STORM REPORT

As Reported by ... Stormie Meriwether, Second Grade Student

Dear Friends, I have to tell you about my Butterfly Release Party. It was wonderful! First we had a picnic in the courtyard at my school. Our parents came. Then we read a poem to our butterflies about setting them free. That was beautiful and sweet. Finally my teacher opened the cage and let them go. One went on my shoe and one on my finger. I think they were my caterpillars turned to butterflies. I loved them. Then they flew to the sky.

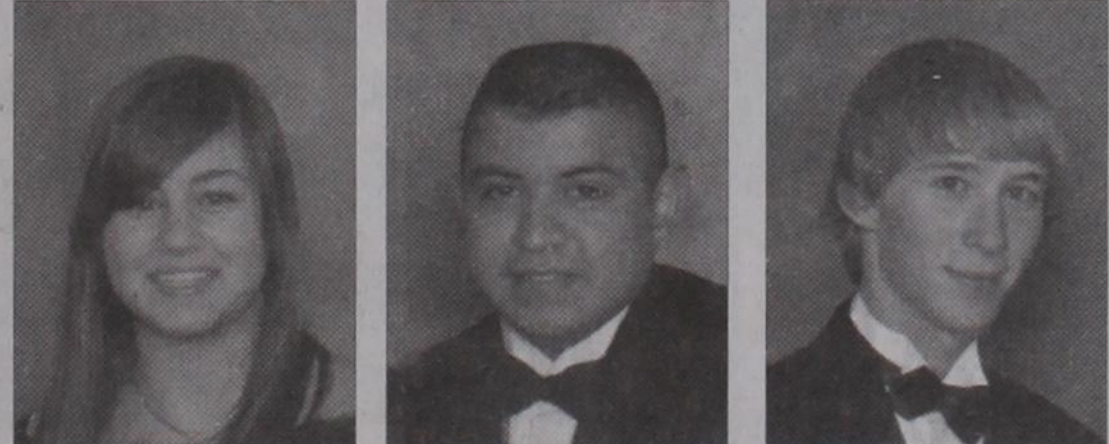

I am so happy to be in Okla. (Continued Page 8)

All Aboard The Kingdon Express

You are invited to the Church of Christ in Wheeler for the Vacation Bible School Series, "All Aboard the Kingdom Express". It is our hope and prayer that this VBS series will help both students and teachers learn a few of the practical keys God's Word gives us to keep us on track in a troubled world.

Revolving around a railroad theme, this VBS takes us back to the golden age of steam powered locomotives, to a time when trains were all the rage and in the peak of their glory years. In those days, trains were powered by coal, and as long as the engineer continued to shovel that coal into the engine's furnace, the train would

be strong, powerful, and easily able to climb any hill that was positioned in its path. But without the steam produced by the red hot coals, the engine would lose power and ultimately fail to reach its destination. Like the locomotion, the Bible provides the steam Christians need to stay on the right path.

We will learn how to avoid losing our spiritual drive and how to stay strong, powerful, and traveling down the right track as we make our way along life's journey.

Just like a train has a track that helps to guide it to its destination, we also have some guiding factors which can help us stay on the right track. In this VBS, we will learn five keys to remain steadfast, immovable and on the right track toward home.

Join us Saturday, June 2 for this one day VBS. Classes will be provided for children ages 2 through 6th grade from 9:00-2:00 at the Church of Christ, 1001 Alan Bean Blvd, Wheeler. Lunch will be provided.

