Once again, it is springtime in the Texas Panhandle, and plans are already being made for the Annual Panhandle Veterans Hall of Honor Banquet. This project was started in 1990 and was initiated to recognize and honor those outstanding Panhandle veterans who have distinguished themselves in the service of our country. Over the years, we have inducted individuals from Pampa, Amarillo, Canyon, Claude, Miami, Higgins and other area towns. These honored inductees have been recipients of such awards as the Silver Star, Distinguished Flying Cross and even three who received the Congressional Medal

We can never completely show our appreciation to these individuals for their bravery, love of country and unselfish sacrifices, however in this small gesture, we hope to let the living and deceased know they are not forgotten and their sacrifices were not in vain. Unfortunately, some of those we honor have gone on to their final resting places, however, we feel confident where ever they are, they will hear their names called and know they have not been for-

Open Letter To Texas Panhandle Residents

In years past, to be eligible for induction into the Hall of Honor, the nominee needed to meet one of four criteria; born here in the 26 county Texas Panhandle, raised here, went into the service while living here or served at the Pampa Army Air Field during WWII. Because of the interest in this program, the board of directors has elected to expand the eligibility to include those individuals stationed in the 26

counties during their service, any individual who moved to the Panhandle after being discharged and made significant contributions in or to the military services and individuals who served in the Merchant Marine, Coast Guard or civilians such as those who fought beside the Marines at Wake Island in WWII.

To nominate a deserving individual, we need a short narrative on their life, the branch of the mili-

THEREFORE being justified by faith, we have peace with God through our Lord Jesus Christ: By whom also we have access by faith in this grace wherein we stand, and rejoice in hope of the glory of God. And not only so, but we glory in tribulations also: knowing that tribulation worketh patience; And patience, experience; and experience, hope: And hope maketh not ashamed because the love of God is shed abroad in our hearts by the Holy Ghost which is given unto us. For when we were yet without strength, in due time Christ died for the ungodly. For scarcely for a righteous man will one die: yet preadventure for a good man some would even dare to die. But God commendeth his love toward us, in that, while we were yet sinners, Christ died for us. Romans 5:1-8

GOD is our refuge and strength, a very present help in trouble. Psalm 46:1

IT is a good thing to give thanks unto the Lord, and to sing praises unto thy name, O most High: To shew forth thy lovingkindness in the morning, and thy faithfulness every night. Upon an instrument of ten strings, and upon the psaltery, upon the harp with a solemn sound. For thou, Lord, hast made out and visited awhile at Louise's Finsterwald, Debbie Haning, me glad through thy work: I will triumph in the works of thy hands. O Lord, how great are thy works! and thy thoughts are very deep. Psalms 92:1-5

The weather in Allison, Texas is just beautiful this morning, I know later a cool front is suppose to come in and cool us down a little, but wow, Allison's temps have been in the sixties and seventies the last couple of days. Really nice after the rain and snow that they received earlier in the week. But thanks to the warm weather almost all our snow is gone. Nearly all the trees and shrubs are budding out and grass and wheat fields are looking beautiful green. You can tell that Spring is trying its best to be here. I just hope those cold fronts that keep coming don't bother our fruit trees and flowers and shrubs.

The Lord is great and greatly to be praised! Praise be to Jesus!! Jesus is so good to us and keeps us in his power. We should rejoice for each day that the Lord gives us, for it is a day that he hath made and we should be glad in it. Praise God!!

Thanks, Everyone!

I would like to say 'Thank You' to the Wheeler Chamber of Commerce for the honor they bestowed upon me at the chamber banquet. I would also like to thank my friends and family for being at the banquet and their support. Again, Thanks.

MAGNUM SLINGSHOTS **AND RED-EYED TURTLES**

tendency to go a little bit overboard with things I like, really well. When I was about nine or ten, Dad showed me how to make a slingshot. All it consisted of, was two equal lengths of string with an old shoe tongue tied between the twoabout two and one half or three feet long. Now, all I had to do was put a rock into the shoe tongue,

Dad, had tied an eye in the ends Curtis and Lillian Boydston has of both strings. One would fit tight been visiting their son and wife, over one finger, while you held the Steve and Nancy Vaughn of Mus- other string between your fingers, so you could turn it loose when-Curtis and Lillian Boydston also ever the time was exactly right. has been visiting their daughter. The tricky part was getting the

I've always had and still do, a rock to stay in, while you got started swinging it, round and round. I had figured out that if you cut a hole in the center of the shoe tongue, the rock would stay in better. After it got going around with a little speed, the rock would stay in the tongue real well. When you got it up to top speed, you'd just turned one string loose, and the rock would fly a really long way and fast!

