Sixteenth Annual

Bluegrass Festival Set for July 26-28

LOCAL GARDENER: Avis Parker moved to town several years ago and had the yard space in front of her apartment tilled under for a garden. As you can see the corn is "as high as an elephant's eye". Peppers are in the foreground and the carrots and tomatoes are in the background. Mrs. Parker gives the son-in-law, Kenneth Hammon, some of the credit. Mrs. Parker lives across from the post office.

CWE CHAT WITH EDITOR

By Louis C. Stas

The offices in the east half of the Times office are no longer empty. John Morrison has opened his law office. The office will officially open on Monday, July 29.

Our bluegrassers are scheduled for arrival Thursday evening. They want to get the full value of the weekend of bluegrass at Mobeetie. I am referring to the Arnolds from Del City.

There will be lots of pickin' and grinnin' Friday evening thru Sunday. And, just because the lights go off at the stage does not mean the music stops.

Take a little time from your weekend and travel over to Mobeetie for the Bluegrass Festival. The music, fellowship and food are great.

The thunder and lightning were severe Tuesday night/Wednesday morning, but the storm resulted in 1.3 inches of moisture. I must have been sleeping fairly soundly, as I only remember one or two claps of thunder.

Mrs. Flowers reports the blooming of the frost flowers. This means frost is eight weeks off. That would mean frost would be around September 16. We can only hope the frost flowers are wrong.

On the rounds Tuesday, I noticed the latest in treats on the counter at the local variety store. How about peanut butter and jelly flavored bubblegum or Popcorn Pops—popcorn flavored sucker.

The Sherman Stas family was in Hinton Friday evening and Saturday. A big part of the day was spent playing croquet; we had the court setup in the shade.

We called the nephew, Mark Meriwether, over to join us. Brice and Phong also played one game with us. We shared the wins, but Ronal Wayne probably won the most.

Play was so intense that Juanita could not stand to watch.

Joining us for Sunday dinner at the Meriwethers were Brice Long, his mother, Glennis, and nephew, Alex; Phong Luu, and Stacy. More croquet and cards were the entertainment for the afternoon. Glennis was used to a smoother court and not quite as much competition in play and Phong is go-

Friday, July 26, and go to midnight. The action resumes on Saturday at noon and will continue non-stop till midnight and Sunday's free Gospel show will be from 9 till noon.

1996 TAMU Beef Cattle Short Course Aug. 12-14

The 1996 TAMU Beef Cattle Short Course chose the theme "Management Strategies for Better Times" for this year's program, August 12-14, on the Texas A&M University Campus, announced Dr. Larry Boleman says, "Producers want to know what is going on about the prices of cattle, numbers of cattle, grain forecasts, farm bill, and of course, the drought. They want to know more about the market psychology. As if these weren't enough to worry about, the inference to unsafe beef that has been related

Star Canyon Band

Star Canyon To Perform At Mobeetie

The Star Canyon Band, in their 9th year as a group, have developed their own unique style of music which cannot be easily classified. "Take a lot of bluegrass, soften it up with a little country, and maybe a touch of folk music, and you've got the general idea," says Randy Blackwood, banjo player, who hails from Oak Harbor, WA. Randy supplements his "bluegrass income" by working for Federal Express.

"We're orphans," jokes guitarist, Jeff Simmons, a native of Virginia, and electrician by trade. "We've been disowned by purists of more kinds of music than I ever knew existed! But that's okay," he grins, "we just do our kind of music our way."

"That's what it's all about," adds Virginia-born mandolin player, Joe Kitts, who is twice retired (US Air Force and Railroad Repair Shop). "We play as a group—not as individuals—and we draw from our different backgrounds to enhance the basic bluegrass sound." His reference to varied background may be an understatement. "I've played bluegrass all over the country from Virginia to California," says Joe. "Jim's background is primarily east coast country, Randy's a veteran of country and bluegrass throughout the southwest, and Jeff went the Nashville route—he's shared stages with some of the best."

Jeff's younger brother, General Telephone retiree and bass player, Jim Simmons, (also from Virginia) agrees. "We've all been playing music for what seems like forever," he adds with a typical grin. "Of course, 'forever' is longer for some of us than for others...take Jeff, for example—why, he's older than dirt!"

The laughter, teasing, and general camaraderie which spice up a Star Canyon show is no act. Quite simply, what you see is what you get, both onstage and offstage. "We all love music," explains Randy, "and we take it seriously—we just don't take it, or ourselves, so seriously that we can't have fun at it."

The Star Canyon Band are definitely "entertainers;" each member is an accomplished lead vocalist and, collectively, they perform some wonderful four-part harmony. Over the past 8 years, they have amassed a large following of fans who readily proclaim these fellows to be "four of the most talented and nicest guys you could ever hope to meet."

So, one might ask, what are four fun-loving "naturalized" Texans from two different coasts doing in the flatlands of West Texas? "Pickin' and grinnin'," says Jeff, "pickin' and grinnin'."

