Single Copy: 35c THURSDAY, JANUARY 14, 1993 "Wheeler, town of friendship and pride."

By Louis C. Stas

The Wheeler County Livestock how will be held this weekend. Take little bit of your time to go down and ee the results of a lot of hard work on ne part of our youth. The sale will be Monday evening and your support is needed then also. -cwe-

CONGRATULATIONS to Joe Dan edbetter; he was the second of our Wheeler Mustangs to be selected as player of the week by the Pampa Daily News. Joe Dan has really been adding up the points on the basketball court.

The Times was informed this week of the need for additional Campbell Soup can labels by the Wheeler School. The Campbell company will give the school credit in the way of computer equipment for the accumulation of a set amount of labels. The number needed is 900. It won't cost you anything but a little bit of time to remove the label from the cans and sent them to school

-cwe-

I received a letter from Mrs. John (Bonnie) Merriman requesting a copy of the Times if we had run an article from Amarillo College regarding the Bonnie and John Merriman Scholarship. I do not think we ran the article, but will watch for any other reference to the scholarship. The letter informs us that John Merriman was a 'printer's devil at the limes when it was published by his uncle, John Dunkle, and older brother, James D. Merriman, Jr. John graduated from Wheeler High School in 1925 and purchased the Booker News in 1927

-cwe-Continuing on the subject of Ex-Students, I made reference last week to the reunion scheduled for June 12, 1993, at the school. We have a couple of stories on Ex-Students to be run. It would be interesting to hear from some of you exes and let us know what you have been up to since graduation. If you sent out 'Christmas Letters' this year, send us a copy and we will see what we can do with the information.

Let us know if you intend to be in attendance at the reunion and who you would especially like to see at the

-cwe-

You local exes, take note: We have people, who travel a great distance to attend the reunions, don't disappoint them and not 'show up'. This is only one day of your time and several of them had to devote several days and travel expense for the journey. Who knows, you might even have a good

This past weekend seemed to be the norm for this winter-rain, sleet, snow and ice. The result was only 0.2 inches of moisture, but it made for result of the propane regulator froze. 3109 or Louis Stas, 826-3123. We had a rash of these fires a few years back.

-cwe-We had a visitor last Wednesday evening and Thursday morning. Since the beginning of the Lottery in Texas, we have been taking tickets to William Thomas in El Reno—he picks them up when we are in Hinton He came out to make his own purchases at Speedi-Mart and did pretty well

And, I had to go to Speedi-Mart to irn of the wife's good fortune. It ems she had gotten a winning ticket afore Christmas and had put it back cash for Christmas money—she orgot it.and went in last week for the ash (\$100).

Allow me to brag once more. It was reported this week that the grandchildren made the honor roll at Southmayd. Ronal Jr. was on the A-B honor roll and Jessica was on the All A list. Keep up

the good work, kids. -cwe-

The weather kept us home for the weekend-everybody. -cwe-

Users of Propane Warned of Danger

Wheeler Volunteer Fire Dept. Urges Users To Be Cautious

In icing conditions such as we have been experiencing recently, care must be taken to insure that the regulator on your propane tank is properly covered and protected from ice. When a regulator becomes clogged with ice, Propane may be forced into your home under extreme pressure. If this happens, a fire and/or explosion will generally occur. If you have any question about the regulator on your propane tank. Please contact your propane supplier to have him check it. Please play it safe!

Estafana Castillo

Wheeler Care Center **Employee of the Year**

Estafana Castillo was born in Austin, Texas. in the early forties she and her family worked for Willie Knoll picking cotton. Mr. Knoll would send a truck to Austin every year and bring six or seven families to the panhandle to work. She always liked this part of West Texas.