> Accuracy, was always my main problem. I might sling the rock east one time and north the next time. It didn't look like I was going to set any accuracy records, so maybe I'd try for distance instead. My homespun logic, told meÖ. if the strings were longer, I could get more velocity on the rocks. This seemed to be trueÖ. only if you could accomplish two things; get it off the ground and whirling around! Not as easy, as I had imagined it would be.

> The longest slingshot I was ever able to make and get going, was about six feet long. When I turned that thing loose, it went plumb out of sight! I eventually got bored with that project and started spending some of my time aggravating the red-eyed turtles that hung out in a little shallow pond behind our

> The red-eyed, turtles were kind of ill-tempered and would snap at you. I didn't want to get bit by a turtle, because I'd always been told by grandma, that they wouldn't turn loose until it thundered. And I knew that sometimes, it was a long time between

> thunders. Since they liked to bite, I thought up something for them to bite on- firecrackers. I bought a package of the small ones. If I tapped them on the nose with one, they would snap down on it. Then, I'd light it and it would "pop". After a couple of times, they wouldn't bite one, anymore. I know this sounds bad, and it was, but it didn't seem to hurt them at all, it just smutted up their face a little

> Dad, eventually saw me doing this and wouldn't let me do it anymoreO

I would like to thank everyone that voted in the Primary Election. If you voted in the Democratic Primary or did not vote in either primary, you can vote in the run-off. I would appreciate your vote in the run-off. Early voting is April 5-9; the election is Tuesday, April 13, 2010.

(Pol. Adv. Paid For By Bob Hink, P.O. Box 435, Wheeler, TX 79096)

HAPPY ST. PATRICK'S DAY: Mrs. Rutherford's Class members are: (I. to r.) Brooklyn Buckingham, Ranaely Dyck, Hunter Koelzer, Larry Luna, Alexia Rubio, Hugo Rivera, Morgan Crabtree.

The Kelton Pre-K classes went on a virtual field trip, Discovery Time with Mrs. Goose. She took them on a learning journey about the different dinosaurs and they got to feed them rhyming words. If the words didn't rhyme, they sent them into the volcano to burn. The students learned which ones were plant eaters and which ones were meat eaters. The students also learned how to tell some of the dinosaurs apart. They made a graph about the students favorite di-

nosaur. The T-Rex won the graphing. The students had lots of fun learning about dinosaurs and

not having to leave Kelton. It was a very nice trip indeed.

4-H Curriculum To

Teach Government

What does ad valorem mean?

What does a county clerk do?

How are county governments in

Texas structured, and what ser-

answered in a new statewide 4-H

curriculum enrichment program

developed to increase awareness

and understanding of local gov-

ernment among seventh- and

the 4-H County Government

Guide, which was about 25 years

old, but after extensive input the

idea morphed into producing a

new 4-H curriculum enrichment

program," said Rick Avery, direc-

tor, V.G. Young Institute of County

Government, part of the Texas

AgriLife Extension Service and

one of the organizations develop-

Courthouse: A Curriculum Enrich-

ment Program for Youth," a more

than 170-page leadership-ori-

ented publication on county gov-

ernment, produced through a part-

nership between the Texas Association of Counties, the County

Judges and Commissioners Asso-

ciation of Texas and the V.G.

Each lesson includes informa-

tion compatible with state-man-

dated Texas Essential Knowledge and Skills, TEKS, requirements

and teachers may use these in conjunction with in their own les-

"The program features five les-

In addition to helping students meet requirements, the program

will help them build "developmen-

tal assets," including community values and serving others, as well as life skills such as responsible

citizenship, teamwork, planning

Chapters of the publication ad-

dress county government framework and function, services of-

fered by county government, the

justice system, local elections and voting, and financing county gov-

ernment. Contents include vo-

cabulary, roles of elected and ap-

pointed county officials, county

services, county legal system

components, a description of the

local election process, and an explanation of county funding and

budgeting. There also are various age-appropriate activities, includ-

ing additional vocabulary, review

and note pages, fill-in-the-blank

quizzes, word search, county ser-

vice cards, research projects and

will include a fold-out map of

Texas counties and a DVD of pro-

gram activities that may be printed

tours of various county offices

throughout the state which have

been prepared by the Texas As-

sociation of Counties in its 'County

Government: There When You

Need It' video," said Gene Terry,

Funding Available For Local Gardeners

The U.S. Department of Agriculture launched a 'Know Your Farmer, Know Your Food' initiative late last year, which promotes local and regional food systems by stimulating community economic development and providing access to affordable fresh food lo-

USDA Rural Development has \$40 million available under the Community Facility Program in Texas in the form of guaranteed loans, low interest loans and grants for community projects, including those included in this ini-

"It is vital that people begin to understand fully where their food comes from and how it gets to their dinner tables," commented Paco Valentin, USDA Rural Development Texas State Director. 'The 'Know Your Farmer, Know Your Food' Initiative creates new economic opportunities by better connecting consumers with local producers and we are excited to have the opportunity to assist in this process.

