CONGRATULATIONS are extended to each of the graduates. We wish for each of you the best. This is for those receiving their Eighth Grade Diplomas also. Way to go Forrest Lee.

We hope you enjoy the pictures. We tried to keep the seniors in the dark about the 'baby pictures'. I had decided to do this and when I went to the Sports Banquet, they had done almost the same thing. Thanks, parents, for your cooperation—you might as well be in trouble too.

Christian Academy students will be in Denton next week participating in the A.C.E. International Student Convention. We are expecting lots of first places from you.

By the way, Brandon, who is going to shovel my walk next winter. Brandon Griffin has been out front cleaning the walks since he was big enough to hold a shovel. He was also quite a salesman. Good luck, Brandon.

It is a shame we cannot announce that Ginger, Todd and Ike brought home the gold. Ginger placed 4th in the discus, Todd placed 6th in the High Jump and Ike earned 7th in the Shot.

We mistakenly had Ginger throwing the shot at state in last week Times. She threw both the shot and the discus, but did not qualify for state in the discus.

We have had a treat at Kiwanis the past two weeks. Last week Andy Copeland and Rocky Mendiola entertained us. Andy plays the sax and Rocky plays the piano. Play is not an adequate word to describe these two young men's performances; they played. We heard several selections from each.

This week Wade Hampton played the guitar and sang for us. Wade is a member of a local band, the Bandits, which has had 'gigs' over the area. As Jim Wright commented, "Yukon may have Garth Brooks, we have Wade."

One down and one to go. The two speed bumps were removed from in front of the pool last week and one placed at a location between the others.

I have been needing to issue a compliment for the past several weeks and just keep forgetting. Drive by the city's ball park and observe how nice it looks. John Earl Simpson works hard keeping this field in tip-top shape.

And Peggy Beers deserves a Thank You. I needed a picture of the Pettit house for The Smith Agency ad. The only angle to show the house is through Beers' drive. I called and asked if she would move her van. She not only did that, she also pulled the pickup forward. It was appreciated, Peggy.

Also in the forgot to mention department. In our recent trip to Austin, we stopped in Abilene—we needed the break; we met Michael Kenney in the mall. And, later on to Austin as we were traveling down the interstate, the Steve Guthries went passed us. It's such a small world.

We stayed home this past week to operate The Stas Bed and Breakfast. We had three reservations. C. B. Phillips arrived Friday afternoon. Melba and Gene Arnold arrived almost in time for breakfast Saturday morning; they were attending the Blue Grass Festival in Sayre; the first performance was Friday evening. The Arnolds have reservation for late July; they intend to be here for the Mobeetie Blue Grass Festival.

Yes, we made ice cream. It had been waiting for the Arnolds when they arrived. The flavor for the evening was Banana Strawberry.

To make your mouth 'water' a little (Continued Page 2)

Extension Update

Joan Gray, CEA-HE

"Buckle Up America! Week" May 18-25, 1992

In recognition of "Buckle Up America! Week", the Wheeler County Extension Service strongly encourages all motorists to use safety belts and child safety seats on every trip in a motor vehicle. "Buckle Up America! Week" is a national campaign highlighting the lifesaving potential of safety belts, child safety seats and air bags.

"Many people just don't realize how your chances of serious injury or death are reduced significantly if you wear safety belts an estimated 24,886 lives were saved by safety belts from 1983 to 1990." "In 1982, before any state has a belt use law, America buckled up at an 11 percent rate. Use of safety belts has more than quadrupled since then in response to increased law enforcement efforts and public information campaigns. As encouraging as these results are, it's not enough! People are still being killed on our highways because they didn't take the three seconds needed to buckle up. That's inexcusable!

It is also important to use safety belts even if you car is equipped with an air bag. "Many people don't realize that air bags are only effective in a front-end collision. You still must wear a safety belt in case of a rear-end, side impact or rollover crash. For the best possible protection, use the "winning combination" of safety belts and air bags."

In addition, the Extension Service reminds parents of young children to protect them in a child safety seat that is installed and used correctly. "Child safety seats are very reliable in preventing deaths and injuries to child passengers, provided they are used correctly. Child restraints are credited with saving an estimated 222 lives in 1990. That's a good record, but it can be improved with everyone's participation.

