## LITERARY CRITICISM TEAM QUALIFIES FOR STATE MEET

Wheeler has qualified 3 students for the 1995-96 University Interscholastic League Academic State Meet to be held May 2-4 at The University of Texas at Austin.

Qualifiers include the Literary Criticism Team of Monty Long, who placed 2nd individually, Julie Hampton, who placed 5th, and Lacey Smith.

The students qualified for the state meet by placing first, second or third individually or placing first or second on a team at the UIL Academic Regional Meet, held at South Plains College in Levelland on May 19, 1996.

"Students who participate in UIL academics are as competitive and dedicated as any athlete or musician," said Bobby Hawthorne, UIL academic director. "They devote untold hours to practice and invitational meet competition, and for many, these hours will be among the most important they spend during their high school careers. Over the years, we've heard from hundreds of students who claim that these contests were the most fulfilling and rewarding activities of their entire high school careers."

UIL academic contests range from feature writing to accounting, and from computer science to poetry interpretation. Of the 2.2 million students who participated in UIL activities last year, 658,000 competed in one or more of the 22 general academic contests.

Through participation at the State Meet, students qualify for the Texas Interscholastic League Foundation scholarships. Since its inception in 1954, the TILF has provided nearly \$10 million to approximately 9,000 students. This year, the TILF expects to award an estimated 570 new and renewed grants, valued at more than \$700,000. These academic scholarships have been funded by grants and donations from foundations and individuals. Each dollar that the TILF receives goes directly for scholarships and no administrative or other overhead expenses are deducted.

## Wheeler I.S.D. To Hold Kindergarten Visitation

Any child five years old on or before Sept. 1, 1996, will be eligible to attend kindergarten this fall. If your child will be attending kindergarten this fall, you and your child are invited to attend the visitation in the Wheeler ISD South Kindergarten Room. The South Kindergarten room is in the High School where the band hall is used to be.

The following schedule has been set:

Last names beginning: A B C D E, Mon., April 29, 2:00 to 3:00 P.M.

Last names beginning: F G H I J, Tue., April 30, 2:00 to 3:00 P.M.

Last names beginning: K L M N O, Wed., May 1, 2:00 to 3:00 P.M.

Last names beginning: P Q R S T, Thur., May 2, 2:00 to 3:00 P.M.

Last names beginning: U V W X Y Z, Fri., May 3, 2:00 to 3:00 P.M.

Feel free to come on another day of the week of visitation if you cannot come on your child's day.

The State of Texas requires the following before your child can be enrolled this fall:

1. Birth Certificate—Certified copy, not hospital copy.

2. Immunization records verified by a valid clinic or physician.

The Wheeler School requires your child's social security number for accounting and record keeping purposes.

You must have these documents in order to enroll your child in the fall. Some of them take time to be processed, so it is a good idea to apply for them immediately.

On the day of visitation, please bring a copy of your child's immunization records to leave at the school. If you don't have a copy, stop in the superintendent's office on your way in, and they will make a copy for you.

The nurse needs these records to review before school starts. Leave your child's other records at home. Bring all records when you come to enroll your child in the fall.

**Remember,** if you are going to be gone on Saturday, May 4, you need to vote early for the elections. Early balloting ends April 30.

In case you haven't noticed; it is still dry and it has been cold of a morning.

Take Note: It is unlawful to burn outdoors in Wheeler County.

We went through two of the hail storms that moved across Oklahoma Sunday afternoon. Just after we left Elk City we ran into the first—it was reported northwest of Sayre, so we were going through Sayre to miss it.

After surviving the first storm, we continued on and here it came again, but not as bad as the first. We were at an overpass and had protection.

Mac and Mary K. were on a transfer to Oklahoma City Sunday and also managed to run into two of the storms.

It appears that we made it through without any damage.

## Aint It The Truth

By Ab Gunter

I know many folks that would bellyache if they were hung with a new rope. Honest if we had perfect weather and perfect incomes and all some of us would fuss about something. Many of us grayheaded citizens remember when we had no radios in our cars, had no heaters no glass side windows and many no other things. One time when I was a lad I had a T Model that wouldnt climb a high hill going forward. I found that it would go up the hill backwards, but due to a problem of gravitation the gas would not get to the engine from the tank as there was no type of booster to force the gas to the carburetor. Kiddin, no Im not kiddin. Just ask some wrinkled old gent next time you meet one. We still have a laprobe in the back of our car. Whats a laprobe? Well cousin its a heavy conforter you would put over your legs when you were riding in an Open Touring car in cold weather. Also there was a funny looking foot- rest that you could put a warm brick inside of it to sort of keep your feet warm.

I remember the first windshield wipers were operated by hand. The first antifreeze was kerosene or coaloil as it was know as. The gas pump was a gas pump. When the glass tank at the top of the pump was empty you had a handle on the side of the pump and you would pump it back up. We still have an Oil Reservoir that you would take a quart can with a nozzle on it and go to the oil tank and turn the handle backwards till it quit and then turn it foreward to get your quart of oil. That tank fascinated me as a child hardly able to reach the handle. That was close to 70 years ago and our son Terry has that thing at his home all shiny and still able to work.