Estafana married Benny Castillo and moved to Colorado City, Texas. In 1950 she and her husband came one more time to the area to pick cotton for Vaughn Lister. At that time they decided to raise their family here. They worked for Johnny Burrell until 1973 when they moved to Shamrock Estafana and Bennie had six children

and adopted one more. Estafana loves to sew and cook and Eighth Grade: All A's-Vanessa collects dolls. She loves to work at the enjoys the residents. She wished she

Here & There

Most of my life I have heard people say: "If you don't like this Panhandle weather, just wait a few minutes and it will change." I have always been inclined to believe that, but for the last several weeks I think a fuse must have gone out, since before Thanksgiving we have had snow, rain, drizzle, fog, ice and cold. Maybe it did change, but just from cold to colder. No great amount of rain and snow-Just cold.

Personally it hasn't bothered me. I stay inside, snug and warm and turn on the electric blanket at night. But I do have a sympathetic feeling for those who have to keep things moving—the farmers, ranchers, highwaymen, mail carriers, line men and so many others. Wonder how our pre-historic men

That starts me to thinking. (Henry Ford once said: "Thinking is the hardest work there is, which is the probable reason why so few are engaged in it.") I certainly agree with Mr. Ford. But think about heat. A spark from a flint rock or hand-twirled stick might set a spark. Now strike a match or turn a knob. Think of sound, beyond a speaking voice. The process of communication was through runners, sig-

nals, pony express, code, wire, wireless until it's amazing how we capture the sound waves. How about water? Since Gods creation we've had it, but capturing it for use is something else. Jacob of Old Testament times dug wells, windmills, of Holland and riverless plains have provide water, electricity and a submerged pump has made it convenient; dams and canals extended it's use

Yet we hear there's nothing new under the sun, granted. Do we give credit to a Supreme Being?

My brain is muddled already. But think on these things: Food. From the garden of Eden to dried tomatoes. From wild meat to a McDonald's ham-

On and on a thinker could go.

There are a few people I've heard from recently, who grew up in Wheeler but are now, at least semi-retired, but still doing interesting thing. I have in mind a couple of Henrys. There's Henry Risner, brother of our townsman Adrian Risner. I've known Henry since he was about 3 years old. He was a friend of my son Corky. He worked for us at the Rogue Theater for several years. Later he had an appliance business here and they shared their office with me for the Cable System. Anyway I have just had a change of address notice from them. He and wife Twyla will be living at Mora, N.M. I haven't been told what he will be doing, but something interesting, I

Then there's Henry and Sue Lewis. Just after they got out of high school they married and lived in my rent house just back of me. I don't remember what Henry worked at, except they kept my grass mowed. They soon moved on to Canyon, Tex and built a business and lived there 27 years. Now, they, too, have moved to N.M. They are at, I suppose managers, Moreno West Ranch, between Red River and Eagle Nest. In summer they give there customers (paying guests) the works. There's the chuck wagon with open-fire meals, horse drawn wagon rides, music, entertainment such as washer toss, horseshoes, roping, etc., and are looking forward to additional attractions next summer. My New Year wish for these "Hen-

Mama and I went into Babbs Super Store this morn to get our weekly supply of grub and I wuz mosyin down the aisle when I said howdy to a lady and we got to talking and I told her my name and she said she wuz Penny Huffman and she went on to say she had met one of them Astronuts. I got curious and she said he had come in the laundry where she was. This gent happend to be visiting with some kin here and you'd thought that bird had just come back fum the moon to see Penny by her excitement.. Ive met some of them fellers and dont want to get too familiar with them. Mama mite talk one of them crews to take me with them and forget to bring me back.

We Americans are a funny breed of folks aint we? Not long ago we headed for some place over in Africa to settle a scuffle with the warloard and to try and save thousands of folks from stravation an seems like we have sort of helped but just how long will we be there. Them folks over in Somalia, Ethiopia and Sudan have been fightin for centuries over one thing or another and I can hardly see why they will quit just for us. Oh yes they mite take sort of a break but when we leave will there be a difference, who knows. Within a thousant miles of Somalia there are no tellin how many places there is fightin goin on and has been for time to time for thousands of years.