This week's safety belt awareness activities will coincide with the Memorial Day weekend, which historically signals the beginning of the summer travel season. This summer, a special campaign will again be implemented across the nation to increase safety belt usage. This campaign, known as the *Avoid the Summertime Blues* campaign will include increased efforts on the part of enforcement agencies to increase compliance with state child passenger safety and/or safety belt laws. Buckle up, every trip and "avoid the summertime blues."

JOIN THE WINNING SIDE

Deuteronomy 30:15-19 tells us that God has set before His people life and good, death and evil. He says that we have a choice to make and He tells us to choose life. Blessing or cursing is here, but God wants us to choose blessing. Some people think that God makes all the choices. Therefore, they never make a definite, conscious choice in the matter. In that way, they choose things pertaining to death, cursing, and evil. God told Israel in old times what to do in order for things to go well with them. We have even better promises than they did. God certainly wants things to go well with us.

In Ephesians 6:2-3, God told us that by honoring our parents, things would go well with us. So, obviously, He wants things to work out well for us. He wants us to be blessed and live a long time.

It is amazing how folks overlook Scriptures promising good things and blessings. We have been programmed to believe that bad things like cancer, diabetes, and heart attacks are blessings. These and other calamities are often called "acts of God". God said though that He thought thoughts of peace and not evil toward us, to give us a good future and hope (See Jeremiah 29:11). Jesus said that we natural humans know how to give good things to our children. Then He said, "How much more shall your Father which is in heaven give good things to them that ask Him? Why not talk to God today and tell Him you appreciate what He has promised in the Bible and tell Him that effective right now you are choosing life, and healing, and blessing, and good things? If you need prayer, do not hesitate to call us. We care.

said no. The tax assessor made his five year trip to see if we had anything new. Then next a man came in and said he was Aaron Miller from Vancouver, Washington. His folks, Clell and Thelma lived over on Sweetwater Creek when he was a boy. He was in school along with Elsie and Edith. Reads the SW news away up there and came by on his way to a reunion of his regiment in Mena Ark. He is a cousin of Pauline Roberts and has been visiting her and Blanche. Sure nice to see Aaron.

Recent visitors of Helen and H. E. Smith were his cousins, Annie Husted and Bertha Johnson of Springfield, Ark. Bertha was in my class and Annie in Frank's when their dad, Charley, ran the Mayfield gin.

Donnis and Lanelle Hayes of Enid were out to spend the week with her mother, Mildred Allen. They all had Mother's Day dinner with Faye and Leroy at Erick. Other guests were Randy and Randilyn. Ricky, Sherry and family from Hammon.

Tammy Keathely, Mandy Carlson. We all have a few young friends who are special. Tess Heinsohn checked me out and Charmain Smith took my groceries to the car. Tess has finished her first year at Sayre College and Charmain graduated. I heard that Carlos Myers' Jr. High School band performed at Seiling and came home with a 1+. Beat out 45 bands.

And our friend Jenny Jones at Elk had her picture in the paper because of her scholarship and good grades. Our friend Tricia Shirley of Choctaw sent us the latest picture of little Kanema. Ruth Blackletter called to tell me Lori Keathely had won the Ida Mae Rutherford Scholarship. Congratulations to all.

A number of our young folk received ribbons at the Roger Mills Co. Track Meet. They were Bryan Davis, Perisha Hill, Joel Alexander, Julie Coker, Monica Bentley, Brad Atkinson, Michelle Reed, Shane Hanson, Mandy Hagerman, Wesley Powers, Megan Sites, and all the relay teams.

The class of '57 is planning a big reunion the weekend of the Fourth of July; during homecoming. Understand, they have contacted everyone but Clara Lou Davis and Alice Quick, anyone knowing their whereabouts, contact Alma Richardson, Rte. 2, Box 30, Sayre, OK 73662. Ph. 928-2059.

Iona Miller and Margaret Hillers met Margaret's daughter and husband, Faye and Ralph Bagby of Dallas, at Oklahoma City. They had lunch and took in the Cowboy Hall of Fame. While there, they met Bill Jones at the information booth. He told them he had relatives out here, including me. Guess he is Cleo's boy.