Not long ago, for some reason, our Chey wouldnt start and I figured it would sort of jump start if I could get out our little battery charger. I got the charger out of the shelf and raised the hood on the car and lo and behold I couldnt find the darn battery. I looked and looked and finally I called our son to come over to show us where it was. It was under the windshield washer tank and it requires that we take out the washer tank with a metric socket set which we didnt have. Used to be a mechanical set of tools in every car. It was a little canvas bag containing a screwdriver, pair of pliers and a small ballpen hammer. They dont work any more. Back to the battery. Terry finally got the car started and Mama and I took it to an electric shop on Georgetown Rd. and the mechanic told us the little light under the hood had stayed on all night and had run the battery down. How come you got to have a little light under the hood anyway.

All my life I figured you had to have a piece of baling wire, a piece of inertube, a gallon bucket for water, an extra quart of oil and, of course, a car jack and handle. Well, one time

me an Mama, the little fat wife, and I were goin down the road and all of a sudden we had a flat on the right front tire. I jumped out opened the trunk got out the bucket and the oil and all the other stuff and started huntin the car jack. I looked and looked and finally under the floormat I found this funny thing and then the handle. I got the spare tire out and found it was way too small. Mama got out the book and said the spare is only for emergency which this was. I tried to find a place to put the jack and Mama said put it under the side of the car where it belongs. I did and we limped down the road to a fillin station and finally got on our way home.

I wish I had one of the high paid auto designers with me some time way out in the country away from any place and let that smart aleck find out how hard it is to work on a vehicle without a book or tools.

Glad to be with all of you again, hope we can continue.  
Ab and Mama

I Chronicles 16:22-25: "Saying, Touch not mine anointed, and do my prophets no harm.

Sing unto the Lord, all the earth; show forth from day to day his salvation.

Declare his glory among the heathen; his marvelous works among all nations.

For great is the Lord, and greatly to be praised; He also is to be feared above all gods."

Cloudy with a north wind here in Allison this Monday morning. From last Thursday through Sunday was just beautiful spring days, hardly any wind.

Four months now with no rain. It is really getting serious. Last week, there were 2100 acres burned off in Beckham County by wild fires. Roger Mills lost 13,000 acres of grass plus 15 cows and calves according to the papers. What wheat is left has greenbugs, we hear. It must rain soon if there are cotton and feed crops. Farmers Union and Sen Robert Kerr have been urging more money for the rural volunteer firemen to help replace their equipment. Gov. Frank Keating called on the legislature to tap the Rainy Day Fund and give the firemen \$1.6 million and set out \$1 million for cloud seeding. This measure is hoped to bolster the state's \$5 billion farming industry.

Randa Coffey managed the post office this week while Bonnie Rice attended the state postal convention at Fountain Head, Lake Eufaula. Others attending from close were Laura Kolke, Custer City; Mac and Norma Lee Smotherman, Rita Moler of Arnett.

Very important! Birdie Whipkey is having her 104th birthday on April 29. Send her a card. Sweetwater, Ok will reach her. Irene Reed, Marie Stewart and Lena Luman were out to see her last week.

Joyce Napier, Washington, D.C. and Barbara Magness, Lawton, spent the weekend with Elbert and Eva

Atkinson and the boys. My favorite cowboy, Neil Schmidt, is featured in the Ketch Pen, put out by the Cowboy Hall of Fame. I always admired him when we went to rodeos. He was a stunt rider and went around on two horses part time. Two years ago he fell while working on his house and was terribly injured. The article is about how he and his

family have made a comeback. They now have an art gallery, The Bluebird, at Crawford. Sunday when we turned on the news, he was featured on it.

Several of our students went to the Scholastic Meet at SWOSU and did well. Norman Robison was second in Computer Science, eighth in Plane Trigonometry; 25th out of 69 in English. Michelle Reed was 14 in English, 18th out of 62 in Algebra 2. Dalea Robison was 21st in Algebra 2, 19th in Spanish 2. Randy Gracey was fifth in Oklahoma History; seventh in World History. Andy Davis was 16th out of 57 in Spelling. April Thomas was ninth in Spanish 1, 17th

in Geography. Cynthia Dolloff was 19 out of 66 in Geometry. Colby Hagerman was 31st out of 58 in General Science. Andy Davis was 16th out of 57 in Spelling.

Norman Robison is Senior Valedictorian. He is the son of Natalie and the late Dale Robison. He has attended Boys State, and is on the ball team. He plans to attend OSU. Heather Fesmire, daughter of Beverly and James Fesmire, is the Salutatorian. She served as Page at the House of Representatives and voted Most Talented.

We have three named for FFA Farmer award at the State Convention this week: Dusty Elam, Justin Lesley and Jennifer Taylor. Good News. We will earn enough by May 7 to pay all our taxes for the year. Just one day longer than last year.

Funeral services were Thursday at the Assembly of God Church for Ruth Pyle, 87, who died at Canyon, TX. She was the sister of our neighbor, Iva Thompson. Burial was in the Mulberry Cemetery.

