STORM REPORT

As Reported by...
Stormie Meriwether,
Kindergarten Student

We did track at my school. Bulce can throw the frisbee very hard. Ivy and I can run fast. Bray and Clayton are good rock climbers. All the kids had a fun time. We ate hotdogs and listened to the music.

I put flowers on all my grandmas’ graves to remember them. There were lots of pretty flowers at the ‘cemetery’ park. I miss my grandmas.

Now it is time for my ballet recital. My tutu is blue. That’s it.

Check Matches Customer Donations

Market Square and Customers give \$10,000 to fire victims. After three weeks of accepting customer donations at its Wheeler location, Market Square Thriftway is ready to match. “Our goal from the outset was to collect \$5,000 from our customers,” said Tom Velasquez, Partner and General manager. “Our customers generously donated a little over \$4100.

Most of the donations were in small increments but a handful of them were over the \$100 mark. The Xi Upsilon Eta Sorority held a bake sale in the store and raised over \$1600. They in turn handed us the check and doubled their money,” said Tom. “We didn’t quite reach our goal so I made a phone call. Without hesitation, Randy said he would make up the differ-

ence.” Randy McCurley, is President of First State Bank of Mobeetie and a member of the Wheeler Activities and Improvement Council, administrator of the Fire Victims’ Fund.

Xi-Upsilon Eta Sorority members are Sally Adcock, Heather Archer, Dena Brown, Ruth Cornell, Jane Dukes, Cathy Hunt, Ann Lee Jackie Lane, Rita Pearson, Patsy Rarden, Joclyn Ratliff, Beverly Swift, Shelly Walden and Kristen White

The “TEXAS” Musical Drama looks forward to its 44th season in the Palo Duro Canyon State Park. From the young to the young at heart, visitors from around the world have helped attendance figures for the show approach four million. Today “TEXAS” maintains the title of *Best Attended Outdoor Musical Drama* in the United States.

Savannah Shipp tells the story of “TEXAS” in her second season as a cast member. A graduate of Wheeler High School, Shipp has joined the 125+ company members of actors, singers, dancers, costumers, lighting designers, wranglers, stunt actors and hospitality personnel for his fourth season. People from around the globe will fill the theatre which holds more than 1,700 people. Shipp’s experience in productions such as *Beauty and the Beast*,

Proof, Cabaret, Julius Caesar and The Marriage of Bette and Boo will help make this magnificent musical possible. Shipp invites you to “TEXAS” this season to see what theatre is all about, on a grand scale.

The magnificent story, written by Pulitzer Prize winning playwright Paul Green, showcases the romance, conflict and triumph of the Panhandle in the 1800’s. Green was invited in the early 1960s to the Texas Panhandle to document the region’s history through this wonderful drama. As told through creative choreography and beautiful music, “TEXAS” weaves a tale through the eyes of ranchers, farmers, American Indians and the aggressive youthfulness of the new frontier. The production is brought to life with the help of 125 cast, crew and hospitality company members.

ALLISON NEWS

By Juanita Boydston

Ye are of God, little children, and have overcome them: because greater is he that is in you, than he that is in the world. Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God. He that loveth not knoweth not God: for God is love. In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him. Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins. Beloved, if God so loved us, we ought also to love one another. No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us. Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit. We love him, because he first loved us. 1 John 4:4, 7-13 & 19

Let not your heart be troubled: ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also. And whither I go ye know, and the way ye know. Jesus saith unto him, I am the way, the truth and the life: no man cometh unto the Father, but by me. If ye had known me, ye should have known my Father also: and from henceforth ye know him, and have seen him. John 14:1-7

Be ye therefore followers of God, as dear children: and walk in love, as Christ also hath loved us, and hath given himself for us and offering and a sacrifice to God for a sweet-smelling savour. Ephesians 5:1-2

The weather in Allison, Texas on this Tuesday morning is partly cloudy and windy and cooler since last night's storms. Allison received several storms one after another last night starting around eleven and not ending till around three a.m. or so. But thank the Lord there wasn't any tornados and no really bad storms. But Allison received an inch and a half last night and this morning. The frogs were out singing after the rain last night. I hear that others not very far from us received bigger hail than we did and it covered the ground and ruined some gardens. Allison received some hail but it was smaller and I don't think it did much damage that I heard of anyway and none around our house. We are to receive more rain this evening so am praying already that we don't receive any hail with it.