Ain't It The Truth
By Ab Gunter

Wet paint do not touch! How many times have you just couldn't refuse and find out for sure that the sign said what it meant? You would think all of our military genius would understand that when they started handling out weapons to all these hotheads across the pond. I notice in the papers and on the tube that we have many of these Jokers that wear them long petticoats who would delight at knocking down any aircraft we have, jes fer fun. I still can't really understand why we went over to sort uv country watch for them Kuatis while they wuz havin a vacation in France er maybe Disneyworld. Yep we went over and helped get their country back and durned if we didn't have to dust their baileywicks out before they would move back in. Sort uv makes me fell like a one legged bird at a Fanny Kickin Contest, recon you feel the same way, don't you?

On the news I see where the US of A is goin to send the Russians twenty billion bucks so they can get their Rubies readjusted. Wonder who is doin to send us a bunch us money so we can get our Rubies readjusted. Matter uv fact just how do you get adjustments on what you ain't got to begin with.

Mama thought she would sort uv get the jump on a garden and over a month ago she planted some vegetables that enjoy cool weather and the ones that enjoy the cooler weather better enjoy frost too. We hear that its supposed to frost tonight an maybe tomorrow nite. So many of the buds on the fruit trees have sort uv been nipped in the bud and so are many of the other things like lilac bushes an the black-berries but them durn Dandy Lions buds must have been covered up cause they are bloomin and growin like sixty.

Mama and I have sort uv decided we are goin to quit smokin and are doin our best at it. I knew where she had a few smokes hidden and figered I would help her get rid uv em but durn her hide she has moved hiding place and prowling around I thought I had discovered it. I snuck out one of the smokes and it wuz sort of dark back in the closet where they wuz an I tried to light it an tried again and again. Shucks I couldn't even draw on it enough to get it going so I got the cigarette out in the light and found it to be a piece uv chalk that she used on markin material she was sewing on. I snuck it back in the box and put the box back in the drawer. Hope no one tells her uv my misdoings.

Got to ride in one uv them new Caddy Pace Cars the other day. Our son brought one down to let us see it and took us a for a test ride and its got so many buttons on the dash a feller would have to be a genius to even start it. You got buttons for the doors, buttons for the winders and buttons for the seat, radio and all. Its neat an its RED but honest a feller my age has to have help to get out of the durn thing. I wouldn't trade my 63 Chevy pickup for a dozen uv em cause if I want to I have been known to just cut across country and you durn shore ain't goin to take them underslung things out across the pasture. Ain't got nuthin against a Caddy but a feller like me just ain't wired for such vehicles.

A friend ask me if A.J. would run in the 500 this year an I looked rite in this friends eye an said, "If the moon comes up in the East and the sun sets in the West you know durn well A.J. is goin to be there runnin like he will be in the year 2045". Enjoyed the visit. **Ab and Mama.** (An if I can find where that gal is hidin the smokes. I probably will be smokin in 2045.)

everyone was in good spirits. Those going were Joyce Matlock, Margaret Boney, Donna Mercer, Sayre, Rose Abia, Hazel Francis, Iona Miller, Margaret Hiller, Richard Crawford, Roy Swaggar, Erick, Billy and Basil Doss, Carnegie, Murray Orgain, Canute. We three and Old five string.

We went to Cheyenne for Joe's haircut. Highway 30- was being worked on so we came back by the Grimes road. Only we missed it. Were over to Six before we knew it.

Gerald and Judy Tipton went to Denton to see their son-in-law, Randall Fuchs, graduate from college. They spent a few days visiting him and Tammy at Lewisville.

Benny and Geraldine Newman of Lakeside, Ariz., have been spending a few days with Ray and Betty Sites.

Eb and Eva Atkinson Brad and Brendon visited Otto and Ruth at Erick Mother's Day.

Ecclesiastes 12—13 & 14:

Let us hear the conclusion of the whole matter: Fear God, and keep His commandments: for this is the whole duty of man. For God shall bring every work into judgement, with every secret thing. Whether it be good, or whether it be evil.

This Monday morning in Allison is completely cloudy with a gentle breeze, really nice.

Sunday dinner guests in the home of Frank George were Betty Dyer, Evelyn Elliott from Wheeler, Hector and Kathy Badillo and Hector Hank and Nadine Lane of Allison.

Anyone that would like to make a donation for a Memorial Plaque in honor of the memory of Mrs. Doris Newsom and Mr. Johnny Peoples, they can turn in their donation at the Lane's grocery store in Allison or give it to Suzanne Lohberger or Leota Black. These plaques will be shown at the Allison school homecoming June 20th.

