"Wheeler, town of friendship and pride."

ONE FATALITY: Two Hispanic males were the occupants of this pickup which struck an 18-wheeler Wed. morning at the west edge of Wheeler. The pickup was traveling west on

Highway and attended to exit on a dirt road to the left, turning into the path of a tractor-trailer traveling east. The pickup was carried an estimated 60 feet under the truck before coming to rest on the north side of the road. One was killed and the other treated at Parkview Hospital in Wheeler.

OCCUPANTS: The driver and passenger in this pickup were both partially thrown from the cab. When the pickup came to rest, both were partially out the passenger-side door. (Name withheld), reported to be the driver, died as a result of the early morning accident.

POINT OF IMPACT: An east bound tractor-trailer was hit directly under the driver's door by a west bound pickup. The fuel tank bears the marks of the collision which resulted in the death of a 24-year-old Mexican resident of Wheeler. The pickup continued down the side of the truck, knocking the two sets of duels loose from the back of the tractor. The pickup lodged in front of the tires on the trailer and was dragged for a period of time before coming to rest on the north side of highway 152 at the west edge of Wheeler. The truck was loaded with meat; a rig was sent from Liberal, Kansas to pick up the load of beef and carry it to its destination. The wreckage blocked the highway for several hours.

CWE CHAT WITH EDITOR

By Louis C. Stas

It was a success. That statement sums up Wheeler's Fourth Annual 4th of July Celebration. The 'middle of the week' holiday did not diminish the size of the crown at the 'all-day' event. And the weather was perfect—maybe just a little warm.

-cwe-

It would be impossible to name all the people who worked hard to make the annual event a success. The Chamber of Commerce annually sponsors the celebration and like most organizations, a few does the work. Bob McCain, president of the Chamber, had the bulk of the load on his shoulders and did a fine job.

-cwe-

Not being a runner, the day's activities began for me with the sky divers, an added attraction this year. The crowd for this at the track field was excellent. We spent more time searching for the plane than we did watching the divers; the descent took six minutes.

-cwe-

The mini air show did not feature a crash this year; fortunately for the owners of the plane. These planes represent a lot of work both in the building and flying. Thanks, fellows—that's all the pay they get.

-cwe-

The food and ice cream at the park was delicious. These people worked until after six feeding all those hungry people gathered for the holiday activities.

-cwe-

THANKS, also to Sheriff Adams and the Wheeler Volunteer Fire Department for the excellent fireworks display. Thanks also to everyone who contributed toward the purchase of the fireworks; this event is made possible each year through contributions. If you did not get the opportunity to contribute to the fund, an account is maintained year around at Security Federal in Wheeler.

-cwe-

The 4th of July fun was again brought to a close with the street dance. The large crowd of participants ranged in age from the very young to the ...—lets just say there were some several years older than I. Bob McCain once again was the 'disc jockey' and did an excellent job.

-cwe-

We were in Hinton over the weekend and as we passed through the business district—crossed Main Street—we noticed a crowd and a country band playing. You know, those 'Okies' let all that good music go to waste.

A lengthy discussion of the school finances was held.

A special meeting of the Board will be held on July 3, 1989, at 6:30 P.M. in the Board Room.

Meeting adjourned.