Extension Update

CHILDREN BENEFIT FROM SNACK TIME

When mid-morning and afternoon roll around, parents face the battle of health food versus junk food when it comes to a child's snack time.

Dymple Cooksey, Extension nutrition specialist, said snacks may seem like a ploy for children to get their hands on some candy. But in reality, children simply need extra helpings of the right foods, she said.

A child's stomach is very small, and can not digest enough food at meal time to satisfy their need for certain nutrients that will keep them from being hungry between meals. Snacks are a fantastic way to fill the hunger

gap between meals. Not all snacks are going to give a child the vitamins and nutrients they need to grow strong and healthy.

Snacks also may be used to substitute vital nutrients that were missed during a main meal. A parent can plan both meals and snacks at the same time insuring that a child receives all the nutrition he or she needs.

Parents are advised to stay away from cookies loaded with sugar, fat and calories. Candy contains few nutrients a child needs and should be distributed sparingly. Fried foods

Aint It The Truth
By Ab Gunter

The last few months, it's been harder for me to see where I'm a goin and it is botherin me. I finally got an appointment to see the Eye Doctor and today I had the second appointment with them. I got some good news, they said it wuzn't an enlarged vein behind the eye, but the bad news wuz that they couldn't do anything about the hole in the eye, old age they said. Sort uv provoked me as I don't consider myself old as yet.

Mama took me out to Denny's fer breakfast an as usual, I get to visitin with anybody that will put up with my nonsense. I got to listnin to a couple across from us and wonderd if they mite not be from the Old Country as their language wuz what I call the King's English. I found they were from a town near London and they were over here for a wedding and were goin to see the sights around town. I told them about a Cotton Pickin Limie that had been neighbors of ours in a little village in Northern California nearly 50 years ago. Naturally, I had to tell them I wuz born and raised in TEXAS. I figerd they already knew that and I told them we had lived here in Indiana fer 10 years, and one of the ladies asked if I wuz a Hoosier, an I said Nomam, I am a Baptist an a Democrat. I'd love to take Mama over there an just prow around England and Ireland and Wales. Both of our families came fum some place over there. Who knows, maybe the Queen will need a few laughs and envite us to visit.

Don't know who is in charge uv the weather these days, but I wish they would get things back to normal. We got too much rain and Mobeetie ain't had a smidgin in the past couple uv years, and all uv a sudden, them Hurricanes have decided to get in on the act a bit early in the season. Don't recon that Perot feller is tryin to tell us sumthin do you?

Speakin uv them hurricanes, that one that is bumping our East coast has everybody a bit worried. One part uv the world they are called one thing and another part of the world they are called something else, but on the ground er on the water, they shore tear up things, don't they. I been on the ocean a time er two the water wuz so bumpy you never had time to be sick cause you was so scared to worry 'bout yore belly. In the Philippines (shore I misspelled it), we were fussin with the Japs an one uv them storms hit us and we and the Japs too wuz trying to dodge limbs and sheet iron that wuz flyin off the houses and trees. Don't recollect if I ever jumped in a foxhole with a Jap durin one uv them storms, but probably would cause them storms caused more trouble than all uv us could fightin a war.

Noticed in the Wheeler Times where Julia Dillon had a birthday not long ago. I knew the Dillons when they run the Zybach store on the Hemphill Co. line. That was back in the days when gasoline was in 5 or 10 gallon cans setting out in front of the store. Many of their customers came by in their wagons er maybe horseback. I am proud to have known these folks and their children. I can guarantee the country would be a better place if everyone was like the Dillons. There are lots of my friends like Laura Guthrie and so many more there and up here. We have many of the same, like Alta Abrell, Jessie Minnick and Blanch McBride there on the Fig Farm. Oh, we have so many more, but we love em all. I even love the Ted Kays an that Thadius is somethin to be ware uv if you ain't a Republican. My aunt Boone Gunter is in her late 90's and still goin strong, she is a dandy lady, too. Hope I am half as friendly when I'm their age. Julia, I can still remember the wonderful cookies you made. Ha...

Love to all of you, **Ab an Mama.**

CAST REHEARSING FOR 'NOISES OFF'

Red Carpet Community Theatre has announced the cast for its August 5-11 performance of the play *Noises Off*.

The comedic face by Michael Frayn is full of mistaken identities, prat falls, and broad physical comedy.

Cast as Dotty Otley is Patti Macumber of Sayre; Bill LaRue of Clinton is Floyd Dallas; Chantry Banks of Hammon is Garry Lejeune; Rosilyn Macumber of Sayre is Brooke Ashton; Meagan Mathews of Sayre is Poppy Norton-Taylor; Mike Mathews of Sayre is Frederick Fellowes; Meagan Pitt is Belinda Blair; Calvin Stone is Tim Allgood; Richard Pitt is Selsdon Mowbray.

Patt Ward Curtin of Watonga is the professional guest director.

The play is a play within a play, depicting the comedic adventures behind as well as in front of the scenery as a play is performed. This show requires an elaborate set which actually rotates to show both sides.

should also be avoided when looking for a healthy snack.