BRISCOE NEWS

By Vetola Parker

They don't have many more days at Briscoe. I always hated to see school out. We had to go to work didn't get to go much.

Shorty Crawford and Maybell Childress came out with Helen Wednesday night. I was glad to see them.

Marylu Markham took me this morning that Joe Puryear passed away last Thursday. Was buried Sunday, forgot the exact name of the town it was close to Enid, OK. Bob and Marylu called Ralph out in New Mexico. Ralph and Juanita came to Bob's.

Bob and Ralph went to Joe's funeral last Sunday. Joe was reared in Briscoe community. Went to school over there. I went to school with him. Marylu said it was his heart. Most everyone in 1930 and 1940 will remember Joe. Bud Puryear was his Daddy, brother to Jeff and Bob. Jane and Ruth forgot his mother's name. She passed away little before Jeff did. We are so sorry to hear this and shocked. Our sympathy goes out to the family and relatives and friends didn't get his wife's name.

Pauline said who put up the screen wire on our plants I said to keep hail from getting them. Last night we got a very small amount of hail but it got 2 of my tomato plants Betti said some one had took the wire off of the plants.

Amarillo got hail last night. Our weather is very unstable today Friday

worst up in corner southwest corner of Morton County.

Kansas bad, got a letter from Daphne my sister she said she was very dry. She is in north east of Amarillo close to the flower mills I thought it sounded like they got rain and hail.

Gary and Tish and 2 little girls probably Little Joe went to Nebraska this morn. to Jennifer's graduation. I thought a terrible trip. Nelson said 6 hours up there, 6 hours back.

Nelson spent the night here last night. He got a job close to Sunray. He had last Sunday off is all in 2 weeks he stopped at Zethas on way down last night. He was so sleepy and tired this morn. had to go to Clinton then to Dumas, ready to work in morning.

Bob Zybach called me said he wanted to thank all that came to work on cemetery at Zybach there were a fair bunch came. People told him Zybach was the nicest and prettiest cemetery around. It's clean and pretty now. I will take the blame none of my bunch was there. I just didn't get them the word. Zetha came down one day.

Betti said we didn't tell her about the work day, Zetha and Leroy. Leroy and Janice had visitors from North Carolina they all could come down if I got them word. Garry and Tish and kids went to Nebraska to Jennifer's graduation. Ted was on call and Weldon and Nelson had to work. Will hurt them to know not any of us were there. I could have called them. I was sure some of them would be here. Tolene so far away.

The Bevard Dukes family will keep the cemetery clean this year. That will be nice we really appreciate the work up there.

I always checked on the cleaned

Spud and Mary Wood baby grave just wondering who got to it Sat., it's almost a forgotten grave each year. They went up there once they could not find it. I think I still could find it. It's in west end of the old cemetery close to that fence row. Mrs. Woods put a little stone lamb on it was way I found it. There will be many, many graves forgotten. Colie always took care of that, cemetery stuff, flowers, etc. was talking to Willis Fillingim. He said Ruby (Hefley) Vise was buried yesterday. Saturday. Eddie Meadows daughter was in a car wreck in Canadian hospital. Grady Dodd is in Amarillo hospital real sick. Forgot what hospital.

Still a lot of sickness and deaths. See where Briscoe has their baccalaureate sermon on Sunday night. What I tried to get.

Sunday sundown thunderclouds all around at Shamrock and Wheeler looks bad.

So many sick, sure hope Grady Dodd is better.

Got word just now one of my cousins in Calif. Elbert Overall was buried yesterday. He was to come out here April or May. He and his wife, I had looked constantly last week.

Never heard of so many deaths and sickness.

Bill and Neta were down this weekend. Neta is feeling better. Think Cliff is better.

Mable said her garden was pretty. Hail just didn't last to do too much damage.

Marinda had her baccalaureate and graduation together yesterday in Liberal, KS.

Spots in Amarillo really dry, spots wet, spots hailed bad, spots fair, golf and baseball size hail and baseball

riddled roofs.

Sure hated to hear Ruby passed away. She was in my sisters class, Daphne.

Looks beautiful outside a wee bit windy.

Tuesday, semi cloudy, getting worse, looks like rain, getting foggy.

Tommy and Adalene Aderholt boy Jimmy in Lubbock hospitalized from car wreck. Red and Anna were back from seeing him in Lubbock. Hurt in pelvis I understood.

