000 for B. F. Horn of Abilene. The Kaech bid was pressed by R. M. Wells of Quanah with a bid of \$19,900, or \$40 more than the successful bidder. They ranged up to \$27,883 for Webb Plumbing of Abilene. Lowest bid to the Tally-Worthan figure was submitted by D&H of Big Spring with \$5,540, and ranged up to \$6,486 for Cook Electric and Burton Electric, Midland, were allowed to be withdrawn because of transportation and duplication of base bids. The \$7,500 bid of Petty Electric, Big Spring, was read but disallowed since it was not signed.

When the buildings are ready for occupancy, some re-districting of the elementary school zones will be announced.

Truman Will Seek Arms To Back Pact

Moscow Assails Vatican's Ban On Communists

Excommunication Decree Seen As Move In Cold War

LONDON, July 22. (AP)—Moscow Radio charged today that Roman Catholic excommunication of Communists was a Vatican contribution to "the cold war that Anglo-American reactionaries are waging against the camp of peace and democracy."

It said the ban was intended "to split the united front of people fighting for peace against the Anglo-American war-mongers," and added that it was bound to fail.

The English-language broadcast by commentator Boris Isakov was the first public Russian reaction to the excommunication decree of July 13.

Isakov declared that by the decree "all the enormous ramified propaganda machinery of the Catholic Church is placed at the service of the 'cold war' that Anglo-American reactionaries are waging against the camp of peace and democracy. The July 13 decree is actually one more Vatican contribution to this 'cold war.'"

"The camp of peace and democracy" is a favorite Russian term for the Soviet Union and its satellites.

The broadcast accused Catholic clergy of "preying on the religious traditions and feelings of many plain people in an attempt to disarm them morally to weaken their will to resist the danger of a fresh aggression which is threatening the world."

"But this maneuver is doomed to failure," the Moscow radio said. "The broad masses of the people have come to see very clearly that they can uphold peace only by drawing closer to each other. Only through a staunch fight waged by a united front of working people irrespective of their religious convictions."

"Nobody will be able to split this unity," the broadcast said. "It is the reason the Pope issued the ban on Communism lies in the successful peace movement and the number of Catholic laymen and even priests taking part in it."

"Today the Vatican has taken its stand firmly on the side of the most extreme reaction," declared the commentator. "The Holy See has not the slightest intention of communicating those who publicly call for a new war, for dropping atom bombs."

WATER STORY IN THURSDAY'S HERALD IS MISUNDERSTOOD BY THE PUBLIC

The city water department had a flood Friday morning a flood of unwarranted protests. Calls were provoked by a story in Thursday's Herald that "Big Spring Water Charges Will Be Hiked This Month." That's what the headline said.

That's what the story said, too, but it went on to explain that most water bills would be higher when next issued for the reason consumers had used more water.

Apparently scores of people didn't read that far or didn't catch the drift of the explanation.

City officials were moved to reassure the public that there has been no change in the water rate structure. The rate remains at \$1.50 minimum for the first 2,000 gallons and all in excess is metered at the rate of 25 cents per thousand gallons. (That's what the story said.) This is the same rate in effect for years.

Intended message of the story was that consumption was up sharply. A spot check of 10 residential consumers showed that consumption had doubled over the previous month. This was because it had turned off dry and hot in contrast to April, May and the first half of June.

Hence, individual water bills are due to be substantially higher. If they are, it will be because consumers have turned the hydrant on often and left it open longer. Wary commissioners and officials, harassed by numerous telephone calls due to the incorrect impression created in some quarters, hope that the public understands.

CERTIFICATE SALES UP City Centennial Canvass Planned

Women are marshaling forces to carry the Centennial message to every house in the city. Initial plans for a house-to-house canvass were developed Thursday afternoon at a meeting at the Settles.

Under the direction of Mrs. J. C. Lane, a committee for raising of the city for the canvass will meet at 10 a. m. Monday at the Settles. Others on the committee are Mrs. E. W. Wright, Mrs. George Vineyard, Mrs. Zolzie Boykin, Mrs. Marge Howells and Mrs. Jimmy Mason.

Meanwhile, sale of Centennial certificates picked forward. The total at noon Friday stood just at \$200 (or 2.288 to be exact). This represented a gain of about 100 for the day—the rate maintained since mid-week.

Back from Austin, J. H. Green, chamber of commerce manager, H. W. Whitney, city manager, and Jack Cook, Muny airport manager, reported a "Centennial certificate had been presented to Gov. Allan Shivers.

With Rep. Poppy Blount, the Big Springers, in Austin for a CAB hearing, called on the Governor to invite him to the Centennial. He said he would check his calendar and if at all possible would be here on Oct. 3—which leaders hope to make Governor's 25th Homecoming Day." The late Gov. Beauford H. Jester. He vetoed these second year appropriations to bring the state's budget into temporary balance and to allow the other three general spending bills to be approved in full.

The fourth major money bill—that for eleemosynary institutions—was approved by the late Gov. Beauford H. Jester. He vetoed these second year appropriations to bring the state's budget into temporary balance and to allow the other three general spending bills to be approved in full.

The Credit Women's club bought a block of 25 certificates Thursday, in addition to individual purchases by members. Certificate booths are in operation downtown, handy for the public.

The \$1 price on certificates was pegged purposefully low so residents could secure advance. Proceeds will go to provide additional working capital for the show. They may be kept as souvenirs—or presented for redemption after the show is over.

Purpose of the canvass by women volunteers is not only to enlist a wider base of support for marketing the certificates, but also to place in the hands of every household information pertaining to the centennial and the part every individual may play in the 100th birthday party of the discovery of the spring for which Big Spring is named.

Italy Stops Talks

ROME, July 22. (AP)—Italy suspended trade talks with Yugoslavia because of the Tito government's policy toward Trieste, claimed by both government sources reported today.

Deathless Days In Big Spring Traffic 585

So far response has been moderate. Big Spring and Howard county people are asked to fill in the coupon below (or telephone 3800), giving the names and addresses of former residents who might enjoy receiving a formal invitation to the Centennial. Prompt response is requested.

Names For Centennial Guest List Requested

It wouldn't be exactly right to stage a party without guests being invited.

To avoid this Centennial association and Old Settler Reunion heads are asking increased public support in making out a guest list for Homecoming Day during the centennial.

FORMER RESIDENTS

(Clip and mail to Centennial Assn., Box 1293, Big Spring.) (Please print names and addresses plainly, in pencil.) Following are names and addresses of former residents who would be interested in receiving a Centennial invitation:

LAUNDRY BUSINESS GOES TO THE DOGS — This "pochateria" service, owned and operated by Joan Stover, 12, (left) and Patsy Owens, 11, both of Amarillo, Texas, starts in business with a trial shampoo of Pepper, Patsy's wire-haired terrier. She was graduated from Columbia University in 1915 and got her Ph.D. in 1926. She taught at Columbus and the University of Minnesota, and became a professor at Goucher in 1927.

Shivers Appoints Youth Councilors

AUSTIN, July 22. (U. P.) — Citizens who will try to work out a better deal for Texas' delinquent children were named to the newly-created Youth Development Council yesterday.

Gov. Allan Shivers' appointment of six members included three who had served on the commission that made an 18-month study of youth problems. The commission's work resulted in legislation intended to give Texas a modern plan of dealing with children, including delinquency and its correction.