The USDA Rural Development Community Facilities Program offers direct and guaranteed loans. as well as grants, to finance the development of essential community facilities serving rural areas under 20,000 in population, including those that support and promote local foods. Food banks, food storage, distribution centers, school kitchens and cafeterias, Farm-to-School programs, community gardens, farmers markets, community kitchens and facilities that provide nutrition education and training programs are all examples of facilities that would be included in the initiative. Funding is available to local government and public bodies, communitybased non-profit organizations and Indian Tribes and may be used to fund the purchase of real estate, buildings and building expansions, equipment and vehicles. Grants range from 15% to mission is to increase economic

community in conversations on ral Development fosters growth in farming and food, while linking to homeownership, finances busiproducers and customers, the ness development, and supports 'Know Your Farmer, Know Your creation of critical community and

Largest One-Day Cleanup In U.S.

Largest one-day cleanup in the U.S. is April 10

Every year, Don't Mess with Texas Trash-Off volunteers uncover random - and sometimes strange - items discarded on Texas roads.

This year, Don't Mess with Texas is asking volunteers to take pictures of their unusual trash finds and e-mail their photos to Don't Mess with Texas, where they'll be displayed in a photo gallery on:

www.dontmesswithtexas.org. The photo collection will be visual documentation of an embarrassing problem: Texas roadside

Don't Mess with Texas Trash-Off volunteers can send in interesting photos of their group collecting trash, the most common type of trash they pick up, or the weirdest litter they come across on April 10 - the largest one-day statewide cleanup in the United States.

Anyone who submits a photo by

Don't Mess With Texas Scholarship Litter-Themed Essays Equal

College Cash

Program begins March 8 Texas high school seniors can earn cash for college by composing a 350-word essay suggesting additional measures to be used in the state's fight against litter.

Dow Chemical Company is partnering with Keep Texas Beautiful to sponsor the 2010 Don't Mess with Texas Scholarship Program. High school seniors are encouraged to submit essays explaining how they tackled a litterrelated problem in their own school or community. The grandprize winner will receive \$3,000 for college tuition, while two secondplace winners will receive \$1,000

"Here at Dow, we know that ensuring the health and sustainability of our environment takes a commitment from everyone, but particularly our youth,' said Community Relations Manager Trish Ritthaler. "We're proud to sponsor a program that encourages high school seniors to come up with great ideas for litter prevention while enabling the winners to get support in furthering their educations."

The Texas Department of Transportation spends millions of dollars each year to pick up litter along Texas highways, and research shows those most likely to

litter are young Texans. "If you don't tolerate litter, and if you've ever done something about it, you have a great shot at winning," said Doris Howdeshell, Travel Information Division director for the Texas Department of Transportation, which manages the Don't Mess with Texas Scholarship Program.

More information about Dow can be found at www.dow.com.

FAMILY POOL FUN. COL

THE WHEELER TIMES

PAGE 5 - Thursday, March 25, 2010

April 30 has the chance to receive a Don't Mess with Texas prize pack -three prize packs will be awarded via a random selection

This is a fun, creative way for our volunteers to share their Trash-Off experience with Texas,' said Doris Howdeshell, Travel Information Division Director for TxDOT. 'It will be interesting to see all the photos from Trash-Off events around the state showcasing the efforts of our volunteers. We appreciate all they do to keep our roadways litter-free.

To enter, volunteers simply email the photo, location where it was taken, and photo caption to trashoff@dontmesswithtexas.org. Additional details are available at dontmesswithtexas.org. Photos from across the state will be shown in an online gallery on the Don't Mess with Texas Facebook page and on:

dontmesswithtexas.org. To participate in the Trash-Off on April 10, volunteers need to sign up now. The Don't Mess with Texas Trash-Off is a partnership between the Texas Department of Transportation (TxDOT) and Keep Texas Beautiful (KTB). The event brings together KTB volunteers and Adopt-a-Highway groups from across the state to clean up roadways and their communities on one designated day. The public can sign up online at www.ktb.org or call 1-800-

CLEAN-TX. At the 2009 Trash-Off, more than 25,200 bags of trash were collected, totaling more than 158 tons of waste.
