CONGRATULATIONS, MUS-

The Class AA Sunray Bobcats became the first victims of the year, Friday night, for the traditionally tough Class A Wheeler Mustangs.

Head Coach Ronnie Karcher brought an experienced team, consisting of seven returning starters each way from the 1990 playoff team into Friday nights contest.

The Mustangs came into the fame as the 5th rated Class A team in the State and as a 19 point favorite over Sunray by the Harris Poll.

If the Mustangs thought the going would be easy, they soon found out otherwise. As Wheeler had to overcome wet field conditions, five fumbles, and a fired up Sunray team to preserve a hard fought 28 to 21

Wheeler fans had little to cheer about in the first quarter of action as they watched the Mustangs fumble on each of the first three possessions.

On the Mustangs first possession of the game, a bobbled snap from center stopped the Mustangs at the 37 yard

line. Sunray was unable to move the ballon the tough Wheeler Run defense and forced to punt.

The Mustangs took over at their own 48 yard line. But again the ball was knocked loose as splitback Joe Dan Ledbetter lost the handle on an inside running play.

Sunray took over and appeared to be going nowhere, but a third down pass interference penalty gave the Bobcats new life at the Mustang 37 yard line. Two pass completions from quarterback Cody Chisum put the Bobcats in field goal position at the 14 yard line. The field goal attempt was no good.

The next Mustang possession resulted in yet another fumble at their own 33 yard line.

Seven plays later quarterback Cody Chism connected on a tipped pass to running back Adrian Acosta for the touchdown. The extra point was good and Sunray led 7-0 with 43 seconds remaining in the first period. Senior Nathan Willeford returned

the ensuing kick-off 25 yards to the Wheeler 40 yard line. Two plays later quarterback Jason Beers connected on a 28 yard pass to running back Ashley Brownfield to the Sunray 36 yard line.

The Mustangs drove eight plays down to the Sunray 1 yard line, where Willeford took it across for the score. Kicker Ike Finsterwald tied the score at 7-7 with the PAT.

Wheeler appeared to be back in control, but Sunray quarterback Chisum had other ideas. He completed 4 passes on a ten play drive to the Wheeler 1 yard line.

Running back Justin Childers capped the drive with a one yard run for the T.D. The extra point was good and the score was Sunray 14, Wheeler 7 at the end of the 1st half

Wheeler started the 2nd half with fire in their eyes as Nathan Willeford returned the kick-off 27 yards to the 37 yard line.

It took the Mustangs just two plays, as Senior fullback Mack Marshall rambled for 21 yards and a first down. One play later Willeford got the call and scampered 42 yards around left end for the touchdown.

The Mustangs had little time to enjoy their success because Sunray senior Johnnie Davis took the kick off from his own 10 all the way back, 90 yards for the score. The kick was good and Sunray led again, 21 to 14.

It was gut check time and the Black Attack went to work. Fullback Mack Marshall carried the ball seven times in an eleven play drive. The Mustangs pounded their way down to the Sunray 9 yard line.

A costly personal foul penalty killed the drive and the Mustangs came away

Sunray took over at their own 18 yard line, but their luck was beginning to run out. Quarterback Cody Chism fumbled at the Wheeler 13.

Three plays later Mack Marshall scored on a 6 yard run. Finsterwald added the PAT to tie the score at 21-

Care Center Comments By Lois

It is so nice to welcome our volunteers back from their summer vacation. Our residents are excited about seeing their friends return. We will be busy swapping stories of summer events for the next few weeks. Welcome back to all of you.

Mary Mitchell, Elva Wood and Marice Kuehler were here to serve juice last Monday afternoon. They were the first to return and were glad to have them. Thank you all very much.

Lorena Adams and her daughter Otelsia Riley from Miami enjoyed an outing to Shamrock last week. The weather cooperated and they had a chance to picnic at the city park. I wish I had known they were going!

We are going to borrow a sign from some office down town. You know one of those Out for Coffee signs. Zinnie Bailey is always Out for Coffee with friends. It's been rumored she hangs out at Maxey's with all these friends. I personally think we need to follow her sometime and just see where she is really going. She's an Aquarius and her horoscope is always mentioning romance you know. I'm Just Teasing Zinnie. We are all glad you are able to go out and enjoy visare just jealous because we can't go with you.