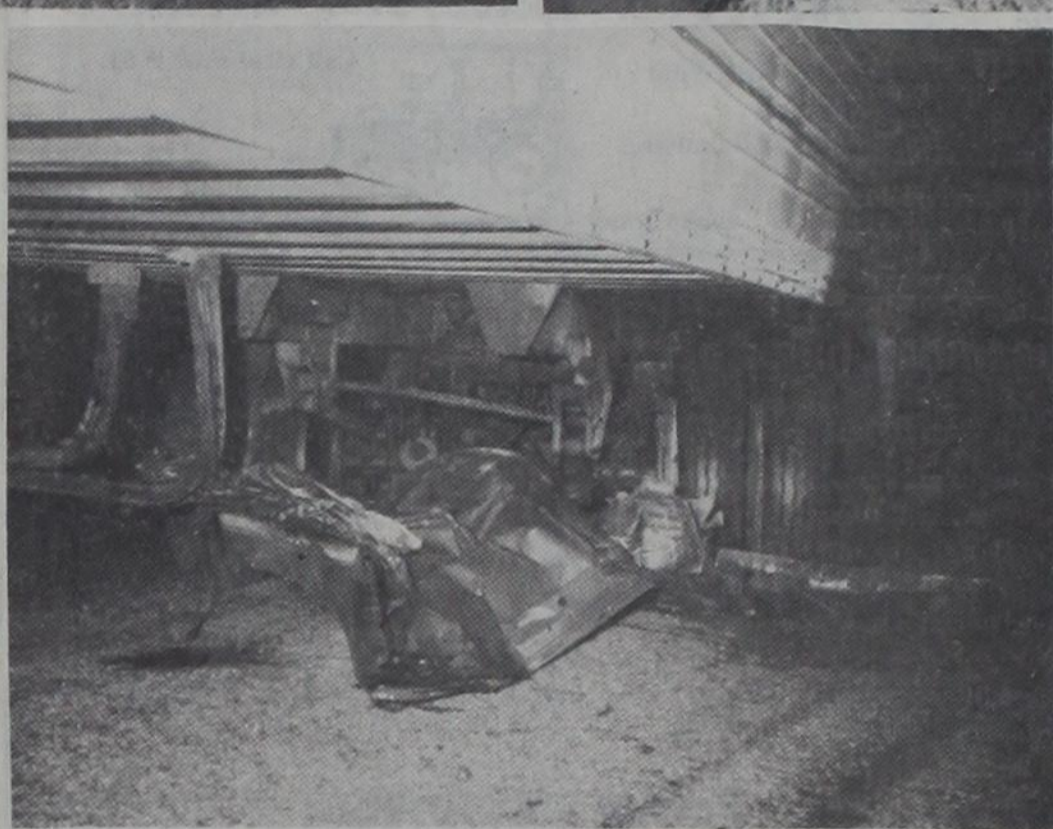

PART OF THE CROWD: A large crowd gathered at the park Tuesday, July 4, for the Fourth Annual 4th of July Celebration at Wheeler. The food booths were located at the northwest corner of the city park and were patronized by a large number of people. Entertainment was furnished

throughout the afternoon and evening in the "shelter" at the park. The dunking board, balloon toss, etc. were located across the creek. The crowd remained through the day and dispersed following the annual fireworks display.

MODEL AIR SHOW: The Pampa Prop Club returned to Wheeler Tuesday morning for a mini air show. Clay Walsler and Rodney Puryear of Wheeler both flew model planes in the exhibition. The air-show Tuesday morning followed the landing of the Amarillo-based sky divers at the track

field. A large crowd was on hand to witness the skilled handling of the model planes. The plane in the foreground, right, resembles a race car and one model had an engine in both the front and rear. The weather was perfect for both of the early morning events.

UNDERNEATH: When the east bound tractor-trailer came to rest Wednesday morning, July 5, 1989, part of the pickup remained at the rear of truck. The pickup, traveling west, attempted a left turn, into the path of the oncoming truck. Wreckage was strewn some 100 yards along and across highway 152 at the west edge of Wheeler.

STACY ADAMS

Adams Named Buff Branding Counselor

West Texas State University student Stacy Adams will be a counselor at Buff Branding, the University's new student orientation, Aug. 26-28.

Buff Branding includes games, contests, dances, entertainment and orientation activities designed to acquaint students with their classmates and new environment. Last year more than 500 new WTSU students participated.

Adams, who lists Box 374 in Wheeler as her permanent address, is majoring in speech. She participated in Buff Branding as a new student and will share her experiences with incoming freshmen as a counselor this year.

A resident assistant at Hudspeth Hall and a staff member for the Student Success Program, she has received the GPA Award.

To the Buff Branding Steering Committee Adams wrote, "I would like to be a Buff Branding counselor because it is a really fun time for the incoming freshmen as well as the counselors. I know, from when I was a freshman, that it serves as a bridge from home to college. It keeps the new students' minds occupied so they don't miss home quite as much. It also allows the students to meet new people in a comfortable setting; they also meet many of the student leaders through Buff Branding. I feel that with my experience as a resident assistant I have really learned to talk to and get along with all personality types. I am really excited about next year and Buff Branding."

Stacy is the daughter of Jimmy and Marie Adams of Wheeler.