Funeral Services for Erdice Nichols, 94, were Saturday at the Sayre Baptist church. Burial was in the Buffalo Cemetery. She lived once in this community.

The four state power blackout got out this side of Wheeler for several hours. Came within a few miles of the state line.

We lived it up Saturday. Had lunch at Cals with the Bollens. Saw a lot of folks, Nyla Tenney, Paula Harris, George and Wanda Flowers, Mac Smotherman, Mickie Armstrong, Mrs.

Laurence Reese, Mary North, Harold Hamman, Arlis Staggs, Speed Batchler, Alvin Marshall, Noah Kenemore and Dale Carpenter.

The Sweetwater 5th and 6th grades combined with the HS Current Events Class to have a History Day and Science Fair in honor of Earth Day April 17. This was a final Project in the study of the seven major Biomes of the earth and how plants and animals manage to adapt in order to survive. Reydon, Carter, Erick, Allison and Ft. Elliott were invited to participate.

We enjoyed the Austin City Limits show featuring our own Roger Miller and Marty Robbins. A few years ago, Alvin Crow and his band were the featured artists. He was a grandson of our neighbors, the Dick Tignors.

Floy Gardner of Arlington, TX, has been here visiting Gail and Billy Sutton and the Jack Redmans. They

attended the wedding of a niece at Altus.

Edith and Peck Sanders of Satanta, KS, visited Inez Coffey and went on to Clinton to see Carol Sue and Ernest Miller.

Saw the Erick young folks out Saturday observing Trash Bash Day. They had a pickup full of sacks of trash.

Sherri Hill of Mayfield was voted teacher of the year at Reydon where she teaches. Husband Billy is president of the First American Bank of Erick.

O. K. and Elma Henson attended the Retired Teachers Meet at Elk City. Speakers were to be Se. Gilmer Capps, Reps. Randy Beutler and Jack Bonny.

The Red Ants are out and if they know their beans, the winter freezes are over. Now if my onions will just come thru with their April rain. Time is running out.

**YOUNG AT HEART**

How do I know my youth has been spent,  
Because my get-up-and-go got up and went  
But in spite of all that,  
I am able to grin  
When I think where my get-up-and-go has been.

Old age is golden, I've heard it said,  
But sometimes I wonder as I go to bed;  
My ears in a drawer, my teeth in a cup,  
My eyes on a table until I wake up.

When I was young, my slippers were red,  
I could kick my heels right over my head  
When I grew older, my slippers were blue,  
Still I could stay up the whole night thru.

Now I am old, My slippers are black,  
I walk to the corner and puff my way back  
The reason I know my youth is spent,  
My get-up-and-go has got up and went.

I get up each morning, dust off my wits,  
Pick up the paper and read the "obits"  
If my name is missing, I know I'm not dead,  
So I eat a good breakfast and go back to bed.

Happy 50th Birthday,  
Grandpa. We Love you.

**"LA RESPUESTA"**

PARA QUE VINO JESUS A ESTE MUNDO? La Biblia nos enseña claramente la mision de Cristo en Lucas 19:10 que dice que: "El hijo de Dios vino a buscar y a salvar lo que se habia perdido." Isaia 53:6 dice que: "todos nos descarriamos como ovejas" y Jesus que es el buen Pastor vino a buscarnos y a salvarnos. La Crucifixion de Jesus tuvo como proposito el pagar el precio de nuestro pecado ya que Romanos 3:23 dice "que todos pecamos" y en Romanos 6:23 dice "la paga del pecado es muerte" y Cristo murio en lugar nuestro para que nosotros pudiéramos vivir. "El se hizo pobre para hacernos a nosotros ricos," ahora todo lo que tenemos que hacer como humanos, ya que Cristo ha pagado por nuestros pecados, es creer. Juan 3:16 nos dice "Porque de tal manera amo Dios al mundo que ha dado a su hijo unigenito para que todo aquel que en el cree no se pierda mas tenga vida eterna," el unico requisito que Dios ha puesto para obtener la vida eterna es creer ya que es por fe y no por obras que podemos ser salvos. Efesios 2:8, Cristo mismo dice el proposito de su venida en Juan 3:17 "Porque no envio Dios a su Hijo al mundo para condenar al mundo sino para que el mundo sea salvo por El" Dios te ama querido amigo y envio a su Hijo hace aproximadamente 2000 años para traerte la esperanza de VIDA ETERNA.

The cemetery association really needs all of our help. In order for the cemetery can be kept looking so well the association needs some financial assistance.

The last three years we've seen alot of changes and improvements out at the cemetery. We've all taken pride in it and many have accepted compliments on how well kept our little town cemetery is. Without our financial help we may have to notice some changes we won't be proud of.

One person can not take care of the cemetery in a manner necessary to continue what we consider necessary to meet our communities high expectations.

Any donation of time or money will be greatly appreciated. At the present time the monetary donations are a necessity.

Please make your checks payable to the Mobeetie Cemetery Association. You may designate your donation either to the Trust Fund or the maintenance fund. No donation is too small. Each donation will be greatly appreciated.

