She and Orma were on their way home from a Marshall reunion at Matador and Roaring Springs, TX. Orma is a cousin of the late Cotton Marshall who worked in the E.T. Wilson Store when Joe did.

Other guests of the Logans were Eva Cotts of Sayre and her son Billy of CA. Billy was home to help Eva celebrate her birthday Saturday. Some 40 relatives and friends gathered at the Big Sky for dinner and a reunion. Eva's other children Stan and Evon made it a perfect day.

Our aunt Jewel Jarnagin visited her sister Mozelle Stanton at Erick for the Baptist 90th anniversary. They were honored and presented with memorial plates for being longtime members and children of charter members, Will and Florence Morgan, Joe's grandparents. Jewel had a birthday while she was here. Anna Laura Wells feted her with a luncheon with a number of old friends present.

Cousins Andrew and Margie McCathern of Hereford, came by the other afternoon. They had been to Dallas and Yukon where they visited his sister Betty Sanderson in the nursing home.

> To the Editor The Wheeler Times

We would like to express a Gracious Thank You to the Wheeler ISD Faculty. Special thanks goes out to those who care for our kindergarten children: Mrs. Boring, Mrs. Hampton, Mrs. Velasquez, Mrs. Wright and Mrs. Wiggins. The special care they have taken of our son Christopher has extended beyond just their "job". We realize they spend many more hours "caring" for our Wheeler children than they are compensated for on payday. We feel the impact of their Professionalism every day in our home. All those involved in caring for our children, while at school, take on the role of Seragate Parents. This is a Great Responsibility and contributes to our childrens personality for a lifetime. Our memories fo "Kindergarten" will be locked away with "Good Memories" forever! Once again, THANK YOU for all the Care and Love Christopher has received while in your care!

ELECT BILL MORRISON Wheeler School Board

To The Partons of the Wheeler Independent School District:

I have throughly enjoyed the two years that I have served as a trustee of the Wheeler Independent School District. And for this reason, I have decided to seek another term.

Since I was elected as a trustee, I have tried to pinpoint the exact function that I was to fulfill as a trustee. Perhaps the best description of this function was in a recent article by Charles Wade, the President of the Texas Association of School Boards.

Mr. Wade wrote: "The strength of the local school board has always been its ability to listen and respond to the needs of the community. You are the lay people elected by your voters to act according to the unique needs of your district. I've never believed in strict education requirements for membership on the local board; it is the job of the district personnel--the superintendent and his or her staff of education professionals--to counsel and advise

the board and make recommendations about specific programs and operations. It is your job to set the direction of district policy--to provide a conduit through which your community communitcates its special needs and bestows upon the district its unique personality.'

I pledge to you that I will strive to be such a trustee. I will strive to faithfully represent you and your concerns for the Wheeler Independent School District. But I hope that you will recognize that the Wheeler Independent School District does not belong to one person. For this reason, I will objectively consider the needs of the Wheeler Independent School District and will vote in its best interest.

You may disagree with my vote, but I hope that you will believe that it was objectively cast, seeking the best interest of the Wheeler Independent School District.

Sincerely,

Bill Morrison

This week we will start to sell raffle tickets for an afghan made by one of our residents, Callie Cabe. Tickets will be \$1.00 and if anyone is interested please contact Lois or Becky at the Care Center. The afghan can be seen at the front desk. It is very pretty! The Care Center is in need of clothes hangers. If anyone has a few in their way we would appreciate them.

in't It The Truth By Ab Gunter

The trees have started buddin out and all the little flowers have started to bloom, but some of them got Nipped IN The Bud if you know what I mean but many of them are coming back in fine shape. What's that you say? Dandy Lions, no they weren't nipped. Them little critters are healthier than ever. We got more of them than we have Chickweed or any other ground cover.

A few mornings ago I was looking out the kitchen window at the birds and squirrels and all of a sudden every Dandy Lion on the place took to the air. I couldn't believe it and started runnin through the house huntin Mama. I found her upstairs in the Throne Room and excitedly told her about the Dandy Lions just taking to the air like a bird. Mama checked my temperature and said Ab do you feel alright? I said yes I recon but finally she came down stairs and looked out the window. The Dandy Lions were back and all of a sudden many of them took off like something wuz after them and I said "See there them durn things can fly." Mama looked at me and said "Ab, take another sip of coffee and wipe your glasses, them Dandy Lions as you call them are Golden Finches, they're birds called Wild Canaries.'