PR Plus Colorectal Cancer

A limited number of free colorectal cancer home test kits are available to the public courtesy of WestOK Cancer Treatment Center.
These easy, simple to use self-test kits can detect hidden blood in the stool, one of the primary warning signals of many colorectal diseases, including colorectal cancer.
According to the American Cancer Society, colorectal cancer is second only to lung cancer in terms of incidence. Currently, more than 126,000 new cases develop, and about 60,000 people die from the disease

each year. More than 93 percent of cases occur after the age of 50.
Anyone with a personal or family history of colorectal cancer, polyps in the colon or ulcerative colitis, is at particularly high risk for the disease.
These free home-test kits are not a substitute for a regular physical exam or rectal screening by your physician, but it may indicate the need for one.
For your free colorectal self-test kit stop by WestOK Cancer Treatment Center, 1819 West Third Street in Elk City. For more information phone (405) 225-8200.

WHAT'S NEW IN HOME PRESERVATION? ... LOTS!
New research from the USDA funded Center for Excellence in Home Food Preservation at Penn State University has been released. Highlights include new processing times for water-bath and pressure canners, separate processing times for dial gauge and weighted gauge canners and recipes for a variety of tomato products including spaghetti sauce with meat, chile salsa, country western ketchup and Mexican tomato sauce. In addition are optional processing times for fruits and tomato

products in a pressure canner, recipes for reduced-sugar fruit spreads and sodium free pickles, a low-temperature pasteurization process (180 to 185 degrees F.) for pickles and recipes for fruit pie fillings. Also a reminder about processing foods in a pressure canner: the altitude for Wheeler County is 2,127-2,869 feet so foods need to be processed at 12 lbs. pressure rather than 10 lbs. as many recipes in magazines, newspapers, and old canning books, etc. state. Amarillo Tri State Fair Scheduled Sept. 18-23

The 1989 Amarillo Tri State Fair, scheduled for September 18-23, will offer quality musical entertainment each night. Fair officials are happy to announce the return appearance of The Statler Brothers on Saturday, September 23rd for shows at 7:00 p.m. and 9:00 p.m. This talented group appeared last in Amarillo at the fair in 1985.

Over the past twenty-five years, The Statler Brothers have won over 100 awards, traveled over 1 million miles and played before 10 million people. They are almost always on Billboard's Top 25 singles chart with one of their records. Their latest hit, "More Than a Name on the Wall", is currently number twenty-five and climbing.

No one can argue with the down-home credentials of The Statler Brothers. They first sang together at a Methodist Church in the Shenandoah Valley town of Staunton, VA. They continue to live in Staunton, where they bought their old grade school and converted it into an office. Blatant love of their hometown and of their nation-seen by the patriotic red, white and blue strips adorning their band's music stands-gives the Statler's music a solid focus often missing from today's fickle county entertainers.

The Statler Brothers, incidentally, got the name from a box of Statler facial tissues, a regional product in Virginia.

Tickets for the Statler Brothers are \$12.00 each, which includes free gate admission to the fair on the day of the show. Mail orders are being accepted now and will be filled after July 1st. Tickets will also be sold across the counter at the fair office after this date. Mail orders should be addressed to Tri State fair, P.O. Box 31087, Amarillo, Texas 79120-1087. Add \$1.00 for mailing and handling.

Ain't It The Truth

By Ab Gunter

The other day I wuz watchin the News on the tube and all of a sudden it showed one of them Mistles we got that was shot from a Sub under the water down in the Atlantic Ocean someplace. Luckily I had my James Bond Spy Glass that Benita had bought me a few years ago with a tab off of a Kelloggs Cereal box and 79 cents cash. The reason I got out the Spy Glass is that I had heard that a Russian Surveillance Vessel was a few blocks away just observing our test of this 14 Gillion buck rocket being tested. Anyhow I wasn't watchin the projectile doin flipflops as it come out of the water, yep Ole Ab wuz watchin them birds on the deck of the Russian vessel a few blocks away. Now them birds had one of them Electronic Garage Door Openers that they had bought from K-Mart for a buck three eighty five and was pointing it at the rocket. I seen through that James Bond Spy Glass that Benita had bout me with the box top from the Kelloggs offer that just as soon as the rocket broke water that Vodka drinkin Bolshevik punched the button on that Japanese Garage Door Opener and thats when the rocket done the Flim Flam and had to be put to sleep. Now you think that our Unkle Sam could get folks to save them Kellog Box tops and get a bunch of them James Bond Spy Glasses but no they got to order them Sestificated M 1 A-1's from them Japs that make them Door Openers that only cost \$3.95 but Unk gave them birds bout Lebeteen hundred bucks each for them and you know where they had em? Under John Towers desk there in the Capital while them Congressmen wuz takin the hide off of Poor John for havin a Night Cap at Lunch Time.