Daphne told me Madell our sister in McKenney grandson her Patsy's boy that got a hole knocked in back of his head while back was just barely up and around I understand was in Madells car wrecked it don't know how bad he hurt this time, tore car up, poor kids, brings back memories to me of ours.

Leroy was worst, when he went to sleep, pulled out in front of a big Lee way truck W.O.W.

Frances will soon be here after my news. Hope all the sick are better this morning.

Sure hate I won't see my Elbert and Vada, while Vada may come up here, with some of the rest out there, have a lot of cousins and friends out there. Don't know how so many got out there. Think our bunch went, jobs were plenty all rest went for jobs.

Leroy is having a time putting brick on his house. One of the men had to have surgery last Wed. But he is back at work. He took out the old windows closed one window put in a door, takes time I guess. Be glad when he is done and he can come see me, he got a good excuse not to come now. Leroy's feet and legs have been both

ering him he's been about to get down, holding his job at copper plant also. Leroy says it's sure looking pretty.

Hoyle talked to Red and Anna had just got home from Lubbock and seeing Jimmy. Sure hope they all get ok. Elbert was 81 last January he had

his 3 by passes before Christmas seemed to be doing o.k. We never know who is next, just need to be ready.

Zybach Cemetery is clean and pretty ready for the decoration next Sunday.

Here & There

By Laura Guthrie

This Monday evening and what a lovely day we have had. Cool, but warm enough to be outside and enjoy sunshine without wind. I have the will to work but some how I lack the energy. I go to the garden and it looks promising. I was thrilled to see tomato blooms. And besides that, we have 8 okra plants. Not many? I'm about the only okra eater in the family. If it does anything at all it will be enough for me. Have you been reading about the big commercial projects that's built on our High Plains. (Yeah, we may be below the cap-rock, but not much.) I've always loved the Plains. That wide expanse of flat land has an appeal that reaches deep inside me. I wasn't born on the plains but I landed there, in a covered wagon, about 91 years ago. No, I don't remember it, but I've lived it.

So on what some people think is a desert, a half populated, area is gaining ground: Dalhart is building a 40 million dollar Hog Farm. One unit will house hogs, including 16,000 sows. Just imagine the piglets there will be. Every kid in the country should be given a runt from every litter! (That's what my dad would do.) There's a cleaning unit that will separate the solid waste from water that will fertilize the grain crops that feed the pigs. (Round-robin, did you say?) Spearman plans on building a 1 million dollar Community Center. They've been working on it for three years. Actual construction should begin in 1993. There will be space for Senior Citizens, but there will be plenty of room for youth and adult groups.

And over at Clarendon we have a rancher who is converting his facilities into a Dude Ranch. He believes it will be a means of getting people initiated to western life. This Ranch is near Greenbelt Lake and the proposed Thunder Junction Park.

All of this sounds great to me. May be we could tolerate a few more people in this area. Just so we don't get an Eastern City Ghetto, or a Los Angeles Watts Sections.

I do hope all of you read in last weeks Times that Markus and Georgann Burrell have been recognized for their Scholastic achievements at Wayland Baptist University. This couple deserves a lot of credit. They knew they needed more education for what they wanted to do in this world. They have a family to rear. They stiffened their determination they have achieved. That is great!

Georgann is the daughter of JoAnn Taylor and granddaughter of Mildred Porter. Mark is the son of the A. W. Burrells of Wheeler.

(70) years ago I graduated from Wayland Baptist Junior College—but I didn't get any National acclaim!

Wheeler Christian Academy Srs.

MICHAEL BRANDON GRIFFIN

Michael Brandon Griffin is the 18 year old son of Mike and Bambi Griffin, Wheeler.

I have attended Wheeler Christian Academy 13 years since kindergarten. I will be the first student to graduate from this school that started in kindergarten.

I have attended the West Texas

Student Convention for five consecutive years. Each year I qualified to compete in the International Student convention. I have competed and placed in the following areas: Preaching, Spelling, Table-Tennis, 1600 Meter Run, Long Jump, Male Trio, Radio Program, Essay Writing, Pencil Sketching, Wood Sculpture Hand tools

and Wood Working Power tools, and Basketball.

I gave all the honor and glory to my Lord and Saviour, Jesus Christ for all my achievements.