We are going to be lost for the next couple of weeks. Our Wednesday morning Baptist Bible Study will be unavailable. We hope Janice Sparlin enjoys her trip and we will be ready

lessons provided by Janice and Peggy Hunt. Those that attended last week were Joe Richardson, Ora Hardcastle, Margaret Oldham, Iris Ingram and Ethel McWhorter. We'll miss you

Mary Ann Maxwell came a day early to mend due to the fact company was arriving at her house Thursday. There seemed lots to do, but it was done in a flash. Bless her heart She didn't even get any popcorn for all her hard work. We'll make up for it next time. Thank you so much.

We again welcomed the juice cart volunteers on Wednesday afternoon Opal Davidson and Novella Vanpool were here to say hello and see that everyone received juice. Glad to have both of you back again.

Our Current Events group has been a few short due to the fact Icyl has been under the weather and Zinnie has injured her hand. I think they both are on the mend and will be back in the News Group before too long.

Mae Nash and Vida Brown were here on Friday afternoon to serve juice and say "Hello" welcome back!

Thank you to Bea Smotherman who delivered several lovely robes that were collected at the cloths Give Away at the Church of Christ a few weeks ago. I will see they are given to those that are in need of a nice warm robe for the winter. These ladies always take good care of our ladies. Thank you

Parents Are Self-Disciplined

Discipline may be thought of as a way in which parents attempt to control the behavior of children. It is difficult for anyone to control the behavior of another over a prolonged period of time. Attempting to do so is conductive to conflict.

Discipline may be best defined in terms of parental behavior that assists children.

* Controlling your behavior develops self-direction in children.

*Accepting responsibility for the consequences of your behavior teaches children responsibility.

*Becoming sensitive to and respecting the needs and feelings of others teaches a child to care about

Discipline is a necessary part of the role of all family members. If children don't learn self-discipline from those who care, they are likely to learn it later from others at a much higher cost. When parents are self-disciplined and in charge of families, children learn self-discipline, re-

sponsibility and self-reliance. **B & B ELECTRIC**

Congregational Concerns:

On this coming Sunday afternoon, September 15th, this congregation will conduct a devotional at the Wheeler Care Center. This devotional will be held at

From Sunday, September 15th, through Thursday, September 19th, the Church of Christ in Wellington, Texas will conduct a gospel meeting. John Gresson will be the preacher. More information about this meeting is posted on the bulletin board in the lobby.

The fourth and College Church of Christ in Cordell, Oklahoma will conduct a gospel meeting from Sunday, September 15th through Thursday, September 19th. Ron Fletcher will be the preacher. More information about this gospel meeting is posted on the bulletin board in the lobby.

Essie Finsterwald is hospitalized in the local hospital. Willie Hefley, the mother of Jerry Hefley, has been released from the local

hospital and is now resting at home. Icyl Littrell is hospitalized in the local hospital.

From The Minister's Desk: A popular hymn is Our God Is Alive

and its first verse reads: "There is beyond the azure blue, a God concealed from human sight, He tinted skies with heave'nly hue and framed the worlds with His great might." And then the chorus reads: "There is a God, He is alive, In Him we live, and we survive. From dust our God created man. He is our God, the great I AM."

Notice that this hymn does not argue for the existence of God. Rather it affirms His existence. Saying: "There is beyond the azure blue, a God concealed from human sight ... 'And this is the same affirmation that the Bible makes.

While the Bible does offer some evidence for the existence of God, it primarily affirms His existence. For example, Genesis 1: 1 says; "In the beginning God created the heavens and earth. This text does not give an argument for the existence of God. Rather it simply affirms His existence as a fact to be believed.

Honest, sincere Bible believers do not question the existence of God. These believers accept as a fact His existence.

An Invitation: You are cordially

services of the Wheeler Church of

Christ which meets at 1001 S. Alan

Bean Blvd. in Wheeler, Texas.

