"Wheeler, town of friendship and pride."

MUSTANGS KICK GRUVER, going to be a great one for the Gruver Greyhounds. The stadium was packed with people wearing red, the homecoming queen was crowned, and the football team was going to beat their old enemy, the Wheeler Mustangs-WRONG!!!

> The Wheeler Mustangs ran their record to 6 and 0 and picked up their first district win as they spoiled Gruver's homecoming 48-0 last Friday night. The Mustang defense was domi-

The 1991 Homecoming game was nating, holding Gruver to 5 yards total offense for the game.

> Wheeler posted its fourth shut-out of the season and the "Black Death" defense hasn't allowed a score in the last 21 guarters of football.

On offense, the Mustangs rolled up 357 yards and 22 first downs as Wheeler ripped Gruver for 48 points.

Early in the game, Gruver came out in a different defense than they had shown all year, to shut the Mustangs down on their first possession.

Head Coach Ronnie Karcher changed the Mustang offensive blocking scheme and Gruver was never able to control the Mustangs again.

On the Mustangs second posses-sion, QB Jason Beers found end Brandon Chick for a 36 yard pass to the Greyhounds 10 yard line.

Two plays later Junior Mark Marshall sprinted 10 yards for the T.D. Ike Finsterwald added the extra point and the Mustangs were on top 7-0.

Gruver took over after the kickoff and quickly connected on their only big gainer of the night, a 38 yard pass play to the Wheeler 36 yard line.

The Mustang defense stiffened as Isidro Salas dropped a Greyhound runner for -6 yards, and Genaro Meraz sacked Gruver QB Matthew Hoel for another -6 yards.

Gruver was forced to punt, but the ball hit one of the Greyhounds at the line of scrimmage and Wheeler took over at the Gruver 48.

Behind some big holes provided by the Mustang offensive line, Wheeler took the ball down to the Gruver 29 yard line in 4 plays.

Senior Fullback Mack Marshall hit the hole on an inside trap play and rambled 29 yards for the touchdown. Ike Finsterwald 's kick was true. Wheeler 14, Gruver 0.

Brandon Chick and Jason Beers combined to break up Greyhound pass plays and Genaro Meraz stuffed a Greyhound runner for a loss to force Gruver's next punt.

Wheeler took over at its own 44 yard line. on the first play from scrimmage, Junior Mark Marshall ran off right tackle, cutting behind a Jimmy Winter block, and went all the way, 56

Ike Finsterwald kicked his third of what would be 6 PATS in a row, and

The Wheeler secondary had Gruver receivers blanketed, on Gruver's next possession and the Greyhounds had to give the ball up again. The Mustangs were unable to move the ball on their next possession and punter Brandon Chick pinned the Greyhounds deep in their own territory with a 46 yard punt. Sophomore Chad Dunnam broke up a Greyhound pass and senior Chad Harrison stopped the Gruver tailback for no gain. Gruver had to punt. Wheeler mixed it up, with runs by Mark Marshall, Nathan Willeford and Joe Dan Ledbetter on a 7 play 56 yard scoring drive. Fullback Mack Marshall plowed in from 4 yards out for the TD Finsterwald's kick was good. Wheeler 27, Gruver 0. Gruver took over again. On their first play, defensive end, Ike Finsterwald came crashing through to tackle the Greyhound ball carrier for a 4 yard loss. Two more plays produced nothing and the Greyhounds had to punt again. Wheeler has time for one more drive before the half ended. The Mustangs moved the ball on a 16 yard run by Mark Marshall and a 12 yard pass from Beers to Willeford. Mack Marshall followed a Beryl Brister block down to the 8 yard line with seconds remaining in the first half. QB Jason Beers rammed his way into the end zone. PAT was good 33-0

I called and visited with Mayor Wanda Herd the other day. It bothered me that it appeared we were were going to be at the mercy of Pampa by having to use their dump. According to studies, it would take a population of 50,000 citizens for a city to operate its own dump. And, the state will regulate the costs as a regional dump. I don't know if that bit of information is much relief, but it is further proof that we have very little choice. Stay in

sentation.