Please send your donations to The Mobeetie Cemetery Association, % First State Bank, P. O. Box 8, Mobeetie, TX 79061-0008.

Thanks for your support. If you have any questions please call Randy McCurley at the First State Bank, 845-2311.

Tuesday April 16th, Sue and Gene Harrison met their daughter and grandchildren, Cindy Gorley and Bill, Mary, and Gary, at Shamrock. The Gorley family drove up from Quanah.

Grandma and grandpa had loaded up the kids' pig and made the transfer at Shamrock. After all it took to get that pig loaded I'm not certain that grandma thought the pig was worth it. But the grandchildren definitely are. Grandma and grandpa even conceded to eating at McDonald's. (Sound familiar anybody?) ha!

They all enjoyed the visit before having to go their separate ways.

Did ya'll enjoy the "black-out"? I couldn't believe SPS was calling it a "brown-out". Thank goodness the day was half-way warm, sunny and bright. (The wind could have calmed down to about 10 mph.)

I guess we all will appreciate our electricity more. Amazing how dependent we've become on it. I'm not going to gripe about paying my electric bill for a while, I bet. (I guess we all need a reminder once in a while to

appreciate what we've got.)

Our sympathy goes out to the Billy Ray McDowell family. He was killed in a car, truck (18 wheeler) accident near the McLean cut off on the 152 highway. His funeral was held Friday, April 19th at 10:00 a.m. at the funeral home in Pampa. Burial was at the Mobeetie Cemetery.

Part of the McDowell family stayed with Bill and Pearl Darby. Then part of the family stayed with the Callaway's in Wheeler.

Mrs. Dick certainly enjoyed part of her children, grandchildren and great grandchildren coming by for a visit. Mrs. Dick felt quite well while everyone was around so could really enjoy her visitors.

Bill Darby had just gotten out of the hospital on Mon. So didn't have much time to recuperate before all the company started arriving.

So glad to hear that Bill's tests all came back clear. Nice to get good news for a change. Take care Bill.

Jake Moffett got to go home to Clarendon on from St. Anthony's Hospice on Tuesday April 16th. He made the trip quite well and even came home with a little bit of an appetite. (Of course Alesha's home made stew would tempt most anyone.) Sure glad your home Jake.

The hospice people had everything all set up for Jake when he got home. They will be checking in with Jake and Laura two or three times a day. The hospice personnel and volunteers are so cheerful and helpful.

So sorry to hear that Doris Whaley has a cracked bone in her leg. She was having to keep it propped up until Friday, April 19th, when the Drs. could possibly cast it. (Those heavy gates and horrible winds just don't make a very good combination.)

Take care Doris. Hope you'll soon be good as new.

Congratulations to Michelle Shorter and John Jones. They were married Friday, April 19th, in the home of her parents, Donnie and Kathy Shorter. They're a sweet couple. May Jehovah bless this union.

John, Michelle and Kathy were kept very busy Friday getting everything finished up. John and Michelle had a very nice, private, family wedding. Sure glad the weather stayed fairly decent. There was quite a houseful at the Shorters.

It always a pleasure to have young couples and families join our little community. Welcome Mr. and Mrs. Jones!!! John works for Bob McCain at McCain's Auto in Wheeler. Michelle is a student at Ft. Elliott.

Nice to see Dortha Beck of Lefors in town to visit with family. She was on her way to visit with her sister, Mary Ruth Morris, and her nephew, Gary.

Sorry you haven't been feeling too perky lately, Mary Ruth. Hope this finds you feeling better.

Mary Ruth doesn't get out and around very much. But she and Gary would enjoy a visit from their friends. Any day or any time after 3:00 P.M. would work real well into their sched-

ule.

Sincere sympathy to the family and friends of Loyd Jones. He passed away at the Wheeler Hospital after a lengthy illness. There was a big crowd at his service Sunday afternoon.

Did ya'll see a couple of our Wheeler county celebrities on the Channel 7 news? I noticed them on the 10:00 P.M. news cast.

One night Tina Lehman Young, formerly of Briscoe, was interviewed about the possible lowering of cereal prices. (I think we'll all have to see the actual lower prices on our grocery store shelves to believe it.) Tina

is the daughter of Al and Sue Lehman of Briscoe.

Friday night Roger Cross, formerly of Wheeler, manager of a Midas Shop in Amarillo was discussing the possibility of his company installing the new airbags in vehicles not equipped with them. Midas is test marketing the installation in the Houston area. Roger is the son of David and Kathleen Cross of Wheeler.

So good to have Bertha and Leonard Hollis back. They both look wonderful. Always enjoy their smiling faces. (Just makes the day go better.)