OLD TIMES NOT FORGOTTEN

By Roland Miles

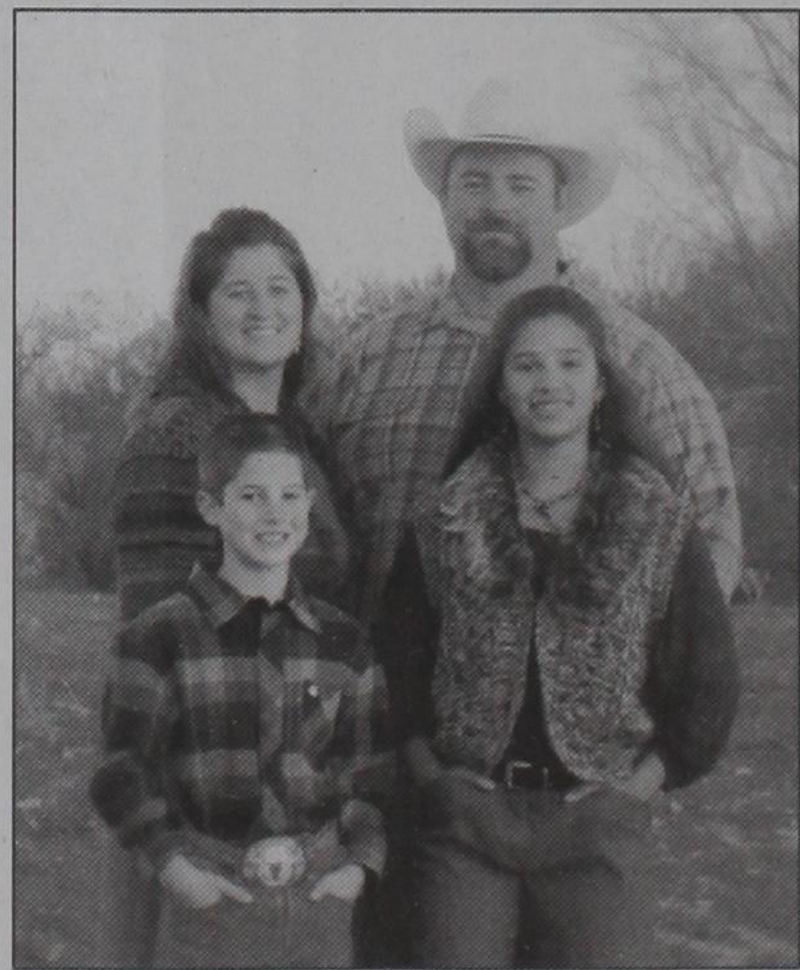

EXPERIENCE IS THE BEST TEACHER

I don't remember who originally said, "Good judgment is usually learned from previous bad judgment," but it couldn't be more true. Most of us (especially men) seem to learn things a lot better and more long-lasting, by personal experience. For instance, the same old cow that eats cake out of your hand, may run you off when you get too close to her newborn calf.... Don't try to take a cat's bird away, that she's just caught.... Never climb up a tree and poke your hand in a squirrel's nest to see if there's any babies in it; mama might be at home.... Baby coyotes sure can bite hard. I've gone all my life, at least until a couple of years ago, without getting snakebite. One evening, I noticed a small bull snake on our back porch, so I figured I'd just pick it up and throw it over the fence into the horse pasture behind our house. I grabbed it behind the head plenty close enough, so that it couldn't turn around and bite me. What I hadn't considered was that a snake about the size of a pencil is really flexible, so it bit me on one of my finger knuckles. Oh well, that was certainly my fault, not the snake's, so I tossed it over the fence into the pasture. Back when people burned their trash, starting the fire with gasoline created a few problems on occasion... like making you eyelashes disappear. Always check for spiders in the outhouse before sitting down. Never complain to your wife about anything before breakfast! If a little bit is good, a lot must be better, isn't always true. Especially when it comes to fertilizer for your wife's flowers! Last, but not least, be nice to crane operators, if you expect to ever need a ride up to, or down from where you're working... more about that next week.

Local Embalmer Attends Seminars

Thomas J. Peppers of Peppers Family Funeral Home in Wheeler recently completed 81 hours of specialized embalming and reconstructive training at Fountain National Academy's May Series of seminars by attending the "Embalming Skills Seminar" and the "Soft Tissue Injuries, Waxing and Airbrush Cosmetics Seminar" and the "Advanced Post Mortem Reconstructive Surgery Seminar". The seminars were held at the Fountain National Academy Training Facility in Springfield, Missouri. The seminars focused on specialized techniques that advanced the skill level of the professional embalmers in the areas of general embalming and post-mortem reconstructive surgery. A professional embalmer is often called upon to prepare a deceased that has severe traumatic injuries. Reconstructive techniques are sometimes necessary to achieve an acceptable and identifiable appearance to enable viewing of the deceased by family and friends. Dedicated professional embalmers understand that performance of reconstructive surgery to achieve open casket viewing provides an important and powerful psychological benefit for the grieving family and friends.