They were the Rev. Walter Kerr

of Kerrville, Methodist pastor, designated as chairman and member of the executive committee; Leslie Jackson of Dallas, lawyer and former dean of the Baylor University Law School; S. L. Bellamy of Houston, chief probation officer of Harris County.

Also appointed were the Rt. Rev. Paul J. Ehlinger of San Antonio, Lewis Nordley, Amarillo newspaper and author, and Mrs. R. J. Turretine of Denton, long active in Texas public affairs. She is chairman of the Board of Public Welfare.

Ex-officio members of the youth council are Hall H. Logan, chairman of the Board of Control; John H. Winters, executive director of the Department of Public Welfare; Dr. George W. Cox, state health officer; Homer Garrison, Jr., director of the Department of Public Safety; Gordon Shearer, executive secretary of the State Parks Board; Harry B. Crozier, chairman of the Texas Employment Commission.

Two officials yet to be selected also will serve on the council. They are the commissioner of education and the executive director of state hospitals and special schools.

The youth council will name an executive staff to take over the job of trying to find out what makes delinquent children delinquents, and what disposition to make of them.

The council through its staff will manage and direct the state training schools at Gatesville, Gaines-VAMPIRE 30

continuing studies of family life and community programs for development of children into useful, law-abiding citizens.

The law creating the council and completely overhauling Texas plan for handling youth problems was passed by the 51st Legislature. It was sponsored by Sen. R. L. Proffers of Justin and Reps. Pearce Johnson of Austin, Davis Clifton of McKinney, and Sid Gregory of Gatesville.

It had been strongly backed by the late Gov. Beauford H. Jester. Shivers said that he had followed the intentions and commitments of Gov. Jester in naming council members, adding that they also met his full approval.

The commission officially begins functioning Sept. 1. At that time, direction of the training school passes from the board of control to the council.

Driver License Renewal Made Easy By Police

AUSTIN, July 22. (U. P.) — State police have made it easier to renew your lapsed auto driver's license.

Public Safety Director Homer Garrison yesterday announced a new temporary plan under which renewals will not require new examinations. A shortage of personnel in the license division was given as the reason.

Garrison outlined these steps in the new procedure:

First: If you have a license that was issued since Jan. 1, 1944, you may get a renewal by mail from the Department of Public Safety without examination.

Second: If you have a license that was issued prior to Jan. 1, 1944, you may renew by presenting the old license to a drivers license examiner in your locality and executing an original application. License in the latter case will also be issued without examination.

Formerly, those applicants for renewal who had allowed their licenses to expire were required to stand a re-examination. Now, under the temporary set-up, you may reinstate your permit to drive without taking the test, regardless of how long it has expired, provided it not now suspended or revoked.

Blonde Sought In Cohen Shooting

LOS ANGELES, July 22. (U. P.) — Sheriff's deputies today sought a mystery blonde who may have put the finger on Mickey Cohen in the attempted assassination of the film-land gambler.

The first reported break in the ruthless shooting came last night when Lawrence L. Vaile, a resident in the shooting area, told deputies he saw the blonde and three men flee from just below his bedroom window, moments after the shots Wednesday morning.

Det. Sgt. R. T. Hopkinson said Vaile reported he heard the shots and the sound of men running. He looked out his bedroom window and saw a 1948 sedan parked with motor running. One man was at the wheel, one in back and a third standing on the sidewalk.

Then the blonde woman, wearing a dark suit, came running and said: "Come on, Chuckie, let's get out of here."

The two jumped into the car and Vaile said he was able to detect the first two numbers of the license. He said he had seen the man named "Chuckie" and the car in the neighborhood a week earlier.

Other sheriff's investigators were busy checking the long distance phone calls of the wounded mobster, who suffered a comparatively slight shoulder injury. Three others—Harry Cooper, bodyguard assigned to Cohen by the state attorney general; Edward (Neddie) Herbert, Cohen henchman; and bit actress Dee David—were wounded critically, but are reported improving.

The party was shot as they emerged from Sherry's Restaurant on plush Sunset Strip. Eight shotgun shots were fired by two gunmen from ambush across the street. Two 12-gauge shotguns were found in the street not far from where Vaile said he saw the car parked.

Sheriff Eugene Biscailuz and his aids went over the case and shooting scene carefully yesterday. They had planned a re-enactment of the

crime, but eight witnesses asked to be present, including some of Cohen's mob, didn't show up.

Biscailuz lashed out at Atty. Gen. Fred R. Hoover for refusing to give him the names of people Cohen suspected of trying to kill him. The sheriff's investigators also gave the FBI and police of certain eastern cities the telephone numbers Cohen regularly calls. An under-sheriff said he had kept a careful check of all Mickey's long distance calls.

However, who said he had assigned Cooper as bodyguard after Cohen expressed "an" for his life, continued to conduct an independent investigation. Two of his aides talked with Cohen at Queen of Angels Hospital yesterday, but disclosed no details.

The dapper little underworld character assisted by a nurse and one of his associates, was able to walk down the corridor and visit Herbert and Cooper in their rooms. Cohen said he planted a big kiss on Cooper's cheek.

Vampire To Be Hanged Aug. 10

LONDON, July 22. (U. P.) — The home office today fixed Aug. 10 as the date for hanging John George Haigh, who boasted he killed nine persons in four years and drank their blood.

Haigh, a 39-year-old businessman, will go to the gallows at Wandsworth Prison in London unless the king intervenes with a commutation of sentence.

He was convicted by a jury at Lewes Tuesday of murdering Mrs. Olive Durand-Descon, 69-year-old wealthy widow.

In a vain effort to prove him insane the defense introduced statements Haigh made to the police confessing that he slew Mrs. Durand-Descon and eight other persons, slipped their blood, and dissolved their corpses in sulphuric acid.

Hunt For Noah's Ark Is Planned

MOSCOW, July 22. (U. P.) — A Tass dispatch from Ankara, Turkey, says the Turkish army general staff has given permission to an American group to explore strategic Mount Ararat for the remains of Noah's Ark.

The story, printed in the Communist Party organ Pravda, called the expedition "an intelligence service activity under the guise of the search for Noah's Ark."

It said the group is staying in Ankara waiting for a ship to arrive from the United States with their equipment.

Mount Ararat is located near the Soviet-Turkish frontier.

The Americans who applied for permission to search for the ark are Dr. A. J. Smith of Greensboro, N. C., E. J. Newton of Col-

fax, N. C., Walter J. Wood, of the Cliff, N. Y., and W. G. Ogg, of Knoxville, Tenn.

There have been numerous reports in Turkey lately that remains of the ark have been sighted. These have come from all over the country.

Plane Gets Bird

LONDON, July 22. (U. P.) — This is a tale of a bird in (not on) the wing. An airlines, returned from a round-trip to Corsica, developed a twitter. Mechanics opened a wing and discovered a bird had built a nest inside.

Wacoan's Leg Cut Off By Propeller

AUSTIN, July 22. (U. P.) — Harold H. Hicks, 21, of Waco tumbled from a motor boat into Lake Austin last night and his right leg was cut off by the propeller of the 17-foot craft.

Goodson McKee of Waco, told police Hicks was driving the boat sitting on the side of the cockpit. He said Hicks suddenly made a sharp right turn, was thrown from the boat, and the propeller caught his leg as he went under the craft.

Hicks was in serious condition in an Austin hospital.