To The Editor  
The Wheeler Times  
Wheeler, TX 79096

To My Friends and Neighbors In Wheeler County,  
After 8 years of serving you it is with regret that I submit my resignation as Chief Juvenile Probation Officer of the 31st Judicial District and as Executive Director of the Hemphill County Boot Camp—Detention Facility, effective April 30, 1996.  
Though my service to you is coming to an end, my appreciation and respect for you will not end. I also want to thank you for the encouragement and support you have always shown for me and my work.  
With Affection,  
Ed Hedgecoke  
Chief Juvenile Probation Officer

Nice to see Arica Lancaster looking all perky and springy Friday. She was spending the day with her parents, Ariza and Anna Belle Corcoran. They always have a good visit when they get together.

Arica and Aaron stay busy with all their arts and crafts and attending craft shows. These are two very talented people. They come up with some really neat items.

Thanks for patronizing our little post office. We appreciate you taking time to come by!

Jud Rector turned 80 years young Thursday, April 18th. But he'll get to celebrate on Saturday, April 20th with his children, part of his grandchildren and great grandchildren.

Congratulations Jud!! Harley Jacobs came home with us Friday to spend the night with "Grandpa and Grandma". I think she was a little disappointed because "Michael and Beanna" weren't here. (Sorry babe, your just stuck with us.)

Pam and Gaylord Thompson had a sweet little house guest last week. Five month old Sarah captured their hearts.

Sarah is Pam's great-niece. Sarah's mother, Debbie, had to take a class at Ft. Sill, OK. So Sarah came

home with Aunt Pam so she could get acquainted with Sarah's great grandmother, Mae Pigg of Erick, OK., and other family members.

Sarah adjusted very well and fit right in with us crazy Texans.

Thanks to the senior class at Ft. Elliott for the Wednesday night pizzas. It's a nice change of pace.

Ya'll aren't going to believe this! Friday Deanna Mixon got to bring Jess home from the hospital. He looks great!!

Jess really enjoys the deck and the back porch. Thanks Guys!!! Ya'll did a very good job.

Our Timothy moved back to Pampa Saturday. Irving was a big disappointment. Enough "big city" for him. Pampa or maybe even Amarillo is more his style. Just can't beat the friendly people of the Panhandle area.

We're glad he's a little closer to home.

Pam and Gaylord Thompson had a houseful of company most of the weekend. Gave all the cousins a chance to visit with Debbie and Sarah and to get reacquainted.

Did you do your part for Earth Day? Harley and grandma planted some flowers and picked up some trash. Harley thought she was really doing something. But after watering the flowers she was ready to see flowers. I don't think she believes grandma about waiting for the flowers to grow.

Wasn't the wind and dirt horrible Friday night? The visibility was terrible.

We're sure going to miss the girl scouts at Sallies Cafe Saturday. We could get really spoiled to the luxury of having the scouts there on Saturdays.

The Hearts in Motion kids of the First Baptist Church are ready to go to work. Please call Rob or Geniva Hogan at 826-3365 to set up a date and time.

Nice to see Zach Mabry in town visiting his mother, Susie Mabry, and friends. He was enjoying his day off. It may be the last one he gets for a while.

The farm he is working on is getting ready to start cutting and baling alfalfa in early May. A lot of time is spent getting all the machinery ready and still keep up with the daily chores.

I think we missed the party of the month.

The family of Jud Rector celebrated his 80th birthday with a family dinner and cake and refreshments at his home on April 19th, Saturday. Jud's cake was a delicious marble cake with white frosting. Then it was decorated with a train for Nan-Dad.

Those present in addition to Jud and Lorene were: Kenny and Melody Sherell, Christy, Anthony and Debra of Copan, Oklahoma; Steve and Melissa Rector of Tulsa, Oklahoma; Gay Don and Sue Rector of Hastings, Nebraska; D. L. and Colleen Rector and Mindy, Bradley Smith, Jerry and Jay Rector, Rance Rector, Lynn and Denise Rector, Sara, Cody and Morgan Rector, and Amy and Anissa Garcia all of Amarillo; William and Patricia Burch, Christopher, Tyler and Caitlyn of Wheeler; C. W. Burch, Rev. Larry Atkison, Dale and Melba Corcoran all of Mobeetie.

There were 34 for dinner. (Thank goodness the weather was better than late Friday night.)

Jud got several cards. He enjoyed everyone of them. (Ask him about his itsy bitsy spider. ha! The great grandkids and grandkids loved it.)

Hope you enjoyed every minute Jud. All the celebrating sort of carried over to Sunday. Those enjoying a great visit were Gay Don and Sue Rector of Hastings, Nebraska, Lester, Cleo and Dale Pierce of Cheyenne, Oklahoma, and Wayne and Mary Pierce and Amanda Wilson of Shamrock, Dale and Melba Corcoran of (Continued Page 7)

at the University of Texas in Austin on May 3 and 4. Devin Diebel is a 2nd alternate. Some others going to Levelland were Jodie and Londa Crownover, Misty Morgan, Tera Hefley, Sarah Hale, April Finsterwald, Brad Moran, and Sylvia Elseman. Congratulations to all who went. Sponsors going were Rolanda Meadows and Tonya Finsterwald.

The Fort Elliott girls tennis teams left Sunday to go to Levelland to compete at Regional. Those going were Sylvia Elseman, Susie Luttrell, Reagan Meadows, Misty Morgan and Dana Trimble. Sponsors going were Janet Tatyrek and Kay Luttrell. Congratulations and good luck!