As the summer heat arrives and the pools open, parents are looking for quick way to satisfy their children's hunger and thirst.

An absolute must is water. Nothing is absorbed by the body as fast as water. If the taste of water does not satisfy a thirst, dress it up with a slice of lemon or lime. This will provide the water with a tart taste.

Caffeinated colas and sugared juice drinks should be left on the store shelf. The sweeter the drink, the longer it will delay the absorption of fluid into

the body. Caffeine can be particularly harmful because it is a diuretic and will cause the body to eliminate fluid.

When looking for snacks, be sure to keep in mind the age of the child. For instance, a child under a year old should not be served peanut butter. Depending on the age some children may have difficulty with certain raw vegetables.

When a child and parent work together, they can produce a snack that benefits the child and spend some quality time together. This time spent together can be used to educate the child on nutrition.

GOOD LUCK: Janice Scales (left) was the honoree at a reception at Parkview Hospital Friday. Janice has been an employee at Parkview for the past 15 years in the housekeeping department. Friday was her last day. She plans to become a guard at the prison in Pampa, where her husband already works. Pictured here with Janice is her mother, Illena Albright, and co-worker for the past 15 years.

To help Jayton Childress celebrate her sixth week birthday, Nanny (Sallie May) and Dad and Mom (Sam and Amanda Childress) took little Miss Jayton to Oklahoma City for a whole weekend of firsts.
It was Jayton's first time to spend the night in a motel. Even though she slept through the biggest share of everything they did. She was a good

baby through all of it.
Jayton got to go to the Cowboy Hall of Fame, the Oklahoma City Zoo, and cool off in the Kirkpatrick Center.
Dad and Mom went on to play at Whitewater while Jayton and Nanny cooled their heels and did "girl things" at the motel.
Everybody had a good time. They took lots of pictures for Jayton's baby book. Even though Jayton slept through even the camera flashes. But since Jayton slept through her first elephant ride, I don't guess taking a few pictures would be any big deal.
At the rate Jayton's starting out, she'll be an accomplished world traveler by the time she's ten years old.
Thank each of you that take the time to read the Mobeetie News. We appreciate your response to our request for help. Some of you have really made a difference.
A special thanks to Karen Powers. She came through for me and my request for a diet ice cream. I'm sure there are others out there that might enjoy the recipe. It's quite adaptable and adjustable.
Lower Calorie-Low Cholesterol-Low Fat Ice Cream:
1 recipe of Eagle Brand substitute.
Beat together thoroughly in a large bowl with mixer.
Continue beating well and add: 4 cans milnot (or other vegetable blend type evaporated milk); 4 eggs or equal amount of egg substitute; 18 package equal sweetener; 1 package (dry) powder Dream Whip; 1 small size sugar-free instant pudding mix (powdered) vanilla or chocolate; Vanilla Flavoring as desired.
Mix all ingredients well with mixer. Pour into freezer container and fill to "fill" line with low-fat milk. (Approximately 3 cups)
Variations: May use 3 eggs or egg substitute instead of 4.
Fruit Flavors: (Calories will vary) Use different flavors of fruit flavored gelatin, well dissolved - 1 small package. May also add washes and drained fresh fruit.
Example: Strawberry - Add 1 small package of well dissolved strawberry or strawberry sugar-free gelatin or 3 cups of fresh fruit. Yields 4 qts.
(I've made it without the Eagle Brand Sweetened Condensed Milk substitute. Works pretty well. Just not as creamy.)
Substitute for Eagle Brand Sweetened Condensed Milk: 1 cup dry non-fat powdered milk; 1 tsp. low-fat margarine; 1/3 cup boiling water; 11 packets of Equal artificial sweetener or 2/3 cup of sugar or 1/2 cup sugar twin.
Blend and beat well all ingredients with mixer or blender on high speed. (Will be thick, but not as thick as the canned variety; will substitute in recipes.) Yields approximately 1 cup=1 can.
Thanks for sharing your recipes Karen. She is working on adjusting and perfecting some other treats.
Karen is the chief cook for her dad, Alvin Hampton these days. Since Alvin has to watch his sugar so close, she gets lots of practice revising.
It's hard to believe we're just a few days away from the Annual Mobeetie Bluegrass Festival.
The Bluegrass Association members have been taking turns working down there constantly for the last 3 weeks. They also took a week in the spring for some of them to donate their time and effort making improvements on the grounds surrounding the Old Mobeetie Jail Museum.
We appreciate their dedication to making the Bluegrass Festival, something we can all be proud of and enjoy. They've been working like crazy and the place looks great.
Each year they make more improvements and always some additions.
The Old Mobeetie Association and the Bluegrass Association work very well together. A special thanks each of you that make each year bigger and better.

rillo for Fred's Drs. appointment. The actual pain is much better in his back most of the time. But the numbness in his leg isn't. So they had to schedule an M.R.I.
Thursday afternoon as they were getting ready to go to Amarillo for the

M.R.I., Fred's dad, Ray, arrived from Stratford, TX.
Ray doesn't like to make that Amarillo trip any better than most of us. So he took advantage of the time to visit with Jess and Deanna Nixon.