His wife, McKee, and two Austin men were in the boat when the accident happened.

Airline Strike Again Disrupts Transatlantic Plane Operations

NEW YORK, July 22. (U. P.) — Operations of the American Overseas Airlines, hit by a strike of radio officers, were expected to be disrupted again today.

The airline, which yesterday cancelled all Europe-bound flights, said at least three east-bound flights would be grounded today.

Two U. S.-bound flights failed to take off from London yesterday.

Michael H. McFarlen, head of the striking union, predicted the walkout will halt all European flights of the airline. It normally operates four to six transatlantic flights daily.

The strike, which started early yesterday, involves 72 flight radio officers, members of the AFL Flight Communications Officers Association.

The union says negotiations broke down when the company refused to meet union demands for severance pay, overtime pay "on a par with other lines," and other benefits.

Father Sentenced In Rape Of Child

LOS ANGELES, July 22. (U. P.) — The brutal rape of his two- and a half year old daughter has brought a prison term for Carl M. Hoti, 28, a 220-pound boilermaker's helper.

Hoti was convicted yesterday and sentenced to one year to life in San Quentin prison. Superior Judge Stanley Barnes heard a statement from Hoti's wife, now in Keyser, W. Va.

"I don't think he should ever be let out in this world again. He has always been cruel and brutal to the children, to myself and to dumb animals," she said.

Hoti admitted the morals offense against his daughter, Carol Elaine, while he was caring for her and her twin brother, Carl in a trailer. The judge ordered him to undergo psychiatric treatment while in prison.

Burma Reds Seek To Hike Birthrate

RANGOON, Burma, July 22. (U. P.) — Official government reports said today the Red Flag Communist rebels have introduced forced marriage in areas under their control.

The reports said the Communists will find husbands for all single women, including widows, as "it is imperative the country's birthrate be increased."

It was also reported the Communists are forcing the people to give up their gold and jewelry to purchase arms and ammunition.

Amarillo Pastor To Conduct Revival Services At Local Methodist Church

The Rev. H. B. Coggin of the Buchanan Street Methodist church, Amarillo, will conduct revival services at the Wesley Methodist church, Corner E. 12th and Owen, beginning this evening at 8 p.m. Services will conclude Sunday evening, July 23.

A graduate of McMurry college, Abilene, the Rev. Coggin will arrive in Big Spring during the afternoon. He has held numerous pastoral charges within the Northwest Texas conference and is a noted evangelist throughout the conference area.

The Rev. Orion D. Smith of Aben will conduct the special musical programs during the revival. The Rev. Smith is a graduate of the Southern Methodist University School of Theology and is well trained in religious musical direction.

Morning services will be conducted each day of the revival. The scheduled hour will be announced later. Evening services will convene each night at 8 p.m. Prayer groups will meet at the church at 7:30 o'clock throughout the duration of the meetings.

Sunday services are as follows: Sunday school, 10 a.m.; Morning worship, 11 a.m.; Fellowship groups, 7 p.m. and evening sermon.

hour, 8 p.m. The Rev. C. C. Hardaway will serve as host pastor.

Announcement is made by the Rev. Hardaway that the Wesley church sorely needs a choir director. Anyone qualifying must be completely Christian and capable of handling young people.

A religious picture entitled, "We Too, Receive," will be projected during the evening worship hour at the First Christian church. The Rev. Lloyd Thompson will speak on the same topic, prior to the movie.

The Rev. Thompson will be heard on the subject, "All For Christ and the Church," at the 11 a.m. hour.

Sunday school is set from 9:45 a.m. and C.Y.F. at 7 p.m., under the direction of Mrs. Lloyd Brooks. A group of Young People from the local church plan to attend the C.Y.F. convention at the Oak Cliff Christian church in Dallas Wednesday through Friday, July 27-29.

Speaking from the 13th chapter of Romans, Sewell Jones, minister of the Church of Christ will discuss, "Let Every Soul Be In Submission To The Higher Powers," at 9 and 11 a.m. Sunday. At 8 p.m., Rev. Jones will be heard on "The Trials of the Apostle Paul." Sunday school is at 10 a.m. and Young People's groups at 8:45 p.m.

Announced Sunday services at the Park Methodist church include Sunday school at 9:45 a.m.; morning worship at 11 o'clock, under the direction of the Rev. I. A. Smith, pastor; junior and senior league at 7 p.m. under the sponsorship of Mrs. Gould Winn. Wednesday prayer services will be held at the church at 8 p.m.

Members of the Sunday School department of the Trinity Baptist church will convene for a study of Exodus 8 and 9 at 10 a.m. Sunday. Pastor Marvin H. Clark will speak on "The Purpose of Preachers," from Ephesians 4:11-16 at 11 o'clock. The Sunday evening

service is unannounced. Young People will meet at 7 p.m. under the direction of Donald Hayworth.

"The Cure For Fear," will serve as the main thought during the morning worship session at the First Methodist church, Rev. Albie H. Carleton, pastor. Special music will be rendered by Joyce Howard. She will sing, "The Stranger of Galilee," by Morris. Sunday school is at 9:40 a.m. and Youth League is scheduled for 7 p.m.

During the evening, the Rev. Carleton will be heard on the subject, "A Startling Statement." Munson Compton will present the special musical arrangement, "The Lord's Prayer," by Mollette prior to the evening sermon.

At the East Fourth Baptist church, the Rev. James Parks will speak on "Why Men Do Not Become Christians." Members of the choir, under the direction of Melvin Ray, will present a special musical selection.

Sunday evening, the Rev. Parks will discuss, "Presenting Our Bodies A Living Sacrifice." Scriptural reference may be found in Romans 12:1, which reads: "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."

Sunday school is at 9:45 a.m. and Training Union will convene at the church at 7 p.m.

From the Book of Jeremiah, the Rev. Everett M. Ward will base his morning sermon entitled, "Is There Any Word From The Lord?" The Junior choir will be featured prior to the evening sermon. Members of the WMA will meet in the home of Mrs. Dalton Heflin Monday at 3 p.m. Prayer service will convene under the direction of Charlie Robinson at the church Wednesday evening at 8 p.m.

The Rev. R. Gage Lloyd will speak on "God Is My Soul-Keeper," from Psalms 121:7. The Rev. Lloyd will be in Levelland Sunday evening, where she will ordain newly elected elders and deacons. In his absence, A. A. Porter will preside and L. E. Milling will serve as guest speaker. Ike Robb will direct the Young People's hour at 8:30 p.m. Sunday school will be at 9:45 a.m.

Elder E. G. Newcomer will preside in the pulpit during both worship services at the Mount Zion Missionary Baptist church Sunday. Sunday school will be held at 10 o'clock. Wednesday evening prayer services will be at 8 p.m.

John Anderson will speak in the absence of the pastor, the Rev. John Kolar, at the Main Street Church of God Sunday morning. The church is located on the Corner of Main and Tenth Streets. Sunday school is at 9:45 a.m. Due to the State of Texas Camp meeting at Eastland, there will be no evening services. There will be no Youth Fellowship rally as most of the youth is expected to attend the Youth rally in Eastland.

District missionary, Wm. J. Arnett, will supply the pulpit at both hours at the First Baptist church Sunday. An interesting religious moving picture will be shown at 4 o'clock Sunday. Everybody is welcome. The pastor will be in revival at Rising Star.