But they do often inquire about the nature of God, asking: "What is God like?" And the best answer to this question is provided by Jesus who described God as a father. (John 14: 1-

Think about the implications of this description. It suggests that people can have a relationship with God. He is not some abstract being, but He is a father who seeks to have a relationship with people. And according to the New Testament, this relationship is achieved by people who have an obedient faith in Jesus Christ. John 1: 12-13 says: "But as many as received Him, to them He gave the right to become children of God, even to those who believe in His name, who were born not of blood, nor of the will of the flesh, nor of the will of man, but of God.

Christianity is not merely the acceptance of certain propositions, it is an intensely personal relationship between a father and his children.

BRISCOE **NEWS** By Vetola Parker

Rained more last nite. Bob wanted more rain. Mable wanted more Sun shine. Mable is a sun shine lady, guess she has plenty of water for her garden and fruit trees.

We didn't get so much last night. Had some severe lightening. It would have got you wet; it's cloudy now. Weeds are growing.

Mattie Jackson just called me that her sister-in-law, Hazel Helton, passed away last night. She did live at Plainview. She was put in a care center, I think. Mattie said hospital for 4 years after she had a stroke. She was "Little Frank"'s wife. They were having graveside services down here.

Mattiedidn't want to say anything she did not know all the details. I thought it would be ok to let all know a little now. Hated to hear this. All the

folks will have our sympathy.

Have water dripping off the house at 11:30 Wednesday.

7 Sept. is Dennis Daugherty's birthday. 8th was Michael Clark's. 9th is Donna Jean (Daugherty) Mathis. 11 is Kim Parker forgot who she married other day. 19 was Billy Charles Parker. 26 is Wanda Fay (Hamon) Parker. Son

Doc Wilhelm just called Thursday afternoon, said Claudy Barker passed away. His relatives and friends have our sympathy. Didn't get any details

Hazels funeral will be when they bring her down.

Mattie had the preachers wife staying with her today Thurs.

Would like to hear how Bob Taylor in Thailand is doing and his crew. It has rained a little since he was here. Claudy Barker lived in the Gageby

I drug mine to garden and field, with me, hot and cold out there, dust, run out of water and food quite a job to rear a child let alone a bunch. Older ones help or you couldn't, probably the reason they are so smart. Ha. Little ones learn from the older ones and

Ones that have not seen Bill and Neta Aults pecan orchard should at least drive by it. A lot of work put in it. I could not stand Tolene to touch

my toe with cotton. I don't think I broke my toe now, I think something bit or stung it. Everyone says if it was broke it would

have turned dark, it hurt and got sore,

The proposed amendment will be described on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

The \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 39 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprize zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprize zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law, and requires that the qualified business is actively engaged in a new business in the enterprize zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs. but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling. act (Senate Bill 1, 72nd Legislature. Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991, and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be stateowned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January

proposed constitutional amendment is similar to the version of article VII. section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50

DISTRICT CLERK'S FILINGS #9508—Destry Dee Coulter vs Kathi

My little fat wife says I'm her grey headed hubby that never grew up. Recon she is right cause I still like to ride in the engine of a locomotive er the turret of a big ole tank er even in an open cockpit of a twin wing airplane. I love to be way out on the bow of one of them big ships when the waves break over the sides watchin the foammy sea water as it sloshes back and forth. I still love to get out and hunt Indian artifax and have even missed eating dinner on many occasions.

The other day our son called and ask if I would like to go airplane ridin with him and some more fellers. Before I thought I accepted the invite and he told me to be there early so Mama and I got up way before the chickens and left the house on an empty belly and ;headed for places unknown. We got there in time to get one of them quicky meals in McDonalds and headed for our engagement.

This airplane wuz one of them with the big ole prop on top an a little one on the back. The durn thing didn't have any side doors and them durn seats didn't have any cushions, but anyhow me and them seven old hairy legged boys loaded in this contraption. The only fellers that had comfortable seats wuz the airplane driver and the other curleyheaded feller that apparently wuz to open the gates if we happened to need any opened. Three er four of them fellers had on guns and most of them had long cane knives and I ask one uv them just what in the hell we wuz goin to do and he said "we are harvestin Marrywanna." I couldn't imagine why they didn't use a combine but here we went huntin Pot as they called it.