They were all close friends in the "good of days" up in Stratford. Deanna is still a terrific cook. (That's one thing they hadn't forgotten.) They had a very enjoyable visit.

Friday, Michael and Brianna Mayfield opened their own saving accounts at the Mobeetie Bank. (That was an experience.) Bless Wanda Hefley's heart. She got them all set up.

Everything was going pretty good. Michael was real proud of his little pile of money. It all went fine until Grandma tried to convince them that those little blue slips were proof they had that much money at the bank. We left with Brianna (2 yrs. old) hollering, "My money".

I bet the bank employees never enjoyed the peace and quiet of the bank more than they did Friday afternoon.

Michael and Brianna have already hit Grandpa up for a donation to their new little coin purses from the bank. "But we know where to keep our money now Grandpa."

Happy Anniversary to our dear friends Kelley and Edith Cross of Abilene. Hope you survived the St. John Reunion. Sure hope you're both feeling better and enjoying your special day. Best wishes and may you have many more. We sure do miss you.

Bob and Lois Reeves have been working like trojans on their lot behind us. It doesn't even look like the same place. They'll soon be ready to start on the house.

Congratulations to Brandi Cook and Michael Heiland. They'll be getting married August 24, 1996 in Woodward, Oklahoma.

Brandi went to school here in Mobeetie several years. She was a member of the last graduation class of the Mobeetie Hornets. Brandi is living and working in Dodge City, Kansas.

If you'd like to send Brandi and Michael your congratulations and best wishes, her current address is Brandi Cook, 704 E. Beeson, Dodge City, KS 67801.

I'm sure she'd like to hear from some of her long lost friends. Just to catch up on what's going on in their lives now days.

I had the privilege of working over at the Briscoe post office last Wednesday. It was so nice to see old friends and get to visit some.

Harold and D'ann Stone of Miami had their three grandchildren from Oklahoma with them for the week. The grandchildren were enrolled in swim classes sponsored by the American Red Cross.

The oldest grandchild was trying to talk Mom and Dad and Grandma and Grandpa into letting him stay one more week. They have an advanced class this week at the pool.

I hope this finds Odon and Lois Hudson feeling much better.

These hot humid days sure take everybody's energy level down a notch or two.

James and Alesha Moffett spent the weekend in Clarendon with James parents, Jake and Laura Moffett. They all attended the Moffett family reunion.

Billy, Sheila and Anne Touchstone of Pampa and Jamee, Diane and Hunter Brice of Amarillo joined them in Clarendon.

If you get a chance to visit with Alesha ask to see her picture of their

WHEELER, TEXAS

This plane crash where they suspect a bomb makes us realize anew what terrible people live in this world. But there is a multitude of good people around. Trouble is we don't hear about them. The media just tells about those who go around killing or abusing others, stealing and so on.

Since Joe has got to where he can't see well enough to recognize folks easily and can't walk well, we have found out how many wonderful people there are in the world. Friends, strangers, even little children rush to open the doors or lend a hand. When our stores see us park, one comes to hold the door and another brings a chair so he can sit and visit while I shop. We truly appreciate every kind deed.

E. L. and Wilma Fowler, Junior and Louise Perry, Odell and Helen Perry, Kathy, Tess, and Tyler Heinsohn attended the Goodwin reunion at Laverne. They also visited Jake and Janneal Wright. They had just finished remodeling their house.

The Fowlers had lightning strike and burn out their tower, telephones and part of the computer. Leonard Smith, Clinton, has been helping them get it fixed. He also visited his folks.

Sue Keathley, Gayla and Elizabeth Morsman, OKC, Rena Walker, Atoka spent a week in Canada visiting Wilma

and Wayford Smith, who live at Collingswood, Ontario. Had a good visit and saw all the sights.

Frank and Delores Stone, Willows, CA, Francis (Jada) Rickett, Harlingen, TX have been visiting their sister, Pat Tignor, Jerry and John Lewis, Sayre.

They visited many friends at the Erick Homecoming. Came out to see their aunt, Birdie Whipkey, and on to the home of Dickie and Sharon Tignor for a cookout. Others attending were Pat's children, Clarence and family, Bushland, TX, Frankie and family,

Glen and family, Cindy Perry and family, Jake, Char, and little Jacob Silk, Jeremy and Mahala Silk, Eugene Tipton, and Alton Tignor. Their brother, Bartley graduated from the 8th with me. The twins, Lorene and Loeva were with Frank. I remember when Frances was nicknamed Jada after Wash Tubbs' girl friend in the fannies.

Memorial services were Thursday for Earnest Tignor with burial in the Erick Cemetery. He was raised in this community, a WWII veteran.

Services for Virgie Kahoa were at Rose Chapel with burial in the Dempsey Cemetery. She was a great club lady and worked at many projects. She and Con set out roses along their

road that were beautiful in the spring. Everett Greene Jr. died in OKC. Graveside rites were held at Buffalo. He was raised in the Bulo Community, son of Everett and Maggie Fay. Colby Hagerman represented the SW FFA at the annual alumni leadership training camp at Lake Tulakagee, Guthrie, OK.