I need to make a few corrections from last week's Allison News. Melvin and Betty Stinnett did some to Allison and stayed a few days, but it wasn't their sons that came with them, it was Melvin's brothers. Don Stinnett is from Buena Vista, Colorado, but Bill Stinnett is from Dumas, Texas. Sorry about the mistake.

Pastor and Sis. F.R. Johnson's children all were in Allison, Texas over the weekend for Sis. Johnson's 70th birthday celebration that was held on Saturday at 2 p.m. in the Allison United Pentecostal Church Fellowship Hall. Bro. and Sis. Daniel Johnson and daughter, Sarah Johnson of Ada, Oklahoma, Sis. Becky Wood and daughter Brianna and son Kendall from San Angelo, Texas, Becky's daughter, Tabitha and husband Michael Brixner of Farmington, New Mexico surprised her mother by coming to the celebration, Gwen Fielding of Brenham, Texas. Pastor Johnson's brother and his wife, Pete and Jane Johnson of Amarillo, Texas were also in Allison, Texas. Those attending the party from the Allison United Pentecostal Church were: Pete Gilmer, Louise Boydston, Glenn and Betty Boydston and Opal and Juanita Boydston. A very delicious meal that was cooked and served by the Johnson's children was brisket, sausage, baked beans, potato salad, green salad and bread. Then for dessert there was of course the birthday cake and a strawberry cake and apple and cherry pies and several sugar free desserts as well. Pastor F.R. Johnson and his children tried their best to surprise Sis. Johnson with the party and meal but she found out about it and so it was no surprise but all had a good time and a great celebration. Sis. Johnson received a set of Willow dishes made by Johnson Bros. from her children and grandchildren and she also received several other nice gifts. Sis. Johnson's children and grandchildren presented her with a round cheesecake just covered with candles that relight when blown out. And this was a surprise to her.

Sunday, the Allison United Pentecostal Church was blessed to have all of Pastor and Sis. F.R. Johnson's children with them at

Good to have some of them come to Wheeler Care Center church Tuesday morning to help with

music and singing, message from the Bible and prayers for everyone. Thanks for coming! Earl and Betty Husted let them do the service, but were there. Also there, Joyce Wood.

Nice to visit with old friends Lee and Pat Murray from Pampa on the phone. They are still active with the Gideon organization, have children living in Pampa and are doing pretty well. Lee graduated from Briscoe School. God bless you all!

I have a plaque that reads, "Relax...God is in charge." A favorite verse is "We brought nothing into this world. And it is certain that we will take nothing out."

"God be with you till we meet again."

Texas (from Page 1)
the sun is setting, illuminating a horse and rider atop a 600 foot cliff in the Palo Duro Canyon State Park. As the music builds, the rider gallops across the top of the canyon rim, his Texas flag rippling fiercely behind him. Together, the rider, actors, singers and dancers commence for another exciting show of "TEXAS".

Uncle Henry and Calvin Armstrong, just two of the "TEXAS" fictional characters, carry the story through the ups and downs of their historic lives. The rancher and the young farmer, each with their own vision of the future, are intertwined within the tale. Armstrong with his dream of a train and Uncle Henry with his "tried and true" ways eventually meet eye to eye, taking everyone along for the ride. Add romance, authentic American Indian culture, dramatic weather, stunning scenery of the Palo Duro Canyon, and you're in "TEXAS"!

The production is designed by professional consultants from across the United States. The 21st century brings technology and special effects, including a realistic thunderstorm with a lightning strike, which repeat visitors still enjoy today. The wild life and natural setting of the scenic Palo Duro Canyon helps portray a realistic reflection of this dramatic period piece. Another stunning effect is the prairie fire that engulfs the canyon in actual flames. Utilization of antique surreys and wagons, our famous train, and again the backdrop of the vast Palo Duro Canyon continue the historic tale. The canyon itself, second in size and dynamics only to the Grand Canyon, completes the setting.