"Truth," is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist and in the local Reading room, 217 1/2 Main, Sunday.

The Golden Text is: "Teach me they way, O Lord; I will walk in thy truth." (Psalms 86:11) Among the citations which comprise the lesson-sermon is the following from the Bible: "Lead me in thy truth, and teach me; for thou art the God of my salvation; on thee do I wait all the day." (Psalms 25:3)

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Science will declare God aright, and Christianity will demonstrate this declaration and its divine Principle, making mankind better physically, morally and spiritually." (Page 466)

Sunday masses at St. Thomas Catholic church, 508 North Main, are at 7 and 9 a.m. Confessions are heard before the daily mass from 7 to 8:30 p.m. Saturdays, at the Sacred Heart Catholic church (Latin American) Sunday masses are at 8:30 and 10:30 a.m. and weekday mass is at 7 a.m.

Ring Hunt Like Seeking Needle

CHICAGO, July 22 (AP) — A search which was much like looking for a needle in a haystack uncovered a lost \$1,500 ring.

The hunt for the ring was among 3,000 bags of clothing at the Goodwill Industries. It was found after three days of sorting dresses and other clothing, pinned to a dress which had been donated to the agency.

Mrs. Sally Sherman packed a bag of clothing for the Goodwill Industries last week and failed to notice her engagement ring pinned inside a belt. She discovered her loss Monday and the search was started. It ended yesterday.

THE OLD FAMILY BIBLE

There are few who realize what an important part the old family Bible has played in American life and history.

It lay on the table in the living room or parlor, usually beside a large, shaded reading lamp, and was a ponderous volume, printed in large type and bound with heavy ornate covers.

In addition to the text, it contained a number of blank pages on which were inscribed the vital records of the family—births, deaths, and marriages.

In many families it was the custom of the head of the house to read a passage from the holy volume before the family dispersed for bed. It was regularly used for funerals, marriages, and the periodic visits of the minister.

The old family Bible has for generations set the moral and spiritual pace of America. It has inspired the faint-hearted, comforted the distressed, counseled the penitent. We cannot afford to lose its influence upon our lives.

Go to church on Sunday; and hear God's message from the Old Family Bible.

THE CHURCH FOR ALL . . .
'ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Banquet Is Scheduled For Tonight By Painting And Decorating Group

Members of the Painting and Decorating Contractors of America will sponsor a banquet in the Corral Room of the Hotel Crawford Friday evening at 8 o'clock.

Visitors from San Angelo are expected to attend. The purpose of the meeting is to set up a suggestive program in Big Spring in order to assure more happiness for its citizens of the future by giving them more restful and attractive places to live and work.

During an educational address to the local chapter in the Hotel Crawford Wednesday evening, T. W. Carter of Fort Worth, national vice-president of the Painting and Decorating Contractors of America, stated that "the use and application of color in the home and in the office has a vast psychological effect on different people."

Carter further said, "Everyone acquires a like or dislike to color relating to past experiences in life which may have occurred in childhood and may now be forgotten. If the colors are displeasing to the customer, there

may be a tendency to disturb the nerve center causing him to be irritable and disagreeable." Carter went on to say that "this condition alone has left many customers half satisfied with the job when neither the contractor or the customer realized the cause of the trouble."

During his talk, Carter introduced the new color spectrum or chart which may be used to determine the prospective buyer's conception of color. Great variations in the makeup of the person's eye and in the nature of his pigment will cause a different conception of value in color. To use the chart, the customer is asked to look for approximately 30 seconds upon a group of colors completely surrounded by black and placed under proper lighting conditions. Then, a white card is placed in the same position as the color. The image of that color previously gazed upon will reflect through the eye onto the card forming a "complimentary" color, thus selecting a color pleasing to the individual. If desired, the customer may select colors hues from 1500 color selections.

Through the spectrum system of color dynamics, the dealer can diagnose the individual's conception of depth of color and can therefore decorate his home in exact tones and hues found to be pleasing to him. This system is based on the popular scientist, Munsell system. During his lifetime, Munsell was one of the leading color scientists in the world.

Carter related that at the national convention of Painters and Decorators held at the Waldorf Astoria N. Y. in February, dealers were asked to name the leading color choices in America. Those choices by 85 per cent were green, grey-green, blue-green, green-grey and purple-leather. "A spot of red used sparingly was almost always selected," said Carter.

W. F. Mitchell, state vice-president and president of the Texas Council assisted Carter during the instruction session.

Local paint dealers, union members, paint contractors and members of the Big Spring chapter of Painting and Decorating Contractors Association attended the lecture. Local union representatives were Glenn Hargett, business agent; Lloyd Shuren, journeyman; John Plum, journeyman. Contractors were represented by Jack Johnson, president of the local chapter of PDCA; Bill Ellison, contractor and J. E. Walker, contractor. Paint dealers who served as representatives included Oscar Nabors of Nabors Paint Store; Murphy Thomsen, Thomsen Paint Store; A. A. Cooper of Sherwin-Williams and Howard Stephens, Builder's Supply.

The Painting and Decorating Contractors of America is the largest employment organization in the construction industry. It was established 65 years ago and holds as its objective, "Service To the Public."

Legion Auxiliary Discusses Future Plans Thursday

Ways and means of making money were discussed when the American Legion Auxiliary held a regular business meeting in the Legion club house Thursday evening.

Plans were made for the auxiliary to participate in the rodeo parade.

Helen Steck, auxiliary president, expressed her appreciation for the cooperation of the group in the selling of centennial certificates.

Mrs. Judy Hughes gave a talk concerning parliamentary procedure.

It was announced that the next meeting of the auxiliary will be held on the patio of the club house on August 4.

Attending were: Mrs. Harold Steck, Mrs. Fred Stitzell, Mrs. Othofay Nevinis, Mrs. Judy Hughes, Mrs. L. H. Steward, Mrs. Allen Hull, Mrs. Florence McNew, Mrs. Roland Schwarzenbach, Mrs. Bill Pate, Mrs. Mamie Mayfield, Mrs. Irene Smith, Mrs. Charles Hutchinson, Mrs. Clyde Payne, Mrs. Neel Barnaby, Mrs. Lola Whitney and Mrs. Grady Stevens.

RIBBON RAMBLINGS

By Mildred Young

She may not have had a lot of things we take for granted, but when Grandma was out looking for a man, she looked for some special qualities. A survey by an Ohio State University graduate student reveals that the modern girl is looking for different things in her future husband than grandma did, but they both have their ideas.

The quality grandma looked for in a man was whether he was a good provider, but two generations later, the girls are looking for men with personality, interesting hobbies and interests similar to their own.

Marvin R. Koller, 30, of Cleveland, has found out quite a few facts about courtship practices during three generations as he makes a survey for a doctorate in sociology at Ohio State.

For his research, he sends questionnaires to three generations of women—those of the college age level, their mothers and their maternal grandmothers.

A total of 1,500 women—500 in each generation—have been questioned, and one of the unchanging customs Koller has unearthed shows that it always has been the man who has picked up the check.

If you ever decide to let the Bible get you out of a jam, you'd better be sure that you know what's in it. There's a man in England who told a Birmingham court that he objected to military service on religious grounds.

The judge asked him how many commandments there were.

"Twelve," Clark replied.

His name was stricken from the list of conscientious objectors.

It's Friday all over again and always a good day to remember that if you have any events to place in the social calendar that it must be done today.

