## CWE CHAT WITH EDITOR

By Louis C. Stas

From all reports the Ex-Student & Teacher Reunion was a success. We did not have access to the list of those registering for the event, but received reports of a good turnout.

We made our appearance at the school around 11:00 to find a line waiting to register and a group gathered inside to socialize. As we were leaving I received my bi-annual hug from Jody Reid Johnson.

First, I must report that we started putting people with their class Friday afternoon. The exes began arriving Friday afternoon and were surprised to learn that nothing was scheduled for Friday night. We had one of Adrian Risner's classmates in and one of Lavelle Jaco Stephens classmates in.

Huffman Walker was the first to drop in. He had just arrived and was in the process of renewing friendships. I do not know how long his list of people to see was, but he made several stops.

Harold Weatherly and J. B. Crowder were in to renew their subscriptions to the *Time*.

Part of the afternoon entertainment at the "business meeting" was a skit written by Vida Brown, featuring several of the former students on stage. Very entertaining.

The Stas home was 'homebase' for two former students, Ronal Wayne and Juanita, and a former teacher, Leroy and Lavila Meriwether.

A crowd gathered early for the street dance and there was more visiting than dancing taking place. Beverly Clark (?) is still just Beverly, she reported her mother, Laura, is doing well in a senior citizens apartment complex. Sharon Green Immel hasn't changed much. I recognized Kelly Bowles immediately; she and her son had traveled all the way from Pampa to find none of her classmates at the event.

Toby and Troy Lee Bradstreet were also at the street dance. The boys, Ronal Jr. and Troy Lee enjoyed the evening together.

The Meriwethers and Mother Porter left Saturday evening. Ronal Wayne, Juanita, Ronal Jr., and Jessica left Sunday afternoon.

We received the cooperation of our correspondents and were able to leave early Tuesday afternoon for a trip to Palo Duro Canyon for the final Dress Rehearsal for Texas. Making the trip were The Forresters, the Rardens and the The Stas family, filling the Silhouette-plus one.

This will be the 26th year for the production *Texas* and it was the first time to attend for me. It is an excellent production and thoroughly enjoyed.

I called Inez Erwin last week to wish her happy birthday, but learned that she no longer has birthdays—just anniversaries of the 39th.

This is not the case for Patricia. Today, Thursday, is her birthday. She and sister, Melba Arnold, share the date—Happy Birthday to each of you.

Sunday, June 16, will be Ronal Jr.'s tenth. Happy Birthday!

## Mobeetie Flag Day Ceremony Friday

The Old Mobeetie Association will hold a Flag Day Ceremony Friday, June 14 at 5:30 p.m. at the Jail House in Old Mobeetie. This will be in connection with the American Legion wanting everyone to say the Pledge of Allegiance at 6:00 p.m. Everyone is invited to attend this ceremony. The flag that will be flying is the one that was presented to the St. John's on Laurence's death in World War II.

## Kevin Robinson's Heroic Act May Have Saved Gunship, Grew

(EDITOR'S NOTE: The following was taken from the *Time* magazine. Written by Nancy Bergman, volunteer reporter.

An airborne gunner from the 16th Special Operations Squadron has earned a Purple Heart and the 1st Special Operations Wing quarterly explosive safety award for his actions during Operation Desert Storm.

Sr. A Kevin L. Robinson was honored April 16 for his handling of a 105mm round during an engagement with hostile forces over enemy territory.

The nomination letter for the award said, "His decisive actions quite possibly saved a multimillion-dollar aircraft and 14-man crew."

On the Jan. 31 mission, Airman Robinson was loading the 105mm gun with sensitive white phosphorous rounds. These explosive devices can break if dropped or damaged, causing a serious fire.

About five hours into the seven-hour mission, the aircraft began taking heavy enemy fire. When the loadmaster spotted anti-aircraft artillery fire and called for evasive action, the aircraft commander responded and jerked the plane up to avoid the AAA fire.