I recon to some of you this sounds silly but I bet there's more truth in it than you could imagine. Back fore they had computers Me and Hiram and W.D., Virgil and Spud and many more Wheeler County boys got to see what a Snafu could mean when you was wanting a hundred bales of hay for some Amry Mules and got lebeteen dozen grosses of Kotex that wuz supposed to be sent to some WAC outfit in Arkansas and probably them folks got the hundred bales of hay. Now I ain't trying to get pornographic but if you doubt this just ask some of them white headed boys er gals that got caught in the Draft er whatever. (I think we got some Sun Tan Lotion when I wuz up in Alaska if I ain't mistaken.)

I know everyone ain't interested but you know what? There wuz 31,178 barrels of condensate taken from Rathjen #1 and 32 out East of town and I wonder if the folks that are interested in them wells knew that. That was from the first of 1987 to the end of 1988. Me and Mama never got enough of that condensate to lubricate Mamas sewing machine yet, hope you did.

Love all of you,
Ab and Benita

Area Boy Scouts
Attend Day Camp

Santa Fe District of the Golden Spread Council of Boy Scouts of America held its annual Cub Scout Day Camp at Camp M.K. Brown near Wheeler during the week of June 6-9. One hundred and forty Cub Scouts, as well as approximately seventy youth and adult leaders, attended the camp, which had Indian Lore as its theme. Units represented were 480, 416, 410, 413, 404 and 401 from Pampa, 479 from Miami, 403 from Skellytown, 437 from Clarendon, 472 from Wheeler, 473 from Shamrock, and 485 from Mobeetie.

The boys were divided into the Tejas, Comanche, Hopi, Navajo, Kiowa, Sioux and Cherokee tribes while the leaders made up the Apache tribe. During the first three days the boys made shell and bead necklaces, leg bands with bells, sand paintings, and simulated deer hides. They also participated in water games, games, singing, archery, and rifle shooting.

On Friday, Wes Phillips, a park ranger from Alibates National Monument near Lake Meredith, presented a demonstration on arrowhead making and discussed the importance of stone tools to the Indians of this area.

Other activities for Friday included water games, pillow fights, and fishing. The camp closed with a picnic with families and a campfire. During the campfire each tribe presented a song and a tribal cheer. Awards were presented.

During the week the Webelos earned the Geology and Readyman Activity Badges. They also earned the Texas Badge, a special patch for learning about the history of Texas. The boys visited the jail and museum at Old Mobeetie to fulfill the requirement to visit a historical place.

Twenty-six Webelos and their adult partners spent Friday night at the camp. They spent Saturday morning, fishing, boating, and cooking breakfast and lunch.

Camp Directors were Linda Radcliff of Pampa and Helen Estlack of Clarendon.

Santa Fe District Executive Keith Cook would like to thank all merchants, and leaders who contributed to the camp and its success.

Golden Spread Council held a Dad and Lad campout Saturday night. Approximately 70 attended.

Sweetwater News

Mrs. Joe Flowers

Summer is here. Never saw the mimosa trees more beautiful. We have several colors and they have out done them selves. No ripe tomatoes yet but some vines are way over waist high. Had one worm venture out. My two cucumbers finally found each other and I have tiny cukes. The pepper is bearing, blackeyes and okra blooming. Was really thankful for my leaf lettuce and curly mustard when I saw the little lettuce heads for \$1 and cabbage 59c a lb.

Hope you all had a fine Independence Day and none of you felt called on to burn our Flag to show that freedom. Instead of changing our constitution, we need to get rid of those old men in the Supreme Court who make such peculiar decisions of right and wrong.

Only heard of one around getting a national holiday for their birthday, Beth Anderson.

Quite a few reunions over the holiday time. Sweetwater Homecoming, Kahoa family reunion, our family reunion all on July 1. The Tip Sparks family had a reunion over the weekend at the old home place. The Miller reunion was Sunday on Sweetwater Creek.

The McArthur-Hatchett reunion was last weekend at Lugert Lake. They also celebrated Jack's birthday. Those there were Bill Blanton, Monty Blanton, Bo and Katie of Cache. Odell, Helen and Zoanna Perry of Wheeler, Daryle, Carrie Lynn, Teresa, and Micah Perry, Laquita, Quense and Jackie Judd of Sayre.