Fountain National Academy's world headquarters is based in Springfield

Missouri with representatives in Ireland, Vietnam and Australia. Instructor Vernie R. Fountain is internationally recognized for his expertise in this field. He states that Thomas' participation in the seminars is an expression of untiring devotion and dedication to the highest standards of embalming and post mortem reconstructive surgery care. Additionally attendance at this prestigious course is an example of an untiring dedication to the profession of embalming. It is a commitment to the belief that there are many important psychological values for the family and friends that are asso-

ciated with viewing and visitations of the body after death. It exemplifies a desire to provide continued high quality professional care for the families served.

Parview Artery Fibromyalgia

What Is Fibromyalgia?
Fibromyalgia is a disorder that causes muscle pain and fatigue (feeling tired). People with fibromyalgia have "tender points" on the body. Tender points are specific places on the neck, shoulders, back, hips, arms, and legs. These points hurt when pressure is put on them.

People with fibromyalgia may also have other symptoms, such as:

- Trouble sleeping
- Morning stiffness
- Headaches
- Painful menstrual periods
- Tingling or numbness in hands and feet
- Problems with thinking and memory (sometimes called "fibro fog").

The causes of fibromyalgia are unknown. There may be a number of factors involved. Fibromyalgia has been linked to:

- Stressful or traumatic events, such as car accidents
- Repetitive injuries
- Illness
- Certain diseases.

Fibromyalgia can also occur on its own.

Some scientists think that a gene or genes might be involved in fibromyalgia. The genes could make a person react strongly to things that other people would not find painful.

Who Is Affected by Fibromyalgia?

Scientists estimate that fibromyalgia affects 5 million Americans 18 or older. Between 80 and 90 percent of people diagnosed with fibromyalgia are women. However, men and children also can have the disorder. Most people are diagnosed during middle age.

People with certain other diseases may be more likely to have fibromyalgia. These diseases include:

- Rheumatoid arthritis
- Systemic lupus erythematosus (commonly called lupus)
- Ankylosing spondylitis (spinal arthritis).

Women who have a family member with fibromyalgia may be more likely to have fibromyalgia themselves.

How Is Fibromyalgia Treated?

Fibromyalgia can be hard to treat. It's important to find a doctor who is familiar with the disorder and its treatment. Many family physicians, general internists, or rheumatologists can treat fibromyalgia. Rheumatologists are doctors who specialize in arthritis and other conditions that affect the joints or soft tissues.

Fibromyalgia treatment often requires a team approach. The team may include your doctor, a physical therapist, and possibly other health care providers. A pain or rheumatology clinic can be a good place to get treatment.

What Can I Do to Try to Feel Better?

There are many things you can do to feel better, including:

- Taking medicines as prescribed.
- Getting enough sleep, Exercising, Eating Well, Making Work changes if necessary

ALLISON NEWS

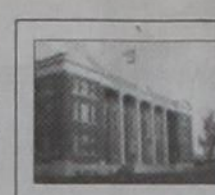

By Juanita Boydston

And without controversy great is the mystery of godliness: God was manifest in the flesh, justified in the Spirit, seen of angels, preached unto the Gentiles, believed on in the world, received up into glory. II Timothy 3:16

BLESS the Lord, O my soul: and all that is within me, bless his holy name. Bless the Lord O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases; Who redeemeth thy life from destruction; who crowneth thee with lovingkindness and tendermercies; Who satisfieth thy mouth with good things; so that thy youth is renewed like the eagle's. Psalm 105:1-5

ECLIPSE OF THE SUN: Annular Solar Eclipse May 20, 2012 at the Meriwether ranch north of Wheeler. Rhonda snapped this picture around 8:00 p.m. Sunday. The result was very similar to the picture published on the front of the *Amarillo Globe-News* on Tuesday morning. This occurs when the moon passes between Earth and the sun, blocking part of the sun from view. The most recent "Ring of Fire" visible in Texas was in 1994; the next one will be October 14, 2023. There will be a total eclipse of the sun in Texas on November 13, 2012; the last total eclipse was in 1979.

