AT&T MultiQuestsm Service

AT&T Communications of the Southwest, Inc., (AT&T) announces its intent to introduce within Texas on July 14, 1989, AT&T Multi-Quest Service, a new interactive 900-type telephone service. Since February 19, 1989, this innovative service has been available to Texas businesses only on an interstate basis. With AT&T MultiQuest Service, Texas business customers (otherwise known as sponsors) may offer value-added information services to callers originating long distance calls from Texas or elsewhere in the United States over AT&T's public switched network. A Texas caller, accessing the service by dialing the sponsor's 1-900 plus seven-digit number, can obtain recorded and/or live information by communicating with attendants, voice messaging equipment and computer data bases. Flat-rate, time sensitive usage charges will be billed to the caller for the sponsor's service.

AT&T is offering AT&T MultiQuest Service within Texas in response to requests by its business customers for a service that offers intrastate as well as nationwide interactive voice & data transport capability. Potential sponsors include entrepreneurial companies entering into new ventures that are information intensive, local mass announcement sponsors who want statewide as well as national coverage coupled with interactive capability and other information service providers.

The Texas intrastate AT&T MultiQuest Service will be tariffed as an "add-on" offering to a sponsor's existing interstate AT&T MultiQuest Service. The intrastate AT&T MultiQuest Service costs will be recovered from sponsor usage charges set forth in AT&T's intrastate tariffs. The usage charges billed to the caller are determined by the sponsor as appropriate to the service being offered and are not tariffed charges.

For more information about AT&T MultiQuest Service please call your AT&T Account Executive or AT&T's business consultants toll free on 1 (800) 552-0212. They can answer your questions regarding this service and how it can be of benefit to you.

AT&T intends to file a tariff to offer this service with the Public Utility Commission of Texas on June 13, 1989, effective July 14, 1989. Persons who have questions regarding this tariff filing may contact the Public Utility Commission's Public Information Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf, or write to them at 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Intrastate AT&T MultiQuest Service is projected to generate \$1.1 million in the first year of its offering or .1% of AT&T's total gross service revenues in Texas.

When we lived in Washington State we were just about a mile from the Texaco and Shell loading docks for those big Tankers and we got to see them sort of first hand, wow what monsterous tubs. They were only 800 ft. long and maybe 50 ft. wide but they were big. They would have a Harbour Captain handle them until they were out of the area and then the regular Captain would take over and then head for the channel out in the Pacific. Some of the companies were going to build longer ships and I think they were 1200 ft. ones and they wanted to try and see if they would do alright to come into Anacortes where we lived and I think they tried to bring one in loaded with sea water on a trial run and found that 5 big sea going Tugs couldn't handle the ship with all the different tide flows that we had there in the Pudget Sound. Apparently the difficult tides that were in the Pudget Sound made it a near impossibility to handle larger vessels. If you have never seen one of those monsters you can't imagine what a job it would be to handle them in such tides. The tides in Valdez and Kodiac are around 32 ft. diferntial and that is quite a challenge, specially for a

On Monday night, May 22nd, at 7:00 P.M. in the multi-purpose building, this congregation will host a party for the 1989 Seniors of Wheeler High School. If you would like to help with the expenses of this party, please give your money to Katie Finsterwald or Patricia Forrester.

This little story illustrates the reality of a spiritual litigation which involves every Christian. Christians are the defendants in this litigation and Satan is the accuser. Sweetwater

Half an inch of rain and lots of wind. Everything is really pretty this morning. The Indian Blankets are just beginning to bloom. Makes the mowing tedious for we try to leave the wild flowers. Have a plot for the little creatures. Our mockingbird sits on the TV antenna and tells it to the high heavens.

Sure had a hectic day yesterday. Went down to OKC for my annual cancer check up. Were sailing along between Clinton and El Reno when a truck ran us off the road. The Lord was with us and Joe was able to keep us on an even keel. If there'd been a ditch we would have been like those folks who were run off the road between Sayre and Elk awhile back dead as doornails. As he swerved in front of us we could see B and J Trucking on his door but how was long gone by the time we got back on the highway. When we got back to Elk we run off the road near Erick that morning. Wonder if it was the same fellow.