Them Wild Canaries are still with us and there has to be over 200 males and possibly that many females. Boy are they beautiful. They have been here about 2 weeks and sure add to the beauty of the bird family. The little Blue Birds, Cardinals, Doves and all of the little fellers seem to coexist with few squabbles. Wish I could tape all of their music someday. Mama still shakes her head and says "Ab, I still think you are a quart low or a brick short of a load."

Enjoyed the visit, see you next week, Ab and Mama.

STATE COMPTROLLER Representative to Visit

State Comptroller Bob Bullock said Thursday, April 26, 1990, that a representative from his agency will be in Wheeler, Texas on Thursday, May 17, 1990 to answer questions about Texas taxes and assist taxpayers with paperwork and problems.

"I don't want to see state taxes turn into a burden for folks who can't get to a field office. Our visits are a service we're happy to provide to Texas taxpayers," Bullock said.

Forrest E. Skinner, enforcement agent at Amarillo Field Office, will be at the Wheeler County Courthouse, Commissioner's Courtroom from 1:00 p.m. to 3:00 p.m. The public is welcome and there is no charge.

"I'm sending my employees out to help people with questions, filling out forms, and working out problems on a local, one-to-one basis. There's some things you just can't do as well over the phone or through the mail," Bullock said.

Hemphill, Roberts, Gray, and Donley area taxpayers who can't attend the courthouse seminar canstill get individual tax assistance by calling the Comptroller's toll-free telephone number, 1-800-252-5555,

from anywhere in Texas.

The Amarillo office, headed by Mort Watson, served twenty-five counties in the Texas Panhandle, including Hemphill, Roberts, Gray and Donley Counties.

Swift and Rozena Zybach were our visitors. We certainly enjoyed them very much.

Ann Ellison and LaJaune Alexander were here Thursday afternoon right on time for popcorn. Thank you both

We also had the pleasure of listening to a group of Ben Karnes piano students later in the afternoon. They were Kara Emmert, Jordan Emmert, Kyle Williams, Rebekkah Knissen, Joseph Chancellor, Sara Knissen, Rocky Mendiola, David Knissen, Rachel Stiles, and Allan Gill. These students were from Shamrock, Wellington and Wheeler. They were to compete at the Greater Southwest Music Festival in Amarillo Saturday. I'm sure they did very well. We certainly enjoyed listening to them.

Later in the evening the Hallelujah Squares made their monthly visit. Several residents said they enjoyed the program very much. Thank you all very much for coming. We will look forward to your next visit.

Our biggie on Friday afternoon was the Erick Kitchen Band. We always enjoy their band of bluegrass music. We also had some dancers that showed their stuff. (guest) Louie Abernethy, Lorena Adams, Thelma Green and Jack Criswell all made us wish we could Do That. They will return on May 29th, 2:30. Thank you all so much for coming to entertain us.

Thank you to Jim and Melba Montgomery for coming to teach Sunday School this past Sunday. You are so good to come and spend time at the Care Center with our residents.

Farm Credit Adm. **Merger Planned**

The Farm Credit Administration (FCA) has instructed the Farm Credit Bank of Texas (FCBT) and the Federal Intermediate Credit Bank of Jackson (FICBJ) to submit a merger plan to the regulator no later than June 15, 1990. If approved, the merger will take place no later than August 2, 1990.

The FCA instructions follow a district court ruling in February reaffirming FCA's right to mandate a merger of the two banks, and upholding the validity of the Texas bank's long-term charter for Alabama, Louisiana and Mississippi.

The FCBT purchased approximately 16,000 loans for the Federal Land Bank of Jackson in Receivership in February 1989 and received the charter to provide long-term agricultural credit in the three states formerly served by the Jackson bank.

Shortly thereafter, FCA notified the Texas bank and FICBJ that they were to merge by August 10, 1989, under provisions of Section 410 of the 1987 Agricultural Credit Act. Prior to the mandated merger date, the FICBJ, First South Production Credit Association and Farm Credit Bank of Wichita filed suit challenging the regulator's merger mandate and decision to grant Texas the long-term lending authority in the three states.

With approximately \$3.7 billion in loans outstanding to nearly 60,000 farmers and ranchers in Alabama, Louisiana, Mississippi and Texas, the Farm Credit Bank of Texas is the single largest agricultural lender in the four-state region.

The Amarillo television station, KAMR, recently aired a three part program that was entitled, "Shattered Innocence". The program emphasized that child abuse, especially sexual sex until they are married, too child abuse, was becoming a major social problem.

There are some factual statistics to support this conclusion. For example, 200,000 children are physically abused each year. Between 60,000 to 100,000 of these children are sexually abused.
