AUSTIN, Nov 10.—Governor Dan Moody said Monday he has atormed Col. Arthur Woods, President Hoover's unemployment relief chairman, that the federal government can help fexas materially by speeding up decisions of the interstate commerce commission on pend-ing railroad construction proj-ccis. If favorable, the decisions will permit ab orpilon of much of unemployed labor, he said. This and the amplest possible uighway aid were stated by Moody as the only two measures n which federal agencies can help Texas.