"We would like to have a large turnout in support of the prison with these officials present," said Shamrock Economic Development Director Kent Sharp.

According to Alan Sapp, the program will discuss the many aspects of a prison in a community and will provide answers to many of the citizen's questions about prisons.

Shamrock's Economic Development Director Kent Sharp also told The Texan that many other public officials from local and state offices will be on hand for the barbecue and presentation.

NOTICE TO THE CITIZENS OF THE CITY OF WHEELER AND THE RESIDENTS OF WHEELER COUNTY

The City of Wheeler has now placed a roll-off container for the public to put articles of trash that are too large for the City dumpsters. The container is located at 512 S. Sweetwater Street. This is behind the Wheeler Fire Department. The charge will be approximately the same as the charge was for the landfill use. We encourage everyone to use this as needed.

Anyone in the county, who would like to bring their household garbage and place in a City dumpster should contact the City office. You will be billed monthly the same as the residents of the City

Please help us keep the cost down. Pay your part and recycle everything that you can! Thanks,

Local Crime Stoppers Proposed

Wheeler County Sheriff Jimmy Adams and Shamrock Police Chief Art Taylor are jointly working to establish a Wheeler County Crime Stoppers Association.

According to Adams, the effort is being made to cover the entire county including those persons living in rural areas.

When a criminal case is not solved within a reasonable length of time the leads diminish, the trail becomes cold, evidence becomes unattainable, and the crime becomes increasingly more difficult to solve. For these reasons most police department files contain many unsolved cases. When this occurs a method is needed that will reawaken public interest in the case and also could lead to the solution of the crime

The Crime Stoppers program provides a method of overcoming these limitations by involving the citizens in the solution of felony crimes. Through the Crime Stoppers program, citizens who have knowledge of a specific crime are encouraged, either for civic or monetary reasons, to come forward to the police with this information. The program allows any citizen coming forward with information to remain All A's and B's; Stacey Guenther completely anonymous, if they so desire. In this way information relayed will be utilized. There are approximatley 192 local Crime Stoppers programs operating in the State of Texas, and county wide programs are being developed in areas where no single agency has sufficient manpower and finances to support the program. Local Crime Stoppers programs are established as non profit corporations by applying for a charter under Texas law. Such status enables contributions made to the program eligible for treatment as charitable contributions by their donors on their federal income tax returns. A police officer is designated by the

participating law enforcement agency to the local Crime Stoppers program as the police coordinator. He is responsible for overseeing the day to day operation of the program and also serves as a liaison between the Board of Directors and the news media.

A civilian Board of Directors, composed of 15 to 25 members broadly representative of the community, oversees the general operation of the program and administers the fund received through public contributions. The Board may perform all or part of the following duties: set the policies which create and control the program, raise funds to pay rewards and cover administrative costs, determine the amount and method of reward payments, oversee the administrative work of the police coordinator and act as the trustee of the funds contributed by citizens, businesses, and serving groups. One of the members, generally the treasurer, is designated to make payments to informers.

As the majority of information received by the program is viatelephone, most Crime Stopper programs obtain an easy to remember phone number. Each caller is assigned a code number and this number is used in all subsequent transactions with the informant. Absolutely no pressure is placed on the informant to reveal his identity, as one of the key elements to the program is anonymity. This information is then relayed both by telephone and in writing by Crime Stoppers personnel to the investigating unit handling the case. If the information leads to the arrest and indictment of an offender, the informant is eligible for a reward. The Board of Directors determines the exact amount of the reward to be paid based on the police coordinator's recommendations, the type of case, the value of the information, the amount of property recovered, and the number of cases solved as a result of the information.

The second half saw no let down from the Wheeler defense. Linebacker Genero Meraz picked off a Greyhound pass and returned ti 10 yards to the Gruver 30.

Gruver returned the favor and picked off a Beers pass at their 21 yard line. The Wheeler defense came though and the Mustangs took control again.

A five play drive from the Gruver 30 yard line ended with a 2 yard TD run by Nathan Willeford. Finsterwald's kick was good. Wheeler 41, Gruver 0.