Guests are greeted with "TEXAS" hospitality upon arrival at the Pioneer Amphitheatre. On the patio there is pre-show entertainment by local cowboy music artists, a gift shop and the opportunity to eat a "TEXAS" steak dinner catered by the Big Texan of Amarillo. The dramatic fireworks finale brings the horses, cast members and the pride of Texas together, concluding your fabulous evening, leaving memories to cherish a lifetime.

"TEXAS" performances run June 5 through August 15, 2009. Reservations are recommended and tickets are now available online, by phone, or at the "TEXAS" box office in Canyon. During the summer season, tickets may also be purchased at the Pioneer Amphitheatre the evening of the performance. Group discounts are subject to availability for parties over 20. "TEXAS" can also assist you with area attractions and accommodation arrangements through our Vacation Package Program. This Program has allowed "TEXAS" to help visitors with one stop shopping, sharing other outstanding local interests at discounted prices.

CANADIAN, TX — The Citadelle Art Foundation in Canadian, Texas is proud to present J.C. Leyendecker: America's "Other" Illustrator. Organized by The Haggin Museum, Stockton, California, the exhibit is scheduled to open **May 31, 2009** and will run through **September 6, 2009**.

The Citadelle Art Foundation Deep in the unassuming Texas Panhandle town of Canadian, a world-class art museum has been quietly growing since 1972. Notice of Application Requesting an Adjustment to Energy Efficiency Cost Recovery Factor and Related Relief

On May 1, 2009, Southwestern Electric Power Company (SWEPCO) filed an application with the Public Utility Commission of Texas (Commission) to approve an adjustment to SWEPCO's Energy Efficiency Cost Recovery Factor (EECRF). Section 39.905 of the Public Utility Regulatory Act and Section 25.181 of the Commission's Substantive Rules provide for the Commission to authorize a utility to implement an EECRF and annually adjust it to ensure the timely and reasonable recovery of the utility's costs incurred in connection with satisfying energy efficiency goals established by the Texas Legislature. In July 2008, the Commission authorized SWEPCO to place into effect during 2009 an EECRF designed to recover approximately \$3.7 million in energy efficiency costs, based on SWEPCO's projected energy efficiency costs to meet its energy efficiency objectives for 2009.

SWEPCO's May 2009 filing asks the Commission to adjust the EECRF for 2010 to increase it by approximately \$3.2 million. The adjusted EECRF is requested to recover approximately \$7 million in energy efficiency costs in 2010, consisting of: (1) approximately \$4.4 million in projected energy efficiency costs for SWEPCO to meet its energy efficiency objectives for 2010; (2) a deficiency amount of approximately \$2.2 million in energy efficiency costs which SWEPCO incurred during 2008; and (3) a performance bonus of approximately \$0.4 million for SWEPCO's having exceeded its demand reduction goals for 2008.

All retail customers who take service from SWEPCO at below 69,000 volts are affected by the requested adjusted EECRF. The adjusted EECRF includes the following proposed charges on bills rendered to SWEPCO's retail customers during 2010:

| Customer Category | EECRF |
|--|--------------------|
| Residential (Rate Codes 011, 012, 015, 016, 019, 037, 038) | \$0.001325 per kWh |
| Commercial (Rate Codes 060, 063, 066, 201, 205, 206, 207, 208, 209, 210, 211, 212, 215, 218, 219, 224, 226, 228, 229, 235, 238, 240, 241, 243, 246, 247, 249, 253, 260, 276, 540, 541, 543, 544, 545, 548, 550) | \$0.000918 per kWh |
| Industrial (Rate Codes 257, 312, 323, 324, 325, 329, 346, 351) | \$0.001055 per kWh |
| Lighting (Rate Codes 090, 094, 096, 098, 099, 100, 101, 102, 104, 105, 106, 108, 112, 115, 116, 117, 118, 119, 120, 128, 129, 130, 132, 135, 137, 138, 140, 141, 142, 143, 203, 521, 522, 528, 529, 532, 534, 535, 538, 539, 739) | \$0.001464 per kWh |

The monthly amount billed in 2010 for service to a residential customer using 1000 kilowatt hours (kWh) per month will increase by approximately 63 cents under the adjusted EECRF. The effect of the adjusted EECRF on the amounts billed to other retail customers will vary depending on the rate schedules under which the customer takes service and on the customer's consumption of electricity.