The Fort Elliott girls golf team were leaving Tuesday to go to Levelland and included Misty Walker, JaNae Goad, Stacie Dukes, Dana Trimble and Lana Richmond. Good luck! We are proud of all our fine young people.

Fort Elliott Girl Scouts served a delicious Mexican Pile on plate with apple cobbler and ice cream and other items from the menu at Sallie's Cafe in Mobeetie Saturday. Nice to meet Elva Wood's granddaughter Amy Hubble helping. Nice to have Bertha and Leonard Hollis meet us for lunch there. Also there were Mae and Hugh Bailey, cousins to Leonard and Bertha. Also there Bill and Virginia Ridgway. The Hollises were expecting twin identical cousins Thelma and Velma Osborne from Pampa and Amarillo to come. Don't know the married names; plus one husband was coming. The other husband died in World War II.

Steven and Lacy Horton and Blake and Shayla from Tulsa spent the weekend with Bill and Kyla Walker and Misty. Steve and Lacy helped with Farm Rescue Demonstrations at Higgins Ag Days Saturday. Chuck Hartline has been teaching a course in Repelling at Higgins. Shayla and Blake stayed to spend a few days with Bill and Kyla and Steve's folks Sharon and Jerry Horton at Wheeler. They had to climb up on big elevators and repel down.

Dallas Fillingim, assistant and the Director of Peer Education, a lady sponsor and 8 peer undergraduate Educators went to a Peer Educator Seminar at Baylor University at Waco Thursday and got back to Canyon

late Saturday night. Dallas had to drive one of the vehicles. They went to the first Baylor dance on Friday night. Beautiful campus.

Sunday afternoon Tammy Maddox and Amber and Jennifer, Georgia Tipps and Amy Hubble went to Pampa to celebrate Jennifer's 15th birthday. They went to a movie and ate at Braums. Happy 15th, Jennifer.

Visiting Wanda Childress Sunday afternoon were Addie Swift and Pat Childress and Amanda. Addie visited her sister Beulah Stuart in Shamrock Saturday. While Wanda and Jane went to an auction.

Celebrating Jennifer Maddox's 15th birthday with supper and ice cream Friday night were Jimmy and Tammy Maddox and Jennifer and Amber, Iona May and Dwight Tipps all at the home of Dean and Georgia Tipps.

So nice to have Lou Dean Douthit go to Miami Senior Citizens with us Monday night. Actually J. P. and Martha Meek and Willis and I rode with her in her pretty new van. She's a good driver. Think there were about 33 there with 6 tables of 42, one of Chicken Foot, and one of Dominoes. Always good to see everyone.

Willis visited his brothers, Leon, E. G. and Horace to check on them. Some are better, but all need our

prayers.

Eddy and Wanda Walker were opening their new cafe at their home west of Allison on Hiway 1046 Tuesday April 23 in the Metal Yellow building behind their house. **Mobeetie** (from Page 6)

Mobeetie, and Kenny and Melody Sherrill, Christy, Anthony and Debra from Copan, Oklahoma.

Wilhelmina Sherrill hosted a dinner Sunday for Kenny, Melody, Christy, Anthony and Debra. After a delicious meal and a short visit Kenny's family headed back to Copan.

They found a nice surprise waiting on them. A little while before they arrived home the area had gotten about 1/2" of rain.

They have been praying for rain too. Usually that part of northeastern Oklahoma usually has about 15" of rain by now. This 1/2" is the first they've had this year. Sure hope this is just the first of some real good rains for them. (Sure hope we're next.)

Sunday, April 21st was Ray Forbes birthday. Congratulations! Hope you had a very enjoyable day.

Judy Parker was by to see Ray and Velma Sunday.

It's great to hear Jap is eating well and that your doing better Alice. Try to be patient.

I'm sure your progress seems too slow for you. But at least it is progress. Keep up the good work !!!

We're all impatiently waiting for the opening of Mel's diner. Mel Ray and Susan Coates are working very hard on the old DonLynn's Cafe on west Highway 152, Oklahoma St.

Since our little cafe has to close at 2:00 P.M. some of us go to Wheeler to eat of an evening. It'll be nice to have another choice.

The world is definitely going to miss the humor of Erma Bombeck. She was so down to earth. Erma put a new light on being a housewife and the highlights of everyday family life. She could put a smile on almost everyone's face that read her column. Erma was so talented.

Our sympathy to the Bombeck family. They've lost a treasure.

We'll enjoy her books for a long time. But nothing can compare to her presentations on TV.

Sorry I missed Doyle and Beulah Grimes again. Sure hope they're just out having fun.

I felt deprived last week. Usually I get to see Glen D. or Estelle Hodges on Friday when I work at the post office. Sorry I missed ya'll.

Calvin and Leola Stuart had a very busy weekend and a houseful of company They enjoyed every minute of it.