We all had on earphones and such and when we got to a place that looked like there mite be some pot I tried to peep put and all of a sudden the driver sort of tipped the plane to the side and I ain't positive but somebody wet by britches, I sort of felt like a sardine being dumped out of a sardine can but finally this bird righted the plane. We landed and headed through the corn fields an started slashin stalk after stalk of pot. I recon I wuz one of their Mules as I gathered these stalks and our son was another Mule and he carried the rest of it. We loaded it very carefully and we got to use what room that wuz left.

We flew the rivers lookin under durn near every tree and then field after field and we would land, gather pot and then to the next likely spot. One time we flew over a house that had a swimming pool and the driver circled over it again and I ask him why and he said "Just diversionaary taactics" An we went rite back to our business at hand. We were flying about 200 feet and this feller sittin by me asked the driver to go back over a spot on the ground and he said he had seen a LLF cigarette paper laying there in the brush. them LLF's are what they use to wrap up that pot to smoke it. that black headed bird could tell a male chigger from a female in heavy grass from 500 ft. altitude.

One of them cops we named the Wetback cause when we got out in the cornfields the driver couldn't see us to direct us to the next batch of pot and I had a couple or red hankerchiefs and this cop tied one on his head so the driver could identify us on the ground. I enjoyed being with these fellers and appreciate their efforts in trying to control the problem.

Mama had put in a can of Tootsie Rolls and a bunch of all kinds of penny candy and providing for the issuance of gen- I recon I gave it to the wrong feller. As we were whizzin here and there I noticed they \$300,000,000 to continue existing wuzeating the goodies and I finally got one but when we got ready to leave the boys late in the evening I asked for what wuz felt of the candy and this black headed cop said "Ab, we better keep it for evidence."

See you next week, Ab and Mama.

Mack and Linda Sides visited J.P. and Martha Meek Sunday. J.P. and Martha Meek planned to eat breakfast at Mobeetie School Monday for grandparents day with Tamara and

Aaron Hartline. Nice to have Jill Shields meet us at the Dairy Queen in Canadian Sunday for lunch and go to the Susie and Paul Luchsinger concert with us. We enjoyed it very much. Big crowd of

Sincere sympathy to the family of Foy Farmer, 89, who passed away at Mobeetie Saturday. A sweet guy. Glad I got to visit a little with him Labor Day. We went to school at Corn Val-· ley with some of his younger siblings. I remember writing a note to Melvin Pettit and giving it to Lois Farmer to deliver, but she gave it to the teacher, Ida Caddell, who later married Ebb Farmer. We were third graders and I was bashful. I was mad!

Wynola (Childress) and Lindon Sanders will be celebrating their 40th wedding anniversary at the Bible Church of Pampa Saturday, Sept. 14 from 2 to 4 p.m. with renewal of vows and reception. Congratulations to you two fine people, and may God bless you with many more good years. Wynola was such a sweet little girl and a good student when I taught her in the early 1940's. Friends and relatives invited.

Esther Brown and Twinkies meet us for lunch at the Sirloin Stockade. Jada's kids like school and all are going to the Fellowship Baptist Church.

Willis had to come back for his four months "put-to-sleep" check up to look for bladder tumors early Wed. morning. So we got to stay in the new St. Anthony's guest rooms east of the hospital. Very nice and clean and handy and safe.

Thank you, Gena, for telling us about it. Nice to have Debbie Stinnett and Cassidy and Cuyler join us for supper. Deleise and Jill also visited.

Igoofed. Iforgot till about 9:00 p.m., that Willis was suppose to pre-admit Tuesday afternoon before surgery. So we dashed over to admitting and a guy was there, and also people in the lab to take blood tests. Willis checked out really good and can wait five months this time to go back for checkup. And I drove in and out of Amarillo. Hadn't done that much at all. So I'm proud of myself and thank the Lord for a safe trip.

Tuesday we had a nice little visit with Lucille Barker at the Hospice. Claude is mostly resting comfortably with medication. Claude and Lucille lived where the David Pearsons live for many years and were very involved in Gageby Church and Briscoe School and later Wheeler Methodist Church. Don Ioor (Yore) came in the room and said my dad, Rev. O.C. Evans was his pastor at Lakeview when he was a kid and led him to the Lord. Don is with Broome Optical.