Persons who wish to intervene in or comment upon these proceedings, Docket No: 36961, Application of Southwestern Electric Power Company to Adjust Energy Efficiency Cost Recovery Factor and Related Relief, should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P. O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Public Utility Commission of Texas at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136.

MOBEETIE NEWS

By: Sue Mayfield

What a nice surprise to see Mrs. Evangeline Willis at the Parkview Hospital lab. It usually isn't anything "good" that takes us to such places as the hospital or doctor's office, but makes it all more tolerable to see such special people. Hope this finds you doing better. Mrs. Willis spent many years teaching our children at the Wheeler Elementary School. She made a big impression on many lives. She still has a beautiful smile for all that she meets. She brightens a lot of peoples' days. Mr. and Mrs. Bob Willis are such a vital part of our community; we can't thank them enough for all that they have done for so many of our area youth and continue to do for our community. I may live in Mobeetie and enjoy all that it has to offer and all the great people of our community, but I still have some strong ties to Wheeler that are really hard to break...not that I really want to. We have so many special friends and fond memories from there.

After we got done at the doctor's office and pharmacy, it was off to Elk City to pick up Ralph's prescription that had been phoned in and, of course, make a pass through the local Wal-Mart. Then, it was on to Cheyenne to put out flowers for Memorial Day. A lot of Bob's family are buried in Cheyenne, along with an aunt that died very young in the Reydon cemetery. They had already mowed the Cheyenne cemetery. It looked so nice. I'm sure that families and friends were very appreciative of how much work has been done out at the cemetery. Thought we were getting things accomplished, but it took us all day to do it. Another day down the tubes and nothing to show for it at the house.

Fred and Jackie Thrasher had some fantastic news from daughter, Kari and Vincent Parker of Midland. An answer to lots of prayers and many years of patience. They are going to make Fred and Jackie grandparents again in Jan. 2010. Everyone is so excited. Making it even more special is that the estimated arrival date is Jan. 19, MeMa's birthday. WOW!! That will be some

present! Congratulations to all! May God bless you with a healthy baby that will make several families very happy. Sounds like a long time away, but the time will go faster than you think. They have chosen names already. Kari wants the baby to have dad (Vincent's) initials. If it's a girl, they will call her Vanessa Lillian. The Lillian comes from Vincent's grandmother. If it's a boy, they will name him Vincent Lee Parker, Jr.

Thurs., Brianna Mayfield graduated from the eighth grade in Kingfisher, OK. Their ceremony was at 11:00 A.M. and they got out of school for the summer at noon. They were all so excited. So sorry that we couldn't be there. I had to be in Amarillo at 2:00 for another doctor appointment. (Just not fair!) We are anxiously waiting for pictures. Mom, Michelle Brooks, is always very good to get pictures and share them with us.

Thurs. evening, great-niece, Stephanie Cole, graduated from the eighth grade at Arnett, OK. They had a very nice ceremony and a reception following the program. By all accounts from mom, Mandy, and grandma, Doreen Mayfield, all was very nice. We were lucky enough to have my mom, Carol Orthman, and my brother, Keith Sorensen, both of Dumas, meet us for lunch at the China Star. They have a wonder-