This has been the craziest weather ever all year. Already the frost flowers are blooming. Eight weeks till frost? We had a hard freeze once Oct. 10th. Sure ruined our cotton crop.

We lived it up this week and went to two towns. On the way to Sayre we saw about 40 of the Elk bikers. They were on the 50 mile tour. Visited with

Ann Weaver, Clarence Blevins and Ciella Myers, Clella has the most beautiful yard. You can raise 40 acres of cotton with the effort it takes to have a yard that nice. Guess they haven't caught the people who broke into the commissioners offices at the Courthouse. Paper said that damage was close to \$2,000.

Went to Cheyenne Wednesday. Joe likes for Joe Whitson to do his hair and we enjoy eating at the B and H. And it is such a pretty drive. Lots of rolling hills and curves. Visited with Elaine Olson, Pam Beals, Donovan Wesner, Robert Barton, Eva Atkinson, Albert Smith, and Glen Cockrell. Albert said he wasn't the Mr. Smith who called about the TV. Arnold said last year that he might shut the Delhi tower down Sept. 1st. We sincerely hope not.

June Mattox of Houston spent a week with her mom, Esther Dickey. They met Elinor and Don Meares for lunch at Maxey's and they went home with them for the afternoon.

Debby, Pat, and Jamie Anderson, and Donny Smith had Sunday lunch with H.E. and Helen. They went in the afternoon to see Alta Nabors, and Carroll and Edith Smith.

"Wheeler, town of friendship and pride."

enjoyed a little time together Tuesday with lunch at Mitchell's Family Restaurant in Shamrock. We stopped to get a few plants for Polly at the Greenhouse. She is doing pretty well.

Later Willis and I started to Sweetwater to visit Bob and Charleen Carey. She had surgery Friday, went home Sunday. She is doing pretty well, but still weak. On the way we found an elderly man whose car had run out of gas. He was having trouble getting some in that his sister brought and also wouldn't start. Willis helped him get it to going. On the way back to Wheeler, we had a flat. A rare thing, thankfully. Sure glad it didn't happen that morning. Willis managed to get it changed. The people with car trouble were a Mr. Davis and sister Mrs Burks from Reydon area.

"No act of love, however small, is ever wasted."

Nice to have Marion Grimes and Doretta Moore join us for lunch at Wheeler Dairy Queen Sunday. Also there were Fannie Mae Bradstreet with Bro. Willis from Wellington and Tom and Debbie Beasley. Leona Coates with daughter Cindy

Annual Pierce Family Reunion Is Sun., July 28

The Pierce family will hold its annual reunion on Sunday, July 28, in the Fellowship Hall of Canaan Christian Church. In June, 1995, the Estate of Marvin Pierce donated the former Pierce Trading Post building to Canaan Christian Church. During the past year, many changes have been made to the building as it has been transformed from a commercial building to a place of worship by the Hispanic community. Following the regular Sunday morning worship service, there will be a brief dedication service in memory of Marvin Pierce. After the dedication, the Pierce Family will gather in the Fellowship Hall for their reunion.

Pastor Vaquera and the Pierce Family extend an open invitation for you to come by and see the church and visit with the family between 1:00 and 3:00 p.m.

grandchildren. They are darlino.

Sheila and Diane had Anne and Hunter's picture taken together for their grandparents anniversary. It turned out great. A real keepsake.

John is still hard at work with the seismograph crew near Rawlins, Wyoming. It's only been in the 80s up there and the nights are quite chilly.

John is quite impressed with the scenery up there. He calls it the mountains. But the area people call them hills. Some real awesome views.

One of the highlights of the summer and the trip is the helicopter ride that he got to take.

They haven't had any rain in the area that John is working in. But have had some pretty wicked clouds and wind.

This has been quite a summer for John Moffett and Jake Swigart. Lots of "first time" experiences.

Friday, July 19, through Sunday the 21st, the Shelton family gathered at Lake Fryer between Canadian and Perryton. Even though they had a smaller crowd but everyone had a great visit.

Hugh and Mae Bailey, Sallie May, and Amanda Childress had to come home and go to work to get rested up. Fred and Jackie Thrasher got the proverbial good news, bad news. They went to Amarillo to talk to Dr. Cole about the results of his MRI. Dr. Cole said the back injury Fred suffered last winter is completely healed. Most of the damage was done to a muscle. But the tear has healed. All that remains is arthritis. Fred said he could definitely learn to live with that.

The best news is that Dr. Cole lifted all the restrictions and released Fred to go back to full duty. Fred was sure happy. They wouldn't let Fred run the front end loader at the feed yard, because of the medical restrictions, so he is really anxious to get back to work on the "overgrown tonka toy."

Wade, Ethel and Kristin Garner of Wheeler visited with Jimmy, Laura Fern, and Michelle Selby, Sunday afternoon. They all had a good visit and enjoyed little Kristin so much. She's already over 3 months old and just a doll.