Later in the third quarter, the Mustangs mounted their final scoring drive. It took the Mustangs 6 plays to go 49 yards, when Mark Marshall got his third TD behind a Kevin Hazel block. The sixth straight PAT by Finsterwald was good. Wheeler 48, Gruver 0. The Wheeler J.V. offensive came on and played the fourth quarter of the game.

Several Mustang defenders made outstanding plays in the fourth quarter. Isidro Salas sacked the Gruver QB for a 7 yard loss. Genero Meraz also had a sack for a big loss along with Harrison, Winters and Ledbetter, dropping runners for losses.

Senior Jason Judd put the final nail in Gruver's coffin with a super catch on an interception late in the game. Wheeler 48, Gruver 0.

being around a friend in the Texas Panhandle some years ago that we had known all our lives and this bird weren't big enough to have been grown but he had been that size for over 90 years and loved and admired by all. Unkle Pete, as we called him moved into a little apartment we had and we sort of figerd he would be a bother but we could handle that. He wasn't a bother at all. He was one of the greatest assets you could ever imagine. He was a master gardener, a philosopher and a very good neighbor. He not only shared himself with Mama and I and our children that Ole Coot shared himself with the eastern half of the Panhandle of Texas. We have many friends who are in their 80's and some even in their 90's that still give out a lot of radiance, love and happiness to anyone that will accept it. An aunt of mine that lives in Amarillo is 92 er 93 that still has spunk and gets around and I bet she can cook up a meal that anyone would enjoy. Old, no not her or these others, they have so much to do that ain't got time to get old. One friend at Wheeler writes for the paper and lets you know what's happening that still goes out and sees the interesting things around and you durn near have to have an appointment to visit here. My oldest brother worries bout seein what he can do for the Old Folks. Don't that guy realize he is going on 88 years of age? What old folks is he worried about. I was just lookin at a photo of my Father, my brother M.L. and myself, I wuz just a wee mite in Papa's arms and I thought. How Cute and then I went in the bathroom and looked in the mirror and old wrinkled, grey headed coot, that's what I seen. I went back and looked at the photo and seen it was taken in Feb. of 1922. Our neighbor, Mr. Harrison and I wuz out in the driveway the other day and he said Ab can you do this and he got flat on the ground and wuz doin one arm pushups and I wondered if he planned on gettin the Olympics but after his wife Juanita and I helped him back to his feet I figerd he wouldn't even be interested in the Olympics. My biggest problem is trimmin my ole scraggly toenails ever six months. Maybe after I figer out just how to get up off of the ground I will try the one arm pushups next year. One time rite after I got out of the Army I wuz trying to be a sort of journalist and wuz interviewing an elderly lady over in the edge of Oklahoma. She had been raised on this ranch, never married and had worked with the cattle and haybaleing and such all her life and I wuz askin her had she ever been hurt and she had broken her bones as all ranch folks had, nearly drowned when the river got up and had been bit by a Rattler a time er two and on and on and I marveled at her ability to still ride horses and rope calves and told her son. They had their share of cyclones, hailstorms, and blizzards and all and I said "Miss Mandy, have you everbeen bedridden?" She looked at me sort of funny and said "Lawsy, yes, and twice in a buggy, but you ain't going to put that in the paper, are ya"? Better go now and take Mama out fer a hamburger at the Mall, it's her birthday and we got to put on the dog, ya know Ab and Mama

Fire Prevention Week. Our Volunteer Firemen are a vital part of the community. Chief Kervin Davis heads them, Asst. Chief is Tommy Calverley, Leroy Cox, training agent. Jim Land is Sec. Members are Pat Anderson, Greg Henson, Laguense McArthur, Mike Mong, Mike Sites, and James Keathley. Board of directors is Charles Hagerman, Jack Brown, and James Keathley, Ben Olsen, Treas., Pat Anderson, Sec. Regular meetings are each Tuesday night at 8:00. They always welcome new members.

Their EMERGENCY number 534-2200 rings in nine homes. Do NOT use it except in an Emergency. Call the home number if you wish to talk business or such. Fire station number is 534-2301. They belong to the SW Creek Assn. out of Wheeler which covers five counties. They have 2 tankers, 3 grass units, are working on a rescue unit.