ful buffet with way-y too much to chose from and a quieter atmosphere, so we could really enjoy our visit. Then, it was off to appointments and for them to finish some shopping for things they couldn't find in Dumas. We really appreciated them meeting us and getting to visit. Mom and Nita Thomason had just returned from Tyler, TX., on Tuesday. They had a wonderful visit with Nita's cousin, Colleen Brannan. Colleen had lived in the Stratford area for 40 years. After her husband passed away a couple of years ago, Colleen had a stroke. She is still taking therapy for it, but is doing so much better. She moved to Tyler to be closer to her daughter and son-in-law. She has a beautiful apartment in an assisted living complex that makes her life so much easier. They all had a great visit. Another case of "everybody has a twin" syndrome...Mom said from her first glimpse of Colleen that she reminded her of a very special friend and classmate in Minnesota. They wear their hair in the same style, almost the same color, their facial features are similar, their laughs are heartfelt and contagious and have that special sparkle in their eyes when they fondly remember the people that shared their lives and helped make them who they are today, along with the glimmer when they are about to say or do something that is a little on the edge. What a fun time they all had! Congratulations to Keiffer and Ginger Parsons on the birth of their beautiful son, Lucas, Thurs., May 21, 2009, at 7:30 A.M. Luke weighed in at 8 # 1 oz. and is 20" long. He has lots of black hair and is just perfect. Dad, Keiffer, is still on "cloud 9". Doesn't even mind doing diaper duty. Proud grandparents are Fred and Jackie Thrasher. The Parsons live in Wisconsin so PePa and MeMa have to settle for pictures. They have their order in for lots more.

Thurs., while we were in Amarillo, Clifton and Mary Mayfield of Tucumcari, New Mexico, stopped by for a visit with brother Ralph. They had planned to go to the eighth grade graduation of Stephanie Cole, but after the trip and the changing weather, just couldn't make it. They rested Thurs. night and part of Fri. and then went to brother Kenneth's for an afternoon visit and then on to Arnett for the graduation from high school of great-nephew, Jared Chase, that evening. We met the family at Kenneth and Doreen's for a visit and then it was on to Arnett to have a family supper honoring Jared Chase. Jared is the youngest son of Roland and Debbie Taylor of Shattuck, OK., and David Chase of Woodward, OK. He was so excited that he couldn't even eat. Those there to help celebrate Jared's accomplishments were mom, Debbie Taylor; grandparents, Kenneth and Doreen Mayfield; brother, Tyler Chase, with his girlfriend, Mandy, and daughters, Heaven and Erica, all of Arnett; cousins, D. J. and Mandy Tolle, and daughters, Tiffani and Cassi, of Arnett; Joe Tolle of Fort Hood, TX.; Dora Faye and Jesse Wells and daughter, Angela, of Woodward, OK.; Aunt Diana Sailing of Taloga, OK.; and great-uncles and aunts, Clifton and Mary Mayfield of Tucumcari, New Mexico, and Robert and Sue Mayfield and granddaughter, Kourtney, of Mobeetie and Pampa, TX., respectively.

Congratulations to all our area graduates. Best wishes for a wonderful, prosperous life. Keep Jesus first and all else will fall into

place. Friday, Jennifer Mayfield brought Kourtney out to spend the weekend with PaPa, Grandma Sue and Uncle Ralph. Then, it was on to Fort Cobb to take Erica and Jayden to spend some time at the lake with Granddad and Nana. Nelson Medley has been working short-handed at the grocery store where he is assistant manager in Arapaho. Maybe after the holiday weekend, they will be able to fill all the positions and get everyone trained and on a regular schedule. Cindy is still staying very busy at the cafe that they opened in Fort Cobb. They opened a small cafe that specializes in Nelson's yummy brisket, but also have an expanded menu. Of course, with the holiday weekend, they really cranked out the hamburgers. Erica and Jayden were going to bus tables and keep silverware rolled and ready to go. All they could see was dollar signs for working. Jayden and PaPa haven't gotten to go fishing yet...maybe next time.

Word was received of the passing of one of "the Wheeler boys". Our deepest sympathy to T.G. Reames and the family and friends of Lance Reames, 42, of Miami, TX. Services were held on Monday afternoon, at the First United Methodist Church of Wheeler with Rev. Billy Holland of Miami First Christian Church officiating. Burial was in the Wheeler Cemetery. Lance was the son of T.G. and the late Sylvia Reames. They had moved to Wheeler in the late 1970s where Lance played football all his high school years and was named an all-district player. He graduated from Wheeler High School in 1984. Lance went on to graduate from Southwestern Oklahoma State University and taught school in Kansas City, Allison and Oklahoma City. He also coached football and wrestling. His love for the outdoors eventually led to a career change and the last few years he had worked for in the oilfield as a chemical engineer. He always enjoyed fishing and hunting. He made his home in Miami, TX. Lance is survived by his son, Chase Andrew Reames of Fairview, OK.; his dad, T. G. of Wheeler; two brothers, Jon Steffy of Allison and Eric Reames of Wheeler; along with a sister, Pamela Acker of Hazlett. He was preceded in death by his mother, Sylvia Reames, in 1994. Lance will be greatly missed by many.