Sincere sympathy to Lucille Barker and Karen and family and other family members in the death of Claude Barker, a fine, helpful Christian man.

Briscoe birthday calendars are on sale at \$3.00 each and annuals for \$5.00.

Grant Meek is doing fine. Keep praying for him. Think he was able to go into church Sunday with his family to First Baptist.

I just heard that Sharon Aderholt and Larry Kemp got married last September and both work at Borger. Best wishes to you two. May God bless you both and the home you've

Nice to have Mack and Patty Shields and Amanda and Rhonda Stevens go to Maxey's Saturday night for supper with us. Some there were Carl and Lori Baker and Blaine and Stephanie with Dennis and Brenda Hefley and Tera and Nathan, Mike and Teresa er and Amber and Lee and Sharon Hall, B.F. and Margie Meadows, Billie and Gordon Daughtry and several family members. Several Powledges were celebrating Charles Hall's birthday. Some we saw included Nova and Leonard Sr., Teresa and Leonard Jr. and Sara and Jody, Charles and Margaret Ann Hall.

So many sweet people have gone on to heaven recently. We can't grieve, because God has so much more to

Some college friends visited John Shields at home Saturday and went hunting for Dove and got 9 Saturday.

Dale and Janet Stevens and Brooke went to Amarillo Saturday. Dale had fun entering the back hoe rodeo and did pretty well.

Gageby Church was honored to have the "Senior Saints" from First United Methodist Church in Pampa come Sunday night with a musical program called "Some Golden Daybreak." Very good singing and scriptures and readings led by Steve Ross. Others singing included R.H. and Betty Dyson, Velma Lemmons, Margaret Wells, Marion Miller, C.B. Reese, Jack Skelly, Lillian Skelly, George and Barbara Whitten, Ethel Johnson, Helen Ruth Mackie, Lois Ratcliff and Ruth Steger Thanks for coming! Hope you Steger. Thanks for coming! Hope you all will come back soon. Other visitors

were Edna May and Effie Hays. Boyce Crownover spent Friday night with Gary Bryant and went to the Wheeler football game and Fel-

lowship at the First Baptist Church afterwards for kids.

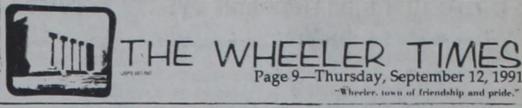

We enjoyed all the friendly folk at XYZ at Mobeetie Friday night. Beulah Grimes had three cousins visiting from Oklahoma City and Denton.

Glad to hear that Irene Webb came through the balloon surgery to open the arteries in her heart really well and was feeling great and expecting to be home Friday or Saturday. Ralph

Hovey went up for her surgery.

I was just thinking of how Mack

There was a big crowd of relatives and friends at Gageby Church Thursday to honor Claude Barker and his family before his burial. Rev. Keith Wiseman from St. Paul United Methodist Church in Amarillo read scripture and told many things about Claude's life. A sweet service. Kathy Meek played the piano with several selections and Karen, Evelyn and Martha Meek and Lois Meadows sang. It was especially nice to see Claude and Lucille's grandsons, Tracy and wife Elaine and three children and

David and wife Melissa and baby Many thanks to all who brought food and helped with dinner. Nice to have Dan and Chris Fillingim come and also visit us awhile. I goofed. So much had been going on that I didn't realize that Thursday, Sept. 5 was their 10th wedding anniversary. God bless you

There was a big crowd of fans from Wheeler, Briscoe, Mobeetie and other places to watch Briscoe Junior High and High School play Wheeler Christian Academy girls. Our Junior High Girls lost to Wheeler, but the High School girls won 15 to 12 and 15

NOTICE OF COMPARABLE TAX RATES **AND REVENUES**

The legislature has enacted a statute on school funding to comply with a court mandate enforcing the state constitution. Under prior statutes (SB 1) the tax rate for last year provides \$ 4.569.00 per student in state and local revenues. Under this statute (SB 351) that same rate now provides \$ 5,063.00 per student in state and local revenues.