From Chickasha, Jesse, Billie, and Aimee Hatchett, Mark, Louis, Sue Hatchett, Shirley Ibsen, Mr. and Mrs. Mike Ibsen, and boys. Dwight, Yolanda, and Melissa McArthur, Cheyenne, Mr. and Mrs. Jim Smith, and friends, Clinton, Mr. and Mrs. Bill Hightower, Scott, Penny, and Sharman of Guthrie, Mr. and Mrs. Bill Ramsey of Lawton.

Laquense and Patsy McArthur and family, Jack and Irene McArthur, and George McArthur all of Sweetwater. They had a fine old time.

Willie Johnston, Camella Henson, and Flossie Thompson are out of the hospital. Our Aunt Jewel Jarnagin is a patient at McBrides. Our 102 year old friend Ed Smith is in the Wheeler hospital.

Mike and Linda Kahoa are hosting an Oklahoma Shorthorn Field Day July 8 at their ranch. Everyone invited.

Capt. Joyce Napier is home from Germany for 2 weeks visiting her parents Ruth and Otto Atkinson of Erick and other relatives.

Mr. and Mrs. Oscar Luman and Birdie Whipkey visited the Ray Claibornes at Lawton, Sunday.

We visited with a lot of folks in town, Lillie May Holland, Pearl Harrington who depends on me for news about our mutual kin, the Johnny Reeds. Bonnie Anderson who was having her 39th birthday one more time.

Also visited with Betty Jones of Wheeler, Murray Tidwell, Cheyenne, Imo and Sam LeGrand, Mozelle Bramlett, Juanita Coffey.

Linda Kahoa attended the OK Junior Beef Expo at Stillwater mid June where she was Shorthorn Supt. of the show. Mike and Erin joined her Thursday. They went to an OSA board meeting and a pizza party at the Holiday Inn.

Memorial services were Tuesday for Alta Carnes. Burial was in the Lone Oak Cemetery. She and Louis were our neighbors long ago at New Liberty.

The Erick Kitchen Band entertained Tuesday at the Hensley Home in Sayre. The leader Velma Gibson read Thank You Notes to the Band from the Grand Place and the Oklahoma Tourism Dept. Among the visitors were May Kiener and Eva Cotts. Band members were Velma, Betty Brothers, Jack Criswell, Donna and Jack Mercer, of Sayre, Billy and Basil Doss, of Carnegie, Rose Abla, Hazel Francis, Iona Miller, Roy Swagger, Virgie and Alvin Marshall, Richard Crawford, of Erick, Joyce Matlock and Bess Perkins of Elk, Joe, Lois, and David Flowers of SW. The Band had to turn down several invitations over the holiday due to vacations, reunions, and such.

Had a call from Mrs. Buford Daughtry up in the Panhandle. Believe she is Luella Trammell's sister. Anyway, we had a nice visit.

There was a good article in the Sayre about the Erick Ambulance Service. They have a lot of willing volunteers and some of them come from here - Jackie Hagerman, Bob Carey, Sally Sites, Kervin and Kathy Davis, Tommy and Glenda Calverly. And of course, we claim Junior Gordon. He grew up here.

THE WHEELER TIMES

Page 5—Thursday, July 6, 1989

"Wheeler, town of friendship and pride."

The raincrow woke me up Monday morning calling. TV said no rain all week but the crow won out. We had nearly an inch that night. Some of these storms have been vicious. Heard the Grossmans and Grays near Canute both lost several head of stock-struck by lightning. My brother

Frank in LR has been trapping his squirrels and turning them loose in the country. 39 so far this year. I asked him if he was sure he took 39 or one 39 times. He didn't think it was funny.

Visited with our cousins Lena and Clarence Bartlett while checking out. She wanted to know where my watermelon was. Well, it was home safe in the ice box.

Mr. and Mrs. H.D. Langley, Teresa Langley, Mr. and Mrs. Len Wilson of Norman attended services at McLean for Ervin Langley who died June 20 after a 2 year battle with cancer.

Bernita Langley, an 83 SW graduate, got her degree in Medical Records and is employed at the VA. She and Len Wilson were married this spring. He is 2nd Lt. in National Guard.