Jaycettes Meet For Dinner At Settles Hotel

Jaycettes met at the Settles Hotel Thursday to discuss plans to assist the Jaycees in their part of the centennial celebration. Mrs. W. L. Thomp on presided during the business session.

It was announced that Mrs. Johnny Stewart, Mrs. Truman Margolies and Mrs. Frank Martin will be the August 18th hostesses.

Dinner was served to the following: Mrs. Bill Horne, Mrs. Truman Margolies, Mr. Alma Lane, Mrs. Doyle Vaughn, Mrs. Bud Tucker, Mrs. Frank Martin, Mrs. W. N. Norred, Mrs. Cecil Thinton, Mrs. J. W. Anderson, Mrs. W. L. Thompson, Mrs. Culver, Mrs. Lloyd Wooten and Mrs. Johnny Stewart.

VISITS and VISITORS

Mrs. Omar Jones left by plane for Dallas Friday to attend the wedding of her sister, Baby Taylor.

Joan Sims, daughter of Dr. and Mrs. Robert A. Sims of San Antonio, is visiting in the home of her grandmother, Mrs. Mamie Swedford, 608 Scurry.

Mr. and Mrs. R. E. Cheate and children, Jacque and Eddy, left via plane Thursday for their home in Phoenix, Ariz. They have been guests in the home of Mr. and Mrs. J. M. Cheate, 3400 Gollard.

The Rev. and Mrs. R. Oge Lloyd, Mrs. Catherine Eborly and Mrs. L. G. Talley were in Midland Thursday evening, where they attended the opening of the new First Presbyterian church there. The Rev. Lloyd participated in the services as his father, the Rev. J. Lloyd, Mrs. Catherine Eborly and F. Lloyd was the first Presbyterian pastor in Midland.

Mrs. Wasserman Is Named Honoree Thursday Night

Mrs. G. W. Wasserman was named honoree at a coming event shower held in the home of Mrs. Helen Underwood Thursday night. Other hostesses were: Mrs. Perry Burleson, Mrs. Lorena Litch and Mrs. Mary Farbar.

Games were played. Mrs. C. M. Deal won a prize and presented it to the honoree. Gifts were displayed.

Guests attending were: Mrs. C. M. Deal, Mrs. Leon Cain, Mrs. C. French, Mrs. W. A. Carpenter, Mrs. Bob Kiser, Mrs. Walter Arnold, Mrs. Ed McCormick, Dorothy Sikes, Wanda Conway, Joyce French and Mary Ann Goodson.

The big cattle-producing states are Texas, Iowa, Nebraska, Kansas, Missouri, Illinois, Minnesota, California, Wisconsin and Oklahoma.

Registration Date Set For Band School

Registration for the Big Spring Summer Band School has been scheduled for Monday morning, August 1. Classes will begin on the following day and the school will run for four weeks, ending August 26.

All beginning students are asked to register at 8:30 a.m. Monday and all students who have taken band before should register at 10 a.m. Monday morning at the high school band room. Beginning students should be in the fifth grade or above, next year in school. Parents who wish to enroll their children in the band program are encouraged to come to registration for conference with the band director regarding the selection of instruments and other matters concerning the band program.

The band school is open to any student having taken band before and who is still of school age. Classes to be offered include beginning, intermediate and advanced instruction in band instruments; beginning and advanced marching sections; and special instrumental and theory classes conducted by guest instructors. Concert band will be offered to advanced students.

Blind Man Killed By Subway Train

NEW YORK, July 22. (U. S. —) Above the roar of an approaching subway train, passengers waiting on the platform heard the blind man cry: "Help me, please, some one please help me."

Louis Kerman, sightless newspaper vendor, stood on the tracks of the subway line in a downtown Manhattan station. Apparently, he had made a misstep yesterday and fallen from the platform.

His dark glasses and cane, dropped in his fall, were several feet from him.

He reached out his arms, groping, as he cried for help. But there was no time to help.

"What could I do?" subway motorman Frank Rarmier said later. "I kicked the brakes; it was too late."

A police lieutenant telephoned the dead man's wife.

"I hope he didn't know what happened," Mrs. Kerman said.

To Attend Funeral

Mr. Alice Riggs has received word of the death of her sister-in-law, Mrs. J. A. Henson at Morgan Mills. Funeral services will be held in Morgan Mills Saturday at 3 p.m. Mrs. Riggs will attend the rites.

Argentina Bill Would Control All Writings

National Culture Undersecretary Antonio P. Castro today proposed a law which would control virtually everything written in Argentina—including newspaper headlines.

The proposed measure, is purportedly aimed to protect the rights of Argentine authors and develop Argentine culture.

The proposal was drawn up by the National Board of Intellectuals which Castro heads. It would embrace all the sciences, arts, and letters and extend government control to newspapers, radio, the theater, movies, and music.

The measure would levy fines ranging from \$10 to \$2,000 against anyone violating its sweeping provisions.

Castro said copies of the proposal would be distributed to all Argentine newspapers as well as major foreign publications before it is submitted to Congress. He said he expected speedy approval of the measure.

Castro said that in drawing up the bill the national board was carrying out a mandate of President Juan D. Peron for intellectual advancement.

The law, if enacted, would set up a National Registry of Intellectual Workers. It would require newspaper publishers to open their books for government inspection so that rates of payment could be fixed according to their ability to pay.

Rates would be doubled for failure to print bylines.

The measure also would eliminate cut-rate book stores.

No Relief From Heat Wave Seen

CHICAGO, July 22. (U. S. —) Not much relief from hot and humid weather was in sight for the eastern and southern states today but there was some for the Midwest.

Drier cooler air over the northern and central plains states moved into most of the Midwest. Temperatures in the high 80's and 90's and high humidity were predicted for the eastern and southern parts of the country.

The mercury climbed to above 100 in parts of Texas and Oklahoma yesterday and into the 90's as far north as Central Illinois and Southern Iowa. Temperatures along the Pacific Coast were around normal.

Showers brought temporary relief to some of the hot spots. Rain fell in scattered sections of the Midwest and there also were showers in New Mexico, West Virginia, and Florida.

Taylor Popular In Soviet Union

MOSCOW, July 22. (U. S. —) Soviet newspapers said today—the U. S. Senate ratified the Atlantic Pact "notwithstanding the broad, popular opposition and serious doubts and reservations advanced by many senators."

The papers declared that American public reaction "clearly shows that the pact does not have the popular support of many millions of Americans vigorously opposed to the pact as an aggressive alliance threatening peace."

The papers gave prominent play to remarks by Senator Taylor (D-Idaho) attacking the alliance and urging broader trade with Russia.

U. S. Lauded For Isle Care

LAKE SUCCESS, July 22. (U. S. —) The United States was lauded by the U. N. Trusteeship Council yesterday for its care of the scattered Pacific Islands seized from Japan in World War II.

The council also decided to send a four-nation mission next spring to inspect the Pacific island territory of the United States and other trust areas in the Pacific.

The commission appeared in a report approved by an eight to nothing vote. Britain, France, Australia, Belgium, China, Iraq, Mexico, and the Philippines voted for the report. The United States, Russia, and New Zealand abstained. The 12th member, Costa Rica, was absent.

The islands are officially known as the Trust Territory of the Pacific Islands. They cover some three million square miles in the western Pacific Ocean north of the equator. The territory comprises the Marshalls, the Carolines, and the Marianas.