Hagerman of Weatherford in K-Mart. She's a former Sweetwaterite and has children here. While I was having x-rays, David visited around. Found Lucille Gibson at her desk in the Baptist Plaza. She was raised in Erick and is a niece of Grace Roberts. While we were having supper in Clinton, there were Mr. and Mrs. Bruce eleven o'clock. Now we barely raise Thomas of Cheyenne and his brother and wife from Amarillo.

Coffey, Weatherford, and Adell Coffey of Amarillo spent a week in CA with their brother Paul Price. He died soon after their return. Services were at the Sweded Borgion Church in San Francisco with burial in Healy, Alaska, a former home. Another sister Anna Laura Wells of Erick was unable to go. The Prices lived many years in the Mayfield community.

The Truman Alexander have three race horses at an Iowa track. They report their horses didn't do too well at Remington Park but that Bert Puckett of Sayre had several winners. Their grandson (Linda's boy) Eric Lohberger has been to horse shoeing school. He's in a horse training school at OKC with Kim Hartpence. Jane Miller Welch of Paris, TX was

at church last weekend. She was accompanied by her son Bill. Husband Troy couldn't make it.

and Things-entertained at the Children's Crusade fund raiser at Wal-Mart Saturday. Our Betty Brothers was ill and we were happy to have Darrell Reid of Canute help out. Hope to see you all at Older American Day Friday

Betty tells us that her Uncle Lad Brown died last week in Idaho. He fight against heart disease. Remem- acknowledgement cards to families, was just younger than Bill. Bill is improving from surgery at OKC.

Hortense Madden visited Tuesday with Bonnie McGuire at Sayre.

Had a pleasant surprise Wednesday when cousins Andrew and Margie McCathern called us from SW. They'd been to Dallas in their mobile home for Margie's check up. Came back by Yukon to see his sister Betty Sanderson who is in a nursing home there. They didn't think they could turn their rig in our yard so asked us over to visit a little. They divide their time between Hereford and Pampa.

Saw some more cousins at Wal-Mart. Naomi Keas and Clara Jaynes of Sayre. Their mother was aunt Mollie Reed Hanks.

I counted vehicles a while on the interstate. There was one truck for every two cars. Considering a truck weighs as much as six or eight cars,

Essie Finsterwald was all excited about her new great grand baby girl Monday. Born Friday, May 5th, at 3:14 at Shamrock. She weighed 7 pounds and 6 ozs.; named Rene Marie Beutler. Ann and John parents. They were doing just fine. She is already

Oklahoma is trying to get the Amtrak back. The Farmrail or whoever has sure been doing a lot of work on the present tracks at Sayre and around. Our country boys have been spreading gravel on the country road east of us. If we can just get them to turn the corner and gravel the road from Iva's to Gerald's we will have it made. Very much rain and we have to go around by Sweetwater to get out. Haven't had to worry lately.

Funeral services were Thursday at the Sweetwater Baptist Church for Georgia Stevens Hardy who died in Nebraska. Burial was in the Mulberry Cemetery. She and Sandy lived on the same section as my folks while raising their family.

Services were Friday at Martin's Chapel for Olen Nabors who died at Elk City. Burial was in the Buffalo Cemetery. He and Opal lived most of their married life south of Sweetwater before moving to town.

See we finally have Cathy back in the comics. Mr. Gaylord did away with her because they poked fun in heard there had been two cases of cars one strip at Reagan. Saw a funny cartoon. Ollie got a package from Ronnie labeled to my hero. Ollie was holding it and saying "I knew he It's a small world. We saw Myrtle wouldn't forget me." But when he opened it, there was a plaque to put on his desk. It said the Buck stops

Had three big helicopters go over. We rushed out and watched them out of sight. Remember when we were young and would all run out every day to watch the mail plane go over at our heads to look.

Visited with Julia Young, Mr. and Cleta Coffey, Elk City, Lucille Mrs. Darrell Mackey, and Pearl Martin in town. They have the stoneworks out by the 283 store. Mr. Martin told me to come get some rocks to fill my mudhole. Might just for programs and parties, time to plan