"I had the round out of the drawer when somebody yelled 'break!' and I just didn't have time to get steady," the airman said.

Airman Robinson, who had completed his check ride as a gunner only two months earlier, responded instantly to the training he had received and put his hand over the primer end of the round to prevent it from being damaged.

The airman was slammed backward into the brass barrel of the 40 mm gun, breaking his finger, but leaving the round intact.

TSgt. Roger Betterelli, a lead gunner for the 16th SOS, said, "The rounds weigh about 47 pounds, but when you're pulling g's they can weigh three times as much."

The lead gunner on Airman Robinson's plane, MSgt. Larry Bupp, said the airman did not even realize he had broken his hand until they were back on the ground. "We got ready to go back to loading the 40 mm gun, and he just kept working. I guess the adrenalin was pumping pretty good," Sergeant Bupp said.

Lt. Col. Donn P. Kegel, 16th SOS commander, commended Airman Robinson for his outstanding dedication to the safety of others and said he serves as an example to squadron members on the importance of safety on the job while working with explosives.

Activities scheduled for the youngsters at the park include Turtle Race, Balloon Toss, etc.

Food booths will offer a variety of food, desserts and drinks; a complete list of food has not been finalized. The game booths are still being organized, but the dunking' board will again be featured.

A number of booth spaces have been reserved, but additional spaces remain. An effort will be made to eliminate duplication. The entertainment will be provided all day. Anyone wishing to perform may contact the Chamber office also.

The fireworks display at dusk will conclude the day's activities at the park with the street dance to begin immediately after the last firecracker explodes; there is no admission charge for the fireworks or the street dance. Jimmy Adams will be in charge of the fireworks display and the dancers will have recorded music provided by "The Traveling D.J.'s" of Miami.

Plan to be in attendance at the Wheeler Chamber of Commerce Fifth Annual 4th of July Celebration.

Call now to reserve your booth at the park and make some money for your club or organization.

## Donations Are Being Accepted For Fireworks

The Wheeler Chamber of Commerce will again be sponsoring the Fireworks Display at the end of the Sixth annual Fourth of July Celebration on Thursday, July 4. The 45 minute display will be 'set off' by Jimmy Adams and members of the Wheeler Volunteer Fire Department.

Donations are being accepted for the purchases of fireworks. A \$2,000 assortment of fireworks will be purchased for the display. The "type C" fireworks is scheduled for "dusk" at the ballpark next to the city park; this type was chosen to cut the expense and lengthen the display.

An account has been opened at The First National Bank in Wheeler for deposit of donations toward the expense of the display. Checks can be made payable to Wheeler Fireworks Display and taken or mailed to First National Bank, Box 1040, Wheeler, Texas 79096.

A committee has been appointed for the collection of contributions for the fireworks, but don't wait to be contacted—any Chamber member will also be glad to accept the donation.

Why be out the expense and risk of your own fireworks? Let's pool our resources and we can all enjoy the show.

JAMIE TRIMBLE

Jamie Trimble has been selected as a semi-finalist in the 1991 Miss Texas Cheerleader Pageant to be held in Irving, Texas on July 27. Jamie is a 15 year old Freshman at Allison High School. She is the daughter of Pam Trimble and Cole Tindol of Allison, and Archie and Sharla Trimble of Amarillo.

If she wins the Texas title, Jamie will compete for the National title, Miss Cheerleader USA, in September. Her sponsors for the pageant are: Plains Livestock Transportation, Amarillo, TX; Calico County, Amarillo, TX; First State Bank of Canadian, Canadian, TX; Omega Grain, Wheeler, TX; Frankenbery's Texaco Service, Wheeler, TX.

I would also like to thank Garland Cavitt, Don Carpenter, and Flowers and Things of Wheeler, for their support as well. I am very excited about the competition and very proud to representing our communities at Irving.