State law only requires a minimum tax rate of \$ __.7802 county education districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maximizes the receipt of state funds.

The board of trustees of the WHEELER INDEPENDENT School District hereby gives notice that it is considering the adoption of a tax rate of \$0.30 that will provide \$ 4,913.25 per student in state and local revenues.

Property Tax Rates in _ WHEELER INDEPENDENT SCHOOL DISTRICT 1991

Wheeler ISD This notice concerns 1991 property tax rates for Wheeler ISD. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Bethel Davis was home over the weekend for the Davis reunion. She returned to Ardmore with her daughter and husband Louise and Sam Gaddis.

The Erick Kitchen Band went to the Erick Nursing Home last Tuesday. Those among the visitors that I knew were Pauline Roberts. Lavelle Hill, Mallory Elms, and Albert Martin. Albert even joined the band. They had two good looking young men working with the residents. Understand that Jane is having a course for Pre Med students and they are part of it.

Friday the Band had lunch at K-Bobs and went over in the rain to entertain at the Bell Avenue Home. One good thing I learned from my daddy, the sun always shines a while on Friday. And it did clear off. We had a marvelous time. Lillie served punch and homemade cookies to every one.

Met some very nice readers. I'm sorry I didn't write their names down but I had visited with one on the phone when she called to ask about a mutual friend, the daughter of Pete and Mildred Myers. Another was a Trissell who came from Sayre. One even said Mrs. Flowers is known as the Will Rogers of Western Oklahoma. It sure is wonderful to know folks who give

you roses while you live. Band members out this week were Billy and Basil Doss, Carnegie, Bess Perkins, Leonard Taylor, Loyd Addis, Elk City, Betty Brothers, Lillian Foshee and Jack Criswell, Sayre, Roy Swagger, Richard Crawford, Mabel Holland, Margaret Hiller, Iona Miller, Rose Abla, Hazel Francis, Erick, we three, and Ole Five String. Several of the residents had rhythm makers and

helped the band. Many say the protestors of the killing of unborn babies, (don't call them fetuses, they are babies) are out of place because it is legal to kill unborn, unwanted children. If no one had ever protested wrong (tho legal) things, we would still be paying taxes to England and the colored folks would still be bought and sold like cattle. There should be a solution to welfare babies, and fathers who refuse to support their children, and women who won't take precautions but it isn't killing. Maybe if people had to pay \$1,000 for a permit to have a child,

they would treasure them. Visiting Bess LeGrand, Imo, Iris, and Sam over the Labor Day weekend were Mr. and Mrs. Robert Hammens, Chera and Matthew of Amarillo.

Iva Thompson spent the weekend with Leroy and Peggy Dunlap at Sayre. Darrin was home from the hospital. Dale and Sheri were there from San Angelo. Outside of her car breaking down in front of Herman Seymour's house. And all the cows being out, when she got home, she had a wonderful time.

With Pauline Roberts over the holiday were Dale and Sue from Independence, KA, Anne and Lynn Wingfield, Mike, Dawn, and Michael Tillman of Merritt.

A pretty girl in Wal-Mart called me Mrs. Flowers. Had to ask who she was, Lynette, Marshall Hartman's girl. Also visited with Dorothy Roberts, Mrs. Bill Baker, Jim and Vasta Stewart, Dill City. Jim was born in this house

some years ago. We enjoyed seeing Elk City and their mile of quarters on TV. Have you noticed the speed limit going into Elk is 35 and it is 40 leaving!

Billy Morgan was out Saturday from OKC to visit his aunt Mozelle Stanton. The B.V. Bradys were here from Stillwater to see Hortense Madden.

Stella Jenkins had a birthday Thursday and was a little blue because her near and dear were in Michigan for Stacy's wedding Saturday. Lo and

behold! They called and everyone from son Hansford down to the great grandkids talked to her. Really made it a happy day for her.
Blanche Kuykendall spent several

days in San Antonio with Gene and Wanda. They brought her home and went by OKC to visit Jewel Jarnagin, Sue and Charles Smith.