A lovely lady, age 109, a resident of Wheeler Nursing and Rehab got her passport to heaven Tuesday. She had taught school at Pampa for over 40 years, I heard. She was Teresa Reed. Always peaceful. Sincere sympathy to family and friends.

Another fine man, Wayne Stanton, at Wheeler Nursing and Rehab died recently. Sincere sympathy to family and friends of Wayne Stanton.

Sincere sympathy to family and friends of Myrtice Pierce in her death. A sweet lady. We hope to meet you all in heaven. She will be missed at Wheeler Nursing and Rehab.

Sincere sympathy to family and friends of Tommie Carr, 85, of Wheeler Nursing and Rehab. She died Saturday May 12. No service planned, but a sweet lady.

Always enjoy your sweet notes and helpful doings. I'm doing all right and hope all going well down your way. Best wishes to all. Sorry, I don't know much to tell you. God bless you everyone. Much love always!

Sorry to hear of the death of Shirley Fillingim, wife of Talmadge (deceased) in Utah. She was 89.

At Wheeler Nursing and Rehab Saturday afternoon, May 19, many relatives and friends of all ages gathered to wish Ovella Young Happy Birthday and Happy Mothers Day. She said she was '39' years young. homa to help Jennifer and Baba. First Pop made an Octonaut. It was wonderful. Then Baba made the cake. We crumbled the cake in a bowl and put icing in it. Then we squished it with our hands. Then we rolled it up into a ball and put icing on it. The cake was for Seth's Birthday Party. I was a little sad because I couldn't go to the party. I had to go to "gradulations". Then my mom said, "We don't want to miss Seth's party. We will drive back to the city. Yeah! I was so happy!" We went to Logan's and Layne's "gradulations" in Waynoka. It was great. I saw my family and it was exciting. On Saturday I went to Seth's

party. It was fun! I played with Seth and Jaeden (Musae). Then I played with Seth's big cousin, Cameron (Bryant). He is my size. Jaeden was sad. She said, "That boy took Stormie away from me." Jaeden is so sweet. I don't want to make her sad. The big Octonaut was all finished and all the cake pops. It was a super party and I am so glad I got to help and got to go to the party. Now I'm in Wheeler, Texas. My animals are so happy to see me and I am very happy to see them. We can go to Taco Tuesday with Baba and Pop. Next week I have to go back to Maryland to finish school and do my Karate test. My dad has to get his test report from the hospital. I hope he is ok. That's it.

I was in hopes we had received rain over the weekend, but I measured only 0.01" on Sunday evening and 0.02" on Monday morning. Tuesday morning an additional 0.33" was measured. Leroy, Rhonda and Stormie arrived in OKC on Wednesday. They will be here for a short time. Good to have them back. We got

in a game of cards on Thursday evening.

The Meriwethers were here for the graduation of grandchildren, Layne and Logan Meriwether and Tristan Blanchard. Layne and Tristan were seniors and Logan a junior high graduate. The boys are our grand-nephews. Congratulations to all of you. We were in OKC over the weekend for Seth's birthday party. He was four on May 9, but the party was delayed for Ronal, Monica and Ian to be able to come. Jennifer made an Octipod caricature out of cake icing and styrofoam for the party and now Seth doesn't want to destroy it.

The three and four year old cousins had a lot fun, playing together.

If you are reading this, it means I finally got it finished. I spent Thursday with the MacMan trying to figure what was wrong with the 'Cube', my most used computer. It is not fixed, so I had to use the laptop.

Once again, Thanks, Shelley, Joannie, Tammy G., Missy and Brenda Hefley for all your help.

Cards were not played Monday

evening, because Barbara and I had to work on the paper.