I have also been selected for the All-Star Team in football and basketball for the 1989, 1990, and 1991 seasons.

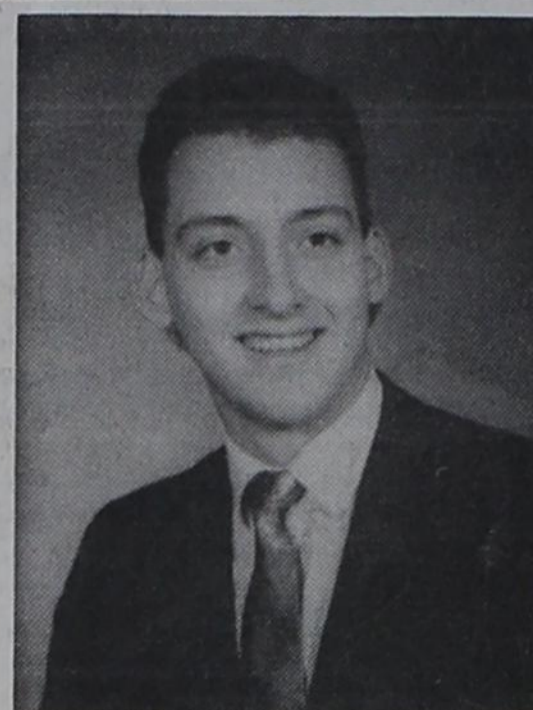

The teacher I will remember most is Mike Griffin. He has helped and encouraged me all through school. Thanks Mr. Griffin. I will also remember my coach, Jimmy Dean. He's had a great impact on my life.

My most memorable moments were those times I competed at the International Convention. Also winning 1st in the mile at State.

After graduation, I will begin an internship in Africa. There I will help build a Christian school and will also teach in that school for one year. I know that God has a specific plan for my life and my goal is to fulfill that plan.

My wish for my parents is that they will be proud of me and that I will honor them. And they will be blessed with health and long life.

Michael Brandon Griffin

Jeremy Alan Dean

Convention for five years, winning various events such as: Male Solo, Oratory, Radio Program, etc. My big-

gest successes have been obtained through music. But I have also excelled in Academics since I have attended Wheeler Christian Academy. Each year A.C.E. students top the C.A.T. with outstanding performance because of the self-paced education and Christian environment.

Other areas of honor include my participation in the Republican Party Convention of Oklahoma, and various sports honors (Basketball, Baseball, and Flag Football.) I placed second in the 1990-91 A.C.E. National Conven-

tion as a male soloist, and my twin sister, Julie and I placed second in the nation with a mixed duet.

It is very hard to choose a favorite teacher being in a Christian environment. But I would have to say Earl Husted of Wheeler, for the simple way that he handled every situation no matter how hard.

My most memorable moment comes every time I witness the saving grace of my Savior, Jesus Christ, to a hurting soul.

"Trust in the Lord with all your heart and lean not unto your understanding. In all your ways, acknowledge Him, and He shall direct your paths." I have considered Law enforcement, but God's leading my life into the Ministry of Music. And His ways are higher than ours; therefore, in what I do I MUST follow His joyful leading.

I wish for my parents that I will honor them through my future actions, and that I will give them the rewards of parenting every Father and Mother desire.

JULIE ANN DEAN

Julie Ann Dean is the 18 year old daughter of Jimmy and Patsy Dean of Sayre, OK.

I attended Arnett Public School for 7 years, and Sweetwater Public School for 1 year, and have attended the Wheeler Christian Academy 5 years.

My brother and I have gotten 1st place in MX Duet, 4 out of the 5 times we've been to State Convention, and last year we placed 2nd in MX Duet at National Competition. Other State Convention Honors I've had are: 1st in Female Duet, 1st in a small Ensemble, 1st in Radio Program, 2nd in Spelling, 3rd in Sewing, and 4th place in Volleyball. I have also participated in the Republican Party Convention of Oklahoma as a page.

All my teachers have been wonderful, so I don't have a favorite, but the one I will remember most is Bro. Griffin. He is very trustworthy and encourages us to follow the things of God.

My most memorable moment is giving my life to Christ.

Sometime in the near future, I plan to serve a one-year internship in Africa, helping in a Christian School.

I have the best parents in the world, and I pray that they will have abundant blessings, just as I have been blessed to have them as my parents.