Mr. and Mrs. Eb Atkinson, Mr. and Mrs. E.L. Fowler, Lorene Parks of Reydton attended the state Postal Convention at Wagoner, OK.

Brad and Brandon stayed with their grandparents, Mr. and Mrs. R.G. Moore of Taloga.

Mt. View Quilting Club June Meeting

The Mt. View Quilting Club met June 22, at the Totty School House. All were over joyed to know all the repair bills had been paid on the school house. They were glad to have Melodie Reed and son Jason and 2 neices to visit for awhile. Willene Burke was hostess. Bulah Grimes make the birthday cake for Lottie Reynolds, Mary Hovey, and Juanita Parker. All sung Happy Birthday to them. Those present were LaNell Riggs, Aubrey Seitz, Bulah Grimes, Estelle Hodges, Willene Burke, Lottie Reynolds, Mary Hovey, and Juanita Parker.

SPS TO CREDIT TEXAS CUSTOMERS

Southwestern Public Service Company (SPS) filed today to distribute \$13 million in credits to its Texas retail customers, primarily representing these customers' share of proceeds from SPS's sales of electricity to other utilities.

A residential customer who uses 1,000 kilowatt hours a month would receive a credit of \$10.21.

These new credits are separate from and in addition to previously announced credits related to recent SPS rate reductions.

As a participant in an experimental market program, SPS has been able to sell electricity to western utilities as far away as California on a competitive basis, said Jerry Diller, SPS's group manager of rates and regulation. Under the program, 75% of the difference between the cost of production and the sales price is to go to customers in the SPS service area, Diller said.

"Previously, these sales required time-consuming approvals of individual transactions and a rigid price formula established by the Federal Energy Regulatory Commission," Diller said. "Under the experimental program, utilities are able to buy and sell electricity in what amounts to a daily auction."

The credit also represents proceeds from SPS sales to other utilities made

in the traditional regulated manner. SPS has been successful in the bulk-power market because it is a low-cost producer, Diller said.

"Demand has been high because several power plants in the western United States have been out of service for various reasons," Diller said. "Also, hydro-electric power from the Pacific Northwest was limited due to relatively dry conditions."

These circumstances will change, Diller said, so it is difficult to predict if SPS sales at past levels will continue. SPS filed the requested credit with the Public Utility Commission of Texas (PUCT). If approved, the credit would be recognized in August electric bills.

"We also are requesting that the PUCT establish a procedure whereby we can pass on any future credits from such sales on a periodic basis as they accumulate," Diller said. "Under present PUCT procedures this is not possible."

The proceeds from these bulk-power sales to other utilities are treated as a fuel-cost credit. The \$13 million credit requested by SPS includes approximately \$2 million in traditional fuel savings resulting from lower costs for coal and natural gas. The credit also includes interest at 11.7%.

You Can Help! We'll Tell You How

Summer for your family probably means a few afternoons at the pool and a week or two vacation. But, life is not that simple for families that have a child with cancer. Those children are often faced with long hospital stays and seemingly endless treatments. At the same time, family members are feeling the burden of medical bills and caring for that sick child.

That's why Camp Alphie has become so important to this area. And, WE NEED YOUR HELP.

Camp Alphie is an overnight camp for children 7 to 14 who have or have had cancer. (Those campers over 14 and under 17 will be eligible for the Junior Counselor Program.) We hope that by bringing together some campers and staff who have recovered from Cancer we can give hope to children now in treatment and, at the same time, let them have some fun.

While the kids are enjoying Camp Alphie, their parents and siblings can stay at Fifth Seasons Inn West in Amarillo. There will be time to swim, relax and visit with other families going through similar experiences.

Both camps begin on Sunday afternoon August 6th and come to a close Friday evening August 11th. There is NO FEE.

Here are some ways you can help make it all happen:

* Sponsor a camper. The cost \$250.00

* If you know of an eligible camper or family have them contact us.

* Volunteer your time or talents

We need drivers to take family members on outings, meals cooked and served to family members or cookies baked for afternoon snacks at camp.

* Donate materials

Let us know what you can give. We need things such as beads, paints or t-shirts for arts and crafts.

Please call us soon. It takes a lot of time and work to make Camp Alphie possible. If you can help, please contact: Betty Sterquell, 358-2333 or 352-4965.

Pan, a Greek god, was believed to delight in frightening travelers. The word "panic," derives from his name.