The mission to inspect the islands will be made up of Britain, China, France, and the Philippines. It expects to spend three weeks in the American territory and 110 days in all on the inspection tour of the whole Pacific.

Deny Reports Tito Is Planning Flight

BELGRADE, Yugoslavia July 22. (U. S. —) Italian press reports that Premier Marshal Tito is planning to flee to Mexico were regarded by observers today as entirely unfounded. Some said they might have been inspired by Communist agents.

They said any reports that the Tito administration is being internationally worried seem chiefly a case of wishful thinking on the part of Russia and the Soviet satellites who have pursued a year-long campaign to oust him.

Tito has been on the Drive island of Brioni, engaging frequently in conversations with top officials at C. keeping close touch with state affairs.

The report about Tito fleeing appeared yesterday in Il Corriere Lombardo, a rightist Milan newspaper published by a publicity firm.

The newspaper which features eye-catching stories, said six submarines were ready at the port of Pola to take Tito's luggage to Mexico. It said the marshal himself would be flown to Central America.

Special delivery service will be operated immediately after these hours, but it is essential that we have your request by 6:30 p. m. on weekday evenings, or by 10 o'clock Sunday morning, so that we can make the delivery. Delivery facilities are available only until those hours. Your cooperation in calling by these times will be most appreciated.

WITH TWO WINS

Montgomery Leads In Y Tennis Tournament Here

Six contestants in the YMCA tennis tournament advanced to second round play with victories Wednesday and Thursday. One player was ready for quarter-final play as the result of a second round win.

All entrants in the tournament are defeated in the first two rounds of regular play will be eligible for places in the consolation bracket, Bo Hardy, YMCA athletic director, said.

Result of first round play advanced Bill Bell over Gill Barnett, 6-4, 4-1; Gray Burkhead over Nathan Richardson, 6-1, 2-2; B. E. Lees over Robert Hobbs, forfeit; Harry Jordan over Eddie Houser, 6-1, 6-2; and Wendell Stephens over Ardis McCasland.

Bill Montgomery was ready for quarterfinal play after downing Lees decisively in second round, 6-0, 6-0.

First round play was scheduled to have been completed Thursday night. All matches are being played on the East City Courts, City Park, between 5 and 10 p.m.

GOOD FOR ANOTHER HITTING STREAK — Eddie Stanky, Boston Braves second baseman, grins at his first sight of his daughter, Beverly, six pounds and 12 ounces, born at St. Elizabeth's hospital in Boston, Mass. Stanky, currently in a streak which has brought him hits in 17 straight games, says his new daughter is good luck for another 17 games. Mrs. Stanky is doing fine. They have another daughter, Georgia Ann, 6. (AP Wirephoto).

Big Spring (Texas) Herald, Friday, July 22, 1949 7

LOOKING 'EM OVER

According to John Cliff, the Denison sports writer, the Sherman-Denison baseball club, sister nine to the Big Spring Broncs, is in serious financial straits and the only possible hope for the brigade lies in Papa Joe Cambria, who has promised to come to Texas and see what can be done about the situation.

The S-D Twins have been in the second division of the Class B league all season, with the result that fan interest has dropped off. The team is now \$42,000 in the red and losing ground every day, so says Cliff, who adds that Cambria has proffered to sink some of his capital into the team in order to keep it going. (Cliff, incidentally, refers to Cambria as a Cuban, Joe is Italian).

The strange part about the whole thing is that the team has drawn in the neighborhood of 50,000 paid admissions, yet continues to lose money. It's not so strange, on the other hand, when one stops to consider that the teams within the league maintain athletes whose salaries are in excess of their respective heads yet have been too stubborn to season and called a halt to the reckless spending.

The Sherman-Denison management thought for a while recently that it would land Freddy Rodriguez, the ex-Big Springster now doing business with the Abilene Blue Sox. However, that deal fell through. It is fairly sure of getting one Tange Saures, an A-1 Cuban catcher, who has been playing first string for Havana. Saures is supposed to be so good he caused the Havana management to remove the celebrated Mario Diaz to the outfield.

RODRIGUEZ MAY FINISH SEASON AS PILOT

The Sherman-Denison club is about ready to jettison its second manager, who happens to be Pete Appleton, the veteran pitcher. If Pete goes, Joe Rodriguez, who piloted the team to first place and a victory in the Shaugnessy playoffs, may come in from Cuba to finish up the campaign. Joey would have been at the helm earlier but for ill health.

If the Twins do go on the financial rocks, Big Spring can be fairly certain of landing two or three of the Cuban hands employed there. Manny Mantaras, here in the spring, is one of the Twins' backstops, by the way.

Should Sherman-Denison exit from the circuit, Corpus Christi would probably have an excellent chance of taking its place.

Eddie Melillo, the former Midlander sent to Gladewater by Lamesa recently, didn't remain with the East Texas league club very long. He's now in the Rio Grande Valley league, plays shortstop for the McAllen team.

One of the best movies this reporter has seen in a long, long time is "The Stratton Story," which was shown to local audiences not long ago. It, of course, was woven around the life of Monty Stratton, the long Texas who pitched for the Chicago White Sox.

Stratton's big-league baseball career ended when he accidentally shot himself in the leg and eventually lost the member. The script writer, for some reason, had a rifle as the villain of the piece. In reality, Stratton injured himself with a pistol he was carrying in his belt.

Incidentally, Monty is still pitching a game every now and then. He hurled five innings for a Paris Independent nine against Sulphur Springs last weekend and was charged with a 7-5 loss.

The city-wide swimming meet, scheduled to be staged at the Mundy pool here Saturday evening, should be well worth your time. Bobo Hardy, the promoter, has spent long hours in planning the show and, we hear, has come up with quite an aquatic.

Gyselman Leads Swatters Nine To 7-5 Win

SWEETWATER, July 21.—Sweetwater's Swatters made the most of even hits to trounce the Big Spring Broncs, 7-5, here Thursday night.

The win enabled the home club to salvage the final game of a three-out set, the Hosas having taken the first two contests.

The Swatters spotted the Big Springers three runs and then went on to win. They went ahead to stay in the sixth with a four-run outburst. Many Rodriguez came on to relieve a tiring Alfred Padron in that round and was ineffective.

Big Spring banged out 12 assorted safeties, including two each by Felix Gomez, Ace Mendez, Carlos Pascual and Ray Wagner but, outside of the fifth, were kept in bounds by Bob Spence and Mark Christianson.

Pat Stacey's gang fought back to score a run and lead the bases in the sixth but Al Valdes was tossed out at first base to end the threat.

In all, the Hosas committed seven errors in staging one of their worst field exhibitions in history. A long triple by Dick Gyselman in the sixth put the Swatters ahead to stay.

Leaders Gain In Fem Loop

The leaders had it all their way in Women's bowling league play here Thursday night. While the second-place Leonard Pharmacy outfit was trimming Cornelison's Cleaners, 2-1, the pace-setting Zack's of Margo's outfit was swamping Douglas, 3-0.

Zack's grabbed off aggregate scoring honors with a 2238 and second place in game tally-getting with a 176. Leonard had second high overall score with a 2131 and first place in game high with 750.

Olive Cagle, Zack's, banked a 103 for individual high and won second place in total pins with a 506. Mary Ruth Robertson, Leonard's, collected a 182-547, the latter high total.