Monday, Gregg, Leroy, James and Jim gave a fire prevention program at the school. The K thru 6th were taken to the fire station, for a tour of the trucks and other equipment while the older grades were allowed to handle fire extinguishers and had learned how to use them. Thanks are given to Barbara Cox and Glenda Calverley who made cookies to serve all the children.

EMTS are Kathy and Kervin Davis, and Sally Sites. First responders are Tommy, Greg, Leroy, Laquense, Glenda, Jackie Hagerman. They go to Erick regularly for continued education to keep their licenses valid. They had 35 fire calls, 12 medical calls, and one cat rescue call. Seems a mother cat was trapped in a chimney. They'll have a number of kitten namesakes.

They sponsored a community supper in March, and a Fun Day on the 4th of July. This year they are raffling off a rifle, a Winchester Model 70, 22-250. A ticket will be given for each \$3 donation. All firemen will have tickets. Drawing date is Dec. 17 after the last home game.

Just listening to this Thomas-Hill deal today is enough to tell anyone why women don't call the police when they are sexually harassed or raped. They are treated as if they were at fault and the poor man the victim. Most of the sick folk are home-Thelma Ashley from Altus, Elma Henson, Monte Sanders, and Buck Tipton from OKC. kind that has a glass lid that is held on by a wire that flips up across the top. The jar is regular size. Oh, no. I don't need a lot of them. Just one. Let me know. I could probably be able to come get it (if it's local distance).

The weather is lovely. The sycamore leaves are all falling at once. But my grandchildren are all grown up. I remember how they would rake them into one big pile and then jump into it. So much fun!

Iknow a few things, this week, about my friends and neighbors.

Mona Guinn and her mother, Nettie Luttrell went to Vernon last Saturday to attend an 80th Birthday Party of Nettie's sister-in-law, after the party they drove over to Walters, OK. and spent the night with Mona's son, Stanley Baker and wife Connie. They returned home on Monday.

One day last week Mona Guinn took her friend, Helen Beasley, to the Amarillo Air Port. There, Helen took a plane for Pyette, Idaho, where she will make an extended visit with her sister, Edna Dunda.

Everyone enjoys this time of the year, the leaves are just beautiful.

Last Monday the staff enjoyed a payday as well as a covered dish luncheon. Each dish was delicious and we all ate too much! This helps to boost morale just a little. (Not the eating too much-the visiting)

Thank you to Kim Flanagan for delivering juice to everyone Monday afternoon. I swear where does that girl get all that energy.

It seems we are finding more and more news to read about each day. Our group has held together well this week. We enjoy discussions about the issues of the world. Maybe Washington, D.C. just needs to call us

a lar lid. The jar is a very old one. The a three-day visit from her granddaughter LaDonna Wilson, her husband Robert and small son, who live in Corpus Christi. These travelers also visited their other grandparents, Mr. and Mrs. Hoy Hunter of Elk City, OK.

Opal Davidson, Helen Sabbe and Elva Wood drove to Dumas last Saturday and visited with their friend Myrtle Davidson.

Mr. and Mrs. W.D. Mitchell returned last Thursday from a two-week vacation in Penn. Mrs. Mitchell's cousin, Marge Cerelli who lives in the state of Washington, made contact with them, .en route, and came to Wheeler with them for a visit. Marge lived in Wheeler a few years ago. (Greetings, Marge, I hope you enjoy your stay in Wheeler.)

We have had a visitor from the county for about a week-a wild

creature. A turkey has been spending time in the neighborhood. Sometimes in our trees or roofs and sometimes in Justin Rose's yard. Our small dog gets very excited about it. It's getting awfully close to Thanksgiving for him/ her to be so close to us. (When does the season for turkey hunting start?)

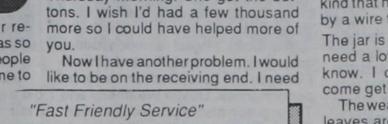

for some pointers. You think so! Several of our residents have been busy stuffing pumpkins "Giant Pumpkins" for the front lawn. It took a bunch of newspapers to fill each one, but we had a good time doing it. They look so festive outside.