Mama and I had fun visitin with our granddaughter Jessica over the past few days. Jessica and Mama built biskits, cookies and all sorts of things. They even did a bit of knittin. We enjoyed the visit and now the home sort of seems too quite. A neighbor said he and his wife had two of their grandchildren for a while but he said he sort of enjoyed the quietude at the house now. His little fellers wuz 3 and 5. Does make a difference, it sure do.

The winter weather has been funny. We havent had but a tad of snow and all around there has been plenty of it. Now I aint compain bout not havin it but its bound to get here sooner or later. I hear from by brother in the Panhandle about the icy snowy weather and sort of feel ashamed to say our grass is green and them durn dandylions are just hankering to come up thick and heavy.

Mama is trying to convert me over to a computer fum this Jap typewriter, shucks I aint even learned to run this thing proper and am certain I will never learn to operate that job. She says she is goin to keep tring anyhow. Hope her

The other day Mama sent me to the Mall at Freedom to get a can of Cream of Chicken soup and I looked and looked and didn't see any so I called her on the fone and said Mama they got Cream of Chicken spagetti soup and she said bring it home and we will try it but are you sure it is Cream of Chicken Spagetti soup. I told her I wuz, brought the soup home and Mama looked at the can and said Mr. Gunter just where do you see Cream on the can. What she needed wuz not the can I brung. She has told me many times she figered I quz a quart low but seems like I mite be more than a quart low now. Bout the only place she will let me go by myself is the bathroom and even then she wont let me close

the door. Not long ago we found some cereal that we like and its got all them vitimins and stuff in it and we thought we would stay with this special cereal. As we hunted it in the store we seen 938 different kinds of cereal and I think they had more in the store room but I wasnt going to ask Mr. Babb if our special kind mite be in the store room. I know he would have scolded me and ask me to try one of them 938 other kinds he had on the shelf. I mentioned to Mama that this special kind made me regular. She said we would get some oats and a quart of caster oil, that ought to work.

I believe winter is here to stay for awhile. This morning I couldn't decide if I wanted to drive or ice skate to work. Things are finally starting to slow down here at the Care Center. All the Christmas decorations have been put up until next December. Now its time

to get ready for Valentine's Day. Shorty Sechrist loves to have someone play the piano, so that he can whistle along with them, so Winnie Kiker played for Shorty and before long we had a lot of residents around the piano listening to Winnie and

Wednesday. She told me that she didn't have a crumb left when she was through.

Our juice servers for the week was Elva Wood, Helen Sabbe, Fannie Mae Bradstreet, Verna Fillingim, Mae Nash and Vida Brown. A great big thank you to these ladies for getting out in the cold weather and coming up here to serve juice to the residents.

Betty Smith read to the residents after she got off work. Betty is reading "Sarah Plain and Tall", the residents really enjoy this time.

Thank you to all of our churches, who come out each week. Janice Sparlin and Peggy Hunt come out each Wednesday to have Sunday School with the residents and on each Thursday, Fern Young, Rozena Zybach and Ila Collins come out to have church with the residents. Then each Sunday afternoon a different church from Wheeler comes out to have services with the residents. This Sunday it was the United Methodist

As you know, we play bingo twice a week on Wednesdays and Saturdays. We always have a big turnout and our blackout winners were Dora McGuffin and Nellie Lackey.

Maria and I decided to play beauty shop and fix some of the residents hair. Our guinea pigs were Icyl Littrell, Zinnie Bailey, Elsie Wagner, Gertie Cornell, Mary VanZandt and Ruth Hoggard. These ladies were really nice when we finished with them, but I really think they might think twice before they let us fix them up again.

We still have some residents in the hospital; they are Doyle Johnson and Jamie Gilmore.

Our sympathy goes to the family of Callie Cabe.