Leola Stuart returned home Friday evening after a nice visit with son, Ronnie Stuart, and family. They had a good visit. Ronnie was off most of the week, so got to do a few things that they wanted to. Ronnie's main goal of an evening was to get lots of cards played. They had more fun. Most of the time Leola and Peggy. One of the highlights of the visit was to get to see great-grandson, Luke, learn how to crawl. It was so cute. He is a busy little boy. He had been inching his way around for a few weeks, but now, watch out world! He is such a good baby. Upon returning home, she found that she had been invaded by the swallows. They took over the outside of the house on the south side, sunshine and all. So far, the best thing she has found is to spray the nests and house with water and hornet solution. If anyone out there has a better solution, please let us know. They are such pests and make such a horrible mess. She got up Sat. and took right off for Pampa to get more spray. While in Wal-Mart, she met up with some long-time friends from White Deer, Bruce and Christine Smith. Bruce had known Calvin for many years and they had worked together for Shell. They had a nice visit. They just recently found out that he is diabetic, so they have been adjusting to the new life style. Christine has been fighting cancer for the last 2 years and has had two surgeries. The doctors in Houston feel like they got all of it, though. We are so thankful.

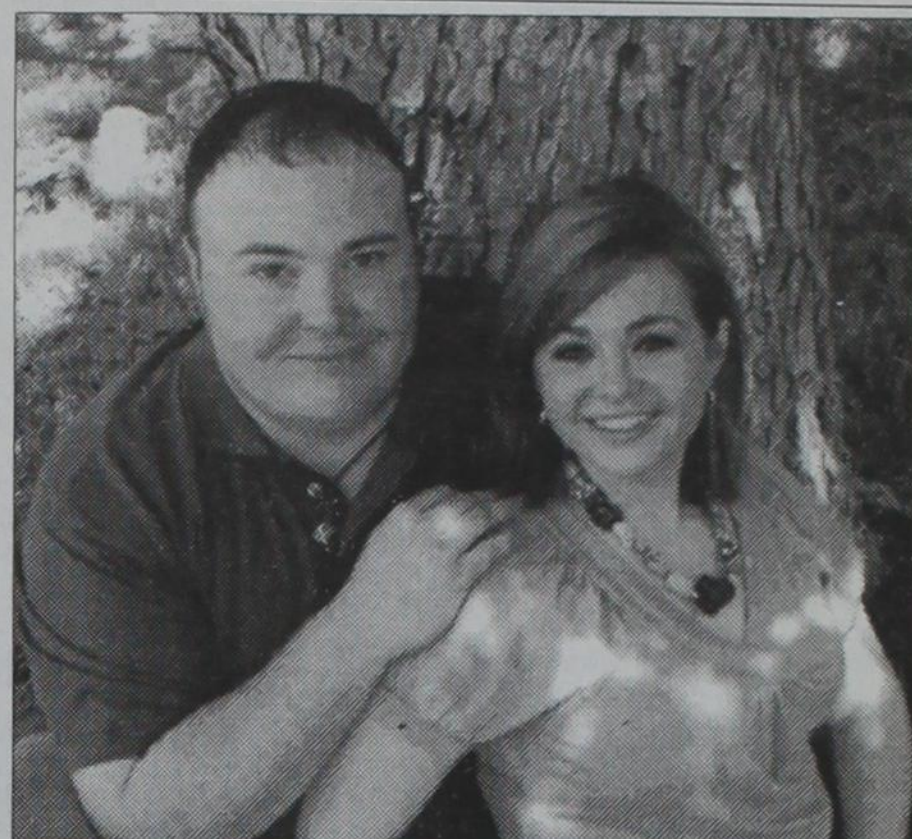

Saturday morning, Clifton and Mary Mayfield stopped by on their way back to Tucumcari. We all had breakfast at Cowboy Oasis and had a good visit before they left. The morning crowd and the roping participants had already beaten us to the yummy biscuits. There was a nice crowd out to enjoy the roping. So nice to have the weather cooperate. Kourtney loves horses so she got very excited and was not happy when we made her go into the cafe.