## Isn't It The Truth

By Ab Gunter

When I wuz a kid one of my brothers acquired a race car. No, it wasn't a Lola er Cosworth, it wuz a Heinz. Had a Buick engine, Pontiac front end, Star frame, studabaker radiator, 3 in 1 Ruxel rear end 30 by 331/2 spoke wheels and the old tires would come off if you was runnin too fast er the weather wuz too hot. It looked like a racer of that time and somehow I sort

open a window or door. I found out after we had a lot of windows burst inside. The water was 3 ft. deep on streets Leroy said.

There were 2 houses burned up tonight, lightening Amarillo hit. Betti said one sounded right where her daughter-in-law lives. She doesn't have a phone in Amarillo.

I wrote this by my nite light. 31/2 ft of water is to much of water standing around a lot of fruit trees beat up. Daphne my sister has apples, berries a garden up going home she didn't get the hail. Leroy got it would hit the cars bounce clear to house hit house. They have a cellar but never got to it.

Monday we had rather a quite weekend. Didn't hear dogs bark. Ted and Pauline couldn't catch my puppy.

Think Pauline enjoying her retirement. Kids about to run her crazy getting on her nerves..

of fell air to it. If you could find a dirt road smooth enough it would go over a hundred with room to spare. Even had number 10 painted on the boattail. I couldn't keep the backend on the ground and found some 20 in. disk wheels and truck tires to solve this problem, but in changing the wheels I had to have the wheels welded to the hub and had to take off the brake drums as they didn't fit so when the backend would get ahead of the front end when I tried to stop I just took all the brakes and used the gearshift to stop it. It would run like the devil but hell to stop.

Wheeler, town of friendship and pride.

stop it. It would run like the devil but hell to stop.

One evening a young lady friend wanted me to take her a ride in number 10 and on the way back to town the left rear wheel came off (due to bad welding) and the wheel bounced up on the front wheel and then bounced off my head, taking the steering wheel, and we were walking to town. On the way in we were walking off the road so we wouldn't get hit but some bird came whizzing down the road from the West and caught ole Ab in the back side and drove him about 60 ft to the East. The Doc wasn't pleased with me being brought to his new hospital in such a shape but managed to get me back together with tape and twine but I found I hurt where you never had places to hurt.

I never ask what happened to Ole #10 cause the Doc's bill came to about the value to the vehicle and my Mother sort of frowned on such items after that.

Today I still love racing and enjoy visiting with the folks that race. I've had the privilege of visitin with many

of them but most of our talk is about our kids er maybe life in general and you would be surprised what the vocation of many of the drivers have been. Naturally down deep it is the challenge, the victory and the sport itself. There is one driver, owner and successful business man that aint got any idea how many millions of folks idolize him and they are from all over. He started with a tricycle, scooter an then advanced to motorcycle and way beyond.

I love to visit and have visited with lots of folks that go in to Indy 500 is their vacation and have found some that have been to every race for many years. Honest there are folks that work there and have for many years that wouldn't go to their Mother-in-laws funeral if it happened to fall on Race Day. One friend said his to be brother-in-law wanted this friend for bestman. He asked the groom to be when the wedding would take place. It happened to be Race Day and this friend told his brother-in-law to be, find another bestman. One man from Florida said he hadn't missed a race in 55 yrs. Why Indy? I doubt if anyone could tell you, but its contagious believe me it is.

Opening day of this year I noticed an elderly lady sittin behind the pits with her raincoat on. I stopped to visit and we got to talking about races and she knew em all. She knew Barney Olfield, Shaw and everyone of the drivers. I ask her how old she was she said 168 and I said Mam how long are you goin to keep comin and she looked at me with a smile and said "Till that durned A.J. wins his fifth race and then hangs up his helmet, thats how long, son that's how long."

Enjoyed the visit, see you next week, love Ab and Mama.

The "Thank You's" and messages of encouragement from several of the Meals on Wheels recipients means so much to our residents. The art work is very therapeutic as well as fun. We enjoy doing these for you.

Janice Sparlin and Peggy Hunt were here for their weekly visit. Our class is small at times but we do enjoy their Bible Study so much.