Jack and Berniece Hefley got to run away to the mountains for a few days last week. Sounds like they had a good time. Sure dreaded coming back

Mukherjee and Chad and Ann from Greenville, South Carolina. Cindy's husband brought them, but had to go back to work. Cindy and children will stay longer. Then Leona and Frank plan to take them to Denton and visit Lee Ann and family and put them on a plane to go back home. Also there David and Rita Pearson and Bill Brickey at the Dairy Queen.

Russell and Kim Lavery from Oklahoma City are taking a trip to Jamaica to celebrate their 5th Wedding Anniversary while the girls visit the grandparents.

Carol Richmond and Becky enjoyed eating supper at Maxey's Saturday night. Phil Richmond had gone to Ft. Cobb fishing with friends and had good luck. Lana was at cheerleading camp.

"The best and most beautiful things in the world cannot be seen or touched, but are felt in the heart."

Nice to see Leta Mae Gatlin and sister, Velma Carter from Lefors eating a late lunch at Wheeler Dairy Queen Tuesday. They had been to Erick to the dentist - a "fun day", but got lots done. They are cousins to Iona May and Maurine Brotherton. Also at the Dairy Queen were Bill Brickey and T. J. Cole and Sylvia Brown.

Nice to see Doris Hays and niece, Debbie Jones eating at Furr's Wednesday in Pampa. They had doctors appointments. Doris said Jack Hays had been visiting them at different times. Also at Furr's were Esther Bowers and beautiful granddaughter from Miami and Audrey Cockrell and Charlene Adcock from Canadian.

"God be with you till we meet again." You might like to try Laurel Hershman's delicious Peanut Butter Pie.

8 oz. cream cheese softened
2 cups sugar
2/3 cup peanut butter
1 cup milk
8 oz. cool whip
Mix all together and put into 3 gram cracker crusts. Sprinkle with grated chocolate or chocolate sprinkles and freeze. Can use chocolate pie crusts also. Very good.

What impression will you leave on our environment?

The first step in learning how to protect our environment is to learn to appreciate what we have.