What a nice surprise to see Gene and Vickie Ferguson; they are such a sweet couple. Sorry to hear that her daughter and family were having bad storms and lots of rain. They were under flood watches. So far, they were safe. Hope the storms moved on out without incidence.

Jason and Diana Hathaway were in from Amarillo. They made a quick trip in to see mom, Gayla, who was stuck in the kitchen cooking up a storm trying to get ready for the lunch crowd.

So good to see our neighbor, Joe Hathaway, doing so well after his eye surgery. Of course, it was still quite red, but wasn't bothering him as long as he stayed on schedule with the drops. It hasn't slowed him down a bit; had to go back Tues. for a check-up.

Fred and Jackie Thrasher attended the Fort Elliott graduation exercise to watch adopted granddaughter, Tisha McLaughlin, get her certificate. They are so proud of her. Their children, Tony and Pat Goodnature, along with Jor-

ENGAGEMENT ANNOUNCEMENT: Mr. and Mrs. Dwayne Myers of Samnorwood, TX would like to announce the engagement of their daughter, Miss Danielle Nicole Myers, to Mr. Tyler Reese Jernigan, son of Mr. and Mrs. Jerry Bob Jernigan, of Shamrock, TX. An October 10th wedding is planned. Danielle is a 2006 graduate of Samnorwood High School and attends West Texas A & M University in Canyon and is employed by West Texas Western Store in Canyon, TX. Tyler is a 2002 graduate of Shamrock High School and is employed by the Pampa Police Department. Dani is the granddaughter of Larry and Bobby Jennings of Wheeler, TX and Leon and Bonita Myers of Samnorwood, TX and the great-granddaughter of Mrs. Dorothy Ellis of Wheeler. Tyler is the grandson of Mrs. Dorothy Bishop of Shamrock.

dan and Joshua of Forney, TX., came up for the holiday weekend. My goodness how those kids are growing! This is the first time they have been home since moving to the Dallas-Fort Worth area. They had a wonderful visit. Fred had the grill going most of the time they were here. It was all so delicious. Joshua really enjoyed playing Trish and peering PePa.

...And now, for the "rest of the story". Poor Louis is really earning his money working with me. I was typing right along thinking I was going to have this to Louis a little early, when the silly computer just froze up! After visiting with Louis, the computer did let me send him what I had done. Thought I had it made. Just save it, reboot it and finish it up. Yah, right!! WRONG AGAIN!! So, here I am and, hopefully, he can just paste this on when he gets it.

Carol Orthman and Shannon Pool had thought they would go to Wildardad Sat. or Sun. and join the "cousins reunion" hosted by Tex and Eva Mc Knight. Eva is my step-dad's cousin. Sorry they didn't get to go, as Carol came down with a cold and laryngitis. Really felt rough all weekend, but was getting her voice back some on Monday. She has a new Dr. in Dumas that she is going to try. Shannon had the same stuff, just not quite as bad, the weekend before. She still has the cough.

It was so good to see Gina Seitz and Sallie Adcock on Sat. Those two gals stay busy all the time!

Saturday afternoon, we met all our boys for lunch at the Red River restaurant in McLean. Todd was on his way to CA., Jeff had to work and was near McLean and Tim and Jennifer met us after they got caught up a little. Tim had already been over to the backside of the Canadian River to pick up a load of gas well product and had it unloaded at the plant south of Pampa. Sky and Harley were on their way to Moore, OK., for a softball tournament. It was nice to have the boys together for a change. We sort of celebrated a late birthday dinner for Jeff. His birthday was on Friday. No, I'm not going to tell you his age because then you will figure mine out. Ha! Ha! Kourtney surprised us all and didn't complain; after seeing Mom and Dad she was fine with getting back in her seat in PaPa and Grandma's car and slept all the way home.