We would like to extend a very special thank you to Michael Montgomery, Benny Sword and Katie Flanagan for assisting with our bingo game last Wednesday afternoon. They did a fine job, hope they'll be back soon. Thank you also to Cathy Montgomery for helping out. We always have a good time.

We were delighted to receive many homemade, colorful walker and wheel chair caddy's from Wanda Bailey and Connie Washburn of McLean. They will certainly brighten up our home. Thank you.

Many of our volunteers will be gone for the summer months we're sure gonna miss them.

Thank you to LaJune Alexander for doing such a good job at the pop corn machine. We love it!

Our sympathy goes out to the family and friends of Re Lummus who died last week. We will all miss her very much. Thank you also to the family of Re and to Butch Moore and the Wheeler Flower Shop for the lovely flowers sent in her name. We have enjoyed them.

Our exercise class on Friday morning was a booming success. Several residents and staff joined in the fun. Thanks to all who helped out.

Thank you to the Assembly of God Church of Shamrock and members of the congregation for providing afternoon worship services at the Care Center. This means a lot to us.

### Canadian 4th of July Rodeo & Celebration

Highlighting Canadian's July 4th Celebration for young rodeo fans, this year's Tim Bartlett Rodeo Clown Contest distributes over \$1700 in prizes in money to children ages 5 to 12.

An annual event, the contest honors Canadian native Tim Bartlett, a rodeo clown who captivated audiences in the Texas and Oklahoma Panhandles. Bartlett, his sidekick Gunther, a Sicilian Donkey, and Wilbur Don, the ever favorite dummy, claimed fame for inventing the "True Image Machine."

Under the direction of contest chairman, Kim Bartlett, young people will compete in two age divisions, 5 to 8 year olds and 9 to 12 year olds. Contestants must be 5 years old or before June 15, 1991 and cannot have reached the age of 13 on or before June 15, 1991. A copy of the contestants birth certificate and a \$5.00 entry fee must be submitted to contest officials no later than 5:00 p.m. June 30.

On July 4 Rodeo clowns register at 9:00 a.m. in Canadian Wildcat Stadium where they will visit with a panel of judges. Following interviews, all competitors board a special float for a ride in the July 4 parade. Later in the day the clowns delight the rodeo crowd during the announcement of the top ten winners in each age division. Contestants must appear in rodeo clown costume for all activities. Judging is scored on 40% personality, 30% costume and 30% interview appearance.

Contest information is available by calling Kim or Tom Bartlett, 323-6444, Sue Bartlett, 323-8383, all in Canadian or Stefanie Hale, 435-4026 in Perryton. Entry forms may be mailed to Tim Bartlett Rodeo Clown Contest, Box 67, Canadian, Texas 79014.

**ARB Schedules Protest Hearings**  
 Property owners in the Wheeler County Appraisal District will have an opportunity on July 9th and 10th to protest appraisals of their property for local taxes. The district's Appraisal Review Board (ARB) will hear mineral/industrial protest on July 9th and real estate/business personal property protests on July 10th.  
 Chief Appraiser, Larry Schoenhals, says that state law concerning timely protests will be strictly adhered to. The deadline to file a protest for 1991 is June 25th. Schoenhals says the district mailed Notices of Appraised value to all property owners with known addresses on May 25th.  
 Property owners protesting their valuation should not attempt to contact ARB members outside the hearing.

Cancer Crusade Reports Success

The American Cancer Society Crusade in Wheeler has been completed. Maurita Stribling, N. Wheeler County Unit Chairman and Sharon Wright, Chairman of the City of Wheeler drive wish to thank all who contributed in any way. There were many who knocked on doors and called on businesses and asked for contributions and passed out information leaflets. Not only is the American Cancer Crusade a drive to raise money, it is an effort to better inform people about the danger signs of cancer and things we can do to prevent having it. There are so many in our area who are suffering from cancer and through the American Cancer Society office in Amarillo, we are able to offer assistance in many forms. It is very reassuring to know that our own people are benefiting from our contributions.