Basketball (From Page 1) fourth Consecutive victory and avenged an opening season loss to the Irish. Due to weather, the White Deer game was cancelled and will not be re-scheduled. Next action will be the District 2-2A opener at Panhandle next Tuesday, weather permitting.] Wheeler opened the game in fine fashion as Phil Wiggins

drilled two 3-pointers for a quick 6 to nothing early. Damon Remy also contributed 6 first quarter points as the Stangs led 14 to 2 after 8 minutes. "I was impressed by the poise, the boys showed in the first quarter. It is the way I had hoped we would play early in the year," said Coach Read.

The fine play continued as the Mustangs widened their lead to 14 points at the half 27-13. The second period was not as pretty as the first because of six Wheeler turnovers to allow the Irish to hang close. "At one point, we led 26-2, but were unable to maintain our control," Coach Read reflected. "We must take advantage of big leads."

In the second half, the Irish continued to plaque the Stangs with their full court press. During the second half, turnovers plagued both teams, but Shamrock took advantage more often and cut the Wheeler bulge to only an 11 point, 27-26. "I began to think of the Buffalo-Houston game at this point," stated Read. "I thought it might slip away." The Irish closed to within 3 but the Mustangs held on to win as they hit 9 of 15 free throws in the final quarter. Before than, Wheeler was only 4 of 10 from the charity

Leading scores were Justin Hefley with 14, Joe Dan Ledbetter, 13, and Wiggins, 12. Ledbetter tallied 9 rebounds to lead that category. Todd Baize grabbed 5 as did Wiggins and Hefley. Remy turned in a fine defensive effort against the Irish along with dishing out assists.

Joe Dan Ledbetter became the second Wheeler Mustang to be honored as the "Area Player of the Week" by the Pampa News last week. The senior was honored for his efforts in the games against Lockney, Kress, Sunray, Booker and Shamrock. In those games Joe Dan averaged over 15 points and almost 8 rebounds per game. Against Sunray, he scored 15 points in the 4th quarter to rally the Mustangs to a 55 to 46 win over the Bobcats. Behind his play, the Mustangs have now won 4 consecutive ball games. Joe Dan is the son of Gail and Sally Ledbetter.

Junior Varsity

The Wheeler JV boys nipped Shamrock 20 to 19 in hoop action last Tuesday night. It was the Mustangs third consecutive victory over the Irish this season. However at times, Tuesday's game looked as though no one wanted to win as the score by quarters was as

Shamrock: Wheeler:

The win improved the JV record to 8 wins against 2 defeats. Next action for the JV's at Panhandle on Tuesday, January 12, 5:15.

9 15 20

In the Shamrock, game, Andy Francis and Cobey Boedeker shared scoring 5 points each. Despite the overall ugliness of the game, the Mustang JV made key plays to stay in the ball game and hold on for the victory.

Christ Made Provision For The Whole Person

I Thessalonians 5:23, "And the very God of peace sanctify you wholly; and I pray God your whole spirit and soul and body be preserved

The new birth is a spiritual experience. The spirit of us that have been born again is the part that is made new when we receive Christ as Lord and Savior. The Scripture speaks of it as becoming a new creature in Christ. Old things that were related to our relationship to the enemy of our souls pass away, and we are made new.

The Lord wants more for us than spiritual renewal. The Bible instructs us to present our bodies to God and glorify Him with our bodies. He has provided healing for the body. Psalm 103.3 says He forgives all our sins and heals all our diseases. When we present our spirits to God, He renews them, regenerates them, and imparts His nature into them. When

The mind of man is a major part of the soul. Romans 12:2 and Ephesians 4:23 speak of a renewing of the mind. A lot of people's problems is in the mind. Thoughts of doubt and unbelief in the mind hinder many people from receiving what God has for them. Hearing the Word preached and taught accurately and uncompromisingly will produce faith and eradicate doubt and unbelief. We are defeated in our mind as much as in any other way. God cares for and has provided victory for