Janice Sparlin and Peggy and Hank Hunt brought our usual Baptist Bible Study to us Wed. morning. Our class was just a few shy but we enjoyed it very much. Joe Richardson, Iris Ingram, Ora Hardcastle, and Willie Morris were present. Thanks so much to Janice and Peggy.

Our Wed. afternoon bingo volunteers were Opal Hefley and Doodie Phillips. We enjoy a fairly large crowd and our big winner was Margaret Oldham. Thanks also to Kim Flanagan who is always there to help when needed. We always have such a good time

Cledith Burrell and Francis Hefley were also here to serve juice to everyone. Sometimes the short visit is worth more than the juice to some of our residents. Thanks so much to both of you.

we enjoyed a rare treat on Thurs-

day morning. Fern Young and Ila Collins came to sing and bring us a Bible Study. Fern brought her accordian and we were all ears. This was just the thing to get us all fired up for the rest of the week. Thank you both so much for coming.

Ann Long came to assist me on Thursday afternoon. She is a cracker jack popcorn deliverer. LaJune Alexander has recently had hip surgery in Oklahoma City. At last report she was doing very well. Hope she will return soon, fit as a fiddle.

We would like to welcome a new resident from Mobeetie, Gladys Kysar, Our Meals on Wheels people will soon be receiving some of her art work.

Well I'm slow but I'll eventually get it. It was brought to my attention that Wade Hampton was our guest guitarist on Sunday, October 6th. Everyone enjoyed the program very much, but no one could tell me his name. Next time you come Wade we'll know who you are. Please come see us again. Thank you so much for coming.

Our group for Current Events has welcomed our new resident Gladys Kysar this week. Everyone took part on Friday. We had a fun morning.

Fannie Mae Bradstreet and Verna Fillingim were here on Friday afternoon to make certain everyone received a glass of juice. It's so nice to have our volunteers back again.

See Ya Next Week!

DESK:

I recently read an article that contained some terrifying statistics about child abuse. These statistics were:-

Two hundred thousand children are physically abused each year.

Of these two hundred thousand children, 60,000 to 100,000 are sexually abused.

The number one killer of children under five years of age is child abuse.

Most of us recognize the tragedy of these statistics and would agree that parents, who commit such abuse should be criminally prosecuted. But we fail to recognize that physical abuse is not the only

FROM THE MINISTER'S mistake is being made. For example, 85% of teenage marriages are forced marriages. 37% of these marriages end in divorce the first year of the marriage and five years after the marriage 50% are divorced. In 1990, one million teenagers are jailed in this nation. 49% of these teenagers were under eighteen years of age. And 62% of these arrests were for car theft.

> As these statistics clearly show, there are many children who are characterized by a permissive and immoral attitude. But who is responsible for this attitude? The parents of these are responsible because they failed to teach their children a standard of morality.

While some parents are too rigid

Got a letter from Linda and C.P. today, didn't know Eddie was over at Mables.

Bill and Neta will harvest their small ones first, they are dryer.

Crows are giving them fits, always something. Mable and relatives gave James a

birthday party last Wed.

Ted came down Garry had to work. Ted had a patch he thought he would plant in wheat, we had something we never had since 1934. They had almost 2 bins of wheat one in grainery one in bin. Ted intended to drill in this patch. will the dogs we got 2 rats. I say coyotes have ate it up. Barely a bit out there I could not believe it. We have bought dog food also, 50 to 100 lbs. Little birds are in the maize cleaning it out. Guess us being out and around helps to run them off. We use to shoot into a bunch of birds the crows are bad at some places. Now they will damage fast.

Ted started my pickup drove it north of the house started to haul off the trash he smelled something burning, he raised the hood, that motor was piled and packed full and solid with leaves, by rats guess if he gone any farther it would caught on fire. I need some cats bad.

Ted and Garry were doing fair, Pauline got sick, Ted had to stay with Pauline during and after surgery. Little Jakyla got sick, you can't farm and working up there.