Through the residential door to door crusade, \$1,123.06 was collected. The business crusaders brought in \$1102.00. The total drive produced \$2,225.06. I you have not been contacted and would like to make a contribution please send it to: American Cancer Society, Box 1199, Wheeler, Texas. It's never too late!

In the May bank statements for First National Bank in Wheeler and also First State Bank in Mobeetie there were envelopes to be used for Memorials. These can be used for memorials to specific people or just a contribution to the American Cancer Society. If it is a memorial for a specific person, a card will be mailed to the family specified on the envelope. Keep these envelopes in case you may want to send a Memorial at a later date. The money given to the American Cancer Society is put to use for research and aid to the victims of cancer. Who knows—anyone of us could be the next victim!

About \$450 million worth of pickles and pickle products is made each year.

# SWEETWATER NEWS

By Mrs. Joe Flowers

How about it? Anyone mildewed yet? We sure don't do things by halves in Oklahoma. Imagine we've had ten inches of rain in the last three weeks. And did we need it! Every drop is appreciated, tho the wheat and cotton farmers are crying Uncle.

The grasshoppers are working on the potatoes and onions. We may have to learn how to make grasshopper stew. Insects are the only protein in some countries. We have had a tree of ripe cherries, three berry vines, and the apricots are turning. Joe got ambitious and set out two rows of berry sprouts. Since he has seen how thorny the vines are, I think he wishes he'd hoed them up. Delicious eating tho.

Mrs. Ruth Stutzman is convalescing in the home of her daughter and family, Judy and Gerald Tipton.

Mr. and Mrs. Hansford Jenkins of Lake Texoma have been visiting his mother Stella Jenkins. They took her to Amarillo to see her doctor. Hansford now has an Arts and Crafts Store on

Bunkum Creek. He does beautiful woodwork. Stella also heard from Audie and Chris in Gaylord, Mich. They are fine and Chris is assistant editor of her paper.

I don't think this has been our week. Joe promised months ago to come to the Johnnie Reed 60th anniversary party and play a few tunes. The day came and there were six miles of mud. Yes, we stuck. It was the first time, I ever had to wash my feet before they'd let me come in the house. Joe said if we'd stayed in the car, we wouldn't have got muddy. I said if we hadn't pushed him out, we would still be there. Anyway, we had a fine time. Met a lot of new cousins and some old ones.

Came home and the water pump was running. Found a leak under the floor of the guest bathroom. Danny

Taylor of the Erick Helping Hand came out and saved the day. Found out Danny's mother was Betty Reese. They were our neighbors long ago. But everything wasn't bad. Uncle Sam sent us a \$3 tax refund and Blue Cross wrote to look around for a \$13 check we hadn't cashed. Found it too.

The Kitchen Band went to the Erick Home Tuesday. Mr. S.L. Henderson was celebrating his 96th birthday. The Band sang Happy Birthday to him. Jack's sister had taken him and Betty on a two week vacation. One of our Rockettes, Iona Miller missed two dates while she visited her son Derrell and family in New Mexico.

We had to cancel the Bell Avenue home today, when Dosses called to say Basil had fallen while "working on the building". had to spend a night in the hospital for observation because

of a mild concussion. Had several stitches on his head and was badly bruised but no broken bones. We hope he is recovered by Tuesday.

Graveside rites were Thursday at Buffalo for Martha Ellen Shirley. She was raised in the Bullo community.

I received word this week of the death of a reader John Paul Jones in El Paso. He was a cousin of Helen Ewing and O.K. Henson. I had a number of letters from Mr. Jones.

It seems they are treating Aids a little too lightly. Now they have a number of cases who caught it from their doctor or dentist, some from infected organ donors. Of the 171, 876 cases of Aids reported to the Center for Disease Control by March 31, there were 6,474 cases that they had no idea of the mode of transmission. We need to think more rationally on the subject. It is more easily transmitted than first thought.