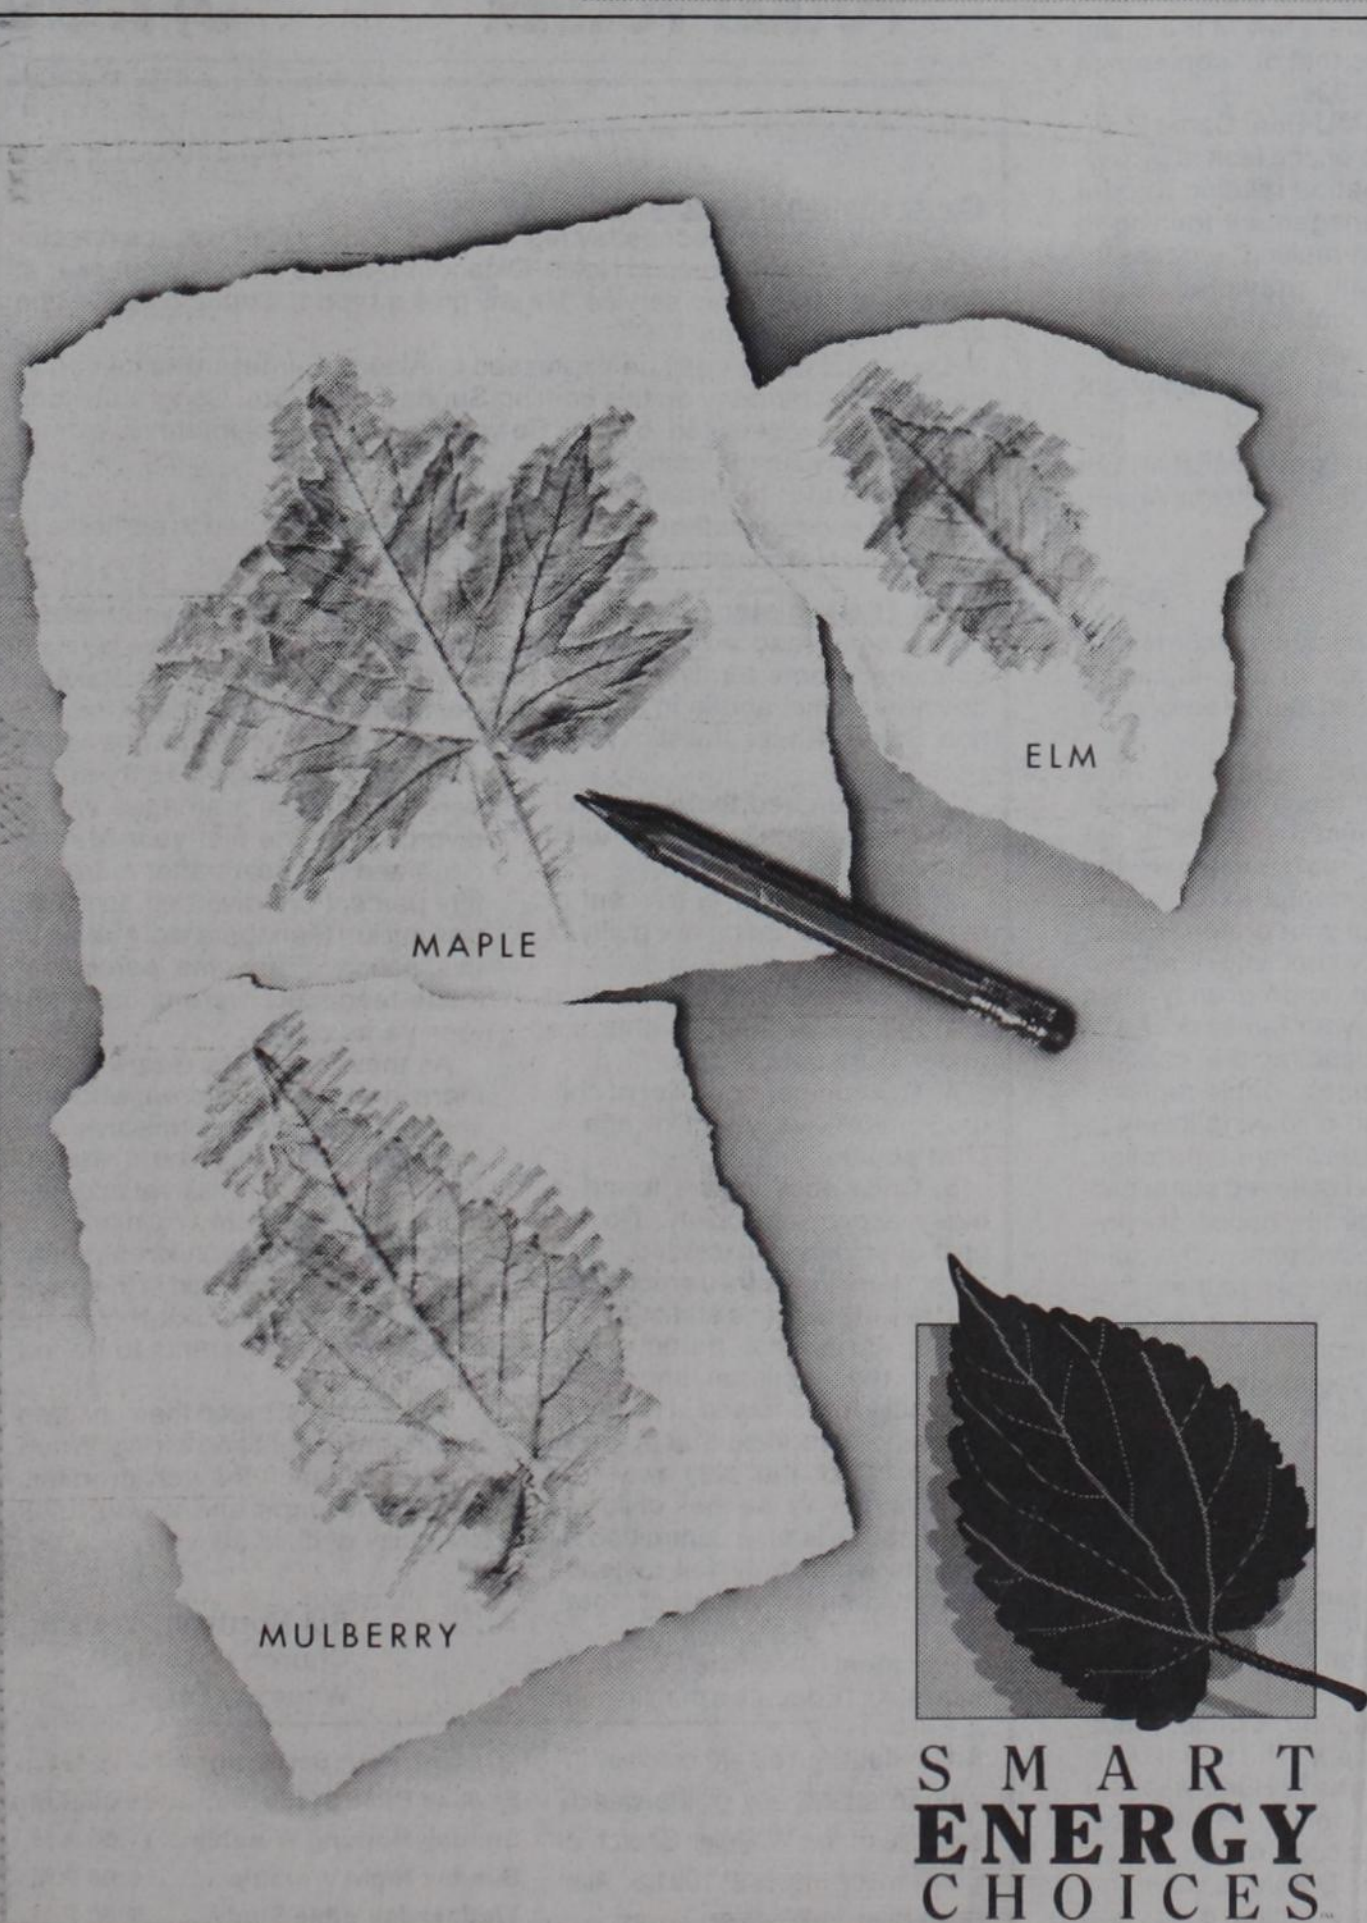

Take a close look at the environment around you. It's very special and it takes special attention and care to keep it that way. That's why, since 1961, we've utilized recycled effluent, or waste water, rather than fresh drinking water in our cooling towers.