Monday morning think that debate went most of the night.

Clarence and Irene Zybach visited Bettie and Truman last weekend at Sayre.

Clarence and Irene visited Elbert and Ruby Sunday this Sun.

Lois Hudson took Mary to Amarillo she caught a plane to Arlington to see Leroy and family. Lois stayed with Sheryl. Oden went to a sale Friday over in Okla. Saturday at Lela.

Mattie Jackson said she felt pretty good this Monday morning. She uses a cane on her sore leg, to walk. She had some one with her this morning.

I know it helps some to have someone with you.

Sun is getting hot and hotter at 12 noon.

Wish I had some dogs like we use to have and one or 2 like Doc use to have. Would tear them to pieces, need Andy and Harmon to trap some.

They buried Ed Sunday. Her sister came from San Antonio they had to go back to their jobs yesterday.

Marylu said Bob had the flu, she thought she was getting it. Clydene got sick hope that flu is not raging this close.

children. Child abuse is also committed by parents when they fail to teach their children a standard of morality.

once observed: "Educate a man in mind and not in morals and you make a menace to society." And there is much evidence that such a

way that parents can abuse their in the training of their children, it does not justify others who are too indulgent. Parents must teach their children a standard of right and wrong. And when parents fail to President Theodore Roosevelt teach this standard, they are guilty of child abuse.

Area Grain Sorghum Harvest Underway

Nearly 8,000 acres of grain sorghum are enrolled in the farm program in Wheeler County for 1991. Several hundred additional sorghum acres are planted on non participating farms or on FLEX acres which are not eligible for price support. The farm program is administered by the Agricultural Stabilization and Conservation Service.

Wheeler County farmers have received \$58,097 in advanced deficiency payments from ASCS. The final payments will be made in April of 1991.

ASCS has announced that the set aside requirement for the 1992 program will be 5% of the sorghum base. An additional 15% of the base must be devoted to FLEX acres that can be planted to sorghum but will not receive price support payments. Participation in the farm program is voluntary.

Sincere sympathy to Alisha Gay Moffett and family in the death of her father, Joseph Martin Moore. Funeral was Friday in Borger. He was a retired Baptist minister and U.S. Army Air Corp Veteran.

planning to go with a tour group to Hawaii soon. Let's pack up and go with them.

Patty Shields took Mack back to Oklahoma City Thurs. for more laser beam surgery on scartissue in his eye to prevent pressure and damage to the other eye. Keep praying for them. They will go back to Oklahoma City Thurs.

Some may remember Fred and Jane, Kraai who lived about 2 miles west of Briscoe in the 1940's or 50's. Recently Jane's family in Holland sent the money for Jane and son Rick to go to Holland for three weeks. Her health is poor, maybe multiple sclerosis, but she survived the trip and had a wonderful time. One day 74 family members gathered as a surprise for Jane and Rick. The three weeks were too short. After she came home to Delta, Colo., last week, she broke her hand in 2 places and not able to do much. Willa Fillingim has kept up with her through the years.

We enjoyed going to the Farm Bureau Annual Meeting at Wheeler School Cafeteria Saturday night. Delicious bar-be-que catered by Maxey's and good speakers and lots of door **Continued Page 4**

Band-Aid Gallbladder Surgery?

It's here...now at Coronado Hospital

Laparoscopic Gallbladder Surgery is a breakthrough procedure that virtually eliminates the long scar and long recovery time of conventional gallbladder surgery. Most patients stay in the hospital 24 hours or less, and go back to work in a few days!

Bruce Mize was a weekend visitor to Randy Finsterwald. Bruce an Randy visited Lindsey Fillingim Friday night. Heather Ratliff was a weekend visitor to Karla Murray.

We went to Pampa Middle School Thursday to watch Karla's seventh grade volleyball team play Dumas. Sorry they lost. But we did get to visit with Jada and family and Butch's sister, Claudia Martin. Claudia may move to Briscoe soon. We also visited some with Esther Brown and family and Janet Hefner and Tamily at Skellytown.

Ask your Pampa physician about this new technology at Coronado Hospital.