Margie Harkins of Elk City, Mr. and Mrs. Roy Hiller of Amarillo were guests of Margaret Hiller last week.

Visitors for the music at the Erick Home last Tuesday were Mallory Elms

and his sister from CA, and Albert Martin. Also visited with Ruth Gillum, Hazel Taylor, Mr. and Mrs. Gene Nichols, Coleen Gordon, and Henry Newman of Dill City.

Richard Crawford and his dad Earl are vacationing in Arkansas and Alabama. The Band played Jumbalaya for Richard to send him south in the proper mood.

Had a call from Bernie Bessire of Pharr, TX. He said that he, sisters Lenora and Cordelia, and his children planned to be at the Sweetwater Homecoming, July 6. You'll come.

That You'll remind me of Alvanita North's column about talking Oklahoma. When we were in California, a cousin said "I just love to hear you talk Okie." Now they talk so fast and choppy they are hard to understand. The Pearl Reed family reunion will

be June 29 at the Elk City Park. All relatives and friends are invited. Bring a covered dish for the lunch at noon.

We had visitors Tuesday, Ruric Webster of Elk, his sister and husband, Mr. and Mrs. Hazelton from Dallas, their daughter and grandson from Houston. Seems Mrs. Hazelton was three when they left this place in 1911. I imagine it has changed in 80 years...Ruric and Susie ran the Cotton Store for years before they retired to Elk.

Most of us get from one to fifteen pleas for money every day and some are very worthwhile and should be supported. Some are like the one that said Last chance to send in your \$5 and it took in several thousand dollars. We should think of our home projects too, besides the Church there are the EMTs, Volunteer Firemen, Cemeteries, Meals on Wheels, 4-H, FFA, FHA, Boy Scouts, Girl Scouts, Ambulance Crew.... When we make funeral donations to charities remember the Home folks.

Jimmy and Virginia Fowler of Amarillo and grandsons were out visiting relatives. Took the boys fishing on Sweetwater Creek.

Matt Carlson won 1st on Junior Breakaway Calf Roping while Darrin York won 2nd Calf Roping at the Black Kettle Round Up Rodeo at Cheyenne.

Summer is the time for playing outdoors. It is also the time to be the most careful. Watch out for power lines and never get close to them. Have a fun summer. Play it safe.

REMEMBER THESE RULES:

- Do not climb electric poles, towers or structures.
- Do not set ladders near power lines.
- Be careful when digging. Call SPS to find out if there are any buried electric lines in the area.
- Don't post signs on utility poles. It could cause a lineman to be hurt.

### Top O' Texas CattleWomen Meet

The Top O' Texas CattleWomen were called to order by their president, Carolyn Buckingham, at 10:30 on June 10, 1991. Amelia Sims was asked to give the invocation, and then she read the minutes of the previous meeting, substituting for Andrea Sims. The minutes were approved as amended. The treasurer gave the report of our treasury.

Beef for Father's Day was discussed and we are to watch the papers and listen to the radios for our Father's Day spots. Other old business was the discussion of our Style Show. Nancy O'Neal was not present, but had talked with them and then written them, but no word yet. It was discussed and Diane Buckingham moved that if Nancy could not find free lodging for the winner, we will pay one night's lodging, Mary Mitchell seconded the notion, it carried.

Elizabeth Horwood, our Texas State CattleWomen president, has sent us a communication showing that the Random House Books has published a book for K-1st grades entitled Teenage Mutant Ninja Turtle ABC's for a Better Planet. The book, which is available from most book stores and also through the Troll school book package order list, contains two direct hits at agriculture. This book is clearly directed toward parents because the content and vocabulary are far beyond kindergarten and first grade. Our president urged us to have a letter campaign against this book being put in our schools. It is clearly "scare tactics" against the cattlemen and farmers.

We discussed writing the Nomination chairman, Lilit Brinard of Pampa, to nominate Anita Brown for 1st Vice-president of the State Organization.