Sports, Oilers Still In Tie

By WILBUR MARTIN Associated Press Staff

Either Tulsa or Shreveport are slated to drop into third place in the Texas League standings tonight.

Shreveport climbed into a second place deadlock with Tulsa last night by soundly thumping the Oilers, 11-4. The two teams meet again tonight.

Houston broke a seven-game losing streak by downing Dallas, 7-2, and in other games last night. Beaumont nudged Oklahoma City, 11-0, and San Antonio—shuffled Fort Worth, 5-3.

Pete Lewis' three-run home run sparked a six-run outburst by Shreveport in the eighth inning. Jack Kraus won his eighth game for the Sports.

Gene Herbert's single in the tenth inning gave Beaumont its narrow victory in the wild, free-scoring tilt. The Exporters used four pitchers and Oklahoma City three.

A two-run home run by Bill Marlin in the fifth inning gave San Antonio its victory and Homer Gibson his seventh triumph of the season.

Broncs Oppose Ballinger; Return Home On Sunday

Ramos To Seek 16th Victory

Julio Ramos is scheduled to go to the hill tonight seeking his 16th success of the season as he and the Big Spring Broncs invade Ballinger for a brace of games.

Ramos has lost but twice.

The Cayuses, who have just finished winning a series from Sweetwater, have a man sized job cut out for them. Red Brown has the Ballinger playing the best ball in the Longhorn league at the present time, and that despite the fact they dropped two out of three games to Midland.

Manager Pat Stacey of the locals saved Ramos especially for this game.

The Steeds and the Cats play again Saturday night, after which the Hosas return home to open a six-game home stand Sunday. First foe of the Big Springers here will be Harold Webb's up-and-coming Midland Indians. The Tribe will remain over here for three games.

Palica Proving Worth As Bums' Relief Hurler

By JACK HAND Associated Press Staff

Erv Palica is hailed as "The New Casey" in Brooklyn where the hard-pressed Dodgers today open a vital four-game series with the St. Louis Cardinals.

Day after day Palica is waved from the bullpen to save the skin of a regular Brooklyn starter just like Hugh Casey used to do. Erv worked in seven of the last 11 Dodger games, winning four and losing one.

Ironically he capped his seventh victory of the season yesterday because Casey, the old Brooklyn fireman, now with Pittsburgh failed to stop a Dodger uprising. Luis Olmo, who may be the prize of the returning Mexican jumpers, nicked Casey for a game-winning "pinch" single that supplied Brooklyn's 7-6 edge over the Pirates.

Casey wasn't charged with the loss. That went to Lefty Bill Werle, who had put the winning run on base. But it was Casey who dashed in the game-clincher on his second relief pitch.

The Dodgers really needed that win over the Pirates because the Cardinal victory over Boston already was posted on the scoreboard in right center field. Now with a 2-1-2 game lead, they can't lose that place unless they blow the whole series.

Harry Breechen lifted the Cards over Boston, 3-1 with a five-hitter while the Birds handed Johnny Antonelli, the Braves \$70,000 bonus dandy, his fifth loss. Antonelli has been beaten by the Cards four times in his brief career.

Ross Slaughter warmed up for Brooklyn with two singles and a double but Stan Musial went hitless in five trips.

Bobby Thomson led the New York Giants to their fourth straight win, three in a row over Cincinnati, with a pair of homers and a double. The Scot from Staten Island drove in six runs off Herm Wehner, Ed Erout and Ewell Blackwell in the Giants 9-5 triumph.

Walker Cooper making his first appearance in the Polo Grounds since he was sold to Cincinnati, homered with the bases loaded as the Reds routed Clint Hartung in a five-run third inning. Kirby Higbe who pitched the rest of the game was credited with his first victory since coming to New York from Pittsburgh June 6.

Hank Borowy apparently making a career of beating Chicago since the Cubs traded him to the Phils, turned back his old mates for the fifth time, 6-4. Borowy was hit hard but weathered the storm for his ninth victory.

The New York Yankees took the rubber game of the Cleveland Series 5-3, stretching their American League lead to 3-2 games over Vic Raschi's 15th victory.

Raschi, who has lost only three, scattered eight hits. It was the fourth straight time he had tamed the Tribe who have yet to beat him. Once again Joe Dimaggio was the big man, driving in two runs with a single that sparked a three-run rally against loser Early Wynn in the third.

The revived St. Louis Browns finally came in the end of their six-game winning streak in the second game of a two-light double-header with Philadelphia, but not until they had broken loose with an 11-run inning.

With Roy Stivers hitting a grand slam homer, the Browns scored 11 runs in the sixth inning of their

Bolanos TKOed By Ike Williams In Fourth Round In Title Test

LOS ANGELES, July 22 (AP)—The championship dream of Mexico's Enrique Bolanos lay in shambles today, broken to bits by the devastating fists of Deadpan Ike Williams, lightweight champion of the world.

Bolanos went down and out before a furious onslaught of punches in the fourth round of their scheduled 15 round clash last night at Wigley Field. Some 18,000 spectators paid \$104,274 to see the tri-

al, a charity pro-ecion. Williams evaded 135 pounds and 37 inches.

It was Enrique's third crack at the Trenton, N. J. Negro and his third defeat at the hands of the 26-year-old champion.

This was not the same Williams who needed 13 rounds to win a split decision over Bolanos in May of last year. Nor was it the Williams who stopped the then green challenger in eight rounds in 1948.

Champion Ike, appearing stronger and faster than in their previous matches, started winging at the opening bell. He had the end in sight at the close of the third canto when Bolanos' left eye was about lighter than a miser's purse from jolting right smashes.

Later, George Parronazo, Bolanos' manager, claimed his boy had been "thumbed" in the eye in the second round. But referee Jack Dempsey said he didn't see any foul play.

Bolanos persuaded his corner to let him go out for the fourth where he battled on even terms for the first minute. But then the sky fell on him.

A withering left hook in Enrique's chin dropped him to both knees. He was up at nine, but Williams, with rocking blows in the head and body, sent him to the canvas again.

Referee Dempsey and Bolanos' handlers halted the proceedings simultaneously with 20 seconds left in the round.

Williams, in his dressing room, appeared the affair as just another contest in a career that has brought him through 111 professional bouts.

Ask To See The "Feature Lock" Diamond Rings AT NATHAN'S

Inverness Play Gets Underway

TOLEDO, O., July 22 (AP)—Fifteen of golf's finest professionals and one of the top amateurs teed off in two rounds of play today, locked in the lowest scoring duel in the 12 year history of the Inverness Invitational Four Ball Tournament.

Only four points separated the top from the bottom as three teams tied for the lead with a plus two rating, one point ahead of the fourth place team as they squared off this morning.

Lloyd Mangrum of Chicago and Johnny Palmer of Edin, N. C., firing a record equalling best ball of 60, eleven under par, were at plus two after their two up victory over Bob Hamilton, former PGA champion, and Chick Harbert, Detroit, who were nine under regular figures with 62.

Also at plus two were Sam Snead, PGA, masters champion, and Dick Metz, who beat Dutch Harrison and Tim Turnesa, and Clayton Hearnes and Skip Alexander, who came in with a two up win over Jimmy Demaret and Frank Stranahan.

Stranahan is the only amateur ever to play in this tournament. He is supplanting the injured Ben Hogan.