We were saddened on Monday to get the news of the passing of one of Robert's friends and classmate, Dixie (Music) Leppert, 68, of Cheyenne. Our deepest sympathy to her husband, Ron, and her family and friends. She had fought valiantly the last few years against the effects of multiple sclerosis. Ron was her "rock"; he never gave up and was there to help her with everything and take her for rides around town when her health permitted. She had worked at Cordell Mercantile for many years. She was the one person that kept up with a lot of the Cheyenne alumni and especially her classmates. She always had a smile and made everyone feel welcome. She touched many lives and will be greatly missed.

Please keep our friends and neighbors in your prayers: Don and Mary Edwards, Bill and Shirley Dyson, Louise Shorter, Peggy Frazier, Mabel Tabor, Maurita Stribling, Bernice Heffler, Louise Hogan, Leola Stuart, the family and friends of Lance Reames and Dixie Leppert, Leola Stuart, Carol Orthman, the Shelton May family, Joe Hathaway, John Paul Harris and family, Andrea Aldridge and family, Jamie Brogdon and family, Lou Dean Douthit, Debbie Kinnamon, Carolyn Sabbe, David Britt, Iona May, Mae Helton, Julia Buckingham, Annie Ruth Lee, Tom Frye, Lonnie Hendrix, Danny Hendrix, Alvern Hutchison, John McRay and family, Michael McLaughlin and family, Leola Farris, Dick and Ann Graham,

John McGinty, Kenneth and Vera Walker, Sue Seitz, Charlotte Dunn, Shannon Pool, Kourtney Mayfield, Mary Whitener, Audrey Seitz, Corcoran Rainey, Marti and Melba Carolee, Sheila Marti and family, all our graduating seniors,

NOTICE OF SOUTHWESTERN ELECTRIC POWER COMPANY'S APPLICATION FOR AUTHORITY TO REVISE FIXED FUEL FACTORS

On May 4, 2009, Southwestern Electric Power Company ("SWEPCO" or the "Company"), a subsidiary of American Electric Power Company, Inc. ("AEP"), petitioned the Public Utility Commission of Texas ("Commission") to revise its fixed fuel factors under Texas Utilities Code § 36.203 and Commission Substantive Rule 25.236. If the Commission approves this petition, all of SWEPCO's Texas retail customers who pay fixed fuel factors will be affected. This petition affects only the fuel portion of the rates that SWEPCO charges for electricity in Texas and will not affect SWEPCO's non-fuel base rates.

SWEPCO is requesting a fuel factor revision to recover its estimated fuel and purchased power costs beginning no later than the August 2009 billing month, which starts on July 29, 2009. SWEPCO calculates its proposed fixed fuel factors (using a projected rate year of August 2009 through July, 2010) differentiated by voltage level, per kilowatt-hour (kWh) as follows:

| Service Voltage | January - March | April - June | July - September | October - December |
|----------------------|-----------------|--------------|------------------|--------------------|
| | \$0.024966 | \$0.028179 | \$0.031831 | \$0.028504 |
| Transmission — 69 kV | \$0.025294 | \$0.028549 | \$0.032250 | \$0.028878 |
| Primary Substation * | \$0.025276 | \$0.028528 | \$0.032226 | \$0.028858 |
| Primary | \$0.025621 | \$0.028918 | \$0.032667 | \$0.029252 |
| Secondary | \$0.026456 | \$0.029860 | \$0.033731 | \$0.030205 |

If the proposed fuel factor revisions are approved, a residential customer using 1000 kWh per month will see an average monthly decrease of \$0.57 or 0.77% on their total electric bill. The effect of the revised fuel factors on other customers' bills will vary depending on the rate schedules under which they take service. The utility's collection of revenues as a result of these changes will be subject to final review by the Commission in the electric utility's next reconciliation.

The Commission has assigned Docket No. 36966 to this proceeding. Persons with questions or who want more information on this petition may contact Southwestern Electric Power Company at 428 Travis Street, Shreveport, Louisiana 71101, telephone toll free at (888) 216-3523 during normal business hours. A complete copy of the filing is available for inspection at the address listed above. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Consumer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120, or toll free at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll free) at (800) 735-2989.