The meeting was declared adjourned. Those present were Barbara Meadows, Brenda Wood, Mary Mitchell, Anita Brown, Diane Buckingham, Carolyn Buckingham, and Amelia Sims. We were wondering where the rest of the members were.

### Wheeler Senior Citizens Meeting

The Wheeler Co. Senior Citizens met in regular session on June 3, at 6:00 P.M., for their covered dish meal. After the four persons who have birthdays in June were recognized, the invocation was given.

Twenty-three people enjoyed the meal and games after the meal. Those present were Jack and Doris Hays, Mary Hudson, Hestell Killingsworth, Jewel Holloman, Willis and Laverna Fillingim, Oleta Jones, Roy and Lois Meadows, Claudie and Ina Mae Brotherton, Birdie Hudson, Eli and Helen Sabbe, Beulah and Doyle Grimes, Marie Gudgel, Elva Wood, Tom and Alice Bell Helton, J. P. and Martha Meek.

Remember that we meet the first Monday evening of each month. Come and join us.

**Congregational Concerns:**  
At a recent men's business meeting, it was decided to prepare a mailing list of the people who attend this congregation. The initial copy of this mailing list is on the table in the lobby. Please check this list and make any necessary corrections for you and your family.  
The High Plains Children's Home in Amarillo has begun its annual Change for Children Campaign. The goal of this campaign is to raise \$20,000.00 during the summer months. If you would like to participate in the campaign, please take a can from one of the boxes in the lobby.  
Doodie Phillips had eye surgery in Fort Worth last week. The surgery was very successful and she is recovering at her daughter's home in Fort Worth.  
Essie Finsterwald remains confined to her home. Her condition is slowly improving.

**From The Minister's Desk:**  
Did you hear about the young psychologist who was drafted into the Army? When he was assigned two days of "K. P." Duty which consisted of serving apricots to the other soldiers, he decided to use these two days to test the power of choice.  
On the first day, he asked: "You don't want any apricots, do you?" And sixty percent of the soldiers refused the apricots. Then on the second day, he asked: "You do want some of these delicious apricots, don't you?" And almost ninety percent of the soldiers took some of the apricots.  
Jesus Christ was not a psychologist. Yet He did recognize the power of Choice. When He solicited people to be His disciples, Jesus always gave them a choice. For example, in Matthew 16:24, these words of Jesus are recorded: "If anyone wishes to come after Me, let him deny himself and take up his cross and follow Me."  
Notice that Jesus said: "If anyone wishes to come after Me—." Jesus did not demand or command people to follow Him. He solicited people to follow Him, saying: "If anyone wishes to come after Me—."  
But Jesus Christ did not deceive people. He clearly outlined the alternatives that were involved with the choice. Jesus said: "Enter by the narrow gate; for the gate is wide, and the way is broad that leads to destruction, and many are those who find it." (Matthew 7:13-14)  
Whether the issue is apricots or salvation, it eventually comes to a personal choice. What will you and I decide? God has clearly made known the alternatives. Only our decision remains.  
May our decision be one that is obedient to the will of God.

mention of the fact that in all my 61 years in Wheeler, I had never found the exact location of Broncho Creek. This statement was repeated by a friend at the party at Leola and Earl Farris' home. And do you know what—Leola and Earl came to visit me on Sunday. They told me the approximate location of Broncho Creek, and volunteered to take me there any time I felt like going. Now, that's a date. I hope to be seeing Broncho Creek soon.  
 Also Margurite Ficke Philpot from Pampa and her sister Bessie Mae of Odessa came by on Sunday.  
 Bless them all. I do appreciate so many of my friends taking time and effort to see me.

That reminds me, June 21 is the first day of summer. That means more picnics and ice cream.  
 Dr. Larry Barbour used a long weekend to visit his daughters. One lives near El Paso and the other in Mississippi.  
 The "Times" personnel attended the dress rehearsal of "Texas" at the Palo Duro Canyon on Tuesday night, which was the eve of opening night. I'm sure -cwe- will tell you all about it.