Freddie Haas and Dave Douglas, the long shot of the tournament, supplied the first surprise when they downed the heavily favored combine of National Open Champion Dr. Cary Middlecoff and Jim Ferrier, one up.

15-3 twilight decision over Dick Fowler. They were nose out in the second game, 3-2, on Hank Majors' game-winning triple in the eighth inning as Alex Kellner registered win No. 13.

Fourteen men went to bat in the big inning: a new high scoring total for the season in an American League inning. Seven hits and five walks did the damage.

Detroit slammed out 14 hits, including homers by Pat Mullin, Dick Wakefield and George Vico, to whip Washington, 6-3. Freddie Hutchinson, relieving Ted Gray in the fourth, worked 5-1-3 scoreless innings for his sixth victory. Ray Scarborough was the loser.

The Boston-Chicago game was rained out in the American League.

NOTICE TO LATE TAXPAYERS

To those who desire to borrow money with which to pay taxes that have become delinquent, either to the School or the City, a lien, prior to all others, can be transferred by the School or City, on written request of the tax payer to such an advance the money for the payment of taxes. This is provided for in Article No. 784a Subdivision 3 Revised Civil Statutes.

The Constitution, Art. 16, Subdivision 50, especially provides that a lien attaches on a homestead for the security of the payment of taxes, and the lien is superior to any and all other liens, mortgages, or mechanic liens, and may be foreclosed for the payment of the taxes and the homestead sold.

We have been trying hard to collect the taxes for the School and City without suit, and have sent out thousands of letters, and about half of the delinquent taxes have been paid.

We are now entering suit on every piece of property, treating everyone alike. We can't separate one from the other, and wait on any particular one without waiting all alike.

The School and the City expect to collect all the delinquent taxes and have a clean slate to begin anew.

If in doubt about your taxes, see the tax collector at the School and City; we don't have the tax rolls. We do not want to bring suit, naturally, and much rather the taxes be paid without this trouble.

Please call on us, no trouble to answer questions, and let us be of some help in correcting any error that may occur.

Long-Time Knott Resident Succumbs

An illness of a year's duration terminated in death Thursday noon for Sanford Clyde Gist, 72, long-time resident of the Knott community...

Funeral was set for 4 p. m. Friday at the Eberly chapel with Rev. Margaret, Church of Christ minister, officiating.

A native of Tennessee, Mr. Gist settled in the Knott area 43 years ago. He had been engaged in farming continuously since that time.

Surviving are his wife; three daughters, Mrs. W. G. Castle, Abilene, Mrs. G. R. Finclair, Odessa, and Mrs. Dee McArthur, Spur. He also leaves a brother, H. F. Gist, and a sister, Mrs. Olivia Fields, both of Teague. Nine grandchildren survive.

Funeral services were to be held at the Eberly chapel, 4 p. m. Friday, at the residence of Mrs. Gist, 1015 E. 1st St., with Rev. J. B. Shockley, Emmett Grayson, and Roy Phillips, all friends who had been considered honorary pallbearers.

Snyder Concluding Tour of Inspection

CAIRO, Egypt, July 22 (Sp)—U. S. Secretary of the Treasury John Snyder left by air today for Athens, Greece.

SET FOR SATURDAY

**30 Entries Filed
In Local Y Swim.**

Approximately 30 entries have been filed for the second annual YMCA Swim Meet and Water Carnival, Bobo Hardy, Y athletic director, said this morning. Entries will be accepted through Saturday afternoon for the affair which is scheduled to start unfolding at 7:30 that evening. At least 30 more contestants are expected to enter the meet, Hardy said. The event is free to spectators. Jack Smith, a past president of the YMCA, is to be master of ceremonies for the meet and carnival, Hardy said. The meet is scheduled to be unreeled at the Municipal pool in City Park beginning at 7:30 p.m. Saturday. Three divisions of four events each will make up the competitive part of the water tournament. Exhibitions and clown acts will round out the evening's program. Contests will include back stroke, breast stroke, and free style swimming as well as diving, in junior and senior boys' divisions. The girls' division will see competition in back stroke and free style swimming events. Junior and girls' divisions races will be over the 40-yard distances, Hardy said. Senior event will be run for 80 yards. In addition to the competitive events, exhibitions in diving will be presented by B. E. Lees and Bobby Dillon. Lees will execute a high dive through a flaming hoop as a part of the show. The four-man team of Billy Van Pelt, Eddie Houser, Jackie Little, and W. C. Blankenship will go through the paces of a comic "Spoon Relay" in which the swimmer carries an egg in a spoon held in his mouth. The water ballet will include acts by Kitty Roberts, Susan Houser, Ann Crocker, June Cook, Pat McCormick, and Beverly Stulting. A walking race for non-swimmer is scheduled for the 20-yard distance across the shallow end of the pool. The Big Spring Army and Air Force Recruiting Main station will furnish sound equipment for the meet, Lee Milling, YMCA head, said. Smith, the emcee for the night's program, was the first president of the Big Spring YMCA when it was formed in 1946. Judges for the various contests will be Barbara Moore, John Dibrell and Hugh Cochran. Olen Puckett is to start the racing events and Ricki Cooper is recorder.

**Convicted Slayer Shot To Death
In Fort Bend County Jail Cell**

RICHMOND, July 22. (AP)—Jose Juarez, convicted murderer of the wife of a Texas prison farm sergeant, was shot to death yesterday in a cell in the Fort Bend County jail.

Deputy Sheriff Ray Owens said he shot Juarez when "he attacked me with a knife made from a spoon." Both he and Sheriff Rue Linecum said Juarez attacked Owens about 4:30 p. m. as they prepared to move Juarez out of the cell. Juarez, a convict at Harlem Prison Farm, was given a death sentence in district court here July 12. He was convicted of slaying Mrs. R. F. Stovall, wife of a guard at the farm, with a paring knife he used in kitchen work. "Juarez tore out the plumbing in the single cell where we had placed him," Owens said. "So day before yesterday, we placed him in a cell with four other prisoners. Late today, he attacked them with the knife. "I shot him." Sheriff Linecum said the door of the cell had been opened as officers prepared to move Juarez. The sheriff said he had called to a trustee telling him to put a mattress in another cell for Juarez; that he turned to see Juarez "making at Owens with a knife." "I yelled, 'look out!'" said Linecum. "That's when he shot him." He said no charges had been filed in the shooting; that it is being "left open to the grand jury to investigate." Mrs. Stovall's body was found in a blood-spattered room at her home May 23. Juarez, formerly of

**Philosophy Prof's Testimony In
Communist Trial Baffles Court**

NEW YORK, July 22. (AP)—A philosophy professor didn't get a chance to say as much as defense lawyers wanted him to say yesterday at the Red conspiracy trial—but what he did say was in words that baffled the court. The witness was Dr. Herbert J. Phillips, of Seattle, who was fired as a Communist last January from the University of Washington where he had taught philosophy for 28 years. Appearing for the defense, Dr. Phillips, reeled off a stream of heavy phraseology that taxed the vocabularies of lawyers and the judge alike. His testimony was cut short on a ruling by Federal Judge Harold R. Medina, but not until the problem in polysyllables arose as Phillips was telling of a class in Marxism-Leninism that he taught. He said he gave the class "A presentation of my understanding of Marxism-Leninism in the form of a scientific hypothesis to explain the various manifestations of modern history. The course was divided into three parts. One dealt with the major concepts of historical