Dennis, Vanessa and Garrett Stuart from Lubbock came in Friday night. Garrett is such a good baby. He is crawling everywhere and doing a good job of investigating. But he knows what no means and just accepts it.

Ronnie Stuart of Lawton, Oklahoma came over for the weekend. It's awfully lonesome for him in Lawton.

Since their house in Arizona already sold they are all more anxious than ever to get moved to Oklahoma. As soon as Jarrod graduates they can put all of their plans into action. Tanya is supposed to be in Lawton on May 2nd to look at a house that may pass most of her guidelines.

Dale and Barbara Richardson of Elk City, came over Saturday. There were lots of games of Chicken Foot played, along with all the visiting and fun.

Friday before their family started arriving Calvin and Leola went to Erick, Oklahoma. They visited with Gladys Richardson and then went over to Iva's for a while.

Sorry to hear that Iva has been having arthritis problems. Sure hope this finds her feeling better.

Calvin had been in Shamrock Wednesday to pick up their lawn mowers and visit with Beulah Stuart and Gerald.

Monday, April 22nd, Calvin and Leola took Beulah to Pampa for her eye doctors appointment. Beulah got a very good check up and doesn't have to go back for a whole year. GREAT!!

Calvin also saw the eye Dr. but didn't get quite as good report. One eye is ready for cataract surgery. So they scheduled it for May 7th.

So good to hear that Clarence Walser is doing well.

Ruth Hathaway had a nice surprise Monday April 22nd. Her sister, Dollie Hanning of Vernon and her nephew drove in. Her nephew had a couple of days off together. So he decided to bring Dollie up to see Ruth. Then they all drove on up to Berger to see the ladies cousin, Dorothy Greenhouse. Dorothy will be 90 in Sept. GREAT!!

Ruth really enjoyed their visit and appreciated getting to go to Dorothy's. Dollie and her son had to leave for Vernon about 9:00 a.m. Tuesday.

Ruth enjoyed every minute of their visit.

Last week I missed talking with Ruth. Roy and Lorveta Hathaway were from the Houston area for a couple of days. Really made her week go better.

Alta Jean Davis has been having a real rough time. She has had one of the worst cases of shingles I've ever heard of. (They are so painful and uncomfortable.) Because of the shingles her blood pressure got out of control.

Alta Jean had to spend several days in the hospital. But she's

home again. Her sister is coming to spend time with Alta Jean.

Sure hope this finds you feeling much better Alta Jean.

Sorry to hear that Garnett Gunter took a pretty bad fall the other day. Bless her heart she is pretty bruised up on her left side. Even had to have some stitches. You'd think she'd gone seven rounds with a real booger. Take care Garnett!! Hope this finds you feeling much better.

Sure hope each of you have even a better week than last week.

Take Care!

# LIBRARY NEWS

Sunday was a beautiful day. We had a nice turn out for our open house and book signing. Our guest authors were Norbert Schlegel and Kim Shreffler who writes under the pen name, Denise Richards. Forty guests attended. We had a delicious assortment of cookies along with punch and coffee. Beth Shelton won the door prize. We thank the public for their support.

We have some new books on the shelves. Stephen King's "The Green Mile" part one and several Stine's Goosebumps and Stine's mysteries. David and Paula Britt donated a large number of books, which we will tell you more about next week. Also they donated several videos. Sheryl Case donated some paperbacks.

We received memorials for Glen Gaines, Gordon Stiles and Loyd Jones. Also Mr. and Mrs. Schlegel gave us a nice cash donation.

We appreciate all donations and memorials. We have a permanent memorial book on display which begins in 1976 up to the present date. Above the memorial book is a picture of Roberta Adams, our first President of the Library Board and also a picture of Betty McNeil who was a former librarian.

The present library was a long time dream of Roberta's, she spent many long hours to finalize her dream. Her husband Carroll played a major role with his carpenter skills. We all felt Roberta's presence with us Sunday and we know she was proud of what she saw.

We are asking that you bring your library cards with you when you come to check out a book. We also request that all Interlibrary Loans books be returned to the desk and not placed in the book drop. Thank you for your cooperation in helping our library to run more smoothly.

Come see us and read a good book. Look for our book sale outdoors on Sat. of the city garage sale.

The summer quarter of the Bible school program will begin on Sunday, May 5th.

During the week of May 5th, the grocery truck from Tipton Home will be in Wheeler. If you would like to contribute to their grocery fund, please give your money to Mark Frankenberry.

A thank-you note has been received from the family of Ben Griffin. This thank-you note is posted on the bulletin board in the lobby.

Clarence Walser has been released from the hospital in Amarillo. He is now recovering at his home.

**From The Minister's Desk:**  
The second paragraph of the Declaration of Independence consists of one eloquent statement. This statement is: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness."

Notice the phrase that says: "All men are created equal—" At the risk of "second guessing" the founding fathers, I wonder if this phrase should not say: "All men created equal and fallible."

Since the dictionary defines fallible as "capable of error", the implication is obvious. There is not a single person who is incapable of error and who is absolutely correct. Every person is fallible! But while people are fallible, the Scriptures are not. Rather the Scriptures are infallible which means that they are totally errorless and absolutely correct.