You, too, can help preserve our environment and natural resources by cleaning up litter, recycling, and by making Smart Energy Choices. Consider energy efficiency when purchasing a new electric appliance. Weatherize your home. Conserve energy where you can.

And never forget where you live. The impression you leave will be a lasting one.

to this hot dry weather.

Monday night the wind was really causing a stir around here. But nothing like the wind and rain that Perryton got.

Saturday Jess and Deanna Mixon went to Dill City, Oklahoma to spend the night and visit with Jess' niece Tammy and her husband James. They don't get to spend as much time together as they'd like. But do get to visit quite regularly on the phone.

Tammy and James Keith are team drivers for a cross country trucking company. They spend a lot of time away from home but are together and enjoy it. They've seen lots of country met many wonderful friends and have lots of truck'n stories.

Recently Tammy and James had the worst experience of their life. The wind and rain in Louisiana had made most everyone slow down on the highways. But there's always some speed demon out there that just has to tempt fate (??).

Anyway the other car hit a water puddle and went airborne. James did everything he could possibly have done to get out of the way of the car. But the car slid right under their truck. Just one of those freak accidents. Such a horrible experience.

Tammy and James were bumped, bruised, and bleeding, but the Lord protected them. The two people in the car lost their lives, because of not taking a few general precautions for the conditions.

Tammy and James are having a real hard time coping with and accepting the situation. They really need our prayers.

It's only natural to wonder what a person could have done different. But a person needs to remember we're only human. Logic tells us one thing. But that doesn't stop the hurt.

Tammy is still having to do physical therapy. She'll probably have to take it for a long time. Their trucking company and insurance company are having a small pool installed at the Keith's to help with the therapy.

Tammy and James are also getting counselling to help cope with this tragedy.

Please keep the Keith's on your prayer list.

Monday evening Jess and Deanna Mixon visited with Jackie and Fred Thrasher. They had a fun visit and played cards until after the news was over. They haven't gotten to do that in a long time. So they really enjoyed it.

Having such wonderful neighbors is a real plus. Mr. Walker brought us some delicious okra. Then because Michael ("the boy") likes corn on the cob, he returned with 2 bags of corn on the cob. Pierce is always so thoughtful.

We sure enjoyed every bit. Thanks a million.

Ya'll have a good week.

to the European "Mad Cow" stories confound existing problems even more. Producers must focus on opportunities to work their way out of this market cycle while improving the quality and consistency of our product. Without question, this is the worst of times for beef producers, and they are trying to position their operations to survive hopefully for better times to come." These are a few of the questions and issues that our conference will address in 1996.

The 1996 TAMU Beef Cattle Short Course will take on the task of providing both information relating to beef market and management training to aid the "decision-making" process for producers during predicted tough market and drought conditions.

The third day will continue with discussions about survival management strategies in the morning

copy) and immunization records (authorized by doctor or official clinic), before his/her child can be enrolled in school.

The estimated length of time needed to finish these documents is from 15 to 30 minutes; some of the information required (for example, the date of the last dental exam or the phone number of your preferred hospital) is generally kept with other personal records at home or may even require a call to your family doctor.

Because of these factors, coupled with the usual, unavoidable registration "Traffic Jam" of waiting in line to complete the enrollment process, school personnel believed some parents might prefer the option of completing these documents in the quiet and privacy of their own homes. Parents who prefer to wait until registration day are welcome to do so.

Kindergarten registration will be in the school cafeteria on Friday, August 9, from 9:00 A. M. until 10:00 A.M.

Congregational Concerns:

On this coming Wednesday night, July 31st, Roy Pennick, the director of Westview Boys Home in Hollis, Oklahoma, will be the guest speaker at the mid-week worship service. He will give a report about the Home and its service to children.

Congratulations must be expressed to Aldena Burgess who celebrate her eightieth birthday on this coming Sunday, July 28th. Congratulations must also be expressed to Monk Bowerman who will celebrate his eighty-third birthday on the same day.

Mike Goad is hospitalized in the local hospital. Ernie Davis, the father of Cindy Brown, remains confined to his home in Canadian. His condition is very serious.

From The Minister's Desk:

I recently read an article that contained some terrifying statistics about child abuse in this nation. Some of these statistics were:

1. Two hundred thousand children are physically abused each year.
2. Fifteen to twenty percent of families in this nation are guilty of child abuse.
3. Two-thirds of the children who are abused by their parents are under four years of age.
4. The number one killer of children