The infallibility of the Scriptures is plainly taught in the second letter that the Apostle Peter wrote. In the first chapter of this letter, he wrote: "No prophecy of Scripture is a matter of one's own interpretation, for no prophecy was ever made by an act of human will, but men moved by the Holy Spirit spoke from God." (II Peter 1:20-21)

A key word in this text is the word, "moved". This word is translated from a Greek nautical word which was often used to describe ships whose rudder did not properly function. Such ships "moved" as the wind and waves directed them. Likewise, the writers of the Scriptures "moved" as God directed them when they wrote the Scriptures. Therefore, while the writers of the Scriptures wrote in their own particular style, their words were directed by God, producing the infallibility of the Scriptures.

Here then is the proverbial bottom line. The Scriptures are infallible, but people are fallible. For this reason, disciples of Jesus need to always remember two important principles when they study or teach the Scriptures. These two important principles are:—

1. A correct understanding of the Scriptures is not guaranteed by participation in the Walk of Emmaus, or the charisma of a teacher, or the formal education of a preacher. Rather a correct understanding of the Scriptures is guaranteed by an expositional study of the Scriptures which seeks to learn their original meaning.

This principle was apparently forgotten by a committee of a major Protestant church when it was recently asked by the church to study its teachings about sexuality. After several months of study, the committee concluded that the teachings of the church about sexuality needed to be more contemporary. For example, their report contained these statements: "We should

not assume that marriage is the only moral option for sexually active persons. No longer will the church insist that celibacy is the only moral option for single persons." When I read these statements by this committee, I wondered if any member of the committee asked some simple questions. I wondered if they asked: "Do the Scriptures teach that marriage is the only moral option for sexually active persons? Do the Scriptures teach that celibacy is the only moral option for single persons?" I am simply amazed that fallible people could decide that infallible teachings of the Scriptures can be changed or altered by their preferences.

Unlike the members of this committee, genuine disciples of Jesus believe that the teachings of the Scriptures are infallible. For this reason, they sincerely seek to learn and practice the infallible teachings of the Scriptures not the teachings of fallible people.

2. A Bible teacher will "incur a stricter judgment"—for a failure to accurately teach the infallible truths of the Scriptures. (James 3:1) This "stricter judgment"—will be incurred by a Bible teacher because the eternal destiny of people will be determined by their obedient compliance to the infallible truths of the Scriptures. Therefore, a teacher who fails to accurately teach the infallible truths of the Scriptures will be accountable for the eternal destiny of the people who have been inaccurately taught.

If there is one admonition that a Bible teacher should remember, it is one that Jesus taught. According to verse six and seven in Matthew 18, Jesus said:—"Whoever causes one of these little ones who believe in Me to stumble, it is better for him that a heavy millstone be hung around his neck, and that he be drowned in the depth of the sea. Woe to the world because of its stumbling blocks! For it is inevitable that stumbling blocks come; but woe to that man through whom the stumbling block comes." This admonition should encourage a Bible teacher to be competent. Rather than merely verbalizing religious expressions or personal opinions, a competent Bible teacher will carefully study the Scriptures, teaching accurately the infallible truths of the Scriptures. There are, sadly, some Bible teachers who are not competent. Like the Jews that the Apostle Paul described in the tenth chapter of Romans, these Bible teachers "have a zeal for God, but not in accordance with knowledge." (Romans 10:2) These Bible teachers will "incur a stricter judgment."

Disciples of Jesus must recognize that they are fallible, but they must also recognize that the truths of the Scriptures are infallible. Since these truths are infallible, disciples of Jesus will only believe, practice, and teach these truths.

## Ranch To Rail North Set May 7 In Amarillo

What can be learned from long term experience? Plenty, say organizers of the 1996 Ranch to Rail North beef producer conference.

The event will be held on May 7 at the Civic Center in Amarillo. "In addition to updating the 1995-96 information, we're emphasizing interpretation of the data collected through the Ranch to Rail effort," said F. T. "Ted" McCallum, area beef cattle specialist with the Texas Agricultural Extension Service. A portion of the program will feature four to five actual case studies based on cattle enrolled in past years.

## Wheeler Holds Annual Science Fair April 16-17

The Wheeler Jr. High Science Fair was held April 16 and 17.

A total of 83 projects were on display.

The judges for this year's fair were Thomas Helton, Doug Rives, and Dick DeArment.

We would like to thank the judges for their time and effort, as a lot of good projects were turned in with a lot of effort on the part of most of the students.

We would also like to thank the Wheeler Fire Dept. for the use of their tables and some of the teachers who were willing to loan their tables for the fair.

We really had a good track meet, and it ended the track season on a good note. The Seventh Grade Team ran into some bad luck in having three hurt and dropping the relay baton in the 400 m relay. However, I don't think we could have beat Sunray's 7th grade on our best day. They just had too many numbers on us.

For our Eighth Grade it was a different story as they continued to dominate the district just like they did in 95. The mile relay ended up the year having never been beat in a race, which is quite an accomplish-
